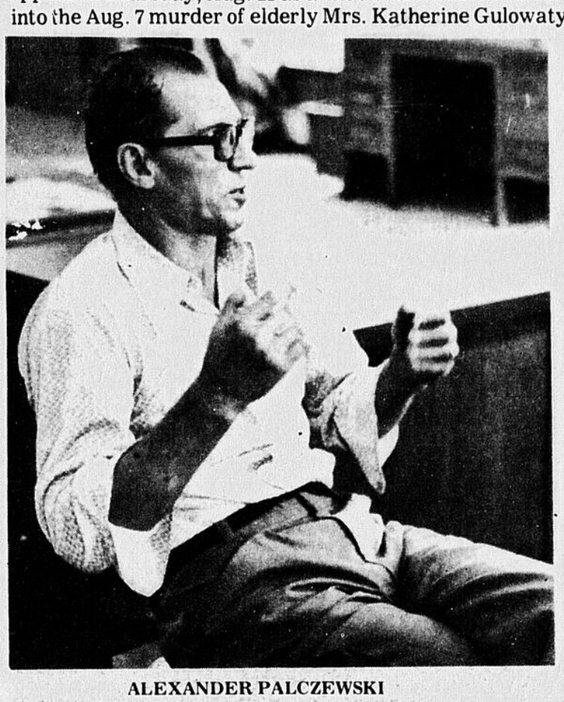
Hemmingford murder

Material witness located by police

by ERIC BELANGER
of The Gleaner

Alexander Palczewski, 55, of Montreal, one-time travelling meat salesman, appeared Thursday, Aug. 21 as a material witness at a coroner's inquest in Huntingdon into the Aug. 7 murder of elderly Mrs. Katherine Gulowaty in Hemmingford.



ALEXANDER PALCZEWSKI

Palczewski, of 5,046 Park Ave., Apt. 4 in Montreal, was picked up by police on Aug. 13 on a Coroner's warrant.

His arrest was unannounced as police continued their investigation of the slaying which shocked Hemmingford by its brutality.

However, since under law a material witness can be held in custody only seven days before a hearing, inquest was hurriedly called for last Thursday. For the convenience of Coroner Dr. Georges Lefebvre, the venue was QPP headquarters, Huntingdon.

Realeased

After his appearance with his lawyer, Palczewski was released on his personal bond when the hearing was adjourned.

This was done at the request of Crown Prosecutor Gilles Pigeon of Valleyfield to permit further police investigation and to get further details of the murder from the victim's son, 54-year-old Nick Gulowaty.

Since the killing, the paraplegic World War II veteran son has been in Queen Mary Veterans Hospital in Montreal, suffering a severe reaction from which he is now recovering, the coroner was informed by investigators.

The Crown Prosecutor said a date would be set later for resumption of the inquiry into the death of the woman in her cottage on the Old Schoolhouse Road about 2½ miles from Hemmingford Village.

At the time police said it appeared to be a case of attempted robbery and murder. The house had been ransacked.

The 79-year-old woman was bludgeoned to death in the basement while her son, confined to his bed in the one-story home for the last three years, was powerless to aid.

Two involved

Nick Gulowaty told police then that two men he did not recognize were involved. He said one stood guard over him during the slaying of his mother which was not discovered until a neighbor called the following morning. Nick said one man was young, the other old enough that his hair was greying.

Crown Prosecutor Pigeon told the inquest he had information that Palczewski could be identified as having been at or around the scene at the time of the murder. Palczewski is a 55-year-old divorcee who lives alone.

The only other witness at the preliminary inquest, QPP

Barely standing room at fifth Apple Festival

by
AILEEN L'ESPERANCE

More than 6,000 visitors at times turned Hemmingford's main intersection into wall-to-wall people last Saturday and boosted the fifth annual Apple Festival into the smash hit category.

Big winner was the Hemmingford Recreation Centre which benefits from proceeds of the day-long fun fest designed also to publicize the area as a Chateauguay Valley orchard centre.

Festival Queen: Yolande Malenfant wears her new crown as Queen of the Hemmingford Apple Festival, flanked last Saturday by Princesses Dorothy Smith on left and Birgit Dobbertin.

The weather: Perfect. Local enthusiasm: Close to bursting point. Visitors: Nobody got trampled underfoot but at times it seemed they might.

Bob Petch, chairman of the Festival Committee said visitors numbered more than at any previous festival and mentioned 6,000 as "a very conservative estimate."

"We never had such crowds," he said. "oOn every hand people were considerate and happy and seemed to enjoy themselves."

Fun day

It was a full day devoted to fun from 8.30 a.m. That was when Rene Foran of Huntingdon unlimbered his guitar for a 14-hour musical stint at the village crossroads. It went right on through the crowning of Festival Queen Yolande Malenfant, the 61-entry parade and the wind-up dance at the golf club at night.

In between were events and happenings, including country dining that kept every moment occupied.

These included a flea market where Auctioneer Bill Hooker sold everything in sight, an apple pie contest and sale, a farmers' market, a kite-flying contest won by Hugh Whitney of Montreal; a handicraft display and sale in the Catholic Church where business was brisk and an antique show that so pleased 18 dealers they all want to return next year.

Hour-long bus trips, leaving on the hour, operated to capacity while back in the village hungry visitors swarmed in on the church ladies groups and ate all the home-cooked food in sight.

So many lined up for the United Church Ladies 5 p.m. buffet that serving began at 3.45 p.m. By 6 p.m. and 300 meals later Mrs. Harry Warner had to tell those still in line that the cupboard was bare.

Montrealers swarmed to the village. A goodly number of others came from every part of the Chateauguay Valley to provide an atmosphere of renewed friendship as well as an action-packed day in the country for city people.

About 1,000 saw the Queen crowned in a contest co-ordinated by Mrs. Jules L'Esperance at which Mayor Maurice Patenaude presided at high noon. From the seven contestants Dorothy Smith and Birgit Dobbertin were chosen as princesses.

Duchesses were Sylvie

Winning pie brings $8.45

Mrs. Raymond Lavalee's prize winning pie at the Hemmingford Apple Festival topped 18 other entries and then, at an auction conducted by Steve Drown of Champlain, it fetched $8.45.

All pies were auctioned after being judged by Celia Ferguson and Diane Raymond, both associate professors of the food science department at Macdonald College. Bidding was brisk, everybody enjoyed themselves and seemed disappointed that the supply was so scant.

Last year pie entries totalled 40.

Explained pie contest co-ordinator Mrs. Maxine Kydd: "You can only bake so many apple pies and most of our wonderful cooks were too busy baking for the church food sales at the Festival.

Quebec Games

Valley athletes add to laurels

John and Barb Younie of Howick led the 11 member C.V.R. contingent at the Quebec Games in Three Rivers last weekend with a gold medal apiece, while Huntingdon's Morgan Thompson and Yvon Jemczyk of Ormstown each brought home a silver.

Said Coach Norm Woods, "We were really pleased to do so well."

All four medal winners were medal winners in the Provincial Championships and the National Legion meet held within the last few weeks.

"Barb's performance in particular was a thrilling one, as she bettered her previous personal record by seven feet in throwing the javelin 38.20 metres to take the Midget Girl's event," said Woods.

Her brother John beat the second place competitor by two feet to take the Bantam Boys' Pole Vault with a leap of 10 feet 6 inches. After sewing up the gold, he tried for the Quebec record of 11 feet ¼ inch but missed.

Morgan Thompson's throw of 13.33 metres in the Bantam Shot Put gave him the silver medal.

Yvon Jemczyk was in the same position with his 40 metre throw in the Midget Discus. He has previously thrown 43 metres.

All the C.V.R. athletes were representing Southwestern Quebec, which sent a team of 40 to the four-day Games, and finished 11th out of 21 teams.

The Quebec City team took the overall championship.

Other tracksters from the local high school finished as follows: Karena Jensen, 13, of Franklin, 3rd in heat 150 M; 3rd in heat 80 M; 5th relay final.

Nora McIntyre, 14, of Huntingdon; 3rd in heat 80M hurdles; 5th relay final.

David Hyland, 16, Ormstown; 5th in Midget pole vault final;

Carole Stoughton, 15, Valleyfield; 3rd in heat 100 M.; 3rd in heat hurdles; 5th relay final.

Francine Bossé, 14, of Valleyfield: 9th in Bamtam javelin; 6th in 1,000 M.

Athelstan's loose dogs irk farmers

Loose dogs in the Athelstan area are causing trouble to some dairy farmers and through the agronome's office in Huntingdon an appeal has been made to dog owners to keep their dogs tied.

"Some cattle in the Athelstan area are being chased through fences by loose dogs," said Agronome J. Lalonde, this week. "Farmers have asked us to ask that owners tie up their dogs if they are prone to run cattle in the pastures."

Valley farms hard hit by prolonged drought

Reports to the agronome's office in Huntingdon this week left little doubt that the Chateauguay Valley is one of the areas in Quebec province most severely affected by drought.

Said **Agronome** J.D. Lalonde: "The pasture crop in particular has been very badly hit and this, in turn, cuts down on milk and beef production."

In the Valley there has been scant rain since early in June and searing temperatures during July and early August aggravated the moisture situation.

The apple crop looks plentiful but fruit, to date is small as a result of poor moisture.

By the end of the week, said Peter Finlayson of Ormstown, most grain corn in the Valley will have matured. Finlayson is a farmer and government weather watcher on Route 138.

He said most grain corn in the Valley matures with provision of from 2,500 to 2,700 solar heat units. As of this week the heat unit count from May 10 was 2,561 compared with 2,336 at the same date last year and 2,239 in 1973.

Some slight comfort to farmers is that continued dry, warm weather will reduce the costs of drying harvested grain corn, he said.

"So far as precipitation goes these past several weeks have been nothing short of disaster," he said. Since April 1 precipitation amounts to 8.56 inches compared with 10.8 inches in 1964 the previous driest year since he has been keeping records.

Lalonde said "Fodder presents the greatest problem said all farmers are feeding cattle on hay, chopped corn chopped grass or whatever they have on hand."

"Silage corn is poor because of the shortness of the plants, but grain corn is not doing too badly. Corn seeded as late as May 15 is dented now, and ripening well," he said.

"The crop will not be a full one, but those who fertilized may not do too badly. Fertilizer plus what rain we've had has helped."

Lalonde said that oats seem very good, with lots of straw, and certain farmers on the Huntingdon Ridge, and in the areas of Ormstown, Ste. Barbe, and Dundee are now making their second cutting of alfalfa.

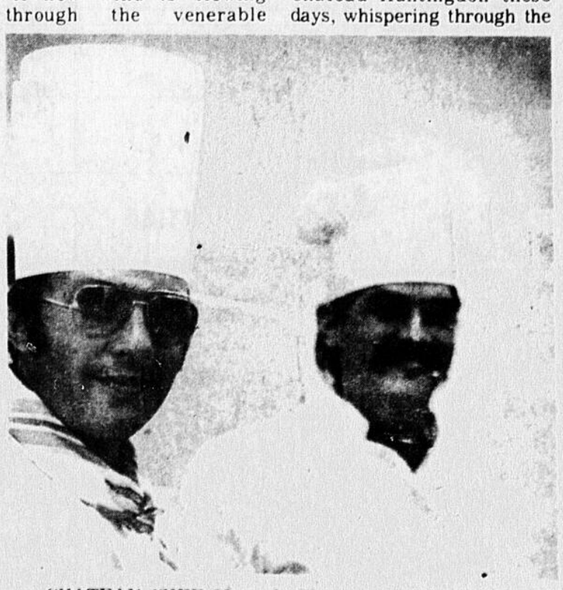
"Farmers will either cut before the end of August, or they will have to wait until October, as alfalfa stores its winter food in the root system during September," he said.

He also noted that tonnage for cannery vegetable crops is markedly down this year.

Huntingdon Chateau

Elegant dining is key to hotel's renaissance

A new wind is blowing through the venerable Chateau Huntingdon these days, whispering through the redecorated lobby and newly-equipped kitchen, of the past glories of the hostelry and of a new and encouraging future.



CHATEAU CHEF Marc de Blangie and his assistant Donald Myatt work in the Huntingdon Chateau's newly refurbished kitchen.

Since Bouchette Enterprises of Huntingdon purchased the building in April from Norbert David Barnabé of Montreal, the Chateau has been the site of more activity than it has been for years.

Manager Germain Mercille comes to the hotel business from a five-year stint as manager of Fortune Drugs in Huntingdon.

"Though the two jobs are not that closely allied," he said, "they both involve dealing with the public, and that's what I like doing."

His first big objective is to make the Chateau once again renowned for its meals.

In this Swiss-born chef Marc de Blangie has a major role. And not for the first time is he involved in recreating an atmosphere of good French cooking in a non-metropolitan setting.

Athelstan Field Day Monday

The Athelstan Community Sports Association has big plans for the annual Labor Day Field Day, Sept. 1 including a parade of more than 40 entries, a decorated bicycle competition, pipe music and highland dancing, ball games, square dancing, band concert, tug of war and as night comes down over the village a mammoth fireworks display.

The watchword in Athelstan for this annual event: "Everybody is welcome."

Last year between 1,500 and 1,800 people swarmed into Athelstan for this early autumn holiday celebration, the proceeds of which go to the sports association fund. This year the hope is that the number will be even greater.

10 a.m. start

Decorated bicycles are to be judged at 10 a.m., with the parade forming up at the Athelstan Presbyterian Church and moving a half-mile or so to the Athletic field on the Athelstan Road at the fringe of the village. The parade looks to be so large that for those at the end it will be a mile-long trudge.

Once again the parade mystery is the float being put together by the Hinchinbrooke Volunteer Fire Department and their Ladies Auxiliary. The fireman aren't saying what it is, other than that it will be an astonisher.

Other floats will come from the area around, including Huntingdon, and there will be fire department contributions from both sides of the border. Entertainment and parade offerings include the Ormstown Band and the Ormstown-Franklin Majorettes. There will be piping and highland dancing and the Athelstan Guys and Dolls who were top junior performers at the Huntingdon Fair will again be square dancing.

The womenfolk have divided themselves into five shifts to man the Snack Shack and a portable canteen. The shifts, incidentally, include the "milking shift" which turns out to be for those ladies who don't have to go home for

This and That in Town

TEA FIELD - from near St. Anicet to the outskirts of Ste. Barbe - has been burning fiercely for a week now. The black muck area known as Tea Field burns every summer [some people believe it smoulders down deep year around] but it's been quite a few years since open fires were so noticeable. A week ago today [last Wednesday] smoke billowed upwards for hours starting at 5 p.m. and many people thought a barn was burning between Huntingdon and Ste. Barbe. The flames could easily be seen by people attending Malone Fair.

SPEND LABOR DAY - at Athelstan. Fun and games until well after dark. (See advt. elsewhere).

BACK TO SCHOOL - real soon. Hard to believe that summer is almost over. Labor Day is when Montrealers and others from a distance hang shutters on the windows of their summer homes and turn the keys in their doors until next June. We wish them all the best in the interim. At this time we wish to remind them not to forget about the pets [cats, dogs] they acquired during the summer. Left alone, such animals often die... especially dogs. So, take them with you or have them humanely killed .. it's much kinder.

RENE FORAN - has made the big time. Playing and singing at the annual Hemmingford Apple Festival on Saturday, he was invited to appear on Ch. 6 television alone. Hockey fans are accustomed to seeing René when Les Canadiens play at The Forum... but this time he was the star. Attaboy René, keep up the good work.

MISS SARAH JANE McCOY - of Ourtown - supplied organ music in the Regional Arena during Huntingdon Fair. The music was greatly appreciated by people of all ages and helped to give the '75 Fair that extra touch which has caused comments that it was the best Huntingdon Fair ever. On behalf of the public, merci beaucoup, Sarah Jane.

LABOR DAY '75 - is Monday: the day many of CVR's June grads leave for colleges to continue their education. Others will be taking business courses. One of the latter is Miss Helen Sutherland who has been a part-time typist at The Gleaner on weekends, and school holidays for the past two years. Helen is already a most proficient typist but when she completes her bilingual business education at Graham's we think she will be one of the best anywhere. Good luck, Helen.

ORMSTOWN - extensive renovations at Crest Hardware in Thattown. So extensive that the floor and ceiling and everything betwixt and between will be different. Change everything but the name, Bill .... people have learned to hold Crest in high respect.

THE IMPROVED HIGHWAY - between Hemmingford and Herdman - should make the drive to Havelock Fair a week from Saturday a real pleasure. Everyone is planning to be there, especially for the noon dinner.

Much-loved Maude Gruer buried at Riverfield

Mrs. Maude Gruer, 86 outstanding curler and long prominent in the life of the Aubrey- -Riverfield community, died at the Barrie Memorial Hospital August 11.

Ever youthful in appearance and outlook, her keen mind, bright spirit, unfailing optimism and willingness to share the work, made her a popular member of any organization.

The Women's Missionary Society at Riverfield Presbyterian Church gave her a life membership on Dec. 28, 1939. She was an excellent homemaker and enjoyed her membership in Aubrey- -Riverfield Women's Institute. She served for 14 years as secretary-treasurer and was made a life member in 1955.

Living legend

Mrs. Gruer was a living legend in the curling world of the Chateaugay Valley and beyond. A charter member of Aubrey Ladies Curling Club, an excellent skip and curler, she had at least 13 wins on the District Ladies' Trophy, had won many of the major events of her day and continued to curl until two or three years ago when she broke an arm. The tougher the competition the more she enjoyed the game - winning or losing.

Until recently she could turn out half a dozen pies for a curling supper or a church supper with equal enthusiasm. At the same time she felt she could dance as well as ever but her dancing partners had passed on.

Mrs. Gruer was born at Rossmore. Ont. on Dec. 26, 1888. Her parents William Reddick and his wife Eliza Alyea had seven sons and three daughters of whom only one survives - the youngest Ray Reddick of Huntingdon.

The family moved to Aubrey, when Annie Maude was 10 years old, making their new home where Donald Black lives today. On Jan. 8, 1908 she married John Peddie Gruer and the rest of her life was spent at their Riverfield farm home.

Mr. Gruer died in April 1953 and for years she has lived in her old home with her daughter and son-in-law Johnny Nussey and Beulah and their family. All were very fond of their grandmother. She loved them and no matter how mischievous, mentioned without exception, only the good things they and other young people did. Her death was a great shock to them and all will miss her loving presence.

A largely attended funeral, held at Riverfield Presbyterian Church on Aug. 14 was conducted by the Rev. John S. Anderson of Howick United Church in the absence of the Rev. Alex MacDonald.

Predeceased by her husband; her only son, Floyd William John, on June 10, 1973; Mrs. Gruer leaves her daughter Beulah Nussey, son-in-law Johnny Nussey and daughter -in-law Una Gruer; also five grandchildren, Kyrke, Keith, Marvyn, Myron and Shyrl Nussey. Myron and Keith live in Edmonton. There are four great-grandchildren, Karen, Debbie and Wayne, children of Kyrke, and Tammy, Keith's child.

Interment was at Riverfield Cemetery. The pallbearers were Keith Robb, Ronald Reddick, Burton Reddick, Wilbert Gruer, Danny Gruer, Merle McFarlane.

Ormstown wins swimming meet

The Ormstown Pool swimmers proved unbeatable on their home ground as they took the second half of their home-and-home meet against Huntingdon by a score of 117-96 points on the evening of Aug. 13.

Total points for the two contests were: Ormstown 281, Huntingdon 207.

Huntingdon swimmers showed considerable improvement in the single week between the two sets of individual and relay races to make the second contest much closer.

Spectators and racers waited impatiently for the points to be totalled as darkness fell on Aug. 13.

This was the second annual meet between the two towns, and Pool Directors Diane Dandurand of Ormstown and David D'Aoust of Huntingdon were both pleased with the friendly spirit of competition and the great improvement in the quality of swimming over last year.

Mr. and Mrs. William Austin of Calgary, their daughters, Diane and Christine, and nephew Michael, are guests of Mrs. Austin's parents, Mr. and Mrs. Henry Sears, and sisterof Mrs. Jerome Blais for a fortnight.

Marc Blais has just returned from an eight week tour of the western provinces and intends to go back for another six weeks tour next year..

My husband and I have just returned from a short tour of the New England States. The scenery was beautiful and the sea temperature at Old Orchard Beach was 72 degrees--a record.

home for milking. Thus canteen offerings will be available without interruption

TUG-OF- WAR

The men will look after the games and sports events including a tug-of-war for both male and female teams and anybody who can raise a side of nine tuggers can enter. The rope will be there. All that's needed is heft.

There will be a boys ball game at 1.p.m. and a girls ball game at 5.p.m. These likely will be overshadowed by the 3:30 p.m. ball game between the Athelstan Ladies and the Ste. Agnes Ladies.

A Field Day Committee spokesman said neither side can hit or pitch or field well but the Ste. Agnes Ladies expressed a desire to play and the Athelstan ladies thought they should be accommodated.

For kids, of course, there will be races. Also possibly pony rides. And for a donation to the sports cause anybody can dunk a fireman or other volunteer since the man-dunking tank and equipment has been obtained from the Churubusco Fire Department. This has always been an entertaining aspect of this field day.

Heifer champion

Junior Ayrshire champion heifer shown at Huntingdon Fair was Soreloise Monica, shown here wearing championship ribbon with owner Oscar Vaillancourt of St. Chrysostome.

300 turn out at Riverfield to honor Orrs

Mr. and Mrs. Eldon Orr celebrated their 25th Wedding Anniversary on Saturday, August 9th when about 300 friends and relatives gathered at Riverfield Curling Club for an evening of fellowship and fun.

All the wedding attendants were present: Beryl Stacey, Maid of honor; Doris Fiddler and Carol Kilgour, bridesmaids; Marilyn Cortells, flower girl; Leslie Orr, groomsman, and the ushers, Donald McKell and James McGerrigle.

The wedding was held at St. James Anglican Church, Ormstown on August 12th, 1950.

At this evening-dress party the bride looked every bit as charming as on her wedding day and the music of The Country Tradition was ideal for the visiting dancing crowd.

The McGerrigle - Orr families and the Curling Club members provided a feast of delivious sandwiches and sweets, with a decorated anniversary cake as the special item when refreshments were served.

Leslie Orr acted as Master of Ceremonies, extending congratulations and best wishes to the happy couple. When invited to speak Wallace Craig, Marvyn Nussey and Keith Robb (President of Riverfield Curling Club) showed their regard by commenting on their willingness to share the work of any community project and their friendliness.

A gift of money from all the guests was presented by Donald McKell and James McGerrigle.

Eldon and June were pleased and happy to be remembered by so many friends and thanked everyone for the gift and for coming out to share the eveningh with them.

The Aubnrey-Riverfield area has been home to Eldon all his life but recently the Orr's sold their farm and now reside in Howick. June continues in the teaching profession and Eldon is employed by Beattie Inc. Apple Growers, a position he has held for some time.

Pierre Desrosiers emerged Sunday as the winner of the first open St. Anicet Sailing Regatta on Lac St. Francois, negotiating a three-leg five-mile course to lead four of 10 contestants over the finish line.

He won the St. Anicet Sailing Trophy made and donated by Henri Tremblay. Entries ranged from Gilles Courchesne's 32-footer to Gerry McCartney's 10 footer.

Tremblay, who organized the event, said so much interest had been expressed that it likely will become an annual affair and already there were entries for next year.

The order of finish: Pierre Desrosiers with Maurice Jarry as crew: Nolin Trudeau, sailing alone: Mo Martin with his nephew as crew and Tremblay with his son, Henri, Jr., as crew

Fabulous Festival

For many city people a day in the country is something to savor and when it includes the Fifth Hemmingford Apple Festival it is something special. So it was for the 6,000 or so visitors to the village last Saturday and Hemmingford certainly put its best foot forward.

Visitors had a good deal to sample from early morning to the late evening dancing at Hemmingford Golf Club. The parade was great with 61 entries. The Queen, Duchesses and Princess were all beautiful country girls dressed in old style costumes. And the weather was perfect.

One of the things which attracts city visitors is the home cooking one finds in the country. In this the Hemmingford area excels. So no one should be surprised that every morsel of the tasty home made pies and other goodies was gobbled up in no time.

The ladies of the United Church fed 300 people at their late afternoon buffet and had to turn 200 others away. That's success. And every other segment of the Apple Festival so carefully planned by the local organizers reported a similar result.

All in all it was a super day for those who visited Hemmingford - whether from the city or elsewhere in the Valley - to sample the toothsome fruit, the toothsome cooking and enjoy the very special little-town fun.

The season for fun isn't over yet even if the maple trees along Route 202 are redding up with the first signs of autumn. This weekend there is the Franklin-St. Antoine-Rockburn Apple and Cider Festival and on Labor Day the Athelstan Community Sports Association struts its stuff with a field day.

And of course something the whole Valley and a good many city people too have set aside as a must is the famed Havelock Fair. This year it is Sept. 13.

Wisdom from the young

Then there was the Chateauguay Valley teen-ager who was asked to record what he would remember most about his Boy Scout summer camp experience at the Powerscourt Camp Grounds and came up with this: "I learned that justice doesn't mean 'just us.' "

Pretty good words to remember as we move up toward Labor Day.

Nobody likes strikes. They are disruptive and frustrating to everyone, but every purchaser of groceries for a growing family feels the impact of inflation where it hurts. The postman or factory worker has to feed his children just as the banker or civil servant, and a dollar will stretch only so far, whatever our stations.

There are five million people in Canada today living below the poverty level and two thirds of them are the working poor. A good deal of talk and experimentation with the concept of a guaranteed annual income is going on--a scheme that would help these minimum wage earners enormously. It's worth examining, rather than hotly rejecting it out of hand.

While it's true that pensioners and others on fixed incomes from investment are also caught in the ever-escalating squeeze, not monay scream when interest rates rise and owned houses double in value.

In short, we are all in this financial spiral together and until someone, womewhere finds a way out of the frightening maze, patience and a willingness to examine facts are something each of us can contribute to an admittedly frightening economy. The youngster's comment is pertinent-- "Justice is not 'just us'."

Saracens down Westmount

Ormstown Saracens kept up their league challenge with a 34-12 victory over Westmount at C.V.R. last Saturday. Westmount never recovered from a first half onslaught.

Ormstown led 28-0 at half-time but the heavier Westmount forwards outscored the home team 12-6 in the second half.

Top Saracen scorer was Milton Arthur with three tries. Harry Magnussen kicked five out of six converts. Other tries were scored by Mike Dooling, J.P. Lussier and Rod Beattie.

Nineteen-ought what?

Possibly some readers of The Gleaner will recognize the sportsmen and hockey players of an earlier day shown in this picture of 190-something-or-other. As the banner says, it shows the South Western League champions; also their trophy and a small dog. The team mascot, perhaps? The photo, taken by J.H. Gilmore Studios in Huntingdon, was loaned to The Gleaner by Charles Cruchon who discovered it among the many old treasures he fell heir to when he bought his place at Powerscourt.

Huntingdon,
Aug. 21.

The Editor,
The Gleaner

The summer holidays are coming to an end and owing to the efforts of young people many children in Huntingdon have not had time to become bored.

Judging by the eagerness of the children to return to the "Creative Center" for a couple of hours every morning and afternoon during the week for fun and games, handicrafts, outings, etc., the porject was a complete success. and I would like to take this opportunity to thank these yound people who have given of their time and talents to keep the children so contented and happy throughout the hot summer days.

Thank you Marie Brunet, Jamie Henderson, Chantal Montpetit, Hugh French, Sylvie Dumouchel. and Nikol Brunet for a job well done.

Inquest... from page 1

QPP Agent Jean Louis Savard, described the condition in which the body of Mrs. Gulowaty was found.

QPP Agent De Francisco, formerly stationed in Huntingdon and now with the homicide division in Montreal, told The Gleaner that while police are continuing the investigation they are anxious that any Hemmingford area people with helpful information communicate it to police. He said further facts already in police possession would come out when the coroner's inquest is resumed.

Didn't know

At the hearing it was brought out that Palczewski formerly sold meat, travelling to places such as Lancaster, Ont., and other country points to buy animals. He sold the meat mostly to Montrealers.

Among questions directed at Palczewski by the Crown Prosecutor was: "Were you even in the Hemmingford area?"

Palczewski: "I don't know names of places but I don't think I was ever there."

The material witness told Coroner Lefebvre, in answer to a question, that he had lived in Montreal for 20 years but was ignorant of the outlying area around the city.

Pigeon: "Were you ever on the School Road to Barrington for the purpose of selling meat to Mrs. Katherine Gulowaty?"

Palczewski: "I don't know, but I don't think so."

Pigeon inquired whether the material witness had ever done business with a slaughterhouse in Sherrington known as Starsholme Farm. Palczewski said he hadn't.

Chateau... from page 1

"I was called in to take on this job when the owners heard I had done a similar one in a hotel in Arvida," he told The Gleaner. "That job took two years. Like this one it was a real challenge."

Varied menu

DeBlangie likes challenges and is rising to the present one with a comprehensive menu of French specialties such as "poussin au Calvados", a chicken dish featuring the Norman apple brandy.

The list of dishes also includes roast duck, trout, grilled specialties, and a Saturday night roast beef dinner.

After working through several courses, the nearly satisfied diner can round out his meal with a Spanish coffee, flavored with Tia Maria, cognac and whipped cream.

The executive chef is assisted by a staff of six, including assistant chef Donald Myatt of Huntingdon, who in his mid-20s, has attended cooking school and worked as far afield as Bermuda.

Manager Mercille envisions a series of activities and special dinners to attract diners from the local area, from Montreal, and from Upper New York State.

"On Sept. 17, we will sponsor our first annual golf tournament at St. Anicet, followed by a supper," he said. "We also plan to hold a shuffleboard tournament every three months. "We have numerous services to offer and we want to cater to all kinds of people."

Reaction good

So far, the renovation work has concentrated on the elegant blue-carpeted lobby, the first-floor bedrooms, and the heart of any hotel enterprise, the kitchen. Next on the list is the bar-salon.

The first big event for the new operation was Huntingdon's 150th Anniversary, when the dining room was pressed to capacity, and then some, to accommodate overflow crowds for the opening banquet, which took place in incredible heat and humidity.

"It was rather difficult beginning, but we were so encouraged by the response and encouragement we received from Huntingdon people, Mercille said. "People seem really happy to have a hotel here which they can be proud of."

In Sutton

Gruers mark silver wedding

Mr. and Mrs. Dan Gruer of Sutton, Que. celebrated their 50th Wedding Anniversary on Tuesday, August 19, when a reception was held at the Horizon Hotel, Sutton. A great many friends and relatives visited them between the hours of 2:30 and 5p.m. and enjoyed a delicious buffet supper while they chatted with friends they hadn't seen for a long time.

Dan Gruer was born at Aubrey, Que and his wife, Dora Cullen, at Allan's Corners, Que. They were married at the Riverfield Manse in 1925 when their attendants were Mr. and Mrs. John Gruer. A scrap book had been made up, using pictures taken from their courting days up to the present and was on display.

Dora's brother, Sam Cullen, and his family were present from Ormstown, and Gladys, Dot and Bob from other places. Dan's sister Elsie accompanied Wilbert and Sybil Gruer from Aubrey; Johnny and Beulah Nussey, Merle McFarlane and Gertrude Craig from Riverfield; Una Gruer and Muriel Ness from Howick. They were glad to meet the Dan Gruer family. Danny and his wife came from Israel; Jim from Florida, Dorothy and her husband from Ottawa and Dale and his wife from Montreal. It was a delightful party for a deserving couple.

At Georgetown

W.M.S. studies minority groups

The Georgetown W.M.S. took a searching look at the position of some of the world's minority groups at its August meeting, held at the home of Mrs. Arthur Kerr.

The study, entitled "Strangers in the Camp" took in the Koreans in Japan and the urban minorities in Canada on the one hand, and the Canadian Indians and the Hill Tribes of Taiwan on the other.

Twleve members answered the Roll Call with a Bible verse containing the word "harvest".

In the absence of the president, Mrs. Wallace Logan opened the meeting with a short meditation and prayer.

Mrs. Arthur Kerr led devotions.

An interesting quiz on Bible foods followed.

Louise Kerr in Mission Spotlight told of Miss Wilma Welsh, who has returned from her last term in Taiwan.

She also mentioned Christian leaders from churches overseas associated with the Presbyterian Church in Canada, who were invited to take part in the Centennial Assembly - Rev. Titus Path, Rev. N.C. Wang, and Rev. Jack McIntosh, to name a few.

Yolande Malenfant crowned Queen of Apple Festival

From page 1

Duchesses were Sylvie Legault, Sandra Campbell, Pearl Tremblay and Joyce Ouimet.

A little later the Queen rode in the parade in a horse-drawn carriage and the other girls looked fetching aboard a following float.

For the first time the Queen, Princesses and Duchesses were chosen by judges rather than for success at ticket selling. Judges were Mr. and Mrs. Kennetn Lamb of Howick, Mrs. Keith Greig of Ormstown, Bill Welburn of Howick and Mrs. Alex Cantlay, formerly of St. Bernard.

The girls were rated on their poise, old-time costume and knowledge of the area and the apple industry.

Queen Malenfant was a last-minute entry.

One of her prizes was a golden apple pendant presented by Bijouterie Manon.

The parade through crowded streets took more than an hour to pass. All floats received a great hand from the crowds but most applause was reserved for two old timers, Malcolm Brown and Art Kyle who walked along, chatting with bystanders as they carried old-fashioned scythes which once they put to such good and practical use.

The Ormstown Band was judged tops in its class; Rouses Point led the best equipped fire department entry. Prize for best float went to United-Carr, a Hemmingford lock-making plant which is a division of TRW Canada Ltd. with its float based on women's lib.

The Aaron Churchill Trophy for the best five-acres of orchard went to Earl McNiece of Franklin.

Two orchestra's played for dancing at the golf club when the queen, princesses and duchesses were presented to the crowd and all received ribbons and scrolls.

OLD-FASHIONED bank scene formed theme of Canadian Imperial Bank of Commerce float in Hemmingford Apple Festival parade.

BIGGEST HAND for any Apple Festival parade entry went to old timers Malcolm Brown and Art Kyle who carried old-fashioned scythes.

Annual Dream

Johnny Appleseed - little did you know
When scattering seed so long ago
Our town would boast some beauties
Row, on row, on row.

Orchards sprang up everywhere
Interest grew and grew
Fame drew crowds from far and wide
From spring to autumn through.

Concern for frost for hail and scab
Were overcome and soon
Perfection added to the tab
An unexpected boon.

"Hemmy" award, after "Hemmy" award
Caused a festival to be
The Annual Dream of everyone here
All came to it to see.

U.C.W. hears talk on citizenship

Unit A of The Howick U.C.W. enjoyed the hospitality of Mrs. J.R. Younie on Tuesday, August 19. Mrs. J.M. Brown chaired the meeting.

Mrs. R. Younie led the worship service. The hym "What a Friend" was sung.

The meditation centered around the message given in James 3 which explains the difference between worldly wisdom and wisdom from above. The former leads to strife and sorrow - the Wisdom lived by Jesus brings peace and joy.

Mrs. Walsh read a beautiful poem, "Life's Mirror"

Mrs. Mark McKell gave an interesting study on "Citizenship". She stressed the unique value of each individual's contribution to the family, the community and the nation. Responsible democracy is the aim and right of every citizen of the world.

At the close of the business meeting, a refreshing cup of tea and sweet breads were served as members and their guests enjoyed a social chat. All were pleased to have Mrs. Mary Templeton with them.

Family party honors Riverfield's McMahons

Mr. and Mrs. T.J. McMahon of Riverfield celebrated their 50th wedding anniversary a few weeks early at a glorious family party which extended over the weekend of Saturday Aug. 9. It was in fact a triple anniversary which covered their golden wedding and two 25th anniversaries in their family.

The McMahons were married at Avaca, Que on Sept. 30, 1925 but more of the grandchildren could be present with their parents during the summer holiday. They started arriving at Murray and Jean Templeton's farm on Friday where preparations were well on the way for this special event. Jean's parents, the McMahons, had built their new home in a wooded area near the farm home so there was much visiting back and forth.

Buffet feast

At noon on Saturday everyone gathered at the Templeton house where a wedding feast was served from a buffet. An anniversary cake made by the hostess and her daughter Jane carried symbolic decorations marking the 50th and 25th anniversary events being celebrated.

When Mrs. McMahon arrived she received a pretty gladioli corsage, made by Jack Ogilvie and presented by their oldest son John. Later the grandson Mark Templeton presented the gift of a robin figurine from the grandchildren-- 12 of the 19 were present. The grandparents are nature lovers and were charmed by this lovely rememberance from the young people.

Presentations of crystal candle-holders were made to Jack and Jean Ogilvie and John and Eleanor McMahon. A card was presented to the bride and groom of 50 years ago by their eldest son John. It included an invitation to join the family in a visit to the nearby McMahon residence. While they had been enjoying their meal a handsome color TV had been installed, a gift from their children.

The rest of the day and evening were spent playing games, visiting, having more refreshments - a day they will remember for years. A few stayed over the weekend and the brothers and sisters hope to be together this fall when another brother, Jim, will be there from Vancouver.

Mr. and Mrs. McMahon are a remarkable couple in more ways than one. They came to Riverfield in 1966, slipping in to their attractive new home without fanfare and going quietly about their business. But what they did and what they were soon endeared them to everyone.

Both Tom McMahon and Elizabeth Shaw were born at Harrington, Que. and went to the local school together before going to Lachute Academy. Elizabeth (Bessie) graduated later from the Royal Victoria Hospital school of Nursing in Montreal. The rigorous and exacting training at that well-known hospital more than 50 years ago.

Busy busy

Today she is canning and freezing and preserving all the delicious vegetables and fruits her husband grows in his garden or picks from the wild crops.

She does a lot of gardening too, loves music and belongs to the Church organist league. She enjoys her membership in Aubrey-Riverfield Women's Institute and sometimes goes to the Seniors Club when her husband has time for a game of curling.

Tom as a slight, 16 year old, went to work with Hydro, beginning at Bell Falls. Soon he was made chief switch-board operator. Then he was transferred to Lachute where he was in charge of electrical maintenance for the eastern division- eight power plants up north.

The children were born in Lachute except the oldest who was born at the Royal Victoria Hospital Bessie says with amusement that she soon learned babies could be born at home quite as well.

Moved to Hull

Tom's next move was in 1954 to Hull, Que as superintendent of transmission lines. All this on an 8th grade education but he does a lot of reading and thinking. Last winter he was rereading Plato, H.G. Wells history and similar books.

Retirement from a very busy and active life, came in 1966 when he moved to Riverfield--quite a change from city life.

Gardening had been his favourite pastime for years and soon everyone was talking about McMahon's garden. The newly-formed 4-H Garden Club invited him to be their teacher. This has been a flourishing project and now he has assistants. The Women's Institutes have been helped by talks he has given on flowers with his wife on hand to display samples of geranium cuttings etc.

Bush cleared

During the winter season he has done a lot of cleaning the bush lot for better growth. The Templeton grand-children think its great having these wonderful grandparents living close by.

For many years the McMahons had to be very early risers, a habit he finds hard to change but with their new colour TV a few adjustments may be in order.

Congratulations and best wishes from all their friends and neighbours.

Visitors at the Templeton home for this event were: Mr. and Mrs. John McMahon, Cornwall, Ont.; Mr. and Mrs. Jack Ogilvie and daughter Lynn, Dartmouth N.S.; Mr. and Mrs. Bob McMahon and family, Kingston Ont.; Mr. and Mrs. Cecil Bigelow and family of Bryson, P.Q.; Mr. and Mrs. Jim McMahon and family of Terrace B.C. were unable to come. Others present were Murray and Jean Templeton, Mark, Jane, Scott, and Jamie.

Ste. Barbe house fire

A Ste. Barbe house was totally destroyed by fire during the night of Aug. 24-25.

Huntingdon and St. Anicet firemen were called to the residence of Henri Loiselle of the Baie Road about 1:30 a.m. and stayed fighting the blaze until 6:45 a.m.

No one was injured in the fire, although firemen said that some of the family had to jump from the second story of the house to escape.

Accident

A collision between a car and a motorcycle in Huntingdon on Sunday afternoon caused heavy damage to both vehicles.

The Miss Huntingdon Restaurant delivery car, driven by John Moraitakis, 41, collided with a motorcycle driven by Hughes Latreille, 20, of 28 Bouchette St, in front of 108 Chateauguay St. about 1:30 p.m.

Powerscourt

Recent weekend guests of Mr. and Mrs. Chas. Cruchon were three sons, Wayne, Mr. and Mrs. Charles; and Mr. and Mrs. Gary. Also Mr. and Mrs. Marcel Lacroix, Mr. Rejean Lacroix, all of Sherbrooke.

Kim Komery, also of Sherbrooke is spending the summer months at the same home.

While visiting the Cruchon family one afternoon, I had a most interesting time. Charles Cruchon, grandson of the late Mr. and Mrs. James McClatchie, who were original owners of the present Cruchon home, has a wonderful collection of antiques which belonged to his grandparents. Several years ago the local Post Office was in the McClatchie home. Certainly there is a fund of interesting information in and about that home. A modern note about this family: While Mrs. Cruchon and daughters were berry picking recently they came face to face with a big black bear, with its cub. Needless to say, they did not stay around to get acquainted with the bear.

Mr. and Mrs. Ronald Wood were Sunday guests of Mr. and Mrs. Bill Work, or Toronto, at their summer home in St. Etienne.

Mrs. Sam Henderson accompanied Mr. and Mrs. Clarence Hink on a recent Sunday trip to Lesbon, N.Y. where they visited with Mr. and Mrs. John Gladle and family.

Some repair work and reinforcing of pillars is being done on the Covered Bridge. Always a source of interest, it is to be hoped that this old Bridge will last for many years to come.

Guests for a week of Mrs. Sam Henderson, were Janet and Susan Patterson of Montreal.

Young Riders dominate Fair horse show events

by ALAN RANDAL
of The Gleaner

As might be expected since eligibility was restricted to Beauharnois District and New York State, the Huntingdon Young Country Riders dominated equestrian events at the 147th annual Huntingdon Fair.

They did it so well--along with those who were not club members--that Horse Show events again were the major overall spectator attraction of the four-day Fair.

"The caliber of entries and performance has never been better," said Dave McCoy in charge of the horse shows. "This serves to increase the prestige of ribbons won at Huntingdon."

Maturity

He said the horses and skill shown before Judge Gary Dorion of Dunrobin, Ont., reflected growing maturity and experience on the part of area riders and their animals.

At times spectators were on the edge of their seats. Too, there were moments of humor and laughter and instances of good sportsmanship in the manner in which contestants won or lost.

Any parent of a horse show contestant will tell you it is great to win but equally as important to lose with good grace. That is a major part of what horse shows for the young are all about and there was a good deal of both at the Huntingdon Fair.

Back to the Young Country Riders: 32 members won ribbons, many of them more than once, led by the Riel Stables of Athelstan.

Jean Riel and daughters Donna, Dianne, Lyn and Susan took 39 ribbons including 19 firsts, 10 seconds, two thirds, two fourths and two championships.

Then Jean packed up to compete at the Franklin County Fair in Malone last week.

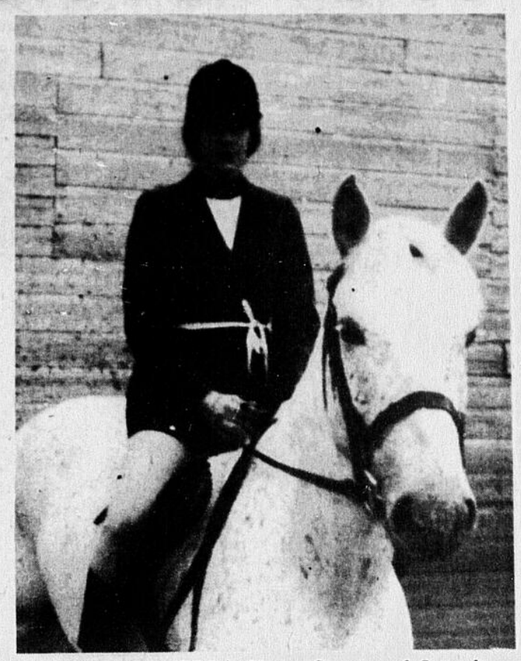
Another contestant on the move was Debbie Lohrenz of Elgin's Seratino Farms. She managed a first in Saddle Horse. English tack with Arapahoe Maid; a third in Western Pleasure Horse with Little Big Man; a second in Apaloosa under saddle with Little Big Man. That was Friday night and then she was off to compete Saturday at Quebec City.

One moment of high drama came in the Command Class on Saturday night when Norma Howieson on Leo's Tobianne placed second to Kimberly ridden by Barbara Carmichael of St. Isidore in a real cliff-hanger.

Excused

Three events earlier Norma on her five-year-old pinto, looked from ringside like a sure winner in Western Equitation for 18 years and under, an event that was won by Nancy Streeter of Ormstown on Blueberry Muffin.

HAVING GOOD YEAR and a good time, Norma Howieson of Glenburn Farms, Athelstan who fared well with Leo's Tobianne at Huntingdon Fair.



UP WITH WINNERS is Nancy Streeter of Outardes River, Ormstown, who scored well with Bleuberry Muffin at Huntingdon Fair.

Norma was excused and afterwards Judge Dorion said he did so because she had been holding Leo's Tobianne on too tight a rein.

Came the Command Class with more than 30 entries which, after an exacting period of riding to the judge's command, narrowed down to Leo's Tobianne and Kimberly.

Finally with the judge eyeing Leo's Tobianne like an eagle and the two competitors at either end of the arena, Dorion's last command -- a right lead from a standing start--was just too much for Leo's Tobianne. The pinto tried it, missed, tossed its head in obvious disgust and the ribbon went to Barbara and Kimberly as Norma clapped from her second place position for the winner.

Norma won three first--Hunter Equitation, Bareback Equitation and Ladies Western; also a fourth in English Pleasure.

Nancy Streeter and Blueberry Muffin caught the judge's eye throughout the fair and came away with first place ribbons for Apaloosa under saddle, Western equitation, English Pleasure and second place in Hunter Equitation and Ladies Western.

Mrs. J. L'Espérance

Mr. and Mrs. George Moore of Covey Hill have returned from a pleasant holiday. Travelling by train to Vancouver they visited the various beauty spots there, then went on to Victoria and visited the famous Bouchart's Gardens.

On again by train to Kelowna to visit relatives for a few days and then by bus to Calgary. Fine weather accompanied them all the time and after a pleasant visit they again boarded the train for the return trip to Montreal.

When you have the time to spare Mrs. Moore recommends travelling by train and bus. One sees so much more than one would several thousand feet up in the air, she says.

Western visitor feted at Howick

Mr. Charles MacKeracher of Vancouver was the guest of honour at a gathering of some 30 relatives and friends at the home of his cousin, Mrs. Eva Peddie on Sunday August 17. A salad dinner was served and a delightful afternoon spent reminiscing.

Charlie left Howick with his parents in 1911 and had returned only once since then with his Mother about 50 years ago.

His family went first to Lacombe, Alta., then Edmonton and finally Calgary. He married and has lived in Vancouver for many years. His daughter lives at Prince George, B.C. and there are two grandchildren.

Mrs. Peddie is the only surviving cousin in Canada on the Crutchfield side of the house but all the cousins, once, twice or even further removed were invited to this gathering.

The Archie Peddie and Donald Chisholm families, the Brodie MacFarlane family and the Ivan Knox family and several old friends, Isabel Elliot, James B. Elliot, Dr. W. Watson and Mrs. Eddie Hooker had a wonderful afternoon and pictures were taken for memory books.

Mrs. Brodie MacFarlane has been his penpal for years, keeping him in touch with that branch of the family. They met for the first time and he is a guest at the MacFarlane home.

Quite a long visit with 95 year old Mr. Nap Parent was a moving experience for both of them. They are far apart in age but knew one another well and Mr. Parent knew his people.

Charlie's people were the Rev. C.L. MacKeracher, Minister of Riverfield Presbyterian Church for more than 25 years, his wife, daughter Teenie and several lively sons.

Charlie inherited their lively nature and Mrs. Peddie laughingly recalls amusing incidents when her young cousin visited their home. Everyone was looking forward to his visit and is enjoying the time he is with them.

Ormstown

Judy Taylor, Allison and Erica, have returned from a week at Ocean Park, Me., where they stayed with her parents, Dr. and Mrs. W.G. Stockwell of Montreal.

During their stay, a shark was sighted off the beaches and lifeguards called swimmers from the water - a real "Jaws" type happening. One old-timer said skeptically, "We haven't had any sharks around here for 50 years." Maybe the fish had been to the movie.

Chateauguay youth in detention centre

The 17 year old Chateauguay youth found criminally responsible for the deaths of two teen-age girls is being held at the Berthelet Detention Centre pending a decision by the Social Welfare Court as to whether his case will be transferred to the Criminal Court.

The youth was arrested in Chateauguay July 14 and appeared at a coroner's inquest in Huntingdon July 15 where he was found responsible for the deaths of Norma O'Brien, 12 and Debbie Fisher, 14, both of Chateauguay.

He was then placed under arrest and subjected to psychological tests to determine his fitness to stand trial.

A September 24 date has been set for his appearance before Judge Monique Dubreuil of Social Welfare Court.

At the inquest, the youth made a statement confessing to the two slayings.

Cazaville

Mrs. Alfred Lapierre has returned after spending a month visiting her brother-in-law and sister, Mr. and Mrs. N. Smith in Lachine. While there Mrs. Lapierre and Mrs. Smith accompanied the Sunshine Club members of Lachine to Magog where they went for a two-hour cruise on the SV Laventure, enjoyed dinner at the Orford Golf Club and took a ride on the ski lift. A week-end was also spent at Ste. Adele at the summer home of Mr. and Mrs. John Smith.

Atlantic tour rewarding for Howick Boy Scouts

by WAYNE TILLOTSON
for The Gleaner

Howick Boy Scouts have returned from a summer camping trip to the Maritimes, a trip that more than lived up to the expectations built up over a long time.

Eighteen of us participated along with three leaders, including the writer, Roy Gourley and Billy Leblanc. We travelled 2,396 miles during the 14-day trip and toured New Brunswick, Prince Edward Island, Nova Scotia and Quebec City.

It would not be wrong to say that we found Canada's east coast to be a paradise with lovely swims in the salt water. At first we were astonished to be at the sea and it took about two days for us freshwater people to get used to salt water.

The size of the waves--also new to us--added to the fun of sea bathing and was an added bonus. Beach walking, ferry rides and eating lobsters were other highlights.

The boys brought back three lobster traps.

140 slides

While we were away the boys cooked all our meals except one and in the course of the trip we took 140 slide pictures which will be seen at a Boy Scouts Open House to be held in the future.

We camped three times in New Brunswick before going over to Prince Edward Island where we spent five days camping in the National Park and in the Brackley beach area.

We visited the wax museum at Cavendish Beach, went deep sea fishing and clam digging at North Lake Harbor. Everyone caught some fish.

In Charlottetown we visited the Confederation Building.

On Aug. 5 we took the ferry at Wood Islands to Nova Scotia and toured Halifax, including a visit to The Citadel and the countryside around and about for two days. We went to Truro to see the famous tidal bore on the Bay of Fundy which has the highest tides in the world and then went north to Moncton to see the Magnetic Hill and on to Saint John to see the reversing falls. After that we went on to Mactaquc (pronounced Mack-Tah-Quack) N.V. "Super Park" and from there to Hartland to see the world's longest covered bridge.

After that it was on to Edmunston and into Quebec where we camped for the last time on the trip at Montmagny.

We broke camp early the next day, Sunday Aug. 10, and headed for Quebec City which we toured and watched the changing of the guard at The Citadel before heading for home with arrival in Howick at 4.45 p.m.

The trip was free for any Howick Boy Scout who wanted to go and was paid for from funds the Scouts raised themselves by having a roast beef dinner and dance last fall, movies once a month and other events.

Howick

Mrs. James Crawford

Ronnie Tennant has returned from Los Angeles, Cal. where he spent three weeks on business for the Company that employs him. While there he had a brief visit with his Great Aunt, Mrs. Sarah Cousineau Waite, who at 91 years of age keeps house for herself.

He didn't get inside her door until he explained who he was to a nice neighbour across the street who accompanied him back and saw that all was well. She was asking for her old friend Miss Flora Currie and appears to be in good health

Mr. and Mrs. Douglas Templeton were away for two weeks this summer. They took in the Calgary Stampede before going North to Edmonton, Saskatoon and back south to Regina.

They visited at three ranches, one at Lac Vert with young Warren Loyns who was their visitor last summer. Stewart relatives at Kellward, Man. were also visited. It was a quick trip but an enjoyable one when their sons were at home to handle the farm work.

Mr. and Mrs. Arthur Buchanan accompanied Mr. and Mrs. Calvin McCartney to Richmond, Ont. where they spent several days with Mr. and Lyle Buchanan and family.

Mrs. George Horner and Anne spent last week with Mrs. Bruce Ness, leaving on Monday for their home at Toronto.

Mr. and Mrs. Al Logan, Shawn and Kelly Ann have returned to Richmond B.C. after visiting with Mrs. Helm and Mrs. Vern Logan for the past two weeks.

Hemmingford Church WMS study subject

The Women's Missionary Society of St. Andrew's Church, Huntingdon held its monthly meeting August 19 at the museum-home of Leslie Rennie in Brooklet anbd continued its study of Presbyterian Churches in the Chateauguay Valley area.

Subject of this meeting was St. Andrew's Presbyterian Church in Hemmingford, with information being supplied by Mrs. W. Douglass and Mrs. A.S. Reid.

This church was established in 1823. The first minister, also a school teacher, covered an area from Hemmingford to the Gore Road, mostly on foot at first and later on horseback. He would be away from home two weeks of each month, holding services in schoolhouses or homes and his wife taught school while he was away.

The first church was built in 1842, and the first Sabbath School was opened in 1858, the session voting for this purpose.

The present St. Andrew's Presbyterian Church in Hemmingford was dedicated in 1872, seats 350 people and was completed at a cost of $6,000.

In 1972 St. Andrew's marked 150 years since its formation and 100 years since the completion of the present church building and the 10th anniversary of the church hall in Hemmingford.

The nine members present and six guests including one from Ireland enjoyed a beautiful day at the Rennie place and had a picnic on the lawn. Thanks were extended to Rennie and the ladies toured his museum complex--the old family house with its big store of Valley antiques, Cook's store and Black's church.

Thieves were active in the Rockburn area last week.

Neighbors of Gil Constantine on the Rockburn Sideroad discovered that his home had been entered and a hi-fi tuner had been stolen. He was notified and police were called.

A few weeks ago Bob Barber, who lives nearby, noticed a strange car parked at the Constantine home and when he went to investigate, it quickly pulled away and vanished down the road. At that time nothing appeared to have been stolen.

Vol. 19 No. 36 | Le Gleaner, Huntingdon, Quebec | LE 27 AOUT 1975 | 25c

Dans l'affaire de meurtre de la dame de 79 ans:

Un montréalais cité à titre de témoin important

Un montréalais agé de 55 ans, Alexander Palczewski, comparaissait jeudi dernier devant le coroner à titre de témoin important dans l'affaire du meurtre de Mme Katherine Gulowaty, survenu le 7 août dernier à quelques milles de Hemmingford.

Le tout se déroulait au bureau du détachement de Huntingdon de la Sûreté du Québec sous la présidence du docteur Georges Lefebvre, coroner du district de Huntingdon.

Palczewski, du 5054 Park Ave. à Montréal, fut arrêté par la police le 13 août dernier suite à un mandat du coroner.

Son arrestation fut en sorte gardé sous silence afin de permettre aux policiers de continuer leur enquête dans cette affaire qui toucha directement la population du secteur de Hemmingford.

Toutefois, selon la loi, un témoin important ne peut être déténu que seulement pendant sept jours, c'est pourquoi l'enquête fut cédulé pour jeudi, le 21 août dernier.

Libéré:

Alexander Palczewski, à la fin de l'enquête du coroner, a pu retrouver sa liberté. Il était représenté par Me Michel Proulx. Toutefois, il demeure en liberté sous une caution personnelle.

Ceci fut fait à la suite de la demande de Me Gilles Pigeon, procureur de la Couronne du district de Beauharnois afin de permettre aux enqueteurs de continuer leur recherche et de cueillir des informations supplémentaires du fils de la victime, Nicholas Gulowaty.

Depuis l'incident si malheureux qui couta la vie à sa mère, Nicholas Gulowaty repose dans un état satisfaisant à l'Hopital Queen Mary des Vétérans de Montréal. Ce dernier est paralytique, et doit demeurer au lit. La mort de sa mère lui aurait causé un choc terrible, et Nick s'en remet actuellement peu à peu.

Les enquêteurs de l'unité des crimes contre la personne de la Sureté du Québec informèrent le coroner de la condition de Nick Gulowaty.

Remise sine die:

L'enquete fut remise sine die, et il semble que le procureur dela Couronne déterminera dans un avenir rapproché la date de la réouverture de l'enquête.

Entretemps, les enquêteurs continueront leur travail afin de trouver d'autres indices dans l'affaire du meurtre de la dame de 79 ans survenu dans son bungalow sur le chemin School, à deux milles et demi de Hemmingford.

Il s'agirait bel et bien d'une tentative de vol et ensuite un meurtre, ce qui peut ressembler aux incidents entourant la mort de Lionel Brisebois à Huntingdon, il y a quelque temps. On se base sur le fait que la maison avait été laissée dans un embarras total, indice que les introducteurs cherchaient quelque chose.

Deux témoins seulement:

Deux témoins seulement furent entendus par le coroner Lefebvre lors de l'enquête jeudi dernier.

Un premier témoin appelé à la barre fut l'agent Jean-Louis Savard, du détachement spécial des crimes contre la personne de la Sûreté du Québec. Ce dernier travaille actuellement sur cette affaire.

L'agent Savard vint témoigner à savoir comment il avait trouvé le cadavre de Mme Gulowaty à sa résidence. Il nota que Me Gulowaty gisait morte, face contre le plancher du sous-sol de sa résidence. Elle baignait dans une marre de sang. L'agent nota que la vieille dame semblait avoir la boite crânienne défoncée.

Mme Katherine Gulowaty aurait été vue vivante pour la dernière fois le 7 août, durant la journée.

Palczewski à la barre:

Alexander Palczewski répondit très vaguement aux questions posées par le procureur de la Couronne, Me Gilles Pigeon.

Palczewski resta à la barre pendant plus d'une heure sans trop donner des réponses ou admettre que ce soit, sinon le fait qu'il demeure sur l'île montréalaise et qu'il ne connait en rien des alentours de cette cité.

Selon le procureur, Me Pigeon, des informations auraient été recues démontrant que Palczewski aurait été reconnu et présent autour de la scène du meurtre de la dame de 79 ans.

Palczewski est un divorcé, et il demeure seul dans un appartement sur la Park Avenue à Montréal. Il fut pendant longtemps un commercant-voyageur vendant de la viande. Sa route s'étendait jusqu'à Lancaster, Ontario; il achetait des animaux à tous les coins du pays, pour vendre en majeure partie sa viande au sein de la métropole canadienne.

Le procureur Me Pigeon

EN ROUTE POUR ST. ANTOINE ABBE: La famille Riel tous de fervents cavaliers, représentée ici par madame Riel et ses quatre filles lèvent leurs chapeaux pour saluer la venue du festival régional de la pomme et du cidre qui se tiendra à St. Antoine Abbé et Franklin Centre, du 29 août au 1er septembre, inclusivement. Le clou du festival sera la journée du samedi, le 30 août, ou le spectacle équestre organisé par les "Huntingdon Young Country Riders," commencera à midi à St. Antoine Abbé. Ce spectacle sera suivi d'une fête en plein-air au même endroit, et le célèbre fantaisiste Jean Lapointe autrefois des Jérolas sera accompagné de son groupe de musiciens, alors qu'il sera la vedette d'un programme complet qui comprendra un spectacle des Franklin-Ormstown Rhythmettes" et la fanfare d'Ormstown, le couronnement de la reine du festival, un feu d'artifice, et une dance en plein-air.

Parmi les autres attractions il y aura exposition d'art, d'artisanat, et de patisseries faites à la maison, aux écoles élémentaires des deux communautés; une exposition de voitures antiques à l'école de Franklin Centre; la visite des vergers et des cidreries; un tournoi de "fastball" qui durera du vendredi au lundi, et finalement dimanche soir le banquet à Doréa, ou prendra place le tirage d'objets de valeur comme une télévision couleur et une motocyclette.

La famille Riel participera à plusieurs classes de compétition du spectacle équestre, et l'on prévoit qu'elle se méritera un bon nombre de rubans. Sur la photo (de gauche à droite) nous voyons: Mme Jean Riel, Diane, 19 ans; Lyn, 18 ans; Susan, 13 ans; Donna, 11 ans. Le père M. Roland Riel, ainsi qu'un fils Philip, sont aussi des cavaliers experts, mais ils laisseront la vedette aux étoiles féminines de la famille. Ils seront occupés durant le spectacle à la préparation des chevaux et des poneys montés par la famille durant les classes successives auxquelles elle concourt souvent les unes contre les autres.

Une question de clôtures

La Commission Scolaire de Huntingdon fait face actuellement à un problème de clotures.

En effet, des propriétaires de résidences autour de deux écoles de la locale ont demandé aux autorités compétentes de remédier à un problème existant depuis fort longtemps, semble-t-il; le fait qu'il n'y a pas de clotures entourant les cours d'école, causent ainsi les enfants à se promener sur les terrains privés, et des papiers et des déchets à etre poussés par le vent sur ces mêmes terrains privés.

Une telle situation se présente actuellement à l'école Notre-Dame de Huntingdon et à Jean XXIII à Ormstown.

A Huntingdon:

Une demande de la Commission Scolaire de Huntingdon fut faite auprès de la Fabrique de la paroisse St-Joseph afin d'installer une clôture à l'angle des rues York et de l'Eglise.

La Fabrique répondait dernièrement à cette question en disant que le tout n'était pas réalisable pour le moment. Voici les raisons de la réponse de la Fabrique: on note que des paroissiens ne voient pas d'un bon oeil l'utilisation des terrains de la Paroisse par la Commission Scolaire.

D'autres paroissiens se sont sentis défavorables à l'idée qu'une clôture soit installée sur la rue Wellington et celle de l'Eglise; ces derniers réagiraient d'avantage, semble-t-il, à l'installation d'une clôture à l'angle des rues York et de l'Eglise.

Les marguilliers de la paroisse notèrent que la salle paroissiale de Huntingdon devait continuer à jour un rôle au sein de la communauté, et de donner ainsi des services précieux à la paroisse.

A Ormstown:

Une demande d'une clôture le long de la cour de l'école Jean XXIII, à Ormstown, fut l'objet d'une demande par certains propriétaires, pour en somme les mêmes raisons que Huntingdon.

Toutefois, la réalisation d'une telle clôture ne se fera pas avant la fin de l'anné scolaire 75-76, à cause que les budgets sont utilisés à fond.

Mais, la direction de la locale décida de réparer la clôture existante à Jean XXIII.

Les clotures furent un point de discussion fort intéressante, et il semble que le sujet continuera de faire parler de lui.

La mise en marché rendue difficille

Les producteurs maraîchers du comté de Huntingdon font face actuellement à un problème majeur, comme à peu près tous les producteurs de la belle province.

Le problème se résume ainsi: les récoltes maraîchères sont, cette année, des plus belles, mais l'accueil sur le marché pour les produits typiquement québécois est plutôt inexistant.

Les terres noires des secteurs de St-Rémi, St-Edouard, Sherrington et Ste-Clothilde remarquent cette année des récoltes les plus belles récoltes depuis les cinq ou six dernières années. Même si une sécheresse a frappé le sud-ouest québécois, ces producteurs ont tout de même réussi à accomplir des miracles sur toute la ligne.

L'abondante récolte cause ainsi des problèmes aux producteurs, soit celui d'écouler leur marchandise. La mise en marché semble difficille, et pour raison, on donne trop de liberté aux légumes proyenant des Etats-Unis, délaissant agricultures québécoises.

C'est en somme la situation qui touche notre secteur depuis les dernières semaines, et même depuis les premières récoltes qui remontent à la fin du mois de juin.

Parmis les produits de nos terres locales, on peut noter que les grossistes ne prennent pas la laitue pommée des producteurs québécois; il en est de même pour les échalottes, le concombre, la tomate et le mais sucré. Toutefois, ces produits proviennent plutôt des Etats-Unis et de l'Ontario.

Que doit faire les producteurs maraichers de nos terres québécoises si le marché ne veut pas de ses produits?

Certains font depuis quelques temps une destruction de leurs récoltes au lieu de les laisser pourrir dans les entrepots.

L'agriculture québécoise n'est pas sans aucun problème, et l'ancien ministre de l'Agriculture, Normand Toupin, a noté à maintes reprises que plusieurs lois avaient été adoptées mais le problème de la mise en marchée existe toujours.

Le nouveau ministre de l'Agriculture, M. Drummond, devrait semble-t-il, passer à l'action, plutot que de ne parler que pour rien dire en somme.

Les producteurs québécois font face à plusieurs problèmes, et il semble que la mise en marché de leurs produits ne devrait pas en être un.

Les produits québécois devraient avoir priorité sur le marché, tel n'est pas le cas actuellement.

Le CLSC veut son autonomie à tout prix

Le Centre Local de Services Communautaires de la région de Huntingdon et d'Ormstown tient à conserver son autonomie, et des revendications auprès du Ministère des Affaires Sociales de la belle province seront adressées afin de tirer ce point au clair.

C'est en effet ce que le président du comité du CLSC, Me Richard Alary, et le coordonateur de cet établissement, Gilles Tardif déclaraient aux journalistes réunis en la salle de conférence du nouvel édifice sur la rue Chateauguay à Huntingdon, jeudi dernier.

Le but de la conférence de presse était en sorte de donner l'historique du Centre Local de Services Communautaires du secteur depuis sa création officielle.

On voulait en sorte souligner la présence d'un problème actuellement au sein de la co-habitation du Centre Hospitalier et du CLSC.

Selon la loi, le CLSC dépend entièrement du Centre Hospitalier de Huntingdon. Selon un module représentatif, on peut remarquer que le coordonateur du CLSC est sous l'auspice du directeur général du CH.

Me Alary nota qu'il fallait règler le problème CH et CLSC auprès du Ministère. Actuellement, il n'y existe pas de conflit entre les deux organismes qui sont sous le même toit, mais il faut prendre toutes les précautions nécessaires pour les éviter.

Il n'y existe aucun climat de chicane entre le CH et le CLSC, mais cette représentation au près du Ministère compétent veut assurer que la bonne entente se continue toujours dans l'avenir.

Le Centre Local de Services Communautaires veut garder son autonomie, en somme il veut être maître chez soi. Le président du comité, Me Alary nota que le CLSC ne pouvait pas se permettre de voir le coordonateur du CLSC sous les ordres du directeur général du C.H.

Le rôle du CLSC est spécifique, et il faut que cet organisme soit présent dans son milieu, et soit le maître de sa situation.

Le comité du CLSC n'en est pas à sa première représentation auprès du gouvernement québécois, plus précisément le Ministère des Affaires Sociales, avant de déterminer le rôle du CLSC au sein de l'édifice du Centre Hospitalier de Huntingdon. Le 8 mars 1974, le Ministère est demandé de décrire précisément le rôle du CLSC au sein de l'établissement du CH.

Voici la suite des événements:

Janvier 1975 - Le M.A.S. n'arrive pas à prendre de décision, la programmation remet en question le processus d'implantation des C.L.S.C. Tout branle, le comité commence à croire qu'on s'est moqué de lui; des efforts sont faits pour forcer le M.A.S. à se pencher sur la question de notre vocation.

Mars 1975 - Plusieurs visites à Québec; chantage auprès du M.A.S.; prise de conscience du problème par le C.H.-Huntingdon; menace de démission en bloc du comité provisoire; le ministre invite le sous-ministre à la programmation à prendre une décision. Celui-ci reçoit l'avis du sous-ministre à la planification et rédige le 11 mars une lettre officielle définissant les programmes de démarrage du C.L.S.C.; le statut de C.H.-C.L.S.C. avec conseil d'administration C.H. et invite à la collaboration...

Un comité fut formé par la suite afin d'étudier un module, un organigramme précis qui déterminera le rôle du Centre Local de Service Communautaires. On voudrait que dans l'émission des lettres patentes qu'une série d'articles soit insérée afin de rendre le C.L.S.C. indépendant du CH.

Il semble que le Centre Hospitalier, l'administration plus précisément, a accepté le principe d'indépendence du CLSC.

"On ne veut pas se piler sur les pieds," de dire le coordonateur du CLSC, Gilles Tardif. Ce dernier a expliqué qu'en principe le Centre Local de Services Communautaires aurait dû

Gilles Tardif, coordonateur du CLSC, et Me Richard Alary, président du comité du CLSC, donnaient une conférence de presse expliquant la situation du CLSC actuellement.

Deux soumissions ouvertes pour le bien de la cause

Les autorités scolaires de la Commission locale du secteur de Huntingdon firent l'ouverture de soumissions lors de leur dernière rencontre tenue le 19 août.

Deux seuls soumissionnaires ont offerts leurs service, chacune respectivement à une demande précise provenant de la Commission Scolaire de Huntingdon.

En effet, le magasin Marchand Frères soumissionna pour la pose de draperies à la bibliothèque de l'école Notre Dame de Huntingdon, tandis qu'Emery Latreille en fit de même pour la pose de tuiles dans un corridor et la cafétéria de l'école Notre-Dame-du-Rosaire d'Ormstown.

Face à une telle situation, les membres du comité exécutif de la locale de Huntingdon devaient faire un choix entre deux solutions possibles: premièrement, faire l'ouverture des soumissions même si la locale n'en avait pas recu trois, ce qui sera préférable selon la loi, ou deuxièmement, fair d'autres appels de soumissions pour ces travaux.

Le retour des classes étant cédulé pour le 3 septembre, il fallait admettre que ces travaux devaient être accomplis avant le retour des élèves dans les deux écoles discutées.

Une décision:

Le Commissaire Claude Demeule proposa tout de même l'ouverture des deux soumissions pour les deux travaux, car la nécessité et le temps jouaient contre la locale.

Si d'autres soumissions devaient être demandées, l'ouverture ne se ferait que le 2 septembre lors de la prochaine rencontre des commissaires, soit en somme la veille de la rentrée des classes. Or, les entrepreneurs devraient dans ce cas, faire les travaux durant le temps de classes, ce qui est en sorte anormal.

Or c'est pourquoi que les commissaires membres de l'exécutif décidèrent de faire l'ouverture des soumissions. Le secrétaire de la locale, Serge Moreau, nota que trois soumissionnaires avaient été demandées pour chaque type de travail, et qu'un seul avait répondu pour chaque travail. Il nota que l'également on doit demander trois soumissionnaires, au minimum, mais à cause de la rentrée on ne pouvait pas attendre.

Pour ces types de travail, il semble que les soumissionnaires deviennent de plus en plus rares.

Les Coûts:

Le magasin Marchand Frères a soumissionné pour le montant de $652.32, pour la pose de draperies.

Pour la pose de la tuile à l'école Notre-Dame-du-Rosaire, le corridor coutera $995 et la cafétéria $1,425. C'est en sorte les prix du soumissionnaire Eméry Latreille.

L'acceptation des deux soumissionnaires fut adoptée par les membres de l'exécutif.

Délit de fuite à Ste-Barbe

Le détachement de Huntingdon de la Sûreté du Québec recherche actuellement une Pontiac de couleur verte des années 1965 ou 1966.

Cette automobile aurait heurtée une Buyck '71 de couleur or dans le terrain de stationnement de l'Hôtel Belair de la municipalité de Ste-Barbe.

Des dommages estimés à approximativement $400 furent occasionnés au Buyck.

Le tout survint le 23 août vers les 23:30 heures.

Toute personne pouvant donner des informations sur une Pontiac verte est priée de communiquer avec le bureau du détachement de Huntingdon de la SQ à 264-5384.

Une contribuable de Howick se plaint du domaine scolaire

Une contribuable scolaire du village de Howick, Mme Lucienne Léger, est en sorte révoltée de certaines actions de la Commission Scolaire Lévis-Sauvé. Elle expédia des lettres à plusieurs journeaux, expliquant sa position et la situation d'un problème existant.

La Gazette fut touchée, cette semaine, de cette lettre, dont la voici en toute son entité:

Le 1er août '75

En juin 1974, la Commission scolaire Lévis-Sauvé (comté de Châteauguay) votait un budget spécial pouvant atteindre $6,000 pour l'implantation d'un projet d'enseignement individualisé informel sans, pour autant en informer les parents dont les enfants seraient appelés à vivre l'expérience.

Le 28 novembre 1974, suite aux pressions d'un groupe de parents, la même Commission scolaire décidait d'embaucher trois nouveaux enseignants (frais non subventionnés par le minitère de l'Education) pour y dispenser un enseignement mécaniste (déboursés d'environ $25,000).

En 1974-75, elle favorise Ville Mercier d'un transport spécial pour les enfants résidant à moins d'un mille de l'école (cout: $10,000).

Pour l'année (1975-76, ladite Commission prévoit l'engagement d'un directeur à Sainte-Clothilde, à la tête d'une école dont la clientèle est approximativement de 200 élèves.

Le 7 juillet 1975, nos élus décident de payer un congé d'un an à notre directeur général de l'Enseignement et du Personnel, M. Jacques Reid, et d'embaucher un second, afin de combler le poste. Cette initiative ne coûtera qu'environ $23,000.

Que se cache-t-il derrière tout ce favoritisme? Pourquoi la Ville de Mercier bénéficie-t-elle d'un transport spécial? Serait-ce que les commissaires de cet endroit orientent la politique budgétaire de notre Commission scolaire? Quels motifs poussent ce même organisme à favoriser Sainte-Clothilde d'un directeur, alors qu'Howick et St-Urbain n'y ont pas droit. Les parents de cette localité revendiqueraient-ils des privilèges particuliers avec plus d'ardeur?

Non seulement certaines municipalités sont favorisées au détriment des autres, mais en plus le 7 juillet dernier, on prevoyait la présence des enfants de Sainte-Martine àl'école d'Howick.

Il me semble que certains de nos commissaires changent souvent d'idée. Donnent-ils ou ne donnent ils pas suite aux résolution votées? Représentent-ils tous les votants ou ceux uniquement qui savent crier assez fort pour se faire entendre? Songent-ils, en administrant notre argent, au bien des enfants ou tiennent-ils davantage à leur prestige et au renouvellement de leur mandat. Mandat assuré s'ils parviennent à réduire au silence les électeurs les plus criards.

Beaucoup de questions, peu de réponses.

Invitation: rendons-nous au 37 de la rue Gervais, à Sainte-Martine, et assistons nombreux à ces réunions ou siègent certains jongleurs hors-pair! Peut-être serait-il bon de songer à demander la tutelle ministérielle...

Mme Lucienne Leger

St-Michel recevra un octroi

Le député libéral du comté de Huntingdon à l'Assemblée nationale du Québec, M. Kenneth Fraser, annonce que le ministre des Affaires municipales et de l'Environnement, le Dr. Victor C. Goldbloom, mettra à la disposition de la paroisse de Saint-Michel une subvention d'environ $60,000 relativement à la construction d'un poste de pompiers et d'achat d'un camion-citerne.

Toutefois cette subvention ne sera accordée à cette municipalité que si cette dernière realise la mise en commun de son service de prévention des incendies avec celui de la paroisse de Saint-Edouard.

M. Fraser fait savoir que la dépense mentionnée devra être justifiée et être conforme aux normes et exigences techniques édictées par le ministère des Affaires municipales. De plus, il est entendu que la paroisse de Saint-Michel devra demander des soumissions à au moins trois constructeurs, manufacturiers ou vendeurs en rapport avec la dépense projetée et que le contrat devra être accordé au plus bas soumissionnaire.Le député de Huntingdon a précisé que le paiement de cette subvention sera effectué sur une période de cinq années consécutives, en versements annuels égaux. Le premier versement de ladite subvention sera effectué dès que la municipalité aura prodécé à la construction du poste de pompiers, ainsi qu'à l'achat du camion-citerne et qu'un rapport favorable aura été transmis au ministre des Affaires municipales et de l'Environnement par la Direction générale de Prévention des Incendies.

Cueilleurs de pommes demandés

Selon les informations que nous avons reçues, la récolte de pommes commencera vers le 10 ou le 15 septembre, et elle dure généralement de 4 à 6 semaines.

La majeure partie des producteurs de pommes sont situés dans les territoires des fédérations de l'UPA de:
St-Hyacinthe
--St.Jean-Valleyfield
--Les Laurentides
--Québec

La demande de main-d'oeuvre sera, encore cette année, abondante.

Toutes les personnes intéressées à travailler à la récolte des pommes doivent s'adresser aux SMAC de la région la plus rapprochée de la leur.

Les Services de main-d'oeuvre agricole du Canada -- administrés par l'UPA --sont placés dans les bureaux des fédérations régionales de l'UPA.

NO. 1457 pour la radio

Lors de la rencontre du comité des festivités du 150 e anniversaire de la municipalité de Huntingdon, avait lieu le tirage de la radio AM-FM.

En effet, le numéro gagnant est 1457. Ceci est le tirage tel qu'annoncé lors de la vente des porte-clefs souvenirs des fêtes du 150e anniversaire.

Le prix devra être réclamé d'ici deux semaines à l'hôtel de ville de Huntingdon.

Le scolaire en bref

Le 19 août dernier, avait lieu en la nouvelle bibliothèque de l'école Notre-Dame de Huntingdon la réunion régulisère du comité exécutif de la Commission Scolaire de Huntingdon, soit la première rencontre depuis le retour des vacances.

Plusieurs sujets furent discutés, et apportés sur la table à cause du retour des classes le 3 septembre prochain.

Acceptation:

La Direction Générale du Financement du Ministère de l'Education nota que les états financiers de l'année scolaire 1973-74 avaient été approuvés.

Egalement, le Ministère de l'Education expédia à la commission scolaire un document sur l'imposition foncière, donnant un plafond de 10%.

Association:

Le secrétaire de l'Association Diocésaine des Commissions Scolaires, Lucien Beauchamp, avisa les commissaires qu'il y aura une rencontre d'information de l'Association pour tous les commissaires, surtout les nouveaux venus, le 27 août prochain.

Contrôleur:

La Commission Scolaire de Huntingdon, suite à une entente avec la Régionale Salaberry, adopta officiellement l'engagement de Normand Lavoie à titre de contrôleur d'absence. Ce dernier s'occupera des écoles de la locale de Huntingdon et de la Régionale.

Personnel enseignant:

Au domaine du personnel enseignant, le directeur général, Alphonse Caron, nota aux commissaires réunis que quelques postes avaient été ouverts à cause de besoin imminent.

On note la démission de Mme Bibiane Bisson. Nicole Charlebois passera à la maternelle : elle était autrefois au niveau de la deuxième. Le réengagement de Denise Guénette fut accepté et elle se consacrera à la déficience mentale à l'école NotreDame de Huntingdon.

Deux postes sont ouverts, semble-t-il, il s'agit des niveaux de la deuxième et sixième année.

Accueil du personnel:

Encore, cette année, la Commission Scolaire de Huntingdon accepta de payer un repas d'accueil pour tout leur personnel, soit enseignants, concierges, secrétaires, et à commissaires.

Le directeur général, M. Caron, déterminera les modalités de cette opération accueil avec les principaux d'ici quelques jours.

Il semble que le tout deviendrait annuel, afin d'assurer de meilleures relations possibles entre tout le monde.

Une lettre d'amour qui date de 1904

Des souvenirs, des souvenirs, les gens en conservent à leur grand plaisir.

La Gazette publie cette semaine une lettre d'amour qui date de 1904

Mlle Gilberte Demers, d'Ormstown, nous fit parvenir cette lettre d'amour adressée à son père, M. Hermas Demers, de sa mère, Aldora Vinette, durant leur fréquentation.

Huntingdon, 14 juin 1904

A Monsieur Hermas Demers
Valleyfield

Bien cher ami,

Votre lette charmante reçue hier soir m'a comme toujours, fait plaisir et m'a aussi égayé un peu après avoir passé une journée aussi ennuyeuse que celle de dimanche quoiqu'il faisait bien beau, je vous assure que je désirais bien fort que vous fussiez ici, le temps passe si vite lorsque vous y êtes, mais malgré toute l'ardeur de ce désir, je savais qu'il ne pouvait se réaliser. Oh! oui, certainement que cela aurait été bien agréable de faire un tour de voiture et vous savez bien que celat m'aurait fait un grand plaisir.

Amanda sera ici samedi soir vous la rencontrerez peut être car je ne crois pas qu'elle vienne par le Grand Trunck, elle est obligée de laisser l'ouvrage comme l'année dernière, ses pieds la font souffrir plus que jamais.

Monseigneur sera ici samedi après-midi vers les trois heures. Monsieur Gagné nous a dit qu'il venait par la voie de Ste-Barbe, Monsieur Millard, vicaire de Bellerive, passe la semaine par ici pour aider Mgr Gagné. Notre bon pasteur sera ici le 15 juillet au soir, il ne veut pas qu'on lui fasse de réception du tout.

Kitte est à apprendre un "O Salutaris" pour dimanche.

Je n'ai pas encore écrit ni à Justina ni à Aline, je tâcherai cette fois ici de m'acquitter de notre commission tant qu'à celle de Justina vous savez fort bien que j'étais trop gênée, je vous assure que je n'y pensais pas à cela lorsque je vous ai montré la lettre de Justina; je ne voudrais pas que vous m'en voudriez pour cela.

En attendant le plaisir de vous voir recevez les sincères amitiées de,
Votre amie affectueuse
Aldora Vinette

Saluts de la famille.

La Reine Yolande Malenfant était du défilé au festival de Hemmingford.

On s'est amusé à Hemmingford

Plus de 6,000 visiteurs se rendirent samedi dernier au festival de la pomme de Hemmingford.

La température était idéale, et l'enthousiasme ne manquait aucunement. Le tout, en somme, contribua au plus grand succès remporté par les organisateurs du festival.

Le président du comité organisateur, Bob Petch, nota que le chiffre de 6,000 visiteurs était conservateur, et qu'il se pouvait que l'assistance atteignait un point plus élevé.

C'était une journée remplie de diverses activités afin que les jeunes et moins jeunes s'amusent.

Yolande Malenfant fut couronnée Reine de l'édition 1975 du Festival de Hemmingford; un défilé grandiose a marqué également les joies de la population de ce secteur. René Foran fit entendre à qui le voulait des airs de musique sur sa guitare.

En somme, tout le monde s'amusait. Un marché aux puces, des concours d'artisanat, des compétitions de tir de couteau, un spectacle d'auto ancienne, et plusieurs autres concours de toutes sortes ne firent qu'attirer des centaines et des centaines de gens.

Les gens vinrent de partout; de Montréal et de tous les coins de la vallée de Chateauguay.

Tournoi de tir

Le 7 septembre prochain, aura lieu en la salle de tir de la police municipale de Huntingdon un premier tournoi.

Ce tournoi sera ouvert à tous les policiers du district judiciaire de Beauharnois.

Contrat

Le député libéral du comté de Huntingdon à l'Assemblée nationale du Québec, M. Kenneth Fraser, annonce que le ministre des Transports, M. Raymond Mailloux, a accordé un contrat au montant de $20,086.77 à la firme Vel Construction (67) Limitée, de Châteauguay-Centre, pour l'exécution de travaux de voirie dans son comté.

M. Fraser fait savoir que ce contrat a été octroyé pour des travaux de correction de la fondation supérieure et pour la pose d'un revêtement d'enrobés bitumineux sur deux sections de la route No 202 (52).

Le député de Huntingdon précise que ces travaux seront effectués dans les limites du canton Franklin et qu'ils couvriront une longueur de 0.487 mille.

La Coop en bref

Le Club Coopératif Alimentaire de Huntingdon a maintenant changé de local. Le tout est situé sur la rue Fairview, en face de la rue Lorne à Huntingdon.

A l'occasion de cet heureux événement, un membre du club coopératif profita de la circonstance pour parler de sa participation au sein du club.

La Coop peut avoir des produits de consommation alimentaire et non alimentaire à meilleur marché, car l'achat est fait directement du grossiste.

La Coop décide également de la marque des produits à être placés sur les tablettes. Après deux ans d'existence (soit d'ici quelques semaines), les membres du club coopératif pourront faire valoir davantage leur goût selon leur habitude et leur besoin.

A la Coop, on est tout égal. C'est un organisme communautaire sans aucun but lucratif, et chaque membre est co-propriétaire au même titre que tous les autres membres.

La Coop est présente parmi nous, et c'est pour y rester.

Octrois dans Beauharnois

Le député de la circonscription de Beauharnois, M. Gérard Cadieux, annonçait la semaine dernière qu'il avait recommandé au Ministre responsable au Haut-Commissariat à la Jeunesse, aux Sports et aux Loisirs de la belle province plusieurs organismes de son comté.

Le but de cette recommandation est de permettre à des organismes de son comté de recevoir des subventions afin de les aider dans l'organisation de loisirs.

Il semble, selon les dires du député Cadieux, que, dans environ six semaines, les organismes proposés recevront une réponse affirmative d'une subvention.

Les divers organismes furent avertis par le député Cadieux de ces démarches.

Voici les organismes suggérés et les montants qu'ils pourront recevoir:

Club de l'Age d'Or de St-Etienne: $200.; Club de l'Age d'Or de St-Stanislas: $200.; Club de l'Age d'Or de St-Louis: $200.; Club de l'Age d'Or de St-Esprit: $200.; Club de l'Age d'Or de Beauharnois: $200; Club de l'Age d'Or de Sacré-Coeur: $200.; Club de l'Age d'Or de Léry: $200; Club de l'Age d'Or de St-Timothée: $200.; Le Fil d'Argent de Valleyfield: $200.; Club de l'Age d'Or de Bellerive: $200.; Club de Tir de Valleyfield $200.; Patinage Artistique de Beauharnois $700.; Club des Bons Copains de Valeyfield: $200.; Hockey Mineur de Valleyfield: $1,000.; Association de Crosse Jr. de Valleyfield: $300: Club de Raquettes Le Salaberry: $200; Club de Patinage Artistique de Valeyfield: $1,200; Club de Poneys Venise Grande-Ile: $200.; Garde Dollard des Ormeaux: $200.; Garde Champlain $200.; Club de l'Age d'Or de St-Eugène: $200.

Service Social: Au tour des adolescentes

Bonjour,

Voila, tel que promis, des témoignages d'adolescentes. Quelques filles ont voulu vous faire part de leurs problèmes, ou de ce qu'elles vivent à Val Séjour, ou de ce qu'elles attendent d'une famille d'accueil. Je leur laisse donc la parole.

-Val Séjour, module C, qui sommes-nous?":

''Voici quelques commentaires de ce centre établi depuis déjà un an dans lequel je me plais beaucoup. Val Séjour est à la disposition de jeunes de douze à dix-huit ans qui ont quelques problèmes dont la plupart proviennent du milieu familial. Nous, les filles du module C, nous avons une manière de voir la vie que la majorité du ''monde adulte'' voit différemment.

C'est pourquoi, une équipe de six éducateur travaillent avec nous afin d'établir une certaine congestion de groupe. Ils essaient donc de nous comprendre pour que l'on découvre ensemble les problèmes de nos comportements quotidiens.

Les relations avec nos éducateurs nous permettent de voir la réalité de la société.

Alors le travail accompli et l'affection recue nous aident à devenir responsables de nous-mêmes, pour plus tard être capables de nous débrouiller mieux dans la vie.

C'est ainsi que nous vivons à Val Séjour et nous y sommes bien; mais, vient un temps ou on se sent prêtes à prendre ses responsabilités et à en sortir.

Ainsi, j'espère pouvoir trouver un bon foyer-pension ou je pourrais vivre des relations amicales, mais quand même organiser mon temps à ma guise (surtout que je suis encore aux études)

Merci de votre collaboration''.

Lise R.

- ''Je m'appelle Suzanne, présentement je suis dans un centre d'accueil nommé Val Séjour. J'ai accepté de vous raconter un peu mon histoire: pourquoi je suis dans un centre d'accueil?

Mes malheurs ont commencé il y a 12 ans. Mes parents ne s'entendaient pas très bien, d'ailleurs ils se sont séparés, j'avais 4 ans. Cela a été très dur de voir partir mon père loin de moi.

Quelques années plus tard, ma mère aimait un autre homme et il est venu demeurer dans notre maison avec mes deux frères. Moi j'avais 14 ans et je ne pouvais pas accepter cet homme dans la maison, car pour moi il prenait la place de mon père. Comme je n'aimais pas mon deuxième père, la situation est vite devenue difficile, car j'étais plutôt ''soupe au lait'' (je me suis beaucoup amélioré sur ce point depuis que je suis à Val Séjour).

Un beau samedi matin à 9h30 je me suis sauvée de la maison familiale après une chicane entre mes parents et moi. Ma mère aimait mieux son ami que moi.

Je suis allée voir la police pour avoir la protection de la Cour car j'avais été battue. Un travailleur social m'a prise en charge et m'a amenée à Val Séjour ou j'ai commencé à vivre.

Pour le moment, je désire rester encore quelque temps à Val Séjour, car j'ai beaucoup à apprendre sur ma personnalité, mais dans quelques mois, j'espère que je trouverai une famille d'accueil ou règnera la joi, la sérénité et beaucoup d'amour (affection)".

Suzanne Ferland.

Comme vous le voyez, ce sont des adolescentes qui réagissent comme le font vos propres adolescentes. Alors qu'en pensez-vous? n'avez-vous pas le gout de leur donner une chance... Si oui communiquez avec nous.

CLSC...

(Suite de la page 17)

avoir priorité sur le C.H. au tout début.

La forte contribution des la population de la région de Huntingdon à la construction de la nouvelle hopital est en somme la raison de cette réalité actuelle. L'hôpital est toujours un sentiment très cher auprès de la majeure partie de la population du secteur.

Un fait fut remarqué: Le CH touche directement un noyeau de population de 7,000 personnes, tandis que le CLSC du secteur doit toucher une population approximative de plus de 20,000 personnes.

"On ne conteste pas la co-habitation", de dire les deux représentants du CLSC. Mais, ils veulent que le CLSC ait une possibilité de gérer ses propres affaires et d'être maître chez soi.

Le président du comité, Me Alary, termina la conférence en disant: "Il faut faire avaler notre philosophie au Ministère."

Enquête...

(Suite de la page 17)

demanda à Palczewski s'il avait déjà été à Hemmingford. Ce dernier répondit comme suit: "Je ne connais pas les noms des places, mais je ne crois pas y avoir déjà été."

Il nota au coroner Lefebvre qu'il demeurait depuis vingt ans à Montréal et qu'il ne connaissait aucunement la région environnante de l'île montréalaise.

Le procureur Me Pigeon demanda au témoin important s'il avait déjà été sur le chemin School en route vers Barrington dans le but de vendre de la viande à Mme Gulowaty. Palczewski répondit qu'il ne le savait pas, et qu'il ne croyait pas avoir été sur cette route.

Demandé s'il avait fait affaire avec un boucherie de Sherrington surnommée Starsholme Farm, Palczewski nia le tout.

L'enquête se continue:

L'enquete des agents de l'unité des crimes contre la personne de la Sûreté du Québec se continue actuellement, et il semble que la population de la région de Hemmingford pourrait aider à l'enquête.

De l'avis de l'agent Louis deFrancisco, anciennement du détachement de Huntingdon, la population de ce secteur peut grandement aider l'enquête policière dans cette affaire en communiquant toute information pouvant aider la police. Il nota également que la police savait des choses qui seront amenées sur la table lors de la réouverture de l'enquete du coroner à Huntingdon.

Actuellement, on peut se demander pourquoi l'enquête du coroner fut ouverte si vite, sans avoir la fin du rapport de la police enquetant dans cette affaire.

Il faut noter que Palczewski était anciennement un commercant de viande; et il faut souligner que Mme Gulowaty, au moment de sa mort affreuse, avait laissé de la viande sur la table de la cuisine.

Certains se sont demandés pourquoi la police a fait comparaitre ce bonhomme devant le coroner. Les policiers ont certes leur raisons, et il faut se rappeler que le témoin important ne peut etre détenu plus que sept jours sou un mandat du coroner.

Le fils de la victime aurait déclaré que deux hommes avaient été impliqués dans toute cette affaire. Ou est donc la deuxième personne impliquée dans ce meurtre crapuleux, si on croit que le témoin important de la première partie de l'enquete est mêle d'une façon ou d'une autre à tout cela.

La police devra determiner toutes ces questions avant la réouverture de l'enquete.

Retour à l'école: C'est pour le 3

Le mercredi 3 septembre prochain, les enfants de la région retournent aux diverses écoles.

Ce signe marque que les vacances sont bel et bien terminées, et que la saison hiverbale s'en vient à grands pas.

Le retour aux classes est toujours un moment dans la vie d'un jeune garçon, très difficile. Les parents doivent essayer de préparer les jeunes pour la rentrée, leur susciter un certain intérêt.

C'est pénible la rentrée des classes. Tout le monde le sait, car on a tous passé par cette étape.

Le Ministère de l'Education tente,à chaque année, d'enlever cet élément de crainte lors de la rentrée. Cette année, un theme explique que la rentrée doit être le moment du début d'une autre année scolaire, et que les jeunes doivent s'adapter à nouveau à cette situation.

''On décolle'' est le thème. Les écoles du secteur doivent accueillir de façon particulière les étudiants cette année. Le Ministère expédia plusieurs macarons, sacs et affiches aux écoles pour donner un peu plus d'atmosphère d'amitié à ce premier jour de classes.

Donc, les routes et les trottoirs ne seront pas aussi tranquilles. Plusieurs autobus iront chercher les jeunes un peu partout pour les amener à l'école; d'autre se rendront à pied. Il faut donc demander à tous d'être prudents sur les routes.

La rentrée s'effectuera la semaine prochaine au grand plaisir des jeunes, semble-t-il.

Les premiers missionnaires moraves à atteindre le Labrador y sont arrivés en 1752. Le groupe comprenait quatre prêtres et six marins.

Remerciements

Nos sincères remerciements aux membres de notre famille, nos amis et voisins ainsi que tous ceux qui nous ont aidé durant le temps du décès de Lucien Lefebvre à l'age de 53 ans le 22 Aout dernier. Merci également pour les cartes de sympathies, les fleurs et l'assistance aux funérailles. Tout était apprécié.

Mme Joseph Lefebvre
Rodrigue

Par la présente je voudrais offrir mes sincères remerciements au Drs. McCrimmon et Jacob, et au personnel entrier du deuxième étage de l'hôpital Barrie Mémorial, pour le soin excellent que j'ai reçu durant et après mon intervention chirurgicale. Mon séjour de trois semaines m'a permis de constater l'intensité du soin personnel accordé au patients de cet hôpital. Je remercie aussi mes parents, amis, et voisins pour les cartes, les fleurs et les autres actes de douceur. Tout fut vivement apprécié.

Blessée grièvement

Johannne Marcil, agée de 17 ans de St-Chrysostome, fut blessée grièvement lorsque sa bicyclette fut heurtée par une automobile sur la route 203, tôt le matin du 23 août.

Roger Renaud de St-Chrysostome était le conducteur de l'automobile.

La jeune fille fut amenée à l'Hopital Barrie Mémorial d'Ormstown, et elle fut transferrée par la suite à la Royal Victoria de Montréal, et ensuite à l'Institut Neurologique du même endroit.

Johanne Marcil fut projetée à plus de 50 pieds après avoir été heurtée par l'auto; elle souffrit des blessures à la tête et une fracture à la jambe.

Johanne est la fille de M. et Mme Romain Marcil de St-Chrysostome.

C'est par hasard que le premier moteur électrique a été trouvé. Un ingenieur de l'équipe de Gramme se trompa en connectant des câbles aux bornes d'une dynamo et découvrit ainsi que la machine de Gramme pouvait être actionnée mécaniquement pour produire de l'électricité ou fournir de l'énergie si elle était alimentée en courant.

Noyan & Clarenceville

Get well wishes to Edwin Lamb who underwent surgery at the Haut Richelieu Hospital, St. Johns. Glad to report he is much improved.

A successful lawn sale was held on Sunday in Noyal at "The Derick House Antique Shop." Several local and visiting people had tables of things to sell ranging from clothes, vegetables, games, toys to antiques. All reported themselves pleased with the good attendance.

The Barvarian Dance held at Noyan Inn on Saturday evening was a big success. The crowd was good and the music enjoyed by all.

Mr. and Mrs. Robert Sharman and family motored to Troy N.Y. and spent the weekend with his brother and sister-in-law Mr. and Mrs. George Sharman and family.

Covey Hill

Mr. and Mrs. Norman Hannah and Wendy, Verdun, spent a holiday at the McAllisters.

The Garth Moore's were holidaying at his parents place.

Church service is in the Wesley Church for four Sundays Aug. 17 through Sept. 7.

Mrs. N.E. Sample, Kimberly, Debbie and David are spending a few days in Smith Falls with the Ross Byams.

The Maplerama at Middlebury Vt. was well attended by people who took in the fair there, with a tractor pulling contest.

Saracen rugby star plays for province

Jean Pierre Lussier of St. Antoine Abbe became the first Ormstown Saracens player to play for Quebec when he was chosen to play for his province against Bristol, one of the strongest club teams in England and currently touring Quebec and Ontario.

The game took place in Montreal on Aug. 18 and although Quebec lost 22 points to 6, Lussier gave a good account of himself. He could not have had a tougher baptism as his opposite number was an ex-English All Star.

Lussier, 19, was the youngest man in the team. He is in his fourth season of rugby, is studying business administration at McGill University and hopes to join the family business, Lubec, when he qualifies.

Howick

Mrs. Donald Roy accompanied her daughter Peggy from Ottawa on a motor trip to P.E.I.

They followed the Matepedia Valley going and while at P.E.I. enjoyed a Church supper type of meal served in an old school that has been renovated.

The ferry back went to Picton, N.S. and their trip over the Cabot Trail was the highlight of that province. They enjoyed a house tour the evening they arrived at St. Andrew's by the Sea and they stopped for the night at St. Stephen.

The trip back up the St John Valley was as lovely as some other parts of the trip. The cities of Halifax, Charlottetown, and Quebec were toured by bus and a guide made them interesting.

Mrs. Whiteford McKell and Howard spent a week at Toronto with Larry and Joy Fraser, returning home on Aug. 11.
