UNEMPLOYMENT PROVED CAUSE OF STORMY CLASHES IN PARLIAMENT

Dismissals from Department of Interior Brought Criticism from Opposition Members—Labor Leader Accused of Inciting to Riot—Premier Bennett Declares No Government Has Done More to Implement its Promises Than the Present Administration—To Resume Debate on Speech from Throne Today.

OTTAWA, Ont., April 16.—After a day's respite while supply bills were passed, Parliament today will resume the debate on the address in reply to the Speech from the Throne. Nearly seventy-five speeches have been made in the debate so far and, although it has dragged on almost since the opening of the session, the end is not expected this week. The names of many members still remain with the party whips, and the division is not looked for until after the week-end.

A stormy sitting of the House of Commons developed yesterday with unemployment contributing most of the features. While a large deputation of workless men and women from many parts of Canada waited outside the buildings, the Government was beset by Rt. Hon. Mackenzie King, Liberal leader, to enunciate at once its policy of unemployment. It was not the time for a declaration of that kind, countered Premier R. B. Bennett. Following Canadian and British parliamentary practices, the Government's policy would be announced when the address debate was concluded.

Premier Bennett's motion to go into supply, to consider the money bills, was a signal for a general discussion of unemployment. It lasted all afternoon, the money not being voted until the six o'clock adjournment hour. Warnings of possible riots in the larger centres came from J. S. Wodsworth, Labor member for Winnipeg, North Centre. This drew from Hon. R. J. Manion the remark that any member expressing that view in the House was "consciously or unconsciously inciting to riot." The Laborite, however, repeated his opinion, and renewed his demand that the Government take immediate steps to deal with unemployment.

Mr. King, when the abortive debate was at its crest, said he believed the time was opportune for the Government to announce its unemployment policy. There was no mention of it in the main estimates. What had the Prime Minister meant when he promised, during the election campaign, to end unemployment if placed in power?

Prefacing his answer with the assertion this was not the time for a declaration of that type, Premier Bennett declared he had "never expected to undo in a day by remedial legislation the wrongs that have been done to this country in the past ten years." No Government had done more to implement its promises than the present administration.

Before the money bills were passed, Opposition members brought up the question of dismissals from the Department of the Interior. Every possible effort would be made to find places in other departments for those left without positions, Premier Bennett declared. The department's work has been curtailed by the transfer of the natural resources of the Western provinces, Hon. Charles Stewart, former Minister of the Interior, introduced the subject and, while he did not advocate paying Civil servants when there was no work for them, he thought they should be placed on a reserve list for future employment.

The interim supply bills totalled \$42,087,000, being one-sixth of the main estimates tabled earlier in the week. They will be discussed today by the Senate. The Government pays its employees on the fifteenth of the month, but because the bills were not passed in time, the checks will not be issued until today.

Conditions in certain parts of Montreal were as bad as the London slums, asserted Henri Bourassa, Independent member for Labelle. Already in that city there had been the beginning of riots, and he pressed upon the Government the need of immediate action to remedy conditions.

HOUSE OF COMMONS PASSES INTERIM SUPPLY MEASURE

OTTAWA, April 16.—An interim supply bill providing for one-sixth of the main estimates for the current fiscal year was passed in the House of Commons yesterday, but only after a three hour debate involving the government policy on unemployment relief, the absorption of the workers discharged from the Department of the Interior and the all important item of a new railway station at Riviere du Loup.

After the House had been moved into committee of supply by Premier Bennett, Rt. Hon. Mackenzie King, (Continued on Page 11)

BALDWIN TODAY OPENED A HEAVY ATTACK ON THE MACDONALD GOVERNMENT

LONDON, April 16.—Rt. Hon. Stanley Baldwin, Conservative leader, today opened a heavy attack on the Labor government, moving a vote of censure over the unemployment problem on which the fate of the MacDonald ministry may depend.

BRITISH MILITARY CAMP HIT BY SPOTTED FEVER

Eight Thousand Soldiers at Caterick Isolated Following the Death of Two Men from Spotted Fever.

CATERICK, Yorkshire, England, April 16.—The eight thousand soldiers at Caterick camp have been isolated as a consequence of an outbreak of spotted fever. Two soldiers have died.

Great precautions have been taken to prevent spread of the dread malady and authorities today were confident that they have it under control. The camp covers hundreds of acres and the isolation order extends to wives and families of soldiers who live in the area.

Earlier this year there was a serious outbreak of the disease in the famous Aldershot camp in southern England, a number of fatalities occurring before the situation was brought under control.

CENSURE MOTION VOTE IN BRITISH HOUSE THIS EVENING TO BE CLOSE

Liberal Party Holds Key to Tension in British House of Commons—Labor Supporters Expect Majority of Ten to Twenty—Defeat Would Involve Resignation of MacDonald Government—Split in Conservative Party Threatened.

LONDON, April 16.—The Labor Party was confident today as members flocked to the House of Commons for debate on the censure motion of unemployment which will end in a division tonight. Undoubtedly the vote will be close, but the Labor party's semi-official organ, the Daily Herald, asserted that the Government would have a majority of between ten and twenty.

Since the motion of censure based on the Government's record in the matter of remedying unemployment, was first introduced by Rt. Hon. Stanley Baldwin, there has been a growing belief that the Government would be sustained by a slight majority.

The division however, ranks as perhaps the most important since Labor came into power almost two years ago, for defeat would be followed either by the Government's resignation, or dissolution and a new election.

The members of the Independent Labor Party, Labor's left wing, met last night and decided to support the Government. This decision was made, it was stated, on the ground that a Conservative Government would be even worse than the Labor government insofar as unemployment is concerned.

This attitude apparently coincides with that of the bulk of Liberals, who have continued to support the Government more in fear of the return of the Conservatives to power than out of love for Labor.

Liberals also met last night and it is understood the general feeling was that the members should record their opinions one way or another in tonight's division, and not merely abstain from voting.

And as the Conservatives assail the Government's record and policies, the chief burden of defense will rest on the shoulders of Rt. Hon. Thomas Johnston, Lord Privy Seal and unofficial minister for employment. Mr. Johnston has been in office only a few weeks, but is closely in touch with the unemployment situation, having been in the ministry as Under Secretary for Scotland since the elections.

Mr. Speaker Black's ruling is another step towards insisting that members of the House of Commons observe their own rules. Already this session the Speaker has called members to order for violating the rule respecting the reading of documents. He has also insisted that only such documents as are actually read may be handed to the shorthand reporters for reproduction in Hansard, thus curbing a growing practice of members reading a portion of the document, then turning in all of it.

HOUSE RULES ENFORCED BY NEW SPEAKER

Documents to Be Placed in Hansard Must Be Read in Audible Voice, Speaker Black Rules.

OTTAWA, April 16.—The rules of the House of Commons do not permit documents to be placed on Hansard unless the contents of these documents have been read to the House—or unless the House consents unanimously to the reading being dispensed with. But members must not evade the rule by merely slurring through their reading. What is being read must be read audibly and in a fashion that enables the House shorthand reporters to record the utterances. This was emphasized yesterday by Mr. Speaker Black when J. P. Pouliot, (Liberal, Temiscouata), was seeking to have a voluminous file of correspondence and orders of the Board of Railway Commissioners respecting the construction of a new station at Riviere du Loup placed in the official records of the House.

Before the House went into supply, Mr. Pouliot brought up the matter of the station, and informed the House that he intended embalm the correspondence in Hansard. He proceeded to read at a rapid rate and in a low voice.

Thereupon the Speaker called him to order. It was impossible for the official reporters to record what Mr. Pouliot was saying, declared the Speaker. If Mr. Pouliot's purpose was to have the documents printed in Hansard, he must not evade the rules of the House by merely reading them inaudibly. He must read them so the House could hear. He had not concluded reading the documents when his forty minutes were up.

Mr. Speaker Black's ruling is another step towards insisting that members of the House of Commons observe their own rules. Already this session the Speaker has called members to order for violating the rule respecting the reading of documents. He has also insisted that only such documents as are actually read may be handed to the shorthand reporters for reproduction in Hansard, thus curbing a growing practice of members reading a portion of the document, then turning in all of it.

TURIN, Italy, April 16.—Prince Tommaso Alberto Vittorio, Duke of Genova and uncle of King Victor Emanuel, died last night at 10.30 p.m.

"Taxes on imported foodstuffs," continued Mr. Chamberlain, "are not excluded but whether such are just to protect the British farmer from foreign dumping, or whether the method of a quota or prohibition is preferred, will depend on the circumstances of each case."

SHERBROOKE MEMBER CRITICIZED RECENT DECISION OF GOVERNMENT

C. B. Howard Told House of Commons Yesterday Canadian Nurserymen Raised Prices on Nursery Stock When Minister of National Revenue Increased Valuation for Duty Purposes—Gave Example of a Dealer in Sherbrooke District.

OTTAWA, Ont., April 16.—The legislation of the special session of Parliament which empowered the Minister of National Revenue to increase import prices for duty purposes had aggravated conditions in Canada, C. B. Howard, (Liberal, Sherbrooke) told the House of Commons yesterday while the House was in committee of supply.

Mr. Howard, who immediately preceded Rt. Hon. W. L. Mackenzie King, leader of the Opposition, told how Canadian nurserymen had raised their prices on nursery stock when the Minister of National Revenue increased the duty by higher valuation for duty purposes. He read a telegram from a dealer in his constituency, and informed the House that for two car loads of nursery stock which in former years had cost \$644 in duty, this man had been asked this year to pay \$3,472.

At the same time, taking advantage of the conditions created by the action of the Minister of National Revenue, nurserymen had raised the prices of their trees from twelve cents to twenty-three cents, or about ninety per cent.

The dealer had \$2,000 in the bank and had offered to pay this on account, promising to the Customs Department the remainder of the \$3,472 in due course. The offer had been refused, Mr. Howard said.

OWNER OF A FOX FARM IN BEAUCE HELD BY POLICE

Man and His Daughter Accused of Fraud in Connection With Activities on Fox Farm Which They Operated at St. Joseph de Beauce.

ST. JOSEPH DE BEAUCE, Que., April 16.—Narcisse Morin, president of the Montmagny Silver Fox Ranch Inc., and his daughter, Cecile Morin, appeared in police court here yesterday accused of fraud in connection with the operations of the ranch. The pair were arrested last Tuesday on orders received from the Attorney-General's Department, and preliminary enquiry has been ordered for April 20th.

It is claimed more than \$500,000 was invested in the organization by farmers who wished to purchase foxes, but that the goods were never delivered. More animals were sold than the ranch possessed, it is said, and those that were on the farm have allegedly disappeared. Operations were carried out almost exclusively in Montmagny and Beauce counties.

OTTAWA, April 16.—As long as the Conservative Party, led by Rt. Hon. R. B. Bennett, is in power in Canada, no system of non-contributory state unemployment insurance will be introduced, nor will any government of which he was a member bring in any such measure. This position was stated yesterday afternoon when he refused the demands of a delegation of the Workers' Unity League of Canada to institute an unemployment dole of twenty-five dollars per week.

"We will not put a premium on idleness, and we will not put our people on the dole," asserted Mr. Bennett.

The question of unemployment insurance was before the Government and it was his hope, said Mr. Bennett, that something would be done about it. But if action were taken, it would not be such as to destroy men's self respect.

The delegation which Mr. Bennett spoke to represented the Workers' Unity League of Canada, which spokesman stated, had been in operation for a matter of months. A petition setting forth the alleged conditions among the unemployed in Canada and making a "demand" for non-contributory unemployment insurance was presented. Note paper used bore at its head "Workers' Unity League of Canada, Canadian section, Red International of Labor unions."

The Prime Minister refused with emphasis to listen to any reflections on the judiciary of Canada offered by spokesmen of the delegation. "You cannot come to the Prime Minister and ask him to do the work of the judiciary," he told one of the speakers, who had expressed the belief that the courts could not be trusted. "This Government will use every energy in the power of the people of Canada to preserve law and order, and to the use of the word 'demand' to the general tenor of a 'petition' which the delegation presented claiming that it represented the views of 100,000 unemployed in Canada."

At the outset, Premier Bennett asked for the names of the delegates present and the countries of their

BRITISH TRADE MISSION SAILS ON SATURDAY

British Industrialists Plan to Co-operate With Canadian Manufacturers in Ascertaining Which of Canada's Requirements Can Best Be Supplied

LONDON, April 16.—The small but important trade mission to Canada will sail for Quebec on Saturday. The mission consists of Sir James Lithgow, president of the Federation of British Industries; Sir Arthur Duckman, deputy president, and Moir Mackenzie. The underlying object is to co-operate with Canadian manufacturers in ascertaining which of Canada's requirements can best be supplied by British manufacturers. "Co-operation, not competition," might be called the slogan.

The mission will afterwards carry out a programme of meetings at Montreal and Toronto, and before leaving Canada will again visit Ottawa to report to the Prime Minister the general trend of their conclusions.

PREMIER ABSOLUTELY REFUSES TO INTRODUCE DOLE FOR CANADIANS

Demands of Communist Workers' Organization Quickly Rejected by Prime Minister—Delegate Censured for Attack on Judiciary—Dole Characterized as a Direct Invitation to Idleness.

OTTAWA, April 16.—As long as the Conservative Party, led by Rt. Hon. R. B. Bennett, is in power in Canada, no system of non-contributory state unemployment insurance will be introduced, nor will any government of which he was a member bring in any such measure. DECLARES EXILE ONLY TO AVOID BLOODSHED

MARSEILLES, France, April 16.—"Believe me it takes more courage to act as I have than to charge at the head of a squadron," Alfonso sold the Havas News Agency correspondent today before entraining for Paris.

The king reiterated what the Duke of Miranda said earlier, declaring that his exile only was provisional and was decided on to avoid bloodshed. His final decision would be made after the June elections, he said.

PLANT THIRTY THOUSAND APPLE TREES IN QUEBEC

Quebec Department of Agriculture to Continue Tree-Planting Policy of Former Years.

QUEBEC, April 16.—Announcement was made at the Department of Agriculture yesterday that during the next three weeks 35,000 young apple trees will be planted in various parts of the province. During the past few years the department has carried on the development of fruit culture on a large scale, having planted 65,000 apple trees during 1930. The trees that are to be set in the ground shortly are chiefly McIntosh, Melba and Fameuse varieties.

ALL MILITIA SUMMER CAMPS HAVE BEEN CANCELLED FOR THIS YEAR

Department of National Defence Today Made Announcement of Closing of Camps in View of Cut in Estimates—Last Year Some 35,000 Trained—Schools for Officers and Non-Commissioned Officers Will Be Concentrated On.

OTTAWA, April 16.—All the summer training camps for units of the non-permanent active militia of Canada have been cancelled for this year, in view of the cut in the estimates, it was announced from the Department of National Defence today. Last year some 35,000 militiamen were trained at these camps for a period of ten or twelve days.

The principal camps in which the militia were trained in the past were located at Aldershot, N.S., Sussex, N.B., Valcartier, Que., Levis, Que. and St. Johns Que., Barriefield, Ont., Petawawa, Ont., Niagara, Ont., Camp Hughes, Man., Dundern, Sask., Sarcee, Alta., and also for British Columbia. In addition there were a few local camps.

City units and those in rural districts which have local headquarters suitable for such purposes will be provided with funds for four or five days' training. Schools for officers and non-commissioned officers will be concentrated on.

The usual training camps for the permanent force will be continued. The statement issued by the Department today follows:

"In accordance to the estimates submitted to Parliament the amount available for the non-permanent active militia for the current year will be \$1,606,000.00 in comparison with \$2,234,500.00 provided last year. In consequence great economies will have to be effected in training."

"It is therefore proposed not to hold any artillery practice camps, district, central or other camps, or district camps, but to concentrate attention on individual school training of officers, N.C.O.'s and specialists, as it is most essential that this form of training should be retained in order that there may be no interruption in the qualification of officers and other ranks, and the standard of military education should be maintained and to prevent administrative difficulties due to not having qualified personnel available to fill vacancies."

"The instruction above referred to includes the militia staff course, small arm school, signal school at Camp Borden, R.C. long course and all Royal and provisional schools."

"The balance of the funds, after providing for the above, will be used for training at local headquarters only in order that the units may have some opportunity of maintaining their organizations. The funds available will permit of training corps which are localized in the cities for approximately five days and such other corps as can train with advantage at local headquarters for about four days."

LONDON, April 16.—A request from "Tim" Healy, first Governor of the Irish Free State, was held in Westminster Cathedral today.

FAIR TODAY AND FRIDAY
Pressure continues high over the greater part of Eastern Canada and the Atlantic States, also over the major portion of the Western States, while areas of low pressure are centred over Northern Manitoba and Newfoundland. Snowfalls have occurred in the Eastern Maritime provinces. Elsewhere the weather has been for the most part fair, with above normal temperature from the St. Lawrence Valley westward.

STRAIN OF PAST FOUR DAYS HAS HAD EFFECT ON QUEEN VICTORIA

Sad Faced and Tearful, Spain's Unhappy Queen Was Today Confined to Her Room in a Paris Hotel—Reported to Be in State of Virtual Prostration—All Members of Royal Family Appeared Tired and Troubled—Both Alfonso and His Queen Emphatic in Declaration that He Has Not Abdicated.

PARIS, April 16.—Spain's King and Queen, driven from their Throne at Madrid in a movement which has culminated in establishment of a Spanish Republic, today found as asylum in France.

Sad faced and tearful, Queen Victoria, who left an English home to become the bride of Alfonso's youth, reached Paris with five of their children this forenoon. She retired to a hotel apartment where she was said later to be in a state of virtual prostration as a consequence of the strain of the past four days.

She shut herself up in her bedroom and would see no one upon her doctors' advice that she must have absolute rest and quiet until tonight, when Alfonso is expected here from Marseilles where he landed from aboard the cruiser Principe Alfonso at dawn today.

With Alfonso's arrival, a few minutes before midnight, the entire Spanish Royal Family will be gathered in Paris with the exception of the third son, the Infante Don Juan, who went to Gibraltar from Cadiz yesterday and may remain there a day or so.

Both King and Queen from the moment they reached France made emphatic declaration that Alfonso did not abdicate his throne or renounce the royal line, but merely suspended the Royal prerogative until such time as he decides whether the people want him or wish to cast him aside.

"The King has not abdicated. He has not even passed over his powers. He has merely left his country," Victoria insisted to newspapermen who journeyed with her from Hendaye on the frontier, to Paris.

A similar declaration was made at Marseilles by the King's spokesman, the Duke of Miranda, Chief of the Royal Household, who declared "His Majesty has retained all his rights. He has merely abandoned power in order to avoid trouble or even civil war."

"King Alfonso awaits the forthcoming elections in June to settle the fate of the country. He will remain aloof until the people have decided the form of Government they wish, and then will abide by their decision."

It was a grief stricken Queen, who could hardly believe what had happened to them, whom the train from Hendaye brought to Paris, but it was a nervous, irritable King who came to Marseilles aboard the cruiser Principe Alfonso.

He answered newspapermen who asked for an interview shortly after his landing at Marseilles with a firm "Laissez Moi." "Leave me alone." His face was drawn with fatigue and when he went upstairs to his hotel room he told the porter three times to be sure to take good care of his baggage.

Before he left the Principe Alfonso, which was anchored in Marseilles roads at dawn, Alfonso participated in what may be his last formal ceremonial as King. The crew of the ship lined up at the rails and he inspected them, and then shaking hands with the officers, stepped into the launch which took him to shore.

The Duke of Miranda, speaking for His Majesty, said that he would join the King and his children in Paris and make their residence there. No decision will be made on whether eventually to go to England until later.

One of the tragedies of the Spanish Royal House lies in the physical incapacities of two of the children, the Prince of Asturias, heir to the Throne, who is a hemophiliac, and the Infante Don Jaime, second son, who is a deaf mute.

Don Jaime was at his mother's side during the ordeal of welcome at Paris, nodding the thanks which he could not speak. The Prince of Asturias, his face white and almost bloodless, was carried in a stretcher from the train to a waiting car which took him to the Hotel Maurice, where he has a room adjoining his mother's quarters.

Both the Infantas, Beatriz and Cristina, appeared to have been crying. The face of the Infante Don Gonzalo, youngest of the four sons, alone was immobile and expressionless.

"It was horrible, too horrible," Queen Victoria said repeatedly. "They would have killed us. If the King had resisted they would have cut our throats."

The Queen said that the Spanish people "don't understand that they have been duped by Communists who are the real agitators of the revolution."

The Queen and the Royal Family have taken an entire floor of the Hotel Maurice, with twenty-eight rooms and thirty-three persons to (Continued on Page 11.)

LIFE INSURANCE SALES SHOW A SLIGHT INCREASE
March Sales of Ordinary Life Policies Exceeded Five-Year Average by \$1,500,000.

TORONTO, Ont., April 16.—Sales of ordinary life insurance in Canada in March as reported by Life Insurance Sales Research Bureau amounted to \$46,945,000, as compared with an average for the past five years of \$45,584,000. Ontario and Quebec sales were substantially over the five year average, but declines took place in all other provinces. By provinces the sales were as follows: Alberta \$2,277,000; British Columbia \$2,853,000; Manitoba \$2,751,000; New Brunswick \$925,000; Nova Scotia \$1,200,000; Ontario \$19,547,000; Prince Edward Island \$116,000; Quebec \$15,228,000; Saskatchewan \$1,717,000 and in Newfoundland \$251,000.

AYER'S CLIFF MISSIONARY SOCIETY MET

Annual Easter Thank-Offering
Meeting and Tea Well Attended
— Social and Personal
Items.

AYER'S CLIFF, Que., April 16.—The annual Easter thank-offering meeting and tea of the Women's Missionary Society of the United Church was held on Monday in the Vestry. A large number of ladies were present for the session, which was presided over by the president, Mrs. E. P. Lyon. A short business meeting was held and followed by a programme arranged by Group 3, of the Society, whose convener was Mrs. W. H. Rexford. In place of the usual Scripture reading, the Easter story was told in simple yet forceful language by Mrs. Rexford. Miss Doris Thomas contributed a solo, "Alleluia," and the address was given by Mrs. F. A. Johnston, president of the Presbyterian. Mrs. Johnston spoke on the subject of thank-offering, saying that it should consist of "prayer," whose results are far-reaching; of "praise" which may be translated into gifts; and of "service" which embraces daily opportunities.

At the close of the address, Mrs. Lyon read a prayer-poem entitled, "An Easter House," and called for the thank-offering. This was received by the Misses Joyce Thomas and Joyce Rexford in pretty yellow-and-white baskets, which they held standing on either side of Mrs. Johnston as she dedicated the offering in song. Mrs. Berwick closed this part of the afternoon with prayer, and a pleasant social hour was spent, when a salad tea was served by the ladies of group 3, assisted by the members of the Mission Circle. Table decorations were in yellow and white in seasonal designs, as were also the decorations of a candy booth which was in charge of the Mission Circle.

General Notes
Mr. and Mrs. Albert Tyler, of Glover, Vt., were in town on Monday, April 16, to attend the funeral of his mother, Mrs. S. Tyler. Friends of Mrs. S. Clara Tyler will be sorry to learn of her sudden death, which occurred at the home of her granddaughter, Mrs. Eugene Markwell with whom she had been spending the winter months. Mrs. Tyler spent most of her younger days in the place and vicinity. Funeral service was held in Benah United Church, Rev. W. H. Thomas officiating.

Mr. H. Lynch's recent article in the Record's Annual Review on the value of old documents is recalled.

In it are the records of all small cases brought before the court for judgment, with inaugural notes of bailiffs, witnesses, court fees, etc. These are all in the handwriting of Elijah H. BURGESS BEDTIME STORIES

THE YELLOW WINGS GO TO WORK

Though humble be the home you build,
You'll find it is with treasure filled.
—Yellow Wing the Flicker.

The Yellow Wings were called silly and foolish and absurd and crazy by their neighbors in the Old Orchard and didn't mind it in the least. It was all because of their funny antics in their love-making. They didn't mind being laughed at and made fun of because they didn't even know that there were any neighbors around. They had eyes only for each other. They just didn't see other folks. That is because they were very much in love with each other.

But life is for something besides love-making, and one morning, even before they started out to look for breakfast, Mrs. Yellow Wing declared that it was time to put an end to all nonsense. "Right after

breakfast we'll go house hunting," declared she. "I love to have you pay me attention, my dear, but we have work to do. It is high time we were starting a home. We ought to be housekeeping this very minute."

"I guess you are right," replied Yellow Wing rather regretfully. "Of course you are right, you are always right," he hastened to add. "Where shall we look? There are a couple of houses we have used before, one of which might do again. In that case we can get to housekeeping right away."

Mrs. Yellow Wing shook her head. "I want a new house," said she. "Of course, we will look at those old houses, but I'm sure they will not do. I want nice, bright new walls around me and a bed of nice new chips. I want the best house we've ever had."

"Of course you shall have it if you want it," declared Yellow Wing gallantly, and made her a deep bow. Mrs. Yellow Wing didn't return it as she would have the day before. She merely spread her wings and started out to look for breakfast. Of course, Yellow Wing followed her and for a while they were busy catching ants.

Breakfast over, Mrs. Yellow Wing led the way straight to their last year's home. It was in a hollow in the trunk of an apple tree in the Old Orchard. Curiously enough they hadn't looked at it since their return from the Sunny South.

"It looks good to me," said Yellow Wing, as he alighted beside her just below the doorway. "I always was fond of this home."

Mrs. Yellow Wing thrust her head in the doorway, to be greeted by a hiss that sent her tumbling backward so that it was only by the quick use of her wings that she

saved herself from a fall to the ground. She flew to the next tree, Yellow Wing following and anxiously asking what was the matter. "Matter enough!" exclaimed Mrs. Yellow Wing indignantly. "Mrs. Spooky and the creetch Owl are in there, and I do believe she is sitting on eggs. The nerve of her to take our house!"

"Well, my dear, you know it was empty and any one has a right to an empty house," said Yellow Wing mildly.

"That doesn't make a bit of difference," sputtered Mrs. Yellow Wing. "That was our house, and she certainly has her nerve with her to be using it and actually acting as if we have no business to so much as look in. Well, that settles things so far as that house is concerned. Come on."

She flew over to the edge of the Green Forest to the very tree where Yellow Wing had been drumming this spring. In it was a hollow in which they had once nested. In fact, they had cut out that hollow themselves.

"It is of no use for you to look there," cried Yellow Wing as he caught up with her. "Chatterer the Red Squirrel is living there."

"All right, let him," snapped Mrs. Yellow Wing. "I told you I want a new house, so we'll waste no more time looking at old ones. I know just what I want and where I want it. You follow me and say no more about old houses!"

Yellow Wing nodded as ordered. She led the way to a big telephone pole beside the road almost in front of Farmer Brown's house. About a third of the way up she stopped. "There is a soft spot here," said she. "We'll get to work at once." She began to peck out little chips. Yellow Wing said nothing, but when she stopped to rest he took her place and went to work with a will.

YOUR WASH LOOKS MUCH WHITER LATELY, DEAR—HAVE YOU CHANGED YOUR LAUNDRESS?

NO, BUT I'VE CHANGED LAUNDRY SOAPS, MOTHER

RINSO'S WONDERFUL, MA'AM. ITS RICH, SOAPY SUDS SOAK THE DIRT RIGHT OUT, CLOTHES DON'T NEED TO BE SCRUBBED—SO THEY LAST MUCH LONGER.

AND

"A little goes so far!" says Mrs. Rose Henrici

"No more scrubbing, no more red hands for me on washday! I use Rinso now. With Rinso I get whiter, brighter clothes than ever—just by soaking! Easier on the clothes—and on me. And what a saving!—a little Rinso goes so far, even in the hard water we have here. Its suds are creamy and lasting. No need for a softener now! I use Rinso for dishes and for cleaning all through the house."

MRS. ROSE HENRICI

Safe—and so economical!

Rinso is safe for the finest cottons and linens. It keeps colours from being scrubbed out. Economical, too—gives twice as much suds, cup for cup, as lightweight, puffed-up soaps. No softener needed.

Like magic in washers, too! The makers of 39 famous washers recommend Rinso. Get the BIG package. Try Rinso for dishes, for all cleaning.

DEATH OF MRS. J. MORGAN

The death of Mrs. J. Morgan, of this city, occurred on Wednesday afternoon, April 8, at the home of her son, Mr. J. H. Morgan, Sun Life Building, with whom she had lived for the past twenty-three years.

The funeral was held in Lord's Chapel, the service being conducted by Rev. W. S. Lennon. The favorite hymns of the deceased were sung by Messrs. Soles and Harvard, Miss Lennon and Mrs. Parsons, all of Trinity Church Choir.

The bearers were Messrs. T. Longhead, J. H. Wilson, W. Killen and C. Hatch.

The floral offerings were many and beautiful, testimony of the love and esteem in which the deceased was held by all who knew her.

EXPANDS BUSINESS

The Canadian Gypsum Company, Limited, at 1221 Bay street, Toronto, announces the purchase of property at Willow Grove, Ontario, south of Hamilton, where a new vein of rich, massive Gypsum has been located for the manufacture of Red Top Plasters, Gypsum Insulation, Sheet-rock Wallboards, Rocklath and Gypsum Tile.

The Canadian Gypsum Company, Limited, was incorporated in 1907 at Windsor, Nova Scotia. In 1925, they purchased the plants of the J.B. King Company, operating at Windsor, Digby and Hillsboro.

In September, 1930, the Company

purchased the plants of the Albert Manufacturing Company, Hillsboro, New Brunswick.

In March of this year the Gypsum Company purchased the plant of the Standard White Lime Company at Guelph, Ontario.

Warehouses have been opened in some of the principal marketing centres.

The Canadian Gypsum Company, Limited, has opened district offices at Windsor, N.S., Montreal and Toronto and has made a large increase in their sales organization.

MESSAGE FROM REV. MR. CORDNER TO SHERBROOKE FRIENDS

Mr. and Mrs. A. C. Campbell, of Lennoxville, former parishioners of Rev. Mr. Cordner, lately pastor of St. Andrew's Church, Sherbrooke, have received a letter from Mr. Cordner, in which he sends a message of greeting and remembrance to his friends in Sherbrooke. He is now pastor of Clifton Church, Belfast, Ireland, and his success in his new field of labor is illustrated by the fact that its membership and the number of its communicants has increased by over one hundred since he began his work there. Through the kindness of his people, Mr. Cordner was about to leave on a vacation trip at the time of his writing.

PARKING SPACES BEING OUTLINED

With a notable increase in city traffic, Chief of Police H. C. Campbell has authorized that the parking spaces allotted on certain streets be painted.

The traffic conditions along Dufferin Avenue have greatly improved, states the Chief, since motorists have stopped parking their cars between the Bank of Commerce and Montreal street.

Wark's Jewellery and Bijouterie to Be Cleared Out and Moved to a New Location.

F. E. Wark Jewellery shop will be moved on the first of May to the McManamy & Walsh block at 72 Wellington street north.

"It is a petite store, but we intend that it shall have the distinct atmosphere of the 'maison bijouterie' as they say in Paris," said F. E. Wark.

"For the next two weeks we shall have a complete clearance sale of all our jewellery and gift things."

"For instance I shall have birthday watches for ladies, dainty wrist watches worth \$10 for \$5.50. Some genuine leather hand bags worth \$4 for \$1.19, and men's pocket watches worth \$20 for \$11.95."

"It is not my purpose to relate the numberless bargain prices, but I can assure my customers that they will both save and gain in looking a wee bit ahead for their own personal and their gift requirements. For a 'bridge party' the saving on prices will be quite a consideration. "When we move across the way, and nearer the scenic Magog we shall have much to tell of our art display."

troop who were home for the Easter holidays, namely Howard Atwood and Elton Pounder. The latter completed his first class badge at the meeting.

A hike was held on Saturday, April 4th, to Nicolet River, where material was collected to make up the log cabins for their patrol corners.

The following badges were passed recently: Horseshoe and Farmer's, P.L. George Flack.

A "sugaring-off" party was held on April 11th at Mr. Messenger's farm, which was enjoyed by the Cubs and Scouts.

The monthly meeting of the troop committee was held on April 7 at scout headquarters with an unusually good attendance. Mr. E. L. Moulblow was appointed secretary. A special committee was appointed to look into the question of camp, to report at the next meeting. It was decided to hold a dance in May to raise funds for the camp. Mr. Moulblow will be chairman of the dance committee.

MYSTIC

The second meeting of the Bedford Mystic W. M. S. was held in the Community Hall, Mystic, on Thursday afternoon, April 9, 1931, with the president, Mrs. Baron, in the chair. The beautiful W. M. E. Easter service was used and a study period on temperance was given by six of the members. Letters of congratulation were read and a short business meeting was followed by a very enjoyable tea hour. Two new members were added to the roll.

Auto Runs 59 Miles On Gallon Of Gas

Automobile engineers who worked for years in an effort to reduce gasoline consumption have found the solution in a marvelous invention that fits all cars. An actual test made by one of the engineers showed 59 miles in a gallon of gas. Thousands of car owners have already installed this new invention. They not only report amazing gas savings but are also surprised to find quicker pickup, instant starting, smoother running motors and more power. The Whirlwind Mfg. Co., Dept. 195-S, Station C, Milwaukee, Wis., for a limited time is offering a free device to those who will help introduce it. They also need men everywhere to make up to \$100 weekly in their own territory taking care of local business. Write them at once for free sample and big money making offer.—Adv.

PREPARING FOR WORK ON LOCAL CONCRETE ROAD

Stripping Stone Quarries and Sand Pits in Readiness for Construction of Highway Between Sherbrooke and Derby Line.

Gangs of men are now busy around Burrough's Falls, stripping the stone quarries and the sand pits in preparation for the construction of the new highway between Sherbrooke and Derby Line. It is expected by officials of the Eastern Townships Paving and Contracting Company that concrete will be poured around the fifteenth of May.

Work will be started at this end of the road, it was announced, about two miles south of Waterville. The highway will be twenty feet wide on the straight stretches, and twenty-two feet wide on the curves. A shoulder of solid stone gravel will be built three and a half feet on both sides, thereby forming a road graded with a safe and comfortable width. It will be constructed of cement, seven inches thick in the centre and nine inches deep on the edges.

With the early fine weather the contractors hope that it will be possible to start work sooner than at first expected. Care has to be taken, however, that the concrete is not poured before the frost is out of the ground.

ANOTHER STORE TO BE CLEANED OUT

The Miller Men's Wear Shop on King Street to Be Closed Out of All Stock and Cleaned Up as Soon as Possible.

The National Sales Company have bought the store and stock of the M. L. Miller Company at 116 King street west, and they are disposing of men's suits, women's wear and boys' boots and shoes, regardless of the original prices. Boys' school boots are being offered as low as \$1 a pair.

The Sales Company admit that the stock is not what might be termed a high-class or high-priced one, but it is good honest merchandise suited to the times which call for economy, and the prices at which they are selling is far below the original makers' cost.

The manager in charge of the store for the National Sales Company says that they do not intend to continue the store, but will liquidate every article within it in as short a time as possible, and that he will make clearance prices do it.

Old Dutch Cleanser
does all your cleaning

B.E.Q.

BETTER—because Old Dutch doesn't
scratch; contains no grit; protects smooth
and beautiful surfaces. Better because Old
Dutch cleans hygienically; takes the invisible
impurities with the visible dirt, assuring Health-
ful Cleanliness.

EASIER—because of the unequalled
efficiency of Old Dutch, your cleaning is
done with less time and effort; it is surprising
how much a little Old Dutch will do.

QUICKER—because Old Dutch removes
all dirt, grease and grime with a quick,
clean, smooth sweep. Old Dutch will help you
make short order of the difficult cleaning task.

SEMINARY HEAD HONORED BY AN ENTERTAINMENT

Students of St. Charles Seminary
Staged Five-Act Play to Cele-
brate Feast of Rev. Father
Victor Vincent—Large Crowd
Attended Performance.

The magnificent lighted crucifix
which graces the top of St. Charles
Seminary last evening cast a halo
of welcome to the many parents
and friends of the teachers and stu-
dents that wended their way to the
college auditorium in honor of the
feast of the superior, Rev. Father
Victor Vincent. The spacious stu-
dents' hall was filled to capacity
and the standing room was amply
used when the guest-of-honor, Rev.
Father Vincent, accompanied by
Monseigneur Emile Vincent, His
Worship Mayor and Mrs. Skinner
and Judge J. H. H. made their way
into the hall to the applause of the
student body and audience.

A five-act Christian tragedy,
"Polyeucte," was the drama staged
by members of the Seminary Dram-
atic Society. Rev. Father Leonard
St. Laurent was responsible for the
training of the members of the cast,
and the splendid efforts he ex-
pended towards making the play a
success were reflected in the cred-
itable manner in which the various
actors portrayed their roles.

The scene of the play was laid
in Meltene, in the palace of Felix.
A Roman senator who was the gov-
ernor of Armenia. The part of the
governor was in the capable hands
of Rosario Belsie, who, aided by Al-
bin, Barthelemy Durand, provided
some highly interesting dialogues.
Polyeucte, the hero and martyr of
the play, was the son-in-law of the
governor through his marriage with
the beautiful Pauline, and had wed-
ded the fair lady to further the am-
bitions of her father, Felix. Roger
Maltais did nobly in depicting Poly-
eucte, while a genuine feminine
touch was injected into the play by
Yves Tourigny in the part of Paul-
ine.

Pauline's Roman lover, Severus,
was the difficult role in the hands
of Eugene Vachon, who depicted
the sorrow he felt at hearing of the
marriage of Pauline in veteran-
like style. Omer Brochu was seen to
advantage in Nearque, a Roman
knight and Severus's close friend.
The other feminine part in the play
was played by Maurice Fontaine,
whose gentle manners elevated the
part of Stratonice, Pauline's friend
and adviser, to a high level. Minor
roles were well portrayed by Ar-
mand Fortin as Fabian, a servant
in Severus's house; Paul Paradis as
Cleon, a servant in the governor's
home; and Rene Caouette and Geor-
ges St. Denis, two guards attached
to the governor's court.

Musical selections were contrib-
uted by the orchestra and choir.
Under the direction of Professor
A. S. Bouverault, the band rendered
the march, "Invercauld" (Alec
P. Lithgow) and the overture "En-
couragement" (E. Boettger) before
the opening act, while a well bal-
anced choir, under the baton of
Rev. Father Maurice O'Bready,
gave a splendid rendition of "The
Pirates" (Felix Godfrid) after the
first scene. At the second inter-
mission, the orchestra played the beau-
tiful "Egyptian Ballet" by A. Lui-
gini, while the final entr'acte sel-
ection was a violin solo executed
by Jean Marc Badard, "Concerto
in D" (Friedrich Schütz). As an en-
core Mr. Badard obliged with "Vic-
tor Herbert's "Mystery of Life." His
Joseph Henri Lemay.

At a meeting of the Sherbrooke
Chamber of Commerce, held last
evening in the City Hall, Mr. George
Ewing, manager of the Dufferin
avenue branch of the Canadian
Bank of Commerce, was elected
president of the board, succeeding
Mr. H. V. Haight, who, owing to
the fact that he is leaving Sher-
brooke shortly, resigned from that
position.

Although Mr. Haight was pres-
ident for only a few months, he has
rendered valuable assistance, and it
was with regret that his resigna-
tion was accepted several days ago.

During last evening's meeting a
number of important matters were
considered. One of these was the
suggestion to have maps of the city
issued so that tourists coming here
would have all possible information
regarding Sherbrooke. The meeting
also went on record as being highly
pleased with the manner in which
the municipal road department had
cleaned the city streets this spring.

Mr. Haight reported that he had
prepared a series of articles on the
city's water supply. The first of
these has already appeared in the
Sherbrooke Record, and others
would follow in due course. There
was a discussion on the filtration
question, and the announcement
was made that Mr. C. J. DesBail-
lets, engineer of the Montreal Wa-
ter Works, would be in Sherbrooke
early in May to address a public
meeting on the subject.

There was also some mention
made of the proposal for a public
bathtub, but this matter was re-
ferred to the Civic Improvement

SOCIAL AND PERSONAL

Mr. F. J. McKenna and Miss
Eileen McKenna, London street, are
spending a week in Quebec.

Miss Florence Brooks, who has
been visiting friends in Cookshire, is
spending a few days in Sherbrooke,
the guest of Mrs. Hanson Greene,
Dufferin avenue, before returning
to her home in Montreal.

Mr. Howard Johnson, of Ames-
bury, Mass., was a guest of his bro-
ther, Mr. Henry Johnson, in Len-
noxville, over the week-end, on his
way home from attending the funeral
of his brother, Mr. Frank John-
son, of Cornwall, Ont.

Mrs. G. E. Hyndman, Portland
avenue, returned last evening from
Atlantic City, where a most en-
joyable two week's holiday was
spent. Mrs. Hyndman also stayed
over for several days in Montreal
en route for home.

The following delegates, who
were in Sherbrooke to attend the
fourteenth annual meeting of the
Quebec Provincial Society of the
Presbyterian Women's Missionary
Society, guests at the Young Women's
Christian Association, "How-
ard's Residence," Moore street, have
returned to their respective homes
in Montreal: Mrs. I. C. Sharp, Mrs.
W. E. Baker, Mrs. W. Atkinson,
Mrs. Alice F. Reid, Mrs. A. D. Mac-
Intyre and Mrs. M. M. Gilles.

Mrs. F. W. O'Dell and Mrs. M. E.
Jarvis were the tea hostesses at St.
Peter's Guild meeting yesterday
afternoon. There was an unusually
large attendance of members and
guests, who were cordially received
by Mrs. G. S. Thomson, president
of the Guild. Quantities of daf-
fodil sweet hangings of spring,
centered the tea table, presided over
by Mrs. David Wilson. Prior to the
tea the regular weekly meeting of
the Guild took place, when plans
were made for a card party to be
held in the near future.

A very successful card party was
given under the auspices of the 53rd
Regiment Chapter of the Imperial
Order of the Daughters of the Em-
pire at the home of Mrs. T. E. Hall,
London street last evening. The
guests were received by the regent,
Mrs. T. A. Loughhead, and the host-
esses. The ladies' prizes were won
by Mrs. F. Jackson, Mrs. W. Davis
and Mrs. I. F. Fuller, while Mr. H.
Walker, Mr. C. Hatch and Mr. A.
Poole were the successful gentle-
men players. At the conclusion of
the game dainty refreshments were
served by members of the Chapter,
bringing a pleasant social evening
to a close.

Mrs. R. I. Dean entertained the
members of the Ladies' Circle of
Trinity United Church at her home
on Moore street on Tuesday even-
ing. The president, Mrs. E. A. Tom-
kins, occupied the chair, and there
was a large attendance. The com-
mittee in charge of arrangements
for the concert by His Majesty's
Chapel Savoy choir boys, recently
given in Trinity Church reported
that the event was a great success.
During the business session many
matters were discussed and of plans
made for a salad tea to take place
early next month in the tea room.
After the meeting a pleasant social
hour was enjoyed and dainty re-
freshments served by the hostess,
with Mrs. A. Clark and Miss
Evelyn Bradley assisting.

In honor of the Graduating Class
of 1931 the Sherbrooke Hospital
Alumnae Association entertained
last evening at a charmingly ar-
ranged dinner in the private dining
room at the Magog House. The
beautiful decorations in the hos-
pital's colors of purple and gold
were artistically carried out with
purple stocks and golden tulips,
while, tapers, place cards and hand
decorated programmes were also
of the same rich coloring. Covers
were laid for forty, with Mrs. Guy
Bryant, president of the Alumnae,
presiding. After the toast to the
King had been honored, Mrs. Bry-
ant gave the address of welcome to
"Our Guests." The toast to the
"Governors of the Hospital" was
cleverly proposed by Miss Alice Lys-
ter, while Miss Alfreda Deardon
toasted "The Doctors." The "Grad-
uating Class," proposed in a happy
vein by Miss Mildred Baldwin, was
ably responded to by Miss Margaret
Gelinias, and the closing toast to
absent members was feelingly dealt
with by Miss Kathleen Hatch. Dur-
ing the dinner hour exquisite
piano solos by Miss D. Hatchet
greatly enhanced the enjoyment of
the guests. The cancellation of the
other musical number on the pro-
gramme, a song by Miss Rita Ross,
with Miss Evelyn Warren as accom-
panist, as the former was called on
duty, was regretted by all. A vote
of thanks to all who had contrib-
uted to the programme was proposed
by Mrs. W. Davey and unanimously
approved. The annual dinner is
ever eagerly anticipated by mem-
bers of the Alumnae, who spare no
effort to make the event a mem-
orable and happy one for the gradu-
ates. Last evening the attendance
was unusually large and the gather-
ing of nurses with those who are
just entering upon their life of ser-
vice recorded that splendid spirit
of comradeship which means so much
to the graduates and links the nurses
again with their hospital life.

Following the dinner, Mrs. Bryant
entertained the party at bridge at
her home on Walton avenue, when
prizes were won by Miss Alice
Lyster and Miss Helen Buck.

Committee for study. Last even-
ing's meeting was held under the
presidency of Mr. H. V. Haight.

OUT OF THE MOUTHS OF
BABES

Peter, (aged seven at cinema) —
But I thought comedies were meant
to be funny.

John (aged twelve) — Yes, but this
is a super-comedy. That means it's
above being funny.

The final dance of the series ar-
ranged by the Sherbrooke Regiment
Baminton Club will take place to-
morrow evening in the Masonic
Temple. An entirely new scheme of
decoration will add to the attraction
of the closing social event sponsored
by the club at the conclusion of
the most successful season in its
history.

There was a good attendance
at the meeting of the Anglican
Young People's Association of St.
Peter's Church. The meeting was
opened by Rev. R. Rowcliffe, and
the usual business routine was car-
ried out. Following the short us-
ing period, games and dancing
were enjoyed by the members, and
later refreshments were served,
bringing a pleasant evening to a
close.

St. Andrew's Auxiliary met yester-
day afternoon in the church hall
with the president, Mrs. C. A. Tur-
ner, in the chair. Final arrange-
ments were made for the dolly tea
and food sale, after which after-
noon tea was served. Snappers,
combined with ferns, centered the
tea table, over which Mrs. J. Saw-
yer presided. The hostesses were
Mrs. M. MacDonald and Mrs. W. R.
Bell. Mrs. V. Mayhew and Mrs.
A. Jobel assisted in serving.

The Kayser Girls' Auxiliary held
their monthly business meeting at
the MacKinnon Memorial Building
last evening. The meeting was
opened by the president, Miss Pen-
nington, and the secretary's and
treasurer's reports for the past
year were read. A few business
matters were discussed, after which
re-election of officers took place.
Miss Stoddard was elected presi-
dent; Miss Pennington, treasurer,
and Miss Branson, secretary. The
board of directors is as follows:
Misses Y. LaFleur, L. LaFleur, B.
Cutter, L. Gillam, J. Gagnon, C.
Gagnon, L. Sweeney and M. Mack-
inn. Miss L. Sweeney was appointed
refreshment convener.

In honor of Mr. Decoteau's birth-
day, a very enjoyable card party
was given last evening at the home
of Mr. and Mrs. Russell Decoteau.
Meadow street. Cards were played
at five tables. The first ladies' prize
being won by Mrs. Henry Hall and
the consolation by Miss Ev. Beaton,
while the first gentlemen's prize
was taken by Mr. Henry Hall and
the consolation went to Mr. Carl
Chilvers. After the card game de-
licious refreshments were served
by the hostess, with Mrs. W. E.
Decoteau and Mrs. R. E. Decoteau
assisting. Before leaving the
guests extended best wishes to Mr.
Decoteau for many happy returns
of the day, and thanked their host
and hostess for their kind hospital-
ity.

LENNOXVILLE

On Tuesday afternoon the Wom-
en's Missionary Society of the Unit-
ed Church, observed a special Easter
service in connection with the
regular missionary meeting. Rev. P.
R. Matthews gave a splendid ad-
dress and a saxophone solo by Miss
Elizabeth Downs, accompanied by
Miss Mina Pergau, was much ap-
preciated. A very fine reading was
given by Mrs. Matthews.

During the business period, which
was conducted by the president,
Mrs. Willard, Mrs. Pergau and Miss
Vaudry were appointed as repre-
sentatives to the Presbytery to be
held in Cowansville in May.

It was decided to pack a bale of
clothing to be sent to Rev. Nor-
man McLeod to be distributed
among needy families. Mrs. Bas-
sett, Miss Scott and Miss Johnston
were appointed to take charge of
this matter. The meeting closed with
a prayer by Rev. Mr. Matthews.

CATHOLIC WOMEN'S LEAGUE HELD MEETING.

Members of the Catholic Women's
League held their annual meeting
on Tuesday evening at the home of
Mrs. Brooks, Prospect street, with
Mrs. Guhan in the chair and Miss
A. Barry acting as secretary in the
absence of Miss N. Arguin.

The minutes of the previous meet-
ing were adopted, and letters of
thanks from sick members for visits
and flowers read. A donation was
voted for the V.O.N., and a sum of
money set aside for prizes in each
grade of St. Anthony's school.

Financial assistance was voted
for the National Scholarship Fund,
and Sisters of Service.

Owing to the absence of the secre-
tary, the annual report of activities
was left over until the May meet-
ing. The treasurer, Mrs. A. Per-
reault, gave an encouraging report
of the year's finances.

Mrs. W. W. Timmons, convener of
the nomination committee, pre-
sented the following slate of officers,
and all were unanimously accepted:
President, Mrs. A. Barry; first vice-
president, Mrs. B. A. Brooks; second
vice-president, Mrs. S. Mahaffy;
third vice-president, Mrs. C. Prince;
secretary, Miss Nora Arguin, and
treasurer, Mrs. A. Perreault.

The newly-elected president ap-
pointed the following assistants:
Councillors, Mrs. Laramee, Mrs.
Prince, Mrs. Lalumiere and Mrs.
Timmons; membership, Miss Quinn
and Mrs. George Desilets; education
and child welfare, Mrs. Martin and
Mrs. Jas. Galvin; programme and
publicity, Mrs. Brooks; social ser-
vice, Miss Barry, Mrs. Belisle and
Mrs. Timmons; magazines, Mrs. S.
Mahaffy; Sisters of Service and
missions, Mrs. Lalumiere and Miss
V. Dundin; religion and extension,
Mrs. E. Dundin and Mrs. Laforest.

A ways and means committee was
also appointed to plan for raising
funds in advance for social service
work. This committee consists of
Miss Quinn, convener, Mrs. Prince,
Mrs. Perreault and Mrs. Walters.
Dainty refreshments were served
by the hostess, assisted by Mrs.
Timmons, Mrs. Laforest, Mrs. E.
Dundin and Mrs. Desilets.

GAVE REVIEW OF PALESTINE WAR CAMPAIGN

Mr. A. J. Livinson Described Dif-
ficulties that Soldiers Had to
Face on Palestinian Front Dur-
ing Great War.

Soldiers in Palestine during the
Great War encountered all the dif-
ficulties of those in France, and
added to these were many additional
tribulations peculiar to warfare
in Palestine, declared Mr.
A. J. Livinson, well-known publicist
and lecturer of Montreal, before
the Sherbrooke Lodge of B'nai
B'rith at the regular meeting at
their lodge room last evening. The
speaker outlined the story of the
war on the Palestinian front, de-
scribing the conditions of the coun-
try, the difficulty of even liv-
ing in the desert, the presence of
tropical diseases to which the men
were not accustomed, and the dan-
gers due to the fact that any object
makes such a noticeable target in
the desert.

Mr. Livinson, who served in this
eventful campaign, displayed a re-
markable knowledge of the facts of
the encounter. His numerous slides
were exceptionally good, showing
as they did photographs of Jewish,
Allied and enemy leaders, maps and
illustrations depicting the condi-
tions of the land in which the fight-
ing took place, interesting buildings
and sites in Palestine and many of
the most eventful scenes of the
war, such as Allenby's entry into
Jerusalem.

Mr. Livinson was thanked for his
fine address by Mr. Louis H. Bern-
stein. Mr. W. P. McVie was also
thanked by Mr. A. D. Smith on be-
half of the Lodge for his kindness
in supplying and operating the
projecting machine for the slides.

The meeting was conducted with
the usual ceremony, with Mr. Jos.
Schwartz in the chair. During the
course of the evening items of busi-
ness were discussed. After the
meeting refreshments were served.

In an interview this morning with
Mr. A. J. Livinson, M.A., chairman
of the citizenship committee of the
Civic Improvement League of
Montreal, the advantages which he
claimed Sherbrooke could obtain
through the creation of a Civic Im-
provement League were outlined.
Mr. Livinson expressed himself as
greatly impressed with the location

of Sherbrooke and its beautiful sur-
roundings, and stated that the or-
ganization of a society similar to
the league in Montreal would en-
hance the city life of this city.

The Montreal League, of which
Dr. Milton L. Hersey is now presi-
dent and Hon. Senator Raoul Dan-
durand, former member of the
League of Nations, is hono-
rary president, was founded in
1908, and consists of sixty local
affiliated organizations. It is a
non-profit and non-partisan associa-
tion rendering service to all citi-
zens. Thoroughly bi-lingual, it ap-
peals to all financial, commercial
and cultural groups of the com-
munity it serves.

"The league," Mr. Livinson said,
"acts as the clearing house for civic
work. It has sixteen standing
committees which deal with all
branches of civic endeavor from
citizenship to social research, pub-
lic health and traffic control. The
chairmen of the various commit-
tees are experts in the lines of en-
deavor to which they are attached."

Recently the pressure of aug-
mented work and the expansion of
endeavor necessitated the associa-
tion obtaining a provincial charter,
and a new line of work was thus
inaugurated.

As an example of the education-
al policy it pursues, Mr. Livinson
cited the Greater Montreal Civic
Photo Show which the league spon-
sored during the winter, when fif-
teen hundred photos of Greater
Montreal were placed on view, to-
gether with a series of economic
and commercial maps of the city.

This display was attended by some
thirteen thousand citizens. Another
example given by the chairman of
the Citizenship Committee was the
series of public lectures presented
in English at McGill University and
in French at L'Ecole Polytechnique
in Montreal last winter, courses
which had been followed by eight
thousand interested citizens. These
free addresses were illustrated by
slides and moving pictures, and
were given by students of various
cities the world over. Among the
cities featured were Glasgow, Scot-
land, Rome, Boston, Buenos Aires,
Ottawa, Hamburg, Marseilles, Gen-
eva and Tokyo. At present the lea-
gue is engaged in a clean-up cam-
paign for the embellishment of
Montreal generally and improve-
ment to the bridge approaches of
the Montreal Harbor and Victoria
bridges.

In all its undertakings Mr. Liv-
inson stated, it is in close co-op-
eration with the City Hall adminis-
tration and with such outstanding bod-
ies as the Montreal Board of
Trade, the Chamber of Commerce,
Royal Automobile Club, Montreal

Planting Board and Province of
Quebec Safety League.

Mr. Livinson did not presume to
indicate what steps should be taken
in Sherbrooke towards the crea-
tion of an Improvement League,
but merely in a general way point-
ed out the advantages which he be-
lieved would accrue if the leading
citizens would get together and
consider the pros and cons of such
an additional association in our
midst. The scope of such a society,
according to the Montreal man, are
very wide, and should appeal to
the younger man who seeks a
broad outlook on the matters of
importance not only to his city but
to his country as well.

In conclusion, Mr. Livinson em-
phasized once more the magnificent
environment which nature had en-
dowed Sherbrooke, and expressed
the sincere wish that everything
would be done to preserve this
priceless heritage.

Hi-Y Club Meeting.
The regular weekly meeting of the
Hi-Y Club will be held on Friday
evening, April 17th, at 6.15 o'clock,
when matters of vital importance
to the club are to be considered.

Sore, Tired Feet

Oh! How good it feels to put your
tired, aching feet in "TIZ" bath!
You can just feel the pain being
drawn out and grateful comfort
being restored.

"TIZ" draws out the acids and
poisons that puff up your feet and
make them tender and sore. It takes
all the soreness out of corns, callu-
ses and strained muscles and makes
tight shoes feel a half size larger.
Get a box of "TIZ" at any drug or
department store and have weeks of
comfort for a few cents.

The mean-minded man is the fellow who thinks the worst of his friend, and therefore he has no friends. To have and to hold friends you must always think the best of them, and seek from their own eyes the truth which the gossip would taint with his warped mind.

NINE YEARS OF SUCCESSIVE CALAMITIES.

Continuous cheery promises by the President of the Canadian National Railway System are usually followed by the cheerless report of another staggering deficit, which report even evades some of the bond interest charges, and the deficit is afterwards swollen in the audited reports.

Sir Henry Thornton in a speech in Quebec said that the system would pay a profit of ten per cent. if there was no capital charge for the cost of the railway. This is a somewhat childish observation, for any business could pay ten per cent. on its repair bills if it could wipe out the capital investment.

It would be a humorous or jocular observation if it were not so serious.

For the consumption of the easy believer Sir Henry says that the Canadian Northern system of the Mackenzie and Mann amateur builders cost the Government but \$10,000,000. He suppresses the hundreds of millions of mortgage bonds sold in New York and London, the proceeds of which went to the building of the railway, and upon which the Government pays millions a year in interest. Sir Henry also thinks he should be able to borrow forty or fifty million each year from the Federal Treasury and not pay interest on his borrowings. The Government should be Sir Henry's Santa Claus, and shed millions each year upon him with smiles and blessings.

In his Quebec speech Sir Henry Thornton admits that under his regime the C. N. R. has expended a further \$371,000,000 in buying and building branch railways, steamships, hotels, ferries, restaurants and radios. Therefore, all other billions spent on the railway should be ignored, and no interest charged the railway on bond interest. Well rid of this total capital investment, and he could pay dividends. That is funny. Yet it's true. "If I never see the Pacific Coast again," I aver that it was said with a serious face.

Sir Henry has asked for time off for another five-year-plan, and he promises a great change for the better.

If the Government would accept our promise to resume paying taxes after another five years, we would not groan so under the taxes we are paying for this murderous experiment in the political operation of a public utility. But such a promise is on a par with Sir Henry's logic. It is "political." The Directors are appointed by and through political influence. The branch lines have been built by and through political pull.

When Sir Henry Thornton took over the Grand Trunk Railway it was as well-equipped first-class railway as there was in America. The staff personnel of the railway was of the best, and much of this is still with him. To call this a second-class railway in order to magnify what has been done is unfair and is cowardly towards that fine old staff of expert railway men. To make claims like that is not the apex of achievement. The President did promote ahead of that staff the chief men in the worst-managed railway in the world, the old Mackenzie and Mann system. They were chosen chiefly because they were believed to possess peculiar power in political swaying.

"Hands off the C. N. R.!" is the shout of the lobbyist who is selling his wares to the C. N. R. What about the burdened worker who is paying the taxes and paying high freight rates, and who is being taxed to the extremity of his ability to pay?

For the sake of and for the security of Canada as a solvent country, let us have some plan to clean up the C. N. R. mess, lest it bankrupt a great Dominion. Too many legislators are frightened by the bogey of public ownership. Surely some men still have courage, and will refuse to play politics on the brink of bankruptcy.

Sell the road for its debts, if there is anyone to buy. Break it up into its original fragments and sell it in detail to real railway men.

ARE THEY STRONG ENOUGH TO COMBAT THE ERRORS?

The incoming of three new members of the City Council and the outgoing of three may tend to strengthen that body and help regain the confidence of the ratepayers.

The Sherbrooke City Council has lost the trust of the people because they have shown distrust in holding secret sessions and in withholding information which rightfully belongs to every taxpayer.

This lost confidence has been a matter of considerable gravity. No official announcement has ever been made even of the unemployment fund. No tale has been told of what has been done, of how many people have been given work, nor what that particular work was.

The filtration plant by-law was defeated because the "stubborn, stiff-necked, and the uncircumcised in heart and ears," had thought in their lack of wisdom that the people did not want to know details.

Several of the older members have exhibited to the people the bigoted, fanatical, self-centered, and arrogant custom of doing what they know they ought to do.

Behind closed doors, and in underground ways these few men, pretending to be leaders of the Council, have shown discourtesy to the citizens. It is to be hoped that the new members

will show the courage and display the ability to restrain these men and to change their attitude.

The women of Sherbrooke are joining in the civic interest which has been aroused, and when the women enter into a campaign for betterment, there will be something better done.

There has been no stated programme of development or of upbuilding the city. The negative and the passive spirit would seem to have brought about a spirit of lassitude.

Civic spirit has been awakened. The people want to hear of better streets, of a street paving programme, of a pure water plan, of the cessation of the secret caucus, and of an apology for that vindictive spirit which has done so much to injure the city's progress.

When a good business man finds that his policy is driving away citizens and customers from his place of business he either changes his plans and policies or sells out. And the public ownership policy which some fanatical interest wish to cram down the throats of any new alderman is one handicap which must be overcome ere some of the nearby towns pass us by in the industrial expansion which must come to Quebec Province by reason of its plenteity of power.

Should we sit still when it has been made so plain that we stand still because of the political ownership of our best constructive force.

Because of our phalanx system of selecting a civic executive we are not like to get the plain-spoken opinion of the property-owners until after the several hundred oncoming branch factories from Britain and the United States have been placed elsewhere.

EDITOR'S NOTE BOOK.

When weak wits in the machinery of Government are allowed to squeak for want of the oil of good sense there is not much sense. Think of 245 members wishing to express themselves with the Speech from the Throne as their text. Forbye we should get on with the country's business.

Employment was given to nearly a quarter million people up to the end of March through the Government unemployment fund. This represented 4,857,000 working days. When the final returns are in the people will know just what percentage of the twenty million dollar fund went into the hands of the actual workers.

There is one good reason why we advocate a tomato juice drink for breakfast, instead of an orange, aside from the health and the fondness one may have for the Canadian garden fruit. We have bought from Cuba as much as \$30,000,000 a year in citrus fruits and sugar cane, and the highest amount they ever bought from us in a given year was \$8,000,000. We were twenty-two millions to the bad. Mix that idea with your delicious tomato juice of a morning.

FRONT WINDOW MUSINGS

A frown has no cash value. Nobody ever got paid for being disagreeable except maybe a traffic cop.

When a man's unhappy, the reason is usually this: He sees only the faults in things he has and only the virtues in things he lacks.

Nero fiddled while Rome burned, but at least he made some music. The Opposition at Quebec did not even sound good.

Conditions improved so rapidly in the last few weeks that some of the better breadlines are now serving toast.

The Swanker: Hagging over a ten-cent overcharge in the grocery bill; paying a dollar a bottle for night-club ginger ale without protest.

Breakfast Room: A little alcove where the family eats three times a day unless there is company.

Hollywood has almost, if not quite, reached the point where movie stars who keep the same husbands or wives for more than a year are suspected of doing it for publicity.

Perhaps we should credit Bobby Jones with another world's record. He's probably the only movie actor in Hollywood with three children by the same wife.

THIS DAY THIRTY YEARS AGO

From the Files of the Sherbrooke Record.

April 16th, 1901.

Students at St. Charles College celebrated the birthday of their Superior, Rev. P. J. A. Lefebvre, with a dramatic and musical entertainment. Mayor Worthington was present to convey the congratulations of the English-speaking residents of Sherbrooke.

"A" Company, 53rd Regiment, under Capt. R. J. Spearling and Lieut. J. C. Robins, held its annual supper. The musical programme contributors: Lt. Col. Lemaire, Color-Sergeant, F. Lier, Privates Wombwell, Staples and Upton and Bandsman Barrie.

A fire in East Sherbrooke destroyed the old building known as the "tore factory," which had been made over into tenements. The property was owned by Mrs. M. A. Montminy.

Dr. Lynch, of Sweetburg, is in town and has decided to locate here to practice his profession.

S. L. Spafford, manager of the Nichols Chemical Company at Capleton, leaves for New York, where he will continue his connection with the same firm. His commodious residence in Lennoxville has been purchased by A. T. Sped.

At the funeral of the late Mrs. Holland, held at St. Peter's Church, the pall bearers were H. A. Elkins, G. H. Bradford, Richard Smith, A. Steele, Joseph Cote and F. P. Buck. (Of the above gentlemen, Mr. Cote is the only one still surviving). The bearers were A. F. Fraser, H. M. Tomlinson, J. A. Wiggert, R. N. Robins, A. H. Anderson and Col. E. B. Worthington.

Mrs. McCrea, of South Durham, is in town to prepare the residence on Bank street, recently purchased by F. N. McCrea, for occupancy by the family, who expect to move here early in May.

PRESS COMMENT

CHEAP WEEK-END FARES ON RAILWAYS

Toronto Mail and Empire.
The drastic cuts in passenger fares on Canadian railways for summer season week-ends takes us back to pre-war conditions. Prior to the great conflict the railways were liberal in making such concessions and also in running cheap excursions to important points and for important events. Their policy was, no doubt, to encourage the habit of railway travel. When an individual in a small village or local township has once visited Toronto or Niagara Falls he is likely to get the habit so far as his means will allow. In this way, the railway's revenue from passenger traffic may be ultimately increased. In any event, the new cuts in week-end fares will prove a boon to people of small incomes, especially in a period of depression such as that through which the country is now passing.

THE TERRORISM OF COMMUNISM

Commercial Bulletin.
If you ask why honest workmen allow themselves to be bossed by a small group of Communists, ask yourself what you would do if put in their place. With yeats, the children in week-end would you prove a Communist and take a chance of having your home and family destroyed, or at least run the chances of being waylaid and beaten, or would you keep out of trouble by staying away from the works until the danger from violence had passed?

There is no doubt that in the early days of the factory system the operatives worked hard for long hours at low wages. These matters have been remedied by legislation, and labor unions have been active to see that their members got at least fair pay under good working conditions.

In the mass of legislation in favour of laborers and labor unions there seems now to be a lack of legislation, or of law enforcement, to protect workmen and other peaceful citizens from Communists who prey on society. They openly defy our laws, and yet are allowed to take advantage of every technicality in these laws in order to escape punishment for their misdeeds.

Are we not too tender hearted in dealing with these foreign ruffians who never do an honest day's work but spend their time fomenting trouble in our industries, harming the welfare of the men whom they are supposed to represent?

Letters to The Editor

"TO THE HON. JOHN"

To The Editor.
Sir:—Would you kindly instruct your Master of Languages that he missed out at least one British adjective having to do with the Animal Kingdom. I rather admired your collection and its comprehensive covering of the many plural words which come to us from our Celtic, Saxon and Norman forbears.

"A wisp of snipe,"
"A flight of teal."
There are two trite descriptions which all use in dear old England when we go a "lunin on the moors" and wish to express ourselves in all the purity of the English language. Yours truly,
A HARRINGTON-HOME SMYTH.

TO ENFORCE SPEED LIMIT RESTRICTION IN VILLAGES

Special Instructions Issued to Traffic Officers, Says Minister of Highways.

QUEBEC, April 15.—The speed at which automobiles may travel through Quebec villages has been fixed at 20 miles an hour, Hon. J. L. Perrault, Minister of Roads, stated yesterday.

The traffic police officers of the department have been sent out with the strictest of orders this season to see that this limit is not exceeded.

"We proceed without pity," said the Minister of Roads, "against drivers who go beyond twenty miles in villages. The speed abuse must stop at any cost, so that children in the highways may be protected. We expect the parents to do their duty by taking every precaution, but while we understand that the parents cannot keep their children on a leash, we expect the motorists to be extra prudent. I repeat," said Hon. Mr. Perrault, "that we intend to act without pity on this point."

FILM TO PROVE DARROW THEORY OF EVOLUTION

For Famous Attorney, Notorious Monkey Trial at Dayton, Tenn., Will Never Be a Closed Book.

NEW YORK, April 16.—Clarence Darrow has put in motion picture film his side of the evolution dispute.

For him the famous Scopes "monkey trial" battle in Dayton, Tenn., with William Jennings Bryan has never ended. There was much which wasn't told then, he declared, much that couldn't be told. It had to be shown.

"The Mystery of Life," is the name of the picture being filmed. At first Darrow intended it only for his personal archives.

The lawyer himself wrote the story. It is his scientific conception of the evolution of the earth, the planets and life itself. He has drawn on world museums for specimens and eminent scientists for data.

FARNHAM BOARD OF TRADE HELD BUSY SESSION

Numerous Important Matters Studied at Meeting of Board of Trade — Newsy Items and Personals of General Interest from Vicinity.

FARNHAM, April 16.—The Farnham Board of Trade met in the City Hall on Thursday evening, April 9, having been postponed from the regular date, that of the first Thursday in the month.

The meeting was presided over by Mr. R. C. Wilkins, Sr., the president. There were fifteen members out for the meeting and the attendance of Mr. Charles Fraser, managing director of the new manufacturing company, the Barre, Staines Limestone Co., Ltd., was most cordially welcomed.

During the session the advisability of changing a number of the city sewers and a change in the location for the city's garbage dump was brought forth for a general discussion and it was decided to call a joint meeting with the members of the City Council to dispose of this question.

Various members of the local manufacturing plant who were present, made known their intentions of going on Daylight Saving Time on April 27, so that all the manufacturing plants, also the Southern Canada Power Company's plant and offices will be operating on daylight saving time. A notice to this effect is being sent to the local Retail Merchants' Association and it is to be hoped that they and the people of Farnham adopt this summer time and thus avoid the confusion which usually arises where there is the two different times in operation.

GREAT RADIUM DEPOSIT FOUND IN FAR NORTH

Canada's Far North Holds Abounding Wealth for Dominion and Possibly the Greatest Radium Deposit in the World.

EDMONTON, Alta., April 16.—Canada's far north holds abounding wealth for the Dominion and possibly the greatest radium deposit in the world. One ton of the rare mineral bearing earth discovered at Echo Bay, on Great Bear Lake, 1,200 miles north of Edmonton, is worth \$8,600. Geologists reveal that radium-bearing pitchblende is not peculiar to the district surrounding Great Bear Lake, but might also be found in the pre-Cambrian shield that extends over two million square miles in the world.

Dr. J. A. Allan, head of the Department of Geology, University of Alberta, last night announced the results of analysis by provincial and college officials of pitchblende ore samples from the Great Bear area. Dr. Allan estimated the value of the ore at \$8,600 a ton, and declares it is better than the product of the mines in the Belgian Congo, the only large scale radium producing mines in the world.

The figure of \$8,600 is arrived at, he explained, by estimating the pitchblende at approximately \$12,700 per ton, which places the radium-content over the \$8,000 mark, as it is worth seventy dollars per milligram. Tests of the pitchblende made by geologists reveal that the mineral contains approximately 182 milligrams per ton, nearly seventeen times as strong as standard Colorado carnotite.

Dr. Allan stated that the analysis proved that one gram of radium is contained in every six tons of the pitchblende found at Echo Bay.

The great discovery is of nationwide portent for there is pitch-

blende to be found in the great area of pre-Cambrian rock which lies exposed for over two million square miles in the Dominion. Dr. Allan explained. A great national wealth rests in Canada, he believes, as there is no reason for suggesting that the ore body from which these samples were taken is the only portion of the vast pre-Cambrian shield where the pitchblende ores occur.

Mrs. Goodman has returned to Montreal, after spending the past four weeks at the home of Dr. and Mrs. F. S. Dorrance.

The home of Mrs. Joe Walker and son, Mr. Prescott Walker, was burnt Friday morning to the ground. Fire started on the roof of the wood-shed which was joined to the house. Neighbors rushed to help but the flames had made such headway that they were unable to save the building. The volunteers managed to save most of the contents downstairs but were unable to salvage Mrs. J. P. Forbes' things and very few things of their hired man, Mr. Arthur Davonan. Mr. Davonan lost most of his clothes and some money. Beside the household effects, there was also a lot of wood, feed and all this year's crop of syrup and sugar. Mrs. J. P. Forbes and Mrs. Walker stayed at Mr. MacGillivray's Friday night while Mr. Walker and Mr. Davonan remained with Mr. Dion. Mr. Walker is moving to Mr. Dion's house for a few weeks, while he is rebuilding his destroyed home. The house was insured.

MAGOG

A regular meeting of the Harmony Chapter No. 6 Order of the Eastern Star, was held in the Masonic Temple, Magog, on Monday evening, April 13. The special feature of the evening was the official visit of the Worthy Grand Matron, Mrs. Agnes Knowlton, of Westmount, and the Worthy Grand Patron, Mr. H. Dyer, of Sutton. Accompanying them were quite a number of other Grand Chapter Officers, including Mr. T. Hurn, of Sherbrooke, Associate Grand Patron, Mrs. A. Homer, of Montreal, Associate Grand Conductress, Mrs. Dutton, of North Hatley, Grand Instructor, and Mr. J. E. Robinson, Grand Sentinel.

The Magog High School re-opened on Monday morning, after having been closed for the Easter holidays. The students are thus entering on the last term leading to the June exams.

Dr. Arnold Adams, of Magog,

spent the latter part of the Easter holidays in Montreal, visiting friends.

There were numerous other visitors present, representing ten different Chapters in Montreal, Sherbrooke and other Eastern Township towns. Before departing to their respective homes, refreshments were served. Mrs. E. Kingsland, Worthy Matron of Harmony Chapter, was in charge of the various proceedings, which in addition to regular routine procedure, included presentations, to

the Worthy Grand Matron, by Mrs. E. Ball, who is a Past Worthy Matron of Harmony Chapter; to the Worthy Grand Patron, by Dr. C. S. Harris, Associate Patron, to the Grand Instructor of District No. 1 by Mrs. H. D. Roberts a Past Grand Matron of Harmony Chapter.

The Record requires a live news correspondent for Magog, one that will take a real interest in the work. Application should be addressed to Gordon Miller, Managing Editor, Sherbrooke Record.

FINIS WRITTEN TO SUCCESSFUL HOCKEY SEASON

Canadian Professional Teams Brought Honors to Dominion by Winning Championship Titles—Winnipeg Dominated Amateur Spotlight.

TORONTO, April 16.—Canadian professional hockey teams hung up a perfect record during the 1930-31 season so fittingly closed Tuesday night by the winning of the Stanley Cup, world's professional hockey emblem, by Montreal Canadiens.

Teams from the Dominion competed in three leagues with squads from United States. Canada's supremacy in the popular winter ice sport is shown in the fact that all three of these international championships rest on this side of the border.

Canadians, after winning the Canadian group title of the National Hockey League, defeated Boston, winners of the United States section, in a five game series to determine the Calder loop monarchs. They then proceeded to down Chicago's well-balanced collection of Western Canada stars for the Stanley Cup.

Windsor Bulldogs brought further hopes to Canada by winning the International League crown, following a hard six game road robin championship series with Cleveland, Buffalo and Pittsburgh.

Vancouver Lions, only Canadian team operating in the Pacific Coast League, won the title by defeating Seattle in the play-offs.

No Canadian teams play in the Canadian-American or American leagues.

Western Canada—or rather Winnipeg—dominated the amateur spotlight. The red-shirted senior team of that city swept through to a decisive two game victory over Hamilton Tigers, Eastern Canada titlists, to win the Allan Cup, senior amateur hockey's supreme emblem, and also earn the right to represent Canada at the 1932 Olympiad.

Elmwoods, flashy junior squad of the Manitoba City, came to Eastern Canada to defend the Memorial Cup for Western Canada. They succeeded by downing Ottawa Primroses in a hard three-game series, winning the cup and retaining the Dominion junior championship for the west.

The champions are as follows: Stanley Cup holders and world's professional champions—Montreal Canadiens.

National Hockey League champions—Montreal Canadiens.

International League—Windsor Bulldogs.

Canadian-American League—Springfield.

Pacific Coast League—Vancouver.

American League—Tulsa.

Ontario League—Niagara Falls.

Canadian amateur champions—Winnipeg Seniors.

Provincial champions (senior): British Columbia, Trail; Alberta, Edmonton; Saskatchewan, North Battleford; (intermediates): Manitoba, Winnipeg Seniors; Thunder Bay district, Rideau.

Northern Ontario, Sudbury Wolves; Ontario, Hamilton Tigers; Quebec, McGill University; Montreal, Nova Scotia, Triumphant Bears; New Brunswick and Prince Edward Island, Amherst Ramblers.

CANADIENS ARE GIVEN BANQUET BY SUPPORTERS

Judge Archambault Presided Over Enthusiastic Gathering to Honor World's Hockey Champions—Historic Stanley Cup Presented to Victors.

MONTREAL, Que., April 16.—Amid wild excitement, with five hundred admirers cheering for the team, the Stanley Cup, emblem of world supremacy in hockey, was presented to the Canadian Hockey Club of Montreal last night by William Foran, Ottawa, co-trustee of the historic trophy. The scene of the presentation was a banquet given by followers of the great winter game, and the members of the team which on Tuesday night beat the Chicago Black Hawks to win the honors of the second successive year heard speeches in which they were lauded as one of the greatest teams in the history of the game.

Judge Archambault, of Montreal, presided at the banquet which lasted until well after midnight. The height of enthusiasm came well on in the evening when the players were called on individually to speak. Aurel Joliat came first, followed by Howie Morenz. Both were profuse in their praise of their teammates and of the support tendered them by their supporters.

Hon. Athanas David, Provincial Secretary and president of the Canadian Hockey Club, after congratulating the team, turned to President Frank Calder, of the National League and suggested placing two men on the boards to watch blue line infringements largely as linemen act in football.

In reply Mr. Calder said the matter was under discussion by the governors of the League. He paid tribute to Canadian Club players, and, speaking for the entire League,

GOOD PITCHING ON INCREASE IN MAJOR LEAGUES

Eight Moundmen Went Full Route Yesterday, an Unusual Number for Second Day of Season—Washington Trimmed Connie Mack's Champions.

NEW YORK, April 16.—Fans who haven't already forgotten the pre-season arguments over the new baseballs used in the major leagues this year may well wonder after two days of "big time" play what effect the altered spheres are having.

It seems evident that the balls still are lively, as the home runs go rattling over the fences at their usual rate, but good pitching performances appear on the increase as well. Eight pitchers went the full route in the two major leagues yesterday, an unusual number for the second day of the season.

"Bump" Hadley, of Washington, and Burleigh Grimes, veteran spitballer of the St. Louis Cardinals, shared the highest honors. Hadley limited the world's champion Philadelphia Athletics to four

said all the teams would rather lose to Canadians than any other club. In making his greater outlay Mr. Foran said he was impressed with the fighting qualities of Canadians. He stressed the fact that Canada was at present the nucleus of hockey, and that the players, in the major league at least, would always be drawn from this country.

The annual report that Cecil Hart will retire as manager of the team was dealt with by Joe Cattarachi, one of the owners. "Cecil Hart can remain as pilot of the club as long as he wishes to," the hockey and racing magnate stated, his remarks being cheered to the echo by the players grouped around him.

Leo Dandurand, in thanking the supporters, pointed out that Canadian clubs in the circuit had to work under difficulties, as the greater drawing power in the United States cities allowed a greater outlay of money to expend on players.

Cecil Hart denied definitely reports that there had been a rift between him and the owners of the club, and intimated he would continue as manager.

Others who spoke were William Northey, Duane Munro, manager of the Maroons, Hon. Fernand Rinfret, a director of Canadiens, Albert LeDuc, Pete Lepine, Marty Burke and George Hainsworth.

The champions are as follows: Stanley Cup holders and world's professional champions—Montreal Canadiens.

hits while the Senators fell on big George Eastman, five runs in the fourth inning and a 7 to 1 victory. Grimes pitched the year's first shutout, setting the Cincinnati Reds down with seven blows as the Cards won by 4 to 0. Red Lucas went the route for Cincinnati.

Bob Smith, of the Chicago Cubs, and Claude "Weenie" Willoughby, of Pittsburgh, staged a full length duel, the Cubs winning their second straight by 5 to 3. Manager Rogers Hornsby provided the winning run with a homer.

Continuing the surprises of the opening day, the Boston Braves and St. Louis Browns each won a second successive game and joined the Cubs, Cardinals and New York Yankees in the top positions of the two leagues. Effective pitching, with good hitting behind it, told the tale in each case.

Although both were hit rather freely, Jammy Gray, of St. Louis, bested Waite Hoyt, of Detroit, to gain a 6 to 4 triumph. Both hurled the full game. Seibold held the Brooklyn Robins to eight hits to give the Braves a 9 to 3 triumph. The Braves hit freely seventeen times and the Robins contributed seven errors. Their infield work, with Thompson and Wright both on the sick list, was especially weak.

The two New York teams figured in the leading slugging contest. With Lou Gehrig's first home run as the big blow, the Yankees scored five runs in the first inning, then Sax, putting over a run in the ninth to win by 8 to 7. Henry Johnson failed to last after fanning twelve Boston batters. The Phillies used five Giant pitchers and scored eight runs in the second inning to triumph by 10 to 7. Chuck Klein's third home run in two days was the feature.

In the remaining game, the Chicago White Sox squared their series with Cleveland by a 7 to 4 ten inning victory. The Sox were out-hit sixteen to ten.

RANGERS TOOK SERIES FROM VANCOUVER
VANCOUVER, B. C., April 16.—New York Rangers wound up their Pacific Coast exhibition hockey tour here last night with a four to three defeat of the Vancouver Lions, taking three out of the four games played, thus eliminating the necessity of a fifth game in the series. Rangers won the first game, Lions captured the second, and the New Yorkers came back to take the next two.

LOCAL SPORTS HAD AN ACTIVE WINTER SEASON

Eastern Townships Basketball and Curlers Made Fine Showing in Provincial Competitions.

While in the realms of intermediate hockey, the most popular winter sport in this district, Eastern Townships teams found conditions rather unsatisfactory, in other branches sportsmen from the district covered themselves with more than their share of glory during the past winter.

Sherbrooke Canadiens, champions of the Sherbrooke Intermediate Hockey League, were successful in capturing the Eastern Townships intermediate title when they scored a four to one victory over the Coaticook Knights of Coaticook, winners of the St. Francis Intermediate League, eliminating St. Albans, Montreal, to enter the semi-finals for the Provincial Championship, they were defeated in the first of a series of home and home games against St. Francis, of Montreal, in the latter city. An argument over the appointment of referees resulted in the series being awarded to the Saints.

In the Intermediate Intercollegiate loop, Bishop's University succeeded in carrying off the Provincial honors, but were defeated by Royal Military College after a hard encounter for the Eastern Canada title.

Playing in the commercial section, Victoria Independent Stores, of the Sherbrooke Industrial Hockey League, went through to the semi-finals, where they fell before a stronger squad from the metropolis.

Even more honors were obtained in the juvenile and midget sections, St. Pats juveniles returning from a

trip to Montreal with the provincial championship safely tucked away, while the Black Hawks midgets, in battling to a one all draw with Lachine, in a sudden death game divided the honors with their opponents, owing to the lateness of the hour.

It was as basketballers that Sherbrooke boys showed their mettle, representatives of the Sherbrooke High School carrying off the Provincial crown, then defeating Woodstock for the Quebec-Maritime provinces title, and only falling before Pickering College for the Eastern Canada Interscholastic Championship.

The Y Reds worked their way into the Provincial Junior finals, while the Blues reached the Intermediate finals, only to fall before more experienced Montreal teams. Eastern Townships curlers also proved their ability during the past winter Jack Travers, Grant, by rink proving themselves the masters of iron play when they won the Royal Victoria Jubilee Competition, emblematic of the 100th anniversary of the world.

The Canadian Corporation is subsidiary of the Minnesota Valley Canning Corporation of Lesueur, Minn., said to be the largest canners of peas and corn in the world. John Wall, of Windsor, president of the Fine Foods of Canada, Limited, stated today that an immediate start would be made on contracting for 1,500 acres of corn and peas in Essex County. The first unit of the new plant is to be ready for operation by July 1st, according to present plans. In addition to the plant at Tecumseh the company will have out-stations at several points in the province.

To THREE TEN-THOUSANDTHS OF AN INCH

AN IMPORTANT REASON for the good performance of the new Ford is the precise care with which mechanical parts are made and assembled. Many measurements are accurate to one one-thousandth of an inch. Some to three ten-thousandths of an inch.

To insure perfect fit in the cylinders, the aluminum pistons are held true to within one one-thousandth of an inch of the specified diameter of 3 7/8 inches. Wrist-pin holes are diamond bored to within a variation of three ten-thousandths of an inch. The valve stems are held exactly in diameter to within one one-thousandth of an inch along their entire length.

Every Ford crankshaft is statically and dynamically balanced, with a minimum of 174 checks for accuracy, and is machined to measurements as fine as five ten-thousandths of an inch.

This craftsmanship in volume production, combined with simplicity of design and high quality of materials, is the reason for the good performance, economy and long life of the Ford.

Come in and let us explain the many other features that make it a value far above the price.

REQUEST MADE THAT PROMISE BE FULFILLED

Hon. Peter Veniot, Former Postmaster-General, Interviewed Regarding Proposed Air Mail Service With Terminus at Halifax.

OTTAWA, April 16.—Urging that the department fulfil the promise attributed to Hon. P. J. Veniot, former Postmaster-General, that an air mail service, which its terminus at Halifax, N.S., would be established when the Nova Scotia capital provided itself with an airport, Charles H. Wright, of Halifax, and F. P. Quinn, M.P. for that city, saw Hon. Arthur Sauve, successor in office to Mr. Veniot. At considerable capital outlay, it was represented, Halifax had equipped itself with an airdrome and was prepared to do its part as an air mail base.

A reduction in the air mail service is imminent, as indicated by the decrease in the current year's estimates to be set aside for that purpose, and the extent and character of the reduction will probably be outlined in the statement which the Prime Minister is to make to the House of Commons shortly. However, the general impression is that, as previously indicated, the whittling process will not be so drastic as at one time feared, and that it will not extend to those air mail services which are now operated under contract.

Throughout the country there are a number of services which have not developed beyond the "experimental" stage. These were costly and unremunerative. The prospects are that they will be dropped for the time being.

MisSimplicity (Trade Mark)

Fulfills a Long-felt
Customer Want

The new feminine styles demand an absolutely flat diaphragm and abdomen with a youthfully curved bust. The full-figured type of woman found it very difficult to wear the new clothes until Gossard's clever designers created MisSimplicity. Now women, everywhere, are demanding this slenderizing garment. The diagonal cross-pull of the adjustable waist-line straps does the slimming trick.
