ENGINEERS GET RAISE OF PAY.

St. Chas. Seminary 5Jan08

Grand Trunk Signs [illegible] Year Agreement.

AGREEMENT WAS EFFECTED THROUGH ITS GOOD OFFICES — —PROF. SHORTT, OF KINGSTON, WAS THE CHAIRMAN.

Ottawa, Aug. 19.—Prof. Shortt, the chairman of the Board of Investigation appointed to adjust the dispute between the Grand Trunk Railway Company and its locomotive engineers, has forwarded the report of the board to the Minister of Labor.

The report states that the final settlement of the dispute was effected on August 13th, both parties having on that date signed an agreement for three years from August 1st, 1907. The agreement, which covers rules and rates of remuneration applicable throughout the Grand Trunk System, is of considerable length. The main feature of the settlement is a substantial increase of wages to the engineers, made in consideration of the agreement extending over a three-year period.

The board was composed of Prof. Adam Shortt, Queen's University, chairman; Wallace Nesbitt, K.C., representing the Company, and John Cardell, of Brandon, representing the engineers.

This is the second important dispute between the Grand Trunk and its employees which has been settled under the Industrial Disputes Investigation Act.

LIVELY DEBATE AT ST. HYACINTHE.

Mr. Bourassa and Government Supporters Clash.

A LIVELY DEBATE, BUT NO STONES OR EGGS THROWN.

St. Hyacinthe, August 19.—A lively political debate between Mr. Henri Bourassa and his supporters, on the one hand, and representatives of the Government on the other, took place here yesterday, and the political administration was treated from two opposite standpoints. The member for Labelle, assisted by Messrs. Ernest Tetreau and Joseph Rainville, two young barristers of Montreal, spoke for over an hour and a half on political misdeeds, while Alderman D. T. Bouchard, proprietor of the local Liberal organ, L'Union; Messrs. Beauparlant, M.P., and Joseph Morin, M. L. A., for this constituency, and Amedie Marin, advocate, entered the lists in defence of the Gouin administration.

Contrary to report that Mr. Bourassa would likely meet the same reception as in Quebec two weeks ago, when he was pelted with stones, there was not the slightest disturbance, although the gathering, which numbered from five to six thousand persons, was made up of opposite political factions.

Mr. Bourassa's appearance here was prompted by an invitation signed by prominent citizens, including Liberals. A large contingent of sympathizers from Montreal and other places accompanied the popular orator. The addresses were delivered from the kiosk on the square of Girouard street. The debate was characterized by personal scurrilities and by acidulous epithets, such as "political acrobat," "mangy animal," "wolf in lamb's garb," "political football," "puppy," "demagogue," "St. Jean Baptiste lambs," "notorious rascal," "thief," "new Messiah," and "political adventurer," which the rival debaters used freely.

HE WAS NOT DEAD.

SOMEBODY ELSE WAS BURIED INSTEAD OF JAMES GAFFNEY.

Schenectady, N.Y., Aug. 19.—A special says: "Although relatives and friends of James Gaffney attended the funeral of a man they thought was he, they made a mistake and the real Gaffney, a weaver, 44 years, employed in this city, is very much alive. The body of a man supposed to be Gaffney, was taken from the Erie Canal a week ago. It was identified as that of Gaffney and sent to Fall River, Mass., where Gaffney's mother accepted it as that of her son. Sunday morning the real Gaffney walked into the police office and convinced Chief Adams that he was not dead. His mother at N. Adams was notified and her grief changed to joy."

THE WATCH ON THE RHINE.

(From the Philadelphia Press.)

The world's attention focuses on Morocco; but the real danger point is between France and Germany.

Two years ago the German Emperor brought his empire and the French republic to the verge of war to halt France in Morocco. He failed and was forced by the pressure of all the Powers—the United States included—to accept in Morocco an international police, provided by France and Spain.

No one expects that he will fail to act if France seems likely to do more than merely police the ports. German policy has set out to make peace in Morocco impossible, with a view to a final division.

Mr. J. N. Dubrule, a former Sherbrooke citizen, for a number of years manager of the Eastern Manufacturing Co., St. Hyacinthe., is about to leave that city for Montreal, with his family.

DISCUSS PLANS FOR NEXT YEAR.

[illegible]wlton Conference to be Extended.

A PLAN FOR INCREASING MEMBERSHIP — WORK OF REV. E. M. TAYLOR APPRECIATED.

Knowlton, Aug. 19.—(Special)—Friday night rain fell heavily and hampered the order of the Conference colony to follow the laid out plan for the drive and picnic to Foster Mountain. It was called off as the ground would be too wet for pleasure, and many took shorter drives, others enjoyed a day on the lake and various pastimes were followed as best suited the pleasure-seekers.

The Executive found more business than could be accomplished on Friday and adjourned until Saturday morning when the gentlemen met again at an early hour and discussed plans for the future year's work. There were present President, Mr. Capel, Messrs. Theakston, Leet, Fuller, Westgate and Judge Lynch and Sec. E. M. Taylor. The dates of the next Conference should be from Aug. 2nd to 16th inclusive, and it is expected that Dr. A. H. McKinney from New York, who has been with the earlier meetings of the Conference and Dr. George Barton, of Bryn Mawr, Philadelphia, will be with the Conference next year. A plan of the Conference grounds will be printed in the prospectus that it was decided to have framed and printed at an early date. These will be distributed with a membership card in each for those who wish on receiving to join the Conference. The plan and workings of Conference will be laid before the Prov. S.S. Union as early as convenient to secure co-operation with them.

A Woman's Auxiliary Committee was suggested with Mrs. S. W. Foster as President, assisted by Mrs. E. M. Taylor, Mrs. G. H. Robb, Mrs. J. P. Hall, Mrs. J. H. McKeown, Mrs. Henry Knowlton, Mrs. A. Galley, of Knowlton; Mrs. W. W. Smith, Sutton; Mrs. R. Bell, Mrs. Luddington Lawrence, Montreal; Mrs. (Dr.) Hyndman, Sherbrooke; Misses Philips and Rexford, Montreal; Stevens and Lawless, Sherbrooke; Richardson, Jacques, Cowansville, to be added to from Vermont.

Mr. Taylor was authorized to prepare croquet, lawn and tennis courts for another year, and a committee was appointed to take up the question of enlargement of buildings, etc.

The final resolution was a popular one, as all rose to vote it "Yea," namely, that in view of the valuable services during the year of Rev. E.M. Taylor, the Executive vote him the sum of $50. Mr. Westgate led then in singing "For he's a jolly, good fellow."

Saturday morning a number of those left at the camp were entertained by Mr. and Mrs. E. M. Taylor at their residence for an evening of music and pleasant visit.

Rev. E. M. Taylor will attend the Vermont State S.S. Convention, Oct. 9th next, to put before them the Knowlton Conference and the advisability of their co-operating with them.

Rev. E. M. Fuller, of Burlington, Vt. is president of that convention, and has been added to the Executive Committee here.

BRITISH FORCE RAID VENEZUELA.

Demanded Surrender of Quantity of Balata Gum.

OFFICIALS YIELDED AT REVOLVER'S POINT — FEARS OF RETALIATION ON FRONTIER SETTLEMENT.

Georgetown, British Guiana, Aug. 19.—Much excitement has been caused here by the invasion of Venezuelan territory by Captain Calder, in command of a small frontier force from British Guiana, and the seizure of a quantity of balata (the gum of the bullet tree, used for insulating wires, etc.), which, it is alleged, had been collected on British territory.

Captain Calder's force went down the Barima and crossed the boundary into Venezuelan territory, where Captain Calder, at the point of a revolver demanded that the Venezuelan commissioner surrender to him four thousand pounds of balata. The commissioner was unable to resist and gave up the gum. He has, however, made a protest to President Castro and the British consul here against the seizure of the balata and the invasion of Venezuelan territory.

Fears are entertained of retaliations at Morawhanna, the British frontier quarters.

NO WORD IN LONDON.

London, Aug. 19.—The Colonial Office says it has received no information concerning the invasion of Venezuelan territory by Capt. Calder.

There has been much trouble over the balata trade for some time, and the British officials have made strong attempts to prevent illicit trading in the gum.

SHERBROOKE MAN AT OLD ORCHARD FIRE.

Description of Last Week's Great Conflagration.

A SPECTACULAR SIGHT VIEWED BY THOUSANDS WHO LINED THE BEACH.

Mr. A. M. Edwards returned on Saturday afternoon from Old Orchard Beach, and gave the Record an interesting account of the big fire. Mr. Edwards was close by when the fire commenced and consequently saw the great conflagration from beginning to end. The fire started at about 7.45 in a building called the Olympia and used as the servants' quarters of the Emmerson Hotel, although over a block away across the railway track from the hotel. No rain had fallen for about two weeks, with the result that everything was in prime condition for a first-class blaze. Once started the fire burned with terrible fierceness and great rapidity. If oil had been poured on the buildings beforehand, they could hardly have been destroyed more quickly and with the strong wind blowing sparks, smoke, burning pieces of paper, shingles, etc., high in the air, right in the direction of other buildings, there was no doubt that the vast number of tourists at Old Orchard were going to be witnesses to the fire of a lifetime.

There was no lack of help, as hundreds of athletic young and old fellows including Mayor Fitzgerald, of Boston, lent willing assistance in removing luggage, stock, etc., from the various hotels, houses and stores, but there was the great lack of an experienced leader with proper fire fighting appliances.

Everybody was yelling and screaming out orders and but few paid any attention. If our own Sherbrooke brigade, with its energetic chief, had been there, the fire would not have spread beyond the first building.

The wild spectacle could be seen of men rushing down the street with the hose, giving a yell to turn on the water, only to find that the hose had no nozzle.

In many cases the water pressure was so weak that streams would barely go ten or fifteen feet. At Cleave's bowling alleys sparks ignited the shingles and a cry went up for a ladder. A young waiter in his white coat rushed madly up and tried to make a hole in the roof with a broom.

Not succeeding with the corn end, he used the other end with no success. People may well smile at this man using a broom, but not an axe, pick or shovel seemed to be found on the beach. The fire departments at Portland, Biddeford and Saco were not 'phoned for until the fire had made considerable headway and every moment of waiting seemed like hours.

A loud cheer went up as the first fire engine, drawn by four big grey horses, all wet with perspiration, came dashing down the hill at full speed.

It did seem as if the fates were all in favor of the fire, the strong wind instead of blowing towards the ocean, or some vacant lands, persisted in blowing directly on to the most expensive property on the beach. When the long-looked-for fire brigades finally arrived, their hose would not fit the beach hydrants, the hose couplings would not work, some of the hose burst, and as there was only one roadway from the beach at this point, there was a constant stream of carters passing over the hose, drawing away visitors' trunks, etc., and during all this terrible confusion and vexation buildings, large and small, were catching fire, right and left. From the bowling alley and the Alberta Hotel the flames leaped across the roadway and wide lawn to the Fiske Hotel, and in five minutes it was a mass of flames. Clouds of sparks blowing in the direction of the Lawrence and Aldine Hotels, caught one place after the other. The fire was of a freakish sort, as for instance the four story Aldine had buildings burning on both sides and for a considerable time it remained untouched. Some large sparks, however, lighting on one corner, marked the beginning of the Aldine's end. At least one miracle happened during the fire. A large house, right in the direct path of the flames, with an ordinary shingle roof, was not touched in the slightest, while many houses on both sides were utterly destroyed. It was remarked that possibly the leaders at the camp meeting were staying at this house.

The burning of the Fiske, Emmerson and Sea Shore Hotels was a tremendously grand sight from the beach. The tide was away out, and for a mile up and down the finest beach in the world were here and there piles of trunks, dress suit cases, mattresses, bedding, etc., but no furniture. No effort seemed to be made to save any furnishings. Big automobiles were continually tooting their way through the crowds, carrying away the luggage of friends. The famous five-story Velvet Hotel, re-named Emmerson, was totally burned in about fifteen minutes, while the Sea Shore took a much longer time. Practically all the luggage was saved, as guests had ample time to pack and remove their belongings. Gangs of young hoodlums walking along the beach looking for plunder, found two five gallon cans full of ice cream, which were taken early in the fire from the Sea Shore.

DAIRY PRODUCTS SHOW SLIGHT DECLINE

Butter at Cowansville Fell a Little Short of 22c.

ALL CHEESE WAS SOLD OUT AT 11c.—SALES WERE VERY SLOW.

Cowansville, Aug. 19.—(Special.) — Last Saturday's session of the Dairy Board was well attended in consideration of the extremely busy time for the farmers that the months of July and August always are:

President Thomas L. Burnet was in the chair, with Vice-President A. J. Bouchard, of Bedford, acting as auctioneer, and selling the goods. He had a hard piece of work cut out for him, as Saturday's was a bear market, with the price of everything lower than the week previous. The fact that every cheese factory sold their output at the same figure would indicate that the price never went up to its proper level, judging by all previous experience, as there is certainly some difference in quality among the product of twenty-one cheese factories. Some one of them makes better stuff and can command higher prices than the average. If the average cheese was worth 11c. per pound, the best was worth more. These factories offered for sale 918 boxes of cheese, and it was all sold after a lot of see-sawing.

The price of butter was down, no creamery getting 22c. The fresh butter did not get as high a price as the salted article, although the reverse is usually the case. Twenty-five creameries boarded 1,608 packages, keeping up the volume of boardings better than the cheese factories. Fresh butter ranged from 21¼ to 21⅜, while salted butter ranged from 21⅛c. to 21½c.

A resume of the day's business follows:

FRESH BUTTER SALES.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS

BROKE HER ARM IN TWO PLACES BY FALL.

East Angus, Aug. 19.—(Special)—While little Aurore Therrien, 6 years old, was playing around a watering-trough on Friday she fell from it, breaking her arm in two places.

She was accompanied to the Sacred Heart Hospital, Sherbrooke, by her father, and Dr. Martel, and at present is doing as well as can be expected, under the circumstances.

RACES AT KNOWLTON.

Knowlton, Aug. 19.—(Special.)—The yacht race was completed early in the morning the first of the week, when the wind was right, and all hands present. Six boats started on the course and the Mohawk Camp boat won out. Mr. G. McKinnon, now of Bondville, came second. Mr. Alp. Benoit was unfortunate in his mast loosening, making his boat leak to such an extent that he had to make for shore at once. There were not enough entries for the motor boat race, so it was called off.

PRESENTATION AT FARNHAM.

Farnham, Aug. 19.—(Special)— Mr. A. G. Hackett, Supt, of the Canada Wood Mfg. Co., Ltd., has gone to Mt. Forest, Ont., his former home, as the work at the factory is about completed, and the plant will close down for good this week.

Before leaving the employees met and presented Mr. Hackett with an address and fine meerschaum pipe in token of their high esteem and admiration of his many sterling qualities. The address was read by Rev. G. W. Fisher, and the presentation made by Mr. C. L. Willis, President of the Company.

Mr. Hackett was taken completely by surprise and expressed his thanks in a few well chosen words.

THAT DUNHAM CATERPILLAR.

Dunham, Aug. 19.—(Special.) —The reply which Dr. J. F. Yeats has received from Prof. James Fletcher, who is so well known to farmers in this district through his frequent lecturings to the District of Bedford Dairymen's Association as the Experimental Farm Entomologist and Botanist, relative to his (Dr. Yeats) having recently dicovered a new sort of caterpillar infesting fruit trees about here is to the effect that they are known as the yellow-necked apple tree caterpillar, technically known as Batana Ministre, an insect which is becoming more and more common. As they are gregarious in habit, clinging closely together in small areas, when young, they are easily killed by cutting off their resting place or twig and burning or crushing it. They can, however, even when older, be killed by spraying with a solution of Paris green, one pound; lime 1 pound, and water 150 gallons.

MASONS BID FAREWELL TO DEPARTING BROTHER.

Coaticook, Aug. 19.—(Special)— A special communication of Ashlar Lodge was held in the Masonic Hall Friday evening last. The purpose of the meeting was to confer upon Wor. Bro. Craig, of Compton, some special recognition of his services as a Mason, but more especially to bid him farewell upon the occasion of his departure for the West. This took the form of a very handsome Past Master's Jewel, suitably inscribed.

The presentation was made by Rt. Wor. Bro. J. H. Cairnie, D.D.G.M. In a few well chosen words Bro. Cairnie expressed on behalf of the lodge, the loss which it would sustain in his leaving this section, and hoped he would have every success in his new home.

Wor. Bro. Craig replied in a suitable manner, thanking the members for the kind feelings which prompted the gift.

Remarks were made by many of those present, all expressing their best wishes for his future prosperity and happiness in his new home.

At the close of the speech-making light refreshments were served.

Mr. Craig will make his home in the future in Olds, Alberta, where he has invested in a business venture with his brother. He will likely leave Compton about the middle of next week.

MOTOR RACE PROVED FATAL.

Three Killed in Collision of Auto With Train.

ROAD PARALLELED TRACKS AND DRIVER WAS TESTING MACHINE'S SPEED AGAINST ENGINE.

Great Barrington, Mass., Aug. 19.—An automobile containing a party of five persons from Bristol, Conn., collided with the New York-Pittsfield express on the New York, New Haven & Hartford railroad at Ashley Falls, six miles south of this village, yesterday, with the result that three of the motoring party is dead, one is dying and the other is painfully injured. The dead are: Charles J. Root, 48 years old.

Mrs. Joe Root, his mother.

Miss Candace Roberts, aged 70, Mrs. Root's sister.

The dying:

Miss Mary T. Root, aged 50, Mrs. Root's sister.

The injured:

Miss Katherine Root, aged 14, Mr. Root's niece.

According to the engineer of the express, Mr. Root was at the wheel of the automobile. He had been racing with the train apparently, the tracks running almost parallel with the highway for some distance. The accident occurred at a grade crossing just north of the Ashley Fall's station. It is believed that Mr. Root hoped to cross ahead of the train, but miscalculated the speed of the express and his machine hit the tender of the engine and smashed it to bits.

The express was stopped as quickly as possible, and the train crew hurried to the victims of the accident, of whom Mr. Root and his aunt, Miss Roberts, were found dead. Mrs. Root and Miss Mary Root were put aboard the train to be taken to the hospital at Pittsfield, but the former died before that city was reached. Miss Katherine Root was brought to the home of a friend here. It is believed she will recover. Miss Mary Root was reported at the Pittsfield Hospital as not likely to live until morning.

Mr. Root's friends who came here from Bristol last night said that he was troubled with extreme deafness. His mother and aunt, too, were both hard of hearing, and the former was also blind.

Club House, Alex. McConnel, $600.

Lake Park House, $2500, Ernest Precourt.

None of the vacant lots offered were sold.

HIS FAREWELL TO B. C. STUDENTS.

Mitre Publishes Letter From Late Principal Gibbins.

EXPRESSED REGRET AT LEAVING THE COLLEGE AND CANADA, WHOSE SPLENDID FUTURE HE FORESAW.

The present number of the Mitre, the Bishop's College magazine, has in it the following farewell from the late Principal Gibbins, to the students:

"To the Students—It may have come as a surprise to some of you that my resignation of the office of Principal was not made known till quite the close of the session, but I thought it better so rather than to cause any disturbance or comment during the term. I am grieved at heart to leave you; many, if not all, of whom I have watched closely, and sometimes have known well. It has been a pleasure and a privilege to work with you, even for one year, for I can see clearly the future of Canada and the future, under Providence, of many of yourselves. I had hoped it was my mission to help forward the great work that has to be done in this vast Dominion, but if it is not mine it is certainly yours; and I hope you will be spared to accomplish it, and to accomplish it well. There is room for everyone in God's work, whether (as I have already told you in the chapel), in the ranks of the clergy, or in the great professions, or in business and commerce; but God's work must be well done or He will not take it. That is all I have to say except this: Do not think that I did not love the College or did not like Canada—it is a glorious country and your part of it is full of the romance of history. Find your life-work, and when found, do it well, and when your time comes, as come it must to all, let it be said of you, as it is said of Wolfe, on his simple monument in Quebec,—"Here fell Wolfe victorious."

ALL QUIET.

FRENCH CONSUL AT CASABLANCA CONSIDERS ALL SERIOUS DANGER OVER.

Paris, Aug. 19.—Special despatches from Tangier say that the inhabitants of Fez believe that the Kabylos tribesmen have been very victorious at Casablanca and that the Government is encouraging this belief in order to control the bandits.

The tribesmen in remote regions seemed better informed as to the true situation and are giving anxiety because of their restlessness. Tribes have thrown off the Sultan's authority and driven out the district governor. Two French Postal courcers have been killed between Rabat and Fez and their letters destroyed.

The French Consul at Casablanca considers that all serious danger is over.

ROBERT A. PINKERTON.

New York, August 19.—Robert A. Pinkerton, head of the Pinkerton Detective Agency, died on board the steamer Bremen on his way to Europe on August 12. Mr. Pinkerton was on his way to Germany for his health, and was accompanied by Florence Sullivan.

Remnant Carpet Squares

At Remnant Selling Prices

You know what these are, we've sold so many of them during our career as the leading Sherbrooke Carpet Store, that they need but very little introducing.

It is only natural that after a very busy season of carpet selling many short lengths of carpets and borders were on hand. These we sent to our carpet making room to be made into carpet squares, and to-morrow we offer them to you at Remnant Prices. They are exactly the same as the Carpets sold which the purchasers were pleased to pay full price for. Just as serviceable, just as new in design and just as pretty. The only difference is the price, and that's in your favor. Just read the sizes over, and if there is one on the list that fits your requirements be on hand early to-morrow to purchase it, for there'll be a rush for them.

L. A. BAYLEY

ROCK ISLAND and DERBY LINE.

Mr. and Mrs. Lysander Hopkins have gone to Montreal for a few days' stay. Mrs. Hopkins has gone in as a delegate to attend the Rebekah Lodge Convention, now in session there.

Mrs. Hiram Goulet and Miss Yvonne Goulet, of Montreal, are spending a few days at Rock Island, the guests of Mr. and Mrs. L. A. Lanctot.

Misses Eugenie Lanctot and Clara Lanctot returned on Friday night from a three weeks' sojourn at Waterloo with relatives.

Rev. J. G. Hindley, pastor of the Congregational church, and Rev. J. Newton Emery, pastor of the Universalist church, exchanged pulpits.

Mr. H. M. Hovey has been having a water wheel installed at the "Monarch Shirt Factory."

Mr. and Mrs. A. W. Parker, Smith's Mills; Mr. and Mrs. Windsor Swallow, Sherbrooke; Miss Bertha M. Parker, and O. B. Livingston, Derby Line, are at "Beechwood," Cedarville, for two weeks' outing.

Mrs. Fisher, who has been visiting relatives in Boston and vicinity for a couple of months, has returned home.

Mrs. B. P. Ball entertained a number of her friends at cards on Saturday afternoon at Brookline Hall very pleasantly. "French euchre" was the favorite game, which all enjoyed playing. At the close of the afternoon dainty and delicious refreshments were served.

Mr. F. T. Caswell and family, who have been at their summer cottage at Lake Park, have returned home.

Mr. Charles R. Jenkins, who went with a party to look at a large timber tract of land below Joliette, returned home on Saturday.

WEST BROME.

Rev. and Mrs. Schagel were calling on friends at North Sutton on Thursday afternoon.

Mrs. W. Durkee and little son, Gordon, were at Mr. and Mrs. H. French's on Thursday, Aug. 15th.

DANVILLE.

An automobile party, consisting of Mr. and Mrs. John Lodge, Mrs. C. Brock and Mr. Charles Lodge, from Manchester, are visiting friends and relatives here.

Among those attending the camp meeting at Alton Bay, N.H., from here are Mr. and Mrs. B. H. Barnard and family, Mrs. William Barnard, Miss Della Barnard and Mrs. Miles.

Since leaving "Meadow Brook Farm" Mr. F. C. Burbank and family are occupying a part of Mr. James Brady's house until Mr. Boutelle's new suite is completed.

The dance in Mr. Dunbar's new factory given by the band was a decided success and very much enjoyed by those who attended, the band netting over $51.

Miss Nellie Goodhue has left for Montreal en route for New York, after visiting friends.

Mr. Willie Brady, of Gardner, Me., passed through here recently on a business trip in connection with the Berlin, N.H., Lumber Co.

Mr. Nicholson, of New York, is the guest of his daughter, Mrs. P. P. Johnson.

MASSAWIPPI.

Mrs. John Atkinson, of Sherbrooke, is spending a few weeks with her sister, Mrs. C. B. Peck.

Miss I. Kezar, of New York city, is at her parents', Mr. and Mrs. George Kezar's, for a couple of weeks. On Sunday last she entertained a party of ten to dinner at her brother's summer camp by the lake. Among those present were Mr. and Mrs. Frank Wheeler, of Barton Landing, and Mr. and Mrs. G. Kezar and sons, of Ottawa.

Mr. E. St. Dizier is having the old Hitchcock house taken down on the property recently purchased. It has been built for over seventy-five years and has been a blot upon the landscape for years. All are glad to see it go. Among some rubbish left in it were several antequainted articles of curiosity to the younger generation.

Mrs. Williams, of Barton, recently visited at Mr. Alex. Kezar's and Mr. George Kezar's.

Mr. and Mrs. McKee, of Danville, were guests at "Hillside" on Wednesday.

Mrs. Clouston, of Huntingdon, also visited at "Hillside" on Monday, coming with Mr. B. Kezar from Compton.

Mr. H. D. Turcott and Miss B. St. Dizier spent Sunday in camp with Mr. and Mrs. G. Fish.

Mrs. E. Abbott St. Dizier has arrived from Montreal, to remain for a time with her relatives here.

COWANSVILLE.

Those pupils of the Academy and Model Grades of Cowansville Academy who have called so often at Mr. Duboyce's office without seeing the report of their examination, may see said results any Monday, Wednesday or Friday in future as Mr. Lockhart has returned them here.

The report is around town that the supply of water in the reservoir is below what it ought to be. However, about five feet depth in said reservoir is better than last summer when we were out of water completely. There is no waste from leakage this year. Last year there was much waste from that cause and to said waste could have been attributed our loss of supply in 1906. By saving all that flows this summer and in future summers, less danger arises of a water famine. Yet, well-informed men state in all seriousness that the time is not far distant when we shall be obliged to augment our present supply from somewhere besides Oak Hill.

Recent visitors include Mr. and Mrs. Arthur E. Miltimore, of Granby, Mrs. French, of West Brome, Mr. and Mrs. J. J. Brimmer, of East Farnham, Messrs. G. Safford, of Sutton Jct., H. NEW YORK'S MILLIONS IN CLOSE QUARTERS.

ONE BLOCK CONTAINS 6,173 PERSONS, OR 1,145 TO THE ACRE.

The publication of a statement attributed to a Brooklyn policeman recently to the effect that while making an arrest in a tenement house in the neighborhood of Second avenue and Twelfth street, Brooklyn, he found a three-storey house in which 260 persons were domiciled, stirred up the tenement house department, the police and the newspaper men.

After a long hunt the house was found, and diligent inquiries by the tenement house inspector, the police and the reporters disclosed that at the most there were only 35 persons living there, most of them Poles, working in a nearby mill. No official action was needed on the ground of over-congested population.

INVESTIGATORS START WORK.

The story, however, stirred up considerable discussion as to crowded tenements and the most densely populated blocks to be found in New York. It started the investigators.

There seems to be no record available as to the tenement which has the largest population or the tenement which has the greatest number of residents to the square foot. When it comes to city blocks the census figures of 1905 tell something of the story, but only a part.

1,145 TO THE ACRE.

The block with the largest population in Manhattan is not on the east side at all, contrary to the general belief. It is on the west side and is bounded by Amsterdam and West End avenues at Sixty-first and Sixty-second streets. The population of the block, according to the 1905 census, was 6,173. It contains 5,392 acres, making the density of population 1,145 to the acre.

In 1900 the most populous block in the city was that bounded by Second and Third streets and avenues B. and C. It had a population of 4,105. In 1905 it had a population of 5,036, but it fell to second place on the list of populous blocks. Its ratio of inhabitants to the acre was 1,104.

MANY PEOPLE IN LITTLE ITALY.

There are three other blocks in the city which in 1905 had more than 4,100 residents. The third on the list is that bounded by One Hundred and Twelfth and One Hundred and Thirteenth streets and First and Second avenues, Little Italy. It had a population of 4,325 and a ratio of 961 inhabitants to the acre.

The fourth on the list is on the block bounded by Fifth and Sixth streets and avenues C. and D. It has a population of 4,190 and a ratio of 987 to the acre. The fifth of the blocks having more than 4,100 residents is bounded by Catherine, Madison, Market and Henry streets. Its population is 4,137, with a ratio of 945 to the acre.

Altogether there were in 1905 51 blocks in Manhattan that had more than 3,000 inhabitants. Of these 12 have a density of population of more than 1,000 to the acre. Most of these blocks have an area of from two to four acres.

Messrs. D. G. Loomis & Sons are the contractors for the erection of the new mill at Cote St. Paul, of the Mt. Royal Spinning Company, and are pushing the work with all possible despatch.

Mr. E. L. Stewart-Patterson, local manager of the Eastern Townships Bank, left yesterday for Montreal, en route to Detroit, Mich., where he will attend the annual convention of American Banking, and will afterwards visit friends in various Ontario cities.

The consecration of the little Anglican Church, St. Peter's-on-the-Rock, at Cap a'l'Aigle, was a very interesting ceremony, and was attended by a congregation which filled the little edifice to overflowing. His Lordship Bishop Dunn, of Quebec, officiated, assisted by the chaplain, Rev. Dr. Allnatt, Vice-Principal of Bishop's College, Lennoxville; Dr. Abbott Smith, Montreal, and Rev. A. J. Doull. The musical portion of the service was excellent.

Yesterday was the celebration of the festival of the Assumption of the Virgin Mary. High mass was sung at the Cathedral by Rev. Father Charest and there was special music for the occasion. The feast of the Assumption is very ancient, mention being first made of it towards the year 431, just before the Council of Ephesus. Many of the old masters who painted with religious fervor, reproduced the incident on canvas, the "Assumption of the Virgin," by Murillo, being one of his master-pieces.

Wanted—20 active men, or young men to sell on the Grand Stand during Exhibition. Good pay. Apply, V. A. Olivier, 115 Wellington street.

Mrs. Jules C. Paquette returned Saturday after a three weeks' visit to Ste. Anne de Bellevue, where she was the guest of Mr. F. X. Lenoir, at his summer cottage.

Mr. and Mrs. L. A. Bayley and sons returned yesterday from Old Orchard Beach, where they have been for the last two weeks. The party did not take rooms at the Fisk House, as they at first intended, but stayed at the Ocean House, so that they fortunately excaped the terrible experiences of many of the summer visitors.

The opening of "The Palace" Moving Picture Hall in the Whiting block took place Saturday night. The Harmony Band was engaged for the occasion. Mr. Heth, the manager, says that barring the minor accidents and difficulties characteristic of the opening of such an attraction, the event was a great success. Four performances, including moving pictures and illustrated songs were given Saturday night. Mr. A. R. St. Thomas, baritone, of New York, has been engaged to play the piano and sing for the season. He was greatly applauded on his appearance on Saturday. The hall seats 250 persons, and this was filled on the four occasions Saturday.

CORRESPONDENCE

THE COMET SEEN BY SURVEYOR DUFRESNE.

Editor of the Record:

Sir,—The brilliant large comet that is now engaging the attention of scientists the world over, is now clearly visible to the naked eye of any citizen of Sherbrooke who desires to look at it.

For several mornings I have got up at 3 a.m. and searched for this comet, but it was only this morning that the weather permitted me to get a good view of this extraordinary traveller in our heavens.

The skies were not altogether clear, but the clouds were moving, and once in a while would clear the part where the large comet and its long tail were easily visible to the naked eye. At three o'clock this morning the nucleus was situated three degrees north of east, and twelve degrees above the horizon. It is travelling fast downward, and towards the north, and before long will rise too late in the morning to be visible to us here.

Now is the time to have a peep at it without a field glass. Everybody, rich or poor, should make an early visit to their window to see the comet, and at the same time take a good long breath of the fresh morning air. It does not cost anything, but is quite beneficial.

It frequently happens that when securities, are desirable purchases, investors are temporarily unable to avail themselves of the opportunity.

In such cases, I am prepared to buy for my customers, at prevailing prices, such securities as they may select, upon the payment of a fraction of the purchase price, the balance to be carried at a moderate rate of interest.

An opportunity now offers to those who have money to make investments which will return a much larger rate of interest than has been the case for some years, and later on the opportunity will have passed.

On the Montreal list there are plenty of good stocks yielding 6 to 7½ per cent., while in New York some of the industrials are now yielding 9 to 10 per cent.

TUESDAY BARGAINS AT POUTRE'S

For to-morrow we publish a better-than-usual Tuesday bargain list.

By reason of their timeliness and the substantial savings represented, these specials will fairly tumble out.

As usual, nearly every department in the store contributes its quota of genuine bargains, and every item covers some acutely felt present-day need.

Shoppers who are taking advantage of these special offerings each week are piling up savings at a surprising rate, and those who stay away are neglecting an important economical duty.

WE GUARANTEE THAT ANY WOMAN WHO COMES TO THIS STORE TO-MORROW WILL ENTHUSIASTICALLY RESPOND, IN FUTURE, TO EVERY ANNOUNCEMENT OF OUR TUESDAY BARGAIN SALES.

Paroid Roofing-

The Roofing With a Money-back Guaranty

Buy one lot of Paroid; open it; inspect it; apply it to your roof, and if then you are not satisfied that you have the best ready roofing made, send us your name and address, and we will send you a check for the full cost of the roofing including the cost of applying it.

Paroid Lasts Longest

Because it is made of the best felt—made in our own mills (established in 1817); other manufacturers buy their felt outside and simply saturate and coat it.

Because it is soaked (not dipped) in a saturing compound which makes it water proof in every fibre.

Because it is coated on both sides with the strongest, thickest, smoothest, toughest, most flexible coating used on any ready roofing. Don't take our word alone for it. Compare Paroidwith any other. You can see and feel the difference. Paroid does not break or crack in thecoldest weather or run in hot weather

Because it is applied with our patented square, rust-proof caps—water proofed on both sides—the only caps that will not rust, work loose and cause leaks.

These are some of the reasons why we can give Paroid so strong a guaranty; why ast so long—why it is so largely used by governments, railways, factories and farmers every where.

All we ask is that you try it on our money-back guaranty.

Paroid is made by F. W. Bird & Son, Hamilton, Ont. Established in U. S. 181.. Don't take a substitute but send for samples and prices to

SHERBROOKE MAN AT OLD ORCHARD FIRE.

(Continued from page one.)

Immediately the invitation went forth to come and help yourself, and as there were no dishes, large numbers of men, woman and children could be seen sitting around eating generous supplies of ice cream off pieces of card board, broken glass, newspaper, etc.

Thousands of souvenir cards had been removed from the fire to a place of safety on the beach, but unfortunately no one was left in charge, with the result that every card was stolen. One tobacconist, finding no prospect of saving his stock, threw his large show case full of cigars into the street, telling the crowd to help themselves.

One young fellow, with others, went through every bed room in the Fiske and Emmerson, helping people out with their trunks. Many bed rooms were found locked, and had to be kicked open. In the top story of the Emmerson, in a locked bed room was found a little three-year-old girl all alone. Carrying her down stairs, he finally found her mother in a dead faint on the steps of the Fiske.

Mr. Edwards watched the fire until 2 a.m., and while it had been confined to a certain area, yet it was burning fiercely, lighting up the beach for miles around.

D'ISRAELI MAN KILLED AT FIRE.

While in Portland Mr. Edwards visited the Boston departmental store, and while there was introduced to a handsome looking salesman who said he was a brother Canadian from D'Israeli. At the fire several people were injured and one man had his head blown off by the explosion of a soda tank. By a strange coincidence this man was the Canadian of the Boston store, a Mr. Dominick La Brecque, 32 years of age, who had that day gone on an unfortunate visit to the beach.

His father is still living at D'Israeli.

Deceased was 32 years of age. He had formerly worked in Boston, going to Portland about a year ago.

HON. MR. TURGEON MAKES HIS REPLY.

Denies the Charges Made Against Him.

NOTHING IN CHARGES EXCEPT THE PERJURED STATEMENTS OF THE BARON, HE DECLARES.

Quebec, Aug., 19.—About 5,000 electors of the County of Bellechasse, Montmagny and Levis, including about 1,500 from this city, attended the meeting at St. Michel yesterday afternoon, when Hon. Mr. Turgeon, member for Bellechasse, delivered a lengthy speech in reply to the charges made against him by Le Nationaliste and certain Conservative organs in connection with his relations with Baron L'Epine, and the Belgian syndicate.

During the Prevost-Asselin trial, some time ago, Baron L'Epine, in giving his evidence, made serious charges against the Minister of Crown Lands, which the latter denied, but since then, certain newspapers, more particularly Le Nationaliste and l'Evenement, have been keeping up the fight against Hon. Mr. Turgeon, even going so far as to accuse him of perjury. Hon. Mr. Turgeon, at the Laurier demonstration, announced that he would reply to his accusers before his election at St. Michel and that was the object of yesterday's meeting, which concluded shortly after six o'clock.

Mayor Forgues, of St. Michel, presided over the meeting and among those who occupied seats on the platform were Premier Gouin, Hon. Mr. L. R. Roy, Hon. Mr. Tessier and Hon. Mr. Kaine, Senators Choquette and J. Tessier.

He declared that there was nothing in the charges except the perjured statements of the Baron.

MILLION DOLLAR DIAMOND FOR KING.

PREMIER BOTHA PROPOSES A MAGNIFICENT GIFT FROM THE TRANSVAAL.

Pretoria, Aug. 19.—Premier Botha, Saturday announced that he would introduce a resolution in Parliament providing for the purchase by the Government of the Transvaal of the million-dollar Culinan diamond, the largest in the world, as a present to the King, in token of the loyalty and appreciation of the people of the Transvaal of the bestowal of a constitution on the colony.

BASEBALL

SATURDAY'S GAME A FARCE.

The All Sherbrooke-Wanderer game on Saturday did not come up to the expectations of some three hundred people who were present at the Lacrosse grounds. Many, the Montcalm pitcher, was unable to be present, and the remainder of the team, although five were regular Victoria players, were entirely outclassed with the exception of Newton, who was loaned by the Wanderers to fill Many's position. After the first innings the game developed into a farce with the Wanderers letting the visitors down as easy as possible. The final score was 12 runs to 1.

Next Saturday, Wanderers will probaby play Magog on the Parade grounds, which game will wind up the St. Francis League series.

CITY NEWS

Mr. Earl Andrews has returned from Hatley, where he spent the week-end.

Miss Sidney Austin, of Montreal, is the guest of Mrs. E. H. Drury, Dufferin avenue.

Miss Minnie Stocks spent Sunday in North Hatley, the guest of Miss Lilian Kezar.

Dr. W. E. Enright has returned to Montreal and to his duties at the General Hospital.

Miss McDonald and Miss Ethel McDonald left Saturday to spend a couple of weeks at Silver Lake, Marbleton.

Mr. H. Dudley Smith, formerly of "Ingleside," Compton, and now a resident of Hamilton, Ont., is in the city for a day or two on business.

Mr. G. E. Fraser, of Nassau, Bahama Islands, who has been spending the summer with his mother, Mrs. J. D. Fraser, left this morning for New York, whence he sails for his island home.

Mrs. F. Martin and Misses Lora and Eva Boucher, of Somersworth, N. H., who have been taking a trip to Montreal, Cornwall, Ont., and Quebec, were in town yesterday the guests of Mrs. J. O. Duford, East Sherbrooke, and left this morning for home.

Mrs. B. C. Howard, Mrs. Salls, Miss Alberta Campbell, and Miss Locke left this morning in Mr. Howard's fine automobile for a trip to Quebec, Mr. Charles Howard driving. They take the route by Marbleton, D'Israeli, and the Beauce Valley, and expect to return Saturday.

The Rev. Arthur Chilton Powell, Rector of Grace Church, Baltimore, Md., a summer resident at North Hatley, officiated yesterday at St. Peter's Church, in the absence of the Rector, preaching at Matins and Evensong. In the morning the text of the eloquent discourse was "Take my yoke upon you, and learn of me, for I am meek and lowly in heart; and ye shall find rest unto your souls," Matt., 11, 29.

The Tennis tournament held at Glen Villa, North Hatley, recently, caused considerable interest and excitement, the courts being crowded with spectators. The mixed doubles were won by Miss Robb and Mr. E. Archibald, with Miss Tobey and Mr. Morgan second. Miss Robb won the ladies' singles and Mr. Morgan the gentlemen's singles. The prizes, which were very pretty and appropriate, were presented by Mr. McKee.

The E. and T. Fairbanks Co. (Ltd.) have been incorporated, dating from the 14th August. The company consists of Hiram N. Turner, manufacturer; John C. Clark, treasurer; Perley F. Hazen, sdperintendent; Carl H. Turner, traffic manager, of St. Johnsbury, Vt., and C. W. Cate, advocate of Sherbrooke, Que. The total capital stock is one hundred and fifty thousand dollars, divided into fifteen hundred shares of one hundred dollars each, and the chief place of business is to be in the city of Sherbrooke.

The 1907 meet of the Province of Quebec Rifle Association closed at Montreal on Thursday night. The meeting this year was only a fairly successful one. The scores in every match were inferior to those made last year. In the Strathcona match shot at 1,000 yards, the scoring was the lowest in years, the highest being 91, as compared with 119 last year. Other matches showed similar decrease. The number of entries likewise reached a slightly smaller total last year. There was, however, an increase in the number of tyros and green shots, but a correspondingly large decrease in the number of crack marksmen. The following is a list of prizes won by those attending from Sherbrooke: 53rd Regiment victories, fourth prize of $10 in military match independent; first prize of $20, military match, skirmishing; second prize, in military match aggregate; third prize in military match tyro, independent; Strathcona team prizes, 53rd ties with 2nd team, 3rd Victoria Rifles; tenth prize, Strathcona tyro teams. Individual winners of prizes, from 53rd: In Strathcona match, Capt. C. K. Fraser, 25 at 1000 yds.; Strathcona tyro match, Pte. N. C. Rublee, 19 at 1000 yds. In Bankers and Subscribers' match—Corp. D. McRae, winner of $3 prize. In Bankers' and Subscribers' tyro, Lieut. V. R. C. Spearing and Lieut. C. C. Goodhue, winners of $3 prizes; Bankers' and Subscribers' green, Pte. M. C. Rublee.

KEEPER KILLED BY TRAINED LION

INFURIATED ANIMAL DRIVEN TO CAGE BY HOSE PIPE.

London, Aug. 19—A man was killed by a lion at Gloucester on Saturday night. The deceased was a German, named Joseph Hasselman. He arrived at Gloucester from Redditch with a troupe of lions owned by a well-known lady lion-tamer, "Miss Ella." The lions were to perform at the Palace Theatre. After having taken up a position for the lions in the theatre, "Miss Ella" left, giving instructions to Hasselman not to interfere with the lions until she returned in the evening.

Hasselman apparently disobeyed instructions, and removed one of the biggest lions from one cage to another. To do this he had the cage transferred opposite to the door of one of the dressing rooms behind the stage. Hasselman himself was in the dressing room. As soon as the door of the cage was open, and before Hasselman had time to mature his plans, the lion rushed forth and immediately made for the man. Two employees ran across the road to an hotel opposite for assistance, and the lady lion-tamer herself soon arrived.

"Miss Ella" got on to the top of the cage and tried to get at the lion with a pitchfork. This proved to be useless, as did also the firing of blank cartridges. Then a hose was got out, and at last the lion was frightened back into the cage. The man was still alive, but he died a few moments after assistance arrived.

HEAD IN LION'S MOUTH.

At the inquest, Frank Huggins, a stage hand at the theatre, said that after the lion got loose in the dressing room the cage was drawn against the room door, and Hasselman tried to drive the lion into the cage. He followed it with an iron bar in his hand; he also threw a chair at the lion and the animal bit the chair through, whereupon Hasselman threw a second chair at the lion. The animal seized it and then dashed at the man. When witness left for assistance Hasselman had his arm across the lion's throat. The lion did not growl, but stood digging its claws into Hasselman's shoulders, "as though wanting to play." The lion had its mouth over Hasselman's head, but did not attempt to bite him.

The doctor who was called to the scene and pronounced life extinct said there were extensive scalp wounds, laceration of the neck and right arm, laceration and compound fracture of the left thigh. Death resulted from shock and loss of blood.

The jury found a verdict accordingly and found that no one was to blame.

GIRL STEEPLEJACK IN FATHER'S FOOTSTEPS.

SHE SCALED CHIMNEY 144 FEET IN FIVE MINUTES.

London, Aug. 19—Miss Lydia Atkins, aged fifteen, the daughter of Mr. J. T. Atkins, a well-known Leicester chimney builder and steeplejack, and her brothers, aged ten and six, respectively, are literally following in their father's footsteps.

Mr. Atkins, who belongs to a family which for two hundred years has had a penchant for scaling church steeples and chimney stacks, saw a paragraph in a newspaper how the daughter of a vicar was hauled up the steeple of her father's church in a chair. Mr. Atkins was convinced that his own daughter could do better than that.

The result is that the girl, after making several successful climbs, last week accomplished the exceedingly smart performance of ascending at Leicester Corporation's Waterworks at Swithland, a chimney 144 ft. high in five minutes and made the descent in even less time.

Less Stable Work And More Profits

are the results of using our modern stable fittings. Every minute cut off from stable chores means money saved. Every improvement for the comfort and health of your animals means more beef and butter.

Our **Rotary U Bar Steel Stanchion** has many points of superiority over any other cow-tie made. Saves the expense and space of partitions, and thus makes stables light and airy, and easy to clean. Gives the cows comfort and sufficient freedom, yet prevents them from interfering with one another. Makes it very quick and easy to tie up and untie the herd.

Our **Galvanized Steel Water Bowls,** always within reach, are an enormous improvement over an ice-cold trough in a windy yard. The supply of water is automatically regulated, and the edges of the bowls are shaped so that the water does not slop over. This sensible watering system is cheaply and easily installed; it keeps the animals in better health, and greatly increases your returns.

With **Beath's Litter Carrier** the stables can be cleaned out in half the time and with half the labor that it takes with wheelbarrows. The manure can be dumped directly into the wagon or spreader, thus saving one handling. Tracks and switches are easily erected; the galvanized steel tubs are rust proof; the track-wheels work on roller bearings and round all corners easily; and the changeable gear hoist is particularly smooth-working and durable.

Write us now for our catalogue No. 16 which fully describes our COMPLETE LINE OF STABLE FITTINGS. 62 Q

We Are Renowned For Gloves---

WHY?

BECAUSE we probably go to the extreme in our precautions to protect customers from disappointment. A kid glove with us means KID, NOT LAMBSKIN—cut from fine grade perfect skins, the stitching, has to be flawless, the fit perfect.

And if any hidden defect that has missed our minute examination comes to light after wearing, we gladly make exchange. Hence our reputation. We are selling a fine French Kid elbow length glove of Dents make; in tan, brown, beaver, grey, white, navy and black. Sizes 5¾ to 7. Our special price is

$2.50 per pair

(Other houses sell a LAMBSKIN GLOVE at this price.)

...Then again, our "Vamgueur," 2-clasp French Kid Glove is superb value at $1.25 quality, guaranteed. Colors, tan, brown, beaver, grey, pastelles, white and black. Sizes, 5½ to 7½.

BIGGEST MAN IN WORLD.

(The Kansas City Journal.)

The other morning at the 'Frisco tracks in Fort Scott was the biggest man in the world. He is known as "Baby Jim" Simmons, a negro, who weighs 750 pounds. There are but few who will believe that any human being could attain such a great weight unless they chanced to see this mastodon. One glimpse at the monster, however, allays all doubt as to the man's enormous physical proportions. Every one who saw his massiveness went away telling himself that the negro weighed nearer a ton than the weight above given. "Jim" Simmons was accompanying W. R. MacBurnett, a theatrical circus man, to St. Joe. The monster lives at Beaumont, Tex. He occupied two seats in the smoker and slept all the time from early morning until 9 o'clock, though there was a constant stream of people scrambling through the car to see him. Efforts to wake the negro were unsuccessful. He remained there, snoring loudly and also breathing heavily. Finally his manager came through the car, cleared out the curious ones and took his big one to the vestibule to give him an airing. A newspaper man was admitted to converse with the mastodon for a few minutes.

Simmons said he was twenty years of age, that his parents were both small, though his grandparents each weighed over the three hundred mark. He says he does not eat or drink more than the average sized man, and that he enjoys the best of health, his heart behaving in a most satisfactory manner. He is only sixty-nine inches tall and is "further around than up and down," to use a small boy's expression. There is no doubt but that this man is one of the most gigantic human beings that ever lived.

RAND BOYS WIN AT EAST ANGUS.

The Rand Lacrosse Club journeyed to East Angus to play an aggregation from that place Saturday afternoon.

A good number of Rand supporters followed the boys to that place.

The game was quite an exciting one, resulting in a decisive victory for the Rand team.

The final score was 9 goals to 4.

The Sherbrooke team and supporters returned Saturday night.

AT THE RANGES

RESULTS OF WEEKLY SHOOT AT COATICOOK.

Coaticook, Aug. 19.—(Special.)—The scores made at the Rifle Ranges on Saturday afternoon were as follows:

500 Yards—Possible 35.

Dr. McHarg	4 4 4 4 4 2 3—25
Col. Thompson	2 4 3 5 2 5 5—23
R. Becker	3 5 2 0 2 3 4—19

600 Yards—Possible 35.

Col. Thompson	4 4 2 5 5 3 5—28
R. Becker	4 4 2 2 4 5 0—21
Dr. McHarg	2 2 4 3 4 2 3—20

There was a high wind blowing, which was very erratic, greatly impeding the accuracy of the aim of the shooters.

AT THE TRAPS.

NORTH HATLEY CLUB WEEKLY SHOOT.

North Hatley, Aug. 19.—(Special.)—At the weekly shoot of the Gun Club Saturday afternoon, the gold watch fob was won by Mr. C. A. Hawse. This event was for new shooters only. Mr. Hawse had never seen a clay target before and shot a 54 per cent average. There were six competitors, who shot well as will be seen by the score below.

The club will offer another prize next Saturday, August 24th, under the same conditions.

Mr. Hawse will be handicapped.

Below is the average score for the afternoon of 100 birds each at 16 yards:

J. C. McConnell	78
Dr. Edgar	72
Gosnell	60
Delmonico	52
Ballin	53
Hawse	54
W. McKay	45
R. McKay	37
A. Jackson	30
McColl	28
McRae	40
B. Powder	33 1-3

The Club will hold its first tournament on Saturday, Aug. 31, 1907, and it hopes to have a good turnout.

IOWA'S TEACHERS' TEST.

(From the Springfield Republican.)

Iowa has a comparatively new law requiring public school teachers to undergo State examinations, apparently to be annual. Within the last few days over 100,000 examination papers submitted by 9,000 teachers have been in process of reading and marking by some 120 teachers of known ability, who have been doing the work in the State House. It is said that about 25 per cent. of the teachers or aspirants to be teachers will have failed.
