WESTMOUNT, THURSDAY, JANUARY 14, 1943

PRICE—TWO CENTS

Mayor Merrill Thanks Citizens for Acclamation And Praises the C.P.C.

C. H. Houston Does Duty as Returning Officer

Westmount Citizens' Association Slate Accepted

Mayor Walter A. Merrill, K.C., in the course of a brief address of thanks Monday afternoon at the City Hall to the citizens for his re-election by acclamation, paid a warm tribute to the C.P.C., to whom His Worship extended the thanks of the city for the invaluable aid its members rendered December 30, in two stubborn fires at Weredale Park and the Albert Paper Company on Selby avenue.

The C.P.C. worked like trojans under the direction of Chief Warden H. R. Little and District Warden W. A. Kennedy in charge of fire auxiliaries, all of whom are expert in fire extinguishing work.

The new Council which was elected by acclamation represents the slate submitted by the Westmount Citizens' Association that has rendered many valuable services to the community. The new City Council includes Mayor Merrill, two former members and three new members.

Nominations were held under the direction of C. W. Houston, secretary-treasurer, who acted as returning officer.

The council includes Mayor Merrill; Aldermen C. K. McLeod and Irving P. Rexford, both re-elected by acclamation; and Aldermen W. S. Greene, R. P. Adams and Jacques Senecal, new members.

Mr. Adams had served on the Montreal City Council until last December but when the city charter was amended, prohibiting any residents outside of Montreal to represent local public bodies on the council, he was no longer eligible for re-election in Montreal. The Westmount Municipal Association immediately requested him to accept the candidature in Westmount.

Also elected by acclamation was A. W. McMaster, library trustee.

All the outgoing aldermen, who are Douglas Lorimer, B. Panet Raymond, K.C., and W. B. Scott, K.C., as well as the retiring chairman of the Library Board, had served several terms.

At the annual meeting of the Westmount Citizens' Association, Dr. Keith O. Hutchison paid a warm tribute to the retiring aldermen as also to A. D. Thornton, chairman of the Library Board, for the many valuable services they had rendered the city.

Communism Topic In Talk To Rotary By D. Killikelly

Speaker Deals With Relationship of Political Theory to Christianity

Desmond Killikelly, who was the guest speaker yesterday at the regular weekly meeting of the Westmount Rotary Club, gave an address, entitled: "Some Aspects of Communism in Relation to Christianity."

In the absence of F. C. Whitaker, the president of the club, who spoke yesterday before the Rotary Club at Grand'Mere, the chair was occupied by Cecil Medlar, a past district governor of Rotary.

Captain C. McL. Fry, regional director for merchant seamen at the Manning Pool, gave a brief address on the excellence of the work carried on by the men of the Merchant Marine in war time.

Captain Fry appealed to the members of Rotary to interest themselves in the work of entertaining these men while they are in port.

Dr. F. S. Morley made an appeal on behalf of the Aid for Russia fund and urged upon all present to assist at the mass meeting in the Forum on Tuesday night when Mrs. Roosevelt will speak in favour of Russia.

The high school guests were Harry Hamilton and Robert Eric Boyd, of St. Leo's Academy, who were introduced by A. A. Boire.

At the head table with Chairman Medlar were Chester W. McEride, D. R. McKean, D. Killikelly, Captain Fry, Archie W. Collier, and Dr. F. S. Morley.

MAYOR MERRILL

Dead In This War To be Remembered In Calvary Church

Commemoration Service and Intercession to be Held on Sunday

On Sunday morning in Calvary United Church, the minister, Capt. the Rev. T. W. Jones, M.A., D.D., will conduct a service of grateful remembrance for the men of the congregation who have given their lives in the service of their country since the outbreak of the war.

Six of those associated with the congregation have already been posted as missing or definitely listed as having made the supreme sacrifice. They are:

Pte. Ralph Otis Kilcup, P/O David Sargent, Sgt. Ian R. Watson, P/O Ewart Field, Sub-Lt. Russell H. McConnell, Leading Seaman Robert David Brown.

It is expected that representative groups of the three branches of the services, the Navy, Army and Air Force will attend the services, which will commence at 11 o'clock. Combined with the tribute to those who have made the supreme sacrifice there will be special intercession for all who are now serving in the varied branches of the forces. From the homes associated with Calvary Church and its work, 137 men and women are enrolled in the armed or auxiliary forces, 89 of whom are already serving outside the bounds of Canada.

C.C.F. To Hold Gala Evening On January 23

Many Clubs Will Take Part in Function Here

The C.C.F. clubs will hold a gala evening, January 23, at 8.30 o'clock in Victoria Hall. A feature of the program will be an "Information" period. There will be, also, a "Social Hour" with music and dancing to which the public is cordially invited.

Among the clubs taking part will be Cartier, Rosemount, St. Lawrence-St. George, C.C.Y.M., which is a C.C.F. youth organization; South Shore Club, N.D.G., Verdun, Westmount and others.

Reporters Lacking To Cover Meetings

Many requests are being received by this paper from organizations asking us to send a reporter to functions. We regret that it is impossible owing to shortage of editorial staff to send reporters to all meetings. In former years, this publication was able to engage ambitious youths of either sex to act as junior reporters. At present most young people with the educational qualifications for such work are being diverted into war plants or offices. At the other end of the age scale, there is a definite shortage of elderly or retired newspapermen who might under ordinary circumstances have filled the bill.

The Week At Victoria Hall

Jan. 14th, 1943—Westmount Stamp Club; C.P.C. First Aid Class; Mizpah Lodge, I.O.O.F. No. 3.

Jan. 15th—Westmount Women's Club—Military Whist, 8.30; N.D.G. Women's Club; Montreal Shrine No. 1.

Jan. 16th—Cambridge Social Club—Dance; Johnny Holmes and his orchestra.

Jan. 18th—Westmount Women's Club, Red Cross; St. Lawrence Stamp Club.

Jan. 19th—First Church Christ Scientist, Meeting; St. John Ambulance First Aid Class; Westmount Chapter R.A.M.

Jan. 20th—N.D.G. Club, 2.30; V.O.N. Red Cross; Rotary Club of Westmount Luncheon; West End Co-operative Society; Masonic Study Club.

Jan. 21st—C.P.C. First Aid; Westmount Stamp Club; Jersey Channel Island Society.

Capping Ceremony Held In Hospital For New Nurses

18 Students Central Figures in Exercises At Homoeopathic

Capping exercises of the Homoeopathic Hospital were held last night at the hospital.

The purpose of these exercises is the official acceptance of the students to the Phillips Training School for Nurses, after having taken preliminary studies and passed their preliminary examinations, they then by this exercise receive their caps, and from that time on are, in the eyes of nursing, representing the Nursing Department of the Homoeopathic Hospital of Montreal, even if they are students.

The following 18 students were capped: Misses J. Bennett, Montreal West; G. Duncan, Westmount; M. Graham, Ottawa; M. Hopkins, Sherbrooke; A. Jansow, Asbestos; M. MacRae, Sawyer-ville; M. McGee, Montreal; S. McKell, Riverfield; P. McKenzie, Causo, N.S.; E. McLeod, Sydney, N.S.; A. Muir, Comog; G. Scott, Sherbrooke; I. Simon, Lachute; I. Stewart, Vanakleek Hill; A. Travis, Doaktown, N.B.; E. Turnbull, Verdun; L. Williams, Verdun; A. Young, Doaktown, N.B.

Dr. H. R. Griffith, medical superintendent, gave the address of welcome. Miss G. Duncan read "A Prayer Before Capping." Miss V. Graham conducted the capping and Miss Leah Henshaw, member of the 1943 graduating class, was in charge of candlelighting. Miss Graham addressed the newly-capped students.

Refreshments followed the exercises and slides on the history of nursing were presented to the School of Nursing by Miss Lois Williams, president of the August 1942 class. They were accepted by Miss Gwendolen Ewins, president of the student association. The teaching unit was open for inspection and there was a display of student art and posters.

NUTRITION AID FOR WAR WORKERS

Educational posters such as the one in the picture above are prominently displayed in cafeterias and lunchrooms in many Canadian war plants where they help workers choose the proper foods for their lunch or mid-shift snack. The Canadian Nutrition Program is very much concerned with workers in the various war industries because it has been found that 50 per cent of the total absenteeism is directly due to dietary causes. Canada loses 200,000 man hours every day, seven days a week, from absenteeism partly due to faulty diet. Who can say by how much the war might be shortened if, through better feeding, these workers could be kept on the job?

Westmount Park Young People's Union Hear H. S. Cheesebrough

Speaker Gives the History of "The Formation of the United Church of Canada"

At the Tuesday evening meeting of the Westmount Park Young People, they were fortunate in having as their speaker Mr. H. S. Cheesebrough, who spoke on "The Formation of the United Church of Canada." The speaker dealt first with the formation of the three component organizations, The Presbyterians in Scotland led by Calvin and Knox in the 16th Century; the Congregationalists also in the 16th Century led by Cromwell and Milton, and the Methodists formed by the Wesley Brothers in the 18th Century. Historians credit the Wesleys for their spiritual revival for having prevented a revolution in England similar to the French Revolution.

In Canada there were only slight differences among the three groups. The Presbyterians and been organized among themselves since 1875, and by organizing had made themselves stronger and stronger. On June

10th, 1925, the three groups, Presbyterians, Congregationalists and Methodists joined to form the United Church of Canada. Since that time the United Church of Canada has prospered in every field of its endeavour—in Missionary Work, Young People's Work, Sunday Schools, financially and in general. At the time of Union there were 600,000 members and adherents in the three groups, now the United Church has 2,000,000 members and adherents.

The speaker was thanked by the President, Gordon Young, for the very enlightening and interesting talk, one which gives an opportunity for further study by the Young People.

At next week's meeting, the speaker will be Mr. Jack Thomas, of the Fellowship for a Christian Social Order, whose subject will be, "Co-operation or Catastrophe." All young people are invited to join in these friendly meetings.

Boys' Brigade to Give Father and Son Banquet

Mrs. G. Upham to Convene Banquet Committee

Plans are going forward rapidly for the forthcoming Father and Son Banquet, to take place in Melville Church Hall, Friday evening, January 29. Mrs. George Upham has kindly volunteered to convene the banquet committee, composed of the boys' mothers, and despite rationing, is endeavouring to work out an attractive menu.

The display, following the banquet, will take the form of a demonstration of various phases of brigade work, interspersed with musical selections and dramatic skits. A miniature hobby show will be featured and most of the members will have some interesting articles to display.

The first squad spent a most interesting afternoon on Saturday, bowling, which was followed by light refreshment, supplied through the kindness of Sgt. Ed. Goring. It is hoped that numerous such occasions can be arranged as this has proved by far one of the most fascinating games, particularly for the older boys.

The Company's annual swimming meet will take place this Saturday afternoon and a large list of entrants is anticipated. The challenge medal is again up for the best all-round aquatic individual and by the looks of things, there will be some pretty close competition. Each squad will benefit from personal points earned by their members on a basis of 16 points for first place, 7 for second and 5 for third place. The medal was held by Lance-Cpl. Robert Krout, now transferred to the 10th Company.

Dr. Marian Elder To Be Guest Speaker

Commission Is Awarded To Staff Sgt. Beddoes

In the list of promotions of N.C.O.'s to Commission rank that was announced Thursday at Military District No. 4, was the name of Staff Sergeant Richard Donald Beddoes of 356 Grosvenor avenue.

Staff Sergeant Beddoes has received a Lieutenantcy in the Royal Canadian Ordnance Corps.

Commission Is Awarded To Staff Sgt. Beddoes

Dr. Marian Elder To Be Guest Speaker

Dr. Marian Elder will be the guest speaker at the Monday evening session of the Red Cross Home Nursing Course, being held at the local Y.M.C.A. Dr. Elder's topic will be "Emergencies and Common Ailments."

West End Clergy Are Represented At Carlisle Rites

Anglican Rectors and Pastors of Other Denominations Pay Last Tribute

West End Christian and Jewish congregations were well represented at the funeral services held for the late Rt. Rev. Arthur Carlisle, Lord Bishop of Montreal in Christ Church Cathedral last week.

Members of the Anglican diocesan clergy who attended the funeral and took part in the robed procession included: Rev. N. E. Peterson, rector of the Church of St. Columba; Rev. J. C. Kirby, St. Saviour's Mission; Rev. G. M. Standish, St. Stephen's Church; Rev. R. G. Burgoyne, Prisoner of War and Welfare Association; Rev. Canon P. S. C. Powles, returned missionary; Rev. Canon F. C. Ireland, St. Phillip's Church, Montreal West; Rev. Sydneyham B. Lindsay and Rev. J. H. W. Rhys, Church of the Advent; Rev. Canon Gilbert Oliver, Rev. A. T. Love, St. Mathias Church; Rev. Hugh Mortimer, of Trinity Memorial Church; Rev. G. E. Trueman, St. Matthew's Church; Rev. Canon R. K. Naylor and Rev. H. M. Little.

Rev. G. Oliver, P. S. C. Powles, R. K. Naylor and F. C. Ireland were among the 14 Canons who attended the two Archbishops and four Bishops present at the service.

Other church denominations were represented as follows: Rev. Dr. L. H. Fisher, minister of Queen Mary Road United Church and moderator of Montreal Presbytery of the United Church of Canada; Rev. R. B. Y. Scott, representing the principal of the United Theological College; Rev. William Orr Mulligan, minister of Melville Presbyterian Church and moderator of the synod of Montreal and Ottawa of the Presbyterian Church in Canada; Rabbi Harry J. Stern, Temple Emanuel and Rabbi Julius Berger, Congregation Shaare Zion.

Montreal City Council George C. Marler and Mrs. Marler also attended the funeral service.

The "War Cry", organ of the Salvation Army in Canada, comments as follows on the late bishop:

The Army has lost a warm friend in the passing of the Right Rev. Arthur Carlisle, Bishop of Montreal. He was the son of a naval captain and chose to continue as an ordinary clergyman, although he had been offered the Diocese of Huron, second largest in the Anglican Church had to offer in Canada.

Library Methods Discussed in Talk By Miss K. Jenkins

City Librarian Addresses Meeting Of Verdun Societies Called to Consider Formation of Library For Sister Municipality

Modern library methods and functions were ably discussed on Tuesday by Miss Kathleen Jenkins, Westmount librarian and lecturer of the McGill University Library School at a meeting of Verdun societies in the Legion Hall of that city called to discuss the formation of a public library in the sister municipality.

Miss Jenkins spoke as follows:

The public library is maintained by a democratic society in order that every man, woman and child may have the means of self-education and recreational reading. The library provides materials for education and advice in their use. It serves all ages and all classes.

The educational value of reading, both during school days and after they are over, is recognized by all thinking people today. It is no use teaching children to read unless books will be available after they leave school. A taste for good books and the reading habit can best be acquired while young, and access to a larger collection than the school itself affords is needed. Adults have discovered that they can keep on learning as long as they live, and the present adult education movement is giving fresh emphasis to the need of adequate public libraries. The wholesome recreation afforded by good books is not less important. For these reasons, a progressive community considers a public library an essential part of its equipment.

Those of us who are engaged in social or educational work today, feel that the war has brought about the need for institutions such as libraries. The absence of the head of the family on some form of war service, the possible employment of the mother and the subsequent loosening, or even breaking-up of the normal life of the home, are having effects on our young people that cause us anxiety. The public library, together with the school, and the social agencies, must play its part in these troubled days.

What kind of a library? A good library is a good community investment, a poor library an unwarranted expense. A first class library should go hand in hand with good schools, churches, and active social and civic organizations, for it has much to contribute to all of these. The requirements of a good library are:

1. Public rather than private support.

The library, like the school, is a public institution for all the people. It too should be supported from public funds, not by membership fees or private entertainment. Tax support distributes the cost of community service among many people.

I quote here from the revised statutes of the province of Quebec: "Any city, town, or village corporation, constituted under a special or general act, may, by-law passed for that purpose, aid, in conformity with the laws governing it, the establishment and maintenance of a free public library in such municipality..." You will note that there is no provision here for provincial grants in aid (unlike most Canadian provinces and American states). What reception Quebec would give to an application for such aid, I cannot pretend to answer.

Gifts from individuals or organizations may well be used to stimulate public appropriations, to give a demonstration of library service over a specific or limited period, or to extend the work of some one department. A timely illustration of such a gift would be one for the purchase of expensive technical books, so much in demand in times of war.

2. Adequate support. Face the cost of good service frankly. A librarian's living costs as much as a teacher's and the preparation of a trained librarian represents an equal investment. An important new book may cost \$2.50 or \$3 or \$5 or even \$10. There will be bills for electric light and coal and janitor service. Many good libraries are receiving annually an appropriation that would average \$1 per person per year in the community served. — the professional minimum standard for larger libraries. (I hasten to add that few, if any, libraries in Canada have

3. Adequate support.

The Westmount Examiner Published Every Thursday Serving the City of Westmount Garden Suburb of Canada's Metropolis. THE EXAMINER PUBLISHING COMPANY Head Office: 2191 Hampton Ave. Walnut 2773

"The Examiner" aims to be an independent, clean newspaper for the home, devoted to public service. WESTMOUNT, THURSDAY, JANUARY 14, 1943

THOUGHTLESS, CHAINLESS MOTORISTS

THE HEAVIEST SNOWFALL in many years has placed great difficulties this winter on our city transportation systems. Shortages of labour make it difficult to clear tram lines and bus lines as quickly as in normal times, and when a heavy storm rages many workers are delayed in getting to their places of employment. In war industry this is especially to be regretted. Much of the delay on city streets is caused, incidentally, by thoughtless and careless motorists, who drive without chains. These people, thinking of nobody but themselves, drive down the middle of the streets, retarding the tram cars and buses when they run into ruts and their wheels start slipping. Sometimes it is necessary for motorman, conductor, and several bystanders to be mustered to give the offending automobile a push before traffic can move again. On grades like Cote des Neiges Hill, tie-ups are frequent—like because motorists won't take the trouble to put on their chains.

CHRISTIANITY OR CHAOS

WITH THE OBJECT of creating a stronger Christian public opinion about social and economic questions, especially in view of the great social upheaval brought to a head by the war, the Very Reverend John Dixon, Dean of Montreal, has announced the convening of a conference to be held at the end of January. The conference, entitled "Christianity or Chaos", will deal largely with post-war problems and will be attended by many local residents. Chairmen will be Paul A. McFarlane, Judge C. S. Tyndale, and Senator A. K. Huggessen, while the speakers and their topics are as follows: Dean Dixon, "The Right of the Church to Speak"; R. W. Keyserlingk, "The Christian View of Work and Wealth"; Canon R. K. Naylor, "The Christian View of Educa-

tion"; Rev. F. T. Norman, "What is Wrong with the Church"; and Canon W. H. Davison, "What Are we going to do about it?" There will be open discussion following each address.

SEA CADETS NEEDED

FOR LADS BETWEEN THE AGES of 15 and 17 1/2 years the present recruiting campaign of the Navy League of Canada for Sea Cadets offers a splendid opportunity for training. The activity for a healthy youth under this program is more than a preparatory training which will equip him for active naval service in later years; it is training of a kind that will make him a better citizen.

He will be taught discipline but he will also be given an opportunity to display initiative and resourcefulness which will serve him well in later years. It may be that the Sea Cadets of today will never be eligible for active war service if the war is over by the time they reach enlistment age but there may be a peacetime naval career ahead of many of these boys. Canada's navy has expanded tremendously in this war and it will undoubtedly remain a permanent establishment on a large scale in the years to come.

CENSORSHIP

THE BRIEF RUMPUS stirred up by Mitchell F. Hepburn in a threatened ban on a National Film Board picture, Inside Fighting Canada, was just about the feeblest Hepburn performance on record, says The Hamilton Review. It will take the ex-premier some time to accustom himself to the retiring role he has chosen but if he persists in his petty feud with Ottawa he will find that an increasing number of former admirers will be glad to accord him the increasing measure of inattention and indifference which a retiring role deserves. Mr. King might have been justified in protesting an inaccuracy in that a film with such a title had completely ignored the fight that Mr. Hepburn has been carrying on with Ottawa for so long.

However, the film has not been censored and Canadians will be allowed to judge for themselves whether it is little more than a piece of propaganda for the King Government. But it must have occurred to many citizens, as a result of the incident, that it would be reasonable at the next session of the Ontario Legislature to question the censorship authority assumed at Queen's Park. Censorship of films in the interests of public decency and morals is necessary and accepted without question. But it is something else when the censorship extends to politics.

ST. ANDREW'S CHURCH NOTES

"The Man Who Saved a Nation" will be Rev. Dr. Kerr's topic Sunday morning in St. Andrew's Church, Westmount. The sermon will show how one man can face a tyrant that has every material advantage, and frustrate his plans of domination and oppression. Mr. Leonard Griffith will preach at the evening service, taking as his topic "First Last and Last First". On Jan. 24th Winston Curry, who is responsible for the "Sweet Hour of Prayer" feature over CBC, will conduct a devo-

tional half hour during the evening service. This will give an opportunity to his large unseen audience to see this artistic religious leader in person. After the evening service on the coming Sunday the Alpha Omega Society are holding a special meeting to see the moving pictures presented by Mr. Howard Hart. This lecture is reported to be of unusual beauty and all young folks are cordially invited to attend.

Lack of appreciation is unworthy of a noble person. You have much to be grateful for: Bless the Lord, O my soul, and all that is within me.—Psalm 103:1.

APPRECIATION

Lack of appreciation is unworthy of a noble person. You have much to be grateful for: Bless the Lord, O my soul, and all that is within me.—Psalm 103:1.

Mrs. X: "Does your husband talk in his sleep?" Mrs. Y: "No, and it's very exasperating. He just grins."

The young man was rather shy, and after she had thrown her arms around him and kissed him for bringing her a bouquet of flowers, he jumped up and grabbed his hat.

"Oh, don't go," she said, as he made for the door, "I didn't mean to offend you." "Oh, I'm not offended," he replied, "I'm going for more flowers."

Professor: I won't begin today's lecture until the room settles down! Voice from rear: Go home and sleep it off, old man!

One View ... The two matrons were discussing the difficulties of holiday shopping. "Why," said one, "should I make that long trip downtown and get all worn out when I can buy the wrong thing right here in the neighborhood?" —Chicago Tribune.

Ouch The head of the house was reading a newspaper article very carefully. When he had come to the end he remarked to his wife: "Do you know, dear, I think there's something in what this article says—that the cleverness of the father often proves a stumbling-block to the son."

His wife heaved a sigh of relief. "Well, thank goodness," she said, "our Bobby won't have anything to fall over!" —Exchange.

Master of House: "Why did you tell your mistress what time I came home last night, after I had told you to be quiet about it?"

Maid: "I didn't, sir. She asked me what time it was, and I told her I was too busy getting breakfast to notice."

When the two business men met, one said to the other: "I have made an addition to my staff. I have engaged a man at \$5,000 a year to do all the worrying for me."

"But how are you going to get the \$5,000 to pay him?" "Ah, that will be his first worry."

The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week twelve passes are given to the six lucky winners who comply with the following requirements:

Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of next week are hidden. Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

Contestants must be over 16 years of age. Residents of Westmount, only, are eligible. All answers must be in this office not later than Wednesday, and the names of the winners will be published in Thursday's issue.

A convenient coupon will be found elsewhere in the paper. The winners are drawn from among those who submit the correct answers, as, unfortunately, it would be impossible to give passes to every one submitting the right answers.

The winners of last week's contest are as follows and their passes will be received in Monday's mail: Mrs. William Boyd, 46 Academy Road, Apt. 18; Miss Dorothy E. Hughes, 4 Winchester Ave.; Malcolm Penney, 4410 St. Catherine St.; Mrs. A. King, 225 Redfern Ave.; Winifred Thomas, 6 Park Place; Mrs. E. J. Kose, 488 Lansdowne Ave.

THE FORUM Conducted by HOWARD S. ROSS, K.C., D.C.L. In Which Subjects of General Interest Are Discussed The opinions expressed in this Forum are not necessarily those of this newspaper, and it does not accept responsibility for them.

Between Cape Bon, in Tunisia, and the island of Sicily, lies the narrowest stretch of the Mediterranean. Largely because of this geographical factor, the advent of foreign military forces is nothing new in the history of Tunisia.

The Berbers, inhabitants of the country since remote antiquity, have seen successive waves of invasion, and in some cases colonization, by Carthaginians, Romans, Arabs and Turks. In 1881 the French established a protectorate by force of arms. Tunisia's 900 miles of coastline and the harbors of Tunis, Bizerta, Suse and Sfax have long been recognized as highly important to control of the Mediterranean.

Geographically, Tunisia consists of a relatively narrow strip of country bounded on the west by Algeria, on the north and east by the Mediterranean, and on the south-east and south by Italy's colony, Tripolitania. The total area is something under 49,000 square miles, inhabited by a population of 2,603,000.

According to the 1936 census some 92 per cent of the population at that time was made up of Moslems and native Jews. Of the remaining 8 per cent, about half were French (108,068), and the rest were Italians (94,289) and other European nationalities. Of the Italian portion of the population, the French estimated before the war that less than 20 per cent were pro-Fascist, despite powerful propaganda efforts on the part of Italy. The Fascist element was said to be confined almost entirely to the relatively small numbers of Italian businessmen and professional men, whereas among the small peasants and laborers, by far the greatest part of the Italian population in Tunisia, there was said to exist a fairly strong anti-Fascist element.

During his presidential address before the convention of the National Association of Manufacturers of the U.S.A., W. P. Withered stated: "I am for an immediate postwar return to the economic policies, both domestic and foreign, which made the United States one of the problem nations of the interwar period. I am not making guns or tanks to win a 'people's revolution'. I am not fighting for a quart of milk for every Hottentot, or for a TVA on the Danube, or for governmental handouts of free Utopias." Newspapers stated he was loudly applauded.

A U.S.A. magazine tells of the American troops in India employing native bearers who do "K.P." for them and sometimes even the work of preparing for inspections—shoe shining, brass polishing and rifle cleaning. Some newspapers fear that this is apt to arouse the envy of British troops and spread a false picture of American wealth and may not add to the friendly feeling of the poverty-stricken Indian people for the United States.

A Scottish school boy visiting London in a letter to his parents, wrote: "St. Paul's has a much bigger name in it than our church at home."

Miss Josephine Brown, for 12 years a rural Y.W.C.A. secretary, stated in Seattle recently that: "The Japanese destroyed 90 per cent of Chinese industry during the first few months of the China incident. The small individual cooperative stepped in and saved the situation."

Police protection for city schools where teachers and pupils have been subjected to terrorism, was promised by the Police Commissioner. Radio cars will be sent if a principal telephones. This is the result of a plea by the New York teachers' guild, prompted by "the alarming rise of delinquency" which led to the murder of Irwin Goodwin, a teacher in a Junior High School.

William Eaton, American Consul in Tunis was the first to re-

Dominion Douglas Church Notes

Holy Communion will be celebrated at both services in Dominion-Douglas Church next Sunday. In the morning, Dr. Lloyd Smith will speak on the Pre-Communion theme: "This Man Receiveth Sinners." In the evening, the minister's subject will be "The Message of Revelation." In the afternoon, Dr. Lloyd Smith will begin his class in preparation for Church Membership.

After the evening service, the Young People's Union will meet and invites all young people to join in their session.

On Monday afternoon the sewing circle will be working on Red Cross surgical dressings. The Women's Association meeting on Tuesday at 10.00 a.m. will be busy preparing surgical dressings in addition to their regular activities.

The Red Cross meets from 10.00 a.m. to 5.00 p.m. every Wednesday and needs more women to help keep up the quota of surgical dressings. Anyone who is willing to work will be made most heartily welcome.

The official board holds an important meeting in the Church at 8.00 p.m. Wednesday.

WESTMOUNT PARK CHURCH NOTES

The Fireside Hour which was held last Sunday night was most successful and the young people of Westmount Park hope to hold two such evenings every month. They extend a hearty welcome to all young people in the community to join them.

Holy Communion will be observed at the morning service with preparatory service on Friday at 8.00 p.m. The reception of new members will take place at this service.

At the evening service, Mr. Goth will continue the series on "Great Personalities". No man has done more to foster the constructive spirit of the new age than the President of the United States of America. We Anglo-Saxons are inextricably bound up with each other. We cannot escape our destiny. The theme on Sunday night will be "Roosevelt—Destiny Called Him".

MEN Why should we call ourselves men, unless it be to succeed in everything, everywhere? Say nothing. "This is beneath me," nor feel that anything is beyond our powers. Nothing is impossible to the man who can will.—Mirabeau.

Westmount Baptist Church Notes

Dr. J. A. Johnston resumes his ministry in Westmount Baptist Church on Sunday and will preach at both services. Sunday marks the tenth anniversary of his ministry in Westmount.

At the morning service the sermon theme will be: "Resting Places of the Soul—Return unto thy Rest O my soul for the Lord hath dealt mercifully with thee."

At the evening service Dr. Johnston will speak of "Three Supreme Objectives—Safety! Certainty! Enjoyment!"

The Bible School meets on Sunday afternoon at three o'clock. The mid-week assembly of the congregation is held on Wednesday evening at eight o'clock. Recognition of Dr. Johnston's anniversary will be made at this meeting. A social hour will be held afterwards. Visitors and strangers are cordially welcomed at all services.

A PRELUDE

If we regard our present existence as only a prelude to a better, as an education, a training for a higher and happier sphere, then the disappointed may take heart, for they have only come to the beginning of their life, and may surely wait with some degree of patience until a future life expands their happiness.—R. Carey.

LOVE

Have love: not love for one alone, But man as man thy brother call. And scatter like the circling sun Thy charities on all.

St. Andrew's Church Westmount

(Cote St. Antoine Rd., near Argyle Ave.) Minister: Rev. F. W. Kerr, D.D. Student-Assistant Mr. A. Leonard Griffith, B.A.

SCOTT'S GOALS HIGHLIGHT WIN FOR AIR CORPS

Air Force Teams Dominate Opening Games of Newly-Formed Section

The Air Force teams are dominating in the opening games of the newly formed Intermediate section of the Westmount Municipal Hockey League. The RCAF No. 1 Wireless School is leading the loop with two straight wins, both of them shut-outs, while the RCAF No. 1 Training Command is right behind with a win in the only game they have played.

All the games in the league up till last night were played on the No. 1 Wireless School's rink on Queen Mary Road. In the initial league encounter last Wednesday evening the Wireless School squad shut-out the No. 4 Ordnance Corps team 4-0, the same team repeated the shut-out dose against the No. 14 Canadian Provost Corps on Monday, this time by an 8-0 score. In the second game of Monday's double-header the No. 3 Training Command defeated the Ordnance Corps 4-1.

The two Army teams have suffered from a lack of practice but this should be remedied within the next week or so when the rinks are ready for use.

Doug Scott was the main figure in the Wireless School's 4-0 win over the Ordnance Corps. Scott tallied two goals while the other counters were scored by Jack Stinson and Walter Sullivan. Tom Fisher was the stand-out player for the losers.

Tower and Doug Scott were the top scorers for the Wireless School in their 8-0 victory over the Provost Corps. Tower tallied three times while Scott registered a pair of goals. Other scorers were Al Rowbottom, Jim Hill and Jack Stinson. Colling was the best for the Provost Corps team.

The Ordnance Corps team was a much improved squad for their game with the No. 3 Training Command team, although beaten 4-1, the losers put up a great battle. Omer Crevier, Paul Houle, Paul Dumoulin and Al Scott registered tallies for the winners with Tom Fisher accounting for the losers' only tally. Jerry McBride played a standout game in the Ordnance Corps' nets making sensational saves throughout the game and also saved a major penalty shot which was taken by Paul Proulx.

Games for this week are as follows: Mon., Jan. 18, 8.00, Provost Corps vs. No. 3 Command; 9.00, Wireless School vs. Ordnance Corps. Wed., Jan. 20, 8.30, No. 3 Command vs. Ordnance Corps; 9.30, Wireless School vs. Provost Corps.

Skeletons and Flyers To Battle It Out

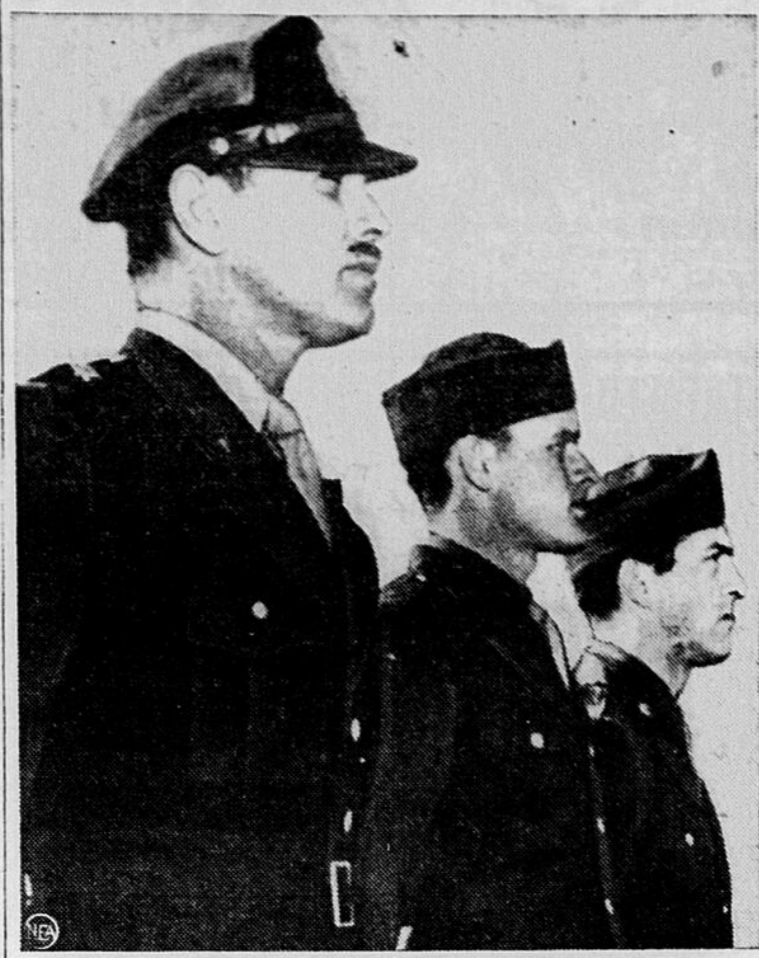

The Prince Albert pee wee section of the Westmount Municipal Hockey League will get underway this Saturday morning at Prince Albert rink, when three games are scheduled to be played. In the first game, scheduled for 9.30, the Bruins and Commandos will meet. At 10.15, the Skeletons and Flyers will battle it out, while at 11.00 the Hurricanes and Aces will meet in the final game of the morning.

The triple-header postponed from last week will be played later on in the season.

WINGS FOR GABLE

Lt. Clark Gable is shown above as he stood in line with other enlisted men at the graduation exercises at the Army Air Force Gunnery School, Tyndall Field, Fla., where he received his silver wings as an aerial gunner. Lt. Gable, described by Col. W. A. Maxwell as "an excellent student," said he hoped to see active service, and to return to Hollywood and his movie career after the war.

Christian Science Services

"Life" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday, January 17th.

The Golden Text is from Romans 6:23. "The gift of God is eternal life through Jesus Christ our Lord."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For I have not spoken of myself; but the Father which sent me, he gave me a commandment, what I should speak. And I know that his commandment is life everlasting." (John 12: 49, 50.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The author has healed organic disease, and raised the dying to life and health through the understanding of God as the only Life. It is a sin to believe that aught can overpower omnipotent and eternal Life, and this Life must be brought to light by the understanding that there is no death, as well as by other graces of Spirit. We must begin, however, with the more simple demonstrations of control, and the sooner we begin the better." (Page 428.)

About Scouts

TWEEDSMUIR ROOM OPENED
Boy Scouts of Halifax recently opened the new Tweedsmuir Room, a recreational centre for Scouts on active service. The former centre entertained 1,400 former Scouts, Lieutenant-Governor, Dr. E. H. Kendall, formally opened the new and enlarged quarters.

China's Half a Million Boy Scouts
China's Boy Scouts, 519,000 strong, are giving loyal and devoted service to the cause of the United Nations. There are over 5,000 Boy Scout Troops in the country, and China's great leader Generalissimo Chiang Kai-shek, is president of the Boy Scout Association. The Scouts have been organized in China since 1911. The movement is considered of great national importance and is under supervision of the Department of Education.

There is no duty which may not be made the gate of the road to Christ.—Bishop Temple.

Nylon Brushes Are Shipped With Guns

Nylon bristles, the same as you use to brush your teeth and smooth your hair, are now cleaning the guns fired on land and sea. All types and calibre of guns, from those mounted on a submarine chaser or corvette to the 25 pounders in North Africa or the monster guns on the newest battleships, are cleaned with nylon monofilament brushes.

With natural hog bristles formerly imported from Russia and China now on the reserve list, nylon fibres have literally stepped into the breach as a replacement material. When a gun leaves the factory, breech and barrel brushes are shipped with it. Modern war is on a bigger scale than even Napoleon ever dreamed possible and when guns are shipped to fronts many thousands of miles away the replacement of gun cleaning brushes becomes a big problem. The importance of the long lasting properties of nylon monofilament bristles over those of hitherto imported natural bristles was soon realized by government and military specialists and brush makers alike.

In addition to their use on active service, brushes bristled with nylon are being used in larger numbers and for increasing duties in war plants for cleaning shells, fuses, gun barrels and parts and many widening industrial uses.

Cooper Had No Luck On Glory Trail

Over the regular baseball season, Mort Cooper of the Cardinals was the game's greatest pitcher. He really pitched the Cards to the pennant.

But Mort was denied an extra glory. He appeared in the all-star game and what happened? He appeared twice in the world series and what happened?

The American leaguers tore into him in the first inning of the all-star game and pinned his ears back. And you will recall his two disasters in the world series. He is just an unlucky fellow when the whole world is looking out that particular afternoon.

There is no pitcher in the majors with more courage. Back in 1941, when Cooper hurried back into the game after an operation that ordinarily would have retired a pitcher for at least a year, he pitched better than he had before.

And this year, when all hope seemed lost, he kept firing away at the opposition, and the Cards won out.

BEING KIND

The harder it is to be kind when we do not want to be, the better and braver our kindness is.

Two new stamps are arriving from Salvador in the customary manner of the day — on envelopes, which means that dealers' supplies are limited. The stamps are the eight-cent blue, with an illustration of Jesus and the inscription, "Savior of the World," showing also the Metropolitan church at San Salvador, and the 30-cent vermilion, which has a map of Salvador.

Members of the Royal Air Force stationed in Arabia, have formed a Rover Scout Crew which meets in a tent placed at their disposal. The members come from widely separated parts of the British Isles.

Musical Sharps Flats and Naturals

by Frances Goltman

A Quartet usually means a work for four solo instruments, thus two violins, a viola and violoncello constitutes a "String Quartet" but when one of these is changed it is called by the substitute's name, such as "Piano Quartet." Piano quintets are more common than piano quartets and we are to hear a modern one tomorrow evening in the Windsor Hotel by the McGill String Quartet with that fine pianist, Germaine Malepart as guest artist in the Faure Piano Quartet in 'C' Minor. Although Gabriel Faure died only eighteen years ago he has rapidly become a familiar name on concert programmes today, especially in song recitals. He was director of the famous Paris Conservatoire in 1905. Miss Malepart attended this great institution for five years after winning the Prix d'Europe, studying there with Isidore Philipp, who is now residing in the United States.

Other numbers on the program will be Mozart's Quartet in C Major, the Kreisler Scherzo a la Ditterdorf and a work by Alexander Brodt, first violinist of the Quartet, called "Ritual".

Subscribers are eagerly awaiting the third concert of the "Little Symphony" led by Bernard Naylor, next Tuesday at L'Hermitage. After the success of the first two concerts one may say that this fine ensemble is already an outstanding unit in local artistic circles. Works by Tschakowsky, Dvorak and Josef Suk (the son-in-law of Dvorak) will comprise the interesting program.

It is wonderful to hear of great people receiving due recognition during their lifetime. Recently, Moritz Rose 'dual celebrated his eightieth birthday (December 18th) and was honoured by a stupendous testimonial concert by the Rosenthal Jubilee Committee headed by Dr. Paul Klemperer. It

SELF-DENIAL
How well we realize at last what Ruskin said, that no man can judge the value of a life of self-denial until he has had the courage to try it himself.

OUR GUIDE
He that is down, need fear no fall;
He that is low, no pride;
He that is humble, ever shall
Have God to be his guide.
—Bunyan

TALMUD TORAHS DRIVE OPENS

IRVING RIDDELL
Chairman, Special Names United Talmud Torahs.
LOUIS HERMAN
Convener of Zones, United Talmud Torahs.

Today, as never before, we must create in our young, an appreciation of our ancient traditions that may become better and more loyal Jews, Lazarus Phillips, K.C., chairman of the \$74,300 campaign of the United Talmud Torahs of Montreal which starts tonight, stated in an appeal for support on behalf of the local community. The opening dinner rally of the campaign which will continue until January 25th, will take place tonight at the Hebrew Educational Institute, 269 St. Joseph boulevard west, on which occasion Abe Bronfman will be co-chairman of the assembly and honorary chairman of the campaign. Louis Herman will be convener of the zones and in his message to workers says: "The war must not injure our children's lives but rather strengthen their character." Irving Riddell, chairman of special names, points out that the work of the Talmud Torahs must go on. "It is a responsibility of our whole community."

"The Arsenal of Democracy Is Making Good"

WORLD WAR I (1 1/2 Years)	1941	1942
PLANES	19,000	48,000
TANKS	7,500	56,000 Tanks and Self Propelled Artillery
GUNS MACHINE GUNS	225,000	111,000
ANTI TANK GUNS	3,500	21,000
AMMUNITION SMALL ARMS AMMUNITION	3,416,000,000	2,050,000,000
ARTILLERY AMMUNITION	18,100,000	15,000,000
		10,250,000,000

If civilian America has to tighten its belt a little in 1943, it will be in the good cause of lengthening the tremendous strides made during our first year of war, as shown in the illustration above. The production figures are those given to the nation by President Roosevelt in his war message to Congress, in which he paid high tribute to America's war workers and told his listeners that "the arsenal of democracy is making good."

1943 CHALLENGES VOLUNTEERS

1943 offers a challenge to volunteer workers in the opinion of Mrs. W. E. West, Director of Women's Voluntary Services, who is pictured above at her desk discussing the problems of volunteer workers with her assistant, Miss Frieda Held.

A large part of Canada's war effort depends for its success on the conscientious, selfless devotion of the volunteer worker who will have many new problems to face in 1943, Mrs. West believes. To meet the growing demands of war and maintain community services, the volunteer will have to take on more work both inside and outside her home.

The Women's Voluntary Services Division was set up in the Department of National War Services 10 months ago and now reports the establishment of 20 W.V.S. Centres with 19 more in process of organization. The Centre works with existing organizations and serves as a registry and placement bureau in the community to avoid overlapping and duplication of effort. A W.V.S. Centre in every fair-sized community is Mrs. West's aim for 1943.

Lost And Found At City Parks

The following articles have been found in Westmount Park and may be claimed at the comfort station in that park upon proper identification:
One pair of red woolen socks, pair of green woolen mitts, black leather belt.

Roslyn School To Reopen On Monday

It is officially announced that Roslyn school, where a gang of workmen have been at work since school closing before the Christmas holidays making repairs, will re-open its doors Monday morning at the usual hour.

City Council To Meet Monday Night

The first meeting of the new City Council will be held Monday night at eight o'clock.

TREASURES
Be set to hallow all we find,
New treasures still, of countless price,
God will provide for sacrifice.
—Keble.

THE WESTMOUNT EXAMINER, THURSDAY, JANUARY 14, 1943

"Westmount's Home Newspaper"

Social and Personals

Miss Lois Angus and Miss Jean Price have returned from Petawawa, where they were the guests of Captain and Mrs. J. S. Dupuy.

Mrs. Richard S. Bussey has returned to Montreal from Moncton, N.B., where her marriage to Pilot Officer Richard S. Bussey took place recently. Mrs. Bussey was formerly Miss Geraldine Briezcke.

The University Women's Club will hold a dinner on Thursday evening, January 26, at seven o'clock, in honor of Miss Beryl Trux, a club member, who is now a City Councillor of Montreal.

The Young Ladies' Sodality of Ascension Parish will hold a Valentine Bridge on Friday evening, February 12, at St. Leo's School Hall. This is the only appeal made by the Sodality for funds to carry on its various charitable works. Miss Gerry Brown, Chairman of the Social Life Committee, is in charge of arrangements.

The annual charity bridge of the Westmount Subdivision of the Catholic Women's League will take place on Tuesday afternoon, January 26, at three o'clock, in the ballroom of the Ritz Carlton Hotel. Mrs. W. J. Keating is convener, and her committee includes: Mrs. J. T. Rogers, Mrs. C. W. Hemming, Mrs. J. Colford, Mrs. E. Foster, Mrs. A. I. Peterson, Mrs. Maurice Shea, Mrs. W. J. Shea, Mrs. C. Shaw, Mrs. G. M. Marshall, Mrs. P. Melvin, Mrs. G. Meagher, Mrs. J. Cullinan, Miss L. Cox, Miss E. Flanagan, and Mrs. E. Palmer.

1353 Greene Ave., near Sherbrooke Westmount Fl. 7773

William MacKay of Westmount, to Edward Bernard, son of Mr. Edward John O'Byrne and the late Mrs. O'Byrne of Montreal, took place recently in the Rectory of the Church of Saint Augustine of Canterbury, the Reverend Father Gerald Britt officiating.

Mr. MacKay gave his daughter in marriage, her only attendant being Miss Mary Frances O'Byrne. The best man was Mr. W. Edgar Doyle.

The bride wore a street length dress of gallant blue, with a hat of imported ostrich feathers, and carried a cascade bouquet of Talisman roses with Stevia. The maid of honor wore a dusty pink dress with black accessories, and carried a bouquet of yellow single chrysanthemums.

The bride's mother wore a black dress trimmed with turquoise and gold, with harmonizing hat and a corsage of red roses.

The reception following the ceremony was held in the Green Room at Victoria Hall, and later the bridal couple left for a wedding trip to Ottawa. The bride wore for travelling a cherry red woolen suit with hat to match, and a black lamb coat.

Mrs. Harry Thorsen of New York, sister of the groom, and her son John were present at the wedding.

KARNAK SOCIAL CLUB WILL HOLD MUSICALS

The annual musical of the Karnak Ladies' Social Club will be held on Tuesday afternoon at 3 o'clock, in the Masonic Temple, Sherbrooke street west.

Mrs. F. B. Nixon, the president, will be in the chair, and the program has been prepared under the direction of Mrs. F. R. Driver, who is in charge of arrangements for this event.

Artists contributing to the entertainment are: Mrs. W. A. Messinger, soprano, accompanied by Mrs. Colin Forrest; Mrs. Colin Forrest and Mrs. Percy Clark, who will render a two pianists' concerto; Mrs. Arthur Laing, elocutionist; and J. Russell, tenor, accompanied by Arthur Davidson. Guests will attend this musical.

Daughters Of The Nile

The regular session of the Daughters of the Nile, Oasis Temple No. 48, will be held in Victoria Hall on Monday evening at 7.30 o'clock. Mrs. F. C. Ford will preside.

WESTMOUNT CLUB LISTS SUBSCRIBERS FOR 'GET TOGETHER'

The following is a list of subscribers to the "get-together" which will be held by the Westmount Women's Club tomorrow evening at half-past eight o'clock in Victoria Hall:

Mr. and Mrs. R. M. Macaulay, Mr. and Mrs. C. D. French, Mr. and Mrs. R. W. Rowat, Mr. and Mrs. J. T. Rowe, Mr. and Mrs. A. M. Boucher, Mr. and Mrs. J. W. Wright, Mr. and Mrs. A. S. Thomson, Mr. and Mrs. R. M. Whitmore, Mr. and Mrs. John Mulcair, Mr. and Mrs. Landless Pratt, Mr. and Mrs. H. Cloutier, Mr. and Mrs. J. Gordon Birnie, Mr. and Mrs. C. W. Clark, Mr. and Mrs. G. MARRIED AT MONCTON

Pilot Officer Richard Selwyn Bussey, R.A.F., and Mrs. Bussey, whose marriage took place on New Year's Day at St. George's Anglican Church, Moncton, N.B. Mrs. Bussey, who was formerly Miss Geraldine Helen Briezcke, is the elder daughter of Mr. and Mrs. E. H. Briezcke, of Westmount. Pilot Officer Bussey is the son of Mr. and Mrs. W. H. Bussey, of London, England.

HOME EDUCATION

No Teasing, Please

Mary Starck Kerr

A visitor was at little Betty's home, and the three-year-old brought in her sailor suit to show the lady. Her brother was sitting on his father's lap, on the other side of the room.

The visitor duly admired and praised the suit Betty liked so well, and Betty was quite happy. Then Daddy said, "That isn't Betty's suit, it belongs to Brother."

The visitor said, "Oh, is it Brother's suit, Betty?" The children were only a year and a half apart in age, and either might have worn it, but Betty shook her head with a troubled look on her face.

Her older sister answered, "It is Betty's suit, but Daddy likes to tease her." As little Betty left the room, the visitor suggested that teasing was unwise. "It spoils the child's disposition," she said.

"Do you really think so?" replied the father. "I have never found any harm in it, and I like to see how cute she is when she says it is hers, and sticks to it when she is contradicted."

"Yes, it is cute now, but when she is older, and contradicts constantly, in expressing her opinion to you, it will not seem so cute," said the visitor. "I have seen parents tease their children and encourage them to make determined and often saucy retorts, when small, and then punish them for the same thing when they were a few years older, not realizing that they themselves were to blame for this bad habit the child had acquired."

"Yes," said the older daughter, who had been listening, "and besides that, it makes a child angry, and then later it is hard to overcome the habit of getting angry. I know that from my own experience."

"When I was a child," said the visitor, "my parents did not tease me, but friends did, in order to hear me argue. They thought it was cute of me to refuse to be swayed from my convictions that dog spelled dog and not cat, and that cat was the only proper way to call cat. They did not know that they were developing the trait of argumentativeness to a higher degree than was good for me, and that later in life I should have to battle against that tendency for a long time in order to overcome it."

"Well, who would suppose that a little fun could do so much harm!" exclaimed the father. "But when I stop to think about it, I can see that without doubt you are right." And looking thoughtfully at his elder daughter he said, "I won't tease you any more, Anna." Then with a wry smile at the visitor, he added, "If I can remember."

"Naturally, I don't want to make life any harder for any of my children," he continued, "but I do tease all of them sometimes. It may be that some of the misbehaviour of my boys is the result of something that was unintentionally done to them in the past. I'll have to think this over. Being a father is a pretty big job, isn't it?"

"Indeed it is," said the visitor.

INCREASED INTEREST SHOWN IN WORK OF CALVARY W.M.S.

At the annual meeting of the Women's Missionary Auxiliary of Calvary United Church, reports were read by secretaries of all departments, showing increased interest, and in some departments increased givings. The treasurer reported a total sent to the Presbyterial Treasurer of \$547.62.

The following officers were elected for 1943:

Honorary presidents: Mrs. E. Munson Hill, Mrs. W. D. Lighthall, Mrs. T. W. Jones; president: Mrs. A. N. Curtis; 1st vice-president: Mrs. E. M. Roberts; 2nd vice-president: Mrs. N. T. Moore; 3rd vice-president, Mrs. G. A. Sheen; recording secretary: Mrs. D. T. Jackson; corresponding secretary: Mrs. H. F. Sloan; honorary treasurer: Mrs. S. T. Spindlo; treasurer: Mrs. J. D. Ross; Christian stewardship and finance: Mrs. H. V. Driver, Mrs. J. H. Reid; associate helpers: Miss Ella MacFarlane; community friendship and supply circle: Mrs. F. N. Stephen, Mrs. W. G. Parker; Missionary Monthly: Mrs. H. F. Sloan; temperance and Christian citizenship: Mrs. W. S. Adams; music: Mrs. W. S. Walker; program convener: Mrs. N. T. Moore; mission circle: Miss Marion Lewis; mission band: Mrs. A. Malkin; baby band: Mrs. E. Baker, Mrs. B. Reid.

God is the fountain of light, and He illumines one's way when one is obedient.—Mary Baker Eddy.

Graduate Nurses Plan To Hold Sale Of Work For Canteen Fund

A group of Montreal General Hospital graduate nurses will sponsor a sale of aprons, knitted and fancy goods and home cooking, on Friday and Saturday, January 29 and 30, in aid of their mobile canteen fund, in the show-rooms of the Montreal Light, Heat & Power Cons. building, St. Catherine street west.

The committee in charge is asking for the support of all Montreal General Hospital nurses. Donations for the cooking and "white elephant" table will be welcome, it is stated, and may be left at the Montreal Light, Heat & Power Cons. building, with Mr. Flanagan, during the week of the sale, or with Miss Edythe J. May, 2060 Sherbrooke street west or with Mrs. J. H. McCulloch, 4811 Cedar Crescent.

Love as many persons and as many creatures as you possibly can. Love is the only power by which you can make yourself rich in a moral world.—J. S. Blackie.

To Attend Service

The members of Remembrance Branch, No. 75, of the Canadian Legion, B.E.S.L., and the ladies of their auxiliary, have been invited by the Reverend Canon F. H. Wilkinson, M.A., B.D., to attend a special church service on Sunday evening at 7.00 o'clock, at the Church of St. James the Apostle.

A social hour in the church hall will follow the service.

The Church of Christ is the world's only social hope and the sole promise of Peace.—General Sir Douglas Haig.

Clear telephone lines for ALL-OUT PRODUCTION

Your telephone is part of a vast interlocking system now carrying an abnormal wartime load. Don't let needless delays hold up messages on which production efficiency may depend.

OTHER "WARTIME TELEPHONE TACTICS"

- BE SURE you have the right number... consult the directory.
- ANSWER promptly when the bell rings.
- BE BRIEF. Clear your line for the next call.
- USE OFF-PEAK hours for your Long Distance Calls.

These things may look trifling, but on 6,500,000 daily telephone calls, they are very important.

On Active Service Giving Wings to Words

The WOMAN'S Page

Canadians Are Learning That Good Nutrition is Ammunition

The Canadian Nutrition Program is underway, and all through the country people are giving more thought to the food they eat because they know that "Proper Nutrition is Health Ammunition."

People have become vitamin and mineral conscious in the last few years, realizing the importance of these substances to general health and fitness. They sometimes forget, however, that calories too, are important.

Just as cloth is measured in yards and water in gallons, food is measured in calories, or the amount of heat and energy it produces in the body. Foods vary greatly in caloric value. Fats rank highest, followed by sugar and starches, while most fruits and vegetables, which contain large amounts of water have a low caloric value. People do not all need the same number of calories for individual needs vary with activity, age and other factors. The more physical work done the faster energy is burned up and the need for more calories increases. Every one needs more calories in winter than in summer, for the body has to produce more heat to maintain normal temperature with the thermometer at zero.

The wise meal planner, says Nutrition Services, is choosing her calories for the company they keep. In other words she plans to get a larger proportion of calories from foods which also contain the protective minerals and vitamins. Cheese, whole grain cereals, Canada Approved Bread and potatoes, cooked in their skins are examples of foods in which calories keep company with protective elements.

Women on Active Service Have Full Privileges at Y.W.C.A.

Full privileges in all activities of the health education department at the Montreal Y.W.C.A., 1124 Dorchester street west, are given to women on active service. Girls of the Y.W.C.A. have free use of the association pool, and may also play basketball in the gymnasium.

Another feature offered by the health education department is a special class in ballroom dancing for high school girls and boys, held every Friday afternoon from 4.30 until 5.30 o'clock. Business girls and men in the services are also given the opportunity to learn the latest ballroom steps in a new class which started on Tuesday.

MRS. MYERS TO SPEAK
Mrs. A. W. Myers, municipal Empire Study convener, will address the Canon Scott Chapter, I.O.D.E., on Tuesday, at the home of Mrs. F. E. Winter, 318 Grosvenor avenue. Mrs. Myers will speak on the "British Commonwealth of Nations." There will also be a sewing meeting and book shower.

Boys in Uniform Are Entertained

Betty Speirs M.C. at Westmount Women's Function

A splendid entertainment was given Sunday afternoon for the boys in uniform at the Westmount Y.M.C.A. Miss Betty Speirs was in charge and acted as mistress of ceremonies. On the program were Bessie Anderson, John Vrooland, Peter Miller, Mrs. Harold Mills, and J. B. Speirs at the piano. There was quite a lot of unexpected talent in the audience when volunteers were asked for, including two very fine pianists. A lovely supper was provided by the War Workers Committee of the Westmount Women's Club, under the direction of Mrs. Holland.

At the conclusion of the program, Mr. Taylor thanked the committee and Miss Speirs on behalf of the boys in uniform and extended a hearty invitation for a reunion the first Sunday of each month.

Raincoats Made Without Rubber

So there is a rubber shortage! Well, what are you doing about it, Mr. Chemist?

When the source of natural rubber imports was lost to the United Nations as a result of the war in the Pacific and they were left with what stocks they had on hand, the chemist was already producing small quantities of man-made rubber. But this production was quite inadequate to affect the everyday consumption of rubber. Governments, chemists and industry got busy and huge new plants were erected for the manufacture of increasing quantities of chemical rubber from such plentiful natural resources as oil, grain, coal, limestone, salt and water.

But this man-made rubber will be needed to supply the heavier needs of war—the civilian must still realize the shortage and practise conservation.

Service Uniform Is the No. 1 Fashion Note in Hawaii

RED CROSS WORKERS' OUTFITS ARE TRIM

Red Cross Secretary Dorothy M. Lyons . . . gray gabardine suit.

Waikiki First Aider Mrs. Lee R. Dawson . . . cool, white slacks.

By BETTY MACDONALD

Honolulu.—Every third person you meet on the street in Honolulu is wearing a uniform these days, and that includes the public-spirited women of this island.

Red Cross officials now live in gray gabardine suits, such as Dorothy M. Lyons wears at her office. She is assistant secretary of the Hawaii chapter. Her cap is slightly reminiscent of Civil War days, but her trim suit is manly, efficient.

The medical unit of the Red Cross goes to work at the Honolulu armory in brown gabardine slacks with green initialed on pocket and cap. Mrs. Fred Brand is pictured at the medical supply desk in uniform. After nine hours, Mrs. Brand quits and walks home with her fellow worker, Princess Kapiolani Kawananakoa, daughter of Hawaii's last royal princess.

SOCIALITES ORGANIZE RED CROSS UNIT

The Volunteer Motor Corps unit of the Red Cross is composed of 42 socialite women who supplied their own station wagons to rush supplies to hospitals under fire. The members work in gray gabardine slacks and neat overseas caps. Mrs. Richard Rice (Examiner) photographer John Rice (no kin) as she checked in to work.

An interesting Red Cross unit has been organized at the famous Royal Hawaiian hotel, as the Waikiki First Aid unit. A first aid emergency room has been set up in the hotel arcade, with Dr. W. H. Lichten, Nurse Elizabeth Baecker, and Chief Clerk Mrs. G. O. Thacker in charge. Mrs. Lee R. Dawson, formerly of Portland, Ore., works in cool white slacks and ever-present gas mask. She's pictured fixing an emergency bed. The Waikiki unit was in action two hours after Hawaii was attacked.

OVERSEAS CAPS, SLACKS PROVE POPULAR

Red Cross Medical Unit member Mrs. Fred Brand . . . brown gabardine slacks.

Motor Corps volunteer Mrs. Richard Rice . . . gray gabardine slacks.

Oven Used Once Saves Energy And Power These Wartime Days

There is real art to planning meals in war time, for so many new factors enter the picture. Every one is nutrition conscious nowadays, and tries to plan meals that come up to the standards set by the nutritionists, to say nothing of those set by the family. Meals must be planned that make good use of the available foods and go easy on those that must be imported or are in short supply owing to wartime conditions; meals that are easy on both pocket book and ration book, that conserve power or fuel and leave the housewife with time and energy for the many other demands that family and community life make on her.

It is easier to plan successfully and economically for several days ahead than to plan meals from day to day. Time and energy will be saved in marketing for several days at a time, and advance planning means too, that more efficient use can be made of the stove with a resultant saving of power or fuel.

In these menus, prepared by the Consumer Section of the Department of Agriculture, the oven is used only once in the preparation of two days' meals, but it is used to capacity at that time. Using these menus as a

guide, it will be simple to plan other meals along the same lines.

FIRST DAY—DINNER
Tomato Juice
Pot Roast of Beef with Vegetables
Baked Potato Baked Parsnips
Pumpkin Pie

SUPPER
Vegetable Chowder Melba Toast
Apple Cup Salad with Cottage Cheese

ORANGE BREAD COCOA

SECOND DAY—DINNER
Beef Stew (from remainder of pot roast with carrots, onions, turnips and potatoes added)
Baked Custard
Whole Wheat Bread and Butter

SUPPER
Welsh Rarebit
Mixed Green Salad
Baked Apples
Whole Wheat Bread and Butter
Tea

Here is the oven schedule followed in preparing these meals, based on the time and temperature required to cook the pot roast. A five pound pot roast cooked entirely in the oven will take about 3 hours. The oven is pre-heated to 400 degrees and the pot roast, pumpkin pie and a pan of tart shells (to be filled with fresh or canned fruit for dessert on the third day) go in.

German Boy Scout Given Award For Bravery

Boy Scout Herbert S. Ermann, aged 16, a refugee from Germany and now a member of a British

Boy Scout Troop, has been awarded the Scout Certificate of Gallantry for fire-fighting during an enemy raid. An officer of the local fire brigade reported the boy's work as reflecting great credit on his training as a Scout.

PRAISE
Praise to the holiest in the height,
And in the depth be praise,
In all His works most wonderful
Most sure in all His ways.
—Newman

KINDNESS
It is not written, blessed is he that feedeth the poor, but he that considereth the poor. A little thought and a little kindness are often worth more than a great deal of money.—Ruskin.

Westmount Women Plan Informal Evening At Victoria Hall

The Westmount Women's Club will hold an informal "Get Together" social evening in Victoria Hall, tomorrow at 8.30 p.m. Military Whist will be played and a special feature of the evening will be a floor show put on by Miss Carrie Biggers' School of Dancing, while refreshments are being served. Prizes will be distributed followed by dancing. Players will bring their own cards.

Mrs. A. Thomson is in charge of information concerning this event.

Boy Scouts Invest In Victory Bonds

Boy Scouts of Amherst, N.S., are not only doing their bit in war service but have invested \$100 in the Third Victory Loan. The boys from this Troop have a big stake in this war with no less than 30 former members serving with Canada's armed forces. When the boys required a leader, the principal of the Central Junior High School volunteered his services.

The only farm animals native to the Americas are the llama, the alpaca and the turkey; all the rest have been imported.

We Are Grateful

We are grateful to our passengers for their co-operative understanding during recent and present unprecedented conditions.

During the past two weeks we have had to meet:—

1. The greatest traffic demand in our history (in spite of the limitations caused by war demands);
2. We have had to battle with a series of extreme weather conditions which have been more devastating than any we can remember.

Our operating staff worked almost continuously night and day to maintain our services on normal schedules.

Some delays were caused by actual weather conditions . . . ice on the tracks and trolley wires, but the majority were beyond our control.

At times, thousands of passengers were compelled to wait for cars simply because our lines were blocked by stalled vehicles.

We assure our passengers we are making every effort to maintain our schedules despite weather conditions. To enable us to do this, and to carry approximately one million passengers a day, we ask those who operate motor vehicles to help prevent delays by using chains on their vehicles.

NEWS OF THE THEATRE WORLD

Theatrical Attractions

AT WESTMOUNT THEATRE

Based upon the uproarious Broadway comedy of two Columbian, Ohio, sisters battling for their careers and their honor in the jungles of Manhattan's Greenwich Village, Columbia's "My Sister Eileen" yesterday opened at the Westmount United Theatre.

lumbus, prior to their New York hegira. Ruth and Eileen Sherwood come to New York for fame and fortune; Ruth wants to be an author, the eye-filling Eileen dreams of a stage-career. They wind up in a basement apartment, whose big curtainless window at pavement level lets in the noise, the rowdies, the dogs and the cats and all the other gusty excitement of the Village.

"My Sister Eileen," in stage form, was written by Joseph Fields and Jerome Chodorov, who based their hectic, hilarious and tremendously appealing characters upon Ruth McKenney's magazine story sketches. Fields and Chodorov also penned the screen version, retaining much of the original play but placing more stress upon the romance between Ruth and Eileen.

He found a British Army lorry in the charge of some exhausted Tommies who had lost their unit, persuaded them to help him, and with the Germans only a few hours behind, raced across the refugee-packed countryside to the coast. He reached England safely with his precious machines, and it was only by sheer chance that his story got into the press.

At York Theatre

The Welsh foreman of an armaments factory in the North of England has had a new film dedicated to him. The foreman's name is Melbourne Johns; the film is Michael Balcon's "The First Commando," is now playing at the York United Theatre until Friday night.

is fiction, and the characters are fictional. But the story is based on the adventures of Melbourne Johns when he crossed war-torn France in those days of the Nazi break-through, taking with him the valuable machines in his care which he was determined should never fall into Nazi hands.

Melbourne Johns' feat in bringing back some vital machines from France in June, 1940, inspired the film. Michael Balcon read of his adventures, asked J. B. Priestley to write the film narrative, and put the picture into production last summer, with Cavalcanti as associate producer and Charles Frend as director.

Location scenes were filmed in Cornwall, where the countryside was turned into French territory. The English signposts, which were in the process of disappearing, were replaced by French signs; French hoardings went up; cars were given French number plates.

When it's a question of taste It's good to get back to BLACK HORSE Canada's finest ale—brewed by DAWES for five generations

At The Monkland Timely in theme as a news dispatch from the Far Eastern theatre of war, M-G-M's "Somewhere I'll Find You," co-starring Clark Gable and Lana Turner, opened at the Monkland United Theatre yesterday.

Physical Fitness Through Exercise And Diet

This is another in a series of health articles by P. M. McFarlane, Physical Director at the Westmount Y.M.C.A.

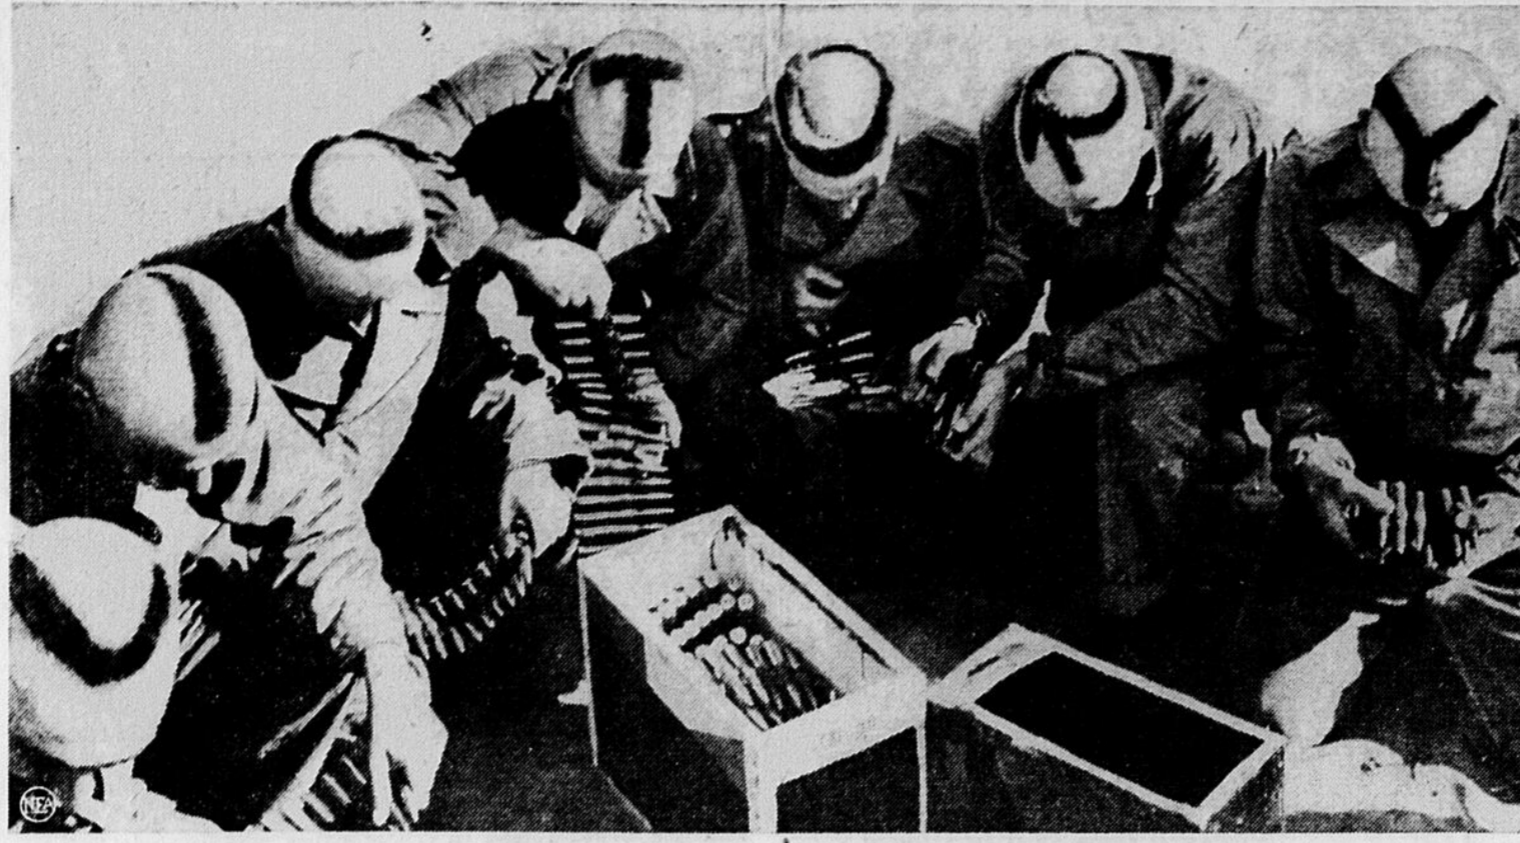

The Federal nutritional campaign, which is being conducted by the Department of Pensions and National Health during the month of January, is well under way with newspapers, magazines, radio programmes and so forth giving helpful support. It is to be hoped that every housewife is taking advantage of the very adequate flow of suggestions, recommendations and hints for improving the wholesomeness of the daily diet.

Other things being equal, a well nourished person should feel fit, look fit, have energy and endurance for work and play, and be able to offer good resistance against many forms of ill health. In these days, when every minute absent from work means so much, every effort should be made by each one of us to raise our standard of efficiency to its highest level. But one must not forget that food alone is not enough to produce a state of health in the body. Physical activity covering the full range of the large muscle groups is necessary to keep the body functioning normally. The selection of activities should be chosen as carefully as the food we eat. Exercises like food demand that we follow a definite order in taking them to get the best physiological reaction. Just as we take appetizers at the beginning of a meal to increase the flow of the gastric juices, so should we take light arm and leg

exercises to increase the flow of blood to the bodily segments when we begin our exercise routine. It is not a case of "the more the better," no of "one kind is good as another". The amount of exercise and the kind must be chosen like food, if we wish to receive benefit from it rather than harm. The choice of exercise is more open to personal choice than the choice of food however. The average normal person may participate in whatever activity he feels like and enjoys. But before allowing oneself too much freedom, it is advisable to have a medical and physical examination by your family doctor.

Physical activity can be judged according to its suitability for the participant (a) by the degree of fatigue it causes; and (b) by the rapidity and completeness of recovery after a reasonable amount of rest. Any activity which does not produce a feeling of relief and relaxation is not a good one. With some small amounts of exercise, gradually increased by in general, the danger of too little training, are helpful when large amounts would be harmful. The physical activity is greater than that of too much. It is desirable for most people to exercise every day until the heart is beating somewhat harder than it normally does, the breathing is more rapid, and the skin is "in a glow".

GETTING THEIR HEADS TOGETHER FOR VICTORY

Seven who were shorn line their pates up at the Army Air Forces Flexible Gunnery School, Tyndall Field, Fla., with excellent results. These flying gunners evidently feel there's victory in the air.

TODAY
Concern yourself with Today; Woo it, and teach it to obey Your will and wish. Since time began Today has been the friend of man. But in his blindness and his sorrow He looks to Yesterday and Tomorrow.

Despite a serious shortage of adult leaders Boy Scout membership in Great Britain is expected to show an increase of 25 per cent during the past year. A gun factory which six months ago stood in London has been dismantled and shipped piece by piece to the United States.

CANADA TAKE NOTE
Wages and salaries might cease to be incentives to necessary work if the money earned could not confer enough real satisfaction. People with plenty of money and little to buy may burst through the controls and create a really large black market, or barter trade. Whether the danger becomes serious depends as much on the moral authority of Government as on purely financial precautions, but in both directions Manchester Guardian.

Approximately 120,000 American women are now engaged in transportation work.

Quiz Contest to Feature Stamp Club Meeting

Club Will Run Three Competitions

A "Quiz Contest" for juniors will feature this week's meeting of the Westmount Stamp Club. This contest will be open to all boys or girls residing in Westmount. Last season the Club was privileged to listen to an address by J. Barraclough and he was so impressed by the attentiveness of the junior members of the Club that he promised to donate a collection of stamps to be competed for by the junior members. Instead of one collection, Mr. Barraclough has donated three, so that President L. Flood of the Westmount Stamp Club has decided to run three competitions, one a month for the next three months. These competitions will be open to all boys and girls residing in Westmount. Tonight's contest will be based on Canadian stamps and H. E. Guertin will conduct the quiz. The results will be judged by the senior members of the Club and the winner announced immediately.

Scout Leader Thrills To Dieppe Raid

Writing to Imperial Headquarters of the Boy Scouts in London, Corporal House, former Scoutmaster of the 145th Toronto Group, had this to say: "Since my last call at I.H.Q. I have travelled. Yes, I went to Dieppe and it was quite a show. We did our best, and showed we could take it. I am one of the lucky ones to come back."

BIG WARTIME JOB

The Canadian National Railway System in 1941 moved more than 65,000,000 tons of munitions of war and other essential products of industry and agriculture. In 1942 the volume of traffic has shown a further large increase. This increased freight and passenger traffic has been handled with expedition and efficiency.

LIFE
An idea for life consists of a faith fit to live by, a self fit to live with, and a purpose fit to live for.

BY-LINES

by S. B. McCLEAN

"Subscription libraries handle all the best-sellers," declares a literary critic, including the Bible?

Confronted with the question, "State briefly what you know of Tennyson," a local scholar wrote as follows:

"Tennyson always smoked a clay pipe. He never smoked the same pipe twice. A box of white clay pipes lay at his feet, and whenever he had smoked one pipe, he snapped it in two, flung the pieces into a second box, and selected another pipe."

The anecdote was perfectly true, but it was not exactly the sort of answer the teacher expected!

"Golfers are the most truthful of sportsmen," asserts a writer. Due to their well-known difficulty in getting a good lie, no doubt.

Old Melodrama Program

While looking over some old papers recently, I came across an old theatre program of more than fifty years ago. The particular production was a melodrama, and I found that the old programs were worth preserving, for a good synopsis of the play was given, a distinct contrast to the programs of today.

I think this old program is worth reproducing almost in full to show how amusing and interesting it is.

The Old Toll House

Act I.

The Maypole Inn

The Poachers — The Ruined Farmer — Accursed Drink — The Plot to rob the Mail Cart — The Dying Speech Merchant and the Travelling Showman — Arrival of the Mail Cart — The

False Scent — The Disguise — A Sheep in Wolf's Clothing!

Act II.

The Drunkard's House

The Distressed Wife and Starving Children — The Faithful Friend and kind-hearted Showman — The Old Toll House.

10 o'clock 'The Mail Cart is late to-night' — A Strange Visitor — 'I want a light to my pipe' — The Drink — The Drug — 'I feel as faint as Death' — The Mail Cart at the Turnpike — Your horse seems lame' — 'There's a stone in his shoe' — The Pistol Shot! — The Assassination! — The Robbery — The Alarm — The Flight — The Accusation.

Act III.

Broxburn's Cottage

The Anxious Wife — The Officers of Justice — 'Open in the King's Name!' — 'Where is your Husband?' — 'I have not seen him since yesterday' — The Search — The Fugitive — The Escape — The Hollow Tree in Sedley Cope — Hunted Down — The Repentant Drunkard — The Miser and his ill-gotten Treasure — Discovery of the Real Criminal — Falsely Accused — A Wife's Devotion — The Unseen Witness.

Act IV.

The County Assizes! The Trial!

The Distressed Family and the Sincere Friend — The Examination — The Point of Guilt — The Showman Defends the Defenceless — Jack Bunnage to the Rescue — The Fox trapped at last — Unexpected Denouement.

After reading this over, I yearn for the M.R.T., or some other company of players to put on a melodrama like this, I feel sure that it would be popular even among the most sophisticated of modern playgoers.

All through this sprightly volume we are reminded of the tang of the Atlantic and the rugged yet beautiful shores of New Brunswick, Nova Scotia and Prince Edward Island. In many instances we see the minister at work solving the problems and easing the burdens of his people.

Let us hope Dr. Hill will write of experiences in connection with his later ministry mostly as the minister of the First Presbyterian Church of Verdun in the District of Montreal and with the second largest membership and the largest Sunday School enrolment in the Presbytery of Montreal of which body the author was Moderator as well as of the Synod of Montreal and Ottawa. Since 1936 the author has been chairman of the General Assembly's Board of Missions. Dr. Hill was born in Halifax, N.S. He is a graduate of Dalhousie University and of Pine Hill Theological College. He is also a Bachelor of Divinity and a Doctor of Divinity of the Presbyterian College of Montreal.

GOLDEN HOURS

And ye, beneath life's dusty load Whose forms are bending low, Who toil along the climbing way With painful steps and slow— Look now, for glad and golden hours

Come swiftly on the wing; O rest beside the weary road, And hear the angels sing! —E. H. Sears.

Book Review

by Howard S. Ross

By Howard S. Ross, K.C., D.C.L.

It Happened to Me by Rev. A. M. Hill, Doctor of Divinity, Thorn Press, Toronto. Price \$1.

Dr. Hill gives us many interesting sketches of unusual experiences, grave and gay, all well told, and well worth telling. Such experiences show that a minister's life offers infinite variety and that no one enters more intimately into the joys and sorrows of his fellow men.

The stories are all the more interesting and vivid because they are true. They cover the author's student missionary days and the earlier days of his ministry.

We are taken back to the great days when Halifax was the Canadian base of the North Atlantic Fleet of the Royal Navy and was showing herself (as she is doing now) more than worthy to be called "one of the greatest sea ports of the world."

Some of the old political tales are recounted and are fresh evidence of the fact that Maritimers have always taken their religion and politics very seriously.

AN ALTERNATIVE SPEECH ON TEMPERANCE

On Wednesday, December 16th, the Prime Minister broadcast a speech on Temperance. Canadian Breweries Limited respectfully submits to the Prime Minister what it considers would have been a more suitable speech. It does so, not from any profit motive, since its profits are already controlled by the excess profits tax, but out of a desire to retain the public's respect for its industry and those engaged in it.

THE use of beer, wine and spirits has for long been a controversial subject in Canada and from time to time your government is called upon to find a point of harmony between those who do not drink at all and would like all those beverages prohibited, and those who drink moderately and resent any interference with their liberty. If such a point of harmony could be found, and the whole subject put outside politics and religion, it would be a good thing for Canada's unity in wartime, and later, in peace.

It is important to decide whether or not this should be a moral issue or whether we should look upon drinking in the same light as eating and smoking. The evidence before me shows that many Canadians indulge moderately in beer and spirits. These consumers, as well as those who manufacture the beverages, resent the implication that they are not good Christians.

I think the issue becomes a moral one only at the point where individuals drink excessively and become a nuisance. All parties should be able to agree on this. Let us say therefore, that moderation is the ideal which all good Canadians are eager to attain.

The next thing to determine is whether or not ours is a temperate nation. I have every reason to believe that it is. I know that we consume less beer in Canada, per capita, than they do in Great Britain and the United States. This being so, the problem reduces itself to one of dealing with a few irresponsible people who give the advocates of prohibition a falsely dramatic impression of current conditions.

My attention is drawn to the increased sales of beer and spirits since the beginning of the war, but these increases are only at half the rate of the rise in the National income. Many workmen are now busy who before were idle and penniless.

Let me say at once, there's no question of any unwillingness on anyone's part to make sacrifices for the war, least of all among the brewers who have co-operated in every way possible and I am sure will continue to do so. But it should be pointed out here that fifty men can produce a million gallons of beer, and the basic raw materials necessary to supply the whole of Canada's need of beer are available locally in abundance. Any curtailments that do become necessary we will make with precisely the same attitude and impartiality shown to other consumer goods. The one thing I always regret when restrictions are made is that moderate people are invariably the ones to be deprived.

There is a great deal of medical evidence to prove that a hard-working man who drinks beer moderately, not only nourishes his system, but relieves the nervous and physical strain of his busy day. No one will want to deprive him of this form of relaxation, nor to make its availability so difficult that a

worker on a night shift will have to resort to a bootlegger to get his drink: It is important that in this part of the British Empire we retain as high a reserve as possible of physical and nervous energy. We must encourage every form of wholesome relaxation to relieve the strain of war.

So far as the army is concerned I am certainly not going to put myself in the position of saying that a soldier who is old enough to fight and kill is too young to choose his refreshments with good judgment. Here again the reputations of many are spoiled by the few.

It has been suggested to me that I should ban liquor and beer advertising but how could I in fairness do that when we continue to permit other manufacturers, whose goods are rationed or in short supply, to maintain their advertising in order that they may keep their trade names before the public. Furthermore, no one will want me to banish English and American periodicals from Canada. Most of them carry advertisements for brands on sale in this country. How could we ban such advertising in our own publications and allow them in those from the United States?

In conclusion let me say this: Everyone of us has his own ideas of what character our fast growing nation should develop. As our urban centres grow there are bound to be differences of opinion between people of some rural districts and those in the large cities of what civic rights shall be allowed to the people. Our laws must be so designed as to allow to each as much freedom of choice and self reliance as possible. Some sections of the population look askance on dancing, theatres, smoking, drinking and many types of literature.

Let us resolve therefore not to force the views of one section of the community on the other. When a reasonable self-reliant people have an unreasonable law imposed upon them they simply ignore that law with disastrous results to the legal institutions of the country. We learned this at bitter cost during prohibition years. The greatest friend of temperance would not want to greet our men's return from abroad with the evil spectacle of prohibition.

I am convinced we cannot force the principle of moderation but we can teach it. I appeal to all in this nation to be temperate in everything they do in order that we may exert the maximum impact on the enemy. In particular I appeal to brewers and distillers and those interested in true temperance to join forces and use every additional means at their disposal to spread the principle of moderation. I appeal to the provincial authorities to so frame the regulations for retail sale that the business will be conducted in the open and on the highest ethical standards and not driven underground and to the bootleggers. Surely this is an effort to which all parties can agree harmoniously.

Canadian Breweries Limited

GOLDEN EAGLES, THE FORMER VICTORIAS, SHELLACKED A GAME LITTLE PANTHER TEAM, 11-3

Royals Shut Out the Surprisingly Strong Staynor Black Hawks, 3-0 — Basil Boxer Counted The First Royals' Goal in Initial Clash

The Golden Eagles and Royals won the opening games in the midjet section of the Westmount Municipal Hockey League played on Tuesday night at Westmount Park. The Golden Eagles, formerly the Victorias, shellacked a game Little Panther team 11-3 while the Royals shut out the surprisingly strong Staynor Black Hawks, 3-0.

Geoff Messenger, Harry Cox and Jim deLalanne were the big guns in the Buddy Read's Golden Eagles triumph. Messenger tallied five goals. Cox tallied one and assisted in five others while deLalanne scored twice and got credit for assists in four other counters. The scoring line composed of this trio accounted for seventeen scoring points.

Although beaten eleven times, Andre Sawyer in the loser's nets was a standout and kept the score from mounting into the twenties. Up in front, Harold Young and Jim Van Ryswick held their own with their opponents. Young scored once and was credited with an assist, while Van Ryswick did likewise. Steve Galley scored the other Panther goal with Ross Gillingham drawing an assist.

Fred Jeffcoat's Staynor Black Hawks put up a surprising battle against the favored Royals in the nightcap of the twin bill, losing a 3-0 verdict to Mr. Boxer's team. Basil Boxer counted the first Royals' goal in the initial stanza when he banged in Jackie McKissock's rebound. Warren Chipindale made it 2-0 before the period ended, when he finished off a passing play with Jim Robinson and Bill Dryden. The winner's third and final goal came in the third period, with Roy Hellyer converting Frankie Read's pass.

Although they were outweighed all the way down the line, the Staynor team showed a real good effort and they will improve a lot before the season ends. Standouts for the Black Hawks were Ken Bramble in the nets, Reggie Lord, Fred Dejean and Healy.

Tuesday night's games were postponed fixtures and as a result only three more postponed games are left on the midjet section's books. The Royals and Golden Eagles game scheduled for Monday, Jan. 4th, will be played on Friday, Jan. 22nd; the Weredale-Panthers game scheduled to be played on Friday, Jan. 8th will be played on Saturday, Jan. 30th; the Weredale-Black Hawk game originally scheduled to be played on Wednesday, Jan. 6th, will be played on Friday Feb. 5th.

Midget games scheduled for this week are as follows:

Fri., Jan. 15, West rink, 8:30 p.m.—G. Eagles vs. Weredale.
Mon., Jan. 18, East rink, 8:30 p.m.—Eagles vs. Panthers.

"Durable Dit" Clapper Still A Great Force

The most durable National Hockey League player, of those now in action, is Aubrey "Dit" Clapper, captain of the Boston Bruins.

Surviving one of the most severe accidents ever visited on any major league star, when his Achilles tendon was almost severed, last winter, by an accidental slash from a skate, Clapper came back into action this season.

He is now in his 16th season, equalling the record completed a few years ago by Aurel Joliat, of Canadiens, but with another season to go before he equals the mark set by the redoubtable Reinald "Hooley" Smith, who finished out 17 years of National League service with his fourth team, the New York Americans.

One-Club Man Like Joliat, Clapper has played all his hockey with one club. Clapper, now 36 years of age, 6 feet 2 inches in height, saw his first National League service with the Bruins in 1927. He has participated in 11 world's series, being out of the Bruin cup play last season through injury, was a prominent factor on the forward line which set the all-time record for high scoring in a season, and is one of the few members of hockey's most exclusive club, those who have scored 200 goals or more.

Gentleman, Too For years he has been an outstanding player, in point of quality and sportsmanship. Not in any one entire season has he spent a full hour on the penalty bench. "Dit" Clapper was born in Newmarket, Ont. He was discovered by Eddie Powers, then with the Bruins, when Clapper was making a name for himself with the Parkdale Juniors. Playing on the forward line at right wing, he was selected on many all-star teams, and then when moved back to the defence, he again proved his claim to all-star hockey fame by becoming one of the best defence players in the game.

Keep Hawks Flying Though Hard Hit By War Call

When the Chicago Black Hawks took the ice at the start of the present National Hockey League season no one expected they would cut any great figure in the race.

From last year's team had vanished the goalie, Sam LoPresti, and goalers of National League calibre are very hard to find. Gone from the defence was rugged Johnny Mariucci, the Minnesota Gopher college football star who also made good at hockey, and big Joe Cooper, while red-headed Johnny McKay had been missing the previous season, as well. Gone were Alex Kaleta, Bill Mostenko, Leo Carbol, Bill Carse, and Johnny Chad, all good hockey players. All were in some division of the armed forces, or doing useful war-time work.

But manager Paul Thompson didn't throw up the sponge. He bought goalie Bert Gardiner from Montreal Canadiens, built up a new defence around the peerless Earl Seibert, got some help from Hawks' farm team, Kansas City, when the American Association disbanded. And before anyone realized it, Hawks were in the thick of the fight, paced by the sprightly Bentley brothers, who are great two-way forwards, and with Gardiner at one point leading the League in the race for the Vezina trophy, for low goals-against.

A NOVEL METHOD

Thompson has done an excellent job, at Chicago. He is now in his fourth season as manager, moving directly from the ice, where he started for many seasons, into the managerial berth at the Windy City, to replace Bill Stewart, former referee, and the only American-born manager who ever led a team to the Stanley Cup. Thompson brought to the Hawks some new theories of training. For instance, he frowned upon the almost daily scrimmage practices which are held to be an accepted fundamental with other clubs. Thompson, each season, puts his club through a terrific drilling at Hibbing, Mich., the training-quarters for the team. They work out two hours in the morning, lunch in their uniforms, rest up an hour, then swing back on the ice for another two-hour drill. On top of that, there's shooting-for-accuracy practise.

As a result, the team steps into the National League race in first-class physical shape, and Thompson believes it would only be inviting staleness to continue drills. He thinks the actual play keeps the players in form, and puts the team through a very few scrimmage practises all season.

TRAINED TO SHOOT

One of the most accurate shots hockey ever knew, Thompson insists on plenty of shooting drill,

however. He takes twelve pucks, places these at spaced intervals, in a semi-circle in front of the case. Every player on the club is required to take shots of three varieties. One is from a standing stance, one a back-hand, one a slap-shot while skating fast. Each of these is repeated four times. The result of this is no beneficial merely to attacking players. It gives the net-minder an intensive drill.

Another point on which Thompson has drilled his club, is in method of getting the puck out of Hawk territory. No matter where a Hawk wing catches up with the disc, he is supposed to take it (or pass it if he has a clear alley) to either side of the rink.

The morning after every game Thompson assembles his team in the Hawk offices and they discuss the good and bad points of the previous night and take up matters pertinent to their next opponent.

LOW ON PENALTIES

Thompson has also stressed the importance of clean play, as in-avoiding penalties. As a result, Hawks' penalties have been held down appreciably this season. At the half-way mark, the club had the lowest penalty list in the entire League, 140 minutes for 22 games. Max Bentley, the team's best points-maker at that stage, had been given only one minor, his brother Doug three.

BANTAMS NOW FAR BEHIND IN SCHEDULE

Black Hawks and Thunderbolts Will Meet Monday Evening

The bantam section of the Westmount Municipal Hockey League, like the other sections of the league, are also behind in their scheduled games, with no less than eight postponed games on tap. The first two postponed games were scheduled to be played last night. In one of the games the Vampires met the Rangers, while the Commandos and Skulls hooked up in the other. These two games were originally slated for Friday, Jan. 8th.

The dates for the other two games slated to be played last Friday night have also been set. The Black Hawks and Thunderbolts will meet on the East rink at 7:30 p.m. Monday evening, Jan. 18th, while the Argos will travel down to Staynor to play the Royals on Wednesday evening, Jan. 27th, at 7:00 p.m.

The dates for the four bantam games scheduled for Saturday, Jan. 9th, have also been set. The Rangers will meet the Argos on Tuesday evening, Jan. 19th, at 7:00 p.m., on the East rink; the Royals play the Skulls on the West rink on Monday evening, Jan. 18th, at 7:00 p.m.; the Thunderbolts play the Vampires on the East rink on Monday evening, Jan. 25th, at 7:00 p.m., while the Black Hawks and Commandos meet on Wednesday evening, Jan. 27th, on the West rink at 7:30 p.m.

Games scheduled for this week are as follows: Fri., Jan. 15, East rink, 7:30 p.m., Black Hawks vs. Skulls; East rink, 8:30 p.m., Thunderbolts vs. Argos; West rink, 7:30 p.m., Commandos vs. Rangers; Staynor rink, 7:30 p.m., Vampires vs. Royals. Sat., Jan. 16, East rink, 2:00 p.m., Rangers vs. Thunderbolts; East rink, 3:00 p.m., Skulls vs. Argos; West rink, 2:00 p.m., Royals vs. Black Hawks; West rink, 3:00 p.m., Vampires vs. Commandos. Mon., Jan. 18, East rink, 7:30 p.m., Black Hawks vs. Thunderbolts; West rink, 7:00 p.m., Royals vs. Skulls. Tue., Jan. 19, East rink, 7:00 p.m., Rangers vs. Argos.

Fitten, Siebert Don't Fit?

Both the Athletics and Phis are expected to have new first basemen next spring, for neither Dick Siebert nor Nick Eiten seems to fit into the scheme of things planned by Connie Mack and Hans Lobert. Both first-sackers are slated to be waived out of the major leagues.

POSTPONED HOCKEY LEAGUE GAME OF GOLDEN EAGLES AND GUNNERS TO BE PLAYED TUESDAY EVENING

Two New Players in the Golden Eagles' Roster Are Donn Bussiere, Flashy Centre Ice Man With Midget Champions Last Year, and Pat Wickham

After many postponements, the juvenile section of the Westmount Municipal Hockey League, expected to get its schedule underway last evening when the Golden Eagles and Staynor Maple Leafs met at the Staynor Park rink. With three postponed games to be played, the teams will be faced with a heavy schedule for the remainder of the season.

The Golden Eagles, last year's champions and provincial titlists, finished off their pre-season training with an 8-0 victory over the Verdun Bombers Juniors. Doug Alexander, mentor of the champions, has lined up another strong contender using three of last year's team as a nucleus for this year's squad. The three left-overs from last year's championship team are Euard Read, Noel Ronney and Stu Bearine, all forwards. Alexander has picked up four men from the disbanded Rebels: Lorne Cullinan, Bob Bulger, Jim Macken and Paul Peterson. Macken and Peterson are forwards, Bulger is a rearguard while Cullinan is a goalie. Frank Provost who played for the Golden Eagles two years ago, is back again with the team after a year's sojourn with the Staynor Hawks. Two new players in the Golden Eagles' roster are Don Bussiere, flashy centre ice man with the midget champions of last year, the Victorias, and Pat Wickham, who last played in Westmount for Loyola last year.

Pete Read's Gunners have also lined up a strong squad with many of the Westmount High team playing for it. Ross Miller, Corn Strachan, Harold Fairhead, Dave Harvie, John Peirson, Bob Lord are among the school team's Senior A players who have signed with the Gunners. Newcomers this year are Gordie Brace and Gordie Craig from the Staynor Canadiens midgets, Bill Coles from the Victorias midgets and Dave Silliman from Ontario.

The Staynor Maple Leafs played an exhibition game in Snowdon on Monday evening and that (it should ready them for the season opener last night. Amongst the players lining up with the Maple Leafs are Stu McCowan, Maple elats are Stu McCowan, Guy Bonnier, Rupert Rubens, Warren Prud'homme, Andy Baxter and others.

The following are the new dates for the three postponed games: the game between the Staynor Maple Leafs and the Golden Eagles originally scheduled for Monday, January 4, will be played on Tuesday evening, January 12, on the East rink at 8:00 p.m.; the game between the Gunners and the Staynor Maple Leafs originally scheduled for Wednesday, January 6, will be played on Friday evening, January 15, at the Staynor rink, 8:30 p.m.; the third postponed game between the Golden Eagles and the Gunners which was supposed to be played on Monday evening, January 11, will be played on Tuesday evening, Jan-

Aussie Swimmer Is Knighted

Frank Beaurepaire, one of the greatest swimmers in Australian history, has just been knighted. He has competed in the United States, and on one overseas tour he swam in 40 events, winning all. Sir Frank, now lord mayor of Melbourne, has held 14 world records and more than 80 state championships. More remarkable was the fact that he competed on the 1908, 1920 and 1924 Olympic teams.

Y's Chats

Last Friday night the 'Y' was the scene of a true and false programme. The boys were divided into two teams, Ken MacLeod acting as captain for one team and Tom Sparrow, captain for the second team, "Doctor" Ron George was the master of ceremonies and did a fine job in asking the true and false questions. Both teams put up a good battle but the Smith brothers, Allan and Donald succeeded in holding the lead for team, and then it was a contest to see which of the brothers would last out the longest, and Allan, the older brother, finally came out on top. The evening ended with a fireside programme consisting of stories and eats.

Floor Hockey This Tuesday saw three junior teams start a floor hockey league. Three teams, the Sharks, with Mary Greenbaum as captain, the Red Devils with Cam McFadden as captain, and the Rangers with Dave Binmore as captain started out the league with three fast hard fighting games. In the first game Rangers vs. Red Devils, the Red Devils came out on top with a score of four to three. Cam McFadden led the Devils with two points and Dave Ross and Young scoring one point each. Henry Bustos tallied twice for the Rangers and Dave Binmore once.

The second game Red Devils vs. Sharks, the Sharks came out on top with a one point lead over their Rivals. Mary Greenbaum scored three points and Ron George and George Thomas scored one point each. For the Devils Young scored three and Dave Ross one. The final score Sharks five, Devils four.

Gus Welch, the old Carlisle quarterback, expects to live many more years. He says his mother lived to be 116 and never sat in a chair.

The Willow Club of Lawrenceville, Pa., has 44 of its amateur boxers in service.

The Day Is Coming

By Nellie L. McClung

Snow at the Pacific Coast is not welcomed, even when it comes in January. I look out now on the whitened evergreens bending low over the road, cherry trees in false bloom, rockets turned into mysterious mounds, and every fence post with a round white cap on its head; and I am ready to acknowledge the beauty of the snow and try to overlook the prospect of muddy roads and interrupted traffic. I heard the bus last night laboring up the hill and it reminded me of the old days when horse teams were stuck on the roads for the same reason. No doubt it is good for the Victoria people to experience a touch of winter. It keeps them humble. Hundreds of robins are circling round the houses to remind all good people that something has happened to their stores of food. They attack the pyracanthus and rowan berries now (which are evidently their "iron rations"); even the independent bantams are ready to accept a handout.

All day and night we hear the fog horn, deeply muffled, and know this is one time the navigators are faced with a real problem. Darkness, rain and fog are nothing to them, but snow deadens the echoes. Still the hoats come in and go out on time, thanks to the uncanny skill of these men of the sea.

It is easy to become depressed these days when every newspaper and broadcast tells of destruction and death: scorched earth, havoc and loss. Where is all this going to end, we ask ourselves and each other. How are we ever going to pay the bills? The words of the old music-hall song have a new meaning. "What will we do when the rent comes round?" I find the best cure for depression is to get out of the house. Four walls can grow very gloomy when you look at them for too long. Surely the sun brings assurance by day and the moon and the stars by night. There is an eternal rightness in the process of nature which calms our fears. It seems that God knew what man would do with his creation and so underwrote the whole human experiment by putting it into the heart of primitive man to plant crops and save seeds. For seeds have a way of carrying on.

There is a new word now which is not as well known as it is going to be—it is a magic word too, but has no connection with tachons, curses, or graveyards at midnight. It deals in charms and pots of gold and sudden transformations, such as turned Cinderella's mice and pumpkin into a golden carriage drawn by dappled grey horses; a life-saver for the young lady at the Prince's ball when the hands of the clock began to close like a pair of scissors on the hour of midnight.

But the leaders in Germany immediately thought of explosives as the best use for nitrogen and armed with this great discovery they launched the first World War, which destroyed forty million lives and impoverished their own country. Then out of their poverty and humiliation they were willing to let liberty go for the promise of security. Their evil genius, Adolph Hitler, rounded out the picture when he threw the great scientist, Fritz Haber out of his laboratory because he was not a "pure Aryan".

So, you see it is not enough that the sun shines and the grass grows, and wise men have discovered how to utilize these great forces for our benefit in the matter of food, clothing and transportation; heat, light and power—we still have the terrific task of making men want peace and plenty for everyone.

We hear much said about the problems of the farm. Farmers have been paid not to produce, and no one likes that. The farmer knows it is an unsound policy, an emergency measure. The chemurgists have a brighter hope for the farmer, Henry Ford, who was one of the pioneers in this field, has declared—"I believe industry and agriculture are natural partners, and the time is coming when the farmer, in addition to feeding the nation, will become the supplier of the materials used in industry. Agriculture now suffers from a lack of markets. Industry cannot guarantee regular work to all its employees. Bringing them together will heal the ailments of both."

Some day, when people have ceased to quarrel, having learned that toil is better than theft, the good earth, the good green productive earth, warmed by the sun, watered by the clouds, will feed all her children. This has always been the vision of the poet, and the desire of many a scientist. William Morris, author of that beautiful poem "Jerusalem," wrote another poem called "The Day is Coming" wherein he tells about the wizards of Chemurgy such as the wizards of Chemurgy about "the lovely cities, the little houses, and happy fields" and "wise men seeking out marvels."

For cheerful reading in these anxious days I recommend a study of chemurgy, and the poems of William Morris.

Minor Accidents Over Week-end

Two Women Slightly Injured When Autos Were Struck by Street Cars

Mrs. Oswald Howard, who resides at 450 Lansdowne avenue, Westmount, 71 years of age, was taken to the Homeopathic Hospital on Saturday, and Elizabeth Duyns, 20 years of age, of 975 Addington avenue, was conveyed to the same institution.

Both women suffered injuries in much the same manner, when the automobiles they were in were struck by street cars.

Mrs. Howard who was travelling in a car driven by her husband, sustained injuries to her neck when the auto was hit in the rear by a tram car at the intersection of Northcliffe and Sherbrooke West. Mr. Howard himself escaped injuries and the car was only slightly damaged.

Miss Duyns suffered a cut over the right eye, when the automobile she occupied was struck in the rear by a street car on Sherbrooke near Walkeley avenue. The auto was rather badly damaged and Miss Duyns had her wound attended to at the Homeopathic Hospital.

HOLIDAYS FOR NED

London's donkeys have been assured a holiday despite the business rush at Parks created by Britain's stay-at-home holidays. The beasts of burden, so popular for park sightseeing, now have a Donkeys' Charter drawn by the Royal Society for Prevention to Cruelty to Animals. It provides an eight-hour day, a complete holiday on Sunday, and reasonable lunch-time for food, water and unsaddling. Sound donkeys are now valued at \$48 in London.

LIBRARY METHODS

(Continued from Page 1)

such sums of money allowed to them.)

3. Forward looking trustees.
The library is usually administered by a board of trustees appointed by the authorities of the district served. They should be men and women of high standing, representing different interests in the community, and above all should appreciate the value of the library. They engage the librarian and turn over internal administration to him.

4. A librarian with fine personality, good general education and professional training, interested in books and in people. Assistants as needed.

When a doctor or lawyer is needed, one is called who is specially trained for his profession. The new high school teacher must be a college graduate with pedagogical work, and must have a teacher's certificate. The principal must have, in addition, experience and administrative ability. The librarian with corresponding responsibility is a college graduate, with some library school training. A background of experience is also necessary if he is to administer a library of any size.

5. A carefully selected book collection, with a minimum of two books per person, kept up by frequent buying.

Discards from many attics do not make up a library. A book fund is needed at the very beginning to buy from standard library lists the books that are adapted to the particular community, and to keep up interest by adding new books at frequent intervals, or fresh new copies of such children's favorites as "Little Women," which wear out in service, and must be bought over and over again. Accept gifts by all means, but with the distinct understanding that the librarian will put on the shelves only those which will fill a real place.

6. Centrally situated, attractive quarters, but not necessarily, at first, a library building.

A public library is a service of books, printed matter of all kinds, and information, not primarily a building. It is often much better to begin in a room in the city hall, or in a rented room or store on the main street, and grow out of that, than to begin with a campaign for a library building, before people have learned to value the library. Operating costs are also reduced by using simple quarters, and more money can be put into staff and books. Later on, if necessary, a bond issue might be voted. The Carnegie Corporation is no longer making gifts for library buildings.

A convenient location is of primary importance if the library is to be used by busy people. Better humble quarters in the heart of town than a monumental building in the park on the outskirts.

In choosing a location, avoid if possible, the loan of space in a school or church building. Such a choice simply makes for complications, and such has passed by in favor of some neutral territory.

Obviously, all thought of building is automatically ruled in war time. That problem is therefore settled for the duration.

What to do.
With these basic principles in mind, we can consider the definite steps to be taken in order to start a public library. These may include:

1. Get all the possible information. I am afraid that your provincial government will not be much help to you here, but I know I speak for the Quebec Library Association, a group of Montreal librarians, in offering you any help that you may require. In particular, the McGill University Library School will lend advice, books, etc. I would suggest further, that you might visit neighbouring libraries—I will be only too happy to offer, on behalf of the Westmount Public Library, anything that we may do.

2. Lay a solid foundation on interest. Interest key people in your community, of the various organizations. Get the few people really enthusiastic over the project, perhaps before embarking on wider support.

3. Effect a campaign committee organization. I understand that such a committee is to be set up very shortly. It will then appoint its officers, probably a chairman and a secretary. Sub-committees will be appointed by degrees, such as publicity, etc.

4. Conduct a campaign of education. This to be directed towards creating general favorable sentiment, and toward convincing the governing body of the city, which will be asked to establish the library. The points included might be newspapers, short talks at all kinds of meetings, distribution of broadsides and leaflets, essay contests at schools, posters, etc.

5. Secure a formal resolution of establishment from the city council. A petition may be necessary. It will probably be desirable for a delegation to approach the council.

6. Follow up the appointment of library trustees.

You should make sure that the trustees chosen should be forward looking men and women of standing in the community, representing various elements.

The number and terms of office of the trustees will have to be set up by city by-law. Ordinarily, first appointments are for irregular terms, so that in the future the terms of only one or two will expire at once. The usual number is five or seven.

The trustees will meet, take an oath of office, elect officers and appoint committees if desired. Simple by-laws will be needed for the conduct of their business.

7. Secure an adequate appropriation or tax levy.

This may be included in the formal vote of establishment or resolution. Usually the trustees are expected to prepare a budget, and submit it to the body that appointed them, which then

8. The trustees appoint a librarian.

The McGill University Library School would be pleased to help in this respect. Note that the librarian is needed while plans are still in the making.

9. Librarian and trustees prepare to give service.

A trained librarian is equipped for this part of the work. If one is on the way, many decisions can be held off until he comes. Some of the points to be attended to—

Plan quarters and furniture.

Select and order books and magazines.

Determine administrative policies, such as hours of opening, assistants, fines for over-due books.

Carry on technical organization such as classification, cataloguing, preparation of books for circulation.

Finally, open the library.

DAMAGES AWARDED

Josephine Renaud, widow, and Edouard Vezina, chauffeur, have been ordered jointly and severally to pay a sum of one thousand dollars, interest and costs, to D. A. Collins, funeral undertaker, as damages resulting from an automobile accident which occurred at the intersection of West-ern and Wood avenues, West-mount.

The plaintiff had entered action for \$1,059.50, and Mr. Justice Fabre Surveier, of the Superior Court, on Saturday, found D. A. Collins had proved his claim to the extent of \$1,000.

The accident happened on April 1 last year when Vezina, driving Mrs. Renaud's car, crashed into the automobile of plaintiff who had the right of way at the intersection of the two avenues at the time of the crash.

"WINKIE'S" MEMORIAL

A bronze plaque has been presented by a Beaufort squadron of the R.A.F. Coastal Command to "Winkie," pigeon number one of the National Pigeon Service, 1949.

A plane came down into the sea 120 miles from land. The pigeon was released and through flying to its cote in record time, the whole of the crew was saved.

The plaque, designed and made by an armorer in the squadron, was unveiled at a special ceremony.

The United Kingdom is now claimed to be the most highly mechanized farming country in Europe, with 129,000 tractors compared to 50,000 in 1933.

Window Screens To Be Of Nylon

Window screens that will not rust or require painting are a distinct possibility when nylon again becomes available for peacetime uses. These screens will be woven of single heavy strands of nylon monofilament into strong, smooth screens through which a sharp-pointed pencil can be pushed without causing damage. The hole can be closed merely by rubbing the fingers over the displaced strands. The screen can be colored permanently by adding pigments to molten nylon. The material is flexible and suitable for roll screens.

Catching and skinning moles and selling their skins has enabled one British Boy Scout Troop to invest in war bonds.
