

## BRITISH TROOPS ADVANCE ON ST. JULIEN DESPITE STUBBORN RESISTANCE OF THE ENEMY

### German Line is Greatly Weakened and is Giving Ground North-East of Ypres Before Vigorous Attacks. Alpine Troops Repulse Attack of Austrians and Put Them to Flight. Serbia Resumes Hostilities Against Austria. Tide Turns in Favor of Russians at Przemyśl.

London, June 1.—(Special)—The British troops are advancing on St. Julien, according to a message from the correspondent of the Daily Mail in Northern France.

The German line is said to be greatly weakened, and is giving ground northeast of Ypres before vigorous attacks, which have been preceded by an effective bombardment of their trenches. They have made desperate efforts to hold their positions, and are said to have been ordered by the German Headquarters Staff to hold their ground at any cost.

#### LOSING GROUND AT VARIOUS POINTS.

The ground which the Germans won a month ago is gradually being pierced, according to the correspondent, at various points. The resistance has been of a desperate character, every cottage, clump of trees and every wall being held on to until the last with grim determination.

Their line is no longer the regular one that it was following the advance in this region, but now is an irregular series of hastily improvised forts practically all the way between Ypres and Dixmude.

#### TURKS VERY MUCH AFRAID OF RUSSIANS.

Athens, June 1.—(Special)—The latest advices reaching here from Constantinople are to the effect that the battle cruiser Sultan Selim, formerly the Goeben, has been virtually dismantled.

Recent developments at the Dardanelles are described as having cast a gloom over the Turkish capital, where a strong current of opinion is in favor of opening the Straits and negotiating for peace.

During the recent British submarine raid in the Sea of Marmora and off Constantinople there was a condition of panic in the city. The people thought the Russians were coming, and vessels were hastily withdrawn to the far end of the Golden Horn. Troops on board transports were disembarked, and some guns were fired at the submarine.

#### AUSTRIAN POSITIONS THREATENED BY ITALIANS.

London, June 1.—(Special)—The Austrian city of Rovereto, whose elaborate defences are relied on to check the Italians from pushing up the Adige River Valley and besieging Trent, is now threatened by the invaders. Rovereto lies thirteen miles south of Trent, the capture of which is one of the great objectives of Italy.

An official statement from Rome says the Italians have occupied the important height of Zugha, which dominates Rovereto. The height lies about six miles south of Rovereto.

The other important Italian movement, across the eastern border, which has the capture of Trieste as its apparent objective, has been checked by unfavorable weather conditions. Rain-swollen rivers are delaying the advance, but the official statement says progress is being made.

#### RUSSIAN TROOPS DRIVE WEDGE INTO GERMAN POSITIONS.

London, June 1.—(Special)—Frederick Rennet, correspondent at Petrograd of the London Daily News, says:

"General Irmanoff's Caucasian corps continues to force a wedge into the German position north of Przemyśl. They advanced from Sienlawa and took all the villages on that side of the river, with 1,000 or more prisoners and a large supply of field kitchens intended for the German army on the right bank of the San. The army headed by the Prussian Guards under General von Emmich was subjected to incessant bayonet fighting."

#### ITALIAN WARSHIPS ESCORT VESSELS BACK TO ITALY.

Paris, June 1.—(Special)—A Havas despatch from Cetinje says an Italian squadron has arrived at Porto Medua to escort back to Italy Italian merchant ships now in Albanian ports.

Two Italian aeroplanes cruising over the sea near Medua opened fire on an Austrian aeroplane which was flying over the warships.

#### BRITISH SUBMARINE HALTS TRANSPORTATION OF TURKISH TROOPS.

London, June 1.—(Special)—An Athens despatch to the Exchange Telegraph Company says it has been learned that the transportation of Turkish troops to the Dardanelles has been interrupted by the operations of a British submarine which is cruising in front of Constantinople.

#### SERBIA RESUMES ACTIVITIES AGAINST AUSTRIA.

Nish, Serbia, June 1, via London.—(Special)—The resumption of military activity on the part of Serbia against Austria is indicated in an official announcement issued to-day. In this report the military authorities claim a successful artillery engagement, as a result of which a battalion of Austrians, which was fortifying itself to the northeast of Capinova, was dispersed. Considerable military activity on the part of the Serbians has been noted also on the Albanian frontier.

Several months have passed since Serbia has been actively engaged in important military operations against Austria-Hungary. It was in December that the last heavy fighting was reported.

#### ITALIANS SERENELY CONFIDENT.

Rome, June 1.—(Special)—The following has been issued by the Italian War Office:

"A battalion and a half of Austrians, with machine guns, attacked our Alpine troops in a defile of Monte Croce, on the Carria frontier, May 30. The Alpine troops repulsed five spirited attacks delivered one after the other, after which they took the offensive, in a violent rain and thick fog, putting their assailants to flight. Our losses were light.

"The rain continues on the Friuli frontier, and the water courses are swollen, but our troops advance in serene confidence to overcome their difficulty."

#### AUSTRO-GERMANS HAVE FAILED TO CRUSH RUSSIANS IN GALICIA

London, June 1.—The great battle of the San, to which the Russians fell back after retreating over half of Galicia, still rages, but the Russians assert that they have assumed the offensive. This statement is taken in London to mean that another mighty German effort has expended itself.

Though the fate of Przemyśl is still uncertain, it is contended in allied circles that the Austro-Germans have failed of their purpose to crush the Russians in Galicia, and that their rush forward, costing as it did thousands of lives, has fallen short, just as did the repeated thrusts at Warsaw and Calais.

The official statement issued last night by the Austrian War Office makes no claim of any noteworthy advances in the east, dismissing the Przemyśl region with the brief declaration that "the fighting continues," and asserting that there have been no serious engagements elsewhere. ## E. T. MEN ON HONOR ROLL

### Captain Darche, Son of Dr. Darche, Danville, Reported Killed at Front

JAMES H. STEVENSON, WITH A WINNIPEG REGIMENT, IS REPORTED WOUNDED.

Danville, June 1.—(Special)—Mrs. A. Stevenson received a telegram from the Adjutant-General at Ottawa on Sunday announcing the news of the wounding of her son, Mr. James H. Stevenson, at the front. Mr. Stevenson enlisted with a Winnipeg regiment and has evidently been engaged in some of the sharp engagements which have recently taken place. No particulars have been received by the family.

#### DANVILLE MAN DIES FROM WOUNDS.

Captain A. R. Darche, 12th Battalion, is officially reported killed in action. He is the son of Dr. Darche of Danville, and a brother of Mr. Oscar Darche, 5 Craig street, Sherbrooke.

According to information received by his relatives in Sherbrooke, Capt. Darche was shot in the battle at Ypres on May 27th, and died in the ambulance about twelve hours afterwards.

For many years the late Captain Darche was with Messrs. J. G. Dunn & Co., Montreal. He was a captain for three or four years in the Chateauguay-Beauharnois regiment, and when the war broke out he went to England with the 12th Battalion and before going to Salisbury was paymaster at the Bank of Montreal in London for one or two months. He was 36 years of age and leaves a widow and three children in Montreal.

#### LOCAL MEN ON CASUALTY LIST 13TH BATTALION

The casualty list issued by the Militia Department contains the names of several Eastern Townships men as wounded. Among them are:—  
Pie. Charles Dunsmore, Bury, son of Lieut.-Col. Dunsmore, Bury.  
Sergt. Fred Rigby, 6 Island Street, Sherbrooke.  
Thomas Sykes, Waterville.

#### 14TH BATTALION

## ALL OFFICERS OF MAJESTIC WERE SAVED

London, June 1.—(Special)—The Secretary of the Admiralty to-day made official announcement that all the officers of the British battleship Majestic, sunk May 27 off the Gallipoli peninsula by a submarine, had been saved.

The announcement made at the time of the sinking of the Majestic, five days ago, said that nearly all her officers and men had been saved.

## ATTEMPT TO PUT BIG GUNS OUT OF COMMISSION

THOSE GUARDING ENTRANCE TO PUGET SOUND WERE TAMPERED WITH.

Port Townsend, Wash., June 1.—(Special)—An attempt to put out of commission the big guns at Fort Wood, guarding the entrance to Puget Sound, was made several days ago, it became known to-day, and as a result all visitors have been barred from the forts in this district.

It is reported that the breechlocks of four guns were removed and the loading mechanism damaged.

## SUBMARINE BASE FOUND ON COAST OF ASIA MINOR

London, June 1.—A despatch to the Times from Mitylène, dated Sunday, says:

"An enemy submarine shelter has been discovered in the vicinity of Alvali, on the west coast of Asia Minor, to which place British warships proceeded today. Sixty shots have since been heard coming from the vicinity, leading to the belief that useful work has been accomplished."

## GERMANS HAVE NEW FORM OF MACHINE GUN

Rotterdam, June 1.—Reports from Antwerp say that the Germans are now experimenting at Hoboken with a new form of machine gun. This is said to fire incendiary bullets, which will inflict fatal wounds in every case.

The Germans are sending enormous supplies of machine guns to the front. At Theil alone there arrived last week over 600. The Belgian frontier is now being guarded by Germans wounded in the eastern battles, many being minus fingers or suffering from some other slight injury that renders them unfit for trench work. They are being supplied with dogs to assist them in preventing refugees from escaping across the frontier. For this purpose the frontier wires have also been electrified.

## AIRSHIP RAID NEAR LONDON

### Zeppelins Reported to Have Been Seen Within Seventeen Miles of Metropolis

MANY FIRES REPORTED BUT THEY CANNOT BE ABSOLUTELY CONNECTED WITH AIRSHIP RAID

London, June 1.—The Official Press Bureau issued the following announcement last night:

"Zeppelins are reported to have been seen near Ramsgate (on the Kentish coast, 57 miles east-south-east of London) and Brentwood (17 miles west-northeast of London) and in certain outlying districts of London. Many fires are reported, but these cannot be absolutely connected with the airship visits.

"Further particulars will be issued as soon as they can be collected and collated."

Prior to giving out the above communication, the Official Press Bureau issued a notice reminding the newspapers that, in the interest of public safety, no statement whatever should be published dealing with places in the neighborhood of London reached by aircraft, or the course supposed to be taken by them. It was added that the Admiralty communication would give all the information which might properly be published.

The morning newspapers in their early editions confine themselves to brief official statements regarding the Zeppelin activity in the outlying districts of London, although they naturally give these statements most prominent space in their newspapers.

The Morning Post gives a recapitulation of the Zeppelin activity in England during the past few months, calling attention to the fact that the raiders have been gradually getting closer and closer to London, until a week ago there was a visitor to Southend. The newspaper adds that there was a report that this airship reached as near London as Romford, which lies 12 miles to the northeast.

## INTERNMENT OF ALIENS

### Work is Proceeding Slowly in Great Britain Owing to Want of Accommodation

ALL OF THESE ARE REQUIRED FOR NEW RECRUITS AND MILITARY PURPOSES OF OTHER KINDS.

London, June 1.—(Special)—The internment of subjects of enemy countries is proceeding very slowly owing to the difficulty of finding suitable accommodations, which are all required for new recruits and military purposes of other kinds.

It has been suggested that the aliens be put under canvas, but, according to the Times, this is equally impossible because the necessary tents are not procurable, all of them having been commandeered for the new armies.

## WOMEN MAKING SHELLS IN WORKS OF VICKERS CO.

Barrow, Eng., June 1.—Women will play an increasingly important part in supplying the huge demands of the British army for shells. At the Vickers Sons & Maxim works 600 women hands employed in the manufacture of munitions have given such satisfaction that the firm has decided immediately to employ an additional thousand.

Other firms are expected to follow the example of Vickers Sons & Maxim.

## KING EMMANUEL SENDS GREETINGS TO RUSSIAN EMPEROR

Rome, via Paris, June 1.—King Victor Emmanuel has sent the following message to the Russian Emperor:

"At the moment when the soldiers of Italy are advancing boldly against the common enemy, binding closer the brotherhood of arms between us and the brave Russian army, I send to Your Majesty with joyful heart my cordial greetings and fervent hopes.

"The Emperor replied: "I am deeply touched by the considerate thought of Your Majesty. I desire to express to you the great pleasure I feel at seeing our two armies united by the bonds of brotherhood, and I beg Your Majesty to accept my most fervent wishes for victory."

## THE WEATHER

Light to moderate winds, fine and moderately warm.

## OFFICERS' CASUALTY LIST HEAVY

London, June 1.—(Correspondence of the Canadian Press, Limited)—The officers' casualty list for the fortnight ended May 17 shows that the losses in the British army were heavier than during any period of the war, there being 423 killed, 1,067 wounded and 1,377 missing, a total of 1,627 during the fortnight.

Some regiments suffered very severely, the Indians losing 33 officers killed and 111 wounded. Canadians—21 killed, 25 wounded, and 40 missing.

Australians—30 wounded. New Zealanders—10 killed and 23 wounded.

Yorkshire Regiment—16 killed, 50 wounded.

## FRENCH DESTROY CONSULATE

### German Consul at Haifa, Syria, Incited Turks to Commit Hostile Acts

OPENED FIRE ON A BOAT CARRYING A FLAG OF TRUCE AND VIOLATED BURIAL PLACE.

Paris, June 1.—(Special)—The German consul at Haifa, in Syria, on the bay of Arce, having incited Turkish troops to commit acts hostile to the French, a French cruiser sailed up to Haifa and by a few well-directed shells destroyed the consulate.

This information is found in an announcement given out to-day by the French Ministry of Marine which reads as follows:

"The Ministry of Marine, having been advised that the German consul at Haifa had incited Turkish troops to open fire on a boat carrying a flag of truce, and to violate the burial place in Haifa of a number of soldiers of the army of Napoleon, scattering at the same time the remains of a French admiral interred there, sent a cruiser, which destroyed the consulate. The Ottoman authorities were given previous notice of the reason for this bombardment. No other buildings were hit."

## WRITES OF SOLDIER'S DEATH

### Comrade Communicates With Father of Joseph Noble

BRAVE LAD FELL IN ACTION ON APRIL 11—LAID TO REST BY HIS COMRADES.

Private George Rowley, of East Angus, P.P.C.L.L., 4th Co., 8th Brigade, of the Canadian forces now in France, writes to Mr. A. Noble, Sherbrooke, regarding the death of his son Joseph as follows:

"With much regret I write to inform you of the death of your son Joe, who was killed in action on April 30th whilst he was in the firing line. He was hit by a bullet, which killed him almost instantly. He was unconscious from the time he was hit until he passed away, which was but a few minutes. The boys laid him to rest in a far better manner than some of the poor fellows get, and we put up a cross with the writing:

"R.I.P. Pte. J. Noble, 23301, P.P.C.L.L., killed in action April 30th, 1915."

"The regiment sympathize with his parents in this hour of bereavement. He was a friend of mine, so I am writing these lines. I am also one of the 53rd regiment boys now with the Princess Patricia's."

## U. S. TO ACT FOR HUMANITY

### Germany To Be Informed That Country Will Hold to Previous Demands

PRESIDENT WILL INSIST THAT PRESENT METHODS OF SUBMARINE WARFARE MUST CEASE.

Washington, June 1.—President Wilson intends to so shape the course of the international crisis which has arisen as to leave no doubt abroad of the country's purpose, not only to speak, but, if necessary, to act, for the cause of humanity.

Two things were practically determined upon by the President yesterday in the solemn atmosphere with which Memorial Day enveloped the national capital. First, that Germany's avoidance of the larger questions of humanity, and the spirit of international law, by a technical argument on a hitherto undisputed point in the statutes of nations—the exercise of the right of visit and search by warcraft when encountering merchantmen, whether carrying contraband or not—must be met promptly, with a note setting forth briefly the facts as found by investigation of officials here as to the cargo and peaceful equipment of the Lusitania, and reiterating the earnest intention of the United States to hold the German Government to a "strict accountability" for all violations of American rights on the high seas.

Count von Bernstorff, the German ambassador, has been granted an interview with the President for Wednesday noon, but unless he brings some proposal from his government, answering the demands of the United States differently from the note just received from Dr. von Jagow, the German foreign minister—a circumstance which is doubted in well-informed quarters—the President's course as framed by him in consultation with his cabinet today will not be materially affected.

#### THE MEXICAN DIFFICULTY

Second, that notwithstanding the critical situation with Germany, there will be issued today the statement which has been in preparation for several days to be communicated to the leaders of all factions in Mexico, serving notice that unless they themselves bring to an early end the deplorable conditions which their warfare has wrought, some other means will be found by the United States, in the interest of humanity, to save the millions of non-combatant Mexicans from the throes of starvation and further devastation of property.

Today the President will lay before the Cabinet both questions. The effect of the warning to Mexico, the President hopes, will be the coalition within the next few weeks of the best elements in the southern republic to form a provisional government to which the United States and other countries can afford early recognition.

#### "LIZZIE" IS HAVING GUNS RELINED

New York, June 1.—(Special)—The British super-dreadnought Queen Elizabeth is having her guns repaired and relined in Gibraltar, according to officers of the Greek steamer Constantine, who saw the battleship in that port on May 24.

The programme for the evening concert in His Majesty's Theatre has taken definite shape. It will consist of songs, choruses and recitations by the regiment, with several special features included.

The sports' prizes will also be presented. His Worship Mayor Mackinnon will preside at the distribution of prizes and will take advantage of the opportunity to extend officially the best wishes of the citizens to the gallant lads in khaki who are to represent the Eastern Townships in the firing line.

As announced elsewhere, out-of-town people may reserve seats for the Friday evening concert by writing the box office, His Majesty's Theatre, and by calling for their tickets before 3 p.m. on Friday.

There will be twelve short numbers on the programme, divided into two parts, and during the intermission the presentation of prizes will be (Continued on page 6.)

### Day's Programme is Now Fully Arranged

BOXING MATCH PREVIOUS EVENING ALSO AN ATTRACTIVE EVENT.

Everything is now ready for military day on Friday. Reports from different parts of the Townships indicate that there will be a large attendance in the city of friends of the regiment and of the public generally to give the boys a send-off.

#### FRIDAY MORNING PARADE.

The regiment will leave the camp for mounted parade through the city, beginning at 10.30 a.m.

In proceeding to the Parade Ground the regiment will pass through Bridge, King, Wellington, Dufferin avenue, Melbourne, Prospect, London and Dominion avenue.

They will dismount on Dominion avenue and proceed to the Parade Ground, where the regimental drill will take place.

The return route will be through London, Liverpool, King and Bridge streets.

#### AFTERNOON SPORTS.

The afternoon sports are timed for 2.30 p.m. on the track at the Exhibition grounds. The grand stand will be open to the public. Admission will be free. The committee of the regiment have arranged a most interesting and varied programme.

 quarantined on account of his son  
 having scarlet fever. As he is isolat-  
 ed from the rest of the family the  
 disease will soon be exterminated.  
 The song service held in the Metho-  
 dist Church on Sunday was largely  
 attended by the townspeople and  
 people from Brookbury. The various  
 solos and anthems were exceptionally  
 well rendered. There will be no  
 service in the Methodist Church on  
 Sunday next, as the pastor, Rev. Mr.  
 Roy, will be absent attending the  
 Methodist Conference that will  
 meet in Gananoque, Ont.

 Bishop's Crossing in their autos on

**MASSAWIPPI  
 BOARD OF TRADE**  
 Officers Elected And Arrangements  
 Made For the Annual  
 Meeting

**W.C.T.U. HOLDS ANNUAL MEET-  
 ING AND ELECTS OFFICERS  
 FOR ENSUING YEAR.**  
 Massawippi, June 1.—(Special)—  
 The Board of Trade met Friday even-  
 ing and elected officers for the sec-  
 ond year's work. Mr. W. Stevenson,  
 past president; Mr. E. A. St. Dizier,  
 president; Mr. G. Hitchcock, vice-  
 president; Mr. Stewart Taylor, sec-  
 retary.  
 The next meeting in June is to be  
 an annual one and arrangements will  
 be made for a social time, and ladies  
 will be invited. It is hoped then to  
 gain new members and new interest  
 in continuing the work, as there is  
 much a live Board of Trade can do  
 in any place. Hindrances and dis-  
 couragements may come, but with "a  
 will and a pull together" they van-  
 ish. Some work has been done here  
 that would not have been done with-  
 out organization, and in the future  
 greater efforts should be carried out  
 in eliminating the unsightly and  
 bringing in more creditable condi-  
 tions if possible to do so.

**CHURCH SERVICES FOR SUM-  
 MER.**  
 Services for the summer have been  
 arranged. Mr. C. V. Farmer, of Tor-  
 onto, will conduct them. He is a  
 student from McMaster College, and  
 comes highly recommended. The  
 arrangement is as follows: At Massa-  
 wippi at 11 a.m.; at Hatley Centre,  
 3 p.m.; at North Hatley, 7.30 p.m.

**ANNUAL W.C.T.U. MEETING.**  
 The W.C.T.U. held their local an-  
 nual meeting at Mrs. E. St. Dizier's  
 Thursday afternoon, which was well  
 attended. Reports were given, one of  
 which should be noticed in particu-  
 lar, the flowers and gift department,  
 with Mrs. S. Colt superintendent. In  
 the 30 years work here it proved the  
 best ever given, and nearly all of it  
 the special work of the superintendent.

At this meeting officers were elect-  
 ed as follows: Mrs. L. Hovey, presi-  
 dent; Mrs. Call, vice-president; Mrs.  
 W. Frappied, 2nd vice-president; Mrs.  
 E. St. Dizier, Rec. and Cor. secre-  
 tary; Mrs. Edson, treasurer. The  
 election of superintendents of depart-  
 ments was left over until next meet-  
 ing. Refreshments were served and  
 a social hour enjoyed.  
 The next meeting in June will be  
 at "Greenbank."  
 Delegates appointed to attend the  
 county convention at Hatley the 4th  
 week in June were Mrs. S. Colt and  
 Mrs. C. Edson; alternates, Mrs. Frap-  
 pied and Mrs. Whitcomb.

**INSPECTED WORK ON BOUNDARY  
 ROAD.**  
 Mr. Bissonnet, M.L.A., of Stan-  
 stead, and Mr. Therrien, M.L.A., of  
 Sherbrooke, were in town Saturday  
 last to look over the "Boundary  
 Road," which is of much interest to  
 them as well as the public. Some  
 things in connection with this particu-  
 lar vicinity seem vital to residents,  
 and they sincerely hope that when  
 the road is completed all conditions  
 will be satisfactory as to the grade  
 through the village, etc.

**BURNED BY EXPLOSION OF GAS-  
 OLINE.**

 Summer Time Table on C. P. R.  
 Does Not Meet With Approval  
 of Public

**EVENING TRAIN ARRIVES LATER  
 THAN FORMERLY WITH THE  
 MAIL SACRAMENT  
 WEEK.**  
 Scotstown, June 1.—(Special)—  
 The C.P.R. changed their summer  
 schedule here yesterday, and it was  
 with a good deal of surprise that it  
 was noted that the train that brings  
 the mail in the evenings was changed  
 to arrive later rather than earlier,  
 as it was the custom in former  
 years. This will mean that instead  
 of men coming home from their work  
 at 6 p.m. being able to get their  
 mail, it will be necessary for them  
 to come down again after supper.  
 This will mean considerable of a  
 handicap to those who live some  
 distance from the post office.

**GAELIC SERVICES IN PRESBY-  
 TERIAN CHURCH.**  
 This is "sacrament week" in the  
 Presbyterian Church here, and ser-  
 vices will begin on Thursday at 11  
 a.m. This service will be in Gaelic.  
 There will be a service at 7 p.m. in  
 English on the same day. Other ser-  
 vices covering the balance of the  
 week will be announced later. The  
 Gaelic preacher who will conduct  
 these services will be the Rev. A.  
 Macmillan, of Marion Bridge, N.S.

**LET THE OLD FLAG FLY.**  
 Mayor Gifford has made a number  
 of improvements on the land sur-  
 rounding his house this year, among  
 the chief of which is a large flagstaff  
 in front of his house, on which the  
 Union Jack is seen flying more often  
 than in any other portion of the  
 town. It would be a good thing if  
 more of the citizens would follow the  
 lead of the mayor in this respect, as  
 it will be a lesson in patriotism to  
 the younger generation. It is to  
 be hoped that the School Commis-  
 sioners will soon complete arrange-  
 ments for the flying of the flag every  
 day and that it will not be let up  
 all night, as it will not do the flag any  
 good, and it should be down at sun-  
 set at the latest. Would it not be a  
 good idea to have a little ceremony  
 say at 8.55 a.m. lasting about five  
 minutes, when weather permits, at  
 the school in which the flag could be  
 run up to the singing of the Nation-  
 al Anthem by the whole school.

**FOLIAGE ON TREES DAMAGED.**  
 The recent cold spell seems to have  
 passed off and all the farmers, am-  
 ateur and professional, are smiling, as  
 the sun was quite hot yesterday and  
 it was great growing weather. Many  
 of the trees look as if it was autumn  
 after the ravages made by Jack Frost  
 during these cold nights so recently  
 past.

**REPORT OF SCOTSTOWN ACAD-

 a vast difference in its appearance.

 of the Scotstown Mfg. Co., Ltd.,

**AUTO ACCIDENT

 Mr. Emberley Pinned Underneath  
 Machine When it Turned  
 Turtle

**CONSIDERABLE BUSINESS OPER-  
 ATIONS ARE UNDERWAY IN  
 TOWN—TOO FAST AUTO  
 DRIVING**  
 Ayer's Cliff, June 1.—(Special)—  
 Mr. Emberley accompanied by Mr.  
 Boyce had a narrow escape on Fri-  
 day when driving his auto down the  
 hill on the other side of the lake, it  
 suddenly left the road and turned  
 turtle. Mr. Emberley was pinned un-  
 der the machine, but his friend es-  
 caped without a scratch and went  
 for help. Mr. Emberley was brought  
 to the hotel considerably used up,  
 but able to be out again on Satur-  
 day. The car was not as badly smash-  
 ed as would have been supposed.

**BUILDING OPERATIONS**  
 Building operations are in full  
 swing here now. The band stand is  
 fast coming into view. Mr. Temple's  
 house on the new street of Pleas-  
 ant Street is making a good show-  
 ing; Mr. Badger's new two storey  
 block is going up right along, the  
 brick work being nearly done.  
 A large stand about six feet high  
 has been built beside the B. & M.  
 track for loading cream.

**OPEN AIR CONCERT**  
 The band intend giving their first  
 open air concert in their new quar-  
 ters about June 11.  
**WARNING TO AUTO DRIVERS**  
 Are the authorities of the place go-  
 ing to permit fast driving of autos  
 on the streets all summer? No  
 doubt the smooth straight streets  
 of the pretty village are a tempta-  
 tion, but there is reason in all things.

### VICIOUS DOG ATTACKS CHILD

Three-Year-Old Daughter of Mr. J. Brown, Clarenceville, Seriously Injured

LITTLE DAMAGE WAS DONE TO APPLE TREES IN SECTION BY RECENT FROSTS

Clarenceville, June 1.—(Special)—A very serious accident occurred in this village recently. Mr. John Brown's dog attacked their little child, about three years old and tore its face in a terrible manner. The little child had presence of mind and turned over on its face to prevent the vicious dog from biting its face after the first attack. It is thought the child will recover. Dr. E. S. Read luckily was at home and his auto played a very important part in saving the little one's life.

**PRINCIPAL JOINS COLORS**  
Mr. Elmer S. Giles, who recently matriculated in Arts from McGill University with high honors was engaged to teach the Clarenceville Academy. He has asked the commissioners to release him from his obligation as he wishes to enlist for the front. The commissioners have agreed to his request.

**APPLE TREES BUT LITTLE DAMAGED**  
The hard frosts recently have done some damage to plants but the apples seem to be but little damaged. Grass and grain are looking fine. Farmers have finished seeding, except buckwheat and fodder corn.

A very pleasant gathering is being looked forward to when the Ladies' Circle will meet at the home of Mrs. E. H. Baker on Wednesday. A public tea will be held from 5 p.m. to 8 p.m. when refreshments will be served. Considering the work of this society there should be a large attendance to help increase their funds.

On Sunday next two services will be held in the Methodist Church. In the morning at 11 o'clock Mr. J. Kennedy, of Stanbury, conducts the service. The evening service at 7.30 o'clock is to be taken by Rev. L. J. Carter, of Toronto, but a former resident of this village.

There was a good attendance at the Patriotic Club on Friday afternoon. It was decided to hold a Patriotic supper at the home of Mrs. C. Gilmour on Saturday evening, June 12th.

he was in error for the statement in the Record that there would be a dance held in the Knights of Pythias Hall every Friday evening.

**FRANCHISE FOR WOMEN.**  
The following paper was read at the Brome Co. W.C.T.U. convention, held in Knowlton May 20 and 21.

The Knowlton Union asks for the vote, and are going to keep right on asking until they get it. It is a wrong impression that woman's suffrage was just started about six or seven years ago. It is claimed that in conservative old England that women had the franchise prior to passing the reform bill of 1832, and in that bill the substitution of the words "male person" for the word "man" deprived women of the right to vote. In other words "man" meant men only for the purpose of voting, but for the purposes of taxation it meant men and women—a very unjust law. Premier Gladstone killed another bill in 1884, saying "that the ship of state is loaded, and that consequently they were obliged to throw the women overboard." Altogether thirteen woman suffrage bills have been introduced into the British House of Commons, and at least 5,000 meetings were held in support of one bill alone. Demonstrations have been held in which 40,000 women marched. They had the largest petition ever presented to Parliament, and it had three million signatures. We want a voice in making the laws.

**TRIED THEM AND FOUND THEM GOOD**  
That's Why Miss Renshaw Recommends Dodd's Kidney Pills.

Warton Lady troubled with Kidney Disease Finds Relief and Cure in Dodd's Kidney Pills.

Warton, Ont., May 31.—(Special)—"I have found Dodd's Kidney Pills all that is claimed for them and can highly recommend them to all who are suffering from weak kidneys." So says Miss Hannah E. Renshaw, an estimable lady living here. Miss Renshaw had kidney trouble and found a cure in Dodd's Kidney Pills. Speaking of the troubles that led her to use Dodd's Kidney Pills, Miss Renshaw says:

"I had cramps in my muscles and very bad headaches. Some nights I got very little sleep. My skin was harsh and came off in little scales. I had rheumatism at times and always a heavy feeling in the region of my kidneys. There were dark circles under my eyes, my face was bloated and painful.

"Reading in Dodd's Almanac led me to use Dodd's Kidney Pills, and I can't be too thankful that I did."

Miss Renshaw's troubles came from disordered kidneys. That's why she found such complete relief in Dodd's Kidney Pills. They always cure sick kidneys.

if we have to obey them. There are 354 men and 5 women in the penitentiary. If women have sense enough to keep out of the penitentiary and morals enough to go to church, it follows that they will make good voters. When people who set snares and lay traps for the boys, whom a mother has risked all and sacrificed all, to make worthy men, have the ballot, God forbid that the mother's hands should be tied, by not having a vote. Men are responsible for the conditions under which their children live, but if when they attain the age of manhood and womanhood, they are pronounced failures, in any sense of the word, it is generally the mother who is to blame. The conditions under which thousands of women work, are a social menace, long hours and low wages are nothing but slavery, and I know of no organization, either male or female, which has accomplished more aggressive work during the last 30 years, than the Women's Christian Temperance Union.

Female franchise would not cure all the ills, but would stop a lot of suffering. Every tavern keeper can muster 20 or 30 loafers (voters in male attire) one could hardly call some of them men) of his barroom to vote for liquor, and there are in Quebec 125 thousand that vote, who cannot read or write his own name, while the Christian, intelligent educated woman must stand aside. Her husband may be a drunkard, her sons demoralized, but she has no voice in making the laws, and must suffer for others' sins. We were governed 60 years by a noble woman, but if she had not been Queen, she could not have even marked a ballot paper. I read of one election, where a number of men remained at home and worked on election day, and a minister asked them why they did not go and vote. They said the returning officer had their names in his book, and he could mark their ballot for them, and he did, every one, for whiskey. Last November they voted on franchise in Ohio, and they had a procession of the husbands of the women who wanted a vote, and the men all weighed over 200 lbs., to show that the election did not neglect their families. They did not get suffrage, but are going to try again in two years. We had a petition for suffrage in Brome last year, in Knowlton we got 60 signatures. We read that there are only three things worth living for, something to love, something to do, something to hope for, we will hope for prohibition and suffrage, the prospect looks very encouraging, and we may have it before 1920.—Ida M. Miltmore, Co. Supt. of Franchise.

### LETTERS FROM E. T. SOLDIERS WITH OVERSEAS CONTINGENT

**RESTING AFTER YPRES BATTLE.**  
Cowansville, June 1.—(Special)—The following letter has been received by Mrs. McCrum from Sergt. D.I. Cameron, 4th Company, Div. Train C.A.S.C., 1st Canadian Division in France:

"A very welcome surprise came to hand during the second battle of Ypres, in which the Canadians made a name for themselves, in the form of a packet of tobacco and cigarettes from Martin's Co., London.

"I am in the best of health and spirits and came through quite safely. At present the whole division is enjoying a rest and also getting fitted up with new equipment and reinforcements, which they are sorely in need of.

The weather here is glorious and sleeping in the open air can't be beaten, except when there is a heavy rain.

"Kindly remember me to all friends I have met in Cowansville with happiest thoughts and many thanks, will close."

**HELL AND FIRE AT YPRES**  
Bishop's Crossing, May 29.—(Special)—In a letter to his sister, Miss Annie Grant of this place, written from the front, George Grant says:

"We are having a short rest after twelve days of the hardest and bloodiest battle of the campaign. It was certainly hell and fire and you can believe the stories you may read of men or horses being blown to atoms and pieces of them being found up in trees, or men being blown from one trench into another, because I have seen it with my own eyes. I myself, got thrown about 20 feet flat on my back with just the concussion of a 'Jack Johnson,' so you have an idea just where a gink would go if one struck him. They are seventeen inches in diameter and we can almost see them. I was in Ypres when they were bombarding it and got out O. K. but it was pretty exciting.

"I have seen Jack Roberts, he came out to this morning from England, so did Billie, but I can't find him. I guess he is in another brigade. I have been at the front for three months but the other Crossing boys came over this morning, and they were not in our big battle."

**CAME SAFELY THROUGH BIG FIGHT**

North Hatley, June 1.—(Special)—Delbert Bean writes to his parents under date of May 1st:

"I was relieved of the patrol last night, came back to headquarters and got a good night's sleep, so am feeling O. K. this morning. I do pity poor Mrs. Hodges. I saw in a paper last night that the Canadians were spoiling for a fight and now they had surely got it. I don't want to go through it again. I lost all my equipment except my overcoat, but so long as I am safe I shall not worry. I have just cleaned my rifle and loaded it again. We carry 200 rounds of ammunition so we ought to be able to take care of ourselves, but it is the big shells that cut up so. For dinner we had potatoes, chicken with broth, bread, butter, coffee, and a drink of French wine, how does that sound! It tasted all right!"

**THE PRICE OF VICTORY**  
In a letter written the previous day the same young Canadian says:

"I think the Canadian division will be relieved before long, that is, what there is left of them, for we are nearly all gone. I have not had my shoes or any clothing off for over a week and have only had one wash but am feeling fine. I shall never forget some of the things I have seen. I have had some close shaves. We are driving the Germans back a little now and I hope we keep them on the move."

**CANADIANS' HEAVY LOSS IN BIG BATTLE**

Thetford Mines, June 1.—(Special)—Tracy Briggs, 18 years of age, writing to his father from the front on April 27th, says:

"We have had some battle the last couple of days and we lost a large number of men in our battalion and the Scotties lost more than we did. There were lots wounded. It was terrible. We will now go back to some base and built up with the second contingent, and it will be quite a time before we go into action again."

**HARRY SKILLEN, WOUNDED AT THE FRONT, WRITES HOME**

Richmond, June 1.—(Special)—Mr. and Mrs. R. E. Skillen have received the following letter from their son, Harry, who was wounded a few weeks ago:

"Just a line to let you know how I am getting along. The reason that I am not writing this letter myself is that my right arm has been injured by shrapnel. In fact, it is broken, and it is impossible for me to write with my left hand. Harry Putt bandaged me up in the field after I was hit and my thanks are due to him that I am still alive. The last I knew of him he was uninjured, but I have been unable to learn anything about him since. I am expecting to leave here for England either tomorrow or the next day, but do not know just where we are going but will let you know just as soon as I arrive there. In the meantime do not worry as I am getting along O. K."

**THE WHOLE WORLD PRAISED CANADIAN GALLANTRY AT YPRES**

Cowansville, June 1.—(Special)—Mrs. F. H. Nunn has received the following letter from her nephew, Private Fred Stevens of the 16th Battalion, 3rd. Brigade dated May 10:

"My Dear Aunt:—I have intended writing to you for some time past, but have been kept very busy as no doubt you have noticed by the paper's report.

"It was our battalion that charged on the Germans at Ypres and saved the guns. It was an awful charge—one that I shall never forget. I don't know how I came out of it alive as the bullets were falling all around me. I feel sure God was with me on that terrible night, for I never felt nearer the other world. I just offered up a prayer and then went right ahead, not thinking what might happen as I felt quite safe. This war has brought men nearer their God than perhaps anything else could have done. They must realize their danger when near the firing line, as they know not what moment their lives may be taken.

"We are out of the trenches now—away from the sound of the guns—reorganizing as nearly all our officers and men have been killed. The Germans are so cruel, they turn poisonous gas which makes our throats close and our eyes water. I wrote home the other night and told them they should be thankful they lived in Canada and not in a country like this—women and children killed and wounded, their homes burned to the ground."

"Yesterday General Alderson addressed us. He spoke about those who had fallen and felt sure they had died for their country and duty, and felt sure their future was bright. He has been soldiering for thirty-eight years and had never seen soldiers put in such a tight place and come out as well as we did. He is certainly a great leader and a clever man. He read telegrams he had received from all parts of the world, congratulating us on our bravery."

"I will be glad when the war is over, but the Germans must be beaten, and we must stay 'till the finish."

"We are having beautiful weather now, an improvement on the wet spring time.

"Will now close with love to all the loved ones at home.—Fred Stevens."

LETTERS TO THE EDITOR

RE SALARY TAX.

Editor Record.

Dear Sir:—The above tax is a subject of much discussion and objection. As your readers are aware, it is a tax of 1 p.c. imposed on all salaries above \$1,000. The law provides that employers shall make a declaration when called upon as to those in their employ who are receiving above this amount. It is well-known through the city the reasons for imposing this tax. It was intended exclusively to affect men who were not otherwise paying taxes either as proprietors, tenants or business concerns, and it was never intended to apply to those who were paying any of the above taxes. The objections to this tax are manifold. It is not collected equally from each and every man or firm who are liable to it under the law. As a matter of fact, several of our aldermen connected with large firms have never paid this tax. Probably the biggest objection to the tax arises from the fact that when the declaration is given to the City Hall, the names and amount of income are placed in the ledger, which is open to each and every ratepayer in the city, thereby exposing to public gaze the private affairs of citizens. This is a most un-British proceeding and should be opposed every time an attempt is made to enforce it. The city has no right to expose my private affairs to my neighbors.

I am writing this letter in the hope that other citizens will take it up, so that we may have a large deputation to wait upon the City Council when they meet Monday, the 7th of June, when I understand this matter will be brought before the Council. Let us make a large and determined demonstration.

Faithfully yours,

THOS. J. PARKES.

DENIES CHARGE OF BEING ARRESTED AS GERMAN SPY.

Editor of Record:

Sir,—I wish to refute the statement in your issue of May 28th stating that I was arrested as a German spy on Salisbury Plain. I was arrested as a suspect. After being detained eight days, out of which five were in handcuffs in the guard room, I was released by the authorities and told to resume my duties as usual, without even being court-martialed. After going through this unpleasant ordeal and disgraceful treatment, I requested my honorable discharge, which headquarters reluctantly gave me, after having waited nine weeks. I am glad to say that I left the 15th Battalion with a clean sheet against me.

I am glad to state that I am not a citizen of that barbarous nation known as Germany, and also am sorry to say that I have not nationally although I have lived in England practically all my life. However, I consider myself an Englishman and have always been considered so by all my friends.

I should esteem it a favor if you would let me know if I have not the right to demand Canadian citizenship papers, after having taken the oath of allegiance to the King at Valenciennes.

Hoping you will favor this letter with space in your paper, I remain, Yours faithfully,

C. C. BODKER.

Word was received from Mr. Dugald MacTavish of his safe arrival in England. Owing to the cancelling of the "St. Louis" he sailed on the "S. S. New York" but his name did not appear on the passenger list and this led to some fears being entertained that he was on the ill-fated "S. S. Lusitania. The S.O.S. call was taken by the New York.

Mr. George Whiting received a telegram from his youngest son, Samuel L. Whiting, in Winnipeg, saying that he had enlisted and would send further particulars. Mr. S. L. Mr. Whiting has now three sons with the Canadian Expeditionary forces—a fine record.

ENTERTAINMENT AT MONUMENT NATIONAL. A very large and representative audience was present at the Monument National last evening, the auditorium being crowded to the doors.

THE occasion was a dramatic and musical entertainment, arranged by leading French amateurs of the city, for the benefit of the Cercle Laroque Young Catholic Association and presented in a faultless manner, and with the ability for which our French citizens are distinguished.

The historical drama in three acts, Le Drapeau de Carillon, by Mr. L. O. David, the well-known litterateur, of Montreal, would tax the powers of a well-trained theatrical company, but last evening it was well-staged, and both dressing and acting were admirable.

The cast was as follows:-Dumas, Merchant and Shipbuilder, J. H. Lemay.

Jacques de Sevigny, Canadian Officer, Chas. Mackenzie.

Arthur Murray, English officer, nephew of General Murray, M. E. Cadieux.

Claret, speculator, L. Desjarlais.

Lacombe, Miss A. Codere, Mrs. C. E. Bachand, Misses Emily Couture and Marie A. Couture, Miss Kathleen Robins, Miss T. Doherty, Mrs. L. E. Codere, accompanist.

Dr. F. A. Gadbois, Messrs. W. Legare, A. Crepeau, J. Bouchard, Antonio Genest, C. E. Bachand, Chénier Picaud, L. Bachand, Prof. A.S. Bourgeault, director.

A charming French recitation was given by Mrs. J. A. Darche and was much appreciated.

A couple of striking tableaux were presented of a military and patriotic character, and the evening closed with an address by the Hon. Senator L. O. David, of Montreal, who had been especially invited for the occasion, and who spoke with the fire and spirit of young France combined with the pure diction and courtly grace of the old regime.

He congratulated the members of the Cercle Laroque on their organization and their loyalty to their country, language and traditions and said that his play had been presented many times before, but never better than by the young actors of Sherbrooke.

The honorable gentleman was greeted with vociferous applause, and his remarks were enthusiastically cheered.

A beautiful bouquet was presented to Miss David, who accompanied her father, and the orchestra played "O Carillon" after which the well-pleased audience dispersed.

London, June 1.—A verdict of justifiable homicide returned last night by a coroner's jury at Leigh gave the first news that a German prisoner named William Karl Schmidt, who was interned in the prison camp there, had been killed by a sentry on Sunday. It seemed from the evidence that a number of the prisoners tried to escape Sunday by piercing the dormitory wall. When the attempt was discovered the guard was doubled. Later, Schmidt sealed the dormitory partition and was endeavoring to escape through the roof. Not heeding the commands of the sentry to descend, Schmidt was shot dead.

PATRIOTIC WORK IN SHERBROOKE

Appeal For Funds To Purchase Emergencies For Red Cross Work. MONEY IS THE PRIME NEED AT PRESENT SO THAT SUPPLIES CAN BE PURCHASED AT ONCE.

Not many days ago there appeared in one of our papers a Son's Appeal to fathers and mothers: part of it ran thus:—"Don't misunderstand. The war is on, and when we have decided that we should go, why can't you be happy in knowing that we realize our duty? Surely it is not a question between our country and our parents? The question is, 'Shall I fight for the right, or shall I let another mother's son fight in my place. Could

Contingents Are Going—Send Something. you not be proud of the son who can appreciate the right and fight for his country, no matter how dear his present associations may be?"

It echoes the thought expressed by a mother whose son had fallen in action—"It is good to die so; I would not have any son chide himself behind other mother's sons."

HOW TO HELP THE "RED CROSS SOCIETY." The need of the Red Cross Society at this moment is for funds. The emergencies for which the Red Cross exists have only just begun so far as Canada is concerned. It appears as if the casualties at Langemarck alone will exhaust the supplies of goods sent over from Canada, although about a million and a half articles have been sent. After a battle there is no time to wait for supplies from Canada for immediate use. Therefore, we must have large funds on hand so that supplies urgently needed may be purchased at once. Meanwhile, the women of Canada should be encouraged to go on making supplies on lines of the "Suggestions for Work," so as to restock our warehouse in England, but money is the prime need because money can be turned into exactly the sort of supplies wanted at the moment, and money is the only thing which will buy drugs and surgical appliances.

NORTH SUTTON SENDS \$50. The Sherbrooke Branch of the Canadian Red Cross Society gratefully acknowledges from the Red Cross Workers at North Sutton the sum of \$50.00 to install a bed in the Duchess of Connaught's Red Cross Hospital at Cliveden, Buckinghamshire, England, to be inscribed "From the North Sutton, Quebec Red Cross Society." From a collection taken at a card-party given by W. E. Jenkins and sister at their home near Ascot, From Megantic Patriotic Society, 3 pairs socks, 5 hospital shirts, 9 wash cloths, 11 surgical shirts, 4 wash cloths, 7 pairs socks, and 5 dressing gowns. From Highwater Red Cross Workers \$5.00, 12 night shirts, 2 dressing gowns, and 50 wash cloths.

RELIEF COMMITTEE MEETING. There will be a meeting of the Relief Committee of the Ladies Auxiliary of the Canadian Patriotic Fund, on Wednesday afternoon at three o'clock. A large attendance is requested.

PATRIOTIC ASSOCIATION MEETING. The regular meeting of the Sherbrooke Patriotic Association was held as usual Friday afternoon, the President in the chair. After the National Anthem the meeting was called to order and the Secretary read the minutes of the last meeting. The reports of the Secretary and Treasurer were presented and adopted being very full and satisfactory. The following resolution was moved, seconded and carried unanimously:—"That the Sherbrooke Patriotic Association places in the 'Record' an expression of sympathy with the families of those reported 'wounded or missing' in the war, and trusts that news will soon be received to relieve their anxiety."

Report of the Red Cross Work was to the effect that articles to the number of 1529 had been sent forward from Sherbrooke. It was moved by Mrs. Paton seconded by Mrs. Morkill that Mrs. T. E. Read be appointed to arrange for the decoration of the theatre for Tuesday evening when the play in aid of the Patriotic Fund is to be presented.

DR. WILLIAMS SENDS THANKS. Mrs. S. W. Jencks read a letter from Dr. E. J. Williams, formerly of

Contingents Are Going—Send Something. Sherbrooke and now at a base hospital in France, thanking the donors for a box sent to the hospital with which he is connected, the contents had given him much pleasure and he hoped for further donations of the same kind. Mrs. Jencks said that as she was not taking an active part in the patriotic work, owing to being in mourning she would be glad to undertake personally the transmission of papers, clippings, or articles of that nature to the hospitals, or the men at the front. The offer was received and accepted with thanks. A resolution was passed of sympathy with the family of the late

THETFORD MINES BOY A PRISONER

Letter from Bert McConnell Gives This Information. E. Hyde a Fellow-Prisoner. SAYS HE IS WELL TREATED BUT WANTS MONEY, TOBACCO, COCOA, ETC.

Thetford Mines, June 1.—(Special)—Everyone who knows Mrs. McConnell at Thetford rejoiced with her on Saturday on hearing the good news that she had heard from her son "Bert," who had been reported "missing," and whom she had nearly given up as lost. Mr. Lipsey, the station agent, phoned the glad tidings everywhere and the pleased mother received many congratulations. No. 9 Company, D Barracks, Prisoners' camp, Giessen, Germany, May 3rd, 1915.

Dear Mother,—I am writing to let you know I am a prisoner of war at the above address. We are only allowed to write two letters and a postcard per month. I sent you a postcard Saturday asking you to send me a parcel with some cigarettes, tobacco, cocoa and some chocolate bars, so if you can send something like that every once in a while I will pay all costs after the war. If you can spare a little money I would be glad as there is no chance of my getting it any other way while I am here. We are being well treated here only it is pretty lonesome. If you should hear from Edd, I wish you would let me know as he was in the Highlanders the last time I saw him. I suppose you all gave me up for dead but I am still kicking yet. If you send a parcel be sure and don't post any writing inside it. My chum Edd Hyde is here with me so it is not so lonesome as it would otherwise be. You can write to me as often as you like. Your loving son, BERT.

SUTTON MAN IN HOSPITAL IN ENGLAND. Mrs. James Morrison, who is in Toronto, writes concerning her husband who was wounded at the battle of Langemarck. He was sent to a hospital in France and later transferred to another hospital in Bristol, England. His letter which was dated May 11th says: "A few lines to let you know how I am getting along. I arrived in England Saturday night and was taken to the Bristol Hospital. I am keeping well and my shoulder is healing up nicely, but the bullet is still in and I expect to go under the X-rays again today to locate it. The Canadian doctor in France told me it would be a long time before I could use my arm again. I suppose the papers were full of the big battle we had and the Canadians have certainly made a name for themselves, but you have no idea what it was like. 'It was a perfect Hell,' and I thank God that I am spared where so many of my comrades fell. We haven't one officer of my company left; three were killed, one wounded and two missing. I was not able to save a thing from the battlefield. I had to leave everything on the field, so I have only my uniform left. However, I was glad to crawl back alive as the German shells were dropping all around us."

Mr. Thomson, whose letter is given above, was a resident of Sutton for some time being employed as marble cutter in L. L. McClary's shop, after which he operated a farm near Sutton Junction. He has many friends here including his mother.

Italian frontier, via Paris, June 1.—The Italian invasion of the province of Trent is progressing from the south along the Adige and Chiese rivers, from the west across the Tonale Pass and from the east by way of the Lavarone plateau. The attack of the Italians is continuing all along the zig-zag frontier up to the highest part north, where they have occupied the Ampezzo Valley, together with the town of Cortina. GERMAN SOCIALISTS IN REVOLT

London, June 1.—The Morning Post's Berne correspondent says that a long manifesto of the German Socialist party is being circulated widely among the German working classes. According to the correspondent, it accuses Austria of having caused the war, complains of the ignorance in which the German and Austrian people are kept, and denounces the German war party, imperialism and secret diplomacy as the arch enemies of the German people.
