

CANAL SMASHED AT SAULT STE. MARIE.

Steamer Jammed Through Lower Gates of Locks — Damage May be Close to Half a Million—Several Steamers Suffer

Sault Ste. Marie, Mich., June 10.—Through an apparent misunderstanding of signals on the part of an engineer, the magnificent Canadian ship canal was totally wrecked shortly after 3 o'clock yesterday afternoon. Estimates of the amount of damage done are necessarily superficial, but it is safe to say that no less a quarter of a million dollars will be the cost to the Canadian Government before the repairs are completed.

In addition to the damage done to the locks, three splendid vessels, one of them the Canadian Pacific passenger steamer Assiniboia, have sustained serious damage.

The other vessels injured were the Crescent City, the Gilchrist, freighter Perry G. Walker and the Empire City owned by the United States Steel Corporation. The direct cause of the accident is attributed to the Perry G. Walker, of the Gilchrist line, which jammed her bow through the lower gates of the lock.

At nine o'clock last night the waters of Lake Superior are still flowing unchecked through the canal, which resembles nothing so much as a swirling whirlpool through which no living thing may pass.

With the entire fall of approximately 20 feet, the rapids centred within the lock chamber, the canal last night encased within its walls a tremendous spectacle, including two waterfalls and a whirlpool.

The upper gates, which were open when the disaster occurred, have both been wrenched from their moorings and lie somewhere in the lower river. High steel bars which held them in place were snapped off like pipe stems before the mighty power of the flood. The lower gates are also a complete wreck. The gate demolished by the Walker is probably in the bottom of the big car shop. The other gate, twisted out of shape, still stands inclined, steeply down stream.

A near tragedy occurred, when a launch loaded with people entered the upper approach to the lock, unaware of the perilous conditions, and was caught in the ripping current. Fortunately the craft, after a struggle of several moments, during which the watchers stood breathless, was able slowly to force itself up stream and back to safety. A hundred feet further down would have meant certain death for the entire party in the falls and whirlpool below.

All doubts as to the cause of the disaster were cleared up when the Walker, in tow of two tugs, was finally warped up, the Brady pier on the American side. Captain Mosher declares that his boat was approaching the lower entrance to the canal under perfect control. When close to the lower gates he signalled his engineer to back up, the engineer threw the lever to full speed ahead.

Repeatedly, the captain declares, he signalled to reverse, and finally, in desperation, he sent a member of the crew aft on the run. When the order to back was finally put into effect, it was too late to check the headway of the vessel before she rammed the lower gate and tore it from its hinges, loosening the flood from above, before which nothing could stand.

Late estimates of the damage done continue wholly speculative. A full equipment of gates must be provided at the expense of the Canadian Government, and the damages, as yet unknown, to the lock chamber, repaired. It is probable \$400,000 will hardly cover this item alone.

The Crescent City will have to be largely rebuilt. Her port bow is smashed in and her frames twisted out of place for a considerable distance aft. Her repair bill will not be less than \$100,000.

The Walker will have to replace a number of plates above the water line. The damage to the Assiniboia was comparatively slight. The officers of the latter craft, by the coolness alone prevented a serious panic among the passengers. A number of the lady passengers fainted, but a stampede was avoided.

MISSOURI TOWN TERRORIZED BY LIONS.

Two Escaped From Circus and Ran Through Streets.

SCATTERED CARNIVAL CROWD IN A TRICE—WERE FINALLY CAPTURED IN CAR SHOPS.

St. Charles, Mo., June 10.—Two full grown lions running through the streets of St. Charles Monday scattered a carnival crowd in a trice and were driven to bay in the shop yards. Showmen captured the lions an hour after their escape, and after one of them had fatally bitten a pony and the other had attacked an elephant.

More than 2,000 women and children were on the streets. Suddenly there was a cry: "The lions!" Men, women and children fled, none stopping long enough to see that the lions were not coming toward them, but had taken another direction.

A few persons in the lions' path ran, terror-stricken, into houses and stores. In five minutes the streets were deserted with everybody behind locked doors.

In the shop yards came a long combat of wit with the lions, and the showmen had it all to themselves.

The men made repeated attempts to catch the lions with the lasso. "Caesar," the fiercer of the two, seemed about to spring on some of his tormentors when a big, fearless hound sprang at him and seized his mane. George Carter made a skilful throw and jerked the lion, causing along the ground, while ten men surrounded him and bound his legs with other ropes.

"Denver," who had followed "Caesar" as one dog follows another, was placed in a portable cage without great difficulty.

CROP PROSPECTS IN THE WEST

A VERY OPTIMISTIC BULLETIN HAS BEEN ISSUED

Winnipeg, Man., June 10.—(Special)—The ninth crop bulletin issued by the Canadian Pacific Railway, is even more optimistic than any of those which have preceded it. Summed up it states that weather has been ideal for growing purposes with plenty of rain and warmth, that all wheat has been sown and that there remains only small acreage of coarse grains to be seeded.

At Strathburg in last mountain section, wheat is up twelve inches and at Burnside, Manitoba, and many other places, it is from seven to twelve inches high.

GOLD IN SASKATCHEWAN.

STAMPEDE TO THE COUNTRY NORTH OF PRINCE ALBERT.

Winnipeg, June 10.—Rich gold strikes are reported from the country north of Prince Albert, Sask., and there is a stampede in that direction. Many claims are being registered and companies are being formed to develop the properties.

THE BAPTIST ASSOCIATION MEETING.

Interesting Addresses by Visiting Ministers.

THE YOUNG PEOPLE'S UNION — McMASTER COLLEGE—LIST OF DELEGATES.

The Baptist Association meeting yesterday afternoon was well attended, every seat in the little edifice being filled.

Rev. Mr. Carpenter, of Mansonville, led the devotional exercises, and the circular letter to the Churches of the Association was read by Rev. Dr. Gates.

The annual associational sermon was delivered by the Rev. G. H. Baker, B. A., of Montreal, who took for his text Phil. 2-11, "And that every tongue should confess that Jesus Christ is Lord, to the glory of God, the Father."

THE YOUNG PEOPLE'S UNION.

The meeting opened in the evening with a good attendance, and the Moderator introduced the Rev. Mr. Ede, who conducted the song service, and the Rev. Jos. Sullivan, M.A., of Montreal, who gave a most interesting and instructive address on the subject of "The Young People's Union." He said he wished to call the attention of the Church to its relation to the lives of the young people. Everywhere in the Scripture, life, especially the life of the young, is emphasized as being an exceedingly choice thing. It is important, in the first place, because it is brief, and unfortunately, its opportunities are often not appreciated until youth is past. Older men realize the brevity of time, and there often comes a tremendous desire, before life's close, to do some work for God and for the world. How strange that this does not impress us, at the time when it would do us most good! Second, life is important, because of the influence it exercises on other lives that the soul meets in its daily walk. We all exercise a greater influence than we commonly suppose, and it should be the Church's task to see that the influence of her children is a good one. But most important of all, is the fact that an eternity depends upon the way in which we spend our life here. What then shall we do as a Church for these young lives? First, the young people should be instructed in God's holy truth. Colleges, libraries, institutions for learning, all are good, but there is not a little danger that our people may forget that there is only one book in the world that is indispensable. Second, the children should be instructed in the good old hymns of the Church, and third, they must be fitted for Christian service. There should be some systematic way of teaching our young people so they can get out to the various city missions, as they are taught to go in the old country. They should be given instruction in the topical use of the Scriptures. The Young People's Union can help the Church in many ways. They can keep the statistics constantly before it—many of our older members would be surprised if they realized how many of our baptized members every year come from the Sunday School. By their constant study they can constantly suggest to the Church's methods of work, and keep before the older members the thought of the great host of young people and the necessity of doing something for them.

Mrs. A. E. Masse, of Grande Ligne, then sang a solo, "Flee as a Bird to your Mountain, very feelingly."

SPOKE OF UNIVERSITY'S NEEDS.

The next speaker was Prof. J. L. Gilmour, of McMaster college, and he spoke of the needs of the University very strongly before his hearers. He sketched briefly the history of the College. The actual beginning of the work was the founding of a college in Montreal in 1838 and though that college lasted only 12 years, it taught the Baptist people the way to set about such an undertaking, and the twenty years' work was done. In 1859, in Waterloo, Ont., an institution was opened with Dr. Fyfe as Principal, it being through Dr. Fyfe's wonderful perseverance that the work was undertaken. The life of this good man might well be studied as one of the subjects for Young People's meetings. His theory was that there should be an Arts course for those who did not wish to devote their entire time to religious work, and also, teaching in theology. The present university, representing the ministry, and the present university is still working on these general principles. The first building, erected in 1860, was burned to the ground in a little over the year, and this was a period of great discouragement for the Baptist people; for a while it seemed as if they were never to have a college. However, Mr. William McMaster of Toronto, who had given a thousand dollars to the building that had been burned, now came forward with a subscription of \$4,000, and this gave the people courage to start once more. Mr. McMaster did not stop here, but went on with his benefactions, until in 1881 he had purchased the present grounds in Toronto and he had practically handed over what in those days was considered a large fortune, to the Baptist Church for use in education. This endowment is by no means sufficient for the present demands, and we ask for your contributions, for your prayers, and above all, for your boys and your girls, to be trained to be Christian workers.

Mr. A. A. Ayer, one of Montreal's prominent business men, was the next speaker, and gave an able exposition of the Laymen's Missionary Movement.

The list of delegates present is as follows:—

\$125,000 FIRE OCCURS AT QUEBEC.

Business Houses and Dwellings Were Burned.

MANY HUMBLE HOMES WERE DESTROYED AND OWNERS WILL FEEL THE LOSS HEAVILY.

Quebec, June 10.—Over \$125,000 worth of property was destroyed by a fire which started in Gignac & Beland's sash and door factory shortly after noon yesterday, and as a result the stone and brick building of the Parisian Corset Company, and eleven houses are now in smouldering ruins, and ten other houses badly damaged.

The rapidity with which the flames spread wiped out residence after residence occupied by poor people, and furniture and all belongings of some were licked up quickly by the seething flames, rendering many homeless and penniless.

Starting in the Gignac mills on Lallemand street, the fire connected with the lumber yard and dwellings on Lallemand street, finally connecting with dwellings on the north side of Prince Edward street. With the exception of one or two, all those dwellings on the north side of Prince Edward street, were either totally destroyed or only their walls left standing, while the buildings situated on Lallemand street were wiped out. Besides the Gignac mill, the building of the Parisian Corset Company fell a prey to the flames, only parts of the walls being left standing.

The fire means the entailing of a heavy loss upon the majority of the families who were turned out, as they are mostly poor, hard-working people, who either carried no insurance or did so in very small amounts.

Incoming and outgoing C.P.R. trains at the Palais station were delayed as a result of the damage caused to the tracks which run through the burned district, and the regular afternoon express from Montreal left after four o'clock.

CITY AUTOISTS ARE FINED.

Didn't Blow Horn in Rounding Corner.

ALSO PUT ON A LITTLE "TOO MUCH STEAM" AND EXCEEDED SPEED LIMIT.

Eight automobile owners of the city were summoned by Mr. J. F. Morkill, Collector of Provincial Revenue, and fines were imposed for "fast driving and not blowing horn in turning corners."

The offences for which the fines were imposed are said to have occurred in rounding the turn from Dufferin avenue to Wellington street, and vice-versa.

ASSELIN HERO IN MONTREAL.

DEMONSTRATION FOR MAN WHO SLAPPED FACE OF MINISTER OF PUBLIC WORKS.

Montreal, June 10.—Mr. Olivier Asselin, who was sent to prison for assaulting the Hon. Mr. Taschereau, Minister of Public Works in the Quebec Government, received a great reception last evening when the Quebec train arrived at Place Viger station at half past ten. The crowd present to meet the former director of the Nationalist newspaper numbered about two thousand.

Before the arrival of the train, a band leading several hundred citizens from the northeast part of the city reached the depot. There were clerks, laboring men, and in fact almost every walk of the city's population was represented. Mrs. Laflamme, the wife of the counsel who defended Asselin, and who will also defend Jules Fournier at the end of the week, received an ovation as she entered the station. Mr. Fournier was also present, evidently enjoying the spectacle, and thinking, perhaps, that he would be also a popular hero a little later on.

Mr. Asselin's appearance was the signal for cheering, and as soon as he could be made the recipient of a bouquet of roses almost as big as himself he was hurried to a platform erected for the purpose, and the speech-making began.

Speeches were made and then more cheers were given.

WORKS OF ART.

AUSTEN CHAMBERLAIN SUGGESTS AN EXPORT DUTY

London, June 10.—To prevent the drain of works of art from Great Britain, J. Austen Chamberlain, former chancellor of the exchequer, in a letter to the Times, which is published this morning, suggests ten or twenty per cent. duty on the export of such works, the proceeds to be applied to the enrichment of national collections.

CHILDREN AT THE KNOWLTON HOME

Knowlton, June 10.—(Special)—All the older boys and girls of the party that arrived from England on May 29th last, are already placed. There are a few boys at the Home now between the ages of 9 and 13 years, and girls from 4 to 11, including two sisters, aged 4 and 5, and a brother and sister, ages 11 and 5. Applications for these boys and girls are invited.

WOULD FILL LONG FELT WANT.

Avery's Cliff, June 10.—(Special)—A very interesting meeting of the Ladies' Aid met with Mrs. Bangs, Tuesday afternoon. A good deal of work was accomplished. Among various topics discussed, was a watering trough, or perhaps better still a fountain, to be placed somewhere in the central part of the village. This is a long felt want, and it is hoped that the council and water company will be so interested in the matter that they will at once offer their valuable assistance.

STEAM SHOVEL BROKE DOWN AT RICHFORD.

Richford, June 10.—(Special)—The steam shovel at work in the C. P. R. gravel pit, near this village, loading ballast for two train crews, with 25 cars in each train, broke down here Wednesday morning, and the broken machine was sent to Farnham Wednesday afternoon for repairs. The break-down will cause a delay of one to two days and a check on a large force of men who take care of the ballast or assist in operating the steam shovel.

THE LATE PETER LITTLE.

Rock Island, June 10.—(Special)—Mr. Peter Little, of Rock Island died very suddenly Tuesday morning, of heart disease, being found dead in his chair. Mr. Little had been sick since last October, and was obliged to get what rest he could in his chair, being unable to recline. He was born in N.H., in 1943. Since coming here he has constructed some fine cement sidewalks, especially on Derby Line street. He is survived by his wife and two sons, Frank and George. Burial on Wednesday at Stanstead.

SEVERAL ACCIDENTS AT KNOWLTON.

Knowlton, June 10.—(Special)—Here are a few accidents that have happened within a few days: Mrs. C. D. Bancroft with Miss Jackson and Miss Dorothy Edgars, while driving along Lake road met an automobile which frightened the horse, throwing Mrs. Bancroft from the rig and injuring her quite badly. Fortunately the other two had alighted from the carriage before the horse took fright.

At another time Mr. and Mrs. W. Knowlton, were somewhat shaken up by their horse taking fright at an auto which approached unexpectedly. The driver of the car was about to turn a corner and did not give the usual signal.

Mr. D. Eldridge received rather severe injuries to his hand on Tuesday evening. A horse which he was leading by a chain did not respond as readily as the horse he was driving, as a result the horse pulling the chain which was wound around his hand tore the skin of the hand quite badly.

Mr. C. Richard received a severe fracture of the shoulder on Tuesday, as the result of a part of the harness to his rig, breaking as he was going down a steep hill near Mr. Geo. Foster's, at which the horse took fright, causing him to be thrown out and the load which he was conveying to be thrown upon him.

CAMP GROUNDS LAID OUT.

TWO MILITARY BALLS WILL BE HELD—ENGINEERS HAVE FINISHED WORK AT CAMP.

Granby, June 10.—(Special)—Two military balls will be given during camp. The first is the sergeants' ball on Thursday, June 17th. Lady patronesses are Mesdames J. L. Dozois, E. W. Kramer, T. F. Lynch, J. Short. The officers' ball will be on June 21st. Patronesses: Mesdames J. T. Farish, A. C. Savage, W. F. Giddings.

The engineers have finished laying out the camp grounds, everything being in readiness for the detachments which will arrive June 14th. Captain Kingsford was in town on Wednesday inspecting the rifle range and getting it in proper condition for practice.

The inspection of horses for the 15th Field Battery took place on Saturday last. There were a sufficient number of horses offered, but a few were rejected, still leaving a few vacancies which will probably be filled on Saturday.

DR. EDWARD EVERETT HALE IS DEAD.

CHIEF OF POLICE ASSAULTED

Granby, June 10.—(Special)—The way of the transgressor is hard, but the officials whose province it is to execute the laws against them, find their path beset with difficulties. Chief Constable Ball found this out to his cost one day last week, when in carrying out the laws of the Board of Health, he attempted to place a placard upon the house of Louis Blain, where there was a case of scarlet fever. The woman of the house objected to this necessary formality, and finding that argument had no effect upon the obstinate officer of the law, resorted to more forcible measures and forcibly attacked him with the primitive weapons provided by nature. The constable seized her hands, and called upon an onlooker to tack on the placard. The woman then became frantic with anger, and called upon her daughter, a girl of 13 years, to "bring a club and kill him." Finding a pick-handle nearby, she came to her mother's assistance, and gave Constable Ball a blow upon the wrist, which nearly disabled him. Neighbors then intervened, and peace was restored. On Monday, the woman was brought before the magistrates and fined \$2 and costs, amounting to \$9.90, for assaulting an officer while in the execution of duty.

MARRIAGES

COHOON—SLACK

The residence of Howard Ransom Slack, of Minton, was crowded with relatives and friends on Wednesday evening, June 9th, to witness the marriage of his eldest daughter, Maud E., to Mr. Thomas F. L. Cohoon, of Albert Mines. The bride looked exceedingly pretty in a rich white silk gown. The bridesmaid was her sister, Miss M. Slack, the groomsmen being Mr. Walter Somerset. Both of these young people are widely known and exceedingly popular. The marriage was performed by the Rev. A. E. Sanderson, assisted by the Rev. J. C. Nicholson, of Sherbrooke, and Rev. Geo. Dustin, of Minton.

CROMWELL—REID.

A charming horse wedding took place at the residence of Mr. David Sutor, near Milby, on Tuesday, June 8th, at high noon, when his daughter, Mrs. Alice A. Reid was married to Mr. Wm. Alexander Cromwell, lumber merchant of Eastman. The bride was accompanied by her sister, Miss Sadie J. Sutor and Miss Cromwell, of Sawyerville, while the groom was supported by his partner, Mr. J. Stuart Rayson, and Mr. William Sutor. The ceremony was performed by the Rev. E. S. Logie, of Sudbury, brother-in-law of the groom assisted by the Rev. A. E. Sanderson. The bride was attired in a handsome gown of white mull.

FAIRBROTHER—SHAUGHNESSY.

A very pretty wedding was solemnized at St. George's Church, Lennoxville, June 2nd, by the Rev. Mr. Burt, of Bishop's College. The contracting parties were Mr. Sidney Fairbrother, and Miss Gertrude Louise Shaughnessy. The bride was led to the altar by her father, Mr. William Shaughnessy.

The bride looked very charming in a gown of white peau de soie trimmed

Mr. T. W. Fuller has now assumed the management of the Silver Spring Brewery. Mr. Fuller has been connected with the business life of Sherbrooke since boyhood. For a period of close on to 30 years, he was with Mr. C. H. Fletcher, part of the time being manager. He was connected with the Modern Bedstead Co. that carried on a large business before going to Cornwall. He has always taken an active interest in public life, and was for 18 years a school commissioner, and also sat in the city council for six years. His many friends were pleased at the announcement of his appointment to this concern in Sherbrooke.

Motoring, like most other amusements and pleasures, is not without its drawbacks. A few evenings ago, an amateur chauffeur found himself stranded with a party of friends on the Brompton road, East Sherbrooke, at 10.30 p.m. The nearest house having a telephone was a mile or more distant, but it was reached finally, and a message sent to a friend in town, asking for assistance. The person, in question, was, however, absent at the time, so another call was given, this time with the desired result, and a swift machine in the hands of an experienced driver soon reached the spot and relieved the party from their predicament.

COMMITTED FOR TRIAL.

The man Crowley, who was arrested at Agnes last week charged with having stolen two trotting horses valued at over \$900 from his former employer at Lee, N.H., has been committed for trial at Dover, N.H.

THE PELLETIER BANQUET

A meeting was held last evening in connection with the arrangements for the banquet to Hon. Dr. Pelletier. It is expected that many from outside the county will be present, as enquiries are being received from Stanstead, Coaticook, Richmond and other points. Everything points to a very successful affair.

SOUTH MARSTON VALUATION CASE IN COURT OF REVIEW.

Judgment has been rendered by the Court of Review at Quebec in the case of Martel vs. the Corporation of South Marston. This was a petition presented under Article 698 of the Municipal Code asking that the valuation roll be set aside. The case was first heard before Mr. Justice H. C. Pelletier at St-Jovite, who rendered judgment against the petitioner. The latter inscribed for Review, and now the judgment of that court dismisses the appeal on the ground that the court had no jurisdiction to hear such an appeal. Mr. Roy, Megantic, was for petitioner, and Mr. John Leonard, K.C., for the corporation, with Mr. C. W. Cate, K.C., as counsel.

AT THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION.

A very enjoyable, if quite hastily arranged, lawn party took place last evening on the grounds of the Y.W.C.A., under the auspices of the president and members of the Ladies' Committee. Japanese lanterns were suspended in the vespers, and the whole place had a very festive appearance.

A large number took advantage of the occasion, and were served with delicious ices and cakes, the only drawback to the pleasure of the occasion being the temperature, which was by no means as summerlike as could have been desired.

The principal attraction of the evening was naturally the fine music of the 53rd Regimental Band, which rendered gay number after number, and was heartily applauded.

The closing selection of the concert, a medley of Scotch airs, with the familiar "Annie Laurie," and "Auld Lang Syne" was perhaps the most popular of the program, and the National Anthem closed the program.

Band Master Waddington was warmly thanked by Mrs. Jones, the president, for his kindness, in giving the services of his musicians, and all were served with refreshments during the evening.

KNOWLTON LAMPING

AN INSOLUBLE MYSTERY. One of the insoluble mysteries of New York is the precision of a policeman's aim when he fires his revolver at a petty offender or innocent person, and the amazing inaccuracy of the policeman when he shoots at an escaping burglar, highwayman or murderer.

WOMEN'S INVASION INTO MEN'S REALM. SERIOUS PROBLEMS DISCUSSED AT PRESBYTERIAN GENERAL ASSEMBLY. Hamilton, June 10.—At the afternoon session of the General Assembly yesterday, the Rev. A. E. Mitchell, Hamilton, presented the report of the committee on church life and work. This year the committee sent down to the sessions questions on the problems of the home. The committee surmised that parents were losing their grip on their children and urged the adoption of an altar to counteract other influences. The school system was touched on and condemned for the examining that was indulged in. Not enough time was devoted to character building. It was stated that owing to the vigorous school system, the girls had no time to perfect themselves in household training. The tendency of girls to become stenographers should, they thought, be checked at home. According to one Presbyterian woman, labor was rivaling man's, and was confronting them with a problem more serious than Oriental cheap labor. As a consequence, the continent had produced a crop of between three and four million bachelors and a corresponding number of "unclaimed blessings."

ATKINSON JURY DISAGREE. ACCUSED ALLOWED OUT ON BAIL UNTIL OCTOBER TERM. Quebec, June 10.—The Atkinson trial came to a close yesterday evening at ten o'clock, when the jury, which had been considering a verdict for the afternoon session, returned to the court and stated that they could not agree on a verdict. Judge Lavigne then discharged the jury, and Atkinson, who has been in jail since December last, was allowed out on bail until the October term. The accused gave personal bail for \$2,000 and two sureties of \$1,000 each.

SIX MEN WERE BURNED TO CRISP. FOURTEEN OTHERS MUTILATED BY STREAM OF MOLTEN IRON. Wheeling, W. Va., June 10.—In a horrible accident last night, at least six men were burned to a crisp, one fatally injured, and ten seriously hurt. Thirty others had narrow escapes. Shortly after 9 o'clock a "slip" occurred in the Martin's Ferry, Ohio, Furnace of the Wheeling Steel & Iron Company. A force of workmen, numbering fifty, were gathered about the furnace, making ready to drill in to a 9 o'clock cast. Without a moment's warning there was a terrific roar, and a great mass of molten iron spouted from the furnace, sweeping down the workmen. Twenty or more were caught in the onrush. Six men are known to have been caught by the hot iron and their bodies burned to a crisp. Fourteen others were badly mutilated. Arms and legs were burned off, and some were showered from head to foot with white-hot metal. All the men were foreigners. Frederick Zimmerman, manager of the furnace, was seriously burned in attempting to save some of the men from death. As one man was swept past him in the stream of molten iron, he reached forth and grabbed the poor fellow's arm, which parted from the body, and the victim sank to a fiery death. What caused the accident, has not been definitely decided.

M. D. DEGREE FOR 71. MEDICAL FACULTY AT MCGILL HELD ANNUAL CONVOCATION YESTERDAY AFTERNOON. Montreal, June 10.—With all the impressive pomp attendant upon academic conditions of university convocation, 71 new physicians were yesterday afternoon turned out from the confines of McGill upon the world at large. A noticeable feature of the function, which even elicited a commentary from the Principal, was that all of the medals and prizes available in the four years had this session been carried off by men not of this city, but from outside points, "until," as Dr. Peterson said, "only the steady plodders were among the home product."

DRANK OVER 50 BOTTLES OF LIQUOR. N. S. MAN HAS GREAT CAPACITY, BUT DIED JUST THE SAME. Annapolis, N.S., June 10.—(Special)—As a result of having consumed a dozen bottles of every conceivable kind of liquor, from bay rum, whiskey, Florida water, Kenneth Murray, late yesterday, came to an excruciatingly painful death in substance of the coroner's verdict, last evening, regarding the death of Kenneth Murray, 44, who leaves a widow and several young children.

FARNHAM'S CORNER

The funeral of the late Cotton Bradbury Harvey, who died recently at Cowansville, took place here in the Methodist Church Sunday afternoon at three o'clock. The service was conducted by Rev. Walter E. Walker, of Emmanuel Congregational Church, of Cowansville, and was very largely attended, many of the residents of this place having been either related or intimately acquainted with the deceased. The procession came by way of Dunham and was composed of the family's friends from Cowansville and that place. The sacred edifice was appropriately draped and the discourse of Mr. Baker was very eloquent and fitting. The coffin bore a single wreath of flowers, floral tributes ordered by Mrs. Stephen W. Harvey from Boston, having arrived too late for all except affectionate placing on the grave of his lamented brother, Tuesday afternoon. The music was supplied by Cowansville singers, who rendered soft and low selections in a manner appropriate with the occasion. The interment took place in the cemetery opposite the church where several of the relatives of the late Mr. Harvey also sleep. Mr. Carl W. Harvey, of Brooklyn, nephew of the deceased, attended the funeral and the bereaved family received every consideration in their sorrow. Messrs. Henry Robinson, Henry Perkins, David H. Ingalls and C. M. Harvey.

DUNKIN

Arrivals and departures: Mr. and Mrs. Leach, of Ansonia, here Friday calling on friends; Miss Genevieve Crowell, of Montreal, spending her vacation with her parents, Mr. and Mrs. F. Crowe, of Mr. and Mrs. E. Aiken, attending the Wheelock Association of Free Baptist Churches at Newport Centre last week; Messrs. H. and Mr. J. A. Annis, of Mt. Troy, spent Saturday and Sunday at D. E. Aiken's; Mrs. Perkins, of Montreal, here on Saturday; Mrs. B. B. Norris and daughters, Eva and Midge, attending the memorial service of "Mother" Smith, at the home of Mrs. E. J. McLarty, spent the latter part of the week with her parents, Mr. and Mrs. J. H. Aiken, at Glen Sutton; Mr. and Mrs. R. G. Crowell and baby, of Highwater, spent Saturday with Mr. and Mrs. Harvey, Crowell.

Mr. O. M. Titus is able to ride out.

Mrs. G. W. Wilson is still quite low. The young people will give a social at R. B. Norris' Friday evening, June 11th.

Mr. F. H. Crowell has had a fine job of blasting done along the highway between Highwater and Rutter Brook.

LADD'S MILLS

Arrivals include: Mr. Lowell, of North Ferris, reporting Mr. A. Jenkin's barn; the Rev. Thomas Bennett, of the Bible Society, passed through here a few days ago to hold a meeting in Dixville; Mr. and Mrs. T. J. Grady, of Dixville, calling at Mr. and Mrs. A. K. Grady's; Mr. and Mrs. J. Johnson, of Dixville; Mrs. Grady's; Mr. Luther Moulth was through here on business; Messrs. LeMay, of Sherbrooke, and Lewis Wright, of Dixville, were looking for cattle and hogs last week; Mr. Rudolph Hecker, of Coaticook, was up at Mr. Moore's on business.

The farmers are all smiling at the bright prospects of the hay crop. It is very scarce and the market is almost finished seeding. The fruit trees are in full bloom. There are a few tent worms on the trees, but not so plentiful as last summers.

FINANCIAL AND MARKET NEWS

MONTREAL LIVE STOCK MARKET.

GOOD CATTLE STABLE. Montreal, June 10.—About 300 head of butchers' cattle, 1,200 calves, 90 milk cows, 350 sheep and lambs and 500 fat hogs were offered for sale at the East End Abattoir yesterday. Good cattle were scarce and brought unusually high figures, prime beefs selling from 60 to 7 1/2c per lb., but these were better than usual. Pretty good animals sold at 5c to 5 1/2c, and the milkmen's strippers at 8 1/2c to 9c per lb. Milchcows sold at from \$25 to \$60 each. Calves sold at \$2.50 to \$8 each per lb. Sheep sold at 5c to 5 1/2c per lb; lambs at \$4 to \$6 each. Good lots of fat hogs sold at about 8 1/2c per lb.

SLIGHT CHANGE IN OATS.

Montreal, June 10.—Price changes in oats are so frequent that there is some difficulty in acquiring exact quotations. Canadian western No. 2 is quoted at 61 1/2 to 62 cents; extra No. 1 feed at 61 to 62 cents; No. 1 feed at 60 to 61 1/2 cents; Ontario No. 2 at 61 to 61 1/2 cents; No. 3 at 59 1/2 to 60 cents; and No. 4 at 58 1/2 to 59 1/2 cents per bushel spot.

HAY IN EAGER REQUEST.

Montreal, June 10.—No. 1 is quoted at \$13 to \$13.50; extra No. 2 at \$12 to \$12.50; No. 2 at \$11 to \$11.50; clover mixed at \$10 to \$10.50; and clover at \$9 to \$9.50.

DRESSED HOGS ARE STEADY.

Montreal, June 10.—The demand for all lines of cured meats from local and country buyers is steadily increasing, and a fair trade is passing in spite of the high

CHEESE MARKET FIRM.

Montreal, June 10.—The local cheese market is steady under a good demand with westerns quoted at 11 1/2c to 12c, and easterns at 11 1/2c to 11c.

BUTTER IS STEADY.

Montreal, June 10.—The local butter market is firm with finest creamery quoted at 22 1/2c.

Stirling, Ont., June 10.—At the regular weekly meeting of the cheese board today 880 cheeses were boarded; all sold at 11 1/2c.

EGGS REMAIN STEADY.

Montreal, June 10.—A fair volume of business continues to be done in eggs and the undertone to the market remains about steady, with sales at 19c to 20c per dozen.

MAPLE PRODUCTS SLOW.

Montreal, June 10.—Business in maple product is slow, but the undertone to the market remains steady. Maple syrup is selling at 5c to 5 1/2c per lb. in wood and at 6c to 7c in tin. Sugar at 6 1/2c and 7 1/2c per lb. in one pound blocks, and at 6c in mixed sizes.

POTATOES DEMAND.

Montreal, June 10.—The demand for potatoes is fairly good, and as supplies are none too plentiful prices rule firm. Green maintains in car lots on track are selling at \$1.02 to \$1.07 1/2, and in a jobbing way at \$1.15 to \$1.20 per bag. Quebec varieties in car lots, on track, have sold at 95c to \$1.00, and in a small way at \$1.05 per bag.

BEAN MARKET FIRM.

Montreal, June 10.—The market for beans remains very firm under a steady demand and small supplies. Three pounders in car lots, on track, are quoted at \$2.05 to \$2.10, and in a jobbing way at \$2.10 to \$2.15 per bushel. Aulsebrook's are quoted at \$2 to \$2.05 per bushel in round lots.

LARGE CONSIGNMENT OF CHEESE.

Danville, June 9.—(Special).—About two and a half car loads of cheese were boarded here on Friday last and sold to representatives of Montreal houses at the price of 11 1/2c per lb. The day's sales totalled the sum of \$14,000.

The next Cheese Board day will be Friday, the 18th instant, and every second Friday thereafter throughout the summer season.

HIGH PRICE FOR HOGS.

West Shefford, June 9.—(Special).—Mr. Henry Nell made a large shipment of hogs on Tuesday from the station here. Farmers are receiving \$7.75 per cent. for their hogs, which is an unusually price.

CHEESE SHOWS LITTLE CHANGE.

Montreal, June 9.—The local cheese market shows little change, prices being maintained under a good demand, westerns being quoted at 11 1/2c to 12c, and easterns at 11 1/2c to 11c.

Put a little "Sunshine" in your home

An old-fashioned, ill-working furnace is a non-producer. It consumes the coal, but through leaks and cracks wastes the heat. It is not economy to have such a furnace in your own home, or in your tenant's home. If you are thinking of building you should be interested in Sunshine Furnace. It adds 100 per cent. to home comforts. As soon as you let the contract for your house decide on your furnace. The "Sunshine" man will be pleased to tell you just how the rooms ought to be laid out with an eye to securing greatest heat from the smallest consumption of coal. If you want to experiment with the question don't specify "Sunshine."

If you want to settle the question specify "Sunshine."
