WESTMOUNT, THURSDAY, JANUARY 16, 1941

PRICE:— TWO CENTS

SIR ROBERT GARRAN AT ROTARY CLUB

Says Australia Well Able to Produce Tanks, Guns and Ammunition — Is Arsenal of its Hemisphere

The part Australia is playing in the war, its military strength, industries, geographical position and terrain were described to members of the Westmount Rotary Club at their weekly luncheon meeting in Victoria Hall yesterday by Sir Robert Garran, K.C., C.M.G., K.B., K.C.M.G., of Canberra, Australia.

Australia, with industry and resources capable of producing weapons of war and munitions, will be the arsenal of that hemisphere and besides producing tanks, destroyers, machine guns, rifles and ammunition, for its own use will also be the centre of supply for New Zealand and other British possessions.

The speaker advocated a closer relationship between the Dominions, pointing to the British Commonwealth Air Training Plan as a step in the right direction. Another indication of the ever increasing co-operation among the Dominions in this war was the use of Canadian trucks by Australian soldiers in the war they are waging with the British against the Italians in Egypt and Libya.

Sir Robert told the gathering that Australia had a plentiful supply of iron ore and coal and that its largest steel company was producing 2,000,000 tons a year. The population, he said, was over 7,000,000.

While Australia was sending many troops to England, a large home force was maintained in order to guard the country against invasion, the speaker said. While there has been no conscription of soldiers for overseas service a quarter of a million men are being called up for compulsory military training for home defence. These men go to camp for three months.

A native of Sydney, Australia, Sir Robert is a charter member of the Rotary Club of Canberra, Australia. He was president of the Canberra Club two years and was District Governor of Rotary International in 1937 and 1938.

Sir Robert said that in time Australia would supply about 40,000 airmen under the Commonwealth air training plan.

The speaker referred to Australia as the one Western country in the Orient and because of the menace of Japan was forced to keep a strong home defence army.

Once the war was over, the speaker averred, the world will have to be policed, and the best way for the Democracies to prepare for this task is to co-operate to the fullest extent with each other now in order to learn as much as possible about one another.

Rev. J. A. Johnston To Preach Sunday

Rev. J. A. Johnston will preach at both services at Westmount Baptist Church on Sunday. The theme of the morning address will be "When the Word Becomes Flesh." The Word of Communism has become flesh in Stalin. The Word of Nazism has become flesh in Hitler. In an altogether unique way, the Word of God becomes flesh in Christ; and so the Word of Christ must become flesh in Christians.

In the evening, the sermon will be entitled: "The Gospel Among the Praetorian Guards." This will include a description of Paul's experiences in a great military camp, as well as a description of Mr. Johnston's recent visit to the Canadian Grenadier Guards at Camp Borden. Soldiers and their friends are cordially invited.

Scouts To Attend Memorial Service

The Temple Emanu-El Boy Scout troop will attend a memorial service to Lord Baden-Powell on Saturday morning at 11:30 o'clock when the scoutmaster, Maxwell Sendel, will memorialize the founder of the Boy Scout movement who passed away last week.

City Council Is Returned To Office

With no other candidates filling papers with Returning Officer C. V. Houston at close of nominations at 2 p.m. on Monday, Mayor Walter A. Merrill, K.C., and members of the aldermanic body were automatically re-elected by acclamation to the City Council for another term.

The Westmount Protestant Board of School Commissioners was also elected by acclamation, the only new member being A. Lovell Phillips, C. F. Lemesurier was elected library trustee.

Mayor Merrill is now serving his second term on the Council, while B. Panet-Raymond, K.C., Commissioner of Parks, and Douglas Lorimer, Commissioner of Finance and municipal buildings, have completed six years on the Council as aldermen; W. B. Scott, K.C., Commissioner of Police, Fire and Health and C. K. McLeod, Commissioner of Roads, have served for four years as aldermen; and Irving F. Bestford, Commissioner of Electric Light and Incineration, had been an alderman for two years.

FINAL TRIBUTE PAID TO FORMER LOCAL RECTOR

Rt. Rev. J. A. Newnham, Late Bishop of Saskatchewan, Was Once Pastor of St. Matthias

A former rector of St. Matthias Church, the Rt. Rev. Jeroys Arthur Newnham, late Bishop of Saskatchewan, died at Hamilton, Ont., on Saturday. He was 88 years of age.

Bishop Newnham was a native of Wiltshire, England, coming to Canada as a young man. He completed his education at McGill University, obtaining an M.A. degree, and later attended the Diocesan College. Some years ago he was given an LL.D. by McGill University.

First becoming curate of Christ Church Cathedral, he was later appointed rector of St. Matthias Church. He was called from St. Matthias Church to enter the mission field work of Hudson's Bay, in the diocese of Moosonee, when Bishop Horden was in charge of northern work. He was made Bishop of the diocese of Moosonee upon the death of Bishop Horden.

Seventeen years later, when the west was opening up rapidly, he was transferred to become Bishop of Saskatchewan and played an important role in the early development of that province. He was responsible for the founding of Emmanuel College, which had university rights. Later these were given over to what has grown to be the University of Saskatchewan.

Following his retirement from the bishopric of Saskatchewan over 16 years ago, he spent some time in England, but later returned and had since lived quietly in Hamilton.

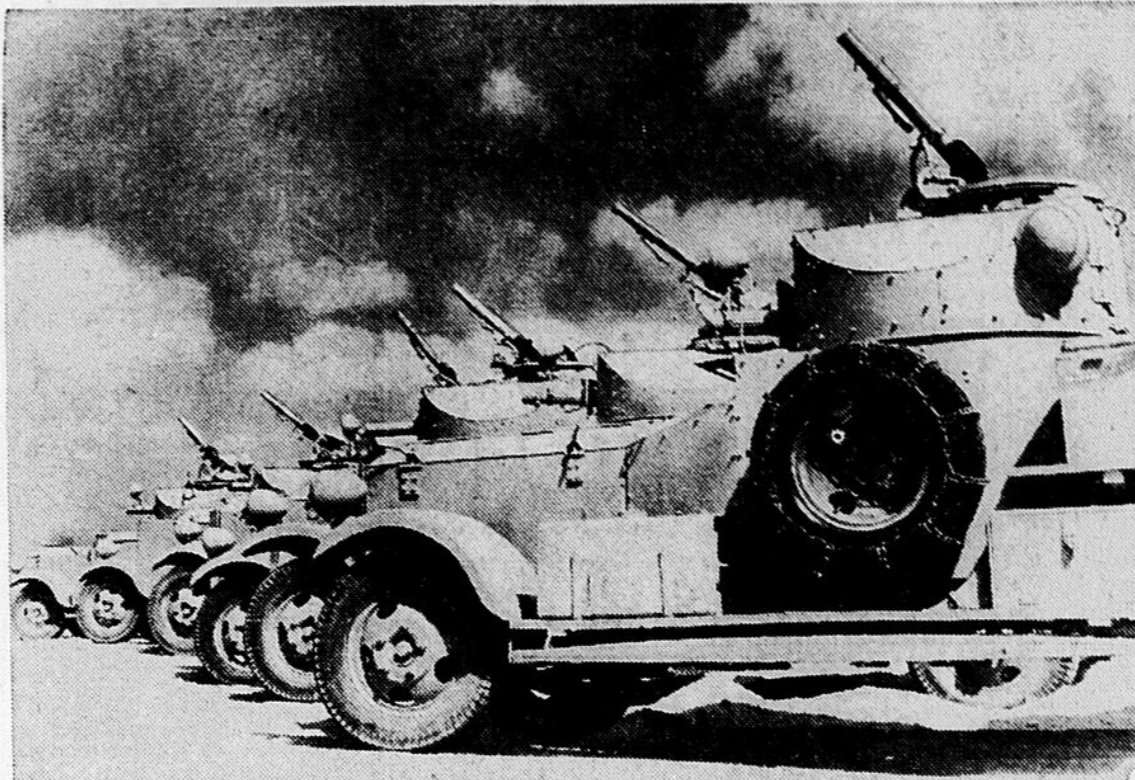

Besides his wife, daughter of the late Canon Henderson, D.D., formerly principal of the Diocese College, Montreal, he is survived by five daughters. They are Mrs. H. MacKay of Prince Albert, Sask.; Mrs. B. Abbott, Colorado Springs; Mrs. Noel Jackman, Mrs. V. Rexford and Dorothea Newnham, of Hamilton.

DEATH OCCURS OF MISS COWAN

The death occurred on Monday of Miss Lillian A. Cowan, R.N., at the home of her sister, Mrs. B. E. Norris, 750 Lexington avenue, following a short illness. Miss Cowan was the daughter of the late John Cowan and Mrs. Cowan, of Ottawa.

She received her education in the public schools of Ottawa and at Ottawa Ladies College. She graduated from the Mount Sinai Hospital, New York, and saw service overseas in the Great War from 1916 to 1918.

MODERN "CAMEL" CARRIES ON

Sleek, new armored "ships of the desert" replace the camel in western Egypt—at least so far as the R.A.F. ground crews are concerned. Armored car sections like this one helped protect R.A.F. bases as British fliers joined England's land and sea arms to blast Italians out of Egypt.

Thousands Enroll In Air Cadet Units

Started in Westmount, thousands of boys across Canada between the ages of 15 and 18 are now being enrolled in the Air Cadet League, George B. Foster, K.C., Dominion president of the League, stated in the first public declaration of its aims and objects at a meeting of the Westmount Municipal Association in Victoria Hall Tuesday night. Training is being undertaken by officers of the Royal Canadian Air Force and by members of the Air Force Veterans Association.

The organization is being formed for a three-fold purpose—to aid Britain in keeping command of the air; to impress on the youth of Canada the importance of air supremacy in the maintenance of trade and national unity; and to hold the uniformed force in readiness in case of a national emergency, Mr. Foster stated.

The speaker stressed the fact that the League was in no way to be considered as a "high pressure recruiting station for the R.C.A.F."

The Westmount unit is expected to parade in the official uniform of the League, patterned along the lines of that worn by the R.C.A.F., with in the next two or three weeks.

Any school, organization, or society with a group of 50 or more boys of the required age may apply for permission to form a unit of the league, Mr. Foster said, and already, from all provinces of the Dominion, are pouring in applications in sufficient number to keep the headquarters staff busy for many months. The headquarters of the league, he pointed out, is in Ottawa, where a permanent staff will be kept, as it is intended that the league function in peacetime as well as in wartime.

The boys will drill two hours a week, the Dominion president of the organization said, and one-half of the time of the drill will be given over to physical training.

Similar action has been taken in England, Mr. Foster said, and there the organization has proved highly successful. The air force medical staff is keenly interested in the move, he continued, and is anxious that proper medical records of all boys in the league be kept, as it permits the air force to tell by medical information on a boy at the age of 15 whether he will make good pilot material when he is 18 or 19.

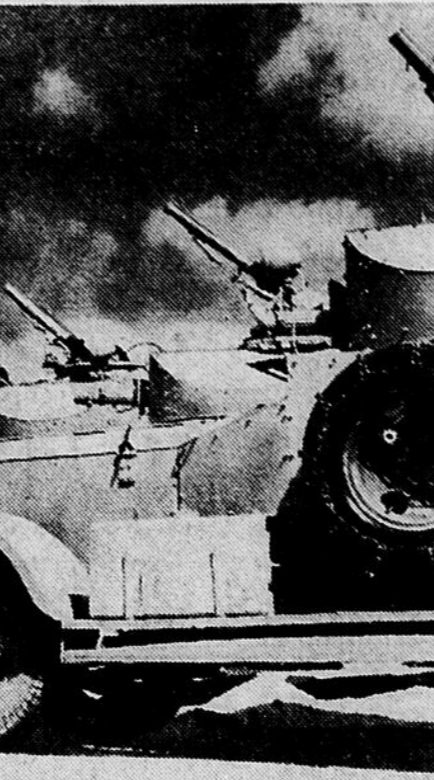

Uniform of the new league will closely approximate the air force uniform but will not be close enough for confusion, Mr. Foster said. It will be of air-force blue and the tunic will button to the neck. Badges will resemble those (Continued on Page 2)

HOME, SCHOOL GROUP TO MEET TOMORROW

The King's Westmount Home and School Association will hold a tea for the teachers and mothers of the first, second and third grades tomorrow afternoon. Knitting or mending may be brought, and the guest speaker will be Miss McEwen of the Westmount Children's Library, who will address the gathering on "Children's Books." Piano selections will be rendered by Mrs. Colin Forest.

The tea hostess will be Mrs. Gregor-Tearse assisted by Mrs. Mrs. Gallely, Mrs. Little, Mrs. MacLewley, Mrs. Moursie, Mrs. Diner, Mrs. Gallely, Mrs. Little, Mrs. MacLean and Mrs. C. S. Smith.

RE-ELECTED

MAYOR W. A. MERRILL, K.C.

HON. J. WINANT IS SPEAKER AT JOINT MEETING

Session Opened by Miss Kathleen Jenkins of Westmount Public Library

The Honorable John Gilbert Winant, M.A., LL.D., was the speaker at a joint meeting of the McGill Alumnae and the Business and Professional Women's Club, in the York Room of the Windsor Hotel last evening. He spoke on "War and Social Security."

Miss Kathleen Jenkins, president of the Business and Professional Women's Club and head librarian of the Westmount Public Library, opened the meeting.

Dr. Winant is the director of the International Labour Office, one of the most important and effective groups of the League of Nations. He was assistant director in 1935, when he resigned in order to head the Social Security Board of the United States. He returned to the I.L.O. in 1937, and was appointed director in 1938. He is now at McGill University, the new home of the organization.

Dr. Winant was introduced by Miss Muriel Wilson, president of the McGill Alumnae, and thanked by Miss Margaret Wherry, first vice-president of the Canadian Federation of Business and Professional Women's Clubs.

Major Hunter told the gathering that the duties of a chaplain were three-fold — he must see to the discipline of the body, discipline of the mind and culture of the soul of the men under his spiritual charge. Most important of all, he said, a chaplain must "be a man."

Facing as he does suffering, privation and death in the ranks of his constituents, the chaplain's duties were more of a burden than those of the ordinary clergyman, Major Hunter said. He stressed the value of chaplain supervision over the recreation of the men as well as his jurisdiction over their spiritual welfare.

Y.M.C.A. Science Club In Need Of Equipment

Juvenile members of the "Y", interested in the sciences, gathered on Saturday to make plans for the coming season. Material is being secured and this week the boys expect to start in the renovation of their club room. Great enthusiasm is being shown by the boys, and there is every hope that this will be an outstanding group. Persons wishing to donate equipment should phone WI. 2159.

EXAMINER SALE GIVES LEAGUE SUM OF \$122

Enables Overseas Parcels League To Send 64 Sweaters To Men On Trawlers and Minesweepers

Net proceeds from the sale of the special Christmas edition of the Westmount Examiner turned over to the Overseas Parcels League amounted to \$122.53 and receipt of this sum has been acknowledged by Mrs. L. S. Wallgate, president. The league supplies clothing and other comforts to men of the British minesweepers and trawlers.

The money enabled the league to forward 64 heavy turtle-neck sweaters to the men engaged in this hazardous war work.

The following letter acknowledging receipt of the above sum has been received by the Examiner from Mrs. Wallgate:

January 3rd, 1941
 H. E. McCormick, Esq.,
 President,
 The Examiner,
 2191 Hampton Avenue,
 N.D.G., Montreal.

Dear Sir:
 I herewith acknowledge receipt of cheque for \$122.53 donation to the Overseas Parcels League derived from the sale of the Westmount Examiner Christmas issue, orders for which were solicited by the boys of the Royal St. Lawrence Yacht Club Sea Scouts as a war-time service.

This money enabled us to send forward 64 heavy turtle-neck sweaters to the British seamen serving on minesweepers and trawlers. They were enclosed with the consignment shipped on December 29th, and on receipt at a patrol depot somewhere on the East Coast, will immediately be issued—so great is the need.

On behalf of all members of the Overseas Parcels League, I wish to thank you, Mr. Mount, and all members of the Westmount Examiner for their share in this most generous war service.

Sincerely yours,
 Theo. Wallgate,
 Hon. President

C. V. HEWARD IS ELECTED PRESIDENT OF WESTMOUNT MUNICIPAL ASSOCIATION

Annual Meeting of Organization Held in Victoria Hall Tuesday Night—Mayor Walter A. Merrill, K.C., Reviews Work of Council During Past Two Years — President Urges Citizens to Join Association

C. V. Heward was elected president of the Westmount Municipal Association for the ensuing term at the annual meeting of the organization held Tuesday night in Victoria Hall. Mr. Heward assumed the presidency of the association mid-way in the last term when W. Gordon Hanson resigned to devote his time to the army.

Also elected were W. H. Howard and Dr. Keith Hutchison, vice-presidents, V. F. McAdam, secretary-treasurer, and W. W. Williamson, honorary-treasurer.

Named to the executive were: H. M. Banks, G. H. Borlight, G. W. Bourke, R. Campbell, P. C. Casey, J. Chauvin, Dr. J. S. Compton, F. R. Findlay, Dr. J. C. Flanagan, E. S. Frost, H. Geof-froy, E. D. Gordon, W. Gurd, P. L. Hall, R. B. Hall, H. C. Hayes, C. V. Heward, R. B. Howard, G. R. Hodgson, W. H. Howard, Dr. K. Hutchison, R. N. Hutchison, Col. W. C. Hyde, W. A. Kennedy, Rev. H. S. Laws, M. Lewis, V. F. McAdam, J. W. McCammon, G. McGoun, J. N. McGoun, J. G. McKay, S. McLeod, H. C. Moore, R. Nelson, H. B. O'Hair, N. E. Oh-man, C. A. Phillips, Lt.-Col. C. F. Ritchie, D. L. Ross, J. A. Savoy, F. J. Spelman, R. B. Thomson, Dr. J. McK. Wathen and T. M. Gillingham.

Mayor Speaks
 In a brief address Mayor Walter A. Merrill, K.C., thanked the citizens for his re-election by acclamation and that of his councillors. He mentioned the fact that during the past term of office of the council the city had purchased property for additional playgrounds; the tax rate had been reduced from four to two mills and the C.P.C. had been formed.

Referring to the \$5,000 recently donated by the city to the Lord Mayor's Fund in London Mayor Merrill stated the example set by Westmount was being followed by other Canadian municipalities.

He said his first term as Mayor of Westmount had been one of the happiest and most interesting periods in his life and he spoke highly of the spirit of co-operation that existed among members of the council.

In presenting the president's report, C. V. Heward stated: "We had 379 members during the year as compared to 316 the previous year."

"Your Treasurer's report shows a satisfactory cash position."

Feels War
 "In common with all other Canadian bodies, your Association has felt the effects of the war. Our president, Major W. Gordon Manson, was called for service overseas. Mr. J. Corneli Binnie, who has so ably filled the offices of Secretary and Treasurer for many years, was called for service with the Air Force and several other members have also (Continued on Page 2)

The Redeemer Lutheran Church was established on Mountain street in 1905, local Lutherans previously being ministered to by the parish incumbent of Morrisburg, Ont. This pastor was Rev. M. J. Bieber and he took a particularly active part in the formation of the church, not only filling the pulpit during its early period, but also returning as supply pastor in 1915, shortly after the outbreak of the Great War when conditions of the congregation were perilous.

The church's first regular pastor, Rev. Charles G. Peck, was inducted in April, 1905. A property was then purchased on Mountain street and a membership was obtained for the congregation in the New York and New England Synod. Four years later, however, when the English Synod in Canada was formed the congregation joined it.

Also in that year Rev. John J. May of New York, accepted the call to the local church, serving with it for a year. His health required him to change to a country pastorate.

During the pastorate of the third regular pastor, Rev. H. J. Croushore, the congregation purchased a property on Essex avenue.

Rev. W. H. C. Lauer was called from Pennsylvania in 1912 and the move was made to the Bethlehem Congregation Church property in Westmount.

'Y' HOBBY SHOW PLANS POSTER COMPETITION

The Committee managing the Westmount Boys' and Girls' Hobby Show, which is to be held in the middle of March, has just announced that a city-wide poster competition will be held as usual this year. The posters are to appear in the schools, library, stores, and other buildings in the city, informing the citizens about the approaching show.

Letters have been sent to all the schools so that the pupils will have all entries in by Saturday, February the eighth, to give the hobbyists time to prepare their exhibits.

Three prizes will be offered. The posters are to be judged for public value. All entries will become the property of the Hobby Show. The age limits are the same as those of the Hobby Show, nineteen years and under, and in judging, the artist's age will be taken into consideration.

The only necessary word is "The Westmount Boys' and Girls' annual Hobby Show—Westmount Y.M.C.A., March 12 - 15."

ANNIVERSARY IS CELEBRATED BY LUTHERANS

Redeemer, Lutheran Church Marked 36th Year at Services On Sunday

The Church of the Redeemer, Lutheran, Clarke and Western avenues, celebrated its 36th anniversary on Sunday, when the pastor, Rev. F. C. Mueller, preached at both morning and evening services.

At the morning service Rev. Mueller had as his theme, "Whatsoever Thy Hand Findeth To Do, Do It With Thy Might," and in the evening he preached on the topic, "Prayer, What It Is, How to Pray."

The Redeemer Lutheran Church was established on Mountain street in 1905, local Lutherans previously being ministered to by the parish incumbent of Morrisburg, Ont. This pastor was Rev. M. J. MODERNIZING CHURCH SERVICE

News of unusual interest is that announced jointly by Stanley Presbyterian and Dominion-Douglas churches, who have combined to provide a bus service to and from church for local members and adherents. The bus will leave Sherbrooke and Hampton each Sunday morning, and pick up passengers on its trip through the district, depositing them at the church door, and will return them to their homes after service. This is really modernizing church service. We are sure the many local residents who attend service at the two churches mentioned will fully appreciate the accommodation, especially in winter.

A GREAT LEADER PASSES

The British Empire has lost one of its greatest leaders by the death, at Nyeri, Kenya, of Lieut. Gen. Lord Baden-Powell, founder of the Boy Scout and Girl Guide movements, and one of the most famous soldiers, explorers, and intelligence operatives Britain has ever produced. Lord Baden-Powell was chiefly known as head of the great Scout organization, but his other activities were of no less importance to the people he loved and served. As author, sculptor, and sportsman he added further fame to an already illustrious name. Like most Anglo-Saxons, he loved the outdoors, and spent a great part of his life at the outposts of Empire.

Perhaps his greatest achievement was his defence of Mafeking. Britain, it will be remembered had entered the South African war unwillingly, unprepared, for the sole purpose of making life tolerable for Britishers living in that great new land. And this lack of enthusiasm and preparedness had made it hard for the army in the early days of the war. The spirit of the Empire was low when the news reached England of the dauntless stand of a small British force at Mafeking against an overwhelmingly superior Boer army. Baden-Powell held Mafeking for 217 days, and when news of its relief reached the Homeland, Britishers staged one of the wildest celebrations on record. There was also the time when Baden-Powell found himself, with a small force, surrounded by the great Boer General

de Wet, who had upwards of ten thousand men under his command.

De Wet sent the Britisher a message which said in effect: "I suggest surrender to avoid unnecessary bloodshed." Lord Baden-Powell replied: "I have received your letter, but neither I nor any member of my staff can quite make out whether you wish me to surrender to you, or whether you wish to surrender to me." The Boers, thinking they had dangerously underestimated the strength of the British force, retreated headlong.

Previous to the first World War, he gave his country valuable service as a secret agent in Russia and Germany. He was a man of great daring, with a fine sense of humour, and incredible coolness. He possessed to a high degree those qualities which have won for Britain its world-wide Empire—the longing that is in all Anglo-Saxons to see what lies beyond the distant hills, and a genius for organization. All citizens of the Empire will mourn his passing, not the least of whom are the millions of youngsters to whom he was everything a great man ought to be.

A LESSON FROM FINLAND

Skating warriors have a centuries-old place in the colourful annals of Scandinavian warfare but it wasn't until the Finns swooped down on skis against the Russians last winter that the ski-soldier became a recognized thing in modern armies. Today we see pictures of Canadian and American troops being specially trained in the technique of ski warfare.

The Russians have good reason for remembering how effectively skilled Finnish soldiers on skis overcame the difficulties of winter fighting in deep snow. This winter the Soviet authorities saw to it that Russians became ski-conscious. Both the Army and Communist newspaper organs in Russia have been urging the people to take to skis. In Moscow 100 ski stations have been opened in the public school and proficiency on skis has been made a qualification for winning the youth badge "Ready for Toil and Defense." In one of its leading editorials Pravda told the Russians that "skiing is becoming the most popular sport in our country. The importance of skiing is great for defense of our country."

The Soviet army newspaper, Red Star, said: "The conditions of modern warfare are such that an elementary knowledge of skiing is not enough... A Red Army skier must feel more at home on skis than off them. He must learn how to fight on skis; shoot a rifle or machine gun, throw hand grenades, conduct a bayonet fight..."

Such is the lesson that skiing Finns taught the Russians.

Summing up the record of Mussolini for 1940, the U.S. newspaper paragon "Senator Soaper" cracked last week: "In a way, the Duce outdoes the earlier Caesars — he becomes a bust in his lifetime."

Anniversary . . .

again prematurely face the necessity of calling another pastor.

E. Huenegard, a student of Waterloo Seminary, supplied the congregation in 1915. From the fall of that year until early in 1917 Rev. Bieber returned as a supply pastor.

Rev. P. H. Martine, sixth regular pastor, began his ministry at the church in 1917 and remained in the incumbency for two years, until accepting a call to the German Lutheran church at Mance and Prince Arthur streets.

Rev. C. S. Roberts, a Canadian by birth, took over the pastorate in 1920 and remained for three years. Part of the mortgage was taken care of during his term in the pulpit and the church was completely redecorated and reopened in October, 1923.

Rev. M. O. Heller was installed as the eighth regular pastor of the congregation in 1924. He resigned in 1927 and Rev. O. C. Klehn acted as supply in addition to his duties as port chaplain for a short period.

Rev. George Innes was installed on October 2, 1927, and was pastor of the church at the time of the 25th anniversary in the church's history and conducted extensive celebrations. He resigned in 1935.

The present incumbent, Rev. F. C. Mueller, celebrated his fifth year in the pastorate last Sunday. During his tenure of the office the congregation has prospered and in addition to the wiping off of indebtedness the building has been redecorated at a cost of more than \$3,500 raised by special subscription. In addition a new organ has been installed.

The congregation at the present time numbers more than 200 families. The organist, Miss Viola Benson, has been in that position for more than 10 years.

CALVARY CHURCH

The preacher at both services next Sunday will be the Rev. Colin R. Rudd, B.A., B.D., the Interim Minister of Calvary, at the morning service the subject of the sermon will be "The Kingdom of God." This will be the first in a series. The subject of the evening sermon will be "Christian Foundations." A hearty invitation is extended to all those interested to come and join in the fellowship of this friendly church. The Sunday School will meet

The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week twelve passes are given to the six lucky winners who comply with the following requirements:

Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of next week are hidden. Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

Contestants must be over 16 years of age. Residents of Westmount, only, are eligible. All answers must be in this office not later than Wednesday, and the names of the winners will be published in Thursday's issue.

A convenient coupon will be found elsewhere in the paper. The winners are drawn from among those who submit the correct answers, as, unfortunately, it would be impossible to give passes to every one submitting the right answer.

The winners of last week's contest are as follows and their passes will be received in Monday's mail:

Mrs. Checketts, 4868 Sherbrooke West; Miss Marion Reynolds, 11 Burton Ave.; Irwin D. Leopold, 3781 Westmount Blvd.; Mrs. M. Wheatley, 351-E Selby St.; Ruth Ann Austin, 338 Grosvenor Ave.; Mrs. E. Redmond, 438 Strathcona Ave.

THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

The Carnegie Corporation with an endowment of \$135,000,000 says there are too many universities, colleges and "voluntary organizations for worthy purposes" in the United States. Henceforth the Foundation will allocate financial grants among such institutions under a "survival of the fittest" plan. During 1939-40 the Corporation gave \$4,692,682 in grants. Canadian universities receive substantial sums each year.

Physical science stands out as probably the crowning intellectual accomplishment of humans. Science has not only performed brilliantly in its own domain, but is being applied, sometimes with startling success, to other areas of knowledge and experience. Most universities believe some acquaintance with the fundamentals of chemistry, physics and biology is essential to every man and woman who hopes to achieve even a rudimentary understanding of the ruling ideas and temper of the modern world.

Canada and the U.S.A. will more than ever seek for mutually advantageous trade agreements. It is very evident that progress has for some time and will continue to be rapid.

The Civil Liberties Union in New York is opposing the release of public school time for religious education on the ground that it is "a grave violation of the principle of separation of church and state."

The primary effect of alcohol is to delude.—The Gazette, Montreal.

Max Ball author of "This Fascinating Oil Business" estimates that Russia, although the second largest oil producer in the world (the U.S.A. leads by a wide margin) cannot make up for Germany's oil deficiencies in the present war. Russia is still short about 47,000,000 barrels for her own uses. He added: "There is not in Europe, or available to Europe by practicable transport, enough oil for a modern war of any extended duration."

It was stated in the British House of Commons that up to the end of August, 51,261 men had been provisionally registered as conscientious objectors in Great Britain.

Jack Dempsey, appointed a labor referee under the Wagner Act, gave a union of office workers their main requests, a 10 per cent increase, the 40 hour week, a semi-closed shop.

Venezuela is the only country in the world without a national debt. The reason is oil, discovered about ten years ago; of this she is the largest producer. A wise policy of preserving the subsoil wealth for the benefit of the people is making possible remarkable welfare development.

Caracas has doubled its population in three years. Venezuela employs more experts from the U.S.A. than from any Latin American republic. The Bible is classified as a "libros de ciencia" (a textbook) and hence is admitted duty free.

been called for duty in various services. "I know I speak for all of you when I voice our grateful appreciation of the services of these gentlemen to our Association and the higher and more important service they are now rendering to Canada and the Empire. We hope that they may all be granted a safe return and that it will not be long before they are free to resume their peaceful occupations."

During the year the City purchased a large block of land on the Westmount mountain for a public park and playground, also a much smaller property for the same purpose at the corner of Sherbrooke street and Wood avenue. I think the wisdom of these purchases is beyond question and that the great majority of our citizens are heartily in accord with the permanent setting apart of these properties for public enjoyment.

Another interesting development was the formation of an air cadet corps in connection with our schools. This step proved to be the lead for a much larger movement embracing the whole Dominion, and I am sure you will all be interested in the address we are to listen to this evening by Mr. C. B. Foster, F.G., President of the "R Cadet League, who will explain the Air-Cadet Movement in Canada.

It has been very interesting to observe the rapid growth of the Parent-Teacher's Association movement in our midst. This has already become a very important factor in educational matters in many progressive centres. I believe we have three such associations in Westmount and that there is good reason to expect that they will soon become one. I sincerely hope this will be so, because a strong association of that nature, if wisely directed, could be a powerful influence in backing up the efforts of our school Commissioners and other educational authorities to improve our local educational facilities and the general system of education.

I think it is fortunate to again remind the people of Westmount that this Association exists solely in the interest of good administration in our City. Membership is open to all our citizens. It provides a medium through which ideas may be brought forward and carefully considered suggestions advanced for consideration by those entrusted with the administration of our municipality and its schools.

For many years Westmount has enjoyed administration which, I am confident compares favourably with that of any city on the continent. Not a cent of remuneration is paid to our Mayor. Aldermen, School Commissioners or the Library Trustees, and I think it a high tribute to the patriotic qualities of our citizens that year after year we are able to find men willing to assume the burdens of those offices. They are almost invariably men who occupy important positions in business or in the professions, yet they give unstintingly of their time and energy to their Civic duties and usually continue in office for at least two terms. I am sure we will agree that they deserve our gratitude, our respect and our support.

Your Association does not seek undue credit for the good government of the City, but the fact that during a period of the years we have not had an election in Westmount and during all that time the candidates endorsed by the Association have been returned by acclamation, must be interpreted in one of two ways.

Either that the Association commands greater confidence and respect than the number of its membership indicates, or an apathy on the part of our citizens which is unthinkable. I suggest it is ridiculous that we should have a membership of only a few hundred. We should have several thousand. I go further; I declare that there is greater urgency now than at any period in

of the R.C.A.F. and corps insignia will be woven into the cloth. They will wear a wedge cap.

The uniforms will cost between \$12 and \$13 each. Mr. Foster told his audience, and within the next few months an appeal will be made to the general public for funds to add the corps in the poorer districts of the Dominion where individual members might not be able to finance the cost of their uniforms. Plans were also being laid, he said, for schools to purchase uniforms and rent them to the boys, refunding in this way the cost of the uniform in a reasonable period of time.

The Federal Government, he said, has consented to grant the organization \$1 per cadet, an appropriation in line with that allowed other cadet organizations.

history for all men to take an intelligent active and personal interest in public affairs.

The consequences of the war and the readjustments bound to follow will shake the very foundations on which democracy is built, and only very careful, sane measures can save many of these institutions which have become so dear to us.

Private and public extravagance and waste must be scrupulously avoided. We can best make our voices heard by our individual examples.

I would also point out to those misguided people who air their ill-considered criticisms and private grievances by means of anonymous letters in the public press that they could be much more constructive by openly advancing their ideas as members of this Association or at least by direct communication with the proper officials at the City Hall, he concluded.

The minutes of the last annual meeting were read by V. F. McAdam and the treasurer's report, read by W. W. Williamson, showed the organization's finances to be on a sound basis.

The president, C. V. Heward, occupied the chair.

LAST RESPECTS ARE PAID LATE MISS DOUGALL

Funeral Service Conducted Yesterday by Rev. Colin Rudd, of Calvary Church

Attended by a large number of friends and relatives, the funeral service for Miss Janet Alice Dougall, of 618 Belmont avenue, was held yesterday afternoon at the chapel of Tees and Company conducted by the Rev. Colin Rudd, interim pastor of Calvary United Church. Cremation followed at the Mount Royal Crematorium.

Miss Dougall, daughter of the late James Duncan Dougall, partner in the firm of John Dougall and Son, Limited, of Montreal, and John Dougall and Company, of New York, and granddaughter of John Dougall, founder of these firms and of the Witness publications, died on Monday at the Montreal General Hospital after a long illness. She was in her 75th year.

Miss Dougall was also the grandniece of John Redpath Dougall, dean of Canadian journalists, who until his death in 1934 had been for 64 years editor and owner of the Montreal Weekly and Daily Witness, a record unequalled in Canada. Her death recalls the history of publishing in Montreal.

Daughter of James Dougall and of the former Laure Emelle Matile, Miss Dougall was born at Montreal, December 14, 1867, and received her education here at Miss Simmer's and Miss Smith's School, at Cheltenham Ladies' College, England and in Switzerland. After her return to Montreal from Europe, Miss Dougall served as a part-time journalist with the Witness publications, but shortly joined her mother and father in New York.

In 1922 Miss Dougall returned to Montreal, where she had made her home with her brother, Frederick E. Dougall, 618 Belmont avenue, until the time of her death.

John Dougall, founder of the Witness publications, was born in Scotland and came to Montreal where he founded the Montreal Weekly Witness in 1845, and which only stopped publication in 1938. He also founded the Montreal Daily Witness, in 1860, but this paper had a shorter life, ceasing publication in 1913.

Mr. John Dougall's New York Daily Witness, founded in 1870, only lasted seven years, but the weekly founded at the same time, ran until 1922, when the great "paper famine" as it was called, forced it out of business never to resume.

Miss Dougall's maternal grandfather, Professor Georges Gustave Matile, was professor of Roman law at Neuchâtel University, Switzerland, and in 1845 came to America, where he assumed a position on the law faculty at Princeton University.

Miss Dougall is survived by three brothers, Frederick E. Dougall, of John Dougall and Son

High Home And School Association Article

The following article entitled, "Art and Craft Activities," has been written for the Examiner by C. V. Frayn, art instructor in Westmount Protestant schools, and is another in the series sponsored by the Westmount High Schools Home and School Association:

"He that questioneth much shall learn much, and content much; but especially if he apply his questions to the skill of the persons whom he asketh; for he shall give them occasion to please themselves in speaking, and himself shall continually gather knowledge." So wrote Sir Francis Bacon many years ago, and every real teacher will attest to the truth of that utterance. Perhaps no-where is it more literally put into action than in the realm of the arts and crafts in school.

Today it is the function of the teacher to elicit the questions, guide the questioning and lead the pupils to discover the answers more or less for themselves. This is accomplished to a considerable extent and in a very effective way by means of the various activities connected with the teacher of art and crafts.

New activities are many and diverse. In some cases they link up with other departments of school life, as for example the school newspaper and the school "operative" and dramatic societies. The first of these, the newspaper, could and in some up-to-date schools does, tie up much more effectively with art and craft departments. With a little more vision we should be willing to equip these ambitions, school newspaper magnates with a small press. It could probably be begged from some prominent city printer, and with a few fonts of type, give the boys a thoroughly good insight into typography, layout and general display work.

The possibilities in this direction are manifold. For the dramatic and operative societies of the school, the art and craft departments in conjunction with the manual training departments provide the sinews of war in the shape of paints, brushes and framework for the making of back-drops, scenery and furnishings, programs and tickets.

Posters and placards, always in great demand, are produced either as part of the school art work or as an extra school activity. The art room and the necessary supplies are always available for poster work of all kinds.

"Gaslight" Third Major Production Of The MRT

Described by its author as "a Victorian Thriller in three acts" "Gaslight" which will be presented as the MRT's third major production of the season promises the type of mystery entertainment which will keep in pleasurable suspense from the opening to the closing curtain. The playwright, Patrick Hamilton, is a master of the art of keeping those on the other side of the "gaslight" "guessing" and in "Gaslight" he brings this faculty to a high pitch. Added to this is his knowledge of psychology which enables him to portray the reactions of his characters in vivid colours. "Gaslight" enjoyed a highly successful run in London shortly before war was declared.

From the moment the play opens one is conscious of an eerie, mysterious atmosphere. The scene is a rather dreary sitting-room in an old house in London... outside the fog is thickening. We meet Mr. and Mrs. Manningham, the householders and soon it becomes apparent that the wife is gripped with a horrible fear that

RULES GIVEN ON OBSERVANCE OF THE SABBATH

Rev. A. Lloyd Smith Preaches on "How to Spend Sunday," in Dominion-Douglas Church

Preaching on the topic, "How to Spend Sunday," Rev. A. Lloyd Smith gave the following four rules on the observance of the Sabbath in Dominion Douglas Church Sunday evening: 1.—Participate in public worship and private devotion, even at great personal cost. 2.—Engage in some Christian service, such as visiting the sick. 3.—Learn the value of recreative rest. 4.—Make sure that the activities of one's self and family were not obtained at the cost of placing added burdens on the shoulders of others.

Rev. Smith recommended good food, extra sleep, fresh air and sunshine as the things to seek on Sunday. He said that the wise mother or wife was the one who provided a Sunday dinner that was "just a little special"; extra sleep for those who were prevented from getting enough of it by their tasks during the week, he advocated, as he did fresh air and sunshine for those forced to spend most of their time indoors.

While people who planned to be out of the city during the ski and golfing seasons presented a problem to the church, the pastor stated that "no one has a right to be dogmatic about Sunday observance, it should be left to the Christian conscience."

Rev. Smith declared that men must be governed by God or they would be ruled by the tyrants. The strength of character displayed by the British people in the present conflict was due largely to the family observance of Sunday services by them for many years, he averred.

The minister referred to some homes "as being no more than a dormitory attached to garage," while stressing the value of home life.

STAMP CLUB

The Westmount Stamp Club will have as Guest Speaker this evening Mr. Whipple, on Stamp Mounting. Plans are also being made for the Sixth Annual Exhibition to be held March 6th, 7th and 8th, in Victoria Hall.

This evening's meeting will take place in Victoria Hall at 8.00 p.m., all persons interested in stamp collecting are invited to attend.

popular figures the legitimate stage has seen in Montreal in recent years when she played for several seasons at the Orpheum Theatre. Since retiring from the professional stage she has maintained her interest and has had much to do with the organizing and directing the Little Theatre group in the Town of Mount Royal. Whitfield Aston is of course well-known to MRT audiences and has behind him many years of stage experience particularly in Shakespearean and Dickensian roles. Filmore Sadler is equally well-known and appeared in our second production of this season, "Mary of Scotland". He is also director of the School of the Theatre and of the Brae Manor Summer Theatre. The cast is completed by Winifred Cam and Irene Ingham, experienced players who have each played several roles with the MRT. The play will be directed by Martin Allan with sets and costumes designed by Cecil West.

BRIGADE UNIT WILL ATTEND DIVINE SERVICE

Members of First Company Will Hear Rev. William Orr Mulligan, D.D.

Members of the First Westmount Company of the Boys Brigade will attend Divine Service Sunday morning, at eleven o'clock in Melville Presbyterian Church. Rev. Dr. Wm. Orr Mulligan will deliver the address. The colours will be carried by Staff-Sgts. James Patterson and William Mulligan, escorted by Lt. Robert Morrow, Lance Cpls. Gordon Kearns, and Edwin Goring.

This day has been set aside by the Boy Scout Association as Memorial Sunday for its late Chief Scout Lord Baden-Powell, and all Brigade Companies have been asked to attend their own church in memory of this great leader of boys. When scouting was first commenced, it worked very closely with the Boys Brigade and at all times these two great boys' organizations have worked side by side, each using different methods, but both being primarily interested in the boy. The late Sir William Smith, founder of the brigade was a very close friend of Lord Baden-Powell.

Swimming tests are to be held on Jan. 22nd and boys desirous of making application for either the certificate or badge should report to Staff Sgt. Wm. Mulligan. Last year quite a number of boys secured their certificate, entitling them to qualify for the badge this session.

Hockey will commence immediately, under the direction of Mr. Montgomery. As soon as a team has been made up, it will get into action on the Battalion league.

Life boys will meet on Friday night in Melville Hall, as usual, at seven o'clock, and those who have not as yet memorized their Code should make a point of doing so for Friday.

"Y" Notes

The Westmount Y.M.C.A. Senior Basketball team handed Central 'Y' their sixth straight defeat last Saturday at the new McGill Gymnasium. Paced by the floor work of Purdy and Joe Richman and by the versatility displayed in the sharing of points scored, the local squad had little difficulty in downing the last place squad.

Westmount showed superiority in every phase of the game, and judging from the offensive handling of the ball much can be expected from the local squad this year, their first in the Senior Division.

Westmont will play the league leading Rockland outfit on Saturday night, and a win will substantially put them in the play-off berth. The players for last Saturday's game; Defense; Crombie, Grindley, and Davidson, Goals; Purdy, and Holdridge, Forwards; Joe Richman, Eaves, Hall, and Lu Richman.

In a closely fought match on the Roslyn rink last Saturday morning, the Roslyn team defeated the Kings' team 3-1, in the second game of the Prep 'Y' Hockey League. The previous Saturday, Roslyn had little difficulty in turning back the outfit from Western Avenue by the tune of 13-1; but a very much improved team was on hand to make things quite a bit tougher Saturday. The line up, Roslyn; Goal Antiff; Defense, R. Hamilton, P. Murphy and D. Crombie; Forwards, C. Johnson, P. Clark, R. Allan and F. Everson. Kings; Goal, R. Rubinstein, Defense, B. Thompson, A. Smith, I. Ross, Forwards, B. McConnell, A. Rowlands and G. Gilhooly.

The Mixed Badminton Club of the Westmount Y.M.C.A. will be hosts to representative team from North Branch 'Y' this coming Saturday at 8.00 o'clock. The players likely to participate for the local 'Y' are as follows; Mr. and Mrs. Fairley, Don Bailey, Roy Switzer, Vera Walton, Norma Walton, Isobel Cordney, Bert Bridgewater, Harvey Huston, Lillian Swinden and a few others. Recently the girls' badminton club of the local 'Y' held an elimination tournament, as yet, not complete, but the leading players of the thirty-three entered seem to be Nan Fairley, Vera Walton, Norma Walton, Joyce Cloutier, Ann Cunningham, Jean Harvie, Isobel Courtney, and Lillian Swinden. It is likely the tournament will be completed this Friday, at the next meeting of the club.

"Mark Of Zorro" Featured At York United

Undoubtedly the most famous and colorful of all screen roles—the characterization that brought Douglas Fairbanks undying fame—is also the perfect role for: Tyrone Power and it marks what is unquestionably the greatest triumph of his career in "The Mark of Zorro" now playing at the York United Theatre.

And Linda Darnell, who is featured opposite him, has never looked lovelier or appeared to greater advantage.

The story is the famous and exciting tale of the night-riding masked avenger who flourished in the most exciting days of Old California, leaving behind the jagged sword mark that struck terror to every heart but one, that of the beautiful and gentle senorita who gave him her love. Boasting the most spectacular action and sword play the screen has seen in many a moon, Power's role is crammed with hard-riding, furious fighting, ardent romance and climaxed by an unforgettable realistic duel with Basil Rathbone, who, with Linda Darnell, heads the featured cast.

Rathbone has a ready-made role as a deep-eyed villain, Gale Sondergaard scores as the vain, flirtatious wife of the wicked alcalde, and others who shine in the superb cast include Eugene Pallette as Fray Felipe, J. Edward Bromberg as the alcalde, Montague Love, Janet Beecher, Robert Lowery and Chris-Pin Martin.

SUPPER MEETING

This Friday evening at 6.00 p.m. the intermediate members of the Boys' Dept. are holding a supper meeting, and are then visiting the Gazette to see the most interesting features of the large plant. There are plans to be made regarding hockey.

CHURCH SCHOOL PROGRESSING REPORTS SHOW

Pupils of Church of the Advent School are Displaying Enthusiasm

Since the beginning of the New Year a fresh impetus has entered into the teaching and work of the Church of the Advent School of Religious Education, officers report.

The report shows that progress is being achieved. The pupils are keen and display enthusiasm for their courses of instruction. This is probably due to the "Gospel Stamp System" which is employed this year. The lessons follow the church's year from Advent to the last Sunday in Trinity season; and are taken from the Gospel for the day. These lessons are illustrated on stamps which are saved in a special album for the purpose. The stamps are the work of the famous ecclesiastical artist, Noyes Lewis.

It is also reported that new members have been registered since the commencement of '41. The staff would be pleased to welcome any other newcomers. The superintendent or a teacher will call at homes to make the acquaintance of shy children if a message is telephoned to Rev. Fr. Lindsay at WI. 3892.

An appointment has been made to the work and office of acting secretary in the school. James Banker, of Wood avenue, will be trained in the duties of school management, supplies, records and correspondence. He is under general supervision of Mr. Rose, superintendent.

NEW TRIPLE COIFFURE IS SUITED TO THREE HAT STYLES

The new three-way coiffure for winter changes from a pompadour to a coiffure with high front curls and an upturned roll at the back that frames the high, twisted turban, left, of gold wool. At right, the coiffure is again changed to look well under a casual cloche. This time, it is left high in front with sides and back brushed downward in soft waves with loose ends.

Gable, Tracy, Colbert, Lamarr At The Westmount

Presenting one of the greatest all-star casts in the history of motion pictures, and utilizing this billion-dollar talent in a story that is built for fast action and thrills, "Boom Town" is now playing at the Westmount United Theatre as one of the most thrilling and spectacular productions to come out of Hollywood in some time.

With Clark Gable, Spencer Tracy, Claudette Colbert and Hedy Lamarr in stellar roles, "Boom Town" surpasses in star names even that former "greatest of thrill pictures," the air epic, "Test Pilot" which had Gable, Tracy, Myrna Loy and Lionel Barrymore at the head of the cast.

The supporting cast of the picture is an distinguished as its stars, including such well-known names as Frank Morgan, Lionel Atwill, Chill Wills, Marlon Martin and Minna Gombell, with lesser roles played by Joe Yule, Laracee Murphy, Roy Gordon, Richard Lane, Casey Johnson, Baby Quinlan, and "Forty Little Mothers" fame, George Lessey, Sara Haden, Frank Orth, Frank McGlynn, Jr., and Curt Bois.

Thrill-Packed Action These players join hands in presenting a thrill-packed human-interest story which shows Gable and Tracy in a total of five fights, one of which is a terrific battle between themselves, the frantic fight to blast out a roaring oil well fire, gushers tearing upward with mighty roars, a spouting water geyser, Gable on a bucking mule, a dive into a sea of mud by Gable and Tracy to escape the

Robert Montgomery In Mystery-Comedy Picture

A brand new detective roars out of retirement when his bride finds a dead man in the cellar of their honeymoon cottage. The detective is Robert Montgomery, the bride Constance Cummings, and the picture is "Haunted Honeymoon," which is now playing at the Snowdon United Theatre. It is a lusty love and laugh thriller.

Made in England, "Haunted Honeymoon" follows upon such earlier M-G-M British-made successes as "A Yank at Oxford," "The Citadel," and "Goodbye, Mr. Chips." Based on a best-seller novel by Dorothy L. Sayers, the picture gives versatile Robert Montgomery a role in striking departure from the gangster-nobleman of his last success, "The Earl of Chicago." As Lord Peter Wimsey of "Haunted Honeymoon," he doesn't use a gun, nor does he talk out of the corner of his mouth. Instead, he is a suave, sophisticated top-hat and tails man-about-town. But this slick society sleuth brings you a brand new and exciting characterization.

The fun begins when Lord Peter Wimsey, whose amateur hobby is crime detection, marries Harriet Vane, authoress of detective mysteries. Their one resolve is to get away from anything to do with "shop," and with this in mind they trek to a farmhouse far away in the English countryside in the hope of spending a peaceful and undisturbed honeymoon. This idea is brought to an abrupt end when the body of a dead man is discovered in the cellar of their honeymoon house. Leslie Banks, Sir Seymour Hicks and Robert Newton head a splendid cast of players.

Jeanne F. J. sent New Year's greetings in Spanish to her friends in Costa Rica.

CANADIENS LEAD JUVENILE SECTION OF LEAGUE

DEFEAT EACH OF THREE TEAMS IN LOOP; GOLDEN EAGLES IN SECOND PLACE WITH 4-1 WIN

The first week of play in the Juvenile Section of the Westmount Municipal Hockey League saw Bert Dalzell's Canadiens with a strangle hold grip on first place. The Canadiens took a commanding lead in the section by virtue of three shut-out victories, one over each of the other three teams in the league. The most amazing one was in the loop inaugural when the Canucks played the whole game without a goaler, yet were good enough to run up a 3-0 count on the Argos. The other two shut-outs were of an orthodox manner as Dalzell had eron Murray in the nets, the Hawks were kalsomined 6-0, while Brendan Macken's goal was the margin of victory in Monday's game against Dougie Alexander's Golden Eagles.

CANUCKS GAIN 1ST PLACE IN SCHOOL LOOP

The Golden Eagle are holding second place in the league standing as the result of a 4-1 victory over the Staynor Hawks, and of course their 1-0 loss to the league leaders.

The Hawks broke into the win column on Monday night when they defeated the Argos 3-2 in a close battle with John Garland notching all three tallies. This win came after two straight losses, one to the Golden Eagles 4-1, and the other a rout by the Canadiens 6-0.

John O'Connell's Argos are hoping for better days, the Argos one of the pre-season favourites have dropped their first two 3-0 in the first game, while the Hawks nosed them out 3-2 in the next one.

The Argos and Golden Eagles will meet on Friday night in a game at Westmount Park at 8 o'clock.

BEAVERS DOWN PANTHERS BY SCORE OF 2-1

David Harvie's Beavers caused a mild upset in the Municipal Midget League on Saturday afternoon when they defeated the strong Panthers team 2-1. This together with a 3-0 shut-out over the Argos shot the Beavers into undisputed first place in the Midget group standings. John Peterson has been a big gun in the Beavers two victories scoring one goal in the Argos game and tallying both of the goals in the Panthers tilt.

Although beaten by the Beavers on Saturday, the Panthers are still in second place having beaten the Hawks in their first league game 3-1. Buddy Lyons two goals and one by Ross were the Panthers scorers.

The Staynor Hawks also split even on the week's activities, losing their first game to the Panthers 3-1, then came back to defeat the Bulldogs 1-0 on Friday evening.

Andre Coutoure's Argos also broke even in their two games, turning up for the first game with only seven men, they went down before the Beavers 3-0, but showed better form in a daylight on Saturday to shut-out the Bulldogs 2-0, with Jim Macken getting both goals.

Sport Round-Up

BY ZEKE

The Westmount Juvenile Hockey League got underway with Jameson's Canadians defeating Argos by the score of 3-0 while Golden Eagles defeated Hawks by a score of 4-1. The Westmount Canadians undefeated champions of last year, downed their opponents without a goal tender and Edward Read, young rookie scored two goals for the winners, the other being scored by Ian Darrock, while Tubby O'Connell played a sound game for the losers.

Dougie Alexander's youngsters showed a lot of fight in downing their opponents by 3 goals. It was a fast rough game and finally ended up by a fight between both teams. There promises to be plenty of good juvenile hockey this year. The league convener, Jimmy McCormick, seems to have the right idea in the manner in which he picks his referees and gets his games started on time.

In Friday's fixture Jameson's Canadians defeated the Hawks by a score of 6-0. The goals were scored by Allan Bolduc, Eward Read, Dougie Heron and John Redpath each getting two. This was a very fast game, with the Hawks giving plenty of opposition. In the first period Canadians took a lead of three goals and the Hawks seemed to be ready to open up in the next two stanzas. The game became a little rougher in the second period. Allan Bolduc was chased for high sticking but the Canadian smanged to hold off all attacks and the second frame ended 4-0. In the final period, Hawks pressed but were unable to beat the Canadian defense. Half-way through the final period young Johnnie Chenier was clipped on the eye by a flying puck. From this time on all the play was held in the Canadian territory. The superb goaling of Vernon Murray held his team to a shut out victory.

In Monday's games Jameson's Canadians and Doug Alexander's team showed fine passing plays and out-classed their opponents considerably. Although the defense could stand a little additional strength. The third period started off fast with the Eagles pressing for a goal but the defense of Porter and Wake held off all attacks and the game ended with the Canadians continuing their undefeated streak.

Hawks later defeated Argos by a score of 3-2, with Hawks having the advantage of the play. Tubby O'Connell played a sound game for the losers, but his team could not break the goal-tending of Duncan Rowntree.

Dots and Dashes
Bert Dalzell has a complete new team with the exception of one man, young Allan Bolduc, who was one of the leading scorers last year. Tommy Brennan was one of the referees on the starting night while the other referee, a senior from the Maritimes, handled the game in a fine fashion. We think that Rollie Loftus would be a good nomination. The referees are being paid this year. Kevin Tolan, first string defenseman of last year's championship team, has entered the banking business, while his linemate, Eddie McCrory, is going to be a druggist. Dougie Alexander seems to have a strong enough team to clinch the championship this year. Bobby Bolcer isn't playing hockey as well as he did last year. Is there something else on his mind? St. Leo's Juniors, coached by Andy McGillis, started their hockey season off pretty well by beating Catholic High last Thursday, by a score of 3-2. A few days prior to that victory they defeated D'Arcy McGee 5-1. We are glad to see Teddy Bulker up and around again.

Owen Clarkson was seen out practicing with Canadian juniors at the Forum the other day. Bazil Cloran has returned from Farham and is thinking of lining up with Bert Dalzell's Canadiens.

VALUE OF GAME
The playing of hockey develops in the young boy every asset that a growing man should attain, and when we consider that it is relatively free from fatalities compared to other competitive sports, we realize that the game can give to the boy something definite to build his physical and moral character, without any harmful effects.

As we have seen from the short history of the game, hockey is primarily an outdoor competitive sport, which develops in the player perfect muscular control, and co-ordination of the facilities. The game is full of action from the drop of the puck, and the muscles of the arms, legs, hands, etc., are taught to respond to the demands that are made upon them. Like football it gives to the boy the true spirit of sportsmanship, but placed in a wonderful position to develop initiative, the ability to size up situations and to think fast. The alert mind is an es-

YOUTH GOES TO FORE IN TENNIS WORLD

Two factors more than any others were dominant in the United States tennis picture in 1940. One was the manner in which youth ruled the courts, with perhaps the most striking example the fact that the average age of the first four players in the men's national singles ranking is less than 22 years.

But the prominence of these youngsters and the fact that all of them attained their ranking through steady improvement over the preceding season was overshadowed by the constant increase in the number of players from all parts of the country who were entitled to consideration by the various ranking committees.

This nation-wide improvement undoubtedly was due to the junior development program of the U. S. L. T. A. and to the loyal support and co-operation given by section and local committees working under the Junior Davis Cup, Junior Wightman Cup and general junior development systems of the national association.

The national rankings are proof of development and growth. Don McNeill, moving from third to first place in men's singles, and Frank Kovacs and Joe Hunt, advancing to third and fourth, all were continuing advances they had begun in the junior ranks a few years ago.

There is every reason to believe that, if national conditions permit the maintenance of similar efforts during the coming year, the United States may look forward to more and better tennis players and closer competition during the 12 months to come.

sential to the hockey player, and the boy has his attention brought to the fact that he must think quickly of what to do not only for himself but for the benefit of the team as a whole. In this way he learns what it is to make a decision in a crisis.

No one player is more important to his team than another, and the boy learns not only of his personal value to the team, but the value of working together with his team mates for success. This develops unselfishness.

Here is a game then with speed and daring; one which develops keenness of mind, unselfishness and fine sportsmanship; molds the boy's body and character so that he will be enabled to absorb the physical and mental bumps of later life; yet a game which statistics have proved is relatively free from major injuries compared with other competitive games. What more could you ask from any sport? Hockey has been called the world's fastest game. It is also becoming one of the world's most popular games, not only to play, but also from the spectators' viewpoint.

WESTMT DOWNS STRATHCONA BY 2-0 TO CHALK UP SECOND STRAIGHT WIN; TOOK EARLY LEAD

A powerful Westmount team defeated Strathcona Academy 2-0 in a scheduled Protestant Schools Hockey League tilt on Tuesday to chalk up their second straight win in as many games.

The triumph placed the Purple and White on top of the league standing with Verdun, West Hill, Montreal High and Strathcona following in order. Verdun and West Hill are tied for second place.

The game was a heavy hitting affair with the defence of both squads handing out the bumps to all comers. Like the majority of the senior teams in the school leagues this season Strathcona also has been hit hard through graduation.

HURRICANES, ARGOS ARE IN CLOSE BATTLE

Early games in the Bantam section of the Westmount Municipal Hockey League would indicate that there will be a close battle between the Argos and the Hurricanes, with Jim DeLalanne's Eagles ready to knock either of them over if given the chance.

Both Hurricanes and Argos won their first games in an easy manner, the Argos shutting out the Aces 2-0, while the Hurricanes humbled the Eagles 4-2. The two clubs met each other on Saturday afternoon only to play to a 1-1 stalemate. The Hurricanes took the lead on a first period goal by Jack McKissock, held it until the last five seconds of play in the final period when Kevin Reynolds broke through the Hurricanes defence to tie up the game, on the last play of the game.

The Eagles picked up ground on both of the top two teams when they downed the Aces 3-1. Tommie Earle got two of the Eagles goals, while Jimmie DeLalanne got the other.

Warren Chippindale's Aces was the only winless club in the group, losing their first game 2-0 to Argos and then suffering a 3-1 defeat at the hands of the Eagles. Robert Minty scored the Aces only counter of this game.

Sleuth Ends Long Chase

"A meritorious piece of work," said L. R. Dunne, the Marylebone magistrate, when he heard how Det.-Sergt. Peattie, attached to the G.P.O., had persistently pursued inquiries for over two years and eventually tracked down a man wanted for defrauding the Post Office.

Sentence of three months' imprisonment was passed on Louis Owen Walker, 44, gardener, of North Wharf road, Paddington, who pleaded guilty to fraudulent obtaining £3 from the post office at Star street, Paddington, on April 19, 1933, after opening an account with a forged cheque for £41 10s.

Mr. Plummer, prosecuting for the G.P.O., said that since April, 1938, Det.-Sergt. Peattie had traced Walker from one address to another, often just missing him. He eventually found him at one of his old addresses.

Sergt. Peattie stated that Walker had five previous convictions for theft, forgery and fraud between 1929 and 1937.

In 20 days nearly 150,000 bunches of bananas were shipped from Haiti.
