Fifty-First Year

World News In Brief

Tokyo, Sept. 3.—(AP)—William J. Sebald of the United States, presiding for the first time at the four-power council for Japan, accused Russia today of trying to obstruct the council and misuse its function.

Maj.-Gen. Alexis P. Kisenko, acting Russian representative, denounced a recent decision by Gen. MacArthur's headquarters discontinuing the practice of compiling detailed information at council members' requests.

Kisenko charged this was a "unilateral alteration" of rules of procedure and form of the council agenda. Such changes, he insisted, must be adopted unanimously by the four-council members.

Sebald, who succeeds the late George C. Atcheson, Jr., lost in a plane crash at sea, replied that "this council has no authority to make rules of procedure which bind Gen. MacArthur or general headquarters."

Montreal, Sept. 3.—(AP)—Thieves yesterday broke into the suburban Cartierville home of Marcel Vaillancourt, 37-year-old restaurant owner charged with the August 11th slaying of test pilot Norman Milne, while at the court house in downtown Montreal.

Edouard Archambault was remanding Vaillancourt for preliminary hearing October 7th.

Trenton, N.J., Sept. 3.—(AP)—Doris Duke may be Senora Rubirosa now in Paris, but James H. M. Cromwell's lawyer says she still is Mrs. Cromwell in New Jersey.

A New Jersey court order nullifying the tobacco heiress' original Reno divorce still is in effect here, Cromwell's counsel, State Senator John Toolan, said yesterday.

She and Cromwell still "are man and wife in the state of New Jersey," Cromwell, former United States Minister to Canada, obtained a New Jersey Chancery Court order nullifying his wife's 1943 Nevada divorce action.

Miss Duke then obtained an amended final divorce in Reno, but Toolan said the New Jersey ban still was in effect "because you can't improve on a nullity."

Montreal, Sept. 3.—(C.P.)—Police today sought the attacker of 21-year-old Jean Allen who, they said, was assaulted and severely beaten early Monday and left in a grove of bushes near Van Horne and Wilton avenues in the north end of the city.

The girl suffered a fractured skull and internal injuries. Her hands were bound behind her back with wire. She was found by several motorists who heard screams from the bushes.

It was learned the young woman had acted as a "baby sitter" at a Soissons street house and was on her way home when attacked. Police believe she was struck over the head with a heavy weapon, then dragged into the bushes and assaulted. Her shoes were pulled from her feet and her clothing was badly torn.

Bevin Would Redistribute Fort Knox Gold Stocks To Increase Purchasing Power

Britain's Foreign Secretary Also Proposed Empire Customs Union Which Would Eliminate Tariffs in Commonwealth Trade—Says Certain Common Economic Principles Must Be Accepted if Constant Recurring Crises To Be Avoided.

Southport, England, Sept. 3.—(AP)—Foreign Secretary Bevin called for a British Commonwealth customs union today and said the United States should redistribute its gold hoard buried in Kentucky.

Addressing the Trades Union Congress, Bevin said his proposal for an Empire customs union—the elimination of tariffs in Commonwealth trade—was made on his own responsibility.

He was not speaking for the cabinet, he said. The Foreign Secretary said that for the United States to put into circulation its huge gold stocks, idle in underground vaults at Fort Knox in Kentucky for a decade, would constitute "one of the readiest ways to assist in increasing the purchasing power of the devastated areas of the world."

Bevin did not explain whether he was speaking literally or symbolically in proposing redistribution of the gold. Nor did he indicate whether he believed the idea could be integrated with the Marshall proposal for Europe's economic rehabilitation.

Prohibit 15 Soviet Wives Going To U.K.

Foreign Minister Bevin's Appeal to Allow Them to Join Husbands in Britain Turned Down.

London, Sept. 3.—(Reuters)—The 15 Russian wives of British subjects will remain in Russia and will not be allowed to join their husbands in Britain.

That is the latest ruling given by Deputy Foreign Minister Andrei Vyshinsky on a subject which has concerned the British Foreign Office, as well as the couples. Foreign Minister Bevin intervened on the husbands' behalf, only to be turned down.

Last British appeal was made to Vassili Kuznetsov, president of the Soviet of Nationalities of the Supreme Soviet, when he visited London earlier this year.

A Foreign Office spokesman here said Vyshinsky had given his negative answer in a letter to the British charge d'affaires in Moscow, Frank Roberts.

Vyshinsky, after turning the British request down flat, referred to a matter which has been worrying the Soviet Union. He wants British occupation authorities in Germany and Austria to send home immediately Baltic citizens, including children, on the ground that they rank as Soviet citizens.

Vyshinsky said the failure of Britain to send home the children, some of whom are alleged to have parents inside the Soviet Union, was "causing discontent in wide circles."

Britain maintains that no person can be a Soviet citizen.

(The United States now owns over \$21,765,827,000 worth of gold, about three-fifths of the known world holdings of gold for monetary purposes. Approximately \$12,500,000,000 is kept at Fort Knox, army stronghold in Kentucky. These figures do not include commercial gold.)

"I do not think we can avoid any longer common defence and the acceptance of certain common economic principles if we are to avoid these constant recurring crises."

"We have got to settle this balance-of-payments business in the world or it will be constant chaos. There are ways of settling it. I know these Americans will be upset, but I have got to upset somebody. My own conviction is that she handicapped herself and caused high taxation in her own country by failure to redistribute the Fort Knox gold."

"If you find another gold mine in the world it would assist you—it would be a great advantage—but there is gold which has already been mined and it is doing nothing."

"I am quite sure that is one of the readiest ways to assist in increasing the purchasing power of the devastated areas of the world."

Speaking of the world situation, Bevin said:

"From the Adriatic to Vladivostok, over one-seventh of the world's population is living in a state of economic distress. I am not criticizing but simply stating a fact—you have almost complete autocracy. You have the United States with a productive capacity that could only be absorbed in the end by a standard of life in the world at least double what it is now. Then we have within this Commonwealth both primary products and resources which have been sadly neglected."

Referring indirectly to yesterday's debate within the Congress on direction of labor, Bevin declared "we cannot go back to individual ownership. We are substituting collective ownership in its place. Immediately you get that you have management and direction in the tools you need. Labor, I think, has to face this fact."

Bevin was frequently interrupted by applause and received a tremendous ovation at the speech's conclusion. Many observers were of the opinion that if the speech had been delivered before yesterday's discussions on direction of labor, it would have cancelled out many of the detailed criticisms voiced during the debate.

He said the British workers want to avoid dictatorship they must combat the crisis by accepting drastic measures.

Space Ships Possible But Still Far Off

By FRANK CAREY

Washington, Sept. 3.—(AP)—Space ships capable of pouncing upon would-be aggressors are theoretically possible, but the United States has a long research road to travel before it can rely upon such celestial battlewagons, two scientists asserted today.

Doctors Lawrence H. Hafstad, director, and Daniel T. Sigley, a staff member of the Johns Hopkins University Applied Physics Laboratory, said that producing even simpler types of super-sonic missiles demands conquering vast problems of propulsion, launching and guidance in an entirely new field of aerodynamics.

The laboratory is conducting guided missile research. Hafstad said the only guided missiles now in "operational" existence are the American-developed gravity-powered "glide-bombs" and the German-developed V-2 type rocket projectile.

But "good progress is being made" in research towards other weapons and "in the present international atmosphere it should be obvious that failure to solve the guided missile problem might prove very expensive indeed."

"If there is another war all indications show that it will be shorter, more violent, and 'much faster-breaking' than those of the past. Only that nation can survive which is adequately prepared for just that kind of war."

"Next time the gadgets must be ready when the shooting starts."

Train Despatcher Held As Witness In Train Crash—Death Toll May Exceed 35

By JACK AVESON

Canadian Press Staff Writer Dugald, Man., Sept. 3.—(AP)—A renewed search for bodies went on today in the charred wreckage of the Canadian National Railway campers' special which burst into flames Monday night after colliding with an east-bound transcontinental passenger train here.

Still uncertain was the number of dead, officially placed at 27 although police officials said it might easily rise beyond even the earlier estimate of 55.

Meanwhile, developments in the disaster to the 13-car train—worst wreck in Western Canada's history—which brought a tragic finish to a Labor Day week-end for many of the estimated 700 aboard when it crashed into the standing express, included these:

1. R.C.M.P. announced that Donald F. Ledlie, 55, of Dugald, Canadian National Railway train despatcher, was being held on a coroner's warrant as a material witness in the collision;

2. Inquest into the tragedy was adjourned for an indefinite period after juriesmen had been sworn in at Transcona, 10 miles west of here, where the bodies of most of the victims had been taken;

3. Railway officials issued a statement late last night listing 27 persons as dead, with 13 others all in good condition, still in hospitals;

4. Identification of the dead bogged down last night after five of the 27 badly-scattered bodies which had been recovered had been either positively or tentatively identified;

5. Police officials said the death toll could rise substantially once the search through the wreckage had been completed;

6. Among survivors the acetylene lamps used in the nine wooden coaches of the 13-car campers' train were generally blamed for the magnitude of the disaster.

Boston Area Hit By Gale, 3 Lives Lost

Unofficial Estimates of Damage Caused by Violent Electrical Storm Placed at \$10,000,000.

Boston, Sept. 3.—(AP)—Wreckage strewn wide sections of Southeastern New England in the wake of a violent electrical storm that claimed at least three lives and reached hurricane force in some areas yesterday.

Accompanied by gusts that attained a velocity of 116 miles an hour, the storm levelled one small factory, unroofed a number of homes and garages, smashed telephone and power lines and flattened trees and crops in wide sections.

Henry Manchester, 70, was crushed to death when a machine shop crumpled under high winds; Mark Sears, 49, was killed by lightning in Thomaston, Conn., and Alfred Smith, 22, of Roadville, Conn., died in an automobile accident during the height of the blow.

Unofficial estimates of the damage ran as high as \$10,000,000. The north shore, particularly Nahant, Manchester, Marblehead and Salem, where the weather bureau said the highest wind velocity was recorded, suffered considerable damage, mainly to summer homes and small craft in the harbors.

Many cities and towns went through the night without power or light as emergency crews labored to remove hundreds of trees blown across wires. Telephone service also was crippled in a number of communities, and transportation facilities were operating behind schedule early today.

Minister To Quit Post At University

Milton F. Gregg Plans Immediate Move Following Appointment as Minister of Fisheries in Dominion Government.

Ottawa, Sept. 3.—(AP)—Milton F. Gregg, newly-appointed Federal Minister of Fisheries, said yesterday he will tender his resignation as president of the University of New Brunswick today.

"One of the first things I will do tomorrow is to wire my resignation to the Board of Governors," he told The Canadian Press shortly after the official announcement of his appointment to the Federal Cabinet.

Mr. Gregg, who arrived in Ottawa yesterday to take the appointment, became president of the University in 1944, succeeding Dr. N. A. MacKenzie.

Fredericton, N.B., Sept. 3.—(AP)—Dr. Milton F. Gregg will resign the presidency of the University of New Brunswick to enter the Federal Cabinet as Fisheries Minister, an authoritative source said here yesterday.

It was understood Dr. Gregg, a Victoria Cross winner in the First World War, would be succeeded temporarily as University president by Dr. C. W. Argue, Professor of Biology, pending the appointment of a permanent head of the university at the regular fall meeting of the University Senate.

Dr. Gregg's acceptance of the summons to Ottawa brought from Hon. R. B. Hanson, former Conservative House Leader in the Commons, the charge that Dr. Gregg was a "turncoat."

Asked to confirm a report that he had labelled Dr. Gregg a turncoat, Mr. Hanson said: "This man was a Conservative and we appointed him to office as sergeant-at-arms under the Bennett Government in 1933 or 1934. He was always a Conservative. You can say I said so and that my authority is Senator George B. Jones, who has known the family all his life."

Mr. Hanson said he could still hardly believe the news of the appointment and added he felt it was a typical King manoeuvre.

Dr. Gregg will be given the Liberal nomination at a party convention here Sept. 13 and will contest the by-election to fill the vacancy caused by the death of former Fisheries Minister H. F. G. Bridges who was member for Fort-Sunbury. The by-election will be held Oct. 20.

PITCHING HORSESHOES
by Billy Rose

If you'll pardon me a minute,
I'd like to speak privately with a
young friend of mine who has
been running a summer theatre
up in Maine.

Let's see, Howard, if I have
your story straight. Your little
summer theatre didn't play to
much business this season. The
leading man preferred Schenley
to Shakespeare. Your visiting star
couldn't go on the opening night
of "Dream Girl" because of a
poison ivy. On matinee days, even
the cows wouldn't come into the
barn. So you've decided to chuck
show business and go in for some-
thing less chaotic.

Well, I don't blame you, Howard.
I think you've made a smart
decision. Producing is an ungrate-
ful and uncertain business. You're
well out of it.

Your hard luck this season re-
minds me of another hardluck
showman I happen to know of.
When he took out his first show,
he was about 26 years old. It
wasn't much of a show by your
standards—part minstrel, part
side show.

His first stop was in a little
town in Massachusetts. The hotel
in which his troupe was staying
caught fire that night and some
of his costumes were burned.

At the next stop a hellfire-and-
brimstone parson had him run
out of town.

A bit discouraged, he headed
South. In Roanoke, Virginia, it
rained so hard he had to cancel
his show. The owner of the hotel
where the performers were to
have stayed that night threatened
to have the producer jailed unless
he paid for the three meals and
lodging which had been scheduled.
The producer paid up—but only
after his company ate the three
meals at one sitting and lay down
on the beds for half an hour to
soil the sheets.

In South Carolina, his star
colored singer walked out. The
producer rubbed some burnt cork
on his face and did the fellow's
numbers himself. As he came off,
he heard an argument between his
ticket taker and one of the natives.
The producer, still blacked up,
butted in and talked tough. The
Carolinian whipped out a pistol.
No colored man was going to get
up with me, the producer had
rolled up his sleeves and show his
white skin to keep from getting
shot.

One night the magician's as-
sistant didn't show up. The pro-
ducer crawled into the trick com-
partment under the magician's
table and handed up the props
which the magician was supposed-
ly producing out of thin air. One
of these props was a live squirrel.
It bit the producer in the soft
part of the neck. He leaped out of
the compartment and ran ki-
vling through the audience.

The crowd threatened to break up his
show and he had to give them their
money back.

Down in Mississippi he picked
up a showboat—not the one they
sing about, but a beat-up hulk
which would have turned over if
fifteen people leaned against the
same rail. The second day out,
one of his minstrels fell over the
side and drowned.

For the next few weeks, when-
ever the producer ran short of

Ava Gardner, who's a pin-up in anybody's book already, gets that lush Varga treatment as a part of her rise to stardom in Hollywood. Artist Alberto Varga seems to enjoy the assignment.

cash he would sell a piece of his
show. I don't mean a financial in-
terest—no one would buy that. I
mean a curtain, an old trunk, or
one of his musician's instruments.

By the time he got to New Or-
leans, there wasn't much left of
the show. He traded what remained
for a few kags of blackstrap molasses.

The producer swore he would
never mess with show business
again. And he didn't—until the
following season.

Unlike you, my dear Howard,
P. T. Barnum didn't know enough
to quit when the quitting was
good.

DURANTE DIALOG

There's a running gag in "On
an Island With You" of a matron-
ly extra haunting Assistant Movie
Director Jimmy Durante for a role
in a picture. Finally Durante
screams:

"I wouldn't give you a job if
you were Greer Garson's mother."

The woman playing the extra is
Greer Garson's mother, Nina
Ross.

A teen-ager stopped Durante
outside the M-G-M studio and
said:

"Why, Mr. Durante, your nose
isn't half as big as it looks on the
screen."

"Shhhhhh," whispered Jimmy
"L. B. Mayer may be listening."

Ava Gardner just posed for a
series of 300 still photographs at
Santa Barbara. M-G-M is giv-
ing her the Jean Harlow build-up.

Dane Clark is doing the Hilde
Johnson role in "The Front Page"
on the Detroit stage. . . . A new
beauty around town, LayRhea

two studios.

Jane Greer obviously wins the
Oscar for the year's quickest
mind-changing act. Day before
she eloped to Las Vegas with Ed
Lasker, an RKO executive asked
her if she planned to marry him.
"No," said Jane, "and the studio
can count on that."

TWO WILD BILLS

Memo to 20th Century-Fox:

Stenotypy Speeds
Up Office Work

During recent years many peo-
ple have witnessed the introduction
of mechanical bookkeeping and
record-keeping systems that have
speeded up the administrative di-
visions of many large industries,
doing efficiently in a comparative-
ly short time what used to be a
laborious process when undertak-
en by hand.

This revolution in accounting
and record-keeping work has also
invaded the field of stenography
with stenotypy.

Stenotypy abandons the compli-
cated system of pencil shorthand
and relies on the use of 22 simple
letter-combinations. Using a steno-
type machine, resembling a small
typewriter, the stenotypist oper-
ates its 23 silent light-action keys
with both hands. The notes are
printed in plain English letters, on
a strip of paper that falls auto-
matically into a tray at the back.
Whole words and phrases can be
written in one stroke.

Chief feature of stenotypy is
that, unlike shorthand, the notes
can be read with ease by any
stenotypist. Certified graduates of
a course in stenotypy write 150
or more words a minute and can,
with a little more practice, attain
speeds of 200-250 words per min-
ute. In fact, the present official
record for stenotypy is 375 words
per minute.

How about William Elliott for
the Bill Hart film biography? He
even looks like Hart.

RKO will start firing the long-
range publicity guns soon for an
Academy Oscar for Rosalind Rus-
sell's performance in "Mourning
Becomes Electra." Her "Sister
Kenny" last year, they say, lost
to Olivia de Havilland by only 27
votes.

Hollywood's fashion designers
are burning. Maria Montez is
shopping in Paris for the ward-
robe she'll wear in her next,
"Queen of Hearts." . . . James
Mason wants to star in his wife's
novel, "Lady Possessed." . . .
Dick Haymes gave a Los Angeles
airport some anxious moments
when he was a half hour late com-
ing in from San Francisco in his
own plane. He landed on a
totally dark strip after losing his
way in the mountains around Los
Angeles.

Council Plans Early Study Of Local Water Conditions, Claimed Worst In 28 Years

Sherbrooke's water supply will be studied by the local aldermen in the near future, the City Council decided at the first regular session of the season last evening. This promise was forthcoming from Ald. Trudeau, chairman of the waterworks committee, after Ald. Bishop had attacked the quality of the water available to the citizens during the past summer, which he described as the worst in the 28 years he has lived in Sherbrooke.

Ald. Trudeau, while admitting that the quality of the water supplied by his department left much to be desired, recalled the difficulties which met previous efforts to improve supplies, including indifference on the part of the citizens. However, he promised to call a special session of the council as committee of the whole to examine the situation.

The low opinion of the water supply held by Ald. Bishop was not shared by Ald. Fiset, who declared that the reports on the daily analysis showed the water to be of good quality.

In closing off the debate, Mayor Bryant urged early action, pointing out that he had been on the council for ten years and he hoped that before his term expired something would be done to remedy the situation.

The City Hall employees will enjoy free Saturday afternoons during the month of September at least, the council voting after bitter debate to extend the noon closing throughout the extra month. The suggestion was forthcoming from Ald. Labonne who wanted the city to follow the example of banks, railways and other institutions who closed their offices Saturday noon throughout the year.

Ald. Fiset did not see things in this light, believing that the office should be open to provide service to the citizens who in reality were the employers of the city servants.

Finally a compromise was reached.

FUNDS NEEDED BY V.O.N. TO CARRY ON WORK

The Victorian Order of Nurses, the oldest public health nursing organization in Canada, render from one year to another, service of inestimable value.

The local V.O.N. branch has been in operation for thirty-seven years and the five nurses on the staff make more than ten thousand visits each year, cheerfully serving day and night, for the modest fee of one dollar a visit. Those who are unable to pay receive the same care and attention, regardless of their financial status.

In a city like Sherbrooke, which is growing continually, an organization such as the V.O.N. is a necessity. The society must be looked after and no association is better qualified to do so.

However, expenses are high and if rising costs are to be met, the V.O.N. must receive support from the public, it was stated today.

Any subscription, no matter how small, will be gratefully received and will be of assistance in the carrying out of this necessary public service.

CAR DAMAGED IN COLLISION WITH TRUCK

Heavy damages were caused yesterday afternoon to a car parked in front of Allatt's Bakery on Brompton Road when it was struck by a truck.

The truck, driven by Leopold Tremblay, of 55 Ottawa Street, Coaticook, was headed north on the Brompton Road when it collided with an automobile owned by Rev. John Comfort, of Sherbrooke.

The truck was undamaged while the whole rear part of the car was damaged.

Constable Aurele Denault investigated the accident.

In another accident which occurred yesterday afternoon in front of the Hotel Dieu on Bowen Avenue South two vehicles were damaged.

An automobile driven by Philippe Forin, of St. Romain, Frontenac County, collided with a truck driven by Jean Paul Ronaldi, 412 Belvidere Street. Both vehicles were headed south on Bowen Avenue.

The rear part of the car was damaged while the front bumper and right fender of the truck were broken.

Constable Aurele Denault investigated the accident.

RAIN CURBED ATTENDANCE AT DANVILLE FAIR

Danville, Sept. 3.—First three-day fair in the history of Danville Union Agricultural Society came to a close here Saturday evening with a dance held in the Town Hall. The exhibition, which featured livestock and agricultural produce with a large ladies' department, was held on the new fairgrounds at the Danville-Asbestos racetrack, a half-mile outside of town on the Victoriaville highway.

Marred by rain and a heavy wind and electric storm on Thursday night and again on Saturday, attendance was kept down from expectations, but Friday's sunshine brought a good crowd to the races and to enjoy the midway attractions. Some 3,000 people were on the grounds on Friday, and an excellent harness card was run off under the direction of H. L. Dion, of Asbestos, owner of the track.

Saturday's races were cancelled owing to the weather, but a good crowd came back Sunday afternoon to see the horses compete in the postponed events. Band music throughout the fair was supplied by the excellent Warwick Woodmen Mills Band from Warwick, Que., one of the top-notch bands of the Eastern Townships.

Principal prize winners in the large showing of cattle were E. W. Smith, of Danville, Findlay Frost, of St. Felix de Kinsey, and Roy Cleveland, of Danville. In the horse section, William Sparks, of Danville, Earl Gifford, of Danville, and Gerard Lafrance, of Danville, took top honors with Mr. Gifford winning the majority of prizes for his splendid entries. Mrs. William Smith won a number of prizes for her saddle and driving horses. The livestock parades on Friday were enjoyed by a packed grandstand, applauding the entries with their prize ribbons as they paraded behind the Warwick band.

Nonetheless discouraged by the weather man's pranks, the Board of Directors expressed themselves as "very well satisfied with the three-day experiment," and are already making plans for the big event for next year when several added buildings and other entertainment features will be introduced.

Actions In Disqualification Against Mayor And Alderman At Windsor Mills Taken Here

Actions to disqualify Mayor Hermidas Morin and Alderman J. Edmond Lemieux, of Windsor Mills, have been instituted in the Superior Court by Charles Robitaille, a Windsor Mills taxpayer.

The declarations allege that, in each case, the defendants entered into contracts with the Corporation of the Town of Windsor, while members of the Municipal Council and that they have benefited financially from said contracts.

Plaintiff claims that in accordance with articles 3 and 4, Chap. 24, of the Revised Statutes of Quebec (1941), a member of a municipal council, while he is in office, is not allowed to enter into any money-making contracts with the corporation of the town which he represents.

Both actions have been taken by Ringuet and St. Pierre, Drummondville attorneys. Morin is represented by Louis-F. Cantin and Lemieux by Gaston Desmarais.

In the case of the Mayor, the Corporation of the Town of Windsor had passed a resolution whereby they would pay, for a period of six months, the rent of Mrs. Valmore Dion, of Windsor, who was a tenant in a house belonging to Mayor Morin. The rental money, however, instead of going to the tenant who, in turn would have paid it to her landlord, was paid directly by the corporation of the town to Mayor Morin.

Lemieux, who is a wood merchant, dealing in all types of construction material, is accused of having entered into a contract with the corporation of the town and of having sent the bills to the town under the name of Windsor Flooring Inc., a company which belongs to him and of which he is practically the sole shareholder. Material in the amount of \$1,193.85 is alleged to have been furnished by Lemieux to the town, while Morin is said to have received \$80, amount of Mrs. Dion's rent for six months. No pleas have been filed as yet, in either case.

Lowell, Mass., Resident Dies Of Heart Attack In Car Accident

Mrs. Emma Cossette Provost, 76, of Lowell, Mass., died yesterday afternoon from a heart attack when the car in which she was a passenger overturned.

The office of Coroner Armand Nadeau reported this morning that the car turned over and rolled into a ditch near Windsor Mills, and that no inquest would be held.

Dr. Roaul Morissette, of Windsor Mills, pronounced the aged victim dead. The body has been sent to Lowell.

A verdict of accidental death was returned this morning by a coroner's jury, investigating the death of Harold Ross, 18, who was instantly killed when struck by a car.

TOUR DETAILS GIVEN ROTARY BY AIR CADET

Rotarians meeting at the New Sherbrooke last night heard Ft. Sgt. Douglas Hazle relate details of a trip he made to the United Kingdom with 45 other Canadian Air Cadets this summer. Chosen to represent this district on the exchange trip with Air Cadets of Great Britain, the 19-year-old son of Mr. and Mrs. John Hazle, 44 Aberdeen street, expressed his thanks to the club which made the trip possible.

With headquarters at the R.A.F. station at Halton, near London, the group spent a week touring Southern England and Wales and spent ten days in London before returning home. The tour took them to the Royal Naval bases at Plymouth and Newport and then to Cardiff for three days.

While overseas, Ft. Sgt. Hazle and his fellow cadets visited several of the great castles. At Windsor Castle, Hazle said, the group inspected the Grand Reception Room, the Waterloo Chamber, the Van Dyke Room containing paintings by the famous artist, and the castle and decorated with the arms of the Knights of the Garter.

"We did not meet many people but those whom we did meet were hospitable and seemed to enjoy talking about the two countries and our mutual problems," he said.

"This trip has been a grand experience for me and I wish to take this opportunity to thank the members of the Rotary Club for sponsoring the 67th Squadron through which I was able to go and for the kind donation."

Introduced by F/O Clifford E. Bryant, O.C., 67th Squadron, who spoke briefly on the cadet camp at Trenton, the speaker was thanked by F/L J. A. Archambault, former officer commanding.

At the head table with them were President George B. Murphy, Emile Levesque, Henry Downs, George Morgan, D. A. McManamy, F. Norcross, C. E. Soles and Jack Rubin. Guests were Charles Kench and Ken Haskell, of Sherbrooke, and Norman Beech, of Lennoxville.

ENROLMENT IS AT SAME LEVEL AS LAST YEAR

Enrolment in the four Protestant schools which opened for the fall term here yesterday is about the same as last year, Wright W. Gibson, M.A., supervisor, announced this morning. In the early grades, all classes are overflowing.

There are a number of changes in the staff in the High, Mitchell and Lawrence Schools. The staff of the East Ward School is unchanged for the second consecutive year.

Miss Audrey Bradshaw, of Bedford, is the only newcomer to the staff of the High School. She will replace Miss Joan Hall.

At the Mitchell School, Mrs. Muriel Mayhew has arrived from the Montreal Central Board to look after Grade IV. Newcomers to Mitchell but not to the local teaching scene are Miss Lois Smith and Miss Bertha Graham, who taught at Lawrence School here last year.

Miss Verna Hatch, principal of the Lawrence School, has a complete new staff of teachers. Mrs. Lois Matheson, of Montreal Central Board, will teach grade IV. Mrs. Thelma Leney, of Beebe, grade III, and Mrs. Olive Carter, of Milby, the primary grades.

Pointing out the increased attendance in the primary grades, Mr. Gibson declared that it augurs well. There are forty young pupils in grades I and II at the Lawrence School and the same grades are also crowded at the East Ward School. The kindergarten class at the Mitchell, with a capacity of 32, has forty applicants.

OPERATIONAL WINGS AWARDED

Mr. and Mrs. T. D. Bozer, of Lennoxville, have received from R.C.A.F. headquarters in Ottawa the certification of Operational Wings awarded posthumously to their son, Flight Sergeant D. M. Bozer, who was killed in action September 3, 1941.

The Operational Wings of the R.C.A.F. are awarded in recognition of "gallant service in action against the enemy."

Robert E. Paulette Is Awarded \$3,000 Scholarship At McGill

Dr. F. Cyril James, principal and vice-chancellor of McGill University, announced yesterday that Robert E. Paulette, 17-year-old graduate of the Sherbrooke High School, had been awarded one of the university's most valuable entrance scholarships.

Paulette, who ranked 17th in the province in Quebec High School Leaving Examinations in June, was awarded one of the three J. W. McConnell Scholarships, valued at \$3,000 each.

Son of Mr. and Mrs. Edwin G. Paulette, 45 Abenakis Street, Paulette graduated with a total of 899 points out of a thousand. His outstanding athletic career at the local high school brought him the Newton Memorial Trophy and the Tate Shield. In after school hours, during the past six or seven years, Paulette was a leading member of the Record carrier organization. He was offered a scholarship and bursary valued at \$800 at the University of Bishop's College.

At McGill, he will enter the Faculty of Science, preparatory to medical studies.

The J. W. McConnell scholarships are open on equal terms to men and women resident in any part of Canada or Newfoundland. They are designed to provide university opportunity to outstanding scholars who for financial reasons would not otherwise be able to go to college and for that reason the character of the applicant and the financial circumstances of his or her family, as well as the candidate's academic record is considered by the committee. The scholarships are at present open only to students wishing to enter the Faculty of Arts and Science and the Faculty of Engineering.

Each scholarship covers the full cost of tuition fee and residence at Douglas Hall or the Royal Victoria College for the full degree period. In individual cases, where the student's home is at a considerable distance from Montreal, the Board of Governors may make a contribution to the cost of railroad fare.

Britain Went To War Eight Years Today

Canada's Official Declaration of War Against Germany Made Seven Days Later.

By LLOYD McDONALD
Canadian Press Staff Writer

Eight years ago this morning the voice of the late Prime Minister Chamberlain, almost breaking with emotion and intense nervous strain, told the world Britain had gone to war with Germany.

In the quiet of a September Sabbath, the Prime Minister's broadcast marked the end of years of appeasement and uneasy peace, and threw the resources of the British Commonwealth "against brute force, bad faith, injustice, oppression and persecution."

Two days previously Germany had attacked Poland. An ultimatum to Hitler to withdraw his forces expired at 11 a.m. Greenwich Time and Britain and France immediately declared war. Canada, her Parliament in recess, made her official declaration Sept. 10.

A few hours after Chamberlain had spoken, the King sounded a rallying call to his people to "stand calm, firm and united" against the German challenge to civilized order in the world.

Seated alone in Buckingham Palace, the King addressed this message to every British subject:

"If one and all we keep resolutely faithful to it, ready for whatever service or sacrifice it may demand, then in God's name we shall prevail."

Canadians, in the midst of the last holiday week-end of the summer, heard the broadcasts with the realization of the grim task before them. All over the Dominion preparations began for the part Canada would play in the war which threatened freedom.

Newspaper offices from Halifax to Victoria, normally deserted Sunday mornings, buzzed with activity as bulletin after bulletin recording each development, spewed from Canadian Press teletypes. Many papers published extras. And later that Sunday the war came abruptly home to Canada with news of the sinking of the Athenia with many Canadians on board.

and the various exhibits in the buildings, with the Main Building and the Ladies' Department as well as the Horticultural Building drawing large throngs throughout the day, much admiration being expressed for the splendid exhibits shown this year, the Main Building especially having the largest and most interesting showing of commercial and industrial displays of any county fair.

Today's program includes a big harness racing card and the final parade of prize-winning horses and cattle, with band music supplied by the Veteran's Band under Bandmaster A. Lussier of Farnham, and both afternoon and night shows on the grandstand stage by the George Hamid attractions which include the Juggling Jewels, the Vespers in acrobatic specialties, Green and Dooley with their remote-control ventriloquist act and the sensational high-act of the Three Barretts.

Special interest this year was shown in the Bacon Hog Show and the Bacon Hog Judging Competition sponsored by the St. George Kiwanis Club of Montreal and Wilsil's Limited respectively. Entries were limited to young men from the farming community in the Judging Competition while the Hog Show was limited to farmers and actual hog producers. Winning contestants will be guests of the St. George Kiwanis Club and Wilsil's Limited at the Annual Harvest Day Luncheon being held at the Queen's Hotel in Montreal on September 16th.

Ralph K. Bennett, of the Dominion Department of Agriculture, Montreal, was the official scorer and took charge of the competitions. A. R. Duckett, Chairman of the Agricultural Committee of the St. George Kiwanis Club accompanied by several other club members were at Brome Fair to witness the show and the judging events, and expressed themselves as being highly pleased with the results. Harry Binning, who won the Judging Competition, is to be commended as he is a young veteran who has taken up farming.

There were eighteen entries in the Special Class for Three Bacon Hogs, and the general quality of the hogs shown was exceptionally good and would have made a creditable exhibit at any Fair in Canada. The decision of the judges between the 1st and 2nd

Tanker Damaged In Mystery Blast

Venice, Sept. 3.—(AP)—Venice police said today that an explosion of undetermined origin badly damaged and sank the 4,370-ton Panamanian tanker Pan Crescent at a dock in Venice last Saturday.

Contrary to first reports last night that the tanker sank when it struck a mine in Venice Harbor, police said the explosion occurred as the vessel lay at the repair docks of the Pagan Company, tearing a large hole in its side below the water line. No one was injured.

Police theorized that the tanker might have been hit by a magnetic mine from a destroyer which was sunk nearby during the war and now is being salvaged.

(A multigraphed letter received in the Associated Press office at Rome yesterday, purported to be from the "Defenders of Arabian Palestine," said that organization had "checked our enemies" by an attack on the Pan Crescent, as the vessel "prepared to leave for Palestine." The letter did not give the place or time of the attack.)

Prize-winners were very close. Names of the exhibitors who won prizes and will make the trip to Montreal as guests of the Kiwanis Club are as follows: 1st, Grant Miller, of Brome; 2nd, Maurice Bourbeau, of Sutton; 3rd, Marshall Miller, of Brome; 4th, E. L. Marsh and Son, of Sweetburg; 5th, Arthur Frizzle, of Brome, and 6th, Rosaire Jolin, of Foster.

The Judging Competition sponsored by Wilsil's Limited created an unusual amount of interest with over forty young men taking part in this event. The winners, who will be guests of Wilsil's and the St. George Kiwanis Club at the Sept. 16th dinner, are as follows: 1st, Harry W. Binning, of Sutton Junction; 2nd, Eric Bradford, of Sweetburg; 3rd, Jackson Marsh, of Sweetburg; 4th, Grant Miller, of Brome; 5th, Gordon Perkins, of Mansonville.

Red Aggression Menace To World Peace

By DEWITT MACKENZIE

AP Foreign Affairs Analyst

Anxious seekers after a remedy to restore peace to our stricken world may find that, after all, there still is healing balm in Gilead.

Support for the belief that another war may be averted comes to us simultaneously from two distinguished sources: President Truman and former President Hoover. Truman, addressing the Inter-American Defence Conference at Quitandinha, Brazil, yesterday, declared:

"We do not believe that present international differences will have to be resolved by armed conflict."

The American Magazine publishes an article by Sidney Shalett in which the writer reports Hoover in an interview said he didn't feel that either Communism or world domination or another world war is inevitable. Shalett added that the former President holds the opinion that economic weapons of the United States will prevail in the end despite a "whole series of Communist revolutions now under way."

And James F. O'Neill, new commander of the American Legion, declared yesterday in New York that while the danger of war can't be overlooked, "the talk of war is exaggerated"—that "there is too much talk of war and not enough talk of peace."

Well, let's talk of peace. What stands in the way of it? The clear answer to that is the great differences between the Russian bloc and the Western democracies. Those differences are based on Communist aggression—on the threat of the Red world revolution which finally is in full swing. Economic crises—some of them in-

volving stark hunger—are plowing many countries of Europe and Asia for the sowing of discord, and are forcing millions to grasp at any straw of hope, or to surrender to forces which they cannot combat.

Truman declared the post-war era "has brought us bitter disappointment and deep concern," and added: "We find that a number of nations are still subjected to a type of foreign domination which we fought to overcome. Many of the remaining peoples of Europe and Asia live under the shadow of armed aggression."

The President said European economic recovery has lagged because of "political fear and uncertainty in addition to the devastation caused by war." Those are some of the things that stand in the way of peace. Unless the existing aggression is eliminated, there will be war and nothing can stop it. It isn't likely to come now, or for years, because the sinews for another global conflict are lacking. But it will eventually in due course—unless that aggression is removed.

What can dissipate these obstacles to peace? Perhaps one answer is to be found in President Truman's assertion that the United States is determined to remain strong to back up a foreign policy based on a desire for permanent peace. Certainly weakness encourages aggression.

Another vastly important aid to peace will be the economic rehabilitation of Europe. Prosperity will provide the strength to withstand political or military aggression. The Marshall plan is calculated to take care of that. America will help the stricken countries rehabilitate themselves through as President Truman pointedly mentioned, our resources are not unlimited.

So we find, after all that there is a chance of averting another world war, if we can remove the "shadow of armed aggression." But if that continues—if small lands continue to fall under "a type of foreign domination which we fought to overcome," then there will be war.

Delegates To

alternates, Mr. King, in a statement, said this was to avoid the possibility that members of opposition parties might find it "embarrassing" to be spokesmen on government policy.

The statement said: "On this occasion only members of the government, members of Parliament who support the government or officials, have been appointed as representatives or alternates."

The delegation will, in this respect, differ from the delegation to the San Francisco Conference in 1945 and the delegations to certain other conferences during the formative stage of the United Nations. Of these delegations, members of opposition parties served as representatives or alternates. "Since the United Nations now has passed through the period during which it was dealing mainly with procedural questions, there is a possibility that political, economic or social questions may arise at the assembly on which members of the opposition parties might find it embarrassing to be spokesmen for the delegation or assembly committee as they would be if they were representatives or alternates."

"For this reason a new category of parliamentary advisers has been established, and members of the opposition parties have been named within this category. "In this way it is made clear that the government, as is its duty, accepts full responsibility for every action of the delegation and does not ask the opposition parties to share this responsibility."

COUNTRY AND DAIRY PRODUCTS PRICES

Montreal, Sept. 3.—Government spot quotations on top grade eggs were from 1/2 to 1c lower in range. Receipts were in good volume, with demand quiet. Export pack were quoted at: A-large, 48; A-medium, 46; A-pullet, 42. There were 14,520 cases of eggs and 1,596 boxes of cheese packed for export, according to the Board of Trade. Open market butter was down 1/2c, while sales at the Commodity Exchange were from 1/2c to 1/4c below Friday's prices. Ontario new potatoes advanced in price. Receipts of potatoes were reported liberal, with demand moderate.

for their parts in the slaying of the 50 officers, including six Canadians, on recapture after the March, 1944, outbreak from Stalag Luft III in Silesia.

The slain Canadians, according to German documents, were: P.O. Henry Brinkland, West Calgary; P.O. Gordon A. Kidder, St. Catharines, Ont.; P.O. George W. Wiley, Windsor, Ont.; P.O. Lt. Patrick W. Langford, Field, B.C.; P.O. Lt. George E. McGill, Toronto, and P.O. Lt. James C. Wenham, Winnipeg.

P.O. Kidder and Sqdn. Ldr. T. G. Kirby-Green of the R.A.F., were shot by a roadside in Czechoslovakia following the prison break.

CANADIAN DAILY NEWSPAPER

Ad RATES

LOWEST in the World and 1/3 Lower than Global Average

Advertising rates for Canadian daily newspapers are one-third lower than the global average according to a recent survey of 78 countries completed by the British Export Trade Advertising Corporation Limited, London, who are interested in rates in all parts of the world.

In any normal comparison of actual cost of space obtained, the Canadian daily newspapers have the lowest advertising rate in the world. Even on the basis of fluctuating rates of exchange (in which there is a discount at present on the pound sterling of approximately 20 per cent in relation to the Canadian dollar, and a premium on the pound sterling of about 20 per cent in relation to the Australian pound), the Canadian newspaper advertising rate is second only to the Australian daily newspaper advertising rate—which condition reverses itself with the re-establishment of parity of currency.

The advertising rates of daily newspapers, weekly newspapers and magazines in these countries were translated into pounds sterling at the official rate of exchange, and the tabulations were based on rates per single column inch application to a contract of 251 inches or 26 insertions.

The comparative cost, expressed as a percentage of United Kingdom costs was as follows for daily newspapers:

British Empire	105
Europe	195
Latin America	90
Middle East	410
Far East	646
Average Overseas	158
United Kingdom	100
Global Average	137
CANADA	86

It is of interest that the British Export Trade Advertising Corporation found daily newspaper advertising also to be the cheapest form of press advertising in Canada. The survey shows the average cost per 1,000 circulation, expressed in pence per single column inch. The rate for daily newspapers in Canada was 1.330 pence; weekly magazines 1.538 pence, and monthly magazines 1.746 pence... five times the cost of using daily newspaper advertising.

The Doctor Says

DISEASE SPREAD BY INFECTED ANIMALS

By William A. O'Brien, M.D.

Patients with Weil's disease (spirochete jaundice) require medical nursing and continuous medical attention to prevent serious complications.

Transfusions of blood from recovered patients and penicillin injections yield the best results in those with severe cases.

H. M. Patterson, M.D., Ala., Hawaii, reports in the Journal of the American Medical Association on his experience with 61 cases of Weil's disease.

All of whom were acutely ill when brought to the hospital. Diagnosis was confirmed by special blood test.

Patients with Weil's disease have an appearance similar to those with moderately severe influenza. They complain of headache, loss of appetite, chills, generalized muscular tenderness, weakness, and excessive fatigue.

Weil's disease is caused by a spirochete which affects the liver, muscles and kidneys. The condition results in jaundice, hemorrhages and, in severe cases, kidney failure.

Commonest source of human infections in Weil's disease is stagnant water which has been contaminated by infected rats. Infectious material gets into the human body through a skin cut, in food or drink through the eyes.

Spirochetes, capable of causing human infection, have been recovered from most varieties of domestic animals, as well as mice, rats, foxes and mongooses. Fish, cleaners, poultry, deer, miners, sewer workers, sugar cane cutters, and workers in rice fields usually are the victims.

How to Avoid Infection

Dr. Patterson warns sugar cane cutters and others who may be exposed to Weil's disease to drink only pure water, protect their hands and face from cuts, wash their hands thoroughly before eating lunch in the field, and to avoid

rubbing their eyes or wiping the sweat from their face with soiled hands.

Patients with Weil's disease should be treated like those with typhoid fever. They need plenty of fluids, a nutritious diet and special oral hygiene. Severely ill patients should receive transfusions of blood from recovered individuals. Penicillin can be given.

Governor E. W. Gibson Of Vermont To Give Address At I.C.S. Supper

Derby Line, Sept. 3.—Governor Ernest W. Gibson, of Vermont, will be the speaker at a special pre-session sponsored by the International Community School, to be held at the Centenary United Church, Stanstead, on Wednesday evening, September 24, according to an announcement by Miss Edna M. Moore, president of the school.

Plans are now underway for the seventh annual sessions of the school that should increase the membership and attendance by a large percentage this year, and the complete details will be announced at this special supper. The increasing amount of interest in adult education plus the reputation of the Boundary group has caused the Governor of Vermont to be willing to come to Stanstead and give a talk at this time. The supper will be given by the ladies of the church, and this means that a very fine meal will be presented to all who can come.

A real campaign for membership in the school is being planned for this year under the capable direction of Mrs. Howard Cass, chairman of the membership committee, and it is expected that full details of the classes and speakers will be ready within the next few days.

Due to the fact that there will not be enough room to take care of everyone, who might wish to attend the supper, the tickets will be rationed to those who are joining the school, so that they will be certain of being able to attend. If extra places are available, the balance of the tickets will be offered to the public.

Governor Gibson is an unusually fine speaker, with a most engaging personality, and his talk alone should attract enough people so that all the seats for this pre-session supper will be taken. A summary of each of the special sections of the school will also be given at the supper, and there will be an opportunity for those who have not already done so to join the school.

While full details are not available at this writing, it is known that Edwin Earle will offer a course entitled, "Art For Everybody," that will give the fundamentals of drawing and painting, and prove that there is fun and pleasure in drawing. This is a course that should appeal to those who like to make pictures, and also appeal to those who have never tried this fascinating and interesting hobby.

Other courses that will be offered are "Planning and Decorating a Home," "Choral Singing," and a special course in "Public Relations," to be conducted by Gordon Beerworth of the "Sherbrooke Daily Record." This course will deal with such things as how to introduce or thank a speaker; how to do advertising for a club or group; how to write up news so that the items will be interesting, and other material of that type.

No announcements have been made regarding speakers, but it is known that several important talks are being arranged, and it is hoped that an announcement can be made very soon.

One important change in the set-up of the school has been planned this fall. There will be speakers on alternate Wednesdays, starting October 1, with the public assembly time devoted to recreation on the other evenings. This arrangement will give more time for the classes, for recreation and also for the speakers.

The membership fees for the

RAMBLING ROUND THE BORDER

The item in this department two weeks ago that spoke of the possibility of building a road skirting the villages so as to avoid the traffic tie-ups that have plagued the merchants of Rock Island and Derby Line this summer, has already caused some local talk. While a few merchants undoubtedly benefit by the summer tourist traffic, the consensus of opinion is that the constant line up of cars makes it impossible for local people to park and do their trading and that makes the merchants lose more than they gain. With traffic during July and August running at the rate of about a thousand cars per day each way, it is impossible for the Customs and Immigration on either side of the Border to take care of them rapidly enough to relieve the congestion and at the same time do their jobs properly. At the same time, local people wishing to cross the Boundary find it a difficult task and frequently are held in line themselves. While a road might be rather costly, it would benefit not only the local people but also the tourists themselves; those who were travelling through to some other point would find it possible to pass through the Customs more rapidly and would not be held up for the considerable amount of local traffic that at present must be taken care of. In any event, the possibility of a through road is one worth thinking about and one that the local Chamber of Commerce might find it worth while to investigate.

Claude Willard, Roland Roy and Earl Heath went to Montreal in connection with the forthcoming Rotary Fair, and said on their return that there seemed to be more American cars on the streets than Canadian. In almost every "No Parking" zone there would be a number of cars with licenses from one or another of the forty-eight States.

Incidentally supplies for the Rotary Fair proved to be a bit easier to get this year. During the trip, arrangements were made for shirts, dolls, toys and china, and a considerable amount of merchandise has already arrived, including some excellent blankets. With all the special merchandise, plus a vacuum cleaner, \$100 in credit at any store in the Boundary district, a refrigerator, and other items, there will be a grand choice of prizes this year that certainly should please the public. An extra special prize that will be offered at the Rotary Fair this year will be a sweater, knit to measure, by Mrs. Norby, that should prove to be a real drawing card. If the success of the Fair can be based on the success of the Rotary Children's Camp this summer, September 18, 19 and 20 should see the largest crowds yet at the Rock Island Armory. The slogan of the Rotary Fair, "Fun For All and All For Charity," really means what it says.

Miss Edna M. Moore has kept the various committees busy making plans for the fall sessions of the International Community School, which starts with a special pre-session supper at the Centenary United Church at Stanstead, Wednesday, September 24th, with the Governor of Vermont, Ernest W. Gibson, the speaker. The full plans should be ready next week, and they should cause a very large number of persons to join the school. One event that is being kept under cover for the present, is a really special program for the closing night, December 3. This much can be told, it will be held at the Haskell Opera House and everyone will want to come!

The Village of Derby Line has installed a new fire-alarm on the roof of the Village Hall, replacing the horn on the roof of Ames Garage. For some time, this horn was sounded each evening at 6 p.m. On one evening, a car drove into the United States Customs, at Derby Line, from the South. The driver got out and said, "I'm sorry I went by without reporting but I came back as soon as you blew that horn at me!"

The swimming project at Lake Salem, Derby, sponsored by the Frontier Community Center, proved to be highly successful. Mr. Donald Rose, during his visit to the project, said that it was one of the best managed affairs he had seen. Both of the instructors, Miss Gwynn MacHarg and "Bud" Fuller, passed tests given by Mr. Rose, and were highly complimented upon their teaching methods and the results obtained. A full list of those who obtained certificates and

school this year will be \$2, and the tickets for the supper will be \$1 each.

Community School Committees Are Announced For 1947 Fall Sessions

Derby Line, Sept. 3.—Miss Edna M. Moore, president of the International Community School, has announced the various committees for the forthcoming fall sessions of the school. Plans are underway for new and different interest groups this year, and every effort is being made to make certain that there will be something to appeal to all tastes.

The officers for 1947 are: Miss Edna Moore, Derby Line, president; vice-president, Miss Catherine MacKenzie, Stanstead; second vice-president, Earl V. Kennedy, Beebe; secretary-treasurer, Miss Madeline Posson, Rock Island; registrar, Mrs. Howard Cass, Beebe; assistant registrar, Philip Dustin, Derby Line.

The committees are as follows: Curriculum: Rev. E. C. Amaron, Stanstead, chairman; Mrs. Byron Brown, Stanstead; Rev. Armand Fortin, Derby Line; and A. P. Joly, Derby; public assembly, chairman, Gordon Beerworth, Sherbrooke; F. Poukes, Stanstead; Miss Elsie McIntosh, Stanstead; and G. Earl Heath, Derby Line. Recreation: Mrs. E. C. Amaron, Stanstead, chairman; Miss Ethel Nesbitt, Stanstead; Mrs. Carroll Aldrich, Derby Line; John Gilmore, Rock Island; and Lloyd McPherson, Stanstead; publicity, G. Earl Heath, Derby; and Gordon Beerworth, Sherbrooke; membership, Mrs. Howard Cass, Beebe; chairman, Earl V. Kennedy, Beebe; Miss Laura Stone, Newport; Miss Aline Richard, Rock Island; Miss Alice Ayer, Rock Island; Edwin Earle, Derby Line; Ernest C. Finch, Beebe; Mrs. Dalton Downing, Stanstead; Albert Fregeau, Rock Island; Rev. C. R. Stetson, Derby Line; Stuart Edgar, Beebe; Miss Catherine MacKenzie, Stanstead; and G. Earl Heath, Derby Line.

Plans are underway for an intensive membership drive to start the week of September 8, by which time it is expected that the plans for the school will be complete.

ENGLISH BONE CHINA AT THE ROTARY FAIR

There will be a plentiful supply of genuine English Bone China cups and saucers at the forthcoming third annual Rotary Fair, to be held at the Rock Island Armory, Thursday, Friday and Saturday, September 18, 19 and 20. Claude Willard, president of the Rotary Club of the Boundary and chairman of the Fair, started early and the supply of this scarce and much wanted item has already arrived. At the Fair in 1946 there was a limited supply of English China cups and saucers and they went like the proverbial hot cakes. This year, the club has managed to secure a larger supply and a whole booth will be devoted to them. Certainly this will be a booth that will attract all the ladies of the boundary district.

China is not the only item that will appeal to the public, however, for every effort has been made to get a supply of other attractive, appealing and valuable items for this gala event. There will be some of the most beautiful dolls on hand for the girls, and a supply of trucks and cars for the boys, all planned to make a booth that will

a final list of those who donated to this fine effort will be ready and published soon. Congratulations are due to all who took part.

Among cars reporting at the Customs offices this summer have been autos from Cuba, Canal Zone, Porto Rico and Hawaii, as well as from every province in Canada and every state in the United States.

DOROTHY DIX

Wise Mother

Unwed Woman Would Be Smarter To Live Among Strangers

Dear Miss Dix: I am a young woman, the mother of an illegitimate son who is only a few months old and who is just my whole life. The father, a soldier, refuses to marry me. My problem is this:

Only a few close friends know I have this child. They are urging me to leave town and go to another big city many miles from here and start all over again and telling all that I am a widow. I have heard of other women doing what my friends want me to do and it worked. I have a friend, who is a good lawyer, who can fix up a birth certificate as it should be fixed, giving the child and me the father's name.

DOROTHY DIX

GOOD IDEA

Answer: Yours is one of the tragic problems to which neither I nor anyone else can find a happy solution. For our blunders and our mistakes and our sins we always have to pay. And the price is our hearts' blood.

I think the advice your friends give you to go away to a large city where you are not known and begin your life over again there, is very good. Strangers never have the morbid curiosity about our affairs that people have who know us, and this is especially true in a large city. There you will be just one of many young women with a baby, and the baby's parents will not be of the slightest interest to anyone; whereas at your own home it will be a morsel of gossip that they would chew on for years.

But don't make the mistake of calling yourself and the child by your faithless lover's name. You have no legal right to use it and it can bring about all sorts of complications. For sooner or later you will be sure to run across people you have known and if you call yourself Mary Smith while your real name is Mary Jones, they may mention it to your employer and he will want to know why you are masquerading under a false name, whereas if you use your own name, there is nothing of interest to be said about it.

Dear Dorothy Dix: My wife and I are very happy together, and there would be no fly in our ointment except for the woman who lives downstairs in our apartment house and makes it a daily practice to come up and tell my wife how to rear our baby and run our home. She, being an ex-Wac, seems to think she has a right to order us about. My wife, being very amiable and good-natured, takes it but it gets my goat.

FED UP.

Answer: I don't see any reason for suffering persecutions from the lady with the top sergeant complex. My advice to you is to tell her that your apartment is out of bounds for her and to keep out of it.

But in these times when living quarters are so hard to get, sometimes it is better to put up with a nosy neighbor than it is to have your lease cancelled.

Dear Miss Dix: I am a boy 20 on my own since I was 15. My problem is that I don't get along with girls of my own age, but I have no difficulty in getting chummy with girls much older than myself.

Do you think it advisable for me to continue to go out with older people, or should I try to get down with the younger set, as I would like to marry and settle down?

R. C. B.

Answer: Probably the reason that you find older girls more congenial than the bobby-soxers is because, having had to make your living since you were very young, you have matured early and are older than your age and have nothing in common with the youngsters who are still children. You would not find kids, who are still in school, congenial, so continue to go with girls who interest you and have something to teach you.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

GRANBY FAIR OPENS TOMORROW FOR 3 BIG DAYS AND NIGHTS

Busy Program Planned For Big Granby Fair Opening Tomorrow

Staging a gala finale to the season of three-day fall fairs throughout the Eastern Townships the big 41st annual Granby Fair will get under way on Thursday morning, to run a busy and complete day and night program that will last until midnight on Saturday night, when the final curtain will drop on the last of the big exhibitions of the Eastern Townships for the 1947 season.

Everything is ready for a grand and glorious welcome to the thousands who are expected to attend this 41st anniversary exhibition arranged by the Granby Horticultural Society, and full stress is being placed on the exceptionally fine displays of horticulture, cookery, children's work and home-crafts always shown at the Granby Fair.

Focusing the attention of the fairgoers on entertainment, Granby Fair will this year have an exceptional program of amusements, stage shows, band music and all the glamour and excitement of a great county fair, with a brand new midway in attendance, and the great George Hamid "Grandstand Frolics" of four big feature acts and several surprise numbers on the stage afternoon and evening, music by the Granby Harmony Band, and two full days of racing, scheduled for Friday and Saturday afternoons.

An all-new midway, billed as "the Modern Cavalcade of Mirth," will be presented at the Granby Fair by the Daniels Greater Shows, who are bringing one of the most

entertaining midways to the fair that has ever been presented in the Eastern Townships. Among the many thrilling rides are the merry-go-round, Frolics, Roll-o-plane's, Spitfire, Lindy Loop and Ferris Wheel, while the sensational shows include the tantalizing Adorables in the Paradise Revue, The Wild Life Exhibit, Perryland and the Palace of Wonders.

A splendid Horticultural Building is well worth a visit, and is a "must" on the list for everyone who wants to see the greatest collection of fruits, vegetables, dairy and maple products ever assembled under one roof.

Granby Fair will open bright and early tomorrow morning, with fairgoers from all parts of the Townships as eager to visit one of the fastest growing and most modern cities of the province as they are to see the great attractions of the big Granby Fair, and Granby citizens doubly anxious to receive them for the three days and nights, showing them a great fair in a great city, whose mayor is Lt.-Col. P. Horace Boivin, president and general manager of one of Granby's leading industries.

With stress laid on the gala entertainment fare provided for fairgoers at Granby Exhibition, there is much to see and much to do during the three days and nights. Granby Harmony Band will be on hand every afternoon and evening to keep things humming with their splendid concerts, and also accompany the stage attractions. Farm machinery exhibits will be seen

RACING TO BE BIG FEATURE OF GRANBY FAIR

Drawing the attention of racing fans throughout the Eastern Townships to the splendid purse and exceptional race card arranged for the big 41st annual Granby Fair, the Directors of the Fair state that some of the best horses in the Townships and from other parts of Canada will compete in the six big events carded for the two days of harness racing at the Granby Fair on Friday and Saturday.

That well-known racing figure, Raoul Deragon, of Waterloo, is in charge of the racing program at the Granby Fair this year, and he has some top-flight horses and drivers scheduled to appear on the big two-day program. Burt Osgood, who is one of the best-known starters in the business, will again officiate in that capacity throughout the Granby Fair.

Races on the program, for a total of \$1050, in purses are as follows, 3 classes each day:

Friday, September 5: Classified Race, for a \$100 purse, the 2:27 Trot and Pace, for a \$150 purse, and the 2:16 Trot and Pace for a \$200 purse.

Saturday, September 6th: 2:22 Trot and Pace, will have \$200 in prize money, and the 2:19 Trot and Pace will also have a similar total purse, while the main event of the two-day card, and feature events for the final day's harness program will be the Free-For-All for a \$200 purse.

MAYOR OF GRANBY EXTENDS A WELCOME

As Mayor of the City of Granby, May I extend a hearty welcome to all visiting the Annual Granby Fair. I would like to take this occasion to congratulate the officers and directors of the Granby Horticultural Society for their good work.

The annual Fair brings many visitors to our city and deserves the support of our citizens.
P. HORACE BOIVIN,
Mayor of the City of Granby.

High Act At The Granby Fair

It took a lot of hard work and perseverance for The Three Barretts, native New Englanders, to perfect the intricate stunts of their high tower bar act which will be seen at the Granby Fair on September 4-5-6.

With absolutely no background in the performer field the three young, clean-cut, American boys worked out with their own routines which today include the most daring and most difficult feats ever attempted by a high act.

Their stunts of acrobatic proficiency would be sensational on an ordinary stage, but performing on a towering structure, 100 feet above the ground, they are both daring and death-defying.

They perform at the very top of the rigging and build human pyramids three-high while they disdain the use of safety nets or any other type of safety device.

The Three Barretts have been secured for appearances at the Granby Fair through George A. Hamid, Inc.

GLENBURN

Mrs. Hugh Savage and son, Mr. Wyatt Savage, and Mr. and Mrs. Walter Blodgett attended the Fair at Ayer's Cliff.

Mr. and Mrs. Walter Blodgett were evening guests of Mrs. Blodgett's cousin, Mrs. M. Mandigo, and Mr. and Mrs. Roarke, of Ont., who was the guest of Mrs. Mandigo, in Sherbrooke.

Mr. and Mrs. Ivan Herring, of Bulwer, were guests of Mrs. Herring's parents, Mr. and Mrs. Allison Blodgett, Sr.

Mrs. Hugh Savage spent the week-end in Sherbrooke with her daughters.

Mr. and Mrs. Earl Wells and children, Mr. and Mrs. Charles Gordon and children and Miss Mary Savage, all of Sherbrooke, were evening guests of their parents, Mr. and Mrs. Hugh Savage, on the occasion of Mrs. Savage's birthday.

Mr. and Mrs. A. Pope, of Cookshire, were evening guests of Mr. and Mrs. Allison Blodgett, Jr.

Mr. and Mrs. Arthur Collin were calling on friends at Bishopton. While in Sherbrooke, Mrs. A. Collins called on Mrs. Ida Smith, at the Sherbrooke Hospital, and on Mr. Lloyd Bishop, of Bishopton.

Mrs. Pearl Farley and Mr. and Mrs. Earl Farley and daughter, all of Rock Island, were week-end

this year, and electrical appliances will be shown by the Southern Canada Power Company Limited, whose huge Westinghouse mobile exhibit will be on the grounds throughout the fair.

Granby Fair is unique in the fact that the grandstand structure also serves as Exhibition Hall, with the attractive displays of horticulture and home crafts arrayed on the two spacious floors where fairgoers may inspect and admire the various exhibits at their leisure. Here, too, is the exhibition office, where President Clayton Ball and his staff preside over the bustling activities of Granby's annual fair.

Racing is a big feature of Granby Fair, and the fair board offers some of the best purses in the entire county fair circuit, with \$1,650 up for two big days of racing on Friday and Saturday. At Granby, too, there are three races on the card each of the two afternoons, providing race fans with nine exciting heats, every heat being a race, so that a full afternoon of harness racing can be assured. Raoul Deragon, president of Waterloo Fair, has been named to again take charge of the races at Granby Fair and he assures fairgoers of some of the best racing of the entire season for Granby's two-day track card. Burt Osgood, the familiar and popular "presider" in the judges' stand, will also be on deck to officiate in his able capacity as starter.

Brought to Granby direct from New York City, this year's George Hamid stage attractions will be truly outstanding, presenting four of the best thrill acts in the entertainment field today. Representing the pick of the lot, the grandstand Frolics this year will emphasize quality instead of quantity, and instead of a dozen or so minor acts will offer four of the finest and most sensational, breath-taking stage acts ever seen in Canada, combining comedy, spectacular displays, hair-raising high acts and circus acrobats, with a number of specialties thrown in to round out a complete program of entertainment such as Granby has never seen. On the program will be the Juggling Jewels, the Three Barretts, Green and Dooley, and the Vespers, every one a big-name act from the big-time circuits, coming to Granby for their second and final Canadian appearance, having only been seen at the Brome Fair this year, and with the exception of the Juggling Jewels, whose three previous engagements at the Sherbrooke Exhibition brought them such acclaim that they were brought back again and again by request, the Granby Fair stage acts will be making their first Canadian tour, brought exclusively to the Brome and Granby fairs.

BIG RACE PROGRAM AND STAGE SHOW FEATURED AT GRANBY

Outstanding Grandstand Show Will Be Seen At Granby Fair This Year

Never before have such outstanding acts appeared at a county fair as the Juggling Jewels, the Vespers, the Three Barretts and Green and Dooley who come to Granby Fair this year to provide the great George Hamid stage show.

Usually only seen at the big United States exhibitions and fairs, and at only a very few of the largest Canadian exhibitions and amusement parks, the four big-name acts have been secured at great expense by the management to appear in the "Grandstand Frolies" at the Granby Fair.

It is a stage show without equal on the entire Eastern Townships County Fairs Association circuit, and Brome and Granby fairs are the only two fairs co-operating to bring such outstanding acts to Townships fairgoers this year. Usually the fair will offer an eight or ten act show with a number of good attractions but none of which have reached big-time rating such as the four acts which are coming to Granby Fair, and

EAST CLIFTON

The school house was the scene of a very pleasant event when the "Busy Bees" entertained at a miscellaneous shower in honor of Miss Elva Rowell, a bride-to-be. She was taken by surprise, upon her arrival to find the school house filled with relatives and friends and so prettily decorated in the colours of the rainbow. She was escorted to a decorated chair and the presentation was made by the president, Mrs. Leta Cairns. After the gifts had been opened by Miss Rowell, assisted by her great-aunt, Mrs. Ettra McVetty, and admired by all, she expressed her appreciation in a few well chosen words and invited all to visit her in her new home. A social hour was then enjoyed, after which refreshments were served by the "Busy Bees" with the guest of honor seated at a very prettily decorated table.

Guests of Mr. and Mrs. Frank Barber were Mr. and Mrs. R. G. Elliott and Miss Louise Elliott, of Cookshire; Mr. and Mrs. Feeny and family, of Newark, Delaware; Sgt. and Mrs. Paul Elliott, of Toronto, Ont.; and Mr. and Mrs. Alfred Elliott, of Longueuil.

Mr. and Mrs. Joel Bellam, of Lennoxville, and Mrs. Edith Bellam, of Beebe, were guests of Mr. and Mrs. James Parkinson and other relatives and friends.

Mr. and Mrs. Frank McConnell and sons, Malcolm and Willis, were visitors in Colebrook, N. H.

Ventriloquist Act At Granby Fair

"Funzapoppin'" when Dooley, the dummy, vocalizes, at the time when his ventriloquist-master, Green, may be half a block away exploring the contents of some lady's purse, with her permission of course. Come and meet them at the Granby Fair.

Dooley, who performs his unusual feat through master Green's ingenious remote control, makes this act one of the most novel and unusual to be shown at the Granby Fair, and will appear on Thursday, Friday and Saturday, September 4-5-6.

Green and Dooley practise the ordinary and expected ventriloquist offering for only a short while before presenting their own original innovations and entertainment unique in the entertainment field.

Leaving the dummy perched on a pedestal on the stage, Green roams through the audience to finger preferred personal articles which he asks Dooley, the glass-eyed dummy, to name. Never at a loss for words, Dooley unfailingly gives the correct answer and frequently throws in a few hilarious remarks which may or may not have something to do with the business at hand.

Green and Dooley's offering consisting of ventriloquism, remote control and audience participation provides as much entertainment value as ordinarily would be found in a whole show. Nearly every member of the audience who wishes can participate in the performance. The always obliging Dooley will tell them the serial numbers of money in their pockets, the time, or will describe any receipts they may have in their pockets. It's a fun show — a full show in itself.

EXCEPTIONAL ENTERTAINMENT PROGRAM FOR GRANBY FAIR

Officers Of Granby Horticultural Society Have Planned Big Event

Organized by the Granby Horticultural Society of the County of Sherbrooke, incorporated in 1905, the big 41st annual Granby Fair will open on Thursday for three entertainment-packed days and nights of unusual activity.

Much hard work and careful planning has been given by the board of directors and officials of the Granby Horticultural Society to arrange this big 41st anniversary event, and advance notices indicate that one of the greatest fairs in the history of the organization will be held on the Granby Fairgrounds this week.

Exhibits will be in place early on

Thursday morning, featuring the finest agricultural and horticultural displays in the county, and many special features and attractions have been arranged for the entertainment of fairgoers, with considerable attention focused on the racing program, which will highlight the three-day fair.

OBITUARIES

MRS. MALCOLM A. SMITH, OF EAST ANGUS

East Angus, Sept. 3.—After many years of ill health, culminating in a prolonged illness, there entered into rest on July 29, Mrs. Malcolm A. Smith, at her home in East Angus, in her eightieth year.

Mrs. Smith, whose maiden name was Augusta Alberta Helen Dorman, was born in Bury, on January 6, 1868, the daughter of Thomas Dorman and his wife, Caroline Parsons.

She was a member of one of the old pioneer families of the Eastern Townships. Her grandfather and grandmother took up land about five miles from Bury, on the road to Scottstown, known as the Victoria Road. Here they cleared their land, built a log cabin and made a home for themselves and their eight children.

Their eldest son, Thomas, married Caroline Parsons, a girl whose parents had also come from England, at the same time as his own. This couple settled on a farm on the outskirts of the township of Bury, in what is known locally as the "Knicky-Knicky" neighbourhood. Here they raised their family of nine children, of which Mrs. Smith was the next to the last surviving member.

It is interesting to note that this farm has been occupied by members of the Dorman family for four generations and is presently owned and occupied by Chester A. Smyth, a great-grandson of Thomas Dorman.

In her early teens, Augusta Dorman married Malcolm A. Smith, and went to live in the Township of Hampden, near Scottstown, later moving to Scottstown, where they lived for a few years.

In 1903 they moved to a farm in Newport Township, near Mrs. Smith's parental home. Here they lived until shortly after the death of their son, Roland, in 1921.

In 1924 they took over the "Valley House" at North Hatley, where they lived until the death of Mr. Smith, in June 1933, following which she went to live with her youngest daughter, Mrs. Alden Wilson, in East Angus, where her health, never robust, steadily declined, until she became practically an invalid. During all these years, her daughter ministered to her every need, with unfailing kindness and devotion.

She had a family of five children, the eldest, a son, died in infancy; another son Roland died in September 1921, in his early manhood. This was a severe blow to his mother to whom he was always a kind and devoted son.

Surviving are two daughters and one son, Mrs. Stanley Herring, Lottie, of Bury; Mrs. Alden Wilson, Lila, of East Angus; and Rupert M. of Grandview, Man.; who was unable to come home for his mother's funeral. She also leaves eight grandchildren, Roland, Arlene, Adam, Alden and Edward Smith, of Grandview, Man.; Lyle Herring, of Bury; and Mrs. Ralph Orrall, Amelia Herring, of Brunswick, Me.; five great-grandchildren, Misses Norma and Fern Herring, of Bishopton; and Eric, Kenneth and Ashton, of Bury.

The funeral which was largely attended was held on Thursday, July 31, from her late residence,

Juggling Jewels At Granby Fair

Tossing a variety of objects into the air, individually and in unison, in a master exhibition of juggling is the accomplishment of the Juggling Jewels who will be among the featured performers at the Granby Fair on September 4-5-6. Few troupes of jugglers have attained the tremendous popularity that has been accorded to the Juggling Jewels in their numerous appearances throughout the United States and Canada.

The illuminated clubs number one of the most attractive juggling routines ever presented on the stage. The stage lights are dimmed, leaving only the light emanating from the translucent clubs as the Jewels keep them moving from one to the other in a rapid manner. With the clubs and other props they perform the group routines for which they are famous.

With the inclusion of the Juggling Jewels at the Granby Fair the management feels sure that this year's entertainment will rank with the finest it has ever been privileged to present.

where prayers were said, to Christ's Church, East Angus, and thence to Bury, for interment in the family lot.

The service was conducted by the Rev. G. Robins. Favorite hymns of the deceased were sung, "Lead Kindly Light" and "On the Resurrection Morning" while Messrs. Channing Barlow, Albert Bellevue, Alphonse Roberge and George Rowley were the bearers.

A profusion of beautiful flowers, covered the casket, mirth tokens of the love, esteem and sympathy of the donors.

In the various places where Mrs. Smith had made her home,

her pleasing personality won for her many lasting friends, and in the more intimate circle of her friends, she will ever be remembered for her gracious and kindly disposition, her loyalty and sympathetic understanding.

Among those who attended the funeral from a distance were Mr. and Mrs. Lyle Herring and Norma and Fern, of Bishopton; Mr. and Mrs. Elvin Herring, Mr. D. Smith, and Mr. and Mrs. George Parsons, of Bury; Mrs. Ralph Orrall, of Brunswick, Me.; Mr. Alex. Morrison and Mrs. Mary Smith, of Canterbury; Mrs. Stanley Herring, of Bury; Miss Mary Smith,

of Sherbrooke; Mrs. Philip Scowen, of North Hatley; Mrs. Clayton McCormick, of Cowansville; Mrs. Harry Scott and Miss Lena Scott, of Pittsburg, N. H.; and Mr. and Mrs. James McVetty, of Lennoxville.

MR. J. RAVENELLE, OF BEDFORD

Bedford, Sept. 3.—The funeral of Mr. J. Ravenelle, who died on Thursday, August 21, at the hospital of the Grey Nuns, in Granby, where he had been a patient for seven weeks, was held on Saturday morning, August 23, from his late residence on Church Street to the parish church of St. Damien.

The officiating priests were the Rev. Father Cournoyer and the Rev. Father Palmer.

Mr. Ravenelle, who was in his twenty-third year had been a resident of Bedford for some years. He came here from St. Pie and was engaged in the bakery business. After his retirement he purchased a home on Church Street.

He was in good health until some months ago, when he became ill. Mr. Ravenelle failed rapidly.

In addition to his wife, he is survived by two sons residing in Bedford, and one son in Burlington, Vt., two daughters, of Granby; and a daughter, a member of a religious order in Montreal.

Interment was made in the Roman Catholic Cemetery, in Bedford.

MR. GEORGE FREDERICK BAKER, OF FARNHAM

Farnham, Sept. 3.—Mr. George Frederick Baker, retired C. P. R. engineer, of Farnham, passed away at the Private Patients' Pavilion of the Montreal General Hospital, on Aug. 7.

The funeral service was held at the Chapel of Joseph C. Wray and Brother, Mountain Street, Montreal, on Sunday, August 9, at 3 p. m., with Canon R. G. Asch, of Farnham, officiating.

Interment took place in the Mount Royal Cemetery.

Mr. Baker was employed by the Canadian Pacific Railway Company for thirty-nine years and was forced to retire in January 1946 due to ill health. Although in failing health for some time the end came unexpectedly. He suffered a heart attack on August 4 and was removed to the hospital, where he died shortly afterwards. He leaves to mourn his passing his wife, the former Ethel Coons, of Farnham; two brothers, William, of Montreal and James, of Richmond; one sister, Miss Tillie Baker, R. N., of New York; five nephews and one niece.

He was a member of Farnham Brome Lodge, A.F. and A.M., No. 24; Missisquoi Lodge, No. 1003, Farnham; and the Brotherhood of Locomotive Firemen Engineers.

Eastman Lodge, No. 184; White Rose Chapter, O.E.S., No. 32, and Yamaska Rebekah Lodge, No. 10. Many telegrams and messages of sympathy were received and the beautiful flowers were a silent tribute of the high esteem in which the deceased was held by all who knew him.

MR. ARTHUR H. MERRITT

Phillipsburg, Sept. 3.—This community was shocked by the passing on Wednesday, August 13, of Mr. Arthur H. Merritt, after a brief illness.

He was born at St. Armand on October 4, 1877, and lived his entire life in this community. He was the youngest son of the late Almon Merritt and his wife Fanniah Tipping.

He joined the staff of the Canadian Customs and was the collector of customs here, at Phillipsburg, for a number of years, retiring about four years ago.

The funeral service was conducted by the Rev. D. Andrews and burial took place in the family lot in the Phillipsburg Cemetery.

The bearers were Messrs. Clifford Dean, R. Dupuis, M. Young, John Deuel, W. H. Crothers and James Smith.

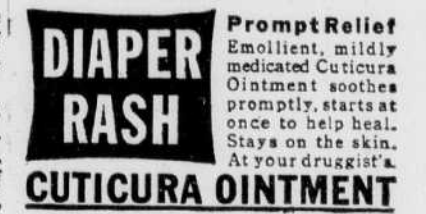

Relatives from a distance attending the funeral were Mrs. Selby Knight, of Kingston, Mass.; Miss Helen Merritt, of Burlington, Vt., and Mrs. C. Vopava, of Malone, N. Y.

TRADE GROUP HELD SESSION IN RICHMOND

Richmond, Sept. 3.—The executive of the Richmond Junior Chamber of Commerce met recently to draw up plans for their program for the year 1947-48. If one can judge by the enthusiasm displayed by the organizers in presenting their projects for consideration, the year will be most fruitful.

The meeting, at which George Tremblay presided, proceeded to form the principal committees. The program for the official inauguration and the activities for September were also elaborated.

The publication of the Chamber called "L'Esclaireur" will be controlled by a committee of five, with Jean Paul Brouillette, the chairman, and he will, with the aid of his colleagues, work to maintain the good reputation of this monthly journal.

The Industrial and Civic Committees have been joined, with Roger Trudeau directing the activities of this new committee, which is one of the most important, occupying itself in the matters related to the interests of the town.

The Committee of Social Welfare will sponsor the organization of the Christmas Seal Campaign, and will study the possibilities of having in our community public playgrounds for the children, and the foundation of a local association for youth welfare. Dr. Paul Archambault will be chairman of these activities. The Christmas Seal campaign will be directed jointly by Dr. P. Archambault and E. S. Cogan, who will publish later the plan drawn up for this coming campaign.

The committee to organize various diversions for the Chamber will again be led by the devoted G. H. Brouillette, who made such a signal success of the activities in the past, and he promises us some new projects in the coming year. The first item on his program is the participation in the "Street Fair" of the Richmond Branch of the Canadian Legion, which will be held on September 13. A. McDonald and A. Hebert will be in charge of the booth of the Chamber of Commerce.

The Reception Committee will be again under the direction of Rene Latour who will devote himself to ensuring that our guests are royally received.

The campaign for membership will be in the hands of a new organizer, O. Guimond, who will strive to surpass all past records.

Visits to other Chambers of Commerce and to industrial plants are again on the program. Former President, J. P. Brouillette, will conduct the members on these trips here and there to give them a chance to improve their acquaintance with industry and to make many new friends.

The executive will be sworn in on September 22, and people of the town in general, as well as our members, are invited to attend this ceremony. The regular meeting will be held immediately afterwards, and there will also be a presentation of films taken at the Congresses in Victoriaville and Levis. It should also be very interesting. Do not forget the date, September 22nd.

SPENCE CLARK WINS COUNTRY CLUB GOLF CHAMPIONSHIP

Edges Out Phil Robins, One Up, After Trailing 4 Down At Turn

Spence Clark edged out Phil Robins, last year's champion, one up in the 36-hole final playoff for the club championship of the Sherbrooke Country Club.

Clark, who made a gallant comeback to capture the crown for the current year, was trailing Robins two down at the end of the first 18 holes, and at the end of the 27th hole was four down to Robins, with the last nine left to play. On the back nine Clark posted a 37, one over par, to overcome Robins' lead and come through the winner after a hard fought battle. This was the second year that Robins reached the finals. Last season he eliminated Arnold Baker in the final for the crown.

Hank Sauer Voted International League's Most Valuable Player

New York, Sept. 3.—Hank Sauer, fence-busting outfielder of Syracuse Chiefs, has been named the International League's most valuable player for 1947. Lloyd McGowan, president of the Circuit's Baseball Writers' Association, announced today.

Sauer, who leads the league in hitting and runs batted in, was the first choice of 29 of the 32 writers who participated in the poll. He received 250 points out of a possible 266. Sauer is batting at a .334 clip and has belted 49 home runs and batted in 105 runs. The Syracuse star also was named on every ballot for an outfield berth on the International League's 1947 All Star team announced today. Sauer received 32 votes while his all-star outfield teammates, Howie Moss, of Baltimore, the league's home run leader with 52, and Dutch Mele, of the Chiefs, received 13 and nine votes, respectively.

Roy Campanella, Montreal's Negro catcher, won the backstop position almost as easily, gaining 31 out of 32 votes.

The remainder of the All-Star

team is composed of Ed Stevens, Montreal, first base; Burgess Whitehead, Jersey City, second base; Oscar Grimes, Toronto, third base; Tom Stallcup, Jersey City, shortstop; and Ed Heusser, Montreal, and Bob Kuzava, Baltimore, pitchers.

In the most valuable player poll Stallcup was second, garnering 193 votes with Heusser, veteran righthander who won 12 straight games to set a Montreal club record, third with 95.

Each first-place vote counted eight points, with seven for second, six for third and five for fourth.

Rounding out the first 10 are Moss 91; Luke Hamlin, Toronto, 73; Jack Graham, Jersey City, 65; Ed Stevens, Montreal, 52; Nippy Jones, Rochester, 45; Anse Moore, Buffalo, 43; and Al Clark, Newark, 40.

Campanella and Chet Laabs, of Buffalo, were tied for 12th with 25 points followed by Grimes, of Toronto, with 24.

Matt Batts, of the Leafs, received honorable mention as did Royal players Jack Banta, Earl Naylor and Al Campanis.

JERSEY CITY CLOSSES GAP ON MONTREAL

For the first time since early May Jersey City Giants can take over first place in the International League tonight provided they defeat the Bears in Newark while the league-leading Montreal Royals get tripped up by Rochester Red Wings.

Following last night's games, the scrappy Little Giants edged within a half game of the Royals by knocking off the Bears 12-4 while Montreal was held to a scoreless five-inning tie by Buffalo.

A heavy downpour ended the night pitching duel between the Bears' Tex Shirley and Al Gerheuser of the Royals with one out in the last half of the sixth. When it was found impossible to continue, the score reversed back to the end of the fifth at 0-0. It was the final game between the two teams and therefore cannot be replayed.

The Giants have five more games left while the Royals have seven.

Jersey City walloped three Newark hurlers last night for 19 blows in winning 12-4 with Jack Graham collecting his 32nd home run of the season. Les Layton also homered for the Giants to tie their club record total of 128 set by the 1932 club, Frank Coleman.

His two round trippers for the Bears to give them 149 for the season and a club record. The old mark, set by the 1938 team, was 147.

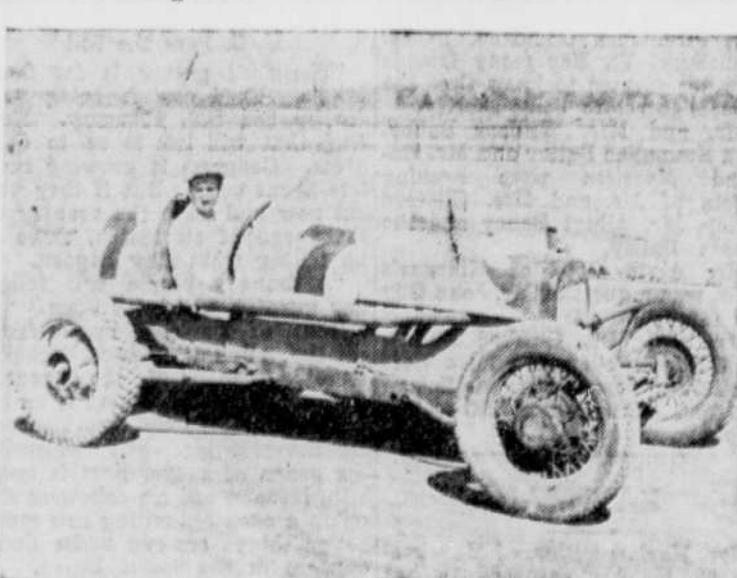

Baltimore rattled 14 hits off three Syracuse pitchers to romp to a 9-1 victory behind the three-pitching of George Hooks.

Babe Dahlgren hit his 18th home run for the Orioles.

Rochester and Toronto were not scheduled.

ROYALS MAY GO TO OLYMPICS NEXT WINTER

Montreal, Sept. 3.—The possibility arose today that Canada might be represented in hockey at the 1948 Olympic Games by Montreal Royals, the Allan Cup champions, but there were provisions involved in the club's acceptance of a bid that seemed to tip the scales in the other direction.

Gus Ogilvie, manager of the Royals, said last night that the club would travel to Switzerland to compete in the Olympics providing arrangements could be made where they could obtain a layover in the Quebec Senior Hockey League Schedule.

Ogilvie said Royals would have to be given a period of grace allowing them to fly to Europe, compete in the Olympic Games and fly back. His announcement followed the disclosure in London by George Dudley, secretary-manager of the Canadian Amateur Hockey Association, that the Royals had been given a bid to the Olympics.

Dudley expressed belief, in making the announcement, that Royals would not find it possible to make the journey to Europe, nor would any other top line team. The C.A.H.A. officials said that the time involved would mean too great a revamping of schedules for top teams to consider the proposal.

His views were paralleled by those expressed by George Slater, president of the Quebec Senior Hockey League. Slater said it would be up to the other teams in the Q.S.H.L. to give an okay to Royals taking time out to make the Olympic trip.

"They would have to vote on it," he added, "and to be quite frank I don't see where Royals would have two weeks to spare. They have a 50-game schedule confronting them this winter, which doesn't allow them any time for travelling to Europe."

The invitation to Royals occasioned some surprise since the team's status had been under question as a result of the strict amateur definition of an amateur. Some months ago Frank Selke, general manager of the Forum, said he couldn't see how Royals could compete in the Olympics because they were not amateurs but players who played hockey for money.

John Bromwich, Australian Davis Cupper, heads the men's foreign seedings.

Margaret Osborne, of San Francisco, favored to win the women's title vacated by Pauline Betz when she turned pro, is seeded first among the feminine entrants.

In the men's parings James Macken, of Montreal, drew William Vogt, of Drexel Hill, Pa., for their first round upper bracket match. Brendan Macken and Henri Rochon of Montreal, both drew first-round byes.

Brendan meets Enrique Monera, of Argentina, in a second round upper bracket match, while Rochon takes on Jacques Peten, of Belgium, in the lower bracket.

In the women's first round, upper bracket, Elaine Fildes, of Montreal, plays Beverly Baker, of Santa Monica, Calif., and Jean Burritt, of Toronto, clashes with Mrs. Nancy Bolton, of Australia.

Coach Jackson Has His Boys Hard At Work For Coming Football Season

The Sherbrooke Athletics have been going through their regular practice drills during the past two weeks and it appears that when the initial tilt gets underway Ken Jackson's boys will be all set for action.

Several newcomers have lined up with the team to date but there are still positions vacant. Any local, or outside grinder, desiring to play the amateur game this season may contact Coach Jackson and he will be given a tryout with the squad.

Last year, although the squad did not top the league championship, they were no pushovers either.

The starting lineup on the team

is still in doubt but it is quite certain that big Philip Hovey, last year's kicking halfback ace, will fill in one of the backfield slots.

On the line such standouts as Allan Reginald and several others are getting into tiptop shape. The strength of the other six teams in the league is not yet known but it is quite certain that they will be dynamite.

Eastward, last year's champions, will be playing this year minus the services of Stan Rose and others, who have moved up into senior company, but it is expected that they will field another strong crew again this season.

The Athletics will resume practice tonight at 7 p.m. at the Fairview Grounds.

Cowansville Golf Team Holds Lead For Southern Canada Power Trophy

The team representing the Cowansville Golf Club holds a 1 1/2-point lead for the Southern Canada Power Trophy by virtue of their win in the first half of the match played over the week-end.

The match is being played over the Mount Orford course this year with five clubs taking part in the annual event. Last year the trophy was won by the Lennoxville squad and the competition was held at Cowansville.

This year the event started but was called off owing to the heavy rainfall which prevented the players from continuing after half the

the match was completed. The remainder of the match will be played Sunday, September 28.

The list of clubs, players and scores follow:

Cowansville: R. Brault, P. Smith, J. W. Drouin, W. Lefebvre—6.

Sherbrooke: F. Kirby, A. Baker, J. Lagasse, S. Morris—4 1/2.

Granby: D. Dos, J. Dukelow, W. MacDonald, G. MacDonald—4.

Lennoxville: L. Pergau, A. Sutherland, J. Fowles, M. Stewart—3 1/2.

Mount Orford: S. Clarke, G. Huot, G. Meek, M. G. Roberts—2.

Sports Roundup

New York, Sept. 3.—(AP)—Babe Ruth has been telling West Coast fans that the 1947 baseball has a lot more "rabbit" in it than when he hit his 60 homers . . . If that's correct, we wonder how the pitchers can hold the thing long enough to throw it . . . Or maybe that's the solution to the third major league problem. They'll have to station big league outfielders in California to catch drives from the east . . . Tuna McLaughry, coach of the eastern football All Stars, figures the "T" formation is the easiest for a team to learn in a short time . . . Tennis pro Fred Perry and three colleagues are taking off for a South American tour but Fred's main objective is to jack up sales of British tennis equipment in Latin America.

Where's Japan Going?--2

To Hungry Japanese, Democracy Is Only A Word; The Future Lies In Children Unscarred By War

EDITOR'S NOTE: This is the second of two dispatches by an NEA Staff Correspondent who flew to Japan to compare conditions today with those he first saw as a member of the first wave of occupation two years ago.

Pictures and Text
By ARTHUR RICKERBY
NEA Staff Correspondent
Tokyo, Sept. 3.—(NEA)—For two years Japan has been occupied and controlled by U.S. troops. For two years the Japanese have bowed and scraped and said courteously: "Democracy good—ah, yes."

But Miyo Kakehi has never heard of democracy. Toyoko Takashino never has heard of democracy. Most Japanese haven't the slightest understanding what democracy is all about.

Kakehi, father of six children, is a Tokyo postman. He is much too busy supporting his family under inflation on a small salary, and trying to rebuild his thrice-bombed home, to discuss politics and learn about democracy. Miss Takashino, 19, sorts silk cocoons all day, lives in a dormitory, and democracy is the least of her worries.

Older People Unchanged

Tacko Tada, 21-year-old Seat-

Communist Leader Sanzo Nozaka: Hunger-pangs are his ammunition.

de-born ex-geisha girl, who came here in 1938, says that "actually the people of Japan don't realize what democracy is. They go about their every-day tasks, trying to keep living, with no idea what democracy could mean to them. The older people are set in their ways. They are willing to concede 'democracy good, ah yes'—but

they don't change.

"We will just have to wait until the younger generation grows up."

Two years ago Japanese children were marching to school, studying the glories of the army and navy, being told of Nippon's great future as a victor nation.

Now they are swinging playing baseball and rolling marbles. Their school texts no longer glorify war and Shinto. They study the people's history — not details of the divine court life of the Emperor.

Miss Tada voiced a very general feeling when she said that the future of Japan, and of democracy here, lie in these youth unscarred by militarism and Shintoism.

Mark Orr, civilian head of the Education Section of the Supreme Command set-up, says it will take another generation of teachers before we can hope really to bring democracy to Japan.

Adult education is being pushed on a broad scale. Elementary primers explain the new constitution, the responsibilities of voting, etc. But while we try to combat centuries of feudal training and change the Oriental mind by such methods, the Communists capitalize upon human misery to offer their wholly different political medicines.

Much time and patience and skill are necessary if the Japanese are to be taught democracy, every-

body of consequence here agrees. And also, perhaps first, the precarious economy of the country

Japanese talk politely about democracy and Christianity. But at Sumiyoshi festival time, boys cart the Shrine around the public square (above) to drive away evil spirits.

Two years ago, Japanese children went to school to study the glories of war. Today, they play in parks, study the people's history.

must be strengthened, so that the Japanese people can get food to eat, houses in which to live, clothing to wear—so that their minds can be cleansed of the thought that actually they are worse off today than under Tojo.

Premier Tetsu Katayama said recently that the nation faced "an economic crisis unparalleled in our history."

Joseph Reday, chief of SCAP's Industrial Division, points out that Japan never has been self-sufficient.

CRAWFORDVILLE

The Misses Ellen and Bernice Bailey very pleasantly entertained the Auxiliary of the Women's Missionary Society one afternoon. During the work period one quilt was quilted. A brief business session was conducted by the vice-president, Miss B. Guy. The treasurer's report was given by Miss Ellen Bailey. Mrs. Bertha Nubrown read the roll call and the minutes of the previous meeting, and the usual routine business matters were given attention. At the close of the meeting the members and guests were served a delicious tea by the Misses Bailey and Mrs. Clifford Bailey, thus bringing an enjoyable afternoon to a close.

Mrs. Thomas Bailey is convalescing at the home of her sister-in-law, Mrs. Jack Chapman, in St. Johnsbury, Vt. Her many friends here are pleased to know that she expects to return home shortly.

Mr. and Mrs. William Bailey, Miss Emmeline Bailey and Mr. Edmund Morrison were evening guests of Mr. and Mrs. Clifford Bailey, Mr. Albert Bailey and the Misses Bailey.

Mr. Alvin Guy, of Kinnear's Mills, was a guest of Mr. John Guy and family.

Mr. and Mrs. Clifford Bailey, Miss Ellen Bailey and Miss Bernice Bailey were evening visitors of Mr. and Mrs. Elmer Bailey, in Clapham.

EASTMAN

Mrs. Harlow Miller, of Manchester, N. H., has returned to her home, after a two weeks' stay with her daughter, Mrs. Morden Lamb, Mr. Lamb and family.

Mrs. Hester Loungly, of South Bend, Ind., has returned home, after a month's vacation here visiting her sisters, Mrs. Lois Shilson and Mrs. Helen Dingman, and other relatives and friends.

"The whole economy of the country is wrapped up in Chinese raw materials and fuels. Japan traditionally depends on North China for coke, iron, ore and soy beans which are the basis of her fats and oils industries. There have been none of these imports since V-J Day.

"Japan depends upon Formosa and Korea for food-stuffs. Neither of these now is a going concern or shows prospects of becoming one.

"An American loan to Japan might do little good. The Japanese are all tied up in Oriental economy, and can't count on much raw material importation from the U. S. or any other former enemy nation.

"Coal actually is the key. Japan needs 40 million tons of coal a year. In June of 1945, under bombardment, she produced two and a half million tons. But now, with all that we can urge, she just manages to eke out two million tons a month. That much is needed to keep the nation going. It leaves nothing over for factory use.

"There is an industrial iron wall around Japan. Until we can get an official exchange rate—which may be fixed by the peace treaty—we can't even try to do business under a cost system and learn whether Japan can function industrially.

U. S. Pays the Bill

"The food picture is far from bright. Food now is being paid for by the U.S. Treasury. How long that will last is up to Congress. Congress is growing restless about costs. But if they pull out now and leave the country on the verge of starvation, there is no telling what may happen.

"A hungry people will follow any messiah who feeds them."

That, of course, is in the front of the mind of Sanzo Nozaka, secretary-general of the Japanese Communist party. There is no indication that he can provide food for the starving. But whenever the pangs of hunger provide occasion, Nozaka and his followers are up on a soap box telling how much better things are run under Communism in the Soviet Union.

From a military standpoint there is no question that our occupation is a success. Our troops are orderly. They have destroyed Japanese military power so utterly that experts think it would take 50 years to rebuild it. Yet they are popular.

Indeed, some Japanese, at least,
