Comment Profiter de Notre Bibliothèque d'Annuaires

Vous pouvez faire une visite à n'importe quelle ville du pays en quelques minutes en consultant l'annuaire de cette ville qui se trouve dans notre bibliothèque d'annuaires.

Car l'annuaire d'une ville est la ville elle-même, complète en un volume compact et bien indexé. Ce que vous trouvez dans votre propre annuaire, vous le trouverez dans l'annuaire d'une autre ville—s'il est publié par un autre membre de l'association des éditeurs d'annuaires de l'Amérique du Nord.

SERVEZ-VOUS DE LA BIBLIOTHÈQUE D'ANNUAIRES

Si vous connaissez le nom d'une compagnie ou d'une personne et la ville dans laquelle elle se trouve, mais ne pouvez vous souvenir de l'adresse de la rue;

Si vous ne pouvez vous rappeler le nom réel d'une compagnie ou si vous avez oublié les initiales d'une personne;

Si vous désirez avoir les noms et les titres des fonctionnaires municipaux, provinciaux ou fédéraux dans une autre partie du pays;

Si vous avez besoin des noms des banques, des agents d'immeubles, des avocats, ou d'autres maisons ou individus faisant affaires dans une autre ville;

Ou si vous avez besoin de tous autres genres de renseignements que l'on trouve seulement dans les annuaires des différentes villes—la bibliothèque d'annuaires la plus rapprochée est à votre service.

Les bibliothèques d'annuaires sont une suite naturelle des besoins commerciaux et sociaux qui ont été anticipés et auxquels ont répondu John Lovell & Son, Limited et les éditeurs d'annuaires qui sont associés avec cette compagnie.

SERVICE D'URGENCE

Dans les cas d'urgence, les bibliothèques d'annuaires ont rendu des services inestimables aux personnes ayant besoin du nom d'un médecin, d'un avocat ou d'un notaire dans un endroit rapproché ou éloigné. Les annuaires des villes, grandes comme petites, sont gardés en casiers pour référence rapide. La preuve qu'on les apprécie se constate par le grand nombre de lettres d'appréciation qui nous parviennent continuellement. Les voyageurs de commerce et les touristes les trouvent particulièrement utiles.

Tous les jours, par tout le pays, des milliers de personnes consultent ces bibliothèques et, en sus de l'aide qu'ils leur donnent personnellement, les annuaires dans la collection sont une bonne publicité pour leur propre ville et leurs industries.

De la même façon, les annonceurs individuels dans ces divers annuaires profitent d'une augmentation de distribution que leur annonce dans l'annuaire et dans les affaires classifiées reçoit de ce système de bibliothèque, qui place les annuaires dans tout le pays pour renseigner ceux qui en ont besoin. En un mot, ce système nationalise un service qui n'était autrefois que purement local.

Comme référence, l'annuaire moderne va de pair avec le dictionnaire et l'encyclopédie. Des siècles avant l'invention du téléphone, l'annuaire avait conquis sa place comme élément essentiel de la vie sociale et commerciale du peuple.

Il a acquis encore plus d'importance et de prestige à mesure que les relations de l'homme avec son voisin devenaient plus complexes.

La première impression avec caractères mobiles dans la langue anglaise a été faite à Londres en 1477. Les journaux ont commencé à paraître au début du dix-septième siècle—de même que le premier annuaire réel, qui a été publié à Londres, Angleterre en 1640. Avant cette date, il existait une publication qu'on ne pouvait guère appeler un annuaire. Il a été publié en 1595 pendant le règne de la reine Elizabeth et avait pour titre "The names of all such Gentlemen of Accompts as were residing within the City of London."

Paris a connu son premier annuaire en 1691; Liverpool, Angleterre, en 1766; Dublin, Irlande, en 1770; Edinbourgh, Ecosse, en 1773; Hambourg, Allemagne, en 1787; Philadelphie, Penn., en 1785; New-York, N.Y., en 1786, ensuite Boston, Mass., en 1789; Baltimore, Md., en 1796 et Montréal, Canada, 1819.

Une des grandes difficultés de la publication d'un annuaire au début était le manque des numéros sur les maisons. A cause de cette lacune, plusieurs maisons étaient connues sous les noms de "The Black Bear," "The White Swan," "The Six Golden Lights"—ou un mentionnait qu'elles étaient situées sur telle route, à coté de l'orfèvre.

Ce n'est qu'en 1800 que le numérotage des maisons devint général. On a eu à résoudre graduellement un bon nombre de difficultés jusqu'à ce que le système actuel soit adopté. Les éditeurs d'annuaires ont toujours été—et sont encore—de beaucoup d'aide aux autorités dans la solution du problème du numérotage des maisons.

Aujourd'hui, l'annuaire a sa place à part. Il comprend en un seul volume les noms, les adresses, des faits et des renseignements sur une ville qui ne peuvent se trouver ailleurs. Il est devenu aussi nécessaire au progrès et au développement d'une ville en général que tout ce qui touche à son principe fondamental—c'est-à-dire aux citoyens eux-mêmes.

How to use our Directory Library

You can make a trip to almost any City in the Country in a few minutes by consulting the City Directory of that City, which is on file in our Directory Library.

For the City Directory is the City, complete in one condensed well-indexed volume. What you can find in your own City Directory you can find in the City Directory of another City—if it is the publication of some other member of the Association of North American Directory Publishers.

USE THE DIRECTORY LIBRARY

When you know a firm's or a person's name and the city where located, but cannot remember the street address;

When you cannot recall a concern's style of name or have forgotten some person's initials;

When you want the names and titles of City, Provincial or Federal Officials in another part of the country;

When you need the names of banks, real estate men, a lawyer or another business group or individual in another city;

Or innumerable other kinds of information found only in City Directories—the nearest Directory Library is at your service.

Directory Libraries are the natural result of a commercial and social need anticipated and fulfilled by John Lovell & Son, Limited, and affiliated Directory Publishers.

EMERGENCY SERVICE

In emergencies Directory Libraries have been of inestimable worth to persons in need of the name of a Doctor, Lawyer or Notary in some nearby or distant locality.

Directories of both large and small cities are kept on file for quick reference. That they are valued is evident by the numerous letters of commendation which are continually reaching us. Travelling salesmen and tourists find them especially helpful.

Every day all over the country, thousands of people are consulting these Libraries, and aside from their personal assistance, the Directories in the collection are good advertising for their respective cities and their industries.

Likewise the individual advertisers in the various books profit by the increased distribution which their Directory Advertising and Classified References receive through this Library plan, which places Directories throughout the country to direct those who need them. In other words, it nationalizes a service which formerly was only local in its use.

As a work of reference the modern City Directory is on a par with the Dictionary and the Encyclopedia. Centuries before the telephone came into existence the City Directory had earned its place as an essential to the social and commercial activities of the people.

It gained in prominence and prestige as the relations of man with his neighbor became more complex.

The first printing from movable type in the English language was done in London in 1477. Newspapers appeared in the early part of the seventeenth century—as did also the first real City Directory, which was published in London, England, in 1640. Prior to this there was a publication hardly called a Directory. It was issued in 1595 during the reign of Queen Elizabeth, and entitled "The names of all such Gentlemen of Accompts as were residing within the City of London."

Paris had its first Directory in 1691; Liverpool, England, in 1766; Dublin, Ireland, 1770; Edinburgh, Scotland, 1773; Hamburg, Germany, 1787; Philadelphia, Pa., 1785; New York City, N.Y., 1786, followed by Boston, Mass., 1789; Baltimore, Md., in 1796 and Montreal, Canada, 1819.

One of the difficulties of Directory publishing in the early period was the lack of house numbers. Because of this, many houses were known as "The Black Bear," "The White Swan," "The Six Golden Lights"—or on such and such a road next door to the Goldsmith's.

It was not until 1800 that house numbering became general. Difficulties had to be overcome gradually until the present system was evolved. Directory publishers have always been—and still are—of great assistance to the authorities in the house numbering problem.

To-day the City Directory occupies a place peculiarly its own. It supplies in one volume names, addresses, facts and information about a city not to be had elsewhere. It is as necessary to the progress and development of a city generally as anything naturally could be which deals with such a fundamental—as the citizens themselves.

THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS

Thus assuring you the ultimate service that skill and care can produce in the way of Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the Directory.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

CETTE PUBLICATION EST PRODUITE PAR UN MEMBRE DE L'ASSOCIATION DES ÉDITEURS D'ANNUAIRES DE L'AMÉRIQUE DU NORD

Vous êtes ainsi assurés du service ultime que l'art et l'exactitude peuvent produire sous forme d'annuaires ou d'autres sources de référence, et pour la protection contre les manœuvres publicitaires frauduleuses exploitées sous la désignation d'annuaires.

Les principes suivants, adoptés au début de l'association des éditeurs d'annuaires de l'Amérique du Nord en 1898 et qui ont été strictement observés pendant toutes ces années, sont votre garantie d'un service d'annuaire satisfaisant.

L'éditeur d'un annuaire devrait consacrer ses meilleurs efforts à la cause de l'amélioration des affaires et des services sociaux et, à cette fin, il s'engage:

1. A considérer d'abord l'intérêt de celui qui doit se servir du volume.

2. De soutenir et de chercher la vérité, l'honnêteté et l'exactitude en tous points.

3. D'éviter un dédoublement possible d'induire en erreur dans les inscriptions, en tentant de classifier chaque compagnie sous le titre qui la décrit le mieux et en considérant toute inscription additionnelle comme de la publicité qui doit être payée aux taux réguliers.

4. De porter de plus en plus à la connaissance du public ce que contiennent les annuaires; d'étudier les besoins du public et de faire les annuaires de façon à y satisfaire; de reviser et de standardiser les méthodes et les classifications, de façon à ce qu'on puisse facilement trouver ce que l'on veut et que l'annuaire rende le plus de services possibles comme livre de référence d'affaires et sociale et comme guide de l'acheteur et du vendeur.

5. De refuser toute annonce qui tente à tromper ou qui n'est pas conforme à l'intégrité commerciale.

6. De ne solliciter les souscriptions et les annonces que sur les mérites des publications.

7. D'éviter les fausses représentations directement ou implicitement en ce qui concerne la circulation, comptant plutôt sur l'accessibilité aux chercheurs que sur le nombre de copies vendues pour établir la valeur au point de vue de publicité.

8. De coopérer avec les organisations approuvées et les individus produisant une publicité créative.

9. D'éviter la concurrence malhonnête.

10. De déterminer quelle est la fonction la plus noble et la plus utile des annuaires pour le bien public et de tenter de toutes les manières légitimes d'accomplir cette fonction.

$100.00 de récompense seront payés par l'Association des Editeurs d'Annuaires de l'Amérique du Nord pour l'arrestation et la condamnation de toute personne ou personnes publiant, encaissant ou sollicitant pour n'importe quel annuaire frauduleux ou truqué.
