Sixty-Second Year

PCs Win Two Byelections, 51st Seat In Quebec

Confusion Reigns

Little Rock Schools Stay Shut

LITTLE ROCK, Ark. (AP) — Little Rock's four high schools apparently will remain closed today in the face of a federal court ruling that ordered everyone connected with the controversy over racial mixing in the classroom to keep hands off.

Federal marshals clouded the plan to reopen the schools as private segregated institutions when they fanned out over the city Monday night serving scores of persons with copies of a restraining order.

Officials, buffeted between federal and state pressure and in complete confusion, refused to say what they would do.

Two federal judges in Omaha, Neb., Monday issued a restraining order at the request of the National Association for the Advancement of Colored People, supported by the federal government.

HANDS OFF

The order instructed all persons connected with the private school plan not to take "further action to transfer possession, control or operation, directly or indirectly, of Little Rock schools."

It also forbade altering the "status quo of the senior high schools insofar as their integrated status is concerned."

The order came a few hours after the school board had turned the four high school buildings over to the Little Rock Private School Corporation and plans were in operation to open the schools today.

A school board statement said the board would comply with the court's order.

RANEY CONFUSED

But Dr. T. J. Raney, president of the corporation that leased the school facilities, said "I don't have any idea what will be done."

He made the statement after hours of conferences and declined to say anything more.

Whether the schools were under control of the school board or the private corporation wasn't clear.

Thus the city's 3,700 high school students again were thrown into indecision. Their schools originally were scheduled to open three weeks ago, but they have yet to attend a day of classes.

Teachers were advised by their lawyers not to take any part in the operation of the high schools by a private group.

By THE CANADIAN PRESS
The Progressive Conservatives won two federal byelections Monday.

The triumph of Mrs. Jean Casselman, 38, in Grenville-Dundas in Ontario gave the Commons its first father-daughter team. This seat was traditionally Conservative.

Louis Fortin, 37, a Quebec City lawyer, captured Montmagny-Islet on his second try, snatching a seat that had been Liberal since its formation 25 years ago.

Mrs. Casselman, a tall brunette with two children, succeeds her late husband A. Clair Casselman as MP for Grenville-Dundas and forms half the historic combination completed by her father, Hon. Earl Rowe of Dufferin-Simcoe. She becomes the third woman member of the present House.

In a tighter contest, Mr. Fortin added to the Quebec trend away from Liberal allegiance by contributing the 51st Conservative seat among Quebec's 75.

DEFEATS BERNARDIN
He defeated a fellow Quebec lawyer, political novice Bernardin Blanchet who was striving to succeed Jean Lesage, former Liberal resources minister whose accession to his party's Quebec provincial leadership made the byelection necessary.

The voting restored the government's record 208 Commons seats gained in the March 31 general election. The standing now is: Conservative 208, Liberal 48, CCF 8, vacant 1, total 265. The Manitoba constituency of Springfield was left vacant by the death last week of the Progressive Conservative member, Val Yacula.

Mrs. Casselman managed a two-to-one victory over Mayor Mark P. Salmon of Prescott, Ont. her own home town.

FINAL FIGURES
The final figures were 10,738 to 5,617—about a 74 per cent voter turnout against 71 per cent in March. In Quebec, with two polls still outstanding, Mr. Fortin led with 7,531 votes to 6,534—about 70 per cent of the eligible vote as against 83 per cent in March.

Mr. Lesage stayed aloof from the Quebec campaign and Lionel Chevrier, Montreal Laurier MP and a former transport minister, was the main outside speaker for the Liberals. Justice Minister Fulton, Finance Minister Fleming, Defence Production Minister O'Hurley and Transport Minister Hees were government campaign speakers.

Mr. Fortin, a Second World War artillery veteran and father of three children, made his political debut against Mr. Lesage in the 1957 general election as an independent. He is a son of the late Senator Emile Fortin and is a municipal judge in the Quebec City suburb of Ste. Foy.

Bus Radios
ROCHESTER, N.Y. (AP) — Rochester Transit Corporation Monday began operating its fleet of 300 buses under a two-way radio control. A spokesman said Rochester is one of the first cities in the U.S. to have its buses under such control.

BULLETIN
WASHINGTON, (AP) — State Secretary Dulles said today there could be important changes in U.S. policy as to the defence of Quemoy if there were some "give" by Communist China.

CANADIAN ARMY ASKS FOR ATOMIC WEAPONS

STUDENT VISITORS — Students from Goddard College Plainfield, Vt., made their second annual visit to Sherbrooke yesterday and today. The visits are sponsored in the interests of better international understanding. The students are shown above visiting the offices of the Sherbrooke Daily Record. In the middle row, centre, is Milton S. Rosner, of Goddard College, leader of the group. At far left is a Canadian student at Goddard, Marguerite Knight of Ayer's Cliff. (Record Photo by Gerry Lemay)

Ready To Fight A-War

OTTAWA — (CP) — The Canadian army wants atomic weapons and guided missiles.

Maj.-Gen. Jean Allard, vice-chief of the army general staff, said Monday night this request has gone to the Canadian government.

At the same time, an army strategist explained to reporters at a press conference how these weapons and other new equipment would fit into an atomic war.

Tactical atomic weapons and guided missiles would have to be obtained from the United States. The Canadian Press quoted Gen. Allard Monday night as saying they already had been requested from the U.S. but the general phoned The CP afterwards to change this.

HE WAS SORRY

He said he was sorry if he had given the wrong impression. What he had said or meant to say was that the army has informed the Canadian government it needs and wants such weapons.

Procurement of atomic warheads or guided missiles was a matter of government policy and not one for the army, he said.

Notes taken by The CP reporter at the press conference quoted Gen. Allard as saying "we've asked the U.S. government to release some of these atomic weapons" to the Canadian forces.

They also showed him as saying: "We are in the process of getting the Lacrosse"—the American surface-to-surface guided missile—and that a few Lacrosses are on order for training purposes and more will be ordered later.

CONFIRM CP
Notes of other reporters at the press conference contained similar quotations.

as well as the Lacrosse, the army plans to obtain the U.S. Hawk surface-to-air missile or a weapon similar to it.

The Lacrosse, on which Canadian soldiers already are training, would be used as artillery. It can carry an atomic warhead. The Hawk would be employed to shoot down enemy reconnaissance aircraft or manned bombers.

Mother Stabbed In Family Row

MONTREAL (CP) — Clairette Francoeur, 42, a mother of two from suburban Pointe aux Trembles, was taken to hospital early today with four stab wounds in the chest following what police described as a domestic quarrel.

Police said the woman's husband, Marc, 45, was arrested after he walked into a police precinct and reported the incident.

468 Million RCs

VATICAN CITY (AP)—Vatican officials estimate there are 468,314,858 Roman Catholics in the world outside the Iron Curtain. There are 381,216 priests. The country with the largest percentage of Catholics remains Italy. Of a total population of slightly over 50,000,000, 46,424,805 are Roman Catholics. No estimate of the number of Catholics in Communist countries was given.

French Guinea Cuts Ties

PARIS — (AP) — Premier de Gaulle convenes his cabinet today to plan the birth of the Fifth Republic and a new worldwide French community.

The present government's first task will be to wish farewell and good luck to French Guinea. The rain-swept West African coastal area was the only segment of the French empire to reject de Gaulle's new constitution in the referendum Sunday.

In Conakry, capital of Guinea, the special French emissary, Jean Ristuer, announced that sovereignty would be transferred officially to Guinea at midnight tonight. With the transfer goes an end of French economic aid to the underdeveloped area.

Guinean Premier Sekou Toure called the territory's assembly to meet Thursday. The assembly is expected to decree itself a constitutional convention or constituent assembly and begin drafting the basic charter for a new African Negro republic.

SAME ALL OVER

Referendum returns from other overseas areas of the French union still were trickling in. Except for Guinea, the story was the same overseas and in France—heavy majorities for the new constitution and indirectly for de Gaulle personally.

With his backing, de Gaulle prepared to proclaim the Fifth Republic on Sunday. He will have virtually absolute powers for the next four months while launching the republic.

One of the first tasks is to write an electoral law for voting on a new French assembly, probably in late November. The assembly in turn will elect the president. This president—no one doubts that it will be de Gaulle—will have the first strong executive powers in France since Louis Napoleon in 1870.

Another immediate task is to end the Algerian rebellion. De Gaulle plans to fly to Algeria Thursday. He may finally pull back the veil that so far has shrouded his intentions for the troubled North African territory.

SEEK MIDDLE GROUND
Some reliable sources predict de Gaulle will seek some middle ground between the full independence demanded by Nationalist rebels and the full integration of Algeria with France demanded by the Communists.

Unknown Father

PADUA, Italy (Reuters)—Mrs. Clara Faeddu, 35-year-old school teacher who had a baby through artificial insemination, goes on trial here Saturday charged with "adultery with an unknown man." Adultery is a criminal offence in Italy and maximum sentence is a year. The charge was laid by her estranged husband, air force officer Antonio Faeddu, 49. A Rome court ruled in July a child born through artificial insemination must be regarded as the issue of an adulterous union.

Red Charge

Chiang Using US Missiles

TOKYO (AP) — Communist China claimed today that the Chinese Nationalists are using U.S. Sidewinder guided missiles against its planes.

Peiping charged that this was "a premeditated step in the U.S. plan of war of aggression" and threatened "punitive blows on Chiang Kai-shek's air force for this criminal action."

An article in the People's Daily, voice of the Communist regime, declared the use of the guided missile "is a military provocation of the utmost gravity."

"This is the first time in the annals of war throughout the world that guided missiles have been employed," the article said.

"U.S. imperialism now has confronted mankind with the danger of guided missile and nuclear warfare."

FIND MISSILE PARTS

A Peiping broadcast of a defence ministry statement said that one of its planes was shot down by a Sidewinder launched from a Nationalist plane during an air battle Sept. 24. It said parts of the missile, including the nose, were found near Wenchow on the mainland.

The Communists said five Sidewinders were fired during 143 Nationalist sorties over Chekiang and Kwangtung provinces on that day.

The Sidewinders, a U.S. navy-developed missile named for a desert rattlesnake, find and destroy their targets by homing on a source of heat—the jet engine in the case of an airplane. It has a warhead of conventional explosives and a speed greater than sound. It can follow its target despite evasive turns and twists.

STANDARD EQUIPMENT

The weapon has been standard equipment in the U.S. 7th fleet in Formosa Strait for two years and has been produced for the U.S. Air Force.

In Washington, the defence department would not say yes or no as to whether the Communist claim is true.

The Peiping broadcast came after reports circulated in Taipei, the Formosa capital, that the Nationalist air force was equipped with the air-to-air Sidewinders. Admiral Liu Hsiang-shan, Nationalist military spokesman in Taipei, Monday denied the reports.

Jimmy Wilson Escapes Chair

Lawyer To Ask Lighter Sentence

MONTGOMERY, Ala. (AP)—The Jimmy Wilson case may not have ended, although the Negro's death sentence was commuted Monday to life imprisonment.

A lawyer for Wilson has hinted at new legal moves aimed at reducing the life sentence that still stands against the 55-year-old handyman for his \$1.95 robbery.

"I still feel that the life imprisonment is extreme and harsh punishment for what Jimmy Wilson did," said Fred Gray, a Montgomery Negro lawyer who represented Wilson.

Wilson had been sentenced to die in the electric chair for robbing an 82-year-old white woman. Gray said he was gratified at the governor's commutation of Wilson's death sentence. But the lawyer added:

"I intend to do whatever I can to see that justice is ultimately done. I am still studying the legal issues involved."

The lawyer declined to say what action he might take. He had said previously he might appeal the case to the federal courts.

At a press conference following governor James Folsom's action in the case, the governor said he had authority to reduce Wilson's sentence only to life imprisonment.

Wilson, who had served two previous sentences for grand larceny, was condemned for robbing Mrs. Estelle Barker of \$1.95 at her home at Marion, Ala. The elderly white widow testified the Negro attempted to rape her.

The Negro was tried on a charge of robbery, which is defined by Alabama law as the taking of money or goods of value from another person by force or threat of violence. The amount involved is immaterial under the law.

The state Supreme Court, which previously had upheld Wilson's death sentence, recently turned down an appeal for a rehearing of the case.

SENTENCE COMMUTED — Jimmy Wilson is shown above left with a police officer just before Alabama's governor commuted his death sentence to life imprisonment.

Legion Auxiliary Scholarship For Derby Line Girl

DERBY LINE — The American Legion Auxiliary of Foster Coshby Post, No. 73, has awarded a scholarship of \$300 to Linda Cross, daughter of Mr. and Mrs. Philip Cross, of this place. Linda, a graduate of Derby Academy is now a student nurse at the Mary Fletcher Hospital in Burlington.

This is the first scholarship to be awarded by the unit and the members hope that this and future scholarship grants may inspire some local veteran's children, who may temporarily need a helping hand to pursue higher education.

The fund used to establish the scholarship has been accumulated by efforts of local auxiliary members since the unit's formation in 1922. The money has been invested in savings bonds. It was felt by present members that American democracy can best be aided through investment in the education of the youth.

To earn this scholarship a candidate must possess good citizenship, conscientiousness and sincerity of purpose.

Linda has been active in the Glee Club of her school, sports, Student Council and dramatics. She has belonged to the Youth Fellowship of Stanstead South Church, taught Sunday School and formerly sang in the church choir. She has also taken part in Girl Scout work.

SCOTSTOWN —

Recent guests of Mr. and Mrs. Angus A. MacIver were Miss Lilian MacIver of Montreal, Mrs. Drummond, Mrs. Lobley and Mr. Gerald Lobley, of Sherbrooke.

The many relatives and friends of Mrs. Percy Sharman and Mrs. Alex D. Morrison were saddened to learn of their deaths at the Sherbrooke Hospital.

The Misses Janet Gaulin, Heather MacAulay and Joyce Coates, students of O'Sullivan Business College in Sherbrooke, spent the week-end at their respective homes here.

Mr. Robert MacRae has enrolled in radio-television training at the Electronic College, of Avron Technical Institute, Montreal.

Miss Marilyn MacDonald of St. Eustache, was a week-end guest of her parents, Mr. and Mrs. G. MacDonald.

Mrs. Duncan Stewart of Meg-

antic, spent two weeks with her sister, Mrs. Andrew Henderson. She was accompanied home by Mrs. Henderson, who is spending a holiday as her guest.

Show Business

By BOB THOMAS

HOLLYWOOD (AP)—How are things in Yugoslavia?

The way the movie business is these days, it's not outlandish to ask that question. From Van Heflin you get an answer: "Very friendly."

Van has just returned from Europe, where he toured 13 countries with his wife, three children, nurse and dog. But the most stimulating part of his half-year stay abroad was working on a movie in Yugoslavia.

The movie was Tempest, an epic made jointly by Yugoslavian, Italian and American film companies. The interiors were shot in Rome and the crowd and battle scenes on the plains near Belgrade.

"It was the first time," Van said, "that a major film was made by Western producers behind the Iron Curtain. Yes, I know that War and Peace was supposed to have been shot in Yugoslavia. But the producer, Dino Dilaurentis, also produced our picture and he told me that it wasn't."

The Yugoslav government went all-out to co-operate, he reported, even to supplying 2,500 cavalry troops for a battle of the Catherine the Great era.

"The cost of that battle scene would have been prohibitive in Hollywood," Van said. "You just couldn't find that many trained riders and horses. Nor could you pay them enough for the stunts they took. The 2,500 put on a charge right through exploding charges with horsemen falling in the front ranks so the others had to leap over them."

"In one day alone, 37 men were sent to the hospital."

The horsemen were army regulars and he didn't know what they were being paid. But the extras who played serfs earned just under a dollar a day; not a bad wage in Yugoslavia, Van said.

His other observations: Accommodations were excellent at the Metropole, a hotel in Belgrade. Food was excellent with the accent on steaks, pork and lamb. The cost of whisky was prohibitive, and vodka is unknown.

"But the thing to remember is that Yugoslavia is still Communist, with all that that implies," Van added.

KINGSEY —

Mr. Bert Lockwood accompanied Mr. Elwin Perkins to Northern Quebec on a fishing trip. Mrs. Elwin Perkins stayed with her daughter while they were gone.

Boundary C.W.I. Makes Plans For Annual Tea, Sale

ROCK ISLAND — The seasonal activities of the Catholic Women's League, Rock Island subdivision, began with 29 members attending Mass at the church of Our Lady of Mercy, followed by a communion breakfast at the Del Monty hotel.

A short business meeting was presided over by Mrs. Catherine Fregeau. The annual tea and food sale was discussed and a tentative date set for early in November. The event will, as usual, be held at the Del Monty hotel and Miss Vivian Clark will be convener. Mrs. Blanche Webb and Mrs. Irene Reyer will be in charge of the food sale.

More definite plans will be made at a regular meeting to be held at the Del Monty on October 14.

TEACHERS ENTERTAINED

Mrs. L. F. Tilton, Sr., assisted by Mrs. George Carruthers entertained the teaching staff of Sunnyside school at the home of Mrs. Tilton.

The 18 guests were received by Mrs. Tilton and by Mr. Tilton, chairman of the Rock Island, Stanstead — Beebe school board.

Tea was served from the dining table arranged with a lace cover and centered with a bowl of gladioli. Mrs. Maurice Moore presided over the silver tea service.

Border Schools' Teen Town Hops Start October 4

ROCK ISLAND — The Teen Town hops, so successfully conducted during the past three years, will commence again on Saturday night, October 4th. This year there will be another gym available, that of the new Derby Academy.

In the past, dances have been held every two weeks but with the Derby Academy gym available it was decided by the committee to have them every Saturday night. The first dance will be held at the Derby, the second at Sunnyside School, then Derby, then in Beebe.

Each student pays a small fee at the dance and they must have their identification card with them. These will be distributed by the schools without charge.

Last year many new records were added to the collection from the money collected at the dances, and sizeable donations made to worth while projects. The Frontier Swim project received \$125, and the Weir Memorial park \$30.

There is \$74 in the treasury to begin this season. John Cowens is chairman, Beverly Haselton, co-chairman, and Mrs. John Cowens, secretary treasurer.

Chairmen of Home and Schools and Parent-Teachers will make arrangements for parents to act as chaperones at the dances.

EATON

Guests of Mr. and Mrs. Arthur McVetty were Mrs. Eva Butson, of Woodville, N.H., Miss Ruby Graham and Miss Myrtle Riddle, of Sawyerville, Mr. Norman McLeod, of Ottawa, Ont.

Mrs. Charles McGilton has sold her home here to Mr. Roy MacRae, of Montreal. She has moved to Sawyerville, to a home recently purchased from Mr. Andrew MacRae.

Mr. and Mrs. Charles Davies accompanied Mr. Charles Banks recently to Barre, Vt., where they visited their sister, Miss Maude Banks, at the home of Mr. Harold Downes.

Mr. and Mrs. Charles Wilson, and Miss Clara Gillespie of Oranville, Ont., spent a couple of days with Mrs. Wilson's brother, Mr. Charles Davies and Mrs. Davies.

Mrs. Vonda Huntingdon has returned to Utica, N.Y., after spending a week at the home of Mr. and Mrs. C. H. Picard. The Christmas Club met at Mrs. Austin Currier's on September 17th when 500 was played. The prize winners were Mrs. Albie McCafferty, Mrs. Graydon Winslow and Mrs. J. Currier. After the games lunch was served by the hostess, and final plans were made for the club members to go on a motor trip to Newport, Vt., on September 22. Next club meeting will be held on October 1st at Mrs. C. H. Picard's.

Mr. and Mrs. Ernest Goodwin of Lebanon, N.H., were recent visitors of Mr. and Mrs. Gerald Alden and other relatives for a few days.

WEST SHEFFORD —

Mr. and Mrs. Wm. McIntosh, of Ottawa, were weekend guests of Mr. McIntosh's mother, and sister, Mrs. Maude McIntosh and Mrs. Morris Begeron and daughter Susie.

Mr. and Mrs. Darcy Enright, of Montreal, spent the weekend at the home of Mr. and Mrs. Wm. Enright and family. While here they had their infant daughter christened after which Mr. and Mrs. Enright entertained at a dinner.

CILTONE SATIN stays color fresh!

- Washable — Non-Fading
- Dries in 30 minutes

• Odor-free Ciltone Satin is easy to apply—paint during any season of the year.

• Easy clean-up—Warm water cleans your brush or roller.

• Complete color range that stays fresh and new looking after repeated washings.

Buy Ciltone Satin, the paint that stays color fresh, from your neighborhood C-I-L Paint dealer. Consult the yellow pages of your phone book for his name and phone number.

French Cookery Secrets

Members of the Canadian Association of Consumers, Sherbrooke and Lennoxville Branch, who attended the annual meeting of the group at the Mitchell School last night, were treated to an exciting experience. They heard Madame Jehane Benoit of Montreal speak about the secret of French cooking.

They were told to use their imagination in the kitchen, to feel adventurous, romantic, to look for short cuts in their cooking and, above all, to be original.

They heard first hand experiences of the food editor of Canadian Homes and Gardens and they were given tips and tried-and-true favorites from several countries.

They were, in fact, entertained by a humorous and thoroughly competent speaker as well as food expert.

Herbs, said Madame Benoit were the secret of French cooking, not butter or brandy — the everyday family can't afford it. "Wine, yes," she added, "it gives a lift—a dashing elegance," but then she said you only use a very little bit.

Clever combination, lots of imagination and lots of herbs was Madame Benoit's formula, and she said that herbs were to be thought of as the perfume of the kitchen. Everyone used them differently, depending on their personality, just as they use perfume differently.

Follow your fancy she advised, but use one at a time.

Some of Madame Benoit's recipes and tips will appear on Thursday's women's page.

Mrs. D. R. Armitage introduced the speaker and she was thanked by Mrs. E. W. L. Arnold.

The new slate of officers elected at the meeting is as follows: Past President, Mrs. T. A. Cadman; president, Mrs. E. B. Sims; first vice-president, Mrs.

Cleft Palate Child Aided By Rotarians

The Sherbrooke Rotary Club, which holds its annual Fair on Oct. 2-3-4, carries on many projects which receive little public notice. This is one of a series illustrating the way Rotary helps people in need in this area.

Baby Gerard was born with a cleft palate. An operation was deemed necessary but financial assistance was needed.

The Rotary Club heard of the case, provided the funds required and the 20-month old baby underwent a successful operation.

A normal life lies ahead of him.

This is but one case assisted by the Sherbrooke Rotary Club during the past year. There are many others. The proceeds from the Sherbrooke Rotary Fair which opens at the Belvedere St. Armoury on Thursday, Oct. 2, 3, 4, 5, may be disposed of as the Attorney General may direct.

Public Meeting On Loan By-laws

A public meeting of Sherbrooke ratepayers will be held on Thursday, Oct. 9, to discuss two-by-laws providing for the borrowing of \$61,000 approved by the Council last night.

The first of these provides \$49,000 for the extension of water and sewer services to the newly-developing sections of the city, while the second provides \$12,000 to supplement appropriations under the last \$1,600,000 public works by-law.

Work on certain projects had to be suspended owing to lack of funds and this by-law is designed to remedy the deficiency.

Unless a referendum is demanded by at least 50 qualified ratepayers at this meeting, the by-laws will be approved automatically.

Two other by-laws, one to borrow \$77,000 for urgent public works carried out in 1957 and the other for \$149,000 for improvement to the street-lighting system, were also approved last night but do not have to come before the ratepayers. The city, by its charter, is entitled to borrow certain amounts annually for emergency purposes without a referendum.

Light Sentences Are Imposed On Troublemakers

Three men received light sentences yesterday morning in court of Sessions before Judge Redmond Hayes, when they pleaded guilty to a charge of being drunk and disorderly in the Township of Ascot on the night of September 14.

Rene Cyr and Jean Beliveau were given a sentence of time in jail, when they asked Judge Hayes for clemency promising they would leave town.

Fernand Deguire, of Richmond, received a suspended sentence, when he explained to the Judge that he had been arrested when he told the taxi driver of the car he was riding in that he could not afford to pay him and that he would have to wait a few days in order to get paid.

The accused stated that the cab driver refused his terms and had him arrested.

In sentencing the accused, Judge Hayes told him that he would give him a suspended sentence if Deguire would promise to pay his fare to the cab driver as soon as he had the money.

NOTHING NEW

An imaginary trip to the moon was described by a Greek satirist in 160 AD—18 centuries before earth satellites.

Real Danger

Local Police Drive On Airguns

During the past few weeks, members of the Sherbrooke police force, under the direction of Chief Edouard Moreau, have been conducting a campaign against the use of air guns by minors and other unauthorized persons. During the course of the drive, a number of air rifles and air pistols have been seized.

One of the reasons behind the campaign is the size of the bill for the replacing of street lights which have been destroyed by children with air rifles.

They are supposedly harmless but a small round pellet from a B-B gun, fired from about 10 feet at a piece of plate glass, shattered a spot about one inch in diameter, scattering ultra-fine glass splinters. The splinters are so thin they can hardly be seen and one's eyesight could be seriously damaged.

These children with the air-guns are some of the targets of the Chief's drive. But there are also others. Merchants who sell these "harmless" firearms indiscriminately, without regard to the age of the customers or whether or not he or she has a valid permit.

Chief Moreau has promised serious consequences for those found violating the Criminal Code pertaining to these firearms, air guns or air pistols.

These sections of the Code read: —
 "DELIVERING FIREARMS TO MINORS — Everyone who sells, barters, gives, lends, transfers or delivers a firearm, airgun, or air pistol and ammunition therefor, without a valid permit . . . is guilty of an offense punishable by summary conviction.
 "SEIZURE — Notwithstanding section 96, a peace officer, who finds a person under the age of 14 in possession of a firearm, airgun, or air pistol and ammunition therefor without a valid permit in form 45 relating to that firearm, may seize it and upon seizure it is forfeited to Her Majesty and may be disposed of as the Attorney General may direct."

Study Local Market Meat Inspection

Members of the market committee will meet Dr. Emile Poisson, director of the Sherbrooke Country Health Unit and Dr. Marcel Labrie, meat inspector at the market, to study the conditions under which the meat at the market is being inspected.

The decision was taken last night after aldermen received a letter from Dr. Poisson asking the opinion of the Market's Butchers Association concerning the nomination of a second inspector.

Under instructions from the council, the City Clerk wrote letters to Dr. L'Heureux, of Montreal, Dr. Poisson and Dr. Labrie to find out if the same inspection given the meat could be applied to poultry.

Ald. Marcel Savard, Market Committee chairman, said Dr. Labrie told him that there was too much work for a single inspector. Ald. Savard also said that he had not yet received the detailed report he asked for.

Mayor Armand Nadeau pointed out that close to 2,000,000 pounds of meat unfit for human consumption had been seized at the Three Rivers market last year whereas the total seized in Sherbrooke during the same period was only 26 pounds.

Ald. Carrier Fortin said that it was physically impossible for one man to inspect all the meat arriving at the market.

FAIR PREPARATIONS — Last minute problems get ironed out by Rotary members in preparation for the annual Rotary Fair which opens Thursday night in the Belvedere St. Armoury. From the left are: President Ivan Saunders; Gene Gingras, decorating; Bill Richardson, Fair Chairman; Frank Simms, purchasing, and Fred Wilson, Fair chairman. (Record Photo by Gerry Lemay)

Junior Players Entertained By Magog Kiwanians

MAGOG — Magog Kiwanians last night played host to the boys of the five Magog Little League teams, when the winning group received their championship awards. Past president Rene Fortier outlined the formation of the Magog league, explaining the difficulties faced in outfitting the boys and the handsome benefits that their efforts have produced.

Ernest Pouliot presented the Kiwanians trophy to Coach Eugene Sanderson's champions, and each boy in the group received an individual silver cup. Ernest Ledoux, prominent Magog sportsman and onetime Golden Gloves boxer, spoke, emphasizing the importance of physical education among boys. He said that he had trained Magog youth since 1945, following his service with the R.C.A.F. Mr. Ledoux operates a sports centre and gymnasium here. He was thanked by Ernest Bennett, one of the many fathers present at last evening's banquet.

Following the regular business meeting, a movie was shown and favors were distributed among the boys.

Free Press Essential To Preserving Of Democracy

Only a free press can ensure that the people of a democratic country will know what is happening in the world, Arnold Agnew, editor-in-chief of the Sherbrooke Daily Record, said last night at the regular weekly meeting of the Sherbrooke Optimists Club.

Mr. Agnew said the people have a right to know what their governments, politicians, civil servants, police and courts are doing. "Without the freedom of the press," he said, "there can be no freedom. If the politicians and public servants know they can operate in secret, without having their actions reported by the press, then the way is open to abuse, inefficiency, waste of public funds and dishonesty."

Turning to a lighter outlook, Mr. Agnew pointed out that there was one good five-cent bargain left in the world—the daily newspaper.

He turned to a detailed description of the production of the paper. The paper itself, he pointed out, is a business venture, just like any other.

But operating a paper entails a knowledge of the manufacturing industry, wholesale merchandising, retail and editorial. Thus the management of a newspaper must combine the qualities of a businessman, industrialist, merchant and editor.

Competition against a newspaper, apart from other newspaper, comes from radio and television, he pointed out. Yet recent surveys showed that newspapers are still the main channel for news.

Therefore, the newspapers have to maintain their financial independence, relying on their circulation and advertising, so they may continue to inform the people of happenings within and without their own area of knowledge.

"If the public doesn't know what is going on," said Mr. Agnew, "then it is unable to make intelligent decisions at election time."

A prime instance of the power of the press was the case of Jimmy Wilson, Alabama Negro, sentenced to death for stealing.

Heavy Fines Are Imposed On Quartet

Four men who appeared in Court of Sessions yesterday morning before Judge Redmond Hayes and pleaded guilty to charges of impaired driving were fined a total of \$550 and had their driving permits suspended for six months.

The accused, were Roland Lapointe, Roger Grondin, Emilien Carrier and Philemon Paquette. Roger Grondin received an extra \$50 fine from the judge, when he pleaded guilty to a charge of resisting arrest.

In sentencing the four men, Judge Hayes said: "I am not going to be lenient, because it is of no use to protect those who expose their fellow creatures to a violent death."

\$1.95. Had it not been for the public outcry following press reports of the case, the sentence might not have been commuted to life imprisonment.

"Think for a moment," he said "how much that man's life would have been worth if the press had been barred from his trial."

"Only your daily newspaper can provide the news and background information essential to this free discussion. I think the newspaper is still a big nickel's worth!"

Mr. Agnew was introduced by Henry Crochettiere and thanked by Gerry Lafrance.

The meeting also marked the last official function of recently-elected president of the Club Ron MacDonald who has been transferred to Montreal. Vice-president Art Lockley was appointed to fulfill the rest of the President's term.

BRIEFLETS

Dr. D. L. Dykeman's office will be closed October 4 to 7.

Dr. Klinek will be absent from his office Oct. 1st, to Oct. 20th. The office will be open for appointments Oct. 6th.

Card Party, Canadian Legion Memorial Home, 911 Prospect Street, sponsored by Ladies Auxiliary, Thursday, Oct. 2nd, 8 p.m. Prizes and refreshments. Admission 50c.

The office of Dr. G. Jaquith Osteopathic physician will be open Monday to Saturday until further notice.

HUNTINGVILLE — Roast Turkey Supper, Community Hall, Sat., Oct. 4, 5:00 to 8:00 p.m. Adults \$1.25, Children 60c. Sponsored by Huntingville Ladies' Aid.

It's Up To de Gaulle Now

The overwhelming approval given Premier de Gaulle's proposed constitution for a new French Fifth Republic indicates at least that the lethargy and cynicism which had spread through France during the past several decades has disappeared. De Gaulle will undoubtedly become the first President under the constitution with almost dictatorial power.

France had drifted close to anarchy in the last years of the Fourth Republic. Politically, the country was leaderless, or perhaps it had too many leaders. There were literally dozens of political parties and groups and combinations among the various factions. The nation was left to flounder as the politicians of the broad centre, ranging from democratic socialism to extreme conservatism, shuffled and redealt the ministries among themselves.

De Gaulle, coming to power with the army's backing, now is in a position to give France the leadership she

requires. He is faced with numerous problems, economic and political. Not the least of these is the future of Algeria. Unfortunately de Gaulle has not indicated what he plans for Algeria except in a general way. And whether the vote will end the Moslem revolt is problematical. Many Algerians who voted for the new constitution and thus to become part of a new French commonwealth, were illiterates who were herded to the polls in droves by the French colonists and the army.

De Gaulle has the public support, however, to make bold decisions and to give the leadership France obviously wants. Criticism that his new constitution means dictatorship may be exaggerated, but the possibility is obviously there. The free world will wait now to see whether the temperamental de Gaulle is great enough to rise above this temptation. France, tired of liberty that had become irresponsible, is willing to take a chance.

Push Button Evolution

Comic strip character creators have often depicted the human race several centuries from now (if it should survive that long) as consisting of people who are all head and brain, and very little body.

The basis for this type of fanciful development is the march of technological progress. People are walking less and less all the time; they go by car instead. Television is keeping more and more people in the home more of the time. Sports are becoming a spectacle, no longer a pastime in which everybody tries to participate to some extent. The increasing complexity of our world, on the other hand, requires more use of brainpower than in the past, or so the popular conception goes.

It may well be, however, that living in a push button age is stunting head and brain development, except for those whose responsibility it is to design and manufacture push button articles.

Television viewers, for example, don't have to stir from their comfortable chairs any longer to change channels or sharpen pictures. Portable push button panels at chairside do all this by remote control.

There are bedroom control units which wake one up, turn on the radio, make coffee, toast, and even fry eggs without requiring any human aid except the setting of dials and the pushing of a few buttons before one retires.

Push button kitchens are almost commonplace. The dictates of natural evolution would seem to suggest human physical development in the future will be derived from this almost exerciseless environment. Living in the future may consist of nothing more than sitting and pushing buttons.

The human beings of the future, far from having big heads, may turn out to be "pinheads," with extremely large and well-padded posteriors, and fingers like an octopus' tentacles.

This And That

American Vice-President Nixon is reported to be shocked that the majority of letters received at the State Department are opposed to Washington's Formosa policy. American political experts are predicting that the Republicans will get another shock after the November Congressional elections.

Press Comment

AMBASSADOR TO ISRAEL

(Toronto Telegram)

The appointment of Miss Margaret Meagher as Ambassador to Israel dramatically underlines Canada's cordial association with and closer interest in the country. For Miss Meagher is the first ambassador to be appointed by Canada to serve exclusively in Israel. Previously, the ambassador to Israel, residing in Athens, included in his territory Greece and Turkey as well.

The appointment, therefore, of a full-time ambassador to Israel indicates the Canadian Government's special concern with that country and its awareness of Israel's increasing stature. Apart from the important matter of enlarging trade between Canada and Israel, the latter is the West's strongest and firmest friend in the uncertain political climate of the Middle East.

To Miss Meagher herself warm congratulations are due. She is not only the first full-time ambassador to Israel but also the first woman ambassador to be appointed by the Canadian Government. This acknowledges the contribution that women can make to the public service and is a high personal tribute to Miss Meagher's accomplishments. A graduate in political science of Dalhousie University, she joined the External Affairs Department in 1942 and has served in several capacities,

NO CANADIAN APPLES

(Woodstock Sentinel-Review)

At a commercial exhibition in Britain recently—described as the biggest of its kind in the country—H. Watson Jamer, the new agent general for Canada's Maritime provinces was struck by the fact that Canadian exhibits were conspicuous by their absence.

While American and New Zealand representatives expressed amazement at their success in piling up what were termed "fat orders" for their apples, there was no sign of a Canadian apple anywhere. And this in a year when the Canadian apple crop generally is a bumper one requiring more than the usual number of outlets to enable it to be disposed of.

FARMERS TO MARCH ON OTTAWA?

(Moose Jaw Times-Journal)

The idea of using the cash payment which the Diefenbaker government is giving the farmers—\$1 per acre up to a maximum of \$200, to finance "a march on Ottawa" to demand deficiency payments is put forward by Roy Atkinson, second vice-president of the Saskatchewan Farmers Union.

At the same time Alf Gleave, president of the SFU criticizes the federal government's cash assistance as a "relief measure to the small farmer only."

It is not according to Mr. Gleave a "basic approach to solving the problems of the western grain growers."

It is within the realm of possibility that there will be many members of the House of Commons, particularly those from other parts of Canada, who will want to take a second look at the cash assistance plan, in the light of the suggestion put forward by Mr. Atkinson. They may feel that if the western grain growing farmers look on the assistance as expense travelling money which they do not need to assist them until the next crop, that "cash assistance" is not as badly needed as has been represented to them.

To divert the "cash assistance" to the purpose that Mr. Atkinson proposes, namely, to finance the expenses of the recipients in order that they can "march on Ottawa" is grotesque to say the least. It simply means that Ottawa finances western grain farmers to go to Ottawa to tell the government that the "cash assistance" is not enough and they must have more. In essence it appears to be financing a massed raid on the public treasury.

If the plight of the grain

Elegant Specialists

London's Tailors Are Good, But Snobs

LONDON (AP) — The really first class London tailor is a monumental snob and one of the world's best makers of men's clothes.

He is superior, snooty, opinionated, condescending, self-centred and swells mentally, spiritually and physically in a tight little section of London's West End, between Regent Street and Piccadilly, bisected by Savile Row.

Some tailors are so elegant they will concern themselves only with measuring jackets and waistcoats.

They wouldn't think of dealing with a pair of trousers, loftily leaving such mundane commerce to underlings.

One of these is Mr. Featherstonehaugh. "Anybody," he said, "can build a pair of trousers. It takes an artist to do a jacket."

In Mr. Featherstonehaugh's haute monde, only the vulgar, a few Burmese and untravelling Americans refer to trousers as pants and waistcoats as vests.

He shudders at what he considers this monstrous misuse of nouns.

Terribly English, Mr. Featherstonehaugh pronounces his name "fane-shaw."

The most striking example of his outlook on life, the trials, dangers and burdens that man has to bear, concerns an American named William Brassert, long resident in Geneva.

Almost since childhood Mr. Brassert has had his clothes made by Mr. Featherstonehaugh. But, the war rudely interrupted his years of happy and impeccable tailoring.

With Mr. Featherstonehaugh in bomb-blasted London and Mr. Brassert beside placid Lake Geneva, half the German army and its air force separated tailor and client.

Clothes-making — or even contact — was impossible.

For four years there was no communication. And then, a month after the war, Brassert journeyed to London to replenish his now threadbare wardrobe.

"I hoped and prayed," said Brassert as he related the story, "that Mr. Featherstonehaugh survived the rigors of war and that his premises stood up to the bombing. Frankly, I had misgivings."

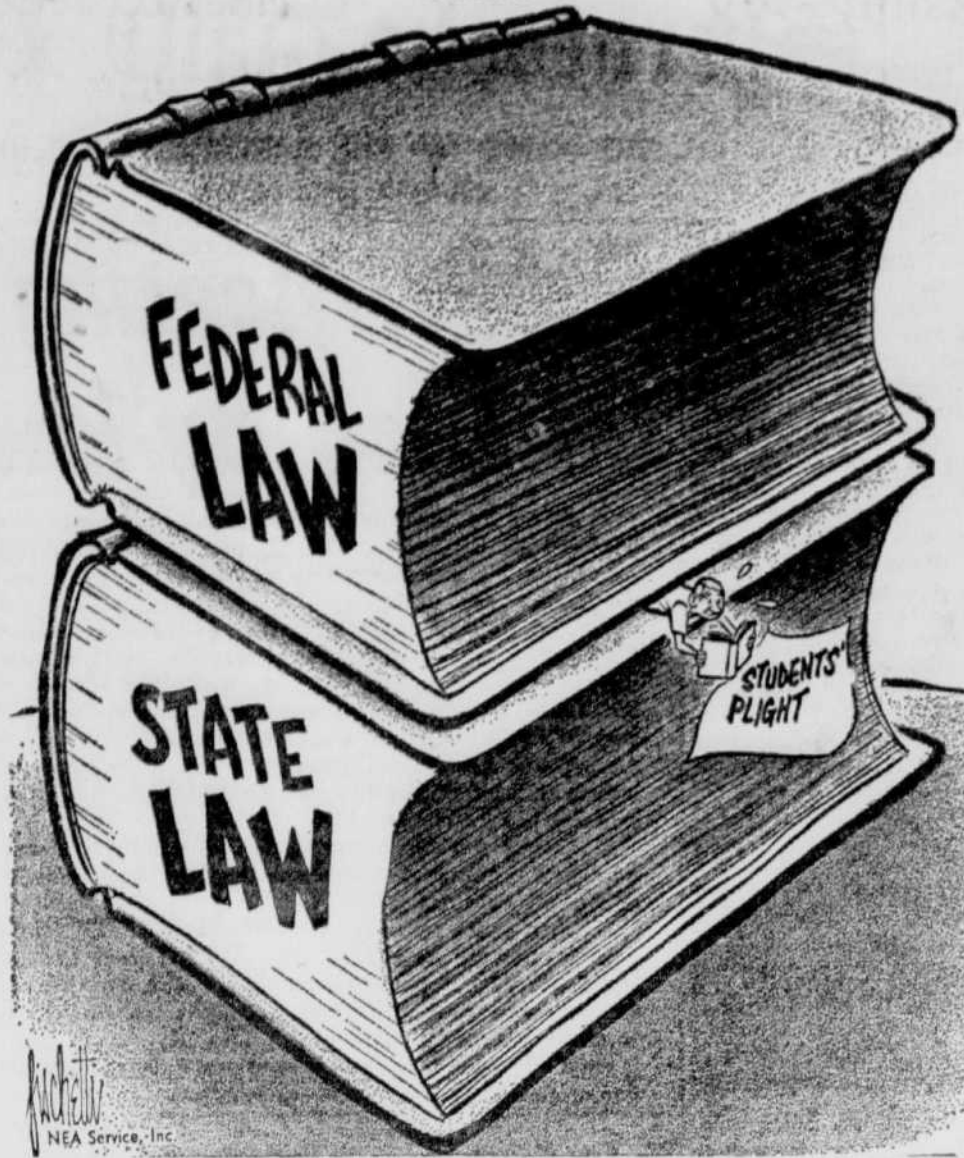

On his first morning in London, Brassert set out for the tailor shop familiar to him since youth. Walking through streets that revealed the ugly scars of a long hard war, he finally turned the corner into the row he knew so well.

Bomb damage was intense, but there — like a single tooth in an

grows has convinced the government at Ottawa that "cash assistance" is warranted to even up the cost-price squeeze, the proposed use of the cash assistance, will cause many Canadians to pause and think. If it is used for the purpose that is suggested by Mr. Atkinson, and the farmers march on Ottawa it would not be surprising if they encountered quite a number of members of the Commons who think much straighter. The possibility or the probability of being successful in a demand for "more cash assistance," because the first cash assistance was not enough might be very slight.

Any farmer who can afford to spend the cash assistance to join a "small farmer" according to Mr. Gleave, and yet it has been the small farmer and not the large farmers whose cause has been represented by the SFU as being desperate.

Books

Gerald Waring REPORTING

OTTAWA — Within hours of the cancellation of \$500 million worth of defence contracts last week, Production Minister Raymond O'Hurley had moved to save for the nation the technical skills suddenly out of work.

Trouble is, O'Hurley's move was a hesitant, iffy offer rather than a strong, let's-lick-this-together policy.

O'Hurley wrote each of the 10 companies affected by the cabinet's decision to wash out the Sparrow missile and the Astra electronic equipment to navigate the CF-105 and fire the Sparrow. He said that "in principle" he did not want the nucleus of special skills built up under the cancelled programs to be dispersed. He urged the companies to "make every effort" to get other work, especially from their US and British parent companies.

It that failed, O'Hurley went on, he would be "prepared to examine sympathetically any sensible proposals to maintain a very small number of senior engineers and technicians, by contract, for an interim period on useful work." But, he hastened to add, "this is not to be regarded as a definite commitment."

Alternative work capable of absorbing any significant number of the hundreds of engineers, technicians and management experts who were engaged on Sparrow and Astra just does not exist. US parent companies are short of work themselves, and so far as British parents are concerned, British Canadian costs are a deterrent.

Bomarc missiles and SAGE electronic control equipment are no answer to this unemployment problem. Even if Canada could obtain manufacturing rights, which is doubtful in the case of Bomarc, and even if Canadian production would, not be highly uneconomic, the time lag might be too great.

In a last minute effort to prevent dispersal beyond recall of the teams of engineers and their valuable technical know-how, RCA Victor and Canadian Westinghouse — respectively the electronics of Astra and Sparrow — pleaded with Prime Minister Diefenbaker to stay the fall of the ax briefly to permit orderly readjustment and relocation of staff.

A 90 day moratorium was proposed. It would cost the treasury \$7 million — a little enough for holding a substantial number of the nation's best electronics brains in this country pending reassignment on other important work. The alternative, it is feared, is loss of the best of them to the US.

What is happening to the electronics industry is in stark and incongruous contrast with the way the aircraft industry is being cushioned for the wash-out of the 105s.

The programs for the 105 and its engine involve 15,000 Avro workers and nearly that many employees of subcontractors. These are not high-priced, hard-to-come-by brains. Mostly,

they're machine tool operators and assembly workers. But they would noticeably swell unemployment this winter. So the 105 and engine programs are being carried on until March 31 at a cost to the taxpayers of some \$75 millions — an instance of what might be called political economics.

Electronics is a growth industry. Defence is electronics. Communication is electronics. And more and more, production is becoming electronics as industry turns to automation to keep costs competitive.

With the end of the era of manned bombers and fighters, the growth potential of our aircraft industry has been rather severely curtailed. It needs to develop new products and markets, and the breather until March 31 on the 105 will help it over this hump.

Bygone Days

THIRTY YEARS AGO

Prize winners at Ayer's Cliff Lamb Show were: George Harvey, W. E. Ketcham, W. J. Whitcomb and H. G. Taylor.

TWENTY YEARS AGO

Supplementing the treaty settling the German-Czechoslovak dispute, Great Britain and Germany have signed an agreement providing that future difficulties will be settled by means of arbitration.

TEN YEARS AGO

Ottawa—A new streamlined income tax form—easy to look at and simple to handle—will be introduced to Canadians in 1949.

Hopes of Sherbrooke citizens for the early installation of a filtration plant to improve the local water supply were effectively dashed, while the prospects of a new bridge linking the East and West wards of the city were materially brightened.

The Nile is believed to be the longest river in the world. It flows for approximately 4,160 miles from south to north. Though the land along the river is a hot, dry, barren wasteland, the river makes possible a bordering stretch of fruitful soil that can support as many as 1,200 persons for every square mile.

DISCARDS RUIN CHANCE TO WIN

In today's hand the Rothlein team picked up 700 points when Paul Alinger made three no-trump, while the other South player went down one trick at the same contract.

The bidding was the same at both tables as was the five of clubs opening. Both declarers won in their own hand and led the 10 of hearts, but then there was an immediate parting of the ways.

Paul played low from dummy and East made his jack. Now it did not matter what suit East returned. There was no way for the defense to keep Paul from making five heart tricks, two clubs and two aces.

Opening lead—♠ 5		

The other declarer went up with the ace of hearts and tried to run the suit. He suddenly discovered that he was running out of discards. Actually, he could have simply thrown the low diamonds, but he let one club go.

When Bob Rothlein got in with the jack of hearts he led a spade and South found that he could not get back to dummy for a second club trick.

Paul's heart play was correct. He was interested in playing as safely as possible for his three no-trump contract and was perfectly willing to give up one heart trick at an early stage. He was not willing to have to make several discards and then give up a heart trick.

CARD SENSE
Q—The bidding has been: West North East South
1 Spade Double Redbl. Pass
Pass 2 Clubs 2 Spades ?
You, South, hold:
Spades 6-5-3, Hearts A-10-2, Diamonds Q-8-7-3, Clubs K-9-7.
What do you do?

A—Bid three clubs. This may still be your side's hand and in any event you can't be hurt at the three level.

TODAY'S QUESTION
Again your partner has doubled West's opening spade bid and again East has redoubled. This time you hold:
Spades 9-7-6-2, Hearts 10-3, Diamonds J-9, Clubs 10-7-6-4-2.
What do you do now?

J. G. R. BENARD, who has been appointed manager of the Sherbrooke, King & Alexander Branch of The Royal Bank of Canada, succeeding N. L. Amira, who is retiring on pension. Mr. Benard comes to his new post from Valleyfield where he has been Manager since 1951.

Credit Unions Held Session In Sherbrooke

Members and directors of the St. Maurice Chapter of the Credit Union held their annual reunion at the Bellevue Club, Saturday evening, marking the fifth such assembly since the inception of the chapter. It was the first reunion held in Sherbrooke.

The last reunion was held in October 1957 in Quebec City with some 1,000 members attending. This chapter is comprised of nine organizations: the Reynolds Credit Union, Champlain; the Capital Credit Club of Quebec; Municipal Employees Credit Union of Quebec; the Dennison Credit Club of Drummondville; the Sylvania Employees' Credit Union, Drummondville; the Rand Employees Saving Credit Club of Sherbrooke; and the Union of the Employees of MacKinnon Structural Steel, of Sherbrooke.

This meeting marked the entry of the MacKinnon group to the Chapter. Another credit union, that of the Sherbrooke municipal employees is being formed and probably will receive its charter shortly.

During the morning, the guests were taken through the Canadian Ingalls-Rand Co. Ltd., by George Logie, Industrial Relations manager, after which delegates visited City Hall at the invitation of Mayor Gerard Berard and Ald. J. M. Jeanson. At noon, a dinner was held at the Bellevue Club with Ald. Jeanson, representing Mayor Armand Nadeau.

Guest speaker for the reunion was Maurice Champagne who talked on the Caisse Populaires, or parish banks.

\$10,000 Theft In Montreal

MONTREAL (CP) — Three armed men Monday night held up about 30 employees of the Continental Casualty Company and escaped with an estimated \$8,000 to \$10,000.

The money was accident insurance premiums received from thousands of Montreal school children.

Employees Cleared

WASHINGTON (CP) — The State department said Monday no punishment is planned for any employee responsible for getting that the department is getting mail predominantly opposed to its Formosa policy. Officials said the decision indicates the department does not agree with Vice-President Richard Nixon that a department subordinate had made a deliberate attempt to sabotage State Secretary Dulles' China policy.

DANVILLE —

The Girl Guide and Brownie Association held its first meeting of the season in the United Church Hall with the president, Mrs. Milton Baker, in the chair. The minutes were read by the secretary, Mrs. Tom Wallace. It was decided to hold at food sale in the United Church Hall on October 3rd at 3:00 p.m. Refreshments were served at the close of the meeting.

Missing Boy Sought Here Had 40 Cents

MONTREAL — (CP) — Richard Saunders, 13, who set out Friday with only 40 cents to "look for work in the United States," was still sought by police in Quebec and the New England states.

Richard started out with another youngster who returned home after the pair had separated just south of Montreal.

Weekend checks indicated Richard tried to cross into the U.S. at the Vermont border but was turned back by U.S. immigration officials.

Bruce Saunders, the boy's father, said his son may have managed to cross the border Friday night or may have gone to Quebec's eastern townships to look for work as an apple-picker.

The boy is five feet, six inches tall, weighs 135 pounds and has wavy dark brown hair and hazel eyes. When he left home he was wearing a blue-gray tweed sports coat, black trousers and brown shoes. He carried a red wind-breaker in a black briefcase.

READY TO FIGHT

Continued from page 1

ers attacking an army field force.

The navy already has in operation the American air - to - air Sidewinder missile and Prime Minister Diefenbaker announced last week the RCAF will have U.S. Bomarc anti-aircraft missiles in operation by 1961.

Col. Norman Wilson-Smith, director of combat development, at the same press conference, outlined the new equipment and weapon needs of the army in the era of the atomic battlefield.

NEED ATOMIC WEAPONS

These included atomic weapons, missiles, improved anti-tank weapons, small arms and tanks, transport planes and helicopters, drones for camera surveillance, armored amphibious carriers, mobile artillery and new signal equipment.

Gen. Allard said the army has presented a three-year budget to the government involving a "small increase" over current expenditures. The army anticipates the government will meet its request, he said.

Gen. Allard said Canada, the U.S. and Britain and other NATO allies, notably West Germany, have reached general agreement on army doctrine, tactics and weapons for nuclear war.

"We can live on the atomic battlefield," he said. "The atomic bomb is no longer the absolute weapon."

FEWER MEN NEEDED

Under the new tactical concept, Col. Wilson-Smith explained, a brigade group of some 7,000 men will cover an area held by a corps of 42,000 to 50,000 men during the Second World War.

It would do this by increased mobility and firepower and better reconnaissance, command and control and supply.

Col. Wilson-Smith said the struggle for information on troop movements and deployment might well be the turning point of a nuclear land battle.

Under new dispersion plans, an atomic bomb would affect only a 150-man company.

SOLID FRONT OUTMODED

The solid front of the Second World War would become "siege-like," Col. Wilson-Smith said. In a future war, Western armies could be expected to be outmanned and outgunned by three or four to one. But this problem could be overcome by

FRENCH GUINEA

Continued from page 1

by European settlers there. De Gaulle has been chary of moving against the settlers since he became premier June 1 as the result of settler and army uprisings. Now with the referendum backing he might take a stand they will oppose.

De Gaulle promised that any overseas area except Algeria could vote itself out of the French union by rejecting the constitution. Visiting Guinea last month, he wished the assembly "farewell and good luck" if the voters chose independence.

HEAVILY OUTVOTED

Of 1,300,000 registered voters in Guinea, 15,551 voted for the constitution and 573,470 followed Touré in his opposition to it.

Ristorucci, de Gaulle's special representative, said French civil servants will become technical assistants to Guineans at midnight. They will leave within two months.

Ristorucci denied reports that France would break off financial relations with Guinea. The territory, whose biggest export is bananas until promising bauxite and other ore deposits can be developed, probably will remain tied to the French franc for some time.

CLAPHAM —

Miss Louise Bennett, of Stoneham, was a guest of her parents Mr. and Mrs. C. Bennett. Mr. and Mrs. Bill Christie have returned from their wedding trip to the Maritimes and Vermont.

FRENCH COOKERY

Continued from page 3

D. R. Armitage; recording secretary, Mrs. J. W. McCubbin; corresponding secretary, Mrs. J. D. Jefferis; treasurer, Mrs. William Mutchler, Jr.; assistant treasurer, Mrs. E. T. Harbert.

Mrs. Sims presided at the meeting and spoke of the need for new members in the organization. Present membership is 245.

A panel composed of Mrs. P. W. Calvert of Montreal, past president of the Quebec Branch of the C.A.C., Mrs. E. L. Gilbert, of Asbestos, vice-president of the Quebec Branch, and Mrs. Arthur Stehr of the National Textile Committee, answered questions from the floor regarding consumer problems.

Some questions regarding children's clothing and fabric combinations were taken to be passed on to national committees.

One resolution concerning the modern trends in car designs will be presented at the national meeting this week. It deplored the trend to long, low designs and powerful motors at the expense of functional design and safety features.

more firepower—atomic weapons—and other means such as increased mobility and better surveillance of the army. The army was thinking of a submersible tank capable of swimming through water obstacles.

The new amphibious Bobcat armored carrier would also provide mobile artillery and the Caribou transport being developed by de Havilland Aircraft Company would provide an airlift for supplies.

Col. Wilson-Smith also said the army needs a "new breed" of commanders with imagination and daring for the fast-moving, wide-open warfare now contemplated.

No longer wanted was the "dull and dogged" leader who always followed orders but did little else.

Manufacturers Plan Drive To "Buy Canadian"

The Sherbrooke Branch of the C.M.A. held its first meeting of the current season with J. Eric Morrison, Canadian Johns-Manville Co. Ltd. chairman of the Branch, occupying the chair. A large group of representatives of member firms discussed a number of items of concern to them.

The meeting featured a review of a proposed "Buy Canadian" program which was to be conducted by the Association in the area. Arthur M. Hall, Carnation Company Limited, was appointed chairman of this special committee. While details remained to be worked out, the programme was designed to encourage the purchase by consumers of Canadian-made products in preference to imported articles.

The Association was also pleased to pledge its support of and co-operate in every way possible to ensure the success of the extension course in Business Administration which was being offered by Bishop's University starting the middle of October. Prof. R. E. Duval, who is in charge of this course, was present at the meeting and acquainted members with details.

The next meeting of the Branch was scheduled for Oct. 16, when the programme will consist of a symposium on industrial relations.

Dairy Stock Position Said Grave

MONTREAL (CP) — President F. J. Reynolds today told the annual meeting of the National Dairy Council of Canada that the dairy stock position gives great cause for concern.

"With the exception of a couple of condensed products, every item in the dairy list is tagged with the same label of crowded warehouses and unwieldy surpluses," he said.

Some inventories of substantial quantities are getting "dangerously near the point of quality deterioration."

Mr. Reynolds said the present difficulty is that such accumulated surpluses cannot be disposed of, as formerly, through export markets. Excepting the United Kingdom, nearly all countries of Europe and North America now are largely self-sufficient in milk and its products.

U.S. POLICY HURTS

Disposal by the U.S. of huge quantities of dairy products accumulated under its support plans has been another factor "that has led to disruption of the old patterns of world trade in dairy products."

Mr. Reynolds said "a great dilemma" faces the federal government. Through the Agricultural Stabilization Act it had assumed responsibility for large quantities of butter, cheese and skim milk powder. On present indications, these cannot be channelled to export markets even at sacrifice prices or, in the case of some products, as outright gifts.

"Our relatively tame forays into export markets run up against savage competition or bitter obstruction."

THE MARKET TODAY

(Greenshields & Co. Ltd.)

Prices edged higher in quiet trading yesterday. Asbestos was up 1 at 33, Canada Foundry off 1/2 at 32 1/2, Canadian Bank of Commerce up 1/4 at 15 1/2, Can. Celanese off 3/4 at 16 1/2, Dominion Stores up 3/4 at 69 1/2, Ford A up 2 1/4 at 100, I.A.C. up 1/2 at 36 1/2, Jamaica Public Service up 1/2 at 58, Page Hersey off 1/2 at 32, Price Bros. up 1 at 42 1/2, Quebec Telephone off 1/2 at 28, Steel of Canada up 3/4 at 65 1/2.

A new issue of \$5 million 5 1/2% sinking fund debentures of Trades Finance Corporation Ltd. has been offered by a syndicate.

The Canadian coal production was 47.4% lower in August than in the same month last year. The production for the first eight months was off 14% compared with the like period in 1957.

Sales of natural gas in Canada in the first seven months of 1958 were 15.4% higher and revenue from sales was 30.8% higher than for the like period in 1957, according to the Financial Council.

The C.P.R. reports net operating income for August \$3,041,172 against \$3,372,227 in the same month in 1957. The net operating income for the first eight months was \$21,942,693 compared with \$21,564,520 in the like period 1957.

Security Freehold Petroleum Ltd. reports net income for the fiscal year ended June 30 of \$430,289 or 26.6 cents a share, 70% higher than the year before.

An offering has been made by Loblaw Groceries Co. Ltd. of \$10,050,000 \$30 par cumulative redeemable preference shares to be designated Series B.

Shipments of asbestos from Canadian mines in August were 85,785 tons, a decline of 10.6% from 95,949 a year earlier, according to the Dominion Bureau of Statistics. Over the first eight months the decline was 16.2% at 568,094 tons against 677,444 in the like period 1957.

Seeking Greater Employment For The Handicapped

"Employ the Handicapped Week," sponsored by the local Employment Advisory Committee in conjunction with the National Employment Service, is being launched in Sherbrooke next Sunday to impress upon employers the importance of giving work, when possible, to the physically handicapped.

A proclamation in support of the drive will be issued at the City Hall at 11 a.m. Friday by Mayor Armand Nadeau.

Commenting on the drive to provide work for the physically handicapped, P. E. Genest, chairman of the local Employment Advisory Committee, pointed out that in most cases a man or woman suffering from some physical infirmity was able to carry out some ordinary industrial or commercial job.

During 1957, some 3,291 interviews were held with handicapped and mutes by officers of the local Unemployment Insurance bureau, with the result that 363 were placed in employment. In the previous year, 2,727 interviews were held and 404 placed at work.

Among the features of Employ the Handicapped Week will be addresses by committee members before various local service clubs.

Prisoner Flees To See Mother

OSSIPPEE, N.H. (AP) — Edward B. Clay, 19, who escaped from the county jail Friday night to visit the body of his mother, was held for the grand jury Monday.

Clay was arrested Saturday after visiting his mother's bier at a funeral home. "I saw my mother, and I'm satisfied," he told detectives who arrested him at gunpoint in a stolen car. Clay fled after pulling a knife—later reported to be made of wood—on prison guard John Tripp. Clay locked Tripp in a cell, took his keys and escaped in the car of another county farm employee.

LADD'S MILLS —

Mr. James Bailey, Kingston, Ont., Miss Hazel Bailey and Mrs. Edna Wilson, Sherbrooke, were weekend guests of Mr. and Mrs. Homer Green.

Mr. and Mrs. Wilfred Doyon and two children, Johnville, and Mr. and Mrs. Claude Young and two children, of Sherbrooke, were recent guests of their mother, Mrs. Homer Green.

Mr. and Mrs. Stanley Drew and family were recent guests of Mr. and Mrs. William Cunningham, Stanstead.

Mrs. Georges Dupuy was in Montreal one day last week.

Mr. and Mrs. Ray Bean and Judy were at South Durham to visit Mr. and Mrs. Kenneth Ward.

Cards of Thanks

LLOYD — My sincere thanks to all my relatives, friends and neighbours who remembered me with cards, letters, flowers, fruit and candy, to all who visited me while I was a patient in the Sherbrooke Hospital. I wish also to thank Dr. Cooper and Dr. Elmhinder, and also all the nurses and nurses aides on the second floor. Your kindness will always be remembered.

MRS. JAMES LLOYD, Scottstown.

The Doctor Says
Edwin P. Jordan, M.D.

EAR NOISES, DIZZINESS MAY SIGNAL MENIERE'S DISEASE

I am worried by the fact that each year I get more and more letters from distressed readers who complain of ringing, buzzing or other noises in their ears, sometimes accompanied by hearing difficulties and dizziness.

Of course, this is not proof that more people are suffering in this manner. However, with more people living longer one can suspect that these unpleasant symptoms are also increasing, because most of them are associated with the aging process.

There are several possible causes for these "noises," but the most common is almost certainly the disorder known as Meniere's disease. When this first begins, the sounds are likely to be heard in one ear only and are often associated with a mild impairment in hearing in that ear.

Dizziness is frequently present also, and this can be so severe that the person actually falls or has to hold on to some fixed object in order to keep from falling. It is perhaps the danger of falling, and subsequent injury, which is the most serious aspect of Meniere's disease.

The cause of most cases of Meniere's disease is believed to be a dropsy in the deep portion of the ear called the inner ear, or labyrinth. This accumulation of fluid does not often develop in young people, but from the age of 45 on it becomes increasingly common. Nobody really knows why.

One or both ears may be involved. The attacks of dizziness may be either patients more than the ringing in the ears or gradual loss of hearing. Fortunately in many cases the attacks of dizziness become less and less frequent and severe after the first few years.

The drinking of a lot of fluid may bring on an attack in a few hours, probably because of the increased accumulation of fluid in the labyrinth. With this as a clue, some forms of treatment have been aimed at cutting down the intake of fluids or removing excess fluids from the body.

Many medical treatments have been tried with varying degrees of success. Surgery is also employed with good results in some

BOLTON CENTRE —
Mr. William Gauvin has returned home from B.M.P. Hospital, Sweetsburg, where he underwent surgery.

Mr. and Mrs. Thorpe Manson went to Newport, Vt., recently to bring their infant son home from the Broadview Hospital.

Friends of Mrs. Ina Russell will be glad to hear she is progressing satisfactorily after recent surgery in the O.C.M. Hospital in Newport, Vt.

Mr. and Mrs. William Gauvin and family have moved to Waterloo, Mr. and Mrs. Herman Burton, of Cayuga, Ont., are residing in the Gauvin home.

Mr. and Mrs. O. H. Reynolds and family, of South Bolton, are now residing in Mrs. Fisk's apartment.

Mrs. Kenneth Elston has returned home after spending the summer in Knowlton and two weeks in Montreal.

Mr. and Mrs. Graydon True, Royce and Stephen True, recently visited their son Stuart, at St. Sylvester, who is stationed at the R.C.A.F. base there.

Miss Betty Cousins, student nurse in the R.V. Hospital, Montreal, spent the weekend at the home of her parents, Mr. and Mrs. Donald Cousins.

Mr. and Mrs. George Elston, of Waterloo, were weekend guests at the home of Mr. and Mrs. K. H. Elston and Mr. and Mrs. O. Lamoureux.

Miss Roslyn True has returned home from Newport, Vt., after spending the summer with Mr. and Mrs. Wm. Peasley.

Mrs. Annie Sarles, of Glen Sutton, is visiting Mrs. Mary Elston at the present time.

Mr. Herbert Harper had the misfortune to lose part of a finger and the tip of his thumb and severely cutting his hand recently in an accident at his home. He was taken to Sweetsburg Hospital by Mr. Floyd Norton. He has returned home now where he is recuperating.

and not in others. Surgical treatment, however, is usually reserved for those with the most severe symptoms.

Meniere's disease is more annoying and uncomfortable than it is dangerous — unless the victim falls as a result of dizziness and hurts himself.

It does not interfere too much with activities or bodily functions, but often leads to increasing hearing difficulty. While the hearing loss may be progressive, the unpleasant noises are apt to lessen with time.

Meniere's disease is often associated with a good deal of anxiety. But it is not fatal, and unnecessary worry about the unpleasant symptoms should be avoided.

FOURTH CONTEST NOW IN PROGRESS
CLOSES OCT. 14

The winner will be selected October 18th and announced in this paper as soon as possible thereafter.

ENTER CANADIAN PETROFINA'S EXCITING MONTHLY FINER SERVICE CONTESTS

WIN YOUR CHOICE OF...

A \$7000 LUXURY CAR*
OR A \$7000 MINK COAT

A NEW WINNER EVERY MONTH

(Fifth and final contest closes midnight Nov. 14th, 1958)

THESE EXCITING CONTESTS ARE PART OF OUR 1958 FINER SERVICE PROGRAM DESIGNED TO BRING YOU THE FINEST, FRIENDLIEST, CLEANEST SERVICE EVER OFFERED BY ANY OIL COMPANY.

All buildings and equipment at company service stations have been brought up to an even higher level of appearance and efficiency.

Every Fina dealer identified with this campaign has pledged to improve his operation and service. From gas pump to restroom, participating dealers have started an intensive clean-up, better service project. You, as a motorist, can help us by participating in these contests.

HERE'S HOW YOU TAKE PART

You, as a motorist, can help us give the type of service we want to give, and you expect to receive. Visit a Fina service station. Ask for a contest entry form. The answers you give on this form will enable us to check on our progress. You'll be helping us to help you ... and at the same time you may be a GRAND PRIZE WINNER!

COMPLETE RULES AND DETAILS ARE ON THE ENTRY FORM—GET YOURS FROM ANY FINA DEALER TODAY

Carpets in Variety Make Home News

By KAY SHERWOOD

Whether your tastes in interior furnishings lean toward the casual or the formal, the most dramatic foundations for room decoration this autumn will be plucked from the lush piles of new carpets.

A bright and broad color range continues to surprise the carpet shopper. Blues, orange, reds and even the old faithfuls, green and beige, are shown in new and interesting variations.

Greyed greens and shades verging on the olive drab are catalogued as "neutrals," ready to play background for exciting accent colors.

Available this autumn, too, are beiges that fall in the sandy-toned category without any rose overtones. Gold tones can be richly conservative in the deeper mustard shades.

They range, too, all the way through brilliant lemon and chartreuse.

Lovely shades of delicate mauve and deeper amethyst are to be found in medium price ranges as well as at the custom-dyed level.

Once upon a time a wishful shopper could tell by the deeply luxurious pile that a rug was too rich for her budget, but that's no longer true.

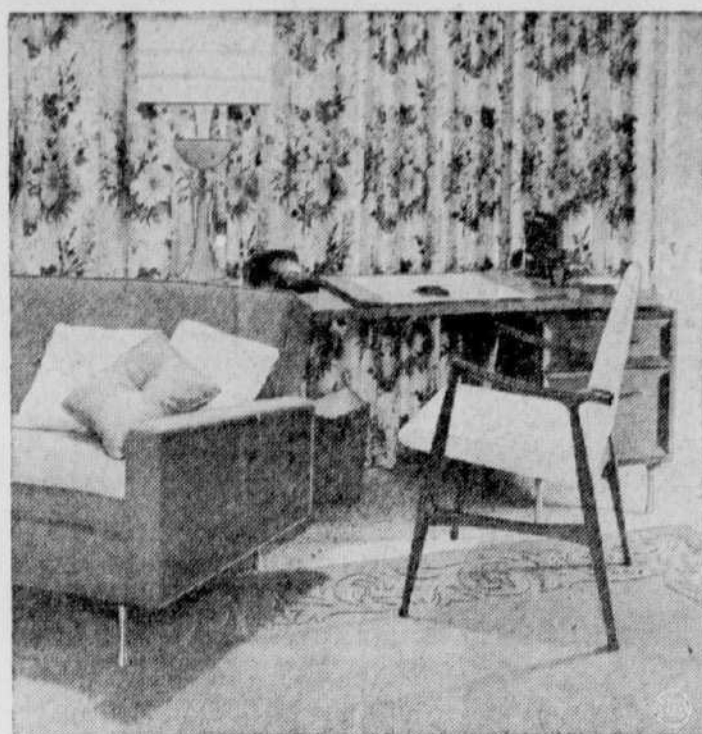

Modern fibres, such as the acrylics, are going into thick-piled rugs priced within range of the moderate budgets.

Other added, luxurious features are the hand-carved borders and center medallions.

Those would seem to please the woman who wants some surface effect, but not too much and without the definite quality of an all-over pattern.

For those casually inclined, knitted carpets present a tweedy-looking texture often worked up in several compatible colors.

The Carpet Institute explains

Border resembling hand-carved scrollwork adds a touch of elegance to the smooth-textured, acrylic fiber rug.

that knitting resembles weaving but, because the process is faster, the chances are that knitted carpets may bring more interesting textures to the moderate-price

Tweeds in the woven carpet construction abound, of course, but this fall you'll see even better color combinations and gradations within a color range.

Small scaled floral patterns are also executed in colors for modern interiors. Among other patterned effects, a pin-stripe looks new and usable.

Women's Groups

ST. ANDREW'S

LADIES AUXILIARY

Mrs. H. Gilbert, president of St. Andrew's Ladies Auxiliary, presided at the regular meeting held at the home of Mrs. E. Harmer, Elgin St.

Following routine reports, plans were discussed for the bazaar and chicken party to be held on October 8, and the anniversary supper on October 13.

At the close of the meeting, refreshments were served by the hostess, assisted by Mrs. Sam Berwick.

LADIES LIBRARY COMMITTEE

The regular meeting of the Ladies Library Committee was held recently in the library.

The president, Mrs. N. Tracy, chaired the meeting, and the treasurer, Mrs. D. Ward stated

that the tag days had proved most successful. Thanks were expressed to the children and adults who helped so much in this effort.

Plans were made for a Hobo Tea and food sale to be held in Plymouth Church Hall on October 29.

New members were welcomed by the president to the committee.

Refreshments were served by the hostess, Mrs. N. Tracy, assisted by Miss M. Janeway.

Homemaking

Simple garments during summer mean less work in the laundry department. For sunbathing or lounging comfortably at home, there are toga-size towels. No ironing is necessary, just throw them in with the bath laundry.

Beauty Tips

A housewife likes to be neat and attractive just as a businesswoman does. She can set aside a few minutes each day for a simple beauty routine. This may include a manicure once a week. But one thing to remember about a manicure—it is better to wear no fingernail polish than to go around with chipped polish.

Personals

Mrs. Earl Fearon and Mr. David Fearon motored to Dalton, N.H., on Saturday, where they attended the Lemon-Fearon wedding.

Mr. Myron Labonte, RCAF School, St. Johns, Que., spent the week-end with his mother, Mrs. David Labonte, Winder St., Lennoxville.

Mrs. J. K. Doherty entertained at a trousseau tea on Sunday afternoon in honor of her daughter, Eleanor Margaret, whose marriage to Mr. Donald Sangster takes place in St. Peter's on Saturday.

The rooms were attractively arranged with late summer flowers and the tea table was beautifully appointed with deep red, pink and yellow roses in a crystal vase, flanked by white tapers in silver holders.

Mrs. A. J. Michie, grandmother of the groom-to-be, presided at the attractive tea table, and the hostess was assisted in serving by the Misses Thomasine Mawhood, Lorna Ross and Catherine Doherty, who will be bridesmaids at Saturday's wedding.

Friends of Mr. Bruce F. Wilson, son of Mr. and Mrs. Stanley Wilson, King St. W., who was a former member of the Ice Capades, will be interested to learn he has recently acquired a position with an advertising firm in Milwaukee, Wis.

Pear Betty Is Luscious Dessert

With pears at their peak, now is the time to serve them to your family, either whole, in a fruit salad, or in one of the many desserts you undoubtedly have filed away in your cookbook to "try sometime."

This Pear Betty is just a variation of an old favorite.

PEAR BETTY

4 large pears, ½ cup sugar, ½ tsp. cinnamon, ¼ tsp. nutmeg, ¼ tsp. ginger, juice of 1 lemon, 2 cups soft bread crumbs, 2 tbsps. melted butter.

Peel, core, quarter and slice pears lengthwise. Sift together sugar and spices; add sugar mixture and lemon juice to pears; add melted butter to bread crumbs and blend together. Place a layer of buttered crumbs in buttered casserole, add a layer of pear mixture. Repeat alternate layers having crumbs on top.

Bake at 350 degrees F. for 25 to 30 minutes. Serve with cream, plain or whipped. Yield, 6 servings.

HANDSOME BIRD

The male golden-eye duck is marked with a striking contrast of black and white.

Women's Sphere

MR. and MRS. RALPH DAVID CRANDALL, leaving the First United Church, Rosemount, Que., following their wedding on August 23rd. The former Beverly Joan Curtis, the bride is the daughter of Mr. and Mrs. Robert Curtis of Montreal, and the groom is the son of Mr. and Mrs. Ralph S. Crandall, of Knowlton, Que.

CRANDALL-CURTIS

ROSEMOUNT, Que. — The marriage of Beverly Joan, daughter of Mr. and Mrs. Robert Curtis of Montreal, to Ralph David, only son of Mr. and Mrs. Ralph S. Crandall of Knowlton, Que., was solemnized in the Rosemount First United Church on August 23 at three o'clock. Rev. Godfrey Tennyson officiated.

The church was decorated with baskets of multi-colored gladioli and the organist, Mr. J. Jennings played softly throughout the ceremony.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace over satin, fashioned with a fitted bodice having a scalloped bateau neckline, with long sleeves ending in points over the hands and the full skirt forming a chapel train. Her fingertip veil of sheer French illusion fell from a matching cap of sequins. She carried a bouquet of red roses and white carnations.

Mrs. Carol Breackell, matron of honor for her sister, was in a street-length dress of coral nylon faille, with fitted gathered bodice. The full skirt was highlighted with floating panels at the back. She wore a pill-box hat fashioned in the same material as the dress and carried a bouquet of white carnations.

The bridesmaids, Mrs. Edith Engelberg and Miss Diane Willing were gowned alike in aqua nylon faille styled on the same lines as that of the matron of honor. They also carried white carnations.

Mr. Murray Call acted as best

MANNERS MAKE FRIENDS

You don't have to constantly "Dear" and "Darling" your husband in public to let your friends know you are happily married. Why not just call each other by name most of the time?

A public display of affection is a little wearisome for others.

WEST BROME —

Mrs. B. Sprangler, of Boston, Mass., is visiting her niece, Mrs. Galen Johnson, and Mr. Johnson.

Mr. Albert Bernier has returned home from the B.M.P. Hospital at Sweetsburg, having had an operation.

Miss Lillian Le Houquet, of Montreal, spent the weekend with Mrs. Gilbert Barber.

Mr. and Mrs. William Coughtry, and Mrs. Minnie Derby recently motored to Derby, and Mrs. Hattie Cowan returned home with them to spend a couple of weeks.

Miss Mary Hoysted and Mrs. Gilbert Barber recently entertained jointly at a desert 500, at the home of Mrs. Gilbert Barber. Cards were played at seven tables, Mrs. Maurice Jolley winning first prize and Mrs. Charles Lyons consolation. Mrs. Fred Edwards won the door prize. Mrs. Barber presented her guest, Miss Lillian Le Houquet, of Montreal, and Miss Mary Ellen Hoysted of Ottawa, each with a gift.

Ruth Millett

How to Make the Woman In Your Life a Happy One

Memo to men:

If you want the girl you married to be a good wife to you through the years, you'd better understand a few things about women.

ONE. A woman will work hard, manage on little, make the most of what she has and put her husband's happiness ahead of her own so long as her husband lets her know he thinks she is one in a million.

TWO. Women may go for the strong, silent type when they meet him in fiction or in the movies, but when a woman chooses a man to live with for the rest of her life she wants a man who will talk to her and listen when she needs an understanding audience.

THREE. Though a lot of women "wear the pants" and run the family, that's not how women like it. Deep down inside they want a husband who will be head of his house. When a woman takes over the dominant role it's because the man isn't man enough for the job.

FOUR. The man who talks over his business problems with his wife not only has her on his side, he often finds that the feminine solution to a business problem is direct and realistic. Also, the wife

knowing what problems her husband is facing will often surprise him by adding her strength to his to give him the courage to make a change, strike out on his own, or to stand up for his rights.

FIVE. A wife who is her husband's full business partner is rarely an extravagant woman. The woman who hoodwinks her husband in money matters is almost always a woman who has money doled out to her, or who is put on an allowance like a child.

SIX. Since a homemaker doesn't work for a pay check and can't look forward to promotions, her main job satisfaction comes from feeling that her efforts are appreciated by her husband. Any man who ignores that fact is just asking to have a frustrated unhappy wife.

Fashion

Bulky sweater lines have a definite chemise trend. The classic sweaters fall straight to the hip line which must mean an eye-ful when worn in bright new shades of cornflower, burnt orange and banana. White still seems to be a top favorite of bulky knit cardigan wearers.

MR. and MRS. LEO BOURASSA, photographed following their wedding which took place recently in Ste. Therese d'Avila Church. The former Suzanne Mercier, the bride is the daughter of Mr. and Mrs. Arthur Mercier of Sherbrooke and the groom is the son of Mr. and Mrs. Leon Bourassa of Three Rivers, Que. (Photo by Studio Roland)

the only bra in the world that
ADJUSTS TO FIT JUST YOU!

revolutionary

Just a'just

by
Exquisite Form

just pull down for more separation... more fullness.
just pull up for less separation... less fullness.

ACTUALLY CHANGES ITS SIZE TO GIVE YOU "CUSTOM-FIT" WHERE YOU NEED IT!

Yes... Just A'Just does away with the need for custom-fitted, expensive bras. Up to now... the only way you could adjust your bra was to let it out in back—or hike up the straps. But that didn't give you fit in front, where you really need it. Now... a fabulous new bra that gives you "custom-fit"... in front. Just A'Just by Exquisite Form... the "custom-fit" bra at a ready-made price.

Many Improvements Added To Hall By Active Waterloo Legion Branch

WATERLOO — A new lounge off the main hall of the Canadian Legion is the latest improvement to be added this year.

The Waterloo Legion Branch is most active and progressive. There are 84 veterans enrolled. Branch 77 was organized in April 1939 with 19 charter members. In 1946 the Legion built a club house on Lewis Street and have added to the building from year to year.

In the bar is a stainless steel double sink, a working area, a built-in refrigerated cooler, a cash register and a telephone extension. The ladies' and men's washrooms have been redecorated in new color schemes, new materials, acoustic tile ceilings and built-in electrical fixtures.

A new hot water system services the kitchen, ladies' washroom and bar. The lounge itself has an enclosed entrance foyer, serving both the lounge and the main hall.

Filing and storage cupboards with sliding doors have been added and a television set with a 24 inch screen installed. The Ladies Auxiliary donated the new floor. The painting and decorating has been completed, with false beams in the ceiling to give the lounge that "ranch style" look.

The building committee, which has sponsored these improvements, is composed of the following veterans: W. Holloway, B. Ledoux, W. Hughes, B. Soles and H. Seguin.

Few towns have a more progressive Legion and Waterloo is proud of their Branch. The good fellowship between the members is one of the main reasons for the "bonne entente" which Waterloo is noted for. The help the branch gives to its veterans in need is of inestimable value.

On November 11, Remembrance Day, the Legion is holding its first Remembrance Day dinner, which is open to all veterans in Waterloo district and their wives. An interesting evening is planned under the co-chairmanship of Tom Wilkinson and Joe Chadwick.

The guest speaker will be Father Bill Chasson, at present incumbent at the Church of St. Rose de Lima in Sweetburg. He was a padre during the last war and is well-known to many veterans in the Eastern Townships. Windsor Holloway is in charge of tickets and anyone wishing to reserve their seats may contact Mr. Holloway.

FIELD DAY ENJOYED
The Mack Molding Field Day, started at 8:00 a.m. with breakfast on the beach of Waterloo Lake. About 100 gathered to enjoy the meal of ham and eggs, rolls and coffee.

After the breakfast, the party went to the Mount Orford Golf Club, where an all-day Golf Competition was carried out. Competition was keen and many prizes were given out at the close of the tournament. Bert Fisher was master of ceremonies and Roger McKergow presented the following prizes:

Men: Low gross for the field day, Douglas Irwin; low net, Norman Moore.

Ladies: Low gross, Jean Fisher; second low gross, Sylvia McKergow; low net, Mona Atkinson; second low net, Merla Renihan.

Lowest number of putts for 9 holes, Men, Walter Gummer; ladies, Madeleine Graves.

Bert Fisher and Doug Irwin, co-chairman of the events, were congratulated on the successful day.

A banquet was held at the club

house with, Arthur Reed, of Waterloo, as guest speaker. Fifty or more were present and did full justice to an excellent meal. A social evening and dancing ended a day, considered complete in every way, even to the weather.

GENERAL NOTES

Cards have been received from Mr. David Fisher, only son of Mr. and Mrs. Bert Fisher, Clark Hill, who is travelling in Europe with two college friends. He is now in Amsterdam, Holland, after attending the World Fair at Brussels and plans on spending a great part of the winter in Southern Spain, returning to Waterloo in April.

Mr. A. J. Buckland and Mr. E. O. Sheppard were in Ottawa to attend a meeting of the Canadian Hardware Vener and Plywood Association at the Forest Products Laboratories of Canada.

Mr. and Mrs. Frederick Whitehead, of Bromptonville, were recent weekend guests of Mr. and Mrs. Parker Whitehead. While here they attended the Woodard-Lacroix wedding in Sutton.

Mrs. William Hackwell received word from her brother, Mr. Fred Gurnham, of Quebec City, that Brian, elder son of Mr. and Mrs. Gurnham, was in hospital for an appendectomy. Relatives of little Brian are pleased to

SIDE GLANCES

By Galbraith

"I'm sure nothing ails her, dear. She's just trying out a new autumn personality!"

learn that he is progressing favorably.

Mr. and Mrs. Arthur Reed were guests of Mr. and Mrs. A. Jones in Cowansville.

Mrs. A. J. Buckland was recently guest of honor at a family dinner party held at Kelley's, Derby Line, the occasion being her birthday.

MELBOURNE

Mrs. Percy Tibbitts, of Waterloo, spent a few days with her brother, Mr. A. L. Davidson and Mrs. Davidson. Other guests over the weekend were Mr. and Mrs. Milton Leet and family, of Danville. Mr. and Mrs. Frank Davidson and little son Russell, of Danville, have returned home after spending part of their holidays as guests of the former's parents.

Mrs. Viola Lash, of Montreal, was a recent guest of Miss Nellie Burrill and Mr. Fred Burrill. Miss Jessie Morrill has returned to Montreal after spending a few days as guest of Mrs. B. Stimson.

Recent guests of Mr. and Mrs. Roy Harrison were Miss Norma Herring and Mr. Robert Harrison of Sherbrooke. Miss Caroline Harrison and Mr. Thomas Lawrence, of Sherbrooke, were weekend guests at the same home.

Mr. and Mrs. Hilbert Hudson, of Springfield, Vt., and Mrs. W. Shepherd of East Haven, Vt., were recent guests of Dr. H. D. Bayne and Mrs. Bayne.

Mr. and Mrs. John Batchelor have rented Mr. John Findlay's new home here and have taken up residence there.

Mr. and Mrs. Raymond Patrick, of Fallis, Alta., were recent guests of Mrs. F. A. Fleck.

Mr. John Fortier, who spent part of his holidays with his parents, Mr. and Mrs. G. P. R.

Fortier, has returned to Montreal to resume his studies at the Presbyterian College there.

Mr. and Mrs. Russell McCourt and family, of Windsor, were guests of the latter's parents, Mr. and Mrs. Andrew Johnston.

Mr. and Mrs. G. W. Ewing have returned after spending the weekend in Montreal as guests of Mrs. F. B. Nixon.

Mrs. Clara Smith who recently sold her property in Richmond to Mrs. Walter Osborne is now in residence here, having secured rooms at the home of Mrs. E. L. Pierce.

Recent visitors at the home of Rev. J. A. Smith and Mrs. Smith were Mr. and Mrs. Ray Brousseau, Miss Margaret Brousseau and Mr. Raymond Brousseau, of Granby, Miss D. Lukes and Miss F. Clark of Montreal.

Mr. and Mrs. Edmund Wentworth have returned from Beverly, Mass., after visiting Mr. and Mrs. Clarence Wentworth and family for a week. They also visited in Boston, Mass., before returning home.

Mr. and Mrs. Amos Ward were in Montreal recently where they visited their daughter, Mrs. Carl Findlay, who underwent surgery in the Reddy Memorial Hospital.

Mr. Donald Davidson on the staff of the Canadian Bank of Commerce at Ayer's Cliff spent the weekend at home with his parents, Mr. and Mrs. Leonard Davidson. Other overnight guests were Mr. and Mrs. Garnet Wil-

ley and Mr. and Mrs. Sharon Willey, of St. Thomas, Ont.

Mrs. Eva Robert has left to spend a few days with her son, Mr. G. L. Tetreault and family, at Waterloo.

Mrs. Viola Lash, of Montreal, is spending several days as guest of Mr. and Mrs. Holland Burrill and family.

Rev. J. A. Smith held a Counsellors Camp Conference at the Bible Camp site, Richmond, over the weekend. Those who attended were Rev. Hugh Nugent of Megantic, Miss Dorothy Lukes, Miss Frances Clark, of Montreal, Miss Jean Laroche, Miss Estelle Fortier and Mr. David Fortier. Those unable to attend were Messrs. L. Papillon and Jean Tanguay, of Three Rivers.

ANCIENT PORT

Alexandria, the chief port and former capital of Egypt, was founded in 332 B.C.

FITCH BAY —

A rummage sale was held by the Ladies' Aid of the United Church in the Legion Hall recently. Proceeds were satisfactory.

Many relatives, friends and neighbours attended the funeral service of Mr. Charles Thayer, which took place at the Advent Christian Church, Beebe, on Monday, Sept. 22nd. The Rev. Craig Wilcox officiated, and interment was in the Apple Grove Cemetery.

Eighteen pupils from Fitch Bay School entered exhibits at the Ayer's Cliff Fair. Specimens shown included, carrots, beets, oats, fudge, home-baking and hand sewing. Helen Thayer, Elaine Larraway and Winston Lennie received awards for their entries.

Special 20% discount on EVERGREENS or CONIFERS until Oct. 15th.

For species and varieties see our general catalogue. Visit our GARDEN CENTRE for superior quality Holland bulbs for Spring blooms; hardy perennials, ornamental and hedge shrubs, etc., etc. General and bulb catalogue free on request.

It's Official, Ford And Spahn Will Pitch World Series Opener

Warren Spahn, Who Starts For Braves, Will Pitch "Altogether Differently" Against Yanks This Time, New System

MILWAUKEE (AP) — Warren Spahn, Milwaukee's wise old campaigner, promised Monday to be a "new" pitcher against New York Yankees in the World Series opener here Wednesday.

Manager Fred Haney's announcement of Spahn as his first game pitcher came as no surprise. The shocker came when the 37-year-old left-hander declared he is going to pitch "altogether differently" against the Yankees this time.

"This from a fellow who beat the Yankees once last October, dropped a heart-breaking 3-1 decision to them in another start, and went on to win 22 games during the regular season this year," "Yes," he said, "I'm going to pitch differently against them this time."

"I think I know the Yankee hitters better now. Last year I went by the scouting reports. They were all right, but there's nothing like personal contact. I think I learned a great deal from my

Molson's To Sponsor NHL All-Star Tilt

MONTREAL — The annual N.H.L. All-Star game, which will be played at the Montreal Forum Saturday, October 4th, will be televised and broadcast through the sponsorship of Molson's Brewery.

The N.H.L. stars, selected by press and radio representatives at the end of last season, will face the Montreal Canadiens, league champions and Stanley Cup holders for the past three seasons. Molson's also sponsors the All-Star games in football and baseball as well as the Grey Cup classic.

The game will be televised starting at 9:00 p.m. DST, on Montreal's channel 6. Danny Galiani will do the play-by-play and will be assisted by Frank Selke Jr. as "color" man. The between-period interviews will be handled by Tom Foley.

The same team will work the radio end of the presentation with the exception of the master of ceremonies during the intermission; the radio M.C. will be Al Cauley. The broadcast will be carried on C.B.M. Montreal also starting at 9:00 p.m.

TO PLAY FOR DUBUQUE — Alex Philip, son of Mr. and Mrs. Alexander J. Philip of Windsor, returns to University of Dubuque as a sophomore and is shown as he prepares for the football season. Alex is a halfback with the Spartans. He is studying for a career in physical education at University of Dubuque.

Hamilton's Ron Howell Well On Way To Become Big Four's 1958 Scoring Champion, Jumps From 8th To 2nd

TORONTO (CP) — Ron Howell, 22-year-old punt-return specialist with Hamilton Tiger-Cats, is making a solid bid to become the Big Four football league's 1958 scoring champion.

The young halfback, who joined Tiger-Cats from Hamilton high school ranks five years ago, jumped from eighth place to a second-place tie in the scoring race Saturday with a two-touchdown performance in Hamilton's 35-29 victory over Montreal Alouettes.

Statistics compiled by The Canadian Press show Howell tied with four others with 30 points, five under team-mate Gerry McDougall who leads with 35. McDougall was held off the score sheet in Saturday's thriller.

FIVE-WAY TIE
Tied with Howell are Tommy

Stan Musial Sets Two New Batting Records For Year

NEW YORK (AP) — A single game attendance mark and two more batting standards set by Stan Musial highlight the output of records which will be written into the books as a result of the 1958 major league baseball season.

Los Angeles set the big league single game attendance mark by drawing 78,672 into the Coliseum on April 18.

Musial broke two of Mel Ott's National League records — most total bases, 5,289 and most extra bases on long hits, 2,205.

Dave Philley of Philadelphia Phillies set a major league mark by collecting eight pinch-hits in succession. Gus Zernial of Detroit slammed his ninth lifetime pinch-hit homer to tie a big league record.

Cincinnati Redlegs tied a major league defensive record by finishing with a club average of .983.

60 To Report For Training At Guelph Camp

GUELPH, Ont. — About 60 young hopefuls are expected to register today for a training camp tryout with Guelph Biltmores of the Ontario Hockey Association junior A loop.

The camp opens Wednesday and the Biltmores, who finished in the cellar last season, open regular season's schedule in Barrie Oct. 16.

Players at the camp will include promising youngsters invited by the Guelph club and those sent along by the parent New York Rangers of the National Hockey League.

Forward line prospects include Paul Andrea of North Sydney, N. S., who was selected as the outstanding player among 140 who attended a Rangers' summer camp in the Maritimes and Bill Buntain, Kentville, N. S.

Bert Olmstead Signs Contract With Bonus

PETERBOROUGH, Ont. (CP) — Left winger Bert Olmstead Monday signed a National Hockey League contract with Toronto Maple Leafs to end speculation he might hold out for a better deal.

It is understood he received the bonus he requested.

Olmstead scored twice in practice scrimmage Monday. George Armstrong scored twice and Frank Mahovlich once, playing for blues and whites with Olmstead to make up the hottest line of the day.

Whites edged blues 5-4 as Leafs sharpened up for a Friday exhibition game against Rochester Americans of the American Hockey League. Dave Creighton, Noel Price, Marc Reaume and Billy Harris were the other marksmen.

Tampa, Fla. — Miguel Diaz, 151, Cuba, stopped Cecil Deal, 147, Macon, Ga., 5.

Despite Strong Pitching Of Braves Odds-makers Still Pick Yanks By 7-To-5 On Series And Even On Opener

MILWAUKEE — (AP) — On the assumption that the great pitching of lefty Warren Spahn and righthander Lew Burdette will neutralize the hitting power of Mickey Mantle and Yogi Berra, Milwaukee Braves should repeat last year's victory over New York Yankees in the 1958 world series starting here Wednesday.

However, the odds-makers were still picking the Yanks by 7-to-5 on the series and even money on the opener.

With the Braves having an edge in pitching and the Yankees in hitting — fielding even — the series figures to go all the way with the outcome not decided until the seventh game.

Should it go the full distance, it means that Spahn, named by manager Fred Haney to pitch the opener, and Burdette, slated to start the second game, could conceivably hurl six of the seven games, depending upon results. The pair won four out of five decisions last October.

KEY PITCHER
On the other hand, it is not certain that Yankee ace Whitey Ford, manager Casey Stengel's first game selection, will be physically able to pitch three games — the first, fourth and seventh. Despite the proven ability of righthanders Don Larsen and Bob Turley, probable second and third game pitchers, Ford looms as the key pitcher for the Yankees.

The American League's earned-run leader, the Yankees' top world series winner — he has a 5-3 post-season record — Ford has given up only one run in 17 innings in his last three starts. Those three tune-up efforts, however, were stretched over a period of a month and although he pitched brilliantly, he did not complete any of his starts.

No one knows for sure whether the chunky 29-year-old blonde southpaw can go nine innings at one stretch, let alone three full games in nine days. Sidelined for two weeks in August with a sore left elbow, Ford hasn't gone the distance since Aug. 8 when he beat Boston 2-0.

Spahn has pitched all 33 games with three days rest. His 23 complete games attest to his durability despite his 37 years. Burdette, with his free and easy style, can go at top ability, rest or no rest.

MANTLE IS HEALTHY
Mantle's healthy condition is bound to add strength to the Yankee attack. The slugging center fielder was handicapped last fall by a shin splint and shoulder condition.

The rest of the lineup — Red Schoendienst at second, Johnny Logan at short, Henry Aaron in left, Eddie Mathews at third and Del Crandall behind the plate — is all set.

No one knows where Berra will appear in the Yankee lineup Wednesday, if at all. Yogi may be in right field, or in left, or at first base. He may even catch, with Howard shifted to first base. Up to now Stengel hasn't said anything.

Yanks May Start World Series With Catcher Yogi Berra On Bench; Holds Record For Number Of Games Played

MILWAUKEE (AP) — For the first time since 1949, New York Yankees may start a world series game with catcher Yogi Berra on the bench.

Berra, the squat swatter who holds the series record for games played with 54, has started 47 consecutive games for the Yankees in seven series since 1947. Now, with manager Casey Stengel ever mindful of platoon power, Berra may sit out Wednesday against Milwaukee Braves in favor of Elston Howard.

Neither Stengel nor Milwaukee manager Fred Haney has announced a lineup for the opener, but the right-handed hitting Howard could get the nod over Yogi, a lefty, against southpaw Warren Spahn, the Braves' pitching choice.

It's more than just a platoon plan that may move Casey to bench Berra for the opener, however. Howard was the American League champs' leading hitter for the season with a .314 average. Berra hit .266.

MISSED IN 1949
The last game Yogi missed in the series was the second game of the 1949 classic, which the Yankees won in five games against Brooklyn.

Berra, 33, has played the outfield for the Yankees this season and also doubled at first base. The first base job, for the opener anyway, belongs to Bill Skowron.

Stengel named Whitey Ford, his southpaw ace, to pitch the opener. It was no surprise.

There were a few murmurs, however, when Stengel indicated he may name right-hander Don Larsen for the second game, Thursday. Larsen, also bothered by arm trouble, has pitched shut-out ball in 11 test innings. He gave up two singles for that span.

Minneapolis Millers Wallop Royals 7-1 To Sweep Little World Series In Four Straight, Borland Winner

MINNEAPOLIS (AP) — The town that tried mightily to land a major league baseball team and failed had the best available consolation prize today, the Little World Series championship.

Minneapolis Millers, Boston Red Sox farmhands, belted Montreal Royals 7-1 Monday night to complete a four-game sweep and give the American Association its fifth straight victory over the International League in the annual playoff.

It was the 11th straight victory of the playoffs for Millers, a run that started with three straight over Wichita and four in a row over Denver of the association.

The Millers finished third during the regular season.

In the clincher Monday night the men who got the job done were Tom Borland, a lefthander with a 9-7 season record, and Lu Clinton, 20-year-old outfielder with a .251 average.

Borland smothered the Royals from the second to the ninth innings, retiring 20 men in order. He gave up a run in the second but a five-run Miller third took care of that. Montreal got five hits to the Millers' seven.

Pitching carried the Millers in the Montreal series just as it had all season. The Millers hit only .246 as a team during the season.

BC Lions Drop Their 10th Straight Defeat As Roughriders Post 22-6 Win; Bombers Dump Eskimos 43-13

Shed a tear for the non-ferocious Lions of British Columbia. They're having another painful year in the Western Interprovincial Football Union.

The Lions suffered their 10th straight defeat of the 1958 season Monday night when they were beaten 22-6 by Saskatchewan Roughriders. Halfback Jim Hill was the big man in the win, scoring 20 points, including three touchdowns on passes.

Winnipeg Blue Bombers were in no mood to start yielding first spot in the league race and overpowered second-place Edmonton Eskimos 43-13. Bomber fullback Charlie Shepard turned in a 19-point performance that included three touchdowns.

At Vancouver the Lions surpassed by one loss the single-season record they set in 1954 when they captured only one of 16 games. They may not be able to win many engagements, but they can sure draw crowds. The turnout at Empire Stadium Monday night was 20,226.

GET TIE FOR SECOND
The Saskatchewan victory boosted Riders into a second-place tie with Edmonton. The Roughriders have a game in hand. The idle Calgary Stampeders were dropped into third place by one point.

Rider quarterback Frank Tri-

Chics Trade Leclair For Jacques Gagnon

CHICOUTIMI, Que. (CP) — Chicoutimi Saguenens of the Quebec Hockey League have traded centre Jackie Leclair to Boston Bruins for right wing Jacques Gagnon, general manager Rollie Hebert announced Monday night.

Leclair, 29, a native of Quebec City, came to Chicoutimi two years ago in a trade after spending two seasons with Montreal Canadiens of the National Hockey League.

Gagnon, 28, returns to the Saguenens and his home town after playing with Valleyfield, Trois-Rivieres and Quebec in the QHL. Last year with Quebec—a Boston farm team—he finished the season with a record of 33 goals and 33 assists in 58 games.

Ted Williams Goes Salmon Fishing In N.B.

FREDERICTON (CP) — Ted Williams, who won his sixth American League batting championship Sunday, arrived in New Brunswick Monday for a short fishing and hunting trip. With Bud Leavitt and Jim Henderson, both of Bangor, Me., he will angle for salmon on the Cains River and get in some hunting in the same area.

This is Ted's third visit to the province. He has caught salmon in the Miramichi River and also fished along the St. Croix.

Yvon Durelle To Fight In Sherbrooke Against Johnny McCoy Sunday Oct. 12

Canadian Champion To Sign This Week For Bout At Local Arena; Solomon McTier May Also Be Here

Yvon Durelle, British Empire light-heavyweight champion, who is slated to fight Archie Moore for the world championship in December, has agreed to fight in Sherbrooke Sunday,

YVON DURELLE

October 12, promoter Pee Wee Berwick announced last night. His opponent will be Johnny

McCoy of New York. McCoy is very anxious to meet the fighting fisherman from Baie St. Anne, New Brunswick and thinks he is capable of giving Durelle all the fight he can handle.

Official sanction by the Sherbrooke Athletic Commission will not be announced before the contracts have been signed by the participants.

McCoy has signed his contract and Durelle is expected to sign his contract this week.

Promoter Berwick also announced that there is a strong possibility of Solomon McTier appearing on the boxing program of the 12th. McTier holds a decision over Pete Rademacher.

Durelle's appearance in a Sherbrooke ring would afford district fight fans the chance of seeing one of the greatest Canadian fighters of all-time. At the present time Durelle is ranked no. 3 challenger for the championship of the world. He will get his chance in December to become the first Canadian to win a world championship since Jimmy McLarnin won world honours in 1935.

LIMBERING UP — Training hard in Peterborough, Ont., for the National Hockey League season, Toronto Maple Leaf players tried hula hoops for those limber hips that sneak through opposition defences. Showing considerable proficiency are Dickie Duff, George Armstrong and Steve Kraftcheck. (CP Photo)

REMEMBER WHEN

The crack about Brooklyn Dodgers—"are they still in the league?"—came back to haunt New York Giants' manager Bill Terry 24 years ago today. The lowly Dodgers beat the Giants 8-5 for their second straight victory, enabling St. Louis Cards to squeeze past the Giants and capture the National League pennant. St. Louis then beat Detroit in a seven-game World Series.

New York—Jose Torres, 160, New York, stopped Otis Woodard, 160, New York, 5.

Play safe this year!
HOARD COAL

Yes, it's a good idea to hoard coal! You can avoid delivery difficulties during the winter, when the demand exceeds the amount of coal being mined. Remember too, coal is the only fuel you can store for a full year ahead and guard against possible shortages. Be sure your bin is filled with Old Company's Lehigh premium anthracite... the hard coal that lasts longer! It's identified for your protection by the red bull's-eye discs.

Magog Edges Sherbrooke 3-1 While Drummondville Celanese Posts 5-0 Win Over Bishop's In Charity Cup

MAGOG. — Despite heavy rain, which fell throughout the game and turned the field into a quagmire, Magog beat Sherbrooke comfortably 3-1 in the play-offs for the Sherbrooke Hospital Charity Cup and will now meet Celanese, who defeated Bishop's University by 5-0 at Drummondville.

Attacking right from the kick-off the Sherbrooke defence were very hard pressed by Magog and in the opening minutes Hine missed a very easy chance when he ballooned a pass from MacAlpine over the bar. The same player made amends after about ten minutes later when he rounded off an attacking movement with MacAlpine, Barlow, and Tremblay and pushed the ball home to put Magog a goal up.

Ten minutes later Sherbrooke equalized through Kennedy on a pass by Patterson. Immediately after this a desperate melee in the Sherbrooke goalmouth saw shot after shot being blocked by Zeigler in the goals and the Sherbrooke defence before they finally cleared the ball.

The continuous rain made the ground so waterlogged that in parts water was two and three inches deep and the goal areas were churned into mud very quickly with the ball made very heavy and greasy, causing many miskicks. The standard of soccer played was on the whole good though and play fast throughout.

Magog went into the lead again after thirty minutes with Robinson scoring a penalty kick after Ripka handled the ball in the Sherbrooke penalty area. At this

period Sherbrooke were moving better twice Lee, at centre half for Magog, saved sure goals, heading out from under the cross bar on both occasions. Edmunds, in the Magog goals, also made several fine saves including a great dive across the goalmouth to tip a shot around the post.

The second half resumed with Magog again going into the attack with all three inside forwards coming close with shots in quick succession. At this point of the game it was all Magog, who piling on the pressure, were bombarding the Sherbrooke goals, poor finishing and the heavy mud slowed the ball down considerably. It was apparent though that it was only a matter of time before Magog would score again — this they did after 20 minutes of play. Barlow, standing at a difficult angle lobbed the ball over Zeigler's head from a pass by Peake to score Magog's final goal.

Magog kept attacking continuously and apart from isolated attacks the Sherbrooke team were pinned down in their own half or in midfield. The strong Magog defence, of which full backs Canavan and Robinson and centre half Lee stood out, keeping a tight hold on the Sherbrooke attack.

Sherbrooke came close to scoring when the ball travelled across the Magog goalmouth and several Sherbrooke players miskicked with only Edmunds to beat. The second time when Edmunds made a fine save from a penalty shot by Kennedy after the later was fouled by Canavan.

Oklahoma Rated Tops In U.S. Poll

Oklahoma is in the No. 1 spot in the top 10 of the weekly Associated Press college football poll today, a place it has held many, many weeks the last few years. The sports broadcasters and writers participating in the poll gave the rampaging Sooners 66 first-place votes on the strength of their 47-14 romp last Saturday over West Virginia.

The other nine in order: Auburn, Ohio State, Michigan State, Army, Mississippi, Notre Dame, Iowa, Wisconsin, Clemson.

In last Saturday's action, Auburn beat Tennessee, 13-0; Ohio State defeated Southern Methodist 23-20. Bounced from the previous week's top 10 were Texas Christian, Pittsburgh and Washington State.

The Durelles Have New Baby

MONCTON (CP) — Yvon Durelle, British Empire light-heavyweight boxing champion, has another mouth to feed.

Durelle's wife Theresa presented him with a 6½-pound baby daughter in the Chatham Hotel Dieu Hospital Monday. It was the fourth child for the Durelles.

Marist Sisters Are Welcomed At C.W.L. Meeting In Thetford Mines

THETFORD MINES — The first meeting of the fall season for the Thetford Mines sub-division of the Catholic Women's League of Canada was held with the president, Mrs. D. MacLean presiding. The meeting opened with prayers read by Mrs. MacLean, assisted by Miss E. Davis, in the absence of Mrs. R. Smith.

Mrs. MacLean welcomed a new member, Mrs. A. J. Martin. Also welcomed to the meeting as honorary members were three sisters of the Marist Order who have come to Thetford in the past months, Sister Pauline, Sister Reparat and Sister Mary Dolorite. Another honorary member will be welcomed at a future date, Mother Dominic, Mother Superior of the group, who was unfortunately unable to attend the meeting.

The four members of the Marist Order have come to Thetford Mines as teachers for the new English-speaking Catholic school, which is in the process of construction. Sister Pauline, directress of the school, spoke briefly on the present over-crowding difficulties which are being experienced but looked forward to the time when the new school would be finished. In the meantime she thanked the members of the C.W.L. for their kind welcome, which included flowers in their quarters on their arrival.

The secretary, Mrs. Dostie, read the minutes of the June meeting and Miss Davis gave the treasurer's report. Mrs. M. Senicic reported as spiritual convener, her report being followed by that of Mrs. J. Dickinson, hospital convener. Mrs. Dickinson gave details of her summer visiting, at which time she was accompanied by Mrs. Senicic, Mrs. O. C. Smith and Mrs. E. O'Brien.

Mrs. W. J. Johnson drew attention to the fact that Mrs. R. Woods' resignation as welfare convener of the Cancer Society had been regretfully accepted, as she had moved to East Broughton. At present no one has been secured to take her place. Mrs. O'Brien gave her publicity report and Mrs. Boissonneault, convener of the education committee urged as many of the members as

possible to attend school meetings. Mrs. Leclerc reported on the knitted articles and Mrs. Kenney gave a report on the Girl Guide Camp which she, accompanied by Miss G. Doyle, attended. Nine Thetford Mines Guides attended Camp this summer and were most grateful to the C.W.L. for their donation toward their camping needs.

It was noted that a new sewing convener must be nominated shortly in order to continue preparations for the C.W.L. tea and sale which will be held in February.

ST. JOHN'S GUILD
St. John's Ladies Guild held its first meeting of the fall season in the Church Hall. Canon M. H. W. Seeley was present and took the office. The president, Mrs. O. H. Adams, presided at the meeting.

The minutes, read by the secretary, Mrs. M. H. W. Seeley, were followed by the treasurer's report. Routine business was dealt with and regret was expressed at the loss of a member, Miss R. Crease; and Mrs. Andrew McCammon was chosen for the sewing committee to succeed Miss Crease. Plans were made for the rummage sale to be held in the City Market on Wednesday, October 1st. Plans were also made for the Christmas sale and tea to be held on Saturday, November 15th, in the Church Hall.

Lunch was served, the hostesses being Mrs. G. F. Jenkins and Mrs. S. L. Hodge. **PROGRESS CHAPTER, O.E.S.**
Progress Chapter, No. 38, O.E.S. held its stated meeting in the Lodge rooms, with a good turnout of members. A visitor, Sister R. Stewart, of Harmony Chapter, Magog, was welcomed.

The regular business was dealt with and plans were made for the Worthy Matron, Sister Elaine Moore, and Associate Matron, Sister Pearl Pharo, to attend the Grand Chapter sessions at Montreal. Plans were also made for the entertainment committee for a Thanksgiving tea and food sale on Saturday afternoon, October 11th, at St. John's Church Hall. It was decided that the annual church parade would take place Sunday, October 12th, at the United Church. Refreshments were served at the close of the business session.

GENERAL NOTES
Mr. and Mrs. Robert Simard, accompanied by Mrs. Simard's parents, Mr. and Mrs. Joseph Couture, motored to Somersworth, N.H., where they were week-end guests of Mr. and Mrs. J. Labissonniere. They also stopped at Manchester, N.H., and drove through the White Mountains on their return.

Mr. Peter Kuyt is attending the University of New Brunswick at Fredericton. Mr. and Mrs. G. Powell, of Otterburn Park, Que., were recent guests of Mr. and Mrs. Pat Kennedy and son, Brian. Miss Glenna Ross, accompanied by Mr. and Mrs. Leonard Ross, of Leeds Village, motored to Baldwin's Mills to visit Mr. and Mrs. Elwyn Baldwin and family.

Mrs. Gordon Somers, of Johnville, Que., was a recent week-end guest of Canon and Mrs. M. H. W. Seeley. Friends of Mr. John Oliver are glad to learn that he is convalescing at his home, having been a patient in the Sherbrooke Hospital.

Mr. and Mrs. A. L. Penhale and Mr. and Mrs. G. F. Jenkins sailed from New York on the Queen Elizabeth to spend several weeks in Europe. Mr. and Mrs. J. A. Marcotte, who went by air, will join them on the continent.

WATERLOO —

Mrs. Harley Purdy has been in charge of the Furlong Rest Home during the absence of Mr. and Mrs. Philip Furlong, who have now returned from a motor trip. They spent a holiday at Old Orchard Beach, Me., and also visited Mr. and Mrs. Percy Mace at Kirkdale, Me.

Mr. and Mrs. Fred Lord have closed their summer residence on Eastern Avenue and returned to Montreal.

Mr. Charles Lewis of Milton, Ont., was guest of Mr. and Mrs. Philip Furlong and visited many relatives in this vicinity. Mr. Paul Jones, of Montreal, is spending his holidays at his home here.

The following ladies attended the Warden Card party, Mrs. L. Lowry, Mrs. Romilly Graves, Mrs. Fred Marsh, Mrs. K. E. Derry, Mrs. Paul Jones and Mrs. E. J. McKenna.

Miss Abigail Baldwin, of Rock Island, who is nurse-in-training at the Royal Victoria Hospital, Montreal, spent the weekend with her aunt and uncle, Mr. and Mrs. A. J. Buckland and sons on Court Street.

Mr. Ralph Boright, his son and daughter, Ian and Gail, of Montreal, were visiting Mr. Percy Boright and Mr. Charles Boright for the weekend.

Mr. Arnold Bridge, of Kazavazua, has been spending 10 days with Messrs. Percy and Charles Boright.

DENNIS THE MENACE

By Hank Ketcham

Busy Autumn Sessions Held At Bury By Ladies' Groups Of United Church

BURY — The W.M.S. of the United Church met for its September meeting with Mrs. E. Cathcart, after having been closed for the holiday season. Mrs. Atkins gave the call to worship, followed by prayer by Mrs. E. Cathcart. The Bible selections were read by Mrs. E. Whitehead.

Mrs. Atkins gave the comments on the lessons learned from the readings, or the Study of the Neighborhood, or the Study of man in his relations with other men, which are often effected by man's attitude towards things, such as property and its ownership.

The worship period was closed with prayer by Mrs. Whitehead. Business was dealt with and correspondence read. The secretary reported having sent for the report books.

The treasurer's report was given and money handed in for sale of cards. The offering was received.

A social hour and refreshments were enjoyed. Mrs. Atkins will entertain the next meeting.

W.A. MEETING
The W. A. of the United Church was entertained for its September meeting at the home of Mrs. Herbert Rowell, with Mrs. Alfred Goode assisting at the tea hour. There was a good attendance of members and several visitors were present.

The president, Mrs. Donald Hopkins, presided. After usual business was disposed of, interesting articles were read, Mrs. J. D. Harrison gave the sectional report on "Christian Stewardship". Mrs. Winston Prangley, of Richmond, spent the week-end with her parents, Mr. and Mrs. S. J. Prangley. Friends of Mrs. Prangley are pleased that she is able to be home again after her sojourn in hospital.

Mrs. Elsie Morrison has returned home from Ville St.

LIBBYTOWN —

Those from a distance here to attend the funeral services of Mrs. Alvin Smith were Mrs. Phoebe Hovey, Miss Ruth Hovey, Melrose, Mass., Mrs. Mable Morrill, Mr. and Mrs. Bartlett Morrill and Bryce, of Bradford, Vt. Messrs. Howard and Norman Hewton, Miss Maureen Murphy, Mrs. Norman Winter and Mrs. C. Mayhew, of Montreal, Mr. and Mrs. Ben Dean, Mr. and Mrs. Bruce Millar, Sherbrooke, Mr. Charlie Ames, Capriol, Ont., Mr. and Mrs. Randolph Dustin, Mr. Robert Smith, Sweetsburg, Mrs. Agnes Smith, Mr. and Mrs. Byron Ellis, Rock Island, Mr. and Mrs. Fritz Pope, Waterloo, and Mr. and Mrs. Frank Thompson, Richmond, Miss Amy Davidson and Mrs. P. Maurice, of Coaticook. Others who visited at the residence were Mrs. Tomlinson, Magog, Mrs. Margaret Mosher, Beebe and Miss Beverly Mosher, Sherbrooke.

Mr. and Mrs. Hovey Bennett were recent guests of Mr. and Mrs. Frank Smith.

Mrs. Albert Pope recently spent a few days at the home of Mr. and Mrs. Weyland Pope prior to closing her home in Ayer's Cliff and going to Bradford, Vt. to spend the winter.

Mrs. A. H. Davidson who was celebrating her birthday was guest of honor at a supper when the members of her family visited her. Those present were Mr. and Mrs. Goldwyn Davidson and family of Ayer's Cliff, Mr. and Mrs. P. Maurice and family of Coaticook, and Mr. and Mrs. C. Pedersen and Sharon of this place.

ST. MARY'S —

Mrs. Augustin McDonald and Miss G. McDonald of Lawrence, Mass., were recent guests of Mr. and Mrs. Joseph Carlin.

Mr. and Mrs. Harold McQueney of Auburn, N.Y., are spending their holidays with Miss D. Morrissey.

Mr. and Mrs. Maurice Carroll have returned from P.E.I. where they visited the McIntyre family and are now residing with Messrs. Pepin.

Recent guests of Mr. D. Carlin and family were Mr. and Mrs. Armand Vachon, Mr. Bert Parent, Misses Shirley Smith and Mary Parent all of Stanstead and Mr. George Thibault of Montreal.

Pierre, where she spent some time with Mr. and Mrs. Fred Frazer.

Mr. and Mrs. Tom MacDonald, of Bishopton, and Mr. A. Shelton were recent guests of Messrs. K. and W. MacDonald. Mr. and Mrs. William McCormick have gone to live with Mrs. Alice Ross in the lower village.

Mr. Irvine Cumming is in the Sherbrooke Hospital, where he has undergone surgery.

Mrs. Preston Kirkpatrick, who spent the past six weeks in Langdon, Ont., has returned home.

NEW RAMBLER — The 1959 line of Rambler Six and Rebel V-8 models, which features new exterior and interior styling, and engineering changes to further increase economy of operation and durability, will go on sale in mid-October. Built on a 108-inch wheelbase, the compact Rambler provides generous interior room for six passengers, even though the car is more than 1½ feet shorter than other low-priced cars. The Rambler, therefore, is easier to park and maneuver in traffic. Shown is the Rambler Custom sedan.

IVES HILL —

Guests at the home of Mr. and Mrs. A. H. Cairns were Mr. and Mrs. Rees Walters of Quincy, Mass., and Mr. and Mrs. Willis Leggett, of Sawyerville.

Weekend visitors at the home of Mr. and Mrs. R. Everett were Mr. and Mrs. A. Bourbeau and son Bernard, of Richmond.

Mr. and Mrs. S. N. Cairns, Miss Roberta Cairns, Mr. A. E. Cairns and Mr. and Mrs. W. Suitor were in attendance at the marriage of Mr. Robert Nichols and Miss Beverly Bessant at St. George's Church, Lennoxville, on September 20th.

Mr. and Mrs. Gordon Butler and sons, David and Ross, were visitors at the home of Mr. and Mrs. J. G. Farwell.

Mrs. Winslow and sons, of Sherbrooke, were supper guests of Mr. and Mrs. R. Everett and family.

Mr. A. R. Boyce was the guest for a day of Mr. and Mrs. E. J. Stiles and family, at East Hatley.

Rev. Joyce, of Coaticook, was calling at the homes of the United Church people in the neighborhood recently.

Mrs. Dorothy Butler, of Sherbrooke, spent several days during the past week with her sister, Mrs. J. G. Farwell, and Mr. Farwell.

Mrs. J. G. Farwell picked several ripe wild strawberries on her way to a neighbor's home on Sept. 22nd, and took them along to prove it.

SAWYERVILLE —

Mr. and Mrs. Ray Patrick have left for their home in Falls, Alta., after visiting Mr. and Mrs. G. L. Patrick, also Mr. and Mrs. Antonio Roy. Miss Vivian Henderson, of Ste. Anne de Bellevue, spent the

ST. ON TUESDAY EVENING

This being the first fall meeting of the Club, a large number of members were present. Bridge was played at several tables and the prizes were awarded to Mrs. J. S. MacNaughton, Mrs. Alfred Geoffrey, and Mrs. Ivy Fuller. The hostess served refreshments assisted by several of the members.

In the absence of Rev. J. Leslie Dean, who is attending the General Council of the United Church of Canada, which is being held in Ottawa, Rev. W. E. Long, of Danville, took charge of the morning service and Rev. William Reid, of Windsor Mills, the evening service, in Chalmers' United Church on Sunday September 21st.

BOYNTON —
Mr. Burton Griffin has left on a trip to the West coast. He expects to visit Mr. and Mrs. H. Parkhill, Weyburn, Sask., and his brother-in-law and sister, Mr. and Mrs. Thomas Morgan, in North Surrey, B.C.

Yvon Durelle Scores Knockout in First Round

"This is always my easiest fight of the year... a knockout against winter in the first round of cold temperature," said the burly New Brunswick fisherman-fighter. "And the most conclusive, too! Because, once I've filled the radiator of my car with 'Prestone' Brand Anti-Freeze I know that I'm fully protected for all of winter. It'll pay you to knock out rust, corrosion, frost, foaming and clogging with 'Prestone' Brand Anti-Freeze, too."

Good advice, Yvon! Because only 'Prestone' Anti-Freeze has magnetic film—which coats every rubber and metal surface in a car's cooling system—gives it permanent protection against rust and corrosion. Insist on 'Prestone' Brand Anti-Freeze—and make sure you get the Green Tag affixed to your radiator... that's your assurance there's 'Prestone' Brand inside.
