## GERMANS RESUME OPERATIONS ON WESTERN FRONT: ATTACK MADE ON RHEIMS. RECEPTION TO "BLUE DEVILS"

### FRENCH SUCCESSFUL IN REPULSING GERMANS EAST OF RHEIMS; ATTACK BEFORE CITY FAILED AND THE ENEMY SUFFERED HEAVY LOSSES

**American Troops Cross the Marne and Take Prisoners—Continued Artillery Activity Prevails in Region at Chateau-Thierry—British Carry Out Successful Raid South of Hebuterne—Prisoners and Two Machine Guns Captured—Austrians Failed in Attempt to Close in on Italians—Rome Says Invaders Held Everywhere.**

(Associated Press Despatch)

PARIS, June 19.—The Germans last night, after a violent preparatory bombardment, began an attack on the Rheims front, between Vignay and Lt Pompelle, the War Office announced today.

The French are resisting the German blow with entire success.

On the western front of the attack the enemy was not able even to reach the French line. In the centre, before the city, the Germans were completely repulsed, and suffered heavy losses. East of Rheims the French were equally successful.

#### SUCCESSFUL BRITISH RAID.

(Associated Press Despatch)

LONDON, June 19.—British troops last night successfully raided the German lines in the region to the south of Hebuterne, north of Albert, the War Office announced today. A British post recently taken by the Germans near Vieux-Berquin, on the northern side of the Lys salient, was recaptured. Some prisoners and two machine guns were taken in the operation.

#### AMERICAN TROOPS TAKE PRISONERS.

(Associated Press Despatch)

WASHINGTON, June 19.—Continued artillery activity in the region of Chateau-Thierry, and along the Marne is noted in General Pershing's communique for yesterday, which reached the War Department today. American troops have crossed the Marne and taken prisoners.

#### EXPECT ANOTHER BATTLE SOON.

(Canadian Press Despatch)

PARIS, June 19.—(Havas Agency)—The lull in fighting activity persists on the western front, but military critics expect another battle will be begun soon by the Germans.

The Petit Journal thinks that the Germans will strike either the road to Calais or in the direction of Paris, perhaps on both fronts simultaneously. The Echo De Paris believes that the next German effort will come between Mont Didier and Chateau Thierry, across the Oise and Aisne to the Marne.

#### FRONT OF NEW GERMAN ATTACK ON CITY OF RHEIMS

The front of the new German attack is the semi-circle drawn by the enemy at the city of Rheims in the recent offensive on the Aisne front. The Rheims region comprised the left flank of the German attack. Ground was given by the French on both sides of the cathedral city, but the town itself and the nearby protecting forts were held against the German onslaught, and have since remained in French possession. Rheims, however, was hemmed in on three sides by the enemy, and it has been considered only a question of time when the Germans would make a concerted movement to oust its defenders. The front of the present attack from Vignay, west of the city, to Pompelle, around the semi-circle to the east is approximately 14 miles.

#### AUSTRIANS SURPRISED AT SUDDEN CHECK

Great Offensive Against Italy Was Expected to Secure Gains in Territory and Much Booty.

(Associated Press Despatch)

GENEVA, June 19.—News from the Eastern Swiss frontier indicates that the Austro-Hungarians are surprised and disoriented at the sudden check of the great offensive against Italy, where much greater gains of territory and booty were expected.

From Lugano comes word that the Austrian objectives include Brescia, and eventually Milan.

#### AUSTRIAN PINNACLES FAILED TO CLOSE IN ON ITALIANS

LONDON, June 19.—The Austrian pincers are not closing up on Italy with the precision of last October, when they forced back the Italian

armies of General Cadorna from the Julian Alps to the Piave River and from the northern mountain regions almost to the plains of Venetia. In fact, they do not seem to be closing at all.

The upper jaw in the Venetian Alps is stalled under the resistance of the British, French and Italian forces, and the nether one seems to lack the force necessary to bring it across the Piave River and push back the Italian troops which are clogging its path.

In the Alps the Austrians have been unable further to advance their lines since their initial onslaught last week. Everywhere, from the Asiago Plateau sector eastward to the Piave River, all their attacks have quickly been repulsed by the allied troops who in their turn have delivered counter-attacks, regained lost terrain inflicting heavy casualties on the enemy, and taken a considerable number of prisoners.

All along the Piave River, from the mountain passes through which the torrent winds its way southward to the Adriatic Sea, fierce fighting is going on, especially on the Montello Plateau, in the region of the famous Zenson loop, and further south from Pessalta to the marsh country around Capo Sile, some twenty miles east of Venice.

Enemy Held Everywhere.

The Italian War Office announces that the enemy everywhere is being held along the Piave. On the crucial sector of the Montello plateau, which bars the way from the northeast to the Venetian plains, the Italians have strengthened their positions on the northern edge of the plateau and repulsed two enemy attempts to advance on the northern border. Likewise to the south, near Maserada and Candelo, attempts by the Austrians to effect new crossings on the Piave were frustrated with heavy losses.

From Vienna comes a variant report. It does not concede to the Allies any gains of ground in the mountain region, saying that all their counter-attacks were repulsed. Concerning the fighting along the Piave it asserts that the Austrians have gained ground at numerous points, and that the battle is following.

### FOURTEEN AIR RAIDS ON PARIS SINCE JANUARY

Only Twenty-two Out of More Than 300 Machines Taking Part Succeeded in Flying Over the City.

(Associated Press Despatch)

PARIS, June 19.—The Germans have attempted fourteen air raids upon Paris since January 31, but only twenty-two of the more than three hundred machines which took part in them have succeeded in flying over the city, according to a record of the enemy efforts published in the Excelsior this morning.

The newspaper comments upon the effectiveness of the aerial defences of Paris thus indicated. Nine of the twenty-two machines which penetrated the barrier, it adds, were brought down by the French defenders of the capital.

#### BRITISH OFFICIAL STATEMENT

(Associated Press Despatch)

LONDON, June 19.—The text of the British official statement reads: "A raid attempted by the enemy in the Loree sector was repulsed by French troops.

"The hostile artillery was active yesterday evening in the Ancre Valley, about Mericourt, and during the night has been active in the neighborhood of Merris (Flanders front).

"We carried out a successful raid last night south of Hebuterne.

"In the Vieux Berquin sector a party of our troops attacked and recaptured one of the posts taken by the enemy in this locality on the night of June 14. We secured a few prisoners and two machine guns."

#### FRENCH OFFICIAL STATEMENT

(Associated Press Despatch)

PARIS, June 19.—The French official statement follows:

"Last night at six o'clock the Germans delivered a violent preparatory fire along the whole front of Rheims, from the region of Vignay, west of the city, as far east as La Pompelle. At nine o'clock the enemy infantry began an attack on the French positions between these two points.

"The French troops resisted the German attack with complete success, the counter-barrage of the French artillery proving very strong.

"Between Vignay and Ormes, German assault troops were stopped by the French fire and forced to return many times to their lines of departure, and were not finally able to reach the French positions.

"Around Rheims violent combats developed, during the course of which the enemy suffered heavy losses and was everywhere repulsed.

"East of Rheims the fighting likewise ended to the advantage of the French. The Germans, having been successful in penetrating the woods northeast of Sillery, were driven out by a French counter-attack.

"Prisoners taken in the region of Rheims declared that the town was attacked by three divisions, which were ordered to take the place at all costs during the night."

### POLISH LEGION ENTER WAR ON SIDE OF ALLIES

Fighting Under National Flag of Poland First Regiment Entered Front Line Trenches Opposite the Germans Today.

(Associated Press Despatch)

PARIS, June 19.—Fighting under the national flag of Poland, the First Polish Regiment of the First Polish Division, entered the front line trenches opposite the Germans today.

Within the sound of the roar of cannon, and in the presence of military and civil authorities, the regiment received its battle flag and entered the war on the side of the Allies.

"It is a reply to Germany's contention that the Polish question is settled," said General Archibald, chief of the Polish military mission to France.

Poles who have escaped from Germany and Poland, or who have succeeded in leaving America and other countries, form the bulk of the Polish Legion, which may shed its blood tomorrow against German autocracy in the defence of liberty and the autonomy of Poland.

Amid an impressive silence the chaplain of the regiment, facing the troops and raising both hands over his head, gave them this oath:

"I swear before God, before the Holy Trinity, that, in allegiance to my country, I am ready to give up my life and the last drop of blood in the service of the holy cause of Poland, to obey my chiefs, and to remain true to Poland, one and indivisible."

#### TRAIN TROOPS OF SOUTHERN REPUBLICS IN UNITED STATES

(Associated Press Despatch) PARIS, June 19.—(Havas Agency)—Premier Clemenceau's newspaper, l'Homme Libre, says advice has been received from Washington to the effect that a plan is under way of training troops of Southern American republics in the United States.

### TROUBLE NOTED IN ORFORD OVER REGISTERING

Stated that Proclamations Have Been Torn Down and that Many Residents Refuse to Register.

The huge task of registering every person in Canada who has attained the age of sixteen years, male or female, British subject or alien, is progressing most favorably throughout the Eastern Townships, with the exception of the Township of Orford. There, opposition to the new Government order to secure the man and woman power of the Dominion has sprung up, and the authorities are at the present time experiencing some difficulties. The proclamations and also the posters that were put up on the order of the Registrar have been torn down and scattered about the streets, while many residents claim that they will not obey the regulations set down in the order for registering. Registrar F. Campbell, K.C., who has charge of this district, when interviewed regarding the state of affairs reported in Orford, admitted that the work in that township was not quite satisfactory, and also admitted that there was considerable opposition evident against registering. "I have just returned from a trip to the Township of Orford, and I found

#### THE WEATHER

TEMPERATURE TO REMAIN ABOUT SAME.

The barometer continues quite high over the Great Lakes and relatively low in the east and west. The weather is fine throughout the Dominion, but a few local thunderstorms have occurred in Saskatchewan.

Moderate north and northeast winds, fine today and on Thursday, with much the same temperature.

### OUTFOUGHT 19 GERMAN SEAPLANES

Five British Machines Engaged Enemy Off Dutch Coast and Accounted for Two After Running Fight.

(Associated Press Despatch)

LONDON, June 19.—In the fight off the Dutch coast on June 4, five British seaplanes of the largest type, outfought nineteen German seaplanes. One of the enemy machines was sent down in flames, and another driven down out of control, according to a description of the fighting written for the Associated Press by Ensign K. B. Keyes, a United States naval aviator.

Previous to the encounter one of the British machines had descended to make repairs, and the Germans set upon the four other machines protecting the injured one. Ensign Joseph Eaton, another American aviator, was on the injured machine, and he was subsequently interned in Holland.

"Ensign Eaton and I were two Americans among the crews of five flying boats on a North Sea patrol," says Ensign Keyes. "West of Terschelling Eaton's machine had to alight on the surface owing to engine trouble. We stood by, circling in the air and waiting for him to repair the damage.

"Soon five German airplanes hove in sight. We took battle formation, and went for them. I was in the front cockpit with one gun and four hundred rounds of ammunition. In the stern were three more guns and their operators. The Germans fled at our approach, but I had the satisfaction of getting several rounds into them, although it is impossible to say whether there were any effective hits.

"After a time the enemy came circling back, but instead of five machines there were only four, one small scout having been sent landwards, presumably to bring help.

"Soon afterwards we discovered the hostile machines coming up from an opposite direction. They were not high in the air, but close to the water, and were joined almost immediately by five more, making nineteen in all.

"We four swung into battle formation again and charged into the middle of the enemy fleet.

"We kept up a running fight although our machine was cut off from the rest and surrounded by seven enemy seaplanes. We fought for ten miles until we drove off seven Germans, sending one down out of control, and crashing another in flames from a height of two thousand feet."

### SHERBROOKE TURNED OUT EN MASSE TO PAY A TRIBUTE TO HEROES OF THE FRENCH ARMY

Over Eight Thousand People Crowded and Crammed Their Way to Union Station to Greet the "Blue Devils" on the Occasion of Their Initial Visit to Canada—Great Enthusiasm Was Displayed—Heroes Taken for Automobile Ride Around the City—Small Stature of the Men Surprised Many Who Greeted the Warriors—Majority of "Blue Devils" are Young Men.

"Blue Devils." Such was the passionate tribute to the veterans of countless battles, for notwithstanding the early hour and the chilly atmosphere, a crowd of over eight thousand made the journey this morning to the Union Station to greet the "Blue Devils."

Little time was given the local authorities to make arrangements for the reception and they were also forced to confine their programme of entertainment to a little over half an hour, owing to the fact that these warriors were forced to leave for Quebec as soon as possible. However, although the time was short and the weather cold, the reception which Sherbrooke tendered the heroes of France was of the warmest. They have struck terror into the hearts of the Germans. Sherbrooke paid a

The roads in Shtion are in a deplorable condition. On one road in particular within a distance of one hundred rods, three culverts are veritable death traps to rigs and autos passing in the night. In some districts the ratepayers openly boast they have neither done any road work nor paid their road assessments for years. Some of the older pioneers acknowledge the roads three score years ago were in a better condition at that time than the present time. The present system of statute labor must be done away with and a cash system adopted and worked out with some method.

His Lordship Bishop Chaulifoux arrived here on Monday at 3 p.m., and at 8 p.m. made his solemn entry to the church followed by the societies of St. Joseph and the Ladies of St. Ann. His Lordship delivered the sermon both in English and French, after which the Benediction of the Blessed Sacrament took place. Rev. Fr. Bourque acted as master of ceremonies. Confirmation services commenced at 8 o'clock on Tuesday morning, and were continued throughout most of the day, being one of the largest classes ever held at this church, or of the Stanstead parish.

HAPPENINGS AT DANVILLE

Members of Local Masonic Lodge Attend Church—Preparations for Registration Day.

DANVILLE, June 19.—(Special)—The members of Golden Rule Lodge, I. O. O. F., attended divine service at St. Augustine's Church on Sunday last. Among those present were a number from Richmond, Melbourne and Windsor Mills. The Rev. H. O. N. Belford officiated and preached an earnest and appropriate sermon, taking his text from the words found in the Epistle of James, 1-27—"Pure religion and undefiled before God and the Father is this: to visit the fatherless and widows in their afflictions and to keep himself unspotted from the world." The hymns selected were appropriate ones and the choir rendered the anthem "Praise the Lord O Jerusalem," (Chas.), in which the Messrs. Pugh and McCallum and Mrs. A. C. Anthony were the soloists. Miss Hazel Olney sang "The Two Cities" (by Hamilton Gray) during the offertory.

Will Hold Patriotic Fair. Queen Mary's Needlework Guild will hold a patriotic fair on Mrs. C. Cleveland's lawn on Thursday, June 20th, from three to five o'clock. Tea will be served and other attractions will be offered.

Registration Day Preparations. The preparations are well advanced for registration day in Shtion and Danville. Mr. C. C. Brown is the deputy registrar for Danville, and Mr. Jude Fluhault for Shtion. In Danville registration offices have been established at Mr. Chas. Noble's residence, the Red Cross Rooms, over the post office; Mr. Tobel Gregorie's residence; Mr. Fortine's residence; the Temple room and the Court House. The deputy registrars have received the registration cards and are now registering all desirous of doing so. Other assistants will likely be appointed to aid in the work.

Fine Catch of Trout.

Mr. J. J. Barlow, accompanied by Mr. Austin Doyle, of St. Lambert, went fishing the first of the week. They caught 250 speckled beauties, weighing in all 27 lbs. Several old sports in this neighborhood seemed to be very envious of the successful efforts of these fishermen and were curious to know where they were caught. "Joy" informed them that they were picked up at McGinty's brook, which needless to say, is a fictitious name.

TRADE RELATIONS BETWEEN RUSSIA AND GERMANY

Soviet Leaders Expect Germany to Demand Nationalization of the Banks and Various Industries.

MOSCOW, June 5.—Special interest attaches to the negotiations between the Russian economic delegation, which has just departed for Berlin, and the German delegation which has been named to determine the conditions under which trade will be resumed in accordance with the Brest-Litovsk peace treaty.

The Soviet leaders expect Germany to demand the nationalization of banks and various industries, and also the cancellation of the decree making Russian export and import trade a government monopoly. M. Larin, the Russian economist, who is a member of the delegation to Berlin, addressing the economic congress a few days ago, said recent German demands had amounted to the cancellation of the economic clauses in the Brest-Litovsk treaty.

A BAD START

Bride—'I'm so afraid people will find out that we're just married, that I've made Jack promise to treat me in public just as if he had no thought of anyone but himself.

Mrs. Longwed—My Dear, I adopted that plan when I was married and my husband never got over it.

NINE BOILS

Kept Coming on Neck One After the Other

Anyone who has ever suffered from boils, knows how sick and miserable they make you feel.

When you think you are about cured of one, another seems ready to take its place and prolong your wretchedness. All the poulticing and lancing you may do will not cure them and stop more coming.

Boils are simply bad blood bursting out, and the bad blood must be made pure before the boils disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system and removes every particle of foul material from the blood, then never another boil comes and the cure is permanent.

Mr. Geo. Ayers, 302 Gloucester St., Ottawa, Ont., writes: "I wish to tell you what I know about your wonderful Burdock Blood Bitters. In the spring I suppose my system needed cleaning out, for I had nine boils come on my neck one after the other. I quickly got a bottle of B.B.B., and before it was half finished I felt a great change, and it certainly put an end to my boils, otherwise I might have had a lot more. I recommend B.B.B. to all I can, for I know it to be a great remedy."

—cure Headache in 20 minutes —break up a Cold over night —stop Monthly pains of women. There is one thing they will not do—they won't hurt you.

In Old Age

Health and comfort in old age depends largely on keeping the liver and kidneys in healthful action.

Pains and aches, stiffness of the joints, humbago and rheumatism tell of poisons left in the blood by sluggishness of the liver and kidneys.

People in advanced years hold Dr. Chase's Kidney-Liver Pills in high esteem because of the promptness and certainty with which they awaken the action of kidneys, liver and bowels.

WATCH FOR EGG CLUSTERS.  
Tomatoes need a certain amount of attention just at present. Remember that they figure as one of the most valuable salad crops and they are especially good when canned. They should be kept well staked up, and this is particularly desirable if the earth around them is wet or heavy. Otherwise the tomatoes are apt to lie on the ground and rot. In some of the plants the shoots should be reduced to one leader so as to give early fruit. They get a better chance to ripen if the foliage is kept well pruned for then the sun and air can get at the tomatoes and hasten their development.

The same bug that ravages the potato plant often finds its way to the tomato plant and works havoc there. Last year this pest was particularly active and it is quite time to be on the lookout for it now. Most people think that if the bugs are taken off, all is well. This is a mistake. Much more dangerous than the well-grown potato bugs are the orange-colored egg masses which cling to the leaves on the under side. Hundreds of small bugs are hatched from these clusters. Life should be promptly crushed out of the egg masses whenever they are discovered.

avoid accidents, but as days have passed, these precautions have been forgotten. Consequently, today, the old reservoir presents a very dangerous place, and unless some action is taken by the proper authorities, there is likely to be a fatal accident one of these days.

"WHERE LIFE'S WORTH WHILE."  
The above phrase expresses the consensus of opinion of all those who have ever visited the Algonquin Provincial (Ontario) Park. Its high altitude (nearly 2,000 feet above the sea), its unlimited opportunities for camping, fishing, canoeing and kodaking, and its comfortable and well run hotels give it a distinction that is not found in other sections of the country. The hundreds of patrons from the United States who annually visit this region alone testify to its popularity. Situated 200 miles north of Toronto, and 170 miles west of Ottawa, the Park is easy of access by the Grand Trunk Railway. A concise descriptive publication handsomely illustrated has been issued and can be had for the asking on application to A. M. Stevens, City Passenger Agent, 2 Strathcona Sq.

Lost Games To Magog.  
The High School boys went to Magog on Saturday, and played a game of baseball with the Magog boys, which, though the visiting team was defeated, was quite up to the mark in every way. The High School boys, who are real sports, decided to make the trip by "bike," and got to Magog safely, but the roads were so bad they decided to return via C. P. R., forgetting for a few moments that "trains wait for no man," they arrived at the station about a minute late, the result being a pleasant stay in Magog, where they were most hospitably entertained by the home team. They returned Sunday evening, full of praise for the trip, and hospitality, of baseball rivals.

GARDEN FETE ATTRACTED LARGE CROWD AND WAS A HUGE SUCCESS  
Sherbroke Patriotic Association Will Benefit to Considerable Extent as a Result of Garden Party Yesterday.

Fine sunshine falling on long stretches of velvet lawns, flutte of flags, booths decorated in brilliant colors and over all the blue summer sky of Canada, made the grounds attached to the Officers' Mess Rooms on Dufferin Avenue an attractive place yesterday, on the occasion of the garden party given under the auspices of the entertainment committee of the Sherbrooke Patriotic Association. A crowd of pleasure seekers and lovers of out-of-doors were present during the afternoon.

Ices and summer beverages were served on the lawn and music was furnished by an excellent orchestra, composed of Professor Dudley, Mr. Albert Blier and Mr. Edgcombe, whose kindness in contributing to the pleasure of the afternoon was much appreciated. The wide verandah, gaily festooned with bunting, was occupied by bridge players, the prize winners being Mrs. Barry, Mrs. L. Bachand, Mrs. Haultain, Mrs. Spain and Mrs. Fred Hovey. The war refreshments were tea and biscuits.

In a picturesque tent a pretty gypsy foretold the future when her palm was crossed with silver, and a donkey and cart, generously loaned by Mrs. J. H. Walsh, must not be forgotten as one of the principal attractions of the fete. "Donny" must have been a tired animal at nightfall, for the children thoroughly enjoyed riding about the grounds in a novel vehicle, and kept it on the move. The charioteer was Miss Doris Smith.

Mrs. Dastous and Mrs. Parmelee, conveners of the committee, received the guests, and Miss Mary Twose, the secretary, looked after various details.

Bridge arrangements were in charge of Mrs. Haultain and Mrs. J. A. Wiggett, and the novelty booth, under a large yellow-striped Japanese umbrella, was presided over by Mrs. Winslow and Miss Jessie Hargrave; flower table, laden with summer bloom, Mrs. A. F. Fraser, Mrs. Irwin and Miss Florence Hunt, assisted by Miss Mary McGunn, of Cardinal, Ont.

Miss Twose and Mrs. Salla dispensed ice cream, and Miss McWilliams and Miss Campbell ginger ale, soda, etc., while the pop-corn, a dainty booth, much favored by youngsters, was in charge of Mrs. Harkness and Mrs. M. S. Macdonald.

Mrs. Swartz unfolded the mystery of the magic ball. Miss Gladys Hale was the custodian of a "guess cake."

In the evening the scene was one of real beauty with all the lights. Much ice cream was consumed and the booths were well patronized by the many visitors, and the splendid music of the Harmony Band floated far and wide. The event of the evening was the charming dancing of Miss Pauline Dastous, whose graceful interpretation of "The Mat" and "The Butterfly" on the smooth grass elicited storms of applause.

The fete was a great success, and the funds of the Patriotic Association will benefit thereby.

SOVIET ENDEAVORS TO KEEP DOWN REVOLT

Russian Government Supporters Take Drastic Measures to Expel Alleged Plotters.

LONDON, June 18.—The central executive committee of the Russian Soviets took a drastic step Friday in deciding to expel those of its members representing the Social revolutionists, the Right, the Centre and the Mensheviks, according to a Russian wireless message received here. All local councils are to be asked to expel representatives of the same parties.

It is contended that it has been established clearly that representatives of the ousted parties, including the most responsible members, have been found guilty of organizing an armed revolution against the workmen and peasants, and in it acted in co-operation with the counter-revolutionary traders.

**CLARENCEVILLE NOTES OF NEWS**

**Several Young Men Called for Service—Passing of Mrs. McGee Removes One of Oldest Residents of District.**

CLARENCEVILLE, June 19.—(Special.)—Word has been received by his parents that Principal Roy P. Bisball, of the Royal Arthur school, Montreal, has been notified to report for military service. Roy has spent the last four summers at the summer school of Queen's University, Kingston, securing his degree of B.A.

**PASSING OF OLD RESIDENT.**  
One of the oldest inhabitants, in the person of Mrs. Mary McGee, passed away last week. Mrs. McGee was born in the county of Clair, Ireland, and came to this country with her parents over eighty years ago, her family name being Neville. A large number of them settled on the shore of Missisquoi Bay, and their descendants are living there now, in possession of the lands taken up so long ago. Mrs. McGee could tell most interesting stories of the early days. She was a kindly neighbor, and will be much missed by her friends and relatives. The funeral was held on Thursday, high mass being celebrated in the Catholic church, and her body laid to rest with her family in the St. Sebastian cemetery. Her niece, Miss Maggie Neville, has closed the home, and will spend the summer with her brothers on the bay shore.

**BABY ESCAPED INJURY.**  
While Mr. and Mrs. Emmet Beerworth were getting into their carriage at their sister's door on Saturday evening the horse took fright at a passing vehicle. Mrs. Beerworth, with baby Erna in her arms, in attempting to jump from the carriage, was cut and bruised from the fall, but the baby was picked up at a little distance from where she had fallen into the grass, and was quite uninjured. Mrs. Beerworth was able to get out the following day, apparently none the worse for her adventure.

**MODEL SCHOOL CLOSED.**  
The model school closed for the year on Wednesday. Miss Elliott, the principal, and Mrs. Schallack, the elementary teacher, have been re-engaged. Miss Philbrick, of Danville, the model teacher, has tendered her resignation, and much to the regret of the younger set, is not returning.

**NOTES.**  
Mr. and Mrs. Herman Beerworth have been obliged to take their young son to Montreal for a serious operation on his throat. He con-

**PLEASED WITH CONDITIONS IN QUEBEC PROVINCE**

**Men Coming as Fast as They Can Be Accommodated Under Provisions of Military Service Act.**

OTTAWA, Ont., June 19.—"The situation is very gratifying," was the concluding statement made to the press representative today by the Military Service Branch of the Department of Justice, respecting the changed conditions in the province of Quebec.

"The men are coming along just as fast as they can be accommodated, and are being ordered to report in accordance with an agreement reached between the general officer commanding the district and the registrar, under the Military Service Act."

It was added that it is possible now, with the opening of summer camps, more can be handled. No doubt is entertained that if more men are called they will report.

**\$75,000 FIRE AT BARRIE, ONT.**

(Canadian Press Despatch)  
BARRIE, ONT., June 19.—Fire, yesterday here destroyed the Fisher flour mill, entailing a loss estimated at about \$75,000, which is half covered by insurance.

tracted the infectious throat disease that was prevalent throughout this vicinity in the spring, and after several weeks' treatment the doctors in charge advised an operation. The latest news was that the operation was over, and that he was gaining.

Very sincere sympathy is felt for Mr. and Mrs. Herbert McCarthy in the serious illness of their son, Edwin.

Mrs. Alex Derick is spending a few days in Montreal, guests of her sister.

Registration of the village population of sixteen years and over is proceeding these days at the office of J. A. Tipping, deputy registrar.

Mr. and Mrs. Boomhower, in Faddontown, entertained on Tuesday night all friends and members of the Epworth League of the Methodist Church for their son Harold, who leaves in a few days to take up his work on the Minton circuit, to which conference appointed him.

Miss Sophia J. Elliott returned from a week's holiday spent in St. Albans, Bedford and Waterloo. When in Waterloo, Miss Elliott was the guest of the Rev. Paul and Mrs. Pergau.

Mr. L. C. Green, of the St. Lambert Academy, is the latest lad to sign up for the King's service. Lee enlisted last week, spent the weekend here with his parents, Mr. and Mrs. Herbert Green, and is already in training at Valcartier.

Mr. Charles H. Ellis, with his two sons, Garret and Bob, motored over from St. Albans on Sunday to spend the day with his father and sister. Garret Ellis has recently returned from a year at the Military Academy in the South, and is looking forward to the time when his age will permit him to enlist in active service.

A dancing party was given in Empire hall on Friday evening for the benefit of the Red Cross. It was an ideal evening for dancing, so the hall was well filled. Music was furnished by Mrs. Murray Schallack, and the sum of \$18 was realized.

**TROUBLE NOTED IN ORFORD OVER REGISTERING**

(Continued from page 1.)  
that several of the proclamations that we had put up had been torn down and scattered, especially in St. Elie. However, this new order is a Government order and it must be obeyed by all. The citizens who are called upon to register by the regulations and refuse to do so will be the ones that will suffer. They will leave themselves liable to punishment as provided for in the regulations. However, I am of the opinion that the persons that are opposing this order to register will soon see matters in the right light and that they will fall in line and register as the other residents of Canada are doing," said Registrar Campbell.

Mr. Campbell reported that the work of registering the residents in the County of Sherbrooke, with the exception of Orford, was progressing wonderfully well. I should judge that practically fifty per cent. of the residents of the County of Sherbrooke have already registered, and before June 22 arrives, practically all the work will likely be completed. Mr. Campbell pointed out that if the registration certificate of any person should be lost or destroyed, worn out or defaced, he may, upon establishing the fact to the satisfaction of the central registrar, obtain from him a new certificate.

**Must Notify Registrar.**  
It is also pointed out that any person registered who afterwards marries or changes his place of residence and who, without lawful excuse, omits, neglects or fails within fourteen days thereafter, to notify the central registrar the date of his marriage, and of the name and place of residence of the person whom he married, or of the place of residence and post office address to which he has removed, as the case may be, shall be guilty of an offence and liable to a fine not exceeding \$50.

**Record Births and Deaths.**  
It will also be the duty of every provincial registrar of births and deaths to transmit, at the beginning of each month, to the central registrar, a statement setting forth the name, age and residence of every person of sixteen years of age or upwards whose death shall have been registered or notified to him during the month last preceding; and every registrar shall at the same time under separate cover send a statement of the number of deaths of persons under sixteen years and also of the number of births registered.

Persons confined in asylums for the insane or feeble minded, in penitentiaries or prisons, and inmates of institutions excepted by the Board, shall be registered by or under the direction of the wardens, governors, keepers or the principals thereof.

Persons who are not required to register at the present time are notified that they must register within thirty days after he or she shall have attained his or her sixteenth birthday, and every person required to register who was upon active service in any of His Majesty's military or naval forces on June 22, must register within thirty days after he shall have ceased to be upon active service. This must be done at a post office where he shall cause to be written upon a registration card his answers to the questions, and the card shall be verified by his signature and certified by the postmaster. The postmaster will then give the registrant his receipt.

Announcement is also made that all letters and other mailable matter addressed to the central registrar at his office, and relating to the business there carried on, will be free of Canada postage.

Places in Ascot to Register.  
The complete list of places to register in the Township of Ascot was made public by Registrar Campbell today as follows: Capelton, Bullard School, Miss A. B. **Manufacturers Assisting.**  
The manufacturers and big industrial firms are now actively interested in the registration of their employees. Many of them are doing the work on their premises under a sworn deputy, and not a few are doing a work free of charge. The following is a partial list only, compiled from the available data in the office of the District Superintendent, Dr. J. Hayes, who stated today that registration was now going on all over the Township. The objective is about 155,000, and I fully expect that this will be realized," said Dr. Hayes.

**DEMANDS OF TORONTO CIVIC EMPLOYEES**

(Canadian Press Despatch)

Plans had been made for the taking of a strike vote, but this will not take place until Thursday night, and then only if the reply of the mayor and his colleagues is unsatisfactory.

The men ask for two dollars weekly over the three months from January to March.

**WESTERN CROPS WILL SUFFER UNLESS RAIN COMES VERY SOON**

WINNIPEG, MAN., June 19.—"Western Canada needs rain from Winnipeg to the mountains, and the weather conditions for the next two weeks will largely determine what the 1918 wheat crop will be," said J. **MARRIAGES**

**FORTIER—LOVELETTE.**  
RICHMOND, Vt., June 14.—A pretty wedding took place Saturday, June 1, at the home of Mr. and Mrs. Linus Lovelette, Noyes street, when their youngest daughter, Beatrice Rose, was united in marriage to Mr. Albert Raymond Fortier, also of this place. The rooms were attractively decorated with flowers and festoons of colored ribbons, while outside on the veranda American flags had been displayed. The guests had assembled in the parlor when promptly at the hour of 2.00 o'clock, to the strains of beautiful music played by Miss Zoa Mitchell, of East Fairfield, the wedding party entered, first, the Rev. Edward M. Fuller, pastor of the Baptist Church, followed by Miss Cleone Lloyd, a little niece of the bride, as ring bearer; next came Leo Chase, a brother-in-law of the bride, as best man, and Mrs. Leo Chase, sister of the bride, as maid of honor, preceding the bride and groom, who in turn were followed by Misses Mildred and Merle Lafleur, who gathered up the ribbons scattered by the

little ring bearer. The ceremony was very impressively performed, the bridal party standing beneath a beautiful arch artistically trimmed with evergreens, American flags and pink and white carnations.

The bride was beautifully gowned in a dress of white messaline and georgette crepe, and carried a bouquet of bride's roses. The maid of honor wore pink and white carnations.

Following the ceremony, the happy couple received congratulations. Miss Cleone Lloyd, of East Fairfield, then sang a solo entitled, "Just a Baby's Prayer at Twilight for Her Daddy Over There." Ice cream and cake were served by Mr. and Mrs. Lewis Lloyd, Mr. and Mrs. Leo Chase and Miss Mildred Lafleur. The wedding cake was given away by Miss Merle Lafleur. The presents were beautiful and valuable, consisting of silver, china, linen, cut glass and money. Mr. and Mrs. Fortier will be at home for the present with the bride's parents.

**Canada Must Grasp This Opportunity to Become A Great Maritime Nation**

ANADA has everything in her favor at this present moment. She has the men, materials and money to build and man her own ships. If it pays Norway to build ships in Canada, it is high time we built them for ourselves.

Let us make the most of this opportunity, and we will become a great maritime nation for all time, as is our right.

**The NAVY LEAGUE of CANADA WANTS MEMBERS**

It is being organized throughout the Dominion to represent the solid body of public opinion that is even now arising.

The Navy League will do practical work, such as providing relief for our Canadian sailors and their dependents, as is done in the Navy League of the British Empire; in raising Naval Brigades among the younger men—a movement akin to the Cadets and Scouts; as well as in giving the nation firm support in its programme of shipbuilding and development of harbors and of our splendid natural resources.

**QUEBEC DIVISION**

The Quebec Division of the Navy League of Canada should assume the lead in this movement. In this Province we have many of the finest harbors, we have a shipbuilding industry well past the initial stages, we have a race of people bred to the sea and who make sailors that other nations are glad to get.

Beyond that we have millions of dollars' worth of produce that must be shipped overseas, and it cannot be shipped to greater advantage than in Canadian-owned, Canadian-built, and Canadian-manned vessels.

SHERBROOKE PAYS TRIBUTE TO HEROES

(Continued from page 1.)
city, taken for a short automobile ride around the city and made welcome. Buildings were decorated with flags and bunting in their honor and the strains of La Marseillaise rendered by a special band on their arrival on the Boston and Maine train.

Mayor White, accompanied by the aldermen and many of the prominent citizens of the city welcomed the "Blue Devils." They were escorted through the mass of people on hand at the station to a special platform that had been erected for the occasion and there Mayor White delivered an address of welcome as follows:
"Soldiers of France: In the name of the City of Sherbrooke I give you a most cordial welcome. The fact that you come to us from the battlefields of France will make your visit an inspiration to us and lead us to further effort in the great struggle for the freedom of the world.

"We feel certain that the alliance between France and the British Empire will never be forgotten by the children of those men who are fighting side by side for a great cause, and that the final victory of the armies of the Allies will ensure the future peace of the world, so that generations to come will be able to live free from the fear of another war.

"I hope that your stay in Sherbrooke, although so short, may be to you all a pleasant memory, and to us an encouragement to further effort."
Lieut. Roger Cluzeau, of the 4th Regiment of Zouaves, replied for the "Blue Devils," thanking the citizens of Sherbrooke for the hearty welcome that had been extended to them.

Warriors Were Hungry.
However, many of the warriors preferred sitting in a lunch cart rather than an automobile ride. It turned out that the officers in charge of the "Blue Devils" only received word that a reception was being arranged for them on their arrival here about 7 o'clock this morning. Consequently they had to dress in a hurry and delay their breakfast. However, on their return to the train they hurried to the dining car and soon had their appetites satisfied.

ARE ALL SMALL MEN.
Many of the citizens were surprised that the "Blue Devils" were so small in stature. Having heard the tales of the heroic deeds performed on the battlefields and of the fear which they have inspired in the hearts of the enemy, a great many people were led to believe that the "Blue Devils" were big, husky warriors. But they were not. They are simply the typical mountain climbers, and as they appeared on their visit here looked real gentle and friendly. However, when their homes and country are at stake, the Chasseurs fight to the end.

ALL ARE YOUNG MEN.
Every one of them is a veteran, although the majority of them are under twenty-six years of age. They have all been wounded at least once, and they all wear decorations and distinctions earned on the battle fields. Lieut. Le Moel, who commands the detachment, is but twenty-three years of age, and has been wounded no less than five times. He is looked up to by all his men, for they well know the heroic deeds that he has accomplished to earn the Cross of the Legion of Honor, and the Croix de Guerre with three palms and two stars. Owing to the fact that he had a very busy day yesterday, Lieut. Le Moel did not appear at the reception given the visitors, but remained in his berth, Lieut. Roger Cluzeau taking command. He also is a young man, but he has established a wonderful record for himself in this great war. In September, 1916, before Souchez, he was the only remaining officer of the 4th Regiment of Zouaves, with the exception of his Colonel, and with a small handful of the remaining men, he routed the enemy from an opposing trench, and also wears the Legion of Honor, and the Croix de Guerre.

Lieut. Marcel Levie, of the 100th Regiment, was taken prisoner after two years' fighting, during which time he was four times wounded. For his gallantry he was awarded the Croix de Guerre with three palms and one cross from the English Government and the Cross of the Legion of Honor.
Lieut. Jean Canal of the 13th Colonial Infantry Regiment, was awarded the Cross of the Legion of Honor, the Croix de Guerre with one palm and two stars, and was mentioned three times in despatches for valor. He was through the engagements before Souchez and Verdun.

On Sunday next at 2:30 o'clock in the Methodist Church, arrangements have been made with the district chaplain, Rt. Wor. Bro. Rev. C. H. Brown to hold a service for the Masons belonging to the lodges in the district of Bedford, V. Wor. Bro. R. Kidd, G.O.M., will be director of ceremonies. It is hoped that the brethren of the lodges in the district will attend this service, and a special invitation is extended to the public to attend this special service.

with loud cheers wherever they went, men, women and children rushing to meet them, proud to shake their hands. Young lads looked up to them as they passed and even delighted to touch the uniforms of blue which they wore. Owing to the fact that several of the citizens were so anxious to entertain the veterans as much as possible, a number of them came within an ace of missing their train, but they finally got away.
They will spend this afternoon in Quebec, then take the boat from Quebec to Montreal, and from there go to Ottawa and Toronto, returning back to New York for July 4th. "Where to after New York," one was asked. "France," he said, his answer being accompanied by a smile which plainly told that he would be glad to get back to his country, to fight again.
Some of the more curious enthusiasts asked a number of the heroes how many Germans they had killed, but the only reply they received was "many." The "Blue Devils" are very modest in their manner and are not anxious to tell how they won their decorations.
Owing to the fact that they were given such short notice to prepare for the entraining of the veterans from Overseas, Sherbrooke citizens did themselves proud. Several returned Canadian soldiers were also on hand and the greetings between them and the French warriors was warm and hearty.
Captain J. H. Jenkins, of the Canadian Military Service Branch, Department of Justice, is looking after the visitors during their tour through Canada. The presentation of 250 cigars was made by W. E. Webster and Company.

THREE GUILTY OF VIOLATING AUTO LAWS

Judge Mulvena Handed Down Stiff Penalty in the Case of Joseph Lapierre Yesterday.

The provincial collectors, Messrs. Bissonnette and Oughtred, had a busy day yesterday before the District Magistrate's Court in connection with some violations of the law as to the operating of automobiles. Four cases were brought before Judge Mulvena and disposed of, three of the four being convicted.

Joseph Lapierre, who was arrested by the police last week charged with driving an automobile while under the influence of liquor, was found guilty and condemned to pay a fine of \$100 and costs or spend three months in jail, while his license was also cancelled.

Leon E. Langevin, of Stantéad Plain, was found guilty of exceeding the speed limit while driving an automobile on the streets of Stantéad, and was condemned to pay a fine of \$10 and costs or thirty days in jail.

Joseph Fontaine, of Sherbrooke, was condemned to pay a fine of \$10 and costs or thirty days in jail for exceeding the speed limit on the streets of Sherbrooke.

The case against Pierre Gaillon for operating a motor car in Sherbrooke while under the influence of liquor took up a great deal of time. A large number of witnesses were examined, the evidence being very lengthy and contradictory. Finally the Court dismissed the complaint, holding that although the evidence of the prosecution by intelligent and disinterested witnesses was strong, the defendant had gone into the witness box and swore absolutely that he was not under the influence of liquor, and seven other witnesses had stated likewise. Under the circumstances the Court felt it was better that ninety-nine guilty parties should escape punishment than that one innocent man should suffer, and dismissed the accused.

MUST KEEP THE PEACE. In other cases heard before Judge Mulvena, Frank Bean, of Ascot, was fined \$5 and costs or thirty days in jail for assault and battery on H. N. Demers, of the same place, while J. D. Kennedy, charged with threats of bodily harm against Henry Veilleux, both of this city, pleaded guilty to be charged, and was condemned to pay the costs and to give his personal bond to keep the peace for twelve months, in the sum of \$100 or thirty days in jail.

PARISIANS CALM WITH ENEMY 50 MILES AWAY

(Associated Press Despatch) PARIS, June 19.—With the Germans fifty miles from Paris, the sole topic of conversation is the victorious stand the Italian armies are making and their successful counter-attacks which cause keen delight here.

The announcements in some German newspapers, attributed to the inspiration of the German general staff, predicting that Paris would be subjected to an intense bombardment within a few days, are meeting with cynical comment untinged by any touch of perturbation.

"The Germans have as much chance to enter Paris as I have to occupy Du Barry's apartments on the Versailles Chateau," was the remark of a girl worker given as an indication of the temper of the rank and file.

"But if the Germans should get within bombing distance of Paris, and shell the city would you go?" the young woman was asked.

"Yes; go to work as usual," she replied.

A somewhat different view of eventualities is taken by Louis Puech, a Paris Deputy, who is taking a prominent part in the work of the Committee of Deputies for the defense of Paris. He writes to the Matin, advocating the taking of certain precautionary measures.

"The capital is no more threatened today than it was three months ago," says the Deputy in his article. "Nobody questions the solidity of the front, nor fears a fresh withdrawal, but we must exercise foresight, which we too often have failed to do in the past."

RATIONS MUST BE IMPOSED IN CANADA

(Canadian Press Despatch) MONTREAL, QUE., June 19.—The rationing system must certainly be imposed in Canada within the next month and a half to protect citizens in general, Mr. G. A. Cresse, superintendent Registrar for Quebec, stated today.

Mr. Cresse said that within the last few weeks hundreds of thousands of bushels of wheat have gone down with vessels sunk on this and the other side of the Atlantic.

Mr. Cresse made this announcement in support of a plea for complete registration in Quebec.

DO NOT FORGET PLIGHT OF FRENCH PEOPLE

(Canadian Press Despatch) OTTAWA, ONT., June 19.—A bulletin issued by the Canada Food Board today reads as follows:

The population of France, our ally, in this war was about 39,000,000 when war broke out. About seven million able-bodied men were conscripted. One million have since been killed and over one million more were put out of action. Agricultural production has dropped to nearly one third. Women, children, old men and crippled soldiers are struggling to till the fields of France.

Horses were also conscripted for military service, and French women hitched themselves to the plows and harrows in place of draught animals. French men are fighting Germans. French women are fighting starvation. Deaths from starvation among the Allies in Europe since the war are estimated at four million seven hundred thousand.

Remember that on registration day, when you are asked to help with the harvest.

CHICAGO CORN MARKET BULLISH

Falling Off in Receipts and Expected Curtailment of Crop Movements Had Effect on the Market.

(Associated Press Despatch) CHICAGO, ILL., June 19.—Falling off in receipts together with belief that the crop movement would be still more curtailed as soon as much wheat was ready for shipment, had bullish effect today on corn. Initial declines due to favorable weather were not of a lasting sort, as Government advices showed need of rain in important districts. Opening prices were ranged from 3-8 off to 1-2 advance, with July at 143 1/2 to 144 1/2, and August at 145 to 145 1/2 were followed by moderate upturns all around.

Revived export demands strengthened oats. The fact that the crop is at a critical stage seemed to make sellers cautious. After opening 1-8 cent off to 1-4 cent advance, with July at 71 1/2 to 71 3/4 the market scored material general gains.

Provisions rose with corn. Offsets were light.

FOOD DEMONSTRATIONS AT COPENHAGEN

Thousands of Workmen and Women Demand Bread and Butter—Work to Be Suspended for a Day.

(Associated Press Despatch) LONDON, June 19.—A despatch to the Exchange Telegraph Company from Copenhagen says that several thousand workmen and women had a demonstration Tuesday, in the streets of Copenhagen, demanding bread and butter. They marched to Parliament House where the members of the Parliament received a delegation from the crowd.

The organ of the Independent Danish Socialists, says a great demonstration has been planned for Wednesday, and that work will be suspended in a number of factories.

VON HINDENBURG NOW IN A SANITARIUM

Geneva Paper Hears that German Military Leader is Suffering from Acute Nervous Disease.

(Associated Press Despatch) GENEVA, June 19.—The Tribune says it learns from a reliable source that Field Marshal Von Hindenburg is suffering from an acute nervous disease, that his mental capacity is much affected, and that he is confined in a private sanitarium. The newspaper adds that Hindenburg took no responsible part in the recent offensive on the western battlefield, the work being chiefly done by General Ludendorff.

CLAIMS TO BE AMERICAN CITIZEN.

(Associated Press Despatch) PARIS, June 19.—Jacob Julius Stern, a silk merchant, claiming to be an American citizen, was arrested yesterday on a charge of commerce with the enemy. He was born in Germany in 1852 and thirty years ago went to the United States where he founded the business firm of Stern and Stern, with his brother, Emil, who is now in the United States, and his two sons are serving in the American army.

ing its intended course. Consolidation of the gains on the Montello Plateau and progress on the southern wing, which runs from Fossalta to Mestre, are claimed.  
In addition the Austrian War Office says the number of prisoners taken in the fighting has increased to 30,000, and that 12 0grms, in addition to nine throwers, machine guns and war material, have been captured. The prisoners taken by the Italians on Monday at one point aggregated 1,550, which would bring their total and those of the Allies well in the neighborhood of 5,000.

**Are Your Pulley Problems Well in Hand?**  
Have you reduced "belt slip" and weight-friction to a minimum? Can you show, despite increased price of coal, that your power bills are less, because you are getting more results from each unit? Many Superintendents are showing these results to-day, because they are replacing metal pulleys by Dodge Wood-Split Pulleys.  
\$10.00 per pulley per year is the smallest average saving of power costs by such replacements.  
This is a big claim, but it has been proven over and over again. Write for more information.

**GERMAN YOKE ON AUSTRIA IS MUTUAL ONE**  
Foreign Minister Says Lord Milner's Attempt to Divide Allied Central Powers is a Futile One.  
(Associated Press Despatch)  
AMSTERDAM, June 19.—An edition of the Vienna Fremdenblatt received here contains an interview with Baron Burian, the Austro-Hungarian Foreign Minister, in reply to a recent speech by Viscount Milner, the British Secretary of War. Baron Burian charges that Viscount Milner is making efforts to divide the allied Central Powers, but says his attempts will go unavowed.  
"The German yoke," says Baron Burian, "for Austria is the yoke of mutual, rock-like friendship, and has complete consideration for the interests of both parties. Otherwise the relationship between Austria-Hungary and Germany would not be possible for a moment. We will bear our burdens in common until a victorious end is achieved."  
"Let Viscount Milner sincerely try to seek enlightenment on his idea that the Central Powers desire to wade through wider seas of blood to world domination. He will be astonished how tremendously far our aims are removed from these that our opponents repeatedly seek to misrepresent to the world as ours."

**SIR GEO. FOSTER ON FRANCHISE FOR WOMEN**  
Impressed W. C. T. U. Convention Delegates With Serious Responsibilities that Had Now Fallen Upon Them.  
(Canadian Press Despatch)  
OTTAWA, ONT., June 19.—Speaking to the W. C. T. U. convention, in Chalmers' Presbyterian Church, last night, on the subject of Dominion-wide franchise for women, which became a fact at the recent session of Parliament, Sir George Foster, Minister of Trade and Commerce, and acting premier, impressed his audience with the serious responsibilities that had now fallen upon them.  
Sir George recommended them to keep their ballot as a personal possession, not belonging to this or that party or cult, for blind unreasoning vote was not the best support of a party. A party did best that had to deal with conscientious individual thought, which made it seek the principles of right to secure the vote of that element. Sir George expressed mild amazement that such an intelligent body as the National Council of Women or some members, had telegraphed him to ask if woman's franchise was an accomplished fact. He had imagined that they would have followed matters more closely than that.  
He warned his audience that they must not rest on their laurels now that Dominion-wide temperance and prohibition has been obtained. All retrograde movements of reform were traceable to over-confidence, and the secret of success in generations to come lay in the teaching of the children.  
Speaking of the duties towards the community of such bodies as the one which he was addressing, Sir George said immigration was a fine thing, and we needed it, but it was far finer to save the life of a baby that comes into a Canadian home than to bring a full grown man into the country. How many died that might be saved, and how many are not born that should be?  
An interesting feature of the evening was an address by Mrs. L.C. McKinney, member of the Legislature of Alberta, the main theme of which was of the admission of women to a Provincial Legislature and to Dominion franchise, was the forerunner of a better understanding between men and women in furthering the common causes of humanity.

**HARBOR OF ZEEBRUGGE IS BLOCKED**  
Germans' Work to Clear Entrance is Destroyed Each Night By British Aviators—No Subs Can Use Harbor.  
(Associated Press Despatch)  
AMSTERDAM, June 19.—The entrance to the harbor of Zeebrugge is blocked, according to Lieutenants George Coward and John Read, of the British Royal Air Force, who landed in the province of Zeeland on Monday, and are to be interned at The Hague. In an interview published in the Telegraaf they say the Germans are working day and night to clear the passage, but each night British aviators demolish the Germans' passage.  
The cement ships sunk in the harbor are still there, and the Germans are afraid to blow them up for fear they will also destroy the sluices. The Lieutenants assert that no submarines can enter or leave Zeebrugge.  
The blockade of Ostend is not so complete, but the Germans are having great trouble there.  
The motor of the seaplane carrying Coward and Read failed while they were bombing Zeebrugge. German aviators attacked their machine, but they managed to reach Holland and to escape capture by the Germans.

**FAILURE OF HUN SUBMARINE CAMPAIGN**  
American Naval Authorities Issue Statement in Regard to U-Boat Warfare Off the United States Coast.  
(Associated Press Despatch)  
LONDON, June 19.—The opinion expressed by Vice Admiral Sir Rosslyn Wemyss, First Sea Lord of the British Admiralty, to the Associated Press last week, that the submarine activity of the Germans off the Atlantic Coast of the United States, should not be taken very seriously, as the Germans probably would not attempt to block the American shores, resulted today in the following statement being issued at American Naval Headquarters:  
"The activity of the Germans on the American coast is a manifestation of failure of the enemy's submarine campaign. The enemy has a limited number of submarines, and his only chance of employing this available number successfully is to concentrate their operations on the local points of allied trade. All shipping which supplies the allied armies must converge in the areas in the vicinity of England and France.  
"Every submarine which operates far afield, as off the extensive coast of America, simply means less losses to the Allies, because it is one less submarine where shipping is heavy, and therefore, harder to protect. If the Allies could in any way influence the enemy they would encourage him to send his submarines to these areas distant from the critical areas.  
"The situation today is that there is sufficient tonnage available to meet the allied demands, and it is constantly growing larger, even if American losses increase."

**RUMANIA COULD NOT RESIST, SAYS KING FERDINAND**  
Peace Treaty With Central Powers Submitted and Accepted by the Legislature—Diplomatic Relations Resumed.  
(Associated Press Despatch)  
AMSTERDAM, June 19.—Roumania concluded peace because to resist further would have exhausted the country to the point of destruction, said King Ferdinand in his speech from the Throne at the re-opening of the Roumanian Parliament at Jassy, on Monday. The peace treaty was then submitted to the legislature for approval.  
The King said that Roumania had accepted the peace forced upon her as a necessary condition to her existence. The treaty manifestly imposed painful sacrifices, but the Roumanian people would examine with the manliness which an exact comprehension of the interests of the state demands.  
He alluded with satisfaction to the fact that war had brought back the Moldavian land, thrown the Bessarabian people into the arms of Roumania, and restored friendship with the Central Powers.  
Good relations with other countries were still maintained, and plans were on foot to resume normal diplomatic intercourse.

**WARN AGAINST INCREASE IN EXPENDITURE**  
Two London Papers Comment on Statement Made By Chancellor of Exchequer in Connection With War.  
(Associated Press Despatch)  
LONDON, June 19.—A note of warning against an increase in war expenditures is sounded by the Daily Chronicle and the Daily News in their comment on the statements made by Hon. Andrew Bonar Law, Chancellor of the Exchequer, in moving a vote of credit in the House of Commons yesterday. Other papers do not question the huge outlay.  
"We are getting our money's worth," says the Daily Express. It adds that the Allies "look forward to another three months of insistent anxiety."  
The Daily News says: "The sinister fact is the indifference that prevails on the subject. The treasury long since ceased to exercise control; Parliament offers nothing with which to dam the tide. The Government's idea of 'getting on with the war' does not include any considerations of economy, and there is no check on the torrents of waste in the departments themselves."  
While stating that the cost of all materials is higher the Chronicle charges the Government with being "muddled," and blames "the continuing inadequacy of our financial control."

**MAY MEAN WAR WITH TURKEY AND AMERICA**  
Sacking of Hospitals in Persia May Result in Declaration of War Against Ottoman Allies of Germany.  
(Associated Press Despatch)  
WASHINGTON, D.C., June 19.—Sacking of the American Hospital at Tabriz, Persia, and seizure of the American and British consulates there by invading Turkish troops was reported to the State Department today by the American Ambassador at Teheran.  
If the report as it reached the Minister is officially confirmed, the outrages may be considered an act of war, and settle the long pending question of whether the Ottoman allies of Germany should be formally listed among America's enemies.  
According to today's despatch, the Turks sacked the hospital over the protest of the Spanish consul, in charge as representative of American interests, and in defiance of the Spanish flag flying over the buildings.

**THREAT TO IMPRISON FRENCH INHABITANTS**  
Germany Will Take Action if It is Proved 10,000 Germans Have Been Interned in Australia.  
(Associated Press Despatch)  
AMSTERDAM, June 19.—When reports that ten thousand Germans have been expelled from China and interned in Australia are proved, says the Deutsches Tageszeitung of Berlin, the German Government will collect ten thousand inhabitants of French occupied districts and send them to prison until the Germans are returned to China and compensated for their losses.

**PEMBROKE HAS \$1,000,000 FIRE**  
Disastrous Conflagration Swept a Large Portion of the Commercial District of Ontario Town.  
PEMBROKE, Ont., June 19.—A disastrous conflagration broke out here shortly after six o'clock last evening and before it was under control a large portion of the commercial district of the town on Pembroke street had been razed to the ground. Even an approximate estimate of the loss at the present time is impossible, owing to the general confusion and excitement reigning, but the fire officials state that the final figures of the damage done may reach \$1,000,000. The fire is presumed to have started in a chimney in the residence of O. Landriault, Jivertyman, whose stables were totally destroyed by the flames. No loss of life has as yet been reported, but it is rumored that one woman expired in one of the houses in the burned area, and that another woman was killed by a street car.

**WARNING AGAINST DUTCH SOCIALIST.**  
(Via Reuter's Ottawa Agency).  
AMSTERDAM, June 19.—The Dutch branch of the League of Neutral Nations has decided to telegraph Havelock Wilson, President of the British Seamen's Union, warning him against a Dutch Socialist leader named Troelstra, who intends to proceed to England and France in July to attend the inter-Allied Socialist Conference, and asking whether British sailors are willing to transport a pro-German, who, at the beginning of the unrestricted submarine warfare, assured German Socialists that Holland would not declare war if Dutch vessels were torpedoed.

**TAUT NERVES OF PARIS RELAXED**  
News of Austrian Repulse and Comparative Quiet on French and British Lines Relief to Parisians.  
(Associated Press Despatch)  
PARIS, June 19.—News of the Austrian repulse on the Italian front, the comparative quiet on the French and British lines, silence on the part of the long range guns for six days and the inability of the Gotha to cross the terrific defensive barrage in their last attempts to reach Paris, only one German having succeeded in flying over the city, have caused the taut nerves of Paris to relax. The city has assumed an appearance nearer that of before the war than at any time since the opening of hostilities.

French Finance Minister Declares that Russian Government Will Eventually Pay Debts.  
(Associated Press Despatch)  
PARIS, June 19.—The French Government has confidence that Russia will eventually pay her debts, declared Finance Minister Klotz in the Chamber of Deputies yesterday. Socialist deputies had a conference to discuss the renewal of privileges of the Bank of France, and raised the question of the Russian debt to France, but their efforts were foiled by the Finance Minister.

**The Back to the Farm Movement**

**For Greater Food Production**

Thousands are going from the cities to the farms, this summer. Boys and girls, as well as men and women, will "do their bit" for Canada and the Empire.  
An army may "fight on its stomach", but it works on its feet. So does the farmer and his helpers. How is the volunteer from the city to prevent the feet from becoming cramped and over-tired, when working in the field or garden?

**FLEET FOOT IS THE ANSWER**

They are cooler, and more comfortable than leather shoes,—support the ankles without binding—make steps light and buoyant as you plant, hoe, reap, pick fruit and berries and do your day's work with the least possible fatigue and trouble.  
"WORKMAN" and "EVERY-DAY",—two staunch, serviceable shoes for such farm work—are made in sizes for men and boys,—while for women and girls, the "ATHLETE B. BAL." will give splendid service.  
Be sure you take a pair or two with you when you go out to the farm.  
Or—if you are working your own war garden in town, you will find "FLEET FOOT" the easiest and most comfortable shoes to wear.  
The best shoe stores have "FLEET FOOT".  
None genuine unless stamped "FLEET FOOT".
