McCallum, James Stocking, engineers; Captains George Anderson, Melvin Buchanan, Charles Holmes, John McDonald, W. McDougall, Raymond, George Robertson, infantry; Christopher Finlayson, Joseph Martin, Henry Moser, Medicals; Robert McGlenaghan, engineers; Frank Barber, engineers; Morris Jacob, artillery.

U. S. CONSUL FREED.

Arrives in Stockholm From Finland Where He Was Released.

Washington, D.C., May 5.—Roger C. Tazdwell, the American Consul, who was arrested by the Russian Bolshevik authorities last October, has arrived in Stockholm. He advised the State Department today that he was taken from Moscow to Finland several weeks ago and there released.

Repeated representations for the release of Mr. Tredwell were made by American officials through the Governments of Great Britain, Persia, and other nations, it being pointed out that Tredwell's arrest was in contravention of every rule of international law. The Bolsheviks offered the release of the prisoner if Thomas J. Mooney and Eugene V. Debs were given their freedom, or if Bolshevik prisoners held by the British were liberated. Both offers were refused by the American Government.

COMMONS HEAR TEXT OF NINE LABOR CLAUSES

WELL-BEING OF WAGE EARNERS OF INTERNATIONAL IMPORTANCE.

Ottawa, Ont., May 5.—Hon. N. W. Rowell gave to the House of Commons this afternoon, the text of the nine labor clauses in the peace treaty.

"The high contracting parties," said the statement, "recognizing that the well-being, physical, moral and intellectual, of industrial wage-earners is of supreme international importance, have framed a permanent machinery asking that of the League of Nations to further this great end. They recognize that differences of climate, habits and customs, of economic opportunities and industrial tradition make strict uniformity in the conditions of labor difficult of attainment. But, holding as they do that labor must be regarded as an article of commerce, they think that there are methods and principles for the ratification of labor conditions, which all industrial communities should endeavor to apply so far as their special circumstances will permit.

"Among these methods and principles the following seem to be of special importance:

"First—The guiding principle above enunciated that labor should not be regarded merely as a commodity or article of commerce.

"Second—The right of association for all lawful purposes by the employed as well as by the employers.

"Third—The payment to the employed of a wage adequate to maintain a reasonable state of life as this is understood in their time and country.

"Fourth—The adoption of an eight-hour day or a forty-eight-hour week, as the standard to be aimed at where it has not already been obtained.

"Fifth—The adoption of a weekly rest day of at least twenty-four hours, which should include Sunday whenever possible.

"Sixth—The abolition of child labor and the imposition of such limitations on the labor of young persons as shall permit the continuation of their education and assure their proper physical development.

"Seventh—The principle that men and women should receive equal remuneration for work of equal value.

"Eighth—The standard set by law in each country with respect to the condition of labor should have due regard to the equitable economic treatment of all workers lawfully retained therein.

"Ninth—Each state should make provision for a system of inspection in which women should take part in order to insure the enforcement of the laws and regulations for the protection of the employed."

"Without claiming that these methods and principles are either complete or final, the high contracting parties are of opinion that they are well fitted to guide the policy of the League of Nations and that, if adopted by the industrial communities who are members of the League and safeguarded in practice by an adequate system of such inspection, they will confer lasting benefits upon the wage-earner of the world."

RESTRICTIONS REMOVED.

New York, May 5.—The Food Administration announced today that restrictions on trading in cotton seed oil on the New York Produce Exchange have been removed, effective May 6, 1919, insofar as they relate to trading in the new cotton seed oil crop, beginning with October delivery.

PARIS DESPATCH INDICATES THAT ITALY HAS CARRIED HER POINT AGAINST WILSON

FULL AGREEMENT REACHED ON BASIS THAT FIUME SHALL REMAIN AN AUTONOMOUS PORT FOR TWO YEARS AND THEN BE ASSIGNED TO ITALY—GERMAN PEACE DELEGATES SERVE ULTIMATUM ON THE ALLIES.

London, May 5.—According to a despatch to the Exchange Telegraph from Paris, the question regarding Fiume has been settled in full agreement with the Italian Government on the basis that Fiume shall remain an autonomous port for two years, when it will be assigned to Italy.

A despatch to the Central News from Copenhagen quotes a Berlin newspaper as saying that the German Peace Delegation sent an ultimatum to the Entente Allies demanding a reply by five o'clock Monday afternoon, in which it was declared that the Germans would be obliged to return to Berlin in the event of a further postponement in the submission of the peace terms.

A German wireless despatch received here this evening says: "If the delay continues at Versailles it is contemplated that Berliu will recall the German delegates, in which case they would only be sent to Versailles again when the Allied Governments are ready to negotiate." Arrangements have been made for some forty journalists to be present at the ceremony of handing the peace terms to the Germans at Versailles, Wednesday afternoon, according to Reuter's Paris correspondent.

Paris, May 5.—The time for handing over the peace treaty to the Germans was set today for 3.15 o'clock Wednesday afternoon.

German Credentials

The credentials of the German delegates to the Peace Conference are written on parchment and bear the signature of Franz Ebert, President of the German State, and that of Philipp Scheidemann, the Chancellor, together with the seal of the President, says an article in the Temps, giving details regarding the verification of those credentials. The credentials are bound in red satin and the document is enclosed in a case of watered silk, with a golden band.

The credentials of the delegates of all the Powers which took part in the war against Germany, adds, the Temps, were communicated to the Germans with the exception of those of Italy, whose representatives were absent, and Poland, which were delayed in transit. The credentials of MM. Pachitch, Trumbitch and Vesnitch were drafted in the name of the Serbian, Croatian and Slovenian State.

Versailles, May 5.—(By The Associated Press)—Premiers David Lloyd George and G. Clemenceau, and President Wilson visited the Trianon this afternoon to inspect the arrangements for the ceremony of handing over the peace treaty to the Germans. They expressed themselves as satisfied.

Premier Clemenceau will preside over the ceremonies Wednesday, and it is announced that the members of the Press will be admitted. There will be fifty-eight delegates from the Allied countries and six Germans present.

Orlando Returning.

Rome, May 5.—(By The Associated Press)—Premier Orlando and Foreign Minister Sonnino of Italy, started for Paris today.

Brussels, May 5.—Le Soir says the Crown Council shares the opinion that if the final peace treaty does not contain the necessary conditions for the speedy restoration of Belgium by financial means and assurances of diplomatic support for demands vital to Belgium's security, it will be the duty of the Government to recommend to Parliament that it reject the peace treaty.

Berlin, May 5.—(By The Associated Press)—A semi-official announcement today says the peace negotiations will be in no way affected by the departure of the German Ministers Landsberg and Giesberts from Versailles.

An announcement has been received that Herr Landsberg and Herr Giesbert have left Versailles, or that it was their intention to depart.

SABBATH VIOLATION.

London, Ont., May 5.—On Sunday the Hon. Frank B. Carvell, Dominion Minister of Public Works, inspected the harbor of Port Stanley, being accompanied by the London Council. Today the Presbyterian Ministerial Association passed a resolution condemning the incident as a violation of the Sabbath and appointed a committee to investigate the matter further.

VON JAGOW LETS CAT OUT OF BAG

IMAGINARY INVASION OF GERMANY PRETEXT FOR WAR ON FRANCE.

Paris, May 5.—(French Wireless Service)—The imaginary invasion of German territory by the French was the pretext for the declaration of war on France, says Gottlieb von Jagow, former German Foreign Minister, in a book which he has just published entitled "The universal war, its causes and beginning."

The alleged French incursions were reported to the German Staff by subordinate officers, von Jagow says, and the staff communicated the information to the Government without attempting to ascertain the facts.

The former Foreign Minister asserts that before the war he was convinced of the necessity of an accord with Great Britain and expresses regret that Germany unfavorably received offers of an alliance made in 1899.

When the Austro-Hungarian Ambassador in Berlin communicated to him the text of the ultimatum to Serbia, von Jagow says he thought the terms were too rigorous. He declares he expressed some astonishment that Berlin had not been informed earlier of the steps taken at Vienna.

Theodore Wolff, in the Tageblatt, commenting on von Jagow's version of the interview he had with the Austrian Ambassador concerning the ultimatum to Serbia, says that after reading it he is more at a loss than ever to understand why the proposal made by Sir Edward Grey to call a conference of ambassadors to examine the conditions to be enforced on Serbia was rejected so categorically by Germany.

BOTH CAPITAL AND LABOR ARE HEARD

WOMAN WANTS ALL PROPERTY ON EARTH PILED IN A HEAP.

Calgary, Alta., May 5.—Capital and labor represented in the persons of various Calgary volarities of those two institutions heaped suggestions for remedies of the present industrial labor discontent upon the heads of the members of the Royal Commission on Industrial Relations at the morning session Monday in the Council room of the City Hall.

The proposed remedies ranged from one by John J. Thomas, of Thomas, Jamieson & McKenzie, contractors, to introduce the competitive system among the employees themselves, coupled with a profit-sharing arrangement, to a proposal by Mrs. Jean McWilliams, to take all the property on earth, pile it in a heap and invite everyone to help himself.

Among those present were G. Sangster, chairman of the Strike Committee of the Metal Trades Workers, who informed the Commissioners that he was the person "who had hung the red lantern over his lathe," referred to by an employer at the Saturday session. The incident was a joke, he asserted, although Mr. Sangster proceeded to demonstrate to his satisfaction the utter futility of trying to reconcile employees and employers under the profit-making system. Production for use instead of profit, was being applied in one country—Russia. Members of the Commission, including Chief Justice Mathers, Senator Smeaton White, Charles Harrison, M.P., Carl Riordan and P. Pasze, J. W. Bruce and Tom Moore, labor representatives, listened quietly for the most part, asking a few questions of the witnesses now and then.

MANY TRAPPED IN CLEVELAND BLAZE

DISASTROUS MIDNIGHT FIRE IN BUSINESS AND APARTMENT BUILDING.

Columbus, Ohio, May 5.—Fire in a down-town business and apartment building at midnight tonight unquestionably has trapped many persons, police say. Men, women, and children jumped from upper floors into life nets. One baby was thrown from the third floor and caught in the arms of a youth aiding the firemen. All fire apparatus has been summoned.

Scores of women who jumped from upper apartments of the seven story building have been rushed to hospitals as seriously injured. Thirty minutes after the fire started police reported one known dead and estimated the trapped may run to twenty or thirty. A dozen small children and babies in arms were tossed out windows. Entire upper half of the building is a mass of flames and there is no way of knowing how many had their escape cut off.

Mrs. Charles Speakman, wife of a policeman was killed jumping from an upper floor, her husband was seriously injured and is in a hospital and her father is missing, police reports say.

Mrs. Robert Knight, 35, and a son, aged 4, may die from injuries from jumping from their apartment. Gillah Larson, aged 5 years, was reported killed. Eight seriously hurt had reached one hospital.

Between seventy five and one hundred persons lived in the building.

The Weather

Toronto, May 5.—Pressure changes are at present occurring with great rapidity. The low area which was over Ontario last evening, has passed to Newfoundland, while the high area which was over Northern Saskatchewan is now over the Great Lakes. The temperature has risen slightly in all the Provinces.

NEEDLE-PRICK CAUSED BLOOD POISONING

Miss S. A. Wernicke of Hilton, B.C., writes that she is convinced Zam-Buk saved her arm when blood-poisoning set in as a result of an injury. She says:

"I was sewing when the needle slipped and penetrated my finger to the bone. Soon my finger and then my hand began to swell, and became so stiff that I could not use it. I became anxious and tried remedy after remedy. As each one failed I tried another, but my hand only got worse and the poison spread right up my arm. Large lumps appeared, and the pain was awful. Then a friend recommended Zam-Buk and I lost no time in trying it. It wasn't long before the pain grew less and less, the lumps disappeared and then the swelling was reduced. Zam-Buk drew out all the poison and then healing commenced. I continued using Zam-Buk until I was completely cured, and am convinced that if it hadn't been for this wonderful balm I should have lost my arm."

No matter how small the injury, it should have immediate attention if you would avoid serious consequences. Apply Zam-Buk at once and you will have nothing to fear. Zam-Buk is equally good for burns, scalds, cuts, eczema, ulcers, rashes, boils, and piles. All dealers, 50c. box.

AT THE THEATRES

MARY MILES MINTER IS AT THE EMPIRE TODAY

The Mary Miles Minter play "THE INTRUSION OF ISABEL," scheduled for showing at the Empire yesterday, missed connections at Montreal and did not arrive until the evening. A June Caprice story was substituted until the arrival of the Mary Miles Minter picture later in the evening. This production presents the star in another of those delightful ingenue roles which so admirably suit the adorable little Mary. A Harold Lloyd comedy "RING UP THE CURTAIN," and the latest News Weekly complete the programme which will be shown again today and tomorrow. —Advt.

BLANCHE SWEET PLEASES IMMENSELY AT AUDITORIUM IN "THE UNPARDONABLE SIN"

Blanche Sweet, who had been away from the screen for many months, has a glorious come-back in "THE UNPARDONABLE SIN," the great picture that is being shown at the Auditorium today again and tomorrow. "THE UNPARDONABLE SIN" was presented yesterday to good sized audiences at the Auditorium and it pleased to the utmost. It is a wonderful picture, replete with heart interest, scenes that move and thrill. The bill comprises, with "THE UNPARDONABLE SIN," a very amusing comedy with Harold Lloyd in "RING UP THE CURTAIN."

ANITA STEWART DRAWS BIG CROWDS TO VICTORIA

Standing room only could be had shortly after the box office opened at the Victoria last evening for the sale of tickets for the Anita Stewart production "FROM HEADQUARTERS." This extremely powerful drama depicting the love affair of a young stenographer with her boss and its almost tragic termination. The story is a gripping one and the audience was held attentively from first to last. Charlie Chaplin is on the same bill in "THE BANK," and the tenth episode of the Houdini serial is also shown. —Advt.

OLYMPIA CHANGES HANDS GRAND REOPENING MONDAY EVERYTHING NEW, THE BEST

The Olympia Theatre will re-open on Monday next, May 12th, under an entirely new management, the Allen Theatre Enterprises, of Toronto, having taken control of this house that will hereafter be known as THE ALLEN.

Everything has been changed in the house, from carpets to roof. The house will be under the direction of a new staff, experienced and courteous and the very best in motion pictures will be presented there.

The place has been entirely renovated, re-decorated to fit it up as the snuggest little play house in Eastern Canada. THE ALLEN will be the home, in Quebec city, EXCLUSIVELY, of Paramount-Artcraft pictures at popular prices.

Visit the ALLEN next week to see for yourself what a change has been wrought in the appearance of the place and the excellence of picture productions Quebec will be availed of at this theatre. —Advt.

ANTHRACNOSE HURTS BEAN CROPS

DISEASE ATTACKS ALL PARTS AND CAUSES DARK SPOTS TO APPEAR.

Bean crops, more especially in Quebec and the Maritime Provinces and sometimes in Ontario as well, suffer through a disease called anthracnose, which attacks the stem, leaves, pods and seeds, causing dark spots, resulting in greatly decreasing yields and an inferior quality of crop. When infected seed has been planted and the weather is wet or cloudy the disease in the growing plant develops rapidly. Considerable proportions of the row are sometimes marked only by bare stocks or small sickly plants bearing a few faded leaves. The disease is carried over from year to year and propagated by a fungus that retains its vitality on the seed. Beans grown on poorly drained soil are more apt to be injured by this disease.

Pamphlet No. 26 of the Central Experimental Farm and available from the Publications Branch of the Department of Agriculture at Ottawa, states that disease-free seed can be most easily obtained by gathering sound pods from a field as nearly

disease-free as is available. These pods should be immersed in a solution of copper sulphate consisting of one pound dissolved in eighty gallons of water, or a solution of formalin one pint to thirty gallons of water, or corrosive sublimate one oz. to eight gallons of water. Other control measures are contained in this pamphlet.

FAMOUS PUBLISHERS.

The famous British publishing firm of John Murray was founded 150 years ago by a lieutenant of marines, who retired on half-pay when he was 23, and bought a book-selling business in Fleet Street, London. The firm still uses the symbol of a ship in full sail, with which the founder headed his invoices. Excepting for a short period the Murrays have always resided either at the firm premises or next door, and the head of the firm has always borne the Christian name of John.

If you care for health and sturdy vigor, you'll care for Grape-Nuts a superb wheat and barley food Delicious!

- 25 and 40 watts. Each... 37c
- 60 watts. Each... 45c
- 100 watts. Each... 90c
- Nitrogen Lamps, 60 watts, 60c; 75 watts, 75c; 100 watts, 95c; 200 watts, each... \$1.90
- Electric Globes of White Porcelain. Very specially priced at each... 10c

Sale of Statuettes

We announce a particularly attractive sale of statuettes of all kinds in our Chinaware Department.

Statuettes of Marble Dust, which are so cleverly moulded that they look almost like those carved from solid stone.

There are about 200 of them in all on the tables, comprising 30 different subjects, some as low as 25c. Ranging in price up to \$4.00

Every one is a special value.

Our Special Electric Fixture \$4.99

Let us show you our Special Ceiling Electric Fixture complete with 3 lights. A great value, at \$4.99

We have in stock a magnificent assortment of Electric Clusters, with two, three, four, five or six lights, also with domes. We have never shown such nice goods.

Great Bargains In Men's Wear

Our Men's Furnishings Department was in a state of seige all day yesterday following the announcement of three extraordinary bargains of Shirts, Underwear and Handkerchiefs. We went to an immense amount of trouble to clear these goods at these prices, which really amazed everyone, large as the quantities are. We don't expect these goods to be on the counters very long. So be wise and buy today.

- Pure Linen Handkerchiefs Initialed Only 29c**
 - Men's Good Gingham Shirts \$1.25 Values For 89c**
 - Men's \$2.00 Combinations For \$1.69**
- We bought a hundred dozens of Men's Pure Linen Handkerchiefs in Ireland two years ago, and we have only just received the goods. If we had bought them recently they would be worth at least 50c. Size 18x18 inches. Made of pure Irish Linen with nicely embroidered initial. Sale price each 29c
- A real snap in Men's Fancy Gingham Shirts with stiff cuffs, which would be extra good value at \$1.25. We will put 75 dozen of them on sale today at the extremely low price of 89c
- Another splendid bargain for Men is a line of superior quality Combinations in "Wooltex" mixture, a celebrated underwear fabric. These Combinations are all white with sleeves and long legs. Elastic ribbed knit. Would be a good value at \$2.00 per suit. On Sale today at \$1.69

Good Corn Brooms 44c

EXTRA SPECIAL—Good Four Cord Brooms, made entirely of goodcorn. To sell while the quantity lasts at only 44c

THE PAQUET COMPANY LIMITED

Retail Division 157-173 St. Joseph Street

CANADA IS TO HAVE OWN REPRESENTATIVE

WAR MISSION WILL REMAIN IN WASHINGTON UNTIL PERMANENT OFFICIAL NAMED—BORDEN NOW DISCUSSING THE QUESTION WITH IMPERIAL AUTHORITIES.

Ottawa, Ont., May 5.—Canada is to be permanently represented at Washington. The War Mission will remain, so Hon. Mr. Rowell, told the House tonight, until a permanent representative is appointed.

Earlier in the sitting, J. E. Armstrong of East Lambton, made a strong plea for joint control of ocean freight rates. Mr. Armstrong argued that unless some control of ocean rates were effected there would be serious interference with the development of Canada's overseas trade.

Ottawa, Ont., May 5.—In the House of Commons this afternoon Hon. Charles Murphy asked the Government whether instructions had been sent to the enumerator at a poll near Southampton, Ont., on the last election, to place the names of squaws from an Indian reserve near that place on the voters' lists.

In answer to a question by Sir Herbert Ames the Government stated that the 5,855 persons giving their vocation as farmers or stock raisers had been assessed under the Income War Tax in 1917. They were assessed for \$417,548.

Ottawa, Ont., May 5.—There must be some development of commercial aeronautics in the immediate future, said Hon. A. K. MacLean, who has charge of the bill.

The Air Board would have entire control of any commercial or Government services. Mr. Morphy asked if the Government intended to utilize the service on the Board of returned Canadian aviators.

point that it was doubtful if the Board would have jurisdiction over an air route lying entirely within one province. Mr. MacLean admitted there might be some doubt as to this, and there was a possibility of referring to the courts later.

Mr. MacKenzie suggested that the Government should enter upon a scheme of public ownership of cold storage plants in Canada. What was regarded, he said, as a great curse to the people of the country was private ownership of cold storage warehouses.

Mr. Crerar replied that dairy products of Europe had been depleted enormously, causing an increase in prices. He quite agreed with Mr. MacKenzie that if cold storage companies were cornering supplies of butter there should be some method of reaching them.

Mr. Frank Cahill asked the Minister for the names of the members of the Imperial Munitions Board.

Mr. Rowell: "Sir Joseph Flavell was Chairman."

Some Opposition Members: "Hear, hear."

Mr. Rowell: "My friends say 'hear, hear,' but when the history of the war is written and Canada's contribution is made up, no single man outside of the fighting troops will be found to have rendered more signal service than did the Chairman of the Imperial Munitions Board."

So successful were Canadian munition makers, said Mr. Rowell, that the American Government was glad to avail itself of opportunities to buy munitions in Canada.

WANT ALSACE-LORRAINE RETURNED TO FRANCE. Strasbourg, May 5.—(French Wireless Service.)—Representatives of the Democrat Party of Lower Alsace at a meeting here Sunday adopted a resolution expressing satisfaction of the definite return of Alsace and Lorraine to France.

RIVAL AVIATORS SEEK NEW SITE

HUNT FOR AERODROME IN A "FOUR WIND" FIELD.

St. Johns, Nfld., May 5.—Balked by continued adverse winds and weather, Harry Hawker and Captain Frederick P. Raynham the British aviators, seeking first honors for a trans-Atlantic flight, today joined forces in a hunt for a new aerodrome site which will show them to "hop off" with the wind in any quarter.

For two hours the rival pilots searched for a site with enough room for a "four wind" field, but their search was fruitless. They plan an aerial reconnaissance for a new site unless conditions suddenly become favorable for the trans-Atlantic "hop off".

As a means of relieving the physical strain to be met in the twenty hours or more of continuous flying required for the trans-Atlantic flight, Captain Raynham has equipped his machine with a rubber band attachment by which the controls are set. Raynham's navigator said that the plane could be kept headed in the desired direction with lateral and longitudinal stability reasonably assured by adjusting the rubber bands to the "joy stick" and rudder.

Hawker has installed two heating devices in his Sopwith hangar to keep the engine warm and in constant readiness for instant flight.

He announced that he has retained the two-bladed propeller tested a week ago.

American Ready. New York, May 5.—A score of aviators—youths in the twenties and early thirties, yet experts in flying, navigation and motor mechanics—were ready tonight for a start soon after daybreak tomorrow in their attempt to drive three giant hydro-airplanes, of the American Navy, across the Atlantic.

With favorable weather officially predicted, both in the vicinity of the home station at Rockaway Point, Long Island, and along the coast to Newfoundland, terminus of the journey's first "leg," the airmen expected to launch at least two and possibly all of the three planes scheduled to make the cruise.

The N. C. 1, whose starboard wings were destroyed early today in a fire which also slightly damaged the N. C. 4 was nearly fit for flight again. Darkness fell on a small army of mechanics who had worked on the craft for more than eighteen hours. The N. C. 4 had been completely restored by mid-afternoon.

There was a possibility that the N. C. 1 might be delayed in her "jump off" a few hours, or even a day or more, if necessity of unexpected adjustments of the new wings developed at the last moment, but the N. C. 3 and N. C. 4 were scheduled to take the air some time between dawn and 7 a. m.

Though saddened by the death of two of their comrades, Ensign Hugh J. Adams, and Chief Machinist's mate Harold Corey, in the plunge to earth of a naval scout plane the trans-oceanic crews showed no discouragement over the interference with their plans resulting from the fire. Repair work on the N. C. 1 was halted for a few minutes when the H. S. 1, a Adams' light craft took its fatal plunge in full sight of the groups around the N. C. hangars, but the officers in charge expected to continue operations through the night with the hope that the damaged craft could start with her mates for the New Foundland base.

Should this prove impossible, Commander John H. Towers, Chief of the Expedition, said the N. C. 1 would follow the other two craft to Trepassey arriving in ample time for the big "jump" to the Azores, scheduled for about the middle of May.

ASSOCIATED PRESS SUMMARY OF LATEST PEACE SITUATION

BELIEVES DIFFERENCES OVER ITALIAN CLAIMS MAY YET BE SETTLED.

New York, N. Y., May 5.—The Associated Press tonight issues the following: The peace treaty formulated by the Allied and Associated Powers is to be handed to the German delegates at Versailles Wednesday afternoon.

Definite announcement of the time when the Germans are to be made cognizant of the price that once Imperialist Germany must pay for having instigated the world war at last has been made.

With peace measurably near by reason of this fact, there now also seems to be good for the belief that the differences between Great Britain, France and the United States and Italy over Italy's claim regarding Fiume and the Dalmatian coast may yet be settled with full accord.

Signor Orlando, the Italian Premier, and his Foreign Minister, Baron Sonnino, are returning to Paris from Rome, where they have been since they left the Peace Conference more than a week ago, owing to inability to obtain what Italy considered concessions which would satisfy Italian ambitions.

With the Italian question settled, almost complete unanimity of sentiment would prevail in the Peace Conference. The obstacle represented by the protest of the Belgians has been surmounted by the Belgian Crown Council having decided unanimously to sign the treaty, it having been pointed out by the head of the Belgian Delegation that the document gave honorable and satisfactory terms to Belgium.

China's protest against the award of Kiao-Chau to Japan and a number of smaller items are yet under discussion. The Council of Three sat Monday afternoon in an endeavor to settle the minor ones.

A plenary session of the Peace Conference is to be held Tuesday afternoon at which the peace treaty is to be presented to the smaller powers.

CANADIAN WHEAT FOR THE STATES

U. S. GRAIN CORPORATION HAS ARRANGED FOR "MODERATE IMPORTATION."

Minneapolis, Minn., May 5.—Julius H. Barnes, head of the United States Grain Corporation, who is holding conferences with millers here today, announced that the corporation has arranged for a moderate importation of wheat from Canada.

Mr. Barnes stated that the details would be announced shortly and added that the Corporation "does not want to bring in an amount of wheat that would endanger the balance in the United States."

Mr. Barnes stated that a moderate downward revision in prices of foodstuffs is anticipated and added that sufficient wheat is available to keep the price of flour from soaring above \$12 a barrel. He added, however, that no radical price revision can be expected until the American export demands are greatly reduced.

President Julius H. Barnes, of the United States Grain Corporation announced today that reports that the corporation had purchased 25,000 bushels of wheat from Canada were untrue, but he reiterated the declaration which he made earlier today, that arrangements had been made for the purchase of a "moderate amount" of wheat from the Dominion. He declined, at this time, to issue a detailed statement regarding the prospective purchases.

HOUSEHOLD NECESSITY

Gillett's Lye has long been regarded as a household necessity because of the fact that it is useful in so many ways, and so satisfactory in every respect that no woman feels that she can keep house without it. Makes the finest kind of soap for washing and cleansing. One can of Gillett's Lye will make ten pounds of good soap in twenty minutes. Many of its uses are shown in booklet under the label.

"GILLETT'S LYE EATS DIRT" Made in Canada.

G. W. V. A. HOLD SMOKING CONCERT

ATTENDANCE NOT SO GOOD, OTHERWISE FUNCTION WAS VERY SUCCESSFUL.

The Smoking Concert given in the Classic Theatre last evening by the Great War Veterans' Association, was not so successful so far as the attendance was concerned as it might have been, but in respect to the programme was all that could be desired.

Besides the usual vocal selections, the programme included several moving pictures, one of which was Charlie Chaplin in "The Vagabond," which created roars of laughter.

Amongst those taking part in the programme were Mr. Raoul Dionne, who rendered two excellent numbers. The Double Quartette also figured on the programme, as well as Mr. A. J. Carpenter. All their vocal numbers were greeted with loud applause on the part of the audience.

Short addresses were delivered by Lieut. J. D. Sharman and Canon Scott. The former spoke on the provisions made by the Government for the returned soldier; he also dwelt on the work which the G.W.V.A. was doing and illustrated the work which the Soldiers' Re-Establishment was carrying on for the benefit of returned soldiers.

Canon Scott, in the course of his address, said he felt keenly for those who had given up their lives in defence of their country, and Canada was greatly indebted to those who fell as well as those who came back, for what they had done. Many people in Canada did not realize what has been done for them by the men who went overseas, and in this respect he instanced the cases of the Canadian soldiers who had lost their eyesight in the war and were now undergoing training in St. Dunstan's Hospital for the Blind.

SEVERAL IMPLICATED. Officers Defendants in Murder of Liebknecht and Rosa Luxemburg.

Berne, Switzerland, May 5.—(French Wireless Service.)—Despatches announcing that the trial of the alleged murderers of Dr. Karl Liebknecht and Rosa Luxemburg, killed during last winter's Spartacan outbreak in Berlin would begin on May 8 in the German capital, show that beside the soldier named Range, whose arrest was announced recently, seven officers are also listed as defendants. Range is accused of striking both Dr. Liebknecht and Rosa Luxemburg. Captain Heitz von Pfing-Harung, and Lieutenants Sting, von Riepper, Schütz and Leipmann, are accused of striking Dr. Liebknecht while Lieutenant von Vogel is charged with striking Rosa Luxemburg. Captain Wailler is accused of taking part in the murder of the latter.

General von Hoffman will preside over the tribunal before which fifty three witnesses have been called to testify.

ALBERTA'S SPEAKER BEYOND RECOVERY. Edmonton, Alta., May 5.—Speaker Charles W. Fisher is reported very low. A consultation by doctors was held last night and no hope for his recovery is held out this morning.

SIBERIAN FORCES ARE REPATRIATED

MONT EAGLE REACHED VICTORIA YESTERDAY FROM VLADIVOSTOCK.

Victoria, B. C., May 5.—With the first complete unit of the Canadian Siberian Expeditionary Forces aboard repatriated from Vladivostok, the C.P.O.S. liner Mont Eagle reached this port this afternoon. She brought across the Pacific 56 officers and 1,006 men of other ranks. In addition to her military complement, the liner carried 36 passengers in the saloon.

About noon time the Mont Eagle arrived at William Head and owing to a case of scarlet fever on board, the ship was detained longer than usual by the Quarantine officers. The entire military force on board will go to Vancouver where the Canadian Siberian dispersal headquarters are located, arriving there sometime tonight.

It has already been announced that the detachment which returned to Canada today will be followed by

CAPUCHIN FATHERS COMING FROM WAR

DEMobilized PRIESTS OF LIMOULOU PARISH EXPECTED HOME SOON.

The parishioners of Limoulou are eagerly awaiting the return from the battlefields of France of Rev. Fathers Marie-Louis and Gregoire, Capuchin Fathers who responded to the call of the French Army at the outbreak of the war.

Six of the Fathers of the Capuchin Monastery at Limoulou hastened to the colors in 1914, and three of them, Rev. Fathers Albert, Edouard and Justinien are now sleeping their last sleep on the field of battle where they fell, while a fourth is dying in a French hospital.

Fathers Marie-Louis and Gregoire, who are expected shortly, have both been wounded twice. It is said that the people of Limoulou Parish are preparing a reception for them.

two others on the Empress of Japan and the Empress of Russia.

Smart Hats and Caps For Immediate Wear. Both the Old World and the New have given us their best in Mens' Headwear. As every well dressed Man knows, the Hard Hat is the thing just now. They won't wear anything else in New York—and we have found that the Men in Quebec are quick to buy the new thing, hence we have provided a mighty satisfying choice of Mallory Hats, Scott Hats, Christy Hats, Stetson Hats. QUEBEC, MAY 6th, 1919

THE TRANSATLANTIC FLIGHT

For the past two or three weeks, the eyes of the world have been turned each day in anticipation towards Newfoundland in anticipation, only to meet with a regular disappointment on learning that, first for one reason and then for another, the two waiting aviators have been obliged to defer their attempt to achieve the first aerial crossing between the Old World and the New; indeed were it not for the fresh interest created by the arrival of new contestants, the affair must by this time have reached the point of anticlimax.

For what conditions, many people are asking themselves, are Hawker and Raynham waiting? When there are no cross winds or fogs inshore, storms arise in mid-ocean and it seems hardly possible in a flight of such length that ideal weather can reasonably be expected throughout. After hearing of so many daring—reckless even—feats over the battle front one is at a loss to account for the display of so much caution but it must be remembered that risks which may be justifiable in war become fool-hardiness when only peaceful objects are at stake. It must be remembered also that the essential in the present instance is success: only the one chance is open to these pioneers and no effort however courageous, will compensate for failure; accordingly when Hawker and Raynham start they must be reasonably sure that they will be able to reach their destination and the old saying: "more haste less speed" cannot be entirely ignored.

It is clear of course that the science of aviation must still make considerable progress before transatlantic flight can become a commercial possibility but, apart from this, the contest affords an interesting contrast between British and American methods.

The former indulge in any sport for the love of it and consider that too laborious training is not quite the thing: the latter bend every effort to win, making a deliberate business of training to that end. Thus Hawker and Raynham started on their enterprise with little more than their machines and ability to fly them, while the entries of the United States navy have had their programme carefully mapped out for them from start to finish.

Naturally one must be qualified as an expert to speak with authority in technical matters of this kind but, to the layman's eye, a first mistake seems to have been the selection of land machines to fly over vast expanses of ocean under experimental conditions. As we have pointed out, once Hawker or Raynham starts he must keep on going until he reaches land or he is out of the race. The Americans with their seaplanes, however, may descend in mid-ocean if necessary and provided that the weather is not too tempestuous, make any adjustments desired and resume their flight. Again, any accident means almost certain death to the British flyers because they will be unattended but a chain of ships is being strung out by the United States Government to co-operate with its representatives and to reduce the danger of their attempt to a minimum. Finally the British flyers have staked all on a direct course that affords no intermediate landing stage while the Americans have chosen a route that, although more circuitous, permits of shorter continuous flight.

If they reach their goal the glory of the British will be the greater because they have chosen the most "sporting" way but the American plan, if safer, also seems to be more sure and in spite of the fact that they have been the last to enter it is by no means certain that these last will not snatch the honor of the first transatlantic flight from their less methodical competitors.

PROGRESS TOWARDS PEACE

While stubborn progress towards peace is being made the way is not yet by any means clear sailing: the Italian delegates are returning to Paris which means either that they have gained their point or have modified their claims. In the first case the Peace Conference will have suffered loss in prestige and soreness will have been engendered among the Jugoslavians; in the second case there is reason to fear that there has been more a change of policy than a change of heart and that resentment will rankle in Italian minds.

To the disappointment of Belgium over the selection of Geneva rather than Brussels as the seat of the League of Nations has been added a sense of dissatisfaction that in spite of all her martyrdom, practically every territorial claim has been disallowed, and King Albert has been petitioned not to sign the Peace Treaty as a mark of protest. To Japan's humiliation at the refusal of the Conference to recognize the principle of racial equality has been added the chagrin of China over the disposition of Kiao-Chau and the Shantung Peninsula.

The Czechs, Serbs and Rumanians are over-running Hungary and it may prove difficult to restrain their ambitions while Russia and the Ukraine have concluded an alliance against Rumania that may necessitate further Allied intervention to terminate hostilities. Finally Germany has already indicated her intention to argue several points of the terms of peace as well as to make counter-proposals concerning others. The situation is therefore that, as fast as the flame of discord can be quenched in one quarter, it breaks out in other and the world cannot breathe freely until peace is an actual fact. In any case it is improbable that the treaty and covenant as they now stand can prove permanent: they may afford a respite in which to further perfect them but there

is too much room for controversy to give any positive assurance of the desired result and the real international covenant is still to seek.

"SQUARE PEGS"

The cessation of hostilities found the Mother Country with some 400,000 officers, the vast majority of whom were drawn from civil life, and desired to return to civil employment. Many of them have posts awaiting them on demobilisation, but there are many others who, for a variety of reasons, have no definite employment to return to on their release from the Army. The Appointments Department of the Ministry of Labour, London, was therefore constituted for the purpose of facilitating the resettlement in civil life of officers, and of men of similar educational qualifications, and its aim is to place the candidate for employment in touch with the employer having a suitable post to offer; in other words, to fit square pegs into square holes.

The officer class was composed of men drawn from every type of business and profession, including a number who returned to England from overseas to join the Army and wish to go abroad again. There are among them many who have been engaged in the various branches of railway and transportation work, and these officers, as they are demobilised are anxious to return to the professions for which their training and experience has qualified them. Every officer who desires employment on release from the Army notifies the Appointments Department of his qualifications and desires, and weekly classified lists of those immediately available for employment are issued by the District Office. Any Employer, on application, can at once be put in touch with a candidate on the list who seems likely to meet his requirements.

It will be seen that a simple machinery has been devised by which employers are aided in finding the most suitable candidate for employment, and at the same time the replacement in civil life of a class essential for the restarting of industry on normal lines can be effectively carried out. It is hoped, therefore, that all employers in Canada having suitable posts to offer, particularly in connection with railway and transportation work, will avail themselves of the facilities which have been placed at their disposal, for it is only by a systematic co-ordination of effort that the needs of industry can be met with the minimum of friction and waste.

PRESS COMMENT

WORKERS AND WAGE-EARNERS

Woodstock Sentinel-Review

A Toronto judge has decided that an architect is actually a wage-earner and as such is entitled to put a lien on a building for unpaid wages, under the Mechanics and Wage-earners' Lien Act. The judge holds that an architect actually does work on a building, "just as if he had carried a hod."

That judge has rendered a necessary service. There is a tendency to restrict the meaning of such words as "wage-earner," "laborer," "worker." It would not matter very much, perhaps, under ordinary conditions; but with the rise and spread of Bolshevism and the talk of the proletariat this restriction becomes something more than a harmless conventionality.

In a country like Canada most people are workers and wage-earners. Every kind of work that is useful should be regarded as honorable. Both the architect and the hod-carrier render necessary service in the erection of a building. Neither one is entitled to monopolize the name of laborer or wage-earner. Modern industry depends upon the co-operation of many kinds of labor.

ITALY ASKED BACK

Montreal Gazette

Mr. Lloyd George and M. Clemenceau, it is reported, have wired Premier Orlando of Italy to come back to Paris and get things fixed up. Possibly the Italian representative will answer the call. He may make himself strong at home by his protest; but it is not clear that his continuing it will add to the chances of Italy getting Fiume. Also, in an unselfish way, his presence at the Peace Conference would add something to its sufficiency as a world arbiter. There were some twenty powers represented at the first formal meeting. In a little while there were five doing the business. Then Japan was frozen out, and Italy walked out; and there were left but three. The three are big, each in its way, and have a right to say most as to what the settlement will be. The more willing sanctions there are to the final document, however, the stronger will be the moral force it will command, and the weaker the protests that may be made against its provisions.

WARRIOR-HARD

Toronto Times

He was only a boy when he went to fight,
And gay as the dancing Easter sun,
But many a grim, barbaric sight
Stabbed at his eyes in a four-year's night
Till the roar of the war was done.

And now, with his callous hand in mine
And another smile on his warrior face,
I, even I, can never divine
The thoughts which bring his lips to a line
And harden their former grace.

My boy is a man—but love is wise
And love will seek out a gentle way
To bring new light to his weary eyes
Where the ravaging woe of Flanders lies,
And teach him to live, and play.

CORPORATION OF QUEBEC
CITY ENGINEER'S OFFICE
TENDERS FOR ARCHES
CITY HALL
Quebec, May 3rd 1919

PUBLIC NOTICE is hereby given that sealed tenders, endorsed Tender for Arches and addressed to the undersigned will be received up to Wednesday, May 7, 1919, at 4 p.m. for the construction of two arches; for the reception to be tendered the 22nd Batt. C. E. F. by this City. The whole according to specifications and plans prepared by the City Architect.

Tenders must be made on the printed blank forms, and endorsed in the printed envelopes which will be furnished to intending contractors, on application for the same at the City Engineer's office and the Public Works Committee will not entertain any tender that is not made on the said blank form and enclosed in the said envelopes.

Tenders must be endorsed on the outside of the envelopes, with a certificate from the City Treasurer of the necessary deposit as security for the contract.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract. Each tenderer shall deposit in the hands of the City Treasurer the sum of \$50.00 per arch for which he will tender; to be confiscated by any one refusing to execute the works.

The Corporation does not bind itself to accept the lowest or even any of the tenders.

IN AND ABOUT TOWN

MIDNIGHT ROBBERY IN JEWELLRY STORE

THE ESTABLISHMENT OF P. F. BOWEN & CO. AT PALAIS WAS BURGLARIZED.

A daring burglary was committed early Saturday morning at the Palais when the jewellery store of P. F. Bowen & Company was broken into and a number of gold rings and watches stolen.

The robbery was committed a few minutes after midnight, and Mr. Bowen, who resides over the store, had only been in bed a short while when he was aroused by the noise of breaking glass. He dressed partially and rushed down to find the plate glass window broken and some of the contents of the window gone.

He called for the police and attracted the attention of a policeman some distance away, who hastened to the scene. With a flash light the police found one of the watches on Bath street and later in the morning they picked up one of the plush-covered trays on St. Valier street near the steps leading to Palace Hill.

Mr. Bowen states that one dozen of gold rings, worth \$10 each, and 17 watches varying in value between \$15 and \$25 were taken by the burglars.

This is the fourth time within the past year that Mr. Bowen's store has been burglarized.

The police are working on the case.

STREET GAR HITS EXPRESS WAGON

ACCIDENT ON ST. PAUL STREET LAST NIGHT — THE DRIVER IN HOSPITAL.

One of the wagons of the Dominion Express Company was struck by a street car on St. Paul street shortly after eleven o'clock last night and as a result the express driver, George Roy, had to be removed to the hospital suffering from injuries about the head.

The car, which was a large double-truck conveyance bearing No. 551, was in charge of Conductor Paradis and Motorman Therrien, and struck the express wagon opposite the Terreau & Racine building. The impact threw the driver from his seat and in his fall he was stunned and injured about the head. He was carried into a house awaiting the arrival of the ambulance, and in the meantime a crowd gathered and assisted in picking up the parcels which had been strewn about when the vehicles collided.

When the officials of the Express Company came to take charge of the vehicle and goods they found that four or five pieces had been stolen. The pole of the express was broken, the harness damaged and the horses badly shaken up.

PROTESTANT BOARD OF SCHOOL COMMISSIONERS

The regular monthly meeting of the Protestant Board of School Commissioners which was to have taken place last night, has been postponed to a later date.

SEAMEN'S INSTITUTE OPENED FOR SEASON.

The Quebec Seamen's Institute opened its rooms for the season on Monday night. A large number of sailors visited the building in course of the evening. There is a scarcity of reading material and gramophone records. If any of the Chronicle readers have any of these to spare, please send them to 115 St. Ann street, or telephone 4236.

SAILORS MIX-UP IN OLD-FASHIONED WAY

The policemen from No. 10 Station were called out last night to interfere in an altercation between a number of sailors on St. Paul street. There was a lively bout in progress when the police arrived, and one of the Jack Tars, in spite of the chilly atmosphere, was stripped to the waist and prepared to swap wallops with anyone who came along. The police and the brass buttons, however, did not appeal to him and with due respect for constituted authority he agreed to accompany the constables to the station.

ANOTHER LARGE SEIZURE OF VEAL

HEALTH AUTHORITIES EXPECT TO CONFISCATE SOME 40,000 POUNDS TODAY.

Dr. C. R. Paquin, Chief City Medical Officer, has another big seizure of bad veal on hand, and expects his officers to swoop down upon some 40,000 pounds today.

The Doctor refused to disclose the whereabouts of this bad meat, fearing that it might hinder the work of his inspectors, who are planning the seizure for this morning.

As regards the prosecutions, he said that the list of those who had been found with bad veal in their possession, had been turned over to the Provincial Board of Health.

Dr. Paquin said he was wondering if the health authorities in Ontario were taking the same precautions to deal with the illicit trafficking in veal as the health authorities are taking here. He has written to the health authorities of the sister province, so as to make sure that none of this unfit meat will be brought here from points outside of the province.

Dr. Paquin urges the citizens to clean up their yards and cellars, and points out that those who fail to do so expose themselves to prosecution by the health authorities.

He said that his department had taken action against three milkmen for unclean milk, against three proprietors for unsanitary dwellings and against one confectioner for filthy premises.

POWERFUL PICTURE AT THE AUDITORIUM

"THE UNPARDONABLE SIN," WITH BLANCHE SWEET, IS GREAT DRAMA.

One of the most interesting pictures ever shown in the Ancient Capitol was viewed by capacity houses at the Auditorium yesterday. From beginning to end, this screen masterpiece, which is in eight parts, holds the attention of everyone.

The scene opens in the Western States, where a young doctor hears the call to go and help the Belgians. He joins the Committee of Relief for Belgium, and crosses the ocean to Holland, from whence he gets into Belgium.

Miss Blanche Sweet acts wonderfully well in this picture and plays a dual role, that of Dorothy Parcot, who was in Belgium when the war broke out, and also that of Dinny Parcot her sister, who goes over to Belgium, the wife of the young doctor.

There are several scenes of Hun Kultur, and the inhuman way in which they treated the Belgian women and children brings tears to the eyes.

A touch of humor is furnished by the "Kansas Cyclone," who is a young American boy, whose mother was shot by the Huns.

The efforts of Dinny Parcot to find her mother and sister in Belgium lead her through nearly all of that country, and she goes through a number of adventures, finally returning home to the States safe and sound, accompanied by her mother.

Miss Sweet is supported by a very strong cast. The picture ought to set a new attendance record for the Auditorium.

When Postum is used instead of tea or coffee there's an all around satisfaction in health and pleasure for everyone at table.

You do not have to stop at one cupful for fear of any harm, and children can drink it as safely as milk, for

POSTUM

is healthful, delightful and economical.

"There's a Reason"

FOR THE RECEPTION TO 22ND BATTALION

MR. A. JOLY DE LOTBINIERE SENDS SUBSCRIPTION OF \$100 TO CHRONICLE.

Writing from the Hermitage, Alandale, P.Q. Mr. A. Joly de Lotbiniere, sends a subscription of \$100.00 to the fund being raised to tender a reception to the 22nd French-Canadian Battalion expected to land at Quebec during the present month.

The Chronicle is pleased to acknowledge this subscription and will do likewise for any others which citizens desire to send in.

Mr. Joly de Lotbiniere's letter accompanying his subscription, is as follows:

The Hermitage, Alandale, P.Q. May 5th, 1919. To Editor of The Chronicle, Quebec, P.Q.

Dear Sir,—Having been informed that you are raising a suitable sum for the reception of the 22nd Canadian Expeditionary Battalion, I have much pleasure in enclosing my cheque for \$100.00 towards this very worthy object.

Yours truly, A. JOLY de LOTBINIERE.

PAUL DUFALT PLEASED AUDIENCE

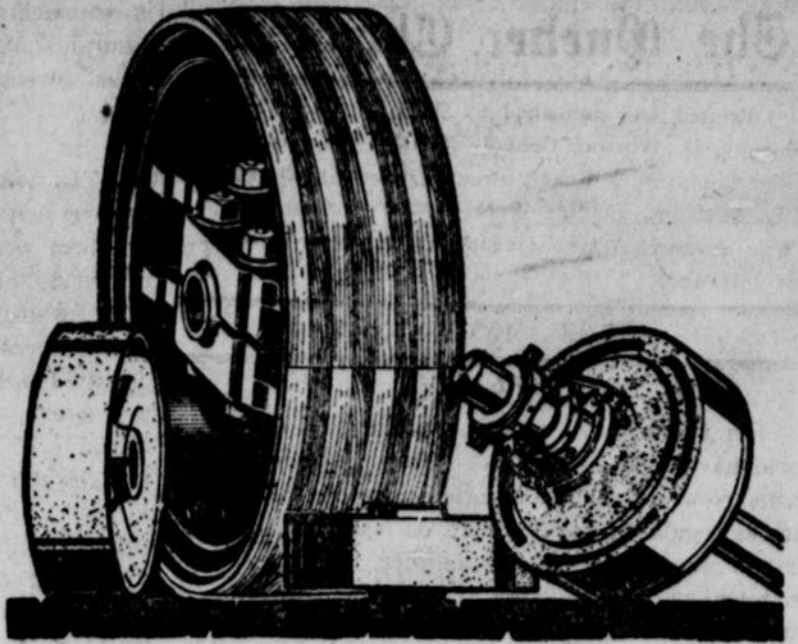

EXCELLENT PERFORMANCE GIVEN LAST EVENING BY POPULAR TENOR.

There was a good attendance at the concert given by Paul Dufault in the Columbus Hall last evening, under the direction of Messrs. Laberge and Michaud. The audience showed its pleasure at the admirable programme provided by encoring each number, which must have been gratifying to the well-known and popular tenor, who was in excellent voice.

The concert opened with Papini's "Caro Mio Ben," followed by "Champs Paternels" by Mehl, the latter being particularly well rendered by Mr. Dufault, who in reply to an encore sang "A Des Oiseaux," for which he was also greeted with applause. Another pleasing number was "L'Etrole" by Saint-Saens, and to an insistent demand for an encore he sang "Les Enfants Des Noel." In his English numbers Mr. Dufault was very successful. His rendition of "Thank God For You" was a particularly fine effort, and in response to the enthusiastic applause received, he sang "Audacity." In his final number, "Debout les Morts" by Belloc, was by far the best of his four selections. Throughout his repertoire Mr. Dufault maintained his reputation as a pleasing tenor, and although his voice is not very large, his diction is perfect and as a concert singer he is very successful.

Mr. Emile Tarants proved himself a skillful violinist, and charmed the audience with his several selections, particularly on his third appearance, when he rendered Mozart's "Menuet" and Sarasate's "Danse Hongroise," for which he received a well-deserved encore.

The accompanist was Mrs. Joseph Saucier, who gave every satisfaction, and deserves congratulations for her performance.

Finishing Touches

A mind may be brilliant, but if the personality is not pleasing it may never gain an opportunity to display itself.

And, what is true of the individual, is true of the material.

That is why we insist upon every product that leaves our factory being not only efficient in the things that are not seen, but in being perfect to the eye.

For this reason, we stimulate pride of craftsmanship right through our organization.

What's the result? First, men stay with us. Sec-

ond, they attract other good men to us. Third, they can earn better wages with us than they can anywhere else. Fourth, they enable us to maintain unequalled standards of production. Fifth, they are contented, yet progressive.

We tell you these things, because we want you to know the kind of an organization you are dealing with when you buy Dodge Transmission Equipment.

Call on our local stocker for service. He will phone or wire us any order he cannot fill from stock.

MICKEY IS COMING

WILLARD AND DEMPSEY WILL FIGHT TWELVE ROUNDS IN TOLEDO ON JULY FOURTH

TEX RICKARD HAS ANNOUNCED THAT HE HAS CHOSEN OHIO TOWN TO BE SCENE OF CHAMPIONSHIP BATTLE—GOVERNOR OF STATE WILL NOT INTERFERE.

New York, N. Y., May 5.—The Jess Willard-Jack Dempsey heavyweight championship fight will be staged at Toledo, Ohio, on the afternoon of Friday, July 4.

The pugilists will enter the ring at 3 P. M., and will box twelve rounds unless a knock-out terminates the contest earlier in the clash.

Willard and Dempsey will be paid for their services, Mr. Rickard explained, and will not fight for a purse which is against the laws of Ohio.

Under the Ohio laws, the mayor of Toledo is permitted to grant consent. Under decision of the court one is privileged to employ boxers and give exhibitions when a purse is not fought for.

An octagon shaped arena to accommodate between fifty and sixty thousand spectators will be erected at a point convenient to the city.

Will Not Interfere.

Columbus, O., May 5.—Governor Cox tonight declined to comment on the proposal to hold the Willard-Dempsey fight July 4th, at Toledo.

The law permits boxing exhibitions for which the mayor, if in a municipality or the sheriff, if outside, grants permits; if the matches are given under the auspices of a chartered athletic association and if no purse is offered to the winner.

It is said that in the Willard-Dempsey contest no purse is to be offered but that each contestant is to receive a definite amount of Liberty bonds.

Governor Cox today received a telegram from J. Drexell Biddle, of the Board of Boxing Commissioners of the Army and Navy, urging that the Willard-Dempsey bout be permitted in the interests of clean sport.

Cincinnati, O., May 5.—Jos. Nolan, sporting editor of the Cincinnati Enquirer, was notified by Tex Rickard tonight that he had been appointed official timekeeper for the Willard-Dempsey bout, to be held at Toledo on July 4.

Reports that the Willard-Dempsey boxing bout might be held in Toledo, caused the Cincinnati Methodist Ministers' Association this afternoon to pass resolutions of protest against the holding of the affair in Ohio or in any other State.

The resolutions will be sent to a Ministers' Association in every county in Ohio, it was announced.

YALE BEAT PRINCETON

Derby, Conn., May 4.—The Yale Varsity crew defeated Princeton by one length this afternoon in a dual regatta on the Housatonic River over a two miles course.

In the freshmen race the Tigers won from Yale by a quarter of a length. Time Princeton 10:34; Yale 10:35.

CANNEFAX WON TITLE

New York, N. Y., May 4.—Robert Cannefax, of New York, won the three-cushion billiard title from Alfred De Oro, 150 to 141 although he lost the final block of the match which lasted until after midnight this morning.

EASTERN LEAGUE STARTS NEXT WEEK

Springfield, Mass., May 4.—Directors of the Eastern League at a meeting here today decided to start the season on May 14, with the following games:

Springfield at Pittsfield; Hartford at Worcester; New Haven at Bridgeport; and Waterbury at Providence.

SCHEDULE FOR CITY LEAGUE BASEBALL

SEASON OPENS ON SUNDAY NEXT AND CLOSSES ON SEPTEMBER THE 14TH.

The schedule for the Quebec City Baseball League has been compiled by President Johnny Bruneau, and shows that the local season opens on Sunday next, with Tipperary playing St. Patricks, and Standards meeting the C. B. team.

The schedule is as follows: May 11—Tipperary vs. St. Pats, Standard vs. C. B. May 18—C. B. vs. Napoleon, St. Pats vs. Standards.

May 25—Napoleon vs. Standards, Tipperary vs. C. B. May 29—C. B. vs. St. Pats, Napoleons vs. Tipperary.

June 1—Standards vs. Tipperary, St. Pats vs. Napoleon. June 8—C. B. vs. Standards, St. Pats vs. Tipperary. June 22—Standards vs. St. Pats, Napoleon vs. C. B.

SENATORS TOOK FOUR FROM STARS

MANHATTAN AND CELTICS EACH WON FOUR OLYMPIA TOOK ALL FIVE.

In the Section 3 games last night, Olympia took all five strings from Arcadians, while Manhattan won four from Pastimes, and Celtics took four from C. P. R. Senators dropped the first string to Stars, and then won the rest.

VALGER GOT DECISION

Cleveland, O., May 5.—Benny Valger, of New York, was awarded the newspaper decision over Artie Root, of Cleveland, in a ten-round boxing bout here tonight.

NEW ZEALAND ALARMED

Wellington, N. Y., May 5.—(Reuter's)—Sir J. Allen, Acting-premier, declared that he viewed developments in the Pacific with some alarm. It was difficult to discover why Japan wanted the Marshall Islands, unless she wished to dominate the Pacific. It was impossible to indicate New Zealand's naval policy until they received Admiral Jellicoe's advice. It would be insufficient, however for New Zealand to pay a yearly subsidiary subsidy. She must train men for the British navy.

NEW CARRIAGE ROAD FROM QUEBEC TO LAKE ST. JOHN

MR. T. L. BERGERON, OF ROB-
BERVAL, SPEAKS TO QUEBEC
CITIZENS ON PROSPECTS FOR
CONSTRUCTING ONE.

A special general meeting of the Quebec Board of Trade was held last night for the purpose of hearing Mr. Thomas L. Bergeron, advocate, of Roberval, and President of the Saguenay Board of Trade, give his personal impressions and the project now occupying the attention of the inhabitants of the Lake St. John district, and of many leading business men of this city, that of building a carriage road between Quebec and the Lake St. John region which would be fifty miles shorter than the present railroad and more profitable in every way for the municipalities concerned. In the absence of the President of the local Board, Mr. J. T. Ross, the chair was occupied by the First Vice-President, Mr. P. J. Cote, who introduced Mr. Bergeron to the large number of citizens and members of the Board of Trade present.

Mr. Bergeron in his opening remarks said that the main thing for the citizens of Quebec, and of the Lake St. John region to remember at present is the opening of the road, for once the project is looked with favor upon by the Provincial Government, the plans, the route it will follow, the cost of construction and all other details can be arranged satisfactorily later. He said that when the present line of railroad was inaugurated nearly half a century ago, between Quebec and Lake St. John, there were only eight families in the latter district but at present there is a population of 35,000. Should a new carriage road be opened up between these two points, Mr. Bergeron said that the population would increase in leaps and bounds as the increase from 8 to 33,000 population was due entirely to the opening up of the Quebec & Lake St. John Railroad. This road, he said, is carrying on an extensive business between Quebec and the Lake district in imports and exports and a still greater trade would be created by opening up the proposed carriage road which would cover a direct route of 150 miles and 30 feet wide compared to the 170 miles covered by the railroad to reach the same given points.

The new road would not only benefit Quebec and the Lake St. John region, but the whole province, said Mr. Bergeron as much of the inexhaustible resources of the north have yet to be exploited besides the cultivation of 500,000 acres of land instead of only 300,000 acres as at present, all of which would be undertaken in a very short time through the construction of a carriage road. This road could be utilized extensively for traffic by motor trucks and later on could be electrified if found necessary. Besides being profitable as regards transportation of merchandise on it, it would be the most picturesque in the province if not in Canada. Mr. Bergeron stated, as it would pass through the National Park thus making it most attractive to tourists.

Speaking of the tourist traffic, Mr. Bergeron asked if it is profitable to a community and in response, he referred to Switzerland where millions of dollars are left annually by tourists. Quebec and the Lake St. John region could reap a large amount also through the tourist traffic, he said, with the completion of the highway and the development of the Lake region itself in a few years would amply repay the Provincial Government for the amount expended on its construction. Other roads would be built later on and eventually, he stated, a winter ocean port would be opened somewhere in the district. In conclusion, Mr. Bergeron said that now is the time for all to join hands and think of only one thing, the opening up of the highway.

In response to several questions the speaker of the evening stated that many of the inhabitants of the Lake district are sending their products to Montreal in preference to Quebec because of better railroad facilities but with the opening up of the new highway, a great deal of these products will be sent to Quebec markets instead, and it may also compel the opening up of a new direct railroad between Quebec and the Lake St. John.

Mr. Eug. Julien, who, by the way, was the first to launch the project, asked if the Saguenay Board of Trade has interested itself in the matter to which Mr. Bergeron replied that on April 28th, his Board met and passed unanimously, a resolution favoring the project and the members are exceedingly anxious that the Quebec Board of Trade take the matter up also.

Before the close of the meeting, the following resolution was unanimously passed:

Moved by Eug. Julien, seconded by Chas. Noreau, and resolved:

That the members of the Quebec Board of Trade attending this special general meeting, deeply impressed by the high importance for their City of the project of a carriage highway between Quebec, the Lake St. John

OTTAWA CLUB HOLDS LITERARY CONTEST

PRIZES OFFERED TO ENCOUR-
AGE CANADIAN LITERARY
EXPRESSION.

Ottawa, Ont., May 5—The Arts and Letters Club of Ottawa, with a view to encouraging Canadian literary expression, announce a literary competition in three classes for the following prizes, which may be added to by the Club, and honorable mention will be given any contribution of special merit:

Open class.
Open to all persons resident in Canada.
(a) for best prose contribution, a prize of \$100.
(b) for the best poem, a prize of \$100.

Veterans' Class.
Prizes donated by His Excellency the Duke of Devonshire: Open to all veterans.

(a) Best prose contribution, Governor-General's prize.
(b) best poem contribution, Governor-General's prize.

Open to all students in high schools and collegiate institutions in Canada.

For best prose contribution, prize of \$25.

The judges of competition are:
For prose, Major Sir Andrew McPhail, Montreal; Dr. Adam Shortt, L.L.D., Ottawa; Mr. W. J. Sykes, Carnegie Library, Ottawa; Mr. Thomas Mulvey, Under-Secretary of State, Ottawa.

For poetry: Mr. Duncan Campbell Scott, F.R.S.C., Ottawa; Dr. E. Sapir, Ph. D., Ottawa; Mr. T. A. Browne, Ottawa.

All manuscripts are to be addressed to Mr. T. A. Browne, Director of the Arts and Letters Club, Literary Competition, Room 44, Y.M.C.A. Building, Ottawa, Ontario.

WHISKEY SHORTAGE.

London, May 5—Replying to a question in the House of Commons today concerning the shortage in whiskey, Sir Auckland Geddes, Minister for National Service and Reconstruction, said he had decided that the importation of Canadian whiskey might be fully permitted, and also American whiskey, if it had been paid for before the beginning of 1919.

CAMPAIGN SLUGGISH.

Washington, D.C., May 5—Imperative need of increased activity during the remaining five days of the Victory Liberty Loan campaign was indicated tonight by the Treasury's reports that subscriptions to date amount to \$1,803,720,000 or only 40 per cent. of the aggregate needed. This was an increase of only \$145,751,000 since Saturday.

SUMMER WEATHER.

New York, May 5—New York experienced the first real summer weather of 1919 today when official thermometers at the State Weather Bureau touched 86 degrees and four heat prostrations were reported. Hundreds of straw hats and palm beach suits appeared on the streets to emphasize the summary nature of what the Weather Bureau reported was the hottest May fifth in the history of the city.

TORONTO STRIKE.

Toronto, May 5—Hon. Gordon Robertson, Minister of Labor, will leave Ottawa tomorrow morning for Toronto, and was asked that the committees from the striking metal trades and packing unions meet him in the Prince George Hotel to review the situations in detail. This, according to the parties interested in the strikes will affect more than 8,000 workers of Toronto, and involves millions in capital is the nearest approach to a prospect of a settlement.

CANADIAN CREDITS.

London, May 5.—(Reuter's).—It is learned that the credits established by the Canadian Government have been arranged with the two-fold objects of assisting allied countries in their work of reconstruction, by enabling them to obtain from Canada commodities they require and at the same time providing new outlets for Canadian products. It was never intended that this method of increasing exports by Government aid should in any way render less necessary the study of developing trade through the usual channels of private enterprise.

and the Saguenay District, declare themselves unanimously and strongly favorable to the project in principle, leaving entirely to the discretion of the Provincial Government, particularly to the Minister of the Highways Department the choice of the most practical and useful line to follow.

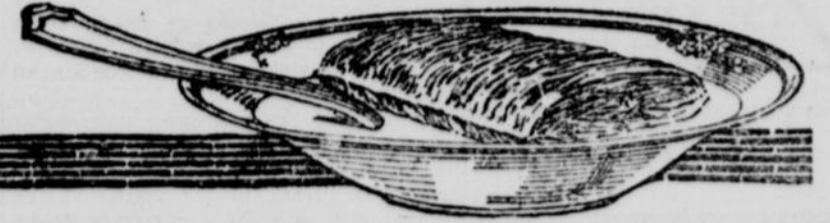

That copies of this resolution be sent to the City Council, to the Chamber of Commerce of Levis, to the Automobile Club, to the retail Merchants' Association, to the Commercial Travellers' Association, also to the Prime Minister and to the Ministers of Agriculture Lands and Forests, Colonization and Highways and the municipalities interested.

A vote of thanks was tendered Mr. Bergeron by Mr. Gaspard Lemoine on behalf of the members of the Quebec Board of Trade for having so deeply interested them on a project of such great importance.

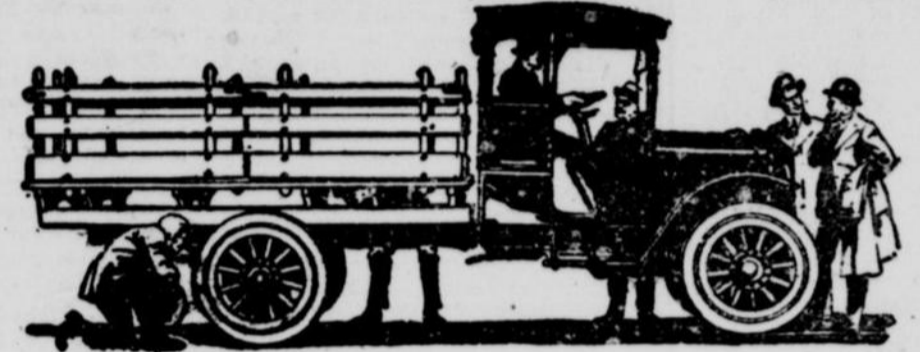

A large number of directors, and members of the Quebec Automobile Club were present as the Club is also deeply interested.

WAR DID NOT CHANGE IT

War did not change the process of manufacture or the nutritive value of Shredded Wheat. It is the same Shredded Wheat you have always eaten - pure, clean, wholesome, unadulterated. It is 100 per cent. whole wheat, made digestible by steam-cooking, shredding and baking. Try it with milk or cream and fresh fruits.

MADE IN CANADA

Built for Shrewd Canadian Truck Buyers

FOUR out of every five loads conveyed by horse or motor can be carried by the Maxwell truck. To men who know truck costs that means a lot. It means that owning a heavier truck is an extravagance. It means that buying a lighter job is foolish economy.

The Maxwell is every man's truck. It will do any hauling work at the lowest cost per ton-mile. On ten miles or a thousand.

Easy on gas, easy on tires—on any roads. Ten-foot loading space—big enough for 3000 pounds of feathers or a ton-and-a-half of scrap iron.

No false overhead costs in this truck. No manufacturing mistakes to pay for. No experimental work. Not a mere assembled job—it embodies the full fruits of the Maxwell manufacturing facilities and record.

It's a freight carrier that offers dollar-for-dollar value through and through. A business-speeder that will yield long and loyal service in any business.

It's a truck ideally suited to Canadian roads and Canadian conditions.

It's a truck on which you can get real service—anywhere in Canada.

The price is several hundred dollars less than any other truck of similar capacity. The reason—quantity production on a sound manufacturing basis.

Chassis price, \$1550—f.o.b. Windsor, Ont.

HALIFAX STRIKE

No New Developments Reported Yesterday Both Sides Standing Pat

Halifax, N. S. May 5.—No new developments appeared in the strike situation today, both sides standing pat, and making no overtures either for a settlement or for placing the matter before a Board of Conciliation to be appointed by the Government. The employers met in the afternoon and there was expressed a full determination to adhere to their decision to make no concessions their offer of an advance on the old rate had been withdrawn, and it was reported that accessions to the Employers' Associations were being received. The men held a big meeting tonight comprising all the striking unions. No details of the struggle were discussed at this meeting, but

the general principle of a fight to the bitter end was endorsed. The mayor had been expected to be present but for some reason did not attend.

The chair was occupied by Day Mason, and there were speeches by a number of labor leaders. An address was also made by John T. Joy, of the Nova Scotia Compensation Board, and former Secretary of the Longshoremen's Union.

TARIFF TROUBLES.

Western Unionists Appoint Committee to Interview Sir Thomas White on Subject.

Ottawa, May 5—Unionist members of Parliament from the West met today and appointed a committee to interview Sir Thomas White and present their views to him regarding tariff matters. The deputation will be as follows:

Messrs. F. L. Davis, of Neepawa; John A. Maharg, of Maple Creek; R.

C. Henders, of MacDonald; James Douglas, of Strathcona, and H. H. Stevens, of Vancouver Centre.

The expectation is that notice of the budget will be given shortly by Sir Thomas White and that it will be brought down about the middle of May. There is nothing definite known as to any concessions that will be made. Western members, however, are expecting reductions in a number of specific items of interest to the farmers.

IMPERIAL PREFERENCE

GRATIFIES AUSTRALIA

Melbourne, May 5.—(Reuter's).—The Commonwealth is gratified over the Imperial preference proposals, which it is considered will more securely cement the various parts of the Empire together.

Apply to Ticket Agents for further particulars. A.29x11

WOMEN POLICE "MAKE GOOD"

How England's women police have developed into a real force for the maintenance of order and public morality has appeared in the report of Miss Goldingham, deputy commandant of the women police service, at a meeting in Richmond, where the establishment of such a force was under discussion.

She said that these forces had been formed from voluntary workers early in the war, as a means of helping refugees and young English girls and boys who were in need of aid or advice. In three and a half years 1,000 women have been trained for the work and have found appointments.

At present women are policing 20 munition factories, where they perform all the duties, practically, that could be expected of masculine police. The women's police service has also supplied police for 18 towns, in four of which women have been sworn in as constables.

SHIPPING NEWS

C.P.O.S. TUNISIAN NEARING QUEBEC

HAS ON BOARD 1,316 PASSENGERS AND DUE BETWEEN MIDNIGHT AND TOMORROW MORNING.

The S.P.O.S. Transport Tunisian was reported at Cape Ray, 585 miles below Quebec at 9 o'clock yesterday morning and no further news of her had been received by the Signal Service Department up to late last night and it is not likely that she will arrive at this port before midnight tonight or early tomorrow morning in which case the passengers will not be landed until 6 o'clock tomorrow morning.

The Tunisian has on board 385 cabin passengers, and 931 third class passengers including a few troops, one Officer for Quebec, one Nursing Sister for Toronto, the majority being munition workers and their dependents who are returning to Canada.

SHIPPING NOTES.

The C. G. S. Detector left for above yesterday morning at 8.30 o'clock.

The steamer Trewellard passed Quebec for Montreal yesterday at 4.30 p.m.

The C. G. S. Lady Grey left for below at 6 o'clock yesterday morning and the Druid left five minutes later also for below.

The steamer Burnholme passed Quebec for Montreal last night at 11 o'clock.

The steamer Cowboy, of the American Shipping Board left outward yesterday morning at 11.30 o'clock.

The Priestfield passed Quebec outward yesterday afternoon at 2.30 o'clock.

The steamer Cobalt, of the American Shipping Board arrived from the lakes at 3.15 p.m. yesterday and moored at the Pointe-a-Carcy wharf. She was minus an anchor and leaking and will be fixed up here before proceeding to New York.

The steamer Alicia arrived in port on Sunday and is lying in the Outer Basin where she will take on a full load of lumber to Sharpness for the account of H. R. Godday & Co.

BAN LIFTED ON AMATEUR OPERATORS

WAR TIME REGULATION CANCELLING AMATEUR WIRELESS STATIONS RESCINDED.

Ottawa Ont., May 5.—The War Time regulation cancelling all licenses issued for the operation of amateur wireless stations throughout the Dominion has been rescinded. The amateur wireless operator may therefore once more resume his experiments, subject to the pre-war regulations. A statement issued by the Naval Department today contains the information that there were, at the outbreak of the war, some hundred and ten licensed amateur stations in Canada. These licenses were withdrawn as a war measure.

MUCH TRAFFIC ON SAULT STE. MARIE LOCKS.

Sault Ste. Marie, Mich., May 5.—Opening for navigation on April 10, the locks here during the month just ended handled 2,273,163 tons of freight, an unusual amount for the first month of the season. East bound freight totalled 1,756,668 and west bound 616,897 tons.

C. P. O. S. MELITA SAILS FOR QUEBEC

London, May 5.—The C. P. O. S. Melita, sailed for Quebec on Saturday, carrying 52 officers, three cadets, 12 warrant officers and 314 men, 499 wives, 183 children and 46 babies from Buxton and 14 officers, 4 nurses and 30 other ranks repatriated from the Imperial Army.

Sir Montague Allen and Col. Gaudet are also on board the Melita.

The Royal George sailed for Halifax on Sunday with thirty-eight officers and 1,491 men from Kimmel Camp and thirty-three officers and four nurses from London.

PROFIT SHARING PLAN AT SHIPBUILDING PLANT

London, Eng.—Sir William Crisswell, chairman of the shipbuilding firm of William Gray and Company, has inaugurated at the plant a profit sharing plan in the hope of bringing the workers and the company closer together. It differs from many other profit sharing plans in that the total profits accruing from the operation of the business shall be divided once each year—80 per cent to the company and 20 per cent to the employees.

Included in the plan are all of the 4,000 employees, over 21 years of age. The amount which each employee is to receive will be figured on the annual income exclusive of overtime, and willful loss of time to the extent of more than 12 days a year will be disqualification for a share in the profits of that year. Allowance will be made for illness and recognized holidays, and time lost by reason of a lockout, or general or district strike is not to be a bar to participation in the plan.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When Constipated or Bilious, Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, though cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat, or act naturally, or is feverish, stomach sour, breath bad; has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by the "California Syrup Company." Refuse any other kind with contempt.

WOMEN POLICE "MAKE GOOD"

How England's women police have developed into a real force for the maintenance of order and public morality has appeared in the report of Miss Goldingham, deputy commandant of the women police service, at a meeting in Richmond, where the establishment of such a force was under discussion.

She said that these forces had been formed from voluntary workers early in the war, as a means of helping refugees and young English girls and boys who were in need of aid or advice. In three and a half years 1,000 women have been trained for the work and have found appointments.

At present women are policing 20 munition factories, where they perform all the duties, practically, that could be expected of masculine police. The women's police service has also supplied police for 18 towns, in four of which women have been sworn in as constables.

DONT PAY TAXES ON POOR MATCHES

The war-tax has practically doubled the price of the best grades of matches, and has more than doubled the price of the cheaper kinds. And the tax adds nothing to the value of the match. You can't light your pipe with the tax, yet you pay as much on a poor match as on a good one.

EDDY'S MATCHES

Have more than sixty years of experience behind them. Among the 30 to 40 different brands made in this huge factory with an output of 70,000,000 matches a day, there is a match for every purpose. And each is the best of its kind that our experience can devise. Insist on Eddy's Matches and get real match-value for your money. See that Eddy's name is on the box.

MEETINGS TODAY

Municipal Red Cross group, weekly sewing meeting, I.O.D.E. Headquarters, Y.W.C.A. Building, 10 a.m. (emergency work for soldiers' dependents).

Stadacona Chapter I.O.D.E., general monthly meeting, Chapter Rooms, Chateau Frontenac, 10.30 a.m.

Red Cross Society, working and giving out work, Red Cross Rooms, City Hall, 10.30 to 12.30.

Quebec Homeworkers' Patriotic Toy Industry, working meeting, Club rooms, Morrin College, 2.30 p.m.

Y.W.C.A., regular monthly board meeting, in the Committee Room, Y.W.C.A. Building, 3 p.m.

Women's Auxiliary of Trinity Church, meeting, Parish Hall, 3 p.m.

St. John Ambulance Brigade Overseas Division 29, Morrin College, 4 p.m.

WOMEN'S WORK

The Guild of St. Peter's Church will hold a sale this afternoon in the Church Hall in the Cathedral Close. Tea will be served, and useful articles will be on sale as well as home made bread, cakes and sweets.

The Women's Canadian Club will be addressed on Thursday afternoon at the Chateau Frontenac by Dr. Grace Ritchie-England, M.D., of Montreal, who has chosen for her subject "The Laws of the Province of Quebec Relating to Women." Dr. Ritchie-England is well known for her work as a suffragist, as a member of the National Council of Women, and in political movements and reforms of various sorts. She was recently made a life member of the National Red Cross as a recognition of the services she has rendered to this society during the war. Her lecture promises to be both interesting and instructive, dealing as it does with a subject on which women in this Province should be well informed.

The Cathedral Church Helpers will hold their quarterly meeting tomorrow, the first Wednesday of the month, instead of on the second Wednesday as is their custom.

The I.O.D.E. last week formed a committee to meet on Fridays to sew for the Soldiers' dependents. This committee they call the I.O.D.E. Emergency Committee. The Municipal Red Cross group which meets for the same purpose on Tuesdays will not, however, be discontinued, and it is hoped that as many as possible will attend the meeting this morning and on following Tuesdays.

The Girls' Branch of the Women's Auxiliary of Trinity Church has closed for the summer.

Mr. J. H. Harper of Ottawa is staying at the Chateau.

Mr. G. M. Stearns, of Megantic, is registered at the Chateau.

Mr. J. Quinlan, of Montreal, is in town, a guest at the Chateau.

Lieut. Col. de L. Girouard has returned to town from New York.

A. C. Sutherland of Riviere du Loup is a guest at the Chateau.

Mr. and Mrs. J. Lavergne, of Montreal, are in the city, staying at the Chateau.

Mrs. Henri Des Rivieres has returned from New York, where she spent a few weeks.

Mr. J. N. Francoeur has returned to town from Montreal, where he spent the week-end.

Sir Montagu Allan and Miss Martha Allan, of Montreal, are sailing on the "Melita" from England.

Dr. and Mde. G. G. Racicot, of Montreal, arrived in town yesterday and registered at the Chateau.

Mr. and Mrs. A. J. Duchesnay have returned to town from Montreal, where they spent a few days.

Mr. and Mrs. Sydney Clay and infant son have left for Montreal, where they will reside in future.

Mr. Chas. Donohue, who spent the last two or three months in New York and Atlantic City, has returned to town.

Mrs. Walter Sharpe has returned from Boston, where she spent two months visiting her daughter, Mrs. Hunter.

Mr. and Mrs. Andrew Joseph and family have returned to Quebec from Ottawa, where they spent the winter months.

Abbe H. Bouffard, cure of St. Malo and Abbe Valere Poitlot have returned from New York, where they spent a few days.

Miss Dorothy Herbert Powis, who has been the guest of Miss Marcelle Paradis, will leave in a few days for Montreal to join her family.

Mrs. P. J. Paradis, Miss Gabrielle Taschereau and Miss Gabrielle Paradis have returned from New York, where they spent a couple of weeks.

His Eminence Cardinal Begin leaves today for Sherbrooke to attend the celebration of the Bishop of Sherbrooke's twenty-fifth anniversary.

His Worship Mayor Lavigneur left for Ottawa last night. He was accompanied as far as Montreal by Mde. Lavigneur and Mde. L. H. Lavigneur who will spend a few days in the Metropolis. Mayor Lavigneur will return from Ottawa next Saturday.

Lady Williams-Taylor has arrived at White Sulphur Springs, W. Va., where she is established in Mr. George W. Stephens' cottage. Mr. and Mrs. J. H. Ince, of Toronto, are spending some time with Lady-Williams-Taylor, who is an annual visitor during the spring season.

The marriage was solemnized in St. Patrick's Church, Grande Allee, yesterday morning, of Miss Irene Hutchinson, daughter of Mr. Alfred Hutchinson, St. Cyrille street, to Mr. Wineslas Watters, son of Dr. G. D. B. Waters, St. John Street. The ceremony was performed by Abbe Emile Cote, uncle of the groom. The bride, who wore a brown costume, with fox fur and hat trimmed with crepe de chene, and carried a magnificent bouquet, was given away by her father, whilst Dr. Watters attended his son. Immediately following the ceremony Mr. and Mrs. Wineslas Watters left on their wedding trip, which will be spent in the United States.

Miss Edgarda Robinson, daughter of Mr. and Mrs. Henry A. Robinson, of Yonkers, and First Lieutenant Rowe McCune, of the Ordnance Department, U.S.A., were married Saturday afternoon at 4 o'clock at the home of the bride's parents, Yonkers N. Y. The Rev. Dr. Malcolm J. McLeod, pastor of Marble Collegiate Church, of New York, officiated. Miss Robinson was attended only by Miss Claire Bloss, of New York, Sergeant Henry A. Robinson, recently returned with the Twenty-Seventh Division, one of the four soldier brothers of the bride, was best man. Miss Robinson was one of the leaders in war work here, giving her car to the Red Cross and enlisting in the Red Cross motor corps as an Ambulance driver. Lieut. McCune is an eastern-Canadian manager for the Otis-Elevator Company, and resides in Montreal. During the war Lieut. McCune was attached to the trench warfare service, being in charge of the manufacture of trench mortars. The couple will reside in Montreal.

Late arrivals at the Chateau: J. C. Beckwith Moncton, N.B.; R. A. Lamarre, Montreal; G. M. Stearns, Megantic; A. C. Sutherland, Riviere du Loup; Mr. and Mrs. W. L. Bennett Syracuse, N.Y.; H. Copeland, New York; G. C. Cockburn, Winnipeg; S. H. Padney, Toronto; J. Quinlan, Montreal; Geo. F. Scott, Philadelphia; Pa.; M. A. Cox, Toronto; J. A. Forbes, J. H. Harper, Ottawa; G. A. Wood, Montreal.

JAPS WANT TO BUY

DISTILLING MACHINERY

Louisville, Ky.—Japanese agents are negotiating with American distillers for the purchase of machinery in their plants after prohibition becomes effective. The machinery would be

"MICKEY" IS COMING

CAN'T BEAT "TIZ" WHEN FEET HURT

"Tiz" for sore, tired, puffed-up, aching Calloused feet or corns

"Sure I use 'TIZ' every time for my foot trouble."

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, aching feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous excretions which puff up your feet and cause sore, inflamed, aching, sweaty feet.

Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

Reminiscences of The Past

Chronicle Files
100 Years Ago

English News.

The Editor of the London Courier, on the 5th of March remarks, that there had not been a bankruptcy in Manchester for the preceding five weeks—and Jeremiah Starhouse, in a letter to the Editor of the Courier, under date of the 3rd March states, "That we have not witnessed such a market for the sale of goods, as we have done this day for twelve months."

Quebec Gazette.
Provincial Secretary's Office.
Quebec, 6 May, 1819.

His Grace the Governor in Chief has been pleased to make the following appointments, viz:—Jean Thomas Taschereau, Michel Louis Juchereau Duchesnay and George Watters Allsopp, Esquires, Commissioners to hear and determine all applications that may be made by persons holding or claiming to hold land in the inferior District of Gaspé.

Robert Christie to be Registrar of the Commission for the said District of Gaspé.

W. B. Felton and Chs. Whitaker, of the Township of Ascot, Esquires, Justices of the Peace, for the District of Montreal and Three Rivers.

Robert Jones, Esq., of William Henry, Justice of the Peace for the District of Three Rivers.

William Lewis Mitchell, Esq., Attorney, Proctor Solicitor and Advocate.

And Frs. X. Blais, Gentleman, a Notary Public.

Ex-Cadet Panet, a son of Colonel Panet, Deputy Minister of Militia, has been appointed to a Lieutenancy in "B" Battery, R. C. A. Lieut. Panet will be attached to "B" Battery, Quebec, before joining his own corps for a short course in Garrison Artillery Drill.

New Statues.

Two more of the new statues for the adornment of the Parliament House are expected here shortly from the studio of Mr. Hebert in Paris. The subjects are "Wolfe" and "Montcalm," and the drawings which have already been received here, and have been shown us by Mr. S. Lesage, Deputy Commissioner of Public Works, are very much admired and do full justice to their heroic subjects.

Early Angling.

For the first time in many years the ice had already left Lake Beauport by the 1st May, and a number of fine trout are reported to have already fallen victims to the anglers' delusions in this gem of Canadian waters. The ice left Lake St. John on Wednesday morning, more than a fortnight earlier than usual. The water is exceedingly high, having risen some 23 feet within the last fifteen or sixteen days.

Hello Girls Getting There.

The Western Union Telegraph Company's revenue last year fell off by nearly a million dollars, while that of the big Telephone Company increased half a million. Observers say that this is only the beginning and that as people learn to appreciate the telephone they will use it more and the telegraph least. The hello girl at the Central is the coming woman.
