PLACES IN THE NEIGHBORHOOD OF MONTREAL OUTSIDE CITY LIMITS.

LACHINE

A City on the St. Lawrence and on the Island of Montreal (Seigniory of Montreal), county of Jacques-Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centres of the Province of Quebec. Part of the Parish of Lachine has been annexed to the city. Its works are very numerous and thousands of men are employed yearly. The chief industries are: The Dominion Bridge Co., Limited, The Copper Products Co., Limited, The Canadian Linde Refrigerator Co., Limited, The Saxonla Fruit Preserving Co., Limited, The Robert Lucas Glove Co., Incorporated, The Allis Chalmers Bullock Limited, Daly & Morin Limited, Asbestos Manufacturing Co., Limited, The Dominion Wire Rope Manufacturing Co., Limited, McLaurin Bros Limited, Steel Co., of Canada Limited, The National Breweries Limited, The General Railway Signal Co of Canada Ltd., The Hutchins Car Roofing Co Limited and The Lee Puncture Proof Tire Co of Canada Ltd.

In winter months it is greatly frequented by pleasure parties, while in summer, thousands of tourists pass through Lachine to run the Lachine Rapids, also cross the St Lawrence River on the ferry for Malone N. Y., Ogdensburg N. Y., etc.

Regattas and other sporting events take place every summer and are largely patronised by visitors. Lachine is now provided with up-to-date hospitals where surgical and ordinary cases are attended to by a skilful staff of surgeons and physicians. They are known as the Lachine General Hospital and St. Joseph Hospital. They are provided with automobile ambulances that attend all emergency cases. A handsome public market has been built at a cost of \$30,000.00 and is open daily from 5 a.m. to 9.30 p.m. It is provided with the most modern refrigerators and coolers, and all perishable articles are constantly kept on ice.

A public weigh house has been built for the accommodation of the traders. Three hundred houses were built within the past year and are all rented. The leading citizens of the city have provided a Board of Trade where all important business matters are discussed. There are four banks, viz., the Molsons Bank, la Banque Provinciale, la Banque d'Hochelega and the Bank of Montreal, all of which are doing good business.

The Canadian National Railways run several trains daily to Montreal. Montreal Tramways have also a line of electric cars running from the City of Montreal to the western limits of the City of Lachine, in forty minutes. Cars are running at ten-minute intervals from 6.20 a.m. to 8.20 a.m. and from 4.20 p.m. to 7.40 p.m., and twenty-minute intervals during day-time, and at night until one o'clock. The Lachine Methodist Church has been rebuilt and enlarged. New granolithic sidewalks have been laid on mostly all streets, and tar has been laid on St. Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts.

The Great North Western Telegraph Co., have offices here. There are two post office branches, also the Bell Telephone Co. The City is lighted by electricity, and has a fire alarm system and a complete system of waterworks and drainage. There are, besides the convent, a first class commercial college, two Catholic academies and two Protestant academies.

Distant from Montreal City Hall, nine miles. Mail three times daily. The City of Lachine is inviting manufacturers to ask for all facilities and advantages offered by Lachine, Que. Population 15,600.

LA SALLE.

A town on the North Shore of the River
St Lawrence, situated between Verdun and
the City of Lachine, directly connect-
ed with Montreal West and Town of
St Pierre, on the north, by the celebrated
Lift Bridge at Lachine, the largest of
its kind in the world.

Was but recently erected into a town by
the Provincial Legislature, which granted
it a charter in 1912. That part of the town
located on the riverside is exclusively re-
sidential and is the home of many wealthy
Montrealers. There are some beautiful
farms which are all well cultivated. There
are also several dairies which supply
cream, milk and butter to the City. The
northern boundary on the Lachine Canal
is an ideal location for manufacturers,
several large plants being now in opera-
tion.

The Federal Government has lately open-
ed a branch of its Savings Bank. There
are also a Post Office Branch; two Cath-
olic churches, two Catholic schools and

TOWN of MONTREAL EAST

"The Pittsburg of the Island of Montreal"

Adjoining the City of Montreal at its Eastern limits, the Town of Montreal East extends its territory from the North shore of Canada's main waterway, the St. Lawrence River, up to the South shore of the Ottawa (Back River), and by its privileged situation seems to realize in its boundaries all the advantages of the Metropolis without any of the inconveniences proper to already congested districts.

This close proximity to Canada's largest city makes it possible to find at all times necessary labor, skilled and unskilled, and so operate any industry with assured profits.

OPERATING INDUSTRIES:—The Canada Cement Company, largest plant of its kind in Canada; Imperial Oil Refineries, Ltd.; Nations Oil Refineries, Ltd.; Canadian Steel Tire & Wheel Co., Ltd.; Canadian Electric Steel Co., Ltd.; Vulcan Steel & Iron Works Co., Ltd.; Dominion Carriage Co., Ltd.; Canadian Hydro-Stone Co., Ltd.; Raymond Cement Products Co., Ltd.; Canadian Aseptic Cotton Co., Ltd., and Canadian Chemical Co., Ltd., are in full operation and employ an average of 5,000 people.

The National Cement Company is presently erecting a 900,000-barrel cement plant equipped with the most modern devices and machinery.

INDUSTRIAL SITES.—Space is afforded for all kinds of industries either on the river frontage, with deep water channel, or alongside of various railways and tramways sidings.

SHIPPING FACILITIES.—Three large wharves are available for ocean or inland transportation. Traffic on land is taken care of both by steam and electric traction furnished by Canadian National Railways, Harbour Commissioners Railway, Montreal Terminal Railway, Pointe-aux-Trembles Terminal Railway and Montreal Tramways Company, the latter operating a double track service on Notre Dame Street direct to the center of Montreal, with a special fare of one cent and two-thirds in the limits of the Town.

LIGHT AND POWER.—Supplied by Montreal Light, Heat & Power Co. at the lowest rates on the Island.

HOUSING FACILITIES.—Workingmen's houses built by the Town according to the Quebec Housing Scheme and supervised by the Provincial Board of Health, give plenty of housing facilities. A new building scheme is under process, affording every resident to be his own landlord.

EDUCATION.—Protestant and Catholic Schools and Churches are adequate to religious and educational purposes.

HYGIENICS.—Board of Health conducted by a learned medical officer. Water supplied by the City of Montreal. Sewers of the most modern type laid in the lanes.

POLICE AND FIRE PROTECTION.—Conducted by an efficient and experienced department. Newest types of fire apparatus bought from American Lafrance Co., Ltd.

TAXES.—Lower than in any other well-developed adjacent municipalities.

A Progressive, Healthful, Industrial and Residential Convenient Town is Montreal East.

Full particulars can be obtained either from the Town of Montreal East, Telephone Clairval 3087, or from Montreal East Realties, Ltd., 90 St. James Street, Montreal, Telephone Main 3772.

OUTREMONT

(Incorporated in 1875.)

A city situated near the west end of Mount Royal Park, forming part of the parish of Montreal, county of Hochelaga. It is bounded on the East and North by Laurier Ward, on the West by Notre Dame de Grace ward, and on the South by Mount Royal Ward. Two routes of electric car service are provided by the Montreal Tramways Co. (Laurier Av., St. Catherine Rd. and Bellingham Rd. for southern section; Bernard Av., Outremont Av. and Van Horne Av for northern section). A five minute service is provided on each route. Electric cars going around the mountain to St. Laurent, and Cartierville, pass through the city. The city contains five very fine schools, two Catholic (Querbes Academy and Lajoie School) three Protestant (Strathcona Academy, Alf Joyce and Guy Drummond Public Schools) and three large convents, a City Hall and the Outremont Curling, Tennis and Bowling Clubs. A municipal plant lights the city with electricity. It has an ample water supply and a through system of drainage, and an efficient police and fire brigade is maintained for the protection of the city. Building operations have been carried on extensively during the past years. Easy of access from the city, no finer suburb can be found. Distant from Montreal, two miles. Population 18,000.

The Roman Catholic Commissioners' school for girls is conducted by the sisters of the Holy names of Jesus and Mary with a staff of fifteen teachers, and St Michael's Academy for boys with a staff of ten teachers of the Clercs de St Viateur. The Academy was erected at a cost of over \$80,000 and has the very latest equipment. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal and in addition to boating there is a large assembly hall for entertainments, also a six rink bowling green and tennis courts for use of members which are the centre of social activity. The well known Country Club Golf Links adjoin St. Lambert. The residents are mostly employed in the City of Montreal and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with Montreal. A wall along the river bank gives the Town a fine promenade of over 3,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. A bathing beach with an instructor and dressing booths is provided during summer months. St. Lambert is being rapidly built up, and is already a very important suburban point. The City owns an efficient system of water, drainage and electric light. There is also fire and police protection. Mail delivery twice daily. The G.N.W. Tel. Co. has an office and the Bell Telephone Co have an Exchange.

WESTMOUNT, CITY OF

FORMERLY COTE ST. ANTOINE

Situated in the county of Hochelaga,
district of Montreal, and within the
limits of the city of Montreal.
This flourishing city is rapidly increas-
ing in population, and is the favorite
residential locality of the merchants
of Montreal. Westmount was
erected into a city by Act of Legisla-
ture 15th April, 1908. A municipal plant
lights the city with electricity, it has
an ample water supply and thorough
system of drainage and destructor
plant, and the streets are well laid
out and paved with asphalt or asphalt
macadam. An efficient police force and
fire brigade fully equipped with all
necessary apparatus is maintained for
the protection of the city. The Mont-
real Tramways Co's lines, which tra-
verse the city, afford rapid communi-
cation with the city of Montreal. The
views from the Mountain are much
admired. Mail three times daily. Pop.
about 20,000.

City Hall—Sherbrooke at cor Argyle av.

Mayor—P. W. McLagan.
