## MONTEBOURG SEIZED AS FRONT EXTENDED TO 80 MILES; 1,000 BOMBERS SMASH GERMAN TRANSPORT FACILITIES

### Germans Report Allied Air Borne Landings On Peninsula's West Coast

Nazis Claim Allied Troops Have Opened Large-Scale Attack on St. Lo with American Forces Only Seven Miles from that Road Junction—Heavy Fighting Reported West of Caen and South of Bayeux.

London, June 13.—(P)—The German-controlled Paris radio said today that Montebourg, fourteen miles from Cherbourg, now was in Allied hands. Reuters News Agency recorded the broadcast.

Supreme Headquarters, Allied Expeditionary Force, June 13.—(P)—The German radio said today that Allied air-borne troops had landed on the West coast of the Cherbourg Peninsula, and had opened a large-scale attack on St. Lo with American forces only seven miles from that road junction.

Supreme Headquarters, Allied Expeditionary Force, July 13.—(P)—The Allied beachhead in France, now officially declared firmly established, expanded steadily today in hard fighting along a winding 80-mile front which at one point had been pressed more than eight miles inland.

Although German Field Marshal Rommel was reported to have brought up new tank reinforcements, Communiqué No. 15 from Supreme Headquarters said small Allied gains were registered in all but one sector — at Tilly-sur-Seulles, West of Caen, where strong resistance continued.

Tilly-sur-Seulles changed hands with each attack. Allied air-borne landings on the West Coast of the Cherbourg Peninsula were reported by the German Radio and enemy accounts said Gen. Montgomery, over-all Commander of the Ground Forces, has launched a large-scale attack on the road junction of St. Lo, twelve miles South and a little East of Carentan.

Berlin reports said American troops were less than seven miles from St. Lo. The German DNB Agency asserted a narrow wedge has been driven into the German lines East of the River Orne, where British and Canadian soldiers of the British 6th Air-Borne Division have been engaged in heavy fighting since landing on D-Day.

The German high command communiqué said there was "particularly heavy" fighting West of Caen and South of Bayeux, in the Tilly area.

Canadian 3rd Division troops and British formations are engaged in bitter fighting in this sector of the Allied bridgehead, where heavy tank engagements with the enemy have been fought.

The American 4th Infantry Division attacked Montebourg 14 miles Southeast of Cherbourg and there were conflicting enemy reports that the town had fallen.

(A C.B.S. correspondent in France said Montebourg had been taken.)

Six American divisions now are fighting on the Plains of Normandy, it was disclosed.

American forces pushed across the neck of the Cherbourg Peninsula for some miles beyond newly-captured Carentan, possession of which,

### Reds, Backed By Terrific Artillery Fire, Advance Into Karelian Sector

By EDDY GILMORE, Moscow, June 13.—(P)—Backed by terrific gun fire provided by Col. Gen. Leonid A. Govorov, an artillery specialist, Red Army mobile units moved steadily over roads and forest defiles deeper into the Karelian Isthmus today, reaching points beyond captured Raivola, about 36 miles from Viipuri.

So rapid was the advance that Raivola fell in 40 minutes. (A Finnish communiqué broadcast by Berlin said the Finns had repelled all attacks against their Karelian defences, and 63 Soviet tanks were destroyed in three days.)

The Russians already were moving along both roads toward Viipuri. Beyond Raivola they made good progress down the main highway toward Viipuri. Great sectors of the road running along the Gulf of Finland from Terijoki and Viipuri were under heavy fire from Soviet guns, an Izvestia dispatch said.

The Russians were blasting their way through deep lines of fortifications, one of the most striking of which was a series of German self-propelled "Ferdinand" guns dug into the earth.

(Increased Russian activity was reported along the Litsa River in the Petsamo sector in the Far North of Finland, the Stockholm Afonblad reported from Helsinki.)

### Paratroopers Steal Up Behind Nazis

Paratroopers, dropped by Allied planes behind the German lines in France, advance stealthily through a church graveyard toward an enemy objective. On the alert for Nazi snipers, one rear guard soldier walks backward with his rifle cocked for action.

### CANADIAN SHIP BAGS U-BOAT IN MID-ATLANTIC

Frigate Prince Rupert Nabs Fourth Undersea Raider Sunk by Dominion Navy in Ten Weeks — 14 Prisoners Taken.

Ottawa, June 13.—(P)—Fourth U-boat victim of the hard-hitting Canadian Navy in ten weeks was announced today by Navy Minister Macdonald when he disclosed a recent action in mid-Atlantic in which the spanking new frigate Prince Rupert nabbed an undersea raider and brought back fourteen prisoners as proof.

Prisoners were also taken in the three previously announced successes. It was announced on April 4 that the frigate Waskegou got a U-boat; on May 31 that the corvette Chilliwack got one and on June 6 that the destroyer St. Laurent scored.

As in previous actions, the Canadian frigate was aided in the hunt by other units.

This fourth successful action against U-boats in a short space of time indicated the Germans were making a desperate attempt to hamper the North Atlantic supply line but the growing concentration of Allied sea and air power has kept the raiders on the run.

This growth in power is chiefly Canadian, for the R.C.N. does about 45 per cent of the convoy escort work with the remainder divided between the Royal Navy and the United States Navy.

No merchant ship losses on the North Atlantic have been announced for a long period, but announcement of the torpedoing and sinking of the frigate Valleyfield was made last month. It was nearly a year before that the last Canadian escort—the destroyer Ste. Croix—was sunk on that tough route.

First spotted and damaged by a Wellington bomber, the latest Nazi vessel was finished off by a withering barrage from Prince Rupert's guns after it had been blasted to the surface by depth charges. Two United States ships, a destroyer and a destroyer escort and a Grumman Avenger plane from an American aircraft carrier shared in the kill.

Only six seconds after the submarine broke surface, Prince Rupert's youthful gun crews were plastering it with high-explosives and quick-firing cross-fire shells. The quick-firing deadly cross-fire prevented the Germans from making any attempt to man their deck guns, while shells from the frigate's four-inch guns smattered the U-boat's conning tower and ripped a dozen holes in its hull.

The battered submarine sank, stern first, with its survivors plunging into the water. Of the Prince Rupert's prisoners, two were officers, one 23 years old and the other 20. Other survivors were rescued by the American ships.

"This was an excellent example of combined operations," Mr. Macdonald commented, "not only between the sea and air power, but between ships of the Canadian and the United States navies."

To the British people the Soviet

### Relief To Liberated Countries And Mutual Aid Causes Commons Debate

By D'ARCY O'DONNELL, Ottawa, June 13.—(P)—The provision of relief to the peoples of liberated countries, the supplying of mutual aid to the United Nations, and the sale of surplus or obsolete war materials set off a variety of debate in the Commons yesterday.

Finance Minister Isley announced that Canada proposes to contribute \$77,000,000 this year to the United Nations Relief and Rehabilitation Administration, set up to provide relief for countries liberated from the enemy.

The amount, representing a little more than one per cent of Canada's national income, would be paid out of the \$800,000,000 Canada proposed to spend this year in mutual aid.

The bill was given first reading in the Commons yesterday, and is scheduled to receive second reading today.

Earlier, Munitions Minister Howe announced that Canada's mutual aid expenditures during the ten months March 31st, totalled \$912,903,220.

Major beneficiary was the United Kingdom which received aid to the extent of \$723,753,786. Next in line were Russia, with \$23,282,292, China with \$4,101,587, West Indies with \$874,478 and India with \$482,192.

Expenditures for war supplies to be transferred to recipient countries in the future amount to \$139,123,563, and the balance of the total expenditure, \$25,472, went to administration costs.

Before the House settled down to the study of Government legislation, Defence Minister Ralston revealed that Canadian casualties in France have so far been "moderate."

Prime Minister Mackenzie King said it was hoped the budget will be brought down "shortly."

The Prime Minister said it could

### WAR BULLETINS

Dover, England—The skies over the Channel were overcast today and a heavy shower fell during the morning, but there was little wind and the sea remained calm, with excellent visibility from coast to coast. The temperature at 8 a.m. (2 a.m., E.D.T.) was 57 degrees.

London.—The German Trans-Ocean Agency said Munich was attacked by American bombers today. The agency asserted: "Italian-based bombers' this morning attacked Southern Germany and dropped bombs in the Munich area."

London.—The German DNB Agency late today asserted a narrow wedge has been driven into the German line East of the River Orne, where British and Canadian air-borne troops are fighting.

Stockholm.—The Free Danish Press Service reported today that four German minesweepers were sunk yesterday by saboteurs in the Svendborg Harbor, at Fyen Island, Denmark.

This presumably accounted for a declaration of a state of emergency at Svendborg, announced officially by the Swedish News Agency Tidningarnas Telegrambyra last night.

### Nazi Airdromes In Back Of Battle Lines In France Are Again Pounded By Several Hundred Heavy Bombers

By GLADWIN HILL, Associated Press War Correspondent

London, June 13.—(P)—Several hundred heavy bombers again pounded German airdromes behind the battle lines in France today as medium bombers struck at targets on the beaches to the far inland.

The German Radio indicated Allied daylight raiders were striking into the Reich from bases in Britain and Italy following a night attack by more than 1,000 R.A.F. and R.C.A.F. bombers against German transport facilities and the synthetic oil manufacturing centre of Gelsenkirchen in the Ruhr.

The giant bombers, escorted by fighters, rained explosives on airdromes at Evreux-Fauville and Reux-Ilures-L'Esveque. Clear weather made possible visual bombing. The assaults followed up yesterday's attack by up to 1,400 American heavy bombers against 16 airdromes.

Berlin said Italy-based bombers struck at Munich.

The mediums attacked railroads, fuel dumps and other targets in close-up support of the beachhead forces.

In a series of broadcasts, the Berlin Radio told of heavy air battles raging over the whole invasion area and said Allied planes surging over the Alps had penetrated to Bavaria and Franconia. Other daylight raiders were reported in small numbers over Western and Northern Germany.

Following up yesterday's record assault by 1,400 American heavy bombers, the R.A.F.-R.C.A.F. force included in the overnight targets bridges near Caen, centre of some of the heaviest fighting in the Allied invasion drive, and Cologne in Western Germany — an important railway hub.

The Luftwaffe, evidently trying to save face after its weak showing in Normandy, sent a few planes over Southern and Eastern England, and got one lone plane through to London for the first time since April 27th.

The campaign against German transport, which reached a new peak yesterday, went on through the night virtually unabated at the hands of heavies, mediums and Mosquitos, and expanded Eastward into the Lowlands.

Railroad centres at Arras, Amiens and Cambrai—key points on the route from Flanders to Normandy—and Poitiers, France, as well as bridges near Caen, were bombed.

### PRESBYTERIAN CHURCH HOLDS 70TH ASSEMBLY

Toronto, June 13.—(P)—The 70th General Assembly of the Presbyterian Church in Canada today continued discussion of reports on the past year's activities.

Last night delegates heard three chaplains to Canada's armed services and Col. B. O. Hooper, First Great War veteran, in a special "War Chaplaincy Night" programme.

Hon. Capt. J. Y. Fraser of Toronto, recently returned from four years' Overseas as chaplain to the forces and recently with the Canadians in Italy, said a Canadian serviceman Overseas are looking for leadership from the church in the post-war years. The men "all have but one picture in their mind's eye—their home and loved ones," he said.

Hon. Lt.-Col. C. K. Nicoll, former Moderator of the Toronto Presbytery and one of the first to join the Chaplaincy Service, told of bombings Overseas and Hon. Group Capt. John McNab, chaplain to the R.C.A.F., said the "boys over there are constantly thinking of home and wondering what sort of a Canada we are going to have in the post-war days."

Col. Hooper said a chaplain "is a specialist in an unusual way and does a job that no one else can do in maintaining the morale of men."

The Assembly yesterday deferred consideration of a report from a special committee named to consider the \$500,000 foundation fund, which now totals \$184,000 and also announced refusal to accept the resignation of Rev. J. W. McNamara of Toronto, clerk of the Assembly since 1925.

A resolution was endorsed urging "a united Christian front for abolition of women's beverage taxes."

The new Moderator, Rev. A. C. Stewart, of Midland, Ont., named a committee of six to confer with the Foundation Fund Committee on the advisability of continuing the campaign for \$500,000 launched a year ago.

Mediums augmented the assault with a blow at the great Panzer marshalling area in the Forest de Griboisq, Southwest of Caen, dropping 150 tons on German armored concentrations in a few minutes with great devastation.

They also hit the railroad centre at Meziidon, and ferry installations over the Seine at Gaudbec, in a continuation of the campaigns against ferries, apparently calculated to prevent the Nazis from staging a successful "Dunkerque" if Allied forces succeed in trapping them.

Twenty-three heavy bombers including 15 Canadian craft—were lost in overnight attacks on railroad centres in France and 17 more in the attacks on Cologne and Gelsenkirchen.

Four of the medium bombers and fighter-bombers participating in the attacks on German communication lines were shot down. Ten German ships fell to the Allies—six to Canadian marksmen. Three of these were shot down by Canadians in assaults on French railways and another three were downed by R.C.A.F. beachhead Mosquito patrols.

One of the German raiders over Britain was shot down.

Mosquito bombers that raced back and forth behind the German lines are intensifying the disruption of transport, which SHAEF disclosed last night had been crippled extensively since the D-Day buildup began.

At one railroad station where German troops were disembarking from a train a pilot reported "we bombed, then went down to the deck to shoot up the station with our cannon."

After shooting up a train South of Caen, another Mosquito pilot came upon a large German camp in the woods which already had been under attack and was burning. About 30 huts were still standing.

Typical of chaos Allied support-operations are visiting upon the Germans was the coil of rocket-carrying Typhoons. They swooped down, shot up an ammunition truck which crashed into a military building and blew it sky-high. A second truck, burning fiercely, plunged into a quarry.

The Gelsenkirchen raid marked the first return of heavy bombers to strategic targets since the invasion. The bombing was reported highly concentrated with several "tremendous" explosions and great fires started and smoke towering more than three miles as the fliers left.

In the House of Commons last week Mr. Churchill had wanted to go along on D-Day, and "it took a great deal of persuasion" to leave him behind.

In the House of Commons last week Mr. Churchill refused to give assurance that he would not visit Normandy. His last visit to France was on June 13, 1940. This was his ninth overseas trip since he became Prime Minister.

Gen. Eisenhower, Commander-in-Chief of the Allied Invasion Forces, led a party of top American military and naval commanders on a tour of the American-held section of the front.

In Eisenhower's party were Gen. Marshall, United States Army Chief of Staff; Gen. Henry Arnold, United States Air Chief; Admiral Ernest King, Commander-in-Chief of the United States Fleet, and Lt.-Gen. Omar N. Bradley, Commander of American ground forces in France.

Mr. Churchill has made several visits to the various theatres of war but today's visit to the front lines was the most dramatic.

### Germans Fight Bitterly Along New Line Of Defence Near Lake Bolsena

By SID FEDER, Associated Press War Correspondent, Rome, June 13.—(P)—The Germans North of Rome fought bitterly today along a new line of defences from Lake Bolsena to the sea but 5th Army troops smashed through and occupied nearly all the Western shores of the lake and all but wiped out a strong point East of Orbetello, 71 miles Northwest of Rome.

Moving up both sides of Lake Bolsena, Allied forces on the Western shore captured Calentano, junction of three highways some 55 miles North of Rome and pushed on, near Lataura, four miles further North.

Northwest of the lake, South African forces moving toward Orbetello ran into a stiff battle in Bagno Regio.

### Churchill Sets Foot In France

British Prime Minister, Who Wanted to Go Along on D-Day, Has Lunch with Montgomery, Visits Troops in Front Lines and Witnesses Aerial Dog Fight.

Supreme Headquarters, Allied Expeditionary Force, June 13.—(P)—Prime Minister Churchill set foot on French soil for the first time since 1940, yesterday.

He was accompanied by Field Marshal Smuts, Prime Minister of South Africa, and Gen. Sir Alan Brooke, Chief of the Imperial General Staff.

Mr. Churchill and his companions crossed the Channel on the destroyer H.M.S. Kelvin. While they were aboard the ship joined in bombarding a German position on the Northeastern Normandy flank.

Arriving on the beaches shortly before noon, they spent three hours ashore; lunched with Gen. Montgomery, Commander-in-Chief of Allied ground forces in France; visited army headquarters; watched troops and supplies land and then steamed through the battle fleet which was bombarding the shore.

During the day the Prime Minister witnessed an aerial dogfight and saw a German raider shot down.

In visiting the beachhead, the persistent Churchill had his own way. Admiral Ramsay, naval commander-in-chief, disclosed last week that the Prime Minister had wanted to go along on D-Day, and "it took a great deal of persuasion" to leave him behind.

In the House of Commons last week Mr. Churchill refused to give assurance that he would not visit Normandy. His last visit to France was on June 13, 1940. This was his ninth overseas trip since he became Prime Minister.

FACTORIES ARE RAISED ALONG INVASION COAST

Allies Transport London Industries Across Channel in 100-Lb. Crates for Supply Sources for Allied Invasion Forces.

Baltimore, June 13.—(AP)—London factories, broken down into numbered parts and packed into crates, are beginning to move across the Channel to be set up behind the lines.

Unpacked and assembled, they are expected to furnish a close-up supply to Allied troops fighting their way into France, the cable dispatch reported, and will take a load off the trans-Channel transport, as well as make available services thus far unavailable to troops.

In some of the packing cases are complete repair factories for heavy duty equipment, the Sun correspondent continued. Others hold the components of laboratories for manufacturing acetylene gas for the engineers and oxygen for the doctors.

Still others will blossom into laundries and baths, installations apt to find high favor with the fighting men.

Numbered parts for these installations started going into packing cases last August to be ready whenever the signal might be given.

None of the boxes weighs more than 100 pounds, because they must be moved by hand until the Allies capture a port and get it in working order, the dispatch said.

Churchill Sets

At exactly 12:30 p.m. a grey-green "duck" (amphibious craft) slowly climbed up the yellow sands of the Normandy beach and out stepped the Prime Minister.

Soldiers busily engaged in unloading landing craft stood in amazement. Then they recognized the familiar Trinity House cap, the cigar and the two fingers raised in a V sign.

"Blimey! It's Churchill himself!" one private called to another.

The news spread quickly and those men who were not actively engaged in unloading craft rushed towards the "duck." Some stood at attention and saluted, others just waved and clapped their hands.

Germans Report

Continued from Page 1.

The communique said, "materially strengthens the link established between our two major beachheads." Rommel was reported concentrating fresh troops around St. Lo, target of American forces pushing Southward from the Cerisy Forest, fully occupied yesterday. The forest is 18 miles South of the landing beaches.

German reinforcements also were rushing up the West Coast of the Peninsula towards Cherbourg to halt the American drive toward the opposite shore from the Carentan and Montebourg areas.

It was estimated here that a fourth of the entire German Western Front strength of 60 divisions of more than 1,000,000 men have now been thrown against the British, American and Canadian forces.

The enemy High Command was said to be relying on a patchwork defence, a policy of throwing in reserves at the most threatened points—a clear indication, Supreme Headquarters said, that the Germans do not know Allied strategy and fear other strong offensive thrusts and new landings.

The Allied Air Forces struck to halt the flow of German reserves, particularly in the Cherbourg Peninsula, by knocking out a key bridge at Pont au Bault near the West Coast town of Avranches. This bridge feeds the St. Lo area as well as the part of the Peninsula remaining in German hands.

The air campaign against German transport surged on through the night, with British bombers hitting railroad centres on key points on the routes to Normandy.

The comparatively feeble challenge presented by the German Air Force in the past 24 hours has resulted in destruction of 74 of the enemy planes for a loss of 66 Allied craft.

German E-boats were active in the English Channel last night, but in less strength than on the previous night, and their attempts to break into the traffic lanes of the big Allied convoys were frustrated.

The wind freshened to a strong breeze off shore during the night, but it did not interfere with unloading of supplies and troops on the beachhead, which now extends for 60 miles in an unbroken line.

Among a score of targets attacked last night by more than 1,000 R.A.F. and Canadian heavy bombers were bridges near Caen. Mediums augmented the assault with a blow at a great German tank assembly plant in the forest de Grimbois Southwest of Caen, showering the area with 150 tons of bombs. Ferris installations across the Seine also were attacked.

San Francisco has an old hitching post for horses with a space inside to hold feed bags for the animals.

SGT. REGINALD READ WOUNDED

Word was received this morning by Mr. and Mrs. James Dewhurst, of Bishop's University, that Sgt. Reginald Read, of Lennoxville, had been wounded in action with the Canadian Army.

Sgt. Read, 33, was born in England but came to Canada while still a youth and was employed at the university. He joined the Sherbrooke Fusiliers Regiment soon after the outbreak of war and went Overseas about two years ago.

Canadian Ship

Continued from page 1.

Considerable time elapsed between the Wellington spotting of the sub and the start of the naval hunt. The Prince Rupert, together with the United States ships carried out nine depth-charge attacks during this period and finally exposed the U-boat to heavy gunfire.

Captain of the Prince Rupert, Lt.-Comdr. Robert W. Draney, of (515 11th St.), New Westminster, B.C., described the final minutes of the chase.

"The weather was perfect," he related. "A blue sky, a calm sea, and a sun hot enough to give us a considerable tan. Up came the U-boat on our port quarter, still under way and listing to starboard. Within six seconds one of our four-inch guns was flashing and red tracers from our oilerons were caroming off his conning tower and hull. He did the best part of a hairpin turn and then stopped, and we altered course to starboard to bring both our four-inch guns to bear on him.

"Some of the Nazis poured out the side, away from our fire, and jumped into the sea. Meanwhile the American warships were banging away, too. Then—and this was a final Hollywood touch—the avenger aircraft came zooming down low, about 50 feet over the sub, and let go with a couple of bombs. The U-boat went down stern first, with its conning tower shattered by our shells. It was quite a spectacle."

Lt.-Comdr. Draney's official report revealed that the sub was first spotted on the surface at night, by a Wellington bomber carrying a Leigh searchlight. The plane attacked and forced the U-boat to crash-dive.

A second attack from the air the following morning damaged an oil pipe in the sub and it began to leave an oil track. Another aircraft took over reconnaissance and followed the oil streak.

Prince Rupert, escorting a convoy some distance away, put on full steam and arrived in the area to find one of the United States ships carrying out a depth-charge attack, with two planes circling overhead.

The other U.S. warship joined shortly afterwards and the three ships carried out nine depth charge runs. By mid-afternoon, Lt.-Comdr. Draney reported, it was evident that the submarine was "getting the wind up" and taking evasive action.

The U-boat surfaced two minutes after the American destroyer carried out her final attack.

Prince Rupert's gun crews—who were making only their second Atlantic crossing—were ready and waiting. They got their first high explosive shell off in six seconds. "They did a grand job," Lt.-Comdr. Draney said. "I believe they scored three direct hits. The last one blew great chunks out of the sub's conning tower."

BIRTHS

Karelin Isthmus offensive came as somewhat of a surprise, for many had believed that Marshal Stalin's strategy would be to strike first in Romania in the hope of shattering the last vestige of Balkan allegiance to Hitler.

It was generally conceded, however, that Moscow probably was guided by more than expediency in lashing out at a subordinate enemy. If they can neutralize Finland quickly, thus eliminating the threat to their Northern flank, the Russians naturally will be in better position for a drive against the enemy elsewhere.

Furthermore, if able to base their planes in Finland, the Russians would strengthen their hand against German positions in the Baltic states. Soviet warships and submarines would be free to operate from the Gulf of Finland which the Germans have laced with elaborate anti-submarine nets.

Another obvious purpose of the drive is to cut Germany's supply lines to far Northern Finland forcing the Nazis to use the more dangerous route around Norway, and making more hazardous German iron ore shipments through the Gulf of Bothnia.

Reports from Stockholm and even from Berlin says the Finns admit frankly they stand little chance against the Red army offensive, launched two months after the Helsinki Government rejected Moscow's armistice terms.

Finland resistance is pictured as fierce but futile, with their light artillery designed for mobile fighting little match for the heavy artillery employed by the Russians.

lars in payment, the essentiality of the goods for the prosecution of the war and any possibility of duplication.

The Canadian Chief of Staff Committee was consulted about essentiality, and the Lend Lease Administration in Washington was consulted on duplication.

Maxime Raymond (B.P. Beauharnois-Laprairie) asked what Mutual Aid Britain was providing for Canada.

Mr. Ilsley said when nations were engaged in a common cause what each one did in that cause was mutual aid for the others. When British soldiers were fighting they were aiding Canada. Britain had done more for Canada in this war than Canada had for Britain.

Rev. E. G. Hansell (S.C. Macleod) said he wondered why Canada did not trade with the United Nations and at the end of the year cancel \$800,000,000 of the debt of the nations receiving mutual aid.

Mr. Ilsley said he believed the ultimate economic outcome would probably be the same, but mutual aid machinery was needed for the proper distribution of war supplies.

BOY SCOUT NEWS

Continued from page 1.

The last meeting for the season 1943-44 of the District Leaders' Council was held at the home of Mr. R. A. Banton, D.C.M., in the form of a social evening.

A very brief business session took place and then a delightful luncheon was served.

The main topic of the evening was the announcement of the marks obtained at the Lyster Trophy inspection, held on May 21, 1944. They are as follows: St. Patrick's Pack, 92.00; Lennoxville Troop, 91.40; St. Paul's Troop, 89.60; St. Peter's Troop, 89.50; St. Patrick's Troop, 84.00; St. Peter's Pack, 82.00; St. Paul's Pack, 80.60; St. Andrew's Pack, 79.20; Lennoxville Pack, 59.50.

These last percentages added together with the ones obtained on November 3, 1943, determine the winner of the trophy for the year. They are: Lennoxville Troop, 170.55; St. Peter's Troop, 167.98; St. Patrick's Pack, 157.00; St. Paul's Troop, 156.52; St. Peter's Pack, 150.48; St. Paul's Pack, 141.79; St. Patrick's Troop, 137.35; St. Andrew's Pack, 137.27; Lennoxville Pack, 100.90.

Lennoxville Troop is therefore the winner of the trophy for 1943-44.

The judges this year were Mr. E. T. Harbert, Chairman, Mr. L. Rosenbloom and Mr. J. W. Blake. They expressed their gratitude at the excellent turnout and their pleasure at everyone being so neat and tidy in uniform, since the parts of uniforms are hard to get.

The district officers expressed their hope that several of the Sherbrooke leaders hope to go to the Gilwell leaders' training camps to be held this year. So far it is known that several Cub leaders are expecting to attend the Akela leaders' camp at Camp MacAlay, near Hawkesbury, Ont., the latter part of August.

Murder Charge Is Lodged Against Armand Boucher

Twenty-Year-Old Youth Held Criminally Responsible In Shooting Of George Williams

Armand Boucher, aged twenty, of St. Denis de Brompton, today was charged with murder in connection with the slaying of George Williams, thirty-one, of Sherbrooke, whose body was found in the bushes at Randboro, three miles East of Sawyerville, on Sunday.

Held criminally responsible in the death of Williams by a coroner's jury at an inquest at Sawyerville yesterday afternoon, Boucher testified at the hearing that he had shot and killed his companion.

The diminutive suspect told the six-man jury that he had led Provincial Police to the spot where the body of the ill and well-built victim lay in the bushes, which, he said, he covered with cedar bark shavings and an overall.

Williams, a wood-cutter, left the boarding house of Mr. and Mrs. Irvin John Graham at Randboro for the bush on May 6 and was not seen again. Boucher, who worked with the slain man on timber limits at Randboro owned by Clermont Crate, of Sawyerville, occupied a room in the same boarding house as the victim.

Boucher was arrested on Saturday by Provincial Police on a theft charge and was detained for questioning, after which he was held as a material witness in the disappearance of the Sherbrooke man. The suspect had sold some of the clothing belonging to Williams at a Sherbrooke second-hand store.

Leo Williams, eighteen, of Sherbrooke, a brother of the victim, went to the scene of the shooting. He also identified the clothing of the victim.

Another principal witness was Mrs. Ruth Graham, forty-five, who testified that Boucher and Williams had been boarding at her home since April 2.

"The morning of May 6 was the last time I saw George Williams," Mrs. Graham said. "The two men got up, ate their breakfast between six and 6:30 o'clock and left for the woods. George told me that he would be back for dinner at 11:30 o'clock, because he was going to Sherbrooke to get his car."

"Mr. Crate came to pay the two men at my home and I told him they were still in the woods and wouldn't be home until noon. He left their pays totalling \$70 with me, \$60 for George and \$10 for Boucher."

"Boucher returned alone at noon. I asked him where George was and he replied that he was waiting for Crate. I told Boucher that Crate was here and left the money," continued the witness.

"Boucher, who appeared very nervous, lost no time in washing his hands and said that the \$10 for him was the wrong amount and that he was going to talk to Williams and Crate about it. He insisted on taking his and George's money, which I gave him. He went into his room, changed his clothes, but did not want to eat dinner."

Mrs. Graham said that Boucher told her that he would not return until Sunday (May 7), and instead of going into the woods he left in the opposite direction to the village. The witness added that Leo Williams also stayed at her home, but had left there on Thursday, May 4, when Boucher told her that Leo had received a call from the National Selective Service office in Sherbrooke.

"I asked Boucher about George and he told me that he had taken another job with Crate to cut logs and this would require a week," she said.

Questioned in connection with the rifle, witness said it was kept in the same room occupied by the two boarders, while the cartridges also were in the same room in the drawer of a dresser. Mrs. Graham was unable to identify the weapon because, she said, she knew nothing concerning rifles. The Grahams did not know that the shot-gun was missing until June 3.

Other things stolen from her home, Mrs. Graham said, were her ring and a signet ring belonging to her husband.

"Boucher came back about a week later and took Williams' clothing and also asked me for the ration books issued to George and Leo Williams," she stated.

Mr. Graham, a cripple, identified the rifle as his property and confirmed the evidence given by his wife. He said he was sitting on the verandah when Crate came to his home to pay the men and added that he saw Boucher come in from the woods on May 6, "looking over-shouldered."

According to medical evidence offered by Dr. Jean-Marie Roussel, of Montreal, medico-legal expert, Williams died as a result of a perforation in the skull caused by a bullet. He explained that the bullet pierced the rear of the head and shattered a part of the side and forehead. There were no wounds on the body.

Also called to testify was W. Hamel, operator of a second-hand store in Sherbrooke. He said that Boucher came to his store on May 10 and saw some clothes for \$6, telling him that he was enlisting in the army.

Detective-Lieut. Ritcher Danis told of going with Detective Chief Louis Jargaille, Detective-Sgt. Maurice Valiquette, Detective J. L. Ross and Sergeant R. Nolet of the Identification Bureau, accompanied by Boucher, who led them to the body, which was difficult to locate. Other evidence offered by members of the Provincial Police disclosed that a rope was used to drag the victim into the bushes after the shooting took place.

Detective S. Brasseur of the Sherbrooke detachment of Provincial Police, said that last Monday and Tuesday he conducted a search in the woods for the missing man, being accompanied by Leo Williams and his brother-in-law, Ovide Laliberte.

That another search was conducted last Saturday was told by Detective Valiquette, who with Chief Jargaille and other members of the force, combed the Randboro area for a body of the missing man. He said that Boucher was being detained in Sherbrooke in connection with the case, but the suspect did not go with the officers until Sunday when the body was found.

Members of the jury were L. H. Hunt, foreman, Charlie Montgomery, Tim Palmer, A. Lapointe, John Beauchemin and A. Rochleau. The inquest was held by Leonidas Baehand, Coroner for the District of St. Francis, in the old L.O.L. Hall in Sawyerville, which was filled to capacity by newspapermen, Gervais Gervais, Prosecutor for the District of St. Francis, attended the hearing.

LIONS MEMBERS HEAR ADDRESS ON LABRADOR

Living conditions and life in general on the coast of Labrador were described to members of the Lions Club by the Rev. John Ford, pastor of St. Paul's Mission, at their regular weekly meeting held in the New Sherbrooke House last evening.

Rev. Mr. Ford, who spent several years in Labrador as a missionary, while studying for his degree, painted a vivid picture of the habits, occupations and religious aspects of the inhabitants of this barren land, and said that their life is one of hardship and a continual fight for a meagre living.

The severe climate during ten months of winter and two months of cool summer add to the hardships of the people, and even during the short summer the extremely dense fogs disrupt all activities for periods of days. The people of Labrador are almost solely dependent upon the fishing industry, and the quick recent change of temperature of the coastal waters, has driven the schools of fish further North, and has changed what used to be a fisherman's paradise into a land whose main industry is rapidly falling into a state of non-existence.

Medical care is not always easily available in Labrador and in many cases the settlements and towns are miles away from the nearest doctor or medical station. The women find life very hard, as is evidenced by the fact that the occasion is very rare when a woman lives to a fairly old age. Married life begins very young, and is often-times only solemnized months and even years after the couple have lived as man and wife.

The speaker was introduced by Neil Tracy, while a vote of thanks was extended by the President-elect of the Lions Club, D. V. Elliott.

Dr. Penfield and B. K. Sandwell will be guest speakers at the convocation ceremonies. The sermon at the service to be held in St. Mark's Chapel at 11 a.m. on Thursday will be delivered by Brig. Heppburn.

SCHUBERT CLUB SEASON CLOSED WITH RECITAL

Mrs. Glenn S. Sampson, Miss Katharine Edgell, Mr. A. Lehland and Mr. Edward Loomis entertained the members of the Schubert Music Club very delightfully last evening at the former's home in "The Bellevue," about which many lovely flowers were artistically arranged.

This, the Club's final recital for the season, was a gala and enjoyable event, the cordial reception extended by the hostesses and hosts, the latter including Mr. Sampson, creating a friendly social atmosphere, which continued throughout the entire evening, which included the programme, was quite outstanding in the annals of the Club.

During the intermission between the recital and the serving of refreshments, a short business session took place under the presidency of Mrs. Hubert S. Armstrong.

Mrs. Stuart Sanders and Mrs. Mrs. Cesaire Gervais did the honors at the beautifully appointed table, which was covered with an exquisite banquet cloth and daintily done with very hand-sketched roses in a silver bowl on a central mirror with four lighted ivory tapers in Sheffield holders. Assisting the hostesses and hosts were Miss Frederica Bradley and Mrs. C. W. Clark, Jr.

Members of the Club and all guests were delighted to welcome Ernest Armistage, and to have the pleasure of hearing his splendid baritone voice in the grand solo "Invictus." Miss Edgell's paper was most interesting, and at its close she introduced a most appropriate and interesting interlude, read by Mrs. Mildred Lergie Sampson's first piano recital in New York by this city's noted musical critic, Henderson, from whose book on "What Is Good Music?" Miss Edgell founded her composition.

Mr. E. Loomis was his best in "Courage," by Bruno Huhn; while Mrs. Sutherland's rendition of the "Lord's Prayer," Malotte, was beautiful. It is ever a joy to hear Mrs. Mildred Lergie Sampson play, but last evening she was perfectly "at home," and although each of her solos was a delight, one might venture to suggest that her interpretation of Chopin's Nocturne in C Minor, her last number, was perhaps the most popular.

God Save the King, Piano (a) "Chorale" (Bach-Bussoni), (b) "Prelude in A Minor" (Mendelssohn), Mrs. Mildred-Lergie Sampson; Soprano (a) "One Golden Day" (Foster), (b) "Fiddle and I" (Godevee), Mrs. W. S. Sutherland; Tenor (a) "Courage" (Bruno Huhn), (b) "Sunrise and You" (Penn), Mr. Edward Loomis; Paper, "What Is Good Music?" (Henderson), Miss Katharine Edgell; Piano (a) "The Girl with the Flaxen Hair" (Debussy), (b) "Pastorale" (Scriabine), (c) "Old Vienna Waltz" (Godowsky), Mrs. Sampson; Tenor (a) "The Hills of Home" (Fox), (b) "In the Great Unknown" (Hardiet), Mr. Loomis; Soprano (a) Aria, from St. Paul, (Mendelssohn), (b) "The Lord's Prayer" (Malotte), Mrs. Sutherland; Baritone, Invictus, Mr. Ernest Armistage; Piano (a) Nocturne in F Minor (Chopin), (b) Nocturne in C Minor (Chopin), Mrs. Sampson. Accompanist: Mrs. Mildred Lergie Sampson and C. V. Chamberlain.

Mr. and Mrs. Hugh L. Wallace and daughter, Wilma, were recent guests of Mr. and Mrs. Ernest Stevenson and family, South Ham.

J. W. Genest Appointed To National Council Of Federation Of Mayors

It was announced today that Mayor J. W. Genest was named to the National Council of the Canadian Federation of Mayors and Municipalities at the opening meeting of the annual convention held in Montreal.

Mayor Genest succeeds former-Mayor A. C. Ross who served on the National Executive during his two-year term as Chief Magistrate.

Those from Sherbrooke attending the party, in addition to Mayor Genest and Mrs. Genest, are Aldermen V. A. Fissette, Alphonse Trudeau, Sylvio Trudeau and O. Deziel and City Treasurer Maurice Cormier, all of whom are accompanied by their wives, with the exception of Mrs. Deziel.

Montreal, June 13.—(P)—More than 400 delegates to the seventh annual conference of the Canadian Federation of Mayors and Municipalities left for Quebec City last night aboard the S. S. St. Lawrence to hold their end and aboard ship further meetings on problems related to the administration of municipal affairs for the current and post-war period.

The convention opened here yesterday under the chairmanship of Mayor Adhemar Raynault of Montreal in City Hall Council Chamber after an official civic reception.

Following appointments of delegates to various committees and official welcoming of United States delegates of the American Municipal Association and the American Conference of Mayors, delegates and their wives were guests of the Montreal Metropolitan Commission.

Harold S. Buttenheim of New York, Editor of the American City Magazine, addressing the meeting stressed the necessity for town restoration and re-development in both Canada and the United States. Although city rebuilding in Canada and the United States may lack the immediate urgency that confronts many an English community.

There would be no need for cities to be moved underground for fear of future warfare from the air, if municipal and community leaders "work with other leaders of public opinion to build a just and lasting peace," he said.

Later delegates were taken on a tour of the city in tramways—because of the unavailability of buses—and were guests of the City of Montreal at a reception given at the Chalet atop Mount Royal before embarking for Quebec.

Tomorrow the Mayors and other official delegates will be addressed at the Government Buildings in Quebec by Premier Adolphe Godbout and Hon. Oscar Drouin, Minister of Municipal Affairs. They will be later the guests of Lieutenant-Governor Sir Eugene Fiset at a garden party at the Vice-Regal Residence of Spencerwood.

During their discussions today delegates will study the problem of the unionization of municipal employees and a housing plan for Canada.

COURT HOUSE SQUARE SIDEWALK GETTING ATTENTION

At long last the city authorities have decided to pay some attention to the sidewalk in front of the Court House.

The laying of a new sidewalk was started today and the new concrete pavement, which will be about five hundred feet in length, will replace the old flagstone sidewalk that was laid more than fifty years ago.

A sum of \$1,000 was allotted for the pavement by the City Council under by-law No. 614. City Engineer J. C. Cote said this morning that it will be a fortnight before the project is completed.

Twelve employees of the City Roads and Streets Department, under Superintendent R. Rheume, are assigned to the project.

The Court House Square is one of the prettiest squares in the city, the only unsightly aspect being the diapiated sidewalk which marred its beauty.

It is time something was done about it. When the work has been completed a decidedly improved square may be expected.

THE RECORD'S EDITORIAL PAGE

Sherbrooke Daily Record

Eastern Townships' Only English Daily The Oldest Daily in the District. Established Ninth Day of February, 1897, with which is incorporated the Sherbrooke Gazette, established 1837, and Sherbrooke Examiner, established 1878.

O God, Who art the author of peace and lover of concord, defend us Thy humble servants in all assaults of our enemies.

A SECONDARY TASK

One of the many problems which the liberating armies will face as they steadily free larger and larger sections of occupied countries was aptly illustrated with the entry of the United Nations forces into Bayeux.

The report from Bayeux tells how the patriotic townspeople went after a couple of collaborationists who were unable to get out with their Nazi friends.

This is only an isolated incident, but it is undoubtedly symptomatic of what will happen generally throughout France and probably explains why the present administration of that unhappy country is opposing the United Nations to the limits of its abilities.

In some quarters the question might be asked: Why should the invading armies be forced to accept the responsibility for guarding these Quislings and oppressors? Why not let the people of the liberated countries pursue their own course of action and deal with the offenders as they see fit?

THE BATTLE PEAK NEARS

The Battle of the Cherbourg Peninsula continues to mount in fury as reinforcements grow on both sides, but we have the gratifying assurance from General Montgomery that "the Allied armies have secured a firm and good lodgment on the mainland of France."

However, Rommel himself is in a mighty tight corner. His problem is not that of dealing with the Cherbourg Peninsula alone, but of guarding the entire coastline of Western Europe and Southern France.

crucial engagements of the war, for while Rommel could not prevent the Allies from establishing a second front by defeating them at Cherbourg, yet he might delay our ultimate success greatly.

Despite bad weather, the Allies have continued to land troops and supplies. The Germans estimate the Allied forces at between twenty and twenty-five divisions, of which four or five are represented as paratroop divisions.

The immediate Allied aim is to isolate the peninsula by slashing across the base, and to take the port of Cherbourg. This ambition involves the capture of the big and heavily defended railway and highway junctions of Caen, St. Lo and Carentan.

The Allies are apparently getting ahead with the job for latest reports place a spearhead half way across the peninsula.

And while the news continues favorable from the Cherbourg front, a quick glance to the East shows that the Russians have co-ordinated the activities with the Western Allies, launching an offensive which is sweeping into Finland—Hitler's left flank.

CHURCHILL AND SPAIN

Those newspapers, both in this country, the United States and Great Britain, who have been heaping coals of fire upon the head of Prime Minister Winston Churchill for his recent intimation that no direct effort would be made to overthrow the Franco Government in Spain seem to overlook one important statement in his declaration, which really forms the entire basis of the United Nations policy for dealing with the post-war world.

"We do not include in our programme of world renovation any forcible action against any government whose internal administration does not come up to our ideas."

Obviously this is a direct reference to neutral countries, even those only technically neutral, because the very principle of "unconditional surrender" does signify that the United Nations leaders do intend to do something about the internal set-up of the enemy states.

Of course, it might be a very dangerous doctrine when applied to those states whose internal administration does not meet with the approval of the Leftist groups, but it also seems that to adopt any other policy would be playing with gunpowder. Perhaps the Western democracies might be able to interfere if the governments of Spain, Bulgaria, Romania or Turkey did not come up to their liking.

Thus there would arise the discarded system of one law for the strong and another for the weak. The small fellow would be kept into line while the big shot could do as he felt like with nothing more than a polite protest—even if the intervention went that far. It would mean a return to that policy of dishonesty, and opportunism which has done so much to bring the world to its present state of chaos.

THE LIFE INSURANCE CAMPAIGN

Perhaps the oldest institutional advertising programme to be carried out in the Dominion, that conducted in the newspapers of Canada by the Canadian Life Insurance Officers Association, enters its twenty-fifth year with a programme as wide as any it has carried on in the past.

The campaign conducted during the year just closed not only sought to impress upon the public the value of a life insurance policy itself, but explained the many ramifications of the insurance companies and the important place which their funds have in the economic life of the country.

The renewal of the campaign for another year is a mark of confidence by these leaders of the economic life of Canada in the efficacy of the message of the printed word in the daily press of Canada.

PRESS COMMENTS

MR. POULIOT'S TEARS

St. Thomas Times-Journal. In the House of Commons on Tuesday evening Jean-Francois Pouliot, the member for Temiscouata, Quebec, wept over the sufferings of the children in France and other occupied countries for lack of food, and charged the Germans taking any of it, or sending Canadian food to British children and not send food to the others.

Mr. Pouliot's sentiment does more credit to his heart than to his head, and if he could have offered a cast-iron scheme for supplying food to the people in the occupied countries which would go to the natives with-out the Germans taking any of it, or a corresponding amount of the food grown in these countries and transporting it to Germany, the Canadian and other governments would have been glad to carry it out.

But we would point out to Mr. Pouliot a way in which he could help the situation of the children and all other suffering people in these lands. He is one of the outstanding members of Quebec Province, and what he says would go a long way toward influencing his fellow members. The best way to bring relief to them is for the Allies to defeat Germany as speedily as possible.

Mr. Pouliot's tears fall a little late in the day. He should have shed them in taxation at the decision of the Quebec people when they voted not to give Prime Minister King an immediate mandate to conscript men from every province for overseas service.

BIDDING IS RUGGED IN TOURNEY EVENT

The open pair event of the Midwest Conference Tournament at Indianapolis attracted a record-breaking crowd. Participants from eight different states met and decided to form a War Orphans Scholarships committee to assist in the work of raising funds for scholarships for the orphans of the war.

The open pair championship was won by Mrs. Reba Buck and Tom Mahaffey, of Indianapolis. Today's hand, taken from that event, proves that the Indianapolis players are not afraid to bid, and they get there fast.

The Progressive Conservative party. The morning after the voting, which resulted in the return of Col. Drew, this office had a call from former Premier Hepburn, who had been re-elected for Egin as an Independent Liberal. Said Mr. Hepburn then, among other things, "I was much pleased the Times Journal came out in support of Mr. I. ew." Which was a nice thing to say, and stamped the ex-Premier as a man of independent thought when the occasion called for it.

Those who heard Premier Drew's masterly address at the Elgin Motor Club dinner here will also agree, we think, that the people of Ontario made a wise choice in elevating him to high office. They must have felt, as did the writer, that here is a man possessing in fine measure the qualifications needed in the halls of legislation in Canada.

THE SAME OLD BOURASSA

Ottawa Journal. Henri Bourassa's hatred of Britain and everything British lives on in his old age. The other night he said to a Bloc Populaire rally: "When you speak of a crusade for Christianity I cannot forget that our first co-operation with British imperialism contributed at the end of the last century to the extermination of a valiant little nation in South Africa."

RUSSIAN TEMPERANCE

Saturday Night. "The Russians have a way for it," is an expression that isn't off the mark. Our Soviet allies in the course of rebuilding their country during the past twenty years have introduced many novel ways of tackling problems that baffle us.

### Let Youngsters Help in Kitchen

BY GAYNOR MADDOX

When school bells stop ringing, let the smaller children take a hand in the kitchen. At least, let them help pack luncheons for the older youngsters who work during the summer vacation.

#### Chocolate Chip Honey Cookies

(Makes about 4 dozen cookies)  
One-third cup butter or other shortening, 1/2 cup honey, 1 egg, well beaten, 1 1/2 cups sifted flour, 1/2 teaspoon soda, 1 package semi-sweet chocolate chips, 1/2 cup chopped nut meats, 1 teaspoon vanilla.

Cream shortening, add honey gradually and cream together until light and fluffy. Add egg and mix thoroughly. Sift flour once, measure, add salt and soda and sift again. Add flour in two parts and mix well. Add chocolate chips, nuts, and vanilla, and mix thoroughly. Drop from teaspoon on greased baking sheet two inches apart. Bake in moderate oven (375 degrees F.) 10 to 12 minutes.

#### Peanut Dessert Cake

(Makes 24 three-inch squares)  
Twelve graham crackers, 1 pound shelled peanuts, 1 cup sugar, 1/2 teaspoon salt, 2 teaspoons baking powder, 1 cup cold water, 1 teaspoon vanilla, 3 eggs.  
Put graham crackers through food

## MARRIAGES

### MOSHER-LARRABEE

The marriage of Jean Ariel, daughter of Mrs. R. R. Larrabee and the late Mr. Larrabee, Sherbrooke, to Sgt. Ashmore Lee Mosher, R.C.A.F., St. Johns, Que., son of Mr. and Mrs. E. E. Mosher, Lennoxville, was solemnized in Plymouth United Church, Sherbrooke, at half past three o'clock, on Saturday afternoon, June 10th, the Reverend F. A. C. Dossie officiating.

Mr. J. G. Scorer presided at the organ, playing the wedding marches and accompanying Mrs. Gerald M. Spaford, who sang "I'll Walk Beside You," Edward Lockron, during the signing of the register.

The church was beautifully decorated with a profusion of garden flowers, white peonies, gladioli, viburnum and bridal wreath in tall standards and low baskets, interspersed with potted ferns and dracaena, being banked at either side and in front of the Communion Table, above which hung a large Union Jack and the Air Force Standard.

The guest pews were marked with viburnum tied with tulle. The bride was given in marriage by Mr. S. A. Belmont, Jr., and wore a graceful floor length gown of white silk jersey, with a fitted bodice, sweetheart neckline and long sleeves, tapering in points over the hands.

Her finger-tip veil fell from a Dutch cap of Alencon lace and she carried a shower bouquet of Talamand roses and bouvardia. Her only ornament was a string of pearls, and she wore a gold wrist watch, a gift of the groom, and carried a lace handkerchief, used by the groom's mother at her wedding.

Miss Carol Jamison, maid of honor, wore a slipper length frock of turquoise blue silk jersey, with a Dutch cap of the same material, and was carrying a Colonial bouquet of pink and white roses and sweetpeas.

Miss Barba Larrabee, sister of the bride, as the junior bridesmaid, wore a dusty rose silk jersey frock fashioned on similar lines as the maid of honor's.

Her headress was a Dutch cap of the same material as her dress and she carried a Colonial bouquet of white sweetpeas and forget-me-nots.

Mr. Alex Savage acted as best man, and the ushers were LAC. Garth Mosher, R.C.A.F., Saint John, N.B., brother of the groom, and Mr. Gerald M. Spaford.

Mrs. Larrabee, the bride's mother, was gowned in printed black silk jersey, with which she wore a black hat and accessories, and a corsage of gardenias.

Mrs. Mosher, mother of the groom, wore a two-piece dress of rose crepe with a navy hat, matching accessories and a corsage of violets. The reception was held at Mrs. Clifford Goodhue's, where garden flowers in profusion were used to decorate the already attractive rooms.

In the dining room, where the refreshments were served, the bride's table looked very lovely with a three-tiered wedding cake, topped with a miniature bride and groom on a central mirror adorned with tiny nosegays of pink and blue larkspur.

Rapture roses with the two shades of larkspur in silver bowls, and white candles in white candelsticks, completed the exquisite appointments.

Later the bride and groom left for a short wedding trip, the bride wearing a two-piece suit of serene blue flannel, a white Milan hat, matching accessories, a corsage of Talamand roses, and carrying a top-coat of navy Shetland wool. Upon their return, Sgt. and Mrs. Mosher will reside in St. Johns, Que.

The out-of-town guests included Mr. R. J. Boyce, Black Lake, LAC, Garth Mosher, Saint John, N.B., Mrs. George Leclair, Beebe, Mr. and Mrs. R. O. Mosher, Stanstead, and Mr. G. A. Mosher, Ayer's Cliff.

wood, R. I., son of Mr. and Mrs. Francis Hoyer, Sherbrooke, was solemnized in St. Raymond's Church, Providence, at ten o'clock on Saturday morning, June 3rd, the Reverend Thomas Conlon O. P., officiating, before an Altar adorned with pale pink peonies.

Miss Margaret Hoyer, of Sherbrooke, sister of the bride-groom, was maid of honor, and the bridesmaids were Miss Mary McKeough of Pawtucket, and Miss Françoise Monpeau of Worcester, Mass. Mr. Francis Hoyer of Sherbrooke, acted as best man, for his son, and the ushers were Mr. Charles T. Hoyer, Jr., of Westfield, Mass., Mr. Raymond Murray of Providence, and Mr. Raymond Sullivan of New York.

The bride, given in marriage by her father, wore an ivory Duchesse satin gown made with long sleeves and a sweetheart neckline, trimmed with scrolls of seed pearls. Her long veil of bridal illusion fell from a Juliet cap and she carried a cascade bouquet of gardenias and stephanotis.

The maid of honor's gown was chartruese and she wore a small matching hat. Her bouquet was of varied shades of yellow flowers. The bridesmaids wore pale blue lace and net gowns with matching Juliet caps, and carried bouquets of pale pink flowers.

A reception was held at the Pawtucket Golf Club with the families of the couple assisting in receiving their guests. Mrs. Williamson, the bride's mother, wore a street-length aqua bolero dress with an orchid corsage. Mrs. Hoyer, mother of the bridegroom, wore navy blue and white with a corsage of gardenias.

Mrs. Hoyer, Jr., is a graduate of Elmhurst Academy of the Sacred Heart, and the bridegroom attended Annapolis.

Following a wedding trip to the Adirondacks, the couple will reside at Plum Beach for the summer.

### COREY-SHEHEE

Springfield, Mass., June 13.—Among the pretty June weddings of this year was that on June 3rd, when Miss Frances L. Shehee, daughter of Mrs. Gertrude A. Shehee, formerly of Derby Line and later of Newport, Vt., now of Springfield, Mass., became the bride of Carroll E. Corey, son of Mr. and Mrs. James Corey, of Springfield, Mass., in a quiet ceremony performed by Rev. Father Nolin, Pastor of St. Mary's Parish, Springfield, Mass.

The bride was charmingly gowned in a street-length dress of ice blue

silk crepe and wore a large hat of black lace straw and matching accessories of black and a corsage of orchids. Her going away outfit was of mist blue with white accessories.

Mrs. Louise St. Germain, of Newport, Vt., formerly of Derby Line, aunt of the bride, was the matron of honor. Mrs. St. Germain wore a black dress with silver and rose trimmings, black accessories and a corsage of candytuft and roses.

Mr. Rufus Ester, Jr., of Springfield, Mass., was best man. The bride's mother was attired in a silk crepe suit of powder blue and navy with accessories of navy. Her corsage was of sweet peas in pastel shades. The groom's mother wore navy with white accessories and a corsage of white roses.

A wedding reception for the immediate families and intimate friends of the couple was held at the home of the bride, after which Mr. and Mrs. Corey left for New York.

Mrs. Corey is a graduate of the Newport High School in the class of '38. She was employed for nearly two years in the office of Dr. Perry M. Fitch and then entered the Government service in January, 1941. She was employed under the U.S. Treasury Department, Procurement Division, in Rutland, Vt., and in October, 1942, was transferred under the National Housing Agency, Federal Public Housing Authority, to Springfield, Mass., where she has been since that time.

Mr. Corey was born in Manchester, N.H., and has been employed for the past three years as clerk in the U. S. Post Office Department, in Springfield, Mass.

Upon returning from their wedding trip, Mr. and Mrs. Corey will make their home in an apartment in the LaFrance Block, Springfield, Mass.

Among the out-of-town guests attending the wedding were Mrs. Louise St. Germain, of Newport, Vt., aunt of the bride; Mr. Donald J. Shehee, brother of the bride; Mrs. Shehee and their daughter, Barbara, of Rutland, Vt.; Mr. Norman Corey, brother of the groom, and Mrs. Corey, of Perkinsville, Vt., and Mr. Raymond Corey, brother of the groom, and Mrs. Corey, of Walpole, N.H.

MAKE A BRUSH YOUR HAIR'S BEST FRIEND

OLIA SEROVA: Whips hair.

BY ALICIA HART

When a girl's hair shimmers like aspen leaves swinging in the wind and has a grainy pattern like a hand-rubbed table, you may be sure that the hairbrush is her friend.

But I never knew what brushing could be until I talked to a little Turkish-born dancer recently and saw her give her lovely brown hair the works. Her name is Olia Serova, whose ballet performance is one thing but whose dancing hair is another. Talking with her in her dressing room, I pried out her secret. She told me that she brushes her hair dozens of times a day. At every moment that she can spare she whips the bristles through—demonstrating with the most enormous brush I ever saw—and before each stroke she twists the bristles to secure a tight grip on her hair at the scalp and tugs. Then, the brush is angled for a straight run down a streamer of hair which is stroked until you can see the pebbles shine show up. Using that technique, she goes the rounds of her hair.

### 53RD CHAPTER, I.O.D.E.

The regular monthly business meeting of the 53rd Chapter I.O.D.E. took place at MacKinnon Memorial, with the Regent, Mrs. R. Loughheed, presiding, and opened with the prayer of the Order and raising of the standard. The minutes of the last meeting were read by the Secretary and adopted.

Mrs. J. French, Treasurer, gave the financial statement, and several bills were ordered paid. She also gave a report on the tag-days, which were very satisfactory, and, with the amount taken in from rummage sale, the proceeds will go towards the War Service work.

On motion of Mrs. L. A. Loughheed, the Treasurer was asked to send the usual sum to the Elizabeth Thompson Bursary.

Under educational work, it was decided on motion of Mrs. F. Cutter to continue to give war stamps as prizes at a local school.

Mrs. L. A. Loughheed War Service convener, reported eighty-two articles turned in, which included a donation from the Trinity War Workers, namely, quilts, blankets and children's clothes.

Mrs. Loughheed read a letter of thanks from a boy who is on the chapter's adopted ship for parcel he received.

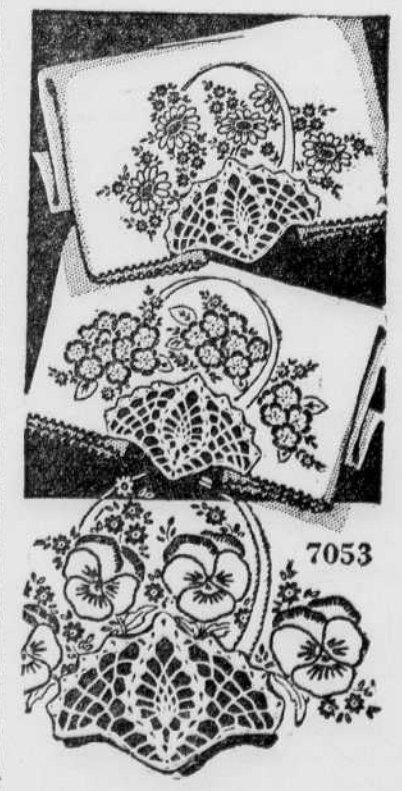

Film Convener, Mrs. Wyatt, gave a report on films to be shown in the near future and plans were made to have a bingo and social evening. Mrs. J. French's, she having kindly offered her home for the occasion.

Members of the Chapter had the privilege of having Mrs. W. E. Loomis, Municipal Regent, who gave a very interesting and detailed report on the National I.O.D.E. Convention held at Hamilton, Ont.

Mrs. R. Loughheed expressed her thanks to Mrs. Loomis for this splendid account.

There being no further business, meeting closed with raising of the standard and singing "God Save the King."

Mrs. Rosie Clark has received letters from three different people in San Francisco, Cal., who heard Sgt. Oswald Clark speak from a prison camp in Japan over the radio on the morning of May 4. He said that he was well and was working every day, and not to worry about him. He said that he had received no mail recently, but on Christmas Eve they received parcels from the Red Cross Society, which were enjoyed by all. He mentioned hearing the news of his father's death and wished to be remembered to Mr. and Mrs. Polak, in St. John's, Newfoundland, and all his friends. He spoke of Sgt. Conway, of East Angus, being there with him and that he was well. Nelson Henderson was there and wished to be remembered to his friends. There were several other boys mentioned in his broadcast, but the people who picked up the broadcast were unable to get all the names.

The May meeting of St. Paul's W.A. was held at the home of Mrs. S. Prangley. The meeting opened with a hymn. Rev. Mr. Rowe then took charge of the devotional exercises. Mrs. Doherty, the President, then took the chair, and the minutes of the previous meeting were read and approved. Three dollars were voted towards the Archbishop's Entertainment Fund. Correspondence was read and discussed and it was decided to send two of the Senior girls to the North Hatley Summer School. The Dorcas Secretary, Mrs. Hunt, read a letter thanking the W.A. for the bale of clothing sent for an Indian girl in the mission school. Mrs. Hawley, the Prayer Partner Secretary, read a letter from a Prayer Partner, Mabel Jones, and showed snapshots taken pertaining to her mission. She then read an article from the "Living Message" regarding prayer partners. The President thanked the Dorcas Secretary and members for their co-operation in completing the bale. Rev. Mr. Rowe thanked Mrs. Prangley for her hospitality and closed the meeting with the Members' Prayer and a prayer for the Prayer Partner and she gave the benediction.

Guests at the home of Mr. and Mrs. F. W. Barter were Mrs. G. N. Barrett, of Claremont, N.H., Mrs. T. C. Harrington and son, Milton Nichols, of Barton, Vt., Mrs. Mona

# Kidney Acids Rob Your Rest

Many people never seem to get a good night's rest. They turn and toss—they awake and count sheep. Often they blame it on "nerves" when it may be their kidneys. Healthy kidneys filter poisons from the blood. If they are faulty and fail, poisons stay in the system and sleeplessness, headache, backache often follow. If you don't sleep well, try Dodd's Kidney Pills—for half a century the favorite remedy. 103

10 seconds... and you strike the NEWEST, DEADLIEST BLOW OF SCIENCE AGAINST FLIES and all small insects!

You've probably asked yourself, "Why don't they make a fly killer that will do a real job—that will keep the pests away all the time?" At last science has found such a killer... it's called 2-WAY... it's dead efficient, economical, simple to use! And a single application lasts for days!

- YOU'VE NEVER SEEN ANYTHING LIKE IT! HERE'S HOW 2-WAY WORKS:**
- Insects always go to the light... to screen door or window... so you simply wipe 2-Way on screen mesh and around door frame. Takes only 10 seconds to apply to the average screen... free applicator supplied.
  - Treated screen then kills by contact flies, mosquitoes, ants, all insects.
  - Single application lasts 4 to 7 days... efficient, economical!
  - Does double duty: 2-Way is applied on only one side of screen, makes it sure death to insects contacting it from both inside and outside.
  - Is colorless, invisible when applied.
  - Farm and outdoor people prize 2-Way as an insect repellent... it can be applied to the skin of course.
  - Free consultation on any insect problem is available to purchaser of 2-Way.

# No Room for Argument

COFFEE rationing has certainly taught thousands this lesson which leaves no room for argument:

To be sure of full enjoyment in every cup you must use really good coffee. And "really good coffee" has come to mean "Maxwell House" to new thousands of housewives since coffee was rationed. They have found such satisfying flavor and full-bodied goodness in every cup of this famous blend that they now insist on it always. Maxwell House will give you, too, the fullest coffee satisfaction because:

- It's blended from rare, extra-flavor coffees, carefully selected from the world's finest.
- Roasted by a special process that captures all the extra goodness of this better blend. Maxwell House is packed in a Wartime Bag in an All Purpose Grind and at less cost to you.

# ISN'T IT THE TRUTH? By Ti-Jos No. 42

THIS SOUNDS FANTASTIC, BOB, YOU HAVE TO PAY \$8.00 A POUND FOR TEA IN CHINA

THAT'S WHAT COMES WHEN THE DEMAND FAR EXCEEDS THE SUPPLY

BUT THE DEMAND OFTEN EXCEEDS THE SUPPLY IN CANADA, TOO

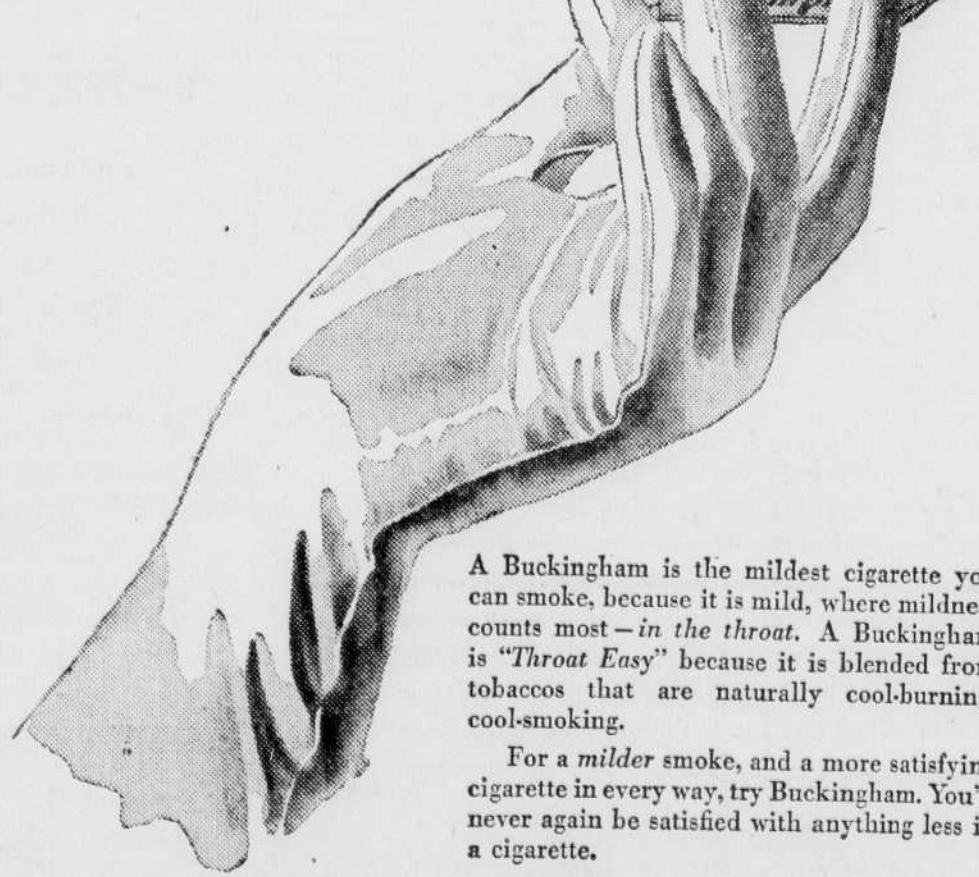

THE CEILING KEEPS PRICES DOWN TO A WORKING MAN'S LEVEL DOESN'T IT?

YES, THAT'S WHY WE SHOULD NEVER MISS A CHANCE TO SAY A GOOD WORD FOR THE PRICE CEILING

IT CAN HAPPEN HERE Canada isn't immune to the dread economic disease of inflation. It CAN happen here—but it needn't. Not if we Canadians support our government's control measures to the utmost of our ability. Never pay more than the ceiling price. Never buy unnecessarily. Make what you have do you as long as possible. Even if other people seem to be profiting that is no reason why we should follow their example!

OBITUARIES

MRS. WILLIAM HENRY DINNING OF MAPLE GROVE. Maple Grove, June 13.—The passing of Mrs. William Henry Dinning in her eighty-ninth year, removes one of the few remaining descendants of the original pioneers of the Parish of Ireland, in the County of Meaganic. Mrs. Dinning was one of the thirteen children of the Rev. R. G. Ward, the first resident incumbent of that Parish. Miss Florence Nightingale Ward was married to William Dinning of Maple Grove, over sixty years ago. They celebrated their golden wedding anniversary ten years ago. Mr. Dinning predeceased his wife eight years ago. The whole of their

married life was spent in Maple Grove. Of this union, eight children were born, five sons and three daughters: George, Jasper and Bert, of Maple Grove; Harry, a lawyer of Calgary, Alta., previous to his enlistment in the army and who was "missing in action" in 1916; and Willard, who died in 1916; Anna, Mrs. J. Morrison, of Lennoxville; Ethel, Mrs. J. Atkinson, of Magog; and Florence, Mrs. O. Hopkins, of Cowansville, also a foster-son, John Bennett, who was a devoted and loving member of this family for fifty years and who now resides at his own home, in Maple Grove.

The grandchildren present were Marjorie Morrison, Albert and Peggy Hopkins, and Billy, George and Glen Dinning. Lt. Harry Morrison is overseas. A sister, Mrs. Richard Annesley, of New Ireland, and a brother, C. O. Ward, of Clapham, both octogenarians survive their sister. The deceased for seven years was cared for by her daughter, in Lennoxville, where she passed away on May 20. Family prayers were read on May 23, by the Rev. J. Atkinson, of Magog, assisted by the Ven. Archdeacon Jones, of Lennoxville, at the home of Mr. John Morrison, in the presence of her family and friends. The funeral cortege proceeded by motor to the Holy Trinity Church, Maple Grove, where a large assembly of friends had gathered. The service was conducted by the Rev. H. M. W. Seeley, of Thetford Mines.

The bearers were the Messrs. A. E. Ward, of Danville; R. Guy Ward, of Lennoxville; Willard Christie, of Clapham; William Johnson and U. Vaudry, of Thetford Mines; and Samuel Johnston, of Black Lake. The remains were laid to rest in the family lot in Holy Trinity Cemetery. The floral tributes were many and beautiful. The late Mrs. Dinning bore her sufferings with Christian fortitude.

"Captains Of The Clouds" Opens At Premier Theatre Tomorrow

Canada's heroes of the air, flying headlong to victory, are the heroes, too, of "Captains of the Clouds," which begins tomorrow at the New Premier. James Cagney stars at the head of a cast which includes Brenda Marshall, Dennis Morgan, George Tobias, Alan Hale, Reginald Gardner and Reginald Denny as well as many actual members of the R.C.A.F. Filmed in glorious Technicolor, "Captains of the Clouds" tells an heroic story of some bush pilots from the woods of Northern Canada who enlist in the Royal Canadian Air Force after they hear Churchill's "We Shall Never Surrender" speech. A three-cornered romance involving a vixenish but lovely French-Canadian girl and two of the pilots, is the human interest background against which the story of the heroic flyers is played. Central figure in the drama is the

# BELVIDERE CREW ENTERS FIRST-PLACE TIE

## Swamps Careymen 9-1 To Tie Silkmen For Ball Loop Lead

By virtue of their 9-1 victory over the Phillip Carey team last night, the Belvidere entry in the Sherbrooke Industrial Softball League moved into a tie for the loop leadership. The Belvidere crew is tied with the Canadian Silk with eight points. The Silkmen were tied last night.

In another scheduled game of the circuit last night, the Sherbrooke Pneumatic Tool gained a 7-6 triumph over the Newsmen, although they came close to having a win whisked from under their noses as the Newspapermen staged a six-run rally in the seventh inning.

**BELVIDERE VS. CAREYMEN**  
Pounding Laramee for nine hits and taking advantage of four Carey men's errors, the Belvidere crew last night sent the Lennoxville outfit down to a 9-1 defeat.

The game was practically a walk-away for Lamontagne, Belvidere speedballer, served up a one-hitter, handoffing nearly all the Carey batters. The Lennoxville men were able to score only in the sixth inning when Laramee crossed the home slab, having reached first on a walk and advancing round the bases on another walk and an error.

The Belvidere men opened up with a powerful onslaught that netted them three runs in the first inning. Both teams were held down in the second frame and no more runs were scored. In the third, however, the Belvidere attack began again and the winners pushed another run across the plate to lead 4-0.

Things went quietly in the fourth frame, but it was only the calm before the storm. In the fifth inning, the Belvidere squad again hit the jackpot and ran up five more runs to bring their total to nine.

The Carey men narrowly averted a whitewashing when they scored their solitary run in the sixth frame.

Two round-trippers were swatted last night. Metivier and Coriveau, both Belvidere men were responsible for the homers. Chartier, another teammate, came in for a double as well as a single, while "Bob" Bergeron slammed out three safeties in as many times at bat.

The lone hit obtained by the Phil-

ip Carey squad was by R. Matence.

**NEWSMEN VS. TOOLMEN**  
Narrowly missing tying up the game in the seventh inning, the Newsmen gave Dufréne Park fans a taste of action last night as they broke a duck egg they had maintained till the seventh inning to shove six runs across the home slab and throw a scare into the Sherbrooke Pneumatic Tool, leaving the Toolmen to come out the victors by a narrow 7-6 margin.

Lessard, Blais and Guay were heavy sluggers for the Toolmen last night. Lessard, in three appearances at the plate, slammed out a triple and a single, while Guay let drive with a double and Blais connected for two singles.

For the Newsmen, Lessard and Fontaine collected two hits apiece. Other scrabblers were Fréchet, Rheume, Charest, Guillemette, and

## ORIOLES PASTE MONTREAL WITH 12-5 TRIMMING

Baltimore, June 13.—(AP)—Baltimore moved into first place in the International Baseball League last night by defeating Montreal, 12-5 in a free-hitting contest.

The Orioles gathered 13 safeties off a quartet of Montreal hurlers, while the visitors came through with an even dozen off Roland Van Slate and Frank Rochevot.

Pat Riley had a four-for-four night for Baltimore while Howie Moss kept up his terrific hitting with two homers and a single to bat in five runs.

Stevens with three hits, one a homer, led the Montreal hit parade. Durrett contributed a homer and a single.

**BUFFALO TRIUMPHS, 3-0**  
Jersey City, N.J., June 13.—(AP)—Buffalo's Bisons defeated Jersey City's Little Giants last night, 3-0, as veteran Mike Roscoe limited the locals to six hits to hand them their fifth shutout of the season.

The Bisons racked up five hits and all three of their runs at the expense of Bob Barthelson, 19-year-old Jersey City starter, who was charged with his fifth defeat. Roscoe, who walked three, permitted only one Jersey City runner to reach third and halted a Little Giant rally in the ninth by throwing a third strike past Gaby Hartnett for the final out with two runners aboard.

**CHIEFS NIP LEAFS, 3-2**  
Syracuse, June 13.—(AP)—Making the most of six hits off Dave Lambton, Syracuse Chiefs scored a 3-2 victory over Toronto in the opener of a four-game series here last night. The Leafs got eight hits off Hod Lisenbee, but scored only in the second, when they bunched two hits and an error.

The Chiefs tied the score in the second on two hits and a pair of walks, and won it in the fourth when catcher Len Rice scored from second on Herb Moore's single into short centre. Rice got a life on Ordenana's two-base error.

The Toolmen got off to a fast start as they scored one run in the first inning, added two more in the second and increased their total by another three in the third frame. Their seventh run came in the sixth inning.

The Newsmen, held scoreless for six innings, let loose with a heavy hitting assault in the seventh and scored six runs. However, the third man was retired before the Newsmen could clear their bases and bring home the tying run.

## Canadian Sport Snapshots

By SYD THOMAS, Canadian Press Staff Writer.

Toronto, June 13.—(AP)—The girls on the West Coast are all in a dither over a suggestion or proposal to hold a Dominion playoff for the female fastball (that's swank for softball) championship. The suggestion hasn't got beyond the talk stage yet, but there are signs it is receiving favorable consideration, at least, in some quarters.

Girls' softball is flying high all through the West and it shouldn't be difficult to promote some keen inter-sectional play leading to the national finals.

Doug (Windsor Star) Vaughan tells about a pal of his who had a harrowing experience at the Detroit race track. He picked himself a "sure thing" and bet heavily on it.

Then a friend gave him a hot tip, so he bet that one to place, and finally he placed a wager on a nag recommended by another friend, betting it to show. So what happened? The horse he picked to show, won the race; his choice as winner came in second; and his place choice lammed home fourth to the accompaniment of much finger-chewing.

Don Savage is a highly satisfactory replacement for Bill Johnson at third base, and is a typical Yankee in that he swats a long ball. Naturally, we would like to have a solid man like Frank Crosetti at shortstop, but young Mike Milosevich, up from Kansas City, is doing well in the field.

The Yankees may have something in the nature of an outfield problem, but I intend to stand pat. After all, there isn't much else you can do these days.

What Has Happened To Date Is No Criterion, Says McCarthy; Clubs Only Getting In Condition

By JOE MCCARTHY, Manager of Yankees

What the clubs have done to date—winning or losing—is no criterion. Because inclement weather permitted so little spring training they are not yet in condition. I missed the first three weeks due to illness, but would have no opinion as to the strength and weaknesses of the opposition even had I been around. Clubs must be in something approaching full stride in order for anybody to appraise them fairly.

The Yankees are doing the best they can, with Nick Etten the big gun. The large first baseman with the sit-down stance at the plate certainly got off on the right foot with a batting average of .355.

Any club, even the Yankees, would feel the loss of a Joe Gordon, but George Stirmweiss at second base is playing the kind of ball I predicted he would. Snuffy is probably the fastest man in baseball. He has yet to be thrown out on an attempted steal.

Don Savage is a highly satisfactory replacement for Bill Johnson at third base, and is a typical Yankee in that he swats a long ball. Naturally, we would like to have a solid man like Frank Crosetti at shortstop, but young Mike Milosevich, up from Kansas City, is doing well in the field.

## Yanks Lose To Senators 4-3 To Sink Back To Sixth Place

By TED MEIER, Associated Press Sport Writer.

The world-champion New York Yankees got biffed on the nose again last night and nose-dived into sixth place in the American League, the first time in years the Yanks have been in the second division this late in the season.

When Jake Powell singled in the 11th inning to give Washington a 4-3 victory it marked the Yankees' sixth straight defeat and their 12th setback in the last 14 games.

The regulation game had ended in a 1-1 deadlock and it appeared that the Yanks were in when they scored twice in the 10th. But the Senators tied it up again in their half and proceeded to tag Atley Donald for the winning run in the 11th. Donald had relieved starter Joe Page who pitched the first nine innings. Johnny Niggeling went the distance for the Senators.

In another American League night game Cleveland nipped Detroit, 6-5, mainly on the strength of a five-run uprising in the fourth. Mickey Rocco and Cris Hockett drove in four of the five tallies in this frame, each delivering a two-run single.

New York Giants spotted Brooklyn four runs in the first inning then came from behind, to wallop the Dodgers, 15-9, in the only National League game scheduled. Manager Mel Ott and first baseman Phil Weintraub each socked two homers for the winners. Altogether Weintraub drove in five runs, his best day since his 11 R.B.I. the day the Giants took Brooklyn, 26-8, a month ago.

Chicago White Sox and St. Louis Browns were tied, 1-1, after 2 1/2 innings when rain forced a postponement. Other clubs in both circuits had an open date.

JUST RUB IN MINARD'S "KING OF PAIN" LINIMENT

**UNFURLED TOGETHER FOR FREEDOM!**

FOR a long time now, John Bull, Uncle Sam and Johnnie Canuck have been doing business together. Today, more than ever, we are united in a common purpose.

Side by side, Canadians, Americans and Englishmen march along the road that leads to final victory. On the hot sands of North Africa, on the slopes of Sicily and Italy, our men have fought well together . . . given strength one to the other. Now, we look forward to the peace . . . and the ways in which we can preserve it.

Future world security rests to a large extent upon continued co-operation between the British Commonwealth and the United States. Of all nations, Canada is best situated to assure such co-operation. For we, of Canada . . . a major member of the British Commonwealth, have long been a close friend and neighbour of the United States. We know and like them both so well, we are the common meeting-ground for mutual understanding. Thus will Canada help the world to Win the Peace!

It is only natural that the flags of Canada, Great Britain and the United States are unfurled together in the cause of freedom. For we have always shared the same concept of freedom . . . shared, too, one of the earliest defenders of the freedoms we are fighting for today. He was a Calvert, an enlightened English statesman and founder of colonies off Canada's shore and in Maryland. In statesmanship and wisdom the Calvert family were far ahead of their age. In 1638 Calvert's son and successor, carrying on the democratic Calvert tradition, fined a man of his own faith five hundred pounds of tobacco for "villifying and profaning another's religion." Thus a man's freedom to worship as he pleases was established in the New World by a Calvert.
