600 Race Fans Throng To Shawville Track

Keon's Danny Boy Sweeps Feature Pace

Canada's fastest growing sport, harness racing, gave nearly six hundred spectators a big thrill in Shawville Tuesday evening as horses from throughout the Ottawa Valley congregated for the first race to be sponsored by the Shawville Driving Club.

The grandstand at the fair grounds was a splash of color as fans waved on their favorites. Cars and trucks lining the home stretch honked horns to show appreciation of the winners. Toots Cecile, genial Pembroke hotel-man and avid harness-race enthusiast, donated his services as starter for the event. Others who helped make this first venture of the new club a success, were Earl Bean who kept the dust down on the track with about 3500 gallons of water, the Agricultural Society who allowed the use of the Fair Grounds for the event and about twenty volunteers manning the refreshment both, the gate, and helping in many ways.

Horses from Pembroke, Renfrew, Castleford, Cobden and Beachburg, Ontario and Chapeau, Fort Coulonge and Shawville, Quebec were on the program. Three races of two heats each were run off. Pontiac Dairy's March Song took first place in both heats of the D Paco and Trot with Dr. Pounder's Stewart Belwin and Paddy Burke's Lee Eblis taking turns at second and third. Sterling Hobbs' Prince Lillian was fourth in both heats of this race. Red Young's Pete G took fifth and Harvey Ferguson's Azra trailed in both.

Memorable Week Reported To Rotary By Student

At Shawville Rotary's regular meeting Monday evening, Miss Myrna Cotie reported on her visit to Ottawa as part of Rotary's citizenship program. Chosen from among her classmates to represent Shawville, Myrna found herself one of the youngest of a group of high school students from every Province who enjoyed a memorable week of sightseeing and study in Canada's capital as guests of Rotary Clubs throughout the country.

Friendships made at the time will never be forgotten and neither will the many thrilling experiences such as being presented with citizenship papers by Mr. St. Laurent, witnessing Parliament in session, meeting George Drew, having Parliament explained by Dr. McGregor Easson at Carleton College, dancing, dining and sightseeing at such places as the Chateau Laurier, the Lord Elgin Hotel, Green Valley, Fisher Park High School, Kingsmere, the tulip-decked Driveway and Experimental Farm and being greeted by Ottawa's Mayor Charlotte Whitton, and having Mr. Crawley of Crawley Films give a special showing for them at the National Museum.

Rotarian Jack Tolhurst introduced Myrna whose sister Beulah ably represented Shawville at the same event several years ago. Myrna was a good representative of Shawville, said Mr. Tolhurst, being the daughter of a Rotarian, the daughter of the town's Mayor and having received all her education right here in Shawville, being one of Shawville's more able students. In thanking Miss Cotie for her very capable report, Rotarian Edgar Hodgins remarked that many adults in Shawville could profit by such a trip to Ottawa.

Under the chairmanship of the new President, Rotarian Clare Jacques, other business of the evening concerned the safety campaign be-

hats. In the DD Pace Bill Horner's April Showers edged out Bob Horner's Bud Pershing twice with Ed. Davis' Guy Chenault coming third in both heats. Waterloo Grattan, driven by Emerson Cotie, and Watchorn's Congo Direct shared fourth and fifth places while Gordon Davidson's Royal Line and George Pilgrim's Little Duke came in last in this seven horse race.

The Free For All went to Mike Keon's Danny Boy. E. Lavalle's Abbe Bunter and Tom Smith's Ormonde Star shared second and third with Toots Cecile's Tom C. Grattan, G. Marcotte's Senator Will and Herb Smith's True W. A. also in the race. From the enthusiasm of the crowd Tuesday, racing is apparently back in Shawville to stay. The Shawville Driving Club plans their next meet to take place here August first.

Six Baby Girls

The girls had the upper hand at the nursery of the Pontiac Community Hospital this past week.

On July 6, Mr. and Mrs. Joe Richard of Otter Lake and Mr. and Mrs. Ivan Orr of Weirstead each became parents of new baby girls. The following day, Mrs. George Perry of Vinton presented George with a baby daughter and on July 10 both Mrs. Fred Clark and Mrs. Frank Duquette of Campbell's Bay gave birth to two more baby girls. Last child born before press time this week was yesterday, Wednesday, July 13 to Mr. and Mrs. Erwin Tubman of Wyman. Yes, it was also a girl.

To help keep the staff and patients cool in the midst of all this production in such hot weather, Mrs. George Hermans, of Norway Bay has made a very timely gift to her hospital. Her gift a soft drink cooler.

One death took place last week at the hospital, that of the late Mrs. Jemima Nekon of R R 2, Campbell's Bay.

Campbell's Bay C. Of C. Discusses Civic Centre

Campbell's Bay Chamber of Commerce on Monday night invited Mayor David Lunam, members of council and secretary-treasurer, C. Robillard to their dinner meeting at Moyles Hotel. Attended by a large representation from the Campbell's Bay Chamber as well as by guests from Pontiac Lions Club, and C.C.A., and by Raymond Johnston, M.L.A., the meeting was held to discuss, on an informal basis, the possibility of building a civic centre in Campbell's Bay.

Discussion was opened on the question by Mayor David Lunam, who, while he agreed in principle that a civic centre would be a good thing for the village, nevertheless felt that Council would have to know very surely where the revenues to pay for it would be coming from, before any commitment in that direction could be made. This same position was also held by Councillors Cliff Lawn, Eric Sullivan, Edgar Sloan and Dominic Ferris, all of whom were present and spoke at the meeting. Cliff Robillard, Secretary-Treasurer of the Village of Campbell's Bay, asked for his opinion, outlined the procedure which he thought would have to be followed if a civic centre were to be built. An architect, he said would have to be engaged to draw up a blueprint; then an estimate of cost would have to be made; with this information, Quebec could be approached and requested to make a grant. When the amount of the grant was made known, the citizens of the Village would have to be consulted, so that a vote by the taxpayers would be necessary. Romeo Mousseau, Past President of the Chamber of Commerce, and originator of the idea for a civic centre, came up with a new idea to help finance the structure. He thought the Federal Government would likely furnish assistance if the centre were built as a veterans' memorial. Rene Richard, prominent Hull Architect, who drew up the plans for, and supervised the construction of St. Mary's School in Quyon, attended the meeting, and put rough

Sixty Investors Investigate Yates Mine

There were none from Missouri, but they all wanted to be shown. About a hundred people, mostly large investors from the United States, were on hand last Saturday at the second annual visitors' day held at Yates Uranium Mines Inc. property in Huddersfield Township, about thirty miles north of Shawville. Watching closely as engineer George Dumond took very high readings on his Geiger counter, the throng of men and women exclaimed with accents seldom heard in these parts. The New England twang, the Southern drawl and the unmistakable New Yorkese were heard throughout the day; echoing across the hills and expressing delight around the cook house where all the visitors were served an enormous meal.

Purpose of the visit was for those who had invested in Yates Uranium to see with their own eyes what was going on at the mine, especially at the new find called the "Matte Zone", just twenty minutes by foot from the main camp site. This new strike has been described as the best in the Province so far. Along with the investors were the Montreal Stock Exchange men and Raymond Johnston, M.L.A. for Pontiac County.

Mining Engineer Dumond led the group to the newly discovered 1,500 foot seam where diagonal drilling has been done to a depth of 200 feet and the showings are still good. Fluorite, apatite and uranothorianite are said to be in good supply in this zone which accounted for Geiger counter readings up to 50,000 counts per minute, as high as the delicate instrument will register.

Increased Labour At Davidson

Some 150 to 200 Pontiac men will be employed the year-round in the refurbished and modern sawmill of J. E. Boyle Limited at Davidson, Que., J. Edgar Boyle, president of the company announced.

He confirmed reports that he had purchased the sawmill and its 50-acre site from James Davidson's Sons and Foret de Coulonge Limited for \$45,000. Mr. Boyle's operations on the Black and Coulonge rivers will be centralized at Davidson starting in 1956. He expects to saw about 15 million feet of pine and some hardwood annually.

The Davidson sawmill will be rebuilt for more efficient operation. The mill has a railway siding running through it and is located near where the Coulonge river flows into the Ottawa river.

Mr. Boyle said that L. M. Routliffe will be manager of the Davidson operation.

000 counts per minute, as high as the delicate instrument will register.

A day spent listening to the symphonic morse of the geiger counter under last Saturday's blazing sun apparently convinced these shareholders that they had shares of a good thing because they all left Pontiac, by car, bus, train, and plane with happy expressions and memories of a good day's "prospecting".

Forest Ranger Joe Pappin stood guard over the gathering strictly enforcing the "no smoking" rule, while his wife Viola issued forest travel permits. Receiving permits to visit the Yates properties Saturday were people from New York City, the Bronx, Auburn, New York, Springfield, Mass., Chicopee Falls, Mass., Cleveland, Ohio, Buffalo, N.Y., Mayfield, N. Y., Mooreland, Oklahoma, Lonsdale, Penn., Jersey City, N. Two Car Crash Hospitalizes Four

A serious accident occurred on Highway No. 8 at the McKee crossroads on Tuesday about 12.30 p.m. when a car operated by Mr. Norval McNeill of Charteris was struck by a car operated by Clarence McLean of Shawville.

Both cars were heading east on No. 8 and as they approached the McKee crossing, the McNeill car turned in towards Sheppard's Grove and was squarely rammed by the McLean car. No traffic officer was on duty at the crossing at the time. In the McNeill car were Mr. and Mrs. Norval McNeill, Mr. and Mrs. John McNeill, Bernice and Roberta McNeill and Mr. and Mrs. William Workman, all of Charteris. In the McLean car were Clarence McLean and Wellington Armstrong. Admitted to Pontiac Community Hospital were Mr. and Mrs. John McNeill, Mrs. William Workman and Wellington Armstrong.

The McNeill car was totally wrecked in the accident. The McLean car suffered damage to the grill, radiator and front wheels.

figures of cost before his listeners. The need, he said, was for a building of fire resistant material which would consist of an auditorium roughly 40' x 100' and 20' high. It should have a second floor of the same size for various offices, but of normal room height. A fire hall, also being wanted, this would call for additional space at street level amounting to 1200 square feet. Total square feet would then be 10,400 which he figured would cost in the neighborhood of \$10 per square foot, or a total of \$104,000.

Denzil Moodie was next recognized by the chair and made an offer to purchase the old town hall for a price of \$1,990.

Raymond Johnston, asked for his views of the matter, assured the Chamber of Commerce of his full co-operation in the organization of the project. He also stated that he would be willing, if necessary, to (Continued on Page Five)

600 Uranium Acres Sold In Clapham

Another uranium bearing property in Pontiac County changed hands this week when Martin Adams of Portage du Fort and Billy Logan of Campbell's Bay sold their mining rights in 600 acres in Clapham Township to Truman F. Dillon of Leamington, Ont. and Patrick Brady of Detroit, Michigan. The property, sold for an undisclosed amount, was a cash transaction in respect of lots 4, 5, 6, 7 and 8 of Range 2; and lots 6 and 7 of range 2 of Clapham Township. This is the same property which was prospected and explored some years ago by Jim Giroux, Johnny Farrell and John Moodie, who are now thought to have been looking for copper and molybdenite.

The property was visited on Wednesday by The Equity in company with Martin Adams and Laurier Judeau, resident engineer with Calumet Uranium Mines Ltd. Mr. Judeau carried a scintillometer and with it obtained interesting readings at several points on the property.

A syndicate, of which Martin Ad-

ams is a member, holds over 4,000 acres in the Township of Huddersfield and Clapham. An agreement for sale on these properties is expected to be negotiated with the Brady-Dillon group.

Car Splits Tractor

An unusual accident occurred at Starks Corners on Tuesday night about 8.30 when a car operated by Bob Stark, son of Bert Stark, was in collision with a tractor operated by Wesley Palmer. Bob was driving west on the road which goes past the Pentecostal church at Starks Corners. When he came abreast of the Pentecostal Church his car struck the rear left wheel of the tractor. The tractor broke in two pieces, when the transmission casing sheered off just ahead of the gear box. Neither men was injured in the collision. The tractor, which had been towing a trailer, was removed next day to Shawville by Watt Taylor of Anderson and Taylor and Artie Rennie, son of Harper Rennie. Repairs to the tractor will be made by Harper Rennie.

Non Swimmer, Youth Drowns At Quyon

An 18-year-old Wyman youth who didn't know how to swim, drowned in the Ottawa river at Quyon early Sunday when he went beyond his depth off a treacherous shoreline, less a mile east of the ferry wharf, at the mouth of the Quyon river.

The body of Lynda Hudson, son of Mr. and Mrs. William Hudson of Wyman, was recovered with grappling hooks shortly after 8.40 p.m. Sunday. Dragging operations were carried out by Q P P Constables John Richardson and Lynden Young from a boat owned by Carl Foley.

Investigation was carried out by Detective Andre Audet of the QPP, Campbell's Bay. The young man left a baseball game with a companion Herbie Stafford, 15, of Wyman, at about 5.30 in the afternoon. They went to bathe in the river at the mouth of the Quyon river, where the current is fairly swift, and the river bottom falls away sharply. Neither had been there before.

Hudson told his friend he was going to duck underwater, but apparently was out beyond his depth and disappeared. Stafford said afterwards that he tried to grab Hudson's hand which appeared above the surface briefly, but failed since he, Stafford was a very poor swimmer.

The two were by themselves, so it was some time before Stafford could reach help, and it was almost three hours before the body was recovered.

Hudson was employed in Ottawa by D. Kemp Edwards, and was home for the weekend at Wyman. Corner was Dr. Frank Cowley of Shawville.

Surviving are the boy's parents, twin sister, Lilly and Lola, 12; three brothers, Lloyd, also working in Ottawa, Percy of Kingston and Clarence, in British Columbia.

The body was taken to W. J. Hayes & Sons funeral home in Shawville and later to the home of his parents, at Wyman. The funeral was held on Wednesday at 3.30 p.m. with the service conducted at St. Andrew's United Church, Maryland and interment at Norway Bay cemetery. The service was conducted by Rev. G. K. Stewart assisted by Rev. Basil Long and Rev. Marion Gilmer. During the service a special number was sung by Rev. Beryl Cross of Lyndhurst, Ont.

Pallbearers were: Ritchie Russell, Laurie MacKechnie, Bobby Keon, Herbie Stafford, Bobbie Campbell and Lawrence Bourgeau. Many beautiful floral tributes were received.

VOTE "YES"

Over a period of months we have been watching, with growing concern the steady stream of Pontiac cars regularly making their way to Renfrew. Enquiries have yielded the information that the object of many of these trips is the purchase of alcoholic beverages in Ontario. Since it is not at present legally possible to obtain them in the Pontiac, people wishing to drink away from the taverns must either buy their favourite highland dew from a bootlegger, buy it across the Ottawa, or drive 50 miles to Hull for it. Of these three alternatives, the purchase of liquor in Hull is the only legal one.

The unfortunate part about the present situation is that, since it is only 25 miles to Renfrew, and since most unauthorized vendors charge a exorbitant price, most of the residents of Pontiac who buy liquor get it across the River in Ontario. The really tough aspect of this action is that any resident of Quebec who acquires liquor, beer or wine in Ontario, for consumption in Quebec, is liable to a fine of not less than \$200 plus costs, and may have his car impounded in the case where his car has been used to transport the liquor into Quebec.

This is a ridiculous situation. The law as it now stands, virtually forces anyone who wishes to drink in his own house to break the law. It is therefore the earnest hope of the Campbell's Bay Chamber of Commerce, and most other thoughtful residents of Pontiac that present efforts to secure a liquor outlet in Campbell's Bay will be successful.

A rather sad consequence of the present situation is that the people who drive to Renfrew to pick up their liquor supply, get into the habit of shopping, over there for groceries and other necessities, simply because it is a larger center than any in the Pontiac.

Not only is Pontiac losing to Ontario a substantial amount of revenue from the sale of beer, wine and liquor, but our merchants as well are losing sales of not inconsiderable proportions.

Every effort should be made by residents of the Pontiac to buy within the County. Once a dollar gets outside the County it may never return. One way to help in this important matter is for the people of Campbell's Bay to vote "YES" in the August 8 balloting on the question of a liquor store in Campbell's Bay.

OTTAWA Report:

by Anthony J. Wright

(Who now resumes reporting from Ottawa after returning from Europe)

Ottawa—Ladies first! The girl guides of Canada and other lands are looking for a site for an international camp in 1957. The Defence Department cannot spare Connaught ranges near Ottawa. Mr. W. B. Nesbitt (P.C. Oxford, Ont.) has asked other departments for likely sites. Why not an enterprising municipality somewhere in Canada? Here's a chance for a wide-awake Chamber of Commerce to have these young charmers for a summer jamboree. I have no details but Mr. Nesbitt should have.

Having just returned from Britain I can say that Canada's handling of the polio vaccine distribution and preparation brought us praise. It is evident that Paul Martin's foresight over the Salk vaccine will not hinder his political hopes. You can expect the Health Minister's star to be riding high when Liberals get to talking leaders again.

Will the Conservatives have gained anything by their more-than-100-speeches talkathon to prevent passage of the Defence Production Act amendments? Not likely! However, it's good to see brimstone injected into debates. The talkathon was partly an anti-C.D. Howe display, partly also an Opposition refusal to give this and future governments lasting power to commander materials, coerce industries or otherwise strong-arm the individual in peace-time. A sound instinct!

Real story behind the haste of 69-year-old Mr. Howe to have the powers of his Defense Production Department extended and to have the Def. Prod. minister's salary boosted to \$15,000 is that he may be retiring soon altogether or, at least handling over Defense Production to another. Perhaps 40-year-old John Horace Dickey, at present parliamentary assistant to the Def. Prod. Minister and a great grandson of a father of Confederation, as well as grandson of A. R. Dickey, several times cabinet minister, will get the job. He's a bright boy who represents Halifax, N.S. but was born in Edmonton, Alta. Howe as Trade and Commerce boss does not draw the Def. Prod. salary and his powers run now until next July. The unseemly haste of the government in this July heat to prolong the powers seems to me due to their wish to hand over a department properly provided with permanent powers and with a cabinet minister's salary for his chief.

Canada's farmers may be growing more wheat for sale to the Reds if this 10,000,000-bushel deal with Poland succeeds; at least they cannot make bullets from wheat, as far as we know. Taxpayers won't like the idea of our Export Insurance Corporation lending Warsaw \$16,000,000 with which to buy our wheat. If the Poles do borrow the money and do not repay within a year you can expect a government upheaval here. Durable, canny Mr. Louis St. Laurent has said his cabinet is not afraid to take responsibility for lending money to Red wheat-buyers and will take the consequences if the Poles don't pay their debts.

Everyone agrees it's good to have our surplus wheat and extra butter moving (even if the butter moves at 21 cents a pound less than Ottawa paid for it out of the treasury). This government has the shakes on about unemployment and is desperately anxious that last winter's 600,000 figure not be repeated. The key to success they think is farm prosperity.

Our costs are still the main reason why overseas trade flags. In Britain I found aspirins (unsubsidised) cost 15 cents a 100. Ours here can cost 69-79 cents per 100. Obviously a nation that pays less for its headaches, food, clothes and recreation can sell goods cheaper than we. Don't listen to those jibes about European goods produced at slave-wages—I mean on this side of the Iron Curtain—Europe is now fat and happy.

In Germany, Bonn, authorities, trade union leaders and employers are badly worried about "work fury". German workers refuse to slack off, persist in continuing the killing overtime that revived their country's economy. This overwork is now blighting their nerves. It's like the new disease, "executive neurosis", that worries big U.S. and Canadian businesses, like Fords. Ambitious executives are cracking up with heart disease, ulcers or breakdowns caused by worry, taking work home, skipping on holidays, keeping up with payments and forgetting to laze.

Wondering where your taxes go? Sessions, including members' salary in Senate an Commons, cost \$17,377 aily. What price filibusters?

Olmstead - Johns Exchange Vows In Aylmer United Church

Aylmer United Church was decorated with blue and white delphiniums and white and yellow chasta daisies for the wedding of Miss Gail McDowell Olmstead of Aylmer and Mr. Ian H. Johns of Ottawa on Saturday at twelve o'clock noon.

The bride is the daughter of Mr. and Mrs. D. Alexander Olmstead of Aylmer and the bridegroom is the son of Mr. and Mrs. Ian L. Johns of Montevideo, Uruguay, South America.

The officiating clergyman was Rev. John Shearman and Rev. Charles Dawes played the wedding music.

Given in marriage by her father, the bride was attended by Mrs. Thomas Kenneth Knox as matron of honor. Mr. Thomas Knox was best man and Mr. Robert Moote ushered the guests.

For her wedding the bride wore a waltz length gown of white nylon chiffon over taffeta with a softly draped neckline, shirred bodice, bouffant skirt and a flowing panel of chiffon at the back. She wore heirloom pearl earrings, the gift of the bridegroom.

Her shoulder length illusion veil was held by a bandeau of nylon and

tiny leaves. She carried a nosegay bouquet of pink Sweetheart roses and white baby chrysanthemums.

Following a reception at the home of the bride's parents, the couple left on a two months' trip by plane to South America and Trinidad.

For travelling the bride wore a two-piece charcoal silk shantung dress with a small turquoise velvet hat and white accessories. Her corsage bouquet was of gardenias.

Out-of-town guests included Mr. and Mrs. W. J. Rundle, Madison, Wis.; Mrs. W. D. MacLellan, Montreal; Dr. and Mrs. J. C. Willard, Chatham; Mr. and Mrs. Gordon Bradley, Three Rivers; Mr. and Mrs. Austin McDowell, Shawville; and Mr. and Mrs. Kenneth Phillips, of Cornwall.

Pontiac Lions Farewell

Campbell's Bay—Members of Pontiac Lions Club and their friends met at the Canadian Legion Hall in Campbell's Bay to bid goodbye to Dr. and Mrs. Raymond Laforest, who are leaving Campbell's Bay to go to Toronto where Dr. Laforest will take a one-year course at the Children's Hospital in Toronto.

Also leaving Campbell's Bay was Claude Fortier, popular young assistant station agent for the CPR who leaves here to take a position with the CPR at Vaudreuil, Que.

Master of ceremonies for the evening was Richard Bowie past president of the Lions Club.

A presentation on behalf of the Lions Club and friends was made to Dr. and Mrs. Laforest and Mr. Fortier by Gordon Elliott the new president of the Lions Club.

Introduced to the gathering was the new doctor and his wife, Dr. and Mrs. Trudel who come to Campbell's Bay from Vancouver.

Celebrating occasion at the social evening were Mr. and Mrs. Raymond Johnston, Pontiac County's MLA who were celebrating their 14th wedding anniversary, Dr. and Mrs. Trudel their third wedding anniversary and the following were celebrating birthdays: Mrs. Romeo Mousseau, Hector Ranger and Mrs. Charles Bolam.

A young wife just learning to drive had hopelessly gotten traffic all snarled up in trying to make a left turn at an intersection. Excitedly she turned to her husband and asked what to do. "I don't know", he replied calmly. "but I'm sure if you climb into the back seat you can figure it out."

A woman stands a better chance of catching her man if she keeps her trap shut.

BY-LAW 132

By-law No. 132 is a by-law requesting the Quebec Liquor Commission to establish a liquor store within the limits of this Municipality. Whereas it is deemed expedient to have established in this Municipality a liquor store, and whereas the law requires a by-law be passed and approved by Municipal electors of this Municipality, before such store be established.

**\$55,000 To Be Paid
In Prize Money**

The Central Canada Exhibition Association has announced that some \$55,000 in Prize Money will be distributed to exhibitors at the 1955

Ottawa Exhibition to be held at Lansdowne Park, August 20-27. This is the costliest Prize List ever issued by the C.C.E.A. and extends over classifications in all departments.

Exhibition Officials expect to have an excellent entry list with representatives from the Ottawa and Quebec areas and many other centres in Canada and the United States.

The C.C.E.A. reminds patrons that July 25 is the closing date for entries in the Horse Show and the regular Horse Division.

July 30 is the closing date for entries in Cattle, Sheep, Swine, Poul-

try, Handicrafts, and Hobby Show. The Women's Institutes entries close on July 4.

For Junior Agriculture, Agricultural and Horticultural products, Dairy and Other Food Products and Highland Dancing, the deadline is August 8.

Entries for the Dog Show will be accepted on August 10.

Prize Lists and Entry Forms may be obtained by writing to the Central Canadian Exhibition offices at Lansdowne Park, Ottawa.

Ottawa Valley and District exhibitors are requested to ensure that their entries for the Exhibition are submitted early.

Sparling - Hobbs Wed In Double Ring Ceremony At Parkdale United

A double-ring ceremony in Parkdale United Church on Saturday afternoon at two o'clock united in marriage Miss Eva Margaret Cecilia Hobbs, daughter of Mrs. Clifford Hobbs of Ottawa and the late Mr. Hobbs, and Lyall Richard Sparling, son of Mrs. Garnet Sparling of Shawville, Que., and the late Mr. Sparling.

Standards of white gladioli and shasta chrysanthemums formed the floral decorations for the ceremony performed by Rev. Dr. Norman Coll. Mr. Albert J. Smith was the organist and the soloist was Mrs. Lloyd McDonald.

Given in marriage by her uncle, Mr. Clifford Kneen, the bride was attended by Barbara Donaldson as maid of honor and Miss Marilyn Kneen and Miss Barbara Splaine as bridesmaids.

Mr. Willard Sparling was best man for his brother and the ushers were Mr. Ira Draper, cousin of the bride, and Mr. Sherwood Sparling, cousin of the bridegroom.

For her wedding the bride chose a floor-length gown of white satin with Chantilly lace with bouffant overskirts of nylon tulle. The lace bodice was designed with a stand-up collar and long lily point sleeves and her only jewellery was a strand of cultured pearls, a gift of the bridegroom.

Her fingertip veil of white tulle was held by a headdress of match-

ing lace trimmed with pleated tulle, pearls and sequins. She carried a cascade bouquet of red roses and stephanotis.

Receptions were held in the ladies' parlor of Parkdale Memorial Hall and in the Coronation Hall, Bristol, Que. The couple then left on a honeymoon trip to Southeastern United States.

For travelling the bride wore a powder blue linen coat dress with white accessories and a pink hat of lace over satin. A corsage bouquet of pink roses completed her ensemble.

On their return Mr. and Mrs. Sparling will take up residence in Ottawa.

Out-of-town guests included Mr. and Mrs. Earl Draper, Prescott; Mrs. Freeman Moore, Mr. Sherwood Sparling, Campbell's Bay, Que.; Mr. and Mrs. Cecil Sly, Mr. Merwyn Sly, Mrs. Sadie Sparling, Miss Barbara Splaine, Mr. Willard Sparling, Mr. and Mrs. Hilliard Hobbs, Rev. and Mrs. H. G. Lester, Miss Ruth Hobbs, and Mr. Cyril Black, all of Shawville.

Mr. and Mrs. Clarence Erwin, Miss Anita Graham, Wyman; Mr. and Mrs. Lloyd Hobbs, Quyon; Mr. and Mrs. Elwin Erwin, Miss Dorothy Mohr, Miss Connie Mohr, Mr. Lorne Draper, Beechgrove; Mrs. Kenneth Campbell, Luskville; Mr. and Mrs. David Croskery, Edwards, Ont.; Mr. George Sparling, Haley's Station; Mr. and Mrs. Arthur Townson, Bells Corner, Ont.

Discuss Civic Centre

(Continued from Page One)

lead a group to Quebec for the purpose of obtaining a grant.

Mr. Johnston, indicating his interest in the project, had several suggestions to offer: He pointed out

that the Chamber of Commerce had requested Council to consider the construction of a civic centre. If the Council wanted to go any further with it, the first thing it would have to do would be to appoint a planning committee to decide precisely what sort of a building is needed. An architect would then have to be called in, plans drawn up, tenders called, grant promise obtained—then a vote by the citizens. He went on to state that if the forthcoming plebiscite in Camp-

bell's Bay indicates that the people wish to have a liquor store there, and if the Liquor Commission then approves Campbell's Bay as the site of a liquor outlet, it might then be possible to have the liquor store right in the civic building, thus assuring Council of a regular rental income.

As for the inclusion of a fire hall in the building, Mr. Johnston felt this would be pointless since all that is needed is a garage type structure to house the equipment,

together with hose drying cabinets, which have now largely replaced the drying towers which used to form an essential part of the old style fire halls.

Mr. Johnston also suggested that it might be advisable to consider providing space in the building to house a "Pontiac County Service-men's Centre", from which the Centre would receive a regular rental.

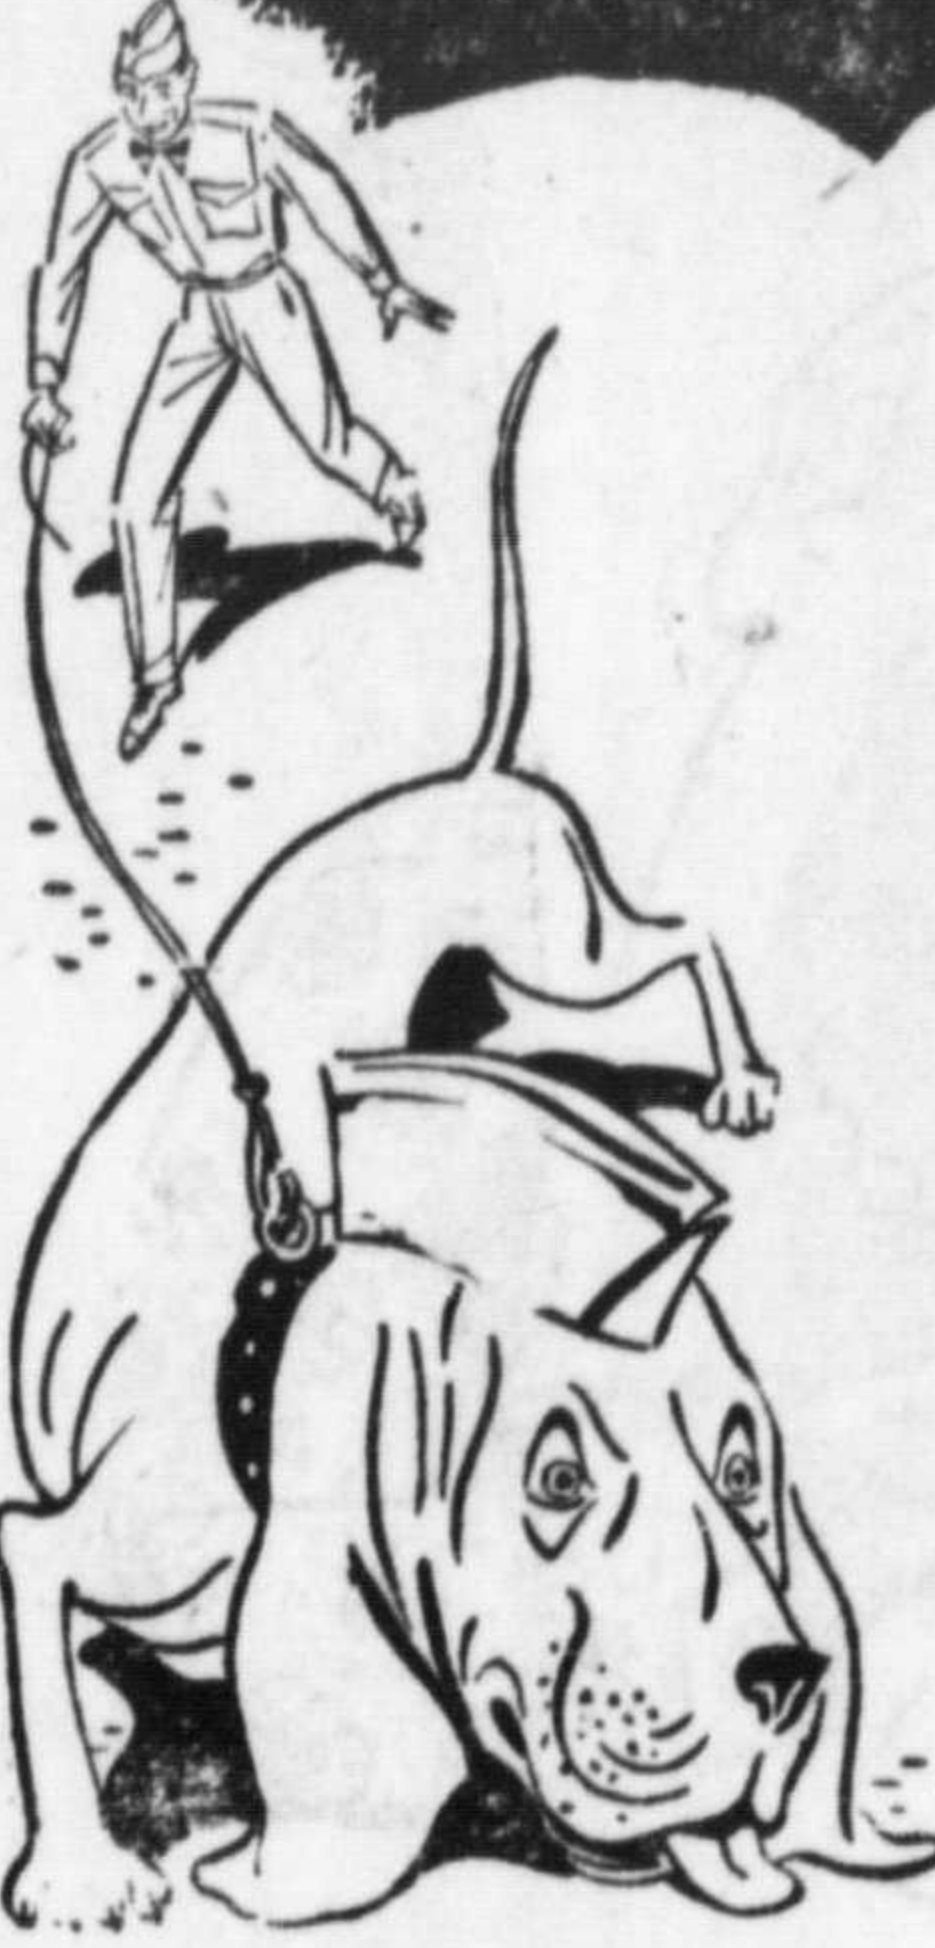

Dick Bowie, of Pontiac Lions Club, assured the group that the Lions Club would support the project 100%. He also mentioned that Pontiac Lions are now engaged in planning a community playground and swimming pool.

Andre Audet president of Pontiac Branch, Canadian Legion, advised that the Legion members, who live in as widespread places as Des Joachim and Quyon, will, take an active interest in the project.

Mr. Ed. Lawn, past Mayor of Campbell's Bay, and past "just about everything else in the County"—Paul Martineau—next spoke in favour of the centre, but, as one of the larger taxpayers in the village, wanted to know, like the mayor, what the centre would cost the village. He asked Ray Johnston what sort of a grant might reasonably be expected, and was advised that it was impossible to say, since many factors, including cost and the wealth of the community, were involved. Mr. Johnston also mentioned that Waltham and Chapeau had each built a hall which ran to costs of \$10-\$12,000, on which grants of \$3-\$4,000 were received. Mr. Johnston added that since the civic centre was planned for Campbell's Bay, the County seat, it seemed only reasonable that County Council should raise a small County assessment to help pay for the building. In this connection, Cliff Robillard pointed out that County Council had disposed of some property which was originally purchased jointly by Campbell's Bay and the County, originally intended to accommodate a registry office. It was never so used. When sold, half the proceeds of sale should, he felt, have been turned back to Campbell's Bay. If and when turned back, it might be possible to use the amount received towards the construction of the building. Ed. Lawn concluded his comments, by urging the separation of

HALF WAY IN 1955:

The first six months of 1955 have been busy ones for the Company.

Possibly few customers have had an opportunity to note the work undertaken to still further improve the electric service and extend it to those who up to now have not had the benefit of its convenience and comfort.

This has included: 37 new transformer installations made on existing lines, to provide new services and take care of heavier loads; 41 individual extensions to existing lines have been completed and additional ones are under construction; 3 capacitor installations have been made to improve service; 23.12 miles of line have been converted to higher voltage.

In accord with the Company's policy to extend its service into rural areas, during the year over 100 miles of new lines will be erected.

Other works which are planned for this year include improvements and additions to substations, transmission lines and power houses. Few of these will be noticed by the public at large, but they all have a bearing on the electric service you receive.

Duets Feature In Piano Recital

The piano pupils of Mrs. Gordon K. Stewart presented a Recital for their parents and friends on the evening of Tuesday, June 28th, at St. Andrew's Manse. About forty people were present to hear a program for which each of the seven pupils who have all started lessons during the past year played four or five numbers. Duets were a feature of the program with Mrs. Stewart playing the Second Part and the Primo being taken by the various pupils. In addition to their solo numbers and duets, each pupil was prepared to play for the audience to sing and the following numbers were enjoyed: "Hark the Herald Angels Sing" and "Mary had a little Lamb" by Billy Smith; "Jesus Loves Me" and "Home Sweet Home" by Lois Dods; "Humpty Dumpty" by Betty Thompson; "America, the Beautiful" and "Home on the Range" by Lois McCorrison; "Old MacDonald Had A Farm" by Norah Graham; and "God Save The Queen" by Shirley Cartman.

The playing of the two guest artists from Aylmer was much enjoyed by the pupils who were much impressed by the results of several year's lessons and practice. Miss Adele Price played "The Bells of St. Mary's" and "Edelweiss Glide" while Miss Wendy Hughes played

"The Finale from the Overture to Orpheus" and a Mozart "Minuet". Mrs. Stewart's choices were Chopin's "Prelude in C Sharp Minor" and "In the Sweet Bye and Bye", theme and variations.

Pupils taking part were "Betty Thompson, "Twinkle, Twinkle", "Silent Night" and duets "Ding Dong Bell" and "Oh Susannah"; Billy Smith, "Mulberry Bush" and "Frere Jacques" and duets "March of the Animals"; Shirley Cartman, "Little Jack Horner", "Jack and Jill", and duets "Wearin' o' the Green" and "Rob Roy"; Norah Graham, "Reveille", "Birch Canoe", "The Lagoon", "The Xylophone" and duet "Marching in School"; Lois McCorrison, the "American Patrol", "Under the

Double Eagle", "Hawaiian Love Song" and duet "The Lion"; Verna Wiggins, "The Picnic, The Movies", "Robin Hood", "Half Note March", "Easy Waltz", "Snappy Polka", and "Christ the Lord is Risen Today" and Lois Dods, "Twinkling Star", "Nimble as a Top", "Long, Long Ago", "There is a Happy Land", "Work for the Night is Coming" and duet "Londonderry Air".

Although the pupils have played before each other regularly during the past year at their Music Club meetings held every two months in the various homes to familiarize them with playing on different pianos, the formal recital was much

Pontiac Film Council

At a meeting of the new directors of the Pontiac Film Council held last Thursday evening, Harold Richardson was named chairman for 1955-56, Mrs. Cecil Shennett was named corresponding secretary and Mrs. H. M. Turner and Mrs. D. R. Dickson were re-elected as treas-

urers and circuit secretary respectively. The Board of Directors for the coming season includes Arthur Kilgour, Everett McDowell, Clayton Hodgins, David Dickson, Harold Richardson, Frank Trecartin, Mrs. Shennett, Mrs. Dickson and Mrs. Turner, who were all present. Fees for use of films on the cir-

cuit next season were set at \$10 per group, payable by January 31, 1956. These fees will entitle the group to a film program each month for eight months. Mrs. Shennett, (address Quyon) is receiving applications for membership from any groups in the County.

FEEDS INTO FACTS

What tells the story of a feed? The tag on the bag? To some extent yes, but it is the actual feeding result that tells the true story. The number of pounds of feed it requires to produce a pound of milk, a dozen eggs or a pound of grain and the cost of that feed are the real measures of the worth of a ration.

At the SHUR-GAIN Demonstration Farm at Maple, feeding tests are constantly in progress to determine the feeding efficiency of different rations. It is on this large 500 acre farm that the "dollar earning capacity" of SHUR-GAIN feeds is first tested and proven.

When you buy SHUR-GAIN you know you can count on good results—because you're getting proven performance. Call at our mill soon and let us discuss the "dollar earning" SHUR-GAIN programs.

All over Quebec people are showing a preference for a milder, full-bodied ale — Milder than ordinary ale, but more full-bodied than lager.

O'Keefe's found it

The secret of a mild ale was discovered by O'Keefe's — Brewing with seedless hops eliminates all the unpleasant bitterness found in ordinary ale, leaving a tasty, full-flavoured ale that's pleasantly mild. Your increased purchases are proving that O'Keefe's have found the mild ale you want.

HAVE YOU TRIED O'Keefe's ALE?

Try O'Keefe's Ale — compare it with the ale you have been drinking — notice that O'Keefe's has no unpleasant bitterness. When you taste this good, mild ale, you will understand why so many of your acquaintances are switching to O'Keefe's!

you learn artificial respiration before you go to a cottage or to a swimming beach. The three recognized methods are the Holger-Nielsen, the Schafer and the Silvester. None of these can be taught in a brief column like this—practice is the only way—but here are some of the fundamentals.

Be sure that the patient is lying on his stomach. If he is left laying on his back there is no chance of the water getting out of his air passages and his tongue may slip back blocking his breathing.

Artificial respiration should start immediately and there should be no break, even if someone else is taking over or if the patient is being taken to hospital by ambulance. It should be kept up until breathing has been restored or a medical practitioner pronounces the patient dead.

Someone should remove wet clothes and loosen any tight clothing, especially around the neck, chest and waist. The patient should be kept warm with blankets, clothes and hot water bottles and the

limbs should be massaged toward the heart to help the flow of blood.

Have someone call a doctor, ambulance and police or fire department emergency car if they are available.

When the patient has started breathing again, turn him on his back and don't let him sit or stand for several hours unless a doctor orders otherwise. Watch closely for a relapse and start artificial respiration again if this occurs.

St. John Ambulance offers instruction in artificial respiration as part of its course in First Aid. In addition, in many communities during the week of May 16 to 22, special two-hour classes in artificial respiration were offered by St. John.

Professor: "Richard, is it wise to economize?"

Richard: "I don't think so. I know a man who took long steps to keep from wearing out his four dollar shoes, and he split his eight dollar pants."

Incredible but true — this is the amazing result of the ever-growing preference for Chevrolet. Day-in and day-out, Sundays only excepted, there's a proud new Chevrolet owner every 4.19 seconds. You see them here, you see them there, you see them everywhere — enjoying the pleasures of driving Chevrolet. And because motoramic Chevrolet is such an overwhelming favorite this year, to a greater extent than ever before, Chevrolet leads in popularity — value — sales.

(Incidentally, while you were reading this, four Chevrolets were bought!)

DON'T DRINK Anybody's Alcohol

FACTS SPEAK LOUDER THAN Advertisement

"Liquor—that is beer or spirits—is not at all necessary to make a man strong and well. Quite the contrary. The old saying, Strong drink makes weak men, is a very true one. Quyon Calf Club

The Quyon Calf Club held a very successful moonlight cruise last Tuesday evening, July 5. With an attendance of 105, the merry group left the wharf at 9.30 p.m. and sailed along the lake to Arnprior and west of Norway Bay until midnight.

Under the leadership of Mr. Ronald MacKechnie, Calf Club leader, square dancing and round dancing was enjoyed. Music was supplied by Harold Sally and Andy Lusk. Gervase O'Reilly and Andy Lusk each sang a few numbers. Mr. Neil Drummond, agronomist, gave an interesting talk. Food was supplied on board by a canteen.

Tent Meetings At Starks Corners

Tent meetings have been taking place since July 5 at Starks Corners under the direction of Rev. James Routley accompanied by his wife and his 17 year old daughter Marilyn, singing and playing the accordion. Rev. Routley, who sings and plays the slide trombone along with his inspirational preaching, is the brother of Starks Corners Pentecostal minister, David Routley whose Good News Program is heard over CHOY Thursday at 1.45.

The meetings, which have been taking place each night at 8 p.m. will be extended to July 22, with the two Sunday services on July 17 at eleven in the morning and 7.45 p.m. and meeting at 8.00 every evening but Saturday. Prayers are being said for the sick and a generous welcome has been extended to all to take part in this popular summer event at the Corners.

Queale Family Hold Reunion

Otter Lake—More than 100 direct descendants of the late Robert Queale, pioneer general storekeeper here a century ago, swarmed into this Pontiac community from eastern Ontario and Northern New York State, for their annual family reunion. The business was brought by the Johnston family and is operated by Pontiac County MLA Rav Johnston and his brother Esmond Johnston. Most of the Queale descendants now spell their name "Quaile".
