ABOUT TWO HUNDRED CANDIDATES SEEKING SEATS IN LEGISLATURE

Indications This Morning Were that L'Islet, Where Conservative Candidate Announced that Ill-Health Would Prevent Him Appearing as Opponent to Hon. Adelard Godbout, Would Provide Only Acclamation—Week-End Saw Both Leaders and Their Chief Lieutenants in Action on Platforms All Over Province.

MONTREAL, Que., Aug. 17.—In the ninety constituencies in Quebec Province today candidates appeared before the returning officers, presented their nomination papers, paid their deposits, and were officially declared candidates in the general elections which will take place next Monday.

Early morning indications were that there would be no acclamations, although there was a possibility that L'Islet would not be contested as the Conservative candidate, L. Berube, announced last night that ill health would prevent his appearing in the lists as opponent to Hon. Adelard Godbout, Minister of Agriculture.

Intense preparations for today's nominations had been carried out for the past two weeks, with scores of nomination meetings held all through the Province. As a result it appeared that more than 190 men would be candidates. Of these ninety would be official Liberal Government choices, ninety, or possibly eighty-nine Conservatives, and the balance made up of three Labor men and a number of Independent Liberals and Independent Conservatives who did not accept the choice of the selecting meetings.

The leaders faced fights, in comparison with 1927 when Premier L. A. Taschereau went to the Legislature unopposed in Montmorency. Early in the morning it appeared that the Premier would face two candidates a Conservative and an Independent Conservative. Mayor Camille Houde leader saw both leaders and their principal lieutenants in action on platforms all over the Province. The Premier, telling his old constituents in Montmorency County that he owed them his political life since he asked them for their assistance, to send him back to power.

Mr. Houde invaded Quebec City, where he continued his attack on the record of the Liberals and renewed his promises of reforms should he be returned to power.

At St. Janvier, Hon. Athanase David, Provincial Secretary, asked his electors of Terrebonne County if they were going to change horses in the middle of the stream. "Are you going to tell the experts they are not wanted and that inexperienced men are to take over? Wait until the end of this crisis and then if you want to forget our record and even the spirit of justice, put in other people." In reply to the charge that the Government was "old," Mr. David said this was no crime. "The Opposition was born on the same day and the same hour as we were. The only difference is that we kept power and they kept the job of criticizing us."

Hon. Arthur Sauve, Dominion Postmaster General, again spoke on behalf of his son, Jean Paul Sauve, in Two Mountains constituency. The Premier of Quebec, he said, "by constant reference to Federal policies is trying to make you forget about the sins of his own Government. I might recall to him the fact that the Quebec Government has been the one obstacle my Government has had to face in its attempts to help you farmers and workers of the Province of Quebec."

In the present elections there are no deferred election dates. In 1927 the Gaspé election took place one week later, this due to the Government using its discretionary powers in such constituencies as Gaspé and Magdalen Island to defer elections because of weather conditions. The general elections of 1927 were held on May 16th, 1927, when many roads in Gaspé were not yet open for traffic, but no such condition now prevails because of climatic conditions.

As regards three-cornered fights the indications are that this situation will be much the same as in 1927. There were seven three-cornered fights in 1927 and one county in which there were four contestants. In the present campaign the indications point to six three-cornered fights and one four-cornered fight but in the latter case, Chicoutimi county, one or more candidates may drop out, and this may also be the case with the prospective three-cornered fights. There is also the possibility that candidates hitherto unannounced may appear at the last moment.

The majority of the Conservative candidates in the field are former defeated candidates, but they claim that conditions have changed. On the other hand Liberals who will be nominated today are chiefly former members. They contend that

GREEKS ARE ORDERED TO LEAVE BULGARIA.

VIENNA, August 17.—Despatches from Sofia today said the Government had ordered all Greek Nationals to leave the country within thirty days. The order was regarded as a reprisal against the Greek Government, which, it was charged, expelled Bulgarians from Greece without notice, despite a special agreement which stipulates that three months' notice should be given.

DRIVER LOST CONTROL WHEN BEE ENTERED THE CAR.

TILBURY, Ont., August 17.—When a bee entered her car and stung her on the chin, Miss Nellie Cowan, Detroit, lost control of the machine and it crashed into a telephone pole alongside No. 2 highway here. Miss Cowan suffered only minor injuries. The car was badly damaged.

LIFE CLAIMED IN ACCIDENTS OVER WEEK-END

George Hayes, East Dunham, Lost His Life When His Unlighted Buggy Was Struck by Automobile—Youth Had Miraculous Escape from Death.

GRANBY, August 17.—Accidents in the vicinity of Granby over the week-end accounted for the life of one man, placed three young ladies and a young man in a hospital and caused minor injuries to four other youths. The fatality which claimed the life of George Hayes, 45 years of age, residing at East Dunham, occurred at Selby Hill about two o'clock yesterday morning. The unfortunate man was returning home in a buggy which carried no light. A car driven by Omer Plette, 20, of Dunham, crashed into the team of horses and killed both man and horse.

Plette failed to stop after the accident and went to the Dunham hotel, a mile from the scene. Here he is said to have told the manager about the accident and he was taken to a doctor, I think it's Hayes. A Granby taxi driver, Theodore Lusignan, following behind Plette, stopped at the collision, but was unable to find Hayes. A short investigation followed and the victim was found twenty-five feet away from his destroyed vehicle. Dr. Fuller rushed to the scene and pronounced the man dead. Medical examination disclosed that the man had suffered a fractured skull, right leg broken, fracture of the left arm and a crushed left side. Dr. George Runnells, coroner of the district, was notified and the inquest was continued until tomorrow.

A PECULIAR ACCIDENT
To suddenly awake and find himself in a field with a five hundred pound drum of oil upon his chest is an unpleasant experience through which William Walker, of Toronto, passed yesterday morning, a short distance from Granby. The twenty-two-year-old Toronto youth was the victim of a peculiar accident which might easily have had fatal consequences. He and a fellow employee, Max Cowan, were proceeding from Sarnia, Ont., to Sherbrooke, with a truck load of oil, containing thirty-six drums with a total weight of approximately 1,000 pounds. Both took turns at driving the truck, the mishap took place. Negotiating a curve, the truck, to avoid a collision, suddenly swerved. The support gave under its heavy burden and the drums tumbled out.

Walker escaped injury, but when his companion was picked up, a large drum had to be removed from off his chest. Walker was removed to Dr. Runnells' Hospital, where he is under observation for possible internal injuries.

Another accident which might have had grave consequences occurred this morning between Granby and Abbotsford when a car conveying six young people ran into the ditch and overturned. The six youths, Norman Brock and his brother, Charles, and Kenneth Ingalls, of Foster, accompanied by the Misses Wenda Zeltner, Ellen and Agnes Quinn, of Knowlton, were returning from Montreal, where the young ladies had been visiting their mothers. A defect in the steering gear caused the vehicle to take to the ditch and overturn.

Miss Zeltner was the most seriously injured. She received a bad cut on the head which required seven stitches to close. The other two girls were cut and bruised about the head and face, while the young men were slightly lacerated. N. Brock the driver of the car, needed several stitches to close wounds in his arm. The three young men were allowed to return to their homes, but the girls are still confined to Dr. Runnells' Hospital.

ALBERT HASTINGS RETAINED GLIDING TITLE

ELMIRA, N.H., August 17.—Albert E. Hastings, Los Angeles, Cal., was the winner of the national gliding and soaring contest here, retaining for the second year the Evans Trophy. Winners in the two weeks' meet were announced today.

TASCHEREAU SPOKE IN HIS OWN DISTRICT

Reviewed Work of His Government and Asked People of Montmorency to Again Elect Him if They Thought He Could Be of Any Use to Them.

QUEBEC, August 17.—Twice yesterday Premier L. A. Taschereau addressed the electors of Montmorency, the constituency which has returned him to the Legislative Assembly ever since 1900.

"I owe you what was my future in 1900," said Mr. Taschereau at St. Fereol. "And I owe you my present. If you think I can be of any further assistance to you, send me back to power."

As Premier of Quebec he had kept his promises to the people, declared Mr. Taschereau. The sum of \$1,292,000 had been spent by the Government on the good roads of Montmorency during recent years. As for a loan to farmers, he announced the interest rate would be reduced from six and a half to five per cent. He had arranged for the construction of bridges in the province and particularly of a large one between the Beauséjour coast and the Island of Orleans which would do something to relieve the unemployment situation. Similarly he had reduced taxation on the lumber industry in order to increase production next winter.

Speaking at St. Fereol, Premier Taschereau emphatically denied a report that he had received money from the Beauséjour organization. If persons responsible for the report had courage enough to sign their statements in the newspapers, said the Premier, he would sue them before the courts.

The Premier was accompanied by his son, Paul Taschereau, and by Pierre Casgrain, member for Montmorency in the Federal House.

NOBEL PRIZE WINNER

BOMBAY, India, Aug. 17.—Sir C. V. Raman, winner of the Nobel prize in physics, received today the degree of Doctor of Laws from the University of Bombay at the hands of Governor Ernest Hotson.

BRITAIN IS FACING ONE OF MOST FATEFUL WEEKS SINCE GREAT WAR

"Big Five" of Cabinet Meeting Today to Decide What Sweeping New Economics and What New Sources of Revenue Must Be Evolved—Every Sort of Rumor as to Government's Action Has Been Going the Rounds for the Past Few Days.

LONDON, Aug. 17.—Britain was viewed by qualified observers today as facing one of the most fateful weeks in her recent history—possibly the most fateful since the world war.

Her problem now is not a defence of a battle line but to defend the pound. Every financial expert agrees this can only be done by banishing the spectre of a six hundred million dollar deficit in next year's budget.

The "Big Five" of the Cabinet is meeting today to decide what sweeping new economics and what new sources of revenue must be evolved. There will be a meeting of the full cabinet on Wednesday and the Government's declaration of policy is expected either at the end of the day or on the following day.

SOVIET BUTTER IS CHECKED IN GREAT BRITAIN

Russian Dream of Staging a Comeback on British Market Appears to Have Been Shattered as Far as This Season Is Concerned.

LONDON, Aug. 17.—The invasion of Soviet butter on the British market has received a check. Bigger supplies from the Dominions, especially Australia and New Zealand, have taken its place.

"The Russian dream of staging under the Five Year Plan a comeback on the British market appears to have been shattered as far as this season is concerned," says the Empire Dairy Council.

"Of 20,000 tons, valued at more than \$10,000,000, which it was contribution to the British butter market this year so far only 7,300 tons have been landed. The Empire Dairy Council attributes the failure of the Soviet butter invasion to "the refusal of British growers to trade in this country." Rumors also persist here the Soviet Government is planning abolition of its food rationing card system. Abolition of rationing would mean a surplus of grain especially wheat.

Shock brigades, it is stated, are working day and night among the collective farms of the North Caucasus and the rurals to speed up harvesting. It is charged the collective farms are not handing over sufficient grain to the Soviet Government.

Three bathers and one canoeist are victims. OTTAWA, August 17.—Lakes and rivers in the Ottawa district claimed four lives yesterday. Three were drowned near Paugan Falls, 35 miles from here, when they went bathing in the swift waters of the Gatineau River. They were Elmer Davis, 23, and his cousin, Carrie Davis, 22, and Edith Darr, 24, all of Carp, Ont. Thomas L. Short, 50, of Ottawa, perished at Constance Lake, 22 miles from here, when he fell from a canoe.

PREMIER MACDONALD WILL PRESIDE OVER MEETING
LONDON, Aug. 17.—Prime Minister MacDonald, looking tired but alert after a night-long journey, arrived at this morning from his summer home in Scotland to preside over the meeting of the cabinet economy sub-committee this afternoon.

"I cannot say very much about the cabinet's economy plans," he said as he alighted from the train. "It is a big task and cannot be dealt with in a few minutes."

This afternoon at four o'clock the sub-committee is meeting and we shall then consider experts' figures from the treasury regarding what saving can be made. I do not anticipate that any final decision will be taken this afternoon, but then about that I am not quite sure."

He regretted he had to return to London, because the weather was so beautiful at Lissiemouth. "It seems a pity to have to leave it," he said.

THE WEATHER

FAIR AND DECIDEDLY WARM
Pressure is relatively low over the Gulf of St. Lawrence and Maritime Provinces, but high over the greater part of Canada and the United States. Showers and fog have been general in the Maritime Provinces and a few light scattered showers have occurred in the West. The weather has been warm throughout the Dominion.

KING AND QUEEN DID NOT OBSERVE ACCESSION DATE

Subjects of King of Yugoslavia Wondering if He and His Rumanian Wife, Queen Marie, Are Estranged.

ZAGREB, Yugoslavia, Aug. 17.—The people were wondering today whether King Alexander of Yugoslavia and Queen Marie, his Rumanian wife, were estranged. Their curiosity was stimulated by the fact that the King and Queen spent apart the tenth anniversary of the accession to the throne, he in shooting on his summer estate at Pijesak and she in reviewing a naval parade at Constantza.

King Alexander was one of the few intimates of the Rumanian royal family not to attend the wedding of Princess Ileana to Archduke Anton last month. Queen Marie was reported at that time to have been displeased by his absence but no official reason ever was given.

DAVID DEFENDS ACTIVITIES OF LIBERAL PARTY

Provincial Secretary at St. Janvier Discusses Question of Schools, Health and Foreign Capital.

ST. JANVIER, Aug. 17.—Speaking in his native county of Terrebonne, Hon. Athanase David, Provincial Secretary, yesterday reviewed the accomplishments of the Liberal administration and his own works for the county.

Mr. David gave considerable attention to schools, health and the matter of foreign capital, pointing out that the idea he had in mind was training the school teacher in rural schools towards directing the children to retain love of the soil. As to foreign capital, he admitted he would have preferred Canadians themselves have the money, or that the amount of British capital had not been damaged, but saw no evil in the influx of American capital.

Hon. Mr. David noted with pleasure that he had been presented with a petition signed by two-thirds of the electors of St. Janvier asking him to run and promising him their support, and was pleased because he knew that the parish had been Conservative from the time of Confederation until 1919 when the people had been good enough to give him a majority. He recognized that St. Janvier is still Conservative in principle, but also that the people were big enough to forgive party color.

The Minister, speaking of roads, said that to his mind the greatest thing of all resulting from the building of highways was that when the young men some years ago left the country for the city they did so without returning. Now the young people think nothing of dashing off to the centres of population even to Montreal, and returning to do the chores. The result was that a young man could enjoy those things which it was natural that youth should love, and still not have to cut his ties with the soil.

Had it not been for good roads the country would have been ruined, said the Minister, and yet some years ago it was feared by some people that the cost of the roads would ruin the people. It was possible to keep a flow of agricultural products moving to town now at low cost of transport, and no one was ruined. The Government had been even able to relieve the municipalities of the burden of paying 17 millions of dollars advanced under the Good Roads Act, which meant \$628,838 for the municipalities in Terrebonne County alone.

The country had not done so badly in the last 10 years, the Minister believed, for in that time Government grants had totalled \$5,730,574 made up of \$163,756 for agriculture, \$8,936,562 for roads, \$409,200 for public instruction, \$307,010 for hygiene and public assistance, \$247,156 for colonization, \$107,100 for unemployment relief, and \$610,780 for public works.

TO FORM TREATY BETWEEN CANADA AND SOUTH AFRICA

Friendliest Relations Maintained With New Zealand in Expectation They Will Lead to Mutual Satisfactory Agreement.

VANCOUVER, B.C., August 17.—Negotiations are under way for a trade treaty between Canada and South Africa, while the friendliest relations are being maintained with New Zealand in the expectation they will lead to a mutually satisfactory agreement, Hon. H. H. Stevens, Minister of Trade and Commerce, stated here Saturday.

He expressed the opinion that although high wheat prices were not likely within the next few years, it was probable that in eight or ten months there would be a material recovery in prices.

TWO NIGHTS OF RIOTING MARK IRISH PICNICS

Police and Special Constabulary Massed in Attempt to Settle Ulster Disturbances.

BELFAST, Northern Ireland, Aug. 17.—Two nights of rioting in three towns have marked the feud between the "Orange" and the "Green."

A mob collected from surrounding districts, marched around the town of Portadown, County of Armagh, last night and attempted to batter in the gates of a convent, using a handcart for a ram. Thwarted, they contented themselves by smashing windows in several shops. Truck loads of police were rushed from Belfast and a special constabulary was mobilized, their combined forces restoring order. A head constable of the district was slightly injured when struck by a flying bottle.

Orange men and Republicans Saturday night waded in hurling bottles and stones in similar encounters before order was restored. A shop was burned in Lisburn, near here, and stones were hurled into the parish house.

The violence was an outgrowth of incidents at Coochill, Free State, where a similar Army Court prevented Orangemen from staging a meeting last week, and at Armagh where Orangemen retaliated Saturday against the members of the Ancient Order of Hibernians who were holding an assembly.

WOULD IMPOSE DEATH PENALTY ON THIRTY MEN

Severest Penalty Possible Demanded for Men Charged With Murder in Coal Fields Labor Controversy.

HARLAN, Ky., August 17.—Determination to demand the death penalty for more than thirty men charged with murder in the Harlan County coal fields labor controversy was expressed here last night by Commonwealth Attorney W. A. Brock.

"We've got to put the cold chills of steel down the backs of the criminal element in the county," was the reason Brock gave.

Brock's statement came on the eve of the opening of the August term of Harlan Circuit Court with the docket crowded with 335 cases. Nearly all of the cases grew out of disorders in the coal fields since part of the miners walked out last February rather than accept a ten per cent wage cut.

WOMAN TOOK POISON AFTER SENDING HUSBAND TO JAIL

In Statement Which She Left She Admitted Her Husband Was Good Provider, Kind Husband and Father.

BUFFALO, N.Y., Aug. 19.—Remorseful because she had sworn falsely in order to have her husband sentenced to the penitentiary, Mrs. Anna Heineman, thirty-three, took poison yesterday in an effort to end her life. She is expected to recover.

The woman left a note in which she said friends had influenced her to "have her husband put away." She swore out a warrant charging non-support and the man received a thirty-day sentence. In the statement which she left she admitted that the man had been a good provider and a kind husband and father. He had turned over to her his week's pay only the day before she had him arrested.

CAMILLE Houde, leader of the Conservative Opposition in the Quebec Legislature, visited the electors of Sherbrooke on Saturday evening, when, at a monster meeting in the Fifty-fourth armory, he outlined his reasons for opposing the Taschereau Government and told of his programme.

Prior to the meeting the Opposition chief was the central figure in a lengthy parade through the principal streets of the city. At every street corner large throngs assembled, and the passage of Mr. Houde was the occasion of wild cheering and applause.

On his arrival at the meeting, he found the spacious structure crowded to capacity, while thousands were gathered about the loud speakers installed on the outside. The entry of Mr. Houde led to another outbreak of applause which continued for several minutes. The band played "O Canada" and "God Save the King," after which Mrs. Houde and Mrs. A. C. Crepeau were presented with bouquets from the Sherbrooke Conservative Women's Association by Miss A. Crepeau and Miss O. Reid.

After thanking the women for the honor paid to his wife, Mr. Houde launched into the defence of his administration of the City of Montreal. The previous evening, in the same hall, Premier Taschereau had said that the administration was terrible, and that Mr. Houde was contesting two seats in order to win one for a campaigner, Allan Bray.

The latter charge he denied, claiming that Mr. Bray found a full time job as chairman of the executive committee of the Montreal City Council. Regarding the governing of the city, he said: "I have Taschereau to consult his friends in Montreal, not Senators MacDonalld or Raymond, nor the employees of the government who are dependent on the Taschereau graces for their livelihood, but the honest Liberal friends that he has made among them, and I tell him that the administration has never been as good as it is today."

"We are carrying out a programme of public improvements that the city has needed for years. Many of these should have been done by a campaigner like Allan Bray. Taschereau and Mederic Martin, who preceded us. But they were not. Now we have to do them, but in many cases this delay has proved costly and a government press, subsidized by your money, is carrying on a campaign against us. But I repeat my offer to Mr. Taschereau. Ask your Montreal friends about my record, and if they bear me out, stop your attacks on my alleged records. Is this not a fair enough offer?"

"The Government tells you that the credit of the city is ruined. They tell you that the city is in a financial morass. They predict a great evil in store for the citizens. But I will restore your minds. Within the past two months the City of Montreal had a need of funds for various purposes. We had to borrow one million dollars. Tenders were called and fifty-three bids were received from financial houses in Canada and the United States. I tell you, and I tell you the truth, that we borrowed this money at a lower rate of interest than did the Province of Quebec about one week earlier. Do you think that these bond brokers know less about governmental credit than Hon. Mr. Taschereau or Hon. Gordon Scott? I for one am convinced that they do not."

Mr. Houde turned to the finances of the Quebec province, and expressed the hope that Mr. Taschereau was "listening in", for he addressed the following remarks directly to him, to the great amusement of the crowd.

"For years Alderic Blain, Conservative member for Dorion, has claimed that your surpluses were fictitious and that you resorted to temporary borrowing to make your books balance. Finally in your wrath you said: 'I will show you. I, Premier Taschereau, will hire a firm of accountants with an international reputation to make an audit of the books of the Province and prove to you members of the Opposition that this surplus is real.'"

"Now, Mr. Taschereau, you did engage a firm of international repute, a firm whose reports are respected by everyone. They examined the books of the Province for the year ending June 30, 1931, and they have made you that report. When you announced the dissolution of parliament you said that you had that report and would make it public within a few days. But we have never seen it and no one will see it until after elections.

"What did that report contain? Did it show a deficit instead of a surplus? Did it uncover irregularities too serious to tell the taxpayers?" Mr. Houde asked. And, (Continued on page 7.)

Without "ENZYMES" THE HUMAN BODY WOULD WASTE AWAY!

ENZYMES

These are essential substances, present in digestive juices and in certain foods, that turn the nourishing elements of food into forms that living cells can assimilate.

Without their aid, most living things would derive no nourishment from food.

Their action is part of Nature's life process that supports all growth, development and maintenance of strength.

Canada's natural contribution to the World Disarmament Conference is moral, not technical. Canada is not a great military power; it is her maintenance of peace between different races within her own borders, and her consistent appeal to law and conference, for the settlement of differences with her neighbors that give her the right to be heard.

ALFRED WOOD, President and Editor. GORDON MILLER, Managing Editor. C. F. BUCKLAND, Advertising Manager.

We enjoy anticipation quite often more than its realization. But a man gathers the relish of life in the recollection of a good deed done, or in the memories of some interval of innocent pleasure.

THE WEEK TO COME BEFORE THE DAY TO SETTLE.

With this last week of the Provincial campaign, the parties are lined up in every constituency, with even a candidate of more temerity than good judgment opposing the Premier in a constituency for which Mr. Taschereau has sat for thirty-one years, usually by acclamation.

The Conservatives rest their case on the thought that people may think it is time for a change, and upon the unrest and unease which accompanies a period of bad times and unemployment.

The Liberal's base is on their thirty-four years of good Government, on the youth and energy of the present Cabinet, and on the claim that the people should hold fast to that which is Good.

Practically it is the "ins" and the "outs" fighting it out on personnel with no serious charge or proven taint against the "ins."

The Liberals have observed a courteous and kindly tolerance for their Conservative opponents, declining to be drawn into any abusive rejoinders to even the assaults of the firebrands who jump over the traces at times in every party, excitable and unimportant persons unused to the amenities of public life.

But neither of the parties seem to realize that an interjection of Federal affairs into a Provincial campaign is like entertaining the parson in the cellar. There is no relevance, no point of contact for comparison.

Some Liberals of lesser vision do not realize that the Bennett administration at Ottawa is still in the first phase of its hopeful popularity, and that in dragging their Federal warriors into the field they are as Don Quixote, tilting with their lances against the old windmill.

The Conservatives engage in wild denunciation and promises of every conceivable nature, prodigious and prodigal promises such as would indicate small hope of their ever being called upon to perform them.

Sitting in the observer's chair, with a fair play hope that the Conservatives may have a sufficient number in the new House to be able to select a competent leader, and thus be able to formulate a more healthful opposition, we find this hope fading away because of the lack of organization and the Utopian ideas put forth on a sedative platform.

THE BUSY TRUCK THAT HURTS THE RAILWAYS.

Truck-owners pay a fairly heavy license fee for their cars, and they share a large payment of the gasoline tax. It has been suggested that they are under-taxed as common carriers in comparison with the railways.

should pay higher taxes and thus be compelled to increase their charges for carrying freight and passengers. That would only drive the shippers into owning and operating their own trucks.

The march of progress cannot be tied up with rules and regulations devised by parliaments. Just as well try to send us back to candles for lighting the homes, and to boats and sailing vessels for carrying our produce.

Hampered now by Government regulations and by the necessity of asking permission of the amateurs on the Board of Railway Commission when they want to do anything, the railways have a mighty hard time of it. Yet there are ways, many ways, how the railways can so improve and quicken their service as to be able to compete with the growing fleets of trucks.

EDITOR'S NOTE BOOK.

The man who wants a job can promise everything, but the man who has the job must be careful, for he has to carry out his promises.

As our friend Mr. Rosenbloom observes, "Mr. Taschereau is a business man, and that is perhaps the cause of our short, sharp campaign, so that it will not interfere with business too much, and will be all over before the fall season opens. Nor will it interfere with the Sherbrooke Fair, for which I am glad."

Labrador, the country where the mosquito bites like a dog, where there are rocks and morass, and where hills and muskeg succeed one another in frozen splendour—this is the country Newfoundland would have Canada buy for \$110,000,000, just because the Colony needs the hundred millions.

From the Research Department of the Canadian Bank of Commerce at Toronto comes a chart showing that within a year there had been a decline of around fifteen per cent. in the general list of wholesale prices and that within the months of May and June this decline was about one per cent. The fastest decline was between July, 1930, and January, 1931, since which time the prices seem to have been stabilized. Butter and cheese prices are somewhat stronger, despite a large increase in cold storage holdings.

That a bye-election should produce more votes than were recorded at a general election is an evidence of the deeper interest being taken in the public business of the country by the electors. In Three Rivers, at the general elections in 1930 the total votes polled 25,815, whilst at the bye-election there were 26,677 votes recorded or 1,062 more in the interim. The Liberal candidate in 1931 lost 1,334 votes as compared with his victorious predecessor in 1930, whilst the Conservative member-elect gained 2,396 more votes than did the candidate in 1930. So that a good many voters must have changed their minds within a year.

Hon. Geo. Hoadley, of Alberta, is credited with saying that his province does not desire immigration of any sort at the present time. This is a very narrow view to take when there is need for development of the new Peace River district. Such a policy will, of course, put an end to any railway building in that part of Canada, for capitalists who would build want assurance of more population. Barring the Doukhobors and other freak folks is quite alright, but Canada's first need continues. We have builded for fifty millions.

Mr. Percy Cowans, father of the famous horse-woman, Miss Ruth Cowans, now happily married, has sent a very charming memento of his numerous visits to the Sherbrooke Exhibition. President Blue acknowledges the receipt of a cheque for \$500 to be used for the Winter Fair prize list, when Mr. Bruce Fletcher will again be in charge of the ring. Mr. Fletcher has retired for a rest period from the Horse Show directorate at the Exhibition, but has promised to give his whole time to the Winter Fair, where his services are indispensable. Col. Blue and the directors are of the opinion that Mr. Cowans' handsome gift might be used as a permanent trophy in the saddle and hunter class to be known as the "Ruth Cowans Trophy."

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record. August 17th, 1901. Ernest Lafrance, a Waterville young man, was drowned at Victoriaville, where he was employed. Edward J. Witty left town for Orange, Mass., where he had taken a position.

F. L. Bean, W. S. Allen and A. S. Johnston left for Montreal to attend Grand Lodge meeting of the I.O.O.F. Carl Jewel left for Groveton, N.H., Wells River, and other New England points to look after advertising matter for the Sherbrooke Fair.

C. G. Thompson and N. G. Bray returned from Ottawa, where they attended the annual tournament of the Dominion Trapshooting Association. Visitors to the city included W. H. Leonard, Cookshire; Sergt.-Major Hugo Cummins, Magog; H. J. Pullen, Hendersonville, N.C.; Miss Ruth Burrows, Portland, Me.

Rev. Prof. Parrock, of Lennoxville, took charge of the Church of St. Anne at Murray Bay during his vacation, and Rev. Dr. Allnatt, of St. Peter's Church, at Cap a l'Aigle.

Wm. Farwell, general manager of the Eastern Townships Bank, Major Israel Wood and W. L. Ball went to Windsor Mills to make arrangements for the opening of a branch of the bank there. Dr. J. M. Harper was elected president of the Dominion Educational Association, with Hon. Mr. Boucher de la Bruere as vice-president and G. W. Parmelee, of Sherbrooke, a director.

CRASHED INTO STEEP DITCH NEAR MAGOG

Occupants of Two Cars Experienced a Fortunate Escape Yesterday Afternoon—Vehicles Badly Damaged.

An accident that might have had more serious, if not fatal, consequences occurred on the Montreal road a short distance from Magog yesterday afternoon, when two cars travelling in the same direction crashed into the steep ditches, as one automobile endeavored to pass the other.

Mr. J. A. Cormier, amusement tax collector, accompanied by his wife and child, were the occupants of one car, while the other vehicle was driven by Mr. Conzaque Rancourt, who was with another young man. Rancourt is of this city and lives at 122 Belvidere street.

In some miraculous manner, occupants of neither car were seriously injured. All, however, suffered from a bad shaking-up and minor cuts and bruises.

The accident occurred at about 2:30 o'clock. Mr. Cormier tried to pass Mr. Rancourt's car. In some inexplicable manner both drivers lost control and the automobiles swerved off the road. The Cormier car plunged into the steep ditch on the left hand side of the highway, while Rancourt's motor toppled into the other ditch. Both cars were badly damaged, and it was indeed fortunate that the occupants escaped uninjured.

MAN STRUCK BY CAR ON WELLINGTON STREET.

Mr. Adolphe Cote, 51 years old, 80A Grand street, was removed to the Sherbrooke Hospital yesterday afternoon by Lord's ambulance, suffering from injuries sustained when he was knocked down by an automobile in front of the Salvation Army building on Wellington street.

MAN INJURED WHEN HORSE BOLTED.

When the horse attached to the wagon in which he was travelling became frightened and ran away, Ludger d'Armour, 23 years old, of Coaticook, sustained a fracture of the left arm as he was thrown from the vehicle.

The accident occurred in Coaticook early yesterday. The horse, frightened for some cause, dashed between a telegraph pole and the sidewalk. d'Armour was roughly precipitated from the wagon and struck the post with considerable force.

CITY BRIEFLETS

CHARGED WITH ASSAULTING POLICE OFFICER. Arthur J. Graham, of Westmount, was arrested yesterday morning at about one o'clock, charged with grievous assault on a police officer executing his duty.

Constable Robert of No. 3 Station, had taken charge of an automobile at the bottom of King Hill, to take it to the police station, when Graham, police allege, leaped on the guard of the car and struck Robert in the face, inflicting severe bruises. An acquaintance of Graham is the owner of the car and Graham is said to have acted without provocation.

NEW YORK MAYOR TAKING REST CURE IN CARLSBAD

PLEASANT DAY WAS SPENT BY YOUNG FARMERS

Judging Contest Held at Lennoxville Experimental Farm on Saturday—Picnic Enjoyed.

The Lennoxville Experimental Farm had a special appeal for some three hundred enthusiastic young lads on Saturday. Boys from Beauce, St. Lawrence River District and St. Hyacinthe, which comprises a section of the Eastern Townships, assembled at the Farm early in the morning to compete in the judging competition and to enjoy the splendid picnic which was made possible through the kindly co-operation and friendly interest of Mr. John McClary and his efficient staff at the Farm.

The weather was ideal and the boys put every minute of the day to good advantage. This judging competition was held to select the best sixteen club teams which will represent the district at the Sherbrooke Exhibition. It was, in a sense, an elimination contest. It also included competition for the T. Eaton scholarship of twenty-five dollars, to apply on a one year course at some agricultural college, and for the scholarship, also of twenty-five dollars, awarded by the Federal Government. The results of the competition or the winners of the scholarships have not been made public as yet.

Gatherings similar to that on Saturday have already been held at Ste. Anne de la Pocatiere, Macdonald College and at Cap Rouge. Interesting addresses were delivered during the afternoon by Mr. John McClary, Rev. Father Roy, of Sherbrooke, Professor Proulx, of Ste. Anne de la Pocatiere, and Messrs. Eugene Boivin, representative of the Provincial Department of Agronomes, L. C. Roy, of the Canadian National Railways, Montreal; S. Chagnon, Emile Lemire and H. Pental, of this city. It was Mr. Pental who had charge of the arrangements for the day's activities. Stephane Boileau, local agronomer, who always takes such a keen interest in the young farmers, was on hand and rendered valuable assistance.

During the day the young farmers were given an opportunity of wandering about the farm and of seeing for themselves the efficient manner in which farming is carried on at this well-known experimental station. It was well after five o'clock in the afternoon before the boys left the farm, and even then they were reluctant to say adieu to the place where they had been so royally received and where they had enjoyed such a pleasant and profitable day.

The Hon. Louis A. Taschereau, who is the Liberal Leader in the Province of Quebec, has devoted his life to the service of his native province for thirty-one years, for he has represented his city and county since 1900, and since 1907 he has been an active member of the Liberal Administration at Quebec—or well-nigh a quarter of a century.

Active, energetic, experienced and of the highest integrity, would you exchange a man tried and true, for an unknown? Or would you prefer the man whom you trust implicitly, and who has carried on the business affairs of his Province with a marvellous record of executive skill?

Each and every year Mr. Taschereau has been able to show that he can make both ends meet, and has often shown his people a substantial surplus.

His has ever been a broad and open-minded government.

To you who are interested in and have followed public affairs, and who know that the financial administration of this Province is the envy of all other Provinces, who know that Quebec has regained the commercial and industrial supremacy of the Dominion, I feel you will join with me in again recording your vote for the Premier whom we are all proud of as a Canadian.

I will appreciate your vote and your expressed confidence.

Emery H. Fortier, Liberal Candidate for Sherbrooke.

NECESSITY OF PRAYER WAS STRESSED BY REV. DR. READ

Origin of Intercessory Prayer Traced in Helpful Sermon Delivered at Joint Service Yesterday in Plymouth United Church.

"Intercessory Prayer" was the subject of the morning sermon in Plymouth United Church yesterday when the joint services of Plymouth and Trinity United Churches was conducted by Rev. Dr. G. Ellery Read, pastor of Plymouth United Church.

Taking for his text St. Paul's appeal to the members of the Thessalonian Church, "Brethren, pray for us," he pointed out that intercession was a very ancient feature of prayer. Men interceded with God in times of distress and need, believing that He had it in His power to do what was for the highest good of those for whom intercession was made. Patriarchs and prophets had exercised this function because of their faith in God and their insight into the deepest needs of their fellow-men. Sometimes, Dr. Read said, an erroneous idea of intercessory prayer vitiated its value. True intercession did not seek to change the purposes of God, or alter His character, but expressed the desire of the intercessor to link his life and spiritual effort with God's in the accomplishment of the Divine will for all mankind.

In closing Dr. Read spoke of intercession in relation to the sins, the sorrows and sufferings of men. "Our prayers should be as boundless as human needs," Dr. Read said.

The choir sang the anthem, "How Long Wilt Thou Forget Me" (Oley Speaks), with tenor solo by Mr. C. C. Jameson and duet by Mrs. A. G. Nakash and Mr. Jameson.

At the evening service the subject of the sermon was "The Higher Athletics," based on the text, "Exercise Thyself Unto Godliness" (I Tim. 4:7). The choir sang the anthem, "Even Me" (Warren), with solo by Mr. Armitage. Mrs. Gordon Richards sang the solo, "Through Peace To Light" (Sumner Salter).

The beautiful red roses on the Communion Table were placed there by Mrs. J. A. Bothwell in loving commemoration of the birthday of her husband, the late Joseph A. Bothwell.

NOMINATIONS TAKE PLACE IN QUEBEC TODAY

Straight Fights Expected in Eastern Townships Ridings After Nominations Today.

With the official nomination of candidates today for the election next Monday, the provincial campaign enters its last lap. While the campaign has been short, it has been a merry one, and the citizens of the Eastern Townships have possibly never listened to as many orators in so short a time as they have during the past week.

Camille Houde, leader of the Opposition, visited the district on Saturday, speaking at Granby, Magog and Sherbrooke. John T. Hackett, Federal Conservative member for Stanstead, has also been busy engaged in carrying on a campaign against the administration, appearing several times during the week.

The Government forces had a battery of orators in action, Premier Taschereau touring the Eastern Townships twice during the week. Hon. J. E. Perrault, Minister of Roads, has spoken at no less than eighteen meetings in the seven days.

Hon. John Hail Kelly, M.L.C., of Gaspé, Hon. Lucien Cannon, former Solicitor General, and Hon. Adelard Godbout, Minister of Agriculture, also paid special attention to this district, which both parties consider good fighting ground.

In addition to these outstanding orators, the candidates and their local supporters have been busy engaged in speaking at local rallies. Today at noon the returning officers of the various ridings will present themselves at some previously announced place in their constituency, where they will remain until two o'clock. During this period the nomination papers of the candidates will be received.

Following the nominations, many joint meetings will be held, when the candidates and their supporters will address the electors, telling them just why they should vote for their particular party. No tri-angular fights are expected in the Eastern Townships, except possibly in Stanstead, where it is understood a Magog citizen has announced his intention of running as an independent candidate despite the fact that the unanimous nomination of the Liberal convention went to the retiring member, Alfred Bissonnet.

THE CHEVROLET CARAVAN WAS IN CITY TODAY

Tarries for Luncheon Rest, for Display and Demonstration at the Webster Motors Show-Rooms, Then Proceeds to Montreal for Two Days' Stay.

On their inter-provincial journey, the Chevrolet Caravan reached Sherbrooke this morning, and created a great deal of interest as the many units passed in review along the main arteries, including King and Wellington streets, and finishing up at the big warehouses of the Webster Motors on Wellington street.

The Mayor of Sherbrooke accorded an official welcome and reception in front of the City Hall, where the first pause was made.

The Caravan was something new in the way of truck merchandising, and attracted crowds and great interest. With an itinerary of scores of towns and cities ahead of it, the parade was able to make only a short stay locally. Brief as was its visit, however, hundreds inspected the trucks, and were impressed with the versatility which can be shown by a single line of commercial vehicles. This was the purpose of the Caravan, according to R. M. McIntyre, assistant sales promotion manager of General Motors of Canada, Limited, who is in charge of the goodwill tour.

There were special bodies of all kinds shown in the display of twenty-four trucks, this special equipment being contributed by a number of Canadian manufacturers, including Canada Carriage, Brantford Commercial Motor Body, Guelph Sawyer-Massey, Hamilton Dominion Equipment, Kitchener John Greer and Son, London H. V. Wells, Ltd., Walkerville, and Bickle Fire Engine, Ltd., Woodstock, Ont.

The Chevrolet standard trucks and all the chassis in the Caravan are the product of Chevrolet plants in Canada. During the stop at the premises of Webster Motors, local Chevrolet agents, and during the main display locally, experts explained the outstanding advantages of Chevrolet truck construction to the many who were interested.

Leading the Caravan during its local parade was a special truck equipped with microphone and musical attachment, which proved an excellent means of drawing attention. Provincial and local police assisted in facilitating the progress of the parade, in order that it might maintain its rigid schedule.

The Caravan will be a feature of the Ottawa Fair, and also at the Canadian National Exhibition, which is the terminal point of the tour.

NATIVE OF WATERLOO DEVELOPED NEW SOUNDING DEVICE. Mr. William R. Bullis, Master of Science and graduate student of Oregon State College, who is incidentally a native of Waterloo, has devised a new electrical method of measuring sound absorption and acoustics of building materials.

The new method makes use of an ordinary radio loudspeaker and a small sample of the building material to be tested, not necessarily more than two feet square. Sound from the loud speaker is projected against the test specimen and the amount of absorption is determined by the effect the reflected sound waves have upon the speaker characteristics.

In the past it has been necessary to line a room with the building material to be tested in order to get an accurate measure of the sound absorption qualities.

HAS EVOLVED NEW SYSTEM OF "NATURAL RELATIONS"

BOSTON, Mass., Aug. 17.—Shunning the methods of orthodox mathematics, George H. Hurd, a cotton waste salesman who spends his evening poring over a self-evolved system of "natural relations," believes he has wrested a few more secrets from the hidden archives of the universe.

Announcement that the president of Duquesne University, Pittsburgh, had accomplished the trisection of an angle by Euclidean geometry, a feature believed for 2,500 years to be impossible, evoked the statement from Hurd he could trisect the angle in five different ways through the use of his system. He also claimed he could duplicate the cube and contended that if pi proved to be a positive value, he could square the circle.

inadequate child labor legislation, many of them are forced to leave school while still infants and find work in the mills. Thus they start life with a dual disadvantage. Without home and without adequate education, they are thrown into the world to fend for themselves.

"Many times have young men and women still in their teens come to my office and asked for work. In reply to my questions regarding their qualifications they answer, 'I have no education.' We were forced to leave school when our father died. We received only one or maybe two years education." This happens every day in a Christian Province, administered by that self-proclaimed champion of the workman and the farmer, Louis Alexandre Taschereau. This sally was marked by an outburst of applause that prevented the speaker from proceeding for several minutes.

"Mr. Taschereau contended that there was no need for old age pension in the Province. Presumably he did not want to give the old people a chance to spend their declining years in comfort, together. 'I don't want to see the old folks separated and cared for under institutional discipline at five dollars a week each. Most of these old couples could spend their declining years together and I do not believe that we have the right to separate them after thirty years of wedded life,' said Mr. Houde.

"Ah, Mr. Taschereau says, 'let their children support them.' But what of the aged couples whose children have been forced to live in the United States. And in the Province of Quebec we encourage young marriages and large families. Suppose the youngsters have done their duty and have a family of their own. How can they shoulder the responsibilities of their parents on the \$2.50 a day so generally allowed by the Government for the workers on the roads. For a mere five dollars a month, Mr. Taschereau could take advantage of the Federal Act and provide for the comfort of our respected parents in their declining years.

Agricultural affairs were criticized by Mr. Taschereau. He declared Mr. Houde, did not favor the idea of giving credit to farmers at two per cent, which the Premier estimated would cost the province \$3,000,000 annually. But, advocated Mr. Houde, the money must be had or the farmers would abandon their farms. They would drift to the city, would find employment and the result would be still more costly. They would have to be maintained and the government would have to extend its expensive colonization programme of which it boasts so much.

The Premier estimated the cost of the debt at \$3,000,000 per year, but the Opposition leader said that in his banking experience the banks borrowed on no better security than the Province of Quebec at three per cent. But the banks only paid interest on the smallest monthly balance, and this the speaker estimated worked out at less than 2 1/2 per cent. Mr. Houde stressed the necessity for the payment of bonuses on the production of butter and cheese to encourage dairy farming and give the milk producers a chance to make a living.

"I am backed by economists," he continued, "when I say that the life of a community, or even that of the nation, reposes on its agriculture. Every epoch of decadence in any country corresponds with a period of neglect of agriculture.

"One of the most capable ministers that the Liberal Government ever had, J. L. Perron, said that 'Agriculture in Quebec faces disaster. The soil was worn out and the province was fed from abroad.' 'This Government pretends to encourage agriculture in the province but does nothing to prevent the importation of forty million dollars worth of produce into the province each year. All this could be grown here and would help restore prosperity to the rural communities.'

The previous evening, the Premier had asked why he would not loan money to the laborers at two per cent for the construction of houses ever had. He said, 'For the Beaubien promoters. Safe for the murderers. Do you realize that since Mr. Taschereau has been Attorney General no less than twenty-five capital crimes have gone unpunished. Safe for the stock waterers? Only a few weeks ago an English peer was sentenced to years in jail for a breach of faith which pales into insignificance when compared to a recent scandal in the pulp and paper industry, in which the public were mulcted of one hundred million dollars, all under the eyes and patronage of the Taschereau Government.'

"Not only was the Government content to let agriculture fall into ruin, but it sold the forest and water power rights at bargain prices. Thus the population of the Province of Quebec is slowly robbed of their means of livelihood, their national patrimony and their private savings, claimed the Conservative leader.

"This same Government one year ago," continued Mr. Houde, "declared that there was no unemployment. Mr. Taschereau wired Mr. King that times were good in Quebec. It was heartless when thousands of men were clamoring for work to provide their wives and their children with the bare necessities of life.

MONTREAL LIVE STOCK MARKET

MONTREAL, QUE., August 17.—Cattle receipts were 881 on the two Montreal live stock markets today. Although the receipts showed a decrease of about fifty per cent, sales were slow and prices were about steady on good cattle, with the lower grades easier. There were no top steers. Good cows were mostly \$3.50 to \$3.75, with medium around \$3, and heifers ranged from \$3 to \$5, with an odd one up to \$5.50. One small lot of plain to just fair quality steers and heifers brought \$4.50, and bulls were slow at \$1.50 for light hogs and \$2.50 for fairly good average quality hogs.

Calf receipts were 2,007. The calf market was steady to a shade easier. Veals were about steady at \$5 to \$5.50 for common light veals to \$6.75 for fairly good calves and \$7 to \$7.25 for picked out calves. Drinkers and grassers made the bulk of the sales and brought between \$3 and \$4.50. Cows were slow, selling from \$2.50 to \$4, with the bulk around \$3 to \$3.50.

Quotations: Good veal, \$6.25; medium, \$5.50 to \$6; common, \$4.50 to \$5.25; grass, \$2.50 to \$4. Sheep receipts, 3,084. Lambs were slow and lower. Good lambs were 50 cents lower selling at \$7, with a couple of loads up to \$7.50. Fair to just medium kinds for \$6.50 to \$6.75, and common lambs from \$6 to \$6.25. The bulk of the cull lambs were weighed up at \$5. Sheep were slow at \$2 to \$3.

Quotations: Ewes, \$2 to \$3; lambs, good, \$7; common, \$3 to \$3.75. Hog receipts, 1,991. Hogs were slow sellers. Between 700 and 800 hogs were sold for \$7.50. For bacon and butchers, with a couple of small lots up to \$7.60, fed and watered. Light hogs were weighed up at \$7 to \$7.25. Heavy hogs sold between \$6.50 and \$6.80, and sows ranged from \$4 to \$5, with an odd one up to \$5.50.

BRITISH PLAYER CAPTURED HONORS RYE, N.Y., August 17.—With the Eastern Turf Cup Championship securely in his possession, Frederick J. Perry, big British Davis Cup star, looked around today for more tennis worlds to conquer. He may find another one in the annual Newport Casino Invitational tournament starting at Newport, R.I., today.

Perry won the Eastern Turf Cup title yesterday by whipping J. Gilbert Hall, of South Orange, N.J., in easy fashion 6-3, 6-2, 1-4. Perry, although he has a good net game, failed to remain in a back court and let Hall beat himself. The Jerseyman obliged, netting and outing with what approached a chronic condition.

Perry and George Patrick Hughes, also of the British Davis Cup team, both have been seeded for play at Newport.

NOTRE DAME MET CAPELTON YESTERDAY An exhibition game was played at the ball park yesterday afternoon, when the Notre Dame baseball team encountered the American Legion Capelton. The final score was 3 to 3, the game being terminated at the eighth inning on account of rain.

DRUMMONDVILLE ENTERED FINAL FOR SOCCER CUP

Defeated Magog by Four Goals to Two—Quebec Central and Asbestos Played Draw in Other Semi-Final Round Match.

Drummondville entered the final for the Eastern Townships Football Association Cup by defeating Magog on Saturday, but their opponents were not decided as Asbestos and Quebec Central played a deadlock game in the other semi-final fixture. The game at Drummondville ended in a four to two victory for Celanese, but only after a hard and clean struggle, while the Asbestos-Quebec Central engagement terminated with the score at two-all.

Two very evenly matched teams faced each other on the Celanese gridiron. The home team received the "breaks" when the goal which split defeat for the visitors was accidentally scored nine minutes before the end of the first half. While Magog was attempting to regain their composure, Celanese assured themselves of victory by notching the point which put the game "in the bag." Deprived of the services of their centre half, Ben Hawley, during the last half, the Textile boys gave a marvelous display of sportsmanlike spirit which drew forth deserved applause from the spectators. Determined until the last, the visitors put up a game struggle, but were forced to succumb in the closing minutes.

Magog won the toss but Celanese held them in their penalty area during the first five minutes. Finally the visitors got away and A. E. Jackson accounted for his team's first goal after ten minutes. The visitors attempted to overcome this reverse, but Fieldsend scored an easy goal to even the score at half-time.

From the kick-off after half-time Magog played ten men against Celanese's full complement. Play was very even until nine minutes before the end when Len Jackson accidentally headed the ball into his own net from a scrum. The visitors attempted to overcome this reverse, but Fieldsend put the game "on ice" with a pretty goal which baffled Sandell. Fieldsend and Haworth added a goal apiece but offside nullified their efforts. Four other Celanese goals were notched, but Referee Macintosh called them back on similar grounds.

Only a small crowd of about fifty fans witnessed the struggle which, in the opinion of Referee Macintosh, was replete with a fine exhibition of soccer. In the second half the official did not blow his whistle once, the teams sticking to a level football and approving of the impartial decisions given by Macintosh.

The line-ups were: Drummondville: Fred West, W. Renfrew, Twells, Clements, Joiner, Imah, Conyers, Fieldsend, Haworth, Bridge and Lloyd. Magog: Sandell, Hamilton, A. E. Jackson, Cross, Hawley, E. Lowther, Griffiths, L. Jackson, G. Lowther, Cole and Parker.

THREE PENALTY KICKS CONVERTED AT ASBESTOS The four goals of the game at Asbestos were scored by three penalty kicks. Of these, the Railroaders converted their two, while the Miners obtained one point in this manner and secured their second goal on a fine effort by Andrews.

The home team pressed from the start and peppered Stoyles from every angle. The Railroaders' goal, however, was in fine form, while several of Asbestos' kicks were better. Near-half time a penalty kick gave the Sherbrooke aggregation their first goal.

Going into the second half with a one-point lead, Quebec Central increased their margin on another penalty kick. Surtees drew first for the home outfit on a third penalty kick, and shortly after Andrews scored the goal resulting in a two-point lead, which was maintained until the end of the regulation time.

Ted Croft refereed a thrilling contest, which was very clean. A good crowd was on hand for the fixture and saw Asbestos pass up a fine opportunity in the last minute of play.

ASBESTOS DEFEATED ST. ROCH The Asbestos baseball team yesterday afternoon defeated the St. Roch players from Sherbrooke by the score of 3 to 0. The game was played at Asbestos and was witnessed by a large crowd.

DANCE HALL AT FOSTER RAZED BY BIG FIRE

Brome Lake Pavilion Fell Prey to Flames Early Yesterday Morning Origin of Fire Unknown—Loss Partially Covered by Insurance.

FOSTER, Aug. 17.—Fire of undetermined origin early yesterday morning destroyed the Brome Lake dance pavilion on the shore of Brome Lake. The stand, which is situated on the east side of the lake, was completely destroyed, all the furnishings falling prey to the flames.

The building was owned by A. A. Menard and sons, who have been proprietors for the past nine years. The usual Saturday evening dance had been concluded some time before the conflagration broke out. A nearby garage also caught fire but a volunteer brigade prevented the spread of the flames. S'mmer cottagers removed their houses and effects in fear of their homes coming in line with the blaze, but the work of the volunteers held the flames to the dance floor.

Yesterday the ruins of what had been a popular dance hall were still smouldering, mute testimony perhaps of the carelessness of some person.

Country and Dairy Produce Prices

MONTREAL, Aug. 17.—Butter will be 1c per lb. dearer this morning to the retail trade. Wholesale houses announced Saturday they were advancing prices to 24c for solids and 25c for prints. The advance follows last week's upward move in carlot prices, roughly 1-1/4c per lb., increasing the carlot price for Eastern Townships No. 1 pasteurized creamery butter to 22c per lb.

The cheese market last week shared the improvement led by butter and gained 5-8c lb., ending at 12 5/8c for Ontario's, and 12 1-8c for Quebec's, and the tendency being toward increasing firmness. The egg market advanced last week 1-2c to 1c in carlots, ending at 27c to 28c for extras, 23 1-2c to 24c for firsts, and 21 1-2c to 22c for seconds, with British Columbia eggs 1c higher than these levels. Quotations to retailers were put up at the week's beginning. No further changes are planned for today, the list being as follows:

SIXTEEN LIVES LOST IN ONTARIO ACCIDENTS TORONTO, August 17.—Sixteen lives were lost in week-end accidents in Ontario. Drownings exacted a heavy toll, taking seven; automobile fatalities accounted for three; three more died of heart failure, and miscellaneous mishaps resulted in the death of three others.

WERE STUDYING WEATHER REPORTS NEMURO, Japan, August 17.—A radio message from Paramushir Island, Kuril Islands, indicated tonight that Colonel and Mrs. Charles A. Lindbergh were still at Petropavlovsk, Kamchatka, studying weather reports. There was no intimation as to when they would start for Nemuro.

Paramushir Station said it had received its information from the steamship Kokusa Maru which was returning from Japan after delivering gasoline supplies around the rim of the North Pacific for Seiji Yoshizawa, Japanese flier who wrecked his plane on a flight attempt to the United States. The ship was off Petropavlovsk.

Previous reports were conflicting. An earlier message from Oichishi said the flying couple were planning to make the 697 mile hop down the Kuril Islands to Nemuro immediately in view of weather reports forecasting the approach of bad flying weather. Still another picked up a Japanese fishing vessel, said the flying couple had taken off.

MAY RESUME THEIR FLIGHT TOMORROW. SAN FRANCISCO, CAL., August 17.—The Dollar Liner President Grant, today reported receipt of a message from Tokyo saying Colonel and Mrs. Charles A. Lindbergh at Petropavlovsk, Kamchatka, were preparing to start their flight to Nemuro, Japan, tomorrow. The President Grant was about 1,500 miles from Tokyo.

FIRST FAIR OF SEASON OPENS AT WATERLOO

Every Indication It Will Be One of Most Attractive and Successful Yet Held by Shefford County Agricultural Society.

WATERLOO, Aug. 17.—The first county fair of the Eastern Townships opened here on Saturday, when a large number of interested visitors passed through the gates of the Shefford County Agricultural Society.

Waterloo Fair this year gives every indication of being one of the most successful yet held. The weather so far has been favorable and today, tomorrow and Wednesday are expected to be bustling days in every department.

The entries are again of the highest order, and each section is its share of public interest and support. The fair is well known throughout the Eastern Townships and each year enthusiastic supporters from all sections of the district look forward to a visit to Waterloo during fair week.

The patrons of this year's fair are Dr. Pickett, M.P., J. E. Tetreault, M.P., Hon. C. E. Ouellette, Hon. Honore Mercier, G. W. Norcross, Alex. Saurette, Hon. Adelaire Godbout, Hon. W. A. Weir, Geo. H. Montgomery, Senator Desjardins, Hon. J. G. Gauthier, Walter Blue, Grant Hall, T. B. Macaulay.

The officers of the Shefford County Agricultural Society comprise the following: W. A. Jolley, president, West Shefford; Raoul Deragon, vice-president, Waterloo; R. R. Bachand, secretary-treasurer, Waterloo; E. H. Ashton, garden, and Oscar Descoetes, Waterloo, auditors.

KURIL ISLANDS OFFER HAZARDS TO LINDBERGH'S

Heavy Fog and Severe Storms Occur Frequently in Section of Flight Which Col. and Mrs. Lindbergh Are About to Attempt.

WASHINGTON, D.C., August 17.—Between Petropavlovsk and Tokyo lies what fliers and scientists alike have described as one of the most dangerous spans on the flight of Colonel and Mrs. Lindbergh to the Orient.

On a map of the world the Kuril Islands, over which they will fly, appear to be a convenient stepping stone from Kamchatka to Japan. The facts do not bear out this assumption, however.

Fog enshrouds them constantly, and storms lash them days at a time, often arising suddenly. Like the Aleutians, the Kurils are a string of volcano peaks, dead and alive, whose points protrude above the cold and restless waters of the Pacific.

Although they belong to Japan, most of the inhabitants are the hairy Ainus, a curious people who live in the ground and hunt in primitive fashion. Yetorofu, the largest of the Kurils, has a Japanese settlement, however.

Passing over the Kuriles, the Lindberghs will strike Kokkaido, which the town of Nemuro, with a population of 16,000 in 1925, is located. It lies north of the Japanese mainland but like the other islands, is a region of volcanic disturbance.

TRADING QUIET THIS MORNING AT MONTREAL

Leading Issues Were Fractionally Lower, Almost Every Stock Traded in Registering a Small Loss.

MONTREAL, Que., August 17.—Trading was quiet at the opening of the Montreal stock market this morning, but leading issues were fractionally lower, almost every issue trading registering a small loss. Brazilian dropped 1-2 to 18 and Nickel eased off 1-2, back to 13 1-2. Montreal Power sold back to 48 for a loss of 1-4, and McColl Frontenac lost at 13. Quebec Power appeared at 32, which was 1-2 lower than Saturday's close. Shawinigan was unchanged at 41.

NEW YORK MARKET REACTED AT OPENING THIS MORNING

NEW YORK, August 17.—The stock market turned reactionary at the start of the new week today. Losses of a point or so were recorded by United States Steel, American Telephone, Union Carbide, Westinghouse Electric, Southern Pacific, Bethlehem Steel, American Can, Stone and Webster and Anaconda. Oils, however, ranged slightly higher, with Standard of New Jersey opening up 3-8.

NEW YORK SPLIT DOUBLE HEADER WITH ST. LOUIS

Walker, Leading Giant Pitcher. Held Prospective Penant Winners to Four Hits—Ruth Takes Lead for Home Runs.

NEW YORK, Aug. 17.—If the New York Giants had an entire pitching staff of men as successful as southpaw William Walker, they might now hold the place of the St. Louis Cardinals at the top of the National League standing instead of being virtually tied with the Chicago Cubs, eight and a half games behind the Cards and one slim point ahead of Chicago.

Walker, the leading Giant pitcher, has won his last five starts and in two games against the Cardinals has let the league champions and prospective pennant winners down with four hits. He turned in a second two-hit game in the first half of yesterday's double-header to win by a seven to one count after beating them by four to nothing on July 18. He had another shutout in eight yesterday until a walk and two errors in the ninth inning gave the Cards their run.

Carl Hubbell, Walker's equally left-handed running mate, was not so successful in the second half of the double-header. He gave the Cards a run in the first inning and the Giants never overcame that margin against Flint Rhem's fine mound work. They scored twice after an injury forced Rhem out, but Frank Frisch clouted a homer with one aboard in the eighth to provide the margin of victory in the Cards' three to two triumph.

Meanwhile Chicago Cubs took two games from the Boston Braves by scores of seven to one and five to one to regain some of the ground they had lost in the race for second place. Charley Root and Guy Bush gave the Cubs some fine hurling, the former giving the Braves seven hits and the latter five.

The Brooklyn Robins completed the National League programme by winning their first double-header since they took the July 4th bill from the Giants. The victors were the Cincinnati Reds, and the scores were nine to two and eight to seven. The Reds outbit the winners in the first game and threatened seriously in the second when they scored five runs in the ninth.

Pittsburgh and Philadelphia had an off day.

Except in the Boston-Chicago double bill, expert pitching had little to do with yesterday's American League programme. Washington's Senators scored the day's big triumph by downing the St. Louis Browns in both ends of a double-header, but the losers collected twenty-five hits and Washington twenty-seven. Aided by his own home run and one by Joe Kuhel, Fred Marberry went the route to take the first game by five to three. Lloyd Brown failed to survive the fourth inning of the second clash and Alvin Crowder was credited with the victory.

Babe Ruth's thirty-third home run, which gave him the major league lead, one up on Lou Gehrig, was the big clout of the New York Yankees' nine to six victory over the Detroit Tigers, but it took a three-run rally in the ninth to provide the winning counters.

The Philadelphia Athletics got the benefit of two homers, one by Cochrane and one by Cramer in defeating Cleveland by six to four as the three-man pitching combination of Mahaffey, Hoyt and Walberg limited the Indians to seven hits.

Chicago and Boston each displayed one good pitching performance and divided their double-header. Tommy Thomas held the Red Sox to six hits to win the first clash by nine to two, while Eddie Durham had the better of the second argument with Vic Frazier, allowing five hits to win by five to one.

BASEBALL'S BIG SIX Babe Ruth regained a couple of the points that separated him from Al Simmons, "Big Six" batting leader, yesterday when he hit home run thirty-three and a double in three times at bat. Simmons was out of action, as were the National League leaders, Virgil Davis, Chuck Klein, Bill Terry slipped in to a tie for third place in the National League list as his two hits in seven times up cost him a point while Charley Grimm of Chicago, held his mark at .342 with two out of six. Eddie Morgan lost three more points, failing to connect three times.

The standing to date follows: Player G. A. B. R. H. P. C. Simmons, A's 112 452 98 174 .365 Ruth, Yanks 104 389 108 149 .333 Morgan, Ind. 99 356 80 126 .334 Davis, Phils 92 207 22 104 .330 Klein, Phils 113 467 96 157 .344 Terry, Giants 112 447 84 135 .342 Grimm, Cubs 107 380 59 130 .342

LOCAL GOLFERS WON GAME WITH LENNOXVILLE

Seventy-Six Players Took Part in Friendly Inter-Club Match Over Local Course on Saturday Afternoon—Final Score Was 35 to 15.

The Sherbrooke Country Club representatives registered a victory over the Lennoxville golfers in their friendly inter-club match on Saturday afternoon, the final count being thirty-five points to thirteen. The sporty Sherbrooke course, over which the match was played, was a bit heavy following the downpour of rain experienced shortly after noon, and the players did not get the usual "run" on their drives, but some very good scores were nevertheless recorded.

Seventy-six players took part in the competition and many of the scores were close and interesting. Following the match refreshments were served to the players in the clubhouse.

UPSETS MARKED TENNIS GAMES OVER WEEK-END

Three City Champions Overthrown in First Day's Play, While Other Promising Players Also Tasted Defeat—Marier, of Drummondville, Defaulted.

Startling upsets, among which were featured the elimination of three recently crowned city champions, marked the inaugural day's play in the Eastern Townships Tennis Championship Tournament over the week-end. Despite the inclement weather which threatened to delay the start of the tourney, the matches were played as scheduled, and some beautiful tennis was witnessed by large galleries of spectators. The games on Saturday were transferred to the Lennoxville courts on account of the condition of the St. Francis and Country Club surfaces, but yesterday both local clubs were scenes of animated activity. The result of the week-end matches is that the schedule to date has been conformed with and competition in the various events advanced to the last stages.

Raoul Gagne, who at the beginning of the month captured the city singles title, was one of the first to fall by the wayside. Guy Bertrand accomplishing the feat. In the St. Francis Club ranking, Bertrand is seeded number three, with Gagne just below him. Bertrand has successfully repulsed every challenge made by the city champion to better his ranking, and on Saturday proved master to Gagne in straight sets by scores of 6-4, 6-2. Connie Gregoire advanced to the semi-finals by playing three matches yesterday. In the first round he took the measure of Couchon, Windsor Mills, by 6-1, 6-2, proceeded to administer a 6-0 6-0 defeat to Norman, 6-0, and gained the lower bracket with a 6-1, 6-3 victory over A. Simon. His doubles partner, Guy Bertrand, after vanquishing Gagne, was given a hard battle by Carvel Hammond, but won by 6-4, 6-3. Hammond had previously beaten Hugh Crochetiere in the morning by 6-2, 6-2. Len Wolfe gained the upper bracket by defeating Leo Gagne in the initial round by 3-6, 6-1, 6-2, and then taking Earle Bartlett into camp by 6-3, 6-3. Bartlett had accounted for Albert Reid by 7-5, 6-2 to enter the second round. The remaining semi-finalist will be known this evening when Max Echenberg plays C. Vincent. Vincent defeated Stan Pearson by 6-4, 6-2 and reached the quarter-finals by eliminating G. Cote by the odd set in three at 6-1, 0-6, 6-4. Bill Beck found his master in Echenberg after accounting for G. Roy, East Angus, by 4-6, 6-3, 6-1. The scores in the Echenberg-Beck match were 6-4, 6-8, 6-2. Echenberg was given a hard battle in the first round by Charlie McCulloch, but succeeded in winning 6-4, 6-2. Marcel Marier, of Drummondville, picked by many to enter the finals, defaulted to Maurice Parsons in the first round. It was the only default registered. Parsons, however, met his Waterloo at the hands of Simon by 6-3, 6-3 after the latter had won over Ward, of East Angus, by 6-3, 3-6, 6-1.

Connie Gregoire and Guy Bertrand were other titlists to taste defeat. They were vanquished at the hands of Oscar Ripley and Roy Clarke, Lennoxville, in straight sets 6-4, 7-5 in one of the biggest upsets in this division. Four other doubles matches were contested, Reid and Hammond doing the unexpected by trimming Earle Bartlett and Len Wolfe by 4-6, 6-2, 6-4 and Leo Shields and Ash Hibbard were too good for Norman Lowe and Ash Wheeler, winning by 6-4, 1-6, 6-4. Billy Hammond and Pim Crochetiere advanced by a smart 6-3, 6-2 victory over Claude Bertrand and Bud Mutchler, while the fourth match saw Echenberg and Dick Lenoire pressed to win an 8-6, 6-3 victory over Len O'Donnell and Maurice Parsons.

The third champion combination to succumb was the ladies' doubles title holders, Misses Cynthia Adams and F. Bradley. In the city tournament finals they took the measure of Mrs. N. Lowe and Miss Helen Wolfe, but on Saturday the tables were reversed and the latter pair won by 6-4, 4-6, 6-3. The winners entered the finals by capturing a 6-3, 6-0 engagement from Miss A. Houle and A. Coderre. Two Lennoxville teams, the Bennett sisters and the Matthews sisters, fought for the right to enter the finals. Misses Audrey and Doris Bennett obtaining this honor in straight sets over their sister-players by 6-4, 6-4. In the finals Mrs. Lowe and Miss Wolfe will encounter the victorious Lennoxville pair.

Competition in the ladies' singles saw the elimination of a city finalist, Miss Bradley, who fell before the strokes of her doubles partner, Miss Adams. In the city semi-finals, the tables were reversed.

SOMERVILLE IS STILL HOLDER OF GOLF TITLE

London, Ont., Player Captured Canadian Amateur Crown for Fourth Time on Saturday, When He Defeated Arthur Yates by Three and Two.

MONTREAL, Aug. 17.—C. Ross (Sandy) Somerville, of London, Ont., won the Canadian amateur golf championship for the second successive time when he defeated Arthur (Ducky) Yates, burly Rochester, N.Y., star, three up and two to go in a thirty-six hole final match over the south course of the Royal Montreal Golf Club on Saturday.

Shooting steady golf all the way, the defending champion picked up a four-hole lead over his American opponent on the morning eighteen and had little difficulty holding it through the afternoon. Somerville thus won the Canadian title for

THE FOURTH TIME IN HIS CAREER, HIS PREVIOUS TRIUMPHS COMING IN 1926, 1928 AND LAST YEAR AT LONDON.

Yates threatened only once, at the thirty-first and thirty-second holes when he won both to cut Somerville's lead from four holes to two. They halved the thirty-third and at the thirty-fourth Somerville played a sensational shot out of the rough to take the hole and the match. It was a tense battle in which Yates spoiled his chances by putting badly in the afternoon. He missed four two-foot putts which might have changed the whole complexion of the match, while Somerville played his usual silent and studied game to take every advantage of his opponent's mistakes. When Somerville won at the thirty-fourth hole while two thousand spectators cheered, he completed a remarkable week of golf. He led the qualifying field with a card of 142 for thirty-six holes and then proceeded to defeat his match play opponents by wide margins. Yates gave him his stiffest test.

WILL HONOR "SILENT GOLFER" LONDON, Ont., Aug. 17.—In appreciation of Ross Somerville's winning of the Canadian golf

SPECIAL COMPETITION AT LENNOXVILLE

A special ladies approaching and putting competition was held at the Lennoxville course on Saturday afternoon. Three ladies, Mrs. D. R. Clark, Miss C. Taylor and Miss F. McDonald tied for first place. The play-off was won by Mrs. Clark with Miss Taylor coming second. The hostesses for the tea following the competition were Miss M. Hall, Miss V. Hall, Miss Woodten, Miss A. Bennett and Miss M. Burt.
