LAPRAIRIE.

An extensive municipal village and parish of
 the south shore of the River St. Lawrence,
 between the Lachine rapids and Victoria
 bridge, district of Montreal, seigniorly and
 county of the same name. Incorporated
 March 30, 1846. The parish was erected on
 the 17th November, 1668. A market is open
 every day. An aqueduct is constructed.
 The first railway in British North America
 was constructed from here to St. Johns in
 1836. It was first worked with horses, after-
 wards by steam, but was discontinued, and
 the rails taken up a number of years ago. A
 steamboat maintains regular communica-
 tion between Montreal and Laprairie. A
 branch of the Grand Trunk Railway, start-
 ing at Fort Covington, in the State of
 New York, to reach the Victoria bridge, now
 runs twice a day in close proximity to
 the village, with a good station and depot,
 and contributes materially to the future
 development of the locality, which is con-
 sidered a very healthy and pleasant summer
 place. There is also a fire station, thor-
 oughly supplied with new fire apparatus,
 such as a fire engine and hook and ladders.
 Fishing and hunting is also largely prac-
 tised. A new billiard room has been or-
 ganized. A permanent wharf has been
 erected, and will be much improved during
 the present summer. A new channel is
 also partly made up. The aqueduct is now
 giving a very good service to the vil-
 lage, and the work of putting up pipes is
 being done very rapidly in the different
 streets. The pressure of water in case of
 fire is also very powerful, as the water is

drawn by steam and air pressure, which brings it at a distance of 1,350 feet from the St. Lawrence river. The premiums upon insurances have also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North-Western Telegraph Company has an office here. Telephone connection with Montreal. Distant from Montreal, 9 miles, fare 15 cts.; from St. Johns, 18 miles. Mail daily. Population of village about 1,450; of parish 2,200.

MONTREAL WEST.

(Incorporated as a Town, 1897).

FORMERLY MONTREAL JUNCTION

This beautiful suburb in the parish of Notre Dame de Grace West owes its origin to the junction of the C.P.R. routes, five miles from Montreal; it is so easy of access that it is in great favor for residential building. Trains connect with the City at almost all hours both by Canadian Pacific (Montreal Junction) and Grand Trunk Ry.'s (Montreal West), while the Upper Lachine turnpike road affords a delightful drive. The Park & Island Electric Ry. cuts through the outskirts, affording a 20 minutes' service with the City. It has three churches: Church of England, Presbyterian and Methodist, a Public Model School and a Post Office. Mails twice a day. There are drains, water and electric light. Population about 600.

ST. LAMBERT.

A suburban village on the south shore of the St. Lawrence, directly opposite Montreal, in the county of Chambly, district of Montreal, with a population about 1,500, and growing rapidly. It is an important railway centre, and is supplied with an excellent train service by the Grand Trunk Railway, having over twenty trains each way daily. Return 25c, single 15c, on suburban trains, return good for day of issue only, 25c; return good for 1 month 45c; single fare on regular train 25c; by commutation tickets, 52 trips for \$2.60, or 5c a trip.

The Victoria Bridge spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz.: Grand Trunk for points South, East and West; Central Vermont for Farnham, New York and Boston; Delaware & Hudson for New York; Montreal & Sorel for Sorel. The distance to Longueuil, the county seat, is three miles. There are four churches: Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and curé. There is a large Model school, conducted by the Protestant School Commissioners, with a staff of five teachers; and a French school, conducted by the R. C. Commissioners, with two teachers. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal. The residents are mostly employed in the City, and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with the City. During the winter months direct communication is had with Montreal by an ice road across the St. Lawrence, on which considerable driving is done. St. Lambert is being rapidly built up, and is destined to become a very important point; and it is ex-

pected that a system of water and drainage will soon be inaugurated. The distance by rail is six miles. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication at post office.
