DOWN BRAKES! Some papers whose main desire is to embarrass the Government at Ottawa are already seeking to make it obligatory upon Sir Wilfrid Laurier to obtain a preference for Canadian grain as a consequence of the imposition of duties on grain and flour by the British Government.

Sir Wilfrid himself informed the House of Commons on Tuesday that he is hopeful of being able to make some such arrangement when in London in June.

The failure of the British Government to exclude colonial grain from the operation of the duty gives the quietus to the yarn that Laurier could have had a preference in 1897. If the British Government wanted to grant such a preference in return for what has been done by Canada, they would have done it on Tuesday.

He is not going to mix commerce with war when he goes to London.

Those Conservatives, then, who are going to blame him if he comes back without a preference, had better offer some suggestions between now and the first of June as to the lines of British goods on which duties might be further reduced.

Those Liberals who expect something to come of the conference must also consider on what grounds further reductions made in the Canadian tariff could be defended before the Canadian people.

And both sides should be careful not to work their expectation to so high a pitch that failure to secure a favored position in the British market would give rise to resentment against Great Britain, whose burdens lie heavy upon her.

Let us not become so eager that cupidity will get the better of our good sense. Let our spirits be chastened by the reverses we have encountered when seeking improved trade relations with the United States, reverses that came because powerful interests clashed. May it not be so again?

A CHICAGO PRECEDENT: When the street railway business of the city of Chicago had gotten into such a tangle that he authoritatively knew just what was what, or what ought to be done, a special committee was appointed to ascertain the status and suggest expedients.

After long and thorough investigation, they brought in thirteen recommendations, of which article 1 was stated thus: "Unification of management. The street railway business should be recognized as a monopoly business and treated accordingly."

This affirmation is not offered as a dogmatic statement, but is adequately explained as a succeeding stage of the report.

The theory, it says, "underlying the street railway policy of Chicago, heretofore has been that the street railway business is a competitive business; that competition should be fostered in the interest of the public, and that the possibility of competition should be ever present as a means of keeping traction managers alive to their duties to the public."

That is what many well-meaning people are saying in Montreal just now. In Chicago they tried it to the limit of endurance, and after the trial the commissioners report, "That theory is incorrect and unsound. This is sheer iconoclasm, no doubt. But there is a reason for the conclusion reached. In practice it is everywhere found impossible to induce, persuade, require, or compel public utility corporations engaged in the same line of business to compete with one another except for comparatively short periods of time. Sooner or later rival companies of this kind will consolidate, or they will divide the territory among themselves, and each will keep in its own territory, or there will be secret agreements or understandings that will suffice to eliminate all effective competition. The principal street railway companies have carved Chicago into sections, each agreeing, tacitly, at least, to serve a particular section and not to encroach upon the territory of others."

In Chicago they tried the experiment, our Council is now nervously trying to copy, of giving a new company the right to exploit the territory of another. And with what result? As stated by the investigators, with this result: "Where one company has been given a franchise to enter the field of another company, as in the case of the General Electric, which was authorized to invade City Railway territory, the usual effect has been only to increase the amount of outstanding securities upon which the people will be expected to pay dividends."

To sum up, these Chicago investigators describe the ideal of urban transportation in language that agrees exactly with what has lately been printed in these columns. "One street railway can serve the city better and more economically than can several. The street railway business is by its nature a monopoly business. Therefore, instead of trying to foster unnatural competition, which cannot possibly be maintained for any considerable period of time, the wise thing to do would

be to recognize the monopoly nature of the street railway business and to deal with it accordingly."

In the present circumstances, as they appear to us, none of the parties interested, not even the people of Montreal, who are most interested, are supposed to adapt themselves to those vital truths. The Street Railway Company, recognizing the necessity of monopolistic treatment, and eager enough to secure an actual monopoly, evidence no disposition to make such concessions as are demanded by the social and topographical conditions, and without which concessions the principle cannot be conserved. It is about time a business-like effort was made to adjust the differences that exist.

A GUESS ABOUT MR. CHAMBERLAIN.

It is believed by some that the tax on grain and flour was imposed in preference to some other taxes that were suggested, to the end that Mr. Chamberlain might have something to offer the colonial Premier when he meets them in June. That may be true or it may not. Other explanations are at least as probable. But supposing the guess to be a good one, supposing the grain tax to be a Chamberlain coup, it were as well to endeavor to form a just appreciation of its meaning. Mr. Chamberlain presumably knows about the report brought down by Mr. Hume's committee in 1840, and if he does not he is bound to be reminded of it. When he comes to plead for a preference for colonial produce he will be met by precisely the same arguments that induced an earlier Minister to abandon the differential in favor of the colonies. He will be told that if Canadian grain is as good as or better than American grain it needs no preference, and that if it is not as good it is an injustice to the British consumer to make him pay as much for it. He will be reminded of the time when Canadian wheat was given a preference in the British market, at which time Canadians sent all their wheat to Britain and used American wheat themselves, if even they did not send some American wheat. He will be reminded of the time—a trifle later—when even American wheat was allowed in on the preferred footing so long as it came as flour ground in Canadian mills, at which time mills sprang up all through the Canada, to grind American wheat the British miller would have been glad to grind at home. He will be reminded of the time people were obliged to take inferior Canadian lumber because the tariff discriminated against the grades of Norwegian that were wanted. He will be reminded of the innumerable instances in which it was proved that goods were first sent to British colonies from other countries, thence to be shipped to England, the British consumer paying the needless charge for freight. Perhaps such arguments may not weigh as heavily nowadays as they did from 1840 to 1846, in which period they converted Sir Robert Peel, leader of the protectionists, and made him the destroyer of the Corn Laws. But that they have some force left may be seen from the recent debate in our own House of Commons, in the course of which strong protests were made against German goods obtaining the benefit of the British preference by passing through trifling processes in British hands.

If Mr. Chamberlain surmounts this difficulty he will be faced by others. He will find that, having satisfied Canada, which is at present much interested in grain exports, he will have to go something for New Zealand and Australia, whose staples are wool and mutton, and why not for all three in respect of butter and bacon, and perhaps also of beef? The committee of Denmark and Normandy in respect of the delicate secondary products of agriculture is quite as depressing as that of the Argentine, Russia and the United States in the matter of grain.

And if this career of protection for the colonies as against their rivals is to be attempted, what is to be done for some claimants? Above all, what is to be done for those Great British industries that cannot help being handicapped by every tax upon raw material, whether the raw material of labor (as food) or the raw material of industry (as wool)? Even supposing no foreign state took the first step towards reprisals, the extra burden thus imposed upon home industry must tend to impede the power of British manufactures to compete with the world's trade. What would they get in return? They must get something, for without no-renting trade Great Britain cannot maintain her position.

It comes down, therefore, to a question what return we are going to make—in the way of trade, be it always understood—if we insist upon Great Britain's benefiting upon herself this thing done so that he may meet the Premier with it, he is going to ask that question. If he were not, and if he still wanted to give colonial produce a preference, it would have been given on Monday last.

What conclusion are we prepared to make? And in what spirit are we disposed to make them? There are those in Canada who would refuse to make any real concession. Mr. Borden's amendment, which talks about securing the Canadian market for Canadian industry, speaks for them. There are others who would make still further reductions on certain lines of imports from Great Britain, and who would justify such reductions, as Mr. Fielding, on Tuesday, justified previous reductions, on the ground that such a course is in the interest of Canada. When Mr. Gladstone, in 1860, brought down the proposals which resulted from the treaty Mr. Cobden had negotiated with Napoleon III, he explained that the Government of the day favored the reductions because, of themselves, they were good for Great Britain, and all the more since there was the prospect of trade with France being increased by their agency. If we approach a trade bargain with England in that spirit, anything that may be done will be well done.

NOTE AND COMMENT: Is it a case of "England's difficulty is Canada's opportunity?"

MR. J. B. MORIN, M.P. Jean Baptiste Morin, member of the Commons for Dorchester, is a native of that constituency, being born at St. Henneville in 1840, of an old French family which traces its lineage in Canada back to 1741. He engaged in the lumber business in Pennsylvania, but remained a resident of St. Henneville, of which place he has been mayor, warden of the county, Justice of the Peace, and president of the School Board.

He defeated the previous Liberal member, C. E. Vallancourt, in 1896, and in 1900 defeated J. S. Ouellet by 289. He is a shrewd business man, with a very intimate knowledge of the interests of Dorchester County.

manufactured goods, what will your answer be? We gave Britain a preference of our own free will. Now let us leave to Britain's free will a reciprocal offer.

Theorists may argue that the producer will pay the British wheat duty—but the English millers have advanced the price of flour a shilling a sack.

A time when John Bull has to step around lively to meet an annual draft for forty or fifty million pounds more than trade brings in is the time chosen by some good-natured and prosperous colonials to ask the old gentleman for a trifling little gift.

The concert under the auspices of the St. George Society to-morrow night at Windsor Hall promises to be a big success. Mr. Hill is a great favorite here and he is always able to give such a variety of songs that he can please everybody and from the way the seats have been selling a large audience is assured. Mr. Smiley and Mr. Parovitz, the Polish pianist, make up the programme.

SWISS-ITALIAN DISPUTE. Italy Stands to be a Heavy Loser.—Switzerland and Her Secretary—An International Nuisance.

London, April 17.—The rupture of diplomatic relations between Italy and Switzerland is not considered unimportant, says the Rome correspondent of the Times. Italy sells to Switzerland at least four times as much as she buys, and if the incident impedes the renewal of the commercial treaty, Italy will be a heavy loser. Everything shows the advisability of maintaining the long-standing friendly relations between Rome and Bern.

It is possible, says the correspondent, that the Swiss authorities mistakenly thought that the Italian Cabinet was dependent on the support of the Extreme Left, and could not be in earnest in combating the subversive propaganda abroad. Whatever may be the technical rights in regard to the particular question of the prosecution of the Geneva Anarchist editor, the larger question of the protection of the Swiss frontier against the Italian Secretary is an international nuisance.

RUSSIA'S POLICY IN CHINA.

A Solemn Warning in the Official Messenger to Other Powers Not to Interfere.

London, April 17.—The Journal de St. Petersburg, says the Times correspondent in the Russian capital, publishes a full translation of the Novoe Vremya's recent comments on the Manchurian convention, thus investing them with a certain amount of official authority. Referring to the significant words with which the Official Messenger concluded its communique on the convention, the Novoe Vremya said: "These words are a warning both to China and to powers which might desire to induce China to adopt a policy of hostility to Russia. The events in the Far East terminated by the convention clearly demonstrate the power of Russia and the means at her disposal."

The Times correspondent says the conditional clause of the Manchurian treaty is regarded in St. Petersburg as one of its most important features.

MALT BURNT AT KINGSTON. \$15,000 Fire in a King Street Storehouse.—Toronto Firm Are the Losers.

Kingston, April 17.—(Special.)—L. H. Clarke & Co., Toronto, who suffers this morning to the extent of \$15,000 or more by a fire in the malt storehouse on King Street east. The firemen worked so strenuously that much adjacent property was saved and only part of the storehouse destroyed.

Some 20,000 bushels of malt were damaged almost beyond use. The building and contents are likely insured. Two years ago the company suffered a similar heavy loss.

LABOR NEWS (Continued) WAGES NOT CUT BY UNION MEN

Electricians Last Night Denied Strongly Any Participation in Such Measures.

A meeting of the Electrical Workers was held last evening in St. Joseph's Hall, about 300 men being present. Chairman Hinton expressed the opinion that the conduct of the strikers was such as to enlist the respect and sympathy of the general public. Speaking as an electrician of thirty years experience, he did not believe the stories that the wires of the company had been cut, or that the lighting service would have been crippled to a greater extent than it had been.

If the wires were tampered with, he was convinced that they had not been tampered with by any of the union men, and he emphatically condemned such acts on the part of outside sympathizers. Such attempts to cripple the lighting service would not benefit the strikers, but on the contrary prejudiced their standing before the public.

Mr. Joseph Aimey, president of the Federated Trades and Labor Council, said the strike was one that interested all trade unions in Montreal, and met with their entire endorsement. The electricians were evidently quite capable of looking after themselves, but he could assure them that they would receive the support of organized labor if should they be in any danger.

The refusal of corporations enjoying a public franchise to recognize the right of the employees to organize and present their demands through a legally constituted trade union was, he thought, sufficient cause for a strike. In fact, it was an insult to the intelligence of the workers, as well as to the public at large, who through their representatives in Parliament have legalized trade organizations; and it allowed the employers to organize and present their demands through a legally constituted trade union was, he thought, sufficient cause for a strike. In fact, it was an insult to the intelligence of the workers, as well as to the public at large, who through their representatives in Parliament have legalized trade organizations; and it allowed the employers to organize and present their demands through a legally constituted trade union was, he thought, sufficient cause for a strike.

RAILWAY NEWS

The Grand Trunk half-yearly report, which covers the period embraced by the months between July and December last inclusive, show a substantial and satisfactory increase in the earnings of the company. The net revenue for the period was \$4,446,814, an increase of \$1,011,881 over the corresponding period of the previous year.

The average rate a ton in 1901 was 58.12c, a decrease of 2.34c below the rate of the half-year in 1900. Per ton per mile the average rate on the entire freight business in 1901 was 0.04 of a cent, compared with 0.07 of a cent in the corresponding part of the previous year.

The working expenses, excluding taxes amounting in 1901 to \$2,258,809, increased for 1901 to \$2,258,809, or 67.06 per cent of the gross receipts, as compared with 61.61 per cent, or 6.01 per cent, in the proportion of the gross receipts.

A comparative statement of the train mileage is:

1900	1901	
Passenger	4,704,237	4,834,662
Mails and express	119,854	125,072
Freight and live stock	1,543,218	1,639,457
Miscellaneous	68,433	70,614
Totals	6,435,742	6,669,805
Increase for 1901		234,063

The number of passengers carried was 4,446,814, an increase of \$1,011,881 over the corresponding period of the previous year.

The gross receipts for the half-year show an increase of \$14,068, or 5.50 per cent, over the gross receipts for the corresponding part of the previous year, including taxes, an increase of \$11,627, or 6.78 per cent. The train mileage shows an increase of \$314, or 0.04 per cent, over the mileage for the corresponding part of the previous year.

The total charge to capital account during the half-year amounted to \$23,100,484, of which, however, \$213,138 was in respect of the acquisition of the Grand Trunk Junction 5 per cent first mortgage bonds, and \$615 of Chicago, Detroit, and Canada Grand Trunk Junction shares, by which an annual saving in the net revenue charge of over \$2,000 was effected.

The outlay for new works on capital account was \$58,962.

The gross receipts of the Grand Trunk Western Railway amounted to \$442,593, and the working expenses, \$232,621, leaving a net profit of \$209,972.

The gross receipts of the Detroit, Grand Haven & Milwaukee Railway for the half-year were \$124,173, against \$136,383 for the corresponding part of the previous year, an increase of \$12,210, or 8.9 per cent, the working expenses were \$55,069, against \$64,523, an increase of \$9,454, thus leaving a balance of \$69,104, an increase of \$10,747, or 15.56 per cent, compared with the corresponding half-year of 1900.

MORE CONTRACTORS SIGN THE SCHEDULE

The Operating Engineers' Union held a large meeting last evening, President Malhot in the chair. The strike committee has signed the agreement granting a nine-hour day to their employees. This leaves only one contractor of importance to be dealt with, and he is expected to sign in a few days. There are only a few men who have not yet signed, but they only employ a few men, and as soon as they become busy will sign up with the union.

A communication was read from Mr. Morrison, the contractor referred to as employing 15 men, offering certain conditions, but the union declined to consider them. The successful issue of the movement for a nine-hour day is very gratifying to the men.

TROUBLE NOT EXPECTED.

The regular meeting of the 1904 Makers' Union was held last evening at 1674 Notre Dame Street. No demand for increased wages is being made this spring, but a few shops which have not been paying the rates prevailing in the majority of shops. It is not expected this move will lead to difficulty.

MEETINGS THIS EVENING.

Federated Trades and Labor Council—560 Dorchester Street.

Iron Moulders' Union—132 St. James Street.

Committees of Central Trades and Labor Council—1647 Notre Dame Street.

WILL INSPECT PARKS.

The members of the Parks and Recreation committee will shortly make a tour of inspection through the various parks and squares in the city in order to familiarize the newcomers with the details of the system.

BACKACHE.

A MOST TERRIBLE MALADY TO WHICH MANY MEN ARE SUBJECT.

Its Cause and Cure, How it may be Instantly Relieved—A Case in Proof of the Truth of the Theory.

Matane, Que., April 16.—(Special.)—Mons. Dionne, a well known and respected citizen, recovered from a severe case of Backache.

Mons. Dionne's remarkable restoration is entirely due to the use of Dodd's Kidney Pills.

Backache is simply an appeal for help from worn out kidneys.

No man can afford to neglect the slightest twinge of pain in the region of the Kidneys. Sometimes it comes sharply, and again in the form of a dull heavy constant pain, but in either case prompt action is necessary, for if this diseased condition is not corrected without delay Bright's Disease, Diabetes, Dropsy, Rheumatism, Sciatica, Lumbago or Heart Disease is sure to follow.

Mons. Dionne's recovery is due to the first warnings of his Kidneys, for it was not until after the pain had become so intense as to make life almost a burden to him, that he sought for relief.

He used Dodd's Kidney Pills according to directions, and is now entirely recovered. He has not the least twinge of backache, nor any other symptoms of Kidney Disease left, he says:

"I have used Dodd's Kidney Pills for Backache and Kidney Disease and they have made me a great cure."

"I believe Dodd's Kidney Pills to be the best remedy for Backache and Kidney Disease, and I can heartily recommend them to any one who may be suffering in this way."

Do not imagine, as many foolish people have done, that Backache of yours will wear away in time.

It is only the announcement to you that your kidneys are not performing their functions as they should, that you neglect it, very serious and perhaps fatal consequences are certain to follow.

Remember that Dodd's Kidney Pills to-day, and tomorrow you will be a free man, you will be all right again in a few days.

DR. PARKIN LEAVES LEAGUE PRESIDENCY

In Valetictory He Calls for Payment of Contingent's Expenses.

Toronto, April 17.—(Special.)—In his valetictory upon leaving the Presidency of the Toronto branch of the British Empire League last night, Dr. Parkin spoke of the importance of expanding the influence of the League throughout Canada. Branches should be established wherever possible, especially in the West, in view of the great influx of people from the United States. Speaking of the forthcoming Colonial conference in London he said it was important that it should be conducted with open doors. It was of too great importance to be conducted behind closed doors. There was still great work to be done in forming public opinion along the line of Imperial Federation. The speaker ventured the assertion that if the Canadian Government would \$500,000 for the expenses of the contingent about to visit the line of Imperial Federation, the people there would be a feeling of pride. He had faith in the French-Canadian people. They were not found wanting when the Dominion was formed, and they would not neglect the federation of the Empire.

J. M. Clark, K.C., was elected successor to Dr. Parkin.

TALE OF TORTURE TOLD BY SOLDIER

American Officers' Barbarous Practices in the Philippine Islands.

Washington, April 16.—Sergt. Charles S. Blinn, formerly of the 16th Volunteer Infantry, was a witness before the Senate Committee on the Philippines in its investigation into the alleged infliction of the "water cure" upon Filipinos.

"Did you ever see what is called the 'water cure'?" "I did," replied the witness. "It was on November 27, 1900, at the town of Ilo-Ilo. The President of the town was the victim. He was stripped to the waist, with his hands tied behind him. Capt. Glenn, of the 18th United States Regulars stood behind him, together with one or two men. There was a water tank on the floor.

"The President was asked whether arrivals had been sent out to announce our arrival. He refused to answer. He was then placed under the water tank, and while his mouth was held open, the water was allowed to run from the faucet into his mouth. When he was filled, the water was forced out of him by pressing him with the foot on the stomach or by pressing with the hand. This continued for five to fifteen minutes.

"It was done under the supervision of Capt. Glenn. Lieut. Conger of the regulars, and Capt. MacDonnell of the volunteers were present, as well as a number of interpreters. After the President had been treated by a sign that he was ready to speak, he was allowed to partly sit up. He was rolled on his side, and then he answered the question.

"Did you see how the water was pressed from him?" "No, I did not see that, but others of the men told me."

"What happened then?" "After giving the desired information he was allowed to dress, and then was taken downstairs. While waiting for a horse, he again refused to answer a question, and a second treatment was given by Capt. Glenn. One soldier was sent for a syringe and another for a can of water. One end of the syringe was placed in the water and the other forced into him. The first syringe did not seem to work well, and a second was sent for. This was inserted in the man's nostril, and then a handful of salt was thrown into the water. Dr. Lyons, an American contract surgeon, superintended the operation.

"The President soon gave up the information desired, and was then allowed to rise. He finally admitted that as we came in at the end of the town, he had sent runners out at the other end to announce our arrival to the insurgents and to tell them to look out for us.

"The town was burned that night by order of Capt. Glenn, who was then Judge-Advocate of the Department of the Visayas."

Witness said that the President did not seem to suffer from the treatment afterwards. His eyes were somewhat bloodshot, but the next day he was apparently all right.

Chairman Lodge read from a statement giving a list of cruelties, practiced by natives upon American soldiers. The witness said he knew of American soldiers being buried alive, mutilated, partially burned and then staked up by the natives.

Asked the question as to the general attitude of the American soldiers toward the natives, he said it was kind, except when

they were under the influence of liquor, the soldiers never ill-treated the Filipinos.

William L. Smith, of Abbot, Mass., also a witness before the committee, said that the water cure, which was stationed at Ilo-Ilo, subjected to the same circumstances. During the administration of the cure, Dr. Lyons was present all the time to see that it was not carried too far and that it had no bad effect.

"The water cure does not injure anyone," said Dr. Lyons, "and I can say positively, the victim in this case was not hurt. After the treatment was over he went with us on horseback into the mountains as a guide to show us where the insurgents were. That same evening the 'water cure,' consisting of Lieut. Conger and Dr. Lyons, gave the cure to two of the native police under the water tank. These men then confessed that the police had all sworn allegiance to the President and were to attack the soldiers stationed in that town when he told them to do so.

Ilo-Ilo, where the incidents related occurred, is in Ilo-Ilo Province. The committee adjourned until to-morrow.

"I did not see that, but others of the men told me."

"What happened then?" "After giving the desired information he was allowed to dress, and then was taken downstairs. While waiting for a horse, he again refused to answer a question, and a second treatment was given by Capt. Glenn. One soldier was sent for a syringe and another for a can of water. Stated That Permission Has Been Given to Increase Stock \$1,000,000.

Toronto, April 16.—Mr. Frederic Nicholls, second vice-president and managing director of the Canadian General Electric Company, will return to the city from British Columbia during the latter part of next week. His arrival in the city is looked forward to with considerable interest, especially among the habitues of the street, when an important event in connection

CANDIDATES IN ONTARIO ELECTIONS

By the end of this week the nominations of practically all the constituencies of Ontario, with the exception of the cities of London, Hamilton and Ottawa, will have been made.

The following table indicates the nominations so far recorded, with dates of conventions as at present arranged. In the cities mentioned conventions have not yet been called. Most of the county constituencies, where there are blanks at present, will likely be proclaimed in the near future. Toronto the Liberals will support Mr. Martner, former Conservative leader, who opposes Dr. Newbit, an Independent. It is said that a straight line Liberal may also run on his own initiative, without a convention. In Wentworth North an arrangement has yet been made for a successor to Mr. Wardell, M.L.A., who died a few days ago, the Conservative nominee. Halton and Prescott have no conventions arranged for either party.

FIRM PORK FOR THE ENGLISH MARKET

The Aberdeen Daily Journal, in a recent issue, contained an article on the experiments which Hon. Sydney Fisher has been conducting to ascertain the best means of providing firm pork for the English market. It was, in part, as follows:—

The Canadian Minister of Agriculture has participated in a department which will be admitted by the most exacting critic to be admirably conducted. The aim of the department is to be ever ready by the first export of the country to meet the needs of the Canadian farmer, and bulletin No. 28, just issued from the Ottawa Central Experimental Farm, explains the cause of the failure of the Canadian bacon packers reported that a considerable proportion of the pigs supplied by Canadian feeders produced soft bacon.

MR. W. E. DORAN NAMED. Appointed to Vacancy on Harbor Board.—Not Yet Officially Notified.

Ottawa, April 16.—(Special.)—The report of the Board of Harbor Commissioners has been confirmed by Hon. J. I. Tarte, Minister of Public Works. The report stated that Mr. W. E. Doran had been chosen to occupy the seat of the Harbor Commission left vacant by the late Mr. Wm. Farrell.

Mr. Doran stated to a Herald reporter that he had received a verbal notification of the above, although he understood that he was to receive the appointment.

with his company is to be announced. This is no less than the declaration of the new issue of \$1,000,000 of stock, which was decided at the annual meeting held a few weeks ago. The company had previously necessary permission from Ottawa, and Mr. Nicholls' return, and the matter decided upon. From an inside source The Mail and Empire has learned that \$425,000 of the new stock will be the present issue at the rate of one in four to the existing shareholders. At what premium this issue will be made has not been stated with any degree of accuracy. The present authorized capital stock of the company is \$2,000,000, of which \$900,000 is preferred stock, and \$1,100,000 in common stock, all of which has been paid up. This new stock issue is made on account of the growing business of the company, and to enable it to carry out the objects it has in view for the extension of its business.

The company's last annual statement was considered a most excellent one. The balance at credit on hand and loss was shown as \$612,028.94, made up of \$345,000.00 profit on operating (being an advance of thirty per cent. over the year 1900), \$195,000.00 premium on new shares issued, and \$71,028.94 brought forward. From this amount dividends of ten per cent. on the common stock and five per cent. on the preferred stock, amounting to \$108,750.00 were paid; \$100,000 has been added to the reserve fund, which now stands at \$385,000; \$100,000 transferred to the contingent account, while the sum of \$77,880.27 remains at the credit of profit and loss, and the large sum of \$187,500.00 has been in the past to write down its assets in the most conservative manner rather than to add large sums to the reserve fund. The last profit and loss account of the company was as follows:—Year ending 31st December, 1901.—Dr.—To dividends paid, \$108,750; to amounts written off, \$107,000; to share to contingent, \$100,000; to transfer to reserve fund, \$100,000; to balance at credit 31st December, 1901, \$77,880.27; total, \$612,028.94. Cr.—By balance 1st January, 1901, \$71,028.91; to profit on operating, \$845,960.00; by premium on new stock, \$195,000.00; total, \$612,028.94.

The directors of the company are:—W. H. Brock, M.P.; president; H. P. Dwight, first vice-president; Frederic Nicholls, second vice-president and managing director; Hon. Geo. A. Cox, Rudolph Forget, Herbert S. Holt, Robert Jeffrey, Sir W. C. Van Horne, J. E. Kerr, K.C., W. D. Matthews, E. B. Osler and James Ross.

BURDOCK BLOOD BITTERS THE GREATEST OF SPRING MEDICINES

In the spring, the system is so overloaded with impurities that the organs are unable to properly eliminate the waste matter.

BURDOCK BLOOD BITTERS is of the greatest value in cleansing internally, just as soap and water cleanses externally.

It flushes the sewers of the body, awakens the torpid organs and renews activity, pure blood is pumped to all parts of the body, thereby cleansing, purifying and strengthening it.

Don't stay sick, weak, tired and listless this spring. Take Burdock Blood Bitters and feel bright, healthy and vigorous. It turns Bad Blood into Rich Red Blood.

DESPERATELY AFFLICTED

Jos. Coron, of Montreal, Cured of Rheumatism of Ten Years' Standing, Not by the Use of Drugs, but Through Powley's Liquefied Ozone.

It is with pleasure I give you my testimonial as to the curative powers of Powley's Liquefied Ozone. For over two years just I have suffered very much with rheumatism; sometimes so bad I could not sleep at night, and I had to quit work. Two years ago I was cured for two months, and since February last I have been very bad.

I saw your Ozone advertised, the new drug idea appealed to me, so I procured a bottle and began taking it. I had not completed the bottle when I began to get better; my rheumatic pain began to leave me. I have taken only three bottles, and my rheumatism is completely cured. I am in better health now than I have been for the last ten years.

Sometimes for weeks my feet were so swollen and pained so badly I could not walk, and my hands would swell up out of all shape. I could hardly endure the pain and could not use my hands.

I attribute my recovery entirely to the use of Ozone and gladly recommend it to all sufferers from rheumatism. Signed Jos. Coron, 45 St. Antoine Street, Montreal, P. Q.

This testimonial is attested by Mr. A. P. Reid, who writes: I enclose you testimonial from Jos. Coron, 45 St. Antoine Street. This gentleman has suffered for over ten years with rheumatism. Signed A. P. Reid, 100 St. Joseph Street, Montreal, P. Q.

Most peculiar cases of rheumatism, which are attended by the most distressing symptoms, are cured by the use of Powley's Liquefied Ozone. It is a remarkable short time relieves you, and in a few days you will know it is going for good; you're becoming cured. 50 cents and a bottle at all druggists. The Ozone Co., 229 Kinross Street, Chicago.

TO MAKE RIFLES ON PLAINS OF ABRAHAM

Quebec, April 16.—(Special.)—Sir Charles Ross, the inventor of the Ross rifle, has been awarded space on the Plains of Abraham for the erection of buildings for the manufacture of small arms.

Sir Charles Ross, accompanied by his engineer and his assistant, Mr. P. J. Ross, visited the site of the proposed factory on the Plains of Abraham, and selected a suitable site to build on. The site chosen is in the hollow in the middle of the tower close by the cliff, a perfectly isolated spot, and in every way suitable for the extensive works to be erected, the buildings of which will be shortly commenced.

The proposed manufacture of small arms will not doubt be a large structure, and will give employment to a large number of people.

ONE MONTREAL CHAMPION.

Tommy Hanley Carried Off the Gold Medal in 115-lb. Class at Ottawa.

Ottawa, April 16. — The amateur boxing champions of Canada for the year 1926 are as follows:

Boxing. 105 pounds—P. Chamberlain, Ottawa. 115 pounds—Thomas Hanley, Montreal.

125 pounds—Vivian Austin, Ottawa. 145 pounds—P. Arnold, Toronto. Heavyweight—F. Jackson, Toronto.

Wrestling. 145 pounds—Nelson, Toronto. 155 pounds—Edmonds, Toronto.

Every bout went the limit to-night except one, and the decision given on points.

The opening bout, between Lynch and Chamberlain, was a fast, snappy affair, with clean, hard punching; the men fought cleanly.

The decision of the judges in Chamberlain's favor was received with surprise. Hanley had the better of the 115 bout. He was clever and fought a pitched fight.

225 pounds—Vivian Austin, Ottawa. 265 pounds—Vivian Austin, Ottawa.

105 pounds—P. Chamberlain, Ottawa. 115 pounds—Thomas Hanley, Montreal.

125 pounds—Vivian Austin, Ottawa. 145 pounds—P. Arnold, Toronto.

Heavyweight—F. Jackson, Toronto.

Wrestling. 145 pounds—Nelson, Toronto. 155 pounds—Edmonds, Toronto.

Every bout went the limit to-night except one, and the decision given on points.

The opening bout, between Lynch and Chamberlain, was a fast, snappy affair, with clean, hard punching; the men fought cleanly.

The decision of the judges in Chamberlain's favor was received with surprise. Hanley had the better of the 115 bout.

He was clever and fought a pitched fight. He was the harder under the better fighter.

He, however, used his elbows and fouled in other ways repeatedly. When the award was given to Noonan, the latter was in bad shape and could not have lasted the pace much longer.

He arrived in the city at ten o'clock, and was in the ring before eleven. He made a good showing as long as he lasted, but was not in shape to stand a long journey.

Lynch, of Quebec, protested against decision of the judges, and was willing to fight any 105 pound man in Canada.

Chairman Chittick, of the O.A.A.A., being on committee, threatened Lynch with six months' suspension.

The bout of the evening was between Austin, former 125 pound champion, and Nicholls, of the O.A.A.C. Boyle, of Montreal, came up with the will to meet Nicholls, but weighed three pounds over and the Ottawa man refused to go on.

The bout between Austin and Nicholls was arranged and proved the best exhibition of the tournament. Austin looked overweight, while Nicholls was in the pink.

Nicholls was quick in the clinches; Austin effectively. He was warned several times for hitting in the breakaways.

Austin rarely broke ground and was the best ring general. Austin's nose was bleeding at the conclusion of the bout, and popular opinion was divided.

The medals were presented to the winners at the conclusion of the fighting.

Athletics.

Y.M.C.A. ATHLETES.

Annual Meeting of the Association Last Evening Played Ping Pong.

The annual meeting of the Y.M.C.A. Athletic Club was held last evening. Mr. F. W. Hadwin in the chair.

The minutes of the previous meeting were read and approved. The financial report showed the club in a very flourishing condition, and the finances on the right side.

The officers for the ensuing year were elected as follows:—Hon. president—E. G. Webber.

President—E. W. Mitchell. Vice-president—E. Mitchell.

Secretary—D. M. McGivlin, Jr. Treasurer—T. Shaw. G. Higgins, Jr.

Committee—T. Shaw, G. Higgins, Jr. Brabury (A) defeated McNece (B).

Andrew (B) defeated McNeill (A). Hutchison (B) defeated Pasley (A).

TOM CARLIND WAS CHOSEN CAPTAIN

Montreal Lacrosse Players Had a Very Enthusiastic Meeting Last Evening.

Judging by the attendance and the enthusiasm at the meeting of players of the Montreal Lacrosse Club last evening, there is a brighter season in store for it than for some years.

Outside of the naming of captains and committees there was nothing done. But there was a general talk on chances, and the improvement in the outlook is keeping some of the old players at their posts.

Dr. Irvine, Charlie Mackrover and Benny Haynes are sure to be out, and perhaps several others of the old guard.

The choice of captains was unanimous, and rightly so. The club hasn't got a better man to handle the senior team than Tom Carlind, and it recognized that fact and handed over to him the field captain's baton.

Dease Brown will look after the intermediate team, and he was willing to attend to it. Then came the choice of sub-committees. The property will be in the hands of Dr. Irvine, Fred Reid and Jack Davidson, while the very important factor of refreshments will be under the control of W. Bramley, Fred Reid, Guy Pettigrew and W. Hasley.

It was decided to send for registration as players the following:—Geo. S. Cameron, John R. Brodie, Chris. Leman, G. Johnson, B. S. Burland, Jr., J. Rubin, A. D. Irvine, B. E. Haynes, W. S. Strachan, MacB. Doid, R. C. Landers, L. A. Johnston, R. Ferrel, A. Savary, R. Brown, W. Black, J. A. Crispo, R. J. Gagnon, J. Davidson, J. A. Byson.

Of course there are lots more to come, but this is a start anyway.

NO EXTRA BOXES FOR HORSE SHOW

But There Will be a Limited Number of Reserved Seats.

Entries Close Saturday.

The Horse Show executive has decided not to build any new boxes as it would interfere with the promenade.

However, to supply the demand they will set aside a limited number of reserved seats, immediately behind the boxes, which can be had for the five evening performances.

These seats of course are open to the promenade and holders have equal privileges with boxholders. These boxes will be placed on sale at the corner of Windor and St. Catherine Streets on Monday next.

EXHIBITORS ATTENTION.

Exhibitors should not forget that the entries close on Saturday. Mr. William Norley will be his nose as bleeding at the conclusion of the bout, and popular opinion was divided.

The medals were presented to the winners at the conclusion of the fighting.

Miscellaneous.

Seven Clubs in M. & D. League.

A very important meeting for cricketers was held last night at the Carleton Hotel. It had been expected that there would be eight clubs in the league, but as it stands now there will be only seven.

It was decided that the schedule should go on with the seven clubs, as previously arranged. The league will now consist of: The Victorias, Longueuil, Montreal Woolen Mills, Montreal, Mount Royal, M.C.A., and Westmount. Mr. W. H. Dimpot, president, and Mr. John Dugale, hon. secretary.

Tennis.

A Meeting Postponed.

There was a very brief meeting of the McGill Lawn Tennis Club in the Art building yesterday afternoon. It was decided to postpone until a future date.

Golf.

Vardon Beaten.

London, April 16.—At Trotenham today Taylor beat Vardon in a close and exciting 36-hole golf match by one hole.

Chess.

Trojan Chess Club.

The Trojan Chess Club of All Saint's Church, held its first meeting last night, and the following officers were elected: Hon. president—Mr. Canon Evans; president, Mr. H. Hoodgitch; vice president, Mr. F. H. Haviland; secretary-treasurer, A. Swindhurst.

TORONTO FIND ESSEX VERY EASY

Defeated Them 14 to 3—Englishmen Held Them Down the First Half.

Toronto, April 16.—An Evening Telegram's special London cable says:—A crowd of twelve hundred people assembled at the Spotted Dog Ground, at Forest Gate, to witness the lacrosse match between the Canadian team from Toronto and the Essex team from Toronto.

The weather was fine, just like an ideal Canadian summer day. The ground was in excellent condition and the crowd witnessed a fast and exciting contest. The English team kept the Toronto side busy from the start, and at the end of the first quarter both teams had scored a goal, and at half-time the tally had been increased by the Toronto to four, while the Essex men had only added one goal.

After a brief rest, the Toronto men jumped into the game with a vim, and it was not long before they had the Essex men badly beaten. At the end of the third quarter, the score stood: Toronto, 12; Essex, 2. Toronto put the ball behind the flags eight times, while the English players failed to score in the entire twenty minutes.

The last quarter was keenly fought. The Essex team scored one goal; while the Toronto added two. The match thus ended in a complete victory for the Toronto by 14 goals to 5.

CANDLING GAVE TALENT A SURPRISE

Thought No Good at 15 to 1, But Won Handily—One Other Favorite Won.

New York, April 16.—There were several upsets at Aqueduct today, only two favorites winning.

The surprise of the afternoon was in the last race, Canling, at 15 to 1, winning easily from Alsike.

T. Burns carried off the riding honors, riding two winners. Summary: First race, two years old, 12 furlongs; selling—Discus, 112, Cochrane, 7 to 1 and 2 to 1, won; Mystic Belle, 97, 7 to 1 and 4 to 5, second; Epidemic, 84, 10 to 1 and 4 to 1, third. Time, 57.

Second race, mile 70 yards, selling—Fathall, 106, White, 4 to 1 and 8 to 5, second; A's, 92, Crozier, 2 to 1 and 4 to 5, third. Time, 1:48.

Third race, 2-year-olds, 4 1/2 furlongs—Examiner, 110, T. Burns, 9 to 3 and 7 to 10, won; Red, 110, Landry, 4 to 1 and 8 to 5, second; Tugatey, 110, Booker, 10 to 1 and 4 to 1, third. Time, 50 1/5.

Fourth race, 7 furlongs, selling—Lucky Star, 111, T. Burns, 7 to 1 and 3 to 5, won; Animoso, 102, Shea, 7 to 2 and 4 to 5, second; Jack McGinn, 112, J. Daly, 20 to 1 and 4 to 1, third. Time, 1:28 3/5.

Fifth race, 1 1/2 furlongs, selling—The Retiree, 110, Wonderly, 12 to 1 and 3 to 5, won; Friedkrupp, 110, H. Cochrane, 13 to 5 and even, second; Indecent, 110, McJue, 6 to 1 and 2 to 1, third. Time, 38 3/5.

Sixth race, 7 furlongs—Candling, 111, Smith, 15 to 1 and 8 to 1, won; Al-ke, 115, 10 to 1 and 2 to 1, second; D. J. Dimpot, 100, Wonderly, 7 to 5 and 3 to 5, third. Time, 1:29 1/5.

Football ASSOCIATION FOOTBALL.

Mr. Dureau, of the P.A.A.A., Was Re-Elected President, and Hugh Crawford Secretary.

The Montreal Football Association met last evening in the M.A.A.A. for their annual talk. The funds are in good shape, and the meeting was harmonious and satisfactory. The elections resulted as follows:—President—Mr. Dureau, of the P. A. A. A. Vice-president—Mr. A. M. Lee, of Lachine.

Secretary—Mr. Hugh Crawford, whose resignation was not entertained. Mr. Doyle undertaking to relieve him of some of the work for a month.

The Agonizing Pains of Rheumatism.

Swollen, aching joints, muscles a stiff and sore, every movement accompanied by pain. The most potent remedy is Poison's Nerviline, which has five times the pain-subduing power of any other preparation. Apply the Nerviline copiously, rub it on well and then bind in a hot flannel bandage. This will cure the worst cases in a short time. For Nervine for Rheumatism, Neuralgia, Sciatica, or Lumbago—it's all right and only costs a quarter.

Dr. Hamilton's Pills cure Constipation.

Jacob Schaefer has arrived in New York from Paris. Upon his arrival he immediately posted a bill of \$200, which he had his match with Maurice Vignaux, scheduled to begin May 2. The play will be for the world's championship. Vignaux is a French ball line, one shot in ball, and a side bet of \$500 for each man.

OLD TOUQUE BLEUE HELD ELECTIONS

Chase W. A. Coates as President and G. C. Bowie as Secretary. A Full Meeting.

There was a rousing meeting of the M.A.A.A. last evening, when the Montreal Snow-Birds members talked over the results of last year. No wonder there was a good attendance, for the past season has been the most successful years since there was a revival in favor of this grand old sport.

The secretary, in his report, suggested that the members of the Snow-Birds be made an annual event. The election of officers resulted as follows: President—W. Coates. First vice-president—F. D. Rogers. Second vice-president—J. T. Hodgson. Secretary—G. Bowie. Treasurer—E. H. Brown. Committee—C. A. L. Fisher, T. R. Fulton, W. M. Doyle, L. Desrochers, J. A. Taylor, J. Oman, F. Dalby.

AFTER THE COACHES.

Nick Young Issues Strict Instructions to Umpires About Interference.

Washington, April 16.—N. E. Young, secretary of the Executive Board of the National Baseball League, has issued instructions to umpires which say in part: "The imposition of fines upon players and managers for violation of rules as provided in the playing rules is suspended until further notice, and in lieu thereof a removal from the game or from the game and field is substituted.

"You are the absolute master of the field from the beginning to the termination of the game. You are empowered with full authority to order any player, captain or manager to get out or to do any act which you may deem necessary.

"Coaches are neglecting a disturbing element to the umpire. Rule 33 provides just what their and what your duties are. These rules are mandatory and not discretionary.

THE TRADING IN MANITOBA WHEAT

Stocks in Elevators 18,642,000 Bushels, Against 4,964,000 Year Ago.

The Winnipeg Commercial, under date of April 12th, says: Manitoba wheat has been extremely dull all week until yesterday, when the opening of navigation at Port William and the strength in the American market, developed more interest and some demand for spot wheat sprung up.

There were 5,364,000 bushels of wheat in store at Port William and Port Arthur on April 7. A year ago stocks in store at Port William were 2,929,000 bushels. Two years ago there were 3,710,000 bushels. Stocks in store at Port William, Port Arthur, Keewatin, Winnipeg, and interior points are estimated approximately at 18,642,000 bushels, compared with 4,964,000 bushels a year ago, 12,000,000 bushels two years ago, and 11,700,000 bushels three years ago, and 4,175,000 bushels four years ago.

May wheat opened in Chicago at 73 3/4, and at 12.30 was quoted at 74 3/4. July opened at 74 3/4, and at 12.30 was quoted at 75 1/4. August opened at 75 1/4, and at 12.30 was quoted at 76 1/4.

Before the 1st of May, all the fine and well assorted stock of Boots and Shoes must be sold. As heavy everything in Men's, Women's, Children's and Infants' Footwear, this means money to all who came to us for Boots.

TRANSPORTS ARE NOW CHARTERED

Cymric and Celestian Will Take Over Parts of Fourth Contingent.

Ottawa, April 16.—(Special).—The Minister of Militia received a cable to-night from the War Office stating that the steamer Cymric had been chartered to take a portion of the fourth Canadian contingent to South Africa. Hon. Dr. Borden wired to the captain of the Cymric, who is now in Boston, asking when the steamer could be ready, and the answer was received that she could be at Halifax ready for transportation purposes early in May. The vessel is now discharging a cargo of tea at Boston.

SISTER TO VICTORIAN.

The Cymric is a sister ship to the steamer Victoria, which sailed from Halifax on January 28th with the second half of the second Canadian Mounted Rifle. She is twin screw of 8,200 net and 12,640 gross tonnage, is 385 feet long, 64 feet beam, 38 depth of hold. The vessel is a magnificent type of transport ship and was built at Belfast by Harland and Wolff.

CELESTIAN CHARTERED.

Quebec, April 16.—Mr. Thos. Harting received a cablegram to-day informing him that the steamer Celestian had been chartered by the British Government to take over a portion of the fourth contingent.

S.P.C.A. IN A TANGLE.

Sherbrooke Officer Makes a Wrong Diagnosis and Shoots a Valuable Horse—Owner is Out for Damages.

Sherbrooke, April 16.—The S.P.C.A. here has got itself into a tangle. Last Saturday night a mare owned by Mr. McNamara, and due to foal on Sunday night, escaped from the barn on Prospect Street. It wandered about and finally ran up on the lawn by McIntosh's residence. The police called on the S.P.C.A., which sent an inspector to investigate. He made a wrong diagnosis by informing him that the mare was a bear. The owner put a bullet into the bear. The owner says he will send in a bill for the value of the mare and colt.

THE WIRELESS CONFERENCE.

England Expresses Willingness to Attend Meeting to Regulate the Use of the New Telegraphy.

Berlin, April 16.—Great Britain has accepted Germany's proposition for an international conference to regulate the use of wireless telegraphy. The other powers to which the proposition was made, namely, the United States, France and Russia, have not yet responded; but the officials here confidently expect that they will, especially from the United States, which has taken much interest in the matter.

150,000 ARE ON STRIKE.

Belgian Glass Works of Great Value Destroyed by the Number of Incendiarious Fires.

Brussels, April 17.—The number of strikers in the glass industrial centres are estimated as follows:—At Charleroi, 60,000; in the central district, 27,000; at Binche, 25,000; at Valenciennes, 30,000; and at Verriere, 8,000. The glass works at Courcelles were practically destroyed by fire last night. It is estimated that the damage done will amount to 60,000 francs. It is believed that the fire was started by an incendiary.

COLLEGE OF THE SACRED HEART.

Artabasqueville, April 16.—(Special).—On Sunday evening the students of the College of the Sacred Heart at Artabasqueville gave a very interesting entertainment. They presented in good style two comedies. Between the acts the band of the college executed a few excellent overtures and marches, and the college choir did some beautiful singing. Solos were also rendered by young Cote, the college's popular soprano. The hall was crowded with people from Artabasqueville and Victoriaville. The receipts of the evening went to the buying of costumes for the company of the cadet soldiers, just formed.

GREAT ACTIVITY AMONG CARDINALS

Mgr. Falconio is Definitely Selected for the U.S. Papal Delegation.

Rome, April 16.—The recent signs of increased feebleness of the Pope which led to alarming reports of his sudden death the other day, have caused a marked recrudescence of activity among the cardinals aspiring to the pontificate. The campaign preparatory to the next conclave proceeds incessantly. The Sacred College is divided into two distinct forces, headed respectively by Cardinal Rampolla, the papal secretary of State, and Cardinal Vannutelli. The latter and Cardinal Gotti now constitute the most probable successors to Leo XIII. Those who are not now considered dangerous candidates are fond of pointing out, however, that almost 130 cardinals have been buried during the pontificate of Leo XIII., and that the prolongation of the life of His Holiness for a few years is liable to cool many more ambitious calculations.

Archbishop Falconio, the papal delegate in Canada, has been definitely selected to succeed Cardinal Mantellini, the papal delegate to the United States. This appointment will not be officially announced, however, until the meeting of the consistory next October. It was felt that Archbishop Falconio's experience in Canada, his learning, his command of the English language, and his diplomatic abilities, especially fitted him for the Washington post.

THE WAY OF MOSQUITOS.

South Orange, N.J., April 16.—It has been found by the members of the South Orange Village Improvement Society to continue the work of mosquito extermination which was begun last year, and to organize for the work of the summer. In a circular just issued the society draws these conclusions on the results of the work of last season:—"First, an immense improvement was made in localities where it was comparatively easy to get at and place oil upon the stagnant water. Second, no perceptible improvement was noted where there were large pools of water difficult to treat with oil. Third, that tall grass and weeds in low spots, and greatly to the difficulties of finding stagnant water and applying the oil. Fourth, that it is unwise to depend upon property owners to attend to the oiling. Fifth, that wherever complaints arose of mosquitoes being numerous, a breeding place could be found within a few hundred feet of the locality complained of. Sixth, drainage in some localities is absolutely desirable. The upshot of the findings of the society is that if all breeding places for mosquitoes are drained off or kept continually treated with oil to the end that no mosquitoes shall be bred in the village limits, a great reduction in the number of mosquitoes will be effected.

BEAUHARNOIS MURDER TRIAL.

Beauharnois, April 16.—In the murder trial here to-day, Dr. Clouston, joint prosecutor for the district of Beauharnois, produced the documents of the inquest. He remarked that in the appearance of the prisoner, William Long, but that he assisted a the inquest like an ordinary interested spectator. He also stated that the verdict rendered was that Daniel Latour came to his death by a bullet wound. Witness identified several objects produced in court, among them a flattened bullet, which was found inside the body of Latour, and which caused his death by going through the lungs and the heart.

DR. BROOKS' TWENTY-THIRD COMET.

Geneva, N.Y., April 16.—Dr. William H. Brooks, director of Smith Observatory and Professor of Astronomy at Hobart College, announces the discovery of a new comet. It is in constellation Pegasus, and an observation secured this morning made its position right ascension 23 hours 8 minutes 10 seconds, declination north 27 degrees 25 minutes. The comet has a daily motion of about 3 degrees south-westerly and towards the sun. This is the twenty-third comet discovered by Dr. Brooks.

APPLY CRIMES ACT TO FEW COUNTIES

League-ridden Districts Subjected to Certain Section of Coercive Measure.

Dublin, April 16.—The Government has decided to apply sections 2, 3 and 4 of the Crimes Act to eleven specified districts. The United Irish League is not proclaimed, but the above action can be regarded as a preliminary step to the proclamation, inasmuch as the sections provide for summary jurisdiction in reference to cases of criminal conspiracy, intimidation and unlawful assembly. They also provide for special juries and change of venue at the option of the Crown authorities. The districts now constituted are: The United Irish League, the counties of Wick, Wexford, Carlow, Kilkenny, Tipperary and Waterford. These are the districts in which the United Irish League has been most active.

THE SHERBROOKE RECTORY.

Sherbrooke, April 17.—The following have been appointed a board of concurrence to receive nominations from the Bishop of Quebec in connection with the appointment of a new rector for St. Peter's Church: Mr. Wm. Farwell, Mr. H. D. Laurance, Col. H. R. Fraser, Mr. Austin, Mr. F. C. Wiggitt, Mr. H. A. Ekins, Mr. J. C. Thompson, Mr. J. Mackinnon, Mr. Justice White, and Mr. H. J. W. Ridgeway, who has been for the past four years secretary of the Y. M. C. A. at Brockville, Ont., has been appointed to the office of their organ.

BIG FIRE AT METAPEDIA.

Metapedia, Que., April 17.—The Gillis House and store, the Ferguson House and stores, the Dorion House and store, the Catholic Church, the residence of Dr. Pinault and Mr. Lagace, with all contents, were destroyed by fire yesterday afternoon. The loss is estimated at \$75,000, with very little insurance.

GREATER CANADA BEYOND SUPERIOR

Bishop Pinkham Paints Future of the West with Bright Colours.

Bishop Pinkham, with jurisdiction extending over Saskatchewan and Calgary, is at the Windsor Hotel. He will remain in the city to attend the consistory on the 20th inst. The bishop-elect of the Anglican diocese of Montreal, speaking on the Northwest and its future, Bishop Pinkham said he believed that within twenty-five years the bulk of the Dominion's population would be located west of Lake Superior. He said that Canada does not yet realize the importance of the prairie country; his Lordship added. He was of opinion that the next census would be a surprise to the people of Canada. Bishop Pinkham has forty clergymen under his direction, and it is with respect to the mission work in the West that he is most interested.

INLAND REVENUE.

Ottawa, April 17.—The statement of the inland revenue in the Dominion for March shows a revenue of \$841,495, as compared with \$827,563 for the same month last year.

ANOTHER TRIBUTE

To the Great Excellence of the Mason & Risch Pianos

From the Cantatrice, Miss Caroline Montefiore, who sang with such acceptance at the Orchestral Concert, last Friday afternoon.

TO MESSRS. MASON & RISCH:—

After singing and playing upon the Mason & Risch Piano with a rich, mellow tone, and I hope to have the pleasure of singing with the Mason & Risch Piano very often.

Sincerely,
CAROLINE MONTEFIORE.

SOCIALIST COUP COMPLETE FIASCO

Both Demonstration and Debate on Suffrage at Brussels Fall Flat.

Brussels, April 17.—It is estimated that nearly 300,000 men have gone on strike. The movement is well organized, but as the men are short of funds it has been arranged that in all trades in which the cessation of operations would involve the public—such as bakers, etc., the men shall continue working and contribute to the support of others. Many men have stopped work in other sections of the country. A dynamite cartridge exploded yesterday on the railroad track near Arlon. The explosion badly damaged the railroad bridge, but traffic was not interrupted. Serious disorders have occurred at Cocker in the coal field of Seraing. A detachment of lineers was compelled repeatedly to charge a mob numbering about 2,000 persons, engaged in throwing stones at the troops. Several people were injured. The cafes in which the rioters took refuge were sacked.

DEBATE IN CHAMBER.

The diplomatic, private and public galleries of the Chamber of Representatives were filled to their capacity when the debate on the proposed revision of the constitution began. M. Beernaert, the former president of the Chamber, opened the discussion. He was frequently interrupted by M. Van der Linden, Socialist leader, with periodical shouts of "universal suffrage is supreme."

U. S. Senate Merely Extends Existing Measure to Philippines.

Washington, April 16.—The drastic Chinese Exclusion Bill originally framed by the Senators and Representatives from the Pacific States, most defect in the Senate today, and in its place was substituted a measure offered by Mr. Platt, of Connecticut, extending the provisions of the present law, and applying that exclusion to all insular territory under the jurisdiction of the United States.

CHILDREN BURNED TO DEATH.

Winnipeg, April 16.—A sad tragedy occurred to-day at Overmore, about twenty miles from Emerson, Fred.

NERVOUS DYSPEPSIA

Can Never be Cured by Mere Temporary Aids to Digestion.—The Nerves Must be Restored and Filled With Vitalizing Nerve Force.

You know that certain drugs, such as opium and digitalis, bring about artificial digestion, and if you have dyspepsia or indigestion, it is possible that, like hosts of others, you have taken them in the North Sea, hoping that they will take the place of gastric juice and other digestive fluids, digest the food and by resting the stomach, effect a cure.

CHALLENGE TO SANTOS-DUMONT.

London, April 17.—(Special).—Great dissatisfaction continues to be expressed by grain importers and commercial men with regard to the budget taxes. Grain and other duties are a price considerably in excess of the sum represented by the new duty.

ITALY'S KING THROWN FROM HORSE.

Rome, April 16.—The Capitale says that King Victor Emmanuel, while hunting near his castle at Parazono yesterday, was thrown from his horse and bruised his legs. He is confined to his bed to-day.

ASK EMPIRE FOR FUNDS.

Cape Town, April 16.—The Cape Colony has inaugurated a movement to erect a statue of Cecil Rhodes on a hill adjacent to Cape Town. It is proposed that the statue shall be an Imperial memorial, and appeals for funds will be made to the whole Empire.

SEEDING IN MANITOBA.

Qu'Appelle, April 16.—Seeding commenced in Qu'Appelle and Edmore districts yesterday and promises to be general next week. Weather is excellent and the soil will soon be in fine condition.

CABINET DISAGREED ON MILLNER'S TERMS

Commissioner Reported Propositions Which Would Buy Immediate Peace.

London, April 17.—The Associated Press has excellent authority for saying that there have been no definite developments in the matter of the Boer-English peace negotiations. It is learned that Lord Milner, the British High Commissioner in South Africa, has defined certain propositions upon which peace may almost immediately be secured, but the cabinet is said to have disagreed upon the merits of Lord Milner's terms at its meeting yesterday.

FRUITS OF THE PURSUIT.

London, April 17.—Gen. Kitchener reports to the War Office that during a pursuit of the Boers on April 11 and the three subsequent days, seven Boers were killed, six wounded and 130 captured in the Western Transvaal.

DRASTIC CHINESE BILL WAS KILLED

Washington, April 16.—The drastic Chinese Exclusion Bill originally framed by the Senators and Representatives from the Pacific States, most defect in the Senate today, and in its place was substituted a measure offered by Mr. Platt, of Connecticut, extending the provisions of the present law, and applying that exclusion to all insular territory under the jurisdiction of the United States.

OPERATION ON KAISER.

Berlin, April 16.—The Emperor and Crown Prince have gone to Bremerhaven, where they will board the imperial yacht for a two days' cruise to the North Sea. Upon their return it is likely that a surgical operation will be performed on the Emperor's face. The statement that it had lately been performed was erroneous. It is understood that His Majesty has a small cyst beneath one of his eyes. He was operated for it two or three times in the past, but the cyst has reappeared, necessitating a further operation. His general health is normal.

VIOLATION OF PLEDGE.

London, April 16.—In the House of Commons to-morrow Mr. A. B. Markham, a prominent member of the Opposition, will ask Lord Salisbury, Under Secretary for Foreign Affairs, an important question regarding Great Britain's commercial position in the Philippine trade. He has given notice in the House that he will refer to the fact that the preferential tariff, which will be important to the rope industry in the United Kingdom, has been enacted in favor of American manufacturers competing with the United Kingdom.
