VOL. X, No. 4 WESTMOUNT, FRIDAY, JANUARY 27, 1939 PRICE—TWO CENTS

SHARP DECLINE REVEALED IN REALTY TRANSACTIONS HERE DURING PAST YEAR

Sales Have Combined Value of \$1,227,534 in 1938 as Against a Total Value of \$2,065,585 in 1937 — City Also Drops From First to Second Place Among Island Suburban Municipalities

A sharp decline in the total value of real estate sales transacted in Westmount during 1938 as compared with that of the previous two years, is revealed in a report issued this week by the secretary of the Montreal Real Estate Board.

From January 1 until Dec. 31 last year, 146 sales were made having a combined value of \$1,227,534, as against 192 separate deals representing a turnover of \$2,065,585, for 1937. In 1936, 176 sales of a total value of \$1,820,546 were recorded.

Westmount also dropped from first to second place among Island municipalities for the 1938 term.

No official real estate figures have as yet been tabulated at the City Hall and no statement regarding realty activity has been issued there. It is not felt that there is any significance attached to the decline, as while transactions here were of less total value than for the past two years, the city was well ahead of all Island municipalities with the exception of Outremont.

Figures released by the real estate board show that for the month of December, alone, Westmount led all municipalities in total value of sales and placed fourth in number of transactions. Sixteen deals, representing a turnover of \$178,429, were made during the final month of the year.

Outremont was in second position with 22 sales having a combined value of \$174,514. In Verdun, which placed next on the list, 22 sales represented a turnover of \$174,514.

'Y' TO SPONSOR GALA EVENT ON MOUNTAIN FEB. 3

Program Will Include Tobogganing, Skiing, Skating and Dancing

The district branch of the Y.M.C.A. has planned a gala evening's entertainment for Friday, Feb. 3, when it will sponsor "Westmount Y Night at the Park Toboggan Club," an event being staged for the first time this year and which promises to be one of the highlights of the winter season.

Three of the club's famed slides and 125 toboggans have been reserved for the occasion and skating and skiing to music will be highlights of the program. Music for dancing is to be supplied by Russell Dean's orchestra.

The venture is an experimental one as far as the "Y" branch is concerned and every effort is being made to assure its success. The slopes of the mountain alongside the slide and the Beaver skating rink at its foot will be brilliantly outlined by flood lamps.

K. H. Murray is chairman of the committee in charge of arrangements while Ted Neill is to act as master-of-ceremonies.

BOYS BRIGADE PREPARES FOR COMPETITIONS

First Aid Team Inspected And Found Well Advanced in Its Work

The First Westmount Company of the Boys Brigade, at its regular weekly meeting on Friday, commenced preparations for the spring battalion competitions. Lieut. Sutherland inspected the first aid team and found it to be well advanced in its work.

Captain Richardson is undertaking the supervision of several new classes to be inaugurated tonight so that new members enrolling in the unit will be able to enter into some form of preparatory training.

The following boys were enrolled last week and received their cards of membership: Jack Goodfellow, Kenneth Bolduc, James Wilson and Everitt McKinlay. Kenneth Bolduc and Everitt McKinlay were awarded their official membership pins, having completed the necessary qualifications.

It is expected that a swimming class as well as a Life Saving team will be commenced tomorrow afternoon. The Company has been fortunate in securing competent instructors for both and hope to see several boys attain their Life Saving badge as well as the Royal Life Saving certificate.

Billy Dryden was the recipient of a handsome jack-knife for having entered the winning essay in the Company's monthly contest. The judges had a difficult time in ascertaining the winner as all entries were well composed. This essay dealt with "Alcohol and its effect on the Human Body."

Annual Report Issued By Westmount Library

The Westmount Public Library loaned a total of 169,423 books—an equivalent of seven to every resident of the municipality—during 1938, a report issued this week by the librarian, Miss Kathleen M. Jenkins, reveals. Sixty per cent of the books taken out were of the fiction type, the remaining 40 per cent being non-fiction volumes.

The report has been presented to the Library Board composed of A. D. Thornton, chairman, Mayor Walter A. Merrill, Aldermen C. K. McLeod, W. E. Scott, Douglas Lorimer, and S. F. Rutherford, and Prof. Charles M. McKergow.

During the year 3,029 books were added to the shelves of the library which contained 33,886 volumes at the close of the fiscal term. At the end of the year the library had an adult membership of 8,276, an increase of 136 over 1937. The children's section had a membership of 1,246.

The reading and reference rooms were used by an estimated 33,040 persons.

More Books Bought

In her report Miss Jenkins states:

"We were able in 1938 to purchase more books than ever before in any one year. This was done, partly through the regular grant of \$4,240.00 for this purpose, and partly through the action of the City Council, in placing at the disposal of the Library Board the sum of \$2,500.00 for the purchase of non-fiction, and providing for an additional special grant of the same amount later.

"Of this special grant, we spent about \$1,200.00 by the end of 1938, on books for both adults and children. Many of them were expensive works of reference, which we have never been able to afford in the past. Others were books for circulation, many of them technical in subject, and they have been, on the whole, enthusiastically received by our readers.

"We took stock of all books, for the first time since 1936. The work was done carefully and thoroughly, over a long period, and resulted in the report that 176 had been taken from the shelves. The discarding of books was unusually heavy, but has resulted, we believe, in a better collection.

1400 Books Rebound

"It was necessary to have some 1400 books rebound, in order to keep our stock in good condition. In addition, the Library staff made innumerable minor repairs to other volumes.

"During the spring and summer, we altered the method of issuing."

BAKERY WORKER IS OVERCOME BY COAL GAS

Large Oven Explodes in Rear of A. Maitland Confectionery Store

When a large bakery oven exploded in the rear of the A. Maitland confectionery store, 4124 St. Catherine street, west, Mrs. E. McDermott, 53, an employee of the shop, was overcome by coal gas and was taken to the Women's General Hospital for treatment. Considerable damage was caused by the blast.

At the time of the explosion the woman was working in the front of the store. She was rapidly overcome by the escaping coal fumes. The noise of the blast was heard by Cons. H. Wilson, who was making the rounds of his beat, and upon investigating he found the woman in a semi-conscious condition.

He immediately turned in a fire-alarm and firemen under Deputy Chief W. Burris, answered the call. Dr. F. M. A. McNaughton, brigade physician, gave Mrs. McDermott first aid treatment, and she was then removed to the hospital. Her condition was not considered serious.

No fire was caused by the explosion.

BOOK WILL FORM THEME OF SERMON ON SUNDAY

Rev. Dr. F. W. Kerr will preach on Lloyd C. Douglas' new book "Disputed Passage" in St. Andrew's Church on Sunday evening. At the morning service the minister will commence a series of sermons dealing with the crisis in the life of Christ. The topic for the sermon will be "In the Steps of His Master."

FINAL TRIBUTE WILL BE PAID TO MRS. W. ORAM

Rev. T. W. Jones to Conduct Funeral Service of Resident This Afternoon

Final tribute will be paid to late Mrs. Wilmet P. Oram, of 4102 Dorchester street, this afternoon at 2:30 o'clock at the D. A. Collins chapel. The service is to be conducted by the Rev. T. W. Jones.

Mrs. Oram died at her residence on Tuesday following a lengthy illness. She was 42 years of age.

Born and educated in London, England, Mrs. Oram was formerly Miss J. May Harper, and was married in London in 1918 to Major Wilmet P. Oram of the 14th Battalion R.M.R. Coming to Canada shortly after the World War, Mrs. Oram had resided in Westmount for the past 18 years. She was always intensely interested in Social Service and Welfare work. She was a member of the Captain Fryat Chapter I.O.D.E. and was formerly president of the Social Service Red Cross Society of St. Stephen's Church. She was also a member of the Church of England Emergency Relief Board and of the Ladies Auxiliary of the Royal Montreal Regiment and past president of the Gyrette Club.

Besides her husband, Wilmet "Bill" P. Oram, she is survived by a brother, H. S. Harper, of Montreal, her mother, one sister and a brother in England and a brother in Michigan.

Following the service here the body will be sent to Kingston for burial.

Criticism Of Judges Often Unjustified, Speaker Says

Due to the fact that the general public knows little of what actually transpires during a court trial judges are often criticized for their handling of cases, Judge Amedee Monet, of the Criminal Court, told members of the Westmount Rotary Club at their regular weekly luncheon meeting in Victoria Hall on Wednesday.

Legal technicalities often make it necessary for a judge to render what appears to be a foolish decision, he said. As an illustration he cited a raid on a Maine street gambling house in which police testified that both cards and money had been found on tables in the place.

When the case came to trial a conviction looked fairly certain, however the case was dismissed—due to the fact that the prosecution had failed to prove that the Maine street in question was in Montreal, and therefore under the jurisdiction of the presiding magistrate.

A case somewhat similar in nature occurred some time ago, he said. A waiter was brought before the court accused of selling an alcoholic beverage without a license. Inspectors who had made the arrest testified that the accused had served and accepted payment for four "John Collins." The presiding judge, however, had to dismiss the case—the prosecution had neglected to prove that the drinks had any alcoholic content. Judge Monet does not believe that police raids will ever "clean up" Montreal. Illegal activities can be checked by proper police supervision but they will always exist to some extent, he contends.

He is also of the opinion that newspaper reporters should not be permitted to attend trials until the accused have been freed or sentenced. Newspaper publicity often encourages crime, he told Rotarians.

The speaker was introduced by Arthur Lallemand and thanked by Victor Sprott. The president, John Colton, was in the chair.

MAN IS BURNED WHILE TENDING TO OIL FURNACE

Sydney Pirles, 50, Apartment Janitor, Taken to Hospital for Treatment

Sydney Pirles, 50, janitor of an apartment house at 5010 Sherbrooke street, was painfully burned while tending to an oil-burning furnace in the basement of the building at 5 o'clock on Saturday afternoon and was taken to the Western Division of the Montreal General Hospital for treatment. He later received further treatment at the Central Division of the Hospital.

According to information obtained by police, Pirles was working on the feed line of the furnace at the time of the mishap. A sudden back draft caused the door of the heating unit to blow open and flames shot out, burning him on the face and arms.

Treated by Dr. Cook, he first went to the Western Division of the Montreal General where he was attended to and allowed to leave. He was advised, however, to go to the central division, and was admitted there on Monday.

His burns are not considered serious.

The building is the property of the D. W. Ogilvie Company.

MINISTER TO RESUME SERIES OF SERVICES

Rev. T. W. Jones Will Preach on "The Sanctuary in the Wilderness"

On Sunday morning in Calvary Church, the minister, the Rev. T. W. Jones, will resume the series of Bible study services, completing the story of the Children of Israel in the journeying toward the Promised Land. The theme of the sermon will be "The Sanctuary in the Wilderness."

At the evening service at 7:30 p.m. Dr. Jones will preach on the theme "A Question no man can answer."

Regular sessions of the Church School will be held at 11 a.m. and 3 p.m., with classes in all departments of the school.

The Young People's Union will hold its regular meeting on Monday at 8:15 p.m. A cordial invitation is extended to all young people of the congregation and community to share the happy fellowship of this group.

The Women's Association will meet on Wednesday at 2:30 p.m. in the Parlors of the Church.

On Sunday, Feb. 5th at 11 a.m., a dedication service for all church officers for the year 1939 will form a part of the morning worship. The communion of the Lord's Supper with reception of new members will follow the preaching service.

A teacher training class and preparation class for church members will open on Sunday afternoon February 5th. Those desiring to attend should notify the minister or the Sunday school superintendent as early as possible.

Arrangements Being Made For Rotary Ice Carnival

March 3 and 4 have been selected as the dates for the Annual Ice Carnival sponsored by the Rotary Club of Westmount in aid of the Montreal Children's Hospital. Announcement to this effect is made by the Carnival Committee which is already actively engaged in making final arrangements.

The Montreal Children's Hospital for which the show is being produced is the major philanthropy of the Westmount Rotary Club. For eight consecutive years the Club has produced an Ice Carnival at the Forum, the net proceeds of which go to meet the running expenses of the Hospital. Because of the fine public support accorded each year the Rotary Club has been able to hand over to the Montreal Children's Hospital very substantial sums, last year's amount exceeding \$12,000.

Situated on Gray Street at St. Antoine, the Children's Hospital serves a highly industrialized working man's district. Its 65 beds were occupied to 90 per cent capacity during 1938, patients numbering nearly 1,600. Of these 328 were free, 390 paying or partially paying and 822 Q.P.C.A. cases. Over 7,000 patients were treated in the Hospital's Outdoor Clinic, a very substantial increase over the previous year.

All of the attending staff give their time and services free. The Hospital is supported almost solely by the proceeds of the Ice Carnival of the Westmount Rotary Club, several private donations and Q. P. C. A. cases. It receives no Provincial grant.

The Hospital is rated as A1, the nursing staff is composed entirely of graduate nurses.

The Rotary Club of Westmount is hoping this year to be able to turn over to this worthy Hospital sufficient funds from the Carnival to meet the ever increasing volume of service rendered by this institution.

NEW SLATE OF OFFICERS PROPOSED AT MEETING OF BUSINESS ASSOCIATION

Nominating Committee Presented Its Selections — No Nominees Named for Posts of President and Two Chairmanships — President W. Boyd Robson to Retire — Wm. "Bill" Hughes Was Speaker

A suggested slate of officers of the Business Association of Westmount for the fiscal year commencing next month, was presented by W. Gordon Kenwood, chairman of the Nominating Committee, at a general meeting of the organization in Victoria Hall Monday night, at which Wm. "Bill" Hughes, noted football coach, was the principal speaker.

The slate, which was incomplete due to the fact that the Nominating Committee had not yet selected proposed candidates for the office of president and Civic Improvement and Publicity committee chairman, was as follows: vice-presidents, W. Gordon Kenwood, R. E. Parker, P. A. Sears; recording secretary, Lorne A. Parker; treasurer, Charles Watson; corresponding secretary, A. Ross Grafton; Committee chairman: attendance, C. A. James; finance, R. B. Ward, business improvement, N. Mitchell; entertainment, Eric Ohman; ladies' committee, Mde. St. Onge; joint membership committee, Messrs. Labrosse, Verhants and A. Smithers; educational, D. A. Grabil.

The retirement of W. Boyd Robson as president of the organization during its first year of operation, was officially made at the meeting. Mr. Robson, who occupied the chair, said that he would be unable to lead the association for a second term. Moreover, he thought that it would be to the interest of the business body to have a new president each year. As a retiring member of the Executive he will automatically be appointed a member of the Board of Directors.

In a brief address Mr. Robson, recently elected to the Executive Committee of the Westmount Municipal Association, stressed the need for co-operation between the two bodies. "We must work in conjunction with one another," he stated.

Wm. "Bill" Hughes, the main speaker, said that there was little difference between the requisites for success in football and in business. Both required self-confidence; teamwork; interest in the venture at hand; ability to grasp and the willingness to learn new ideas; adoption of new methods; adherence to strict ethical standards; and unlimited training.

Interest in the job was of particular importance, he believed. "I've never met a football player yet worth anything who was not interested in the game." Mr. Hughes concluded his address by urging members of the association to co-operate in every way possible. He believed that they should make it a point to deal with one and other, as far as possible, and to exchange ideas for the improvement of business.

During the meeting, brief biographical sketches of Mayor Walter E. Merrill and Ald. I. P. Rexford were presented by E. Ross Grafton and Ernie Parker. A review of Dale Carnegie's book "How to Win Friends and Influence People," was given by President Robson. Mr. McPhaland, who had prepared the review, was unable to attend due to illness.

Past minutes were read by Eric Ohman. W. Boyd Robson, president, was in the chair.

SECOND PLANE LEAVES LOCAL R.C.A.F. UNIT

No. 115 Fighter Squadron Now Has But Two Ships For Instruction Work

The Westmount No. 115 R.C.A.F. Fighter Squadron now has but two planes, instead of four, with which to carry on flying instruction for the remainder of the winter.

Due to cramped quarters at St. Hubert Airport the unit lost one of its planes two weeks ago and on Saturday a second ship was flown to Camp Borden by Pilot Officer V. V. Corbett. It will be used there for instruction purposes until spring when it is to be returned to the local unit.

"The first-of-the-ships to leave was flown to the Toronto base of the R.C.A.F. last week and is being used there for instruction purposes there."

The No. 115 Squadron will have its planes returned to it as soon as the new R.C.A.F. hangar is completed at St. Hubert airport. At the present time there is not sufficient room at the field to house four ships.

Meanwhile instruction flights in the squadron's two remaining planes are being carried on as usual under Flight Lieut. Briese. Weather conditions so far this winter, have been ideally suited to flying.

The flying officers of the unit held their first mess dinner last night at which were present a number of noted military aviation figures and associate members of the squadron.

FOSSILS CLUB HEARD ADDRESS BY DR. SABETTA

Skin Specialist at Women's General Hospital Was Guest Speaker Monday

Dr. A. Sabetta, Chief of the Department of Skin Diseases at the Women's General Hospital, and former assistant professor of Dermatology at the University of Montreal, and Dermatologist at Notre Dame Hospital, addressed the regular meeting of the Fossils Club Monday evening on skin diseases.

The students of medicine and surgery at the university, because of the variety and number of subjects which they have to study, receive only a slight knowledge in this field of the medical science, and so it is not possible for a doctor to be an expert in all branches of this Art," the speaker said. That is why we have today several specialists in different branches of medicine, and why the practitioner or directly, ask the services of a specialist who spends several years studying a special branch after receiving his degree," he stated.

Sometimes physicians avoid consultations with specialists because they are afraid of losing the confidence of their patients. In fact, these patients, often through ignorance, think a good doctor

Ever since its birth, the CBC has been the target for verbal sticks and stones. Newspaper men—this writer not excepted—have taken advantage of its every fault to publicize its defects...

The CBC is a government agency, and its methods have often been those employed too widely in politics. Patronage has often outweighed genuine talent in matters of personnel and program production...

Yes, the CBC has its faults—many of them—and it has not always been subtle in the discharge of its duties. But this department is inclined to agree with those who defend its action in the McCullagh case as completely justified by all sensible standards of democracy...

Gary's Kiss Was Sigrid's Initial Film Experience

The first thing that happened to Sigrid Gurie when she stepped on her first motion picture set was a decidedly unsettling one. What happened was that Gary Cooper kissed her!

And this is how it all came about. Under contract to Samuel Goldwyn for the past year, she had, by executive order of the producer, led a rather monastic and cloistered existence in a distant tuck of the Hollywood hills...

Director Archie Mayo, conniving with the gods who arrange shooting schedules, juggled sequences so that his first shot with her would be the kiss. "I want to see how much composure she has," said Mayo. Cooper didn't know he was to be an accessory to an experiment.

"She's a Thirteenth Century Chinese princess," said Mayo, "and you teach her how to kiss. She doesn't like it at first, but you insist that she pay you the ordinary courtesy owed the great Marco Polo, and you kiss her again, and again."

Two-Piano Team Will Be Heard Here Next Week

Making their second appearance in Toronto in two years, Vitya Vronsky and Victor Babin, the world famous Russian duo pianists who make their Montreal debut at Victoria Hall February 1, played to an overflow audience at the Eaton Auditorium Friday night and received tremendous acclaim by both critics and public.

"Each two piano team has a distinguishing personality," wrote Edward Woodson in the Toronto Telegram. "Even so, these two young Russians are 'different.' The first three minutes of their recital tells that."

Said Augustus Bridle in the Toronto Star: "This Russian wizard and his wife have phenomenal art virtuosity in their technique. Schumann's Andante Variations were tossed off with exquisite magic. This recital was a 'wow.'"

Wide Experience Is Big Help To Melvyn Douglas

Melvyn Douglas admits he was a rolling stone. "I don't know about gathering any moss, though," he says, in qualification of his statement.

The records show that Melvyn did, however, gather a heap of experience during his rolling-stone period. He was playing in small stock companies in mid-western theatres, teaching dramatics as a necessary side-line whenever he found time to do so...

Melvyn, now Deanna Durbin's leading man in Universal's "That Certain Age" which is now playing at the Seville United Theatre until Sunday started out in life by being shifted from city to city whenever the dictates of fortune so required. His father, Edouard Hesselberg, was a noted concert pianist and teacher who taught in many American and Canadian cities.

The first of a series of many migrations occurred when Douglas was three and the family moved from Macon, Ga., to Nashville, Tenn. They stayed there until he was 10. Then the family went to Toronto, Canada, stayed there five years and wound up in Lincoln, Nebraska.

Douglas decided he wanted to be an actor and was pestering his folks with the idea when the war came along and he enlisted. At the end of the war, he was discharged, along with a few million other healthy youngsters, and like them, had to hustle for a job.

THE WAY TO A MAN'S HEART

Men stick to plain dessert like taffy apple

Taffy Apple Puddings are a simple dessert with distinction.

Simple desserts keep a man healthy and satisfied. And the youngsters can eat them, too. They are all-around successes and belong in all family menus.

A BALANCED MENU

BREAKFAST: Orange juice, dry cereal, broiled salt mackerel, cornbread, gooseberry jam, coffee, milk.

DINNER: Grapefruit juice, roast duck, brown gravy, mashed potatoes, Brussels sprouts, orange and lettuce salad, taffy apple pudding, coffee, milk.

SUPPER: Creamed eggs, mixed vegetable salad, hot biscuits, stewed apricots with almonds, frosted cup cakes, tea, milk.

Taffy Apple Pudding

(Serves 4 to 6)

Two cups applesauce, 1 cup soft bread crumbs, 1 package butter-scotch arrowroot pudding.

Mix pudding with the bread crumbs. Place 1 cup of applesauce in buttered baking dish. Cover with half of crumb mixture and add remaining applesauce. Top with remaining crumb mixture. Cover dish and bake in moderate oven (375 degrees F.) about one hour.

It may be baked in individual baking dishes or custard cups if desired, for about 40 minutes.

Vanilla Blanc Meringue

(Serves 4 to 6)

One-fourth cup (4 tablespoons) cornstarch, 2-3 cup sugar, 1-8 teaspoon salt, 1 pint milk scalded, 1 egg or egg yolk, 1 teaspoon vanilla.

Mix dry ingredients. Add hot milk gradually. Cook 15 minutes in double boiler, stirring constantly until mixture thickens. Pour over slightly beaten egg and cook 2 to 3 minutes longer. Strain, cool and flavor. Serve with preserves.

Lemon Snow

(Serves 4 to 6)

One tablespoon granulated gelatin, 1-4 cup cold water, 1-4 cup boiling water, 1 cup sugar, 1-4 cup lemon juice, 2 egg whites, few grains salt.

Soak gelatin in cold water, dissolve in boiling water, add sugar and lemon juice. Set aside to cool. When thick and beginning to set, beat until frothy. Fold in salted and stiffly beaten egg whites. Chill and pile lightly in sherbet glasses. Serve with custard or fruit.

TEA TIME TOPICS

RECENTLY WE RECEIVED A LETTER from a man, who apparently has run into a little difficulty in the gentle art of keeping house. The letter reads as follows: "Dear Tea Time Topics: I am a regular reader of your paper, particularly the Woman's Page, as I am interested in lessening the burden of keeping a home. I notice that the ideas given on this page, are all from a woman's point of view, and also ones that men would not readily understand. How about giving a mere man, who is 'batching it,' a break, by giving a few speedy recipes for an evening meal. I am sure that there are many young men, in the same position as I am, who would appreciate a few timely hints on the preparation of a light meal."

FOR THE BENEFIT OF (POSSIBLY our only reader of the opposite sex), we have gathered a few recipes which we hope will be of some help to the gentleman, particularly if time saving is important. These recipes take a very short time to make and are equally inexpensive. Most of them can be made from "left-overs," which are very common, when a person lives alone. The idea of using left-over food, does not always appeal to a person, but many nourishing quick meals and snacks, originated from this source. We trust that the gentleman will find these of use to him. If they are not just what he wanted, let us know. We will be glad to give him others.

MADE WITH LEFT-OVER CORNED BEEF, or any kind of cold meat, this recipe takes about five minutes of your time, and will supply practically all the necessary vitamins. Toast as many slices of bread as needed, place slices of meat on toast. Pour over the meat and toast a can of hot vegetable soup. When heating the soup do not add any water, as it will make the mixture too thin. A variation of this may be had, by chopping or dicing the meat and adding it to the soup and heating together. Serve hot on toast.

MANY NOURISHING MEAT-LESS MEALS may be had from egg dishes. A very popular one is French Omelet. Take four eggs, four tablespoons milk, half teaspoon salt, a sprinkling of pepper and two tablespoons butter. Beat eggs slightly, just enough to blend yolks and whites, add milk and seasoning. Melt butter in a pan and turn in mixture. As it cooks, prick and pick up with a fork until the whole is of a creamy consistency. Place on a hot fire so that it may brown quickly underneath. Fold and turn on a hot plate.

ANOTHER EXCELLENT EGG DISH, is "Birds' Nests." Toast, on one side only, desired number of slices of bread cut about one inch in thickness. On top of each, scoop out a circle from the centre, half way through. Into the hole, break one egg, place on a buttered pan, and bake in a moderate oven. The oven should not be allowed to get too hot as the bread will toast before the egg bakes. Leave enough of the bread on the bottom so that the egg will not run through. This makes a very appetizing dish and may be served with hot green peas.

In a New York decorator's exhibit the dominant color of a dining room is blue. The baseboard, molding, window and door trim are painted to match the blue leather upholstery of the chair seats. Walls are a rosytoned beige. Deep blue—almost black—was used for the floors, which are spread with rugs of a pale creamy-tan.

Group To Present 'The Lost People'

Following the evening service in Westmount Park Church on Sunday, the young people will present a sacred drama, "The Lost People." In this moving presentation, the decision of Moses to renounce his position in the court of Pharaoh and give himself to the leadership of the People of Israel is dramatically portrayed.

Mr. Smith's topic at the evening service will be "John Howard and the Golden Rule," the story of the English pioneer in prison reform.

At the morning service, the series of sermons on the Philippian will be continued, the topic being "The Sense of a Great Cause."

Mr. L. Ross Murray acted as best man for Mr. Royle. The St. Matthias Scout Troop, of which Mr. Royle is Scoutmaster, ushered, and a guard-of-honor was formed by the scout and St. Matthias Girl Guides, of which the bride is captain.

Following the ceremony, a reception was held at the Parish hall. Mr. and Mrs. Royle left later for New York City, the bride travelling in a frock of mahogany imported wool, a tailored coat of African brown nubly wool, with a lynx collar with a hat to match and accessories of the same tone.

On their return Mr. and Mrs. Royle will take up residence at 225 Melville avenue.

Among the out-of-town guests were the bridegroom's parents, Captain and Mrs. Lionel E. H. Royle, of Broadway, Worcester-shire, England.

ST. LEO'S SENIOR TEAM DEFEATED BY D'ARCY M'GEE BY SCORE OF 4-2 MONDAY

Scheduled Inter-Scholastic Hockey Game Played at Coliseum — Opponents Were Heavier and More Rugged Than Westmount Squad — Saints Put Goal Into Own Net

St. Leo's, in their sports, have become acclimated to giving away weight and experience to their opponents. This disadvantage, does not seem, however, to dampen their spirits or lessen their effort to win. In a scheduled Senior Inter-Scholastic hockey game at the Coliseum, on Monday, they went down to defeat at the hands of more experienced and more rugged opponents, the D'Arcy McGee Seniors. The score 4 to 2 was, however, not indicative of the game as to all present the play was evenly distributed. The Saints, indeed, surprised with their effective showing against a team which retained four from last year's City Championship team on its list with a

Tigers' Deficit First in Three Years of Sport

For the first time in three years the Princeton University Athletic Association as finished a fiscal year in the "red." R. Kenneth Fairman, Graduate Manager of Athletics, said the deficit for the year ended July 1, 1938, was \$18,367.49. He listed income at \$301,510.54 and expenditures at \$319,878.03. Latest figures, he added, raised the accumulated deficit to \$96,983.07.

A drop in income of about \$43,000 was caused "largely" by the diminished football income in the fall of 1937, Fairman commented. He placed the football decrease at \$30,000. Fairman remarked on a "noticeable" drop in gate receipts from all sports. Listed as chief reasons for the deficit were the football team's trip to Chicago, hiring of professional crew coaches, success of track, swimming, wrestling and cross-country teams thereby necessitating additional expenses to send individual stars to distant meets. Also spent was \$68,477.77 to improve the university's "Physical Education Plant."

Britain Reminded By Egypt of Rights In Suez Waterway

The Egyptian Government reminded Britain recently that Prime Minister Neville Chamberlain must make no deal with Italy about the Suez Canal without first getting the consent of Egypt. Premier Mussolini has made it clear that he wants to talk about increasing Italy's share of control in the Canal when Mr. Chamberlain goes to Rome Jan. 11. Alarmed by this, Egypt sent a note to the British Foreign Office containing a reminder that Egypt is to eventually become sole proprietor of the Canal. Mr. Chamberlain and Foreign Secretary Viscount Halifax, who also is going to Rome, returned to

uing books in the children's room, to be uniform with that used in the adult.

"Circulation:

Adult fiction	\$4,518
Adult non-fiction	58,615
Children's books	25,761
Young people (2 months)	532

Total circulation, 1938 169,426
Total, 1937 159,017
Increase 10,409

New Section Opened

"During October, we set aside in the adult department, a small section of books for the use of boys and girls of teen age transferring from the children's room. It was favorably received during the remainder of the year, and filled apparently a long felt need. Reference questions numbered 961, as compared with 621 in 1937. '96 periodicals and 12 newspapers were received by the Library.

Changes Made

"1938 was a year of change in the children's room. Shelving was installed, to accommodate some 1200 extra books. The books were all rearranged, and grouped on the shelves according to the age of the child. The method of issuing books was changed. Because of these internal interests, work with the schools was not pressed as much as usual, perhaps. Nevertheless, the circulation increased by 20%.

"With the special grant, we were able to add many books here, such as Compton's encyclopedia, the World book encyclopedia, a Webster's dictionary. For circulation, we brought many books on science, hygiene, Canada and the Empire.

Ten New Recruits Join Boys Brigade

Ten new recruits enrolled in the Eleventh Boys Brigade Company at its regular weekly meeting in Calvin-Westminster Church on Friday, and additional applications for membership have been received during the past week. It is the aim of Captain Guest to increase the enrolment until it numbers 40 boys, so that many additional features may be added. Boys who have been members of the Company for three years, are to have the opportunity of competing for the Fireman's Badge with the boys of the First Company.

Two Hours Behind Shut-out Record

The most recent drive for a new National Hockey League shut-out sequence by Frankie "Zero" Brimsek, the Boston Bruins' new goal-keeper, was stopped over two hours short of what constitutes the record for scoreless hockey performance under the present forward-passing rules which were not in effect when Aleck Connell scored his six straight shut-outs for Ottawa in 1928.

HOW TO BREAK LAW—AND MAYBE YOUR NECK
Because it accomplishes no good, wrecks planes and kills people, flying such as this is held illegal by the Department of Commerce. The flyer and two passengers shot beneath a bridge at Columbus, O., with disaster less than six feet above and below.

CLEVER WINGER WITH BLACK HAWKS

Philip Rudolph Besler was the pride of Melville, Sask., in his amateur days, and since then he has become one of the great travellers of hockey, one of the few who has played the game professionally on the shores of both Atlantic and Pacific. And the sturdy right-wing rookie now with Chicago Black Hawks brings to the National Hockey League the background of being a unit in one of the great amateur scoring lines of all time.

Offer Ninety-One Prizes For Toy Dog Club Show

Mount Royal Toy Dog Club will hold its third Championship Show in the reception hall of the Central Y.M.C.A., Drummond street on February 18th. No fewer than ninety-one special prizes consisting of cups and other trophies have been donated by friends and members of the club and these, together with the prizes for each breed, the prizes for the various classes and the elaborate trophies for the winners in the final classes will constitute one of the most impressive array of silverware ever offered for competition in local canine circles. Unusual interest is being taken in this show owing to the fact that it is the only one organized in Canada which confines itself to what is known as the "Toy Group" of dogs which included such breeds as Pekingese, Pomeranians, Pugs, Yorkshire Terriers, Manchester Terriers and other small breeds.

Ford Frick Sees Important Years Ahead For Baseball

"I hope it's not treason if I say—in this centennial year celebrating baseball's century of progress since its natal Summer of 1839—that I'm looking in the other direction with just as much, if not more, interest," said Ford Frick, president of the National League. He said: "Baseball's first hundred years make a glamorous story. The boys scampering about the village green of Cooperstown, in up-state New York, learned principles in mechanics and rules that brought order and meaning to their helter-skelter exertions. Abner Doubleday devised the rules entirely to help the local youngsters get more enjoyment out of their play. Founded Tradition "He outlined a game and founded a tradition. From Cooperstown commons to the National game of 1939 is a great record of achievement. Achievement not of one set of men, but testimony that the thing itself—baseball, the game of our grandfathers, our fathers, ourselves—had had a scope and an influence much greater than perhaps anybody yet realizes. "The centennial year celebration, enrolling the entire baseball universe, from its capitoline center, Judge Landis' office, to the farthest-flung outpost of amateur diamond competition, aims to crystallize this century of achievement. In our National League motion picture, "The National Game," we have tried to catch the highlights, sketch the outlines, portray something of the heroic proportions of baseball's influence. I think today more people than ever before are aware of and impressed by the loftiness of baseball traditions and of how deep are the roots

BOYS BRIGADE SQUAD DOWNS STANLEY TEAM

Undefeated Senior Squad Chalk Up 4-1 Score at Athletic Grounds

The undefeated senior hockey squad of the First Westmount Company of the Boys Brigade downed the Stanley Church team 4-1 in a game played Saturday at the Westmount Athletic Grounds. The Stanley team, which was without the services of Boyd Ketterson, went to the attack at the start and for the first few minutes of play kept the puck in the Westmount end of the rink. Phil Lamb in the Brigade nets, had to rise to great heights to keep it out. After five minutes however, Tom Mulligan broke loose from his cover, and rushing down the ice he split the defence and went in to beat VanPatter in the Stanley nets.

Shortly after this C. Blair got a sizzling shot from a scramble that left the goalie with no chance as it found the net. About half way through Bob Fullerton put in team back in the fight with a goal, but a few minutes later T. Mulligan passed to D. Patterson who slid around the Stanley defence to go in and score.

During the last twenty minutes the First Co. Team pressed hard, with the line of C. Blair, W. Mulligan and Baxter keeping the play up in the Stanley zone most of the time. With a few minutes to play Stanley cut loose a power play but the First broke away and on a play from T. Mulligan to D. Patterson to Way. Way went around the defence, and leaving back-checking forwards behind by sheer speed went in and picked the corner of the net for the final score of the game. The Brigade defence was featured by the heavy body-checking of Bill Blair who contributed to his team's win by slowing up the opposing forwards considerably.

Falcons Make Good Progress At Trenholme

Westmount Royals have outstripped all juvenile teams at Trenholme Park so far this season. Falcons with all "first year" juvenile players have already made their last year's midget experience count, but the going will be tougher for the leaders from now on, as the Senator team, off to a poor start through the shortage of players on account of examinations, will be out in full force and they look like the class of the league.

Trenholme Juvenile Standing

	P.	W.	L.	D.	Pts
Westmount Royals	4	4	0	0	8
Falcons	5	2	2	1	5
Senators	3	1	2	0	2
Rangers	4	0	3	1	1

"Y" SQUAD TO MEET VERDUN TEAM TONIGHT

Local Intermediate Basketballers Will Take on Hodgers Dodgers

The Westmount Y.M.C.A. Intermediate Basketball team will engage in a home fixture this evening when they take on the fast moving Hodgers Dodgers combination from Verdun. At the present time, the Hodgers Dodgers have played eight games and have dropped only one of these, while the local squad have played seven and dropped two. However, coach Noble of the Westmount team is confident that his team suffered at the hands of the Hodgers Dodgers in the first League fixture, will be advertised in their clash tonight. The Westmount team have improved tremendously since the first of the season. They dropped their first two league games and since, they have been undefeated both in league and exhibitions games, with the exception of one game played against Y.M.H.A.
