ACREAGE REDUCTION AGREEMENT MAIN ACCOMPLISHMENT OF PARLEY

Producing and Consuming Nations Holding Conference Today to Determine Methods of Co-Operation—Holding of World Copper Conference in Fall Considered Probable—Final Report on Rehabilitation of Silver Expected Today.

London, July 19.—Efforts to reach an agreement for the management of wheat production and marketing, more and more took the limelight in World Economic Conference activities today. The wheat accord appeared to be the only positive accomplishment the delegations had in prospect, and every effort was being put forward to rush it to completion for announcement on or before the final plenary session a week from tomorrow.

Final bricks in the structure erected by Prime Minister R. B. Bennett and others were being shaped in negotiations with Russia and European importing countries.

An impetus to the deliberations was given with the announcement that the Danubian countries would restrict their exports this year to 54,000,000 bushels and next year to 50,000,000 bushels. It was announced on behalf of Canada, Argentina, the United States and Australia, that Rumania, Bulgaria, Hungary and Yugoslavia approved this arrangement.

The Czechoslovakian representative asked more time in which to communicate with his government regarding acceptance.

A committee including a representative of each of the importing and exporting countries planned to meet today to discuss ways in which co-operation with wheat importing countries is considered necessary.

Efforts were also being made to reach an agreement on copper production, to continue discussions on silver rehabilitation, and to guard against a new injection of the war debts issue.

The American delegation offered a measure asking countries producing copper to indicate their stand before September 15th on conducting an international copper conference. The steering committee decided to leave the matter open after the July 27th meeting.

PART OF PLAN FAVORED BY SUB-COMMITTEE ON SILVER

London, July 19.—The increased use of silver in subsidiary coinage was agreed upon by the World Economic Conference sub-committee on silver today in adopting a part of Senator Key Pittman's resolution. A proposal to regulate the world output of the metal will await decisions by a conference of producers and exporters.

A third feature of the plan, regarding the use of silver for central bank metal coverage, also failed to produce definite results, as the sub-committee recommended that action be delayed pending further discussions.

Senator Pittman told the Associated Press he was quite satisfied with the result.

"What it means," he said, "is that all governments agree to cease the debasement or melting of silver coins, except India and Spain, and they agree to limit the amount they will sell. We will get back to where silver was before the war."

"We hope that by restoring normal conditions exchange values in India, China and Latin American will be stabilized."

EXPECT EARLY DECISION ON RELIEF WORKS

Announcement of Relief Work Programme, Approved by Federal Government, May Be Made Tomorrow.

Ottawa, July 19.—Announcement of the terms of a new unemployment relief agreement between Quebec Province and the Dominion may be made tomorrow. As Hon. W. A. Gordon, Minister of Labor, and Hon. J. N. Francoeur, Quebec Minister of Public Works, emerged from a four-hour conference yesterday, this intimation was elicited.

High progress with satisfaction to both sides is understood to have marked the conference. Details have yet to be approved by the respective governments, though.

A feature of the agreement may be provision for a programme of public works to be worked out. This will be a departure from the method of handling relief in Quebec Province under the scheme during the past sixteen months.

Direct unemployment relief is to be continued. The basis likely will be a one-third Dominion contribution in municipalities and fifty per cent. in unorganized districts.

Mr. Francoeur, who was accompanied to Ottawa by his deputy, Ivan E. Vallee, left on their return trip to Quebec late in the afternoon.

Montreal, July 19.—Brother Jerome, born George M. Fisher, assistant director of Mount St. Louis College and a teacher for almost sixty years in Canadian and American schools, died yesterday at Mont St. Louis, Laval-des-Rapides. He was in his 78th year. Beloved by the students of Mount St. Louis, past and present, he was in charge of the English department of that college for many years. Engineers, businessmen, and professors in many Canadian and American universities owe much of their preliminary training to Brother Jerome.

BRITISH CURRENCIES RE- ACTED SLIGHTLY.

New York, July 19.—After rising sharply to new highs for the last year or so during early trading on the foreign exchange here today, British currencies reacted at mid-day to below yesterday's close.

The Canadian dollar was quoted at 96 1/2 cents. It opened at 96 1/2-16 cents, a gain of three-eighths of one per cent. over Tuesday's close. The United States premium on Canadian funds moved up from opening quotation of 33-16 to 3 1/2 per cent.

The pound sterling dropped to \$4.83 from an opening price of \$4.86. The latter quotation was 1 1/2 cents higher than the previous close and within a fraction of the pound's former gold parity.

FRANCO-GERMAN PARLEY URGED BY HENDERSON

President of Disarmament Conference Feels that Much Good Would Be Derived by Heart to Heart Talk Between Hitler and Daladier.

Berlin, July 19.—Arthur Henderson, president of the Disarmament Conference, has proposed a heart to heart talk between Chancellor Hitler, of Germany and Premier Daladier, of France. The purpose of the parley is to remove doubts, fears and suspicions from the mind of France, Mr. Henderson made his proposal public in a typewritten statement issued to the press following conclusion of his disarmament discussions with the German Government. He explained he was making his proposal on his own initiative without having consulted the German Government thereabout.

At the same time it was learned from a high German authority there would be no "misgivings" about such a meeting if preliminary discussions revealed that it held out the promise of results adequate to its starting point.

From these two statements emerged the singular fact that both the German Government and Mr. Henderson arrived at the same wish quite independently of but simultaneously with each other. Considering Germany's present political situation the German Government should welcome therefore that the proposal was launched by Mr. Henderson, for if it should fall short of realization nobody could say that Chancellor Hitler had been snubbed.

For Herr Hitler is far away residing in a Soviet camp. Mr. Henderson announced that after visiting Dr. Benes in Prague he would go to Munich to acquaint Herr Hitler with his proposal and he said he hoped "Herr Hitler would not be put out about it." Still Mr. Henderson did not look as if he feared Herr Hitler would be "put out."

SAFELY ACROSS LAKE BAIKAL

London, July 19.—Wiley Post, round-the-world flier, was reported by Reuters news agency to have been sighted this morning over Verkh Uinsk in Eastern Siberia. This would put Post more than 150 miles east of Irkutsk, his taking-off place, and safely across Lake Baikal in his way to Blagoveshchensk.

His lead over his 1931 record had been cut sharply by three hours and twenty-four minutes as he zoomed out of Irkutsk towards Blagoveshchensk, nearly one thousand miles eastward, on the sixth lap of his world flight.

Bad weather, which caused him to lose precious hours on the jaunt from Moscow to Novosibirsk, again dogged him, and forced him to stay at Irkutsk longer than he wanted to. He still had unfavorable conditions before him, however, but he announced he would land at Blagoveshchensk, where he and Gatty suffered a mishap on the earlier flight. It lies between the Vabonovoi and Sikhota mountain ranges.

The Oklahoman might push on to Khabarovsk, his scheduled stop about four hundred miles farther on, he said, unless bad weather retards him too much, in order to make up time.

TWO WOUNDED IN BATTLE WITH COAST GUARDSMEN

One of Fastest and Best Armored Speed Boats Ever Taken Falls Into Hands of the Government.

Woods Hole, Mass., July 19.—Two of the crew of the New York speedboat Whatzis, wounded during a running fight with United States coast guards, were brought into coast guard base here today with their craft, its cargo of alleged liquor and four others of its crew.

The Whatzis, a sixty-five footer, was described by coast guardsmen who captured it off Woods Hole last night as one of the fastest and best armored speedboats yet to come into government hands. The New York craft was powered with four motors and was sheathed throughout.

PRINCE GEORGE OF BRITAIN

This is one of the latest photographs of Prince George, who will be 31 years old in December of this year, and who has been much spoken of as a desirable Government-General of Canada. The picture was taken in company with Admiral Earl Beatty, at the formal opening of new medical and hospital buildings at the King's College Hospital, in Camberwell, England.

The full name of this sturdy and manly prince is George Edward Alexander Edmund. He is still a bachelor, is taller than the Prince of Wales, and is a seasoned sailor.

"What a crusade of the loyal Canadians there would be to Ottawa did the Prince appear as the Governor of Canada, and take up his residence at Rideau Hall."

TAXABLE CANADIAN REAL ESTATE EXCEEDS EIGHT BILLION DOLLARS

Assessed Valuation of Real Estate for Year 1931 Was \$8,222,260,000, with Additional \$1,500,000,000 Exempt from Taxation—Ontario Leads in Total Valuation, while Quebec Heads List with Tax-Free Property—Personal Property and Income Tax Assessments Announced.

Ottawa, July 19.—The total taxable real estate in Canada was assessed at \$8,222,260,000, according to reports received today by the Dominion Bureau of Statistics for the year 1931. Another \$1,500,000,000 of assessed property was exempt from taxation, consisting chiefly of Dominion, provincial and municipal property, and educational, charitable and religious institutions.

Quebec led with \$705,798,000 exempted property, Ontario is next with \$536,536,000, then comes Manitoba, \$156,794,000; British Columbia, \$149,275,000; Nova Scotia \$48,119,000 and Prince Edward Island, \$2,228,479,000. Saskatchewan, \$1,828,000. The returns from New Brunswick, Saskatchewan and Alberta do not show the amount of the non-taxable property.

The taxable valuations in Canada amounted to \$8,752,119,000, of which Ontario had \$3,183,152,000; Quebec, \$2,228,479,000; Saskatchewan, \$1,828,000; British Columbia, \$888,096,000; Alberta, \$595,745,000; Manitoba, \$557,105,000; Nova Scotia, \$177,216,000; New Brunswick, \$153,565,000, and Prince Edward Island, \$39,302,000.

Taxable real property, amounting to \$8,222,260,000 was distributed as follows: Ontario, \$2,815,779,000; Quebec, \$2,210,943,000; Saskatchewan, \$1,828,000; British Columbia, \$888,096,000; Alberta, \$579,960,000; Manitoba, \$557,012,000; Nova Scotia, \$149,275,000; New Brunswick, \$130,053,000; and Prince Edward Island, \$32,596,000.

Personal property taxable totaled in value \$61,888,000, of which Nova Scotia had \$24,383,000; New Brunswick, \$23,311,000; Manitoba, \$7,957,000; and Prince Edward Island, \$6,366,000.

Income assessment valuations totaled \$134,351,000. Ontario had \$131,386,000; New Brunswick, \$1,523,000; Saskatchewan, \$1,205,000, and Prince Edward Island, \$237,000.

Other taxable valuations aggregated \$393,686,000, of which Ontario had \$240,083,000; Saskatchewan, \$48,526,000; Alberta, \$15,785,000; Nova Scotia, \$11,268,000; Manitoba, \$10,434,000, and Prince Edward Island, \$83,485.

Ontario's taxable real property was \$1,651,086,000 in the cities, \$350,159,000 in the towns and villages and \$801,524,000 in the rural municipalities. Quebec had \$1,474,754,000 in the cities, \$207,744,000 in the towns, \$227,050,000 in the rural municipalities and \$234,600 in the independent rural municipalities. Saskatchewan had \$111,523,000 in the cities, \$36,509,000 in the towns, \$41,806,000 in the villages and \$899,892,000 in the rural municipalities. British Columbia had \$394,047,000 in the cities, \$442,000 in the villages and \$149,620,000 in the districts.

Elimination of "Fads and Frills" from Educational System Announced as Added Economies Are Introduced.

Chicago, July 19.—"Good-bye schoolroom, good-bye books! Good-bye teacher's cross-eyed looks!" That ancient farewell to learning, shouted when pupils dashed from classes to summer vacation joys, is the theme song of the latest battle over Chicago's educational system.

The School Board sang it in announcing its intention of going ahead with a \$5,000,000 retrenchment programme, calling for wholesale discharge of teachers, elimination of departments and restriction of studies.

It was the lament of teachers, pupils and their parents as they girded themselves today for a battle to compel the Board to rescind its action.

A week of sharp skirmishes, in court and outside, loomed.

It all began on July 12th when the school trustees met and vigorously swung the axe in the interests of economy.

It provided, among other things, discharge of nearly 1,400 school employees, mostly teachers; abolition of the junior high schools; no more purchase of musical instruments; no more purchase of textbooks; pending inventory and disbursement of a \$5,000,000 retrenchment programme, "except where deemed essential."

In short, president of the Board James B. McChesney explained, "elimination of fads and frills."

ANNUAL ASSEMBLY OF THE LEAGUE CONVOKED FOR SEPTEMBER 25TH.

Geneva, July 19.—The annual assembly of the League of Nations today was officially convoked for September 25th in order to permit the delegates to remain for the resumption of the Disarmament Conference in mid-October.

The seventh session of the League of Nations Council will be held on September 22nd.

DEATHS REPORTED

The following deaths were reported in today's news despatches:

Montreal.—Charles Arthur Jacques, 85, former owner of the Jacques line of steamships.

Montreal.—Rev. Brother Jerome, 73, well-known teacher and assistant director of Mount St. Louis College.

HUGE CROWDS BID ADIEU TO FLYING ARMADA

General Balbo and His Sturdy Crew Skipped Off Glistening Waves of Lake Michigan this Morning on First Leg of Homeward Journey.

Chicago, July 19.—To the cheers of a multitude of early risers massed along the shoreline, General Italo Balbo's fleet of twenty-four Italian flying boats skimmed off the glistening waves of Lake Michigan today and vanished in a silver mist toward the east.

Ending their three day visit to Chicago and its centennial exposition, the fliers began to take off from the sheltered harbor at 6:42 a.m., central standard time, and an hour later the last ship had shaken Lake Michigan's water from its twin hulls.

The armada, with General Balbo leading from the apex of the first triad, pointed toward the sun, cut across the ether reaches of the lake and headed for the air mail way to New York.

Within seven hours they expected to be in New York, where they plan to remain for three or four days.

Two factors were responsible for the early morning take-off. One was information supplied by the coast guard that Lake Michigan was apt to be choppy later in the morning, and the other was a report from the weather bureau that conditions were likely to be less favorable for the start as the day progressed.

General Balbo had to slip up his ship as he taxied across the water, because a yacht appeared to be getting in his way, but he got off in good style.

General Aldo Pellegrini led the second group of three flyers to take the air.

GRACEFULLY PASSED OVER CLEVELAND

Cleveland, July 19.—General Italo Balbo led his massed flight of Italian flying boats, speeding from Chicago to New York on the first lap of their long homeward trip, over Cleveland at 12:31 A.M., A.D.S.T. today.

REMARKABLE INCREASE IN SALES TO EMPIRE FOLLOWS TRADE PACTS

Canadian Domestic Exports to United Kingdom Recorded Fifty-Eight Per Cent. Increase in June, 1933, Over Corresponding Month Last Year—Minister of Trade and Commerce Comments on Benefits Conferred on Dominion by Imperial Conference Agreements.

Ottawa, July 19.—Canada's domestic exports to British Empire countries in June totaled \$24,890,000 in value. This amount represents an increase of almost \$7,000,000, or forty-six per cent. over June last year. Exports for June to the United Kingdom alone totaled \$17,977,000—an increase of more than \$6,500,000, or fifty-eight per cent.

"Some months ago," said Hon. H. H. Stevens, Minister of Trade and Commerce, this morning in commenting upon the great advance in Empire trading, "I asked our people not to expect immediate beneficial results from the Empire trade agreements which went into effect at the middle of last November. I pointed out at that time that it would take a while for the Empire countries to adjust their commerce to the newly created situation, and we could not expect much of an upward swing before the summer months. Indeed, some of the countries have not yet been able to complete their arrangements nor to make all the readjustments of their trade routing that are necessary.

"It is a matter of record that in December, the very first clear month of trading under the Empire agreements, our exports actually decreased slightly. But after the new year came in our exports to the Empire began to swell, until we were able to show at the end of the first six months that we had increased by \$9,808,000, or eleven per cent. In May our increase was forty-one per cent., and in June, forty-six per cent.

"The remarkable thing about it is that we began to make increases in our Empire trading when international trade was declining when international buying was still further below normal than it had been. "It is significant," said Mr. Stevens, "that our June exports have increased to twenty-two British Empire countries: Great Britain, Aken, Irish Free State, East India, British South Africa, Southern Rhodesia, Gambia, Sierra Leone, Nigeria, Gold Coast, British India, Straits Settlements, the smaller British Indies, British Guiana, British Honduras, Barbados, Jamaica, the smaller British West Indies, Malta, Australia, New Zealand and the Fiji Islands.

"Our exports to the United Kingdom, the greatest market in the world, made the largest monthly total since last fall, when selling is normally at its best. This season of the year, the increase over June, 1932, was fifty-eight per cent.

"I have not the slightest doubt," concluded Mr. Stevens, "that as our producers and exporters become better acquainted with the requirements of the British Empire market, our trade with those countries that are united proudly under the British Crown, will rise to far greater magnitude. And I believe further that the spirit of co-operation the British Empire countries are showing in the neighborhood and fair dealing manifested, will have an influence for good throughout the whole world and bear fruit to the advantage and betterment of all the nations."

Regina, July 19.—Immediate steps which should be taken by the Co-Operative Common-Wealth Federation Be Adopted.

Regina, July 19.—Immediate steps which should be taken by the Co-Operative Common-Wealth Federation in its bid to give Canada a new social and economic system were outlined yesterday by Miss Agnes Macphail, M.P. for South East England.

Speaking at a public meeting here last night with Mrs. John Paton, of London, England; R. J. Scott, president of the United Farmers of Ontario, and J. S. Woodsworth, the Winnipeg Labor leader and provincial president, Miss Macphail urged an immediate programme as well as a future programme.

She suggested elimination of the Canadian Senate, or else placing it under control of the House of Commons. In the economic field she proposed raising prices and stabilizing to provide a better standard of living; increase in purchasing power of the people; a managed currency and heavy inheritance and income taxes; a programme of public works for peacetime employment for the Dominion's jobless was proposed, the financing to be by issuing non-interest bearing notes.

WOODSWORTH PROPOSES COMPLETE ECONOMIC AND SOCIAL CHANGE.

Regina, July 19.—Emphasizing necessity for complete economic and social change, not only in the Dominion, but throughout the world, J. S. Woodsworth, Labor M.P., for Winnipeg, today opened the first national convention of the Co-Operative Common Wealth Federation with his presidential address.

The tall leader pointed toward a goal—a Canadian type of socialism. "I believe world problems cannot be solved without radical changes in our whole economic and social system," he said. "The majority of nations meeting at the London Conference are attempting to stabilize the present economic system.

"We do not advocate 'economic nationalism.' National isolation, if indeed this is possible, means lowered standard of living; possibly a reversal to barbarism. It is essentially a retrograde movement. But we cannot disregard the existing political set-up. We must start some place. We propose as far as may be possible to set out our own house in order." True internationalism, he declared, must be founded on co-operation and mutual aid.

The C. C. F. advocated peaceful and orderly methods, he said. In "his it was distinguished sharply from the Communist party which envisaged the new social order as being ushered in by violent upheaval and the establishment of a dictatorship.

He spent a few hours after his Federal Judge Caffey had ordered his \$25,000 bail forfeited. The judge committed him to a Bellevue hospital ward, which has barred doors and windows for mental observation. Then the judge agreed to hear new arguments about the bail today.

Joseph W. Harriman Held for Mental Observation While Judge Hears Arguments on Cancellation of Bail.

New York, July 19.—Bars confined Joseph W. Harriman today while a judge considered whether to charge the former banker \$25,000 for his latest journey to nowhere. Harriman, awaiting trial on a charge of falsifying the accounts of the Harriman National Bank and Trust Company, turned up late yesterday after a second disappearance from a nursing home.

He appeared in court hours after his Federal Judge Caffey had ordered his \$25,000 bail forfeited. The judge committed him to a Bellevue hospital ward, which has barred doors and windows for mental observation. Then the judge agreed to hear new arguments about the bail today.

FOUR HUNDRED COMMUNISTS ARE REPORTED WIPED OUT

Famous Chinese General and Powerful Military Unit Continue Drive Against Red Forces.

Canton, China, July 19.—General Tsiang Kai-shi and the famous 11th Route Army with which he defended Shanghai last year against the Japanese, killed four hundred Reds along the southern Kiangsi-Fukien border in southern China, General Tsiang informed Canton military headquarters today.

The 11th Route Army is one of the principal units seeking to crush Communists in Kiangsi province.

Ashland, Wis., July 19.—Edward Valley carried over into death something of his life's work.

The eighty-five-year-old electrician, a boat builder, hanged himself last night after fashioning a coffin for himself. It was in the shape of a boat.

STEEL OUTPUT MAINTAINING RECENT LEVEL

Despite Lack of Orders from Heavy Industries, Railways and Construction, Mill Backlogs Have Not Been Materially Reduced.

New York, July 19.—The average of steel production in United States has declined to fifty-eight per cent. of capacity from fifty-nine per cent. a week ago, "Iron Age" reported today.

Output, the review said, "has apparently gone about as far as it can without the support of the heavy industries," such as railroads and construction.

"Finished steel releases continue to run behind those of last month, but mill backlogs have not been materially reduced. Pressure for deliveries is still severe, particularly from the automotive industry. New demand from that source, however, has declined, indicating that some of the motor car manufacturers are apprehensive of a reduction in their production schedules in August.

"Similar caution earlier in the year proved to be unwarranted and it is possible that present estimates fail to take into account current necessities to expand buying power from wage advances, increased farm prices and higher security markets.

"The adoption of a code by iron and steel producers has clarified the price situation materially, causing concessions to disappear on virtually all products and overcoming lingering consumer reluctance to accept recent advances. Establishment of a single quotation for all buyers, under the code, will wipe out preferences enjoyed by larger users and will mean higher realization prices to mills. Already buyers are hastening to enter contracts for steel bars, plates, shapes and other products on which prices were extended through this month."

Railroad purchases of steel for car and locomotive repairs are gradually increasing, "but the carriers are unlikely to relax buying their present caution before the June and July earnings statements have been analyzed."

FEARS HELD FOR SAFETY OF HUDSON BAY SCHOONER

Small Vessel May Have Been Trapped in Ice Floes Between Churchill and York Factory.

Churchill, Man., July 19.—Continued bad ice conditions today increased anxiety for the safety of the motor schooner Fort Severn, now several days overdue on a voyage from Port Nelson and York Factory, about 190 miles southeast of here.

With Captain D. O. Morris, of Winnipeg in command, the Fort Severn opened navigation here when she sailed outward bound, July 3. Ten days passed before word reached York Factory from the Pas that the schooner had sailed from York Factory for Churchill. The trip ordinarily takes twenty-four hours and the fact the Fort Severn has not been reported since July 13 has led to fears she may have been trapped by ice floes in a narrow channel.

PARTICIPANTS IN JAIL RIOTS ARE SENTENCED

Kingston Penitentiary Prisoners Given Additional Terms for Disturbances Caused Last October.

Kingston, Ont., July 19.—Tim Buck, former leader of the Communist Party in Canada, was sentenced to nine months in addition to the term he already is serving for his association with the Communist body, for his part in the prison disturbances last October.

Convict George Peters, convicted of rioting during the demonstration, was sentenced to six months, to be served after expiration of his present term.

Buck and Peters were the last of almost a dozen convicts to receive extra terms for participation in what prison officials described as a riot, which there was a three-year crop failure, the Dominion Government has helped the Province of Manitoba more than any other province, according to a statement issued by Hon. T. G. Murphy, Minister of the Interior, here.

The statement detailed financial aid, given Manitoba and claimed, in view of the assistance rendered in connection with other responsibilities, it was incumbent on the Manitoba Government to make its own arrangements for financing direct unemployment relief.

The Dominion Government issued a guarantee of more than \$5,800,000 to enable Manitoba to pay maturing obligations in New York, the statement sets forth. Outstanding on the guarantee to enable the Province to carry on the liabilities of the Province of Manitoba savings office is more than \$12,000,000, it adds. Cash loans and advances now outstanding total nearly \$8,000,000 more.

Ivan Perry, convict serving four-year term for theft of an automobile and ten dollars, brought a laugh from the courtroom when he claimed he had stolen money to buy gasoline so he could return the stolen car. In view of the fact that he had not taken a very active part in the demonstration Perry was sentenced to nine months in reformatory to be served on expiration of his present term.

Convict William McCrea, was sentenced to two years in the penitentiary by Judge Madden. Evidence had revealed that the convict had helped in burning the locks from prison doors. Judge Madden pointed out that McCrea had a lengthy criminal record and had taken an active part in the insurrection.

Convict Alexander Manson was given nine months in penitentiary for his part in the riot. Appealing for leniency on behalf of convict Adrian Vanderyagt, 22, J. M. Simpson, K.C., defence counsel, asked the court to consider the youth of the accused and make his sentence light.

Judge Madden imposed a sentence of four months with the remark that he had accepted the accused's evidence to the effect he had joined in the uprising through compulsion.

PRINCE GEORGE MADE GRAND LODGE OFFICER
London, July 19.—Congratulations were tendered the Grand Lodge of England on the completion of the masonic peace memorial by six Canadian Grand Lodges represented at a special Grand Lodge session at the Albert Hall yesterday.

Nine thousand Freemasons were present when Prince George was invested as Senior Grand Warden of the Duke of Connaught, former Governor-General of Canada, presided, and the Prince of Wales, the Duke of York and Prince Arthur of Connaught were among those present.

MANITOBA VERY WELL TREATED BY DOMINION

Minister of the Interior Declares Cash Advances and Guarantees of Manitoba Exceed Twenty-Five Million.

Winnipeg, July 19.—Apart from the financial assistance rendered Saskatchewan in respect of areas in which there was a three-year crop failure, the Dominion Government has helped the Province of Manitoba more than any other province, according to a statement issued by Hon. T. G. Murphy, Minister of the Interior, here.

The statement detailed financial aid, given Manitoba and claimed, in view of the assistance rendered in connection with other responsibilities, it was incumbent on the Manitoba Government to make its own arrangements for financing direct unemployment relief.

The Dominion Government issued a guarantee of more than \$5,800,000 to enable Manitoba to pay maturing obligations in New York, the statement sets forth. Outstanding on the guarantee to enable the Province to carry on the liabilities of the Province of Manitoba savings office is more than \$12,000,000, it adds. Cash loans and advances now outstanding total nearly \$8,000,000 more.

MOVE TO SETTLE BRITISH-IRISH ECONOMIC WAR

Stated that De Valera Is Now Uncompromising Over Matter of An Arbitral Board.

London, July 19.—According to the Daily Express today, efforts of Dominion leaders behind the scenes of the World Economic Conference may produce important developments in the economic war between the United Kingdom and the Irish Free State.

The newspaper says the government will be urged in the House of Commons next week to end the tariff war with the Free State, and a government statement on the matter is expected next Thursday.

The dominions' delegates have been working hard to remove the restrictions, and it is declared President Eamon De Valera is now much less uncompromising over the matter of an arbitral board. Hitherto his insistence that any arbitral board shall be international in character, whereas the United Kingdom insists on a purely imperial board, has blocked all progress to a solution.

The tariff war between the Free State and the United Kingdom was declared last fall. The Free State lost the imperial preferences on July 15 and retaliated with special duties against British goods.

FORMER MANITOBA JURIST CONFIDENT OF ELECTION
Ex-Judge Stubbs, of Winnipeg, Urges Socialization of Canada's Legal Procedure.

Yorkton, Sask., July 19.—Confident of election as member for Mackenzie constituency at the next federal election, former Judge L. St. G. Stubbs told an audience here that had those responsible for his dismissal known that he was to be a candidate in a Saskatchewan constituency they would have left him on the bench, for in that position he said, he was less dangerous than as a member of the House of Commons.

"I am the candidate for the Farmers' Labor party in Saskatchewan in the Mackenzie constituency and there is nothing surer under Heaven than the fact that I am going to be the next member for that constituency," the former Manitoba jurist told his audience last night.

The candidate for the Canadian Cooperative Federation urged socialization of legal procedure by the abolition of all legal costs and by creation of an office of public defender.

PRINCE EDWARD ISLAND FOREST FIRES ABATING
R.C.M.P. Officers in Charge of Battling Flames Report Fire Temporarily Under Control.

Charlotteville, July 19.—Fire that swept through five miles of valuable timber yesterday was halted today at Hopefield and a hundred weary volunteers stood by to rest while watching for further outbreaks. A scorching sun continued to favor the fire, however, and Royal Canadian Mounted Police reported that the situation was by no means easy, although the flames were under control for the present.

TURKISH WOMEN ARE PERPLEXED BY NEW CUSTOM

Occidental Civilization Blamed for Problems of Old Maids and Dependent Women in New Turkey.

Chicago, July 19.—Dressed in the ancient flowing robes of her people, a youthful, boyishly-bobbed girl, who today became a representative of the problems of old maids and dependent women which she credited to occidental civilization when it drove the harem from the Near East and gave freedom to oriental women.

She is Selma Zkrem, daughter of Ali Ekrem Bey, former Governor of Jerusalem, and is a delegate to the International Congress of Women. In an address yesterday she traced the change in life for Turkish women.

"It is only eleven years ago," she said, "that a representative ally in the government instead of an enemy. Barriers came down with the rapidity of lightning." Then in her precise English, she bluntly said "while all this had brought increased freedom for women it had also brought griefs. Love, especially, under this new regime, has become complicated, and confused. Before these great changes, Turkish girls married men selected for them. Now they have the right to select a husband.

"But this has brought pain and confusion. Young girls in love frequently cannot get help from their mothers, for they are of a past phase.

"There is an alarm in increase in suicide among Turkish girls, hurt in love. What to do?"

"Monogamy has brought old maids, for there are more women than men in Turkey. We of the younger generation want monogamy, but what are women who wish to marry and cannot, to do?"

NEW TRIAL IS REQUESTED FOR CONVICTED KIDNAPPER
Counsel for Kenneth Buck, Abductor of Peggy McMath, Contents Confession Should Not Have Been Admitted at Trial.

Barnstable, Mass., July 19.—A plea for a new trial for Kenneth Buck, 28, convicted kidnapper of Margaret C. "Peggy" McMath on May 2nd, was heard here yesterday. The judge took the matter under advisement.

Kenneth is serving twenty-five years in the state prison for the kidnapping. His counsel contended a confession by Buck should not have been admitted at his trial.

BRITISH BRIDGE ABILITY "SURPRISES" AMERICANS
Ely Culbertson Becoming Perturbed as British Players Continue to Increase Lead in Schwab Trophy Play.

London, July 19.—Ely Culbertson's contract team began to be a bit perturbed as the British players overtook the Americans in a match for Charles M. Schwab's international trophy.

The lead of the British quartette was 1,400 points, the totals being 30,500 for the British and 29,150 for the Americans. The British lead was accumulated in two afternoons and two nights of play with three afternoons and three nights to go.

While the lead was not large for this stage of the match there was the question of endurance to consider in trying over five afternoons for some eight hours of bridge daily.

The British have reserves; the Americans have none. The only British reserve used so far, however, helped the Americans. They cut the British lead a bit last night when Graham Matheson replaced Ely Culbertson. After Matheson got his bearings the British lead began to increase again.

The Americans are frankly surprised by the high quality of British play.

TWO LITHUANIAN PILOTS CONTINUE TOWARDS GOAL
Impressive Ceremonies as Bodies of Stephen Darius and Stanley Girenas Start by Air for Kaunas, Lithuania.

Stettin, Germany, July 19.—The bodies of Captain Stephen Darius and Stanley Girenas started by air today for Kaunas, Lithuania, the goal at which the trans-Atlantic airmen were aiming when they took off from New York last Saturday.

The bodies were brought here from Saldin, near which town the plane Lithuanian crashed.

The two coffins were placed in a plane which will make a brief halt at Koenigsberg, East Prussia, before proceeding to the Lithuanian capital.

Impressive ceremonies were held here and at Saldin. Town authorities, with detachments of the Steelhelm War Veterans' Association, took part.

Lithuania will give the airmen a national funeral.

Yesterday's Up and Down Performance Featured Trading on Montreal Exchange This Morning.

Montreal, July 19.—Liquor stocks repeated yesterday's up and down performance during the early dealings on the Montreal Stock Exchange today. They opened with gains and then fell off under profit-taking to sell around midday with three-point losses.

Canadian Industrial Alcohols were both strong at the opening and after a short upward movement slipped down seven to 10 1/2 points. After the bottom had been touched prices mounted slightly, but were well below yesterday's final quotations.

Alcohol "A" opened at thirty-three and then advanced to 34 1/2. Traders hurried to take profits with the result that it became a repulsive offer, but it has recovered to twenty-eight, off three points. The "B" followed a similar course rising to twenty-nine. The sell-off pushed it down to twenty-two and it moved back to twenty-three, down three points.

Other sections of the list gave a fairly steady performance with prices higher. Some irregularly developed with the drop of the alcohols but failed to affect the general list. International Nickel was a feature, advancing to a new high at 22.75 and then selling at 22.40, a gain of thirty cents. Consolidated Smelters lost 1-2 at 130 1-2. Brazilian Traction advanced 1-8 at 17, while Canadian Pacific Railway and Montreal Power were off fractions.

Steel of Canada was strong with a 1-2 point gain at 31 1-2. B.C. Packers in active trading mounted 1-8 points to a new high at 7 3-8. Bruck Silk gained 1-8 points, while Bakhurst Paper and Bank of Nova Scotia were each a point higher.

MARGINS ADVANCED
New York, July 19.—The wild trading in the stock market had led Wall Street brokers to raise their margin demands drastically, it became known today.

Under the new requirements it is no longer possible to trade in any of the fast moving securities on margins of twenty or twenty-five per cent. of total purchase prices.

The new schedules call for as high as fifty to sixty per cent, the latter applying particularly to the alcohol stocks, whose gyrations in the last few weeks have been as sensational as any of the wide price swings seen during the most hectic period of the 1929 bull market.

MONTREAL LIVE STOCK MARKET

Montreal, July 19.—Offerings on the two Montreal livestock markets today totalled 253. Receipts were composed of only 267 hogs and 14 calves.

The few calves offered were sold from \$2 for common grassers to \$4.25 for good quality calves. Hogs were slow and up to 10:30 a.m., no sales had been made.

DRASTIC SELLING PROVED DAMPER TO EARLY TRADING
New York, July 19.—A rather drastic sell-off in "wet" shares proved a damper in early trading on the stock market today. Bulls and bearish resistance held, but the recently-boostered gold mining issues and numerous industrials turned reactionary.

American Commercial Alcohol sold off 1 1/2 points, while other alcohol shares fell four to eight or more points. Included Owens-Illinois, Commercial Solvents, United States, Industrial Alcohol, Crown Cork and National Distillers. American Telephone and United States Steel were off major fractions. Shares down two points or more included United States Smelting, Dome, Libbey-Owens-Ford Glass, Hazel Atlas and Cerro de Pasco.

Country and Dairy Products Dairy
Montreal, July 19.—Fractionally higher prices prevailed yesterday for butter, cheese and eggs on Montreal wholesale markets. Potatoes and poultry were unchanged.

The butter market became generally 1-2c per lb. for No. 1 carlots or l.c.l. lots. The egg market ranged from 19c to 19 1/2c for extras, 15c to 15 1/2c for firsts, and 12 1/2c to 13c for seconds, for graded shipments in carlots or l.c.l. lots. Prices on small lots to retailers were quoted by jobbers as follows:

Table with columns: Cartons Loose, Special brands, Extras, Firsts, Seconds.

The cheese market was 11 1-8c to 11 1-4c per lb. for Ontario, and 1-2c less for Quebecs.

The potato market was quoted at \$1.90 to \$1.75 for new Quebecs; \$1.15 to \$1.25 for 80-lb. bags of Maritime old potatoes; and \$1.30 to \$1.35 for 90-lb. bags of Maritime Mountains.

Poultry prices are quoted by wholesale distributors here as follows:

Table with columns: "A", "B", Milkfed chickens, Selected chickens, Fowls, Broilers, Turkeys.

HUSBAND'S "LOVING" GESTURE PROVED COSTLY
New York, July 19.—A gesture put Harold Chamberlain behind the bars. Summoned to court for being \$30 in arrears in alimony, Chamberlain was put on probation.

As he left the room, he thumbed his nose at his wife. The judge called him back and ordered him to post \$80 bond. He couldn't so they took him to jail, gestureless.

BOULDERS THAT STAND IN THE WAY OF WORLD PEACE.

A good name counts with the nations as much as it does with individuals, and Shakespeare expressed it neatly when he said, "that which takes away from me my good name makes me poor, indeed."

Germany found this true when, in the last throes of the war, before the cessation of the war, all her overtures for peace were treated as lacking in truth and sincerity.

Yet, when Austria, her ally, made direct proposals for a cessation of hostilities, she was listened to by Woodrow Wilson and his colleagues as being in earnest.

The flight of the Kaiser, in fear of the retribution of his own countrymen, did much to remove the distrust of the other nations, and they at once proceeded to convert an armistice into a permanent peace.

Describing a solemn treaty as a "scrap of paper" was the one outstanding cause of distrust, for it meant the loss of a good name, just as did Russia's repudiation of all her foreign debts.

It takes a long time to live down a bad name, when a good name is lost by irrefutable proof of moral delinquency.

Broken promises are the unforgivable sin in a nation.

Japan smashed the spirit and ideals of the League of Nations, and only future history will reveal the justice or injustice of her course in seizing the twice-conquered territory of Manchuria, which the Pacific Island Empire has again wrested from China as she took it from under the influence of Russia.

It was never a concealed purpose of Japan that she should attach this vast territory to the Japanese Empire, and her native subjects were being persecuted by units of the Chinese under a government which was not strong enough to govern.

Japan may be able to hold this broad province, though other nations which have attacked China have either been engulfed or submerged.

Understanding China and the Chinese, we often wonder whether or not the futility of maintaining Christian missionaries in China will ever be brought home.

The Yellow races will never assimilate with the White.

QUITE CALLOUS ABOUT THEIR SHAME.

When a chimerical industry is in danger of collapse it would appear that all we have to do is to appeal to the public ownership spirit of the Ontario politician. Relief will appear in the form of government help from the public Treasury.

Away in far Northern Ontario the Abitibi River flows its tempestuous course towards the Great Lakes. With glamorous promise of profit to investors the promoters of Abitibi Power raised the money to harness the caynon on the river and produce electrical power of much kilowatt energy. The promoters got into trouble. The scheme was more expensive than they anticipated. To prospective investors they flourished a contract with the Ontario Hydro Power.

Yet shares which were sold at \$90 per dropped to \$21 a share and found no buyers.

Smoothly, quietly and with that speed which only hidden influences can exercise, the whole wild scheme was unloaded on the Ontario Province at a profit. The Government and the Hydro Commission had involved the taxpayers to the tune of \$100,000,000 without consultation and without a squeak.

Subsequently it was discovered that both Premier Henry and Hon. Arthur Meighen were interested in the bonds, which had quickly jumped from a fictitious value of \$21 to a paid value of \$90. Ontario Hydro Commission paid \$90 for each bond when it was being offered on the market at \$21.

None of those interested have as yet resigned in shame. They have defended their actions on the public platform as being quite in order.

It was not like that in the olden days. The Ontario Conservatives seem to be inclined to go to the country with these exotices clinging to the trunk of the good old Tory tree.

Those who have been initiated into all the secrets—the exotices of the inside circle—are showing a cynical and callous disregard for the pub-

lic in clinging to office after these revelations. We had, from the public pulpit, gently chided these gentlemen for falling into a cul de sac, but now they are quite brazen about it and with all the courage of the cornered rodent, they stick out their tongues at the public, just as was done in the Beauharnois Canal dealings.

Independent of any partizanship we have more than once voiced the opinion that in taking Mr. Meighen back again Mr. Bennett had made a political error of judgment. But the Ontario Conservatives are to bear the brunt of this mistake.

THE FLAVOUR OF THE NORTHERN ZONE IS FINER.

It is fitting that the World's Grain Exhibition should be held in Canada, which country produces the finest wheat and other grains grown in the world.

The Temperate Zone produces quality and flavour rather than size. The tropical countries give a speedy growth, but their products lack the same delicacy of flavour. Southern exotics, even to citrus fruits, to peaches and apples, are not of as good relish.

In Regina next week, for the first time a World's Grain Exhibition is to be held, and Regina is the capital of the great wheat belt of Western Canada. Not an exciting show in any particular, the exhibit will be put on with that true Western spirit of originality. The city and the province have co-operated in preparing buildings which will do justice to the affair.

EDITOR'S NOTE BOOK.

With interest falling off on the professional race tracks the promoters are adopting all manner of freak notions in betting in an effort to help the touts and bookies who frequent the course. Some of the staid old newspapers like the Gazette have even been persuaded to publish the problematical winnings of a frequenter who can guess right twice the same day. Other newspapers are induced to print the stories of some fellows who win a prize at a sweepstakes, but the thousands who contributed and lost are not mentioned.

That there is a field yet for the old time grist mill—the farmers' flour mills—is proven in many instances in Canada. We read an advertisement in the "Greenwood Mills, established in 1838," and in our own field there is the "Hunting Mill," which is approaching the century, and is still operated from the same falls in the Salmon River, where it was first located.

Politicians may yet talk of the St. Lawrence Deep Waterway, but for the present era the Empress of Britain will still anchor at Wolfe's Cove; the Duchesses and the Cunarders can come to Montreal as usual. Still, we are in the position of the dead-broke millionaire prospectors: we can enjoy our visions without spending a cent.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record. July 19th, 1903.

The sum of \$7,500,000 a year was set aside to maintain a British army corps in South Africa, a permanent force which could readily be despatched to India in the event of an attack on the frontier. Munition-makers had conjured up the fear of the "man that walks like a bear," a chimera which Japan was shortly to puncture.

S. H. C. Miner, of Granby, then president of the Consolidated Mining & Smelting Company, was in the city for a visit, and spoke highly of that company's investments. The C. M. & S. is even today managed by engineers from the Eastern Townships, under whose tutelage the properties have been highly profitable.

Joyous demonstration acclaimed the United States squadron, with the flagship Kearsage, on the occasion of their bidding farewell to British waters at Portsmouth, England. Everybody had a good time and sailors and officers had fraternized for a fortnight.

J. I. Chase of Cherry River, near Magog, got up in the night to find a bear dining merrily on the carcass of a calf which Mr. Chase had killed for its meat the afternoon before. Without a gun in the house Mr. Chase could not chase Bruin away from his veal.

"Cuddle Doon" cottage at Elmwood Park, Lake Massawippi, occupied by Mrs. E. F. Tomkins, entertained Mrs. Charles Buckland and Master Percy Buckland, of Barnston, together with other members of Westmount Tomkins family.

Trouble was brewing in Portugal where under King Charles there were 600,000 public employees for a population of 5,000,000. It is about as bad as that in Canada. The royal family were told to "git" some few years after.

Miss Randall, of Compton, who had gone to teach English to the Boer children, and who had been accompanied by Miss Lee, of Cookshire, returned safely to her home. Miss Lee had died in the service.

Megantic was booming. In the twelve months past, 14 new houses and stores, 3 additions, 12 stables, and 21 buildings have been built or enlarged.

Inez Minnie Drew was married on July 16th to John P. Bryan at the home of A. G. Drew, in West Compton.

Hatley School Board selected W. J. Stevenson as chairman. Other members were Edwin Howe, Howard Black, E. Maxfield, O. H. Parker, J. F. Woodman.

E. N. Robinson, of Coaticook, caught a 29 pound Tunge in Lake Massawippi nearby his cottage at Elmwood Park.

French troops were withdrawn from Tahiti on account of a cyclonic destruction in the Pacific Islands.

Four colts around West Compton had mysteriously strayed, lost or been stolen within a fortnight.

W. R. Thwaites sold two pairs of two-year-old heifers at \$50 each from his Compton farm.

A derailed engine in the Grand Trunk yard at the Sherbrooke station held up traffic for the whole night. Senator Cochrane was seriously ill at his home near Compton.

C. H. Cleveland, of Sweetwater, received \$1,000 back pension for service in the Civil War across the border.

Mrs. N. Nicholson, of Richmond, entertained the Presbyterian Workers' Society.

Charles M. Holt, of Montreal, is visiting at Senator Cochrane's home, "Hillhurst."

R. N. Robins took along to Disraeli two stirring kids, Norris Robins and Douglas Rangater.

To a Sherbrooke merchant who knows his business I am indebted for the following fable, from the pen of a modern Aesop:

At the beginning of things, when the world was young, the donkeys esteemed by all the tribes of men as wisest of animals. The good Sheik El-Sta-Shun-Air owned a great herd of these sagacious beasts which was the pride and joy of his life.

Other sheiks from miles around came to listen and marvel at the wisdom of the herd. At such a time came even the Prophet himself—most learned and wise of all the sons of the East. With much pride El-Sta-Shun-Air led him out to the herd and said:

"Behold, O Prophet, the wild and untamed asses that I have gathered together, and see if they are not verily wiser than forty trees full of owls."

Then the Prophet addressed the asses: "Let us test your wisdom," said he, "and I will give you a question. What do you require for a three days' journey?"

And they counselled among themselves and then made reply: "For a three days' journey, O Prophet, any ass should require six bundles of hay and three bags of dates."

"Very good," quoth the Prophet, "that soundeth like a fair and proper price." Whereupon El-Sta-Shun-Air broke into loud chuckles and said: "Did I not tell you they are passing wise?"

The Prophet answered, "Wait." And he again addressed the asses: "I have for one of you three days' journey and I will not give you six bundles of hay and three bags of dates for making it. Let him who will go for less stand forth."

At length they all stood forth and all began to talk at once. One would go for six bundles of hay and two bags of dates. Then another would go for three bundles of hay and one bag of dates, until finally one specially long-eared ass agreed to go for one bundle of hay.

Then spoke the Prophet, "Fool," quoth he, "you cannot even live for three days on one bundle of hay, much less profit from the journey."

"True," replied the long-eared one, "but I wanted to get the order."

And from that far off day to this asses have been known as asses.

That fable is a bit out-of-date now.

The stock market is going crazy. Commodity prices are soaring.

But in the United States, President Franklin Delano Roosevelt is up against an orgy of quick profit-taking by big business.

Employers of labour are boosting the prices of their output, but wages are not going up in proportion.

Until buying power increases faster than buying costs, there can be no permanent improvement in conditions.

The very people who were hardest hit as the result of the iniquities of 1929 are back at their old tricks again.

The next depression will be worse than the last one, and it may come soon, unless distribution keeps pace with production.

And distribution cannot be increased without an increase in the absorbing power of the public.

Government must do one of two things:

It must clear out of business altogether;

Or it must go the whole way.

Shilly-shallying back and forth between the horns of a dilemma, as governments are prone to do when they stick their noses in business, will only make the mess worse.

Roosevelt is coming to the end of the honeymoon.

Brass tacks are staring him in the face now.

What he does within the next six months will make him either the greatest President in American history, or the most colossal failure.

ILLEGITIMACY IN TURKEY CAUSE OF GREAT CONCERN

International Congress of Women Asked to Offer Some Solution to Great National Problem.

Chicago, July 19.—A plea for aid in connection with problems of prostitution and illegitimacy, which she said had arisen in her native land, was made to the International Congress of Women today by Elma Akrem, of Turkey.

Miss Akrem, daughter of Ali Akrem Bey, former Governor of Jerusalem and the Aegean Islands, said these problems with "girls with painted faces in dance halls" and "old maids" had followed the adoption of monogamy in her country.

"For hundreds of years we had polygamy in my country," she said. "But all children were legitimate and all of the women had husbands."

"Since we have adopted monogamy from the West, can you please help us with these problems which have arisen?"

NO MORE FLAT FOOTED POLICEMEN New York, July 19.—Wisecracks about policemen having flat feet were termed out of date today by Chief Police Surgeon Daniel J. Donovan, who has looked after the health of New York's "finest" for forty years.

Patrolmen, said Dr. Donovan, seldom have arch trouble now because they have been taught to stand properly.

WHOLESALE PRICES SHOWED AN UPWARD TREND IN JUNE

Fourth Consecutive Month that American Merchants Have Had to Pay Higher Prices for Their Stocks.

Washington, July 19.—The American butcher, the baker and the grocer, to say nothing of the dry-goods store keeper, had to pay an average of 3 1-2 per cent. more for their stocks during June than in May.

The United States Labor Department said today that wholesale

prices for the month showed an index figure of 65 when compared with 100 in 1926. This was the fourth consecutive month that wholesale prices have shown an upward swing.

DEATH CLOSES CAREER OF ONE HUNDRED YEARS

Enoch Berwick Passed Away at Home of His Daughter Yesterday at Age of One Hundred Years and Twenty-Eight Days.

Death came peacefully to Sherbrooke's oldest citizen yesterday when Enoch Berwick passed away at the home of his daughter, Mrs. John Williams, 88 Drummond street at the age of one hundred years and twenty-eight days.

The late Mr. Berwick was born in England on June 20th, 1833, and came to Canada in 1837, the year in which Papineau and Mackenzie were carrying on their fight with the authorities for greater Canadian independence. Settling in Sherbrooke with his family, Mr. Berwick spent the remainder of his life in this vicinity, except for short vacations, and witnessed many changes during his ninety-six years of residence in this district.

During his active career he was engaged in farming and carpentering, while in addition for many years he served faithfully as caretaker for Plymouth Congregational Church. In his later years, after he had given up these more arduous tasks, he went to live with his daughter, Mrs. Williams. In full possession of his faculties to the end, Mr. Berwick would entertain his visitors and friends of an alter generation with stories and yarns of the earlier days of Sherbrooke and vicinity.

Although he had been ill for some months, the end yesterday came easily, the venerable gentleman passing away while sleeping.

He is survived by one daughter, Mrs. Williams, and three sons, Alec, of Sherbrooke, Fred, of Arrington, Ohio, and Henry, of Gorham, N.H. Another son, Archie, predeceased him. He also leaves many more distant relatives.

The funeral will take place from his late residence tomorrow afternoon at 2.30 p.m. Rev. Dr. G. E. Read officiating. Interment will take place in Prospe + street Cemetery.

NEW FIREARMS REGULATIONS NOW IN FORCE

Permits to Carry Revolvers and Other Weapons Null and Void—Sherbrooke Will Not Feel Change to Any Great Extent.

All persons who had permits to carry revolvers or other weapons now find that these permits are null and void, and are obliged to make application to have them renewed. This is in accordance with the new regulations governing the possession of firearms resulting from legislation passed at the last session of the Federal Parliament. These new regulations came into force on Saturday last.

Sherbrooke itself will not feel this change to any great extent. Police Chief Camirand pointed out to the Record this morning. There are only about thirty persons in this city who have permits—or had permits—and these, for the most part, are bank officials and the watchmen.

The principal features of the changes are that they limit the number of persons who may issue licences to carry weapons, and also increase the penalty for carrying them without having a licence.

Formerly, such licences could be issued by any police or district magistrate. Now they can be issued only by the Commissioner of the Royal Canadian Mounted Police, by persons authorized by him, or by persons authorized by the Attorney-General of the Province.

In the Province of Quebec the necessary authority has been granted to Chief of Police L. J. Lambert, of Quebec City, and to Chief Lalonde, of the Montreal office of the Provincial Police.

By the new legislation, which involved the alteration of sections 118 to 129 of the Criminal Code, all previous permits automatically become null and void; so that holders who wish to go on carrying a weapon should get new permits at once, it was pointed out.

A considerable increase in the penalties is also involved by the alterations. Formerly the penalty for carrying a revolver or other weapon was a maximum of \$100 fine or three months' imprisonment. Now anyone carrying a revolver is "guilty of an indictable offence and liable to imprisonment for a term not exceeding five years," according to the Code. There is no option of a fine.

A distinction is drawn between a revolver and other weapons, such as blackjacks, etc. For illegally carrying the latter one is subject to a penalty not exceeding \$100 or three months' imprisonment.

These regulations all apply only to "concealed weapons"—or small weapons such as a revolver which can be carried on the person without being seen. They do not refer to rifles or shotguns, etc.

There is no charge for the licences.

GUNTER WILL STAND TRIAL FOR ROBBERY

Judge Lemay Declared this Morning Second Complaint Against Richmond Young Man Was Illegal.

For many weeks the case of J. A. Gunter, of Richmond, charged with theft at the stores of McKee and Pearson, has been before the local courts.

This morning Judge J. H. Lemay ruled that Gunter stand trial at the Court of King's Bench, as he had been ordered to do by Justice of the Peace Division in Richmond following his arrest.

On June 19, J. Gunter was charged jointly with Asselin and Cote with theft at the stores of Pearson and McKee in Richmond. The three appeared before the Richmond Justice of the Peace, who ordered Gunter to the King's Bench Court for trial. Gunter was sent to Sherbrooke and his attorney, Cesare Gervais, bought him before Mr. Justice Charles D. White for bail, which was fixed at \$200. Immediately, however, a new complaint against the three young men, based on the same grounds as the one on which Gunter was taken for McKee theft. When this new complaint was read before Magistrate J. S. Couture, Mr. Gervais made a verbal motion to quash the complaint upon the grounds that it was the same as the one taken previously and that a person could not be charged with the same offence twice. Judge Couture, however, dismissed the motion. On June 19 a new complaint for the Pearson theft was taken, and when it was read to Magistrate Lemay this morning, Mr. Gervais made the same motion that he had made before Magistrate Couture in connection with the McKee indictment, and his motion was granted. Gunter, the judge pointed out, had already been ordered to the criminal assizes, and the second charge was therefore illegal.

Amand Brule and H. Lapierre, of Montreal, charged with sleeping in a C.P.R. box car, pleaded guilty and were ordered to pay the costs or spend eight days in jail.

Joseph Beausseau, of Danville, charged with the possession of illicit alcohol, pleaded not guilty. His case was remanded.

"EVERYTHING ELECTRICAL"

New Firm Embarks in Business on Wellington Street North, in the McManamy-Walsh Block.

Three young men, all well known in the city, tomorrow morning open their new electrical shop in the McManamy and Walsh block, which is in the heart of the busiest part of the city.

Bert Keeler is the senior partner in the firm with Sidney Cross and Lennox Keeler as full-sized partners. For a month the young men have been preparing to launch their own craft, and today they proudly announce their opening on the morrow.

The new store has been thoroughly overhauled and fitted for display of all things electrical, for the nimble kilowatts are taking their place today in all sorts of home and business appliances, both luxuries such as the radios, and necessities such as electric ranges, washing machines, ironing appliances, lighting fixtures—and the multiple other things which electricity can now do.

"Perhaps electricity and the wizardry of science who have so harassed it to everyday purposes, have done more for the relief of the homekeeper than any known discovery," said Bert Keeler. "I have never beaten the editorial fourteen-hour day this past fortnight, but to me it was as much pleasure in making the preparations as we hope to give all who may come to see our exhibition. The welcome will be free, wide and thrilling to all who pay us the honour of a call—just to look us over."

Some of the manufacturers whom the Keeler-Cross-Keeler trio will represent are: The Canadian Westinghouse, the Associated Buyers Corporation, the Florentine Lamps, the Electrolux Company, the Service Station Equipment, the Burgess Battery, the Eveready line, and many others.

When this new complaint was read before Magistrate J. S. Couture, Mr. Gervais made a verbal motion to quash the complaint upon the grounds that it was the same as the one taken previously and that a person could not be charged with the same offence twice. Judge Couture, however, dismissed the motion. On June 19 a new complaint for the Pearson theft was taken, and when it was read to Magistrate Lemay this morning, Mr. Gervais made the same motion that he had made before Magistrate Couture in connection with the McKee indictment, and his motion was granted. Gunter, the judge pointed out, had already been ordered to the criminal assizes, and the second charge was therefore illegal.

Amand Brule and H. Lapierre, of Montreal, charged with sleeping in a C.P.R. box car, pleaded guilty and were ordered to pay the costs or spend eight days in jail.

Joseph Beausseau, of Danville, charged with the possession of illicit alcohol, pleaded not guilty. His case was remanded.

"EVERYTHING ELECTRICAL"

New Firm Embarks in Business on Wellington Street North, in the McManamy-Walsh Block.

Three young men, all well known in the city, tomorrow morning open their new electrical shop in the McManamy and Walsh block, which is in the heart of the busiest part of the city.

Bert Keeler is the senior partner in the firm with Sidney Cross and Lennox Keeler as full-sized partners. For a month the young men have been preparing to launch their own craft, and today they proudly announce their opening on the morrow.

The new store has been thoroughly overhauled and fitted for display of all things electrical, for the nimble kilowatts are taking their place today in all sorts of home and business appliances, both luxuries such as the radios, and necessities such as electric ranges, washing machines, ironing appliances, lighting fixtures—and the multiple other things which electricity can now do.

"Perhaps electricity and the wizardry of science who have so harassed it to everyday purposes, have done more for the relief of the homekeeper than any known discovery," said Bert Keeler. "I have never beaten the editorial fourteen-hour day this past fortnight, but to me it was as much pleasure in making the preparations as we hope to give all who may come to see our exhibition. The welcome will be free, wide and thrilling to all who pay us the honour of a call—just to look us over."

Some of the manufacturers whom the Keeler-Cross-Keeler trio will represent are: The Canadian Westinghouse, the Associated Buyers Corporation, the Florentine Lamps, the Electrolux Company, the Service Station Equipment, the Burgess Battery, the Eveready line, and many others.

MARRIAGES

JOHNSON—IRWIN

A quiet but pretty wedding was solemnized yesterday afternoon, at St. Patrick's Presbytery, Sherbrooke, when Miss Beryl Irwin, elder daughter of Mrs. Wilber Newton Irwin, of Sherbrooke, and the late Mr. Irwin, was united in marriage to Joseph Ernest Johnson, of Quebec, eldest son of Mr. and Mrs. P. W. Johnson, of Danville, Rev. J. A. Linahan officiating.

The bride wore a lovely gown of hyacinth blue triple sheer georgette, with large crepe hat and slippers of the same shade. Her bouquet was of Briarcliff roses and lilies of the valley.

Miss Andrea Irwin, who attended her sister, was dressed in an ensemble of pink flat crepe, with daintily embroidered coat. Her large hat was of pale pink organdy and she carried Rose Hill pink roses and blue delphinium. Mr. Frank Johnson, of Quebec, acted as best man for his brother.

Mrs. Irwin, mother of the bride, was smartly gowned in sailor blue chiffon with a hat of the same shade, and wore a corsage of pale pink sweet peas.

After the ceremony the wedding party returned to the home of the bride's mother for luncheon, the table being attractively decorated with white sweet peas in silver vases, pale pink tapers, and centred by the handsome wedding cake.

Mr. and Mrs. Johnson left during the afternoon for a motor trip around the Gaspé Coast, the bride travelling in a smart beige and brown crepe ensemble swaggar suit, with brown hat and accessories. Upon their return they will reside in Quebec.

YOUTH INJURED WHEN BICYCLE STRUCK BY CAR

Reginald Thompson, Residing Near Bury, Suffered Broken Collarbone and Other Injuries when Bicycle Was Hit by Automobile Driven by Joseph Demers, of Chesham.

Bury, Que., July 19.—Reginald Thompson, twenty-one years of age, suffered a broken collarbone and painful injuries to his knees and arms late yesterday afternoon when the bicycle which he was driving was struck by an automobile owned and operated by Joseph Demers, Chesham hotel proprietor. The mishap occurred about five miles from here on the Bury-Scotts-town highway as Thompson pedaled out of the driveway leading from the home of Russell Rudd.

He apparently did not see the approaching vehicle and was crossing the road when struck. Mr. Demers rendered every assistance, and after bringing the victim to the Rudd home he travelled a mile to telephone Dr. R. H. MacRae. Dr. MacRae rendered first aid and reports this morning state that young Thompson is in a fairly comfortable condition.

The victim is the son of George Thompson, who resides two miles from here in the Bown neighborhood.

five thousand persons took part. The disturbance started when a crowd attempted unsuccessfully to carry John Sparanga's furniture back into the house from which he and his family had been evicted.

NEW YORK TAKES LEADERSHIP IN PENNANT RACE

Yankees Extended Winning Streak to Nine Games with Victory Over Chicago Yesterday and Lead Washington, Who Lost Close Fixture to St. Louis, by Single Game.

New York, July 19.—The New York Yankees have regained the top of the American League standing very much in the manner of a team which is merely asserting its right as world champion.

By defeating the Chicago White Sox by nine to four yesterday, the Yanks stretched their winning streak to nine games, the longest in the major leagues so far. But in winning these nine, they have made their effort look easy.

Far behind when they started a little over a week ago, the Yanks have done everything just right while they whittled down Washington's lead and finally stepped out a game ahead of the Senators as yesterday's triumph coincided with Washington's four to three defeat at the hands of the St. Louis Browns.

In nine games, the Yanks have piled up a total of ninety-seven hits and have made them count so effectively that they were good for eighty runs. And while this doubling eased the pressure on their mound staff, the flingers have shown considerable improvement.

Johnny Allen, who held St. Louis to seven hits last week, turned in another good effort yesterday and when he began to tire in the ninth after giving only one run and eight blows in the first eight frame, he had a long lead to work on and Wilky Moore checked the rally before it became dangerous.

The Senators made ten hits off George Blaholder and Sam Gray as many as they made in two previous games against the Browns, but a couple of errors in the first inning gave St. Louis a start of three runs and Washington never succeeded in cutting down the lead.

The Detroit Tigers backed Vic Sorrell's six-hit pitching with home runs and stepped a game closer to the first division with a five to two triumph over the Philadelphia Athletics. Circuit craves by John Stone and Ervin Fox produced the winning runs in the eighth frame. Homers also played an important part in the mound duel between Monte Pearson and Lloyd Brown as the Cleveland Indians scored their second two to one victory over the Boston Red Sox. Smead Jolley hit one for the Sox and O'Dell Heile for the Indians, then Pearson scored the winning run himself in the eighth chukker.

The four first division clubs of the National League held the upper hand and the race remained unchanged. The first-place New York Giants rolled up their biggest score of the season in beating the Cincinnati Reds by fourteen to one. Starting when Johnny Vergez was loped a home with the bases full in the first inning, they piled up nineteen hits.

Chicago's Cubs remained three and a half games behind as they bunched their blows effectively to beat the Boston Braves by four to one in a struggle between Lon Warneke and Ben Cartwell in which each pitcher gave seven hits. The Pittsburgh Pirates, nipping Hollis Thurston for the last four of their seventeen hits and three runs in the eighth inning, defeated the Brooklyn Dodgers by eleven to eight after spotting their rivals an eight to two lead.

Chuck Klein's eighteenth homer was one of the few effective blows the Phillies could get off. Dizzy Dean and the St. Louis Cardinals romped in with a nine to two victory, pounding young Johnny Jackson to cover in six innings.

HOME RUN STANDING Home runs were registered in the major leagues by Klein, Phillips, Hartnett, Cubs, 1; Vergez, Giants, 1; Walker, Yankees, 1; Goslin, Senators, 1; Fox, Tigers, 1; Stone, Tigers, 1; Hale, Indians, 1; Jolley, Red Sox, 1.

The leaders in the circuit club division are: Fox, Athletics, 25; Ruth, Yankees, 24; Klein, Phillies, 18; Gehrig, Yankees, 17; Berger, Braves, 17. League totals: American, 375; National, 533, Total, 908.

CRONIN AND FOX TIED FOR BATTING LEADERSHIP Joe Cronin and Jimmie Fox went into a tie for the "Big Six" and major league batting lead yesterday, the Washington manager pulling up to where he led the Athletics star by one small figure when their percentages were carried out through an extra decimal place. Cronin made three hits in four times up, gaining four points and moving up from third place, while Fox failed to connect in four attempts and lost five points.

Bill Terry held his place as seventh member of the "Big Six" by hitting twice in six trips to the plate to hold his tie with the idle Chick Falls for third place in the National League.

YESTERDAY'S STARS Outstanding players in yesterday's major league games were: Monte Pearson, Indians—Held the Red Sox to four hits and scored winning run after singling Johnny Vergez, Giants—Clouted homer with bases full against the Reds. George Blaholder, Browns—Scattered Washington hits to win by four to three. Floyd Vaughan, Pirates—Led attack on the Dodgers with four hits. John Stone and Ervin Fox, Tigers—Hit homers in eighth inning to break tie with the Athletics. Kiki Cuyler, Cubs—Drove in two runs with double in rally that beat the Braves. Fred Walker, Yankees—Batted home five runs against the White

ENGLISH VETERANS WON LORD DERBY CUP

Sandwich, England, July 19.—Great Britain yesterday won the Lord Derby Cup in competition with the senior golfers of Canada and the United States with a total score of 32 1-2 points for the two-day play. The United States scored eighteen points, Canada 8 1-2.

Britain made a clean sweep of yesterday's twelve singles with Canada and won nine from the United States with three halved. The United States won nine singles from Canada, lost two and halved one.

TOMBSTONE COMPETITION HELD AT COUNTRY CLUB

The lady members of the Sherbrooke Country Club took part in a tombstone competition yesterday afternoon. A number of participants played in the morning following a breakfast party, while the remainder of the field battled for honors in the afternoon.

In Class "A," Mrs. D. C. McRae and Mrs. D. J. Salls were the prize winners, both ladies reaching the eighteenth green before their tombstones were put down. Mrs. May Norcross was first in Class "B," with Mrs. Frank Norcross the runner-up.

Next week's ladies' schedule at the Country Club has been changed to prevent interference with the Eastern Townships field day which will be held at the St. Francis Golf Club on Tuesday. The qualifying round for the Handicap Cup, originally scheduled for Tuesday, has been postponed until Monday, July 24th.

RANGERS PREPARING FOR RETURN GAME WITH DRUMMONDVILLE

Instead of resting on the laurels they captured by defeating Drummondville by two to nothing last Saturday in the Celanese Centre, the Sherbrooke Rangers are getting into shape for the return game which will be played on the Parade Grounds next Saturday afternoon. The fixture is in the nature of a "crucial" contest for both clubs, the Rangers needing victory to keep them in the running, while Drummondville is anxious to record its first win of the season.

A practice for the Rangers has been called for tomorrow night at the Parade Grounds. A full turn out of players is expected for this final brushing up.

COTTONS AGAIN FORCE TIE FOR CIRCUIT LEAD

Yellow Shirts Established Several Local Records by Trouncing Silk Products Last Evening by Forty-One to Eight in Five Innings—Again on Even Terms with Kayser.

Is there such a thing as the weaker sex? Sport authorities answer affirmatively, but it is very probable that they would change their opinion if they witnessed the Sherbrooke Ladies' Softball League fixture in which the Sherbrooke Cottons' entry participated. Spectators, after watching the Cottons' squoed slaughter Canadian Silk Products at the Parade Grounds last evening, wondered what kind of a showing the heavy-hitting yellow shirts would make against one of the male aggregations. There were a great many supporters who held the opinion that the Cottons' outfit would give any member of the "stronger sex" circuit a good run if such an exhibition game were arranged.

There seems no effective remedy to silence the Cottons' bludgeons. Silk Products tried to stem the barrage of hits which has given the Pacific street squad an average of slightly more than twenty-seven runs per game, but when darkness stopped the scheduled contest last evening after five innings the Silk workers were ready to call it a day. At this juncture Cottons were leading by forty-one to eight.

Cottons' victory last evening established several local records. In the third inning, in the course of which twenty runs were scored, no less than twenty-six batters faced Francoise Chouquette, who rolled in the home runs for the losers. In this frame Lilliane Voisine and Bernadette Bourque performed remarkable feats by hitting two home runs in three appearances at the plate. Gilberte Gagne and Beryl Mandigo also smashed circuit clubs in this hectic chapter. Before the game was concluded, Miss Voisine had added another homer, while Henrietta Tremblay and Miss Gagne brought the Cottons' total of "Ruthian" wallops to nine.

Cottons continued their wild hitting for both clubs, the Cottons chalking up a dozen more. They slackened slightly in their half of the fifth, two tallies finding their way into the score book to bring their total to forty-one, another record. Miss Voisine scored six runs alone and drove in many, while Miss Tremblay crossed the plate the same number of times.

Georgianna Bilodeau and Anita Lapointe were responsible for the Silk's two home runs. They came in the third inning when the losers scored four points. Paudette Cabana struck out five opponents and gave nine free tickets to first while her rival whiffed two and gave three walks.

The victory placed Cottons again on an even basis with Julius Kayser, who, however, has played five games less than their closest rivals. The present deadlocked pace-setters have to play each other twice before the schedule is concluded, and on the results of these games hinge the championship.

The score by innings last evening was as follows: Cottons 16 20 12 2-41 Silks 21 4 1 0-28

The line-ups were as follows: Cottons: Flore Cabana, Henriette Tremblay, Therese Bachand, Beryl Mandigo, Anita Bourque, Paudette Cabana, Lilliane Voisine, Bernadette Bourque, Florence Drapeau, Gilberte Gagne and Germaine Bourque. Silks: Berthe Marcheter, Francoise Chouquette, Jeanne Martel, Fleurette Beaulieu, Bernadette Voierge, Georgianna Bilodeau, Irene Caya, Alex Audet, Stella Dube, Iva Heath and Anita Lapointe.

LEAGUE STANDING

The Ladies' League standing as at close of Cottons' victory last evening is as follows: Team W. L. P. A. P. Kayser 4 4 0 66 46 8 Cottons 6 4 2 154 74 3 Marcoux 4 1 3 53 78 2 Silks 6 1 5 67 142 2

ST. PAT'S DEFEATED EAST ANGLES

East Angus, July 19.—St. Pat's formidable entry in the Sherbrooke Softball League, paid a short visit to East Angus last evening and romped home with a twenty-three to five victory over the local squad. The Irishmen got away to an early lead, outpointing the homesters by eleven to five in the first two innings. Tom Palmer's aggregation rallied in the third frame to whittle the Green Shirts to two points, but the Sherbrooke registered ten tallies in the next two chukkers to salt the game away.

The home team shoved across two runs in each of the fourth, fifth and seventh sessions, while St. Pat's concluded their scoring with single points in the sixth and seventh chapters.

Armand Filion, the visitors' starting twirler, was replaced in the fourth inning by Eddie Wolfe when the regular hurler injured his pitching hand. Austin Workman, Dick Hawkins, Jim Foley, H. Roch, of Vancouver, and Emilio Larocche were among the St. Pat's supporters.

Should the Independents-Lennoxville I series in Sherbrooke conclude this evening, East Angus will pay St. Pat's a return visit on Friday evening.

The score by innings last evening was: St. Pat's 290 551 1-23 East Angus 414 229 2-15 The line-ups were as follows: St. Pat's: Roy F. Wolfe, O'Donnell, Boisvert, Filion, McWilliams, L. Shields, Wolfe, McGinty and Crochetiere.

East Angus: Wharand, Bernier, Dugal, R. Hayes, Labarre, Conway, J. Frost, Lamoureux, J. Roy, Ed. Clout and Rogers.

BOTH ARKANSAS AND ALABAMA FAVOR REPEAL

Yesterday's Vote Brought a Number of States on Record for Repeal to Eighteen—Prohibitionists Have Yet to Score Initial Victory.

Washington, July 19.—Arkansas and Alabama, first states of the "solid south" to speak on the United States prohibition amendment, have voted for its repeal.

Approximate figures showed today that Alabama favored repeal by about two to one. The vote for repeal in Arkansas was three to two. Yesterday's vote brought the number of states on record for repeal to eighteen, with prohibitionists yet to score their first victory.

Tennessee voters will register their decision tomorrow, with Oregon following on Friday. Thirty-six states must vote for repeal if the prohibition amendment is to be nullified.

In addition to Tennessee and Oregon, fifteen states have fixed definite dates before early November to vote on repeal.

States voting next month are: Arizona, Missouri, Texas and Washington.

Although only thirty-five states have either voted or arranged to vote on repeal by November 7th, action is pending in several others, which may bring the total number voting to more than thirty-six. It is on this possibility that repealists rest their hopes for victory before Christmas.

FIVE CANADIANS WELL TO FORE IN KING'S PRIZE Bisley Camp, England, July 19.—No fewer than five of the 16 Canadians competing recorded totals of sixty-seven out of a possible seventy by the time the two-day match had been reached today in the opening stage of the King's Prize, classic feature of the great Imperial meeting of the National Rifle Association.

They were among 950 marksmen and five markswomen firing in the open stage of the big match, first fired in 1860. Three more Canadians had sixty-six. The best three hundred scorers today go into Friday's second stage, which brings the field down to 100 for Saturday's final.

The leading Canadians after the 200 and 500-yard ranges had been
