## P R E F A C E .

---

The PUBLISHER herewith presents the MONTREAL DIRECTORY for 1866-7, which he has no doubt will be found as nearly correct as it is possible to make a work of this character. To this end neither labor nor expense has been spared. In addition to great care being taken in the collection of the material for the Book, any portion of it, of the correctness of which there was the smallest doubt, has been most carefully revised. The agents state that in some cases a feeling of annoyance was exhibited by individuals who were called upon a second time for information. Were it not necessary, the Publisher would certainly not have inflicted the additional trouble on the persons referred to, nor the additional expense upon himself.

The Publisher is exceedingly gratified in being able to offer on this occasion the STREET DIRECTORY, which it was feared would have had to be abandoned on account of the expense attending it. The mere mention of the fact to the Subscribers, however, that it could be retained at a small individual expense, was quite sufficient—the additional charge being freely agreed to: indeed, instead of its injuriously affecting the circulation, the number of copies subscribed for during the present year far exceeds that of any preceding issue. Whether this be owing to an increase in our population or not, it is impossible to say. One thing is, however, certain, that the number of names in the Directory for the present year has been considerably augmented, the numbers being

In Directory for 1865-6	-	-	-	-	-	-	-	18,500
In Directory for 1866-7	-	-	-	-	-	-	-	19,500

Being an excess of 1000 names over the number contained in last year's Book.

The MISCELLANEOUS DIRECTORY has been very carefully prepared, and rendered as complete as possible. In it will be found full particulars concerning our Banks, Benevolent and Religious Societies, Churches, Corporation, Military, Militia, Newspapers, Post Office, Railways, Steamers, &c.

JOHN LOVELL.

**KERSHAW'S NEW PATENT**

**Crystallized Steel Burglar Proof Safes, and Fire  
and Burglar Proof Safes combined.**

To this latter class of Safes we would invite particular attention. Such Safes have now become indispensable in consequence of the fact that the ordinary Fire Proof Safes in common use will not resist an expert robber, and about an hour in a fire renders them decidedly unsafe depositories for valuables. A full assortment in stock.
