### Several Policemen Shot Down In Ireland Over Week-End

#### WITHDRAWAL OF WRANGEL'S ARMY TO CRIMEA CREATED BAD MORAL EFFECTS --- THE WINTER DREADED

Wrangel Has Long Range Guns, as Well as Heavy Pieces, Which Have Been Planted to Protect His Lines from the Bolsheviks, Who Are Also Concentrating Their Artillery Forces—Wrangel Has Established Elaborate Barbed Wire Entanglements—Events in India Are Being Watched with Particular Intensity by the Nationalists—Wrangel Hopes Internal Troubles in Soviet Russia Will Work in His Favor.

(Associated Press Despatch)

CONSTANTINOPLE, Nov. 8.—South Russia anti-Bolshevik forces under command of General Wrangel still safely hold Perekop and Salkovo, keys to the Isthmus leading from Crimea to the mainland of Russia. Military observers declare General Wrangel has many long range ten and twelve inch guns, as well as other heavy pieces, which have been planted to protect his lines from the Bolsheviks, who are also concentrating their artillery forces. Along the seven mile trench system across the Isthmus, General Wrangel has established elaborate barbed wire entanglements.

It is recognized General Wrangel's withdrawal to Crimea from Taurida has created bad moral and political effects. Moscow already is spreading news of his defeat through Islam, and the Turkish Nationalists in Asi Minor talk of awaiting the results of the coming winter before treating with the allies.

Events in India are being watched with particular intensity by the Nationalists.

The impending winter is dreaded in Crimea where two million people, with only limited food, little clothing and virtually no money, have gathered. A dollar is worth fifty thousand rubles at present in Sebastopol. Nevertheless, General Wrangel hopes internal troubles in Soviet Russia will work in his favor.

If the indictments are returned, they will come before Federal Judge Landis. It was understood today that Federal authorities had wired to Washington asking that no passports be issued the men expected to be indicted, as information had been obtained to the effect that several of the men were planning to leave for Cuba.

#### Armistice Day in Sherbrooke

Ever memorable Armistice Day, Thursday next, November 11th, will be fittingly observed in this city.

The programme as outlined is briefly as follows: Place—Portland Square. Time—2.30 p.m.

Ceremony—A cenotaph to be erected, the school children of the city and members of various organizations to march past, depositing flowers or evergreens as a tribute to the heroic dead.

Conclusion—One or two brief addresses, the sounding of the Last Post, concluding with the National Anthem.

The movement for the observance of Armistice Day was initiated by the Daughters of the Empire. At a meeting of citizens, yesterday, committees were appointed to take charge of the organization, with Mr. J. W. McKee, President of the Board of Trade, chairman, and Mr. J. H. Brousseau, secretary.

Employers are asked to release for the afternoon any employees who may wish to attend.

It is hoped that citizens generally will assemble at the Square en masse to participate in the observance.

The first proposal was to hold the observance on Strathcona Square but it was felt that the assembly of so many children in the commercial district might be fraught with some danger and it was decided to utilize Portland Square.

All schools of Sherbrooke and Lennoxville will be invited to participate. The War Veterans, Boy Scouts, Cadets and City Bands, as far as possible, will be in attendance, and any city organizations that are able to turn out in a body are especially invited. The general public throughout the city and vicinity are urged to join in this observance of one of the most memorable days in all history.

#### King's Bench Assizes Were Resumed And P. Abran Faces Trial Accused Of Obtaining Money By False Pretenses

Mr. J. S. Broderick, K.C., Is Acting Crown Prosecutor in Absence of Mr. J. Nicol, K.C.—Court Proceeds with Cases and Three Accused Are Arraigned—Two Charges Against J. J. Fannell Will Be Heard Tomorrow—P. Abran Appears in Accusation of Obtaining Money from G. Carrier.

The session of the Court of King's Bench was resumed this morning at ten o'clock, and, after the jurors had been called, three of the accused were arraigned, Olivier Papineau, J. J. Fannell, and Moïse Moreau. They all pleaded guilty to the charges laid against them, Papineau, of incest; Fannell, of theft and house-breaking; and Moreau, of concealing the body of an infant. Fannell will appear on both charges tomorrow.

Paul Abran was then called, and his case started. Abran is accused of obtaining money under false pretenses. The charge being laid by George Carrier, of Windsor Mills.

The following jurors were then sworn and took their places for the trial: F. W. Brant, J. N. Boiesee, H. Bowen, E. Boivin, H. Brevoort, C. Choquette, W. Cumiskey, E. Boisvert, S. Brazel, P. Baldwin, M. Blais, and N. Dixon.

In the absence of Mr. J. Nicol, K.C., Mr. J. S. Broderick, K.C., acting as Crown prosecutor, explained the charge to the jury and told them of the circumstances surrounding the case. It is alleged that the accused, who conducted a garage business at Windsor Mills, had sold a car, a McLaughlin-Buick, to a man named Geo. Carrier, and obtained four hundred dollars in cash and a note for five hundred and fifty dollars. However, Carrier alleges that he received, later, a notification from the lawyer representing Mr. A. F. Ayers, of Lachute, that Carrier must pay some three hundred dollars to Ayers, as Abran had purchased the car on a lien contract, and still owed that sum on the purchase price. Carrier was told that, unless he paid the difference, the car would be seized.

Mr. W. Tracy, K.C., joint Crown prosecutor, explained the legal aspect of the case to the jury in French, and the first witness was called, Mr. Geo. Carrier, the plaintiff.

Mr. Carrier, questioned by the Crown, said that he had purchased the car from defendant and had given him cheque and note for the sum required. This was in March, 1919. There had been no question at the time of the proprietorship of the car, and Carrier thought accused owned it.

In April of this year, Carrier said he received a letter from a lawyer representing Mr. Ayers, stating that accused still owed over three hundred dollars on the car, and that Carrier must pay the difference or the machine would be seized. He was advised that he could obtain redress from Abran through the civil or criminal courts. Witness produced letters received concerning the deal.

Carrier said that the money paid by him to the defendant was for the car, and that he could then have clear title to the car and the contract would be given him.

In all, the car cost him over four hundred dollars, Carrier stated, when he had been asked only nine hundred and fifty by the defendant.

Mr. J. H. Lemay, M.L.A., appeared for the defence, and examined the witness. He asked whether accused had ever offered, either him-

self or through others, to settle the account between the two. Carrier answered that he had received letters from legal representatives of Abran, stating that the claims against accused, who was then in bankruptcy, would be paid.

The president, Mrs. Talcott St. Dizier, conducted the exercises, devotional, etc. The minutes of the last meeting and those of the sister Unions in Hatley Township were approved. The matter of giving prizes in the school was discussed and it was voted to give \$1 each to a boy and girl for best attendance.

The topic, "Is alcohol a Good Creature of God?" was taken up and a reading and original paper on the subject were given and also a paper on the subject of "Thoughts on Organization." The committee to arrange monthly programme of topics and leaders is Mrs. L. Colt. The roll call was along the line of questions and answers, explanatory of the offices held in the World's Dominion and Provincial, etc., Unions, as an aid to memory.

At the close, supper was served to thirty-two and a social time spent. Visitors from the Ayer's Cliff Union: Mrs. Lillian Hitchcock, Mrs. Woodard, Mrs. G. A. Smith and Mrs. Ernest Smith, added much to the interest of the meeting.

The regular meeting of the Women's Institute will be held Thursday, October 11th, instead of Wednesday, owing to other engagements.

FOOLED HIM.

He—The idea of saying that kissing spreads colds is ridiculous. She—According to Pliny, the elder, kissing is an infallible remedy for colds.

He—'I'd like to try his recipe. She—You may. It is "Three kisses on the mouth of a mule."

DIDN'T DISTURB HIM.

Mrs. Brown asked her new neighbor, an old sea captain, if her daughter's singing lessons disturbed him.

"Not at all, ma'am," replied the captain. "I am used to squalls on the 'high Cs.'"

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

GRANDEST ON EARTH SAYS QUEBEC WOMAN

"I Feel Like an Entirely Different Woman Since Taking Tanlac," Says Mrs. E. Matte.

"I feel like an entirely different person since taking Tanlac; have gained ten pounds in weight, and am enjoying the best of health," said Mrs. E. Matte, residing on St. Louis de Courville, Quebec, Que., recently.

"For three years I suffered from indigestion, and was already in a bad fix when I went down with the 'flu' and had to stay in bed five weeks. The 'flu' left me in a worse condition than I was before, and I suffered terribly all the time.

"I was so weak I couldn't walk across the room without support. I had no appetite at all, and even the odor of food cooking was sickening to me. My stomach was in such a poor condition I dared not eat anything, except a few dishes specially prepared for me.

"For months I lived on liquid foods that I didn't relish, and the little I forced down caused terrible cramping pains in my stomach that nearly set me wild. I was that weak and nervous it was almost impossible for me to get to sleep at night.

"For hours I would lie awake, and many times it was long after midnight before I could fall to sleep, and then from exhaustion. And in the morning when I waked I was still tired and weak. I got so I couldn't stand any noise, and the least little thing would upset my nerves till I'd quiver for hours without being able to control myself.

"Everything I tried failed me, and I kept on getting weaker and suffering still more. My husband suggested I try Tanlac and bought a bottle. I didn't think it would do me any good but was willing to try anything. From the very start I got better and was so delighted I kept right on taking it.

"I have finished my seventh bottle now am well and happy, and nothing ever hurts me. I can't praise Tanlac enough for what it has done for me. And I am glad to give this testimonial, for I honestly believe Tanlac is the grandest medicine on earth."

Tanlac is sold in Sherbrooke by Griffith's Drug Store and A. E. Du Berger, and in Lennoxville by W. J. H. McKindsey, under the personal direction of a special Tanlac representative. (Advt.)

PILES

ARE GENERALLY CAUSED BY CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery.

Nine-tenths of those who are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are classed under three headings, i.e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels at least once or twice a day, and by doing this the cure will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles.

They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not gripe, weaken or sicken.

Milburn's Laxa-Liver Pills are 25¢ a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**LARGE FUNERAL WAS HELD FOR GRANBY PASTOR**

Late Father Gill Laid to Rest with Imposing Ceremonies—Great Number of Clergy and Laity Attended.

GRANBY, Nov. 8.—There passed away on Friday, October 29, Rev. Father Gill, who for thirty years had been the parish priest of Granby. Deceased, who had been in poor health, left Granby about two months ago and went to St. Joseph's Hospital, St. Hyacinthe, where he hoped to regain health and strength, but it was not to be, and he passed peacefully away after being confined to his bed for three weeks.

His remains were brought to Granby on Tuesday morning last on the Central Vermont train. All the factories in the city were closed from eleven until twelve o'clock, in order that all might do honor to the Rev. Father, who was so beloved by all. The streets of Granby were thronged with thousands of people making their way to the depot to meet the train, and the procession formed was the largest ever beheld in this city. Three mounted policemen led the way, followed by the city brass band playing the mournful strains of the dead march, the muffled drums keeping time. The mayor and aldermen followed, then the hearse and a long line of citizens wended their solemn way to the Catholic Church, where the body lay in state within the sacristy until Wednesday morning, when the funeral took place.

The Rev. Marcel Gill was born at St. Thomas de Pierreville on February 8, 1850. He studied at Nicolet Seminary and was ordained at Three Rivers by His Lordship Bishop Lafleche on September 19, 1875. He was curate at Acton Vale from 1875 to 1877, at St. Pie in 1878, and St. Denis in 1879. He was appointed parish priest at St. Joachim de Shefford in 1879, and remained there until 1887, when he was appointed parish priest at Granby, where he remained for thirty years in charge of the parish.

During his pastorate the College was founded, destroyed by fire and rebuilt, the Convent greatly enlarged, and the present Presbytery constructed, but his greatest achievement was the construction of the present Parish Church without imposing any taxes on the property owners of the city or township.

He leaves one brother, Mr. Napoleon Gill, of Sorel, and two sisters, Mrs. Boucher, of Pierreville, and Mrs. Biron, of St. Elphege, and several nephews and nieces.

The funeral was conducted by Right Rev. Mgr. F. Z. Decelles, Vicar General, assisted by Rev. Hector Tetreault, parish priest of Notre Dame de Sorel, and Rev. Archibald Gill, of the Seminary of Nicolet, as sub-deacon. Among the priests from all parts of the diocese were: Right Rev. Mgr. Labate, Superior of the Seminary of Nicolet; Rev. Mondou, representing Right Rev. Mgr. Bruneau, of Nicolet; Rev. Gladiu, parish priest of St. Pierre les Bequets; Rev. Languedoc, from Valcour; Canon Pratte, Superior of the Seminary of St. Hyacinthe; Revs. Martin, Godreau, Lafontaine, Cadieux, Nadeau, Cabana, Bibeau, O. P. Pelletier, Desmarais, Lagace, Lamontagne, Guillet, Larose, Gingras, Boisvert, Beaudry, Lecours, Loiselle, Benoit, Messier, Desnoyers, Maynard, Goyette, Leveille, Phaneuf, Decelles, Bergeron, Beauregard, Tetreault, Auger, Tetreault, Desmarais and others, and Rev. Brothers Hyacinthe and Bruneau, formerly directors of the Sacred Heart College of Granby.

The sermon was delivered by Rev. E. Decelles, parish priest of Farnham. The choir rendered the Mass of Requiem in plain chant, Father Morin acting as director, and Father E. E. Pelletier, of West Shefford, was the organist.

At the close of the service the remains were laid in the sub-basement of the church, in a mortuary chapel, where, by request of the deceased, they will remain until the winter.

The bearers were Messrs. J. S. Mullin, Dr. Lord, P. A. Peltier, P. Moriarty, A. Durocher and O. N. Pare. The pall-bearers were Messrs. G. H. Boivin, M.P., J. L. Dozois, Dr. C. P. Verdon, A. Monty, N. Loiselle and F. D. Quinn. The funeral directors were Messrs. P. E. Boivin, Mayor of the City of Granby, and J. Bruce Payne, Mayor of the Township of Granby.

Knowlton, furnished excellent music for the occasion.

Dr. Hayes, of Cowansville, was in town last week.

Mr. and Mrs. Jas. Tracy and daughter were guests of Mr. and Mrs. E. Perry on Friday.

## GATHERING OF THE I. O. O. F. PATRIARCHS

Thirty-six Candidates Initiated Night—Brings Quebec Total Over 1,000.

The rally of Encampment Odd Fellows in Unity Lodge room, Saturday night, was one of the largest held in the jurisdiction. Some three hundred Odd Fellows, members of the Encampment, were present, including representatives from Montreal, Windsor Mills, Coaticook, Quebec, Newport, Island Pond, and Derby Line.

Twenty-six candidates were given the three degrees of the encampment. The only disappointment was the absence of a considerable number expected from Bury. The patriarchal degree was put in by Union Encampment, while the Golden Rule and Royal Purple were invited by Montreal Encampment team.

Among those present from a distance were Grand Master Cooper, Montreal; and Patriarchs Norton and Doddridge, of Quebec. Past Representatives Jones, of Island Pond, and Jenne, of Newport, were also present.

This initiation brings the membership of Quebec Encampment up to over 1,000, for which much credit is due Chief Patriarch M. M. Lothrop, of Sherbrooke.

Refreshments were served during the evening, these having been prepared by the Rebeccas.

## SEEK NAMES OF ALL BROME CO. ARMEN

Appeal to Brome People to Assist in Making List Complete—Tablet for Airplane Annex at Knowlton.

An annex to the Brome Historical Society has been built, in which a German aeroplane is being placed, and in which Senator George G. Foster, K.C., intends placing a tablet bearing the names of all the boys from Brome County who joined up with the air force.

As the records are in England it is proving difficult to get the necessary information, and Senator Foster requests that all members of the air force who went to the front from Brome County send their own names, and also the names of any others they may know of, who enlisted in that branch of service, to Rev. E. M. Taylor, Knowlton, Que.

He also suggests that, in sending the names, they mention the fact that the information is given, in connection with the tablet to be erected at Knowlton in the Aeroplane Annex, to the Historical Society.

Mr. Foster considers it important that the names should be collected and placed in such a way as to preserve them for future generations.

## YOUTHFUL TALENT PREPARING A MUSICAL TALENT.

The "Liliputian" opera folk of Sherbrooke are going to present another musical play, and those who enjoyed the pretty story of "Jack and the Bean Stalk," told in song, will be pleased to know that the coming presentation is going to be "Boy Blue."

It is quite unnecessary to say "little" for the leading roles, as well as the chorus, will be taken by children who have shown decided talent, and have had excellent training in music, dialogue and dancing.

As the musical story of "Boy Blue" is not lengthy, a short, but picturesque sketch, entitled "Tom Thumb's Wedding," will precede it, and this, as the name implies, will be given by the children.

The presentation will be given under the auspices of Sir John Sherbrooke Chapter, I.O.D.E., and under the direction of Mr. Albert Blier, who "has a knack" of getting on well with children, while the members of the chapter will bend their efforts toward making the event as successful as preceding ones.

## UNCLE JIM'S LETTER

## Correspondence

### Dear Nieces and Nephews:

The mail box was nearly empty this week, but I know how busy my corner family is with school and preparation for winter. Still we have two new riddles to guess, and I am sure you will all like the "Red Trail" story. There is something to learn in it too, for it is an easy thing to get lost in a mountainous or woody section of country, and to think quick, means time and worry saved.

Some of you, I am sure, will remember, and others will learn at school, that this week has a very notable date, November 5, 1504, "Guy Fawkes Day," I hear several of the corner folk say. Yes, that is the day of the historic Gunpowder Plot, when Guy Fawkes, who is spoken of as "an agent," also as "a brave soldier from Flanders," lost his life through having been willing to assist in placing the bomb under the House of Lords.

In England, people used to make effigies of Guy Fawkes, and burn them in the streets, while they would shout or sing some words like—"This is to remember the fifth of November, the season of treason and plot."

These unkind remembrances are becoming unpopular, as they should, and November 5, 1920 will be quietly passed over, with perhaps a special reference to it in the history lesson at school.

But have you all thought of the great day, November 11, which will be celebrated throughout the christian world as Armistice Day? I hope every boy and girl in our corner will celebrate the second anniversary of the great peace day in a fitting way, and be sure to sing with all the strength of your lungs, "O Canada, We Stand Guard for Thee."

Not one of my nieces or nephews have written to tell me they have got a "Jack in the Pulpit" planted. Perhaps I told them about it too late, but I only got mine last week, and it is now in a sunny window in a little pot of earth, and I am going to note the day the first shoot comes up, and also when the "jack" appears.

Now, let us have a little health talk. We read, and hear a great

### A GOOD SUGGESTION.

Dear Uncle Jim: At last I have had time to write and thank you for the lovely book you sent me for the prize I won. It is a good, exciting story, just what I like, and I thank you very much. I would like to suggest that your nieces and nephews write stories of the long ago, something that really happened to our fathers and mothers or other relatives, or some of the odd doings of the early settlers who used to have to walk miles for their groceries and mail. Many of them must have had very thrilling experiences that would be as good as a book to read. My daddy and grandma tell me such funny stories about when they were young. I would like to hear what others have to tell. Don't you think it would be quite interesting. Uncle Jim? I must say good-bye for now. From

OLGA JACKSON.  
City.

### BILL.

His parents are my ancient friends And often ask me for week-ends, But, though his father is my host, It's Bill that really rules the roost.

If it is wet, a tale of bricks Is given me to pile an' fix, And when the structure stands on high, Without a single brick awry, The fabric, as my labor's crown, Bill has the right of knocking down, While I must gather up the blocks And pack them neatly in their box. Released from Architecture's claims We turn to our Olympic games, With Bill as driver, me as horse, Pursuing our erratic course. Between the tables and the chairs, Or even up and down the stairs, Until the midday meal draws near, And nurse removes my charioteer, But, if the weather's bright and fair, Bill hales me forth to take the air. —C. L. Graves.

### SOMEBODY GUESS 'EM.

Dear Uncle Jim: I am going to send you some riddles. Here they are:

1.—How can you get down from an elephant? 2.—Why can't a rolling-pin sing? VERDA WALDRON. Sawyerville, Que.

### I've got to mark my trail some way.

That will keep me from worrying about getting lost and it will help the boys find me." He thought some minutes before he could think of something to make a trail with. It had to be something he had there with him—and he had only his basket and knife; it had to be something easy to fix and something the boys would surely notice. But in a minute his eyes brightened and he laughed. "The very thing!" he exclaimed. "They'll be sure to notice!"

In the meantime, John and Florence arrived at home, told their mother about Will's plan to explore the other side and then, John, after packing their mushrooms in a box ready for sale, set off to the neighbor's to get his friend Ned. Fortunately Ned was through with his work and happy to go along on an exploring expedition. They hurried off "round the side of the mountain so they could meet Will as soon as possible and have the fun of exploring with him."

Up the trail they went; up and up. But not a sign of Will did they see. "We ought to see him now," said John who was getting a bit anxious about his brother. "We couldn't miss him—there's no other way to go!"

On they went, but still no sign of Will. "Do you suppose something's happened to him, Ned?" asked John anxiously, "but then," he added, answering his own question, "nothing could happen!"

And at that very minute he saw a flash of something red. "Look!" he exclaimed, "that's just been tied to that bush—see? It hasn't been out to the weather before!" He ran to where the bit of red silk fluttered from a nearby bush.

"Why—why—why, Ned!" he cried, "that's a piece of Will's tie! He's made a trail!" They looked around and there, about fifty feet away was another bit of the same red silk and some fifty feet beyond that another.

Eagerly the boys searched for the red markers, now laughing and thinking Will was playing them some prank; now sober, thinking that something might have happened to him. And all the while they called and shouted but nothing more than the echo answered them.

But after about a half an hour of hunting and calling a call came back and quickly now that sound could help them, they found Will—tired and lonesome and feeling pretty well bruised up from his fall.

"How'd you ever get lost on this old mountain?" cried John. And Will told about his fall and how dazed he had felt and how he had lost his direction.

"I made a trail," he said, "did you see it?" "Did we," laughed Ned, as he picked up a basket and got out his knife to cut some extra fine mushrooms at his feet, "that's the reason we found you!" "Well, next time I explore I'll have somebody go with me," said Will, "but all the same it's fun to know that that old fairy tale of trail really will work 'em!"

## A LONG RED TRAIL

WILL, John and Florence lived by the side of old Iron Mountain and the children often climbed up its slope to search for mushrooms. They thought it great sport. Each one carried a small basket for the mushrooms and a pocket full of sandwiches to help out with the big appetite that was sure to come from a long tramp over the mountain side.

One Saturday morning the three children started out with the happiest of expectations. "I know we'll get a lot today," said Florence as she kissed her mother good-bye and ran to meet the boys.

"To be sure we will," agreed Will, "brother Tom was up the mountain yesterday with his team and he said the mushrooms were thick. It's a good thing for us too, 'cause that man from the city said he'd be by here this evening and he'd take all we could sell."

They talked so much about how they would use the money they were earning and how they could get more when the mushroom season was over that they didn't mind the climb up the mountain a bit and first thing they knew they were in the thick of the mushroom growths. Then there was no time for talk. Each child set busily to work with knife and basket, slashing off the part of the little white plant that was good to eat and dropping it in the basket and then hunting another an so on.

Finally the baskets were nearly full and the three workers sat down to eat their sandwiches. "I'll bet there are a lot more over on that side," said Will, pointing off toward the far side of the mountain. "Let's go down that side and go around home. The mountain's not high right here, it's a mile further along and it would be a lot of fun to go a new way."

"But aren't you afraid you'd get lost, Will?" asked Florence. "You know we haven't been that way before."

"Indeed I'm not afraid!" answered Will, "I wouldn't go if I wasn't sure it was safe. But you know I could find the way straight down—I couldn't get lost if I tried."

"But what about the baskets?" asked John, "what time was Mr. Cole coming to get our mushrooms?"

"I'll declare!" exclaimed Will, "I forgot about that!" "And I have to get home as early as I can to help mother," Florence reminded him.

"I'll tell you what let's do," suggested Will suddenly, "John, you put my mushrooms in your basket—yours is the biggest of the three and I'm sure you can pile mine on—and then you take Florence home and get Ned. You know he loves to explore but he had to work this morning. While you're gone, I'll go over the crest and start down on your side and he can meet me on the far side as you come up—understand?"

John and Florence thought that a good plan and as soon as the mushrooms were changed to John's basket the two set off at a brisk pace for home.

"Now for it!" said Will as the others passed out of sight. "I've always wanted to explore this other side. I'm sure we could find more pickings for the time we spend over there but I'd rather find out before I take the others along." You see, Will was looking out for good business all the time.

He climbed briskly up and up a d up. Over the road that ran along the mountain ridge and then down on the other side. Sure enough! He soon found mushrooms a-plenty and he set busily to work filling his basket again. "I do hope Mr. Cole is late today," he thought, "for if he comes after I get home I'll have a lot to sell him." And then, just when his basket was about full, Will slipped on a slimy bit of moss and boy, basket and mushrooms landed further down the mountain in a messy heap.

For a few minutes Will was so dazed he couldn't quite think what had happened to him and then he began to look around and to wonder where he was. He could tell he was yes, because the mountain was so big—but just where he was he had no idea! He tried to start off in what he thought was the right direction but found that his knee had been wrenched and that walking was difficult, also he found he had lost his sense of direction.

"This will never do," he said aloud.

PREMATURE. A contemporary runs an epitaph beginning "Here lies Hi Price, the profiteer." We would like to believe that the grasping old sinner was done for, but evidences seem to show that the report of his death has been greatly exaggerated.

Mr. W. J. Lyster, of Ayer's Cliff, was a recent guest of Mr. and Mrs. R. W. S. Nutbrown, College street, Lennoxville.

Mr. and Mrs. L. Simmons and little son, of London, Ont., were in town for the week-end, guests of Mr. and Mrs. W. L. Browne.

Miss Hannah Beck, of London, Eng., who has recently returned from India, is the guest of Miss Eva White, "Seaton Place," for a few days.

Mr. R. Becker, who had left for Nova Scotia, was summoned to Montreal, where Mrs. Becker has been seriously ill at the Western Hospital for some time past.

Mr. George Lindsay, of Sand Hill, has been the guest of his niece, Mrs. R. W. S. Nutbrown, College street, Lennoxville, for a few days.

Miss Goldies Montgomery spent the week-end with her parents, Mr. and Mrs. Alex Montgomery, at South Durham.

Mr. and Mrs. A. G. Campbell, Queen street, are leaving tonight for New York and Atlantic City to join Mr. and Mrs. C. B. Howard for a few weeks' stay.

Mrs. D. R. Riach, who has been ill in the hospital for some three weeks, has recovered sufficiently to return to her home in Montreal, accompanied by Mr. Riach.

Rev. D. T. MacKerrell, B.A., of Toronto, who officiated at St. Andrew's Church yesterday, is the guest of Mr. and Mrs. A. W. Brodie, Queen street, at the New Sherbrooke.

Mrs. Andrew Muir, of East Angus, and Miss Laura Pinn, of London, Eng., were week-end guests of Mrs. W. A. White, 37 Portland avenue. Miss Pinn sails on November 20th by the Minnedosa, from Quebec for her home, after a year's stay in Canada.

On Thursday, November 4th, a few friends called on Mr. and Mrs. Thomas Memory, of 25 Esplanade, in honor of their twentieth anniversary. The evening was pleasantly spent in music and games, after which the happy crowd departed for their homes, after wishing Mr. and Mrs. Memory many more years of happy married life.

which was being beautifully prolonged at St. Peter's by special requests' writings the obey idea beyond the walls of rest, joy and peace, and quoted the words, "To depart and be with Christ is far better, and 'absent in the body, but present with the Lord.' He spoke of the ancient custom of prayers for the dead, abolished by the church on account of certain abuses which had crept in. Love may say, 'Pray for them; remember them for God,' while faith declares that the beloved dear are in God's keeping, and that 'underneath them are the everlasting arms.'"

Perhaps the preacher said the best attitude is that of the church in public worship, an attitude of reverent silence, believing as most all Christians, that the living and the departed are in full communion and fellowship.

At both services Rev. Mr. Bigg read the strong and touching appeal for the International Red Cross Society for aid for three and a half millions of children in Europe and Asia, who are destitute and starving, and who must inevitably perish unless the other nations come to their relief. The British Red Cross hopes to raise \$10,000,000 for this purpose, and it is hoped that every part of the Empire will do its share.

RICHMOND IS UNDECIDED AS TO MEMORIAL

Question Taken Up by All Public Bodies—General News.

RICHMOND, Nov. 8.—The matter of a soldiers' memorial is rapidly taking some definite shape. The mayors and pro-mayors of Richmond and the neighboring and interested municipalities were called to meet in the town hall on Wednesday of last week. The mayors and pro-mayors were constituted a committee to take up the matter and ascertain what was the mind of the community and what the nature of a memorial should be. At the meeting held on Wednesday, Mayor John Hayes was appointed chairman of the Soldiers' Memorial Movement. Those present were: Pro-Mayor J. McMorine, Mayor Stephen Smith, and pro-Mayor P. St. Jean, of Cleveland, and Mr. E. C. Atkinson, representing the village of Melbourne.

Mr. Atkinson said that the feeling in the village of Melbourne was for a memorial hall, and read a letter from Mayor H. A. Jones, in which the writer expresses his opinion that a memorial hall should be erected to the memory of these heroes. This same sentiment was also expressed by the representatives of the municipality of Cleveland. The Township of Melbourne, New Rockland and Kingsbury sent word that they would give their hearty support to a memorial. The Richmond representatives were inclined to favor the idea of a stone, but were prepared to support a hall, should the necessary finances be secured. After some discussion it was decided to adjourn to Wednesday, December 15, at three p.m., when it will be possible to have a full representation.

In the meantime, the committee will also be in a position to have the mind of the citizens on the matter. The committee will secure plans and costs on a building and a stone suitable for the occasion.

At a meeting of the Board of Trade, held on Thursday evening, the matter of the memorial was discussed in an informal manner. The Board of Trade did not come to any decision, but the consensus of opinion was in favor of a hall such as would serve the many needs of the town and the community. Mention was made of the need of a gymnasium and swimming pool. This could be installed in the basement and would pay for itself easily.

The G.W.V.A. are running strong in the direction of a hall. They are in need of suitable rooms in which to meet. The veterans should have rooms in which tablets should be put up to the memory of the lady that died. The veterans are ready to support such a memorial with a subscription. The Ladies' Patriotic Association want a hall and are ready to subscribe towards it the sum of one thousand dollars.

On the other hand, there are those who believe that a memorial should be a memorial and nothing else. The memorial should stand for one thing and one thing alone, and that is the memory of the boys who made the sacrifice. This would be a stone with the names inscribed.

A stone would not cost as much as a hall. The difficulty is that Richmond does not happen to have any site suitable for a stone of that character and it would be necessary to purchase a lot and put it into shape. In the end, this would run into a large figure. In the meantime, the committee is working on the plan and will welcome suggestions from the citizens. They will be largely guided by the wishes of the citizens as a whole.

MUNICIPAL CHAPTER MEETING.

The regular meeting of the Municipal Chapter, I.O.D.E., was held Saturday evening in the Chapter Room, the regent and other officers being present. After the opening ceremony, the minutes, reports, etc., a letter was read from Mr. MacKaye, the well known and patriotic lecturer, offering to deliver his lecture on modern Canadianism in Sherbrooke under the auspices of the Daughters of the Empire. As the subject is most attractive and should appeal to the public, it was decided to accept the proposition of Mr. MacKaye, each Chapter to do its share in defraying the necessary expenses. The date was not fixed upon, but will be announced later.

The principal subject of discussion was the celebration of Armistice Day in some fitting manner. The example of certain other cities in erecting a cenotaph in some public place and arranging for a procession of school children was believed to be quite feasible, although the time was short, but a conference was entered into with Colonel Worthington, C.M.G., and Lieut.-Colonel J. J. Penhale, D.S.O., who advised that the commemoration be of a more civic nature, and that the Mayor and members of the Council, the Board of Trade and the Rotary Club be requested to assist in the matter. In accordance with this idea it was moved and carried that the meeting be adjourned until the following day, and in the meantime representatives be invited to meet the officers of the I.O.D.E. at 4.30 in the G.W.V.A. assembly hall. The outcome of this meeting will appear elsewhere in the columns of the Record.

SPECIAL SERVICES AT ST. PETER'S.

Special services were held at St. Peter's Church yesterday, within the octave of All Saints' Day, a continuation of the great festival services of praise and thanksgiving that those who are gone from this world have been permitted, through Jesus Christ, to enter the Paradise of God. Holy Communion was celebrated, the rector being assisted by Rev. Professor F. G. Vial, of Bishop's College, Lennoxville, and the Communion service was Tours in F., with Benedictus, and Agnus Dei (Dore), the Gloria in Excelsis being especially grand. The hymns, "Blessed Are the Dead" and "The Saints of God, Their Conflict Past," were beautifully sung by the choir. The preacher was Rev. Professor Vial, whose text was, "Wherefore, seeing that we are compassed about with so great a cloud of witnesses," Hebrews 12:1, and whose words were spiritual, uplifting and comforting to a marked degree.

In the evening the church was filled with a large congregation, and the service was fully choral and most impressive. Special psalms for the day were chanted, and the lessons read by Rev. Canon Bedford-Jones, principal of Bishop's College. Splendid music was contributed by the choir, including Stanford's Magnificat in B flat, and for the anthem, solos from Spohr's Last Judgment, "So a Mighty Host," Mr. J. C. Stewart, and "They Who Have Passed Through Heavy Tribulation," Mrs. George Stevenson, and a quartette, "Lord God of Heaven and Earth," Mrs. Stevenson, Miss Edgell, Mr. Stewart and Mr. Whitehead, their voices being in perfect harmony. The closing hymn the triumphant, "For All Thy Saints Who From Their Labors Rest." The sermon was preached by Canon Bedford-Jones, who took for his text, "Even so, they also sleep in Jesus."

The speaker referred to the importance of the festival of All Saints,

discussed in an informal manner. The Board of Trade did not come to any decision, but the consensus of opinion was in favor of a hall such as would serve the many needs of the town and the community. **PEACE OR WAR IN BASEBALL IS TO BE DECIDED**

Important Meeting of Major League Clubs Is Being Held Today.

(Associated Press Despatch)  
 CHICAGO, Nov. 8.—Owners of the Major League baseball clubs were in session here today to decide for peace or war in major league baseball, with reorganization of the National Commission as the deciding factor. Magnates of the eight National League clubs and the Chicago, Boston and New York American League clubs, have extended until ten o'clock today their ultimatum to the other five American League clubs on an option of the Lasker plan for a new commission or a declaration of war.

President Johnson, of the American League, summoned all the American League clubs to meet at nine o'clock. The St. Louis and Detroit representatives of the "Loyal Five" supporting Johnson, did not arrive in time for a preliminary meeting yesterday, so the attitude of the majority of the American League clubs was in doubt when their meeting began. When the "ultimatum" was issued here, Johnson declared he would approve no plan until after the Cook County baseball grand jury had reported and a counter proposition was issued by the "Loyal Five," but the eleven National and American League clubs at an informal session voted to stick by their former position with the threat of a new twelve-club league repeated.

Opposition to the plan by President Johnson and the Washington, Philadelphia, Cleveland, Detroit and St. Louis clubs in their counter proposition was based on their belief that professional baseball should not be taken out of the control of club owners, managers and players.

**MACDONALD HAS NEW COURSE FOR HER STUDENTS**

Plant Pathology Is Needed to Quell the Growth of Diseases—Eight Students Will Specialize This Year.

Macdonald College has instituted a new department of botany, which will give special training to agricultural students desirous of specializing in plant pathology. This new departure has come to fill the demand for specialists in plant diseases to cope with the problems of farmers, fruit and vegetable growers and florists along this line and, to endeavor to prevent the heavy losses which are suffered every year from the ravages of plant diseases.

The immensity of the losses from various plant diseases throughout Canada, or even in the Province of Quebec, is not easy to estimate, but it is safe to say that oat smut, wheat and oat rust, apple scab, potato scab and blight, bean blight, black knot of plums and cherries, the various storage rots on vegetables, etc., cause a loss of millions of dollars to the rural communities every year and help keep up food prices.

There is, in consequence, a great demand for men trained along the lines of plant pathology—so great, in fact, that at this time the demand far exceeds the supply. And it is in keeping with Macdonald's motto for service that this department should be established to prepare her graduates to be of real value to the farming community. Eight students of the senior year in agriculture will specialize in plant diseases in the new department this year.

**PRIZES AWARDED AT ST. JOHNS HIGH SCHOOL**

Several Pleasant Events During the Week—General News.

ST. JOHNS, Nov. 8.—The presentation of prizes won by pupils of the St. Johns English School took place last Friday afternoon in the Baldwin Hall and was preceded by an exceedingly interesting programme, the numbers of which were given by the pupils. Principal Bennet presided and with him on the platform were Mr. Henderson Black, chairman, of which the school trustees, the Rev. A. H. Moore and the Rev. T. Turrell.

Mr. Bennet welcomed the large number of parents and friends, and thanked the donors of the prizes, making special mention of Mr. St. Germain, whose generous donations were much appreciated.

Recitations by the pupils and the singing of a school hymn were followed by the distribution of prizes, the first being given to those who had advanced from the primary room, thirty-five in number.

Then came ten first in other grades, the gift of Mr. Germain, and eight seconds, given by Messrs. Mace and Fraser. Miss Bessie Don won Mr. Germain's special prize for attendance and punctuality, with not a day missing nor a late morning.

Twenty-five other prizes from parents and friends went to leaders in selected subjects.

Mr. Bennet made reference to Miss Ives' good work in selection of prizes, and was followed by Mr. Black and Mr. Moore, who spoke in an interesting and encouraging way to both pupils and parents.

Mr. D. Irmie, vice-regent of the I.O.D.E. presented historical pictures to the school: "Canada's Answer," and "Joseph Brant."

Miss Marian Taylor was the accompanist for the musical numbers, and the program evening closed with the singing of the National Anthem.

**New Social Club had Happy Evening.**

The new social club which has so long been talked of by employees of the Singer Manufacturing Company, opened its doors at 7.30 p.m. on Friday, October 29. The rooms were quickly filled and the indefatigable members of the Entertainment Committee, under Mr. Allen, had the large company comfortably settled in readiness for the card games which were to be indulged in.

At 8.30 President K. A. Maxwell called the assembly to order. In a brief and appropriate speech he, on behalf of the executive committee, welcomed the members to their club rooms and then called upon the already popular works manager, Mr. W. A. Davidson, to declare the club open.

Mr. Davidson, in the course of a happy speech, said the success of the club was assured by the good attendance, and evident interest already shown, and pointed out that the continued interest would result in building up an organization that would bring pleasant recreation into many lives.

He declared the club open, and the guests then indulged in games of euchre, the prizes being awarded as follows: First prize, Mr. O. Besette; second, Mr. Gregoire; third, Mr. Giroux; fourth, a master-piece of the toymaker's art, to Mr. Paquette.

One hundred and fifty names have been enrolled, and it is expected that the two hundred mark will soon be reached.

The club is to be congratulated on having as its president, Mr. R. A. Maxwell, who with Mr. J. Donnelly, the secretary, have done so much towards successfully launching the organization.

**Stage and Screen Attractions At Local Playhouses This Week**

**At His Majesty's Theatre.**

The feature for the all evening entertainment today and tomorrow will be, "It's a Great Life," from Mary Roberts Rinehart's novel, "The Empire Builders." The theme is fresh and original, and portrays the dreams of two boys in a "prep" school. Cullen Landis is the star character, and is supported by an able cast.

"The Harvest Moon," an epic in romance, is the big attraction for Wednesday and Thursday. Doris Kenyon is seen at her best and takes the leading part in the film version of the play written by Augustus Thomas.

Matheson Lang and Lillah McCarthy appear in "Mr. Wu," on Friday and Saturday. This is a wonderfully strong picture and is a realistic study of Anglo-Chinese life and the yellow man's application of his ruthless code of honor to the foreigner.

**At the Casino Theatre.**

Today and tomorrow, Dustin Far-

num will be seen in one of the best roles of his career, in "Big Happiness," with Kathryn Adams as the leading lady. The story is built around the lives of two brothers, one of whom is asked to impersonate the other in his absence. The picture carries interest and fascination throughout, and the stars are ably supported by a fine cast. Mack Sennett will also be seen in one of his latest achievements, "By Golly."

"The City of Masks" is the vehicle which Robert Warwick will use to display his possibilities on Wednesday and Thursday in a romance of the great Metropolis, really the "city of masks." The plot centres around a lady of noble birth who is reduced to carry on a dress-making establishment in New York. How she meets another reduced personage and the developments of the situation are well brought out in this story.

James Oliver Curwood is the author of the story which will be presented on the screen on Friday and Saturday. In "The Courage of Marge O'Doone," Pauline Starke and Niles Welch, supported by an able cast, will take the leading parts of a heart-stirring drama, filmed in the Great North Woods.

A sad incident connected with her death was the fact that her daughter, Mrs. A. Viau, was summoned home from her wedding trip on account of her mother's death.

HEAVY TRADING ON THE WALL STREET EXCHANGE

(Associated Press Despatch) NEW YORK, Nov. 8.—(Wall St. Noon)—Stocks were poured out in heavy volume during the morning.

Dealings exceeding five hundred thousand shares. Extreme losses of three to seven points were made by various popular issues such as Mexican and Pan-American Petroleum, Atlantic Gulf, Republic Steel, Pierce Arrow Preferred, Delaware, Lackawanna and Western, and Delaware and Hudson.

Strength also being shown by Texas and Pacific and United Fruit. Gains in these issues ran from one to two points, some of the more stable industrials also rallying.

The London rate recovered part of its loss, but call money was firm at nine per cent. Selling was resumed at midday, greater pressure being directed against shippings, steels, oils, motors and numerous obscure specialties.

The movement extended to high class rails and other shares more or less immune from the earlier decline, Canadian Pacific losing two points. Abitibi went down 1 1/2 points to 65, while Brompton lost two to 65.

ATLANTIC SUGAR TOOK A BIG DROP AT MONTREAL

(Associated Press Despatch) MONTREAL, Nov. 8.—One of the most sensational drops that has ever occurred on the local stock exchange took place this morning when Atlantic Sugar broke all its previous records of weakness and fell thirteen points from 64, its closing figure on Saturday to 51, eleven points below a new low this issue established last week.

National Breweries opened two points below its Saturday's close at 57. Spanish River was the only issue to strengthen over the week end. This stock opened a quarter point higher at 193 1/2. Others were quiet.

THE MONTREAL CATTLE MARKET QUOTATIONS

(Associated Press Despatch) MONTREAL, Nov. 8.—(Dominion Live Stock Branch)—Cattle receipts today were 2,645. Trading was quite active at prices fully as strong as those paid during the previous week.

Aside from a few loads of Winnipeg cattle, there were no good cattle on sale. The best of the medium grades of heifers and steers brought nine dollars, canners three dollars and fairly heavy bulls up to five twenty-five. Receipts were considered exceptionally light for the time in the year.

Quotations: Butcher steers, choice, 1 1/2; medium, \$8 to \$9; common, \$5.50 to \$7.75; butcher heifers, medium, \$7 to \$9; common, \$4.50 to \$7; butcher cows, choice, \$7.50 to \$8.50; medium, \$5 to \$7; canners, \$3 to \$3.25; cutters, \$3.50 to \$4.50; bologna bulls, \$4.25 to \$5.50.

Calf receipts were 1,102. The bulk of sales of grass calves were \$8. Very few veal calves were offered. Quotations: Good veal, \$13 to \$15; medium, \$11 to \$12.50; grass, \$5 to \$6.50.

Sheep receipts were 5,787. The market was steady. A few selected lambs reached a top of \$13.25. Good lots generally were \$13. Sheep were a bit stronger. Quotations: Ewes, \$4 to \$7; lambs, good, \$13; common, \$8 to \$11.50.

Hog receipts were 1,724. A number of sales were made at \$17 off cars. There was a weak undertone and dealers talked \$16.50. Quotations: Off car weights, selects, \$17; sows, \$12.50 to \$13.

SHARP NEW SETBACKS IN QUOTATIONS ON WHEAT

CHICAGO, Nov. 8.—Sharp new setbacks in the price of wheat today accompanied demoralization of foreign exchange. Besides, liberal receipts were reported in Kansas City and Omaha.

Notice was also taken of forecasts that lake navigation from Canada to United States ports would be open for a month or more yet. Initial prices, which ranged from 1 to 4 1/2 cents lower, with December \$1.88 to \$1.89, and March \$1.83 to \$1.84, were followed by material further declines, and then something of a reaction.

Evening up to prepare for the United States government report gave comparative firmness to corn. After opening 1/2 to 1 cent lower, with December 60 1/2 to 60 3/4 cents, the market rallied in some cases to about Saturday's finish.

Oats were governed by the action of corn, starting unchanged to 1/2 cent, with May 57 1/2 to 57 3/4 cents, and then scoring slight general gains. Lower quotations on hogs, weakened provisions. Trade was light.

HERALD.—There has been sufficient basis for bullish demonstration in the stock market, but the fuel is lacking because ten per cent call money with the assurance of much higher rates should the demand enlarge materially, is a restricting influence of real importance.

Wall Street Journal.—There was no news to account for the decline, although there was a continuation of the decline in the foreign exchange markets. The selling was largely by traders who saw paper profits slipping away.

Times.—The market as a whole, including the railway shares, closed greatly unsettled, and in some of the more speculative industrial shares there was evidence of forced selling all day.

Tribune.—If the stock market had not been beset with adverse factors in the credit and the international exchange markets and with further evidences of recession in industry, the character of the victory might have imparted the energy necessary for an ephemeral spurt in quotations.

Annual Meeting of Red Cross Was Held and Officers Re-elected.

COATICOOK, Nov. 8.—The annual meeting of the local branch of the Canadian Red Cross Society was held in the Guild Hall on Wednesday last, with the president, Mrs. E. L. Sleeper, presiding. The reports presented showed that considerable work had been accomplished during the past year and a substantial balance of funds to the credit of the branch.

The question of the erection of a war memorial was brought up, and after discussion it was decided that the matter should be taken up with the local Board of Trade, which meets this week.

The election of officers resulted in the re-election of those holding office during the past year, viz.: President, Mrs. E. L. Sleeper; vice-president, Mrs. Allard; treasurer, Miss C. Bonner; secretary, Miss E. Tompkins.

### CANADIAN TEA FIRM REDUCES ITS QUOTATION

British Tea Merchants Unable to Get Hoarded Stocks in on Russian Market.

(Associated Press Despatch) TORONTO, Nov. 8.—A prominent Canadian tea firm with headquarters in Toronto has announced a cut from seventy cents to fifty-five cents per pound, retail, for one of the popular varieties of tea.

It is stated here that other tea concerns will probably follow suit. It is explained here that there is a glut on the British and Canadian tea market, owing to the fact that the British merchants have been unable to get their long hoarded stocks in on the Russian markets. It is understood that the Canadian tea firms will have to accept considerable losses as the result of the cut.

### RE-ESTABLISH THE 'FRIENDLY INTERCOURSE'

German University Professors Draw Up Reply to Letter from Oxford University.

(Associated Press Despatch) BERLIN, Nov. 8.—German University professors and members of the Reichstag have drawn up a reply to the appeal for re-establishment of the "friendly intercourse" which existed before the war, which the professors and doctors of Oxford University recently addressed to professors of Arts and Sciences and members of universities and learned Societies in Germany and Austria.

"Science knows only one aim—the search after truth," and it requires for the performance of this task, the common labor of all, regardless of national boundaries, says the German reply. "The war interrupted this joint labor and dissolved many personalities. We are ready to resume these conditions and by common labor to relegate to oblivion every thing offensive spoken or written in both countries."

### CANADIAN RED CROSS MAKES SILENT APPEAL

Little Sufferers in War Area Will Be Remembered During Armistice Week.

"The Canadian Red Cross appeal for contributions to the Empire Fund for helping the diseased, stricken, and starving children of Europe is already meeting with sympathetic response," is the statement of Major J. F. Buckley, director of the Quebec provincial division.

The British Empire wants to give ten million dollars to help save the lives of little foreign children in Europe and Asia, and for a period extending through Armistice week, November 11 to 18, the Canadian Red Cross will accept contributions, large or small, and which will be forwarded to the British Empire Relief Fund headquarters, 45 Belmont Park, Montreal, or to any of the provincial branches, listed below.

Several large, and many small contributions have been received up to date, and Major Buckley believes that if this province is to secure the \$50,000, its allotted amount, before November 18, the greater proportion of it will come from the small contributors.

Many children are taking an interest in the appeal, probably because it is largely on behalf of the little orphan children of those war-stricken countries who were left destitute. Eleven million are suffering from starvation or disease.

Both public and Sunday schools are organizing all over the Dominion to assist in this rescue work and with the co-operation expected from the churches of all denominations, it is hoped that the amount expected from Canada will be realized.

This Red Cross campaign in the city and province is being called the "Silent Appeal," as not a single personal canvass will be made. One of the society's local executive says, "The result of this appeal will be the measure of our unselfishness. Each contribution must come willingly and from the heart. It will be in truth, the casting of bread upon the waters."

Following are the provincial branches to which contributions may be sent: Clarenceville, Coaticook, Danville, Grand Mere, Greenfield Park, Huntingdon, Lachute, Lennoxville, Longueuil, Metis, North Hatley, Ormstown, Quebec, Ste. Agathe des Monts, Ste. Anne de Bellevue, St. Lambert, Sherbrooke, Stanstead and Rock Island, Three Rivers, Verdun.

### THE TARIFF COMMISSION AT HALIFAX

Merchants State that They Believe a Policy of Protection Should Be Continued.

HALIFAX, N.S., Nov. 8.—Sir Henry Drayton, Minister of Finance, and Hon. G. D. Robertson, Minister of Labor, representing the Federal Tariff Commission, spent a busy morning at the provincial building here getting the views of Nova Scotia on the question of "protection."

Groups of representatives of the manufacturers, the fishing interests, the farmers and the retail and wholesale merchants presented stated cases to the commissioners. W. D. Piercy read the manufacturers' brief, which opened with the direct assertion that "the manufacturers of Halifax and other parts of Nova Scotia as a class believe it to be in their interests, in the interests of the working men, of the consumers and the nation as a whole that a policy of protection such as has been enforced since 1879, should continue to be the policy of the Government of Canada."

A. H. Brittain, of Montreal, vice-president and general manager of the Maritime Fish Corporation, urged the case of the fishing interests. "The best interests of the Canadian consumers, as well as those of the fishermen, will be served by the continuance of the present duty on fresh fish. It will enable us to develop plans for marketing, so as to make fresh fish available at reasonable prices to practically all communities in Canada," read an extract from Mr. Brittain's brief.

The retail merchants, as represented by their committee on the Board of Trade, lodged a protest against the luxury tax at present in force, suggesting in its place the enforcement of a "turnover" tax. Wholesalers also urged the adoption of a "turnover" tax in place of the "business-profits" tax at present in force.

The farmers were represented at the sitting of the commission by Adam Burris, M.P.P., of Upper Musquodoboit, and J. B. Archibald, of Middle Musquodoboit, unsuccessful Conservative candidate at the recent provincial election, and John Eaton, one of the most prominent farmers of King's County.

During the presentation of the manufacturers' case to the Commission, W. D. Piercy, of the Piercy Supply Company said:

"As manufacturers we desire the commission to understand clearly that we are not advocates of an unduly high tariff. As no real revision of the tariff has taken place since 1917, we anticipate that the investigation now being conducted will reveal some anomalies. If cases are found where protection is higher than necessary, we fully approve of a reduction being made in such cases but we likewise feel that where cases are brought to the attention of the commission in which it is shown that the expansion of industries which should be located within the Dominion can not be expected unless there is an upward revision of the tariff covering such commodities then we expect that the government will provide for such upward revision; in other words, we ask for adequate protection for all industries already established within the Dominion or which it is reasonable to expect can be successfully established."
