## IMPORTANT FRENCH COAL CENTRE LONG HELD BY THE ENEMY WAS EVACUATED BY THE GERMANS AND FIELD MARSHAL HAIG'S TROOPS MOVED IN

Several Other Important Centres Captured When British and Canadian Troops Made an Advance of Maximum Depth of Four Miles on a Twenty-Mile Front This Morning—Yesterday Was Another Day of Notable Successes for the Allies—More Than 10,000 Prisoners Taken By the British in Yesterday's Operations.

(Associated Press Despatch)

LONDON, Sept. 3.—(1 p.m.)—The British have captured the city of Lens.

The town of Queant has been taken. Lens was evacuated by the Germans, the British moving in.

More than ten thousand prisoners were taken by the British yesterday. Additional prisoners were taken this morning.

Contrary to expectations the enemy has not reacted heavily with a view to the recapture of the Queant-Drocourt line, but has left the British in undisturbed possession of it.

### MADE ADVANCE OF FOUR MILES

(Canadian Press Despatch from Reuter's Limited)

LONDON, Sept. 3.—The British have occupied Lens, Wulverghem, Queant, Trouville, Doingnies, Velu-Bertincourt and Rocquigny.

This represents an advance to a maximum depth of four miles on a twenty mile front this morning.

### BIG GUN DUELS ON SOMME FRONT.

(Associated Press Despatch)

PARIS, Sept. 3.—Artillery action on the Somme front and further south between the Oise and the Aisne are reported in the official statement issued at the War Office today. The text of the statement follows:

"During the night there were artillery actions on the front of the Somme and between the Oise and the Aisne.

"Enemy raids along the Vesle River and in the Vosges regions were without result."

### BRITISH CONTINUE TO MAKE PROGRESS.

(Associated Press Despatch)

WITH THE BRITISH ARMY IN FRANCE, Sept. 3.—(12.31 p.m.)—In heavy fighting last night beyond the Drocourt-Queant line, the British are reported to have made further progress on a front of 13,000 yards.

The villages of Seudemont and Recourt, more than a mile and a half beyond Dury, the capture of which was announced last night, are reported to have been taken today.

The village of Etang, two miles north of Dury, fell yesterday at about the same time the British further south were capturing Villers-Les-Cagnicourt.

These captures were effected after most bitter fighting.

### CANADIAN TROOPS CARRIED EVERYTHING.

(Associated Press Despatch)

LONDON, Sept. 3.—The capture of the town of Queant, the southern support of the famous German switch line before Cambrai and Douai, is announced in an official statement from Field-Marshal Haig today.

Along this line the enemy was heavily defeated in his prepared defenses, and is retiring on virtually the whole battlefield.

The British forces are reported to have entered the towns of Pronville, Dougnies and Bertincourt.

In storming the Drocourt-Queant line the Canadians assisted the English troops and carried everything before them.

staff held the hope that the British, after several days of hard fighting, would be obliged to rest."

In the newspaper Oul, Colonel Fabry advances the view that the battle is being directed on the German side by the local commanders who are now more and more left to their own resources by General Ludendorff. This, he argues, is a certain sign that confusion prevails along the German line, and likewise of a scarcity of reserves, for in losing its reserves the supreme command loses its best reason for intervening in the direction of affairs at the front, the critic points out.

All the commentators agree that the British success is likely to have widespread effects, and that the German armies fighting before St. Quentin and La Fere will be obliged to accelerate their retreat for fear of the fall of what is characterized as the pivot of the whole line, to the west of Cambrai, which would place them in jeopardy.

Further south they captured Terny-Sorny and Fontaine-St. Remy. The road from Crotoy to Font Rouge, in the direction of Chemin-Des-Dames, was reached, and progress continues, according to latest reports.

HUGE FIRES INDICATE ENEMY IS BURNING HIS WAR SUPPLIES

(Canadian Press Despatch)

WITH THE FRENCH ARMY IN FRANCE, Sept. 3.—Huge fires which were seen in the direction of Vaux-

saillon, northeast of Soissons, at three o'clock yesterday afternoon, indicated that the enemy was burning his supplies. There is said to be nothing else inflammable in that region.

Yesterday's successes completed the conquest of the Soissons plateau, which will compel the Germans to retire to the Chemin-Des-Dames, which itself is menaced by the French advance towards Vauxsaillon.

## FIRST DAY OF ANNUAL FAIR AT AYER'S CLIFF

Live Stock Exhibits in Advance of Previous Years—Awards Made in the Farm Crop Competition in County.

AYER'S CLIFF, Sept. 3.—(Special)—The seventy-third annual exhibition under the auspices of the Stanstead County Agricultural Association opened today under most favorable conditions. Should the weather hold good this annual event should prove to be a banner one.

The live stock and other exhibits were early on the ground and each department was well filled. Some twenty new cattle stalls were erected to accommodate the increase in this department. The dining hall and booths were enlarged and repaired so that the buildings as a whole are now in first class condition.

Mr. F. W. Pope has had the track put in good condition, and the racing events will be well filled.

The Ayer's Cliff ladies have a large (Continued on page 6.)

## BROME COUNTY EXHIBITION OPENED TODAY

All Departments Well Filled—Judging Now Under Way—Competition Very Keen—Large Crowds Expected.

BROME, Sept. 3.—(Special)—The three days fair held under the auspices of the County of Brome Agricultural Society opened today under most auspicious circumstances. The weather was good, the entries large, and the management had the arrangements for each department complete, so that there was no delay and inconvenience. The result meant that the exhibits were all in line for an early start by the judges.

Under the present existing circumstances the live stock exhibits passed all expectations and speak well for the progressive Brome farmers.

The judging of the fancy drivers in front of the grand stand started this afternoon and will continue each day until the close.

The racing promises to be good, and (Continued on page 5)

## U. S. GOVERNMENT'S WAR EXPENDITURE BROKE RECORD

(Canadian Press Despatch)

WASHINGTON, D. C. Sept. 3.—Government war expenditures in August broke all monthly records by more than \$100,000,000, amounting to \$1,714,000,000, on reports up to today. Later reports may raise this by \$50,000,000.

## TEN MILE BREAK IN THE QUEANT-DROCOURT LINE

The Whole Hindenburg Line Appears to Be Doomed—English and Canadians are Still Chasing the Huns.

(Associated Press Summary.)

NEW YORK, September 2.—Over a front of thirty miles, from the region of Arras to Peronne, Field Marshal Haig's forces have literally smashed the German front.

The southern portion of the famous Drocourt-Queant switch line, which had been heralded as the impregnable bulwark of the German defence in the north, has given way under the violence of the British onslaught over the entire front from the Scarpe River to Queant, a distance of virtually ten miles, and Monday night saw the Canadian and English troops, who carried out the manoeuvre, hard after the defeated enemy some three miles to the eastward.

Thousands of prisoners have been taken from the strongly-resisting enemy, who at last accounts was fighting violently as he gave ground toward the Canal Du Nord.

By this victory seemingly is ended the maintenance of the Hindenburg line to the south, which the British are gradually approaching over its entire front. Already thoroughly outflanked on the north, and with the French well upon its southern base, military necessity apparently will require that the Germans relinquish the Hindenburg fortifications and realign their front from Flanders to Rheims in order to avert disaster at the hands of their now swiftly-moving antagonists.

Already the roads to Douai, Cambrai and St. Quentin are thoroughly invested by the British and French armies, while north of Soissons the French and Americans are in a position of vantage from which to carry out turning movements which will outflank Loos and the Chemin-Des-Dames and Aisne lines. The situation of the enemy, viewed from the war maps, is the most perilous he has yet been in.

HUNS DAILY BEING FORCED BACK.

Added to the troubles of the German High Command is the situation that is fast developing in Flanders, in the region around Ypres, where the Germans daily are being forced out of their positions by the British and American troops. All over this sector steady progress is being made eastward in the blotting out of the salient that has long existed there. The Americans, who took Voormezele Sunday, now are well into the region east of the town, having overcome the strong resistance of the Germans who endeavored to bar their way. A few more strides by Haig's men in this region and Armentieres will be within striking distance. After Armentieres it is but a step to Lille.

TURN ABOUT.

Office Boy—Can I get off to go to the ball game?

Boss—No, you can't. Furthermore, you will have to work this evening, the office is scheduled for a double-header.

## LATEST WAR BULLETINS

INTERESTING DEVELOPMENTS EXPECTED.

(Canadian Press Despatch)

LONDON, Sept. 3.—The situation in the southern part of the battlefield is said to be extremely interesting, but nothing more can be said for the moment.

ENEMY CONVOYS MOVING EASTWARD.

(Canadian Press Despatch)

PARIS, Sept. 3.—Constant movements toward the rear of the German lines on the Somme front in the regions of Ham and Guisard are reported by the correspondent of Le Journal at British Headquarters. Hospital and dressing stations are being hastily cleared, while convoys are moving northeastward, harassed by Entente airplanes.

BIG GAINS IN RUSSIA.

(Associated Press Despatch)

LONDON, Sept. 3.—Entente Allied troops in Northern European Russia, aided by Russian forces, on August 31 captured the enemy's positions north of Obzorskaya, seventy-five miles south of Archangel, according to an official report issued today by the War Office.

The captured position was consolidated and a subsequent enemy counter-attack was repulsed with heavy losses.

The Allied troops are pushing on to Obzorskaya. The guns of the Allied armored train were very effective in the fighting.

## CANADIAN CASUALTIES

(Canadian Press Despatch)

OTTAWA, Ont., Sept. 3.—There are 86 casualties in today's list, of which 25 were killed in action, 8 died of wounds, four died, one missing, believed killed, one wounded and missing, one missing, six seriously ill, 33 wounded, six gassed, and one repatriated.

## E. T. MEN ON CASUALTY LIST

LIEUT. ROMEO DUPUIS DIED OF WOUNDS.

Mr. Louis Dupuis, 30 Gillespie street, received word from Ottawa yesterday informing him that his son, Lieut. Romeo Dupuis, infantry, had died of wounds on August 28.

Lieut. Dupuis joined the 22nd French-Canadian Battalion in November, 1914, and went overseas with that regiment. After a short time in England the battalion went to France and Lieut. Dupuis went through all the hard fighting and escaped injury until the last big drive in which the Canadians took such an active part.

## THE WEATHER

WEDNESDAY, FRESH NORTH WINDS, FAIR AND COOL.

A shallow disturbance which was over the State of Kansas yesterday morning has moved to the Lake region, causing showers over Western and Northern Ontario. The weather has been fine in Quebec and the Maritime Provinces. Frost has occurred in many parts of the Western Provinces.

Unsettled and showery; Wednesday, fresh northwest winds, fair and cool.

ailon, northeast of Soissons, at three o'clock yesterday afternoon, indicated that the enemy was burning his supplies. There is said to be nothing else inflammable in that region.

Yesterday's successes completed the conquest of the Soissons plateau, which will compel the Germans to retire to the Chemin-Des-Dames, which itself is menaced by the French advance towards Vauxsaillon.

## SMASHING OF FAMOUS DROCOURT-QUEANT SWITCH REGARDED AS WORST BLOW DEALT FOE IN WAR

Daily Mail Says Loss Will Involve the Evacuation of French Coal Fields, While the Daily Telegraph's Military Expert Offers Statement that, if Enemy Cannot Stand Before Douai, Cambrai and St. Quentin They Can Stand Nowhere This Side of the German Frontier—Too Much Confidence that the Success Can Be Maintained is Depreciated, However, and Opinion is Expressed that Enemy Will Make Desperate Effort to Recover Position.

(Canadian Press Despatch)

LONDON, Sept. 3.—The sensational breaking of the famous Drocourt-Queant switch line, following a series of important Allied advances with great captures of men and material, has made an immense impression here. While too great confidence that the success can be maintained is deprecated, and while the expectation is general that the enemy will make the most desperate efforts to recover the position, the blow is regarded as one of the worst disasters inflicted upon the Germans during the whole war, and one which must cause their high command the deepest anxiety.

The belief is general that the switch defence and that there is nothing so strong behind it. Consequently, its loss if it becomes final, opens the widest possibilities.

"Its loss would involve the evacuation of the French coal fields, perhaps even of the Flanders coast," says the Daily Mail, "and would imperil the German hold on Douai, Valenciennes and Cambrai, which are essential to Hindenburg for manoeuvring his armies. The switch line is thus the pivot of the whole German front and its breach means that we have forced the enemy to a struggle of man against man which he had used all of his ingenuity to avoid."

May Be Forced to German Frontier.

The Telegraph, also noting the danger to the important German centres of communication, says:

"If the Germans cannot stand before Douai, Cambrai and St. Quentin they can stand nowhere this side of the German frontier. If it is possible

for them to fight harder and throw in reserves at a swifter rate than they have done in the last few days they will do so. We doubt the possibility of their accomplishing either."

Other commentators remark that the Germans now pretend that they are retiring according to plan, and are convinced that the retirement will be compulsorily carried much further than they ever intended.

## U. S. PEOPLE WILL PAY TAX ON WAR COST OF \$24,000,000,000

(Canadian Press Despatch)

WASHINGTON, D. C., Sept. 3.—Under the new War Revenue Bill, favorably reported to the House today by the Ways and Means Committee, the American people will pay in taxes approximately \$8,012,792,000 of this year's estimated war expenditure of \$24,000,000,000. The remainder of nearly \$16,000,000,000 will be left to posterity in the form of bonds.

REICHSTAG LEADERS TRIED TO REACH THE BRITISH PACIFISTS

(Canadian Press Despatch)

STOCKHOLM, Sept. 3.—Nydeglyst Allehanda quotes Pieter Troelstra, the Dutch Socialist leader, as saying in an interview at Lucerne that an attempt was made last January by the leaders of the three parties constituting the German Reichstag majority to reach an agreement with the political pacifist leaders of England with a view to preparing the way for energetic action in favor of peace on the principles enunciated by President Wilson.

Comstock, of (Smith's Mills) Tomofobia, came to Mr. L. Calls on Saturday for the week-end.
A large number from here took in the big fair at Sherbrooke, and those passing by over the Government road numbered thousands. No less than three autos were ditched, but were later able to proceed.

FOOD BOARD FLASHES FOR FEMINE FOLK
With the beginning of the Fall School term the teacher should plan to include a simple study of food questions in her daily schedule. The children might be asked to make food posters and small stamps. Prizes might be offered for the best essays on food conservation and production. It should be pointed out that by keeping rabbits, chicks, pigs or goats, Canadian girls and boys can help to feed their little brothers and sisters in Europe.
M. Victor Boret, French Minister of Food, called upon the children of Paris some time ago to make designs for posters. The results surprised everyone and now the posters and stamps are being proudly exhibited all over France, as evidence of the patriotic and naive artistic skill of the Parisian school children.

NORTH HATLEY
The North Academy will re-open on Thursday morning, September 5th

with the same staff of teachers as last year, viz: Miss F. A. Bryant, B. A. Principal; Miss Marjorie H. Reed, Model; Miss L. Doris Ives, Elementary, and Miss Amy B. Davidson, Primary.

Thought She Would Lose Her Little Girl With Diarrhoea.

Thousands of infants die annually who could be saved by the timely use of Dr. Fowler's Extract of Strawberry.
There can be no doubt about it. During the seventy-two years that this wonderful remedy has been on the market, it has been proved conclusively that it is the best for diarrhoea, dysentery, colic, cramps, cholera infantum, and all looseness of the bowels, especially when the children are teething.
Many of the imitations of "Dr. Fowler's" being offered to the public today are positively dangerous, as they often check the diarrhoea too suddenly, cause inflammation and leave the bowels in a constipated condition. "Dr. Fowler's" will not do this, but will impart a healthy tone to the mucous surface, and stop the diarrhoea in an easy and natural way.
Mrs. M. Tyler, Orland, Ont., writes: "I have used your wonderful medicine for nine years with great satisfaction. My little girl was only five months old, and she was so sick with diarrhoea I thought she would die. I was advised by a friend to try Dr. Fowler's Extract of Wild Strawberry, and it gave her quick relief. I have used it ever since for the whole of my family, six in all, and can praise it more than anything I ever used."
The genuine is put up by the T. Milburn Co., Limited, Toronto, Ont. Price 35c.

Kept Awake at Night Itching So Intense Healed by Cuticura

"A nasty patch appeared on the right side of my face, caused by shaving with a dull razor. I drew blood with my fingers, the itching was so intense. The patch was red and irritated causing me to keep awake at night.
"Seeing Cuticura Soap and Ointment advertised I sent for a free sample. After using I noticed quite a change so I bought a box of Cuticura Ointment and two cakes of Cuticura Soap, and I did not finish the whole box of Cuticura Ointment when I was healed permanently." (Signed) Ewen MacDonald, Marion Bridge, N. S., September 30, 1917.
Cuticura Soap and Ointment are not only most valuable for the treatment of pimples, dandruff and irritated scalps, but their great mission is to prevent such conditions. Cuticura Soap used exclusively for the toilet, and Cuticura Ointment, as needed, keep the skin and scalp clean, clear and healthy.
For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U.S.A." Sold everywhere.

WAR CANNING BULLETIN

It was a Belgian soldier artist who first put the Kaiser's head in a can. He did it with pen and ink. The Canadian housekeeper can do it with fruit and sugar. Well-lined cellar shelves constitute one of the lines of home defence. It's the women's part in the game.
And in your canning remember to avoid any waste. Only perfect fruit should be used for canning but scraps and left-overs should all be boiled into a jam and sealed in small glasses for incidental use.

You Feel Fine

Fatigue is the result of poison in the system, the waste matter resulting from the activities of life. The kidneys have failed to filter these poisons from the blood and you are tired.
But awaken the kidneys and liver by using Dr. Chase's Kidney-Liver Pills and you soon feel fine. The poisons are swept from the system, the pains and aches are gone and you are ready for work and for play.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled.
Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.
Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!
Ouch!!! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right off without pain.
He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callous from one's feet. Millions of American women will welcome this announcement since the alleviation of the high heels

Quick, Painless Way to Remove Hairy Growths

(Helps to Beauty) Here is a simple, unfailing way to rid the skin of objectionable hairs. With some powdered delatone and water make enough paste to cover the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the delatone in an original package.

PATRIOTIC WORK

ASCOT CORNER RED CROSS. ASCOT CORNER, Sept. 3.—(Special) The Ascot Corner Red Cross workers met at the home of Mrs. E. Larigue, with 20 ladies present, and a nice lot of work was accomplished. After the business meeting tea was served by Mrs. Larigue, assisted by Miss Enie Murphy, Misses Edith and Ruby Larigue. Proceeds from tea \$3.15, for the Knitting Club. The next meeting is to be with Mrs. Chas. Pagot, Thursday, September 5th.

well attended and enjoyed by all. A fine programme had been arranged, local and out-of-town talent taking part. Mrs. Fay, of Knowlton, always a favorite violinist, received hearty applause. At the close of the entertainment a dainty hand embroidered lingerie gown, which had been presented to the Red Cross, was raffled, Miss Annie Bulman, of Sweetsburg, being the fortunate winner. The total proceeds of the evening amounted to something over eighty dollars. Mrs. W. A. Hogue and three daughters, Misses Nina, Beth and Beryl, of Medicine Hat, the guest of Mr. and Mrs. Hauver; Mr. and Mrs. E. Duffly, Mr. and Mrs. George Hogle, of Hartford, motored to Cowansville, and were the guests of the latter's sister, Mrs. P. E. Hauver. Mr. Geo. Hogle, who met with an accident at Rutland, which developed into blood poisoning in his arm, is now recovering. Mrs. George Hosmer, and two daughters, of Springfield, Mass., is the guest of her aunt, Mrs. O. L. Hauver; Mrs. Edd. Doherty, of Peru, Ind., is also the guest of her aunt, Mrs. Hauver.

COPS SHOULD BE MUZZLED. For Collins News—The owners of dogs are keeping their dogs tied up to avoid the animals being bitten or shot by the police.

**SENTENCED TO SIX MONTHS AT HARD LABOR**

Joseph H. Lacourse Pleaded Guilty to the Charge of Stealing Automobile Tires in Magistrate's Court.

Joseph H. Lacourse was found guilty on the charge laid against him of theft and sentenced to six months hard labor by Judge Mulvenna in the District Magistrate's Court. The complaint was laid by H. J. Placoy, who charged the accused with breaking into and stealing two automobile tires from his garage. Lacourse agreed to plead guilty to the charge of theft, but not of breaking into, if the Court would suspend sentence to enable him to enlist. The Court agreed to accept the modified plea, but refused to act upon the second part of the suggestion, intimating that it was entirely outside of the jurisdiction of the Court and that the accused could make application to the Government authorities regarding his willingness to enlist. The accused thereupon pleaded guilty and was sentenced to six months hard labor.

A case in which Henry Bayeur charged Elphege Bengue with assault causing bodily harm took up a lot of time. The accused asked for a summary trial and pleaded not guilty to the charge. After many witnesses had been heard the Court found the accused guilty and sentenced him to pay a fine of \$10 and costs or spend sixty days in jail.

The counter action in which Bengue charges Bayeur with assault causing bodily harm and also of making threats of injury, was adjourned for hearing until this morning, the accused pleading not guilty to both charges.

**SCHOOLS OPENED AGAIN TODAY.**

The Protestant schools of the city opened this morning after the summer holidays.

The death occurred on Friday last, at her home, 9 Peel street, of Mrs. Laplante, widow of the late Octave Laplante, at the age of 64 years. The deceased, whose maiden name was Sara Lassonde, was born in Richmond, and had lived in Sherbrooke ten years. Her husband passed away over two years ago. Mrs. Laplante had been ill for some time with an acute malady, which caused her much suffering, and finally terminated her life.

Mrs. Laplante was a devoted Christian, a good wife and mother, and a kind neighbor. During her residence in Sherbrooke she had made many friends, who regret her death.

She is survived by five sons, Frank Robert Laplante, Quebec; Messrs. George, Edmond and Oliva Laplante, Sherbrooke; Ernest Laplante, Farnham; and Albert Laplante, Montreal; three daughters, Mrs. Leon Legault, Misses Floriane and Alma Laplante, the two latter of whom live at home.

The funeral took place yesterday from the house to St. Michael's Cathedral, where the service was sung by Rev. Abbe Bellehumeur, assisted by Rev. deacon and sub-deacon. The remains were laid to rest in St. Michael's cemetery. The bearers were: Messrs. Alfred Lacroix, D. W. Stenson, J. M. Hemy, Napoleon Blanchard, N. Lacroix, and I. Salois, and the mourners were the five sons of deceased and two cousins, Mr. Oliva Lassonde, Richmond, and Mr. A. Fortier, Sherbrooke.

Mr. Frank R. Laplante acted as funeral director.

**CLAIMS THAT HE WAS BEATEN UP AND ROBBED**

Henry McCowan at First Stated that He Had Lost \$800—Found on Belvidere Road Near Sacred Heart Hospital.

With his face and head badly cut, and claiming that he had been the victim of a hold-up man, Henry McCowan was found lying in a ditch which runs parallel to Belvidere Road near the Sacred Heart Hospital. Some passers-by heard the man moaning and on investigation found that he had been injured. He was taken to the hospital for treatment and Chief Couture communicated with.

Chief Couture immediately started an investigation, but McCowan told so many different tales that the police officials are a little doubtful regarding what actually took place. McCowan, who resides at Beecher Falls, Vt., first stated that he had been out drinking and had made the acquaintance of a man whom he had never seen before. In the afternoon they had agreed to hire a buggy and go for a ride, and McCowan claims that as they reached the outskirts of the city the man suddenly attacked him, knocking him down and robbing him of \$800. However, the amount of money that McCowan claims he was robbed of has gradually been reduced, and his last statement was that he had lost \$200. McCowan was found not to be seriously injured and was soon able to leave the hospital. Meanwhile, Chief Couture and his men are investigating the case.

J. L. Bates, D.D., of Japan, and Mr. W. H. Goodwin, of Montreal. Delegates from other churches in the District will attend and a cordial invitation is extended to the people of this city to attend.

Next Sunday morning a memorial service will be held in honor of those sons of our homes who have recently laid down their lives in the service of Country and God overseas.

Professor Richardson, of Bishop's College, Lennoxville, and Mrs. Richardson are spending a couple of weeks at Ayer's Cliff.

Mrs. Chandler, of Cowansville, and Miss O'Halloran, of Boston, are visiting their sister, Mrs. Wm. Spier, Quebec street.

Sunday School will meet in session at the accustomed hour of 2.30 o'clock next Sunday afternoon.

Miss Ethel McLeay and Miss Cora Bangs, of the Y.W.C.A., spent the week-end and holiday at their respective homes in Bury and Ayer's Cliff.

Mr. Oliva Lassonde, of Richmond, was in town yesterday to attend the funeral of his cousin, the late Mrs. Laplante.

Rev. Richard Whiting, B.A., pastor of Dominion Methodist Church, Montreal, has been secured for our anniversary services on Sunday, October 20th.

Instead of the prayer-meeting tomorrow evening, there will be a public meeting in Wesley Hall at 8 o'clock, addressed by Dr. Bates and Mr. Goodwin.

Miss Florence Drummond, B.A., who has spent the vacation at her home, Drummond road, left yesterday for Ste. Anne de Bellevue, to take up her work at Macdonald College.

Mr. and Mrs. Louis Duhamel and Mr. and Mrs. Morrisette have returned to St. Cyrille de Wendover after spending part of Exhibition Week with friends in Sherbrooke.

**EXPRESSION OF SYMPATHY**

A special meeting of the Sherbrooke Board of Trade was held yesterday, Mr. E. J. Page, the president, being in the chair and the following officials present: Messrs. M. Echenberg, J. W. McKee, L. J. Codere, F. Fortin, J. E. Poutre, and F. H. Hebert. During the course of the meeting it was moved by Mr. J. W. McKee, seconded by Mr. F. H. Hebert and carried:

"That the Sherbrooke Board of Trade express to Mr. and Mrs. Louis Dupuy, their deepest sympathies for the death of their son, Lya Borneo Dupuy, member of this Board, who has been killed at the front."

**MISS LUCY WAS WINNER.**

The handsome breakfast set donated by Mrs. S. W. Jenckes, regent of the Duke of Wellington Chapter, I.O. D.E., for the benefit of the Chapter's funds, was won by Miss Lucy, of Lennoxville, with ticket 451. The drawing, which was superintended by Lieut. E. Jones, who was in charge of the war pictures, took place in the space of the Rock City Tobacco Co., of Quebec, who kindly granted permission and also presented with each ticket sold a small packet of tobacco.

**WATERVILLE**

**THAT ANCIENT COLONY NEWFOUNDLAND STILL PREFERS TO STAND ISOLATED.**

This Portion of the British Overseas Dominions Would Be a Valuable Addition to Canada, But the Citizens Are Bitterly Opposed to Idea of Entering Confederation.

A MEMBER of the Newfoundland Cabinet is suing for libel because he has been accused of working for confederation with Canada. Not so very long ago Hon. T. P. McGrath, of Newfoundland, outlined to the Canadian Club of Toronto a number of reasons why the ancient colony was never likely to enter the Dominion. The case, which he made out, was apparently so complete that his hearers went away thinking that the thing they desired was unattainable. Yet the inclusion of the island as the 15th province of the Dominion has been thought by many to have entered the realm of practical politics. The war has removed mountains of difficulty. It has taught the Dominion and the island that their interests are identical and their future safety a matter of mutual concern.

There seems to be no sound reason why the legislatures and electors of the two countries should not ratify the consolidation of all British North America. Newfoundland may be described as the cork of the St. Lawrence. Stretching across the mouth of the Gulf of that name, it is separated by only 60 miles of water from Cape Breton, and by a narrower strip from the Labrador coast. Only six hours from Sydney by steamer it reaches out into the Atlantic to within 1,540 miles of the Irish coast. Many hundreds of miles nearer to Europe than any other portion of the Western Hemisphere, and blocking the front door of the Dominion, its strategic importance is readily appreciated. It is said that but for the strength of the British navy the German fleets would have established a naval base in the splendid land-locked harbor of St. John's, and destroyed Canadian commerce from this vantage point. The Krump people got much of the iron ore for their guns from the Wabana mines, and long before the war they had important Newfoundland plans in their possession.

About 400 miles long by 300 broad, the island has an area of 46,000 square miles. Its traditions date back past the Cabots, who "discovered" it in 1497 for Henry VII. of England, to the Basque fishermen of the fourteenth century, and even to the Norsemen, who are said to have sailed down the North American coast in the tenth century. In 1713 the Treaty of Utrecht confirmed the British in their right of possession, the island became a province in 1728, and in 1832 secured its first legislature, which now consists of a House of Assembly of 35 members, elected on a manhood suffrage register, and a Legislative Council appointed by the Government of the day. By the Anglo-French convention of 1904 France renounced her exclusive fishing rights on the west shore, while the ancient fisheries dispute with the United States was largely settled by a reference to The Hague Tribunal in 1910. The cordial relations of Great Britain with France removed one obstacle to the island's progress, and there is no doubt that as a province of the Dominion Newfoundland would have stronger backing than heretofore in any possible recrudescence of misunderstandings with the United States.

The inclusion of Newfoundland would add about 250,000 to the population of the Dominion. One-sixth of the inhabitants reside in the picturesque capital, St. John's, whose streets rise above a magnificent cliff-enclosed harbor, and smell unto heaven of fish, seal oil, and whale blubber. The wireless telegraph station on Signal Hill above the city is the nearest to Europe of all North American stations. A steam railway, 640 miles in length, crosses the island from Port aux Basques (opposite Sydney, Cape Breton) to St. John's and Placentia, and Glasgow-built steamers serve the extensive fishing population scattered in villages along the deeply-indented triangular coast line.

The Newfoundland cod fisheries are perhaps the richest in the world, the exports of fish and fish products amounting to nearly \$9,000,000 in 1911. The whale and seal industries yield between them \$500,000 per annum. Lord Northcliffe's paper mills \$2,250,000, agriculture \$2,500,000, the copper mines \$250,000, and the iron mines \$2,500,000, most of the ore being mined by the Dominion Iron & Coal Co., and the Nova Scotia Steel & Coal Co. For the year 1911 the total foreign trade was \$25,355,657, imports exceeding exports by nearly \$2,000,000. Of the imports, consisting largely of foodstuffs, textiles and hardware, Canada furnished \$4,807,900, the United Kingdom \$3,092,000, and the United States \$4,943,000. Fiscal union with Canada would throw most of this trade to this country. The colony's chief customers are the United Kingdom, Canada, Brazil, Portugal, Spain, Italy and the British West Indies. The Government revenue, in 1917, was \$3,527,000, offset by expenditures of \$3,254,000. The population is for the most part composed of 82,000 Roman Catholics, 73,000 Anglicans, and 43,000 Methodists, the other denominations being only slightly represented. The educational system is hampered by the fact that it is denominational and supported by state grants to the different religious bodies. Under the stimulus of the Canadian National policy, the natural resources of the ancient colony could be rapidly developed. The island as a whole should benefit greatly as part and parcel of the powerful Canadian federation. The inclusion of Newfoundland would happily settle the long dispute over the Labrador boundary.

MARRIAGES

DARLING - JEWETT.

VALE PERKINS, Sept. 2-(Special)-At high noon on Thursday, August 29th., a quiet wedding was solemnized at the home of Mr. and Mrs. Geo. M. Jewett, when their youngest daughter, Sarah Hazel, was united in marriage to George Wilbur Darling. The ceremony was performed by Rev. Armitage, of Mansonville. The bride, who was given away by her only brother, Mr. Fred. A. Jewett, entered the room to the strains of the wedding march played by the bride's sister, Mrs. Guy D. Magoon. The bride was prettily gowned in white embroidery, net trimmed with white satin and was attended by her sister, Mrs. Clyde H. Jersey, who wore white voile. The groom was supported by Mr. Clyde H. Jersey. Annie Jewett, niece of the bride, acted as ring bearer, the double ring service being used. The groom's gift to the matron of honor, was a gold brooch, to the best man a gold initialed tie clip. The house was beautifully decorated with ferns, sweet peas asters and golden glow. Bountiful refreshments were served to the guests in the dining room. The bride was the recipient of many beautiful presents, including silver, shins, glass and cheques.

Mr. and Mrs. Darling left by auto for a brief honeymoon. The bride's travelling suit was grey garbadeine with white satin hat. On their return they will reside at the groom's former home at Vale Perkins. The guests were Rey. and Mrs. Armitage, and daughter, Mary, from Mansonville, Que.; Mr. and Mrs. Geo. R. Jewett; Mr. and Mrs. Floyd Austin, and son, Colon, from North Troy, Vt.; Mr. and Mrs. M. Miltimore, Mr. and Mrs. Geo. Logan, and two sons, from Sutton; Mr. and Mrs. V. A. V. O. N. HELD MONTHLY MEETING

Financial Statement Presented Yesterday Was Most Satisfactory-Many Questions Were Discussed.

The monthly meeting of the Victorian Order of Nurses, was held yesterday afternoon in the Y. W. C. A. Assembly hall, Mrs. B. C. Howard presiding. The minutes of the last meeting were read by the secretary, and confirmed, and the report of the treasurer also adopted. The finances at present are in a satisfactory condition, as the annual grant from the city has been paid in.

It was moved, seconded, and carried that a bonus of \$40 be given to Miss Munt, V. O. N., who is absent on her vacation, for carrying on the work single-handed, after the departure of the assistant, and that the treasurer be authorized to pay the sum mentioned to Miss Munt on her return. The report of Miss Clara Wiggett, acting nurse, was as follows:

Number of old cases 2, number of new cases 24, total number of cases during month 26; cases of more than one visit 18; Average daily hours on duty 7; average Sunday hours 4; Prenatal visits 6; total number of visits paid during month 117.

The report was adopted and a discussion ensued upon matters connected with the order, the difficulty of procuring a French-speaking nurse, the present prosperity of the city, as evidenced by the fact that the Relief Committee has not been called on for some time, etc.

FIFTY YEARS IN PRIESTHOOD

Rev. Father J. A. Dufesne, Windsor Mills, Celebrates Interesting Event-Many Attend Special Services.

WINDSOR MILLS, Sept. 3.-(Special)-The town has been on its feet for two days, the occasion being the golden jubilee of Father J. A. Dufesne, who was ordained to the priesthood on September 2, 1868, and for the last twenty-three years rector of St. Philip's Church, Windsor. The lawn was well decorated with flags of all kinds and bunting strung across from each side of the streets, and nearly every house carried decorations. On Saturday from 8 p.m. until 10 o'clock the Sherbrooke Harmony Band played a fine selection of music on the lawn in front of the church, and were loudly cheered by a large concourse of people. A large number of autos were parked for a long distance on each side of the road. On Monday morning at 9.30 high mass was celebrated, the church being tastefully decorated with flags, and over the centre of the high altar the figures 50 shown out in the electric light. The Bishop of St. Hyacinthe, Bishop Larocque of Sherbrooke, and Bishop Chalifoux, the Bishop Coadjutor were among the visiting clergy. As the choir and clergy entered the church at the west door and walked up the aisle to the chancel, the organ and choir sang the Pentecost hymn to Gounod's music, and the mass in three parts by Lorenzo Perosi, with violin obligato, finely rendered by Percy Welsh, who also accompanied the solos and duets. Phillip Paquet presided at the organ and J. Perrier conducted. The celebrant was Father Dufesne.

At 2.30 p.m., when dinner was served in the basement of the church, over 300 priests from the Sherbrooke and neighboring dioceses were present. Altogether over 500 attended the dinner, which was an enjoyable one. The Harmony Band played during the dinner.

lip Paquet, who presented it to the rector. Dr. J. McCartee also read a similar address from the English-speaking part of the congregation. The church was crowded in every part.

LEAF'S NOSE OUT BINGHAMTON FOR THE PENANT Championship of International League Was Decided With Playing of Final Games Yesterday Afternoon. (Special to The Record.) TORONTO, Ont., Sept. 3.—After one of the closest and most thrilling races for the pennant, Toronto is again able to claim the championship title this year in the International League. It was a very tight squeeze and the decision rested in the balance until the very last games scheduled were played yesterday.

CONTROVERSIES MUST BE AVOIDED SAYS SIR ROBERT Tells Labor Men that Discord Injures the National Effort to Win the War—Railways to Be Free of Politics. TORONTO, Sept. 3.—Sir Robert Borden was the principal speaker at the Labor Day directors' luncheon at the Canadian National Exhibition yesterday. Probably fifteen to twenty thousand people listened to what was essentially an appeal to labor not to subtract from the national effort to win the war by controversy or discord.

Early in the season it looked as though the Binosos were going to make a runaway affair of the pennant race. Toronto got away none too well, but once Dan Howley's boys started in they gradually, but slowly, overtook the big lead which Binghamton had established. Then the Leafs topped the ladder, but at the last minute Binghamton came back strong and wrested the lead back from their opponents. After the first games had been played yesterday, Binghamton still maintained the lead, but their downfall in the second game against Baltimore ended their chances for Toronto won both ends of their double-header with the Bisons.

Several down-town ticket brokers have announced that the card boards would be available at their offices. Baseball men declare, however, that so far as they can learn no tickets have been sold to scalpers. Ticket reservations for the games, which in price will be the cheapest on record, have been far better than was anticipated, according to Walter Craighead, secretary of the Chicago Nationals. Two thousand box seats for tomorrow's game at \$3.30 each, war tax included, were placed on sale today and other sales for the following games will be held.

FARNHAM NOTES OF NEWS New Secretary Appointed to School Board—Drop in Price of Produce at Market. FARNHAM, Sept. 2.—(Special)—G. L. Elms has been appointed Secretary-Treasurer of the school board, replacing Mr. F. T. Brown, resigned. The trustees have made a new ruling with regard to the collection of school fees, which in future will be collected on the first of each month, in advance. This is done to cut down expenses in collecting. The High School will reopen the 4th of September instead of the 14th as stated in Friday's issue of the Record. The Convent of the Presentation of Mary will also reopen on September 4th. Pte. D. P. Patterson Gassed. Word was received here by Mrs. F.

He brought them this message from their kinsmen fighting in France and Flanders: "We have fought and have endured; and we will fight and endure to the end. As we do our part, so we pray that you shall do yours until the dawn of abiding peace through victory." Out of 364,750 Canadian troops overseas, he told them, more than 227,000 had been classed as "workingmen."

Barney uncovered the greatest centre man which the Irishmen had on their team, the wonder of his day and time, in speed and work, the late lamented Johnny Currie. Johnny's great trick in drawing the ball at the face-off in every game has never been duplicated, and from present indications never will. From Currie to Eddie Robinson to Hoo-bin to Dade, to Hendry to Brennan and then for a goal was well worth the price of admission in the old days of the national game. At that time there was no selfishness on the team. The man in the best position to score got the ball. The Shamrocks were always strong on centre men. The great "Baby" Ahern, Dick Kelly and little Frankie Nolan were all products of Barney Dunphy's training skill. In 1888 and 1889 the Shamrocks lost the championship to Cornwall. Both losses must have brought tears to the eyes of the devoted trainer. Crites, Adams, Carpenter, Lewis, Broderick and McAteer were some of the stars of the "Factory Town" team. In both years the final game was played at Cornwall and in a drenching rain. Notwithstanding this, hundreds of supporters went with the Green Shirts and saw them go down to defeat by a score of three goals to zero on each occasion, the rule at that time being the best 3 goals out of 5. The loss of the championship on these occasions was a heavy blow to Barney but, born of hope, he saw victory after victory come to the famous Shamrock lads. Many a story could he tell of great encounters with the old Capitals, of Ottawa, the Mont-reals (now M. A. A.), the Torontos, with whom Charlie Querrie be-

Secret of the Pandora Magic NO other range has a flue system just like that of the Pandora. The flue system of the Pandora Range makes the almost magical efficiency of the Pandora oven—conserves the heat in the range to do its maximum of work under the covers, in the oven, in the reservoir and in the warming closet. The Pandora flue system is the secret of the Pandora baking efficiency, the Pandora fuel economy and the complete control which makes baking and cooking a pleasure and lightens all the other kitchen work. Note how the Pandora flue system carries the heat to every part of the range, surrounding the oven in walls of heat under perfect control. See how the heat passes the length and depth of the hot water reservoir. Note how it passes under the six-hole top in a current which gives the Pandora five "boiling" holes. Probably no trainer on the athletic field in Canada today has had the lengthy and varied experience of Barney Dunphy, the veteran lacrosse trainer of Montreal, whose retirement from sport is announced. For nearly forty years Dunphy had "his hidden goal" in the sporting world, which was to turn out great and finished lacrosse and hockey players. He succeeded, and for many years had the greatest and unbeatable Shamrock lacrosse and

ROOKIES AFTER YOUNG COBB. Ty Cobb does not like the rookies to kid him, and for their own good the young twirlers when they are breaking in had better leave the batting king alone. The other day at Detroit, Kenney, a southern recruit with the Red Sox, tried to "dust off" Tyrus with a fast ball, and he was dangerously successful at that. Perhaps the humor that "Ty" binged off him while training in the South made Kenney desire revenge, or he may have been learning Carl Mays' tricks. However, the Georgian thought he would seize him a bit, and rushing into the diamond, hat in hand, told the young man a few things. The umpire did not have much trouble in making "Ty" resume play, but his verbal onslaught made the youngsters so nervous that the next four balls delivered were a mile from the plate, then Bobby Veach also benefited, he took an easy one on the nose for a three-bagger, scoring Cobb and winning the game.

WITH THE CANADIAN FORCES, Sept. 3.—Supported by what is said to have been the greatest artillery barrage put on in this war the Canadians, after the seeming desultory fighting of the past few days, went into action in force yesterday morning, together with other British troops south of the Scarpe.

Our losses in the first day's fighting were light. The enemy was overwhelmed by the volume of intensity of our counter battery work, smothering his return fire. The men went in quietly, confident, taking their time to secure the victory of which they were sure. Thousands of prisoners come in during the day and our men say they encountered heavy machine gun fire, but as soon as they stormed the trench system the enemy surrendered.

The British force also rushed forward. The weather was clear and cold and roads were in fair shape. The pursuit was pushed forward by tanks and the motor machine gunners. The honors of the day went to an Ontario battalion, which made an advance over hard going of over one thousand yards, mopping up seven hundred and sixty prisoners, most of whom were captured in dugouts.

The fighting of last week was on a relatively minor scale, confined to a limited number of our troops, but it was tough and bitter throughout, every foot of ground being stubbornly contested by the best troops the enemy could throw in.

From his reserves at Douai and Cambrai he sent in wave after wave of counter-attacks, thus suffering

**BRITISH AIRMEN  
DESTROY EIGHT  
FOE MACHINES**

In Spite of Much Opposition Aviators Attack Troops and Transports With Bombs and Machine Gun Fire.

(Canadian Press Despatch)

LONDON, Sept. 3.—The operations of the British aviators along the fighting zone are described in an official communication issued last night as follows:

"After the heavy rain of Saturday night the weather improved on Sunday, and our airplanes and balloons carried on their work in a clear atmosphere and high wind.

"In spite of the opposition of enemy machines over 1,000 photographs were taken by our airmen and many reconnaissances effected. Contact with our advancing troops was closely maintained.

"Our observation balloons were constantly pushed forward, and these, with our artillery patrols, kept our batteries informed as to numerous targets, which were successfully engaged.

"Throughout the day the area in which the Germans were entering was searched by our low-flying airmen, who everywhere attacked enemy troops and transport with bombs and machine-gun fire, causing heavy casualties and much confusion. Bridges and railway connections were heavily bombed in the enemy back areas.

"In the air fighting eight enemy machines were destroyed and four driven down out of control. Six hostile balloons were brought down in flames by our airplanes. Eight of our machines are missing.

"On the following night bombing was continued both in the zone immediately beyond the battle line and further east. A German airfield beyond St. Quentin was heavily attacked and direct hits were observed. We lost one night-bombing machine.

"During the twenty-four hours over 34 tons of bombs were launched on different targets.

"In addition to the hostile machines already reported to have been accounted for on Friday last, our anti-aircraft fire brought down a German night-bombing machine on that day.

very heavy losses. During the week the Canadians captured over five thousand prisoners and a number of guns with hundreds of machine guns.

**AS RESULT OF  
WAR CHANGES IN  
LAWS NECESSARY**

(Canadian Press Despatch)

MONTREAL, Que., Sept. 3.—As a result of the war, changes will have to be made in the laws regarding the right of asylum and socialism, Sir James Aikins, K. C., President of the Canadian Bar Association, told this body at its annual convention which opened here today.

At the outset, Sir James Aikins discussed the progress made in securing the uniformity of Provincial laws and referred to the fact that Commissioners appointed by the various governments were meeting here today. He expressed the hope that the representatives of the Bar Association in the provinces will cooperate locally with the commissioners and work heartily together to advance and effectuate a common purpose—that was, the unification of these laws, which, while they lie essentially within provincial jurisdiction, affect business dealings between people in different provinces.

Advance on Drocourt-Queant Line Was Swift and Took Enemy By Surprise—When Great Barrage Was Raised Canadian and British Swarmed Over Top and Within Two Hours Had Passed German Front and Support Lines—Tanks Did Heroic Service—Men from Dominion Took Dury and the Mount With Trifling Casualties.

(Associated Press Despatch)

With the British Forces in France, Sept. 3.—The Canal Du Nord constitutes another heavily defended Boche system and the British in the fighting along this waterway have killed an enormous number of Germans who seem to have been packed in this locality.

So swiftly did the British advance that at one point in the recent fighting a complete horse ambulance, including two doctors, and 350 prisoners were taken. At one place a British officer with one man bombed an enemy trench and then advanced. Eighty Germans of the garrison surrendered to the pair.

The effects of the recent Entente allied artillery fire are shown in a report signed by General Ludendorff which also apparently discloses a shortage of German artillery. General Ludendorff says that during one month the Allied shell fire destroyed thirteen percent of the German guns in action. He directs that strong counter battery measures be taken.

All during the night there was very heavy fighting around the British positions, which were almost jammed up against the great German defence system. Piles of dead Germans were seen as the results. During an enemy attack a sergeant with a machine gun killed sixty Germans who tried to rush him.

It was soon after five o'clock in the morning that the massed British cannon broke loose with a roar that was heard for miles, in a crash barrage. The whole sky seemed ablaze as thousands of German shells poured into the German wire and lines. When the barrage raised the Canadians and English swarmed over the top. Just behind them were numerous tanks of all sizes. They had been over a minute when the enemy opened with a counter-barrage, which is said to have been by far the strongest he has put down since the British offensive began. The instant the British appeared, the Germans, in many cases, jumped out of the trenches and held their hands high above their heads. In some cases, however, the advancing British met with a hail of machine gun bullets, but, notwithstanding this, they pushed on, quickly the first line was overcome.

From all along the line came reports that the Germans in dug-outs were absolutely panic-stricken, and many of them were found cowering in holes and screaming with fright.

By seven-thirty o'clock the British had completely passed the German front and support lines. It was then that the motor machine guns dashed out to the good roads at the German rear. Tanks also managed to get through and they are working far in advance of the infantry.

The wood north of Queant was found to be full of Germans with machine guns. The fighting there was of the very hardest nature until the British cleared the wood. Tanks again did heroic service. Where shells had failed to break through the wire, tanks rolled it out flat and charged down into the masses of Germans. Those who did not fall before the guns were crushed, together with their machine guns. The streets of Dury were carpeted with German dead. Here the British captured the town mayor, and among other prisoners taken nearby were several battalion commanders. Mount Dury was stormed soon afterwards, but it was only taken after a terrible struggle.

It was the Canadians who took Dury and the mount. Although facing a heavy fire they had only a small fraction of the casualties they inflicted on the enemy. All sorts of troops have been captured. Elements of six German divisions, fresh and tried,

Lord Robert Cecil Makes Important Statement in Connection With Allied Control of All Resources.

(Canadian Press Despatch)

LONDON, Sept. 3.—Lord Robert Cecil, Assistant Secretary of State for Foreign Affairs, at a dinner last night celebrating the conclusion of the deliberations of the Allied Maritime Transport Council in London, made an importance announcement respecting the pooling of Allied shipping. He also alluded to the pooling of Allied food supplies and of Allied munitions.

The following are salient passages from the speech of Lord Robert:

"The Allied Maritime and Transport Council was established at a meeting of the Allies. It has grown and its organization has been completed, but its central principle remains what it always was: the necessity for Allied control of Allied supplies.

"We have seen much lately to cheer us. But that is no reason for diminished effort, but rather for increased effort. Now is the time to strike a decisive and final blow at our enemies. As far as the actual fighting is concerned, that is in other hands, and in hands which give us no anxiety. We have profound confidence in our armies and our commanders. We have got to pool all our resources. We must bring together the whole economic strength of our Allies. The accomplishment of that task is not so easy.

"In this and many other matters we are fighting under a certain disadvantage. Our enemies have been content to enslave themselves to the German general staff. That gives them certain unity of control and a certain perfection of machinery which it is difficult for us to imitate. For, after all, the essential part of our struggle is that we are free nations, that we claim, and rightly claim, the right to decide each for ourselves what is necessary in the interests of the general cause in which we are engaged.

"That is true. I do not myself wish it otherwise. I am satisfied that with all its inconveniences it gives us a spirited strength which ultimately will secure us the victory over the enemy. But if we are to succeed, despite our freedom, we must be prepared to scrap national prejudice, national sentiment, and even, I would say, national interests. That is essential, if we really propose to make the best use of the strength which we have.

"Now, speaking as an Englishman, I am quite confident that some of our Allies have suffered more than others. We have not had to undergo the ordeal of invasion. I agree most fully that in many respects the sufferings of France and Italy, not to speak of the smaller Allies, such as Belgium, have been greater than our own, greater than those of our friends in America. But that makes all the more necessary the pooling of our resources. If our sacrifices are to be in any degree equal, the only solution is common Allied control of all the resources of the Allies.

"The key of Allied control is Allied shipping, but though it is of the greatest importance that you should have common Allied control of shipping, yet even that cannot be made perfect unless you have also full consideration of the Allied needs.

"The principal organization for which we are pressing is control of Allied shipping and complete examination and control of Allied needs and also of Allied resources to supply those needs. It is the co-ordination of the Allied needs and Allied resources with Allied shipping which would make an overwhelming economic power of the alliance to which we all belong.

"We have done a great deal. It is well that everybody should know, even that our enemies should know, how much we have done. The best example of our efforts in the matter of Allied need and supply has been the wheat executive. It has done wonderful work. Not many months ago there were many of us who were feeling a deep anxiety about the maintenance of the food supplies of the Allied nations. Now, by the efforts of the wheat executive, it is a certainty that we will be able to reach the next harvest. The danger of starvation has been conjured away, and much more than that has been accomplished. We have secured the guaranty of a fair distribution of Allied resources among the Allies. We have by co-ordinated efforts in this respect saved immensely in our shipping expenditures. Each Allied country gets its supply from its nearest Allied source. Italy gets her supply from India, we get ours from the American continent, and an immense saving in Allied shipping has been accomplished. For that great effort there are no two people who are entitled to greater credit than Etienne Clementel, Minister of Commerce of France, and Sir John Beal, President of the Board of Allied Food Controllers.

"We say with great truth that the submarine attack upon our shipping has been a failure. We can feed our people and we shall go on being able to feed our people. We can transport across the sea vast armies to fight the Germans, and submarines are powerless to stop us."

have been identified by troops on a front of about two thousand yards. Good troops and the sweepings of the German army are fighting here. One prisoner taken was a redress man until he was discharged a few months ago because of an incurable illness, and a mutilated hand. He had been taken back into the army as an infantry man.

Captain of U. S. Schooner Destroyed by U-Boat Says Commander Has Orders to Sink Everything in Sight.

(Canadian Press Despatch)

GLOUCESTER, Mass., Sept. 3.—The German submarine operating among the fishing fleet off the Nova Scotia coast is camouflaged with large wavelike lines, according to Captain Manuel Quadros, of the American fishing schooner Rusal, sunk by the U-boat a week ago. Captain Quadros, who, with the nineteen members of his crew, reached his home here last night, said that the undersea craft was painted dark gray and that for several feet above the water line the disguising marks were invisible. The U-boat, he said, was about 250 feet in length.

Captain Quadros and three of his men were aboard the enemy craft for about three hours, and had a lengthy conversation with its commander, who spoke excellent English and Portuguese. He told the fishermen that there were American magazines and newspapers on the U-boat, and he accused the newspapers of distorting the truth about the submarine. He said that when his vessel left Germany it was under instructions to sink only three-masted, but that because of the attitude of the American press, orders had come to the U-boat by wireless to sink everything in sight.

Conscription of Aliens in the Dominion of Canada is Under Consideration of the Cabinet.

OTTAWA, Sept. 3.—The Government has under consideration the conscription of naturalized Canadian citizens of enemy origin. There is much dissatisfaction, especially in the West, over the exemption of so many foreign-born citizens from military service, and it is pointed out that in the United States a naturalized citizen must serve in the ranks, no matter where he was born.

The objection has been made that conscription of naturalized citizens disfranchised under the Wartime Elections Act would be unfair to them under all the circumstances, but several members of the Cabinet feel this to be an unimportant quibble in view of the urgent need of the present military situation. One of the ministers is quoted as saying that every Canadian citizen should be either loyal or disloyal. If he is loyal he must serve in the army; if he is disloyal he should be locked up.

No conclusion is likely to be reached until the return of Sir Robert Borden and Hon. N. W. Rowell from Toronto, but there is reason to believe that an order-in-council will soon be made rendering all Canadian citizens of military age subject to the Military Service Act.

Craftsman Quality  
**Fabrikoid**  
What it is What it will do

THE supply of hides is much behind the demand. In an effort to make the supply of hides meet requirements for leather, hides are being split into four or five thin sheets.

This has failed to solve the problem.

For only the outside layer makes satisfactory leather.

The other sheets (leather splits) are soft and pulpy, easily torn and cracked.

Instead of "leather splits" use FABRIKOID.

FABRIKOID is soft, tough and pliant.

It does not crack, peel, or lose its finish.

It is non-porous, grease-proof, and waterproof. It does not stain—can be washed with a damp cloth.

FABRIKOID is made in a great variety of colors, in the various grains of first-grade, real leather.

It is used for upholstering chairs, tables, sofas, etc. The seats of railway coaches, boats, street cars, theatres, automobiles—places demanding appearance and durability—are finished in FABRIKOID.

Hundreds of thousands of books are bound in FABRIKOID, and parts of harness, shoe findings, instrument cases, etc., are made from it.

FABRIKOID is used extensively in the making of trunks, valises, travelling bags, where it gives splendid service and wear.

FABRIKOID has proved itself to be not only an economical and efficient substitute for leather—but one of the most generally useful materials ever perfected.

FABRIKOID can be purchased by the yard from department stores, dry goods stores and upholstry shops for general household use—for the making of cushions, screens, wall coverings and all purposes where a durable and handsome upholstry fabric is desired.
