WORK IS NOW NEARLY ENDED

Tariff Commission Has Only To Receive Figures From Witnesses

Ottawa, Ont., Jan. 4.—(Canadian Press)—Except for the presentation of figures, which some of the witnesses heard were unable to place in the hands of the Commissioners immediately, and the preparation of their report, the work of the Tariff Commission, so far as public hearings is concerned, has been completed. The last witness, George F. Kidd, of Ottawa, who pleaded for a bounty to assist the development of the iron mines of the Galtineau District, was heard this afternoon, and the two days sitting of the Commission here concluded at 5:50 this afternoon. A number of statements are to be filed by witnesses and certain statistics which the Canadian Manufacturers' Association wish to place before the Commission, are to be forwarded as soon as the necessary information can be secured from abroad.

The Commissioners have a mass of documents before them which have been filed as briefs and exhibits by witnesses at the different hearings all over the Dominion, and it is expected that this collection will be largely augmented by written submissions which will probably reach the Commissioners from various sources before they have finished digesting the evidence already collected.

The sittings here opened yesterday morning with Sir Henry Drayton and Senator Robertson conducting the hearing. Whether or not the Commission will bring down a report previous to the time the Budget reaches the House of Commons during the coming session, has not been intimated but it is generally expected that any tariff changes in the Budget will be based, at least in great measure, on the decisions reached by the Commissioners as a result of their tour, which has lasted since the middle of September and included hearings in all the important centers in both the East and West.

That protection was necessary to the industries they spoke for, was the information given to the Tariff Commission by two witnesses this morning. One of these gentlemen, Louis Simpson, a former manager of a cotton mill at Valleyfield, Que., said protection was absolutely necessary to that industry and also to the oil shale industry. In the case of the latter, in which he was interested, he thought machinery used in the production of fuel oil from shale should be placed on the free list for two years. Fuel oil was the only alternative to coal in some districts. C. H. Houson, of the Dominion Sugar Company, Chatham, Ont., declared that the government would be wise to encourage this important industry by protection the higher rate of duty allowed, the higher would be the prices paid to farmers for their beets. There were now 30,000 acres under sugar beets in Western Ontario. N. L. Martin, of Toronto, representing the glass merchants at the noon adjournment, and argued that any increase in the duty on window glass and plate glass would add to the cost of building houses and also to the cost of furniture.

OFFERED THEIR BLOOD

Toronto, Ont., Jan. 4.—A physician of this city this afternoon telephoned to the Relief Office asking for one or two men willing to give some of their blood in the hope of saving the life of one of his patients who was in a very critical condition. Ten robust men out of work immediately volunteered, but before they reached the hospital where the transfusion was to take place the patient had died.

VANCOUVER

NOMINATIONS
Vancouver, B.C., Jan. 4.—Ex-Alderman T. H. Kirk announced today he would not be a candidate for mayor against Mayor R. H. Gale at the civic election here Thursday, January 13. The contest will be between Mayor Gale, who is seeking a fourth term, and ex-Mayor L. D. Taylor. Civic nominations take place on Thursday, January 6.

SUGGESTION BY LLOYD GEORGE

As To President Wilson's Mediation Between Turks And Armenians

Geneva, Jan. 4.—Paul Hymans, President of the Assembly of the League of Nations, received a telegram today from Mr. Lloyd George, the British Prime Minister, embodying a suggestion as to the further course to be taken by President Wilson on the question of mediation between the Turkish Nationalists and the Armenians. Mr. Lloyd George's message suggested that President Wilson cable his instructions on the mediation question direct to the American High Commissioner in Constantinople.

Earl Curzon, Secretary of State for Foreign Affairs, said in transmitting the message for the Prime Minister that this course had been recommended by the British representatives at Constantinople. The message suggested further that the American Commissioner would act immediately in concert with his colleagues there.

The correspondence in dealing with conditions which make the situation an extremely complicated one for the mediators, alludes to the report that a treaty of peace had been concluded between the present Armenian Government and the Nationalists. This Government is not of the same complexion as that with which the Allies have had their dealings, it having been formed under the stress of Bolshevik and Turkish pressure, allegedly in co-operation, its formation virtually placing Armenia under the control of Soviet Russia. In notifying the League of Nations last month that he had designated Henry Morgenthau as his representative in the proposed mediation between the Armenians and the Turkish Nationalists, President Wilson said he would await advice from the Council of the League as to the avenues through which his proposals should be conveyed and the parties with whom his representatives would get in contact.

WOULD RECONSTITUTE SECOND INTERNATIONALE

London, Jan. 4.—In accordance with a decision of the Congress of the Second Internationale at Geneva in July, the British Labor Party and Trade Union Congress, have issued an appeal signed by Arthur Henderson, J. H. Thomas, Harry Gosling and J. Ramsay MacDonald, to the Socialist and Communist Parties of the whole world, for efforts to reconstitute the Internationale on a non-sectional basis. It is aimed to make it more liberal than that demanded by Moscow and to secure for each Socialist group freedom to work in its own way towards the Socialist goal. The appeal also asks that preparations be made to give international support to all national struggles for liberty and self-government in the way determined by the nations themselves.

PASSED QUIET DAY

Parkmore, Md., Jan. 4.—Cardinal Gibbons passed today in a quiet and restful manner in his room at his residence, according to Dr. Charles O'Donovan, his physician. There was no trace of unfavorable reaction from his trip made from the Robert T. Shriver home at Union Mills, Dr. O'Donovan said.

MIRACULOUS ESCAPE

New Glasgow, N.S., Jan. 4.—Arthur Hayman, miner, in the McGregor Slope of the Albion Gollery, had a miraculous escape today when a fall of coal buried him completely for several hours. Willing hands set to the task of rescue and the man was recovered none the worse of his trying experience except for some bruises.

DISORDERS AT BATOUM

London, Jan. 4.—Disorders are reported to have broken out in the Baltic Sea port of Batoum. The situation is said to be so serious that the Allies are sending warships from Constantinople to Batoum to guarantee the safe evacuation of foreign subjects.

PARIS CONFERENCE

Paris, Jan. 4.—It is officially announced that a conference of the Allied Premiers will be held in Paris toward the end of January, when Marshal Foch's report on German disarmament and the question of German reparations will be considered. The Greek situation also will be discussed.

CONCERNED OVER CONCENTRATION

Of Six New Divisions Of Russian Bolshevik Army On Bessarabian Frontier

Paris, Jan. 4.—The French Government is concerned over unofficial dispatches telling of the concentration of six new divisions of the Russian Bolshevik army on the frontier of Bessarabia and all along the Danester River. The reports indicate that Moscow is preparing an attack for the purpose of trying to regain the province of Bessarabia. The Associated Press is informed that the Rumanian Legation in Paris that the Bolshevik menace while always at the door of Rumania, is no more acute today than for several months past. The Legation had no confirmation of the dispatches announcing that all Rumanian railwaymen had been mobilized and that the King was reported to have signed a decree calling classes to the colors.

A dispatch received today from the Rumanian Foreign Minister, M. Jonescu, said that all was quiet in Rumania and made no mention of military preparations or the reported Bolshevik menace. It was explained at the Legation that Rumania was neither at peace nor war with Russia. In a recent exchange of notes between Rumania and Moscow the Bolsheviks denied they intended to move against Rumania, but the possibility that the Bolsheviks are making an attempt to take back Bessarabia is not denied by the Rumanians. French official circles would not be surprised at a Bolshevik attack against Rumania, and it is pointed out that such a move would have a two-fold purpose—one to retake Bessarabia, and the other to hasten a trade agreement with Britain by a display of military force.

FACILITATING TRADE WITH SOVIET RUSSIA

Proposals Made In London For Formation Of Big Corporation

London, Jan. 4.—Proposals for the formation of a corporation capitalized at 10,000,000 pounds sterling for the purpose of facilitating trade between Russia and Great Britain, which it is understood had been approved by the Government and Leonid Krassin, Russian Soviet Representative, is announced by the London Times. The plans await the sanction of the Russian branch of the London Chamber of Commerce on January 12. The co-operation, the capital of which will be subscribed equally by Russia and Great Britain, the Times says, will be controlled by a board of governors selected by both countries, the Russian organization operating as a department of the Soviet Government.

The British Government, the Times adds, is prepared to advance a special credit fund equal to half the British capital as a loan, free of interest, for ten years. The corporation would buy from and sell directly to the British manufacturers and traders at competitive prices, the privilege to be open to all firms whether members of the corporation or not.

SIR W. PETERSON DIED YESTERDAY

Decease Of Former McGill Principal Reported In Private Cable To Montreal

Montreal, Que., Jan. 4.—(Can. Press)—Sir William Peterson, former Principal of McGill University, died today in London, England, according to news received by private cable addressed to Dr. W. F. Hamilton, of this city. The message signed Lady Peterson, read: "London:—My husband died peacefully today". It is almost two years ago since Sir William was stricken with paralysis at a meeting at Emmanuel Church where Sir Harry Lauder was to speak on January 12, 1919. This practically put an end to Sir William's career. For some time afterwards he seemed to be in imminent danger, but eventually rallied to travel back to England where he spent the remainder of his days.

The late Sir William Peterson, K.C.M.G., M.A., C.M.G., was born at Edinburgh, in 1856, the son of John Peterson, a merchant of Leith. He married Lisa, daughter of the late Wm. Ross of London and Glenearn, Perthshire, in 1885, who survives him together with two sons, Major W. G. Peterson and Morris Peterson of the British Diplomatic Service. Sir William was educated at the High School and University of Edinburgh; subsequently at the University of Göttingen, Germany, and Corpus Christi College, Oxford, of which he was a scholar. In 1876 he was Ferguson Scholar in Classics and held the degree of M.A., from both Edinburgh and Oxford. He was made F. R. S. C. and received the Honorary degree of LL.D. from the following Universities: St. Andrew's, 1885; Princeton, N.J., 1894; University of New Brunswick, 1900; Yale, 1901; Johns Hopkins, 1902; Pennsylvania and Queen's, 1903; Aberdeen, 1906; Toronto, 1907; Harvard, 1909; and Trinity College, Dublin, 1912. He became Hon. D. Litt. of Oxford and Durham in 1912; and Doctor Honoris Causa of the University of Groningen, Germany in 1914.

From 1879 to 1882, the deceased educationalist was Assistant Professor of Humanity in the University of Edinburgh and was Principal of University College, Dundee, from 1882 to 1895. From the latter date till his retirement within the last two years, Sir William served with the greatest distinction as Vice-Chancellor of McGill University. Other positions held include Chairman of the Council of Public Instruction for the Province of Quebec; Trustee of the Carnegie Foundation for the Advancement of Learning, New York; Vice-President of the Archaeological Institute of America and Chairman of the Department of Canada; and Canadian Editor of Nelson's Loose-leaf Encyclopaedia. Sir William Peterson's principal publications were: Quintilian's Institutes of Oratory, 1893; The Dialogues of Tacitus, 1893 (and in the Loeb Classical Library, 1914); The Speech of Cicero for Caelius, 1893 (critical edition, 1899); The Cunei Ms. of Cicero, 1901; Cicero's Verine Orations, 1901; and Canadian Essays and Addresses, 1915. Sir William was created C.M.G. in 1901 and K.C.M.G. in 1915.

CARSON'S WORK DONE

London, Jan. 4.—Sir Edward Carson has decided to relinquish the political leadership of the Ulster Unionists and also not to take office in a new Ulster Administration, according to the London Times, which adds: "He considers his work as Ulster Leader ended with the passing of a Home Rule Act acceptable to his followers and will make way now for younger men. He goes to Ulster soon to receive the thanks of the Unionists at a great farewell demonstration which is being planned".

ROBERT P. BRINDELL

MUST FACE TRIAL
New York, N.Y., Jan. 4.—Robert P. Brindell, President of the Building Trades' Council, under indictment for extortion and attempted extortion from builders, must face trial next Friday in the Criminal Branch of the Supreme Court. Final efforts to block the opening of the trial were wiped out late today when Supreme Court Justice McAvoy handed down a decision vacating the stay which had been obtained by Brindell's counsel. Samuel Untermyer, counsel to the Joint Legislative Committee investigating the "building trust," will personally prosecute the labor leader, who is indicted on evidence produced by the Committee's inquiry.

MURDER TRIAL BEGUN

Newcastle, N.B., Jan. 4.—The trial of Peter and Frank Mitchell, charged with the murder of Policeman Dedham, of the Indian Reservation at Burnt Church, in November last, was begun at Newcastle today, before Justice Barry, Attorney-General Byrne is conducting the case for the Crown and Geo. McDade appears for the defence. The greater part of the day was taken up in empanelling a jury, after a true bill against the prisoners had been returned.

WILL BE LAST MAN TO LEAVE

Fiume Till Legionaries Have Gone

Trieste, Jan. 4.—Gabriele D'Annunzio will be the last man of his expeditionary force to leave Fiume, it was learned today. Evacuation tomorrow and will last several days. Present conditions in the city are miserable, due to a lack of food. Captain Hostwentrup, formerly Director of National Defence in Fiume, and Mayor Gigante, both of whom are members of the Provisional Government, had applied for relief to General Ferrario, who commanded the blockading forces.

They said that if he would allow importation into the city of milk, bread and meat, the army would cooperate in relieving the distressing conditions of the population. All the banks in Fiume are guarded, as they house a number of millions of lire recently obtained as a loan for release of the steamship Cogne, which was seized by Fiume officers last fall. Dr. Antonio Grossich, head of the Provisional Government, has fixed February 8 as the date for the first election for a constituent assembly.

COURT RULING IS DEMANDED

On Admission Of Alleged Signed Confession Made To Police

Bridgewater, Conn., Jan. 4.—A demand for a ruling by the court on the admission of a signed confession alleged to have been made to the police by Elwood B. Wade, on trial for the murder of Geo. B. Nott, in this city, brought today's session of the court to a close after six hours of testimony and three fainting spells by the wife of the defendant and the widow of the murder victim had given the hundreds of spectators their fill of excitement. Mrs. Nott, under indictment with Wade for the murder of her husband but not yet on trial, made her first appearance in the court room today. She was dressed fashionably in deep mourning. Her face was livid. During the description by physician witness of the three gunshot wounds several skull fractures and nineteen knife wounds found in the autopsy, Mrs. Nott suddenly slid from her chair to the floor in a faint and had to be carried to the Sheriff's room to recover.

The second shock came late in the afternoon when Wade, in passing her to leave the court-room during a recess, suddenly leaned over and kissed Mrs. Nott in plain sight of his own wife who was sitting only a few feet away. Mrs. Nott screamed and swooned under the kiss and was carried out for a second time. The defendant's young wife also fainted. The court-room became a bedlam and order was restored with difficulty.

AIRPLANE DESTROYED.

San Francisco, Calif., Jan. 4.—An airplane of the Trans-Continental Air Mail Service, caught fire and was destroyed in a forced landing two blocks from the City Hall today, but the pilot, S. S. Boggs, of Oakland, was unhurt. Half of the 270-pound mail cargo was burned.

PREMIER MEIGHEN LEFT FOR OTTAWA.

Winnipeg, Man., Jan. 4.—Premier Meighen left for Ottawa tonight after many consultations with local leaders and largely on local issues. One matter discussed, however, with the Premier's lieutenants in the West may be of more importance later. Organization plans for the Federal Government in Manitoba were debated at a caucus today. While no official statement will be issued for a few days on the conference, it is learned that preliminary plans were reviewed for the next Federal elections which will come after the census and re-distribution.

W. L. MACKENZIE-KING FAVORS DISARMAMENT

Sends Message To The New York World In Response To Request

Ottawa, Ont., Jan. 4.—(By Can. Press)—Hon. W. L. Mackenzie-King, Liberal Leader, in response to a request from the New York World for an expression of opinion on the subject of disarmament today sent the following telegram to the editor of that newspaper: "Replying to your wire requesting my views on the subject of general disarmament by agreement among Great Britain, Japan and the United States, my sympathies are most strongly with the movement for disarmament for which so many hoped as one of the results of the Allied victory and a consolation for its terrible toll of human life. "It would be deplorable if we were slowly and painfully to rebuild our civilization only to have it destroyed or disorganized by such another conflict. The best and wisest aims of Great Britain, Japan and the United States are common, non-conflicting, and their failure to combine in this great effort will mean the bankruptcy of world's statesmanship."

MARTIAL LAW AREA EXTENDED

In Ireland To Include Clara, Waterford, Wexford And Kilkenny.

Dublin, Jan. 4.—An official proclamation extends the martial law area from today to counties Clara, Waterford, Wexford and Kilkenny and to the City of Waterford.

Martial law was proclaimed by Dublin Castle over the city and County of Cork, the City and County of Limerick and the Counties of Tipperary and Kerry, on December 16, Dublin City and the County of Dublin were not included in the martial law district.

In an announcement to the House of Commons on the same day, Mr. Lloyd George declaring the intention of the British Government to put down lawlessness in Ireland said that if conditions should warrant it, the interdicted area would be extended.

Other States in which the legislatures are to convene today for their regular sessions are Maine, Colorado and Washington.

Sir Alfred Mond, eminent British financier, leaves England today for Palestine to investigate conditions there in connection with Zionist plans for the country's development.

President-elect Harding is to receive the thirty-second degree as a Scottish rite Mason today from the lodge in Columbus, O., of which Presidents Garfield and McKinley also were members.

Petroleum, labor and banking questions will be the principal business to be laid before the special session of the Mexican Congress which has been called by President Obregon to assemble today.

VON TIRPITZ STILL TALKING FOR TROUBLE Munich, Bavaria, Jan. 4.—Admiral von Tirpitz, who was the German Naval Secretary for the first two years of the war, does not believe a kindly fate will give Germany two hundred years to revive, as after the Thirty Years' War, because of the surrounding hostile nations. He makes this known in an article written for a South German publication. While arguing that Germany's situation seems hopeless, the Admiral writes: "It must be said that the eighty million Germans in Middle Europe can be an invincible power if they hang together and are willing to sacrifice for national unity. If they separate nothing but dreams will remain for them."

MODISH MID-WINTER MILLINERY Dangling crystal beads make an interesting decoration on one of the hats illustrated in this group. White silk beaver is chosen for the fashioning of this attractive model. A band of fitch gives a pleasing finish to the brim. The poke shape is favored in the charming sport model that is originated in white ribbon. The rows of ribbon are very cleverly held together with loops of black silk. The hat that completes the trio is a mourning mode. It is made of black crepe, which is effectively draped. An outstanding black pin and dull black cocque feather that falls over the hair prove satisfactory trimmings.

Vegetables In Winter

(BY LORETTA C. LYNCH) An Acknowledged Expert in All Matters Pertaining to Household Management.

Too many people cut down on their use of vegetables just as soon as the colder days come along. Oh yes, they continue to have potatoes and occasionally another vegetable but in general a liberal use of vegetables is not planned for in the diet.

All the great minds working on the problem of food agree that a liberal use of vegetables in the diet at all times is not only desirable, but really essential if good health is to be maintained. "But," say you, "my family do not like vegetables." It is better to say that the family have not LEARNED to like as many vegetables as they are going to like in the near future. We have to be trained to like that which is good and best for us.

This is not only true of articles of diet, but it is true of many other habits of life. A man or woman must be trained to like to bathe. People must be trained to care for the teeth and hair and all the other essentials of the well-kept body. Few like olives the first time they taste them. Yet, by persistence, these same folks become devotees of the olive. So, it must be with all the available vegetables.

Of course, the housewife's problem of serving vegetables in winter is more difficult than in summer. But it is a problem quite worthy of our best thought. Vegetables, like fruits, help to keep the blood right. They help to keep the body working right. And since each vegetable offers the body some mineral salt that it particularly needs for correct functioning, the necessity of a wide variety of vegetables in the diet is obvious.

In only limited areas of our country are fresh vegetables available throughout the winter. But in every vicinity, the housewife can procure the dry or canned vegetables. Of the dry vegetables most of us are acquainted with beans, peas and a few others. But we should know that there are vegetables termed de-hydrated. This simply means that the water has been removed and can be restored by soaking. Of the de-hydrated vegetables, perhaps the more familiar are corn, carrots, spinach, celery, beets. But there is a wide variety of them. And it will repay the housewife to ask the best grocer in the neighborhood about them.

PHOTOGRAPHS FUNERAL Hamilton, Ont., Jan. 4.—During the funeral of Sylvester Nebekall, a Russian, here today, a photograph of the people in attendance, with the coin containing Nebekall's body in the middle of the gathering, was taken on the lawn. A suggestion that the coffin be placed on end and the widow stand beside while the photograph was being taken was rejected by the widow. All those attending the funeral walked to the cemetery, the time required for the long tramp being over two hours. An Italian band headed the cortege.

Dufferin Park Meet Finished —Gees Shipped To Mt. Clemens, Mich.

Toronto, Ont., Jan. 4.—Three days' racing in mud at Dufferin Park ended today with the finish of the ninth heat in the 2:18 trot, and a number of the horses which competed will be shipped to Mount Clemens for the meeting which opens there on January 24. May Go finished first in the last heat of the trot, but was set back to fifth place for having cut across Bucko at the half-mile post. This gave the heat and race to Belle Coronada, with second money to May Go and third to Bucko. The 2:14 pace was won in straight heats by Prince Abbe, and Gray Eagle won the 2:18 pace which went four heats. The 2:22 pace was declared off owing to lack of entries.

CANADA GETS INVITE FOR HOCKEY MATCHES

New York, Jan. 4.—(Canadian Press)—An invitation has been extended to Canada to enter a team in the international hockey matches which are to be played at Stockholm, Sweden, in the latter part of February. E. J. Viborg, who represents the promoters of these matches in the United States, today announced that he had written to the Canadian Amateur Hockey Association, asking that a team of hockey stars from the Dominion be sent to Stockholm to compete against the pick of the European teams.

The Stockholm matches will begin on February 25. According to Mr. Viborg teams have been entered by the following countries: Sweden, Belgium, Switzerland, Czechoslovakia and France. Mr. Viborg made an effort to interest United States hockey promoters in sending a team, but without success.

TEX RICKARD ORDERED TO PAY DAMAGES.

Philadelphia, Pa., Jan. 4.—George L. "Tex" Rickard, fight promoter, was ordered today to pay \$500 to William H. Rocap, a boxing referee and sports writer, by the jury in Rocap's slander suit against Rickard. Rocap charged that his reputation had been damaged by remarks made by Rickard the day following the Willard-Dempsey fight in Toledo, Ohio, July 4, 1919. He alleged that Rickard, offended at an article by Rocap criticizing the match, sent to newspapermen that Rocap was a blackmailer and had "tried to hold him up for \$1,000." Rickard denied having made such a statement. The two men had an altercation before the match, when the promoter refused to redeem tickets returned by Rocap.

MORRIS RATH FOR SEATTLE.

Cincinnati, Jan. 4.—After denying a report that Morris Rath, second baseman of the Cincinnati Nationals, has been sold to the San Francisco Club of the Pacific Coast League, August Herrmann, president of the Reds, this afternoon admitted that Rath would be transferred to the Seattle Club, of the Coast League. The transfer will be part of a deal which brought Pitcher Herb Brenton and infielder Sam Bohne to the local club, Herrmann said.

UNIVERSITY FINANCING

Toronto, Ont., Jan. 4.—Western University, London, Ont., requires a minimum of \$2,540,000 to properly finance that institution during the next five years. To meet immediate building requirements there is needed \$1,300,000, and to provide for maintenance for the next five years, \$1,240,000 will be needed. These figures were placed before the Royal Commission on University Finances here today in a report from the university at London.

Intend To Gamble With Money That Belongs To U.S. Government (Mail and Empire) Improvement in general business and higher prices for securities in 1921 are the predictions now made by New York bankers and captains of industry. With security values around the lowest levels for three years and reports coming to hand of a falling off in general trade, these predictions may seem unwarranted under present conditions, but they are nevertheless made by far-sighted financiers and business interests. Business betterment is not expected to begin with the opening of the New Year. On the other hand, trade is expected to continue diminishing during the first three months of 1921 while industrial companies continue to put financial structures in shape and liquidate the large amount of unsold goods accumulated on their shelves.

SAY SICKNESS NOT PREVALENT

During Past Year in Province Other Than Outbreak Of Grippe

Montreal, Que., Jan. 4.—It was stated at the office of the Provincial Board of Health today that there has been no prevalence of sickness, other than the outbreak of grippe that occurred at the beginning of the period, to find a serious place in the records, during the past year.

The Board has nevertheless been actively engaged in the development of plans for the general improvement of health conditions in the Province, one of their undertakings being the establishment of dispensaries, two in Montreal and one in Quebec; and of laboratories and clinics designed to assist in treating venereal troubles.

Dr. Pelletier and the staff of the Board have recently been giving special attention to the question of tuberculosis and infant mortality and for the new year have organized a plan of campaign which is about to be submitted to the Government. In a table prepared in connection with this campaign it is shown that Quebec in 1911 had 185 deaths per thousand births, and that by 1919 this had been reduced to 142 deaths per thousand births.

MOVIE THEATRE BURNED

Dublin, Jan. 4.—A moving picture theatre in James Street, Tipperary, was set on fire Monday night and burned down. Earlier in the day the proprietors had given a free entertainment to soldiers.

DIED OF EXPOSURE

Ketchikan, Alaska, Jan. 4.—Two hunters died of exposure and a third is critically ill as the result of being caught in a blizzard on Mary Island, 30 miles south of here. The dead are Herbert Scott, assistant light-house-keeper on Mary Island, and Leslie Williams, 17, a high school student. Charles Chapman, another high school boy, is the survivor.

Searchers Sunday found Williams' body at the foot of a cliff, over which he had fallen, and Scott's body was found yesterday half a mile from the lighthouse. His trail showed he had crawled more than two miles in an effort to reach shelter.

FORGED WHISKEY

Chicago, Ill., Jan. 4.—Whiskey permits bearing the forged signatures of Federal officials in New York and Chicago were sold to anyone who wanted them and for as many gallons as were desired at the rate of \$8 for each gallon, according to evidence which Federal officials to-night say they had obtained through arrests made in the past few days in connection with an alleged whiskey ring which was said to have maintained headquarters in Chicago and Jersey City, N. J., and to have been backed by Government officials.

ANOTHER BOMBING

Cork, Jan. 4.—Incident of another bombing resulting in the wounding of six constables, followed by rifle and machine-gun firing and the wounding of several civilians occurred this evening.

A detachment of police was crossing Parnell Bridge about 7:30 o'clock when a bomb exploded among them. The bridge is near police headquarters from which a large force promptly turned out with rifles and machine-guns. These, it is stated, were aimed upon the constables and neighboring streets. Two women and three or four men were wounded, but not fatally. None of them, so far as is known was connected with the outrage.

SOUTH AFRICAN MARKET

Flooded with Flour Ottawa, Ont., Jan. 4.—(Can. Press)—In a report to the Department of Trade and Commerce, P. W. Ward, Canadian Trade Commissioner at Capetown, reports that the South African market is flooded at the present time with imported flour. The Government, he says, has from 15,000 to 20,000 tons of its flour purchases from Canada lying idle in its warehouses. The new season's crop promises well, with the result that there does not seem a possibility of any further shipments of flour or wheat being required from Canada for many months.

CONSIGNMENT OF CANARIES.

Philadelphia, Pa., Jan. 4.—The first consignment of canaries since the war reached Philadelphia today on the steamer Kerlew, from Hamburg. The attendants told of a day and night battle to keep "cat sized" rats away from the cages where the 5,000 birds, many of them rare-Bull Finches and Gold Finches were kept.

BALLOON LANDED IN DENSE FOREST

Not At Moose Factory Trading Post As First Stated

Cochrane, Ont., Jan. 4.—(By Can. Press Staff Correspondent, copyright)—The latest information in regard to the American balloonists is to the effect that they did not land at the Moose Factory trading post, as was first stated, but twenty miles northeast of the post in a dense forest. Lt. Kleer stated that the party were lost in the wilderness for four days before their rescue was effected and due to the rather mild weather which prevailed at the time of their landing they did not suffer from freezing but were in good health when they reached the trading post of the Hudson Bay Company.

Indians who brought the word of their safe arrival to Mattice, state that 14 days of steady travelling will elapse before the party reach the trading post if no storms materialize it will take them longer.

The party did not know where they were when they made the landing and it was a matter of good luck that they happened to land so near to Moose Factory post. They reached the post on December 18. The landing was effected in the forest at 2 p.m. Dec. 14.

Representatives of the press are starting north by dog team with Indian guides to meet the returning balloonists.

Moose Factory Indians are now growing quite accustomed to the appearance of airplanes and balloons coming seemingly from no place in particular, but dropping in on them without notice and they seem to regard it as a common occurrence. The party of balloons will likely stop off at Cochrane on their way south.

According to the Indians who reached Mattice, and Mr. Rackham, of the Hudson Bay Co., was the first man to carry the news of the air-men's safety to a telegraph station and wired the message through to Rockaway Point.

MEN'S SPRING AND SUMMER CLOTHING SALE

Opened in Chicago Yesterday—Manufacturers Offered Suits Much Below 1920

Chicago, Ill., Jan. 4.—The market for men's spring and summer clothing was offered at \$30, compared to \$47 last fall, and \$43 one year ago. A standard worsted suit is now wholesaled at \$34 compared to \$45 for spring of 1920. The very finest worsted suits made in America are now offered at \$53 compared to \$80, the price last fall. Fine worsted trousers are now \$9 compared to \$12.50 last spring. Prices for summer goods such as mohairs and palm beach range upward from \$14.50 compared to \$16.50 last year.

Buyers from every part of the United States say that they have for the most part liquidated goods bought at peak prices and from now on clothing will be retailed on the new level.

RECORD OF FAILURES SHOWS BIG INCREASE

New York, Jan. 4.—R. G. Dun and Company's record of failures for 1920, made public today, showed 8,581 commercial failures throughout the United States, with \$29,121,805 in indebtedness, against 6,451 failures in 1919, involving liabilities of \$13,291,237.

The increase of 2,430 in number of commercial insolvencies last year as compared with those of 1919 is relatively much smaller than the expansion of \$181,800,000 in liabilities, showing the rise in number of failures to have been 37.7 percent and of indebtedness 169.5 percent, the report said.

CURIE PAYS FINE

Montreal, Que., Jan. 4.—A sincere appreciation of the work of the Y. M. C. A. that was given to-night by General Sir Arthur Currie at the mid-season rally and dinner of the boys attending the various educational classes in connection with the Central Y. M. C. A. at Headquarters here.

"The Y. M. C. A.," he said, "made us men better soldiers. I think so much of the Y. M. C. A. that if I ever had to go to another war I don't think I would go without such an organization as the Y. M. C. A."

ASYLUM ATTENDANTS FREED

Toronto, Ont., Jan. 4.—Following the verdict of a coroner's jury in the case of John Jodrell, who died a few hours after being admitted to the Asylum for the Insane in this city, three attendants were freed from custody. Morgan, Keen and Grant, who were arrested as material witnesses in the case, were released from custody today.

SANCTION FOR LEGAL ACTION

Against Trades And Labor Congress Executive Given By Ry. Brotherhood

Ottawa, Ont., Jan. 4.—The Executive of the Canadian Brotherhood of Railway Employees today gave official sanction to legal proceedings against the Executive of the Trades and Labor Congress of Canada to prevent the latter body from carrying out its intention of revoking the charter of affiliation of the brotherhood. The stand taken is that the brotherhood, having contributed to the funds of the Trades and Labor Congress, had certain rights in the administration of the property and funds of the Congress. The course of legal action is being left in the hands of the brotherhood's solicitor, Mayor Harold Fisher of Ottawa.

In a statement issued this evening, the Executive of the C. B. R. E. unanimously endorsed the stand taken by the Grand President, A. R. Mosher, for the autonomy of the Canadian workers, both independent of and in affiliation with international trade unions. The statement expressed the opinion that the action of the Trades and Labor Congress Executive in attempting to revoke the brotherhood's charter of affiliation was to a large extent animated by representatives of international unions who hoped to force the C. B. R. E. into amalgamation with the international and thus obtain control over the Canadian Railroad Workers.

"We believe," says the statement, "The Executive of the Trades and Labor Congress have exceeded their authority in the action they have taken in an attempt to prevent us from exercising our rights in the administration of the property and funds of the Congress to which we have contributed. Realizing as we do that the Canadian Brotherhood of Railroad Employees, organized in 1903 without any assistance from the Trades and Labor Congress, and that we successfully carried on the work of the Brotherhood for nine years previous to affiliating with the Congress, no doubt is entertained as to the future successful operation of the Brotherhood, regardless of whether we retain our affiliation with the Trades and Labor Congress or not."

"It might not be amiss to mention the fact that in the three years we have been affiliated with the Trades and Labor Congress, it was never suggested or intimated by the Executive of the latter body that our affiliation was undesirable, nor has it ever been suggested that our brotherhood was not functioning in the best interests of its membership and organized labor in general. On the other hand we have several communications from Executive officers of the Congress, in which special mention is made of the good work that the Brotherhood has done and is doing. This confirms the opinion in our minds that the Executive of the Trades and Labor Congress in collusion with certain other individuals who are more interested in the salaries they draw from across the border line than they are in advancing the best interests of Canadian workers, hoped by their action to force the membership of our Brotherhood into the organization controlled by the workers in the United States."

"We still have, we regret to say, certain individuals in the organized labor movement in this country whose sense of honor, fair-play and square dealing is limited to the point where it affects adversely their pocket-books. They play the role of friendliness and loyalty just so long as by so doing they can serve their own personal and selfish ends, but very quickly turn to subterfuge and misrepresentation, when by so doing there is a prospect of greater personal gain. Such individuals have yet to learn that the true, loyal and intelligent workers of this country cannot be stampeded or coerced into abandoning their principles, and submerging their identity to suit the financial whims of those who seek by autocratic methods to dominate the rank and file, regardless of consequences. Our Brotherhood is controlled by Canadian railway and express workers and it shall continue to be controlled by them."

"Any locals established by our brotherhood outside of Canada will be given complete autonomy. Dues and fees paid by any such members will be theirs to administer as they deem best. Our interest in them will be confined to assisting and cooperating for the mutual advancement of all concerned."

"We believe," says the statement, "The Executive of the Trades and Labor Congress have exceeded their authority in the action they have taken in an attempt to prevent us from exercising our rights in the administration of the property and funds of the Congress to which we have contributed. Realizing as we do that the Canadian Brotherhood of Railroad Employees, organized in 1903 without any assistance from the Trades and Labor Congress, and that we successfully carried on the work of the Brotherhood for nine years previous to affiliating with the Congress, no doubt is entertained as to the future successful operation of the Brotherhood, regardless of whether we retain our affiliation with the Trades and Labor Congress or not."

GERMAN FOREIGN OFFICE SENDS ANOTHER NOTE

Prescriptions of Peace Treaty Loyalty Kept in Police Reorganization

Berlin, Jan. 4.—The Foreign Office here sent another note to the President of the Inter-Allied Military Commission in reply to the Commission's note of December 23, in which the belief was expressed that the "ordnungs polizei" (police to keep order), were nothing but security police reinforced, and that the ununiformed police had been in a manner not permitted by the peace treaty.

C. N. R. DIRECTORS WILL NAME REPRESENTATIVE

Winnipeg, Man., Jan. 4.—(By Canadian Press)—The Board of Directors of the Canadian National Railway will meet January 20 to appoint another representative on the conciliatory board to deal with the political order of President D. B. Hanna, according to word received today in the dispute.

President Hanna having expressed dissatisfaction with the appointment of F. H. McGuigan as the company's representative, a wire was sent to the Minister of Labor, asking for permission to appoint someone else. This permission has been granted.

TO INAUGURATE AN EDUCATIONAL CAMPAIGN

Prince Albert, Sask., Jan. 4.—That the Government of Saskatchewan proposes to inaugurate an educational campaign for better observance of the laws with regard to the control of intoxicants is the statement given out here by the Hon. W. F. A. Turgeon, Attorney-General. The campaign will be under the direction of the Rev. Dr. J. C. Nichol, of Saskatoon, to whom the post has been offered.

Mr. Turgeon said that up to the present forcible repression had been the only instrument in the enforcement of the liquor laws. The Government had considered the time opportune for the adoption of a campaign to create a public spirit in favor of law observance.

MILLS TO INCREASE WORKING SCHEDULE

Biddeford, Maine, Jan. 4.—Notice was given today that beginning with this week, the Peppercorn Mills in this city and the York Mills in Saco, employing together 6,000 hands, will increase their working schedule to four days a week. For the past month they have been working only three days a week. A wage cut of 12 1/2 per cent, is in effect here.

THE EMERGENCY TARIFF BILL

Hearings Decided On By U.S. Senate Finance Committee For Tomorrow

Washington, Jan. 4.—Hearing on the House Emergency Tariff Bill were decided upon today by the Senate Finance Committee. They will begin Thursday and end next Tuesday.

Chairman Penrose, presiding for the first time in thirteen months, explained that his office had received many requests for further opportunity to discuss the tariff measure and did not oppose the hearings. Members of the committee said, however, that he had made it clear he was opposed to affirmative action by the Senate on the tariff measure.

After the meeting Senator Penrose dictated a statement saying that undoubtedly both measures would be reported to the Senate. However, he expressed no opinion as to the probable action there.

Although members of the committee declined to discuss in detail what had transpired behind the closed doors of the committee room, the impression went out that the session had developed something bordering on a row. One senator said: "There was some sharp talk."

Mr. Penrose indicated there had been no discussion on the proposition of holding hearings on the tariff measure, and Senator Smoot Republican, of Utah, said there had been little talk on the merits of the bill.

It was indicated that some of the southern senators had attempted to throttle the measure. Senator Penrose made public communications from interests seeking to be heard on the tariff proposal. They included the Merchants' Association of New York, the California Citrus League, the National Board of Farm Organizations, National Association of Wool Manufacturers, Foreign Trade Club of San Francisco and various companies of the South.

CONFERENCE ON FISH REGULATIONS

St. John's, Nfld., Jan. 4.—Governor Harris of Newfoundland presided at a meeting of fish exporters today, called at the request of Premier Squires to discuss the proposition to cancel several of the fish export regulations which have been in force for several months. The meeting unanimously approved such cancellation.

Several speakers urged that certain regulations which the Government proposes to retain also be cancelled and it was agreed to consider this matter at a later meeting.

The Premier explained the present situation, with exports of fish, the Colony's principal product, at a standstill. The regulations were drawn up in the hope of enforcing higher prices for Newfoundland fish in European markets.

Man Found Dead After Two Days Montreal, Que., Jan. 4.—The body of Philip Henry Anglin, 72 years of age, of 145 St. Elizabeth Street, was taken to the morgue to-night. Anglin's body was discovered by Sergeant Young and Constable St. Jean, at the City Hall Avenue Station, where they had broken down the front door to gain entrance, having been called to the house by Mrs. Tilly Thomas, the dead man's daughter, and her son, who had knocked at the door and received no answer and, knowing that Anglin was in the room, they decided that something was wrong, and they went to the police station. When Sergeant Young and Constable St. Jean entered the house with Mrs. Thomas and her son, they found Anglin lying dead on his bed in his room. Anglin had been dead two days, according to the morgue men.

RECOVER BODIES FROM DROWNING

Philadelphia, Pa., Jan. 4.—The bodies of D. Clarence Gibboney, who won fame as a reformer, here, John R. Markley, Lawrence Markley and Frank W. Shriver, who were drowned off the coast of Yucatan, have been recovered, according to a telegram received by John F. Brouney, a business associate of Mr. Gibboney.

The bodies and those of four Mexicans, who were members of the party, were washed ashore and the men were in Mexico to inspect the lands of the tropical products Company and were drowned when their sail boat capsized in a storm on December 29.

PROTEST AGAINST EMBARGO

London, Jan. 4.—(Can. Asst. Press)—At a meeting at which upwards of three thousand London butchers and meat salesmen were represented, held here today, it was unanimously resolved to send a strongly worded protest to the Government against the continuance of the embargo on the importation of Canadian cattle into the United Kingdom on the ground that it is seriously affecting the supply of home-killed meat.

B. C. POPULATION

Victoria, B.C., Jan. 4.—(Canadian Press)—British Columbia's population is 555,536, according to Dr. Henry Young, Secretary of the Provincial Board of Health, who today made public his report for 1920. This total includes 25,649 Indians. The total population is an increase of \$9,700, or a little more than 20 per cent over the previous year.

CONFLAGRATION AT ST. HYACINTHE

Several Stores Were Badly Damaged In Serious Fire Outbreak Yesterday

A serious fire broke out yesterday morning at St. Hyacinthe and for a time threatened to wipe out the entire business section of the town. The firemen did splendid work in controlling the flames and finally mastered them, but not before several stores were damaged.

The buildings damaged are the following: A. Blondin & Co., T. J. Orsault, E. St. Jean, M. Tringue, Michel Bousquet, Nassef & Freres, Saul Cadorette, Dominion Express office and others.

The fire was under control by ten o'clock yesterday morning.

THE ULSTERMEN ARE PREPARING TO MAKE OPENING OF NORTHERN PARLIAMENT AS IMPOSING AS POSSIBLE

London, Jan. 5.—Ulstermen are preparing to make the opening of the Parliament for Northern Ireland as picturesque and imposing as possible, endeavoring to obtain the consent of the King to personally open the first session, or to have the Prince of Wales do so if the King is unable to be present, says the London Times.

The newspaper adds that starting the Ulster Parliament is a fairly simple proposition but that the crux of the problem will be met in Southern Ireland. However, it says, the Government has virtually decided upon a bold course. Final decision has not yet been taken, but according to the Times the Government has practically resolved to reject the advice of cautious advisers to defer elections for the Southern Parliament until the results of the Ulster experiment are seen, and bring the Act into operation in both areas simultaneously, having elections for the two parliaments concurrently.

Apparently the Government is prepared to run the risk of considerable Sinn Fein absentions, the paper asserts, hoping to secure the vote of the moderate elements, including the old constitutionalists, under the leadership of John Dillon.

MONTREAL BUILDERS WANT BIG LOAN

For Housing From Federal Government And Duplex Homes Allowed

Montreal, Que., Jan. 4.—That there should be a Federal loan of \$250,000,000 as a housing loan, was the crux of a proposition decided upon today at a meeting of prominent builders and labor men. The meeting was held between representatives of the National Joint Industrial Board of the Building and Allied Trades and was at the Builders' Exchange here.

It was further urged that there should be established a Federal housing board appointed by the Government, such board to include representatives of the workers.

The resolution adds that under this scheme the total value of an individual house or dwelling on which a loan is made should not exceed \$10,000 and the construction of duplex home or three-flat properties should be permitted.

FRENCH GOVERNMENT PROPOSES MEETING

Paris, Jan. 4.—The French Government sent telegraphic messages yesterday to London, Rome and Brussels, proposing a meeting as soon as possible of the heads of these Allied governments. It was learned today. The date suggested by France was from January 7 to January 12.

The proposed meeting presumably would be for discussion of the question of German disarmament, which has been the subject of recent exchanges between the French and German governments. The latest German note in which it was declared Germany had done her best to live up to the terms of the Versailles treaty and the Spa agreement regarding disarmament but had found it impossible to carry them out to the letter, was received by the French Foreign Office.

MORE DETAILS OF DISASTER

To Spanish Steamer Show Her Driven On Cliffs By Violent Squalls

Madrid, Jan. 4.—Further details of the disaster which befell the Spanish steamer Santa Isabel off the coast of Villagarcia on Saturday, show that violent squalls drove the vessel toward the cliffs, where she struck hidden rocks, which practically tore her to pieces. She became submerged almost immediately, leaving no time to launch the boats. Only a few of the crew on duty and passengers who occupied upper-deck staterooms were able to throw themselves into the sea. The captain was washed from the bridge when the steamer became submerged.

According to some of those rescued who were in a condition to converse there were terrible scenes in the water, when mothers tried to fasten their children to floating timbers.

The Santa Isabel was able to send a wireless message announcing the wreck, but the wireless apparatus did not continue working long enough to give the vessel's position. Thus the authorities were unable to instruct the fishing trawlers which went to the rescue.

Some fishermen who came into port late Sunday morning, taking refuge from the storm, told of a vessel ashore on Salvora Island, saying they believed it to be the Santa Isabel, as they recognized a foremast sticking out of the water. They had been unable to approach the steamer owing to the danger from heavy seas.

The authorities immediately ordered trawlers to start out, and they arrived on the scene and picked up twenty six members of the crew and twenty seven passengers clinging to wreckage, apparently the only ones left alive.

More than one hundred bodies have been washed ashore and these will be buried on Salvora Island. The Santa Isabel took aboard at Corunna, 31 passengers intending to sail for Buenos Aires. Crowds of peasants from the vicinity of Ferrol are arriving at the seacoast in quest of news of relatives who were among the emigrants aboard.

HAVE ARRIVED AS STOWAWAYS

P. J. MacSwiney And Daniel O'Callaghan Are Identified At Newport News

Newport News, Va., Jan. 4.—Two men, who identified themselves as Peter J. MacSwiney, brother of the late Lord-Mayor of Cork, and Daniel O'Callaghan, present Lord-Mayor of Cork, arrived at Newport News tonight as stowaways on the United States steamship Westcannon from an Irish port. MacSwiney carried a passport issued by a United States Consul.

Daniel O'Callaghan, as Deputy Lord-Mayor of Cork performed the duties of Lord Mayor MacSwiney, while the latter was in prison in London. Shortly after MacSwiney succumbed to his hunger strike late in October, O'Callaghan was elected Lord-Mayor to succeed him.

Recently the Lord-Mayor sent a cablegram to the Irish-Americans of the United States, urging them to organize a relief fund for Ireland. He also appealed to the American Red Cross to send a contingent to Cork speedily to aid the sufferers from the Cork fires.

O'Callaghan presided at a special meeting of the City Council on December 13, at which resolutions giving the Cork officials' views with regard to the proposed truce between England and Ireland were adopted. These resolutions concluded by saying:

"We proclaim our unaltered determination to seek or sanction no truce save such international agreement as may be arranged between the Dail Eireann and the English Government."

Immediately upon arrival of the Westcannon immigration authorities discovered the two men on board and disregarding the claims of their identity, had them placed in jail pending investigation. Upon showing his passport, MacSwiney was released and the Lord-Mayor was freed as soon as authorities arrived. The Lord-Mayor took up his residence for the time at a hotel, refusing to discuss any details of his visit. According to MacSwiney, however, O'Callaghan is in this country at the invitation of the "Committee of One Hundred" at Washington, investigating the Irish situation.

O'Callaghan is under guard furnished by immigration officials. Experienced Difficulty.

RE-OPEN WITH MUCH DECREASED FORCES

Detroit, Mich., Jan. 4.—Despite the fact that several Detroit automobile plants re-opened yesterday after inventory they did so with greatly decreased forces and 100,000 fewer men are employed here now than was the case two weeks ago.

Mr. Grant stated surveys conducted today showed only about 50,000 automobile workers employed in Detroit at present. Normal times the number employed here is about 300,000, he asserted.

"The plants here that have re-opened this week made only a start," Mr. Grant said, in answering rumors that the industrial situation was brightening here.

Building Collapsed New York, Jan. 4.—More than half a dozen persons were injured today in the collapse of a building under construction in Brooklyn. Falling debris injured a woman passing the building on the sidewalk. The other casualties were workmen employed on the structure, some of whom were knocked off of scaffolds by falling bricks.

MURDERED MAN AND FORGOT ABOUT IT

Kansas City, Mo., Jan. 4.—A woman giving the name of Lillian McGill, 29 years old, today called at police headquarters and told a story of killing a man Sunday night placing the body under the bed and forgetting about it until a week when she started to sweep her room.

Patrolmen visited the room in a small hotel, and found the uncleaned body of a man about 25 years old.

WORTHY HONORS.

The Chronicle is pleased indeed to associate itself with the general expressions of congratulation and appreciation voiced by the Press of Canada in connection with the Baronetcy conferred upon Mr. Donald MacMaster, M.P.

It is now so long since the new Baronet sought a wider field for his ambitions in Great Britain that his name even may be unfamiliar to many of the generation that has grown up in this Dominion.

The sight of a citizen of one of the Colonies or Overseas Dominions seeking election in a British constituency is now one to which inherent British conservatism has become accustomed and accepts in the ordinary course of events but, fifteen years ago, in 1906, when Sir Donald first stood as a Unionist candidate for the Leigh Division of Lancashire the spectacle was more of a novelty and it argued no ordinary merit that he should have been successful.

Sir Donald MacMaster, K.C., D.C.L., M.P., was born at Williamstown in Glengarry, 1846, the son of Donald MacMaster and Mary Cameron. In 1871 he graduated from McGill University as B.C.L., when he was Elizabeth Torrance gold medal prize essayist and valedictorian.

Sir Donald served as Crown Prosecutor in several Canadian causes and as Arbitrator between the Newfoundland Government and the Reid-Newfoundland Railway, 1904-5. He was later Counsel for the United States Government in the Gaynor and Greene Extradition Inquiry and Appeals thereon to the Judicial Committee of the Privy Council.

Such is a hasty survey of a record that any young Canadian might set before himself as an ideal for emulation, one that fully justifies what ever rewards it has received. There will be no dissent from the verdict of approval passed upon this particular choice by the King of a public servant for inclusion in the historic list of New Year's Day Honors.

EXPORT PAPER NOT PULPWOOD.

The Canada Lumberman has apparently taken for its New Year's resolution the slogan "Let Canada keep Her Pulpwood and Export Her Paper" if we are to judge from a feature article on this subject in its January issue.

As the Lumberman points out, it is of course well known that pulpwood cut on the Crown Lands of Quebec, Ontario and New Brunswick cannot be exported without being first converted into pulp or paper. This enactment is of a provincial character and was wisely placed on the statute books several years ago.

on the pulpwood limits of a leading pulp and paper organization of the Dominion and Canadian pulpwood should all be turned into the finished product by Canadian mills. The only argument raised against such a restriction has been a plea put forth on behalf of the settler that he would be deprived of access to the market over the border. He would thus, it is said, be at the mercy of Canadian concerns and would not be able to realize the top notch price for his commodity.

"Canada should waken up to the fact," declares the Lumberman, "that stumpage is a valuable asset. It is something that cannot be reproduced in this generation or the next, and holders of pulpwood lands are assured, by reason of diminishing supplies and an annual augmented demand of a reasonable figure for their product.

"It has been charged that Canadians are lacking in national aggressiveness, public spirit and self preservation. Is it not therefore time that the export of pulpwood from privately-owned holdings should cease, and a Federal Act to this end passed at the forthcoming of Parliament?

"The reserves of pulpwood in Canada are disappearing altogether too rapidly. If the great pulp and paper industry is to continue in its upbuild and expansion and make of Canada the greatest pulp and paper country in the world, it is urgent that further restrictive measures be adopted in order that our future may be assured."

A SHATTERED FETTER.

The unemployment situation in Britain is now so grave that attacks on British free trade policies are coming from unexpected quarters. British manufacturing industry is incapable of carrying the whole nation on its shoulders, and agriculture, stimulated during the war, is falling back into the slough of despond.

"We produce only enough food in this country for something like a quarter of a year if the harvest is good. Fifty years ago between one-third and one-fourth of the population worked on the land. When war broke out, the proportion was between one-ninth and one-tenth. Last year we imported into this country, for home consumption, £500,000,000 worth of food, which our soil and climate were capable of producing."

The British free trader argues that it is better to buy food abroad, if it can be bought there more cheaply than it can be produced at home, even at the expense of ruin for home agriculture. If Britain imports her food more cheaply, he says, then manufacturing costs can be reduced, likewise, to lowest levels, and the nation thereby gains in exports of industrial products what it loses by relying on other countries for food.

But during the war it was discovered that Britain had a smaller percentage of men fit to defend their country than any other belligerent power. The evils of an industrialism that can exist only by grinding the faces of the poor are shown by unemployment, various measures of indigent relief, the fixity of class distinctions, and generally unsatisfactory social conditions. To meet these evils, Britain has had recourse to a mass of ameliorative legislation designed to prevent the "submerged tenth" from being swallowed up by their misery.

With peace time industrial competition returning, nations financially embarrassed by the high cost of the war, and markets to be gained only by hard effort, Britain is coming back to the old problem created by free trade. Some day the producers of Britain will be forced to come to Joseph Chamberlain's tariff reform schemes. British agriculture will have to be protected, with preference to the Dominions, and manufacturing industry will have to keep its export markets by superior efficiency. The comparatively small use of machinery in British factories, the use of high-coal coal power, the direct tax burdens, and other defects will have to be remedied. Then Britain can have flourishing agriculture and a more prosperous manufacturing industry.

ANOTHER APPEAL TO AMERICAN RED CROSS

Lord Mayor Of Cork Says Agree To Come Or Decline

New York, N.Y., Jan. 4.—Another appeal to the American Red Cross has been sent by the Lord-Mayor of Cork and other officials. The cable-

gram which was sent to the organization's headquarters at New York today, reads: "We respectfully persist in the request that the American Red Cross be sent here. It is to no advantage to suggest a British substitute; Great Britain is waging a diabolical war on our people, regardless of age or sex. Either you agree to come or you decline."

Give This to a Constipated Baby

Why Dr. Caldwell's Laxative Syrup Pepsin is the Favorite Constipation Remedy with so Many Mothers

YOUNG Mothers in the midst of bringing up a family of small children should consider it a duty to investigate the action of the various remedies for constipation. This is the ailment most common among children, and it often leads to serious diseases. It is important for the mother to know the right remedy to give, for they differ widely in action.

Children do not take kindly to drastic drugs, salt waters, calomel, physics, castor oil, cathartics, mercurials and such things, and they find difficulty in swallowing these harsh medicines even when disguised in sugar-coated tablets or pills. It is not only that the child doesn't like the taste, but these drugs are so violent that they wrench the little system. They should not be given to children.

Thousands of wise mothers, after having tried many things, give only a combination of simple herbs with pepsin, known to druggists as Dr. Caldwell's Laxative Syrup Pepsin.

There are heads of families who will want to prove to their own satisfaction that my Laxative Syrup Pepsin is as effective in constipation, as mild and gentle in action, as pleasant-tasting and safe, as I claim. Let such write me for a free sample. It will be sent postpaid. Simply say "Dr. W. B. Caldwell, 19 Front Street, Bridgeburg, Ont." Send a free trial bottle of your Dr. Caldwell's Laxative Syrup Pepsin to— and give your name and address. I will see that the rest is attended to promptly.

EXPLOSION HAD FATAL RESULTS

Armand Lagreniere, Of Cap De La Madeleine, Died At Hospital Last Night

Armand Lagreniere, aged 19 years, the son of Henri Lagreniere, of Cap de la Madeleine, died here at the Jeffery Hale Hospital last night as a result of injuries which he sustained on New Year's Eve near La Tuque.

The victim was at work in a quarry and had just placed several cartridges of dynamite which exploded prematurely. When other workers went to the assistance of Lagreniere after the explosion it was found that he was unconscious and was grievously injured about the head.

Conveyed to this city the young man was a patient at Jeffery Hales Hospital, where he succumbed to his injuries last night.

The body was removed to Moisan's Morgue where an inquest will be held this morning.

CHARGE MADE OF PERJURY

Arrest Arises Out Of Evidence In Recent Trial For Rape

Yvonne Carrier, aged 22 years, wife of Joseph Miller, was arrested at her residence in Limoulu Ward yesterday by the Provincial Police on a warrant issued from the Court of Sessions, which charges her with perjury, in connection with the trial of two young men named Marceux and Gagnon, who were tried and found guilty of the crime of rape, at the last session of the Criminal Court of King's Beach, and sentenced to terms of imprisonment in the St. Vincent de Paul Penitentiary.

The accused young woman who is alleged to have made a false statement in her evidence, adduced at the trial, was brought before Judge Lachance in the Court of Sessions yesterday afternoon and remanded for preliminary investigation.

TORONTO FIRE MARSHAL'S WARNING

Says Any Undue Number Of Fires Will Be Regarded With Suspicion

In a New Year's message, Deputy Fire Marshal George Lewis, of Toronto, intimated that if there should be an undue number of fires in the next few months they would be regarded with suspicion. Special attention, he said, would be paid to suspicious combinations of over-insurance, unsatisfactorily financial conditions and bad business. He added:

"We will make it as hard and as unpleasant for them as we can," the deputy fire marshal said, with reference to possible cases of mercenary insurance companies turning over their obligations to the fire insurance companies. "It's the public that pays, not the insurance companies," he continued, "and we intend to protect the public during the next few months."

VETERANS NOMINATE EMPIRE DELEGATES

Montreal, Que., Jan. 4.—The Army and Navy Veterans' Association Montreal Unit, at a general meeting here to-night, nominated Maj. Taylor, of Winnipeg, Dominion President, and Captain Colbourne, of Montreal, Dominion Second Vice-President to attend the Empire Conference of Ex-Servicemen's Associations to be held in Capetown, South Africa, on February 23, next, at which Field-Marshal Earl Haig will preside. The local unit expressed the wish that General Sir Arthur Currie, their new active member, should allow himself to be nominated, but he was unable to spare the time.

THESEPIANS EMPLOYED

New York, N.Y., Jan. 4.—Five thousand actors and actresses are on the unemployed list in this city and many others are stranded at distant points, victims of widespread failure of road companies during the past year. This statement was made today by the Actors' Equity Association, which announced it had undertaken the task of succoring these stage folk, especially those thrown on their own resources in other cities.

DRAWN 260 MILES ON A TOBOGGAN

Huron Guide From Lorette Met With Accident In The North

Alfred GrosLouis, a member of the Huron tribe at Lorette, and one of the best bushmen in this district, was the victim of a serious accident recently, some 60 miles from Boisjolis.

GrosLouis left some time ago on an exploration trip with a party of surveyors and had the misfortune to have one of his feet badly cut, which disabled him so that he was unable to walk.

His companions, Messrs. Bernier and Derocles, placed him on a toboggan and began the difficult trip back to civilization with the injured man. It required two weeks of travelling to complete the journey from where the accident occurred to Murray Bay.

QUEBEC AMATEUR SKI CLUB BALL

Social Event Held In Chateau Last Evening Was Most Enjoyable

The Quebec Amateur Ski Club Ball which was held in the Chateau Frontenac last night was in every way a most successful event, and was much enjoyed by the guests who numbered about two hundred and fifty, mostly of the younger set. The function was graced by the presence of Mrs. L. A. Taschereau, wife of the Premier, and Mrs. Antonin Gagnon, wife of the Minister of Public Works.

The arrangements for the Ball were excellently carried out and reflect great credit upon the officers of the Club, Messrs. Roddy Chiquette, President, Philippe Lanctot, Vice-President; Francis Verge, Secretary; Gerald Coote, Girard Valerland, Willie Brunet, J. T. Taschereau, Marcel Lemay and Victor Dufault, Directors.

Dancing was held in the main dining room, which was tastefully decorated in the club colors of blue white and yellow being prominent in the display. The electrical display for special dances was a feature of the event. The music was supplied by the Chateau Orchestra, augmented for the occasion.

The dancing commenced at 9 o'clock and was kept up till near midnight when a recheve supper served, under the direction of Mr. Omer Lapointe, after which the company resumed dancing until about 3 o'clock this morning, when a notable and enjoyable function was brought to a close.

Amongst those who attended were the Misses Juliette Chasse, J. Boisvet, Coote, Auger, O'R'gan, Gabrielle, Hamel, Miller, Lanctot, Lambert, O'Regan, Painchaud, Ouellet, Marcelle Brunet, Germaine Brunet, Chalout, Turcot, Cloutier, Roy, Grogan, Bailly, Hardy, Chalouit, Cimion, Routhier, Barry, F. FORMER FINNISH PREMIER NOW CANADIAN SETTLER

Ottawa, Ont., Jan. 4.—The Ottawa Journal in its new columns today publishes the following:
Oscar Tokok, formerly Premier of Finland, and Leader of a band of political exiles, has settled on a farm at North Temiskaming. He is accompanied by thirty nine fellow exiles who have been banished from their native country. Tokok's who was President of the Finnish Parliament at the time of Kerensky's rule in Russia, was deposed as a result of the revolution and became a political exile. These men have formed a little colony of their own at North Temiskaming, having been sent to Canada and provided with farms by the British Government.

MISS MAUDE ADAMS IS NOT TO RETIRE

New York, N.Y., Jan. 4.—Reports current for many months that Miss Maude Adams had retired permanently from the stage were met to-night with the announcement by A. L. Erlanger and Charles B. Dillingham that she would make a reappearance under their management early next fall. It was said that in addition to appearing in regular productions each fall, Miss Adams would be seen every spring in Shakespeare and other classics.

CHATEAU RINK PROVES POPULAR

Skating Populace Has Something Extraordinary For Participation In This Exciting Sport

A spectacular and animated sight greeted a representative of the Chronicle who happened to visit the Chateau Frontenac Skating Rink last evening, when crowds were enjoying a delightful skate.

The rink is situated in the central court yard and has a skating space of about 10,000 square feet—flooded at every opportunity to maintain a glib and solid sheet of ice. Myriads of colored electric lights, artistically arranged give illumination and ornamentation. The decorative scheme is tasteful and makes the scene particularly striking and effective at night.

A professional skater demonstrates some new waltz (and other) steps and is always in attendance to teach figure skating. The rink is open from 10 a.m. to 10 p.m. Every attention is given the ladies and others learning to skate. Private dressing rooms, well heated, are provided for both ladies and gentlemen.

Splendid music—appropriate for skating—adds still more to the enjoyment. A fact which should be borne in mind is the healthfulness of open air skating. The Chateau Rink has every facility of the best in-door rinks, plus the benefit of exercise in nature's grand outdoors.

When one considers the many distinct advantages the Chateau Rink has, to say nothing of the central location, it is easy to understand its popularity.

The management deserves every commendation for providing the public with such a unique and excellent skating rink.

If you win a prize at Kent House you have a souvenir you'll proudly possess. There will be a special drawing at the dance tomorrow (Thursday) night with prizes just as "fine" as ever. Hartley's Jazz.

A GRUESOME FIND

Kingston, Ont., Jan. 4.—A parcel was left on a Canadian National train at Tweed, Ont. The conductor of the train had the parcel opened when no person claimed it, and the body of a new-born child was found in it. The body was sent to Hawlock, Ont., where the matter is being investigated.

HOPE FOR COL McLEOD

St. John, N.B., Jan. 4.—Col. H. F. McLeod, M.P., who is seriously ill with pneumonia at his home in Fredericton, was reported to have more than held his own today. The crisis will have been reached to-night and there is now a hopeful feeling that Colonel McLeod will successfully pass it.

Great Interest Being Taken In Centenary Of Quebec Curling Club—Governor-General To Witness Play, Accompanied By Household—Numerous Valuable Prizes For Competition

The President, Mr. T. Delany... The committee of management, and members of the Quebec Curling Club, assisted by the members of the Quebec Victoria Curling Club...

His Excellency the Governor-General the Duke of Devonshire, Patron of the Quebec Curling Club, accompanied by the Duchess of Devonshire with their household...

The one hundredth anniversary celebration of the Quebec Curling Club established by its very interesting history that while it was first organized by Scotsmen resident of Quebec at that period...

The following is a list of the honorary members at the time of the incorporation of the Club: Major-Gen. Galtway, R. E. Brodie, A. Fraser, J. U. Laird, D. C. Thomson, Geo. Veasey, A. Henry, A. Thomson, Geo. R. White, E. C. Wurtelle, Frank Ross, Thomas Beckett, R. R. Dobell, G. H. Balfour, John L. Gibb, John C. Thomson, Geo. T. Phillips and Peter Johnston...

The list is without question an honor roll of esteemed citizens who lived in the past of which the Quebec Curling Club should be proud to point to in the traditions of the Club. The big Bonspiel being organized in celebration of the centennial anniversary by the members of the present day is bound to be a "roaring game", and the Quebec "Knights of the Broom" are now speculating as to how many prizes will be kept at home with such an array of curlers from all sections of the country who will be here to contest in the various matches.

The Bonspiel will commence on January 24th and will continue until the 29th inclusive, when there will be contests for the four main trophies, including the Centenary Cup, the Quebec Challenge Cup, and the Chateau Frontenac Cup, and the Senator Cup for Irons, with suitable consolation prizes in each of these main matches. In addition there will be a Bonspiel during the same week for Bill Brennan, the Holt Renfrews, and the Victoria Club, and a round robin contest in Kansas City, Jan. 15. Roper will box Homer Smith, of Kalamazoo, Mich. Jan. 11 at St. Louis.

R.C.G.A. TEAM LEADING LEAGUE

By Virtue Of Victory Last Evening In Indoor Rifle Shooting

The third matches of the Quebec Military Indoor Rifle League took place on the Drill Hall ranges last evening, and on the whole, improvement was seen in the shooting, compared with the other two matches. The surprise of the evening was the defeat of the League leaders, Royal Rifles, by the 22nd Regt., and their consequent reduction to third place in the League table, the R. C. G. A. moving up to the top of the ladder by virtue of their total score, and the Voltigeurs gaining second place in the standing with an equal number of points, but a little lower score. The two Matte brothers, of the Voltigeurs, who have been the mainstay of that quintette, had an off-night, both being far short of their usual scores, which might have put the Voltigeurs into the lead, as they are only fifteen points behind the R. C. G. A.

Voltegers won from the Garrison Rifle Association, while the R. C. G. A. captured their contest rather easily from the 5th Machine Gun Brigade. Five marksmen scored equal or above the former high shoot, 88, viz.: Sgt. Conlan, C.M.S.C., 92; Bom. Paradis, Voltigeurs, 90; Sergt. Creagan, R.C.G.A., 89; Major H. J. Hall, M.C., Royal Rifles, 88; and Sgt. Auclair, 22nd Regt., 88.

Table with 2 columns: Name and Score. Includes teams like Garrison Rifle Association, Voltigeurs de Quebec, and Royal Rifles.

Joe Malone, the celebrated hockey star, and leading goal-getter of the N.H.L. last season, has accepted terms from the Hamilton Tigers, and left here yesterday to join the Ambitious City team.

This move was caused by numerous complaints that were raised because of the lateness of the hour last week when the second game finished. Tonight's games will be started sharp at 8 o'clock and 9:30. The League are determined that there will be no more kicks coming from the public regarding the time the games start or finish.

All the Voltigeur players are requested to report at the Arena at 7:15, Fred Demers announced last evening after the assembly. The boxes at the Arena will all be reserved seats from now on, Leopold Dumasse announced last evening. They will sell at \$1.00 each seat.

As a result of the Sarsfield protest regarding the goal umpire's position, a new rule was introduced last evening at the City League assembly whereby all goal umpires must be in their respective cages behind each goal, while all other officials will have to be in their respective places, the referees on the ice, the other officials in their box, etc.

SARSFIELD PROTEST STANDS AND GAME WILL HAVE TO BE REPLAYED IN NEAR FUTURE

Lively Meeting Of The City League Last Evening—New Players For The Royal Rifles—Another Set Of Penalty Rules Adopted For This Evening

At last night's assembly of the City League, several matters were discussed and acted upon. The principal one was the Sarsfield protest, and, after their written declaration had been read to the members of the assembly discussion arose over the matter. The Sarsfields emphasized two points in their protest, the first, that the puck did not enter the nets at all, and the second that the umpire was not in his cage at the time the goal was alleged to have been scored, but was some distance away from the nets, and therefore unable to be able to say whether or not the goal had been scored.

President Joe Ledden suggested, after the matter had been discussed for about ten minutes without any result being arrived at, that a Board of Arbitration be formed again this season, and that the matter be submitted to them, but the Sarsfield delegate replied that he would rather have the matter settled there and then. Joe Ledden said that Amos Burns, the umpire in question, had made a verbal statement to him, in which he said that the puck had not entered the nets, but had gone over the goal line.

The rule covering where the goal umpire must be is very vague, as it does not designate if he must be in the cage that is at the back of each goal or not. It simply says that there must be one umpire at each goal. This matter was discussed at considerable length, President Joe Ledden saying that Burns should have been in his cage, and the protest was finally arranged by saying that the Sarsfield protest should stand, and the game would have to be replayed before the beginning of the second half of the series.

Another warm argument arose out of the penalty system now in vogue. According to the C.A.H.A. when a player is ruled off his team must play a man short until his time is completed. The Sarsfield and C. N. R. representatives wanted this amended so that when a player was ruled off, a substitute might be permitted, and he Sarsfield delegate presented a motion that for a three minute penalty a player could be replaced, for a major penalty of five minutes, no substitute could be allowed on the ice until the five minutes was up, and for a match penalty, the player would go off for the rest of the game, and a substitute player could embark on the ice after ten minutes and expired.

This rule was also discussed at considerable length, the Sarsfield and C. N. R. delegates showing themselves in favor of it, while the Voltigeurs were absolutely opposed to it, wanting the former rule of no substitution continued. The Royal Rifles declared that they did not care what kind of penalty system was employed. Major Gendron, for Royal Rifles, suggested that the Royal Rifles and Voltigeurs play their game this evening under the no substitution rule, and the Sarsfield and C. N. R. ex-actettes play under the other set of penalty rules, but this was not entertained for an instant.

Mr. Lepine, for Voltigeurs, moved an amendment, but found no seconder, and was accordingly dropped. On the vote for the Sarsfield motion, all were in favor except the Voltigeurs, and it was decided that the teams would play under the new rules to-night, as a trial. To-night will be the last night that the double-header stunt will be tried. Starting on Wednesday next, only one game a night will be played, and matches will take place on Wednesdays and Saturdays. The President, Vice-President and Secretary were appointed a committee to revise the schedule accordingly.

The C. N. R. will start out tonight with the same line-up as went into action last week, Tom Walsh announces. Frankie Dinan will play right wing for Sarsfields tonight, vice Bert Shink, and the rest of the team will be the same as last Wednesday. It is expected that Armand Drouin and Morissette will be out with the green, white and gold. The Voltigeur line-up will be practically the same as for the opening game last week. Frank Brophy and Jos. Labrecque as referees, with Jos. Busiere as time-keeper, Dan Griffin as scorer, and Pat Lepine as penalty time-keeper are the officials for tonight, according to President Joe Ledden. Richardson will be on the Soldiers

HOCKEY GAME IS POSTPONED

Canadiens And St. Patricks Of Toronto, Will Not Play Tonight

Montreal, Que., Jan. 4.—President Frank Calder, of the National Hockey League, and Geo. Kennedy, Managing Director of the Canadiens, visited the Mount Royal Arena here this afternoon and decided that in view of the mild weather, tomorrow's hockey game between Canadiens and St. Patrick's, of Toronto, should be called off.

NEW BASEBALL LEAGUE FORMED

Will Be Known As The Continental Baseball League, Incorporated

Boston, Mass., Jan. 4.—The continental baseball league, incorporated, which its promoters say will put baseball teams into several major league cities, held its first meeting today and elected Andrew P. Lawson, of this city, as President. Franchises were assigned by States, as follows: Massachusetts, New York, New Jersey, Maryland, Ohio, Michigan, Indiana and possibly the Province of Ontario with a team at Toronto.

Mr. Lawson announced that it had been agreed to have no salary limit and that "in the event of the Red Sox not accepting the offer to sell, a park would be built in Boston. The franchise for the team was awarded to Fred Lundy as agent for certain interests. The Indiana franchise was awarded to Donald Jones, of Indianapolis, and Charles H. Mack, of Philadelphia, was given the franchise for New Jersey.

CONGRATULATIONS TO QUEBEC CURLERS

The following telegram was received yesterday by Mr. Frank Stocking from the Canadian Curlers now on their way to Scotland: F. S. Stocking, Quebec, P.Q.

Thanks for your wire and good wishes. Please extend to Quebec Curling Club our congratulations on their Centenary on January 24th, also a Happy New Year to your President, Officers, and members and also to Victoria Club. (Signed) J. BRUCE STEWART, Acting Secretary, Canadian Curlers to Scotland

KELLY MUCH IMPROVED.

Montreal, Jan. 4.—Geo. Kelly, well-known canoeist, and rugby player, who has been very ill at the Royal Victoria Hospital here, is stated today to be much improved since his brother consented to transfusion of blood recently, when George was in a very low state.

AUSTRALIA WON SECOND.

Melbourne, Aus., Jan. 4.—(By Canadian Associated Press)—Australia won the second cricket test match today from England by an innings and 91 runs. defence tonight, instead of Savard, while Bob Laroche will play centre, McCrimmon going to right wing. Otherwise the team will line-up the same as last Wednesday.

The C. N. R. will start out tonight with the same line-up as went into action last week, Tom Walsh announces. Frankie Dinan will play right wing for Sarsfields tonight, vice Bert Shink, and the rest of the team will be the same as last Wednesday. It is expected that Armand Drouin and Morissette will be out with the green, white and gold. The Voltigeur line-up will be practically the same as for the opening game last week. Frank Brophy and Jos. Labrecque as referees, with Jos. Busiere as time-keeper, Dan Griffin as scorer, and Pat Lepine as penalty time-keeper are the officials for tonight, according to President Joe Ledden.

Sporting Notes.

Jacksonville may break into the Florida State League. The edge is off the racing boom in England judging from the falling off in attendance at the recent meetings. Pinkey Mitchell, the Milwaukee battler, is the tallest lightweight in the business, standing five feet eleven inches. The veteran Arthur Irwin has been booked as team manager of the Hartford Eastern League club in succession to Dan Howley. Syracuse, Pittsburgh and Colgate have arranged for a triangular track and field meet to be held in the Syracuse stadium early in May.

Watch This Space for the JAEGER FAIRY

Joe Lynch, the new world's bantamweight champion, big fair to be the most popular titleholder that pugilism has known in a long time. Since the boxing game in California has been killed off many of the mitt artists who have been fighting there are flocking to the East in search of contests. Knoxville probably will try to land a berth in the proposed Old Kentucky League when the promoters of that organization hold their meeting at Bowling Green in February.

The standing of the teams in the game that a match has been called is as follows: W.D.L.P.T.S. R. C. G. A. 2. 1. 0. 5. Voltigeurs 2. 1. 0. 5. Royal Rifles 2. 0. 1. 4. Garr. Rifle Ass. 0. 0. 3. 0. Machine Gun Brig. 0. 0. 3. 0.

President Frank Calder has called off the game scheduled for Montreal to-night between Canadiens and St. Pat's, of Toronto the reason given being mild weather. It is probably the first time in the history of the game that a match has been called off in January, especially a senior professional contest, for this reason. Perhaps it would be better to say that owing to the mild condition of the Canadiens, the game would not be played until they got into better trim.

In the opening games of the Junior League last evening, Canadian-Francais defeated Young Sons of Ireland 1 to 0, while in the other match Sarsfield Juniors won from Shamrocks 2 to 1.

INCREASE IN OCEAN RATES

For Passenger Business De- cluded On At North-Atlantic Conference

As a result of a conference recently held by a committee of North Atlantic Passenger Line representatives, a re-grouping of passenger fares has been completed and a decision arrived at for a slight increase in passenger rates on many vessels which have been placed in a higher category. The increased rates become effective January 1, which places passenger vessels on an equal basis in the same class of accommodation and all steamship companies are now issuing tickets on the new rates. The increase, however, are slight; for example, the first-class fare on the White Star-Dominion liner Megantic has been changed from \$199.25 to \$208, the second class from \$119 to \$126, and the third class from \$64 to \$65, which places the Megantic on the same basis as the Baltic, Cedric and Celtic. The rates on the Canada remain the same as before. Cabin accommodation on the Anchor-Donaldson liners Cassandra and Saturnia will now be \$115 instead of \$112, and the third class fare \$52.50, instead of \$52, while on the Melita, Minnedosa and Metagama of the Canadian Pacific Ocean Services, the cabin rate is now \$180, instead of \$170, and the third class \$85, instead of \$82.50. As regards the Cunard Line the saloon rate for the Aquitania is raised from \$240.50 to \$250, for the Empress from \$249 to \$250, and for the Maurania from \$228 to \$245, while proportionately smaller increases are made in the second and third class rates.

Commercial and Financial News

CLOSING LETTERS BY THE CANADIAN PRESS

(By Canadian Press)
 New York, Jan. 4.—Speculative issues were the prominent features of today's Stock Market, their variable strength, which probably proceeded from pool operations affording a striking contrast to the irregular or sluggish tone of seasoned shares. The heavy tone of rails were a disappointment to traders who had hoped that the January reinvestment inquiry and enlarged transportation earnings would make a marked impression on that quarter of the list. News of the days was of the same confusing character although not lacking in constructive elements. Exchange on London was strong, a moderate recovery was reported in the price of refined copper and partial resumption of activity was announced from industrial centers where stagnation recently ruled.

Bradstreet's index of wholesale prices in New York showed further recession last week, although not so decided as in previous periods. Thirty commodities declined, 28 remaining stationary and 12 advanced. Wholesale food prices moved up to \$3.51, a gain of two points. Flour, wheat, and butter were the principal articles to make a small advance in the food group, while most others were unchanged. All foodstuffs are far below a year ago. Flour at \$9.50 barrel compares with \$14.50; wheat at \$1.95 was \$2.35 a year ago. Bees at \$12.50 compare with \$17.50, and other commodities in the same proportion, at wholesale.

The Baldwin Locomotive Works, during 1920, built 1545 locomotives. Of this total 758 were for domestic and 787 for foreign accounts. The domestic orders were divided as follows: Steam engines, 487; electric, 228, and gas 3. The foreign orders: Steam, 773; electric, 18, and gas 2.

DAILY GOSSIP ON THE LEADING STOCKS

Announcement is made in New York that the forty-seventh annual convention of the American Bankers Association will be held at Los Angeles, California, the week beginning October 2, 1921. The spring meeting of the executive council of the association will be held at Pinehurst, North Carolina, next May.

The Italian restrictions on the importation and sale of mineral oils, including gasoline, kerosene and fuel oils, now in effect, will be removed on or about January 1, according to advance information received from Rome.

Messages from Madrid say that a large sum of money has been forwarded to Barcelona to facilitate payment of current accounts by banks in that city.

CLOSING LETTERS BY THE LOCAL BROKERS

(By Breen & Gourdeau)
 New York, Jan. 4.—With the possible exception of Atlantic Gulf & West India, the stock market opened with a firm tone today, although the general price level lacked uniformity. Atlantic Gulf continued to reflect the effect of selling pressure by opening at the low sale of yesterday and sharply declining two points. The steel and copper groups displayed the best demand of all. A decided improvement developed around the close of the initial hour under leadership of United States Steel. Mid-day witnessed a turn-about in price tendency, when a number of issues, particularly the oil, steel, equipments suffered a pronounced revision downward. Trading quieted considerably thereafter to the close of the session, while price changes presented a rather irregular appearance. Atlantic Gulf advanced briefly in the late trading, gaining over six points from the day's low, presumably on short covering. The tone of the market, as a whole, at the close was reactionary. Briefly, the general situation remains unchanged. The present character of the market is expected to continue for the time being. Sales, stocks, 908,000; bonds, \$14,530,000.

MONTREAL EXCHANGE

(By Canadian Press)
 Montreal, Que., Jan. 4.—The market was steady, although a strong front today on the local Stock Exchange with Breweries a prominent feature. It sold as high as 5 1/2% with the close at 5 1/2%, a net gain of 2 1/2 points. Brompton and Abitibi were well absorbed in early trading, the former selling up to 5 1/2% and the latter up to 5 1/2%. Both issues yielded in the later trading, Brompton to 5 1/4% with a net fractional gain and Abitibi to 5 1/4%.
 The other Papers were not prominent. Laurentide was steady at 92 and the Spanish issues each gained a fraction. Rioridon lost a fraction at 135 and Wayagamack held unchanged.

Coupons Payable 1st March-1st September
 The City of Berlin is the political and commercial centre of the German Republic. Without suburbs, the number of its inhabitants, at present amounts to two millions.
 Statement of Liabilities of the City at the end of 1919:
 Funded debt Marks 871,500,000
 Floating debt due 1919-24 620,900,000
 Emergency money issued by the City 7,500,000

Total 1,500,000,000

On the other hand, the Assets of the Municipality were as follows:
 Real estate, buildings, cash in hand and movable (These items, excluding cash in hand, are given at pre-war valuation, and therefore possess much higher value today) Marks 1,444,662,975
 Money lent out 126,200,000
 Due from Federal Government for assistance of families in distress and of unemployed workmen 201,000,000
 Commodities (mostly food-stuffs) bought by the corporation to ensure reasonable prices for the population 100,000,000

Total 1,871,862,975

The Budget for 1919 balances with 719,900,000 Marks. The net income from city enterprises and property, as well as from taxes, is used for the payment of Municipal expenses. The latter chiefly concern education, administration, hospitals, police and police courts, street lighting, canalisation, and assistance to paupers. All loans issued since 1876 bear interest at the rates of 3 1/2 and 4 P. C. respectively. These loans were made chiefly for the building of gas and water works, slaughter houses and the construction of tramways. The money received by them, was also employed for improvements of the river docks and for canalisation works. For the greater part, the Municipal Loans are redeemable within 20 to 40 years, which time is the period officially permitted for redemption purposes.
 A rise of .01 5-8 cent in exchange doubles your capital and your interest when the mark returns to normal value, these bonds will be worth \$240. for each 100.00 Marks.
