Westmount-Montreal hold study meeting on subway agreement

By DAVID BROWN

Westmount City Manager Norman T. Dawe met recently with City of Montreal and Metro officials to "establish terms of reference leading to the actual wording of an agreement" between Westmount and Montreal on sharing subway costs. The Examiner learned this week.

Also present at the meeting were Mayor Michael L. Tucker, and the chairman of Montreal's Executive Committee, Lucien Saulnier. Taking part in the meeting were representatives of Mayor Drapeau's office and finance department officials.

"It was a very useful study meeting," Mr. Dawe reported. The meeting was to establish the facts concerning the costs.

Before any agreement can be signed the facts must be established, then converted to words, and approved by the legal departments of both cities. Mr. Dawe said.

One result of the meeting is that all data concerning the subway is now being forwarded to the City of Westmount.

Agreement on principles has been reached. Mr. Dawe emphasized. Now the details have to be worked into a formal document.

Mr. Dawe estimated that it would take about a month before a formal agreement would be ready to present to the councils of Montreal and Westmount for their approval.

The spirit shown by officials of both parties is of the utmost cooperation, he said.

Early in April it was announced that Mayor Michael L. Tucker and Mr. Saulnier had reached agreement in principle on sharing the subway costs. The agreement followed talks between the two. At the time of the announcement, it was estimated that Westmount's share of the costs would run between \$300,000 and \$350,000.

Correspondence between Mayor Tucker and Mr. Saulnier revealed that the proposed proportional apportionment of annual payments between Westmount and Montreal would be based on the respective total taxable real estate valuations of Westmount and Montreal, as equalized by the Montreal Metropolitan Corporation and as approved by the Quebec Municipal Commission.

It was also agreed that the City of Westmount would have access to all documents and would be called upon to participate in all decisions concerning the Metro.

St. Leo's addition underway

Work began this week on a \$308,000 addition to St. Leo's Academy on Clarke avenue.

The three-storey addition will house 6 regular classrooms, and special facilities including laboratories.

The classrooms are expected to be ready for use when school resumes in September. All other facilities in the building will be completed by Oct. 1st.

Students now attending classes in six rooms rented at Westmount Park School will attend classes in the new addition next fall.

Woman threatened

Westmount Police are searching for two youths who forced their way into an Upper Belmont avenue home, threatened a woman, and fled with \$13 in cash.

The incident began about 5:20 p.m. Monday when two youths came to the door of a home at 727 Upper Belmont and claimed they were selling magazines.

They asked the woman who answered the door if her husband was home. She said no.

One of the youths pulled out a pocket knife and pushed the woman toward her kitchen. While one kept her guarded in the kitchen, the other youth went through the house. He returned to the kitchen carrying a portable TV set.

The youths suddenly ran out of the house. When the woman checked to see what was missing, all she discovered gone was \$13 in cash from her purse, the TV set was left behind.

Dorchester buildings will be demolished

Demolition contract for nine Dorchester street properties to be torn down to make way for the widening of the street was awarded last week.

A bid, the lowest received, of \$10,240 by Teperman and Sons was approved by City Council Monday evening for the demolition of nine properties all on the north side of Dorchester, west of Greene avenue.

The buildings will be the last to come down on Dorchester street, excepting the Gaunt property which was exempted from expropriation by a special bill at Quebec, and one property the city has yet to acquire.

Demolition depends upon the acquisition of the remaining property. The city has 30 days in

which to sign the demolition contract. In any case, demolition is not expected to begin for at least two or three weeks.

Once demolition is complete, plans for the widening of Dorchester can be finalized. The actual widening, it has been reported, would not begin until the fall.

The city is still in the process of acquiring other properties in the area. At the Monday evening meeting council approved a motion stating that when acquiring property in the St. Catherine - Dorchester area, as authorized by Bill No. 149, the city shall obtain the said property by means of expropriation. The city is in the process of acquiring properties on the south side of St. Catherine between Greene and Hallewell.

Unity will present "Pinafore"

By MAURICE MARIASINE

The stage is set and the sets are in the process of completion for Tom Stephens' production of "H.M.S. Pinafore" which is scheduled for presentation at the Unity Boys' Club of Westmount on May 14 and 15th.

The actors of the piece, some 20 Club members, all raw recruits with little or no singing experience when they started some eight months ago are all enthusiastic about their first venture in the wonderful world of musical operettas.

Producer-Director Tom Stephens is a former professional entertainer with an extraordinary musical background and this coupled with a series of pre-Unity comedy productions will assure outstanding success in this ambitious undertaking.

SPECIAL FOR CLUB MEMBERS: A dress rehearsal of "H.M.S. Pinafore" will be conducted on Thursday, May 13th, and the children of the club and others in the community will have an opportunity to see it at a nominal charge. Thursday evening the cost of admission will be twenty-five cents, while on Friday and Saturday the cost of admission will be \$1.00. Tickets are available at the Club or from members of the cast.

TORONTO BOUND: There's a good chance that the cast and officials of the Pinafore Company will travel to Toronto, Ontario to present the Show at the Dovercourt Boys' Club, one of Ontario's finest Boys' Clubs. This project is being planned to coincide with the Toronto Exhibition next Autumn.

VARIETY SHOW: The Unity Boys' Club Talent Parade will appear at the Queen Elizabeth Hotel on Monday, May 10th, with a "preview" of the Show planned for presentation in the United States on May 23rd. The group will travel to Lake Placid, New York on that date to entertain at the Rotary International Assembly.

The program will include a potpourri of acts from many lands, the countries which will be portrayed are: Africa, Canada, England, France, Hawaii, Italy, Russia, Scotland, South America, Spain, Switzerland and the United States.

Musical Director, Fred Johnston and Choreographer Joan Tennant have been working extremely hard to prepare the group for these important bookings.

STUDENTS AWAY: All four

Boys' Club of Canada Scholarship Students, who have been doing their field work at the Unity Boys' Club since last September, have departed for other locations and summer jobs. Two of the four, Allan Bechard and Peter Dawson, will be assigned to other Montreal Clubs having completed two years at Unity, while first year students Bill Bain and Nancy Turley will return next September for their second consecutive year. Two new students will come in as replacements.

Last Friday evening, a going-away party was held for Allan Bechard and Peter Dawson. Their friends, members of the Teen Set of the Unity Boys' Club presented both boys with suitably engraved plaques as a token of appreciation of the time and effort spent at the Club. Peter Whiteside made the presentation on behalf of the Teen Council and the Club's Teenage population.

QUIZ CONTEST: A weekly Quiz Contest was inaugurated during Boys' Club Week to run until May 21st. Thirty-four Teenage members entered the Contest which covers a variety of subjects such as current events, historical events, sports and nature lore, questions designed to stimulate the inquisitive teenager mind. The winners will be announced at the conclusion of the contest.

RAMBLINGS: Twenty-nine basketball players and club leaders spent the day at Burlington, Vt., last Saturday in the second of a home and home series which has been arranged with the Burlington Boys' Club.

The Teen-Time dance last Friday evening at the Club was not too well attended due possibly to the many other attractions or distractions in the community.

Advance notice is hereby given to Club members that a trip has been planned to the Granby Zoo to take place the latter part of June. Accommodation in the bus is limited so an early registration is advised.

Have you planned your entry for the Amateur Show? If not do so soon as time is running out. This is taking place in conjunc-

tion with the Annual Hobby Show on May 21st.

Council meeting

Assessor appointed

City Council at its regular session Monday evening appointed a new assessor, made changes in the 1964-65 valuation roll, approved alterations to two buildings, and approved the purchase of transformers.

After being told of the illness of David A. Hughes, council rescinded his recent appointment as city assessor, and appointed Louis Thorp to that position. It was explained that Mr. Hughes had to go to hospital for an operation and he would require convalescence. It was deemed advisable that Mr. Thorp be appointed in his place.

Among the valuation changes approved was the deletion from the roll of properties taken over for the Westmount Centre. All the properties were located in the St. Catherine - Western - Wood - Elm area.

Permission was granted for alterations to two buildings. Council approved the addition of one-storey to the two-storey office building at 4896 Western avenue; and also approved alterations to

The upcoming WMA meeting

THE Westmount Municipal Association open meetings can provide a forum where questions may be raised of concern to residents and business proprietors. The meetings can do so only if Westmounters attend and ask questions.

At present, some Westmounters are asking questions about two subjects. The merchants want to know why the business tax has been raised, when at the time the major complexes — Westmount Centre and West End Plaza — were in the process of seeking zoning amendments, they were told that the projects would increase revenue so that taxes could remain low. At least the businessmen have the impression they were so told. It is to be hoped that someone will raise the issue at the meeting.

Many Westmounters, although they thoroughly agree with the principle of Westmount paying its fair share, do not understand on what basis the agreement on subway costs sharing will be worked out. They would like more information on Westmount's decision to pay something like \$300,000 instead of the \$75,000 offered earlier. The subject will surely be discussed at the meeting, and it is hoped, the situation will be clarified to the satisfaction of all Westmounters.

Also, by the time the meeting is held, it is held, it is hoped that the situation in regard to the Blier Report can be made more clear. Are the reports to be held over West-

Asks questions about games

Dear Sir:

I have heard rumors that this year's Rotary Carnival chance because they have been forbidden by the Attorney-General of the Province of Quebec.

It strikes me as rather odd that big companies, and supermarket chains can run all the contests they like — not to mention TV 'games' shows — through the simple device of asking a supposedly skill testing question such as 'what is the capital of Canada.'

If Mr. Wagner is truly only carrying out the law of the land, why is it that he has never seen fit to question the big companies with their so called give aways. And why has he never objected to give away TV shows, some of them emanating from this province.

Why is it that only local, fund raising organizations have so far gained his attention and his 'nyet' on their fund-raising contests. Why has Mr. Wagner failed to halt the big contests used to promote this or that product.

Some of the worthy work of the local Rotary, may suffer this year if it is true that games of chance are banned, while some company will fire ahead promoting its product in a contest thinly disguised as a game of skill.

commendations of the remounters' heads as a club for years to come, or is there legislation to come out of the study.

A few candid explanations would do a great deal to enlighten Westmount residents on these subjects. It is to be hoped that the next Westmount Municipal Association meeting may hear some answers as candid as some of the questions that have been asked at past meetings.

25 years ago in The Examiner, May 9, 1940

Twenty-five years ago, the Business Association of Westmount sponsored a complete limerick contest in The Examiner. The contest offered plenty of prizes and good fun to Westmount residents. The full page of advertisements containing valuable limericks to be completed was run in The Examiner.

The Business Association also planned a "Citizens' Night" at Victoria Hall with entertainment, prominent platform guests and many valuable door prizes open to all citizens of Westmount.

The School Commissioners of Westmount announced that a plan known as '6-3-3' would be put into effect the following September.

The plan called for the transfer, along with its name of Westmount High School to the junior high. The plan called for students to spend six years in elementary school, three years in intermediate school, and three years in high school. Grade XII would remain an alternative to first year McGill University.

Roslyn, King's and Queen's schools were to remain unchanged as primary schools; the intermediate school was to be housed in the Westmount High School Building; and the High School was to be housed in the Argyle School building with the old name of Westmount High School.

It was reported that Reverend Captain G. R. Forneret, V.D., former curate of St. Matthias Church, had joined the Machine Gun Training Centre at Three Rivers, as Chaplain. Capt. Forneret was chaplain to the unit when it was located at the Westmount Athletic Grounds a few months prior.

The 20th annual meeting of the Association of Registered Nurses of the Province of Quebec was held in Victoria Hall. It was the first time that the nurses met in Westmount.

Grading and removal of stumps began at the city's new park, Queen Elizabeth Gardens, facing Sherbrooke street at Wood avenue.

Rotary Luncheon

Trade with U.S. is bad for us says M.P.

Canadian manufacturing can more readily survive freer trade and even free trade with Europe than with the United States and in many commodities can more readily expand export markets in Europe and Africa than in the U.S. Gerald A. Regan, Liberal Member of the Federal Parliament for the dual riding of Halifax said here Wednesday in an address before the members of the Westmount Rotary Club at Victoria Hall.

Economic absorption into the American trading market will not assist Quebec Province and the Maritimes, he said, and added: "It is known that Massachusetts and Northern New England have trouble participating in the American economy. Quebec and the Maritimes would presumably suffer similarly in an integrated North American market."

"Since Canada is better able to withstand the shock of free trade with the less-developed European market" he added, "it is reason-

able to assume that barriers to European trade will be lowered more readily and eastern Canada will consequently benefit."

"While it is incidental to this discussion" Mr. Regan said, "I might note that the growth of trans-Atlantic trade which would flow from further reductions in tariffs carries its own benefits for port areas such as Montreal and Halifax. An increase in tonnage — be it import or export — generates more dollars, more prosperity, for the port region."

Eastern Quebec and the Maritimes have long been a problem as slow-growth areas, the M.P. said, and "it now appears that freer trade — with the Atlantic ocean as the avenue of that trade — will solve a problem that has beset Canada for years. With this problem overcome — Canada will be measurably closer to its destiny as a great nation."

W. M. Reay, president, was in the chair.

Red Cross

Blood transfusions are a vital service

There is no substitute for whole blood. When an individual loses great quantities of his own blood through an injury or surgery, transfusion of whole blood or blood products is the only answer.

Last year in Canada, one person in 66 needed a transfusion of two or more units of whole blood. One person in 427 needed a transfusion of blood products. These needs were met because Canadians voluntarily donated their blood through the Blood Transfusion Service of the Canadian Red Cross. Through the Red Cross, blood is available free of charge to anyone in hospital who needs it. Because it is free, sick and injured Canadians saved more than \$25½-million last year.

The money-saving angle, however, is not the most important part of the Red Cross free Blood Transfusion Service. What is important is that through this service, an individual's right to life can be preserved by his fellow men. This is the most basic of all human rights, and in order for it to survive, all people must work to uphold it no matter what the cost.

It's not possible for everyone to enter the medical profession and allied sciences in order to help preserve human life directly, but it is possible for healthy individuals to help the medical profession in its great task. That help can be given by donating blood through the Red Cross. It is one of the best ways for us to help maintain man's most basic right; his right to life.

It takes money to operate this Red Cross Service. Specialized equipment and personnel must be paid for. Most of these funds come from voluntary donations. Some are raised through Red Cross fund-raising campaigns and some through united or combined appeals. Whichever method is used to raise them, it's necessary for the Red Cross to obtain enough money to carry on the Blood Transfusion Service to a sufficiently high degree to meet the demands of Canadian hospi-

tals. This Red Cross service needs the support of every citizen.

Circus will be first rate

According to a spokesman for the circus committee of the Shrine in Montreal, some people have the impression that the Shrine Circus coming to the Forum on May 22nd to 29th is second rate.

"This is so far from fact as to warrant a special statement on the matter. We have been reading a great deal recently in U.S. magazines about circuses and circus people, and within the past twelve months a great deal has been written and visualized on television about the now famous Russian single-ring circus."

"This 1965 Shrine Circus put together by Frank Wirth could be rated equal to or better than Ringling Bros. — Barnum, Bailey and, with its three rings, will display daring, skill and fun at a level in many respects higher than the Russian single-ring show."

"About fifty percent of the well-known acts are European and the remainder have all made names for themselves elsewhere throughout the world. For example, there will be the Wallendas and their high wire act; Robert Baudy's Siberian tigers; Charlotte Walch's un-caged leopards; the original George Hannaford family and their famous riding act; Albert Rix and his mixed bear act including white polars, grizzlies and Himalayans . . . to name but a few of the 23 terrific acts. Famous clowns from Europe and the United States will provide the fun and frolic."

The Shrine circus committee spokesman was most emphatic in stating that "the 1965 version of the Shrine Circus at The Forum on May 22nd does not take second place to any circus in the world."

Westmount Taxi will soon move their office, which has been on Greene Ave. for many years, to 5000 Western Ave. at Claremont. There will be no interruption in service and the facilities will be improved.

Verna Evans, of the Evans Sisters School, now recovered from

her illness after a stay in the Montreal General Hospital. In fact, she is busy planning the school's annual recital. This year it will be "The Treasure Chest Revue" and will be at the Westmount High Auditorium on May 19th.

Leslie J. Stuart was elected president of the Rotary Club of Westmount for the year 1965-66 at the recent annual meeting. Other officers elected include Frank J. Starr, vice-president; E. T. Battle, secretary and J. A. Burke, treasurer.

If Westmount Rotarians suffer from swelled heads it's no wonder, Wednesday's speaker in mentioning that he had told Industry Minister Drury he was speaking in Drury's home riding, brought down the words of Drury's reply. Said the minister: that's the most intelligent audience, don't try any of your Maritime guff on them . . . anyway, that's what the man said . . . Rotarians are busy planning for their annual carnival and heard that Morrie Robinson is still in hospital, though full of fun as usual . . . Morrie's message was: "Tell the boys the baby is doing well".

There were quite a few people at Monday evening's council meeting, but they were all press, or persons with business connected with the committee meeting to follow the council session. The only genuine Westmount resident there to take in the proceedings was Miss V. Skerl of Grosvenor avenue. Miss Skerl found the short, routine meeting, and the quick passage of measures, not at all democratic.

Some people are complaining about loose dogs again, especially at Westmount Park. Citizens should be reminded that at all times in this city, dogs must be on a leash.

Flowers For Mother

Mother's Day traditionally means flowers and Martin's will observe that tradition by presenting flowers to every lady who dines here on Mother's Day.

Tradition means a great deal to Martin's, an establishment that jealously guards its Century-old reputation for fine fare. That is why its thousands of patrons remain loyal over the years. They know they can depend on Martin's reputation and that they will continue to enjoy its traditional atmosphere and service.

There is no better way to show Mother the appreciation she so richly deserves than to treat her to a special dinner at Martin's on her own special day.

Bulletins from Birdland

Birds recognize each other through behaviour, looks

by WINIFRED E. WILSON

How in the world do birds recognize their mates, their friends, their enemies, or their own nestlings? It is generally believed that **behaviour** is the chief factor, though **looks** also play an important part. At any rate, somehow or other birds readily identify their own species so that hybrids are extremely rare. Many not only mate with their own kind, but preserve their territory from poaching by any other male of their own species by singing and fighting off those who would dare come near. Gannets

nest in very large, close-packed colonies, their homes practically touching each other; yet parents fly unhesitatingly to feed their own children which, to us, look like all the other nestlings.

Each species has its own courtship antics, although we hear about only those which are especially spectacular, as the sunrise and sunset communal display of Prairie Chickens. Indeed, each individual shows certain eccentricities — not just in courtship, but all the time, as every human being does. When we watch a bird carefully day after day (as can be done when we have a feeding tray) individual traits are evident — pugilistic or peaceful, bold or demure, inquisitive or disinterested, quick or slow. And even though all members of a species are essentially the same in markings and colours there actually are many differences in detail. Often two male White-throated Sparrows, for instance, can differ in size so much that it is quite easy to tell them apart.

Courtship display undoubtedly shows off certain colours to advantage. This must surely be one reason for the spreading of tail and wings — to impress the opposite sex. Birds which have no gaudy feathers are sometimes given other distinctive marks, as a bright comb, orange feet and legs, or a noticeably pale pink bill as compensation.

When males and females differ in looks, naturally one recognizes the other. One ornithologist played a trick on a male Flicker by painting a black moustache on his spouse. The poor bird was outwitted. Taking his own partner for another male he drove her away. Albinos are shunned by their own relatives. And so it is difficult for us to understand how unerringly a male Blue Jay will be attracted to a female when their colours and markings are identical.

It is an accepted fact that a blind person is given particularly acute hearing, sense of touch, and so on. Perhaps birds recognize friends and foes by their odour. We really do not know.

Westmount High students may attend courses this summer

Westmount High School students will have the opportunity again this year to attend summer school. The Protestant Schol Board of Greater Montreal will operate three summer schools during the month of July. Westmount students will normally attend the summer school at Montreal West High School, 189 Easton avenue.

The schools are designed to provide special educational help for the following pupils:

- (a) Pupils who have failed in one or more subjects. These pupils will be promoted in a subject on condition they pass the summer school examination in the subject.
- (b) Pupils who have barely reached the pass mark in

one or more subjects. Attendance at summer school is strong recommended for such pupils, both in compulsory subjects and in subjects that they wish to continue.

- (c) Pupils who desire to enrich their knowledge and understanding in subjects in which they have a special interest.

The June report card will indicate subjects in which a pupil will be promoted "on condition" and those in which summer school is "recommended". Students are especially urged to take advantage of the opportunity of attending summer school in subjects where attendance is recommended. Statistics show that those who barely scrape by in a subject often have trouble with it the following year.

For pupils who wish a broader educational experience, the following courses will be offered in addition to the subjects that comprise the regular school curriculum: Instrumental Music, Typewriting, Reading Improvement, Elementary French, French Conversation, and English for New Canadians. If your child is going to be in the city during the month of July, he can employ his time to advantage by enrolling in one or more of these courses.

With the exception of Elementary French, the summer schools do not provide courses for pupils now in Grade 7. The Elementary French Course is intended for pupils who moved into Quebec within the past two years. The summer schools do not provide preparation for supplementals in the High School Leaving examinations. Pupils who fail one or two High School Leaving papers in Grade X may write supplemental examinations in

August. Those who plan to do so are advised to obtain systematic instruction privately prior to the examination.

Westmount students will normally attend the summer school at Montreal West High School, 189 Easton avenue, except for the following:

- Exceptions:**
- (1) Grade VIII pupils who fail Geography I or Latin I and wish to attend summer school must enroll at Mount Royal High School, 50 Montgomery Ave., Town of Mount Royal.
 - (2) Grade IX pupils who fail Geography or Latin and wish to attend summer school must enroll at the High School of Montreal, 3449 University St. Montreal.

Registration is on June 25th. Classes will commence on June 28th and will continue until July 30th. Sessions will be held each weekday, Monday to Friday inclusive, in the mornings only.

Of Canada's total area of 3,851,809 square miles, only 396,551 square miles is land that is privately owned or in process of alienation from the Crown.

Bronfmans acquire 4 museum works

Six works have been acquired from the 82nd annual Spring Exhibition of The Montreal Museum of Fine Arts for the Museum's permanent collection, including four acquired by the Saidye and Samuel Bronfman Collection at the Museum. Director David G. Carter announced this week.

The Museum's Canadian Acquisitions Committee purchased John Nesbitt's untitled bronze sculpture, which won the Women's Committee's \$500 prize for sculpture in the exhibition, and Charles Daudelin's bronze Hiéroglyphe. Nesbitt lives in Montreal and Westport, Conn., and Daudelin in Kirkland, Que.

The Saidye and Samuel Bronfman Collection acquired two paintings, one sculpture and one work in the other media category.

The paintings are the still life "Handbag & Hat-box No. 3" by Iaian Baxter, of Vancouver, B.C.; and "Maya No. 1" by Brian Fisher, also of Vancouver.

The sculpture, entitled Venus and made of steel, is by Walter Fuhrer, of Montreal.

"Look with thy face upon the mountains" by Gerald Leopold Willowdale, Ont., was the acquisition in the other media section.

The Spring Exhibition remains on view at the Museum until May 9.

Dominion-Douglas United Church starting on its second century

Dominion-Douglas Church, Westmount, following a fortnight of special services and commemorations — has entered its second century, as its pastor Rev. R. Douglas Smith says: "from a position of strength, given to us by the loyalty and devotion of those who have gone before".

GOthic CHURCHES

The church on The Boulevard, built of Montreal limestone, seems to have something of the atmosphere and character of some of the Gothic Churches of England about it. The exterior walls are reinforced concrete faced with Credit Valley sandstone, with limestone trimmings. The interior wall is of cement with integral coloring: wood-work in white oak, with a fumed finish.

CEILING PANELS

Its ceiling panels, of B.C. fir are stained blue and both stone and wood features beautiful symbolic carvings.

One hundred years ago Dominion Square Church in downtown Montreal came into being, and it is from this springboard that the present centennial has been celebrated.

DOUGLAS CHURCH

Douglas Church, which later amalgamated to form Dominion Douglas, was not founded until 1875.

The hundred years between 1865 and 1965 have seen much church history written into the annals of this congregation. Before the turn of the century, for example, it parented the Old Brewery Mission. The name was selected because the first meetings were held in an old brewery.

WESTWARD GROWTH

By 1912, the trustees of the church at Dorchester and Windsor streets were able to see the westward growth of the city and the need for a church in Westmount, and so it came to pass.

From that time to the present — names like Goodwin, Hanson, Webster, Harrison, Shaw, Holland, Leslie have stood high in the church annals.

STAINED-GLASS

The church has a number of beautiful stained-glass memorial windows, including the chancel window in memory of Dr. and Mrs. John R. Alexander of Dominion Square Church; the north transept window in memory of Rev. Thos. Griffin PhD a former pastor of Douglas church and the south transept window in memory of Mrs. William Hanson, with a tablet beside it to the memory of Dr. William Hanson, a valued member of Douglas Church and Dominion-Douglas.

SINGING TOWER

In 1944, in memory of Mr. and Mrs. Dent Harrison, a 'singing tower' was installed through which the chimes of the church organ are amplified and broadcast. The beautiful War Mem-

orial was unveiled in 1948. Associated with Dr. Smith at Dominion-Douglas at the present time are Rev. Roy P. Stafford, and Mrs. H. E. Davidson, director of Christian Education.

Flower show seen by over 17,000

The Spring Flower Show at the Westmount Conservatories closed this week. Well over 17,000 persons have visited the show since it opened April 14.

Gardeners now are making preparations for plantings around Westmount, and for the floral clock. At present tulips are planted at the site of the floral clock. These are expected to bloom very soon. By the end of May, however, the floral clock will be in place.

Quebec money used for beautiful books

In the last few years the public libraries, including the Westmount Library, in Quebec have received grants of money from the Quebec Public Library Commission of the Department of Cultural Affairs. The grants are given to encourage the growth and development of libraries in the Province. To qualify for a grant libraries must meet set standards, and must give an account of their spending to the Provincial Commission.

With aid from the grant, the Westmount Public Library has been able to do a number of things; engage a new staff member and provide extra help at busy times; buy a Microfilm Reader and microfilms; and reorganize the Government Publications section, the Picture File and the Clipping File.

There have been many additions in the Sciences and Humanities as well as in the Reference Department.

Displayed here, the library reports, you will find some very beautiful books, "which we would have hesitated to purchase with our regular book budget, but which we are sure will bring you both pleasure and information."

Reference works are acquired

The Westmount Library has acquired a number of reference works covering a wide range of subjects. They should prove of interest to many Westmounters.

The books are:

Barrow and Lorimer elected to executive

By KATHI KRISTOF

The main events this week at Westmount High are all involved in one form or another with the Students' Council. The elections which were held last Thursday, April 29, brought into office a set of capable and efficient officers for next year.

Our sincerest congratulations go to the winners of the elections: President — Wayne Barrow, Vice-President — Janet Lorimer, Treasurer — Cathy Michell, Assistant to the Vice-President — Graham Lorimer, Secretary — David Oliver, Second Vice-President — Peter Chodos, and Assistant to the Second Vice-President — Henry Baig. Without saying, our congratulations are also extended to the executive of this year who have done a wonderful job in all their attempts.

They are Dick Bourne — President, Bob Isseman — Vice-President, and Sherry-Lynn Simon — Treasurer. A general Students Council meeting was held on Wednesday, May 5, for the purpose of swearing in the new executive.

Speaking of congratulations, our present Vice-President, Bob Isseman, deserves a double dose; lucky Bob is not the jittery, nervous wreck that most Senior students are about this time of the year, he has already received an acceptance to Harvard University.

Other awards were awarded on Wednesday, May 5, as the Senior Awards of Honor were handed out, the girls' awards presented by the Ladies' Alumni and the boys' by the Old Boy's Association. The whole school voted on the issue of whether or not to continue the practice of having a Junior graduation for the Grade Nines. The idea was retained by a majority of 2 to 1, and the dance will go on as scheduled on May 14.

CURRENT SEASONS

Though the various clubs are finishing their current seasons, it remains for most of them to elect next year's executive. Presently the Quebec trip for the Grade

The marriage of Penelope Blyth, youngest daughter of Mr. and Mrs. Antony Puckle, of Robin Hill, Oxshott, Surrey, England, to Mr. James Charles Douglas Tree, elder son of Mr. and Mrs. Arthur Tree, of Westmount, took place recently in St. Nicholas' Church, Great Bookham, Surrey, Canon A. Tea Time Topics...

Panel on food interests CWPC

By Millicent Hickmore

MOST WOMEN enjoy talks on food, so when Jehane Benoit, food editor, Margo Oliver of Weekend and Julian Armstrong of the Star formed a panel to entertain Press Club women Monday, it was a most interesting evening.

Held at the home of Zoe Bieler, Star women's editor, about 30 members heard how the three food authorities gleaned information for their TV demonstrations and newspaper pages.

JULIAN ARMSTRONG, who writes a food column three times a week, receives some of her information from her readers. MARGO OLIVER, who writes two or three pages in the Weekend rotogravure section, must have all original recipes and copy prepared from three to six months in advance. She gave an interesting talk of how the photographer achieved the rich color of the fruits and vegetables shown on her pages, which is done by using a much deeper shade of the original fruits and vegetables. JEHANE BENOIT, who receives thousands of letters from her television program fans, amazed us by saying that at least 250 letters received are from males. Some of these are from bachelors. She wondered how, so many men could be watching television at 3.30 in the afternoon until she realized that these men were on shift work. Mme Benoit believes in keeping her recipes simple and most foods prepared before the program, so as to keep her audience interested on her 15 minute showing.

All recipes from the three experts are tested before publication.

THANKS: Mrs. Nelson E. Grant, telephoned long distance from L'Annonciation in the Laurentians Tuesday morning requesting me through the medium of this column to thank all the persons who donated parcels for the patients at Hôpital-des-Laurentides at L'Annonciation. Some of these parcels had no sender's address and therefore Mrs. Grant was unable to show her appreciation by thanking them individually.

This is one of the largest mental hospitals in Quebec and some of the patients are badly in need of clothing, everything from underwear to topcoats, also sports equipment.

Mrs. Grant, a former Westmount resident, formed the auxiliary when the hospital opened a few years ago, and has great interest in the patients' progress.

IN THE MAIL: Acknowledging letters of appreciation from Mrs. H. B. Watts on behalf of the Montreal Women's Club of which Mrs. Watts was recently elected president . . . Mrs. Crerar for the Canadian Association of Reading Clubs . . . Mrs. Charles Balinsky and Mrs. Charles Lazarus of Concert Society of the People's Jewish Schools.

The reception was held at Robin Hill, the residence of the bride's parents.

Later, Mr. and Mrs. Tree left for Italy, the bride travelling in a frock of navy blue, trimmed with white, under a matching coat, and wearing a hat of white organdy petals and navy blue accessories.

Speirs-Miller Springtime Revue proceeds to aid worthy projects

Proceeds from the "Springtime Revue" being held by the Speirs-Miller Studios in Loyola College Auditorium, May 14 at 7.30 p.m., will be used jointly for the benefit of the children in the Retarded Children's Service of Verdun Protestant Hospital and the Jesuit Darjeeling Mission in India. Betty and her husband, Peter Miller, have devoted a lot of time during the past seven years to a program of volunteer work with patients who are mentally ill. Recently they commenced a volunteer program of dancing with a group of 25 Retarded Children in the Children's Services, which they find most rewarding because the children have responded so well to the tap-dancing and the music. It is to be hoped their work will help some towards better coordination and concentration and it is for this project the concert

If you have a bride on your gift list (and who doesn't at this time of year?) it could be that a visit to Ferroni's on Crescent Street could solve your "what shall I give her?" problem very quickly. An ever growing list of spring and summer brides have put their names on Ferroni's Brides' Register because these modern gals have fallen in love with the Richard Ginori Porcelain for which Ferroni Inc. is Canadian agent. This famous old Italian porcelain factory, which was established in 1735, is today producing about 140 dinnerware patterns ranging in price from \$5.50 to \$44.00 per place setting and in design from the classic to the ultra-modern. If you are looking for a small shower or engagement present, Richard Ginori has all kinds of lovely little inexpensive accessories such as mustard pots, table lighters and ornamental pieces in the pattern the "bride-on-your-list" has chosen. Waterford, Baccarat and Swedish crystal, as well as sterling flatware by Carl Cohr of Denmark and other good reasons why this year's brides like Ferroni gifts. Ferroni, Inc., 2145 Crescent St.

An added touch of elegance in these days of gracious living is the revival of the custom of using sealing wax and your own personal seal on your letters. Sealing wax comes in a wide variety of colors (twelve to be exact) at 35¢ a stick, and a stamp with your initial on it can be purchased for \$1.25. If you prefer, you can buy a sealing wax set containing 4 sticks of sealing wax and a seal (rose or thistle) for \$1.95. Another kit, which sells for \$3.95, is a real fun set and would make a conversation piece on anybody's desk. **Ye Olde Candle Shop, 1121 St. Catherine St. W.**

If you have ever spent a completely frustrating half hour pulling sheets out of your linen cupboard only to find that they are the wrong size for the bed you want to change, you'll be delighted to know that a Canadian company, **Dominion Textiles**, producers of Tex-made household cottons, has come up with a color coding system which eliminates the guesswork. Called **Size-O-Matic**, this color coding system uses colored labels to identify the size of the sheets in your linen cupboard. This company has found that there are nine basic bedding sizes used in Canada, ranging all the way from crib to king size, and have given each its own distinctive colour tab. With each package of Tex-made sheets you get a gummed label to paste on the inside of your linen cupboard door. Just look at your chart, pick out the color code of the size sheet you want and bob's your uncle! No more torn finger nails, no more frustrating re-folding of the wrong size sheets. In fact you could say: "Happiness is Size-O-Matic sheets."

Betty McDougall, whose gift shop on Cote des Neiges Road has attracted so many discriminating shoppers in the last three years, has just moved down to **1446 Sherbrooke Street West**, and after one week at the new location sounds as happy as a clam. Betty's first great impact on the Montreal gift business came when she introduced beaded flower arrangements which are still one of her big drawing cards. But Betty also has a wide selection of charming and unusual imported gifts. This year, she tells us, she's on the lookout for good Canadian gift items — something which the tourist can take home with a real feeling of pleasure and delight.

We had a frantic telephone call from a friend a few days ago which went something like this: "You've got to help me! Bob's firm is moving to Vancouver and we're supposed to be there, complete with furniture, children and animals in a month or six weeks! What am I going to do?" For once in our lives we had the answer to the problem down pat: "Call North American Van Lines, they are experts in this long-distance moving bit." A quick look in the phone book showed that **Westmount Moving and Warehousing Ltd.**, are the Montreal agents for North American Van Lines and an even quicker phone call to that company got the promise of instant help. The next day our friend called again, this time burbling with joy: "I've stopped jittering", she said, "I've decided not to have a nervous breakdown, I'm just going to relax and let North American Van Lines cope with all my problems. I'll keep you posted on how these people operate, but in the meantime, please tell your readers to call **Westmount Moving and Warehousing Ltd.** at 748-7781 if they have a moving problem."

Note to the young and/or young at heart: the Cafe Andre on Victoria Street which has been known affectionately to a number of generations of McGill students as "The Shrine" shows signs of being with it again. For the last two weeks customers have been entertained by some of the best folk-singing we have heard this side of Pete Seeger. Penny Lang, who has been there on week nights, is a gal with a marvelous ability to get the crowd to sing along with her and a fund of songs that everybody wants to sing. Jim Donahue, who takes over from Penny on Sunday night, is a nineteen-year-old from Winnipeg who looks like Tom Jones, talks like the boy in the Catcher in the Rye and has a golden voice. Bravo "Shrine"!

Scarboro Night party to aid missionaries

The work of one hundred and fifty Roman Catholic missionary priests and ninety-three students, ultimately to become missionaries, will be aided this evening (May 6) by proceeds from the twenty-first annual Scarboro Night card party being held at 8 p.m. in the parish Hall, Church of the Annunciation, Town of Mount Royal.

Sponsored by the Montreal Unit of the Scarboro Lay Missionary League, of which the following are officers: President, Miss Marjorie Smith, vice-president, Michael Kilbertus; treasurer, Bernard Ferreira; secretary, Miss Constance Dodge. The card party promises to attract a total of some five hundred Montrealers. Proceeds from the benefit will go towards establishing churches and rectories and schools in such far-distant places as Japan,

Brazil, Dominican Republic, a current trouble spot, Philippines, Bahamas, West Indies, British Guiana and the Windward Islands, where Scarboro Fathers are working. The funds will also assist in the education of ninety-three students who have come from various parts of Canada to the Society's headquarters in Scarboro, Ontario.

Other members of the committee responsible for the arrangements for the benefit bridge party are: Convener, Mrs. L. Hamilton; door and table prizes, Mrs. H. Seifred, Miss A. Connolly; refreshments, Miss Jennie Wall; telephone, Mrs. R. Connolly.

CAC launches study on consumer credit

The Consumers' Association of Canada has launched a study of consumer credit and its impact on the consumer. H. George Gonthier, CAC consumer economics chairman, reported at the annual meeting of the Consumer's Association of Canada, Quebec, held recently at the YWCA.

The consumer economics committee will acquire information on all facets of production, advertising, merchandising, retailing, and servicing of products as they affect the family budget and information on consumer credit legislation and the bankruptcy act.

It also plans to look at "the abuses" of credit buying by the consumer.

The study will report its findings at the annual convention of the Consumers' Association in June at Macdonald College. Mrs. V. G. Staff is chairman of the consumer credit sub-committee; Mrs. Agnes Higgins, chairman of the cost of living on family budget sub-committee; and Mrs. R. B. MacPherson, chairman of the taxation sub-committee.

CONSUMER CONSCIOUS

Mrs. Bruce C. Willis, president of the Consumers' Association of Canada, Quebec, reported the public has become "very consumer conscious" and "very aware of the Consumers' Association of Canada."

Mrs. W. T. Pound, chairman of consumer problems, backed her up with a report of consumer complaints and subsequent investigations throughout the past year.

The complaints? One woman reported carrots of less than grade one quality were being sold in some chain stores in grade one packages and at grade one prices.

One reported she had to resew all the seams in a pair of newly purchased men's pyjamas.

Another complained she found a fly in a soft drink bottle and still another that the quilting and seams in a child's snowsuit (valued at \$22.95) had fallen to pieces within a month of purchase.

Mrs. Pound said these and other complaints had all been investigated. She said food complaints had been sent to the Food and Drug Directorate in Ottawa and clothing complaints to the Canadian Textile Institute with the request that pressure be put

Mrs. Frances B. Diorio heads Montreal Cat Fanciers Assn.

A year of progress and increased contributions to animal welfare projects were reported at the recent annual meeting of the Montreal Cat Fanciers Association. The Club's 10th anniversary Cat Show, held last October was the most successful to date and as a result the club was able to donate an additional \$100 to the St. Antoine street clinic of the SPCA. Other donations, an increase in membership and keen interest in special meetings at which Montreal veterinarians and other authorities discussed the care and proper grooming of cats were also reported.

Mrs. Frances B. Diorio of West-

mount was elected president for the coming year and outlined plans for the next show to be held October 24. This will be the most ambitious yet, Mrs. Diorio said, as the first one-day quadruple championship show ever held in Canada under American Cat Association rules.

The MFCA project means that cats will have the opportunity to achieve four wins or a championship rating at a single show. Mrs. Diorio feels this event will attract many more participants from other Canadian and American cities. The new president also declared there was a need for additional cat clubs in the Montreal area and she would like to see development of these in the Lakeshore and other areas.

Other officers elected at the meeting were: Vice-presidents: Mrs. S. B. Earle, Mrs. Ian Morgan and Miss Agnes Ewins all of Westmount; corresponding secretary, Mrs. Mary Graham of N.D.G.; recording secretary, Miss Una Wardleworth; treasur-

Christian Science

"Fallen man" is Sunday subject

The question of whether mankind can actually exist without God will be explored in depth at all Christian Science Churches this Sunday, in the reading of the week's Lesson-Sermon on the subject "Adam and Fallen Man".

The relevant Scripture is highlighted by this line from James: "Draw nigh to God, and He will draw nigh to you." This theme is Lesson to the final citation from Psalms: "He shall bring forth thy righteousness as the light, and thy judgment as the noon day".

Pertinent readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "Let us rid ourselves of the belief that man is separated from God, and obey only the divine Principle, Life, and Love."

FITTING PROCEDURE

It still seems fitting that when Canada is proceeding to enter upon its second century with a changed constitutional status, the partnership of original and added provinces should join with the federal Parliament in asking for that change. —Cochrane (Ont.) Northland Post.

Awards 'enjoyable'; tennis play opens

By ANDY MCGILLIS

The annual sports award night turned out to be a very enjoyable affair, with good attendance and fine weather to compliment the occasion.

The students social committee may well take a bow for a well organized party that met with approval from both teenagers and guests.

PARTY NOTES: Jules Desjardins co-captain of the Saints senior hockey crew, showed a lot of poise and savoirfaire in front of the mike, while making a presentation of a mysterious looking package to coach Andy McGillis . . . Mgr. Edward J. Lapointe PP gave a brief and witty talk that was well received by all present . . . Mr. Jules Boileau, sport minded director also directed a few well chosen remarks to his audience . . . Murray Sherriffs, easily got the most mileage out of the spacious dance floor in the gymnasium, as he circled almost into orbit . . . Fred Wray much in evidence around the music box, which by the way thanks to Fred's efforts we had a fine musical arrangement . . . A candidate overlooked for an athletic award, was the pretty young miss with a cast on her leg but this did not deter her from venturing out on the dance floor at the risk of limb and liberty . . .

TENNIS TIT-BITS: Results of the opening round of the senior tennis tournament; Neil Fernandes beat Grant Sherriffs 6 to 2, 6 to 1; Dalton Barnoff took the measure of Murray Sherriffs in straight sets 6-2 and 6-3; Desio

Fernandes won over Paul Schuler 6-2 and 6-4, losing one set to Paul 6-5; Dave Biron eliminated Mike Fernandes 6-4 and 6-1,

Richard McNally polished off Gerry Fortin with ease, winning 6-1 and 6-1. Bob Braut was not extended too seriously in disposing Paul Stubbs in straight sets 6-0 and 6-2; Pat Fennell showed good form in defeating Fred Wray 6-1 and 6-1. The most grueling match to date was played between André Camilli and Reid Sherriffs, before Reid eked out a narrow 6 to 5 win in the third and deciding set. They exchanged wins in the first two sets by identical scores of 6 to 5.

April 29, the Drama Club held a meeting at which slides were shown about this year's production. Also on that date, the Debating Club held a debate on Resolved: That Capital Punishment Should Be Abolished.

Many great achievements were made this past week by the students. Westmount placed fourth in the Kiwanis Music Festival. Also in music, the Intermediate Band cut its first record on Thursday, May 6; while on Saturday, May 8, they leave to participate in the Ottawa Music Festival.

Other winners are Jennifer Stewart, who won the Knights of Pythias Public Speaking Contest and will now go to the second round at Sir Winston Churchill High.

The School is also extremely proud of five of its boys and their coach Mr. George Theodore, who came first out of sixteen schools in the Inter-School bowling tournament held at Laurentian Lanes; the boys are Jay Garland, Malcolm Miller, John Jear, Bruce Lerner, and Chris Compton. The big sports event of the week is the Track and Field Meet which was held on Tuesday, Wednesday, and Thursday.

Other events are not too numerous as exams are nearly on us. Tuesday, May 4, was the date of the last noontime science movie, "A Strange Case of the Cosmic Ray." A visit is being planned for all interested students to Upper Canada Village on Saturday, May 22. To close, may we wish all the luck to all Senior students who are at the present in midst of their French Oral Matriculations.

Various other hockey and tennis awards were given out. Afterwards, Jules Desjardins, captain of the senior hockey team, thanked Andy McGillis on behalf of all the boys, and presented him with a small token of their appreciation.

REFRESHMENTS PROVIDED

Next, there were refreshments for the invited teachers and parents, and the boys and girls. The Bordermen, a Westmount singing group who recently won the grand award at the Loyola Talent Night, were also on hand to en-

ertain.

Music for the dance was supplied by the Eaton's Band Box, under the charge of Fred Wray and Chris Hurtubise, our Eaton's Junior Councillors. Thanks to Fred, there were several invaluable door prizes.
