World News In Brief

Washington, Dec. 13.—(AP)—The United States has invited Canada and thirteen other key trading countries to a round-table discussion designed to reduce tariff barriers and expand world trade, it was learned today.

Disclosing the move, officials who asked not to be named said the conversations will precede a full-dress United Nations trade and employment conference scheduled for next summer.

Swift Current, Sask., Dec. 13.—(AP)—Surplus horses from Western Canada, whose grazing lands are of more value for cattle and sheep, soon will provide meat for Belgium, where horsemeat is a staple article of diet.

Thousands of the animals have known the freedom of range lands but never the touch of harness or saddle. Now a market has been found for them—the meat for Belgium and by-products for Canadian industry.

Yokohama, Dec. 13.—(AP)—Legal officers of the United States 8th Army indicated today that the first war crimes trial in Japan—scheduled to open Monday—will be delayed long enough to allow more than 300 defendants to prepare defenses. No definite date was set.

Col. Robert Y. Laughlin, judge advocate, announced the first American military trial commission in Japan will meet in closed session here Monday to adopt rules of procedure.

Sydney, Australia, Dec. 13.—(AP)—An R.A.F. Skymaster established a record of nine hours for a 2,000-mile flight from Sydney to Perth today.

The big plane, carrying 36 passengers, made the trip across Australia at an average of 244 miles an hour.

Toronto, Dec. 15.—(AP)—Fear that three men adrift on two 45-foot fishing craft might not survive freezing temperatures on Lake Ontario spurred boat parties scouring the lake for them today.

Not since 4 p.m. yesterday have the three men and the two steel fishing craft been sighted. Then they were off Port Credit, perhaps half-way on their 30-mile voyage from Bronte to Toronto.

Missing are Howard Langton of Bronte and Hugh Summers and Alex Bourbeau, both of Toronto.

Moscow, Dec. 13.—(AP)—A Tass dispatch from Tehran today quoted Iranian newspapers as reporting that Zia Eddin, former Iranian Premier, planned to stage demonstrations during religious mourning days Dec. 15-16, possibly involving the use of military units.

The dispatch, describing the former Premier as "the well-known foreign agent," asserted he was rounding up vagrants and rowdies for use on this occasion. Tass said Zia Eddin is regarded in Moscow as bitterly anti-Soviet.

New York, Dec. 13.—(AP)—A strike vote among a union-estimated 200,000 workers in plants of General Electric, General Motors and Westinghouse will be taken today throughout the United States for the workers, members of the C.I.O. United Electrical, Radio and Machine Workers of America to decide whether they will go out on strike sometime after January 1.

The Union, third-largest C.I.O. affiliate, is seeking a wage boost of \$2 a day—approximately 30 per cent. It rejected a General Motors offer of a 13½-cent-an-hour pay increase.

Gen. MacArthur Orders Vast Relief Programme For Japs

By RUSSELL BRINES
Tokyo, Dec. 13.—(AP)—Election reform legislation revolutionary in Japanese history is expected to be passed by the House of Peers—probably tomorrow—as a first step toward proportionate representation.

While the Diet wrestled with political reform, Gen. MacArthur attacked on the economic front, directing the Japanese Government to inaugurate a broad relief programme for unemployed this winter.

The relief plan, when ready, must be submitted in detail for Allied approval.

The election reform bill would double the electorate, to about 45,000,000 voters, by granting women suffrage and reducing the balloting age of 20 years.

The legislation does not involve revision of the House of Peers, the reform of which was promised earlier by Premier Kijuro Shidehara. A bill altering the present highly-restrictive section of the Upper House is to be introduced in the Diet after Japan's first general election since occupation.

HEAVY FIRE LOSS AT ST. FELIX DE KINGSEY

Five Homes Razed, Mass Murder Of POW's Described

Citizen Succumbs To Nervous Shock

Village Left Without Telephone and Electrical Service—Firemen and Volunteers Worked With Lanterns to Remove Household Belongings and Provide Shelter for Victims—Twenty-five Persons Left Homeless.

(By Record Staff Reporter)

St. Felix de Kingsey, Dec. 13.—Fanned by a strong west wind, a chimney fire which broke out yesterday afternoon at approximately 2.30 o'clock in the village of St. Felix de Kingsey, grew into a raging inferno which completely destroyed five houses, leaving 25 persons homeless. One hour after the fire started, an elderly lady, Mrs. Albert Lamoureux, whose home was levelled, died of nervous shock.

The village was left without telephone and electrical service all last night as firemen and volunteers from the village and surrounding districts worked with lanterns to remove household belongings to a place of safety and provide shelter for the victims.

The fire, which broke out at the home of Edward Gagne, Main street, spread rapidly to adjacent buildings, mostly of wooden construction, as about fifty men, women and children drew water in buckets from nearby wells in an effort to extinguish the blaze. The Drummondville Fire Department was immediately summoned, but when they arrived on the scene the blaze had taken a hold on the four other buildings and the firemen, with only one pump, were unable to check spread of the fire.

KINGSEY LINE RE-INSTATED

It was reported at noon today that one of the three telephone lines to St. Felix de Kingsey, which were cut off as a result of the fire which levelled five houses and threatened the rest of the village, had been re-instated. An official of the Eastern Townships Telephone Company said today that repairs on the other two lines would commence as soon as possible. Although the electrical service has not yet been re-instated, Edward Gagne, Mayor of Kingsey, said he expected the lines to be serviceable by this evening.

Megantic Officer Is Named Delegate

Ottawa, Dec. 13.—(AP)—Appointment of Brig. N. B. Macdonald, of Lake Megantic, Que., as delegate to the International Labor Organization's Inland Transport Conference was announced today by Labor Minister Mitchell.

Brig. Macdonald is Deputy Quartermaster-General at Canadian Military Headquarters in London and is familiar with transport problems. He will act as substitute to M. M. Maclean of the Labor Department at the meeting to be held in London this week. The other Canadian Government delegate is V. C. Phelan, Director of the Labor Department's Information Branch.

London, Dec.—(AP)—Foreign Secretary Bevin told the House of Commons today that Britain and France have agreed to joint withdrawal of their troops from Syria and Lebanon.

114 Now Reported Murdered By Huns

The Defence Department disclosed today that a total of 114 Canadian soldiers were "allegedly murdered" by the Nazis when taken prisoner during the invasion of the Normandy beaches in June, 1944, but as regimental affiliations were not given it is impossible to estimate how many of these victims belonged to the Sherbrooke Fusiliers Regiment. This was the first indication that more than the 48 killed by soldiers of the 12th S. S. Division, under Maj.-Gen. Kurt Meyer, had been shot wantonly by the Nazis. Members of the Sherbrooke Fusiliers to date reported murdered by the Hun include, Lt. T. A. L. Windsor, Tpr. J. E. Bolt, Tpr. T. H. Henry, Tpr. T. Lockhead, Tpr. H. G. Philp, Tpr. G. V. Gill and Tpr. C. G. Perry.

Whether men under Gen. Meyer's command also were responsible for these newly announced brutalities or where the atrocities took place was not stated in the announcement last night.

Revaluation Of Canadian Dollar Seen

London, Dec. 13.—(Reuters)—The London Evening Standard said today there has been a revival of reports of an early revaluation of the Canadian dollar.

The paper said these reports were based on cables received by London arbitrage houses which announced the Canadian authorities had banned further sales of International Nickel shares in the United States unless the stock actually was in possession of the seller in Canada.

"During the war, London sales of Canadian stocks to Americans have had to be put through Canada. This has had the effect of giving British Canadian dollars, while allowing the Canadian Government to accumulate American dollars.

"Although the present ban can be overcome in a week or so by shipping stock from London, the Canadian Government is at the moment no longer accumulating American dollars at a price which would prove disadvantageous on any early revaluation. Probable reason for singling out International Nickel for this ban is that dividends are payable in United States dollars."

Patton's Condition Said Satisfactory

Heidelberg, Dec. 13.—(AP)—Doctors in attendance on Gen. George S. Patton today reported he had spent a good night and his general condition remained satisfactory with no complications.

The medical bulletin indicated, however, that there had been no marked change in the paralysis from which Gen. Patton is suffering as the result of a broken neck sustained in an automobile accident last.

Increase In Senate Pay To Be Authorized At Same Time As Commons, Says Mackenzie

By JACK WILLIAMS
Canadian Press Staff Writer
Ottawa, Dec. 13.—(CP)—Members of the Commons today went to work on a dwindling order paper, but they still had a heavy agenda to complete if they were to meet Parliament's target of a Dec. 15 prorogation.

The day started with at least one cheerful prospect for tiring members of the Commons. They had the assurance of Veterans Minister Mackenzie that a resolution providing for a \$2,000 tax-free expense allowance to supplement the \$4,000 indemnity to members was being amended to make provision for an increase in the Senate.

For several days there had been periodic spontaneous requests from the floor of the House for consideration of the indemnity measure but meantime the Government had been trying to find a means of avoiding what appeared to be certain Senate opposition.

Yesterday the Commons cleared away three of the four budget bills and dealt with a number of departmental estimates.

The Senate gave final approval to a bill providing for an increase from \$100,000,000 to \$750,000,000 in export credit loans and heard Senator A. D. McLean (PC—British Columbia) announce that he would ask at the next session for investigation of Canada's mineral production by a special Senate committee.

Senator Vincent Dupuis (L—Quebec) urged the establishment of a national organization to improve infant health and give assistance to mothers.

When the budget bills were up, Finance Minister Isley announced he was withdrawing a proposal, made in his Oct. 12 budget, to reduce taxable pensions of succession duties.

The proposal stemmed from the Ives Royal Commission investigation, but Mr. Isley said further consideration indicated there would be wide implications and he wanted more time to consider the position of annuities and life interests.

Japs Condemned To Hang For Atrocity

Manila, Dec. 13.—(AP)—Six of seven Japanese accused of killing and burning two American fliers and five Filipinos at Cebu City last March were found guilty by a military commission today.

Lt.-Col. Isamu Morimoto and Capt. Jostaro Tsuruyama were sentenced to death by hanging. Sgt. Takeo Kawari also was sentenced to hang but mercy was recommended because he turned prosecution witness.

Kawari testified he had orders to hack the fliers to death.

A fourth was sentenced to life imprisonment and two others to ten years each at hard labor.

All had pleaded innocent. The sentences are subject to review by Lt.-Gen. W. D. Styer, Commander of American forces in the Western Pacific, and by General MacArthur.

PRISONERS OF REICH FORCED TO MAKE ARMS

Prisoners of War Formed Large Element of 800,000 Foreign Workers Drafted for Forced Labor in Armament Plants in Five-Month Period.

By NOLAND NORGAARD
Nuernberg, Dec. 13.—(AP)—Germany used prisoners of war to work in munitions factories in violation of international law, according to evidence submitted today to the International Military Tribunal trying 21 of Hitler's top leaders on war crimes charges.

American prosecutors produced documents showing that defendant Fritz Sauckel, Nazi slave labor boss, reported in June, 1943, that prisoners of war formed a large element of the 800,000 foreign workers drafted for forced labor in armament plants in the previous five months.

Revealing Hitler's policy of enslavement of conquered people met with resistance, Sauckel declared in the report filed as evidence that "unfortunately quite a number of our officials and employees were victims of murders and attacks by partisans."

A recommendation by Albert Speer, another defendant and former Nazi Munitions Minister, that prisoners of war who escaped and were recaptured be sent to factories as "convicts" was read to the Court.

Opening the prosecution's attack on Nazi concentration camps, an assistant United States prosecutor, Thomas J. Dodd, declared operation of the camps represented the "commission of crimes against humanity on a grand scale."

The prosecution, Mr. Dodd said, did not intend to catalogue all concentration camp atrocities but would outline the broad uses of the camps by the Nazis.

"The Nazis realized early that without the most drastic measures to repress opposition they could never consolidate their power," he said.

COMMUNICATION PLAN APPROVED FOR GERMANY

By RICHARD KASISCHKE
Berlin, Dec. 13.—(AP)—Allied authorities, still hobbled on the creation of central administrative agencies in Germany, were agreed today on a plan which is at least a long step in the direction of a central communications system.

The plan, approved yesterday by Allied control authority's co-ordinating committee, calls for the organization of interurban telephone and telegraph service between the four occupation zones and provides that messages pass through "central" telegraph and telegraph exchanges.

The French, who have opposed the establishment of any kind of central agency, agreed to the plan and to another measure which would establish under four-power control a hydrographic institute to produce data for safe navigation of German waters by ships of all countries.

American authorities, meanwhile, continued to press for unification of transportation and for a unified policy on taxation, foreign exchange, customs and currency regulations.

Other measures approved in yesterday's meeting included:

Authorization of an increase in the food ration of Berlin's lowest civilian category—mostly housewives and others not employed in

Propose Second Membership Ballot In Ford Shutdown

Windsor, Ont., Dec. 13.—(AP)—The Policy Committee of United Automobile Workers (C.I.O.) Local 200 will discuss today the advisability of a second membership vote on the Federal Government's negotiation-arbitration plan for settlement of the three-month-old Union security strike of 10,000 workers at the Ford Motor Company plant here.

This is the proposal endorsed by strike leaders two weeks ago but rejected by the general membership. After policy committee discussion the matter of a second vote will go before the Union shop stewards.

Captured Men Slaughtered By Nazi Fire

Eye-Witness Account of Shooting of Canadians Given Today at Trial of German General Charged With Responsibility for Murder of 48 Canucks.

SAW FUSILIER SHOT
Aurich, Germany, Dec. 13.—(AP)—Cpl. John Campbell, testifying today at the trial of Gen. Kurt Meyer, stated that he had witnessed the death of Pte. Joseph Arsenault, a Sherbrooke Fusilier, at Aurich, by a German standing less than three feet away.

This brings to eight the number of Sherbrooke Fusiliers men reported murdered by the Nazis.

Aurich, Germany, Dec. 13.—(P. Cable)—Further mass shootings of Canadian prisoners of war by the Germans during the second day of the invasion of Normandy June 7, 1944, were described here today by two Nova Scotia soldiers appearing as witnesses in the war crimes trial of S.S. Maj.-Gen. Kurt Meyer.

At the trial went into its fourth day with the prosecution still presenting its case, Cpl. Walter McLeod of Glace Bay, N.S., and Pte. James Conrad, of Whitehead, N.S., told how nine members of their regiment, the North Nova Scotia Highlanders of Truro and Amherst, were cut down by German fire at close quarters near Aurich, France.

McLeod and Conrad escaped the slaughter which took place after they had been taken prisoner at Aurich along with Pte. Gus Poolan of Sydney, N.S., and nine others. Highlanders of Truro and Amherst, were cut down by German fire at close quarters near Aurich, France.

McLeod and Conrad escaped the slaughter which took place after they had been taken prisoner at Aurich along with Pte. Gus Poolan of Sydney, N.S., and nine others. Highlanders of Truro and Amherst, were cut down by German fire at close quarters near Aurich, France.

One of the Germans on the front pulled his pistol from his holster and shot at the group of prisoners when only 20 feet away. A wounded German also shot at the prisoners with his rifle and Conrad said a German guard seemed to be shooting at them too.

"The other nine were shot down and they never moved," Conrad said.

The witness testified that there was no battle firing in the area. Lt.-Col. M. W. Andrew of Stratford, Ont., chief defence counsel, suggested in cross-examination that the Germans had seen the prisoners suddenly when they came out of the field. Conrad admitted that it "could be so."

Meyer, 33-year-old former commander of first an S.S. regiment and then a division, listened impassively as the evidence was translated to him. Two seats behind the German officer sat Lt.-Col. Don Forbes of Sydney, N.S., second in command of the North Novas at Aurich who now is commanding the North Novas battalion of the Canadian occupation force in Germany.

Some C.I.O. Leaders Resume Talks With General Motors

Detroit, Dec. 13.—(AP)—While some United Automobile Workers (C. I. O.) leaders resumed limited negotiations with General Motors Corporation, others went back into huddle today to make further strategy for speeding up settlement of their wage fight with the Ford Motor Company.

Negotiators for both Ford and the Union appeared still conciliatory despite a company blast at overall Union policy and a Union reply that the attack was "provocative."

Richard T. Leonard, U.A.W.-C.I.O. Ford Director, admitted he was "not very happy" over the outcome of yesterday's wage talks, but said he would press the Union's demand for a 30-per-cent wage increase at the next session with the Company on Friday.

Union officials have expressed the belief a settlement with any of the "Big Three" auto producers would set a pattern which would help solve disputes with the others.

The G.M.-U.A.W. session today was to be confined largely to a discussion of General Motors' charge of "illegal picketing" at some of the

BOUNDARY CLUB HELD ANNUAL AUCTION SALE

Rock Island, Dec. 13.—The members of the Rotary Club of the Boundary turned out in grand style for their Annual Auction, held at the regular meeting in the Del. Monty Hotel Monday evening.

J. D. MacFadyen, Secretary, announced the budget for the five raised at the Rotary Fair, and the figures are as follows: For glasses for children \$50. For Vt. Tuberculosis Fund \$5. Vt. War Chest \$25. For strictly charity cases \$200.

All the members were sorry to hear of the illness of Duncan Shanahan, who spent the summer in Derby, and best wishes for a speedy recovery were sent him.

The next meeting will be Dec. 17th, and will be Ladies' Night. Technicolor movies will be featured.

One of the foremost Australian newspaper publishers says that the role of the press in a democracy is that of a "public opinion parliament" in which every kind of grievance can be aired and investigated.

Demand Curbs On Lumber Be Lifted

Montreal, Dec. 13.—Alcide Lalonde, retiring President of the Quebec Province Wholesale Lumber Dealers' Association, said last night at the annual meeting of the Association that all Government controls that tend to retard production in the lumber industry should be discontinued as soon as possible since they work to the disadvantage of the ordinary man wishing to build his own home.

Removal of the Federal sales tax on lumber, and the recent withdrawal of compulsory building permits were steps in the right direction, but he would like to see "lumbermen given much greater freedom because their product is one of those commodities of which the world now is so short."

Hackett Criticizes Use Of Judges

Ottawa, Dec. 13.—The practice of using judges to arbitrate on non-judicial questions will and is undermining the respect of the Canadian people for their judiciary, John T. Hackett, Progressive Conservative member for Stanstead, said yesterday in the Commons.

Speaking during study of Justice Department estimates, Mr. Hackett said that as a result of dealing with specified non-judicial questions some judges were being classified as favorable to labor, some were being depicted as favorable to capital, and others as favoring a particular kind of financial policy.

Mr. Hackett said judges could not be blamed for accepting the work because it gave them a chance to increase their meagre remuneration. He urged that increased salaries be paid members of the judiciary so that they would not have to accept posts which would undermine confidence in their impartiality.

Five Homes

blaze was that of Albert Houle, Manager of the Kingsley Telephone Company. He, his wife and seven children, Jean Paul 14, Gaston 13, Norman 12, Loretta 11, Real 9, and twins, Claude and Claudette, aged 7, all escaped. Aside from Houle's twelve-room house, a stable with place for twenty-five horses, and a woodshed were levelled.

Vachon's restaurant, owned by Thomas Vachon, and the upper storey which he occupied with his wife, were destroyed as well as a two-tent house owned by Oscar Fortier. Fortier occupied the upstairs and a tenant, Roger Lebel, lived downstairs.

Eugene Caille, town secretary, estimated the damages at \$25,000, but said, however, that this was a modest estimate in view of the present cost of construction. All buildings were covered by insurance and it is expected that as soon as material is available, reconstruction will commence.

When the call to the Drummondville Fire Department was made, the Mayor of Kingsley, Gerard Caille, who also keeps a general store in the village, was attending a meeting of the mayors of the County of Drummond in Drummondville. The Mayor returned with the firemen. His store, which is situated about 30 feet from where the blaze originated, was in constant danger of being ignited, and ten men of the back brigade worked all afternoon pouring water over the structure.

The Drummondville firemen arrived at about 4.15 o'clock after a call had been put in to the Richmond Fire Department. Chief Joffre L'Heureux, of Richmond, stated that he was unable to assist due to the condition of the roads and the danger of a fire breaking out in Richmond which would leave that town without any equipment.

Chief of Police Vincent, of Drummondville, said last night that they had the blaze under control by six o'clock, but by that time all five buildings had been completely gutted.

Twenty men from the village of Kingsley volunteered to stand watch throughout the night to check any fire hazards, even though at 11 o'clock all that was left standing was a brick chimney leading from a fireplace and part of two concrete foundations.

The victims all found shelter in homes of friends or neighbors in the village and no one was reported injured.

Because of the danger of live wires hanging from the destroyed homes, the power was cut off at Warwick, a sub-station, by the Shawinigan Water and Power Company. The telephone system was also cut off when the central switchboard was removed to a place of safety shortly after the fire started. The building housing the switchboard stands directly across the street from the scene of the fire.

St. Felix de Kingsley, with a population of about 250, is about 12 miles beyond Richmond and 40 from this city.

MAGOG VETERANS TO BE HONORED

One hundred and ninety-seven veterans of World War II from Magog and vicinity will be honored on Sunday, December 16th, at a testimonial dinner at the Dominion Textile Co. Ltd. Restaurant at 12:30 p.m. Veterans, who will wear uniform or civvies with service ribbons, will be presented with souvenir plaques. The event has been arranged by the Magog and District Rehabilitation Committee.

Captured Men

He was attending as a spectator only. Meyer is charged with responsibility for the murder of 48 Canadian prisoners of war during the early days of the invasion. The victims were all Canadian 3rd Division men from the North Novas, the Cameron Highlanders of Ottawa, the Sherbrooke Fusiliers of Sherbrooke, Que., the Queen's Own Rifles of Toronto and the 1st Hussars of London, Ont.

In today's testimony, Col. McLeod told Col. Andrew that although the guard in front of the prisoners did not "actually do anything" to stop the firing, it seemed from the words he shouted at the attacking troops that he was trying.

The evidence given by Conrad and McLeod was the second eye-witness account of mass shootings of Canadian prisoners. Yesterday Sgt. William McKay of Toney River, N.S., described how eight members of the North Novas were shot by three German guards at the village of Authie.

McKay said the men, among whom was Cpl. Thomas R. Davidson, of Stellarton, N.S., were "just sitting there, quite peaceful" when the guards turned automatic rifles on them.

Various accounts of the shooting of other Canadian prisoners were given yesterday.

McKay related how Lt.-Cpl. James A. Taylor, of River Herbert, N.S., was shot and wounded because he supposedly moved in the ranks.

Taylor was compelled to march with other prisoners from Authie to Meyer's headquarters at the Ardenne Abbey, more than one mile distant. He was treated in hospital there later.

An affidavit by Capt. J. A. Trainor, of Truro, read to the Court by Lt.-Col. Bruce MacDonald, of Windsor, Ont., the chief prosecutor, also described the shooting of Taylor.

The affidavit also said that two Canadian prisoners were hit and fatally injured when a German vehicle deliberately sideswiped the column in which they were marching.

message problem of reconverting the nation's entire economy is being markedly reflected in this phase of telephone operations. Coinciding with these business demands are the many thousands of personal calls arising from the abnormal movements of population now taking place. Long absent servicemen being reunited with their families—war workers changing their residence—all have helped to swell the total.

In addition, there are psychological factors. With the fighting actually over, and spending power abundant, many people no longer feel compelled to hold back on this type of an expense. Others, perhaps, under the urgency of wartime requirements have formed the habit of using long distance for business and now extend its use for personal purposes.

Whatever the cause, the total still mounts while Bell Telephone statistical experts scratch their heads and revise their charts.

Weatherman Today Gives Local People Hope For Milder Spell

The barometer is rising—the atmosphere is clearing—the weatherman predicts a "milder" period. This noon it was "fair, with winds subsiding." There is a reduction today in the velocity of the high wind experienced here yesterday.

The maximum temperature yesterday was two degrees above zero and the minimum was one degree below. These figures show colder weather here yesterday than in Montreal. There, it is expected that snow will fall Friday morning, and at the latest on Friday afternoon.

In St. Andrew, N.B., two scantily clad, short-term prisoners, Jack O'Dell and Robert Lawson, escaped from the county jail yesterday afternoon by unhooking the front door, but returned voluntarily last night. They decided that the coldest weather of the season was the wrong time for a jail break.

FINAL TRIBUTE IS EXTENDED TO MISS C. MOONEY

Funeral services for Miss Clarel Mooney, only daughter of the late James Mooney and his wife, Mary Ann Brady, of Ulverton, who passed away at the Sherbrooke Hospital on Thursday last after a short illness, took place on Saturday afternoon from the Johnston Funeral Home to St. Patrick's Church, where a Libera was sung by Rev. Father J. R. Moisan, pastor.

A solemn Requiem Mass was sung in St. Patrick's Church on Monday morning with Rev. Canon Napoleon Codere as celebrant, Rev. Father Moisan as deacon and Rev. Father Lawrence Tierney as sub-deacon.

The pallbearers were Herbert MacCallum, Richard Burroughs, Percy Johnston and Austin Conway. The body was taken to L'Avener for interment in the family plot.

Born in Ulverton, Miss Mooney had lived in Sherbrooke for thirty-five years. She was a graduate of Richmond's Notre Dame Convent, and worked at the Q.C.R. here for fifteen years, retiring a year ago.

Among the mourners at the funeral were Mr. and Mrs. J. S. Mooney, Mrs. George Mooney, Miss Alice Mooney, Miss Vivian Powers, Miss Kathleen Clark, Harry Dundin and A. B. Mooney, Sherbrooke; Edward Mooney and Leo Mooney, Ulverton; L.A.C. J. Ronald Mooney, R.C.A.F.; Lachine; Frank Clark, Rock Island; and Bert Dundin, Lennoxville.

Local Delegates Return From Conference Of Mayors In U.S.

In his office today after flying back from New York with fifteen mayors from different cities in Canada who were invited to attend the United States Conference of Mayors, City Clerk Antonin Deslauriers said that on the matters discussed, which included mostly the rehabilitation of veterans and housing, he thought that the United States were having a good deal more difficulty in finding accommodation for their veterans than was Canada.

Principally in the matter of housing, Mr. Deslauriers said, Canada is operating more smoothly than is the U. S. Apparently with the greater

John Peters Of Magog Returned As President Of County Fairs

With a request for a \$300 increase in the Provincial Government's annual grant to the Eastern Townships County Fairs Association refused, members of the Association, in session at their annual meeting yesterday at the New Sherbrooke, decided to continue to press for this added subsidy. The former Godbout Government imposed a \$300 amusement tax on the Association, and to cover this expense, the Association asked the present Government to increase to \$1,200 their regular \$900 annual grant. The Government declined, maintaining: "the budget would not allow it."

Officers of the Association were re-elected, and numerous items of business were discussed. A vote of thanks was passed by members of the board to the officers, Rev. W. J. Belford, Stanstead, and Gordon Beerworth, Sherbrooke, were named to a publicity committee which will handle advance fair notices.

Fair dates for the coming year were set:

Waterloo—August 10, 11, 12 and 13.
Richmond—August 15, 16 and 17.
Compton—August 19, 20 and 21.
Ayer's Cliff—August 22, 23 and 24.

Bedford—August 27, 28 and 29.
St. Johns—August 31 and September 1 and 2.
Brome—September 2, 3 and 4.
Granby—September 5, 6 and 7.

Members passed a resolution requesting the Federal Government to reinstate fair grants, discontinued during the war years. The amount of the grants is governed by the fair classification. It was decided that each fair board should submit a request to the Federal authorities for a Class B rating.

Members granted the midway contract to the Bernard and Barry Amusements, Ltd., for 1946. The company was represented at the meeting by W. H. Brown. Fred Simms represented Simms Gerator Shows.

At the meeting of the Association next month, the contract for the grandstand show will be let. A. E. Dyson, Vice-President, pre-

Numerous Reports Presented At Session Of Senior C.W.L.

The regular monthly meeting of the Senior Catholic Women's League was held in temporary quarters referred to the reproduction, in the December issue, of a talk delivered by Mrs. F. Drake, of Regina, Sask., at the Diocesan Convention held here on October 20 last, entitled "Christ or Chaos in Christian Family Life." The article was prefaced by the following introductory comment: "Members of the Catholic Women's League will take pride in what might be called a real tribute to one of Canada's outstanding Catholic women, Mrs. F. Drake, of Regina, when the Northwest Review gave a full page space to her speech given on October 20 at the Regina Diocesan Convention. Mrs. Drake, a National Vice-President of the League, is also National Convener of Education, a position for which she is eminently fitted by training, knowledge and spiritual qualities. Mrs. Drake's article is of such deeply spiritual value, we feel it should be printed in its entirety."

Sisters of Service: Miss Gertrude Workman, Convener, reported that she had two boxes ready for consignment, one to Western Missions and the other to Christian Island.

An expenditure of \$35 for tables for the church hall received the approval of the meeting.

Mrs. Francis Hoye thanked the members for their co-operation in remitting the December semi-annual premium for the Blue Cross Hospitalization which had facilitated her work in this regard.

The Membership Tea, which has had to be deferred owing to the inaccessibility of the hall for the function, was discussed and the tentative date set for January 19, 1946.

Mrs. Maskell appealed for members to attend the Girl Guides' Reunions on the first Monday of each month.

Mrs. L. E. Codere gave a brief talk relative to the proposed presentation of the "History of St. Patrick's Parish" chronicled by her, which she planned to supplement by the projection of photos garnered by her pertinent thereto.

Mrs. Francis Hoye gave expression to her ideas that the placards indicating the hours of Catholic Church services were antiquated. It was her opinion that these cards should be renewed and the necessary action taken by the Convener of Citizenship, Miss Vivian Powers.

Mrs. F. E. S. Shelley interjected that she believed that the matter came within her precinct as Diocesan Convener of Travelers' Aid.

All matters on the agenda having been duly considered and disposed of, the meeting was adjourned for the long anticipated raffle drawing. The selection of the winning tickets was made alternately by Very Reverend Canon McGee, the League's Chaplain, Reverend Father Moisan, Pastor of St. Patrick's and Reverend Father Tierney, Curate.

The following names emerged as the victors: Miss Mabel Smith, St. Mary's Hospital, Montreal; Mrs. W. E. Hume, Montreal St., Sherbrooke; Miss E. Labrecq, 45 Quebec Street, Sherbrooke; Miss Nancy Milette, 132 Short St., Mr. Donald Hazelton, 215 Short Street, Mr. J. E. Drennan, Cookshire.

Mrs. T. Coley, who had convened the undertaking, thanked everyone who had shared in the endeavor that had resulted in gratifying net proceeds of \$273.09.

LONG DISTANCE CALLS SOAR TO HIGHEST LEVEL

A multitude of demands connected with the changeover to peacetime have sent the volume of long distance calls soaring to an unprecedented level, according to A. J. Whelan, Bell Telephone manager here.

For the first ten months of this year, long distance calls originating in Sherbrooke totalled \$68,900, or 10 per cent higher than for the same period in 1944 and 138 per cent more than in the same months of 1939.

Not only are total calls increasing, but they are doing so at a faster rate than the increase in new telephone installations, indicating a greater long distance usage per telephone than ever before.

While plans are going forward as rapidly as possible to augment existing long distance facilities, with demand at its present peak, it will be some time yet before the pre-war standard of efficiency can be resumed and the annoyance of delays overcome.

There are many complex factors, accounting for the high level of calls. Apart from increased activity associated with the actual declaration of V-E and V-J days, the im-

ENTERTAINMENT PROVIDED BY S.S.C. RECRUITS

Members of the Sherbrooke Snow Shoe Club were entertained in the clubhouse on Prospect Road last night by the twenty-two initiates of the previous week. Andy Blatherwick acted as master of ceremonies, introducing the various musical selections, skits and piano solos. The outstanding act of the evening was a piano solo by Jack Lammigan.

Grant Whitehead kept the audience attentive by simply adding small buckets of water to the contents of a large pail. At the end of the programme the pail was emptied over the heads of the veteran members. Luckily a switch of pails had taken place and the audience was showered with puffed wheat. In the absence of President Leonard Thompson, Vice-President Hen Keeler presided over the meeting which followed a delicious baked bean supper prepared by Mrs. Metcalfe. Guests of the evening included Ian Holt, N. J. McLeod, Joe Kinsella and William Pratt.

Secretary Ted Messenger read the minutes of the last meeting and the session was brought to a close with a sing-song. The next regular meeting will be the President's Reception on New Year's Day.

GLENDAY ROAD FORUM MEMBERS LISTEN TO TALK

The Glenday Road Farm Forum met at the home of Mr. and Mrs. W. T. Pearson, Spring Road, on Monday evening to listen to the radio broadcast on "Health Insurance." After the broadcast a lively discussion took place as to the advantages and disadvantages brought about through National Health Insurance. However, a vote showed this Forum to be in favor of a National Health Insurance plan. The last meeting of the year will be held at the home of Mrs. D. Green and Mr. R. Green. Refreshments brought a pleasant evening to a close.

TEA AND SALE

Members of Lennoxville Women's League of St. Andrew's Church held their annual chicken salad tea and Christmas sale in St. Andrew's Church Hall, which was decorated with evergreens. Mrs. Trenholme cordially welcomed the tea guests and shoppers.

Mrs. John Murray presided at the head table which was centered with white snapdragons in a silver basket and tall red tapers in silver holders. She was assisted in her duties by Miss Annie Shaw.

The small tea tables were centered with red tapers in silver holders. Mrs. R. Hunking, Tea Convener, was assisted in serving by several of the members and the Misses L. MacDonald, G. Beaton, M. Hamilton and B. MacKenzie, of Lennoxville. Mrs. L. Allen was in charge of the dining room and Miss C. McLeod and Mrs. Jobel were in charge

POLISH DRIVE CONDUCTED IN LENNOXVILLE

Citizens of Lennoxville will be asked to contribute to the United Polish Relief Fund today as the canvassers will begin their drive towards a \$500 objective. The Dominion objective of the fund is \$250,000 which will be used to purchase mobile hospitals to send to Poland in order to combat epidemics now threatening that country.

The Polish people suffered many hardships and are now faced with the problem of re-fitting themselves for the future. Each canvasser will carry an identification card so that the citizens may be sure they are being approached by an official representative of the organization.

Every contribution, no matter how small, will be appreciated and the citizens are urged to aid this worthy cause.

LLEGALIZED STEAL

The news from Ottawa that the Liberal Government is insisting on forcing through the \$2,000 annual tax-free increase for Members of Parliament must bring a strong feeling of revulsion to even the hardiest stomach among Government supporters.

At first it appeared that the Senate had been aroused from its habitual acquiescence and would not pass this increase for the Commons' Members—not because they had any feeling of sympathy for the tax-payer or responsibility to save public funds, but only because they had not been included in the hand-out.

This difficulty the Government seems to have surmounted with the announcement that the Senate will also receive an annual \$2,000 increase, the only difference being that they will be taxed on their extra money, while members of the House of Commons will not.

Private individuals and industry, who for the past six years have laboured under a load of taxation that amounted almost to confiscation, will be discouraged and disgusted at this cold-blooded breaking of Government regulations.

The Government forbids the paying of a bonus, or the raising of salaries—a necessary check against inflation, is the claim. Yet in the face of this regulation they raise the pay of their own members, and by process of law, make the increase tax free.

Such action is nothing more than a legalized steal, with the victims being the Canadian taxpayer.

LUCKY MOSLEY

One of the men who have for several months past been rather conspicuous by their silence is Sir Oswald Mosley, one-time leader of the Blackshirts in Great Britain and a man of decidedly pro-Fascist views.

But he is before the courts again, and in view of the fate, actual and probable, of some of the men whose views he shared, it is probable that Sir Oswald considers himself lucky. The charge levelled against him in his case before the Kingsclere magistrates, near Marlborough, was not one of high treason, or even of conspiracy against the Government. The crime of which he was accused was that he had caused "unnecessary suffering to some pigs by failing to provide adequate feeding and suitable accommodation." The charge was dismissed, with Sir Oswald conducting his own defence. Presumably he must have established that the Mosley Crow Wood Farm was a fit place for pigs. But one fact remains—if the British Government had not kept the leader of the British Blackshirts in a secure place during most of the war, he might have far more to worry about than the unsubstantiated accusation of providing poor board and lodging for pigs.

In fact, except for the precautionary move of the administration, his indiscretions might have led him to exactly the same pass in which William Joyce and young Amery now find themselves.

PROF. LASKI IS TROUBLED

For some time now Professor Harold Laski, the combative and very talkative chairman of the British Labor Party, has been one of the great problems of the Attlee Government, who have on several occasions been greatly embarrassed by the oft-times non-sensical outbursts of this individual. But now the Government itself is coming under his fire and he has voiced some very bitter words about its action in Pacific affairs. He has described British intervention in Java a matter of "regrets and bitter shame." He added that it was far worse for those "crimes" to have been committed by a Labor government than by a Tory-dominated government.

From these general remarks it might be that Mr. Laski is slowly learning some of the facts of political life. He is finding that his socialist brothers, who form the government, cannot, or do not desire, to carry out some of the bright socialist hopes for the extermination of "imperialism."

While Laski has highly praised Bevin's recent speech on conditions in Europe, reports from London tell of the deep silence of other Laborites on the back benches when they heard Bevin's views on Russian relations. The applause came strangely from the Conservatives in Parliament. It would indicate that other Laborites are also learning some of the facts of political life.

All this merely goes to prove that however a political party may plan and threaten before it resumes power, national interest, public responsibility and the obligations of office force it, once it takes office, to continue some of the very actions it once condemned.

BUDAPEST TODAY

Budapest, once a leading romantic centre of the Old World, a city of mystery and adventure to delight the hearts of fiction lovers, is something dramatically different today as the war has left its imprint on the former Hungarian capital. It is portrayed as one of the ghastly cities of the Continent, where death lurks in the night and marauding is rampant and the town square teem with deserters from the various armies. The streets are a brawling no man's land. And here, worse than anywhere else, is inflation, one of the perils so carefully guarded against in this country, with ceiling on prices and other controls. The story of Budapest today tells better than anything the ravages of war, what invasion and conquest mean.

The Hungarians themselves seem to talk of little else but food, prices, and the Russians. Inflation is riding high and the American dollar which brought 15,000 Hungarian pengos yesterday is worth 24,000 today and perhaps 36,000 tomorrow. Recently the government began printing 10,000 pengo notes, which at the time of their issue would buy about one handkerchief. Ordinary wallets no longer can hold a day's shopping money. Hungarians carry handbags when they go marketing.

For Americans attached to missions in Budapest, life is a whirl of paper profits. They can exchange their dollars at black market rates, and each spin of the inflation wheel brings them new phoney millions.

A woman's Persian lamb coat can be had for \$300 and expensive cameras are on sale at the lowest prices in Europe. The Hungarians look well fed, but that is an illusion. People will die of hunger this winter. Last summer's wheat, rye and sugar crops were less than half of pre-war levels. Since 1944 the supply of hogs has dropped by eighty-five per cent and cattle by seventy-five per cent. For the past two months, workers have received no cooking lard, and butter, when it is available, goes to children under three.

A chicken dinner may cost only two dollars in American money, but again that is more than the average native earns in a month. There is gas for cooking only a few hours a day, and that for no more than half the city's inhabitants. It should start to snow anytime now and most apartments are heatless and windowless.

Budapest is a disconsolate, cheerless city, filled with rumors and apprehension. Its people know the old days are over and the future is grim.

BRITISH FARMERS MAY QUIT WHEAT

One of the phases of British agricultural reconstruction from a wartime to a peace basis is the effort being made by the Government to play down the production of wheat and divert the land to other uses. Following the outbreak of hostilities in 1939, the desperate need for national self-sufficiency forced Great Britain to make her farms the most intensely cultivated in the world. For the first time, combines, most of them produced in Canada, swept in the great grain harvests which, mercifully, never failed in all six summers of the war. Seven million acres of grass-land were converted to grain crops under the stimulus of nine dollars an acre subsidy. Although grain elevators in Canada were bulging with wheat that could have been sold in Great Britain more cheaply than it could be grown in the islands, no shipping was available to move it across the Atlantic.

War agricultural committees were formed in each county to direct farmers on the crops they should grow and more than two thousand recalcitrant farmers who refused to obey these directions were dispossessed of their farms and their homes. The results were that home food production increased by seventy per cent and the farmers are prosperous as never before with guaranteed prices for everything they grow.

But having produced this miracle, the Government is now in danger of being embarrassed by it. Disregarding the dollar-exchange and other broad economic factors, it is obviously open to doubt whether it is sensible to continue growing wheat in large quantities in England when it can be imported much less expensively from Canada.

The Labor Government's Minister of Agriculture, Tom Williams, is already under fire from Liberal economists because in his first public speeches he has shown almost as much tendency to project the "self-sufficiency" policy into peacetime as did his Conservative predecessor.

The sensible policy for British farmers, it is argued, is for them to concentrate on milk, poultry, eggs and other dairy-making activities which will make best use of the remarkable grass-growing properties of British soil. In these products, moreover, Britain will need all the home production she can get for some time to come.

In other words, critics say: Stay away from wheat. But once major trends develop in any industry, it is not easy to reverse them—especially among British farmers, who are traditionally reluctant to change their ways.

BIBLE THOUGHT FOR TODAY

PRESS COMMENTS

WIDOW ROOSEVELT
Ottawa Journal
Mrs. Roosevelt is living in an apartment in Greenwich Village on Washington Square. She gets up at seven in the morning. "I have a little dog," she said, explaining as if Pala wasn't almost as famous as his mistress, "and I used to take him out first thing for a walk around Washington Square. Two girls who live in the apartment take him for me now and that means I have the mail done before breakfast. I read the papers and after breakfast Pala and I do the ordering in the village. I usually get to the office about 11." She gets "quite a lot" of mail and answers all the letters asking for an answer. She refuses though "to settle people's lives." She was asked what she thought about women combining marriage and a career. She smiled a little before she spoke. "I don't know whether you can, unless you and your husband work the whole thing out in detail. Of course it helps if you can send the children away to school. But even then you have to be a cracker-jack administrator." She hopes that the day will come when women will go into things not as women but as individuals. "In the meantime, I think we'll have to face it. We are different. But we can be of great value because we have feelings and see things that men don't see. Ideally it is the partnership."

THE BRITISH WAY
St. Catharines Standard
Two British soldiers were murdered and another wounded in the occupational zone, and protective measures have been tightened. But that is all.

It recalls what German commanders did in like cases during the war. On their own initiative they would line up inhabitants of towns or villages in large groups and execute them within a few hours. When a Gestapo big shot, one Heidrich was killed in Poland, the entire male population of Lidice was put to fire and sword and the children removed to where they have yet to be found.

Isolated personnel going about on duty in the British zone, it would appear, are in constant peril. This may well set a damper on fraternization, which the British in any event have not overly indulged in to date. The killing of pals by treacherous Huns, under cover of dark will not go down well with the British force, all ranks. It would be interesting to hear the comment of Field Marshal Montgomery on the two murders as reported.

UNIFORMS AS "CRIME CLOAKS"
St. Thomas Times-Journal
The Army and Navy Journal is a magazine published in the interests of the officers of the United States forces. It is not, however, an official publication, else an article published in it recently would surely not have appeared. Apparently, some professional soldiers in the American forces are full of sympathy for the Nazis now on trial at Nuernberg, because the paper says that "proper resentment" is being expressed at the attempt of associate Justice Jackson to establish in the Nuernberg trials a principle of international law under which professional soldiers, sailors and airmen shall be convicted as criminals on the mere ground of membership in high commands or general staffs.

The article goes on to say: "Doubtless this kind of blather-skitte is due to Mr. Jackson's desire to let no guilty German escape, which accords with American, as well as world, wishes, but it is obvious that blanket condemnation such as he is seeking to obtain is violative of the very essence of justice. He should be given instructions by the President to abandon a course that has no basis of justice, or the War and Navy Departments should condemn it, also gentlemen of ability and experience will not be disposed to hold or seek commissions."

Associate Justice Jackson wired back the following crushing reply: "The author . . . has quite obviously never taken the pains to read my opening statement in this trial. I pointed out that we were not prosecuting these militarists for serving their country, but for mastering it and driving it to war not for fighting a war, but for 'promoting it!'"

"In the prisoners' dock are represented several professions, including the law. These professional men are not being indicted or tried because they belonged to a 'profession' but for crimes, among others of planning an aggressive war which bathed the world in blood."

"One cannot defend his criminal acts on the ground that he is a soldier or a lawyer."

"The position of the author and those for whom he speaks so inaccurately seems to be that it is all right to punish somebody for illegal war-making, shooting American prisoners of war and murdering and enslaving civilians—so long as you don't get the men who actually did it. This makes nonsense to me."

"That argument surely makes nonsense to all except a few professional soldiers."

"I wish you would shave that moustache off, Henry," said his wife. "You look like Hitler."

"Don't worry, dear," he murmured meekly. "The neighbors know us—they know I'm no dictator."

Don't become upset when you fail to get the maximum out of a hand. Remember that it happens to the experts, too. I saw today's hand played in a duplicate game. Most of the East-West pairs bid and made six clubs, but one North-South pair got into four spades, which West doubled—and South proceeded to make it.

The trouble started when West elected to open with a psychic club bid, East immediately had visions of a slam, but decided to take it easy and simply bid a diamond. East realized that something had gone wrong when he bid three no trump, but when South bid four spades and West doubled, he could not be blamed for leaving it in.

To make matters worse, West lost a valuable trick with his opening lead. In response to his partner's diamond bid, he led the diamond king. South won, led a spade and played the jack from dummy, and East won with the queen. He cashed the ace of hearts, then underled

for special objects: Sailors' and Mine-sweepers', British Children and Clothing and Polish Relief funds; the monthly donation of \$5 for service libraries, and of \$2.50 for turtle-neck sweaters.

Arrangements for sending Christmas baskets were left in the hands of Mrs. A. L. Kuehner, convener of Child and Family Welfare, who will be assisted by the usual committee. Plans were also made for remembering at Christmas time a Lennoxville ex-serviceman in hospital, and several sick members of the Chapter.

Mrs. Arthur Preston, War Service Convener, reported 42 payments completed during the month. The Thursday evening sewing meetings had been well attended and will be continued. A special vote of thanks to Mrs. H. Fowles for her valuable help was moved, seconded and carried unanimously. In addition to Mrs. Preston when acknowledging the last shipment to headquarters, Mrs. MacDonald, Provincial War Service Convener, remarked on the exceptionally fine work being done by the members.

A letter from the Quebec Hospital Service Association was read, stating that the group was again open for the enrollment of new members, cards to be completed by December 28 for January 1 membership. Miss Della Sterling, group Treasurer, would like present subscribers to pay their fees for the next quarter before Christmas, if possible, and to make cheques payable to her order.

A nominating committee headed by Mrs. H. C. Burt was appointed, after which the meeting closed with the usual ceremony. The members then adjourned to the tea room, where the sales table was in charge of Mrs. Arthur Preston, assisted by Miss Florence Wark and Miss E. F. Molony. The many beautiful and useful articles donated by members and friends were shown to advantage on a long table covered with a handsome white damask cloth. Red candles in lovely Sheffield candleabra, and sprigs of cedar, brought out the Christmas motif, which was repeated on the tea tables, where dark green cedar and tiny red paper roses formed a base for the lighted red candles. The tea was convoked by Mrs. A. O. Krumping and Mrs. H. C. Burt who were assisted in serving by Mrs. A. M. Converse, Mrs. Boright and Mrs. D. Bennett, with Mrs. E. E. Boothroyd acting as cashier. The sale's mascot, a charming white plush elephant, was raffled, the fortunate winner being Mrs. A. M. Converse.

ST. ANDREW'S W. M. S. Mrs. K. Murray, President, presided over a well attended meeting of the W.M.S., held in St. Andrew's Presbyterian Church Hall on Tuesday afternoon.

Following the opening prayer, several hymns were sung, Mrs. Malcolm MacKay presiding at the piano. The Scripture lesson was read by Mrs. Gilbert, and during the short business period, the reports of the departmental secretaries were presented, and revealed that all allocations had been met.

Prior to the adjournment, Mrs.

Seaman Edward Allsop, who just recently returned from North Africa, and has since spent a few days at home with his parents, Mr. and Mrs. Fred Allsop, left last night for Saint John, N.B., to resume his duties.

Mr. and Mrs. William Peck, of 18 Elm Street, Sherbrooke, Que., wish to announce the marriage of their youngest daughter, Amelia Mabel Alice, to Lorne Earl, eldest son of Mr. and Mrs. Earl Anderson, 39 Esplanade Avenue, Sherbrooke. The marriage took place in the Church of the Advent, Sherbrooke, at eight o'clock Saturday evening, December 1st, the Reverend Mr. Moffatt officiating.

Congratulations are being extended to Miss Iola E. Bean and Miss Phyllis M. Statton, two graduates from the Sherbrooke Hospital School for Nurses, who in the list just released by Miss Frances Upton, Executive Secretary and Registrar of the Registered Nurses' Association of the Province of Quebec, were among the eighteen graduates out of one hundred and sixty, who attained over eighty-five per cent.

Recent guests at the home of Mr. and Mrs. Norman White, 321 Vimy Street, included Mrs. White's parents, Mr. and Mrs. William Downes, her brother and sister-in-law, Mr. and Mrs. Russell Downes and their son, Billy, West Burke, Mrs. Ray Little, Mr. James Bailey, Mr. and Mrs. Clifford Nutbrown, Mr. and Mrs. William Minnaugh, Mrs. Oscar Daignault and Mrs. Wesley Crawford.

MARRIAGES

IRWIN-BRESSETTE Waterloo, Dec. 13.—An early December wedding took place on Saturday, December 1, at three o'clock in the United Church in Waterloo, when Edna Irene Bressette, daughter of Mr. and Mrs. Ernest Bressette, of South Stukely, became the bride of Mr. Herbert James Irwin, son of Mr. and Mrs. Wright Irwin, of Granby. Rev. E. D. Mitchell, Pastor of the church officiated.

Mrs. L. S. Martin, of South Stukely, played the wedding music. Miss Hazel Bressette, the bride's sister, was the only attendant. Mr. Wesley Irwin was the groomsmen, and Mr. Earl Whitehouse, of South Stukely, was the usher.

The bride, given in marriage by her father, looked charming in an attractive gown of lace, trimmed with white triple sheer with sweetheart neckline and long sleeves which came to points over the hands. She wore a finger-tip veil, which was held by a flower halo and carried a bouquet of red roses and white mums. Her only ornament was a single strand of pearls.

The bridesmaid wore a floor-length gown of dusty blue crepe with shoulder-length veil of tulle illusion and feathers. She carried a bouquet of white roses and baby mums. Following the ceremony a reception was held at the home of the bride's parents in South Stukely. The bridal table was centered with a three-tiered wedding cake. Tea honors were performed by Miss Doris Martin and Mrs. Kenneth Beckus.

Rev. E. D. Mitchell proposed a toast to the bride. Later the happy couple left for a trip to New York and other points in the United States. Mr. and Mrs. Irwin will reside in Granby.

OXYDOL WASHES SO CLEAN Your biggest wash comes WHITE WITHOUT BLEACHING

OXYDOL is Far Ahead of Most Soaps in Preventing "Dirty Grayness!"

I'LL SAY IT'S WHITE! THAT'S BECAUSE OXYDOL WASHES SO CLEAN! WHY, EVEN THE GRIMEST PIECES COME WHITE WITHOUT BLEACHING!

Tests Prove Oxydol Washes Clothes CLEANER and WHITER!

Yes, Whiter! In wash test after test—Oxydol proved that it actually washes clothes cleaner and whiter than many other soaps which, unlike Oxydol, fail to get out that last possible trace of stubborn dirt and grime! White and Bright Wash After Wash! Soaps often leave tiny discoloring particles caused by dirt in the clothes and the "hardness" of the water. These stick in the clothes and turn gray or yellow under ironing heat. But Oxydol combats "dirty grayness"—actually helps prevent "dirty grayness" from forming in clothes! New "Hustle-Bubble" Suds Lift Dirt Out! Oxydol's new "Hustle-Bubble" suds are so active they

lift dirt out. All your white things—except for unusual stains—come so clean they're White Without Bleaching. Sparkling white! So Safe for Colors, Too! And Oxydol is so safe—safe for your wash colors, rayons and your own precious hands. Its rich, safe suds wash your colored clothes so clean they fairly sparkle! Next washday use Oxydol—and enjoy a wash so clean it's actually White Without Bleaching!

Mr. Norman White and his son, Harold, have returned from a short visit in Montreal.

Congratulations are being extended today to Mr. and Mrs. W. G. Mead, of Sudbury, Ont., on the occasion of the fortieth anniversary of their wedding day. Mr. and Mrs. Mead are spending the winter in Sherbrooke, their former home, and are presently guests of Mr. Mead's brother, Mr. Dick Mead, and family, having previously visited Mr. and Mrs. James Strickland, at their home on Island Street.

Mrs. W. Carter entertained the members of the Friendly Christmas Club at her home on Island Street, where cards were played at three tables, the prizes being won by Mrs. J. Whiting and Mrs. George Burdett. Refreshments were served by the hostess, with Mrs. Charles McKee and Mrs. W. S. Webb assisting. Mrs. Webb will entertain the members for the first meeting of the club in 1946, at her home on Island Street.

Mrs. E. G. Wells, with her assistant, hostesses, Mrs. C. M. Gordon and Mrs. Russell Wells, entertained delightfully on Tuesday evening at her home on McManay Avenue for Miss Dorothy McGee, a bride-elect of the week. Bingo was played and prizes were won by Miss Beth Montgomery and Mrs. Francis Paige. After the game refreshments were served. During the interim the guest of honor was presented with a large, prettily decorated basket, filled with attractive kitchen shower gifts, for which she graciously expressed thanks and appreciation.

Missisquoi Community School Heard Address By D. S. Penton, Of Montreal

Cowansville, Dec. 13.—The Missisquoi Community School held its regular meeting in the Heroes' Memorial High School here one evening.

Although it was only the regular meeting, there were many visitors present to hear the speaker for the evening, Mr. D. S. Penton, Headmaster of Lower Canada College, Montreal, and Secretary of the Notre Dame de Grace Community Council.

Mr. Penton's subject was, "The Organization of the N.D.G. Community Council and Its Story." This story was very interesting, and the speaker held the audience's interest throughout.

There were many questions asked and answered, but the one outstanding feature was the obvious interest shown by the citizens of Cowansville, East Farnham and surrounding districts in the possibility of forming a Council in their communities.

Mr. Penton showed how the Notre Dame de Grace Council came into existence, and told of some of its successful undertakings, such as the N.D.G. Children's Library, which is an outstanding source of pride in Montreal, and of its successful ones. His object was to demonstrate in full the activities of such a Council.

The comparison was made between N.D.G., with its sixty thousand citizens, and Cowansville with four thousand or more. Some of the audience thought that the smaller unit would not function as well as the larger, but the speaker pointed out that of the hundreds of Councils in America, most were in small towns and villages.

The speaker was eloquently thanked by Mrs. Lynn Bell, a member of the Public Speaking Class.

Besides the special speaker and the regular classes in English, Nursing, Typing, Photography, Woodwork, Music Appreciation and Art, there were two other specials, a visit from Mr. Alex Sim, of Ste.

14 to discuss the hot lunch problem. At this meeting a large number of toys and games were donated to the Children's Memorial Hospital, as has been the custom in previous years, and a small gift of money was also donated to the Brome-Missisquoi-Perkins Hospital to be used for Christmas cheer purposes.

Mrs. G. Brown, Convener of Agriculture, read an article on "Britain's Bacon Situation." Mrs. K. Winsor asked the members to come to the next meeting prepared to discuss the Zionist-Arab problem.

A very interesting and stimulating talk was given by Miss Walker, Macdonald Demonstrator, on "The Role of Housewife and Mother in Rehabilitation," after which Mrs. Wisdom thanked the speaker for her splendid address.

The meeting then adjourned and refreshments were served by the hostess, assisted by several of the ladies present.

General Notes.
The Red Cross shipment for the month of November was as follows: fifty girls' vests, three pairs of men's pajamas, fifteen crib covers, twenty-three pairs of children's stockings, fifteen women's skirts, three pairs of men's socks,

eleven pairs of children's mittens, seven babies' wool vests, nine children's sweaters, ten scarves, one turtle-neck sweater, two sleeveless sweaters, two service sweaters, one pair of gloves, one box of odds and ends of wool.

The Friendly Society of Trinity Church held an afternoon tea and a sales table of hand-made articles which found ready sale, at the home of the President, Mrs. G. Barker. The proceeds were forty-four dollars.

Dr. S. W. Rodger and Mrs. Rodger were in Sutton to attend the funeral of Mrs. C. Boright.

Mrs. L. S. Henderson and Mrs. D. Barker spent a day in Montreal. Mrs. G. Barber and Mrs. Darby, of West Brome, were callers in town.

Mrs. S. W. Boyd entertained the Women's Association one afternoon, when the ladies decided to cater for the annual turkey dinner for the Masonic installation of officers, which will be held on St. John's Night, December 27.

Mr. Alfred Forster has received his discharge from the Navy, and has returned here.

Plans For Christmas Cheer For Sick And Shut-Ins By Brookbury Institute

Brookbury, Dec. 13.—The regular meeting of the Brookbury Women's Institute for November and December was held at the home of Mrs. S. B. Coates, with Mrs. A. E. Leonard as joint hostess, on the evening of December 1.

Plans were made for Christmas cheer for the sick and shut-ins. Those away from home are to be remembered and cards sent to three elderly friends who are living away from this place.

The Secretary reported the following who received the Institute prize for winning 70 and 75 per cent for year 1944-45, in the Brookbury Consolidated School and now attending Bury High School. Bertha de Longchamps, 76.3; Lorna Vintiner, 75.4; Marie de Longchamps, 73.7; Emilene de Longchamps, 72.3; Belva Batley, 72.1; Violet Bennett, 69.9; Lewella Bennett, 88. Violet and Lewella Bennett are living in Bishopston and attending Bishopston Consolidated School.

Cash prizes are being offered in the Bury High School for the term 1945-46 and it is being left to the

Principal and Teachers to decide for what subjects. Mrs. S. B. Coates invited the members to meet with her early in March for the annual meeting and election of officers and convenors. The meeting closed by the singing of "God Save the King."

The hostesses were assisted in serving refreshments by the Misses Belva Batley, Myrna Leonard and Lorne Gilmartin.

General Notes.
Cpl. George Everett, Rfmm. Austin and Rfmm. Eric Batley were visitors, in Sherbrooke.

Mr. W. R. Batley spend several days in Marsboro on business.

Messrs. Byron Martin, Clifford Hunt, Robert Bennett and Sydney Coates were in Sherbrooke where Mr. Coates visited his wife in the Sherbrooke Hospital.

Mrs. J. W. Ward, Mrs. S. B. Coates and Mrs. P. Gilmartin motored with Gnr. Howard Ward to Sherbrooke for a day.

Mr. and Mrs. Clifford Thompson were guests of Mr. and Mrs. J. H. Worby, in Bury.

Mr. and Mrs. Clyde Tite, of

Omaha, Neb., were tea guests of Mr. and Mrs. W. R. Batley. In the evening former neighbors were invited to spend the evening and renew old acquaintances. Mr. Tite visited his boyhood home in 1930 and finds many changes since that time.

Mrs. J. W. Ward has been assisting with the care of her aunt, Mrs. John Paquet, in Bury, whose condition is critical.

Dominion Holds Strong Position In Flying World

By JAMES STREBIG. Canada, straddling the great circle flight routes from the United States to Europe and the Orient, hopes to become as important in the air as it is on the highways.

Government policy for achieving that goal is based on a three-point programme:

1. Continued improvement of its transport system to meet the needs of a vast and thinly populated country.

2. Maintenance of an aircraft manufacturing industry strong enough to bear rapid expansion in an emergency.

3. Development of aviation research facilities through its National Research Council.

Canadian airmen generally are solidly behind these aims, as outlined by the Dominion's top man in aviation, Reconstruction Minister Howe.

But there is a disagreement with the plan because it involves a non-competitive programme for air transport.

Some opponents of Mr. Howe's plan call it monopoly. Others, who favor nationalization of public services, say it does not go far enough.

Some believe it will retard growth of peacetime aircraft manufacturing because if each carrier is exclusive in its field it will not be spared to replace obsolete plans.

Many, including Mr. Howe, take the attitude that in any event Canada cannot expect to compete in world markets for planes against countries which have been building transports for years.

The Dominion has but one native craft in that field, the Noorduyn Norseman.

The Canadian air transport plan briefly is this:

The Government will own all main line air services, both domestic and international. Feeder lines and charter services—this latter being largely the "bush" flying which means so much to mining and trapping—will be privately owned and operated, but there must be no competition. That is, there may not be two air lines between the same two points.

The Government is prepared to subsidize feeder services—as well as overseas flying—when necessary.

Virtually all of Canada's scheduled air services now are owned by its two large railroad systems.

Trans-Canada Air Lines, which operates the trans-continental services, is owned by Canadian National Railways, which is owned by the Government.

Canadian Pacific Airways, which operates 57 of the 68 routes not on T.C.A., is owned by Canadian Pacific Railway.

The Government has decided air and surface carriers must be divorced, although the order has not yet been issued.

Canada has done a remarkable

Mr. and Mrs. Archie D. Kinneer, of Thetford Mines, motored here and were the guests of the former's parents, Mr. and Mrs. W. A. Kinneer.

Regret is general concerning the loss sustained by Mr. and Mrs. Guy Little, whose home was burned to the ground while they were absent on a visit.

Mr. Sandy McVetty has returned from Montreal after having delivered a carload of cattle to the stockyards at Point St. Charles.

Mr. Gervais Boissonneault has a gang of men busily engaged in cutting logs and firewood on his farm here, acquired last year from Mr. A. J. McVetty, of Broughton.

Mr. and Mrs. Willie Downes have moved to West Burke, Vt., where they intend to enter the garage business.

Miss Phyllis Patterson has improved in health and has resumed her studies at the Thetford Mines High School.

job in developing main line air transport, largely under the direction of Herbert J. Symington, T.C.A. President.

Secondary services have been saved, as Mr. Howe himself says, by the support of the C.P.R., which took over many half-starved small operations in Canada.

Opposition members in Parliament have asked what would happen to those small operations when C.P.R. is forced to sell the property.

T.C.A. has no major problem in a divorce. It still will be owned by the Government and will have to decrease the best routes in Canada.

This point raises a big question for C.P.A.'s future: What will happen when a secondary or feeder route is built up to main line proportions?

Take as an example the C.P.A. route from Montreal to Quebec and on up the St. Lawrence River. What if T.C.A. should decide that the Montreal-Quebec segment is a main line route and take it over, leaving the less juicy segments for the independent operator?

Mr. Howe told me in an interview that T.C.A. would use around 100 two-engine transports for domestic services and 50 four-engine planes on transcontinental and international routes.

Canada expects eventually to supply its own aircraft. In the meantime it is converting U.S. Army C-47s (Douglas DC-3 type) for T.C.A. to supplement the Lockheed which have been standard equipment.

For overseas operations, T.C.A. will continue to use converted Lancaster bombers, which carry only 10 passengers. Canadair, Ltd., at Montreal is working on a modification of the DC-4 Skymaster for eventual use in trans-ocean flights.

This plane is expected to go into service in 1947.

It will have more power than the original Skymaster, and the fuselage will be lengthened slightly. Canadair engineers expect cruising speed of more than 300 miles an hour.

Noorduyn Aviation, Ltd., at Montreal is building a post-war model of its Norseman on a three-month schedule, compared with a prewar average of one plane a month. During the war it reached a peak production of 50 a month to fill the U.S. Air Force orders for 750.

Noorduyn also built 2,800 "Harvards," a training plane. At present the company is designing a new type trainer for the R.C.A.F. in competition with other designers. A commercial version is under consideration.

Canada never has had an aircraft engine industry. There appears little expectation one will be developed immediately, but work is being done on a turbo-jet project at Montreal.

The Dominion is giving a great deal of attention to research. The National Research Council has built a new laboratory in 17 buildings outside of Ottawa. Its budget for the last fiscal year was \$1,958,993.

Projects are largely those involving problems peculiar to Canadian flying, such as icing, aircraft skis and floats. One of the current projects attracting interest is a tailless glider which very closely resembles a flying wing built in the United States. A one-third scale model will be flown soon at the laboratory.

The Doctor Says

VISUAL CORRECTIONS DEPEND ON AILMENT

By William A. O'Brien, M.D.
Clear vision is essential for success in many occupations. Failure to see clearly may be corrected by wearing proper glasses, but if glasses fail to correct the difficulty, a disease of the eye or brain is suspected.

The usual visual disorders are nearsightedness, farsightedness, astigmatism and presbyopia. Except for presbyopia (the farsightedness of advancing years), the common visual disorders are caused by abnormal shapes of the eyeball.

In order to see clearly, the image must be brought to a sharp focus on the retina, a tissue in the back of the eye. Fuzziness may result in an eyeball which is too long or too short, or irregular in shape; clear vision also depends on the presence of a normal retina and nerves connecting the eyes with the brain.

Injury to Cornea
When light rays are reflected from an object, they first pass through the cornea or clear window in the front of the eye; scars or cloudiness of the cornea may interfere with vision. If too little light passes through the cornea, it is possible to remove the tissue and transplant a clear cornea.

The iris or pupil regulates the amount of light which passes into the eye; disease or injury of the iris may interfere with clear vision, as on bright days the pupil is small and on cloudy days it is large.

The light rays next pass through the lens, a clear, elastic structure which assists in bringing the rays to focus on the retina. Inelasticity of the lens interferes with clear vision, especially in advancing years.

Cataracts Cloud Vision
Opacities of the lens are called cataracts. They can develop at any age, but are more common in elderly people. As cataracts eventually mature, treatment is deferred until they are ripe. If the lens of the eye is removed for cataract, a special lens is placed in front of the eye to take its place.

If one eyeball is farsighted and the other is nearly normal, it may be difficult to make the eyes focus together. As clear vision can be obtained from one eye, an unmatched pair will result in squint or cross-eyedness as the unused eye tends to become fixed in a position away from the other. Very young cross-eyed children are fitted with glasses which enable them to see with both eyes at the same time.

As we grow older, the point of near vision recedes. At 45 years, the average person's point of clear vision is 12 inches, but after this it moves back farther and glasses are usually needed.

LAUDS RAILWAYS RECORD — D. C. Coleman, President of the Canadian Pacific Railway Company, in addressing the Canadian Railway Club in Montreal, stressed the importance of rail transportation to the Dominion both in war and peace.

ASBESTOS

The Women's Association of the United Church held its monthly meeting at the home of Mrs. Eric Morrison, and afterwards held a very successful tea and sale. The attractively decorated tables arranged throughout the living room, sun room and dining room were well patronized by the many guests during the afternoon.

Friends of Mr. Howard Gale will be sorry to learn that he has had to go to a Montreal hospital for observation. All hope that he may soon be home again, much improved in health.

Mr. George Flack motored to Montreal on Saturday, accompanied by Messrs. Jack Hobbs, Dick Hodge and Roger Delveau.

Mr. and Mrs. Skidmore and daughter, Barbara, spent a few days in Montreal.

Rev. A. R. Ross occupied the pulpit of Plymouth United Church, Sherbrooke, for the morning and evening services.

Miss Alice Strickland, of Sherbrooke, spent a week-end as the guest of Mrs. Melvin Wilson, King Street.

The anniversary service of the United Church was held on Sunday. Rev. Mr. Tate, of Plymouth United Church, Sherbrooke, was the guest speaker, and took his text from Zechariah II, "I lifted up my eyes and beheld a man with a measuring line in his hand." There was a large choir. Mrs. Farrar sang the solo, "Praise to the Lord, Let Us Adore Him." The congregation of St. Andrew's Church joined for the service, and Rev. Mr. Black, assisted Rev. Mr. Tate with the prayers.

Mrs. Frank Lockwood entertained on Saturday evening in honor of Mr. Lockwood's eighty-third birthday. Cards were enjoyed during the evening. Prizes were won by Mrs. E. C. MacGonigal and Mr. Roy Whitehead. Later delicious refreshments were served by the hostess. Mrs. Whitehead assisted with the serving. The guests departed, all wishing Mr. Lockwood many more happy birthdays.

Friends of Mr. Arthur Lockwood are sorry to hear that he has been confined to his bed for a week, and hope that he will soon be much improved in health.

Miss Jane Farrar has returned to Blehop's University, after spending the week-end with her parents, Mr. and Mrs. Norman Farrar, Coulstan Avenue.

The Friendly Christmas Club met at the home of Mrs. S. Copeland, Noel Street, one evening. Christmas gifts were exchanged by the members, and at the close of an enjoyable evening, delicious refreshments were served by the hostess for the meeting, Mrs. George Heath. Mrs. Copeland assisted with the serving.

Rev. A. R. Ross spent the week-end in Sherbrooke and broadcast over CHLT on Monday morning for the devotional hour.

Mr. C. E. Elliott spent the week-end at his home in South Dutham.

Friends of Mr. Oton Moore are sorry to hear that he is a patient in the C.J.M. Hospital, where he underwent an operation. All hope to see him home again soon.

Friends of Dr. Kenneth Smith are pleased that he has improved and was able to return home.

Cpl. Edward Campbell and Pte. Kenneth Muir have returned from a trip to Quebec.

FORDYCE

A hot dish supper was served to members of the Ladies' Aid and their families and a few visitors, at the home of Miss Guila Jones. The proceeds of the supper and sale amounted to fourteen dollars.

Mr. and Mrs. James Williams attended the funeral of the latter's niece, Miss Ethel Vaughan, oldest daughter of Mr. and Mrs. Hollis Vaughan, near Gilman Corner, formerly of Moose Jaw, Sask. Miss Vaughan passed away after a long illness. The funeral service was held in the Anglican Church at Knowlton, with burial at Riverside Cemetery, East Farnham.

Messrs. Douglas Dryden and Douglas Perkins were in Farnham Corner calling on Mr. Herbert Perkins.

Mrs. Arthur Vaughan is spending an indefinite time at the home of her daughter, Mrs. Taisey, and Mr. Taisey, in Coaticook.

Mr. Edward David has gone to Kingston, Ont., where he has employment.

The Farm Forum group met at the home of Mr. G. A. David, with an attendance of twenty-nine. The discussion period was led by the previous host, The fourth night meeting will be held in Cowansville. A Christmas party is to be held later with an exchange of gifts. The meeting closed by singing "God Save the King."

Several members of the Farm Forum journeyed to Montreal, where they visited the Canada Packers plant.

Mrs. Allen Pocock entertained the Women's Association of the Wesleyan United Church at her home one evening, with the Vice-President, Mrs. Ida Haselton, in the chair. The following Christmas carol service was rendered, with Mrs. Harold Stubbs as the reader: Poem,

"Candle Light, Burning Bright," read by Mrs. Lovelace while Mrs. Allen Pocock lighted the candles; reading, Isaiah IX:2-7; hymn, "The Race That Long in Darkness Pined"; reading, Luke II:1-7; solo, "O Little Town of Bethlehem," by Evelyn Stubbs; reading, Luke II:8-14; carol, "The First Nowell"; reading, Luke II:15-20; carol, "Silent Night! Holy Night"; reading, Matthew VI:5-9; solo; benediction; "The Lord's Prayer," by Mrs. Dorothy Searles. Mrs. Lovelace, Convener of the Programme Committee, called on Mrs. Elsie Henderson, who gave several humorous readings, to the enjoyment of all. Rev. A. B. Lovelace gave a short talk on the vitamins necessary for the maintenance of good health. The reports of the solicitors for the Christmas sale and supper were checked and the meeting adjourned. The hostess was assisted in serving refreshments by Mrs. Stewart Edgar and Mrs. Wesley Campbell. The ladies of Wesley United Church held their Christmas sale and supper with very satisfactory results. Mrs. Neil Brevoort had charge of the apron and fancy work table; Mrs. Cecil Miller the mystery table, and the Young People's Society, the fish pond, while the dining room was supervised by Mrs. Allen Pocock and Mrs. Beverly Haselton, with Mrs. Eugene Sheppard and an able band of workers in the kitchen. The dining room was given a festive appearance with Christmas greens and red candles, and a happy atmosphere prevailed. A Young People's service was held in the United Church on Sunday evening. William Elliott and Douglas Cass assisted with the service, and a number of the young people were in the choir. The Stansfield College Orchestra was much enjoyed in several selections, as was Rev. E. Amaron, who delivered the address.

WEST BOLTON

Mr. John Butler, who has been a resident in British Columbia for twenty years, has sold his property there and is at present a guest of his sister, Mrs. C. B. McLaughlin, Mr. McLaughlin, and Mrs. C. H. McLaughlin and Miss Irene. Mr. Butler now hopes to find a suitable place so he can settle in this section and be near his sister, and a few remaining relatives. Messrs. H. C. Salisbury and W. R. Mizener attended the Agricultural meeting in Knowlton for the installing of new officers for the coming year. Messrs. F. A. Honey and son, Gordon, and H. C. Salisbury motored to Sherbrooke. Mr. and Mrs. B. R. Mizener and Mr. T. Breault, a son of Eastman, went to Sherbrooke. Miss Phyllis Allen taught a few days at the Greek School owing to the teacher, M. G. C. Whiteher, being detained at home. Mr. and Mrs. H. C. Salisbury, Mrs. C. B. Marsh and Mrs. Lawrence Marsh were guests of Mr. and Mrs. Matiland Johnson, in Bromo, one evening. Miss M. A. Mizener, R.N., who has been ill with pleurisy in the Military Hospital, at Ste. Anne de Bellevue, is expected to be able to come home shortly.

PHILIPSBURG

Mr. and Mrs. William Crawford, of Brigham, were week-end guests of Mr. and Mrs. John B. Deuel. Mr. and Mrs. Edmund Spencer and Mr. L. E. E. Spencer, of Frelighsburg, were guests of Mr. and Mrs. Henry Johnston. Mr. and Mrs. R. Leatham, of Montreal, spent a week-end with Dr. and Mrs. T. E. Montgomery. Mr. T. Montgomery, of Montreal, was also a guest at the same home. Mr. and Mrs. A. B. Clark spent a day in Montreal. Mrs. L. Carter, who has been a patient in the B.-M.-P. Hospital at Sweetsburg, has returned home. A large crowd attended the card party held in the United Church Hall one night. Those receiving prizes were Mrs. L. D'Artois, Mrs. R. Grevatt, Miss Brown, Mrs. Courchesne, Messrs. George Welsh, F. G. Young, Herman Bergeron and H. Hastings. Refreshments were served by the hostesses, Mrs. G. Kidd and Mrs. Maxwell. Mrs. William Corey, of Bedford, was in town visiting her father and sister, Mr. Graham Johnston and Miss B. Johnston. Mrs. Lionel D'Artois has returned home, after visiting relatives in Fulford. Miss Irene McClay, accompanied by Miss Donna Parsons, Principal of the Intermediate School, spent a week-end in Clarenceville with her mother. Mr. and Mrs. Marlin Crothers spent a few days in Montreal visiting relatives.

CLARENCEVILLE

Rev. and Mrs. C. Which were welcomed to their parishes in Clarenceville and Noyan one evening, when a large number of friends from both parishes met in the Townsend Hall to greet them. An ad-

dress of welcome was given by Mr. A. Hunter, and Rev. Mr. Which responded with a few well-chosen words. Five hundred was played until refreshments were served. Mrs. Elwood Beerwort opened her home for a meeting of the Ladies' Aid of the United Church one afternoon. Due to the absence of Mr. Russel Mosher, of Noyan, of the President, the Vice-Pres-

ident, Mrs. H. Chilton, opened the meeting with the Lord's Prayer. Delicious refreshments were served after the meeting by the hostess. The next meeting will be the annual. Mr. Percy Pervoncil and Mr. Clifford Pervoncil, of Providence, R.I., Grant, of Chicago, Ill., have received the announcement of the

marriage of their elder daughter, Helen Madeline, to Mr. John Andrew Erickson, Jr., of Park Ridge, Ill. Mrs. Erickson has a wide circle of friends here, who extend best wishes to her and her husband. Mr. and Mrs. Harold Miller, of Rockcliffe, Ont., visited his mother, Mrs. Henry Miller.

Locals Out For Revenge In Clash With St. Hyacinthe Squad Tonight

Tonight, at the local arena, the St. Hyacinthe Saints will meet the Sherbrooke Rands in the second tilt between these two squads. The Saints will be out to redeem themselves after the drubbing they received from Victoriaville on Sunday and also to make a bid for second place in the league standing. The Rands, however, feel confident of victory and have displayed plenty of fighting spirit in practices this week. In the first game between these two teams, the Saints staged a power play in the dying minutes of the game to come from behind by scoring three goals in two minutes to defeat the locals 6-5.

Coach Omer DeBonville is confident that this will not happen tonight and he feels that the Rands will be able to gain revenge for the last game.

A newcomer made his appearance in practice this week and the Rands mentor is putting him on tonight's lineup to see how he makes out. His name is Vincent and he played for St. Philippe Intermediates, who won the Provincial Intermediate title last year. If he shows up as well against the Saints as he has in practice, the Rands will have a clever play-making centre for the third line.

Maurice Courteau will guard the Rands' net tonight with Roger Dion playing in St. Hyacinthe Saturday night and Courteau against Lachine here on Sunday. There are no other changes in the lineup.

The lineups for tonight's game will be as follows:

St. Hyacinthe	Sherbrooke
Thifault.....goal	M. Courteau
Despelteau.....defence	Gagnon
Bonin.....defence	Ranger
Demers.....centre	H. Carnegie

INTERMEDIATE B HOCKEY REVIVED IN E.T. DISTRICT

Intermediate B Hockey is being revived this season due to the return of the former players from the services, it has been announced by Eugene Lalonde, Vice-President of the Q.A.H.A. In the past, numerous leagues were in operation but their activities had to be curtailed during the war.

To date, three leagues have become affiliated with the Q.A.H.A., which include the Thetford Mines, Bois Francs and Gaucher-Levasseur Leagues. The Thetford Mines League consists of three teams from that city and one from Disraeli while the Gaucher-Levasseur League is composed of six teams from Magog. The Bois Francs League includes teams from Victoriaville, Plessisville, Princeville and Warwick.

A fourth league is being organized by Alden Rousseau, of East Angus, which will consist of teams from East Angus, Lime Ridge, Cookshire, Bury and Sawyerville. It is also expected that two other leagues in this district will join the association soon which will provide plenty of good hockey for the Eastern Townships.

FIRST SET OF MATCHES HELD BY RIFLE CLUB

Now that the winter season has arrived, the Sherbrooke Small Bore Rifle Club has started its activities with many excellent shots participating in the various matches.

In the first set of matches, the S.R.R.A. defeated the Lennoxville Snipers by 4 points, Rands No. 1 defeated Lennoxville U.S. Plate by 33 points and the Lennoxville marksmen defeated the C.P.R. by 18 points.

Four men shot perfect targets. They were: J. Beattie and G. Mulvagh of the S.R.R.A., M. Dillon of the Lennoxville Snipers, and W. Bell of the Rands No. 1.

Rapides Consolidate Hold On First Place In Provincial Hockey League

Lachine, Que., Dec. 13.—(C)—Lachine Rapides last night defeated Victoriaville Tigers 4-2 to extend their lead on first place in the Provincial Hockey League. The Rapides came from behind a 2-1 second period deficit.

After a scoreless first period, Hamel put Lachine ahead 1-0 in the second, completing a play started by Desroches and Munday. Bouchard scored for Victoriaville, and Joe Petit scored on Planche's assist to lift the Tigers ahead.

In the third, Armand banged in a pass from Perron and McCurry to tie the score, and Perron completed Armand's pass to give Lachine the lead. Burr, assisted by McCurry and Munday, added the final tally.

RED WINGS AND BOSTON BRUINS 1 POINT APART

By The Canadian Press

Only one point separates Detroit Red Wings from Boston Bruins in the National Hockey League standings today, but on the basis of past performances even that much of a margin is misleading.

The teams fought to a 2-2 stalemate in Boston Dec. 2 and they came back to the Garden last night to repeat the performance. With Boston ahead 2-1 entering the third period, Murray Armstrong caged Harry Watson's rebound for a goal which sent another 2-2 deadlock into the record books.

At that Bruins could hardly have expected to hold their lead over Detroit, because they haven't won a scheduled N.H.L. game against the Red Wings since Dec. 28, 1943. The division of points in Wednesday's only scheduled game moved Detroit into second place, a game behind the leading Montreal Canadiens who are at home tonight to Toronto Maple Leafs. Chicago Black Hawks, tied with Bruins in third place one point behind Detroit, play Rangers at New York in Thursday's second fixture.

Before the usual sellout 13,900 fans at Boston, playing coach Dit Clapper opened the scoring for Bruins at 6:25 of the second period on a 50-foot shot on which goalie Harry Lumley's line of vision was partially screened by Milt Schmidt.

Four minutes later Bruins made it 2-0 when Herb Cain, finishing a play started by Pag Egan and helped along by Cowley, beat Lumley from close range.

The Detroit drive started late in the second period when Boston's Bep Guidolin drew an interference penalty. Red Wings stormed into the attacking zone and Carl Liscombe produced their first score at 11:18 when his shot hit the cross bar behind Paul Bibeault and dribbled into the cage.

There was no further scoring until Armstrong and Watson teamed for the tying goal in the third period.

Y.W.C.A. Girls Defeated High In First Game Of Basketball League

The Y.W.C.A. cagerettes got off to a good start in the Sherbrooke Girls' Basketball League by defeating the Sherbrooke High School team 35-8 on the S.H.S. floor last night. The S.H.S. players did their best but could not keep up to the speedy and more experienced players on the Y.W.C.A. squad.

The Y.W.C.A. girls rang up a comfortable lead early in the game and were in there playing smart basketball until the final whistle to keep the S.H.S. team from threatening at any time during the match.

Florence Martin was the high scorer for the Y.W.C.A. with ten points, closely followed by Evelyn Shoefelt and P. Humphries with nine and eight points, respectively.

June Taylor and Isabel Nelson of S.H.S., who both turned in good performances, got three points each. Betty Black and Helen Boduch got S.H.S. remaining points on foul shots.

The game started with a fast Y.W.C.A. attack which earned them the first marker of the game on Fountain's accurate close in-shot. The score at the end of the first quarter was Y.W.C.A. 16, S.H.S. 1.

The second quarter started out slowly with neither team making their attacks effective. However, the pace was stepped up and the Y.W.C.A. girls made their shots count to end the half, leading 21-2.

Having two good lines, Coach Mullin of the Y.W.C.A., was able

to keep a fresh team on the floor all the time. The fast pace was resumed in the last frame and the Y.W.C.A. lengthened their lead by outscoring and outplaying the tired S.H.S. cagerettes. The final score Y.W.C.A. 35, S.H.S. 8.

Teams:
Y.W.C.A.: F. Martin 10, E. Shoefelt 9, P. Humphries 8, M. Northey 4, M. Dean 2, R. Fountain 2, H. Wells, D. Twyman, E. Martin. Total 35.
S.H.S.: I. Nelson 3, J. Taylor 3, B. Black 1, H. Boduch 1, G. Hall, B. Walsh, J. Blakely, R. Berube, J. Wheeler, J. Buckland. Total 8.

The December meeting of St. Paul's Guild was held at the home of Mrs. S. J. Prangley. There were twelve members present and several ladies came in at the hour. The President, Mrs. W. J. Rowe, opened the meeting with prayer and conducted the business session. Mrs. R. A. Carson acted as Secretary in the absence of Mrs. McClintock. A number of letters of thanks and ap-

preciation were read from persons who had received gifts when ill. Instead of sending the usual parcels at Christmas it was unanimously decided to have them ready for New Year's. Mrs. F. Cuming, Work Convener, handed out material on which several of the members worked during the afternoon. At the close of the meeting the hostess served delicious refreshments. The annual meeting will be held on the second Wednesday in January, at the home of Mrs. F. Cuming.

Mrs. Harriet Herring, Mrs. Gertrude Bennett and granddaughter, Beverley, and Mr. Charles Herring, of Lennoxville, were guests of Mr. and Mrs. Charles Kirkpatrick. They also visited Mr. and Mrs. Arthur Herring, on Hardwood Flat.

Miss Hilda Goodenough, of Sherbrooke, spent the week-end at her home here.

Yes, these unique navel oranges grow only in California. Fertile soil, sunny days and cool nights combine to give California navels a different, delicious flavour—extras in healthful nourishment.

MORE VITAMINS—Science proves it! California navels give more Vitamins C and A, more calcium per glass. Scientific tests prove it. They have useful amounts of Vitamin B, as well.

BRIGHTER COLOUR—You can see it! Bright, clean skins and sunny golden juice. Delightful—Delicious!

RICHER FLAVOUR—You can taste it! A delicious, rich flavour that makes California navels tops for juice and eating.

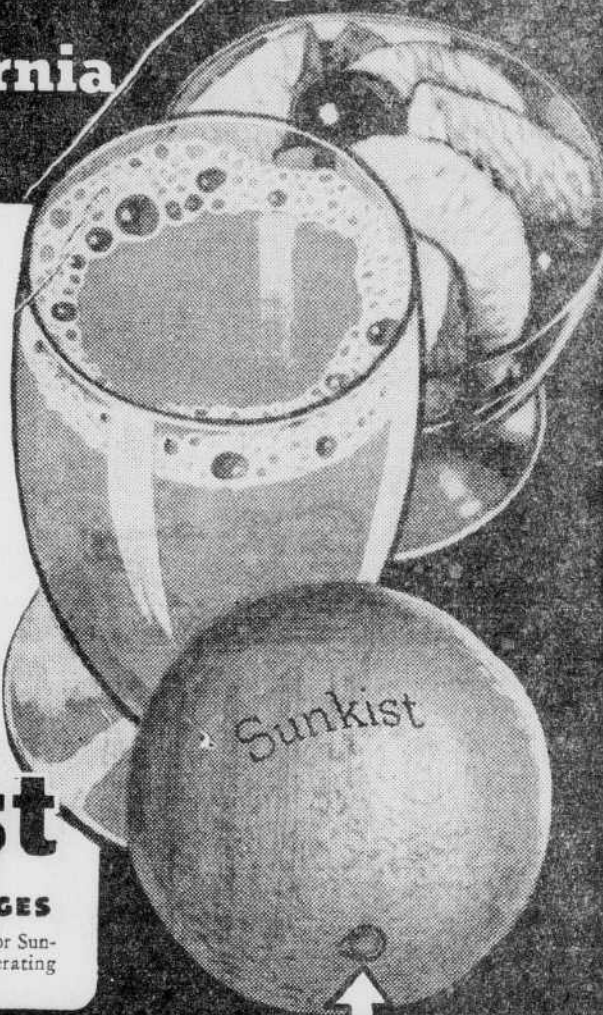

Sunkist

CALIFORNIA Navel ORANGES

Canada's Favourite—An earned distinction, for Sunkist oranges are only the finest of 14,500 cooperating California-Arizona citrus growers.

FIRST FOR JUICE—and Every use!
