TURKEY HAS ENTERED CONFLICT; PRINCE LOUIS HAS RESIGNED; RUSSIANS MEET MORE SUCCESS

Turkish Cruisers Bombard Russian Seaports---Turkey's Injection Into War May Bring Other Countries In---Armies In France And Belgium Are Comparatively Quiet With Very Little To Report---Germans Admit Russians Are Pushing Them Back But Austrians Profess To Be Holding Their Own---Allies And Enemy Manoeuvre For Position

London, Oct. 29.—The battle of the Yser and the series of fights which have taken place along the whole front in Belgium and France appear, with the troops now exhausted, to have degenerated into numerous isolated attacks and counter attacks in which the gains and losses are about equally divided between the combatants.

On that part of the battle front nearest the sea, where the Germans have delivered repeated attacks with daily increasing forces, in their effort to make their way to Dunkirk and eventually to Calais, and where the Allies have offered such stubborn resistance, there has been another day of comparative calm, and although the Germans in their morning bulletin claim to have made some progress to the south of Nieuport, the French in their communication this afternoon say there is no change.

In fact, as was expected, the Germans seem to have transferred their more serious operations further inland and to be trying to break through the Allied lines from Lille, which, if successful, would compel the Allies, who are holding the front through Ypres to the coast to fall back toward Dunkirk.

However, nothing of great moment is likely to be accomplished until the troops who have been fighting steadily for a fortnight have been given some rest and reinforcements arrive to fill up the great gaps which have been made in both armies as a result of the continuous artillery and infantry attacks.

In the meantime there has been some sharp fighting, while each side is endeavoring to hold the positions they at present occupy, or to secure better positions which would give an advantage when the next big battle breaks. Both claim to have been successful in this, and the official reports are full of sentences such as: "The enemy's attacks have been repulsed," or "we have made progress."

The same thing is going on to the eastward, where the Germans are pushing their long promised attack toward Verdun, while the French are doing all in their power to keep them away from that fortress. In all of these attacks prisoners and guns are lost by one side or the other, while trenches are evacuated.

In Poland, where the Austrians and Germans are retiring before fresh armies brought up by Russia, something more decisive has occurred. Having a week ago driven back the German right which was advancing on Warsaw, the Russians have now struck at their centre, south-west of the Polish capital, and, according to the Petrograd report, have broken the resistance of the last units of the armies which are trying to maintain themselves north of the Pilitza river. The Russian cavalry has re-occupied Radom, where many men and guns and much war material has been captured.

On the East Prussian frontier, along which line the Germans took the offensive, both sides lay claim to success.

In South Africa the situation appears to be more favorable. General Louis Botha, the Premier, is at the head of the army which is operating against the rebellious commandos under Generals Beyers and De Wet, while loyal commanders, Dutch and English, are gathering in the remnants of the commando of which Lt.-Col. Maritz was the leader until he was wounded and fled across the German border.

With the presence of German mines off the north coast of Ireland, which made it necessary today for the steamer Olympic to put into a North of Ireland port, the London newspapers are asking that the Admiralty take more vigorous measures to prevent the continuation of this sowing of mines. It is believed that vessels flying neutral flags are responsible for these mines. The papers are also urging that stronger measures be taken to rid the country of spies, the presence of whom is proved by the capture of a man on the north shore of the Firth of Forth while operating a flashlight apparatus.

The report that the Germans have invaded the Portuguese colony of Angola still lacks confirmation.

ALLIES ADVANCE TOWARDS OSTEND

DESPATCHES STATES BAVARIAN BATTALION REFUSED TO FIGHT AND SURRENDERED TO BRITISH.

London, Oct. 29.—In a despatch from Flushing the correspondent of the Exchange Telegraph Company says:

"There has been a slight advance by the Allies toward Ostend. The British are occupying two villages which they carried by bayonet charge. A Bavarian battalion refused to fight, and surrendered."

PEACE OFFER IS REJECTED.

London, Oct. 30, 12.55 a.m.—The Daily Chronicle's Paris correspondent asserts that, with a view to detaching France from the Allies, Germany made an offer to conclude peace on the basis of the cession of Metz and possibly a portion of Alsace to France. The offer, according to the correspondent, was rejected.

OFFICIAL

GERMAN STATEMENT.

Berlin, Oct. 29.—Via Amsterdam and London—The German General Headquarters this morning gave out the following report with regard to the situation in France and Belgium:

"Our attacks to the south of north Nieuport are slowly gaining ground. At Ypres the battle is unchanged.

"To the west of Lille our troops are making good progress. Several fortified positions of the enemy have been taken. Sixteen British officers and 300 men as well as four cannon have been captured.

"French counter attacks everywhere have been repulsed. A French battery stationed before the Cathedral of Rheims, and artillery observers posted on the steeple of the cathedral have been bombed.

"In the Argonne region the enemy was chased from several trenches and some machine guns were captured.

"To the south-west of Verdun severe French attacks have been repulsed. In counter attacks our troops succeeded in breaking through the French lines to the main position of the enemy which was occupied. The French suffered terrible losses.

"To the east of the Moselle all the attempts of the enemy have been repulsed."

Berlin, Oct. 29.—Via Amsterdam and London, 7.05 p.m. An official report issued by the German General Army Headquarters today says:

"In the north-eastern theatre of the war our attacks are progressing. During the last three weeks 13,500 Russians, thirty cannon and thirty-nine machine guns have been taken.

"In the south-eastern war arena the situation is unchanged."

RUSSIAN STATEMENT.

Petrograd, Oct. 29.—The following official communication issued by the staff of the Russian Commander in chief under date of Oct. 28 is issued here:

"We have broken the resistance of the enemy's last units which still attempted to hold on the north of the Pilitza.

"On the front beyond the Vistula all the Austro-German troops are now in retreat. We have occupied Strykow, Ieschow and Nowemiastro.

"Russian cavalry has entered Radom and captured several automobile convoys.

"In Galicia the situation is unchanged.

"On the front in East Prussia the first German corps, supported by other units, during the last four days have made unceasing attacks in the region of Bakalargevo. The enemy's losses are very great."

PROMOTING A LOTTERY.

Portland, Ore., Oct. 29.—A. B. Baker, Portland, manager for the National Mercantile Company of Vancouver, B.C., was arrested here today on a federal warrant from Seattle, charging conspiracy to use the mails to promote a lottery. The company maintains offices in Portland, Tacoma, Seattle and Vancouver, B.C., and is alleged to have sold what is called national loan and home purchase contracts, whereunder it agreed to distribute prizes in cash and homes after a certain number of installments had been paid.

WAR SUMMARY

The two outstanding features of the great war are the entrance of Turkey into the struggle, as reported from Petrograd, and the retirement as First Sea Lord of the British Admiralty of Prince Louis of Battenberg.

Ever since the war began the attitude of Turkey has been the subject of doubt. It has been reported a number of times that Turkey was on the verge of joining forces with Germany; it was even said that Germany had supplied the Ottoman government with large sums of money. Great Britain warned Turkey to keep off, and recent advices from Constantinople indicated that Turkey intended to maintain her neutrality.

Now comes word that a Turkish cruiser has bombarded the Russian seaport of Theodosia, in the Crimea, and that another Turkish cruiser has threatened the seaport of Novorossysk, on the Black Sea.

Under stress of pursuit by British warships, the German cruisers Goeben and Breslau early in the war took refuge at Constantinople. They were purchased by Turkey, but the German officers and crew were retained. Later they sallied forth, and a warning was issued by Russia that should the Russian warships meet these two cruisers they would open fire. The former German warships have proved a cause of irritation throughout the last few weeks to the Allies, and Great Britain asked the Ottoman government to remove the Germans from the vessels, but Turkey replied that this was a domestic question.

Meanwhile Turkey has been under surveillance by the Allies. Her action in the present attack on Russian seaports has not been explained, but it is possible that her injection into the war may bring to arms some of the Balkan states which have up to the present remained quiescent.

The retirement of Prince Louis of Battenberg from the British Admiralty will be learned with no surprise, for the British Admiral, who held the post of First Sea Lord, has been the subject of a newspaper campaign because of his Austrian birth and his German connections. In his letter of resignation Prince Louis says he has been driven to the painful conclusion that his birth and parentage has had the effect of impairing his usefulness on the board of the Admiralty and that he withdrew, hoping thereby to facilitate the task of administration to which he had devoted his life.

Along the battle fronts, both in Belgium and the north of France and in the eastern arena, the same story is being told of indeterminate actions. The British Admiralty continues to call attention to the effective services rendered by the warships off the North Sea coast; the French tell of German repulses and French progress; the Germans, speaking of the battles in France and Belgium declare that their progress is entirely satisfactory.

The Russian hosts are, according to advices, pushing the Germans and Austrians back. This, to a certain extent, Germany has admitted, but the Austrians claim that they are virtually holding their own.

The report that Greece has taken possession of southern Albania is causing a profound impression in Rome, but in Italian political circles it is believed that Greece will not be supported by Great Britain and France.

The Silk Event of the Season

New Fashionable Goods To Be Sold at Less Than Wholesale Prices

No Silk Sale of the season has compared with this one that will commence on Friday morning, and rivalry is almost out of the question because silks are difficult to get, and this price next to impossible to duplicate.

In fact, a wholesaler could not sell these silks to the trade at a cent lower than we will ask for them on our counters. The goods represent a part of the stock of a manufacturer who felt the need of readjusting his business on account of war conditions. The transaction represented a very large saving to us, which has made possible the enormous reduction in the price of these entirely new silks.

Beautiful fancy striped Messaline Silk, 36 inches wide, in dark and medium colors, all perfectly fresh and fashionable. 79c worth to-day \$1.50 a yard, specially priced for this Sale at.....

Coats Combining Warmth With Style

You have to think of personal comfort as well as style in your clothing for the coming season. You will find in our stock of Winter coats a multitude of models of the weight you need for the season. There are plenty of inexpensive ones if you do not want to pay a big price, as well as expensive models. We aim to accommodate everyone's purse.

At \$10.00—A coat of black Venetian cloth, with cape, made long at the back, and finished at each side with buttons and tassel. The collar is finished with military braid, and fastens with silk covered buttons.

At \$11.50—A coat of fancy checked material in different colors, made with a cape; the collar and cuffs are of self material, the coat fastens with velvet-covered buttons. Ladies' and Misses' sizes.

At \$12.00—A coat of rough cloth, in dark brown and green, made in plain style, with flare, and belt. Collar of wide Corduroy velvet, and fastens with large covered buttons.

At \$14.00—A very fashionable coat of Teddy Bear cloth, made in plain style, with cape, lined with satin, and fastening with transparent buttons.

These Reduced Prices Are Clearing the Cloakings

Many women have cause to rejoice that they have been able to buy the material for a heavy Winter coat at reduced cost here. Save money on yours too. You can choose beautiful goods priced far below their value.

Our Promised Sale of Apples Hundreds of Barrels To Be Sold Cheap

On Friday morning we will commence the greatest Apple Sale ever held in Quebec city. We are going to sell more apples, and sell them at lower prices—than this or any other store ever did in this city.

For some weeks we have been negotiating this great purchase. We wanted to give hundreds of families a chance to put in a Winter supply of Apples at the lowest possible cost. And our wish has become an accomplishment, for we have bought apples by the carload at the lowest prices we remember.

It will be cheaper for you to buy a barrel or two of Apples from us than to combine with your friends in buying them from the grower and paying the high charges for picking, packing, freight and delivery. This we can prove to the satisfaction of anyone.

YOU CANNOT BUY APPLES CHEAPER ANYWHERE OR ANYHOW THAN YOU CAN HERE.

Winter Apples of many different kinds, such as Greenings, Baldwins, Cranberry, Ben Davis, Russets, etc., all the pick of the orchards.

SIR LOMER GOUIN
ABLY DISCOURSES
ON WAR SITUATION
(Continued from Page One)

hours extension of the time limit and for a meeting of the Powers in London. France, Russia, and England were willing to attend the meeting. Germany alone refused, and the result was the beginning of the great world-wide war.

The Czar asked the Kaiser to intervene, but without result. England asked Germany to make a way to peace if she could find one, but she would not do so.

"It is on the head of William," said Sir Lomer, "that must rest the fate of the millions who are fighting, suffering and dying in Europe, Asia, and the Congo, and on the high seas."

When Austria was ready to parley with St. Petersburg, Germany, fearing that her hour had come, rushed matters to a conclusion by declaring war on Russia and France. The invasion of Belgium followed immediately.

"As the German Chancellor has said," said the speaker, "August 4th will be the most memorable day in history." It will mark the commencement of the crushing and downfall of the German Empire," he added, amid loud applause.

Belgium was invaded, and her neutrality infringed on by Germany, and it was then that Britain, backed by the British Empire, stepped between humanity and vandalism, and let the world know that she would fight to her last man to keep her faith. (Applause.)

"It was then," continued the lecturer, "that England told the world what the Entente Cordiale with France in 1904 meant, and the value of the entente with Russia in 1906."

"In regard to the action of Germany," said the Premier, "no human being can be expected to believe that the Germans were fighting to avenge Archduke Francis Ferdinand. What

they were looking for was enlargement of territory, and the appropriation by Germany of French and English foreign trade. That was what the Kaiser wanted with his Crown Prince, his Zeppelins, his Krupps and his Imperial Bodyguard. He wanted an empire, greater than that of Alexander the Great, greater than Caesar's, greater than Napoleon's, and, above all, greater than the Empire in which the sun never sets, whose flag flies at the four corners of the earth, and whose navy defends all the seas on earth; the British Empire, of which we are all as proud to be members as the Romans were to call themselves Romans." Loud and prolonged applause.

In conclusion, the Prime Minister referred in glowing terms to the heroism of the Belgians, who had fought, and were fighting gallantly for their country and their honor, and to our allies, France and Russia, who were giving us such strong support.

"When victory comes, as it ultimately must," he concluded, "we shall owe it to the heroism of all those, and of all those from Australia, New Zealand, India and the other British Overseas Possessions, and to those of our own, who have gone to the front to tell the world that there are no backsliders in the British Empire."

Sir Lomer then resumed his seat amid loud applause, which was renewed when Rt. Hon. Sir Wilfrid Laurier rose to propose a vote of thanks to the speaker. He entirely coincided with his views on the war. The Emperor William had undertaken the conquest of the world, a thing which better men than he had already attempted and failed to achieve. He had no fears as to the ultimate outcome.

Amongst others present were: Hon. Rodolphe Lemieux, Hon. Sir Louis Jette, Hon. Jermie Decarie, Hon. P. S. C. MacKenzie, Hon. Judge Langevin, Mr. Charles Lanctot, Hon. Cyrille F. Delage, Hon. Judge McCorkill, Hon. Geo. E. Amyot, Mr. Adjutor Amyot, Lt.-Col. Landry, Captain Victor Pelletier, A.D.C. Mr. J. Burstell, Col. W. Davidson and many others, including the representatives of the various agricultural exhibitions of the Province, who were the guests of Hon. Cyrille F. Delage.

STEAMER SEIZED ON SUSPICION.
Coloria Arrived as a Britisher in Bordeaux, Now a German.

Bordeaux, Oct. 29.—Via Paris—The port authorities today seized the steamer Colonia on suspicion that she was a German vessel. The Colonia arrived at Bordeaux flying the British flag, but when in port a few hours she gave her nationality as German. A prize court will decide whether her transfer from German to British ownership was valid.

**ITALY WILL ACCEPT
BUT NO CONDITIONS**

AUSTRIA PRISONERS OF ITALIAN ORIGIN ONLY TAKEN UNCONDITIONALLY.

Rome, Oct. 29.—The Giornale d'Italia today declared that if Emperor Nicholas will deliver unconditionally to Italy the Austrians of Italian nationality captured by Russian troops the Italian ministers have virtually decided to accept the offer made by His Majesty.

On October 24th the Russian Ambassador at Rome notified the Italian government that Emperor Nicholas, desiring to give Italy further proof of his friendship, was ready to send to Italy all Austrian prisoners of Italian nationality taken by Russian troops in Galicia on condition that the government did not return them to Austria-Hungary. The prisoners who the Russian Emperor has proposed to transfer to Italy are said to number 5000 and belong to the districts of Trent, Trieste, Gorz, Fola and Dalmatia.

Crippled With Rheumatism
And Skeptical After Trying Many Medicines—Dr. Chase's Kidney-Liver Pills Cured Him

When the kidneys fail to purify the blood the poisons left in the system cause pain and suffering, such as backache, lumbago and rheumatism. Read how this skeptic was cured by Dr. Chase's Kidney-Liver Pills.

Mr. F. W. Brown, Kingsbury, Que., writes: "I have been completely cured of backache and lame back by using Dr. Chase's Kidney-Liver Pills. I also recommended the pills to a man who was a cripple from rheumatism. He was skeptical, as he said that he had tried nearly everything on earth. Finally he consented to try them and to his surprise was greatly benefited in the first week, and the pains left his legs until he was so supple he could walk without pain or difficulty. Dr. Chase's Kidney-Liver Pills have worked wonders in this place, and we think there is no medicine like them."

HONORABLE MR. CASGRAIN INSPECTS HARBOR WORKS

MAKES TOUR OF HARBOR AND ALSO EXAMINED PLANS OF WORK CONTEMPLATED, EXPRESSING ASTONISHMENT AT IMPROVEMENTS.

Yesterday afternoon, with the Harbor Commissioners, Mr. Lesperance, M.P., and Mr. Boswell, the engineer-in-chief, the Honorable Mr. Casgrain made a complete inspection of all the Harbor works now under construction and also examined the plans for the works which are in contemplation.

After thoroughly inspecting the works at the Louise Basin, the party drove to Lampon's Cove and went over the works there. Asked his opinion as to what had been done, Mr. Casgrain said that he was simply astonished to see how much had already been accomplished.

The Postmaster-General remarked that he well remembered the statements made by the Right Hon. Prime Minister at the banquet tendered to him last year, when he said that the works in contemplation had not been decided upon by the government simply to please the people of Quebec, but they had been undertaken as a national enterprise and would be carried out for the general advantage of Canada.

When the production of grain was increased, as it was bound to be, it would have to find outlets to the seaboard. The Canadian government was alive to the fact that it should build, not only for the present, but for the enormous possibilities of the future.

Mr. Casgrain was very pronounced in his declarations that whilst he was working for the city and district of Quebec on the lines above mentioned, he was performing a patriotic duty towards the country at large.

The party were afterwards entertained at a luncheon by Mr. William Price.

NEW MINISTER TO SPEAK AT BEAUPORT

HON. MR. CASGRAIN WILL ADDRESS MEETING THERE ON SUNDAY.

It is practically assured that Hon. T. Chase Casgrain, the new Postmaster-General, will be elected by acclamation in Quebec county as successor to Hon. L. P. Pelletier.

The result of the conference between Sir Wilfrid Laurier and the Liberals here, which has been going on since Wednesday, has not yet been announced and the organizers said last night that no definite decision had yet been reached.

Opposition is most unlikely, and politicians are of the opinion that a violation of the truce announced by Sir Wilfrid Laurier in Montreal would precipitate a general election.

In the meantime Hon. Mr. Casgrain is a very busy man, and has already held several meetings at Beauport.

On Sunday next, after Mass, he will hold a large meeting at Beauport, where the Minister himself, Hon. T. Chapais, M.L.C., Mr. D. O. L'Esperance, M.P., Mr. A. Sevigny, M.P., and others will speak.

Another big rally will be held on November 7th, nomination day, at Loretteville.

BRITISH CASUALTIES

London, Oct. 29.—A casualty list, dated Oct. 24 and Oct. 27, issued to-night gives the names of twenty-three officers killed, forty-eight wounded and seventeen missing.

Among the killed are Captain The Hon. Charles Henry Stanley Monck, of the Coldstream Guards, heir of Vis-Count Monck, and Lt.-Col. W. L. Loring, of the Royal Warwickshire Regiment.

In the list of wounded appear the names of Major Lord Esme Charles Gordon-Lennox, of the Scots Guards, second son of the Duke of Richmond, Lt.-Col. G. P. T. Fielding, of the Coldstream Guards; Brevet Lieutenant-Col. C. G. Stewart, of the Royal Field Artillery, and Lt.-Col. Hugh Davie White-Thomson, of the Royal Horse Artillery.

BRITAIN MAY RELEASE AMERICAN COPPER VESSEL

STATED AUTHORITATIVELY THAT VESSELS AT GIBRALTAR MAY BE RELEASED

Washington, Oct. 29.—After a conference between acting Secretary Lansing of the State Department and Sir Cecil Spring-Rice, the British Ambassador, late today, it was stated authoritatively that Great Britain probably would release the vessels carrying American copper detained at Gibraltar.

It was learned that the Italian Government already has declared an embargo on the exportation of copper to belligerent countries, but that the notification had not formally reached England. As soon as the fact is communicated through official channels the steamers destined to Italy will be permitted to continue their voyage, according to the view of British officials here, unless some other circumstances in connection with the activities of the ships not yet reported develop.

Incidentally the British Ambassador recalled that negotiations were well under way between Great Britain and the neutral countries of Europe whereby the neutral government in each case would act as the consignee of all products classed as conditional contraband. The machinery of this arrangement has not yet been perfected but it was intended to place the guarantee of each neutral government behind shipments so as to insure against re-exportation.

The principal object of the British Ambassador's visit to Mr. Lansing was to correct an impression current yesterday that Great Britain would protest against Secretary McAdoo's order to withhold from publication the nature of cargoes until thirty days after ships cleared American ports.

The United States Government has, of course, a perfect right to issue whatever regulations it thinks fit. Foreign powers have no reason to complain. In New York City, this regulation has actually been in force for some time.

"The publication of manifests is not a usual practice and depends solely on local customs in different countries. Nothing in the regulations prevents the consuls of neutral countries from communicating to the consuls of belligerents as is now done, details as to the destination of contraband or the intention of the neutral government in regard to embargoes."

Negotiations are continually progressing between the State Department and the belligerent governments with the purpose of securing a generally satisfactory definition of principals to govern the exercise of the rights of search; the stationing of patrolling cruisers; near neutral waters the treatment of contraband and semi-contraband and generally speaking, all of the principals that shall govern the relations of the belligerent powers with neutral nations in so far as commerce is concerned.

NAVAL GUNNERS SILENCE ENEMY'S HEAVY ARTILLERY

BRITISH FLEET STILL CONTINUES EFFECTIVE SUPPORT OF LEFT WING

London, Oct. 29.—The Secretary of the Admiralty makes the following announcement: "The British naval flotilla continues to support the Allies' left, and since the morning of Oct. 27, the fire of 12-inch guns has been brought to bear upon the German positions and batteries."

"Reports received from shore testify to the effect and accuracy of the fire and to its galling character. The flank is thus thoroughly maintained. "Yesterday and today the enemy brought up heavy guns and replied vigorously to the fire of Admiral Hood's ships. The vessels received only trifling structural damage. Today the opposition from the shore has practically ceased and the preponderance of the naval gunners seem to be established."

"The casualties have been very slight throughout, but one shell, exploding on the destroyer Falcon, killed one officer and eight men and wounded one officer and fifteen men. One killed and several wounded are also reported from the light cruiser Brilliant, and eight were wounded on the Rinaldo."

"The enemy's submarines have also been reported seeking an opportunity to attack the bombarding ships which are covered by British destroyers."

Washington, Oct. 29.—Official despatches made public by the French Embassy tonight announced that the German retreating before the Russian armies in Poland are now basing on Edlinsk, Radom and Ilza. The Germans were said to have lost prisoners and ammunition.

"In Galicia the combat continues on the entire front with success for the Russians."

"In a series of operations along the frontier between the Moselle and the Vosges, we were able to dislodge some of the outposts of the enemy. Prisoners were captured almost everywhere."

Paris, Oct. 29.—The French Academy today issued a note protesting against Germany having imputed to France or her allies responsibility for the war and also against the "abominable acts" committed by the German armies.

The note says that in the name of civilization the Academy denounces the violation of Belgian neutrality and the destruction of noble monuments of the past. It expresses admiration for the armies that are fighting against the German-Austrian coalition and sends "greetings to the soldiers who, animated by the virtues of our ancestors, thus demonstrate France's immortality."

London, Oct. 29.—The following despatch from Berlin has been received by the Marconi Wireless Company: "It is reported that the Germans are bringing heavy batteries to the Belgian Coast to enable them to control the entrance to the Scheldt and to the North Sea between the sand banks and the coast. The British ships will be obliged therefore, to pass on the high sea."

"German airships which flew over Warsaw dropped bombs on the railway station which was destroyed by fire. "In the fighting at Ivan-gorod the Austrians have taken 100,000 prisoners and nineteen machine guns."

PRINCE LOUIS HAS GIVEN REASONS FOR RESIGNATION

His Birth and Parentage Impair His Usefulness on the Admiralty Board.

MR. CHURCHILL'S REPLY. Minister Pays Tribute to the Good Work Done by the First Sea Lord.

London, Oct. 30.—12.45 a.m.—The Admiralty has issued the following correspondence between the Admiral Prince Louis of Battenberg, and Winston Churchill, First Lord of the Admiralty. Prince Louis in a letter to Mr. Churchill, dated October 28th, said:

"Dear Mr. Churchill: "I have lately been driven to the painful conclusion that at this juncture my birth and parentage have the effect of impairing in some respects my usefulness on the board of the Admiralty. In these circumstances I feel it to be my duty as a loyal subject of His Majesty, to resign my office of First Sea Lord, hoping thereby to facilitate the task of the Administration of the great service to which I have devoted my life and to ease the burden laid on His Majesty's Ministers."

"I am yours very truly, "LOUIS OF BATTENBERG, "Admiral."

Mr. Churchill's Reply. Mr. Churchill under date of October 29th, replied to Prince Louis as follows:

"My dear Prince Louis: "This is no ordinary war, but a struggle between nations for life or death. It raises passions between the races of the most terrible kind. It effaces the old landmarks and frontiers of our civilization."

"I cannot further oppose the wish you have during the last few weeks expressed to me to be released from the burden of responsibility which you have borne thus far with so much honor and success."

"The anxieties and toils which rest upon the naval administration of our country are, in themselves, enough to try a man's spirit, and when to them are added the ineradicable difficulties of which you speak, I could not at this juncture, in fairness, ask you to support them."

"The navy of today, and still more the navy of tomorrow, bears the imprint of your work. The enormous impending influx of capital ships, the score of 30-knot cruisers, the destroyers and submarines, unequalled in modern construction, which are coming now to hand, are the result of labors which we have had in common and in which the Board of Admiralty owes much to you."

"The first step which secured the timely concentration of the fleet was taken by you. I must express publicly my deep indebtedness to you and the pain I feel at the severance of our three years of official association."

"In all circumstances you are right in your decision. The spirit in which you have acted is the same in which Prince Maurice of Battenberg has given his life to our cause and in which your gallant son is now serving in the fleet."

"I beg you to accept my profound respect and that of our colleagues on the Board. "I remain, yours very sincerely, "WINSTON S. CHURCHILL."

NEW NAMES FOR BATTALIONS RAISED IN MONTREAL CITY

FRENCH-CANADIANS KNOWN AS 22ND BATTALION ROYAL CANADIANS

Montreal, Oct. 29.—It was announced officially today that the three battalions being raised in Montreal for the second contingent, and which have heretofore been designated as "French-Canadian," "Gunn's" and "Fisher's" battalions, will in future be known as the Twenty-Second, Twenty-Third and Twenty-Fourth Battalions.

The French-Canadian battalion under Lt.-Col. Gaudet will be the Twenty-Second Battalion Royal Canadian; Lt.-Col. F. W. Fisher's command will be the Twenty-Third Battalion and Lt.-Col. J. A. Gunn's will be the Twenty-Fourth Battalion.

Belgium, Oct. 29.—The Dutch Minister of the Interior, says Reuter's correspondent at The Hague, "has issued telegraphic instructions to the Dutch officials engaged in handling the Belgian fugitives in Holland that the invitation extended to these fugitives to return to their own country must not degenerate into open compulsion, and that the refugees shall be allowed freedom of choice either to remain or to depart. Those of the Belgians who are destitute will continue to receive assistance."

"The statement published in several of the Dutch papers that distribution of food among the Belgians was to be restricted and later stopped entirely is officially denied."

GERMAN CORPS ON VISTULA SAID TO BE RETREATING

RUSSIANS STATE FORCES ON LEFT BANK OF VISTULA ARE RETIRING

Washington, Oct. 29.—All of the German army corps on the left bank of the Vistula, in Poland, are in full retreat, according to an official report from Petrograd made public here tonight by the Russian Embassy.

The report follows almost the same lines as an official communication given out last night at Petrograd.

"On Oct. 28 we overcame the resistance of the last troops of the enemy endeavoring to put up a fight to the north of the River Piliza. At the present moment all of the Austro-German corps on the left bank of the Vistula are in full retreat."

"Strykoff, Ejoy and Novomiasot are occupied by our troops. Kadom is occupied by our cavalry. We have captured several thousand prisoners, guns, scores of machine guns, supply trains and automobiles."

"In Galicia there are no changes. "On the East Prussian front the First German army corps supported by other troops is for the fourth day keeping up an attack near Bakaiojewo. The losses of the enemy are very heavy."

GREECE'S ACTION DISTURBS ITALY

LANDING OF TROOPS IN ALBANIA BREACH OF LONDON CONFERENCE.

Rome, Oct. 29.—The report that Greece has landed 1,200 soldiers at Santi Quaranta, thus taking possession of the southern part of Albania which gives them entire control of the Corfu Channel, is causing a profound impression in Rome. As this step on the part of Greece was strongly opposed by the London conference, it is generally believed in Italian political circles that Greece will not be supported by Great Britain and France.

FIRST REAL DRILL OF HOME GUARDS MOST GRATIFYING

Sir Francois Langelier Emphasizes the Righteousness of the Allies' Cause.

A CREDIT TO CITIZENS. Members of Provincial Cabinet and the Legislative Council March in the Ranks.

It certainly must have been most gratifying to the promoters of the Local Home Guard movement to witness the large turnout for the first real drill at the Drill Hall last evening. About two hundred members were present and probably no more representative gathering has ever been assembled in this city. In the ranks of the privates could be noticed two members of the Provincial Cabinet, Hon. L. A. Taschereau and Hon. P. S. G. MacKenzie, while also marching with the rank and file was the Hon. Geo. Amyot. Nearly every bank in the city was represented by its manager or members of the staff and every profession or trade had at least one of its units in the corps mustered for drill.

During the course of the exercises the Hon. Sir Frs. Langelier visited the Armoury and addressed the regiment, speaking in both French and English. His remarks dealt with the righteousness of the present war so far as Britain and her Allies were concerned and he also referred to the fact that Germany had long prepared for such a contingency which they themselves had intended bringing about. In conclusion His Honour spoke in congratulatory terms of the loyalty and patriotic spirit shown by the members of the Home Guard which was apparent by their large and enthusiastic turn-out and wished them success in their praiseworthy endeavors.

Col. Wood, on behalf of the Home Guard, thanked the Lieut.-Governor for his appreciation of their efforts and alluded to the fact that the "entente cordiale" did not only extend to Britain and France, but to her colonies an example of which could not be more clearly exhibited than by glancing at the enrolment list of the Home Guard which comprised members of both nationalities. In closing his brief speech, the Colonel called for cheers for the Lieut.-Governor, which were given with a will.

Amongst the officers present were: Capt. Ackland, Adj. Col. O. E. Talbot, Major McGreevy, Col. Ray, Capt. Burstall, Capt. VanFelson, Capt. Theod. Parent, Capt. Victor Pelletier, Capt. A. E. Doucet. Several other nominations have been made but the complete list will be published later.

Boy Scouts Present. A section of the Boy Scouts was also present and there is a proposition under way by which a section of this body may be affiliated with the Home Guard as a cyclist corps and signallers. Capt. Murray of the Marine Service has already given the boys instructions in signalling, while the same gentleman has kindly consented to place fifty rifles at the disposal of the Home Guard. Mr. Clegg of the Marconi System has taken quite an interest in the movement and is prepared to instruct a class in wireless telegraphy.

The Home Guard venture has been safely launched and there is no doubt that under the guidance of the competent men at its head it will continue to make progress until its organization will have become history.

The Weather

QUEBEC, OCTOBER 30, 1914.

SOUTH AFRICA.

The news that the government forces in South Africa have decisively defeated Colonel Maritz and General Beyers, with his following of Germans and a few disaffected Boers, will be heard with especial gratification throughout the British Empire.

This war, and particularly the local trouble in South Africa, will bind the two races more closely together than could any other influence.

We have already referred to the splendid spirit which General Botha has shown and we now have further striking evidence of his loyalty in a notable speech which he delivered some weeks ago to his constituents at Bank in the Transvaal.

He at once made it plain that he took his stand on the side of Great Britain against the enemy, and the enthusiasm with which this declaration was received by the great gathering left no room for doubt as to the sentiment of the South African people.

In exhorting South Africans to support the Government, General Botha said that he had information regarding Germany's ambitions concerning South Africa which would make their hair stand on end.

General Botha said in conclusion that he wanted to serve his people. His time here might not belong, his hair was growing grey, and his health was not good, but he would continue to the end to do what he thought was in the true interest of the nation.

Not only is General Botha's speech a striking vindication of Britain's policy in conferring self-government upon the conquered Boers of South Africa, but the determination of Premier Botha to accept supreme command of the British troops in South Africa is of great importance from the military point of view.

General Botha said in conclusion that he wanted to serve his people. His time here might not belong, his hair was growing grey, and his health was not good, but he would continue to the end to do what he thought was in the true interest of the nation.

mans sought to wipe out Sir John French. Britain began by marching masses of men in close order against a much smaller army of carefully entrenched Boer marksmen, and a first result was Colenso—a bad defeat, with slight Boer losses and a great and useless slaughter of our men.

SLOW BUT SURE PROGRESS.

The fighting line in the western field of the European theatre of war still extends from Alsace-Lorraine, in the east, to a point south of Ostend in the west, with the Allies doing more than holding the Germans along the whole front.

In the eastern field the main conflict at the moment is between the Russians and Germans in Russian Poland, and latest reports show that here the Germans have been badly beaten and are retreating to their own territory, with the Russians following up closely.

It is more than likely in the western field that if the French and British generals were to let their men go at it with no regard for loss of life, the slow retreat of the German armies would be turned into a rout.

But the British and French generals are not wasting their forces unnecessarily. They realize that after the Germans have been driven back into their own country there will be even more frightful encounters than any yet engaged in, and they want to have plenty of men for the forward march to Berlin.

So far the taking of Antwerp and Ostend has been of no special advantage to the Germans, except as regards their line of communication. Indeed this move seems to have weakened them to a certain extent, as in extending their long fighting line to the coast they made themselves targets for British and French naval gunnery practice.

PRESS COMMENT.

An American, David Bushnell, was the first man to build a successful submarine vessel. His submarine carried one man, could remain submerged half an hour, and 13 years ago, at the time of the Revolutionary War, attacked the British Warship Eagle.

M. Clemenceau, the distinguished French statesman, has had a letter from an American diplomat, who says that at an American summer resort quite recently Count Von Bernstorff, German ambassador to the United States, was dining with several rich Germans, one of whom asked him what the Kaiser would take from France at the end of the war.

If the Germans who reside and do business in London, England, are as egregiously and offensively impertinent as those Germans in Western Canada who recently petitioned the Dominion authorities at Ottawa to have the Canadian newspapers refrain from criticizing Germany and the Kaiser's conduct of the war, it is easy to understand and sympathize with the outbreak of feeling which has led the London mobs to sack the shops and houses of some of the expatriated sons of the Kaiser.

There are many stories afloat in Montreal as to the underhand work that is even today being carried on by German and Austrian residents and their sympathizers in this city and throughout Canada, and it should surprise none if an angered mob, coming in contact with this work, should at any time undertake to wreak vengeance upon these alien people, who have long been treated with too great tolerance.

IN AND ABOUT TOWN

S.P.C.A. SALE FOR TO DESCRIBE WORK OF QUEEN MARY

SUM OF \$175 WAS SECURED THROUGH THIS MEANS YESTERDAY AFTERNOON.

The hall in Morrin College presented a brilliant spectacle yesterday afternoon. Decorations in the shape of flags and banners of the Allied nations were tastefully placed in convenient locations in the room, while the many tables in charge of the ladies branch of the S.P.C.A., were crowded all during the progress of the sale under the auspices of the above mentioned ladies, for the benefit of the Relief Fund for homeless and suffering Belgians.

The tea-table was in charge of Mrs. J. T. Ross, Mrs. J. F. Burdall, Mrs. R. E. W. Turner, Miss Gale, and Mrs. Beckett. The refreshment booth ever popular with the children, was under the direction of Mrs. M. Joseph and Mrs. W. J. Ray. The Fancy work table, on which were exhibited some splendid specimens, was taken care of by Mrs. Geo. Tessier, Mrs. J. K. Boswell, and Miss Flood. Another feature of the afternoon was the sale of Belgian flags, under the supervision of Mrs. Mahey, needless to say the flags were bought up swiftly.

The tables were practically cleared when the sale was closed and Miss Gale, secretary of the Society, stated to The Chronicle last evening that the sum of \$175.00 was realized on the short afternoon's work.

The ladies of the S.P.C.A. are to be congratulated for their zeal and patriotic endeavors and the sum realized on this sale will doubtless be a welcome addition to the Belgian Relief Fund.

INSOLVENT SALE

There was sold yesterday morning in the office of Messrs. LaRue and Trudel, accountants, the insolvent estate of La Cie d'Imprimerie Jacques Cartier, Ltd. All but two items were disposed of, namely item D, consisting of the rights of the company in a lot of machinery, type, etc. valued at \$1,642.50, and item E, rights the company had in a lot of book-binding machinery, valued at \$1,430.90, no bids being offered. The sale of the other items resulted as follows: Item A, stock of type, inks, etc., valued at \$1,991.20, sold to T. J. Moore & Co., at 10c in the dollar; item B, machinery and accessories, etc., valued at \$774.40, sold to T. J. Moore & Co., at 6c in the dollar; item C, office furniture, valued at \$165, sold to Herman Young Co., at 5c in the dollar; item F, rights the company had in machinery, valued at \$128.05, plus a lien of \$37 sold to Garneau & Suroil, for \$43.

INTERESTING LECTURE.

Judge Willrich Addresses Men's Association of Chalmers Church.

A meeting of the Men's Association of Chalmers Church last evening was made doubly interesting by the fact that outside of their regular seance, Judge Willrich, U. S. Consul at Quebec, lectured on the general conditions prevailing in the city and made some wholesome suggestions as to the manner in which citizens could help each other during the course of their lives and especially during these stirring times. Needless to say the speaker's words were followed with attention by his hearers who expressed themselves greatly pleased with his common-sense talk. After the address, the Male Quartette—Messrs. Carpenter, Taylor, Kincaid and Claxton, rendered several pleasing selections. The regular routine business of the meeting was then proceeded with.

K. OF C. PATRIOTIC CONCERT.

Excellent Program Prepared for Entertainment This Evening.

The very excellent program which has been prepared by the local branch of the Knights of Columbus, is exciting considerable interest in local musical circles, and as a result a large fashionable attendance is expected. The advance sale of tickets has been quite up to expectations, and a capacity crowd is assured. As there will be no reservations of seats, everybody desiring to attend should make it a point to come early, in order to secure comfortable accommodation.

The program is as follows:

- 1.—Overture: "La Belle France"..... Union Dramatique Orchestra.
- 2.—(a) L'Echo Trelblat
(b) L'Enfant Chantait la Marseillaise Dimet Dr. Finchereau.
- 3.—The Portrait Chaminate Miss J. Dinan.
- 4.—Conference Hon. Chas. Langelier.
- 5.—La Fiancée du Soldat Chaminate Mr. Raoul Dionne.
- 6.—Polonaise Paderewski Mrs. Fernand P. Morency.
- 7.—(a) Charmant Oiseau David
(b) Louise Charpentier Miss Kelleher, of Boston.
- 8.—(a) Un Peu d'Amour Selisi
(b) Night of Gladness Aueliff Union Dramatique Orchestra.

MISS MERRITT WILL ADDRESS D. O. E. AND, OTHERS, THIS AFTERNOON.

Miss C. W. Merritt, who has done such good work in the organization of chapters of the Daughters of the Empire throughout the Dominion, will give what promises to be a most interesting lecture in the Round Room at the Chateau Frontenac this afternoon at four o'clock. She will speak about the patriotic work which is being carried on and especially about the prominent part which Queen Mary, who is a wonderful organizer, is taking in connection with all works of charity and relief.

The Daughters of the Empire and all interested are cordially invited to attend.

DATE OF DR. BANKS' LECTURE.

Inadvertently the heading to yesterday's announcement of the lecture to be given at Morrin College Hall on "Explorations in Bible Lands" gave the impression that the date is Monday next. The correct date is that given in the text of the announcement, namely, Monday, November the ninth.

ST. MATTHEW'S CHURCH.

The special feature of St. Matthew's Church for the dedication festival on All Saint's Day, November 1, is the Revd. Canon Kittson, until recently rector of Christ's Church Cathedral, Ottawa. Canon Kittson is also delivering the special addresses during the services today, Friday, at the hours of 10.30 a.m., 3.00 p.m., and 8.00 p.m.

PAINTING SMOKE-STACK OF CHATEAU FURNACE.

To watch a man reach the top of a 190 feet chimney or rather steel furnace smokestack is interesting to say the least. However, to Thos. O. Woods, a noted steeplejack, this appeared to be nothing out of the ordinary, though to the spectators who craned their necks watching him it seemed rather hazardous. The man ascended the Chateau Frontenac steel smoke-stack for the purpose of attaching tackle to enable the painters to work on its and the task was satisfactorily completed, the men with their brushes and cans being busy on the job yesterday.

EDMONTON MAYOR HANDS OVER KEYS

Edmonton, Alta., Oct. 29.—Mayor W. J. MacNamara this morning handed over his key of office received by him on assuming office, to his secretary, with instructions to return them to Robert English, secretary to the commission board, from whom he received them. Mr. English is out of the city for a day or two, and Mr. MacNamara therefore, is unable to return them direct. The mayor is said to have left the city this morning, and the presumption at the City Hall is that he has quit office. There is no official resignation. Deputy Mayor Smith hesitates assuming any duties as acting mayor, owing to the fact that he is a member of the Industrial Association and may be construed to be in the same position as Mayor MacNamara and Alderman East, who were disqualified by the judgment of Justice Ives. Edmonton seems to be without a mayor.

"WHEN GREEK MEETS GREEK"

HEAVY BOMBARDMENT WILL BE HEARD ON COLLINS STREET SATURDAY

A delegation from the camp of the deadly foe entered the lines of "The Chronicle's" Headquarters under the white flag last night and hurled an ultimatum into the teeth of the noble commander of The Chronicle Printing Room. The challenge is from the printing staff of the Daily Telegraph and demands that the relative efficiency of both staffs in the art of bowling be determined once and for all on the alleys (wooden "allies" in Collins street, not in France or Belgium.) After consulting with his staff the commander of the local printing force accepted the challenge and the conflict is scheduled for Saturday night.

Though totally unprepared, The Chronicle printers have answered the call to arms and mobilization is now under way. While the Telegraph forces have been ready for some time and secret practice was indulged in, yet our forces go forth prepared to do or die. Mr. Grenier, the manager of the Bowling Alley, it is understood, has ordered a quantity of new ammunition in expectation of the heavy firing from the rival camps, while it is expected that the pin boys will be fitted out with suits of armour to withstand the stray bombs which may find their way off the battlefield.

In the apparently impossible event of the Telegraph defeating The Chronicle the winners will be decorated with Iron Crosses, Zeppelins and submarines are strictly barred from the contest. The Chronicle has ordered trawlers out to sweep the alleys for hidden mines before the encounter takes place. Though there are no known sympathizers of the Kaiser on either side there is no doubt that the "allies" will suffer from the conflict.

HOPPE WINS AT AMERICAN GAME

AS USUAL INMAN CANNOT TOUCH AMERICAN AT HIS OWN GAME.

Toronto, Oct. 29.—In the second stage of the international championship billiard series here between Inman, English champion, and Hoppe, American champion, played here today under the rules of the American 18.2 balkline the American demonstrated his superiority, running up his thousand in the afternoon and evening games against 246 scored by Inman. Hoppe's control of the balls was a revelation. Rarely were the object balls more than 18 inches apart, and his nursing was marvellous. His high run was 206 with 35 minutes at the close of the afternoon game, and 171 at the opening of the evening contest. In the afternoon Inman made his record run of 44 for the present series. His next best was 35 in the evening game. Hoppe's next best runs were 153 and 108 in the afternoon and 89 at night.

Night Game:
Hoppe—171, 23, 40, 89, 11, 1, 0, 76, 9, 3, 17, 4, 0, 16, 0, 3, 108, 5, 35.—Total 500.
Inman—1, 5, 35, 13, 0, 4, 35, 2, 0, 10, 4.—Total 99.

Afternoon Game:
Hoppe—0, 60, 14, 0, 153, 39, 13, 23, 9, 3, 17, 4, 0, 16, 0, 3, 108, 5, 35.—Total 500.
Inman—1, 0, 1, 2, 25, 6, 0, 4, 8, 4, 1, 10, 6, 44, 4, 2, 4, 25.—Total 147.

ACQUITTED OF HORSE-STEALING

RACING MAN CHARGED WITH HAVING STOLEN HIS OWN HORSES

Montreal, Oct. 29.—Charged with having stolen his own horses, because he disregarded a bailiff's seizure at the Dorval race track, Montreal, and shipped his three racers to Toronto in order that they might take part in the meet there, Edward O'Connell, a well-known race horse man, was tried and acquitted by Judge Bazin at the Court of Special Sessions today. The bailiff's seizure was on a claim by Alexander McKenzie, Ottawa, for \$100. O'Connell contended that he did not owe the money, but that it was given to him to bet on one of the horses, and was lost.

HOW THE EMDEN GOT HER COAL

Cardiff, Wales, via London, Oct. 29.—One explanation of how the German cruiser Emden is able to keep at sea without putting into ports for coal is contained in a cablegram received from Colombo, Ceylon, today by the owners of the steamer Exford, one of the vessels captured by the Emden. The cablegram reported the safe arrival at Colombo of the captain and crew of the Exford and added that the commander of the Emden announced before he sank the Exford that he intended to take on board the cruiser the 7,000 tons of steam coal with which the Exford was laden.

NEGRO GETS TWENTY YEARS

Halifax, Ont., Oct. 29.—At the Criminal Assizes today, with regard to Henry Price, a negro, charged with criminal assault, the prisoner was sentenced to twenty years' imprisonment. How we have fallen away from the trencher work of ancient times! So much so that we are astonished when we learn the achievements of our ancestors at the table. But although many suffer now from deficient nutrition it would not be wise to go back to the old custom of heavy meals for these would be too great a tax on our powers, and undigested food is poison to the system.

Our course appears to lie in the direction of a selected diet, which may be easily digested and yet provide sufficient work to strengthen and develop the assimilative functions.

It has been proved by scientific tests that while Bovril is in itself a quickly digestible food it possesses the valuable quality of directly strengthening the digestive and assimilative functions.

STOCK EXCHANGES IN U.S. SHOULD REOPEN SHORTLY

SIR GEO. PAISH STILL IN CONSULTATION TO EFFECT A SPEEDY ADJUSTMENT.

New York, Oct. 29.—Sir George Paish, representing the British government, who has been in Washington for the past fortnight consulting with Treasury officials and bankers from various sections of the country, relative to an adjustment of credit conditions between this country and Great Britain, held a conference here today with the committee controlling the affairs of the New York Stock Exchange.

Sir George, it is said, outlined to this committee his views on the economic aspects of the war as affecting England and America and particularly with regard to the re-opening of the various exchanges in this country. He was of the opinion that resumption of business by our exchanges should be effected as speedily as possible. He thought that many of the obstacles recently in the path of financial and commercial progress had been removed and he said he saw infallible signs of restoration of confidence both here and in England.

Sir George further told the committee he believed that liquidation of our securities by English holders would be small when the time came to resume market operations, and that our financial resources would not be touched in the absorption of such offerings.

Sir George said he was still without definite information as to when the London Stock Exchange would reopen, but his latest advice was to the effect that all the leading financial institutions in England were working in concert with the London Exchange towards that end.

Appropos of Sir George's visit, the Stock Exchange committee was today petitioned by a group of members asking the advisability of requesting all banks having Stock Exchange loans to declare a moratorium on such collateral for a period of ninety days after the opening of the Exchange.

After the conference, Sir George visited the offices of J. P. Morgan & Company and the Cotton Exchange. The British financial envoy said his conferences and conversations in this city were simply preliminary to the consultations which are to be continued in Washington.

BRITISH GOVT. TO PURCHASE COPPER

OPENS NEGOTIATIONS TO BUY AMERICAN COPPER SEIZED AT GIBRALTAR.

New York, Oct. 29.—The British government has opened negotiations to purchase the American copper carried by five steamers seized by English warships at Gibraltar, but at a price less than the average cost of production, according to a statement issued by the American Smelting and Refining Company, which today joined with three other copper companies in sending a telegram urging him to seek the release of the vessels.

Information of the seizure of only three steamers had been received at the time the message was sent to Secretary Bryan, but later advices to the copper company added two more to the list, the Prosper, III, of Maloe, Sweden, and the Ascot for Genoa.

The American Smelting and Refining Company, in its statement, declares that the British government has aimed a serious blow at the American copper industry by including that metal in the list of contraband. England's action is declared to be "a clear case of restraint of trade by a foreign government."

While the greater part of the copper included in the cargoes of the five ships seized has been refined, the statement says, some of it is "bessemerized" or unrefined copper which is used in large quantities in Italy for the manufacture of sulphate of copper. This sulphate is used in making what is said to be the only substance which effectively destroys the phylloxera which infest the great Italian vineyards.

The statement asserts that large quantities of sulphate of copper are exported by England.

GERMANS VACATE OSTEND SEA FRONT

Washington, Oct. 29.—The sea front at Ostend has been ordered vacated by German military authorities, and the population is taking refuge further inland, according to a despatch from American Consul Henry Albert Johnson, dated yesterday at Ostend and sent by a special messenger to Stuis, Holland.

The American consul said he had sent a large number of American citizens to Stuis and removed his office from the danger zone. He reported that Ostend was in a state of siege but that the situation was unchanged.

AMERICAN PACKERS GET BIG CONTRACT

Oklahoma City, Okla., Oct. 29.—An order for 15,000,000 pounds of canned meats, valued at \$1,500,000 to go to Europe has been received by a local packing company. Additional orders for dry salt pork amount to more than the supply in sight.

DANGER FROM THE STARVING BELGANS

CONDITIONS SAID TO BE DESPERATE IN THE VICINITY OF LIEGE.

London, Oct. 29.—"It is feared that in their desperation the hungry people will attack the authorities. This would cause serious loss of life."

So stated Captain T. F. Lucey, representative of the American commission for relief in Belgium, in a telegram sent to Herbert C. Hoover, chairman of the commission, from Rotterdam today. Captain Lucey added that he had been told by representatives of the National Relief Committee that in Brussels, Charleroi, Liege, Namur, Mons and Dinant, 3,000,000 persons were being fed by charity and that only four days supply of flour was on hand. In the vicinity of Liege, conditions were more desperate than elsewhere, if possible. There the necessities of life were urgently needed.

"Beans, peas and rice are acceptable," Captain Lucey's telegram said, "but the great necessity and the urgent appeals from all concerned are for wheat flour."

The message concluded: "You may be convinced that any statement you have received or heard has underestimated conditions in Belgium. Great danger is threatened. To avoid it you must get flour to the people, and get it at once."

"The steamer Iris, the second ship which will take supplies to Belgium for the American Relief Committee, is expected to sail from London Saturday. The vessel will carry 1,400 tons of wheat, rice and peas."

STR. TREMORVAH CARRIES CARGO FOR BELGIANS

NOVA SCOTIA LEADS AMERICA IN SUCCOURING DISTRESSED NATION.

Halifax, N. S., Oct. 29.—Laden to the hatch coverings with supplies for the gallant Belgians, the steamer Tremorvah, Nova Scotia's Argosy of aid, sailed down the harbor today bound for England and on her voyage of mercy.

Steaming slowly down the harbor the Tremorvah passed the British warship now in port, and as she did so, the strains of patriotic music were heard from the man-of-war.

How Nova Scotia responded to the appeal is now a matter of history, and it need only be said that every city, town, village and settlement responded, and Nova Scotia thus leads America in succouring the people of Belgium.

The Tremorvah loaded between 4,000 and 5,000 tons and there is as much more, largely from Nova Scotia points, awaiting shipments by the next steamer.

The Tremorvah proceeds from here to the English channel, where she will be furnished with orders as to what port to proceed in order to land her cargo of supplies.

ACQUITTED OF GRAFT CHARGES

ALDERMAN GLINNAN, OF DETROIT, ACQUITTED BY JURY AFTER TWO HOURS

Detroit, Mich., Oct. 29.—Alderman Thomas E. Glinnan, former councilman leader and one of seven Detroit aldermen arrested in a sensational alleged graft exposure in July, 1912, was acquitted in Recorder's Court this afternoon.

The prosecution's case rested on evidence secured by representatives of a national detective agency who came here at the request of Mayor William B. Thompson to investigate alleged graft in municipal affairs.

When Glinnan was arrested \$1,000 in marked money was taken from his coat pocket. This money, the prosecution contended, had been paid to Glinnan by the detectives as the price for putting through the common council a resolution for the benefit of the Wabash Railroad Company.

The defence maintained that Glinnan voted in favor of the resolution before he had discussed the matter with the detectives; that the money was placed in his coat pocket without his knowledge and that a large part of the evidence submitted by the detectives was not based on fact.

Glinnan has been re-elected to office since his arrest in 1912.

EMDEN TORPEDOES RUSSIAN CRUISER.

Tokio, Oct. 30.—Two officers and 84 seamen on board the Russian cruiser Jemtchug were killed when the German cruiser Emden torpedoed and sank her in Penang harbor.

TURKISH CRUISER BOMBARDS PORTS ALONG BLACK SEA

THEODOSIA IS BADLY DAMAGED — NOVOROSSYSK IS ALSO VISITED

Theodosia, Crimea, via Petrograd, Oct. 29.—From 9:30 o'clock to 10:30 this morning a Turkish cruiser with three funnels bombarded the station and city, damaging the cathedral, the Greek Church, a pier and some sheds. One soldier was wounded. A branch of the Russian Bank of Foreign Commerce caught fire. At the conclusion of the bombardment the cruiser left in a south-westerly direction.

ASKED TO SURRENDER Novorossysk, Caucasus, via Petrograd, Oct. 29.—The Turkish cruiser Hamidieh, which arrived here today, demanded the surrender of the city and the government properties, threatening in case of refusal to bombard the town. The Turkish consul and officials were arrested. The cruiser withdrew.

Theodosia, (formerly Kaffa) is a Russian seaport on the south-east coast of Crimea, about a hundred miles north-east of Sebastopol, by which it is connected by rail. Novorossysk is on the north-east coast of the Black Sea and is the capital of the territory of the Black Sea. It is almost directly opposite Theodosia at a distance of about 170 miles.

TURKISH ALLIANCE DENIED IN PERSIA

ANOTHER GERMAN REPORT UNFOUNDED—PERSIA MADE REQUEST TO RUSSIA.

Petrograd, Oct. 29.—Via London—Reports received here from Berlin to the effect that a formal alliance exists between Turkey and Persia are denied by the Persian Minister. His denial was given after he had made inquiries of the government at Teheran.

M. von Klem, head of the Middle Asiatic Bureau of Foreign Affairs, who is in Petrograd, explains that the alleged false report originated from a purely personal visit made by Arfa Ud Doula, a Persian statesman, to Constantinople. M. von Klem says Russia's relations with Persia have not been changed. Persia's request for Russia to remove her troops from the frontier was not made seriously or accepted seriously by the Russians because if the troops were withdrawn the territory would immediately be occupied by the Turks, according to M. von Klem.

BOTHA REPORTS BEYERS HAS FLED

REBEL GENERAL'S MEN ARE SCATTERED AND UNLIKELY TO REUNITE

RUM CRITICIZED AS AN ARMY RATION.

London, Oct. 29.—Rum as an army ration is severely condemned by the United Kingdom Alliance, a prohibitionist organization, which is working for a rumless army.

Opinions vary as to the need of rum as a ration. The conventional charge against alcohol is that it gives only a fleeting sensation of warmth and is of no real assistance against either cold or fatigue. But Dr. W. H. Workman, the distinguished Himalayan explorer, believes that a certain amount of liquor induces the stomach in times of great fatigue to begin its work of digesting food, which, when assimilated, builds up the system again. And this view is largely shared by the army medical men.

BRITISH MONITORS DOING FINE WORK.

London, Oct. 30, 2:03 a.m.—The Daily Telegraph's Dover correspondent says: "The work done by the British monitors and other shallow draught vessels is playing a more and more important part in the fighting along the coast. These boats make frequent raids up the canals and rivers, striking unexpected and disconcerting blows into the very heart of the enemy's forces. On many occasions the boats got so close range that the crews were able to employ rifle fire against the enemy. "The speed of the ships always enables them to get out of the way before the Germans can place artillery advantageously against them."

HOW SOME FIRMS SHOW PATRIOTISM

GIVE BIG CHEQUES TO FUNDS AND DISCHARGE UNLUCKY EMPLOYEES

London, Oct. 29.—One of London's great department stores has removed from its windows its royal patronage signs. This is said to be due to a royal rebuke.

This store, where Queen Alexandra has heretofore done her shopping, sent a cheque for 10,000 pounds to the Prince of Wales Fund. So large a donation might well be put to the credit of its advertising account in view of the publicity given it.

However, the manager of the Prince of Wales Fund discovered that the store dismissed half of its staff, so that the donation came really not from the firm, but from its unfortunate discharged employees. Whereupon the cheque was sent back and the royal patronage taken from the firm.

The problem in England is to avoid

ENGLAND TO VOTE ANOTHER \$500,000,000.

London, Oct. 30, 2:52 a.m.—It is announced that when parliament reassembles on Nov. 11, Premier Asquith will move a vote for another \$500,000,000 on account of the war. A similar amount was voted in August, of which \$350,000,000 are already gone.

pauperizing the unemployed. The burden placed on private charity is all that it can stand. Both in the case of the Prince of Wales and of Queen Mary's Funds, the principal is to provide employment rather than to make doles to the idle.

While some industries have received an artificial stimulus through the war, others have been forced to close. It is the aim of the Royal Family to induce employers to keep their business going even at a loss, rather than to discharge hands and soothe their consciences by giving to charity which their own actions have made necessary.

What kind of foods do you give your children? Are they simple and nourishing?

To help build strong bodies use wheat—whole-wheat, cooked with barley malt, such as you get in "FORCE" Toasted Wheat Flakes.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHY OR HAVE BLADDER TROUBLE.

No man or woman who eats meat regularly can make a mistake by pushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick.

COMMERCIAL NEWS

NEW YORK MARKET.
(Canadian Press.)
New York, Oct. 29.—Steady im-
provement continued today in the
domestic financial situation. This
was accentuated not only by the
stronger investment demand, but also
by the significant fact that foreign
interests were negotiating for a loan
of \$10,000,000 for six months on a 5½
percent basis.
The market for numerous short
term issues was active. As an ex-
ample, the recently extended six per
cent. notes of the Consolidated Gas
Company, which were offered at a
price yielding slightly more than that
return, were selling on the basis of
5½ percent. This same degree of
betterment was shown by other se-
curities of the same class.
Exchange on London was more
variable, but closed under yesterday's
prevailing rates. Business was com-
paratively light, with marked dimini-
ution of remittances for German in-
terests. Money on time and call
evinced an easier trend, considerable
thirty day loans being made at 5½
percent.
In interest in Stock Exchange affairs
was heightened because of a confer-
ence between the governing commit-
tee of that body and the representa-
tives of the British Exchequer now in
this country. No definite decision re-
garding the date for resuming local
operations was reached, mainly for
the reason that the re-opening of the
London Exchange remains a matter of
speculation.
The cotton pool situation assumed
another phase today, when local in-
terests announced their inability to
arrive at a settlement with Liverpool
brokers over contracts which were
outstanding at the outbreak of the
war. The financial side of the propo-
sition was further complicated by
the refusal of interior banks to join
in the plan pending more definite as-
surances from southern banking inter-
ests.
Predictions of trade improvement,
as voiced by the executive of the Uni-
ted States Steel Corporation, were sup-
plemented by banking and commercial
interests in various sections of the
country, and were confirmed to the
extent that retail trade was said to be
looking forward. Bank clearings
showed a more irregular tendency,
with continued contraction at this
centre.
The Bank of England statement was
again noteworthy, chiefly for its con-
tinued gain of precious metal, which
in the past week amounted to over
\$9,000,000 to which an overnight in-
crease of \$4,750,000 should be added.

and \$34,098,530 for the same week of
1912.
Toronto, Oct. 29.—Bank clearings
for the week ended today, with com-
parisons, were: This week, \$34,843,-
888; last week, \$37,616,976; a year
ago, \$44,952,783.

St. John, N.B., Oct. 29.—Total clear-
ings for the week ending Oct. 29,
1914, \$1,280,068; corresponding week,
1913, \$1,771,446.

Halifax, N.S., Oct. 29.—Halifax
bank clearings for the week ending
today were \$1,820,218.20 and for the
corresponding week last year \$1,846,-
912.47.

Montreal, Oct. 29.—Bank clearings
for the week ending today were \$49,-
730,045, as against \$59,538,375 for
the corresponding week in 1913, a decrease
of \$9,808,330.

TOUCHING FAREWELL TO LORD BISHOP AND MRS. DUNN

FAREWELL RECEPTION HELD IN CATHEDRAL HALL WAS LARGELY ATTENDED.

A farewell reception to the Lord Bishop and Mrs. Dunn was held in the Cathedral Hall on Wednesday afternoon, the festival of St. Simon and St. Jude. A large number of people were present, including many of our leading citizens belonging to religious denominations other than the Church of England, a testimony to the esteem in which Bishop Dunn is held, not only by his own church people, but by the whole community.

Soon after half-past four the Bishop and Mrs. Dunn and Miss Dunn, with the Rev. Harold C. Dunn, His Lordship's domestic chaplain, arrived and took their places on the platform. A richly illuminated address from the Synod and Diocese of Quebec was read and presented to His Lordship by Archdeacon Balfour. The address was as follows: To the Right Revd. Andrew Hunter, D.D., D.C.L., Lord Bishop of Quebec.

May it please Your Lordship: On the occasion of your resignation of the See and your approaching departure from amongst us, we, on behalf of the Diocese of Quebec, and herein, we venture to believe, all church people in the Diocese, desire to give expression to our sympathy and sorrow that, in the Providence of God you have laid upon you a trial that has finally required your relinquishment of the heavy burden of labor and responsibility involved in the administration of this diocese.

For more than twenty-two years you have borne this burden with unwearied zeal, with undaunted courage, with a hopeful faith that has indeed moved mountains of difficulties, and challenged the administration of all.

The office of a Bishop of necessity demands a certain aloofness of position which at times renders difficult the interchange of that human sympathy which goes so far to lighten the labors and cheer the hearts of those bearing great responsibilities; we would not have you suppose that such a sympathy has been lacking on our part. From the first days we have marvelled at your absolute devotion to duty, your single-hearted interest in each soul, and in every work connected with the diocese.

The Synod, the Church Society, Bishop's College, Bishop's College School, and King's Hall have claimed and received in full measure of your devotion, of your bounty, and we feel sure, of your prayers.

The See-House, with its beautiful chapel, and its goodly endowment will ever stand as a monument not merely to your generosity, but to your wise foresight and business prudence. No Diocesan Fund but has profited by your liberality, no parish but has been the gainer from your ripe experience in all things ecclesiastical.

Your Lordship's cordial relations with all classes, and more especially perhaps, with our French-speaking fellow citizens, has materially advanced the entente and mutual respect which is so valuable a possession in a mixed community such as ours.

Of spiritual matters we hardly dare to speak, yet the most casual observer cannot fail to realize that great and persistent effort has been made, even in most unpromising fields, and that from Labrador to Shawinigan—from the fisher folks of Gaspe, to the farmers of the Eastern Townships, your faithful and faith-inspiring works have been richly blessed of God.

In our tribute of loyalty and affection to Your Lordship, we would fain include Mrs. Hunter Dunn and your daughter, Miss Hunter Dunn, who have so consistently and so happily seconded your every effort for the welfare of the diocese.

To them, as to Your Lordship, we say "Farewell" with full and grateful hearts, and shall ever pray that He who has enabled you to do so great things for us, will have you in His gracious keeping now and evermore.

We are, Your Lordship's faithful servants. (The address was signed by the members of the Executive Committee of the Synod.)

A Vote of Thanks. Following this address a vote of thanks for the Bishop's generosity in connection with the See-House was read by the Rev. E. A. Willoughby King, and a copy of it, also beautifully illuminated, presented to His Lordship.

"Vote of Thanks." To the Right Reverend, the Lord Bishop of Quebec:— May it please Your Lordship:—

At a stated and well attended meeting of the Central Board of the Church Society held in the Cathedral Church Hall on Tuesday afternoon, October 20th, 1914, amongst other important matters a report was made by duly appointed representatives of the Board upon the benefactions, which have been bestowed by Your Lordship upon our Church in this city and diocese in connection with the See-House "Bishopthorpe."

most respectful, hearty and deeply appreciative acknowledgement should be tendered to Your Lordship by this Board and as representative of the Church Society of the diocese, in reference to your open-handed generosity to the See-House.

We refer to Your Lordship's devotion to the up-keep in perpetuity of that fine edifice and its premises of a large annual amount, which has now reached a very handsome sum, and is known as the "Bishop Dunn See-House Fund."

We recognize thankfully Your Lordship's munificent and very valuable beneficence in the setting apart and solemn dedication in the See-House of a private chapel furnished with needful accessories,—altar vessels and linen and altar ornaments, cabinet organ, stained windows and embellished walls all executed with harmonious beauty and in appropriate ecclesiastical design.

Neither are we unmindful of the improvements and repairs and other special gifts of permanent benefit to "Bishopthorpe," which have come also from Your Lordship's bounty. Quebec, October 28th, 1914. Bishop Dunn Replies.

The Bishop then rose and said how deeply moved he was by these expressions of loyalty and friendship. It was with a full heart that he had listened to the words of the address from the Diocese and to the vote of thanks from the Central Board.

It had been a special pleasure to him to have Mrs. Hunter Dunn, and his daughter, Miss Hunter Dunn, included in the address, for nobody knew better than himself how great assistance he had received from them in all his labors for the Diocese. He was gratified, too, that mention had been made of his relations with our French neighbors, for he had tried ever since he first came to Quebec to show the greatest courtesy and respect to them. He had endeavored, while himself holding the fullest loyalty for the Church of England, to establish friendly and even cordial relations with those who differed from him, and he had felt that in this matter the Bishop ought to be an example to others.

It was with deep sorrow that he felt now obliged to relinquish his office, but he knew that the Diocese would carefully and prayerfully elect his successor, and carry on the work which he was no longer able to do. He would always continue to follow with affectionate interest what was done in the diocese. "As long as life lasts," said His Lordship, "I will go on praying for you and I trust that you will be ever greatly blessed to the glory and praise of God."

After the Bishop's reply, a presentation was made to Mrs. Hunter Dunn, Mrs. Williams, on behalf of her many friends in the city, presented her with a handsome dressing case and a beautiful bouquet of roses. Accompanying this gift, Mrs. Williams read the following address: "To Mrs. Dunn:—

"Some of your friends in Quebec wish to present you with this dressing case as a slight token of their regard and affection, hoping that it will serve to remind you of the twenty-two years spent in our midst, during which by your courtesy and many acts of kindness you have endeared yourself to us all. "October 28th, 1914." Present to Miss Dunn.

A present of a beautiful gold brace-

let watch to Miss Hunter Dunn was then made by Mrs. F. G. Scott, who, in handing her the gift, said: "It gives me great pleasure to ask you to accept this little gift in affectionate remembrance of the many years you have spent in Quebec, and as a token of our deep appreciation of your most faithful and self-denying labors in the interests of the Church in our Diocese.

"With it go our prayers and best wishes to you for every happiness in the future. "October 28th, 1914."

The Rev. E. Arthur Dunn replied on behalf of his mother and sister. In a few appropriate and happily chosen words he expressed their feelings of gratitude and appreciation. He thought it only right to mention that neither his mother nor his sister had in the least expected such gifts. They had in their own opinion done nothing more than was their duty, and that might have been expected from those in their position.

The Rev. Canon Shreve, of Sherbrooke, then added a few words on behalf of the clergy and people of the Eastern Townships, expressing their great regret and deep sense of loss at the Bishop's departure. There were three things for which Bishop Hunter Dunn would be ever gratefully remembered among them. First, there was the wonderful faith and courage which he had always himself maintained, and constantly inspired in his people. Secondly, his open-hearted generosity, of which every parish had received. And third, the more than kind hospitality extended to them in Quebec city. He wished His Lordship the full enjoyment of his long episcopate now ended so happily.

The Bishop and Mrs. Hunter Dunn and Miss Hunter Dunn came down from the platform and received many of their friends who took the opportunity of bidding farewell to His Lordship and his family. They will take with them the best wishes of very many in this city and throughout this large diocese, to whom they have endeared themselves during their long residence here.

The Bishop and Mrs. Hunter Dunn sail for England on November 5th, and together with their eldest daughter, Mrs. A. G. Hamilton Dicker, and Miss Dicker.

MONTREAL FIREMEN ANXIOUS TO VOLUNTEER. Montreal, Oct. 29.—Recruiting for the second overseas contingent threatens to make havoc among the men of the city fire department. Nineteen men went with the first contingent and Chief Tremblay has now before him sixty applications from men who wish to go. Of the sixty no less than fifteen are officers.

The applicants and recruits now almost total ten per cent of the city's firemen and the situation is admitted by Chief Tremblay to be serious. "We are all glad," he said today, "to see these men anxious to do their duty. But the city must be protected from fire, and we cannot afford to lose our skilled men."
