

SHERBROOKE'S NEW INDUSTRY

Hamilton Clothing Company Will Build Plant at Once.

WILL BE COMPLETED BY DECEMBER 6TH—LOCATED ON PLATEAU LAVAL.

The latest industry to locate in Sherbrooke is the Hamilton Clothing Company. The proposition submitted by this company was accepted by the Council at a short meeting held last night.

The Company's factory will be built on Plateau Laval, one of the new sub-divisions, in East Ward. The City purchased eight lots for \$2,800 and turned them over to the Company on certain conditions. The Plateau Laval syndicate donated four additional lots, making twelve lots in all. The Company has also been granted exemption from Municipal taxation for ten years, and will be furnished power and water at the same rates as charged other industries.

WILL BUILD \$12,000 FACTORY.

The Company is pledged to build a factory to cost not less than \$12,000, and to have a paid up capital of \$50,000. The Company also agrees to pay \$50,000 a year in wages, exclusive of office help. It is also agreed that the plant is to be ready for work by December 6th.

OTHERS TO FOLLOW.

Messrs. T. T. Delisle, J. E. Noel, M.D., and others have worked hard to secure this industry, and deserve credit for their success. In conversation with the Record representative, last night, Mr. Delisle stated that one or two other industries would follow in a short time and would locate in East Ward. They had one industry in view which, if secured, would be a great benefit to the city. He had every hope of securing it.

WILL START WORK AT ONCE.

The Company will start work immediately on their new factory, and will have everything in readiness by December 6th.

MISS. B. BALDWIN, COATICOOK, DEAD

Passed Away After a Short Illness in Paris.

WAS WITH HER FATHER AND MOTHER SPENDING THE SUMMER ABROAD WHEN STRICKEN.

Coaticook, Aug. 9.—(Special)—A cablegram received on Thursday conveyed the sad news of the death of Miss Blanche Baldwin, only daughter of Mr. and Mrs. Eugene O. Baldwin, of this place, which occurred in Paris on Wednesday.

Mr. and Mrs. Baldwin and Miss Baldwin left in June to spend the summer abroad. A few days ago a letter received by a friend told of her illness. She was then suffering from typhoid fever, but in a mild form, and it was thought that she was recovering, and the news of her sudden death came as a great shock to her many friends.

Miss Baldwin was well known both in Coaticook and Sherbrooke. She possessed exceptional musical ability, and was a most promising young violinist, having appeared before large audiences on several occasions, and was a member of the Sherbrooke symphony orchestra.

The sympathy of the entire community is extended to the parents in their sad bereavement.

EARTHQUAKE AT CONSTANTINOPLE

Was Very Severe and Lasted About Ten Seconds.

WHOLE POPULATION OF PLACE WERE DRIVEN FROM HOMES THIS MORNING.

Constantinople, August 9.—(Special)—Severe earthquake shocks lasting about ten seconds drove the whole of the population of this city from their homes into the streets at an early hour this morning.

Many houses were violently shaken, but the damage reported is not large.

POPE'S CORONATION ANNIVERSARY

WAS CELEBRATED TO-DAY WITH A SPECIAL MASS AND RECEPTION.

Rome, Aug. 9.—(Special)—The ninth anniversary of the coronation of Pope Pius X. was celebrated to-day with a special mass and reception in the Sistine chapel. Many cardinals, bishops, diplomats, heads of the religious orders and representatives of the Roman aristocracy attended the ceremony.

OBJECT TO FRENCH PRIEST AT ST. JOHN

Hibernians Have Drawn up Resolution of Protest.

MATTER WILL PROBABLY BE TAKEN THROUGH PROPER CHANNEL TO HOLY SEE.

St. John, N.B., Aug. 9.—Irish Catholics of St. John, as represented by the Ancient Order of Hibernians, are up in arms over the selection of a French-Canadian priest, Father Leblanc, of Church Point, N.S., as successor to Bishop Casey, of St. John, who has been appointed to the archdiocese of Vancouver.

At a meeting last night of division No. 1, A.O.H., a strong resolution was passed voicing the opposition of the members of that order, and the resolution contained a provision that an appeal should be made through the proper church authorities to the Holy See at Rome.

PRESIDENT TAFT VETOED WOOL BILL

Second Time Within a Year That Bill Was Returned.

ASKS CONGRESS HOW TO PREPARE MEASURE TO REDUCE UNNECESSARY EXISTING DUTY.

Washington, August 9.—(Special)—For the second time within a year President Taft to-day vetoed the bill to revise the wool tariff schedule of the Payne-Aldrich law.

With a message of disapproval the President returned to Congress the bill evolved as a compromise between the House and Senate, holding that its lowest rate would bring disaster to home industries. He appealed to Congress, however, not to adjourn until it has enacted a measure to "substantially reduce unnecessary existing duty" without destroying protection for the wool industry in the United States.

The President's disapproval of the wool bill will be followed with similar vetoes of steel bill and cotton bill.

The sugar bill will likely be vetoed, as is excise tax bill, the latter probably on the ground that the President believes it unconstitutional.

LIEUT. BECKER MADE MONEY RAPIDLY

Bank Accounts Are Being Investigated By Prosecutor.

INDICTMENTS AGAINST CERTAIN POLICE OFFICIALS FOR GRAFTING WILL BE ISSUED.

New York, August 9.—(Special)—The grand jury is said to have learned many things to show that Lieutenant Becker made money very rapidly within the last few months. In one savings bank Becker was found to have \$3,000 on deposit, while the prosecutor has been given a number of other savings bank accounts which will be investigated.

"Bald Jack" Rose, in his confession, says Becker told him that he cleaned up \$30,000 in four months.

Within a few days the grand jury will hand down about six additional indictments. Indictments will be drawn against Louis Rosewitz, "Whitey" Lewis, Harry Horowitz, Frank Cirofio, and probably Jack Sullivan and Sam Schepps.

Indictments against certain police officials for grafting will be drawn later.

NEW STOCK WILL BE ISSUED

Bank of Nova Scotia is Increasing Capital By One Million.

SHAREHOLDERS WILL GET NEW ISSUE AT 240 AT END OF MONTH.

Toronto, August 9.—(Special)—New capital stock to the amount of \$1,000,000 will be issued by the Bank of Nova Scotia at 240 to shareholders on record on July 31st.

This announcement was made yesterday. The reason for the new issue is the increasing business of the bank, and the fact that the circulation is now up to the limit allowed by law.

The statement of the bank's position at the end of June showed that the circulation was less than \$2,000,000 below paid up capital.

The authorized capital of the bank is \$5,000,000, of which \$4,000,000 is paid up, so that when the new issue is made the whole of the authorized capital stock will have been issued.

NAVAL SQUADRON WITH CHURCHILL

Will Reach Canada in September Naval Question Will Be Discussed.

PERMANENT POLICY WILL BE DECIDED UPON AT A ROUND TABLE CONFERENCE

Montreal, Aug. 9.—A dispatch from London to the Montreal Gazette says:

The conferences with the Canadian ministers on the naval question have practically concluded. It is probable that, by wish of the British Government, an invitation will be extended by Mr. Borden to Sir Wilfrid Laurier to meet Mr. Winston Churchill, first lord of the Admiralty, in Canada at the end of September and discuss the matters involved. There is no doubt here that the existence of an emergency has been proved, and that Canada may make a contribution to an amount to be determined after Mr. Borden consults his colleagues, after which Mr. Churchill will go to Canada. A permanent naval policy will be determined upon, if possible, at a round table conference of all political parties in Canada. The British desire is to remove the scheme from the sphere of party politics, as has been done in Great Britain.

Mr. Churchill will arrive in Canada with Admiral Prince Louis of Battenberg and an imposing naval squadron.

Mr. Churchill and Mr. Hamar Greenwood M. P., will make a tour of the principal cities of Canada and discuss imperial defence. The ministerial opposition here to Mr. Churchill's visit is due to an unwillingness to influence Canadian opinion; but the Unionists urge prompt action and Mr. Churchill is willing.

Prominent Government and Opposition members say Australia is becoming popular with British investors owing to its naval contribution. It is strongly felt that Canada must show practical loyalty, remain a part of the Empire and keep the confidence of Great Britain financially.

It is authoritatively stated that Mr. Borden has promised nothing definite in regard to the navy. As to the references to imperial co-partnership, the best minds here urge that all should go slow. It is only proposed now that there should be a Canadian minister in London for a part of the year for the exchange of confidential information on foreign policy. The union would be consultative. British ministers see the danger of a rigid compact binding the Dominion's action in any Imperial Council.

Mr. Asquith declined Mr. Borden's invitation, but Mr. Churchill's visit is not with the object of stampeding Canada, but to return the compliment of the Canadian Cabinet.

POSTAGE AND CABLES.

The French Government holds that it cannot allow Great Britain to take in a penny postage scheme, and therefore such an arrangement with Canada cannot materialize.

Mr. Samuels, the British postmaster-general, and Mr. Pelletier discussed thoroughly the state cable question, but with tangible results.

ARREST OF DETROIT ALDERMEN

Prosecuting Attorney Says Twenty Will be in Jail.

CHARGED WITH DEFRAUDING CITY IN CONNECTION WITH OFFICIAL POSITION.

Detroit, Mich., Aug. 9.—(Special)—Sensational developments in the local aldermanic graft scandal occurred to-day when Prosecuting Attorney Sheppard announced that before night about twenty aldermen would be placed under arrest, charged with conspiracy to defraud the city in connection with their official positions.

Nine aldermen recently arrested on a similar charge are also included among the twenty new arrests.

NEW TETMINAL FOR GRAND TRUNK

PRESCOTT TO BE UTILIZED BY THE MONTREAL AND BELLEVILLE DIVISION.

Ogdensburg, N.Y., Aug. 9.—It is learned that the Grand Trunk Railway has completed the purchase of two square miles in the town of Prescott, opposite Ogdensburg, on the St. Lawrence River, for a new terminal point of the Montreal and Belleville division of the railway. The property has an 800-foot frontage on the river, having convenient wharfage facilities. The present terminal of the division is at Brockville.

TWENTY-THREE STOREY BUILDING

New York, Aug. 9.—(Special)—Preliminary plans have been filed for a new twenty-three storey building for Western Union Telegraph Company. The building is to be erected on site of the present structure, 135 Broadway. The plans show that there will be twenty-one elevators, and that cost of building will be four million.

UNIONISTS WON IN MANCHESTER.

Bye Election Owing to Home Rule Says Victor.

THE ELECTION AND ITS RESULT WAS THE CAUSE OF GREAT EXCITEMENT.

London, Aug. 9.—The Northwest Manchester bye-election, caused through the retirement of Sir G. Kemp, resulted yesterday in the return of Sir J. Randles, Unionist, who polled 5,573 votes, as against 4,371 for Gordon Hewart, Liberal.

The Liberal majorities in January and December, 1910, respectively, were 445 and 783. Johnson-Hicks in 1908 defeated Winston Churchill by 429, though Mr. Churchill's majority in 1906 was 1,241. Yesterday's election caused great excitement, boatloads of voters returning from the Isle of Man holidays to poll, and others journeying all the way from Germany.

Sir J. Randles, in explaining his victory, declared that it was principally due to dissatisfaction with the Home Rule bill and Welsh disestablishment, and that the electorate also protested strongly against the Insurance Act and financial methods of Lloyd George.

TAFT PREPARES TO VETO TARIFF BILLS

CONSULTS THE CABINET AND GOES INTO EXECUTIVE SESSION TO WRITE MESSAGE.

Washington, Aug. 9.—President Taft arrived in Washington at 8.45 o'clock yesterday morning from Cincinnati, where he had been to attend the funeral of John W. Herron, Mrs. Taft's father. The President was driven to the White House, where a special Cabinet meeting was scheduled to consider his probable veto of the tariff bills.

The President read to the Cabinet a draft of his veto message. After the session he cancelled all engagements and remained in the White House to put his message in final form. Chairman Emery, of the Tariff Board, was one of the few callers he received. All the members of the Cabinet were present with the exception of Secretary Meyer, who is in Massachusetts.

TO DISCUSS WORLD COAL SUPPLY

INTERNATIONAL GEOLOGICAL CONGRESS WILL MEET IN TORONTO.

Toronto, Ont., Aug. 9.—(Special)—Arrangements are practically completed for the meeting in Toronto this month of the International Geological Congress. The local committee is in receipt of advice indicating that all of the leading countries of the world will be represented by delegates. The congress has selected the world's coal supply as the principal subject to be considered at the meeting.

AVIATOR FLYING TO LONDON.

Havre, France, Aug. 9.—(Special)—The well-known French aviator, Ensign Jean Louis Camille Cousau, of the French Navy, who flies under the name of "Andre Beaumont," successfully negotiated the first stage of his journey from Paris to London in a hydro-aeroplane. Starting from Paris on July 26, he followed the course of the Seine, and landed to-day on the seafloor here. He intends to proceed along the coast to Boulogne, then cross the English Channel, and then fly up the Thames from its mouth to London.

GOLD IN NORTHERN QUEBEC.

Quebec, Aug. 9.—Latest reports from the exploring party sent out by the Quebec Mines Department to prospect in the vicinity of Lake Kenawick, near the Abitibi district, show that there was some justification for the gold rush to that district in the early part of the year. These reports, however, show that, while there is gold, it has so far been found only in narrow veins. Still it proves that the district has good possibilities. The prospecting expedition sent out by the Provincial Government on this quest is headed by Dr. Bancroft, of McGill.

MANY BOATS ENTERED.

Chicago, Aug. 9.—(Special)—The list of entries for the speed boat championships, to be run during the water carnival that opens on Lake Michigan, to-morrow, was made public to-day by officials of the Associated Yacht and Power Boat Clubs of America. Twenty-nine boats are on the list for competition for the American championships. One craft, the "Debutante" comes from England, and flies the colors of the Royal Motor Yacht Clubs. The highest powered boat entered is "Disturber 3" built in this city by Mr. James A. Pugh and said to have made 57 miles an hour on trial run.

THE WEATHER

Moderate easterly to southerly winds; partly fair, moderately warm, with occasional showers and local thunderstorms.

TWO WORKMEN CRUSHED TO DEATH

Were in Shaft 260 Feet Below the Surface.

DRILL STRUCK AN OLD CHARGE OF FORGOTTEN POWDER IN THE SHAFT.

New York, Aug. 9.—(Special)—Two workmen were mangled to death and five others seriously injured at the bottom of the 260-foot shaft leading out of the new aqueduct, 106th street and Central Park West, early to-day when a big steel drill struck an old charge of forgotten powder.

There was a rumble and a roar, and the shock dislodged a loose boulder from above, which crushed two men to death and pinned eight men in a corner.

Rescuing parties were lowered into the shaft, and the workmen were finally freed.

Five of the workmen were unconscious. The two dead men were crushed beyond recognition.

ANOTHER MAN DIES.

New York, Aug. 9.—(Special)—Another of the workmen died after being taken to the hospital.

EXPECT BECKER TO BREAK DOWN

Might Turn States Evidence if Clemency is Shown.

IS A SHREWD MAN AND BEST INTERESTS WILL REQUIRE HIM TO TELL ALL HE KNOWS.

New York, Aug. 9.—(Special)—The Tombs prison keepers seemed to think to-day that Police Lieutenant Becker was on the point of breaking down and there were reports at public prosecutor's office that Police Officer under indictment for murder of gambler, Herman Rosenthal, might turn State's evidence.

District Attorney Whitman conferred with John F. McIntyre, Counsel for accused Lieutenant, but states Attorney said that no terms for the confession were discussed.

Mr. Whitman said: "We have hopes that Becker, who is a shrewd man, may decide that his best interests will require him to tell whole truth. If he should do that I would have to think over pretty carefully what my attitude should be. While murder is a grave crime than blackmail it might be that I would decide in event of confession to ask some clemency for Becker. One of the greatest accomplishments for the good of a community would be to find out who are the big blackmailers in Police Department and abolish forever that treacherous and wicked system."

Mr. McIntyre expects to be out of town until next Wednesday when he said he would return to talk over matters with clients.

BRAKEMAN DIES OF HIS INJURIES

Was in the Head-On Collision at the "Summit" on Sunday.

DESPATCHER GAVE WRONG ORDERS TO CREW OF LIGHT ENGINE AT ISLAND POND.

Coaticook, Aug. 9.—(Special)—One of the brakemen who was injured in the head-on collision between a "light" engine and a freight train at the "summit" last Sunday, has died of his injuries. At the time of the accident the fireman of the "light" engine was instantly killed.

The other brakeman and immigration officer of Island Pond, Vt., who were injured are recovering.

The investigation into the cause of the accident is said to have revealed the fact that the light engine got orders to meet the freight at Sherbrooke instead of the summit. The crew on the light engine therefore thought they had the right of way to Sherbrooke.

CHIEF THINKS RUMOR UNFOUNDED

Believes Citizens Are Misinformed About Gambling in City.

HAS NO KNOWLEDGE OF SUCH PLACES—WOULD LIKE TO SEE INQUIRY HELD.

Chief Davidson, speaking to the Record this morning, stated that he believed the rumors referred to in the Record relative to gambling resorts in Sherbrooke were unfounded in fact.

The citizens who had reported these rumors he believed were misinformed. His department had no knowledge of any such places and he believed they did not exist in the City of Sherbrooke.

He would like to see the requests of the citizens reporting the rumors complied with and the matter investigated, with a view of ascertaining if such places existed.

GOOD CLAY BELT AT BROMPTONVILLE.

Bromptonville, Aug. 9.—(Special)—There is to be found here one of the best clay belts in the Province of Quebec. Tests have been made and the return made that it was first class for the making of brick. It is said an outside company is looking over the land with a view to locating here. The only drawback is transportation facilities, but this could be got over when once the street railway is built.

BOUGHT TIMBER LIMIT.

Sutton, August 9.—(Special)—Mr. A. J. Garland of the handle factory has purchased a timber limit from E. T. Seaver and P. Q. Clark of North Troy, Vt., which is supposed to contain 250,000 feet of ash and basswood for which he pays \$10 per M on the stump. Mr. Garland is outfitting a force of men with tents and other equipments to go to cutting the timber at once. The ash is carried from Highwater to Sutton to be worked up here, while the basswood goes to the mills at North Troy, Vt. The timber is situated about one mile south west of North Troy Village.

BROMPTONVILLE MUNICIPAL COUNCIL.

Bromptonville, Aug. 9.—(Special)—At a regular meeting of the municipal council Pro-Mayor Lapierre presided in the absence of Mayor Lambert. The complaint of Mr. J. M. Richard that the water runs off the street and damages his property was referred to the Road Committee. The Council deferred payment of the bills presented by Dr. Allard and Beauregard for vaccinating a number of citizens. The Council held that many of the parties treated could afford to pay for the same. Mr. Castonguay informed the Council that he would lay a walk in front of his property if the Council gave the assistance of two men, he to furnish the cement. The proposition was accepted.

SHIPS' OFFICERS THREATEN STRIKE

It Carried Into Effect London Port Will be Tied up.

DEMAND MUST BE ACCEPTED BEFORE OFFICERS SIGN ARTICLES NEXT WEEK.

New York, August 9.—(Special)—A London cable says: Ships' officers belonging to National Union Masters and Mates threatened to strike, which, if put into effect, will tie up the Port of London.

They have presented a demand for minimum wage in ships of 3,000 to 5,000 gross registered tons, as follows: Master, £25; first mate, £14; second mate, £12; third mate, £10 a month.

For ships of more than 5,000 tons the schedule demanded is as follows: Master, £30; first mate, £15; second mate, £13; third mate, £11 a month.

Arrangements have been made to notify owners of ships sailing next week that the scale must be accepted before officers sign articles.

Municipal Council Will Sue City of Sherbrooke For Arrears of Taxes.

CONSIDERABLE OTHER BUSINESS TRANSACTED AT MONTHLY MEETING.
Fast Angus, Aug. 9. (Special)—At a meeting of the Westbury Municipal Council, the question of the arrears of taxes from the City of Sherbrooke was discussed.

It was decided to instruct the Corporation Attorney to take action against the City of Sherbrooke for the arrears.

The bill of N. Lepitre for road work of 43.26 was ordered paid. O. Lepitre was discharged from the office of road inspector and Alphonse Fougat appointed inspector in his place. The valuation roll was revised.

A tax of nine mills on the dollar for roads and general purposes was imposed. This, with the school tax of five mills, will be fourteen mills in all for the Protestant part of the town.

The reports of the Committees for dividing the town property and town line roads with East Angus were adopted as far as they went.

Inspector J. C. Johnson was ordered to repair the bridge in the Pagot Brook. The Inspector was authorized to spend \$200 on putting stone into the soft places on the Cookshire Road.

The Secretary Treasurer was instructed to take suit against the City of Sherbrooke for the taxes due them.

Boy's Suits

Last week we made a strong endeavor to clear out every one of our Boy's Suits, and marked them so attractively that we fully expected that Friday and Saturday would see them all sold. We sold but forty eight Suits—the balance are still here and the values are every bit as good as was advertized last week, now for

Saturday

We will give you another opportunity of getting a first-class Boy's Suit at a price that would not pay for the cloth. This is no Cheap Sale in the ordinary way—the fact that we are going out of the Boy's Suits is the reason and the prices are marked low enough to tempt any one that has boys to wear these garments. Come in and look them over tomorrow—we may not have them if you delay. The chance to get good Suits for Boys at a very cheap price is now. Every Suit carries our guarantee the same as if you paid us the regular price. All sizes at present.

What You Have

Been Waiting For

The plans of McDOUGALL FARM are now ready. We are prepared to reserve you these fine lots and to reserve them in a way that will appeal to every reasonable man looking for a home site or willing to increase his capital and income.

To say that we have subdivided, the most beautiful, the best situated, the most popular residential site in the whole City of Sherbrooke does not convey to the mind the real value of our new proposition.

This is the Redemptorist College, Opposite our Property.

CONSIDER

Where the finest modern residences of the city are Where new ones have gone up within the past two years. Consider the value of \$200,000 invested directly opposite a property, the great increase in Real Estate values in the neighborhood and you begin to have an idea of our valuable subdivision.

All city improvements will be at hand. Streets will all be 66 feet wide and this beauty spot on a fine slope giving a perfect view of the city and surrounding country.

It is worth while being interested in this proposition. Let us show you the place. We will take you and your family there by auto. Act at once. Do it now, while you have the choice.

DAIRY PRODUCE

BUTTER MARKET EASY.
Montreal, Aug. 9.—Butter continues easy and business at the moment is very slow. The situation is somewhat mixed and the market appears to be going through a period of readjustment which not a few dealers believe must result in lower prices here. The present level of prices does not meet the views of the western trade and business in that direction is almost at a standstill. Advice received from Vancouver stated that two vessels were now on their way from New Zealand with consignments of about 1,000 packages each. The three-cent duty is about offset by the freight rate from here to Vancouver, and importations from New Zealand at this early date, believed to be unprecedented, are taken to indicate that the trade in eastern Canada must lower its level of prices if the business to the coast is not to be lost. The fact that stocks here at the beginning of the month were over 100,000 packages is advanced as proof that there is no scarcity. In connection with the easier tone of the market it was reported that butter was being offered from here in Vancouver at under 26c.

We quote prices as follows: Finest creamery, 26c to 26½c; fine creamery, 25½c to 26c; seconds, 25c to 25½c; dairy butter, 22c to 22½c.

CHEESE MARKET FIRM

Montreal, August 9.—Cheese continues firm and a steady business is being done over the cable. Foreign buyers are apparently unwilling to assume too heavy consignments at present prices and orders accordingly are coming on the basis of more immediate requirements. The situation locally is considered firm especially in view of the fact that holdings of cheese are about half what they usually are at this time of the year, while exports up to the end of last week showed a decrease of about 30,000 boxes as compared with the same period last year. At the Woodstock board prices scored an advance of 1c

on the price of a week ago. We quote prices as follows: Finest western colored, 12½c to 13c; finest western white, 13c to 13½c; finest Townships, 12½c to 13c; finest Quebec, 12c to 12½c; seconds, 12c to 12½c.

SOCCER.

Owing to some difficulty in arranging the game between Sherbrooke Y. M.C.A. and 53rd Regt. no game will be played on Saturday 10th. A meeting of the League will be called to meet in Association Rooms on Saturday, 10th August, to decide when the game will be played.

BOXING.

BURNS WON.
Tommy Burns defeated Bill Rickard at Saskatoon last night. He knocked him out in the sixth round.

LACROSSE.

The lacrosse match on Saturday between the Jencks and Irish-Canadians is causing a good deal of excitement. The supporters of both clubs are claiming victory and there is a good deal of betting on the result of the game. The last time these teams met the Irishmen held the Jencks down until the last quarter, when their defence went to pieces and lost the game. Since then the Irish-Canadians have made several changes, and with the services of an ex-Sherbrooke man, who is now residing in Montreal, feel confident that they can take a fall out of the leaders of the league.
L. Dunsmore will have to go some on Saturday to keep the Irish-Canadians' new home man from scoring.

Major says he will score at least two goals for his team, but the Canadians say he will meet with a good deal of opposition in trying to do so.
The Irish-Canadians are in the best of trim and promise to give a good account of themselves on Saturday.
The game will start at 3.30 p.m. sharp, and will be all over a little after 5 o'clock.

SPORTING NOTES.

A QUESTION OF JUDGEMENT

Judgement plays a prominent part in the building or wrecking of fortunes. Good judgement means success. Bad judgement spells failure.

YOUR JUDGEMENT if either good or bad according to your opinion of the value of building lots in the new sub-division known as

THE CARTMELL FARM

If you are a man of good judgement you will see at a glance that this is valuable property. That a building lot, 50 feet by 100 feet, is a remarkably good investment at the prices we are asking. The best business men in the City say the property is a valuable one---and back up their opinion with their money. They have bought lots. What is your opinion?

VISIT THE PROPERTY.---Some properties sell better when the purchaser can't see them. This is not the case with ours. Our experience has been that to see the lots is to buy the lots.

LOCATION: Only 30 feet from the beautiful new Monastery. The property faces on Prospect Street, and several choice lots are available on this street. One of the most beautiful spots in the City, high, dry and clean, with the purest of air. You owe it to your children to bring them up 'mid such surroundings.

TERMS: The prices range from \$300 to \$500, according to location. Our terms are easy, \$25 cash and \$5 per month.

STREETS: We will have the streets in order at an early date, and then up go the prices. Your duty is to buy now. **LET US TAKE YOU UP.**

We will be pleased to take you up to the property with our automobile. You will not be under any obligation to buy. We are proud of the property and will be delighted to take you over it.

For all particulars apply,

4. The said rates shall become due and payable half yearly in advance, on the first day of May, and the first day of November, and if not paid within 10 days thereafter the water may be turned off from the premises supplied, and if not paid at the expiration of the current half year the water shall be turned off, and when turned off for non-payment, the sum of fifty cents (50c.) shall be added to the amount due for turning on the water.

5. No work of any kind connected with the water system of the town shall be performed by others than employees of the Corporation, or under their supervision.

6. The water may be withheld from any person who is in arrears for water rates until such arrears are paid, whether such person resides on the premises where the water was used for which they were in arrears, or any other premises.

7. Water will be supplied only to fixtures that have been set up and completed by a plumber holding a permit from the Water Committee.

8. In all cases persons taking water must show that the pipes, fittings and fixtures within their premises are in accordance with the requirements of the Water Committee, and unless the Superintendent or his agent in charge of the work, connection shall not be made with the street main.

9. All service pipes upon the premises of persons using water shall be laid at a depth of not less than five feet and one-half below the level of the ground, and shall be provided with a stop and waste cock inside of the cellar wall.

10. No person shall dispose of any water in any way, except for his own use in accordance with the regulations of the Water Committee.

11. No alteration of pipes or fixtures shall be made, and no additional tap or fixture be put in without the sanction of the Water Committee.

12. The Superintendent or his agent, may at all reasonable hours enter the

premises of any person using water, to examine the pipes and fixtures, the quantity of water used and the manner of its use.

13. All persons having attachments for fountains, hose and lawn sprinklers, will be held chargeable for the rate therefor, whether the same be actually used or not. The season for the use of hose is from the 1st of May to the 1st of October.

14. Street washers and yard hydrants shall have nozzles not larger than 1-4 inch. They shall not be converted into jets, or used for wetting any area other than the one defined in the application therefor.

15. No person except the Superintendent or his agent shall tap or make any connection with the town mains or distributing pipes.

16. Fountains shall not be used more than four hours a day. The Water Committee reserve the right to suspend or discontinue the furnishing of water to any fountain, hose or jet whenever the public interest shall require it.

17. No person shall hitch any horse or other animal to any fire hydrant or water column, or cover or pile any material around or on top of any stop box, valve box or fire hydrant.

18. Any plumber wishing to do business in connection with the waterworks must first obtain a permit from the Water Committee subject to cancellation at any time, and subject to such rules as the Water Committee shall formulate.

19. In all cases where a double tenement or other building is supplied with water, there shall be a separate service pipe to each from the street line controlled by a separate street cock, when rates are paid by each occupant.

20. In all cases where boilers of any kind are supplied with water, the corporation will not be responsible for any damage which may result to any person or premises from the shutting off of the water, and no deduction of water bills will be made in consequence thereof.

21. During the making of repairs to the water system or the construction of new works, the right of shutting off the water from any consumer is specially reserved, and the Town shall not be liable for any damage caused by such shutting off.

22. All persons who shall violate or fail to comply with any of the provisions of this By-law shall be liable to a fine not exceeding Twenty dollars, and costs, and in default of immediate payment of said fine and costs, to imprisonment in the common jail for a period not exceeding thirty days, the said imprisonment to cease on the payment of the fine and costs.

23. The Council is hereby authorized to borrow the sum of Seventy thousand dollars upon an issue of debentures, payable not exceeding fifty years from their date, and bearing interest at the rate of not exceeding five per centum per annum, payable the said interest half yearly, on the First of May and November in each year. The debentures shall be made payable to bearer, and shall be of the denomination of One thousand dollars each, and shall be signed by the Mayor or Pro-Mayor, and countersigned by the Secretary-Treasurer. The debentures shall have interest coupons attached.

24. The said debentures and the said coupons shall be payable at the Canadian Bank of Commerce in the City of Sherbrooke.

25. The debentures shall be sold to the best advantage by the Council, and the monies so obtained shall be devoted exclusively to the objects above mentioned.

26. In order to provide for the final extinguishment of the said debentures, a sinking fund equal to two per cent. of the said sum of Seventy thousand dollars shall be created, and in order to provide a sinking fund and pay the interest on said debentures, the sum of \$3,850.00 dollars shall be annually levied by the Municipal Council for the period of fifty years, upon the taxable real estate of the town, and a special yearly rate and assessment of ten mills on the dollar shall be imposed, and the same is hereby imposed on all taxable

real estate in the Town for the period of fifty years, according to the valuation roll in force, over and above any other rate and assessment which the said Council levies for other purposes, and which rate and assessment shall continue unchanged so long as the valuation roll remains unchanged, and it is hereby enacted that a special yearly rate and assessment over and above all other rates and assessments is hereby imposed, and shall be levied on all taxable real estate in the Town, according to the Valuation Roll which may be in force hereafter, sufficient at all times to pay the interest and sinking fund on the said debentures.

Enacted at East Angus, this sixth day of the month of August, in the year of Our Lord, one thousand nine hundred and twelve.

J. E. PALMER,

Mayor.

Moved by Alderman Stevenson, and seconded by Alderman Reid, and carried. That a special meeting of the electors of the Municipality of the Town of East Angus, who are proprietors of real estate, be held at the Town Hall in the said Town of East Angus, on the 20th day of August, 1912, at the hour of ten of the clock in the forenoon, in accordance with the provisions of the Cities and Towns' Act, for the purpose of ascertaining whether By-law No. 3 is to be approved or disapproved by the property owners.

R. C. COWLING, Secretary-Treasurer.

J. E. PALMER, Mayor.

Chicago, Aug. 9.—Steers established a new price record at the stock yards for the second time this week. One load of Illinois fed steers sold at \$10.25, or 15c higher than the record made on Monday. The mark of that day was also passed in the case of another, which sold at \$10.15. Range steers came to the front, also, with a new record, when \$8.30 was paid for one lot of native bred western steers.

The recent advance in the price of cattle on the hoof, according to the stock yards men, is simply the result of a shortage which has never been so marked as at the present time.

MOTHER COULD NOT RENDER AID

Heard Her Boys Screams as he Was Burning to Death.

BOY WAS PLAYING WITH MATCHES WHICH SET FIRE TO CLOTHING.

Pontchatoula, La., August 9.—(Special)—While her two-year-old son was burning to death in an adjoining room, and crying out in his pain, Mrs. James Ragan lay helpless in her bed with a two days' old baby. She was unable to move or call for aid, and was forced to listen to screams of her boy as the flames made their ravage. When assistance arrived the child was dead.

Matches, with which the boy had been playing with, had ignited his clothing.

VESSELS IN DEMAND

San Francisco, Aug. 9.—(Special)—In advance of opening Panama Canal sailing vessels were never in greater demand on Pacific Coast than at present. All available bottoms engaged and freight rates at High-water mark. One vessel will soon take cargo of barley to England at 45 shillings a ton, highest rate quoted in 18 years.

FAILED IN BERLIN FLIGHT.

Attendorf, Prussia, August 9.—The aviator Brindejong des Moulinais, who left Paris yesterday morning for Berlin in an attempt to win the Pomery Cup for the longest one-day flight, succeeded in reaching Attendorf, but smashed his aeroplane against a tree in landing. The aviator was not hurt. He experienced no difficulties in crossing the frontier.

REGRET DECISION OF U. S. SENATE

To Retain Discriminating Clause Bill May Have Far Reaching Effect.

ACTION OF UNITED STATES IS REPUDIATION OF PLEDGES MADE TO GREAT BRITAIN.

New York, Aug. 9.—(Special)—A London cable says: In regard to the rejection of Senator Burton's amendment to the Panama Canal Bill, this morning's Post says it is to be regretted that his decision has been reached, since nothing could be plainer than that discrimination in favor of American vessels using the Panama Canal is violating not only the strict letter of the Hay-Pauncefote treaty, but a repudiation of the pledges made by the United States to the British Government at the time the treaty was negotiated.

Neither legally nor morally, the Post says, can discrimination be exercised against shipping under the British flag, unless the United States violates the good faith it pledged itself to observe under the terms of the treaty.

The Daily Mail, in an editorial this morning on the Senate's vote, says: world by a century, and might have that idea would put back the whole far-reaching consequences beyond the question of the proposed exemptions forbidden by the Hay-Pauncefote treaty.

The Daily Mail adds: "Other powers might repudiate treaties which they regard as favoring the United States and injuring themselves. Beyond a question the exemptions proposed," says the Mail, "are forbidden by the treaty, but if there is any real doubt as to the interpretation of the document, we are willing to refer the issue to The Hague tribunal. A power which, in such circumstances, should refuse such arbitration thereby declares itself wrong."
