DELEGATES TO NAVAL CONFERENCE HAVE NOT YET ABANDONED HOPE

"Conference Has Not Yet Officially Become a Wreck," Was Statement Made Today—Situation Is Much the Same as It Was a Week Ago, But Opinion Among Observers Is that It Is a Situation Which Cannot Long Endure.

LONDON, March 24.—The British and American delegations to the Naval Conference met at 10 Downing Street this morning to survey the Conference situation. Prime Minister Ramsay MacDonald hopes to meet Signor Dino Grandi, Italy's Foreign Minister, later in the day in an attempt again to break the deadlock consequent on the Italian demand for parity with France.

There have been suggestions of holding a plenary session at which Mr. MacDonald would lay his cards frankly on the table. But no arrangements have been made for such a session, and it would only be called for one of two reasons, either to continue the work in the usual way or because delegates had given up hope of a five power agreement.

But the delegates have not yet abandoned hope. The Conference, it is insisted, is still in existence. "It has not yet officially become a wreck," was the statement made today.

In effect the situation is much the same as it was a week ago, but opinion among Conference observers is that it is a situation which cannot long endure.

ELECTION AT THIS TIME IS NOT DESIRED

Premier MacDonald, However, Says that Labor Party Will Not Tolerate Dictation from Opposition.

SEAHAM, England, March 24.—Prime Minister Ramsay MacDonald believes the country does not want a general election at this time, but even if his Government is in a minority in the House of Commons he will not tolerate dictation from the Opposition.

He made this declaration in a letter read before the Seaham Harbor Labor party at the annual dinner of his supporters in this Durham constituency which he represents in Parliament. The Prime Minister also added he was determined to push through the coal bill, one of the Labor party's greatest legislative attempts to reduce the volume of unemployment.

"We have a programme ahead, and we shall go steadily on with it unless and until our opponents make it impossible for us to do what we think is best for the nation," the Prime Minister said in his letter. "Once they do that a situation will have arisen which no Government would tolerate. If this situation is forced upon us soon, it will not be for the good of the country, which in this very trying time of a serious slump in world trade, does not want to be distracted by a general election."

It still holds the view I expressed after the last election—that this Parliament ought to last for at least two years. But unfortunately the numerical strength of the Government's support in the House of Commons deprives us of the final word as to that. If we are not allowed to do the nation's work we must ask the nation to give us a majority which would enable us to be really responsible, or the nation must go back to the feeble administration of 1924-1929, from the results of which we are now suffering.

At another point the Prime Minister's letter said: "We have not yet had a year of office, but we have packed into a few months a large amount of useful work. We have (Continued on page seven.)"

THE WEATHER

CLOUDY AND COLD

Snowfalls have occurred in Manitoba and Saskatchewan and locally in Ontario. The weather continues cold in Quebec, but is mild in Saskatchewan and Alberta.

Forecast: Fresh to strong northwest winds; cloudy and cold tonight and Tuesday; probably local snowfalls.

New England: Snow or rain tonight and Tuesday; new snow to cold in extreme south tonight; cooler Tuesday in Vermont and New Hampshire; shifting winds, becoming easterly and increasing tonight.

SEVERAL PIERS DESTROYED AT HOBOKEN, N.J.

Fire Which Started Saturday Night Was Still Burning Today—Damage Estimated at About \$4,500,000.

HOBOKEN, N. J., March 24.—Hoboken's third disastrous waterfront fire in the last thirty years is still burning today, but firemen had under control the flames which destroyed piers 15 and 16 and a large quantity of merchandise. Estimated damage varied from \$3,500,000 to \$4,500,000.

The fire started at ten o'clock Saturday night in an oil and rag dump two hundred feet from pier 16. Carried by a brisk wind, the flames quickly reached this pier, a wooden structure five hundred feet long, which it consumed in a few hours. The flames then followed a layer of oil on the water to the wooden underpinning of pier 15 and spread along 1,000 feet of bulkhead under the steel structure.

The flames attacked pier 14 twice, but both times were extinguished. Five vessels of the Lamport and Holt Line, which owned the piers, were towed to safety in the middle of the river by fire boats. They were the 21,000-ton liner Voltaire, the Cid, the Strabo, the Bruyere and the Berne. The Cid, a freighter, was loaded with oil.

Three firemen were injured, one of them seriously, while fighting the blaze. James Landers, 45, of the New York fire boat Duane, says two comrades lost control. Two of his ribs were fractured and it was feared a lung had been punctured.

ANOTHER STEP IS TAKEN TOWARDS ST. LAWRENCE WATERWAY SCHEME

While No Definite Declaration of Policy Has Been Announced by Government, Construction Is Proceeding Rapidly on Works Which Would Fit into Scheme—Canada Will Proceed With Deepening of Channel Between Kingston and Prescott.

OTTAWA, March 24.—While no definite declaration of policy has been made by the Dominion Government respecting the St. Lawrence River, construction is proceeding rapidly on work which would fit into the scheme. Canada is not considered a conclusive channel between Kingston and Prescott. In the meantime certain questions remain to be settled before any negotiations could well be opened with the United States for an international agreement to carry out the plan.

One of the most important of these is the matter of the respective rights of the Dominion and the Provinces of Ontario and Quebec in power developments in conjunction with the project. The question was referred to the Supreme Court of Canada some time ago, but the answers made by the court were not considered conclusive. Lately attempts have been made to settle the matter by conferences between Premier Mackenzie King, Premier L. A. Taschereau, of Quebec, and Premier G. Howard Ferguson, of Ontario. The meetings have been held, the second of which took place a few weeks ago, and it has been announced that road progress was made towards a settlement.

The expectation expressed by United States Senator Henry J. Allen, that Canada would shortly appoint commissioners to consider an agreement with the United States, brought no official comment here. The general impression in Ottawa is that some time may elapse before the Government will make any specific announcement of intention regarding the scheme.

CONSIDERABLE DAMAGE CAUSED TO LAKE ONTARIO SUMMER HOMES BY WATER

ROCHESTER, N.Y., March 24.—High water in Lake Ontario, washed farther inland than usual by strong north winds, has caused damage of nearly \$100,000 to cottages along the shore north of here, owners estimated yesterday. Foundations of several cottages have been so undermined that they have tumbled into the lake, and frozen spray, rising to a height of twenty-five feet in some places, has crushed the fronts of a number of cottages.

PREDICTS PREMIER KING WILL GO TO COUNTRY IN JUNE

OTTAWA, March 24.—A Dominion election in probably three months is foreseen by Hon. R. J. Manion, Conservative member of parliament for Fort William. He made this prediction another to another—that the Conservative Party would be victors—in addressing a meeting of young Conservative men and women of Ottawa Saturday.

The Liberal party took all the credit for the good times in Canada; now they will have to take their full share of blame for the hard times, the speaker declared. "No policies in the world can take the credit for the good times or the policies for which the Conservatives stand," he added.

SEVEN PERSONS LOST LIVES IN NEW YORK FIRE

Entire Family Trapped on Second Floor by Blaze Caused by Overheated Furnace.

NEW YORK, March 24.—Seven persons, six of them members of one family, were burned to death as they slept, and an eighth, a young son of the family, escaped with severe burns and bruises when fire enveloped their home in Bayside, Queen's, early today.

The dead are Mr. and Mrs. John Flies; four of their children, three girls and a boy, ranging in age from four to seventeen years, and Charles Jerzon, forty-three, a boarder.

The entire family, asleep on the second floor of the wooden two-story, one-family house, was trapped by the fire which was caused by an overheated furnace. A passing motorist, seeing the flames, drove to the home of a neighbor and fire apparatus was summoned by telephone. All the bodies were recovered.

DECLARES THAT NEW PLANET MAY BE ONLY COMET

Dr. J. Jackson, One of Chief Assistants at Royal Observatory at Greenwich, Holds that It Is More Reasonable to Treat Newly Found Object as Comet Until Proved Otherwise.

LONDON, March 24.—Is the new planet discovered by the Lowell Observatory staff only a comet after all, is the question of Dr. J. Jackson, one of the chief assistants at the Royal Observatory at Greenwich, in a letter which the London Times publishes today.

Dr. Jackson holds that it is more reasonable to treat the newly-found object as a comet until it proved otherwise. "Data required to reveal the true nature of the object recently found by the Lowell Observatory are not yet available. As reports have appeared in the press stating that some British astronomers were skeptical about it, a more explicit statement of my views may be desirable. "We have great faith in the Lowell observers. There can be no doubt about the reality of the object and of its great distance. But observations extending over a number of weeks are necessary to reveal the true orbit of a really distant object. We can conclude definitely from the general statement issued from Lowell Observatory that the object cannot be a minor planet of the ordinary type, or anything like the ordinary type," Dr. Jackson said.

FIRE DESTROYED THREE PLANES
NEWARK, N. J., March 24.—Three airplanes were destroyed when fire, believed to have been of incendiary origin, yesterday swept the Newark air service hangar at Newark airport. The damage was estimated at \$75,000.

SELF-CALLED HOLDER OF V.C. UNDER ARREST

Man Who Claims He Is W. H. Metcalfe, V.C., M.M., at Present in Sweetsburg Jail Awaiting Appearance Before Magistrate Tuesday on Charge of Obtaining Money Under False Pretences.

SWEETSBURG, March 24.—A man who claims he is W. H. Metcalfe, V.C., M.M., is at present in jail here awaiting his appearance before the Magistrate on Tuesday next on a charge of obtaining money under false pretences.

The self-styled Metcalfe, according to stories told High Constable St. Martin, of this place, had been touring the Eastern Townships for some time claiming that he was a holder of the Victoria Cross and that he attended the dinner recently given by the Prince of Wales to owners of this decoration. On Thursday he called on Mr. S. Windle, of Knowlton, secretary of the Bromfield Branch of the Canadian Legion, who, after his departure, looked up some army records he had in his possession and found a photograph of Metcalfe taken shortly after he won the Victoria Cross. Noticing the dissimilarity between the two men, he attempted to get in touch with the man, but found that he had left town. It is alleged that the self-called Metcalfe obtained money from Knowlton residents during his stay in the village.

On Friday the alleged Metcalfe turned up in Cowansville, where his actions excited the suspicion of residents and he was taken in charge by High Constable St. Martin, of Sweetsburg, who telephoned Knowlton, where evidence was secured which resulted in him being attached. On Saturday he appeared before Justice of the Peace Biron here on a charge of obtaining money under false pretences and was remanded to jail until tomorrow, at which time he will appear before the Magistrate in answer to the charge.

It is stated that the accused was in Sherbrooke previous to his appearance in Knowlton.

FOUR KILLED IN VERDUN MAN IS CHARGED WITH MANSLAUGHTER

Clement O'Reilly Arrested Yesterday by High Constable St. Martin in Connection With Fatal Motor Accident at Granby Last October.

(Special to the Record)
SWEETSBURG, March 24.—Clement O'Reilly, of Verdun, was arrested at his home yesterday by High Constable St. Martin, of Sweetsburg, on a charge of manslaughter in connection with the death of Gertrude Maurice, of Granby, who was fatally injured on October 3rd last when she was struck by a car which it is alleged was driven by the accused. O'Reilly was brought here by the officer and will appear tomorrow before the Magistrate to answer to the charge which was made by the father of the girl, Omer Maurice.

It will be remembered that two inquiries were received from the fatal-ty were held in Granby by the district coroner. At the first inquest, the accused was liberated, but on new evidence being obtained a second inquiry was held. The jury, however, failed to agree and the case was left in abeyance.

FEDERAL HORTICULTURIST GIVES TIPS ON GARDENING

W. T. Macoun States that Now Is Time to Plan for Summer Gardening—Information Given by Experimental Stations.

Over the signature of W. T. Macoun, Dominion horticulturist, the following was received from Ottawa this morning:

It often happens that we do not give much thought to our gardens or fruit plantations and what we are going to plant, or sow, until spring is almost or quite upon us and then, by the time the plants, or seeds are ordered or reach us, it is really too late to get the best results that year, if ever, for in the case of some plants, such as roses, for instance, a delay in planting may mean that they will not grow at all, as when the hot, dry winds blow over newly set bushes it is very hard on them.

Now, then, is the time to look ahead and to make plans for the coming season and get supplies ordered in good time, stating, when ordering, that the plants should reach you at a certain time as in the case of most trees and shrubs the earlier they are planted after the frost is out the better the re-

GANDHI THINKS GOVERNMENT IS AFRAID TO ACT

Light Sentence Imposed Upon Mayor of Calcutta and Decision of Government to Refer Salt Tax Question to Tariff Board Taken as Signs of Weakening.

BROUACH, Bombay, March 24.—Belief that the Government is weakening has been created among some of Mahatma Gandhi's followers by that the Government has decided to refer the entire question of the salt tax to the Tariff Board.

Gandhi is said to have indicated this belief in a speech at Suva, when in expressing regret that the elders of the village boycotted him, he asked if they were afraid of the Government that was afraid to arrest him, although he was openly breaking the law and making fiery speeches.

He asked if they thought the sentence passed upon Sengupta, after taking him all the way to Rangoon, indicated that the Government was stronger or weaker than in 1857 or 1919, if the Government could not touch him, he asked, when he was heading eighty volunteers how could they touch him when he was heading 80,000?

E. L. DOHENY IS ACQUITTED BY JURY IN BRIBERY CASE

WASHINGTON, March 24.—Edward L. Doheny was yesterday acquitted on a charge of bribing a former cabinet officer.

A jury of three women and nine men in the District of Columbia Supreme Court sustained Doheny's verdict on a charge of bribing Albert B. Fall, Harding's Secretary of the Interior, was a loan and set him free.

The Government charged that the money was given Fall to influence his award of the Elk Hills naval oil lease to a Doheny company.

DECLARES THERE WILL BE NO GENERAL ELECTION IN ENGLAND THIS YEAR.

LONDON, March 24.—"I will tell you a secret," said Right Hon. Arthur Greenwood, Minister of Health, at a meeting at Saiford yesterday, "there is no going to be a general election this year."

So far there has been no comment from other members of the cabinet, or other parties, on the minister's statement.

LEVEL CROSSING ACCIDENT CLAIMED EIGHT LIVES

TRENTON, N.J., March 24.—Four men and four women were killed yesterday when an express train on the Belvidere division of the Pennsylvania Railroad and an automobile crashed at the Scudders Falls crossing, six miles from here. All were residents of Philadelphia.

EMPIRE-WIDE CONFERENCE IS BEING PLANNED

Will Discuss Prospects of Holding Conference of Farmers from Britain, Canada and South Africa, Along With New Zealand Farmers.

WELLINGTON, N. Z., March 24.—The proposal to hold a conference of British farmers will be discussed at a meeting between farmers from Britain, Canada and South Africa along with representatives of New Zealand farmers here today.

It is proposed to hold the Empire conference every two years, the first gathering to be in South Africa in 1932. Preferences for Empire products, and co-operative marketing, will also be discussed.

The visiting farmers returned Saturday from a tour of the south island. They have covered New Zealand, gaining first-hand knowledge of agricultural problems and practice in this great farming dominion.

GERMAN LINES TO CO-OPERATE IN SHIPPING

Hamburg-American and North German Lloyd Will Not Compete Against Each Other in Future.

BERLIN, March 24.—Close cooperation between the Hamburg-American and the North German Lloyd, Germany's two largest shipping lines, is provided for in an agreement which is described by the press as coming very close to amalgamation of the two companies.

The agreement means that the 350 passenger and cargo boats of both concerns, totalling more than two million tons, will not henceforth compete against each other, and the Hamburg-American line will not be obliged to construct giant liners such as the Bremen and Europa which require enormous capital investment.

The entire traffic service of both companies will be organized in such a manner as to eliminate competition between them, thereby cutting down expenses and enabling them to compete everywhere with foreign shipping lines.

The profits of the two concerns will be equally divided. The Hamburg-American's net profit last year was 11,500,000 marks, about \$2,750,000, and the North German Lloyd's was 15,000,000 about \$3,000,000. The dividends declared by the companies were given 7 per cent and eight per cent respectively.

Results will be. This is based on long experience at Experimental Farms. One should also know in good time what are the best varieties to plant, or sow, and if one has not this information at home, application should be made to the nearest Experimental Station for advice as to what to plant, as many dollars are often wasted in buying quite unsuitable, or inferior, plants and seeds which could be prevented to a large extent by using the information freely given by the Experimental Stations.

CANADA-JAPAN TRADE SHOWS A FINE INCREASE

Not Only Was New Record Reached in 1929, But Canada Supplied Japan With One-Half Wheat Imported by That Country.

VANCOUVER, B.C., March 24.—Not only did Canadian-Japanese trade reach new record in 1929, but Canada supplied Japan with one-half the wheat imported by that country. This is shown in statistics prepared by the Department of Finance, Tokyo, and announced in a statement from the Japanese Consul here. The statement further remarks: "While the imports of wheat from Canada is increasing year after year, import of wheat from the United States is decreasing in proportion. In 1927 Canada's share was one-third of the total imports into Japan, while in 1929 it increased to one-half of the total, followed by Australia and the United States."

The value of Canada's wheat crop to Japan was more than \$17,500,000, an increase of over \$1,750,000 against 1928.

Canada's total export to Japan amounted to nearly \$34,500,000, an increase of about \$1,125,000 over the preceding year. Japan's exports to Canada remained stationary at \$13,500,000.

In the lead market Canada also exported more than one-half of Japan's demand, about \$4,000,000, an increase of \$400,000.

In 1929 Japan's import of pulp showed a decrease, but Canada continued to lead in that market with \$2,225,999 worth, followed by Norway and the United States.

WEATHER HAS RETARDED USE OF HIGHWAYS

In Spite of Fine Weather Two Weeks Ago, Highways Are at Present in Practically Same Condition as This Time Last Year.

QUEBEC, March 24.—While two weeks ago expectations were that highways in the Province of Quebec would be opened at a much earlier date than usual, J. L. Boulanger, Deputy Minister of Roads, has stated that recent weather conditions had brought the situation to much the same as last year. The result is that roads will not be good for traffic, at least between eastern points of the province and Montreal, at an advance date. The Deputy Minister, however, stated that a few autos had travelled between Three Rivers and Montreal, this due to the fact that an autobus service has been maintained between the metropolis and Three Rivers during the whole winter. As to the intervention of the road department to clear the roads at an earlier date, Mr. Boulanger added that the equipment did not provide for such move, though naturally at points where the "snowgo" was operated this winter the snow will disappear sooner.

As formulated by the Senate, the bill differs in hundreds of details from that approved by the House. These differences will be composed by conference committees representing both the House and Senate, and the conference report must then be approved by both chambers. The measure is expected to be in conference for more than a month.

A general summary of the major trade provisions of the bill affecting Canada follows:

Commodity, cattle; annual trade \$14,000,000; old rate, under 1,050 lbs. 1-2 cents, under 1,050 lbs. 2 cents; new rate, under 700 lbs. 2-1-2 cents, over 700 lbs. 3 cents.

Commodity, beef; annual trade \$5,000,000; old rate 3 cents; new rate 6 cents.

Commodity, lumber; annual trade \$5,000,000; old rate, free list; no rate, \$1.50 per M. b. ft.

Commodity, flaxseed; annual trade, \$2,000,000 to \$5,000,000; old rate 40 cents per bushel; new rate 63 cents per bushel.

Commodity, potatoes; annual trade \$4,000,000; old rate, 50 cents cwt.; new rate 45 cents cwt.

Commodity, maple sugar; annual trade \$2,000,000; old rate 2 cents lb.; new rate 8 1-2 cents lb.

Commodity, cream; annual trade \$5,000,000; old rate 20 cents per gallon; new rate 56 3-5 cents per gallon.

There are a few of the largest items in the schedules. Increases ranging from 20 to 100 per cent, are provided upon mutton and lamb, poultry, alskic, clover, turnips, maple syrup, milk, cheese, ham, bacon and other commodities exported from Canada in lesser values. The fish schedule provides considerable increases upon Canadian fish both (Continued on page seven.)

Flip Isn't Satisfied
By Thornton W. Burgess

Some people always want to see before they'll believe a thing can be.

—Bowler the Hound.

Flip was upset. Yes, sir, Flip the Terrier was very much upset. I might say that he was doubly upset. Bowser the Hound had knocked him right over onto his back. He had done it just as Flip was about to show that he wasn't afraid of Prickly Porky the Porcupine. So he was upset bodily and also he was upset in his feelings. Probably there was never a more surprised dog than was Flip when Bowser interferred.

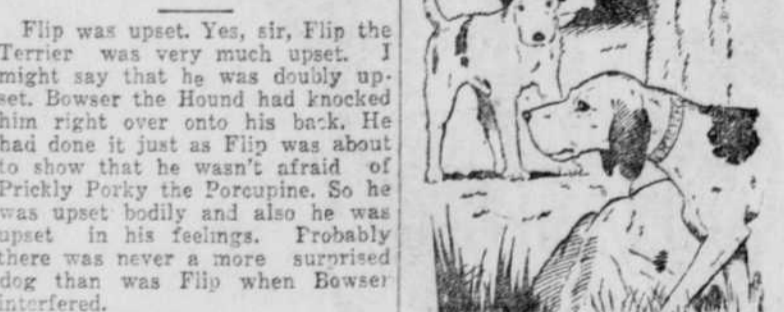

Bowser had frankly confessed that he himself was afraid of Prickly Porky and had explained why. At first this had been sufficient for Flip. He was satisfied to sit down and watch Prickly Porky climb a tree. When Prickly Porky was safely out of reach, Flip and Bowser trotted on to see what more they could find. All the time, however, Flip kept thinking about Prickly Porky. The more he thought about him, and the more he thought about the way Bowser had interferred, the less satisfied he became with having left Prickly Porky alone.

"Bowser probably meant all right," thought Flip. "I'll give him that much credit, guess Bowser isn't much of a fighter. Prickly Porky didn't look to me as if he could do much fighting. He moves too slowly to be a fighter. I should like to ask Bowser why he is afraid of Prickly Porky, but he might not like it if I did."

At last curiously got the best of Flip and he ventured to say to Bowser: "Why are you afraid of Prickly Porky? Does he throw a bed-smelling scent that smarts when it gets in your eyes, and chokes you, the way Jimmy Skunk does?"

"No," replied Bowser promptly. "He hasn't any bed-smelling scent. He's very slow moving," said Flip. "He doesn't look as if he could fight."

Bowser grinned. "He is slow moving," he agreed. "He is slow moving with the exception of his tail. He can flip that tail round fast enough. It is a good thing that tail isn't any longer than it is. Yes, sir, it is a good thing that Prickly Porky's tail isn't long like the tail of his cousin who lives way down in a place called the Tropics. I've heard Scrapper the Kingbird, who spends his winters down there, say that Prickly Porky

Narrow Escape of Richmond Family from Asphyxiation—Y.P.S. Meeting Held—News Items and Personals from Richmond and Vicinity.

RICHMOND, Que., March 24.—The entire family of Mr. J. A. Poulin, night operator at the C.N.R. station, had a narrow escape from asphyxiation on Wednesday night. When Mr. Poulin returned home from his work at seven o'clock Thursday morning, he found the house filled with gas. Mrs. Poulin and the four children were already unconscious and his sister, Mrs. Demault, of St. Johns, Que., who was visiting with the family, was badly affected that when the alarm was given and she attempted to rise she was also overcome with the fumes. Mr. Poulin speedily threw open the doors and windows and called in medical help. Mrs. Poulin is still seriously ill and one of the children is threatened with pneumonia from inhaling the fumes. A defective furnace was the cause of the accident.

Y.P.S. Meeting Held

The meeting of the Y.P.S. of Richmond and Melbourn United Church held on Friday, March 14, was under the direction of the social committee, the members of which are Mrs. S. J. Fee, convenor, Mrs. Taylor and Mrs. Stevens. Miss Elaine Lemoine conducted the opening devotional exercises. A pleasing feature of the programme which followed was a representation of the four seasons in which Mesdames W. Gee, S. Fee, B. Hall and Mrs. Chamberlin represented spring, summer, autumn and winter, respectively. Other interesting items on the programme were: vocal duet, Miss A. Hughes and Miss Edna Beers; novelty number, Arnold Damant; reading, Mrs. Dyson; piano solo, Miss Lemoine; vocal solo, Mrs. P. Taylor; mouth organ selections, Mr. Lafoe; solo, Mrs. Chas. Boast. These were followed by an impromptu programme consisting of a singing song, readings and mouth organ selections. Lunch was served by the social committee.

FOREIGN AFFAIRS COST BRITAIN LARGE AMOUNT

LONDON, March 24.—It cost Great Britain \$100,000 for the re-establishment of its embassy in Moscow, according to the civil estimates issued Saturday. Other estimates dealing with foreign affairs showed that Britain's contribution to the League of Nations increased during the year from \$355,000 to \$395,000 annually, this country paying 10.55 of the total League expenses, not, however, including the International Labor Organization.

One of the striking decreases in the estimated was in respect to emigration. The vote for overseas settlement was lower by \$940,000 and that for assisted passages decreased by \$1,650,000.

FIFTY YEARS OF CONSTANT ENTERPRISE

THE TEST-HOUSE BOY

The young fellow you see here is called the "test-house boy." His job is to collect samples of the gasoline and oils running through every still in the Imperial refinery at Sarnia and bring these samples to be tested. Others like him are at work in each of the six great refineries which Imperial has built across Canada.

The "test-house boy" goes back fifty years to the days when Imperial Oil was a new company producing chiefly kerosene for oil lamps. Its effort then was to make a kerosene that was pure, clear and safe to use. The "test-house" was the place where these qualities were proven.

The old test-house is now a chain of laboratories but the principle of perfection which the test-house boy represents has not changed. Just as the kerosene had to be perfect before Imperial would sell it, so the gasoline and motor oils which Imperial makes today must pass a standard of perfection before they leave the refinery.

That is why people have learned to trust Imperial Oil products and that is why Imperial has grown from a few hundred men in one small refinery to more than nine thousand men—serving every corner of Canada—ranging the world from the Arctic to Colombia and Peru—striving constantly for new achievement.

Marvelube is Imperial's finest motor oil.

Imperial Premier and Imperial Ethyl are its best gasolines.

Which means that nothing finer can be put in your car.

Mr. William Thompson, who has been confined to his home during the past six weeks, suffering from the effects of a fractured leg, is making satisfactory progress and expects shortly to be able to get about with the aid of crutches. Mr. Thompson's son-in-law and daughter, Mr. and Mrs. Nye, of Highgate Centre, Vt., will remain for a time longer with Mr. and Mrs. Thompson.

Mr. George Creller suffered a paralytic seizure on Wednesday and is in a serious condition, one side being paralyzed. He is unable to speak.

On Wednesday afternoon, a largely attended meeting of the Guild of St. James' Church was held at the home of Mrs. H. O. Roy, who was assisted in entertaining by Mrs. H. O. Roy. The meeting was opened by the president, Mrs. D. J. Reid, after which the minutes of the preceding meeting, which was held at the home of Mrs. Lyle Gould, who was assisted by Mrs. William Peckham, were read by the secretary, Mrs. Wilbur Borden and approved. It was decided to hold a dance in the church hall some time during Easter week.

Mrs. Ross Preston, Mrs. D. H. Connor and Mrs. W. H. Willison were appointed to look after the table of miscellaneous articles which will be on sale at the annual Easter supper, which will be held shortly after Easter week. Thirty members and friends were present. Mrs. H. O. Roy poured tea, while the hostesses were assisted in serving by Miss Lina Neil, Mrs. Ralph Van Horn, Mrs. D. J. Reid and Mrs. R. L.

Craighead. The next meeting of the Guild will be held at the home of Mrs. Hiram Best on April 2nd. Mrs. Best will be assisted in entertaining by Mrs. B. R. Stevens.

Mr. and Mrs. George Provost, together with Mr. and Mrs. Wilbur Borden and Miss Adgie Hastings motored to St. Albans, Vt., on Tuesday.

Mr. Andrew Emmett was summoned to Montreal on Tuesday by the serious illness of his young son, Lyle, who had been taken to Montreal on the preceding Friday, to consult a specialist who diagnosed the illness as intestinal gripe. On Monday the baby became worse, meningitis having developed, and passed away early on Wednesday morning. The funeral was held on Thursday morning at ten o'clock in Montreal, with interment in Mount Royal Cemetery. The baby was born in Montreal on June 26th last and had been in excellent health until the past few days.

The death took place recently in Hartford, Conn., of a former resident of this district in the person of Leigh Creller, youngest son of the late Mr. and Mrs. Jermiah Creller, of Dutch Street. The late Mr. Creller had been in failing health for some months. The body was brought from Hartford, accompanied by Mr. Harold Creller, and taken to the home of the deceased's sister, Mrs. Byron Gardiner, at Pigeon Hill. The funeral was held on Wednesday afternoon, with interment in the family lot on Dutch Street. The deceased, who was born in Bedford, was in his fifth-fourth year and had been a resident of Hartford for many years. In addition to his son, Mr. Harold Creller, of Hartford, Mr. Creller is survived by one brother, Mr. Jasper Creller, of this town, as well as by his sister, Mrs. Gardiner.

Mr. Ernest Creller, who was leaving on Tuesday to visit his daughter and son, in Hartford, Conn., cancelled his trip, owing to the serious illness of his brother, Mr. George Creller.

Mr. Lyle Gould left on Monday on a trip through the Eastern Townships in the interests of the Torrington Company.

WHEN YOUR NOSE KNOWS

A woman who was unable to smell went into a basement where a gas main was leaking. She remained until she was unconscious, when a relative happened to smell the gas, hurried for it, and found her. Most of us could have easily detected the faintest gas leak. Indeed, the nose often warns us of dangers even though we do not regard the sense of smell as very important. It is very easy for us, for example, to detect the odor of burning wood or cloth.

Most of us take the sense of smell as a matter of course until we get a cold and then we find that many foods do not taste quite right. This is because the sense of smell is closely tied in with the sense of taste. It is said that one with a total loss of smell can detect very little difference in the flavor of an apple from an onion. The sense of smell is vitally bound up with the appetite. A dish that smells good to us when sitting down to the table starts a flow of the digestion juices in the mouth and stomach which in turn aids a lazy digestion.

Sometimes doctors have such a delicate sense of smell that they can determine the different odors of the skin in health and disease, and can often determine the disease from the odor alone. Whenever one has a foul perspiration, there is sure to be some diseased condition of the body accompanying it.

The more civilized a man is the less likely he is able to smell keenly. It is said that the snake-eating tribes of Queensland are able to follow the trail of the boa for many miles, as they particularly prize this reptile in making their snake stew.

The wet-nosed animals, such as the dog or cat, can recognize the direction from which an odor comes, but before a man can do as well he has to wet his finger in his mouth and then hold it up and he can tell that the odor comes from the direction that his finger is coldest.

The emotions are very closely related to the sense of odor and cause pleasantness or depression or delight. This is the origin of the use of incense in the churches. Many perfumes are known to have the effect of stirring up the wooling instinct. The fragrance of flowers is not for the purpose of pleasing or displeasing man. It is more definitely designed to please the butterfly, the moth, or the bee which is going to cross-fertilize the blossoms. It is said that there are so many romances in the springtime because of the many fragrant odors in the air at that time. Male butterflies are said to have a peculiar perfume which is said to attract the female. Among human beings, this seems to be reversed for although most men have a better sense of smell

QUESTIONS AND ANSWERS

Pale Complexion

Question—F. G. writes: "I have a very pale complexion, so much so that one's first impression is that I am ill. This condition has existed for the past twenty years. During the summer I burn from the sun and my complexion is red, but in the course of only a few days I immediately clear up and become pale again."

Answer—Some people have naturally pale complexions, which are very difficult to correct. You should be sure to obtain plenty of the raw green vegetables in order to provide mineral elements. Also, daily calisthenic exercises which will improve your circulation. Massage of the face and applications with hot water followed with icy may also be useful.

Bananas

Question—E. H. asks: "Are bananas constipating? Is it best to scrape off all the fuzzy coating of the banana, or is that just someone's idea?"

Answer—Bananas may be considered slightly constipating as they do not contain much fibre. It is not necessary to scrape them.

Pulp Stones

Question—G. D. asks: "What causes, and is there any cure for pulp stones of the teeth?"

Answer—Pulp stones are usually caused by poor calcium metabolism, usually from a lack of vitamin C in the diet. I would suggest that you try an orange juice fast for about ten days as it may assist in some slight absorption of the stones. If they are well formed, however, it may be necessary to either have the teeth extracted or have the pulp removed from the teeth, if it seems advisable to save the teeth. Any irritation, such as tartar accumulation, etc., should be removed.

SCHOOL TEXT BOOKS.

Our correspondent, Mrs. Woodburn, of Lisgar, enquires why school books cost more in Quebec than they do in Ontario. But the estimable president of the Women's Institute answers her own query.

In Ontario the Government compiled the books, paid for all copyrights, set the type, made the plates, and then handed these over to any publisher who asked for them without cost. This publisher simply does the press work, supplies the paper, and binds the books. One publisher tendered for the work for the simple purpose of advertising his business, just as does the Teco Store in Sherbrooke cultivate the good-will of the young people by Saturday prizes so that when the children grow up they will always have a good-will for the merchant.

There is one school system in Ontario whilst there are two in Quebec. It would be unfair in Quebec, and it is questionably fair in Ontario to tax the whole people for the purchase of school text books. The parent without children helps pay for the parent who has a large family in the Province of Ontario.

The charge has been made that the Quebec school text books show marks of foreign origin. This is a parochial view.

Canadian school children are taught to know the world and its peoples. They do not grow up with narrow views, nor with that lamentable lack of knowledge of our neighbors which one meets in some countries. Our school books are essentially Canadian, and our pupils graduate with a wide and comprehensive knowledge. They have a more worldly horizon.

We like our American cousins, even though they are taught in their schools that Canada is a land of intense cold, peopled chiefly by the Indians. Their text books too often inculcate that swank of superlatives which is objectionable, and which is found only in countries which follow the narrow views in their educational system.

Books cost more than they did when we went to school. But so does everything else, with the exception of postage stamps and other government-provided commodities which only cost us four hundred million dollars in taxes, direct and indirect.

One Montreal newspaper which hangs on by its eyelids, and which is ever seeking to sensationalize on some subject, made charges against Quebec's school books which they were not able to prove in the text of the stories which they had heralded with a panicky flourish.

GIVE THEM ENCOURAGEMENT IN A WORTHY WORK.

The Associated Boards of Trade of the Eastern Townships, who gather in convention in this city tomorrow will no doubt undertake and carry out their constructive work with their usual efficiency.

Concurrently they will be joined by the officers and members of the Eastern Townships Immigration Society, a corporate body which has long worked in close co-operation with the Boards of Trade within the district.

During the coming years both bodies will have the advantage of the practical dismissal of immigration by the Dominion authorities. The Department of Immigration at Ottawa has been deprived of the whole Western field, to which all their activities have been devoted for fifty years. Each province and every district can now take a free hand in peopling its idle acreage. For so many years the one idea of the Dominion authorities has been the peopling of the West. Shiploads of desirable immigrants have been booked through to the four Western Provinces, the Eastern Provinces financing the plan to their own neglect.

The Boards of Trade and the citizens will eagerly look forward to the report on the "Provincial National Park," at Orford, a project which has been approved by the great and the near-great in the community.

"Keeping Winter Roads Open" will be another interesting subject to be introduced by Mayor Ball, of Waterville. So many local successes in the district have been made during the most wintry winter we have experienced in many years that there should be no hesitancy in calling upon the Provincial Highway Minister to implement his promises by performance. Our main highways could be kept passable for modern equipment at one-half the cost of maintenance which was estimated a year ago. There should be no more difficulty in attaining this objective than that which the steam railways so readily overcome.

This annual gathering at the City Hall tomorrow should be attended by everyone who can find time to encourage those who are engaged in a public service without thought of reward.

WHY HAVE WE NOT DONE BETTER?

One can be persistent adulation chloroform the faculties which make for progress. It is nice to indulge in the superlatives which are inspiring when we talk of Sherbrooke, its beauties, attractions and advantages. We can boast, until we bore our hearers, about our charms in civic beauty and our growth in population, our widening circle of influence. But often it is wise to sit down and coolly analyze why, with such incomparable

advantages, we have not done better and better as the years roll by. Criticism does annoy the self-satisfied man, but may we never grow into a complacent and self-satisfied community. No city in Canada has greater natural advantages than Sherbrooke.

Surrounded by a country rich in agricultural resources, the hub of a great district peopled by farmers who consider affairs with a breadth of vision; located besides rivers where unlimited power can be developed for industrial activities; cradled in a valley of scenic beauty and picturesque allure, we have within our borders a cosmopolitan army of citizens whose environment has taught that there is happiness in the world for those who enjoy life and who can see the other man's viewpoint.

There comes little happiness to the man who has no faith in his fellow-man. Unhappy the chap who is always looking for hidden motives in the other fellow's point of view.

EDITOR'S NOTE BOOK.

In willingness to serve, there are many. In ability to serve, there are few. The public ownership man of the crew is the man who hasn't a penny.

When you lose a golf ball and have to buy a new one the Government caddies profit ten cents by your loss. Drive a ball into the morass and the Minister of Inland Revenue makes a silvery chuckle that costs you a dime. Last year Canadian golfers used 7,560,000 golf balls, and a million golfers contributed three-quarters of a million in taxes. Take a mashie and play that sum out of the bunker.

Do you smoke cigarettes? If you read these figures you will roll your own. If you smoke two packages a day you pay the Government a tax of \$108 a year. Every time you buy a twenty-five cent package of twenty cigarettes you pay the Government fifteen cents. When the Excise Department wish to increase the duty on cigarettes they encourage a deputation of well-meaning old ladies to visit Ottawa and urge the total prohibition of cigarette smoking.

An United States Senator from Alabama has introduced a resolution to have the Department of Labor find out and deport all aliens who are not legal residents of the United States, and who may be presently employed in that country. The Southern Senator is made the goat for a Northern Senator who would fear the Canadian vote along the border States. The aim of the measure is to oust Canadians who may have migrated from the Maritime Provinces to Massachusetts, from Quebec to Vermont, and New Hampshire, or from Ontario to Detroit and Buffalo. There is also Big Bill Thompson, who cavers up the looting of Chicago with anathema against Great Britain. Naturally we should be timid to comment on these measures.

Congratulate the mother of the new-born babe. The tax-gatherers of Canada must chortle over the birth columns of the newspapers. His parents pay \$1.50 to officially announce the child's arrival. Then begins the little one's life-long contribution to the ever-growing debt of the Dominion, the Provincial and the Municipal Government. If father buys an imported baby carriage at \$25 he contributes \$7.50 to the Government. Dad pays thirty-three cents tax for a milk bottle. For blankets, medicines, diapers, and for everything the child eats, uses or wears there is a tax. From childhood to grandfathership the load of taxation grows and grows, and should he grow to adolescence and pass on the tax-collector ghoulishly collects a succession tax.

PRESS COMMENT

THE TROUBLE WITH OPERA. Grand opera is said to be declining in popularity. One reason given is the lack of new composers. I believe that another very strong reason is the high prices one must pay. One must usually buy of the bootlegger ticket sellers, too, and pay exorbitant prices. There are so many seats in the Metropolitan from which it is almost impossible to see the stage and, after the prices paid—well, it's not conducive to good feeling. Another very unpleasant thing is that people are allowed to come in late, thus ruining the music—at least for me. None of these things happen in Germany. The best seats in Munich are \$4. No one is allowed to enter after the opera commences. There are no bootleggers. Why cannot we import some of these fine ideas?—A Letter to The New York Times.

Social and Personal

The friends of Mr. Norman Atkinson will be sorry to hear that he is a patient in the Sherbrooke Hospital.

The beautiful flowers on the altar of St. Paul's Mission Church yesterday were in loving memory of Miss Nellie Doucet and were placed there by her mother, Mrs. S. Doust, and family.

Mrs. R. A. Ewing, Quebec Street, who with her daughter, Miss Mildred Ewing, of Montreal, and Mrs. E. Kearns, also of Montreal, has been spending short time at Atlantic City, returned home on Saturday, leaving Miss Ewing and Mrs. Kearns for a longer stay.

The Sherbrooke Regiment Badminton Club tea on Saturday afternoon was well attended. The hostesses at the tea hour were Mrs. Evans Joslin, Mrs. C. P. Buckland, Mrs. H. S. C. Moffatt, Mrs. J. W. Quinn and Mrs. Douglas Stevenson. The latter pouring tea at the attractively arranged table, done with daffodils and yellow tapers.

The Lenten organ recitals which are held in St. Peter's Church after the evening services on Sundays, are very well appreciated by the lovers of music. Last evening the selections by Mr. John Blackburn were exceptionally pleasing, consisting of "Romance Sans Paroles" (Bonnet); "Pastorale" (Gullmant); and Grand Chœur B Flat (Dubois), the latter perhaps being the outstanding feature in the organ solos. The vocal soloist, Mrs. R. E. Stevenson, who was in good voice, gave much pleasure by her sympathetic rendering of "Buddy Buck's lovely solo, 'Fear Not Ye, O Israel'."

The members of the 53rd Chapter, L.O.D.E., held a very successful card party at the home of Mrs. T. E. Hall, Court Street, on Thursday evening. Cards were played at prize tables and the first ladies' prize was won by Mrs. C. Harrison, the second by Mrs. H. Morgan and the third by Mrs. O. Williams. The gentlemen's prizes were won by Mr. O. Williams, Mr. Jackson and Mr. Grisey. Dainty refreshments were served by the members. The next meeting will be on Tuesday afternoon, March 25th, at the home of Mrs. G. S. Thomson, Victoria Street.

The Women's Auxiliary of Trinity United Church held a very successful food sale and tea in Wesley Hall on Saturday afternoon. The many guests were received by the president, Mrs. L. Beaudreau. The table was laden with home-cooked food, was in charge of Mrs. Shorten and Mrs. G. Aubrey. The hostesses for the tea were Mrs. F. A. Cutter and Mrs. Baker. The table, where tea was poured by Mrs. J. E. Cutts, made for an Easter sale, and the daffodils, while the small tables were daintily arranged with narcissi. The sale of food and the tea proved a great success and the receipts were most satisfactory.

The regular meeting of the Junior Girls' Club of St. Paul's Mission was held on Saturday afternoon in the church hall with a good attendance. The president, Miss Hilda Robinson, presided, and the meeting opened with prayer. During the business period plans were made for an Easter sale, and the arrangements were also made for a rummage sale to be held in the near future. After business was concluded, the members enjoyed a social hour, when tea was served by the hostess, Miss Hilda Robinson and Miss Daisy Sunbourg. The next meeting will take place in the church hall on April 5th, when Miss Margaret Stewart and Miss Alberta Cotterell will be the hostesses.

The regular monthly tea and conference of the teachers and officers of Plymouth United Church Sunday school convened in the Plymouth Church hall on Friday evening with Mr. Thomas S. L. Cohoon, superintendent of the Sunday school, in the chair. Rev. Dr. G. E. Read opened the meeting with prayer and after the regular business was disposed of, reports were given of the work in the different departments by the various superintendents as follows: Beginners, Miss Muriel Sangster; primary, Mrs. Willard Cross; junior, Mrs. Hector MacRae; C.G.I.T., Mrs. J. Stein; Boy Scouts, Scoutmaster Charles Rose; intermediate, Mrs. T. S. L. Cohoon; senior, Dr. G. E. Read, and library, Mrs. W. Hartley. Dr. Read welcomed to the school teaching staff of Plymouth Church Mr. Donald Buchanan, who is in charge of one of the senior classes of boys. The superintendent read a letter from Miss M. Trotter, in connection with the international convention of religious education, to be held in Toronto in the year from June 23rd to 29th. Six thousand delegates will be present, and Canada is entitled to two hundred delegates. After some discussion, Mr. Hector MacRae, superintendent of the Junior department of the Plymouth School, was unanimously appointed by the conference to represent Plymouth Church at this convention.

Y'S MEN AT BAPTIST CHURCH The members of the Sherbrooke Y's Men's Club occupied the choir at the Baptist Church last night and added greatly to the effectiveness of a splendid service, when the preacher, Rev. R. Murray Simmons, occupied the pulpit.

It was the third in a series of special Lenten services being given by Rev. R. Murray Simmons, who took as his theme "The Unworn Home." During the service Mr. W. Watson, president of the Y's Men's Club, rendered in splendid voice a vocal solo.

SERVICES AT CITADEL CONDUCTED BY ADJUTANT LARLAN Members of the local corps of the Salvation Army were privileged yesterday in having a visit from Adjutant Larman, formerly in charge of the forces in Sherbrooke.

On Saturday evening he commissioned the Band, Young People's Workers and other local officers of the Corps. Three very interesting sermons were preached over the week-end by the Adjutant on the topics, "Over-time," "Islands of Life," and "A Knight of the Road."

TONIGHT the Adjutant will occupy the chair at the annual Band festival.

PEDESTRIANS SPLASHED BY MOTORISTS The old saying, "Put a beggar on horseback" can, in the days of modern motor cars, be changed to "Put a beggar in a car," for none but a person of low intellect would drive a car through the wet and slushy streets of spring in such a manner as to splash pedestrians with water and filth as has been done time and time again by some motorists in this city this spring.

A person of average intelligence finds no difficulty in driving his car through the streets, no matter how slushy they are, in such a manner that pedestrian does not have to suffer the discomfort of dirty water being thrown over him. Some drivers of motor cars and trucks, however, seem to take a special delight in splashing the pedestrian. The

REV. DR. READ CONTINUED LENTEN SEASON SERMONS

Particular Theme at Morning Service Yesterday at Plymouth United Church Was "Creed and Deed."

Yesterday morning at Plymouth United Church, Dr. Ellery Read gave the third of the Lenten course of sermons on "Religion and Life at Christ's Valuation," the particular theme being "Creed and Deed."

Taking his text from St. Luke 6:46, "And why call ye me Lord, Lord, and do not the things which I say?" Dr. Read referred to the parallel passage in St. Matthew's gospel in which Christ is reported to have put the question in the form of a statement: "Not everyone that said unto me, Lord, Lord, shall enter into the Kingdom of Heaven."

E. T. BOARDS OF TRADE TO MEET HERE TOMORROW

First Session to Open at Two O'Clock in Afternoon at City Hall—To Meet in Evening With Rotary Club—Mr. B. N. Robinson, of Coaticook, to Speak on Immigration.

A feature of the annual joint meeting of the Eastern Townships Associated Boards of Trade and Eastern Townships Immigration Society, which will convene in the City Hall here at two o'clock tomorrow afternoon, will be the address of Mr. B. N. Robinson, president of the Eastern Townships Immigration Society, who will speak on immigration topics and his recent trip to the British Isles in connection with the work of the Society.

There will be two sessions tomorrow. The first will open at two o'clock in the afternoon at the City Hall, and the delegates will meet for the second session with the Sherbrooke Rotary Club at the New Sherbrooke House at 6:15 o'clock. At the meeting in the City Hall in the afternoon the business of the two organizations will be taken up, including the reading of the minutes, the statements of the presidents and the election of officers. Reports will be also received, including those on the proposed Provincial National Park at Orford and the underpass of the main highway between Sherbrooke and Lennoxville. During the afternoon Mayor H. S. Ball, of Waterville, will speak on "Keeping Winter Roads Open," and tell of the success met with in his district in this connection. A discussion regarding

POLICE THINK MURDERER NOW NEAR MEGANTIC

Information from Tring Junction States Raymond C. Oliver Was Seen Heading Towards Megantic.

Information received by the local police over the week-end would indicate that Raymond C. Oliver, wanted by the police of Massachusetts for the murder of Michael Christie at Natick, Mass., on March 14th, is now in the vicinity of Megantic, possibly hiding in the deep woods in that district.

Reports from Tring Junction, stating that a man answering Oliver's description was seen hiking down the Chaudiere division of the road in the direction of Megantic on Friday evening, but from that time nothing further has been heard of the man. Oliver is described by the Massachusetts officials as being about twenty-two years of age, but that he looks somewhat older. He is five feet eight inches tall and weighs about 180 pounds. He has sandy hair, a ruddy face and a scar on the right of his right eye. When last seen in Coaticook on March 17th he had no overcoat or top coat, and was wearing a reddish-brown suit with bell bottom trousers.

the revival of Boards of Trade throughout the Eastern Townships will also be held. At the evening meeting at 6:15 o'clock in the New Sherbrooke House, Mr. A. O. Dawson, of Montreal, president of the Canadian Cottons, Limited, will give an address, the subject of which will be "Pursuit of Happiness."

Well-Known Plasterer and Bricklayer of Lisgar Finds Relief from Neuritis

"Sometimes I Couldn't Lift My Arms at All," States Mr. Godbout.

Mr. John Godbout has been a resident of Lisgar for the past twenty years and is also very well known in Sherbrooke. Mr. Godbout states: "For the past few years I have been troubled a lot with neuritis but about a year ago it got real bad. I had terrible pains in my shoulders and arms and at times was unable to lift my arms at all. My back bothered me too and my left leg was so lame I could hardly walk. Why I would be in such pain that many a night I was unable to sleep at all. I tried many different medicines and remedies with no results and I finally got so I was unable to work and was just about at my wits' ends for I didn't know what to do. Then my brother told me about this Bon-Tone, saying he had taken it and gotten such fine results and advised me to try it too. That certainly was the best advice I ever had and I can assure you that Bon-Tone has made a new man of me. I never felt so well in my life as I do now. All those awful pains in my shoulders, arms and back are gone and the lameness has left my leg, and I walk about the least trouble now. I have a better appetite and feel full of life and pep again. Bon-Tone is certainly all that it is claimed to be and more."

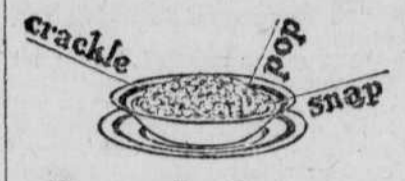

Mr. John Godbout.

Mr. Chabot, the Bon-Tone expert, is at the Sherbrooke Pharmacy, 52 King St. If you will call he will tell you of Bon-Tone's triumph over neuritis.

Sherbrooke boy, and the brother of Mr. E. S. Stevens. Rev. Dr. W. S. Lennon, pastor of Trinity Church, preached yesterday in Mr. Stevens' pulpit in Quebec.

At the morning service, preaching on the text, "And thou shalt remember all the way that the Lord thy God led thee", Rev. Mr. Stevens pointed out the spiritual value of calling to mind the things that belong to the past.

The choir rendered the anthem, "My Faith Looks Up to Thee", composed by Schnecker, and Miss Eleanor Wheeler sang the solo, "All Will Be Well", by Armstrong.

The Sunday School and Brotherhood met as usual at 2.30 p.m. In connection with the meeting of the Brotherhood, Mr. Chas. Rablee reviewed the fourth chapter of Dr. Stanley Jones' great book, "The Christ of Every Road".

The evening sermon was based on the story of Pentecost, the text being, "And Peter standing up with the eleven". Rev. Mr. Stevens spoke of Pentecost as one of the great psychological moments that God has used for accomplishing great things, and showed how, through Peter, plus the Holy Spirit, God's purpose was fulfilled.

The choir's special contribution at this service was Shelley's anthem, "King of Kings".

DR. F. O. CALL LECTURED IN MONTREAL An interesting lecture was delivered in Montreal by Dr. Frank Call, of Bishop's College, Lennoxville, in which he vividly described the romantic history and scenic beauty of old Quebec. The lecture was given in the Chateau de Rampeau, and was under the auspices of the Numismatic and Antiquarian Society.

After showing many of the old forts and picturesque churches which mark the course of the mighty St. Lawrence, the lecturer took his audience up the majestic Saguenay to the country of Maria Chapdelaine and related many anecdotes of Louis Hemon, the author, as they had been told to Dr. Call by the people with whom Hemon lived while sojourning in the Lake St. John country.

ORGAN RECITAL FOR BENEFIT OF V. O. N. The second of the series of organ recitals arranged by the entertainment committee for the benefit of the V. O. N. took place on Saturday afternoon in Plymouth United Church when Mr. John Blackburn was the organist, with Mrs. F. H. Bradley and Mr. D. T. Diplock as the vocal soloists.

The selections for the organ were well chosen and consisted of the following: Prelude and Rigue in E. Minor, (J. S. Bach); Pastoral from Sonata III (Gullmunt); choral prelude "The Cross" (Sir Charles Parry); two arrangements from Hayden (Allegretto and Adagio Cantabile) and the last number Grand Choeur in G. (Salome). Mr. Blackburn's recital was most enjoyable, as were also his accompaniments for the vocal numbers.

Mrs. Bradley sang the beautiful Aria, "With Verdure Clad" from "The Creation," delighting her hearers with her artistic and finished rendition of this most difficult, though ever popular solo. Mr. Diplock's selection was the tenor solo "But Thou Didst Not Leave His Soul in Hell," from Handel's "Messiah," which he rendered in pleasing style.

LENOXVILLE Mr. W. G. Macdougall, agronomist, left on Friday for Regina, going as delegate to the convention of the Canadian Co-operative Wool Growers. Mr. Macdougall expects to be gone until the last of March.

The flowers on the altar of St. George's Church yesterday were placed there in memory of J. Thomas Harrison, who passed away two years ago on March 23rd by his wife, Mrs. J. T. Harrison.

WHY YOU SHOULD BUY DUNLOP CLEATED-GRIP TIRES NOW

1 They Grip on Treacherous Roads These weeks with the frost coming out of the ground the roads are slippery-treacherous. To drive under these conditions you require Cleated-Grip Tires. This is the Patented DUNLOP Cable Cord Tire that will give your car a road grip never achieved by any other tire.

2 They Give You Greater Safety The new Cleated-Grip Cable Cord Tire is the most sure-footed tire ever devised. It will GRIP, where ordinary tires skid dangerously. Why not have this proven assurance of extra safety?

3 The Double-Tread Means Extra Miles The thick, tough rubber cleats are actually a second tread moulded on top of the regular DUNLOP non-skid tread. The mileage in the cleats is extra.

Underneath the second tread formed by the new Cleated-Grip Tread is the tough non-skid design that has proved its reliability for thousands of motorists over millions of miles of all year round driving. This regular DUNLOP non-skid tread is the product of the most extensive tire research facilities possessed by any builder of tires.

The basic mileage-making principle in every DUNLOP tire is Cable Cord Construction.

Ask the nearest DUNLOP dealer to prove to you how Cleated-Grip Tires will pull your car surely and safely on roads that you can't get through with ordinary tires.

ST. ALBANS, Vt., March 24.—The monthly summary of Customs collections, prepared by Collector Harry C. Whitehill, shows that durable imports, aggregating \$224,917, entered the Vermont district during February, and yielded duties amounting to \$51,063.41. Of this amount, \$25,754, or slightly more than half, was collected at the local port of St. Albans. The next largest amount for the month, \$38,009.53, was reported by the port of Newport, while Richford was third with collections amounting to \$3,211. Reports from other ports and stations in the district show that Island Pond collected \$1,356.18; North Troy, \$902; Alburtz, \$669, and Derby, \$223.

Hay and straw again headed the list of commodities as revenue producers, although the volume of shipments of these two products showed but little change over the preceding month. Total receipts for February amounted to 8,342 tons of hay and 1,017 tons of straw, of which \$14,885 in duties were collected. Importations of milk and cream showed a further decline for the month, total shipments of these two dairy products amounting only to 20,950 gallons of cream, valued at \$22,876, and 38,133 gallons of milk, valued at \$6,017, the combined duties on which totaled \$8,537. Shipments of mill feeds, on the other hand, showed a moderate gain, increasing from 654 tons, valued at \$12,926, received during January, to 823 tons, valued at \$20,427, arriving during February. Duties collected on such feeds during the month amounted to \$3,031.

Importations of fresh and prepared meats during February amounted to 109,543 pounds, valued at \$15,478, and provided revenue totaling \$2,127.83, while \$178.95 was collected on shipments of beef cattle. 104 head of such cattle were received during the month, weighing 95,615 pounds in the aggregate, with a total value of \$9,694. The receipts from miscellaneous imports during February amounted to \$21,775.

COWANSVILLE

The Young Ladies' Club was entertained by Mrs. K. Elridge, Miss Murray and Miss Doris Bridgette in the church parlors on Wednesday evening. In the absence of the president, Mrs. Tessier, the vice-president, Mrs. Bessie Johnston, presided. The programme consisted of a piano solo by Miss Romend Cotton, two vocal solos by Mrs. Riff and two glee contests. The prize winners were Miss R. Cotton and Miss V. McAllister. Twenty-one members were present. Refreshments were served.

troubled; believe in God." The hymns were chosen from among her favorites, "The Lord is my Shepherd," "Forever with the Lord" and "Jesus Saviour Pilot me." Her remains were laid to rest in the family plot in the Rectory Hill Cemetery, Tuesday, March 18th, she married John Leith, of Rectory Hill, Que., who predeceased her some twenty years ago. Since his death she has resided with her son, Robert, and his wife, who tenderly cared for her during her remaining years.

Mrs. Leith was a kind and loving neighbor and a friend to all who knew her. Her many illnesses were borne with Christian fortitude. She had been in her usual health until the day before her death, when she did not feel so well and remained in bed. The doctor was summoned and he found her heart very weak and about 4:45 p.m., she slept peacefully away.

On Sunday morning at eleven o'clock, her many friends gathered to pay their last respects. The Rev. Loughheed, of Inverness, conducted the solemn service. He took his text from the comforting words in John 14:1; "I will not leave you orphans."

“ANCESTOR JORICO”

by WILLIAM J. LOCKE

Toby turned to a clean page and printed the initials in big letters, but Jones, regarding them blankly, shook his head. Except for the recognition that they were letters of the alphabet, they seemed to convey no meaning to Jones' mind.

I have told you that Jones' case was celebrated in the medical annals of the war. They had subjected him to every conceivable test. Alphabets had been spread before him. They had gone so far as to present him with the unmistakable picture of a dog, had placed beneath it the lettered square of a D and, with an interval, a square of a G, and has assembled the squares on which the vowels were printed. Invited to take part in an incomprehensible game, he had selected an I at random to fill the space. When he had substituted the O he was none the wiser.

So all the questionings that Toby put to Jones, from an alphabetical point of view, resulted in nothing.

At last Jones did what seemed to Toby and to us all, when he told us, a very remarkable thing. He sketched the chest, with the galleys; made vague, unrecognizable marks to represent the initials beneath it; drew his rough map of England, indicated the position of London, connected the galleys with the black splotch of London, and smiled at Toby.

And that was all Toby was able to get out of him.

Our departure was delayed some time beyond the date fixed for our sailing by the sudden collapse of Lady Jane. At the lunch table she fainted suddenly after a few short gags and had to be carried to her room. Both Toby and I, who had seen strange things happen in our time, diagnosed a heart attack. Dr. Chepstow, telephoned for, confirmed our opinion and administered temporary restoratives brought up on the chance of Toby's account being correct. He found on examination our dear lady's condition far from satisfactory. Lady Jane must lie perfectly quiet and submit to treatment.

Later Toby, going along to make inquiries, met Ruth, just leaving Lady Jane's room. She closed the door behind her and put her fingers to her lips.

"She's sleeping."

"Come in and tell me about it."

He held open the door of his room, which was next, for her to enter.

"What do you think?"

"If there was any danger the doctor would have sent in a nurse from the hospital. He has told me what to do and I can do it."

Toby nodded. "Aren't you glad now you didn't stay on board the yacht?"

"She threw up her head and looked at him."

"It that generous, Major Boyle?"

"No," said Toby. "I suppose it isn't, but it's his common sense. You and I are direct people, and I think we get on best together if we talk straight. Of course you're glad. You wouldn't be you if you weren't. Tell me—what about the other things—the things you mentioned."

She flushed. "I'd like you to think they existed only in my imagination."

"Good," said Toby.

"She moved to the open door."

"Anything else, sir?"

"When you see Her Ladyship, will you give her Major Boyle's love and best wishes."

She hesitated on the threshold, looked up and down the corridor and then advanced a step or two in to the room. "For heaven's sake, tell me, if you don't mind, if all the treasure hunting is over."

Toby folded his arms and regarded her in considerable surprise.

"Treasure? What do you know about treasure?"

"Major Boyle," she said, with a shrug of her shoulders, and very calmly, "you've just said we could talk straight together. By saying 'What treasure?' you're not talking straight. I know."

"How? From Her Ladyship? Mrs. Dalrymple?"

"No. It's a family secret, and well-bred ladies don't tell their family secrets to servants."

Toby felt a shiver run down his spine. He cried hotly and perhaps idiotically.

"But, damn it, girl, you're not a servant."

MONTREAL RESPONDS TO BUYING DEMANDS

MONTREAL, March 24.—The Montreal Financial Service says today that the wheat market was heartening to those working for an advance, the list responding to the buying demand in good fashion.

The exact reason for the sudden change in sentiment is difficult to explain. It must be remembered that the lethargy of the Canadian markets in face of a buoyant list in the wheat market has been attributed mainly to the break in the wheat market and collapse of the mining market.

The opinion has been expressed that such issues as Winnipeg Electric, Massey-Harris, Cocksfoot Plow General Steel Ware, etc., which were depressed mainly owing to the break in the wheat market, should have a recovery now that the wheat market has improved.

A New York report stated that stronger sponsorship is evident in International Nickel. Part of the buying has been coming from Canadian sources, a fact that is well known here, but there also has been much better demand from Wall Street operators.

J. S. Bache and Co.—Technical setback can be expected from time to time but unless a radical change for the developments in those influences that have been so instrumental in determining the market trend, nothing more serious than such setbacks seems an early probability.

LOCAL JUNIOR CAGERS LOST TO MONTREAL

Central Y Take Ten-Point Lead into Second Game of Home and Home Series for Provincial Junior Title by Victory Over Sherbrooke High School.

The Central "Y" team of Montreal will enter the second of a series of home and home games for the Provincial Junior Basketball title with a lead of ten points as a result of their thirty-five to twenty-five victory over the Sherbrooke High School squad at the local Y. M. C. A. gym on Saturday evening.

The visitors got away to a flying start, but the locals contested every advance of the visitors, gathering in their thirty-five to twenty-five victory over the Sherbrooke High School squad at the local Y. M. C. A. gym on Saturday evening.

Entering the second half with undiminished determination, the local players pressed the battle, and during the first ten minutes of the stanza the Centrals were only able to increase their margin by two, making seven points to lead for Sherbrooke. As the shooting of the locals was steadily improving, the final quarter saw a reversal in the trend of the play, the High School cutting down their opponent's lead by three in the period, gathering in twenty points to Montreal, for the final count standing at Central Y, 35, High School, 25.

Although all members of both teams turned in fine games, Felvus, who was responsible for nineteen of the visitors' counters, had Allen, who gathered in ten, stood out for the Montreals, while Welsh starred for the High School, getting credit for no less than thirteen of the twenty-five points counted by the White Shirts.

The game on Saturday night was handed to the Centrals by two hundred and six points by Mr. Harry Samith, of Montreal.

The Sherbrooke boys will make the trip into Montreal next Wednesday evening for the purpose of meeting the Central Y again in the second game of the series, and are hopeful that at this time they will be able to overcome the lead amassed by the Montreals.

The players and individual points scored were: Central Y: Allen 10, MacGuire, Woo 4, Mills, Feivus 19, Creeves, Morrison 2, Scott, Clayton and Madden.

Sherbrooke: Welsh 13, Ross 5, Bradley, Dunsmore 4, Harper 1, Ball 2, Mutchler, Robertson.

HIGH SCHOOL GIRLS LOST TO MONTREAL

Playing in the MacKinnon Memorial Building gym on Saturday afternoon, the Canadian Ladies' Athletic Club Juniors administered a 19 to 1 defeat to the Sherbrooke High School girls' team. While the visitors gained the benefits of greater experience, the scholars pressed the game with a vim that extended the Montreals to the utmost in order to capture the game.

At the end of the first period the C.L.A.C. were in the lead by a count of ten to seven, while they made nine points in the second to seven for the locals. The game, which was fairly well attended, was handled by Mrs. C. H. Brennan, of Montreal. The line-ups were: C.L.A.C. Jrs. S.H.S. L. Rogers forw'd. L. Gaffney M. Tolfree D. MacLeod R. JUNIOR AND INTERMEDIATE GAMES

Playing in the Y.M.C.A. Intermediate Basketball League on Saturday the Swallows beat the Sparrows by a score of 14 to 8. For the Swallows Dunsmore, Heath, and Welsh did the scoring, while Stevens was the only one on the Sparrows team to tally. The line-up was: Swallows—Crocheterie, Dunsmore 2, Heath 6, Welsh 6, Reid, Hellig.

Sparrows—Heath, Cohoon, Willis, Stevens 6, Darker.

In the Junior Y.M.C.A. League Ford's beat the Chev's by a score of 6 to 5. In the first half the teams were in an equal four to four, but in the second period the Chev's had a slight advantage. The line-up was: Ford's—Willis, Stevens 2, Gray 2, Broadbelt, Graham 2, Southgate.

Chev's—Wooten, Murphy, Kasulis 2, Clifford 1, Darker 2, Whistley.

BOSTON MADE IT TWO IN A ROW OVER MAROONS

Bruins Need Only One More Victory to Enter Final for Stanley Cup—Rangers Eliminated Ottawa, and Canadiens Won First Encounter With Chicago.

NEW YORK, March 24.—The Boston Bruins headed for the finals of the Stanley Cup play-off series for the second time in succession, and the indications gained from last night's games point to the New York Rangers as their opponents in the final game.

The Bruins have to win only one more game to go into the final series for the trophy of the world's professional hockey championship, and they have three chances of their home ice to gain that victory. Boston followed up its grueling victory over the Rangers last night in the play-off between the first place teams of the National Hockey League by defeating the Montreal Maroons again Saturday by 4 to 2.

The Bruins were vastly superior to their rivals in the second game as Dit Clapper and Cooney Welland worked their smooth passes, and Marty Barry fired his powerful shots. They got three goals before the Maroons talked once, and were in trouble only when they decided to take things easy at the finish. To add to this superiority the Bruins have their record through the regular season of losing "but one of twenty-three games on their home ice, and they appear able to continue that pace.

The Rangers, under-rated in the predictions because of a poor showing at the finish of the season and of injuries, played championship hockey last night to eliminate the powerful Ottawa Senators in the third place series. After a 1 to 1 draw in the first half of the two game play-off and a poor start in the second contest, the Rangers hit their best stride of the year to score five goals to Ottawa's two and take the series by a six to three margin.

The return of Frank Boucher, who was not seriously hampered by a badly injured shoulder, did much to help the New Yorkers, while the young money players of the Rangers, second line carried on in their favorite play-off fashion by scoring two of the goals.

Battling for the right to meet the Rangers in the semi-final series, Canadiens, of Montreal, took a one goal lead over the Chicago Black Hawks in the opening game of the second place play-off at Chicago, but the Hawks carried on in their favorite play-off fashion by scoring two of the goals. Battling for the right to meet the Rangers in the semi-final series, Canadiens, of Montreal, took a one goal lead over the Chicago Black Hawks in the opening game of the second place play-off at Chicago, but the Hawks carried on in their favorite play-off fashion by scoring two of the goals.

AMATEUR PLAY-OFFS

TORONTO, March 24.—West Toronto, Ontario Hockey Association champions, will entertain a Winnipeg tonight following their three to one victory over Rideaus, Ottawa and district representatives, in the second game of their home and home series for the Junior Ontario championship at Toronto on Saturday night.

Rideaus won the first game at Ottawa by four to three, but lost on the round by six to five.

West Toronto will now meet the winner of the Regina Pats-Winnipeg, Elmwood series, which will probably be decided at Winnipeg tonight. The Pats won the first game Saturday night and are favored to capture the Western Canada title.

Tonight's session amateur hockey programme will find Hamilton Tinto, senior Ontario Hockey Association kings, facing a five goal deficit in their return game with Montreal A. A. in the second of their two game series for the Eastern Canada crown.

The Winged Wheelers won the first contest at Montreal by seven to two.

The winners of the series will qualify to play Port Arthur, Western Canada title holders in the Allan Cup final at Toronto on Thursday and Saturday nights.

BISHOP'S DEFEATED SOUTHERN CANADA

Playing an exhibition hockey game at the University rink on Saturday evening, the Southern Canada squad went down to defeat before Bishop's College team by a count of nine to three. The Southern Canada boys were greatly handicapped by the fact that they were only able to place five men on the ice and had to borrow a man from the College squad to complete their line-up. In spite of this, they were able to hold the Purple and White during the first two periods to a count of four to three, but in the final stanza the Collegians broke away to round off five points.

The Irish Canadian Juniors edged out the Bishop's Juniors by three to two in the second encounter of the evening.

BEAVERS NOSED OUT A VICTORY OVER BISHOP'S

Montreals Established Eight-Point Lead Over College Team in Provincial Intermediate Basketball Championship Series.

(Special Staff Correspondent) MONTREAL, Que., March 24.—The Montreal Beavers defeated the Bishop's University basketball team by thirty-one to twenty-three in the first game of a home and home series for the Provincial Intermediate Championship, in a fast and exciting encounter in Montreal on Saturday. The return game will be played at the Y.M.C.A. in Sherbrooke on Wednesday and the Beavers, after an eight-point lead in their favor by virtue of their victory in Montreal.

Saturday's game was played on the Baron Bying High School floor and proved close and exciting throughout, as the Beavers did not secure their lead until the closing moments of play, when some accurate shooting from centre floor gave them their eight point advantage.

The Bishop's boys, though hampered by playing on a strange floor, put up a great fight, especially in the last half, when they forged into the lead, only to lose out before the determined rally of their opponents. The Purple and White are confident that with the comparative familiarity of the "Y" floor in their favor, they will be able to overcome the Beavers' lead and enter the finals against Quebec.

The winning five showed a brilliant passing and combination style of play which was hard to check, and which invariably resulted in scores. They had no particular outstanding player, and their tallies were evenly divided between the members of the team.

For Bishop's Robinson and Turner were most effective, accounting for fifteen points between them, while Rudner got four. Robinson made something of a record in penalty shots, counting five out of six attempts. McMahon and McCullough played well as guards.

Sempie, of Quebec, refereed the game, which was quite clean and very fast. Beavers got the edge with Silvertown and Elias counting the baskets. Bishop's came back strongly, but the Montreals held the lead, and finished the period with the score eighteen to fifteen in their favor.

The second stanza failed to produce as much scoring as the first, as both teams settled down to a tight, defensive system. Bishop's kept within striking distance of the Beavers' score, and when Turner tallied two in a row the Purple and White took the lead by a slim margin. A final rally by the Montreal team, with five minutes left to play, snatched away the visitors' advantage. Some long shots by Luterman and Katz gave the Montreals a lead which they maintained till the game ended with the score: Beavers, 31; Bishop's 23.

BASKETBALLERS FROM MONTREAL WON TWO GAMES

C.L.A.C. Intermediates Administered 50 to 16 Defeat to Sherbrooke Y. W. C. A., and St. Mary's Grads Defeated Bishop's University by 31 to 28.

The popularity of women's basketball in Sherbrooke was attested by the large number that turned out on Saturday night to witness the doubleheader run off at the MacKinnon Memorial Building, when two sextets from Montreal clashed with two local squads in exhibition encounters.

The first game between the Canadian Ladies' Athletic Club and the Sherbrooke Y.W.C.A. proved an easy victory for the former by a count of 50 to 16, but the second match between St. Mary's Grads, of Montreal, and Bishop's University was an evenly contested affair, the visitors having to overcome a five point lead in the final stanza to take the honors by 31 to 28.

Greater experience and training on the part of the visiting squad was an important factor in the win of the C.L.A.C. intermediates over the Blue Triangle. The teams had hardly stepped on the floor before the Montreals jumped into the lead, which they increased steadily until half time, when the count stood at 27 to 4 for the visitors. In the second stanza the locals showed considerable improvement, but not enough to stem the advance of the Athletics, who added 28 points against 12 for Sherbrooke, the final score being fifty to sixteen. The line-ups were:

Y.W.C.A. forw'd. F. Pearson E. O'Dea. s. cen. E. Miller J. Snyder s. cen. E. Conner M. Spencer def. V. Walker M. Cook M. Rogers subs. M. Simms J. Bain I. Olivet P. Demestre

ST. MARY'S DEFEAT BISHOP'S

The second struggle of the evening was more evenly contested, the result being in doubt until the final minutes, when St. Mary's scored four points in quick succession to capture the game by 31 to 28 from the Purple and White squad. The Bishop's girls drew the first points, but the visitors kept close to their heels, the score at half time being 19 to 14 for the University. After the rest period, the game resumed on an even basis. Bishop's barely maintaining their lead until the last five minutes were underway, when the visitors scored four points in quick succession to bring their margin down to one. Taking advantage of two penalties in the final minute, the Grads resumed on a special support to take the fixture by a margin of three points, the final count being St. Mary's 31, Bishop's 23.

CHALLENGE CUP IS RETAINED BY LOCAL CURLERS

Sherbrooke Defeated Granby Representatives by Fair Sided Margin in Trophy Play Here Saturday Evening.

The members of the Sherbrooke Curling Club were successful in their second defence of the Southern Canada Challenge cup, when they defeated two rinks from the Granby Club here on Sunday night by a combined score of thirty-three to seventeen.

While the visitors turned in an excellent game, the local players were at no time in danger, taking the lead at the end of the first three ends and increasing it steadily as the play progressed. Mr. H. A. Hyndman's quartette piling up a sixteen to seven lead over J. E. Isabelle's rink, and Mr. J. P. Watson's rink leading that of Mr. J. B. Travers by seven to ten.

BISHOP'S AND CANADIENS TO MEET TONIGHT

Intermediate Hockey Teams to Close Season With Exhibition Game at Arena.

The Canadiens and Bishop's teams will clash at the Arena tonight in what will probably be the last intermediate hockey game of the season. At the close of the Sherbrooke County Hockey League schedule these two squads were tied for first place, but as the Bishop's boys chose to compete for the Allan Cup through the Intercollegiate Union, the Canadiens were named by the league as the champions to contest the intermediate playdowns.

The question of which was the best team was not so easily decided, however, and another game to settle this dispute was arranged.

KING GEORGE HAD SOUVENIRS FOR DELEGATES

Each of Seven U. S. Delegates Received Phonograph Record of Speech Delivered by His Majesty at Opening of Naval Conference.

LONDON, March 24.—The King today presented each of the seven United States' Naval Conference delegates with phonograph records of his speech on the opening of the disarmament conference two months ago.

Each record was contained in a leather case lined with plush. The outside of the case bears the Royal Coat of Arms in gold, while on the inside cover is the King's autograph and the name of the delegate. The King's private secretary took the records to the United States' headquarters.

United States Secretary of State Stimson gathered all the delegates in his apartment where the presentation took place. He replied for the whole delegation and asked Baron Stamfordham, the secretary, to convey thanks to the King.

This was billed for three weeks ago, but the thaw at that time prevented the match. However it will take place at 8.30 o'clock tonight.

SAYS CHRISTIANS CANNOT BE BOTHERED WITH CHAIN LETTERS AT PRESENT TIME

Rev. H. A. Sims Tears Chain Letter into Pieces During Service at St. John's Anglican Church at North Bay, Ont.

NORTH BAY, Ont., March 24.—During the service last night at St. John's Anglican Church, Rev. H. A. Sims tore a "chain letter" into pieces. It was a good luck chain letter, which read: "This good luck chain was sent to me so that the chain will not be broken. Copy this and send it to four others who you wish good luck." It was received late last week.

In addressing the parishioners Mr. Sims said that he received a chain letter which was started by a United States soldier in Flanders and that it had gone around the world three times. Cautioning the congregation, the pastor said: "Christian persons cannot be bothered with such a thing as this chain letter, so the only thing to do is to destroy it and not trouble other persons." The chain letter destroyed in church last night finished with "send it within twenty-four hours to four others. The person who breaks this chain will have bad luck."
