H.M.C.S. Westmount

A new type of minesweeper, faster and equipped with latest weapons, is the Bangor, to which H.M.C.S. Westmount belongs. Manned by the courageous fighting men of the Royal Canadian Navy, ships of the Bangor class are carrying a heavy share of the battle of the United Nations against the enemy at sea. They have been particularly effective in coastal patrol and protective operations in the St. Lawrence. The Westmount is commanded by Lt. F. G. Hutchings of Oxford Avenue.

Black Watch Sergeant Is Now War Prisoner

Official word has been received that Sergeant Reginald A. Morrison, a popular member of the Black Watch, who was reported missing after the Dieppe raid is now a prisoner of war.

Sergeant Morrison, whose wife lives at 146 Selby avenue, Westmount, was educated at St. Gabriel and St. Thomas Aquinas schools.

Previous to enlistment, for active service, he worked for Craue, Limited.

HOME OFFERED TO REFUGEES FROM POLAND

City Council Asked by Proprietor to Waive Taxes During Occupancy

Six Polish war refugee families will be housed in the home at 9 Braeside Place belonging to the estate of the late A. F. C. Ross if the City of Westmount consents to waive taxes on the property during such occupancy. It was learned this week through Dr. T. Brzezinski, Consul-general for Poland in Montreal.

Dr. Brzezinski said that the families mentioned, who were being helped by the Canadian National Committee on Refugees, were housed in the old Douglas house at Sherbrooke street and Greene avenue, on the understanding they would vacate if it is sold.

Sale is now being made, according to the Polish Consul-General, and Mrs. A. F. C. Ross has offered the use of her home at 9 Braeside Place for the six families if the municipality exempts it from taxes. Application has been made to the City of Westmount for the purpose.

HOW U.S. AIR TRANSPORT GREW TO PRESENT SIZE TOLD BY COLONEL ORLADY

Veteran of Great War Tells Inspiring Story of U.S. Air Expansion

Lieut.-Colonel Horace Orlady of the United States Air Transport Command, Dorval, Que., was the guest speaker at a largely attended meeting yesterday of the Westmount Rotary Club in Victoria Hall.

Colonel Orlady, a veteran of the Great War, proved a delightful after-dinner speaker, whose witty asides, gleaned from his wide experience in personnel and freight movement, captivated his large audience.

When one of our stations asks another for a weather report, Colonel Orlady said, they anticipate receipt of a technical analysis based on scientific observation such as for example: Ceiling 2,000 feet, visibility seven miles, wind velocity so much, etc. Here the speaker requested his auditors to bear this in mind while he explained the following.

Colonel Orlady took the house with him when he told about a C.O. of one of the stations, who called for a weather report from another and quite some distance away, only to be told: "Weather not good." This, of course, was unsatisfactory and another request was made with the reply that the "Weather was lousy." By this time the C.O. was up on his ear and demanded a technical report, to which came back the reply: "Weather is more than lousy— even the birds are walking."

More instructive and inspiring was it when Colonel Orlady gave the genesis and revelation of the United States Air Transport Command.

The speaker said that in 1911, by direction of the President of the United States, to speed the delivery of aircraft under the Lend and Lease Order, the Ferrying Command was created with Colonel Robert E. Olds, now a Major General, as its C.O., who had as his administrative staff about six or seven officers, a few desks and a few typists.

From this humble start it has acquired a new name, Air Transport Command—the scope of its facilities has increased so as to embrace: The ferrying of all aircraft within the United States, and to destinations outside the U.S. as directed by the C.G.A.A.F.; the transportation by air of personnel, material, and mail for all W.D. agencies. And, also, the establishment, operation, maintenance and control of air routes, including installations and facilities thereon, outside of the U.S., which are, or may be, the responsibility of the C.G. A.A.F.

Colonel Orlady, continuing, said that the growth of this command has involved establishment of a world-wide network of communications, meteorological stations for providing weather information and bases linking the factories in the U.S. with the battlefronts of Africa, Russia, China, India and the South Pacific.

Much of the A.T.C. operations is secret, said Colonel Orlady, since routes, strategic bases and the movement of planes to the front must obviously be protected for reasons of military security.

During the past three months, continued Colonel Orlady, one A.T.C. pilot has flown enough mileage on various missions to aggregate three and a half times around the world.

In conclusion Colonel Orlady said that the A.T.C. looks to the future with calm confidence. Ahead lies a task that a few years ago would have appeared insurmountable. Yet today more planes are being delivered each month than the Army Air Corps possessed a few years ago.

And at home the feeling that all are responsible in however small a measure for the successful accomplishment of some war task should inspire each one to greater efforts.

At the head table with F. C. Whitaker, president, who was chairman of the meeting, were Lieut.-Colonel Orlady, J. Newman Pierce, Morton E. Ivarson, Gordon T. Brownlee and Edward A. Harrison.

Cecil Mediar and Wilf Buckley, who is on a visit from his Army work in Kingston, led in turn the Rotarian sing-song, and the piano accompanist was L. A. Collins.

Morton E. Ivarson introduced the guest speaker, who, in a few felicitous terms, was thanked by P. E. Jarman. Newman Pierce introduced visiting Rotarians.

BOYS' BRIGADE IS PROGRESSING IN RECRUITING

Present Campaign Yields Best Results in History Of First Company

The 1st Westmount Company has been operating a recruiting campaign prior to commencing the fall activities and to date a record number of recruits have been received. Being the Diamond Jubilee of the organization, the unit has set the 60 mark as its goal; "a recruit for each year the B.B. has been in operation." To Friday evening, the membership total was 48, but it is expected to attain the goal before the middle of October.

The boys spent a thrilling time in the woods on Saturday afternoon, passing some of their recruits' tests and it is expected a number will be sufficiently advanced by next week to be officially enrolled and awarded their lanyards. The following boys, received from the life boy team, will be officially accepted by Captain Richardson, this Friday evening: Ronald Thurston, Tommy Hayhurst, Wilson McClelland, Bruce Duncan, and Colin McKelvie. Robert Fenner and Gordon Hepburn will be enrolled this Friday, having joined the company last April and completed their training during the summer months.

The new squad set up for the season is as follows: Sgt. Edwin Goring, 1st squad; Cpl. Robert Burris, 2nd squad; Cpl. James Wright, 3rd squad; Lance-Cpl. Robert Eastwood, 4th squad; and Lance Cpl. George MacFarlane, 5th squad. Recruits from the life boys have been put into the 4th squad, along with a number of last year's late arrivals and the squad competition will be most keen this season, each squad being well balanced and on its toes.

Company Bible Class meets at 2 p.m. each Sunday in Melville Hall and a good turnout is anticipated.

Baptists Of Westmount To Mark 40th Anniversary

Westmount Baptist Church, under the leadership of its pastor, Dr. J. A. Johnston, is holding special services this week to commemorate the fortieth anniversary of the organization of the church.

Westmount Baptist Church resulted from the union of the members of Grace Baptist Church and a group of other Baptists residing in Westmount, the new name being adopted to avoid confusion with another Grace Church.

A few facts concerning Grace Baptist Church—revive cherished memories for a number of Montreal and Westmount citizens. The first services of the church were held in 1892 in a rented hall on St. Catherine street, opposite where Eaton's store now stands. George H. Brook, a student and later a missionary to India, gave voluntary leadership.

In 1892, Dr. Justin D. Fulton from the famous Tremont Temple, Boston, became pastor of the church, and a new location was secured in a hall on Phillip's Square, the rear portion of the present Henry Birks store.

Queen's Theatre was next rented to accommodate the crowds attending this ministry. Later the members moved to Elm Hall, in the Village of Cote St. Antoine (now Westmount).

In 1893 a church building was erected at the corner of West and Oliver avenues and the Rev. W. T. Graham served the church as pastor for eight years.

In 1902, the Westmount Baptist Church was organized, and the Rev. F. S. Weston was the pastor until 1906, when he resigned, later to join the staff of Toronto Bible College.

In 1906 Dr. G. O. Gates from Germain Street Church, St. John, N. B., became pastor, and it was during his ministry that the St. Henry Mission (now the St. Henry Baptist Church) was founded by a group of men from Westmount Baptist Church.

In 1913 Dr. O. C. S. Wallace, a former Chancellor of McMaster University, was called from First Baptist Church, Baltimore, to lead the Westmount Baptist Church in a forward movement. A parsonage was acquired and a site for a new church was purchased at the corner of Sherbrooke street and Roslyn avenue, but the "Great War" forced postponement of building plans. During this pastorate Tabernacle Baptist Church became a branch of the Westmount Baptist Church, so that Dr. Wallace shepherded three congregations. At the end of 1922 Dr. Wallace became pastor of Eutaw Place Baptist Church, Baltimore, of which he is presently Pastor Emeritus.

In 1923 Dr. Gabriel Reid Maize came from First Church, Vancouver, and in that year building plans were revived. The people of Westmount and Montreal turned out in thousands, when, in October 1923 the Rt. Hon. David Lloyd George, war-time Prime Minister of Britain, turned the first sod for the new church.

The corner stone was laid by Albert Matthews, Esq., a former member of the church, now the Honoured Lieut.-Governor of Ontario. The edifice was dedicated in April 1925. The total cost of land, building and furnishings was in excess of \$200,000.

From 1926 to 1932 the church was served by Dr. A. T. Sawyer as interim pastor, then in October, 1927, Rev. J. Madison Smith became pastor, and served a fruitful term till June, 1931, being followed as interim pastor by Dr. J. S. Kirtley, of Detroit.

In January, 1933, the present pastor, Dr. John Alexander Johnston, came from Talbot Street Baptist Church, London, Ont., and began a ministry which has been consistently inspiring and constructive through the intervening years. Dr. Johnston has served the denomination in recent years as Moderator of the Convention of Ontario and Quebec. He was more recently honoured by his alma mater, McMaster University, with the degree of Doctor of Divinity. The church during his ministry has undertaken the support of Rev. and Mrs. E. E. Garland, missionaries to India, and Rev. and Mrs. Earl C. Merrick, missionaries to Bolivia. The finances of the church are in a very healthy condition, and the mortgage has been substantially reduced.

The mid-week prayer meetings have been a vital part of the church's life, and under the leadership of Dr. Johnston, has been well attended. Now, as a war-time measure, to conserve heating and lighting, it is planned to concentrate the mid-week activities, on Thursday night. The congregational mid-week assemblies, both adult and youth, will meet at 8:00 p.m. for fellowship and mutual encouragement. The Women's Red Cross, and other women's groups will meet on the morning and afternoon of each Thursday.

Marking the fortieth anniversary, the charter members of the church are to be given special recognition throughout this week. At the Rally Day service held last Sunday in the Sunday School, a very happy service was held under chairmanship of the superintendent of the school, Sidney C. Simpson. Charter members who had served the school in former years took part in the Rally Day program.

Tonight, at 8:00 p.m., at the inauguration of the Thursday congregational assembly, special recognition is to be given to the charter members, and messages will be read from those who do not now reside in the city. Following the period for fellowship and mutual encouragement, the members will gather for a short social period.

Then on Sunday, Dr. Johnston will conduct the fortieth anniversary services in the morning at 11:00 and in the evening at 7:30 o'clock. Dr. Johnston's sermon theme at the morning service will be "These Forty Years," and in the evening "The Summons of the Silver Trumpets." The choir, under the leadership of Hibbert Troop, the organist and choir-director, will render special music.

WIND AND RAIN CAUSE SERIOUS LOCAL TROUBLE

Trees Blown Down and Light and Power Services Disrupted by Severe Storm

Large trees, a number of poles and small trees, were blown down, and the roads and streets were strewn with broken branches and other debris, as the result of a violent storm, accompanied by torrential rains, which struck the entire island, and spread to every section of the city and vicinity, during the week-end, and lasted part of the present week.

Some trouble was experienced with broken power and light wires, no less than sixteen broken "live" wires being reported in Notre Dame de Grace and Westmount.

Fortunately no accidents were listed, due to the fact that children and adults were kept off the streets owing to the storm.

There was some interruption in the light and power systems, mostly in the north end, and half a dozen trees and poles were levelled in the Cote St. Luke area.

Notre Dame de Grace was severely hit, and it was left without light in several sections for a couple of hours.

The heavy wind, which started late Saturday night, came in sporadic bursts throughout the day. Sunday and Monday forenoon saw a heavy hail storm and more rain.

The repair crews of the Montreal Light, Heat and Power Company were kept busy all during the week-end, the entire staff being on the job practically 48 hours at a stretch.

Wind-driven rain and wet leaves made motoring hazardous and caused some slight traffic accidents but without causing any serious injuries to persons.

The remainder of the program is as follows:

Hidden Titles Contest Resumes This Week

The Westmount Examiner this week resumes—following its usual suspension during the summer months—the popular Hidden Titles Contest wherein residents have the opportunity of winning passes to the Westmount United Theatre by finding the two advertisements in this paper which contain the names of the two feature-length pictures being shown at the Westmount Theatre during the first half of the week following publication. In this case, of course, it will be the first half of next week.

Conducted through the co-operation of Mr. Godel, manager of the theatre, the contest appealed to readers from the start, both from the point of view of amusement and the opportunity of winning passes to the show. These are awarded to six persons who submit correct answers in compliance with the rules of the contest.

While no effort is made to place names of the films in places requiring a microscope to locate, they very often set readers on a hunt that takes them through the paper two or three times before they are found. Surprisingly enough this often occurs when the contest editor believes he has placed them in comparatively conspicuous positions.

A large percentage of readers have apparently formed the habit of looking for the "Hidden Titles" the minute the paper arrives and it is not unusual for persons, patience exhausted, to phone the editor and accuse him bitterly of inserting either none, or but one of the titles. They usually laughingly apologise when their location is pointed out.

One of the easiest ways to "catch" contestants, the editor found, was to place a missing title in a classified ad and this tip may save considerable hunting through the paper. However, the more difficult titles are to locate the more readers seem to enjoy the contest. The contest editor wishes all hidden titles seekers the best of luck this year and hopes the contest proves as popular as ever.

The rules follow:

Simply find the two "ads." in the current issue of the Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of the coming week are hidden.

Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

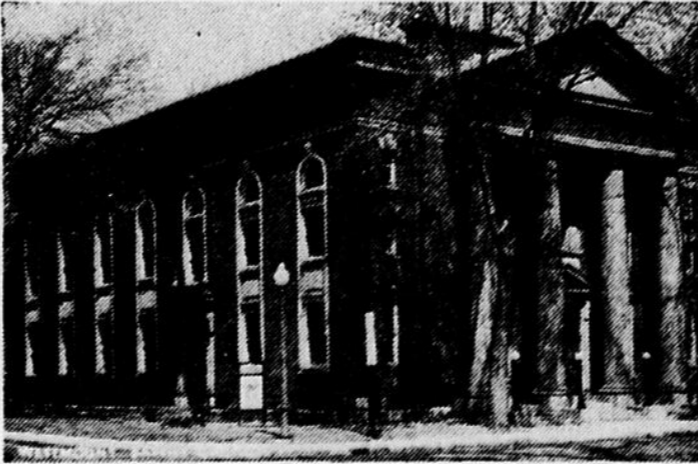

Residents of Westmount, only, are eligible.

All answers must be in the office not later than Wednesday, and the names of the winners will be published in Thursday's issue.

A convenient coupon will be found elsewhere in the paper.

The winners are drawn from among those who submit the correct answers, as, unfortunately, it would be impossible to give passes to everyone submitting the right answers.

COUNCILLORS BACK FROM U.K.

J. O. Asselin and G. Marler Report Favorably on Interviews With British Bondholders

Back from London where business of immeasurable value, transacted on behalf of Montreal, was reported by Councillor J. O. Asselin, chairman, and George C. Marler, M.L.A., vice-chairman of Montreal's City Council on their arrival. The two councillors journeyed both ways by plane.

They went to London, Councillor Asselin said, to meet the city's debenture holders there, to explain what the city's financial situation is, how it got that way, and what it is proposed to do to remedy the situation. "The visit," he commented, "was of immense benefit, not only to Montreal, but to the whole of the country." The visit was well received everywhere, and had tended to show that Montreal was a debtor having the best of intentions as regards meeting its obligations.

WESTMOUNT, THURSDAY, OCTOBER 1, 1942

CATHOLIC CHARITIES

Workers for the Catholic Charities in this district report an uphill struggle toward their objective. Stringent war-time personal financing is making it more difficult for all charitable organizations to continue on an adequate basis. Many people believe that because of the shortage of manpower, everyone who wishes to work can have a job today. This is entirely erroneous. Not even the war emergency can create employment for unemployables. There are thousands of folks who are sick, permanently disabled, too old or too young to work, who would be destitute were it not for help given them by the organizations the present drive aims to finance. These people must have food, clothing, and shelter. Remember them when the canvasser calls. Be generous.

TO HELP HOSPITALS

St. Mary's Hospital, Children's Division, and the Children's Memorial Hospital will again be the beneficiaries of a big entertainment to be staged Thanksgiving Day at Molson Stadium under the auspices of St. Mary's Service Guild—a group of young men most of whom live in this district.

The feature of the day will again be a football game. It will be remembered that last year two all-star schoolboy football teams provided the feature attraction, one from the Montreal schools and one from Ottawa. There was also a big show put on by the Caughnawaga Indians. This year's football game will be between teams representing the armed forces—air force, army, and navy—against a picked team of civilian players under Doug "Pop" Kerr's coaching. Both teams have started practice at Molson Stadium. The committee is working on the other features to be presented, and will make an announcement shortly.

There won't be too much good football here this autumn, and this game should be welcomed by the fans, especially in view of the cause for which it is being played. The

teams will include in their line-ups some of the biggest names in Canadian football.

Hospitals for children are hard hit these days. Cost of many supplies, and of competent help, are up. There is greater demand for free accommodation, and none of these worthy cases are turned down. The need for financial help is urgent.

Last year's show put on by St. Mary's Guild netted a welcome sum for both the Children's Memorial and St. Mary's hospitals. It is to be hoped that this year will be even more successful. No more pleasant way to spend Thanksgiving Day than at the Stadium! Bring the children with you, and help other children less fortunate.

NAVY WITH A HEART

Canada's Navy has shown that it is something more than a mere fighting machine. It has displayed the existence of a heart, in the incident in which a Wallaceburg boy was picked up by plane from his ship far at sea, flown to the Canadian coast and then rushed to Windsor, because of the death of his mother here.

A great many brass-bound regulations probably were by the board while all this was going on, but our Navy undoubtedly is a finer organization because it has officers who have the human feeling that teaches them, at a time like this, that the men in their charge are human beings and deserving of treatment as such.

BIRD CASUALTIES OF SUBMARINES

Gulls, ducks and other swimming birds have their feathers filmed with a natural oil which protects them from the cold and allows them to swim in icy waters in comfort. But, if mineral oil gets on the birds the protective coating of their natural oil is penetrated and the birds often die of pneumonia.

Other birds become so soaked with mineral oil they can no longer fly and so they starve through inability to hunt and fish for their food.

These bird casualties of submarine warfare are not mentioned in the official lists. But a heavy toll is taken as ships sunk by submarines and sunken submarines leave deposits of oil on the ocean surface.

The birds are a loss because many of them are good scavengers, who eat up the garbage that otherwise would be floating around harbors.

Wonder if Pierre Laval, as he sends French workers into German bondage, ever stops to reflect that he, too, has been mentally measured for a stout pair of handcuffs?

LETTERS to the EDITOR

The Editor of Westmount Examiner.

A news item in your issue of the 18th, entitled "Property Case Appealed," unwittingly involves a great injustice on all property holders in Westmount. Some 20 years ago the outside Protestant School Board of Montreal Island was formed, and Westmount was loaded with most of the school taxes of Verdun, including long term bonds for the erection of extravagant schools, which the Verdun Board made as burdensome as possible by fastening them upon the properties of Westmount. To escape school taxes the English of Verdun then preferred not to own private real estate. In the present hard times, the result is that the ordinary Westmount owner often loses all of his depressed rentals, or if he owns one house only, as most do, he is forced to sell for a pittance. Meanwhile Verdun has prospered astonishingly, having splendid park spaces, fine new houses, well-off workers and these superlative public schools. This vicious farce ought now to come to an end. A simple amendment in the Quebec Legislature should compel these Verdunites to pay for their system of education—in itself a great gift—and to assume the rest of the Westmount bonds. If not to repay Westmount, and relieve any other towns similarly burdened.

WORLD DAY FOR ANIMALS
As the World Day for Animals October 4th—celebrated by churches and Christian institutions in many lands—falls on a Sunday this year an urgent appeal is being made by Canadian Creature (Human) Welfare Societies to all churches and ministers to make a special endeavour to observe this day of St. Francis of Assisi in an appropriate way in one of their services on October 4th. A prayer, or a hymn, or a talk emphasizing the ideals of love in connection with all creatures and our personal moral responsibilities involved in such would be the most expedient way. The World Day objective is

THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper, and it does not accept responsibility for them.

One of the startling statements made in the report by the committee appointed by President Roosevelt, to study the rubber situation and consisting of Mr. Baruch, President Conant of Harvard and President Compton of the Massachusetts Institute of Technology, is that the responsible governmental heads failed to take advantage of the offer of Soviet Russia in February last to supply the United States with detailed information concerning the Russian process for making synthetic rubber which has been in successful use for ten years. The committee stated: "If the Russian offer made in February to exchange men and information had been accepted and Russian engineers with blueprints of manufacturing had been rushed to this country last winter, it is conceivable that plants for producing synthetic rubber by the Russian process might well be now on the way to completion. To date we have no detailed information as to the process and no samples of Russian tires has as yet been obtained."

The British Labor Party has prepared an interim report on reconstruction under the title The Old World and the New Society. It contends that the only tolerable post-war economic system will be one in which the state controls and operates the essential instruments of production.

A speaker on the French program of the BBC said of the appointment of the Archbishop of Canterbury: "It is a national event for England and as well interests all Europe. Christians of the world rejoice and know that with the new Archbishop England will strive to play an active part in establishing a new order."

A commemorative plaque is to be placed in the house in Flinsbury where Lenin lived in 1903. It will be unveiled by Mme. Malsky, wife of the Russian Ambassador at London. There is also to be a monument to the Soviet leader in front of his old home, the first monument commemorating a Soviet leader in London. There is also the tomb where Karl Marx is buried in Highgate cemetery. I read in a file of Lenin that he lived "a straight laced and abstemiously as a most particular Baptist minister."

In The Rights of Man Thomas Paine said: "It is always the interest of a far greater number of people in a nation to have things right, than to let them remain wrong; and when public matters are open to debate, and the public judgment free, it will not decide wrong, unless it decides too hastily."

Many have the idea that a great many good theories will not work. But as a matter of fact, a good theory always works if it is applied in the right way. When people say, "Oh, that's all right as a theory," they are simply talking nonsense, for no theory is worth a straw which cannot be demonstrated by a practical application."

"Nothing so stirs the human heart, changing the interest and objects of a man's life, bringing joy to his soul and inclining him to yield obedience to the best impulses of his being, as the clear perception of a great moral truth which he has before overlooked."—Henry F. Ring.

"All great fundamental truths are apt to sound trite, and yet in spite of their triteness they need to be reiterated over and over again."—Theodore Roosevelt.

"I am only one but still I am one; I cannot do everything, but still I can do something, and because I cannot do everything I will not refuse to do the something that I can."—Edward Everett Hale.

three-fold: Firstly it aims to direct attention to the cruelty inflicted on birds and animals in sport, commercialism, etc.; secondly, it plans to focus thought on the proper means to remove permanently such demoralization; and thirdly, it hopes to inspire action for the correction of ignorant and cruel persons who perpetrate such, and also for sympathetic understanding for all creatures victimized in any way by mankind. The cruelty and deadly strife in the world today will not cease permanently until we unreservedly give Jesus Christ the first place in our lives, and realize our own short-comings—greed, barbarism, or selfishness, also endeavouring to eliminate the same causes of which are convincingly evident in Canada and other countries. Wherever the abfraid ideal of love is emphasized, inevitable spiritual progress is effected in mankind; so it is earnestly hoped that all genuine creature lovers will observe it in the realization that God is love, and they are their Brothers' Keepers!

R.C.A.F. SCHOOL COURSE BEGUN FOR AIRWOMEN

Instruction of Ground Wireless Operators Starts at Queen Mary Road Institution

No. 1 Wireless School was literally invaded by women of the Air Force late last week when twenty-four out of a class of thirty-two began a course of training there as ground wireless operators under the command of Group Capt. R. M. Smith. Placed on a similar footing with airmen "Wogs" (wireless operators ground) this number of airwomen, of various ranks is expected to be doubled as the courses get in full swing.

Most of them have relatives in the armed forces. One flew up from the Argentine with her husband, and each joined their respective division of the Air Force. Another has a husband who joined the army the day war was declared and is now training with a Commando unit in England.

One young lady comes from a family who consider the war a private matter. Her father is an anti-aircraft air gunner in the Imperial Army in Northern Ireland, and her brother is a dispatch rider with the Canadian Army overseas. Another's father has returned to Canada after two years' service with the Canadian Army overseas.

EMPLOYMENT RULING CAUSES MANY QUERIES ABOUT DOMESTIC HELP

"Can I or can't I?" has been the common plaint from employers and employees across the nation as they come face to face with the new manpower control regulations. And questions about domestic employment have been rating high in the headache class.

Here is one case brought before National Selective Service officers. The householder had already given her maid two weeks notice. One week of the notice had been completed when the new regulations came into effect, Sept. 1, and the householder wondered if the new seven days' notice regulations she had read about would enable her to cut her notice to one week.

"No," answered National Selective Service. Two weeks notice had been given and must stand. The provisions of the regulations with respect to the giving of seven calendar days' notice shall not supersede any law, statutory or otherwise, requiring a longer period of notice.

Also, as far as domestic employees are concerned, they do not come under the seven days' notice ruling. They can quit or be laid off without obtaining a separation slip from their employer.

BADMINTON POPULAR

Each evening of badminton at the "Y" sees an increasing number of people getting back into the game. Last Monday a real crowd was on hand and many were the tough "battles of the racquet." Wednesday the group held a round-up of all the members and so the season is off with a bang.

A.W. Callard Reports On Rotarian War Services

The War Services Committee of the Rotary Club of Westmount met this week to review past activities and to consider plans for future work.

The chairman, A. W. Callard, stated that since its inception, a few months ago, the committee had supplied a number of tables and chairs, also magazines, books, etc. for the recreation room of the Elementary Flying Training School at St. Eugene, Ont., also that a donation of tickets for the benefit baseball game at the Stadium had been sent to the Westmount Barracks. A large quantity of sporting equipment, playing cards, etc., was supplied to H.M.C.S. "Westmount" and this equipment will be maintained as long as the ship is in service.

In order to prevent duplication or overlapping in war services, all organizations are now under the supervision of the Montreal War Services Co-ordinating Council and recently the committee were requested by the council to see what could be done towards providing suitable recre-

ational facilities at the Canadian Women's Army Corps at St. Sulpice Barracks, Atwater avenue. The committee visited the barracks and were surprised to find that nothing of this nature had been provided for these young women in their hours off duty. Large bare rooms, without a chair, table, carpet or game of any kind, were certainly not inviting after the day's work in driving trucks, cars, typing, etc., to these girls who had left comfortable homes and had volunteered for services wherever they were sent. Furniture and recreational facilities have already been provided by the club and many generous donations have also assisted in an improvement at the above barracks, but additional easy chairs, tables, rugs, games, etc., could be used and those having anything suitable are invited by the committee to telephone WI. 0329 when it will be called for and delivered to the barracks.

The committee are looking forward to a very active season and detailed plans will be announced in the near future.

YOU SLEPT WELL THAT NIGHT, DIDN'T YOU?

BUT GEORGE WAS AT DIEPPE!

NICE fellow, George—one of the lads from the office. Remember, you had him out for dinner one night. He made a great fuss over your kids—and your wife was very pleased. And then, all of a sudden, he slipped away and joined up. Left his good job, his girl and his future. And he was at Dieppe, slogging up the beach into a murderous rain of steel—fighting for you and your wife and those kids of yours he played with. And that same night you slept well, didn't you... in a soft bed. You had an egg for breakfast too. But George didn't. And you've still got a good job and you wear good clothes.

And being conscientious, you worry about these things a bit. But you just haven't been able to push yourself into doing much more

than pay your taxes. Well, those taxes aren't enough. Think of what George gave up, and then sit down with your wife and ask yourselves, "What else can we do?" Sure, you've given up a few little luxuries. But there are lots of things yet that you can cut down on. Do it gladly. Because you'll really get a kick out of investing the money you save in Victory Bonds, and in knowing you're not letting George do it all.

Just keep thinking about George and what he gave up. And remember, those Victory Bonds you buy aren't giving—they're lending your country money to help protect you. That money will come back to you with interest.

Successful Drill Proves Y.W.C.A. Is Ready For Raid Emergencies

The Young Women's Christian Association, 1124 Dorchester street west, is well prepared for emergencies in the case of air raids. The results of careful planning were seen in a recent successful air raid drill, held when not only staff members but the public were in the building; members of the staff have definite A.R.P. duties allotted them, and all parts of the building are thoroughly patrolled and checked in such a way that the same methods would hold, with few alterations, in case of an actual raid. P. W. Dick, building superintendent of the Y.W.C.A., is organizer for A.R.P. in the association.

Adequate shelter is provided for staff and public alike, and, as Mr. Dick said recently, "We don't look for emergencies, we just want to be prepared for them. We sometimes have a great many people in our building, and we want to know how to care for them."

Hedy Lamarr And Powell In Thrill-Packed Drama

A combination of swift-moving action and powerful, believable drama, plus the presence of William Powell and Hedy Lamarr, makes MGM's "Crossroads," which opened yesterday at the Westmount United one of the year's most entertaining pictures.

MARTIN EDEN LONDON'S BEST

Jack London, one of America's greatest writers, always regarded "Martin Eden" as his greatest novel. Hard-hitting preaching against social injustice, the lusty novel was packed with adventure of the type which first made the name of London famous; it was, moreover, based upon incidents in his own adventure-rammed life.

In bringing "Martin Eden" to the screen, Columbia consulted with Charmian London, the writer's 70-year-old widow, in her ranch in the famous Valley of the Moon, setting for one of London's more idyllic romances. As a result, "Adventures of Martin Eden," which comes to the Kent Theatre on Saturday with Glenn Ford, Claire Trevor, Evelyn Keyes and Stuart Erwin, is said to be virtually a literal picturization not only of London himself, but of the human characters he created and the hot-blooded life he lived.

ORSON WELLES MASTERPIECE NOW AT YORK

Bringing Booth Tarkington's Pulitzer-Prize-winning novel of changing fortunes and shifting social conditions in a Mid-West city to the screen in stirring fashion, "The Magnificent Ambersons" is now playing at the York United Theatre until Friday night.

A brilliant cast headed by Joseph Cotten, Dolores Costello, and Tim Holt is featured in the offering which, produced, directed and scenarized by Welles, is said to be an unusual and absorbing film in a totally different field from his earlier "Citizen Kane."

The plot deals with the growth of a little Indiana town, and what happens to it and to its inhabitants when the smoking factories of the 'Nineties replace the fields and orchards around it. Lavish settings, not only of the luxurious Amberson home but also comprising whole blocks and streets of the community at different stages of its development. Radio, and add to its engrossing story. Many of the earliest "automobiles" extant were obtained and put into running order for these sequences, which are said to be among the most realistic ever photographed.

DUTCH REFUGEE TECHNICAL AID IN NEW COMEDY

At what hour does curfew ring in enemy-occupied Holland? Are street cars running today in Amsterdam? Do schoolboys still skate on frozen Dutch canals? What military regulations apply to civilians in the land of tulips and wooden shoes?

Failure to find answers to these and similar questions recently forced research workers at Columbia studios to throw up their hands. They had to admit they didn't know.

"Before the war we could produce up-to-the-minute facts about almost any country in a hurry," Roberta Thomas, head of the studio research department explained. "But today it's different. Our information on life in occupied countries today is practically zero."

Producer B. P. Schulberg had asked for information on Holland for his new picture, "The Wife Takes a Flyer," now at the Monkland United Theatre. Even though the story is a sparkling romantic comedy, it is told against the background of the invaded lowlands. The producer was determined to keep all details as authentic as possible.

For instance in the opening sequence of the film, Allyn Joselyn, who portrays a pompous German Major, is shown seeking quarters in the home of Joan Bennett. Miss Bennett is co-starred with Franchot Tone, as the R.A.F. flyer shot down in Holland. While Tone is hiding in the house, storm troopers come to make a search. Producer Schulberg had to know how the soldiers should be dressed and how each detail of the scene should be played. When the studio research department admitted it was stuck, he went into a huddle with his director, Richard Wallace.

In Holland today, Karlson said, no Dutch citizen may walk into a cafe and be served ahead of any German soldier in the place. Director Wallace utilized that information while shooting a sequence in which Tone battles a pair of Gestapo agents before he

West Hill Wins Grid Tilt By 25-2 Over Westmount

Moving overland with speed and fury, West Hill annihilated Westmount 25-2 in the second half of a high school football bill at Molson Stadium on Saturday afternoon.

In the earlier game Montreal High School blanketed D'Arcy McGee to the tune of 11-0.

There were about 5,000 spectators at these opening games of the season.

For three periods it was close; at least fairly so. Then in no time at all, West Hill had three touchdowns.

Going into the fourth quarter it was 6-2, and a rouge boot by Meyer behind the Purple goal-line made it 7-2. Then Westmount attempted a running play on third down and when Smythe broke through, the ball changed hands on the seven yard stripe.

One off tackle play put the ball in front of the posts and then Vincelli went over—just like that. Harvey made the convert and the panic was on.

From one touchdown trip others resulted. Ken Morris, another fleet runner wearing the gray and red, spearheaded a desperate Westmount pass on his own 33, and the field was clear to the goal line. That tingling run made it 18-2 and Harvey again added the extra point.

At this stage Roy Chesley's crew had superiority in air and land and was a case of them scoring or the gun going first. Without compromise, and tearing through gaping holes in the line, Harvey, Morris et al, again reached the shadow of Westmount's end zone. This time Roy Brown shook loose on a wide right end sweep, evaded a tackle, and raised the count to 24-2.

Meyers hooted a rouge point to complete the scoring—and the rout. By then, Westmount rooters usually a throaty bunch, were struck speechless.

FOOTBALL STARS TO AID 2 HOSPITALS

Big Benefit Classic to be Played at Molson Stadium on October 12

Football's big benefit classic in aid of St. Mary's and the Children's Memorial Hospital, which will be held at Molson Stadium, October 12, will bring together, under the leadership of Glen Brown and his assistants from the Army, Navy and Air divisions, a galaxy of gridiron talent which has not been seen in Montreal in many a moon.

Glen Brown has surrounded himself with football coaching talent which should lighten his task when the chips are down for the final all-star selection. Bill Hoskinson, well known coach of junior and high school teams, is Glen's assistant coach, while the Armed Forces team will be managed by Sub-Ltd. "Snooker" Belanger with Ft. Lt. Fred Skelcher and Capt. Southwood as advisers.

Behind the scenes, however, out Huntington way, in Lachine and at No. 1 Wireless School, local coaches are rounding out players of the respective armed forces from which the all-star team will be selected. No less a personage than Bill Hughes, a national figure as coaches go, is drilling the O.R.F.U. team at Manning Pool, while up at No. 1 Wireless, Alex Fleming, former star of Montreal's Big Four team, has a group of youngsters from which he will select a few stellar performers. The Army

team from Huntington is being coached by Corp. Dave Peebles with Sgt. Ernie Munday, sports director, at the controls, and they promise some pleasant surprise packages for injection into the all-star lineup.

Kerr Coaches Civvies
Doug Kerr, who is coaching the civvies team which is to oppose the Armed Forces all-stars, selected John Cloughessy as his assistant coach and the combined experience of these well known mentors should smooth the road for an aggregation of all-stars to hold their own against their erstwhile opponents. Possibly Doug's main supply of players may be George Ellison's Verdun Grads, but there are no limitations on the players he may select, including former stars of the Big Four, unless, of course, they are in uniform.

This all-star encounter has all the earmarks of a game that will live long in the memories of those who love football as well as those who go for the humane reason of helping these unfortunate kiddies.

The Juniors will meet again on Friday afternoon at four p.m. for another workout and a good game of soccer. Come on you fellows who have not been out yet, don't let these other fellows show you up.

By the end of this week all of the regular classes for men, ladies and boys will be underway at the local Westmount Y.M.C.A. These include scheduled periods for business and professional men, young men, ladies, business girls, and boys between the ages of 9 and 18.

The classes for the business and professional men are arranged to meet the physical needs of the average working man. Special exercise periods are arranged for those who are unable to be present at the regular sessions or feel that they are not in condition to meet the demands of class work. The classes for young men are of a more strenuous nature, and deal to a large extent with activities which build endurance, stamina, and strength. The ladies have two periods weekly at their disposal for gym and swim under the direction of a trained lady ditress. One of the most active groups of all is the business girls division. They had a very successful season last year. To date this year, the record attendance at one gym and swim session has been 19.

The badminton club commenced another season on Friday evening last with a fair turnout of lady and men members. In the near future, the Westmount Intermediate School gymnasium will be available for the weekly play period.

Westmount And Ahuntsic Will Meet On Sunday

MacDonald Park in Snowdon will be the scene of the semi-final series in the senior provincial softball tournament this Sunday afternoon when the Westmount All-Stars meet the Ahuntsic team. The west-enders hold a one-game lead in the series by virtue of a 5-0 decision in a game played at Ahuntsic two weeks ago. This Sunday's game was originally scheduled for last week but the day-long rain storm washed it out.

This semi-final series is a two-out-of-three affair and in the event the Westmounters lose the first fixture another game will be played immediately after to decide the team to advance into the final round of the tourney. The winners will meet the Maisonneuve club, present provincial champions, in a three out of five game series.

TENNIS FINAL TO BE PLAYED ON SATURDAY

Mr. and Mrs. Damant to Meet Mrs. McNaughton and Brendan Macken in Mixed Doubles

The final round match in the mixed doubles tennis tournament on the municipal courts between Mr. and Mrs. Damant, last year's titleholders, and Mrs. McNaughton and partner Brendan Macken, is scheduled to take place on Saturday afternoon at 2 p.m. The match will be played on the adult courts in Westmount Park. This match has been the source of much interest and it should attract a large crowd of tennis enthusiasts.

Mrs. McNaughton and Brendan Macken won their way into the final round of the tournament when they eliminated Enid Nichols and Hugh Brodie in three sets last Friday afternoon. The Nichols-Brodie duo copped the first set 6-3 but dropped the next two 6-4 and 7-5.

Jill Price and Dorothy Cook met yesterday in the finals of the junior girls' championship of King George Park. Jill Price defeated Joan Clark in her semi-final match while Dorothy Cook eliminated Marjane Stilwell to gain her berth in the final round.

A junior boys' tournament is now underway on the Western courts with the second round being completed.

roster. The hurting staff is headed by Laurin.

Laurin is one of the fastest hurlers in the game and delivers them with a side-arm motion that is very deceptive while Borzell has been one of the best for some years.

Facing these two strike-out artists the Westmounters will use Allen Dyke and Andy O'Connor, two pitchers well known in N.D.G. Dyke hurled the 5-0 victory over the Ahuntsic club a couple of weeks ago and a repetition of this effort should find the All Stars in the finals.

The Westmount All Stars are composed of well known softball players including Bill Wilcock, Emmett Milten, Johnnie Mahaffey, Lloyd Daniels, Doug Maher, Smiley Meronok, Sibby Munder, Tom Brennan, Jack Coleman and Noel Romney.

The first game on Sunday afternoon is scheduled to start at 2.00 p.m.
