

WESTBURY INJUNCTION CASE BEFORE COURT

Rhineland Discussions Going On Between France And Germany

Conference Is Held Regarding Westbury Case

Some Talk of Settlement This Morning — Judge Expresses Hope This Will Be Accomplished—Case Called This Morning and Adjourned Till 2 p.m.—Provincial Government Asked for Injunction With Regard to Westbury Power Development—Dispute Over Ownership of River Bed.

THE fate of Westbury now hangs in the balance and a final effort is being made today to have the matter settled out of court, providing the Provincial Government and the City authorities can come to an agreement.

Proceedings in connection with the request of the Provincial Government for an injunction to prevent the City of Sherbrooke from continuing with its construction work at Westbury, until the rightful ownership of the bed of the St. Francis River at this point had been decided upon, were opened in the Practice Court here this morning. At least this case was on the morning's roll, but no sooner was it called than Mr. Wilfrid Lazure, K.C., who is appearing for the Government, asked that an adjournment until two o'clock this afternoon be granted. He was making this request, he said, on behalf of both parties, as Mr. Boisvert, who is appearing for the city, was also agreeable to the adjournment being made.

Meeting Will Be Held by Both Parties
The reason for the delay, Mr. Lazure told His Lordship Mr. Justice Archambault, who was presiding, was to allow the holding of a private meeting by both representatives of the Government and the city, with the view of trying to reach some settlement in this very important matter. While Mr. Lazure did not speak at any length, he gave the impression that there was a possibility of settling the matter out of court.

Motion was Granted
His Lordship granted the request and said that he hoped that the meeting which would be held would prove successful.

Matter Will Be Settled One Way or Another
Just what course will be taken in regard to Westbury will be settled during the next few hours, and at two o'clock this afternoon, when court re-assembles, the situation will, it is expected, have taken some definite shape. If the matter has been favorably settled by both parties then the decision will be announced, but if they fail to agree hearing in the matter will likely be begun.

The whole question at stake centres around the ownership of the bed of the St. Francis River at Westbury. The city maintain that they are the rightful owners and sometime ago decided to build a power house and dam on what they claim is their property. Construction was started in November last and already a great deal of the task has been completed, and a huge amount of money spent by the city. Just as everything was going along very nicely the Quebec authorities informed the city that the river bed at this particular spot was the property of the Crown and that Sherbrooke had no right to build on it. If they wished to use this land and to erect their dam and power house it would be necessary to rent the river bed from the Crown, Quebec maintained. The Government requested the city to sign a lease for ninety-nine years and to pay a rental of \$2,000 a year.

The suggestion to sign a lease seemed to be favorable to the majority of the Council and at a motion was carried although not

unanimously that the Mayor and City Clerk be authorized to sign this lease on behalf of the city. This course would have been taken had not an injunction, requested by a private citizen, been granted by the Court preventing the signing of the lease.

The matter then was allowed to drag on for a time longer until the Government took final steps and asked that a Court injunction be granted which would end all activities until the question had been finally settled as to who owned the river bed.

The request for an injunction has already been before the court on two occasions, but hearing has not been started as yet. The city made a request to file their plea in writing and this was granted. Now everything seems ready for the final chapter at two o'clock this afternoon.

FREE LAND FOR SETTLERS IN NEW WEST

WINNIPEG, MAN., Sept. 12.—In connection with an agreement between the overseas settlement department, the Canadian Pacific Railway and the Hudson's Bay Company for settlement of families in western Canada, it was stated yesterday that the railway and the Hudson Bay Company would provide the land for 200 farms of 160 acres each, and equip them for occupation. The previous report stated that the railway would supply the land, but it developed yesterday that the two companies would co-operate in the matter.

LABOR SEC'Y ISSUES REPLY TO TOM MOORE

All-Canadian Congress of Labor Will Not Be Dictated by Moscow or Washington.

(Canadian Press Despatch)
OTTAWA, Sept. 12.—In the absence of A. R. Moore, president of the All-Canadian Congress of Labor, the secretary W. T. Burford, yesterday issued the following statement:
"It is reported that Mr. T. Moore said yesterday, at the Toronto convention of the Trades and Labor Congress of Canada, that the All-Canadian Congress of Labor opposes all international alliances, while its chief allies the communists, preach internationalism and not nationalism. This statement is so utterly at variance with the facts that, on behalf of the All-Canadian Congress, I have no hesitation in declaring it to be false and mischievous.

"The All-Canadian Congress of Labor will not accept the dictation of either Moscow or Washington. As for the communists, they have all been in Mr. Moore's trades congress for many years, and have vigorously opposed the unions which comprise the All-Canadian Congress of Labor. Mr. Moore's further statement that the trades and labor congress of Canada is a completely autonomous organization and free from outside control seems to indicate a fear on his part that the contrary view was becoming popular. Otherwise it is difficult to imagine why he should make this repudiation of the United States paymasters of the trades congress.

"I challenge Mr. Moore to deny that ninety-five per cent of the affiliation fees of the trades congress are received direct from the headquarters of unions in the United States.

STUNT FLYING, LOW ALTITUDE, GRANBY CAUSE

Findings in Inquiry into Accident in Which Captain Nase Lost His Life.

(Canadian Press Despatch)
OTTAWA, Ont., Sept. 12.—Stunt flying at a low altitude is blamed by the court of inquiry for the crash at Granby, Que., on August 20th, when Captain Harold Nase, an instructor, was killed and Amil Isabelle, his passenger-pupil was seriously injured. The findings of the court were made public at the department of national defence.

The cause of the accident was the stalling of the aircraft while only a short distance off the ground, the findings state. The court recommends that air regulations as to stunt flying be strictly enforced and that no spectacular flying be permitted under 1,000 feet altitude under any circumstances. Stalling is described by air officials as turning off the engine in the expectation of turning it on again and righting the machine before the threatened crash.

AN IMPORTANT CHURCH MEETING FOR QUEBEC

Has Been Called by Cardinal Rouleau to Discuss Important Matters.

QUEBEC, Que., Sept. 12.—Cardinal R. M. Rouleau, has convened a meeting of all the Catholic Bishops of Canada and Newfoundland, the first since 1910 to be held here early in October, probably the fourth. Invitations have been addressed to 40 archbishops and bishops. His Excellency Monsignor Cassulo, apostolic delegate, will preside over the gathering. Important questions concerning the Catholic Church in Canada in the various ecclesiastical provinces will be studied.

THE WEATHER LOCAL SHOWERS

Pressure continues low over the western portion of the continent, with a centre of low over Southern Minnesota, while high pressure extends over the Maritime Provinces. Showers or thunderstorms have occurred in Southern Ontario, Quebec and Western Nova Scotia, while elsewhere the weather has been fair, warm in Southwestern Ontario and comparatively cool to the northward and in other provinces.

Forecast: Easterly winds, unsettled and rather cool, with local showers, today and Thursday.

His Excellency the Governor-General is celebrating his 62nd birthday today. Viscount Willingdon was born September 12, 1866. Their Excellencies will celebrate the occasion by a trip to the Laurentians and will spend the day quietly at Blue Sea Lake. Other than this outing no special arrangements have been made for the birthday.

ANNUAL FAIR IN PROGRESS AT INVERNESS

Inclement Weather Greets Day Set for Annual Exhibition of Megantic County Society, Division A—Special Features Add Interest in This Year's Show.

INVERNESS, Que., Sept. 12.—The annual fair of Megantic County Agricultural Society, division A, opened here for a one day exhibition, this morning. The day dawned dull and raining, with prospects being that it would continue to be a bad day. Despite the weather, however, officers and directors of the society expressed the opinion that the fair would be a success. Receipts would doubtless be lower than was expected due to the fact that people like fine weather to visit an exhibition, but from the agricultural standpoint a successful one is looked for.

Entries began to come in in large numbers yesterday, and animals, products from farm, home-made cooking and fancy work, and every other manner of thing seen at a fair, are now on the grounds in large numbers.

With the presence here this week of the Marquis of Graham, who is visiting this district while on a tour of Canada, added interest is being shown in the fair, which he will visit. Local members of Parliament and the Legislature and other prominent men will accompany him, it is expected. Besides this means of creating new interest in the fair, a large number of special prizes offered is proving a great attraction. Still another innovation is the holding of the school fair in conjunction with the exhibition this year.

LIGHTNING PLAYS PRANK IN ONTARIO

Two Horses Killed, But Driver of Team Is Uninjured.

KITCHENER, Ont., Sept. 12.—Joseph Sherezki, a hired man in the employ of Henry Feick, Doon, had a miraculous escape from death yesterday when two horses he was driving in a field were instantly killed by lightning. A third horse also harnessed to the harrow and working between the two doomed animals escaped practically unhurt. Sherezki was thrown to the ground by the flash and appeared to be stunned for a few minutes. He was showing no ill effects last night.

PRINCES ARE WELCOMED ON REACHING EGYPT

Great Crowd Gathers at Alexandria to Greet Them on Arrival—Liner Escorted into Port.

ALEXANDRIA, Egypt, Sept. 12.—The Prince of Wales and his brother, the Duke of Gloucester, were given an enthusiastic welcome when they arrived here yesterday on the steamship Kaiser-I-Hind. King Fuad's yacht, Mahrousa, and the yachts of several Egyptian princes joined with British warships and other vessels to escort the liner into port.

The shore was lined with a great concourse of cheering spectators. Both princes after being received by British and Egyptian authorities, drove straight to the British residency where a dinner and reception followed by an open air concert in the illuminated grounds were held.

POOR WEATHER FOR WATERLOO ANNUAL FAIR

Officers of Shefford County Society, However, Believe Exhibition Will Prove Successful—Judging Commenced Yesterday in All Classes and Will Continue Until Tomorrow.

WATERLOO, Que., Sept. 12.—The second day of Shefford County Agricultural annual fair opened this morning in full swing with weather conditions threatening. However, it is expected that a good attendance will be present. All though rain fell yesterday, there was quite a large number of people on the grounds for the first, or preparation day. The exhibits in all departments are most satisfactory.

Mr. N. O. Rockwell, who has for many years held the position of secretary, stated this morning that the directors were very much gratified with the showing of horses and cattle, while the floral hall display was perhaps equal to any put on for years past.

The president, Mr. A. F. Sanborn, of South Ruxton, has been supported by strong committees in all departments and should the weather prove favorable today and Thursday the society will once again score a signal success. A special feature this year is a number of dairy herds showing that the farmers are paying strict attention to this branch of farming and are continually improving the quality of milk cows, thereby getting a larger production from year to year. The raising of beef cattle and fitting of driving harness has almost disappeared from the counties of Bedford district and a visitor who is looking for these classes to be well filled is only to be disappointed. The auto has replaced the fancy driving horse and the dairy cow is brought into the ring rather than the beef animal.

DR. TRUEMAN SPEAKS OF THE MARITIMES

Racial Stock Still Good, But Too Many People Have Left, Says Principal of Mount Allison College.

WINNIPEG, MAN., Sept. 12.—Racial stock in the Maritime provinces is still good even though for the most part, the excess population, year after year, has left for other parts of Canada or the United States, declared Dr. George J. Trueman, president of Mount Allison University, Sackville, N.B., in addressing a re-union meeting of Albertans here last night. He said students coming to Maritime universities were maintaining the standards of other years. Those who remained at home were not altogether the stupid ones.

GERMANY SEEKING TO REGAIN CONTROL OF RHINELAND AREA; FRANCE READY TO CONSIDER THIS

Preliminary Meeting Held Yesterday and Adjourned—Further Conversations Today—May Require Some Time to Reach an Understanding—Germans Have Submitted No Definite Plan.

(Associated Press Despatch)
GENEVA, Sept. 12.—There were indications today that Foreign Minister Briand of France was ready for serious conversations on evacuation of the Rhineland.

In order to remain in Geneva for a second meeting tomorrow of the powers on the question, M. Briand cancelled a trip he had intended to make to Paris to attend a cabinet meeting on Friday at which a successor to the late Minister of Commerce Bokanowski was to be appointed.

At the first meeting on the subject M. Briand, Chancellor Hermann Mueller, of Germany, Under-Secretary Von Schubert, of the German foreign office, Lord Cushendun, of Great Britain, Vittorio Scialoja, of Italy, Paul Hymans, of Belgium, and Mineachiro Adachi, of Japan, conferred.

Both M. Briand and Herr Mueller were smiling when they left the meeting. A communique issued later said: "Conversations have commenced on the question of evacuation of the Rhineland. The discussion is continuing and will be resumed on Thursday."

The Germans were understood to have adhered to their programme of not presenting any definite written plan for evacuation. Chancellor Mueller told the Allies that Germany had fulfilled the obligations of the Versailles Treaty, especially in relation to the Dawes plan and that maintenance of Allied troops on German soil would engender animosity in the German people.

The discussion was described as thorough without achieving any concrete result, which is expected only after a long series of conferences.

PLOTS FOR THE OVERTHROW OF SPANISH HEAD

Numerous Arrests Said to Have Been Made in Spain—Reports of Happenings Not Clear.

NEW YORK, Sept. 12.—Reports from the Franco-Spanish border say numerous arrests have been made in Spain after the discovery of a plot against the government of Primo de Rivera, who is about to celebrate his fifth anniversary as dictator of Spain.

A Hendays, France, despatch says the arrests were reported to have been made in Madrid and other Spanish cities.

The Havas Agency of France was notified however by its Madrid correspondent that official circles in the Spanish capital asserted that the city was tranquil.

BAD WEATHER MARS THE FAIR AT L'AVENIR

Fine Showing of Live Stock and Other Exhibits—Important Improvements Made to the Grounds—Drummond County Fair Held Yesterday—Record Representative Makes Tour of Grounds.

L'AVENIR, Que., Sept. 12.—(Special).—The Drummond County Agricultural annual fair closed last evening after the most discouraging experience the officials have had for years, so far as weather conditions were concerned. Rain fell all day which prevented many from attending. The president, Mr. James Gallagher, supported by active committees in charge of all departments had been intiring in their efforts to score a decided success this year. Five hundred dollars had been expended in the erection of a new building to accommodate the various classes of horses shown. Other improvements have been made to live stock stalls, while the root, vegetable and domestic buildings were put in good condition, leaving nothing to be desired so far as accommodation for exhibitors was concerned.

The prize list was large and amounts to well over two thousand dollars. The association is in a strong position in the matter of membership, having recently added over fifty new names to the already large list.

The Rev. J. Eph. Lemire, Hon. Hector Laverte, M.P.P., and Mr. Wilfrid Girouard, M.P., resident of Arthabaska, have taken great interest in the association by their assistance has been much appreciated by the directors. A large list of special prizes contributed by those mentioned, also by the Bank of Montreal, Richmond; Mr. A. J. Curotte, South Durham; Chas. H. Miller, Drummondville; P. C. Duboyec, N.P., Richmond; Rev. P. Allard, South Durham; Banque Provinciale, Drummondville, and the grand prize, a silver cup, value \$25, by the Bank of Commerce, Richmond; School commissioners of L'Avener; J. C. St. Amant, N.P., L'Avener; Adolphe Lesieur, L'Avener; A. B. Dionne, South Durham; Alcide Houle, St. Felix de Kingsey; Rev. Albert Clair, of St. Felix de Kingsey; Albert Laine, L'Avener; Dionne Bros., South Durham; A. A. Jacques, South Durham; Richmond Jerseys Inc., per A. W. Robinson; The Deschambault Quarry Corporation of Quebec; Banque Canadienne Nationale, South Durham; Dupuis Freres, Limites, Montreal, also special prizes, and the Agricultural Society added much interest and brought out strong competition.

Live Stock Exhibits
There were brought into the ring a splendid showing of heavy draft matched pairs of horses, also those of the general purpose type were of good formation, while mares and foals were considered above the average. Many animals from one to three years of age were shown that showed careful selection of dams and sires. The fancy driving horse is a thing of the past, not only in Drummond County but throughout the province.

Cattle
The buildings provided for housing the beef and dairy cattle were filled and many animals were sheltered outside, there being no shearer for them. The exhibit of beef animals could probably not be equalled in the Townships with Megantic County excepted. Special mention should be made of a herd of Hereford cattle shown by Mr. T. B. Brock, of Kingsey. These animals were of superior quality and many favorable comments were heard regarding them. The dairy breeds were well represented, showing that Drummond County farmers are paying strict attention to breeding the best only.

Fruits and Vegetables
Although in many sections Quebec has not produced a large quantity of fruit, the exhibits in this line were exceptionally good, particularly in the root crops, while apples and plums, etc., were believed to be an average crop. Maple products were shown in good quantities, the quality being extra good.

NORTH STANSTEAD
At a meeting of the school commissioners of the town of Stanstead held at Tomifobia, a resolution was passed granting to the Women's Institute of Stanstead North the use of the "old brick Mansur school-house" situated on the government road and the privilege of making any changes or improvements to the building or grounds, this privilege to extend until such time as the building is needed by the school board. The Institute members are very grateful to the school commissioners for this concession.

On Thursday, September 6, the Women's Institute held a "bee" in connection with their regular meeting at the "brick school house," when sixteen members, ten men, ten children and four visitors were present. A baked bean dinner was served at noon by the ladies, after which the men worked diligently improving the grounds by cutting the grass and bushes and burning them. The Institute members are grateful to the men for their labor and extend to them a vote of thanks. The interior of the building had been cleaned by Institute members in readiness for this occasion. The meeting was brought to order by the president, Mrs. W. A. Abbott. The roll call for the meeting, "A verse learned in school days," brought forth many old familiar poems which were much enjoyed by all. Important business was brought up at this meeting as regards ways of beautifying and preserving this familiar old landmark, and to make it a pleasant place for the Institute. Mr. Charles Ives, a former pupil of the school, has donated the paper for the walls, and Mr. John Hackett has donated the paint for

the interior. A vote of thanks was extended to them. A committee was appointed to see a brick layer, Mrs. A. E. Curtis gave a report of the quarterly meeting held at the home of Mrs. J. H. Turner at Beebe and reported the different work being done through the various Institutes. Twenty-three parcels were sent to the Institute sales table at the Ayer's Cliff fair. The proceeds will help with the prizes for the county school fair. Mrs. W. L. Heath, convener of education and better schools, gave an excellent paper, giving reasons why one should educate not only his own children in good schools, but help in every way to educate others. She also gave notes on consolidation. A beautiful bouquet of asters sent by Mrs. Charlotte Lyford was much admired by all. The Institute members wish to extend through this paper an invitation to the Rain and Shine Club at Judd's Mills to join this Institute. The next meeting will be held at the brick school house on Thursday, October 11th. Mrs. A. E. Curtis will be the hostess. Mrs. J. Vivian will give a paper on agriculture. The roll call will be "A favorite vegetable—how to grow and cook it."

ALBANIA LOOKS TO ITALY AS BEST FRIEND

TIRANAN, Albania, Sept. 12.—Parliament Monday night unanimously voted confidence in the new cabinet headed by Premier Cotta. The premier announced that there will be no change in the government's foreign policy. He said Albania would make every effort to maintain friendly relations with neighbors and the great powers. Regarding the institution of a monarchy in Albania, Premier Cotta declared that the immediate recognition of the change by Albania's great ally, Italy, revealed the solidarity existing between the two states.

6 Years of Misery
No Relief from Stomach Trouble Until He Tried TANLAC

If your stomach is sick, you are sick all over. If you can't digest your food properly, you quickly lose strength, get thin and nervous, and feel just as tired in the morning as when you went to bed. For twenty years Tanlac has been restoring to permanent, buoyant health many thousands who suffered just as you do. Why shouldn't Tanlac do for you what it did for Mr. Noah Pare, 330 Albert Street, Windsor, Ont.

He writes: "There was not a day in six years that I did not suffer with my stomach. It was sore as a boil, and gas would clog up in my chest until I had to fight for breath. It became so nervous and worried that the strain was showing on me. I could not eat, sleep or do my work properly. I tried many treatments without any benefit whatever until I started on Tanlac—and I want to tell everyone who suffers as I did, to use Tanlac. After finishing the third bottle, I was well and I don't believe there is a man in Canada with a better stomach than mine. I eat and sleep well; never have pain or gas; never had a day's sickness since using Tanlac."

Tanlac brings back lost appetite, helps you digest your food, builds up weight and strength. It contains no mineral drugs; it is made of roots, barks and herbs, Nature's own medicine for the sick. Get a bottle from your druggist today. The cost is less than 2c a dose—and your money back if it does not help you.

FEDERAL RADIO COMMISSION COMPLETES TASK

WASHINGTON, D.C., Sept. 12.—The federal radio commission today completed the task which has occupied most of its time for a year—reallocation of the country's radio facilities—a plan which in the judgment of the commission and its engineers will place reception on a higher plane than it ever before has enjoyed.

The wave length of nearly every one of the 629 stations in the country will be changed November 11 when the reallocation order takes effect. Existing licenses not otherwise ordered terminated or consolidated were extended for 42 days from October 1 to November 11, and the commission expressed its intention to renew most of the licenses for ninety days thereafter.

Simultaneously the commission ordered a reduction in chain broadcast casting. Each of the forty stations with power of 5,000 watts or more which will be on cleared channels were notified that they could broadcast identical programmes for but one hour daily from 7 p.m. to midnight, unless the transmitters were separated by a distance in excess of 300 miles were operated on the same frequency or received special permission as in cases of extraordinary events.

The forty stations, eight in each zone, which will be allowed exclusive channels in the ether, form the backbone of the reallocation plan. Through numerous consolidations and some eliminations the total number of stations is 103 less than the 732 in operation when the commission began its work.

The officers are: Antonio Drolet, president; Jos. Blais, secretary. The committees in the different departments are as follows: Prize list, A. Trudel, H. Eluet, horse, J. H. Bolduc, Cyr. Blais; cattle, A. Trudel, Jos. Duquette; sheep and hogs, Jos. Fontaine, Jos. Boulette; poultry, Jos. Blais, Cyrille Therrien; horticulture, Edward Trudel, Dom. Lemieux; ladies' department, Mrs. J. E. Letellier, Mrs. Eugene Huard, Mrs. E. Durand, Mrs. Jos. Lafontaine, Mrs. A. Trudel.

CANDIDATES IN FIELD FOR THE N.S. ELECTIONS
HALIFAX, N.S., Sept. 12.—Then Conservatives and four Liberal candidates were today in the field for election to a number of the forty-three seats in the Legislative Assembly for which representatives will be chosen on October 1st.

At four Conservative conventions eight candidates were selected to join the forces with Premier E. N. Rhodes and Hon. Albert Parsons, Speaker of the House, previously nominated.

Two names were added at the Shelburne County Liberal convention to roster of those who will support the leadership of Hon. William Chisholm named with Dr. R. McIsaac, to represent his party in Antigonish. All nomination conventions are called for this week.

Making his second speaking appearance since the dissolution of the government, Premier Rhodes last night at Brookline, Hants County, renewed his promise that the temperance act would not be nullified without direct decision by the people. Discussing agriculture he declared the government takes full responsibility for assisting in eradicating bovine tuberculosis and terminating "disloyal services to the community" the use of this question for political purposes.

Hon. William Chisholm will open the Liberal rebuttal at Kentville tomorrow.

Are You Ready
When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner does than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhoea; effective, too, for older children. Twenty-five million bottles were bought last year.

HEALTH & DIET ADVICE

Dr. Frank McCoy
"See Just How to Health"

MALARIA (Part 2)
I have never found it necessary to employ quinine in cases of malaria because this disorder yields more readily to the fasting and dieting regime which seems to remove from the blood some element upon which the parasite feeds. I have a number of patients who, after the purifying processes of the fast, and by keeping their bodies clean through the correct diet, went into malarial infected regions and though they were bitten by the mosquito, they did not develop any of the symptoms of malaria.

I believe that a surplus of starches and sugars in the menu and the lack of certain resistant giving mineral elements so weaken the blood that the parasite can develop, and when this deficiency is corrected, the parasite is automatically destroyed.

In the cure of malaria it is advisable that the patient employ some form of acid fruit for his fast. Only one kind of fruit should be used as a meal. I have found that the grapefruit is of special value. It seems that the organic acid of these fruits has a very cleansing effect upon the blood, and the mineral elements which they also contain are very valuable blood tonics. This fast should be maintained for several weeks until the parasite disappears from the blood. This can be determined by a microscopic examination.

The patient should drink freely of water, and enemas should be given twice daily during the period of fasting. I have prepared an article which tells the correct method for employing this enema, which I will be very glad to mail to you if you will send me a large, self-addressed, stamped envelope.

It is advisable that the patient be sweated to assist in the removal of the liquid toxins from his system. This sweating should not be too frequent, as a sufficient time must elapse between these treatments for the patient to recuperate his strength. Light sunbaths and exercises will assist in speeding the recovery.

There are many who suffer from a chronic form of malaria. It is quite common to find patients, who in their younger days have lived in the southern part of the United States, present a combination of symptoms which they call biliousness but which in many cases may come from an old malarial infection which was improperly treated with suppressive methods. Many readers, suffering from auto-intoxication, coated tongue, constipation, hot and cold chills, etc., may remember that they have once had malaria. If that is so, it is a good plan to take a short fast and a cleansing diet to get rid of the possibly original chronic cause of their present symptoms.

After this cleansing process the patient should be very careful with his food combinations, and employ a correctly balanced diet. Once the disease has been eliminated from his system in this manner he need not be afraid of the ordinary after effects of malaria.

I shall be very glad to hear from those people in malarial districts who are employing this method.

I would also advise a short fruit fast, as described, for even well people who wish to safeguard themselves against this infection.

QUESTIONS AND ANSWERS
Question: Mrs. J. H. asks: "Will you please print a diet or whatever you think is best for a rupture, or hernia as some call it. I have had one in the left groin for 12 years, at first small, but now as large as a cup."

Answer: Keep the quantity of food down to the minimum so that your abdomen will remain as flat as possible. Then take the "setting-up" exercises to develop your abdominal muscles. Meanwhile, wear a suitable support which will hold in the rupture until the muscles covering the peritoneum have been sufficiently developed to do their work properly.

Question: Iris asks: "What kind of vegetable is the 'Chayote' that you give in your menus?"

Answer: The chayote is a form of summer squash, native to Mexico and Central America. It is cultivated in California and the southern states. The flesh is firm and delicately flavored, comprising a most healthful non-starchy vegetable.

Question: E. R. B. writes: "Please tell me what can be done to relieve the burning of my face and head. Everything I eat seems to go just as far as my chest and no farther."

Answer: You can be sure that what you eat goes much lower than your chest, and it is because of the fact that you eat the wrong things

BIG BILL OF CHICAGO AND KING GEORGE
Convention Told that Chicago Mayor Does Not Really Dislike His Majesty of England.

CHICAGO, Ill., Sept. 12.—It's all a mistake. "Big Bill" Thompson never did hate King George. All through the campaign of the April primaries the mayor had his tongue in his cheek.

William Wall, assistant corporation counsel, appointed to act for the mayor in welcoming delegates to the meeting of the Commercial Telegraphers' Union, made it all clear yesterday. Canada was well represented and the Union Jack hung on the walls of the Bismarck Hall.

"The name of King George was used merely as a symbol in the campaign," Mr. Wall said. "The mayor has no personal hatred against His Majesty. You may be sure that Chicago welcomes you."

Chicago delegates exchanged glances of amazement.

GREAT ESTATE DWINDLES TO \$50 VALUE
Lord Rotherham Dies in England—Lost Property in Many Ventures.

LONDON, Sept. 12.—Lord Rotherham, who died last December aged 78, left property valued for probate at fifty dollars. He was once one of England's leading captains of industry, was a bank director and for fourteen years a member of parliament. He was then a millionaire in pounds, with a yearly income of some 25,000 pounds.

The crash came in 1910 when he found himself insolvent with incurred liabilities of 113,892 pounds against assets estimated at 6,156 pounds. He lost heavily on stock exchange speculations, 77,000 pounds in coal mining speculation in South Manchuria, then fell into the hands of money lenders, and finally drifted into bankruptcy. For the ten years he was absolutely without money and was supported by members of his family.

PHILLIPS MILK OF MAGNESIA
For Troubles due to Acid Indigestion, ACID STOMACH, HEADACHE, GASTRITIS, NAUSEA.

When Pain Comes
Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention.

One spoonful of this harmless, lize instantly many times as much acid, and the symptoms disappear at once. You will never use crue methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drug store.

Summer Kidney Cold

You go to bed feeling like a million dollars, and wake up with a pain in the back that makes you wince with every move. Perhaps the shower was too cold. Maybe you sat in a draught when over-heated. Whatever the cause, the pain is there and you want relief just as quickly as you can get it. ABBEY'S is kind to kidneys, inflamed and congested by summer cold. It neutralizes the excessive acidity, reduces irritation of the bladder, soothes the kidneys and thus cures the pain.

ABBEY'S also insures regular elimination of the body waste, enabling the system to throw off the cold in the shortest possible time.

If you are miserable with a summer kidney cold, ABBEY'S will certainly help you to get rid of it.

Take... **ABBEY'S** The Morning Health Salt

For half a century, ABBEY'S has done its full share in protecting and maintaining the public health. It has brought the comfort and enjoyment of good health to people all over the world; and is generally regarded as the highest type of efficient effervescent saline.

Tablets Aspirin
Genuine

DON'T suffer headaches, or any of those pains a tablet of Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every drug-gist has it, but don't fail to ask the druggist for Bayer. And don't take any but the tablets that are stamped with the "Bayer Cross."

Bedford District News

SUTTON

Mrs. George Wood, of Berkley, Calif., is visiting her brother, Mr. George Cutter, and her many friends and relatives here. Mrs. Wood is a native of Sutton who, with her husband, since deceased, moved to California many years ago.

Miss Eva Vincent is leaving to take up her duties at the William Dawson School at Montreal.

Mr. and Mrs. Henry Rockwell, of Foster, were recent guests of Mr. and Mrs. M. H. Lewis and other friends.

Mr. Edgar Cook has been suffering from a severe attack of lumbago. He is about again, but it made him miss attendance at the Brome Fair. With the exception of two years when he was in Colorado, Mr. Cook has attended the annual exhibits of Brome County for about seventy years. He recalls the "cattle shows", as they were then called before the real society was formed and before regular grounds were secured. At times they were held in fields, and once at least in the winter time on the ice of the lake, near Knowlton.

Miss Kathleen Hawley has left for Macdonald College, where she will take the elementary course for teachers.

Miss Vera Jordan and Miss Ethel Robinson have returned to their duties as teachers in Verdun after spending the summer months with their parents here.

Recent guests at the home of Mr. and Mrs. J. W. Murphy were Mr. Murphy's aunt, Mrs. Alice Neal, and her daughter, Mrs. Merton Cutler,

and Mrs. Guy Rousa, of North Craftsbury, Vt., and Mr. Arnold Cutler and Miss Alice Copeland.

Miss Mary Rough spent a recent week-end at the homes of Miss Vera Jordan and Miss Hazel Bates. Miss Emily Cole was also a guest at the Jordan home.

On Saturday afternoon, September 11th, Mrs. Vera Jordan entertained very delightfully at a kitchen shower in honor of Miss Chlois Miner, of Cowansville, whose marriage to Mr. Leon Jordan is to take place the latter part of the month. Miss Jordan was assisted by her sister, Miss Evelyn Jordan, and by Miss Mary Taber, of Cowansville. The rooms were beautifully decorated in yellow and white, with a wedding bell and bower to which Miss Miner was conducted upon her arrival, the bridal course being played by Miss May Hexall. The bride-to-be received many lovely gifts and thanked her hostess and the guests very sweetly. Games and contests were enjoyed by all, after which a dainty refreshment was served. The out-of-town guests were Miss Mary Rough, of Montreal, Miss Emily Cole and Miss Booth, of Verdun, Mrs. Cedric Henry and Ruth Taber, of Cowansville.

Mr. Robert Kirke, one of the rural mail carriers, had the misfortune to have something go wrong with the steering gear of his car Saturday morning as he started for work. As a result the car tore the railing from the side of a bridge and fell into the brook. Mr. Kirke, however, being able to jump clear from the car and avoid injury.

On Saturday evening, September 11th, St. Albans Lodge No. 106, A. F. and A. M., of Montreal, paid a

farfarnal visit to Sutton Lodge No. 39, of the same order. The visitors arrived early in the evening, making the journey from Montreal in a large auto-bus and an auto or two. The lodges at Knowlton, Cowansville, Richford, Vt., and other neighboring villages were represented in the gathering. Sutton Lodge extended the courtesies of the evening to the visiting lodge, and they demonstrated their skill in Masonic work, to the edification of the brethren who were present. At the closing, refreshments were served in the spacious dining-hall, and the later part of the evening was spent in social enjoyments. This is the second visit of St. Albans Lodge to Sutton, and the wish was expressed by members of both lodges that it might become an annual occurrence. In all, about one hundred members were present.

Mr. and Mrs. Lyall Longeway and family, of Montreal, were week-end guests of Mr. and Mrs. D. N. Sweet.

Mr. Hugh Macdonald motored from Montreal on Saturday to spend a day or two with old friends at Sutton.

On Sunday last Sutton Lodge No. 39, A. F. and A. M., attended divine service at Grace Church, Rev. Brother Charters officiating. The brethren gathered at their lodge-room at two p.m., and arrived at the church half an hour later. The sermon was impressive and was listened to by the brethren with pleasure and profit. The brethren were out in force, and some visiting brethren were present.

Mrs. Dwight Sweet and her little daughter, Roberta, left for Montreal on Sunday to visit the former's brother, Mr. Lyall Longeway, and also to call on many friends and acquaintances.

Mr. E. Ledoux sold his household effects, at a public auction on Saturday last. Mr. Ledoux is going to reside at Montreal.

Mr. Eugene Bates, the state of whose health has caused his friends much anxiety of late, has so far im-

proved that he is able to ride to the village. Mr. Bates, who has for many years had charge of construction and maintenance of roads for the township of Sutton, is one of the best known and most useful citizens. All hope for his recovery.

Miss Glenna Johnson has left for Warden, where she will take up her school duties for the ensuing year. Mr. F. Riley, recently of Farnham, has moved into the house recently vacated by Mr. Levi Perkins.

The many friends of Mr. R. J. Parsons will be pleased to hear that he was able to walk a short distance on the street. For many months Mr. Parsons has been confined to his own home, but on Friday last he visited Mr. William Moffatt.

The two sons of Mr. C. U. R. Tarte, left on September 4th for Montreal to follow law lectures at the University of Montreal. Mr. J. Sabin Tarte intends to qualify for a notary, whilst Mr. J. Roland Tarte is studying to be an advocate.

Mr. Harold Wood had a narrow escape one night lately in crossing the bridge near the centre of the village. He struck the iron guard-rail which protects the side.

Both car and bridge shows the effect of the encounter. One iron pipe pierced the car, narrowly missing the occupant. The damaged car was traded for a new one.

Mrs. C. D. Rowe, of Hallendale, Florida, is passing a few weeks with her sister, Mrs. L. E. Dyer, and other relatives at Sutton. On her return to Florida she will be accompanied by her mother, who will spend the winter there.

Bon Ami

Made in Canada

Nothing is so widely used for keeping windows and mirrors crystal clear and spotless as Bon Ami Cake. 37 years on the market and today more popular than ever.

Cleaning with Bon Ami is safe, easy—really fun! With a damp cloth apply a thin lather of Bon Ami over the glass. When it dries, whisk off the film with a clean, dry cloth,—not a streak, not a smear remains.

And remember Bon Ami Cake has a partner—Bon Ami Powder. You'll like the Powder for cleaning and polishing many things. Both forms have the same magic ingredients—both blot up dirt without scratching. Never redden or roughen the hands.

ST. ANDREW'S YOUNG PEOPLE'S SOCIETY OPENS

The first meeting of St. Andrew's Young People's Society was held in the church hall on Monday.

The result of the elections is as follows: President, Miss Helen Robertson; vice-president, Mr. Frank Donaldson; treasurer, Mr. Terry Jackson; secretary, Miss Marion Jennie.

The retiring president, Mr. Frank Donaldson, then called on the Rev. Mr. Gordon to say a few words to the young people. Mr. Gordon's remarks stated that he thought it would be a good plan to follow a fourfold programme, the four sides of the programme to be as follows:

Literary, temperance, missionary and social. This is to be decided upon later. Mr. Gordon also suggested that the society change the name from St. Andrew's Young Peoples' Society to St. Andrew's Fellowship Association. After considerable discussion it was decided to adopt this suggestion.

The meeting next week will be in the form of a corn roast.

HUGE TOURING CAR HERE FROM OSHAWA, ONT.

General Motors Officials Pay Visit to Local Representatives in Combination Sleeping, Passenger and Dining Car—Equipped in Luxury and Modern Conveniences.

An automobile which combined the equipment of a Pullman sleeping car, a dining car and a parlor car of the most luxurious railway of today, came here yesterday from the headquarters of the General Motors plant at Oshawa, Ont., and stayed overnight before continuing its journey.

The closed interior was so large that people could stand up with ease. It was divided off into three distinct sections. The first was the driving compartment, though there was room for more than merely driving, as there were large comfortable seats resembling the Chesterfield variety, for passengers, while at night these could be drawn out to form a roomy bed for one person.

The second compartment was the kitchen, containing a refrigerator, a large water tank, complete equipment for cutlery, dishes, etc., and a sink, cooking being done by "canned heat." Off this second compartment, too, was a toilet and wash-basin in a small room. The third compartment was a combination dining room, bedroom and sitting room while off it was a good-sized clothes press. For meals, a table is fastened onto the walls, for day use, more of the large comfortable seats provide all there is to desire in the way of comfort; and at night, by making up berths as on a sleeping car, three beds are provided. Throughout the car are electric fans, while a radio provides music when the touring party would like it.

The giant car goes 11 miles to the gallon and has a cruising speed of 40 to 45 miles an hour, with a maximum speed of 55 miles. It is probably the most completely equipped and most novel automobile which ever entered Sherbrooke, and is certainly one of the largest.

Those who came to Sherbrooke in the car were the driver and three officials of the General Motors company, H. H. Henchel, sales manager of the G. M. Truck division (one of whose products the bus is), W. A. Quinlan, general manager for Quebec branch of the G. M. Company, and P. W. Jutra, wholesale manager for this province. They stated the purpose in coming on the cruise was for testing the car's commercial use, to visit the company's representatives in this district, and to see the countryside itself. The local representatives of General Motors are the Webster Motors, Ltd., where the officials paid a visit.

St. Peter's Church on Monday at 2:30 p.m. The service was conducted by the rector, Canon H. E. Bigg, and the Rev. C. T. Lewis, of Bury, and old friend of the family and former rector at Melbourne. The organist, Mr. J. W. Blackburn, Mus. Bac., presided at the organ and the choir rendered two favorite hymns of the deceased, "Now the Laborer's Task is O'er" and "On the Resurrection Morning." The beautiful floral offerings testified to the high esteem in which the deceased was held. The burials were the deceased's own choice and all great friends of her son, Ernest May. They were F. P. Houlihan, M. M. Lothrop, G. A. McLean, W. R. Lacey, A. E. Bewick and A. R. Wilson. The mourners were Mr. and Mrs. R. E. Martin and their daughter, Miss Muriel Martin. Interment was in the family lot in Elmwood Cemetery. The funeral was in charge of the Sherbrooke Undertaking Parlor. Those from a distance attending the funeral included Mrs. C. T. Lewis, of Bury.

ENTERTAINMENT AT ROTARY CLUB ORIGINAL ONE

Rotarian Henry Harris, of Lennoxville, Was in Charge of Entertainment Last Evening, When Club Reverted to Winter Evening Meeting—Offering Was Thoroughly Enjoyed by All—President of Club Gave Short Report of Recent Convention.

Last evening the Rotary Club reverted to its regular evening meetings, after having met at noon during the summer months, and the fall and winter's activities were set off in good style by Rotarian Henry Harris, of Lennoxville, who was in charge of the entertainment for last night's meeting, which as usual took place at the New Sherbrooke House at six-fifteen o'clock.

When the announcement was made that Rotarian Harris would be in charge of the meeting it was not known just what he would provide in the way of entertainment, as he has made a name for himself in this locality as a reader, while he is also closely connected with music and has already presented many very successful musical programmes.

Last evening, however, he had something very original to offer and needless to say his efforts were highly successful. After having been introduced to the club by President "Bob" Richardson, Rotarian Harris immediately entered with fervor into a most eloquent speech, which might perhaps be called an apology for not having prepared an address for the meeting. The manner in which he related his "supposed" experience in sitting down to compose what he was sure would be a masterpiece when delivered before the club, but how his dreams and hopes were shattered when he read the prepared address to his immediate family, provided much amusement to his hearers and he certainly made a very good impression with his fellow-Rotarians.

Assuming a more serious look Rotarian Harris ended his entertainment with several very fine recitations which were given in his usual masterly manner and which were heartily enjoyed by all present. President Told Of Oneida Convention At the conclusion of Rotarian Harris' entertainment, President Richardson briefly but interestingly told the club of the Oneida Rotary Convention which he recently attended with Rotarians D. J. Salls and W. Ballantyne as delegates of the Sherbrooke Club. A very clear and detailed report was made of the convention by the president who, in conclusion, expressed the wish that the local delegates might have learned something while at Oneida which they may put into practice here for the advancement of Rotary and improvement of the local club.

Governor Weeks Issues Unconditional Pardon to Fred Rolfe and Victor Gabraut, Formerly of This City—Had Served Year Term for Smuggling Aliens.

MONTEPIELIER, Vt., Sept. 12.—Gov. John E. Weeks has issued an unconditional pardon to Fred Rolfe and Victor Gabraut of Sherbrooke, Que., who have just finished serving a year's sentence each in the Washington County Jail on the charge of smuggling aliens and were being sought by state authorities to finish a year's sentence in the House of Correction at Windsor for attempt to break jail at Newport.

Habeas corpus proceedings were instituted before Supreme Court Justice Leighton P. Slack at Montpelier on Monday last by Attorneys William W. Lapoint and Webster E. Miller. The grounds set up in the petition for habeas corpus were that prior to being tried in the United States District Court they were sentenced by the Orleans County Court to serve a term of one year in the House of Correction. After they had been committed on the state court sentence, on the demand of the United States government the prisoners were delivered to United States Marshal for trial on the government charge. Their time expired on the United States sentence this week, and on Thursday last Sheriff E. J. Hill, of Newport, appeared at the Washington County Jail, armed with the original mittimus on which they had been committed to the House of Correction, and demanded the prisoners. This resulted in habeas corpus proceedings.

LENNOXVILLE W. M. S. HOLDS AUTUMN RALLY The first meeting of the Women's Missionary Society of the United Church, after the holidays, was held yesterday afternoon at the parsonage, and took the form of a rally in which the threads of work and study were gathered together for the winter's activities. The president Mrs. F. R. Matthews, was in the church, and all of the officers as well as a large attendance of members, were present.

The programme which followed, was an interesting one, dealing with the life of the Indians, the early inhabitants of Canada; their travels, habits, religious needs, and the nature of the work of the missionaries among them being the subjects of short papers. The latter covered medical and educational, and instruction in domestic science and agriculture. Half-yearly reports of the finances of the society were given and were found very encouraging. A pleasing feature of the meeting was the donation to the society funds of twenty-five dollars by Mrs. J. R. Munroe, a faithful and interested member, who has been laid aside by illness for many months. By this gift, Mrs. Munroe became a life member of the society. The president urged the members to visit and interest new families in the work of the Church and the society, and an invitation was given to all the members to attend a special meeting in Sherbrooke on September 27th when one of the Field officers, Miss Mitchell, will give an address.

A social half hour was spent at the close of the meeting, when tea and refreshments were served, in charge of Mrs. R. E. Willard and Mrs. C. E. White.

General Notes. Mrs. Ames and Mr. Dennis Ames left on Monday for Connecticut, where Mr. Ames will enter as a student at Yale University.

THE MAINE RESULT

The State election results in Maine are always regarded as significant. They are taken as indicating the direction of the wind in Federal politics and as such have a bearing upon the national campaign.

Maine was expected to go Republican on Monday so the interest lies in the fact that the majority for governor is the largest ever registered.

PIONEER SPIRIT NEEDED

A great deal is being written and published with regard to British miner-harvester troubles in the West. When we get down to figures we find that 700 of the new comers have quit and are being sent home while 8,000 are satisfactorily at work in the fields.

It may as well be understood that those who expect to come to this country for big pay and light work will be disappointed. The man, however, who comes with some of the pioneer spirit, will succeed and make a permanent home.

Rt. Hon. H. P. MacMillan, Lord Advocate of Scotland, who is travelling in this country, well states the situation when he says, "I should like those who came to this country to read a little of Canadian history and understand some of the hardships faced by the pioneers here, by their women folk and their children to develop and settle this country."

This is no country for whiners. It would never have progressed as it has unless the people who came here, your fathers and some of you yourselves had been willing to endure hardships. The man who comes here can't expect to land on a down hill at once, but must face the thrill of the new land. Canada wants no shirkers.

That is the way the matter stands and it involves one of the difficulties of relieving the Old Country unemployment situation through emigration, for the unemployed are not the most vigorous and determined portion of the population.

The situation is as it is, however. Getting a start is infinitely easier than it was a hundred years ago. There is room in this country for all who come with the will to succeed.

SCHOOL

The school is about the finest institution in the world. It is the greatest thing that social evolution has produced.

What more ideal group could there be than a number of people, young or old, gathered together for the purpose of study?

Think of having nothing to do but study, no working for a living, no striving for social precedence, and no war.

Somebody has said that if Socrates were alive today and should visit any of our cities, he would not be surprised at the churches, for they had temples in Greece, neither would he be surprised at our state houses and court houses, for they had public buildings of old; but he would be amazed to find that many of our most splendid edifices were school houses. That would be an entirely new and modern note. Greece and Rome had nothing like it.

To be sure, there were schools in those days, but education was for the few. Teachers existed who gathered their little coterie of disciples about them, but no such thing as a scheme for general education existed.

Some people have that old notion of education yet. A president of a college in New England once told me that college was not for every man, but for the chosen few. A good many boys, he said, were simply wasting their time at college. They had better be plowing.

Unconsciously this was a condemnation of his school. If he meant that every boy was not cut out to be a member of the learned professions, perhaps he was quite correct.

In olden days schools were only for gentlemen and the satellites of gentlemen, doctors to wait on them when they were sick, lawyers to manage their affairs, and preachers to save their souls, if any.

Nowadays, however, education is thought to be a good thing also for the engineer, mechanic, laborer and merchant. And colleges should be organized as to prepare one not only for the learned professions, but also to train those who seek other pursuits.

Schools are not only to prepare us for enjoying our leisure, but for doing our work. An Irish wash woman opposed the Gary system because, she said, "I don't want to have my boy taught to work. I want him to go to school and get smart so he won't have to work."

The school must be the most flexible of all institutions. It must take hold of any kind of a human being and develop him. It must not be a Procrustean bed, which all children must fit or not be "suitable for college," it must be so fluid that it will adapt itself to any personality.—Cpt. 928.

PRESS COMMENT

SO HAVE WE ALL (Sydney N.S. Post) "The West," says The Calgary Herald, "has earned, by its sheer hard work, by its persistent faith and by its indomitable courage, a right to an established place in the history of Canada." So has the East, and the North and the South.

WORK AND PLAY (St. Louis Post-Dispatch) Since there is said to be as much exercise in cutting the grass as in playing golf, our conclusion is that very few play golf and none cut the grass for the exercise involved.

PREPOSITIONAL (Manchester Guardian) The following deserves its place with that classic example of the prepositional ending "What book would you like to read out of?" The shopkeeper had been asked for a specific brand of goods. "Yes," he beamed, "we have it. In fact, it's the only kind we haven't anything else of but."

AS IT SHOULD BE (Winnipeg Tribune) If Canada again competes in Olympic games there should be a definite understanding with the officials in charge that they are to engage in no controversies, make no complaints or protests, and accept whatever comes their way as good sportsmen should.

CANADA'S FUTURE (Manchester Evening Chronicle) Canada is becoming rapidly as prosperous as the United States. Her per capita international trade is the second biggest in the world, being exceeded only by that of New Zealand. She is becoming more and more industrialized. During the present century her transatlantic trade has multiplied five times, and her transpacific trade has multiplied five times, and her transatlantic trade has multiplied five times, and her transpacific trade has multiplied five times. It is a pity our British trade with the Dominion is not greater.

ADRIATIC ACCORDS (Christian Science Monitor) Unquestionably the ratification of the Accords of Nettuno by the Yugoslav Parliament will do much toward consolidating peace in the Adriatic. That certain causes of friction still remained between European countries after the conclusion of the post-war treaties was not surprising. If one country was satisfied, another might profess itself dissatisfied. There are matters which have remained unsettled, or, in the opinion of one of the parties, badly settled. From time to time a dispute becomes acute, though there is good reason to believe that, by the new method of diplomacy, these disputes will never be allowed to develop into anything serious.

Between Italy and Yugoslavia, which, roughly speaking, occupy the two shores of the Adriatic, there have been many differences of opinion, and at times the attention of the world has been directed to the possibilities of strife in the narrow sea. Happily the Nettuno Accords may be expected to ameliorate the relations between these two powers which should, for their own common interests, live side by side in amity.

These conventions were concluded in 1926, but Signor Mussolini recently complained that they had not been approved by the Bolgrade Parliament. When, after conciliatory intervention by both Great Britain and France, the Yugoslav Government decided to submit them to the legislative body, there were small but significant outbreaks in the country. In Croatia and in Dalmatia there were manifestations, and the incidents which were registered had their natural repercussions in Italy. Yet it must be remarked that the governments of both countries displayed the utmost moderation, and it is now to be trusted that no more will be heard of the rivalry between Yugoslavia and Italy.

DRAPER-HUME WEDDING TOOK PLACE AT LEEDS

At Noon Today Miss Marjorie Hume, Daughter of Dr. and Mrs. George Hume, Became the Bride of Brigadier-General D. C. Draper, Toronto's New Chief of Police, at Very Pretty Autumn Wedding.

LEEDS VILLAGE, Sept. 12.—The marriage of Miss Marjorie Hume, daughter of Dr. and Mrs. George Hume, of Sherbrooke, to Brigadier-General D. C. Draper, C.M.G., D.S.O., son of Mrs. Harriet Draper, of West Brome, took place today, at high noon, in St. James' Church, Leeds Village. The ceremony was performed by the Reverend Channel Hepburn, an overseas friend of General Draper's.

The church was beautifully decorated with hydrangeas, palms and early autumn flowers. The bridal procession passed up the aisle under double arches of flowers. The bride was attended by Miss Dorothy Darragh, of West Brome, niece of the groom, and by her sister, Miss Phyllis Hume, Dr. W. E. Baker, an overseas friend of General Draper's, was the best man and Dr. W. E. Hume and Mr. John Polworth Hume, brothers of the bride, were ushers. Miss Beatrice Rothera presided at the organ and played softly throughout the service. "O Perfect Love" was sung by the choir during the signing of the register.

The bride, who was given in marriage by her father, wore a model gown of Mary blue lace, made on simple lines with uneven hem. Her large picture hat was of velvet of a deeper tone and she carried bridal roses, lilies-of-the-valley and white heather. The bridesmaids' gowns were of a lighter shade of blue and were made of georgette, with jaquettes of blue lace. The skirts were finished with flares of the lace and they wore small hats of blue velvet and carried sweet peas.

Following the ceremony, a reception was held at the summer home of the bride's parents. The rooms were decorated with quantities of garden flowers. General and Mrs. Draper left on a motor trip, the bride travelling in a two-piece costume of Donegal tweed and white blouse with tan tie and tan felt hat. They will reside in Toronto.

Among the guests invited from out-of-town were Colonel and Mrs. Rhodes, Major and Mrs. Norsworthy, of Toronto, Senator and Mrs. Pope, of Cookshire, Mr. and Mrs. G. H. Duggan and Miss Baker, of Montreal, Mr. and Mrs. Astle, Miss Shaw and Miss Essie Smith, of Ottawa, Dr. and Mrs. Earl Draper and son, Dennis, of Exford, Mr. and Mrs. Rothera, of Inverness, and Dr. Hume, a great-uncle of the bride, and Mrs. Hume, of Leeds Village.

The Ladies' Circle of Trinity United Church held their first meeting of the season last evening in the church hall with the president, Mrs. R. D. Wood, Frontenac street. There was a large attendance of members. During the business session a number of matters were discussed, and plans were made for a rummage sale this fall. The hostesses served dainty refreshments, the conclusion of the meeting, assisted by Mrs. R. Richardson and Mrs. Miller Hall.

The Young Ladies' Aid of St. Andrew's Church held their first meeting of the season last evening in the church hall with the president, Miss Margaret MacDonald in the chair. The feature of the meeting was a talk by Miss Lamont, Field Secretary of the W.M.S., who gave an interesting account of the work being done by the society. At the close of the meeting refreshments were served by Miss MacDonald, Mrs. Angus Morrison and Miss Lillian Hawker.

NEWFOUNDLAND NOT KEEN FOR CANADA UNION

Mr. H. G. Hatcher, Who Spent Summer There, Found Little Active Sentiment—Fear Higher Taxation.

Dominion Confederation issue is not an active one in Newfoundland, according to Mr. H. G. Hatcher, superintendent of Sherbrooke schools who spent the summer on the island.

The people are interested on the subject, Mr. Hatcher says, but the politicians appear to be against it. The fear of higher taxation seems to be the stumbling block. At present there are practically no direct taxes in Newfoundland. Opponents to union with Canada point to income taxes and all the rest. So there is no present movement towards joining with Canada.

The fishing industry upon which Newfoundland so largely depends is not in a very satisfactory state. The catches are good but the market is not what it was. Competition with Iceland and other northern fisheries is keen. It is said this may be due to failure to keep up-to-date curing methods.

Nevertheless, Newfoundland seems to be going ahead and the people are fairly contented with their present state.

Mrs. Bertha Price, who is remaining at Woodland Bay for this month, was in Montreal on Monday on business. While there Mrs. Price was appointed sole representative for the Eastern Townships for an exclusive biographical publication which will appear shortly, and will begin her work at once.

Mrs. Ellen Lockwood, of Winnipeg, Man., was in Sherbrooke recently, visiting her sister, Mrs. John Buckingham, and Mr. Buckingham, Vimy street. Miss Florence Meskings has returned to her home in Montreal after being the guest of her aunt, Mrs. John Buckingham, and Mr. Buckingham.

The Ladies' Circle of Trinity United Church held their first meeting of the season last evening in the church hall with the president, Mrs. R. D. Wood, Frontenac street. There was a large attendance of members. During the business session a number of matters were discussed, and plans were made for a rummage sale this fall. The hostesses served dainty refreshments, the conclusion of the meeting, assisted by Mrs. R. Richardson and Mrs. Miller Hall.

The Young Ladies' Aid of St. Andrew's Church held their first meeting of the season last evening in the church hall with the president, Miss Margaret MacDonald in the chair. The feature of the meeting was a talk by Miss Lamont, Field Secretary of the W.M.S., who gave an interesting account of the work being done by the society. At the close of the meeting refreshments were served by Miss MacDonald, Mrs. Angus Morrison and Miss Lillian Hawker.

The Ladies' Aid of Trinity United Church met yesterday afternoon at the home of Mrs. George Armitage with a very good attendance of members. Plans for the year were talked over but nothing was definitely decided upon. The Sunshine Page, which the members have been filling during the summer months, were brought in, and the returns were most satisfactory. At the close of the meeting the hostess served dainty refreshments assisted by Mrs. Gordon Armitage, Mrs. Peabody and Mrs. D. C. McRae.

The Quebec Presbyterian of the Presbyterian Church in Canada held their first sub-executive meeting after the holidays, at the home of Mrs. M. A. McDonald, 47 Prospect St., on Monday evening at seven o'clock. The president, Mrs. James McKelvie, was in the chair and opened the meeting by reading the 15th psalm, followed by prayer. There was a good attendance, and everyone was anxious after the rest and pleasant holiday spent during the past two months to get back to their duties of the fall session. The corresponding secretary reported on several letters received since the June meeting. These were discussed and points settled upon. The treasurer reported that the half year had been very good. Miss Lamont, Field secretary, who is making her itinerary in Quebec Province, and who has held a number of meetings with the different societies of St. Andrew's Church, was present at this meeting and gave an outline of several puzzling problems in connection with the work in this district. A delegation from the executive was appointed to accompany Miss Lamont on her visit to Asbestos and Danville today. After the business Miss Lamont closed the meeting with prayer. The next meeting will be held in the Bible class room of St. Andrew's Church on the first Tuesday in October at 7 o'clock in the evening.

Mr. and Mrs. C. D. Coates, of Sherbrooke, who is at present employed by the Newton Construction Company in New Port, visited at the home of Miss F. M. Eves in Stanstead on Sunday.

Mrs. Gilbert, Ross, Mrs. (Dr.) F. Wilkinson and daughter, Peggy, of Montreal, have been spending the past few days as guests of Mrs. J. P. Watson, Quebec street.

Mrs. Buckingham, of Montreal, has returned home after a two weeks' visit to her son, Mr. John Buckingham, and Mrs. Buckingham, Vimy street.

The many friends of Mrs. Sarah Halligan, Wolfe street, will be pleased to learn that she has returned from the Sherbrooke Hospital, where she has been a patient for the past two weeks.

STANSTEAD COLLEGE OPENS. Stanstead Wesleyan College opened for the new year this morning, when a large class of boys and girls were present for the first work of the term. A considerable number of students from Sherbrooke and this district were among those who travelled to the border town yesterday and today in order to register at the college. The college will have students from many parts of Canada, as well as a few from the United States.

Stanstead College opens with a new principal this year, Rev. T. B. Moody, D.D., well known minister in the Stanstead district, takes over the position for the first time, and it is believed will prove an able man for the principality. He succeeds Rev. Dr. MacKenzie, who is now in the west.

ASSISTANT CITY ENGINEER GRANTED LEAVE OF ABSENCE. Mr. J. Leblanc, assistant city engineer, who replaced Mr. J. C. Cote, who gave up his position with the city to enter into partnership with Mr. A. C. Crepeau, has been granted a year's leave of absence by the city.

It is Mr. Leblanc's intention of proceeding to the Eastern Technical Institute where he will take a course in electrical engineering. After completing his course Mr. Leblanc will resume his connection with the city.

EASTERN TOWNSHIPS OLDER BOYS' CONFERENCE. The eighth annual Eastern Townships Older Boys' Conference which is to open on September 28, holds promise of being the best ever had. During the eight years of conferences the standard has risen consider-

ably and this year with an entirely new leadership and with big problems there are two objectives that have been set before the conference, the consideration of and planning for an Eastern Townships boys' fair—this to include art, handicraft, animal life and garden produce; the second objective is the getting of a boys' work secretary for the Eastern Townships. The need for this is great and imperative, and it is felt that the older boys of the Eastern Townships would be prepared to handle this. Some changes have been made also in the athletic meet to be run off during the conference.

MEETING OF THE CANADIAN LEGION TOMORROW. There will be a meeting of the Canadian Legion, Sherbrooke branch tomorrow evening, at 8.15 o'clock in the Sons of England Hall. This will be an important meeting, and all members are asked to be present.

teacher. These were Messrs. James Mason and Thomas and Albert Rowan, with Mr. Thomas Robinson, son-in-law, Mr. Michael Smith, nephew, and Dr. George Smiley, a cousin, who completed the number of those who reverently bore the casket to its last resting place.

Mrs. Smith leaves four daughters to regret her passing, Mrs. Louis Livingstone, of Chelonia, Wash.; Mrs. Thomas Robinson, of Rawdon; Mrs. J. S. Marlin, of Lennoxville, and Mrs. William Oswald, of Rawdon, the last of whom devoted herself to the care of her mother during her long illness. Of the ten children of whom Mrs. Smith was the mother, six had predeceased her, four in infancy, while one, a girl of twentythree, Miss Mary Smith, lost her life by drowning in the River Lac Oureau, upon the banks of which the family home was situated. Another daughter, Mrs. John Oswald, of St. Scholastique, passed away about a year ago.

Other relatives of the deceased are Dr. G. Manchester, of New Westminster, B.C., Rev. Dr. Robert Smith, of Montreal, nephews; Mrs. W. J. Marlin, Lennoxville, niece, and twenty-one grandchildren and nine great-grandchildren.

Mrs. Smith's parents were the late Mr. and Mrs. Jacob Manchester, who were among the pioneers of Rawdon, settling on the banks of the Lac Oureau River, the Manchester falls in that river being named after this family. Her mother, Elizabeth Smiley, received her first name from the ship upon which she was born at sea, the Elizabeth, on the passage of her parents to the new world. Her father, of English descent, was born in Boston, the family coming later to Rawdon to make their permanent home. The only survivor of this family is Mr. H. Manchester, brother of the deceased, who resides in Winnipeg, Man.

The casket was covered with floral tributes testifying to the respect and esteem which the deceased in her long life of eighty-four years, had won from all who knew her. Her memory will be great and fragrant in the community where she lived so many years, for a long time to come.

The funeral took place on Thursday morning at St. Edmond's Church at 9 o'clock, the Rev. Father Simard, parish priest, officiating. The deceased was in his 73rd year. He was formerly a resident of Barnston.

He is survived by eight children: Mrs. Wilfrid Jodoin, Alma, Mrs. Edmond Patenaude and Marion, of this place; Mrs. Joseph Morin, of Newport, Vt.; Henry, of this place; Wilfrid and Charles Emile, of Montreal. The late Mr. Lareau was well known in this vicinity and friends behind him a large circle of friends and relatives to mourn his loss.

MR. GERALD HIBBARD COWANSVILLE, Que., Sept. 12.—The interment of the late Mr. Gerald Hibbard, of Sherbrooke, took place in the Union cemetery on Saturday morning, September 8th. The remains were brought here by a hearse and were accompanied by Mrs. G. Hibbard (widow), Miss Mabel Hibbard (sister), of Waterbury, N.Y.; Mr. Eric Hibbard, Richmond; Mr. Ashley Hibbard, Montreal; Messrs. Reginald and Frank Hibbard, of Sherbrooke (bro-

thers); Mrs. Ashley Hibbard, Mr. Whitman, of Sherbrooke, and other friends.

Mr. Hibbard was the eldest son of the late Mr. and Mrs. Frank Hibbard, of Sherbrooke, both of whom passed away during the past few months. Deceased had been a patient in the I.O.D.E. Sanatorium, Sherbrooke, for several months and was later removed to the Sherbrooke Hospital, where he passed away. Mr. Hibbard was a former resident of this place and while living here was married to Miss Lucy Smith, to whom much sympathy is extended in her bereavement.

Ayer's Cliff Junior Red Cross Win Flag for Fourth Time in Succession and Also Gain Pangman Trophy—Women's Institute Hold Meeting.

AYER'S CLIFF, Que., Sept. 12.—The Ayer's Cliff Junior Red Cross have won the flag for the fourth time in succession, and have not only won it but are the first Juniors in the province to win the silver trophy presented by Mrs. Pangman in memory of her late husband, the first chairman of the Quebec Junior Red Cross committee. Mrs. Shaw, supervisor of Quebec Junior Red Cross, in writing to Mrs. Haig, says this is an outstanding item in Junior Red Cross history and she would like the trophy to be presented on some special public would be present and suggests that the school opening would be a good time. Last year the society grew 33-1-3 p.c. in Quebec alone, a growth which is true for the whole Dominion and in fact all over the world. Mrs. Shaw writes that Russia, China, Portugal and Central and South Africa are practically the only parts of the world which are not united through their Junior's under our Red Cross banner.

General Notes.

The Ayer's Cliff School Fair will be held on the Fair Grounds, Fri., Sept. 14th. Short speeches, sports and short entertainment by the Ayer's Cliff Jr. Red Cross in front of grand stand at 1 p.m. Everyone welcome. Adm. free.

St. George's Guild will resume their meetings, after the summer vacation, on Thursday, September 13th, when Mrs. J. B. Bayley and Mrs. John Martin will be hostesses. Afternoon tea will be served from 4:30 to 6 o'clock and supper from 6 to 7:30 o'clock.

Fred Henry and son, Marlin, of Woodville, N.H., have been recent guests of Mrs. E. B. Martin.

Miss Doris Thomas, nurse-in-charge at the Royal Victoria Hospital, Montreal, has returned to her duties after a month's vacation at her home here.

Sunday guests of Mr. and Mrs. W. E. Hurd were Mr. and Mrs. C. P. Buckland, of Sherbrooke; Mr. and Mrs. Geo. Fish, Mr. Ed. Hurd and Mr. Lawrence Fish, of Lennoxville, and Mr. and Mrs. A. E. Hurd and Malcolm Hurd, of Coaticook.

The Women's Institute were entertained by Mrs. Price at her cottage at Woodland Bay on Friday, September 7th. A large number went from here by train. Mrs. Price had made arrangements for the train to stop at her cottage, which was much appreciated. The meeting was presided over by the president, Mrs. Wyman, and was opened by the reading of the minutes. Several things were disposed of, arising from the minutes. Several matters in connection with the School fair, which is being held this week on Friday, were discussed. The local Institute will sell ice cream, lunches, hot dogs, coffee, soft drinks, etc., as usual. A medical examination in the school was arranged for, and it was suggested that this be followed up by health talks in which the parents might be interested. After the meeting adjourned, tea was served by the hostess.

Mrs. Mary Cate, who has spent the summer at her cottage, "Crow's Nest," has broken camp and is spending some time with Mrs. McVeay and other friends in this vicinity.

Mr. and Mrs. J. J. Currier, of White River Junction, have been recent guests of the former's sister, Mrs. E. P. Lyon.

Mr. Philbrick, N.P., is again in his office after a few days' vacation.

CHAS. W. TOBEY FOR GOVERNOR NEW HAMPSHIRE

Will Head Republican Ticket—E. D. Sargent Democratic Nominee—Other Primary Results in States.

WASHINGTON, D.C., Sept. 12.—As returns from yesterday's state primaries were tabulated today, prominent contests took shape as follows:

The nomination of Charles W. Tobey, Republican, for the governorship of New Hampshire, was conducted by Ora A. Brown, of Ashland, former Mayor Eaton D. Sargent, of Nashua, won the Democratic gubernatorial nomination over Charles W. Ward, of Manchester.

C. Douglas Buck was nominated for governor of Delaware by the Republican state convention. In Vermont, Governor John F. Weeks defeated Mayor Edward H. Beavitt, of Montpelier, for the Republican gubernatorial nomination, the only contest for a major office in either party.

In Colorado, Attorney-General W. L. Beatright was in the lead for the Republican nomination for governor. A close battle between Governor R. H. Hartley and E. L. French for the Republican gubernatorial nomination in Washington developed with Hartley maintaining a slight advantage. Former Senator Feindexter trailed Judge Kenneth Mackintosh for the Senate. A. Scott Bullitt was leading for the Democratic gubernatorial nomination and Senator Dill was ahead in his race to succeed himself.

Senator Ashurst and Governor G. W. P. Hunt, Democrats, seeking re-nomination in Arizona, were well

INVERNESS IS ENTERTAINING LORD GRAHAM

Megantic County Village Is Host to Marquis of Graham Before He Starts Tour of Canada—There to Visit Descendants of Early Pioneers Who Came from Father's Lands—Heir to Duchy of Montrose.

INVERNESS, Que., Sept. 12.—The village of Inverness has been entertaining since Monday the Most Honorable the Marquis of Graham, son of the Duke of Montrose and grandson of the Duke of Hamilton, who arrived in Quebec on the Cunard liner Antonia on Saturday for the purpose of making a tour of Canada.

The young marquis is here to visit the descendants of the Scottish pioneers who came here ninety-nine years ago from the estates in Scotland now belonging to his family. He arrived here on Monday and is leaving tonight for Montreal. During today he will visit Theford Mines and will also be a guest of the directors of the Inverness fair, which is in progress today. He will also have dinner today with Mr. Eusebe Roberge, M. P., for Megantic, Hon. Laurent Lapierre, M.L.A., for Megantic and Minister without Portfolio in the Quebec Government, Mr. John McManis, Mayor of Inverness, and Mr. John McKenzie, mayor of the municipality of Inverness.

Yesterday the marquis spent some hours tramping through the mud along the roads about here, visiting a number of the old families in which he was interested. He met a large number of the people and made an interested and deep research into their history. On Monday he was the guest of Mayor McManis.

The original settlers from Scotland who were the first to come to Megantic County were from the Island of Arran, which is now the property of his mother. They came from the island in 1829, and many of their descendants are still in the county, mostly in this village. They were followed by hundreds of other Scottish settlers in later years, who were pioneers in all parts of the county and further south, in Compton county.

His Lordship, the marquis, is a guest at the hotel here. In an interview with the Record he stated the manner in which he happened to come to Inverness. He was attending the fair on the Island of Arran a short time ago and told the people that he was about to make a tour of Canada. The people then asked him if it would not be possible to visit Inverness, the village in Quebec which had been settled a century ago by their kinsmen. The marquis at once acquiesced and became greatly interested in the history of the Megantic people.

The marquis attained his majority only a short time ago and is going through Canada for the purpose of studying the Empire. He is a descendant of the greatest and most famous of all Scottish families, the families of the Montroses and Hamiltons. He is heir to the duchy of Montrose.

BUOYANT STOCK MARKET TODAY AT NEW YORK

Notable Advances in Leading Stocks—Some Up Over Five Points—Bull Market in Control—Some Big Sales Are Recorded.

(Associated Press Despatch) NEW YORK, Sept. 12.—A wild outburst of bullish enthusiasm, in which several issues mounted to record high levels, characterized the opening of today's stock market. National Cash Register and Studebaker cash opened with blocks of \$10,000 shares at 90 and 82 1/2, respectively. Curtiss jumped six points, General Motors 5 1/2, American Machine and Foundry 5, Radio 4, and General Electric 3 1/2.

The "bull" market on the New York Stock Exchange got away to a flying start today, when more than a score of issues were pushed up to record high levels in the first half hour of trading. The early gains ranged from \$1 to nearly \$7 a share, with blocks of 5,000 to 15,000 shares changing hands at frequent intervals. Briggs Manufacturing opened with a block of 15,000 shares at 53, and National Cash Register and Studebaker with blocks of 10,000 shares each at 90 and 82 1/2, respectively. All three latter extended their gains and established new high records.

Among the many other issues to reach new high grounds were Lowy, Wiles Biscuit, Republic Steel, Detroit Edison, Commercial Solvents, Anaconda, Chile and Cerro de Pasco Coppers, and Purity Baking. B. Curtiss Aero, General Motors, Radio and American Machine opened \$4 to \$6 a share higher.

One block of 50,000 shares of Stanley Company of America changed hands at \$69.75, an overnight jump of \$10.75 a share. Recent buying of this stock has been based on unconfirmed rumors of an early merger with the Keith-Albee circuit and Warner Brothers Pictures.

MONTREAL LIVE STOCK MARKET QUOTATIONS

INT. NICKEL CONTINUED ITS UPWARD FLIGHT

This Issue Opened at 132, Two Points Higher Than Yesterday's Close—Smelters Gained a Point.

(Canadian Press Despatch) MONTREAL, Sept. 12.—International Nickel continued its upward flight when the local stock market opened this morning. This issue opened at 132, two points higher than yesterday's close. The rights opened unchanged at 7 but later sold up to 7.15. Chief activity was centered in Nickel, and while a fairly wide list made its appearance at the opening, initial prices showed little change from the previous close. Smelters gained a point at 270, while fractional declines were registered by Canadian Power and Paper, Lyall Construction, Montreal Power and Shawinigan. The rest of the list was unchanged.

Stock Purchase Rights Are Valuable

(Continued from page 1) have once again demonstrated that they are experts in the "art of the needle." Of particular interest was the display of braided rugs, etc. Cut flowers and potted plants were shown in goodly numbers and quantity.

Women's Club The L'Avener Women's Club which has a membership of fifty-four, organized for the purpose of meeting together monthly to discuss questions pertaining to the home and manufacturing articles of clothing, knitting, canning of fruits and vegetables, etc. had a wonderful exhibit of their work. The association set aside one entire building for their use and many took advantage of admiring the exhibits shown. Mrs. Bert Smith, president, gave an interview to the Record explaining the aims and objects of the organization, claiming that not only were they interested in manufacturing articles for sale but in every phase of rural home life, hoping to make better use of these many advantages offered to those whose activities were outside of the city. Believing that co-operation among the ladies under some system of organization was mutually beneficial, the club offered prizes for various articles which could only be shown one year.

YANKS CAUSE BIG CHANGE IN TEAM STANDING

Connie Mack's Team, Close to Realization of Pennant Aspirations, Now Find Themselves in Different Position as Result of Yankee Hits.

(Associated Press Despatch) NEW YORK, Sept. 12.—Caught in a withering barrage of Yankee hits, Connie Mack's pennant aspirations, close to realization a few short days ago, apparently are dying a slow and painful death.

These aspirations were in a vigorous state of health as late as last Sunday when Connie's Philadelphia Athletics occupied the American League summit in solitary grandeur. Today a feeble spark was the only indication that they still were alive.

To the massed attack of the Yankees' murderers row, led by the peerless Babe Ruth, can be attributed the partial collapse of the tall tactician's hopes for his first pennant victory since 1914.

Mack saw Quinn and Walberg fail to stop the champions on Sunday. Yesterday he called up his last hope, Robert Moses Grove, fastest left-handed pitcher in the majors, to save something out of the wreckage. But Grove failed just as he had failed in five previous attempts to turn back Miller Huggins' maulers this season.

For seven innings he had the Yankees waving futile bats at his fast

one whizzed up to the plate. Four hits and a single run represented the sum total of the champions' offensive at that time and Grove entered the last of the eighth with a 3 to 1 lead.

And then just as Lefty was ready to record his fifteenth straight victory and his twenty-third of the season, the blow fell. A pass, a single, a wild throw by Jimmy Dykes and a wild pitch by Grove himself and Gehrig's single tied up the game, with nobody out. That brought the Babe to the plate. Grove elected to pitch to him for a pass would bring up Meusel who had wielded a wicked war club in the first two games of the series. The Babe bunted the first pitch foul and took a called ball before driving the third pitch into the right field stands as 50,000 fans broke into a delirious demonstration of joy. Grove quickly retired the side after that mighty wallop but the damage had been done. Henry Johnson got rid of three Athletics pinch hitters, Cobb, Collins and French—in the ninth and the game was over with the Yanks on the long side of a 5 to 3 score. It was Johnson's fifth victory over the A's in six starts and Grove's sixth defeat in seven against the champions.

Victory Settled Final Outcome

The victory sent the Yanks into a two and a half game lead in the standings and assured them of invading the west in first place regardless of the outcome of the fourth and final game of the series today.

In the other American League engagements the St. Louis Browns beat Cleveland by 16 to 8, in a game which saw fourteen doubles pounded out, and Detroit defeated Chicago by 7 to 6, when Johnstone, recruit outfielder, cracked out a home run with two on base in the eighth.

Taking their second double header in as many days from the Boston

Braves the New York Giants ousted the Chicago Cubs from second place in the National League race.

The scores were 11 to 8 and 7 to 6. The first game was a walkaway for the Giants but the second was a dog fight the whole way. Larry Benton, a relief pitcher, fanned Rogers Hornsby to end the game with the tying run on first base. Fred Lindstrom pounded out eight hits in ten times at bat during the day.

The St. Louis Cards retained their two and a half game lead over the field of trouncing Cincinnati by 6 to 3. The Reds established a new National League record for double plays with 15, but that didn't help them in scoring runs.

The Cubs cracked five Pittsburghers for eleven hits and romped away with a 9 to 3 victory. Pat Malone had only one bad inning—the third—when the Pirates scored all their runs. The Cubs, however, now trail the Giants by two percentage points.

GOLF AS CHAMPIONS PLAY IT

PRESSING OFTEN RESULTS IN THIS SORT OF FINISH

What causes a player to press? By TOMMY ARMOUR, Canadian Open, National Open, Long Beach Open, El Paso Open Championships, 1927; Oregon Open Champion, 1925.

Pressing is caused by a desire to hit the ball hard in order to attain great distance. Usually the player steps up to the tee, grasps his club too hard, sets his teeth firm, and then slams away at the ball. When you do this, you swing back too fast and thereby lose control. Then you swing down too fast and as a consequence the club head turns over on the ball driving it into the ground instead of lofting it. Most frequently pressing comes when a golfer attempts to outdrive the player who preceded him.

LORD DERBY'S FAIRWAY WON ST. LEGER RACE

One of Great Classics of British Turf Took Place Today.

DONCASTER, Eng., Sept. 12.—Lord Derby's Fairway, the favorite, won the St. Leger stakes here today. The race is one of the great classics of the British turf. It carries \$20,000 in added money and is run over a special course which is one mile, six furlongs and 132 yards in length.

Palais Royal, owned by Jacques Wittouck, was second, and Cyclonic, from the stable of Major J. S. Courtauld, was third. Thirteen horses ran. Fairway went to the post at odds of 7 to 5. Palais Royal was held at 6, and Cyclonic, second choice in the overnight betting closed at 100 to 5.

RAIN STOPPED LADIES' GOLF AT BEACONSFIELD

CANADA AND U. S. AGREE

(Associated Press Despatch) BEACONSFIELD GOLF CLUB, Sept. 12.—Owing to a heavy rain downpour here early this morning the second round matches in the Canadian women's golf championship have been postponed until tomorrow. This somewhat novel departure in championship cause, was necessitated by the deluge which flooded the Beaconsfield course, and the rain gave no indications of letting up today. Two 18 hole bouts will be contested tomorrow, the second round matches being set for the morning and the quarter finals for the afternoon.

RUGBY

JUNIOR RUGBY

With the season for rugby opening up it will be necessary for all who are interested in Junior rugby—especially those interested in the Eastern Townships Junior League—to get players lined up and get together on a schedule for the season. It is hoped that a four team league consisting of S.A.A.A., Bishop's, Stanstead and one other team, may be got together playing a regular schedule, and the secretary of the Sherbrooke Athletic Association will be pleased to hear from anyone interested in Junior rugby.

SHERBROOKE ATHLETIC ASSOCIATION

The management of the Sherbrooke Athletic Association is very anxious that a full turnout of the following players, and any others interested be got tomorrow afternoon at 2 o'clock on the Parade Grounds: Heath, Duff, Wolfe, I. A RUSSIAN IMMIGRANT IN TROUBLE

Mother Got on Quebec Ferry by Mistake, While Children Went on Towards Montreal—Matter Straightened Out Soon.

(Associated Press Despatch) QUEBEC, Que., Sept. 12.—A Russian immigrant mother and two children passed through a harrowing experience here yesterday when the former, mistaking the Levis-Quebec ferry for a baker shop found herself in mid-stream while the two tots were being carried to Montreal by train. The three were en route to Montreal where the woman's husband resides. On being told that the train would stop twenty minutes at Levis the mother left the train to buy bread for the children.

Her halting English was misunderstood by the person from whom she sought directions and she was told to go through the entrance to the ferry. Her mistake was not realized until the boat has cast off. The woman collapsed twice when she discovered her predicament but she was finally understood and a telephone message to Charny resulted in the train being stopped there and the children taken off the train. The family was soon reunited and all left on a later train for their new home.

CANADA AND U. S. AGREE (Associated Press Despatch) WASHINGTON, Sept. 12.—Conclusion of a reciprocal agreement with Canada on the granting of air pilots licenses was announced by the department of commerce yesterday. Under the agreement a Canadian will be able to get a pilot's license in the United States without first obtaining one in Canada, providing

that he established his proper entry for residence in the United States. Similar privileges will be extended in Canada to Americans.
