

11 PASSENGERS INJURED IN TRAIN WRECK NEAR RICHMOND

Several Hundred Passengers Had Miraculous Escape From Death. First Class Car Went Down Fifteen Foot Embankment and Turned Completely Over. Had Accident Occurred 30 Yards Farther on Train Would Have Gone Into River. Several Sherbrooke Passengers Among the Injured. 1000 Feet of the Rails Torn up. Spread Rail Believed to Have Been Cause of Accident.

(By Staff Correspondent)
Richmond, May 11.—Several hundred passengers on the Grand Trunk Montreal express had a doubly miraculous escape from death on Saturday afternoon near Richmond, when the tender jumped the track and several cars went down the embankment.

That no lives were lost is almost incredible, especially amongst the first-class passengers, whose car was turned completely over. Another miraculous feature of the wreck is that, had the disaster occurred thirty yards farther ahead, the whole train would have plunged into the river. Eleven passengers and two of the crew were injured, while nearly all received a severe shaking-up. Mrs. John May, of Sherbrooke, and Baggage man Deragon suffered the most, the latter being badly cut and bruised by the falling trunks.

LIST OF INJURED.

The following is the list of injured:
Mrs. John May, of Sherbrooke, shoulder badly injured.
Daughter, slightly injured.
Mrs. Herbert Ames, of Sherbrooke, hand injured slightly.
Sidney J. Hughes, Toronto, shoulder injured.
Louis Auger, East Sherbrooke Hotel, bruised and badly shaken.
E. A. Plamondon, St. Hyacinthe, head cut.
Miss Lizzie Pratt, 21 Winchester avenue, Westmount, cuts on head and arm.
J. A. Legace, wife and child, of Windsor Mills, bruised and badly shaken.
Baggage man Deragon, injured on body and head.
Express Messenger Barley, injured on arm.
Miss Collins, daughter of Mr. Richard Collins, Sherbrooke, hip and side injured.

WORST IN TEN YEARS.

Intense excitement reigned in Richmond and vicinity on Saturday afternoon when it became known that the worst railway wreck which had taken place in the district for a period of ten years had occurred at Jeffery's Crossing, two and a half miles west of Richmond station.

The first news of the accident received in the town was in the form of a telephonic communication shortly after four o'clock from Mr. William Taylor's house near the crossing. It was to the effect that the Grand Trunk Montreal express, which left Sherbrooke at 3.15 p.m., had been derailed at the crossing while travelling at sixty miles an hour, that several passengers had been seriously injured; that some of the train crew were badly cut up, that two cars had been hurled headlong down the embankment, and that the coach containing the first-class passengers had tumbled completely over.

DOCTORS RUSHED TO SCENE.

Word was immediately sent to Dr. Hayes, physician to the Grand Trunk Railway Co., and to Drs. Tomkins and Johnson. The news spread like lightning throughout the town in a few minutes. Telephone bells were ringing incessantly as the information was repeated from one to another, messengers were flying in every direction, and all who had automobiles and teams made hurried preparations to proceed to the scene of the wreck. Conjecture and imagination ran wild as to the possibility of many persons having been killed or the probability of the death of the injured occurring before help could reach them.

Drs. Hayes and Tomkins, Lt.-Col. Ewing, Mr. N. E. Montgomery and Mr. H. E. Bieber were the first to

PASSENGERS THROWN ABOUT CAR.

The first warning the passengers received was a jolt. They then felt the airbrakes being applied; the men at once began to shout, the women screamed, and in a few seconds the cars were hurled off the track. The scene was one of indescribable confusion as the passengers were thrown pell-mell about the cars, tumbling over one another. The crashing of the glass windows, by which many received nasty cuts, the noise of the trunks tumbling about in the baggage car, and the sudden shock and sensation experienced helped to heighten their fears that something terrible had happened before they were in a position to realise exactly what had taken place.

PASSENGERS PROCEEDED TO MONTREAL.

The Montreal passengers were sent on by special train after an hour's delay. Engineer Oliver Duffy and Conductor H. Gendron, of the ill-fated express, together with the injured baggage and express men and the rest of the train crew, also went on to Montreal.

WRECKING CREWS WORKED

The Island Pond wrecking crew arrived at 8.45, and at once set to work in conjunction with the Richmond gang. The men, who were favored with the light of the full moon, worked like Trojans all night, and had the track cleared by 2.30 on Sunday morning. Mr. Boyce was in charge of the Island Pond men, and Mr. Brazeau and Mr. Jones directed the local gangs. Mr. Connolly, superintendent of the division, and several other officials were also on hand.

BEFORE THE TRACK WAS CLEARED ALL THE TRAINS WERE DELAYED AND THE PASSENGERS WERE TRANSHIPPED AT THE CROSSING.

That the cars were not completely smashed to tinder is due to their steel frames and braces. In the opinion of the railway officials, in all except the baggage car can be put in thorough repair. The trucks were not damaged.

PASSENGERS RECOVERING.

This morning it was stated that the injured passengers are progressing favorably. Mrs. May's little daughter has developed slight concussion of the brain, but this is not considered serious by Dr. Tomkins, who is in attendance.

Amongst the patients at the St. Jacob's Hotel are Mrs. Ames, Mrs. May and daughter, and Miss Collins, all of Sherbrooke. Miss Pratt, of Westmount, is staying with Rev. W. McMillan, and there are several of the injured at the Brunswick Hotel.

BAGGAGE DAMAGED.

Some portion of the baggage was damaged, but the extent has not yet been ascertained.

The Montreal wrecking crew also assisted in clearing the line, and their detrick was broken during lifting operations.

IT IS TEN YEARS SINCE A WRECK OF SUCH A SERIOUS NATURE OCCURRED NEAR RICHMOND. THIS HAPPENED DURING THE TIME THE EXHIBITION WAS BEING HELD, AND SEVERAL PASSENGERS WERE KILLED ON THAT OCCASION.

"SCOOT" WAS DELAYED.

The regular "Scoot" could not get through on Saturday afternoon. A special train with the Windsor Mills and Brompton passengers arrived in Sherbrooke at 6 p.m. This train consisted of an engine and caboose, and brought 21 passengers. After a delay of 40 minutes the train for Coaticook was made up of two B. & M. coaches.

Rumors of the accident reached Sherbrooke at 4.20 on Saturday. When the board at the station announced the delay of the "Scoot" these rumors were confirmed. Many reports gained currency in the city, one being that thirteen persons had been killed. For some hours considerable uneasiness prevailed, and it was not until midnight that the worst fears were allayed by the reassuring reports from friends and others on the train.

Drs. Pariseau and Darche, of Sherbrooke, and Dr. Starkey, of Montreal, were on the train, en route to Montreal. They were in the parlor car when the wreck occurred, and each left the train and rendered all assistance possible.

EARTHQUAKE VICTIMS SUFFER

Latest Reports Give Terrifying Details of Seismic Disturbance in Sicily

WHOLE TOWNS, AND VILLAGES HAVE BEEN BURIED, AND LOSS OF LIFE AND PROPERTY ENORMOUS.

Rome, May 11.—Latest reports give terrifying details of the earthquake horror in Sicily.

Whole towns and villages have been buried and the loss of life and property is enormous. Special editions of the newspapers here describe the disaster as even worse than that of Messina.

The seismic phenomena were unprecedented in violence. Roads were completely cut up into sections which are divided by wide crevasses emitting sulphurous fumes. Consequently many townships are isolated and their destruction is feared.

The extension of the earthquake zone makes prompt aid practically impossible, although the authorities have dispatched thousands of soldiers in special trains for the scene of the disaster from Palermo and other Sicilian towns. A completely equipped Red Cross hospital corps will leave Naples to-morrow.

No correct estimate of the dead can be made. Conservative reports have placed the number at 100. There is little doubt that this will be increased, for many wounded are dying buried beneath the ruins.

Acireale, Zafferana, Mangano and Bonardo give the largest contingent of deaths. These towns were practically razed to the ground and the population is panic-stricken. Processions of weeping women with children clinging to them pass over the upheaved ground, invoking the Madonna and the saints.

Etna is still threatening and emitting vast columns of sulphurous smoke. Shocks recur every minute, and scientists fear that a sudden explosion of the latest volcano might submerge the entire eastern coast of Sicily.

The Pope has telegraphed the local Bishops instructions to disburse funds for the relief of the wounded. The King will probably leave for the stricken district to-morrow.

DEAD NUMBER 182.

Rome, May 11.—The latest returns from Catania, Sicily, place the number of dead at 182, with about 350 injured, but as yet a large proportion of the devastated territory has not been inspected.

The affected zone extends from Zafferana, the highest village on Mount Etna, to the sea between Acireale on the south and Giarre on the north. It includes Linera, the centre of the disturbance; Pisano and Santa Venerina.

VICTORY FOR FRENCH TROOPS

Capture Town of Teza, Morocco, After a Stubborn Resistance From Tribesmen

VICTORS LOST ONLY FOUR MEN KILLED, AND SEVENTEEN WOUNDED—ENEMY'S LOSS HEAVY

Paris, May 11.—(Special)—The Foreign office has received a despatch from General Baumgarten, reporting that he had occupied Teza, Morocco, 75 miles East of Fex, with a loss of only four men killed and thirteen wounded.

The natives were surprised at the rapidity of the French operations. At first there was but slight resistance, but the Benioud jam tribesmen rallied outside the town and fought stubbornly.

Their losses were heavy.

GREEKS CARRIED MUCH GOLD

Spread Out \$77,000 in Gold When Questioned by Canadian Officers

THEY CAME FROM GEORGIA AND WERE HELD UP AT SARNIA, ONT., BY IMMIGRATION OFFICIAL.

Sarnia, May 11.—(Special)—Started Immigration officers held their breath yesterday morning when \$77,000 in gold was spread before them by a party of Greeks, four men, four women and their children.

They came from Georgia and were taken off a train Saturday night by the Immigration inspectors and examined Sunday morning before the Immigration Board.

WILL REPRESENT UNITED STATES

Jos. P. Lamar and Frederick W. Lehmann Appointed to Confer With Mediators

FOUR NEWSPAPER CORRESPONDENTS ARRESTED AT MEXICO CITY HAVE BEEN RELEASED.

Washington, May 11.—Associate Justice Joseph P. Lamar, of the United States Supreme Court, and Frederick W. Lehmann, of St. Louis, former solicitor-general, will be the representatives of the United States to confer with the mediators. This became known from an authoritative source last night. During the day Justice Lamar had a long talk with the President, and later he and Mr. Lehmann conferred.

A development of the day that served to relieve anxiety was news of the release of the four newspaper correspondents arrested at Mexico City—Walter Whiffen, of the Associated Press; Richard Harding Davis, of the New York Tribune; McCormick, of the London Times, and A. J. Sutton, of the Washington Post.

SLUMBERING UNDER VOLCANO.

Vera Cruz, May 11.—Mr. Alfred J. Rorke, London correspondent, who arrived here yesterday, told of his experiences in the capital before and after his arrest.

"The impression among foreigners," he said, "is that the capital is slumbering under a volcano."

HUERTA MAKES PROTEST.

Washington, May 11.—(Special)—Huerta's protest over the reported seizure of Labos Island, an important lighthouse point off the eastern coast of Mexico, by a landing party from United States torpedo boats, was taken up to-day by the South American envoys, who are seeking to pave the way to peace in the southern republic.

The reported occupation of the island, probably to assure uninterrupted operation of the lighthouse, first was reported in a telegram from Foreign Minister Ruiz to the mediators.

BEING OVER A VOLCANO WHICH IS LIKELY TO EXPLODE AT ANY MOMENT.

Many foreigners with whom I talked told me, without any affectation, that they did not expect to remain alive if the worst came to worst.

"If you come to the capital with a victorious army," said one German, "you will find only the dead bodies of men and women."

"The German's manner as he said this was neither affected nor theatrical."

SIR L. CARDEN REAL POWER.

"The great point which the American people must realize is that white women in the interior are in danger of assault and death.

"Sir Lionel Carden is the real power in Mexico City to-day. When the crisis comes, as it will, he will devote on him and on T. B. Hohler, the legation secretary, the rest of the legation staff and a body of a few hundred Englishmen who are trained and organized to save the city from anarchy. Carden is a name to conjure with. Among foreigners at the time of the gravest danger they will look to this tall, suave, monocled English diplomat for protection."

PLAYING LAST GAME.

"That Huerta is playing his last card is obvious. Every day trains for Puebla are carrying ammunition and provisions. It is here that Huerta will make his last stand, which will be the scene of one of the greatest moments in Mexico's history.

"Mexico City is practically depopulated of troops. It was estimated by a foreign military officer that there were not more than 2,000 or 3,000 men in the city. The rest are north of Puebla and between Mexico City and Vera Cruz."

MILITANT TEMPORARILY RELEASED FROM PRISON

London, May 11.—(Special)—Mrs. Mary Wood, the militant suffragette, who on May 4th mutilated the portrait of Henry James, the novelist, by John Singer Sargent, in the Royal Academy, was released temporarily from prison to-day.

She was in a very weak condition from the effects of a hunger and thirst strike, she had started after her arrest on the day of the outrage.

PARISH PRIEST SUSPENDED

Bishop Fallon Took Action After Cleric's Refused to Give Evidence

Windsor, Ont., May 11.—(Special)—The Rev. Father Louise, parish priest at River Camard, has, according to a report here, been suspended indefinitely by Bishop Fallon of London, because, it is said, he refused to give testimony in a clerical case, which arose out of the bilingual school controversy before the Diocesan Court.

Father Louise is said to have declared that it is an incompetent court.

MME. NORDICA PASSES AWAY

Was One of the Greatest Operatic Singers Born in America

NERVOUS PROSTRATION, DUE TO SHIPWRECK, WAS FOLLOWED BY PNEUMONIA.

Batavia, Java, May 11.—Mme. Lillian Nordica, the singer, died here last night.

Mme. Nordica had been ill since the steamer Tasman, on which she was a passenger, went ashore on Bramble Bay, in the Gulf of Papua, December 28th last. Nervous prostration, due to her experiences, was followed by pneumonia.

Lillian Nordica was one of the greatest operatic sopranos of her day, and probably the most famous singer born in America. Since 1887 she sang as prima donna in London, New York, Paris, and all the leading musical centres of the world, her purity of voice and wonderful art winning admiration everywhere, as well as a handsome fortune for herself. Mme. Nordica was not merely a great singer, but a liberal patron of music. A considerable proportion of the fortune she won with her voice was given to aid institutions for training singers, while she personally aided many promising young American artists to secure the necessary teaching, both at home and abroad.

Mme. Nordica was in her 55th year, having been borne at Farmington, Maine, in 1859. She showed marked musical talent as a child, and studied at the Boston, New England, Conservatory and under John O'Neill. She made her concert debut with great success at Boston in 1876, and in 1878 toured Europe with Gilmore's band.

AMERICAN DEAD AT NEW YORK

Tribute Paid by Nation, State and City to Those Who Fell at Vera Cruz

PRESIDENT WILSON ARRIVED FROM WASHINGTON TO ATTEND CEREMONIES THIS MORNING.

New York, May 11.—(Special)—The dead from Vera Cruz were landed on American soil to-day, and city, state and nation paid their tribute. Two hours before the city was astir, seventeen flag draped coffins were removed from the boat deck of the armored cruiser Montana and placed on caissons on the plaza in Battery Park. Few witnessed this ceremony, for the sun was but half risen but thousands later lined the streets to watch the slow procession wind its way to the Navy Yard.

President Wilson arrived in the city from Washington shortly after seven o'clock to attend the ceremonies.

Gathered at the City Hall were perhaps 10,000 spectators. From there the route lay north along Centre street to Canal east along Canal, across Manhattan Bridge to Brooklyn and the naval yards. There the ceremonies, as arranged, were simple and comparatively brief. A hymn by the battleship hands opened them. Next came an invocation by Chaplain Wm. G. Cassard, of Annapolis; then President Wilson's address. This was followed by prayers by Rabbi S. Wise and Father John Chidwick, Chaplain of the Maine.

Three volleys fired by "A" detachment of Marines from the Texas and "taps" by a bugler concluded the service.

53RD AND 54TH ATTEND CHURCH

Parade of Two City Corps Yesterday Witnessed by Large Crowds

REV. MR. NICHOLSON WAS THE PREACHER IN ST. ANDREW'S AND MGR. TANGUAY IN ST. MICHAEL'S CATHEDRAL.

Martial music filled the atmosphere yesterday morning, when the two Sherbrooke infantry regiments, the 53rd and the 54th, held their church parades.

THE 53RD REGIMENT.

The 53rd Regiment mustered at the William Street Armory at 10 o'clock and marched to St. Andrew's Presbyterian Church in fours with the band playing martial and sacre music. The route taken was along Montreal, Queen, Melbourne and Dufferin avenue to Frontenac street. On arrival at the church, the band played "O, Come, All Ye Faithful" as the men entered the building. The service, which was conducted by Rev. J. C. Nicholson, was very impressive and appropriate, and the lessons and hymns chosen were suitable to the occasion. There was a crowded congregation, and the able discourse of the pastor was listened to with close attention.

Rev. Mr. Nicholson said in part: "In the name of the members and session of this congregation, and in the name of the King and Head of the Church Universal, I bid you officers and members of the 53rd Regiment a cordial welcome to worship with us on this holy Sabbath morning. I welcome you as citizens of our beloved Dominion, as soldiers of our King and Empire, and I trust, as true and noble Christian gentlemen. I wish to congratulate you on the splendid appearance you present; on the loyalty and devotion to King and Empire which have influenced you to identify yourselves with the regiment of which we are all justly proud, and on the honor conferred

WEDDING PRESENTS BRIDE'S PROPERTY

Buckinghamshire County Court Gives Decision to This Effect

According to a decision just given in a Buckinghamshire County Court wedding presents sent to a bride are her exclusive property, and her husband has no right to regard them as joint possessions.

"The law is quite clear on the point," a well known lawyer informed a Daily Chronicle representative, "if the gifts are addressed to the bride personally they are undoubtedly hers, just as gifts addressed to the bridegroom are his."

A society leader, however, pointed out a difficulty. "When a friend of both the bride and bridegroom desires to make the couple a gift she can't very well address it to Mr. and Mrs. A. before they are Mr. and Mrs. A.," she remarked, "so the present is usually addressed to the bride. It is always understood that when the giver is a personal friend of both parties the gift is a joint affair."

"Of course, when the donor is a friend of the bride alone the gift addressed to her is a personal matter. But in all other cases society usage, if not the law, regards wedding presents as the property of the bride and bridegroom jointly."

But after they left he found that a pair of boots were missing. The stolen property was traced to Dale who appeared before the Haverford-west magistrates. He pleaded guilty, saying he thought the boots were better than his. The chairman said it was a poor return for such kindness, but, as the prisoner had been in custody over Sunday, he would be discharged.

MARRIAGES

GRANT—CHIPMAN.
The marriage of Miss Eleanor Frances Chipman, daughter of the late Warwick Chipman, to the Rev. Anthony Grant, of Winton, Alta., and of Bishop's College, Lennoxville, took place Friday afternoon at St. George's Church, which was prettily decorated for the occasion with palms and spring flowers. The ceremony was performed by the Rev. F. G. Vial, M.A., B.D., of Bishop's College, Lennoxville, assisted by the Ven. Archdeacon J. Paterson Smyth. The bride, who was given away by her brother, Mr. W. P. Chipman, wore a lovely gown of white chambruse with overdress of Limerick lace. Her tulle veil was confined by a wreath of orange blossoms and she carried a bouquet of white roses and lilies of the valley. Her only attendant was Miss Dorothy Parrock, daughter of Rev. Principal Parrock and Mrs. Parrock, of Lennoxville, who acted as flower girl. She wore a frock of white shadow lace over pale blue and white tulle trimmed with forget-me-nots, and carried a nosegay of white carnations. Mr. De la Cour was best man, and Mr. Noel Chipman, Mr. Worold and Mr. Claude Blake were ushers. Among the guests present from out of town were: Mrs. Parrock and Miss Dorothy Parrock, Lennoxville; Miss Gladys and Miss Vera Hale, of Sherbrooke; Mrs. Grant, of Camberly, Eng.; the bridegroom's mother, Rev. Miss Edith Williams, sister of the bride, acted as bridesmaid, gowned in cream silk, with hat to match. Mr. Howard Javah supported the groom. After the ceremony the happy couple wended their way by auto to the groom's home, where a reception was held at seven o'clock, about twenty-five guests being present. He invited all to join the society of the Knights of Temperance and presented the little cross, the badge of the Society, to each one.

Hymns and canticles, including the Confirmation hymn, "Vent Creator Spiritus," one of the oldest in the history of the Church, were rendered by the choir very effectively.

ENTERTAINMENT BY CHILDREN OF THE EMPIRE.

The Chapter of the Children of the Empire, an important part of the D. O.E., gave a very pretty and successful entertainment Saturday evening in St. Peter's Church Hall, entitled "The Ladies of Cranford."

Rev. Canon Shreve presided and a good audience was present.

The scenes from "Cranford," one of the most charming books of Mrs. Gaskell, which is almost an English classic, were reproduced with much fidelity, and considerable histrionic ability. The quaint costumes of the period, added to the attractiveness of the play, and every part was well taken.

The cast was as follows:
Miss Pole, Miss Alice E. Wilson; Miss Betty Barker, Miss G. Jenckes; Hon. Mrs. Jamieson, Miss Eleanor Jenckes, (and Mrs. Jamieson's dog); Mrs. Forester, Miss Hazel Glasgow; Miss Matty (or Miss Matilda Jenkins) Miss Marion Parker; Mrs. Parkins, Miss Alice H. Wilson; Miss Phyllis Bell; Little Susan, Miss Virginia Loomis; Martha, Miss L. Pales; Reggy, Miss Sylvia King; Nannie Bray, who took the part of "Mary," and Beth Alexander, who took the part of "Jessie Brown."

The constant cordial applause testified to the enjoyment of the audience. Between the acts Miss Olive Lusk sang most acceptably, accompanied by Miss Stella Spearling, and Miss Florence Purdy, the Regent of the Chapter, to whom much of the credit for the success of the play is due, was assisted behind the scenes by Miss Norma Fales.

WHAT DAUGHTERS OF THE EMPIRE ARE DOING.

Mrs. H. R. Fraser has returned from Toronto, where she attended the annual meeting of the Imperial Order of the Daughters of the Empire, as Regent of the Municipal Chapter of Sherbrooke, and reports most enthusiastic meetings and a delightful reception of the visiting members by the members of the Order in Toronto. Reports from National, Provincial and Municipal Chapters were read from all over the country. All were full of an optimism for the furtherance of the work, besides being a record of what had been accomplished. The Hamilton Chapter has inaugurated a splendid residence for working girls and is helping on the work in the Sanitarium. Kingston is also interested in helping to stamp out the "white plague" and has furnished uniforms for the cadets. London's Chapter is intensely military in spirit, but gives generously to the Victorian Order of Nurses and to the Children's Aid Society, and has also erected a drinking fountain. All the Chapters in Toronto have worked for the Preventorium, where there are now in residence 58 children, ranging in age from four to fourteen years. Out of 1200 children examined at the clinic, 53 per cent. were found to be tubercularly inclined. When in the early stages they are treated at home. It is hoped soon to obtain a Government and City grant, when the institution will be nearly self-supporting. The milk bill alone at this institution—the only one of its kind in Canada—is \$100 a month.

Lady Gibson's reception at Government house for the visiting members was a particularly brilliant event, three hundred guests being present, representing the Dominion from the East to the West.

Mrs. S. W. Jenches, also a Sherbrooke Pageant, had the honor of replying to the President's address of welcome at the opening session of the Chapters, and Mrs. H. R. Fraser was

A Brick Limerick

The ancients had trouble to make their bricks,
Without using straw for a binder,
Since those times, the people have learned some tricks,
And the task-masters, too, have grown kinder.
But, alas! you will find, it is true of to-day,
And this we have learned from our mascot,
That good bricks can only be made from good clay,
And the good clay is all in the Corner of Ascot.

NATIONALISTS ARE UNITED

MR. JOHN REDMOND DENIES HAVING RECEIVED A MEMORIAL FROM PARTY

London, May 11—John Redmond authorizes the Daily Chronicle to deny the story published in the Opposition journals on Saturday, stating that 65 members of the Nationalist party had addressed a memorial to him urging resistance to further concessions to Ulster. "I have received no memorial," said the Nationalist leader, "and the whole story is a lie. There is not the smallest difference of opinion among the Nationalist party, and not a single representation or remonstrance has been addressed to me of any sort or kind."

LIGHTNING AND TRANSMISSION LINES

There seems to be a general agreement that modern high-tension lines operated at 60,000 volts and over are less subject to lightning disturbances than lower tension used to be. The result is partly attributable to the better and more thoroughly insulated insulation obtained with the modern suspension insulator. The well-constructed tower line of the future will be practically free from induced disturbances due to lightning strokes in the vicinity. Occasionally, however, lightning strokes from cloud to ground may be expected to connect directly with the line or include the generators in its path, even in spite of the shelter of overhead ground wires. In such a case, the discharges are apt to be so powerful that breakdowns must occur. In other words, one can expect improvements in aerial line construction and insulation to be proof only against indirect lightning strokes. We can hardly aspire to make them proof against direct strokes.—Electrical World.

EARLY ENGLISH BOAT RACES

Boat racing was a long time coming into its own as a sport, says the London Chronicle. For the best part of a century rowing was regarded only as a laborious exercise, and racing was confined to the professional watermen of the Thames and other rivers, mainly under the encouragement of various places of entertainment. The proprietor of Ranelagh Gardens organized the first regatta in 1775, and Vauxhall Gardens presented the prize for the first ninepins race. It was not until the nineteenth century that the amateur appeared, and even then at first the crews sometimes carried a professional stroke; 1815 is the earliest date of boating at either of the two universities, and after that another forty years elapsed before the first Oxford and Cambridge race was rowed. Early boat race crews often found themselves in difficulties owing to the bad policing of the river traffic. In 1845 the race had scarcely started when an excursion steamer rushed past the Cambridge boat and rolled her so badly that one of the oars

BRUTAL MURDER IN QUEBEC SHOP

Marie Blanche Dubois Was Beaten to Death by a Hammer By Unknown Man

MOTHER FOUND VICTIM LYING IN BACK PART OF THE STORE IN AN UNCONSCIOUS CONDITION.

Quebec, May 11—One of the foulest and most brutal murders ever perpetrated in Quebec was committed here yesterday morning in St. Sauveur ward, where Marie Blanche Dubois, aged 19 years, in the rear of the shoe store which was conducted by her brother and herself, was beaten to death with a hammer.

Yesterday morning, at half-past 10 o'clock, someone rang the bell at the private entrance. Miss Dubois answered, and coming upstairs she told her mother that there was a man who wished to change a pair of boots which did not fit. She took the key to open a door communicating from the passage of the private entrance to the store and let the man in. As she had not returned in half an hour her mother became anxious and called down to her. There was no reply and the mother, on descending the staircase, found the door leading to the store open. She entered the shop, but could not see her daughter. Then she opened a door leading to a repair shop in the rear of the main store, and found her daughter lying in a pool of blood.

Horror-stricken at the spectacle which her murdered child presented, she ran to the street, wringing her hands and crying hysterically for help. Some passerby, attracted by her cries, came to her aid, and on learning of the crime, summoned Dr. Arthur Leclerc, whose office is opposite. Dr. Leclerc found the girl still breathing, but in a state of unconsciousness. She was bathed in blood, and the left side of her head had been crushed in with a shoemaker's hammer, which was found clotted with blood and hair lying by the girl's side.

Indications are that the perpetrator of the dastardly crime was familiar with the store, and suspicion is said to attach to two persons who had a grudge against the store, one of whom had been dismissed for dishonesty and the other refused when he applied for employment.

The provincial and city police are working on the case and expect to make an arrest before morning.

Umbrellas of Ancient Origin
As a shade from the sun, the umbrella is an implement of great antiquity, and can be seen in the paintings and sculptures of very ancient Egypt. From Africa it passed, as an object of distinction, to Greece and Rome.

During the Middle Ages, umbrellas ceased to be used in Europe; but during the 16th century horsemen, of all people, revived the fashion in Italy. And in the next century the umbrella found its way to Britain, but it did not become popular until, during the reign of Anne, a covering of oiled silk was substituted for feathers. Even then, only ladies used umbrellas. The 18th century had half-clasped ere a man was seen carrying one in London, and that brave fellow bore the name Jonas Hanway.

53RD AND 54RD ATTEND CHURCH

(Continued from Page 1)

upon you to be admitted into the ranks of the soldiers of the King. May you prove yourselves worthy of this honor, cherish the ideals which have always guided and inspired the British arms, making them beloved at home and revered abroad, and keep your colors unstained by negligence or cowardice, and the folds of the flag that has braved a thousand years the battle and the breeze unsoiled by any chance or unmanly conduct, is our prayer for you this morning. And to that end I invite you with me to ponder the words of Him who is King of Kings, which constitute His marching orders to the Church Militant upon earth: 'Be ye faithful unto death.'

"As an ambassador of His, speaking to Christian men, citizens of a Christian Empire, and banded together for a Christian purpose, I can give you no better marching orders—you will find none more worthy to be heeded. These are brave words, they seem to reach its battle-cry; you can feel the thrill of the heroic note in them; you can almost see the mighty hosts advancing and the hope of victory written on every brow. They were spoken by One who Himself had lived up to these marching orders, and who owns no follower who is not prepared to do likewise.

"We hear and have heard much sane criticism of war and its horrors, cruelty and suffering. And I am sure we do well to hope and pray for the dawning of the day when men shall beat their swords into plough-shares and their spears into pruning-hooks, when nation shall not lift up sword against nation nor learn war any more. But there has also been a lot of cheap talk and criticism that is itself weakness; as if war itself were the worst of all evils. If war itself is Hell, as one man has said, then the conditions which produce it are the elements which constitute it. There is no use crying down war while the conditions which make war inevitable are allowed to exist. Indeed, I sometimes think that war is the heroic treatment administered to a nation on which all other treatments have failed. And I am disposed to agree with Tennyson when he writes:

"Is it peace or war, better war, loud war by land and sea,
War with a thousand battles, and shaking a hundred treaties,
Than that
Peace should sit under her olive,
slurring the days gone by,
And the poor are hovelled and busht together, each sex like swine,
And chalk and alum and plaster are sold to the poor for bread,
And the spirit of murder works in the very means of life."
"Yes, better war than that every principle of truth and justice be divorced from business, politics and society, and trampled under the slovenly heel of lust and greed. And while we hope and pray that such conditions may never arise in our country, so that your loyalty be put to the test, yet if I hope you men will be found among those who, with a strong and undeviating blow, will smite these prostitutes of justice and love as will send them reeling to the shades of oblivion.

"May you also ever practice these truly soldierly qualities: obedience, courage, loyalty, and love to King and Country, and faith in our common Lord and Master. In matters of obedience, remember the example of the noble six hundred, remembering as they remembered, in Tennyson's words:

"Theirs not to make reply,
Theirs not to reason why,
Theirs but to do and die."
"In matters of courage, remember the dauntless Brock cheering on his men in the face of the deadly rain of leaden balls until, faithful unto death, he fell; also Wolfe, on the Plains of Abraham, where with his little band he gave his life, a ransom for our country, and the no less heroic, though less successful, Montcalm, loved by his own countrymen and revered by us.

"In matters of loyalty and love to King and Country, you may number all the good and great of every age and clime, and in matters of faith in

God, remember that you cannot in any other way reach the highest and best in life without His constant guidance and protection.

"And now, in closing, let me repeat the marching order: 'Be ye faithful unto death.' And if that day should ever dawn that you should be called upon to do as many others who have gone before you have done, offer your life as a sacrifice on the altar of our country, then we shall weep for you if we remain, but our tears will be sweetened by a just pride that you were worthy of the trust reposed in you and fulfilled the marching orders of our King and Lord."

RETURN TO ARMOURY

The return route was via Frontenac, Bevidere, King, Wellington, Dufferin, and Montreal to the Armoury.

There was a large turnout of officers and men, the total number present including the band, drum and bugle corps, signal corps, stretcher section and pioneers, reaching 450. Large crowds lined the route of March going to and from Church, and the general opinion freely expressed was that it was the finest and smartest church parade the city has witnessed for many years. The regiment will undoubtedly take rank with any similar corps in the Dominion.

The band of 70 pieces and the drum and bugle corps of 25 pieces are in a high state of efficiency and probably have indirectly assisted in bringing the regiment up to its present strength. The bass drummer knows how to use the regular British army sticks with a very spectacular effect. His performances created interest among the grown ups and furnished amusement for the children.

Major Bowen was in command of the regiment. The following accepted the invitation of the O. C.—Lt. Col. R. J. Sneering, Briandier; Acting Brigade Major, Lieut.-Col. Penhale; Lieut.-Sol. Somers; Lieut.-Sol. Worthington and Major Fletcher.

On returning to the Armoury the visiting officers complimented Major Bowen on the fine showing and soldierly appearance of the men and the excellent musical units.

Major Bayley, second in command, Adjutant Capt. Blue, Captain Duncan and Lieut. Bray, Staff Officers, and all the officers of the different companies were present.

After the regiment was dismissed, the officers, band and drum and bugle corps were photographed in front of the Court House.

THE 54TH REGIMENT

There was a splendid turnout of the 54th, 483 strong of all ranks, and as the regiment left the Armoury on Bevidere Street, preceded by the pioneers, the signalling corps, the stretcher corps, the file and drum band, and the regimental band, the spectacle was a brilliant one and very inspiring. Lieut.-Col. Rioux was in command, and on the staff were Major Tetreault, and Major J. O. Ledoux, M. O.

At St. Michael's Cathedral a special low mass was celebrated by Mgr. E. C. Tanguay, chaplain of the regiment, and a short address was given by the Rev. H. A. Simard, Rector, who extended a cordial welcome to the regiment. He said that their presence at divine service betokened the power of God. He concluded by urging all to be good citizens as well as good soldiers, and to be faithful to their religion, their king and their country.

At the close of the service, the line of march was taken up and the large body of men, looking very smart, and soldier-like swung along Marquette Street, to Strathcona Square, by way of Wellington Street, to King, Alexander, Ball and to the Armoury, where they were dismissed with a few words of commendation from the O. C.

TWO REGIMENTS MET

The two regiments met on King Street, which is wide enough to accommodate two such parades, and the scene was one not often witnessed in a little city. The files and drums of the 54th ceased playing, as the strains of the 53rd band were heard, and both regiments kept time to the same music 'till it died away in the distance. Many spectators along the route applauded vigorously.

NO-HIT GAMES FOR MACKAY

All-Stars Unable to Solve Local Twirler's Delivery and Twenty Fanned

SMALL CROWD SAW OTHERWISE FEATURELESS GAME—PARKER'S GOOD STICK WORK

A handful of spectators saw All-Stars go down to defeat on Saturday by a score of 8 to 1. The unfavorable weather kept the fans away but the field was in fairly good shape for ball.

MACKAY'S BENDERS PUZZLED THE "ALL-STAR" BATTERS

ters whiffed the atmosphere and yet a ball was hit to the outfield. It was probably the most remarkable piece of pitching ever seen in Sherbrooke. The only thing to mar his fine performance was his wildness, and he issued several passes. The All-Star's only run was registered on an error by Redmond at second, a pass, and an error by Hammond, when he missed one of Mackay's benders.

The locals garnered eight hits off Hodge and Lammon. These included a homer by Parker with a man on the sacks. The same player also had a single and a triple marked up to his credit.

Both Hodge and Lammon pitched well at times, but showed lack of condition. The Athletics lined out a weak team, Malay, Brophy, Cote and Baker being out of the game. Povey, the veteran catcher, filled a new role, playing at short stop.

Y. M. C. A. WON AT EAST ANGUS

Showed Considerable Strength by Registering a 5-0 Victory Against Strong Team

RIGHT WINGER STARRED—FORWARDS EFFECTIVE AND DEFENCE STRONG

The Y.M.C.A. journeyed to East Angus on Saturday to play the return E. T. League fixture with the Angus team. The teams lined up as follows prompt at 5 p.m.

East Angus—Goal, Cote; backs, A. Muir and W. Muir; half backs, Munday, Crump and Riddock; forwards, Cosgrove, Murray, Roland, Rowley, and Irwin.

Y. M.C.A.—Goal, Aveling, backs, Preece and Wotton; half backs, Marshall, Duguid and Copeland; forwards, Myers, Brown, Aston, H. Anderson and Corfield.

Referee—Hurst.
Angus won the toss and Aston started the ball on its way. Right from the start Myers put some fine centres across, which soon led to Aston scoring the first goal, after five minutes of play. This goal made the game faster and Brown, after an individual run scored number two for Y.M.C.A. with a cross shot from the line. Half time arrived with the visitors having the best of play, the score standing:
Y.M.C.A. 2
Angus 0

The second half opened with Myers and Brown being prominent in the right, their footwork being exceptionally good in spite of the bad state of the ground. Angus were awarded a penalty in this period and Irwin struck the bar, Wootton clearing good. Soon after this a second penalty was awarded to Angus, but Crump missed, shooting over the bar. Aston notched number three for Y.M.C.A. Duguid then went through alone but was tripped and a penalty was awarded from which Preece scored. Corfield and Anderson were going well at this period and the fifth goal came from this side on a piece of combination play.

Y.M.C.A. defence were strong, and their forward line evenly balanced and effective. It would be hard to pick any individual player as the star. For Angus Irwin was the best, he being always a source of trouble to Y.M. defence. The Muir brothers at full back and Crump on the half line were the pick of the defence.
Preece, the Y.M. full back, furnished the spectators with plenty of amusement throughout the game, and appeared to enjoy the crowd's endeavors to "rattle" him.
Referee Hurst's decisions were prompt and unhesitating and he is quite an acquisition to the staff of league referees.

COATICOOK BEATEN AT MAGOG.

Magog, May 11—(Special)—The E. T. football league opened here on Saturday with Coaticook as visitors. The local team won handsily by a score of 6 to 0. A fairly large crowd witnessed the game.

ROYAL ATH. 2; WATERVILLE 0

The Royal Athletics won from Waterville, on the Parade Grounds, on Saturday afternoon by a score of 2 to nil.

WILL CELEBRATE

Farnham, May 11.—(Special)—A meeting of the Farnham Athletic Association was held in the Town Hall on Friday evening, and while the attendance was not what was looked for, nor a right to expect, those present were enthusiastically in favor of a Victoria Day celebration. A committee was formed and a programme drawn up. The officers of the Association are:
Hon. President, W. S. McCorkill;
Hon. Vice-President, Ex-Mayor A.E. D'Artois; 2nd Vice-President, W. B. Way, Supt. C.P.R.; 3rd Vice-President, W. H. Stewart, Asst. Supt. C.P.R.; President and Manager, A. J. Choquette; Vice-President, J. A. Bertrand; Secretary, S. E. Kennedy; Treasurer, J. E. Fortin.

There will be a big field day on the Farnham Athletic Association Grounds on May 25th at 1:15 p.m. There will be a decorated automobile parade, headed by Farnham Harmony Band, and prizes for the best decorated autos. The parade will end at the F.A.A. grounds, where an interesting game of baseball between Itherville and Farnham will take place. This game should prove a hummer, as a number of close games have been played between the two teams the past summer and a keen rivalry exists. Farnham plays Itherville at Itherville on May 24th, and Itherville plays the return match here on the 25th. It will be worth witnessing. At the close of the baseball game there will be various foot races, obstacle race, bicycle race, auto race, and tug-of-war between the trainmen and engineers.

There will be a meeting of the Executive committee of the F.A.A. in the Fireman's Hall on Tuesday evening at 8 o'clock.

WARNED OFF.
During the long and recurring periods of being without a maid, it is the custom of my wife and myself, writes a correspondent in the Manchester Guardian, to get an additional forty winks in the morning by pinning to the front door overnight a paper of orders for the early tradesmen. The earliest and noisiest arrival is the milk cart. Through the open bedroom window, one morning this week, the following dialogue penetrated:
"Deep voice of milkman: 'What does 'th' paper say?'"
"Boy on doorstep (with lingering emphasis): 'It says 'No Milk, No Meat, No Fish, No Vegetables.''"
"Deep voice again (with immeasurable contempt): 'Humph!'"

CALL FOR LOFTY IDEALS

Prof. Peabody of Harvard Talks on the Value of a Man

"How much is a man better than a sheep? Is he any better? If so what is the difference?" asked Prof. F. G. Peabody of Harvard University. After referring to the similarities existing between man and bovines, such as their gregarious instincts, their proneness to panic and alarm and their contentment after satisfying inner desires, the speaker dealt with the distinctions which lift man above the brute creation. First was the distinction of one's self, character, which is the essential of life. One of the problems of the day was to lift a man from the rut into which he was so often plunged by the machinery of commerce. Then there was the distinction of others. No sheep gave his life to any other sheep; but the world was full of examples of man's sacrifice for others. And again the universal life with its perpetual summons to communion, the call of the ideal of reason. The sheep looked down but the man looked up with adoration; he saw the hills. There were three questions which every man should answer: "Am I one of the herd or I have found myself? Am I here to give or to get? Am I living among the aims to which a man habitually looks up or to those needs to which a man habitually looks down? Do I see the mud or the sky?"

Boys Stop Express Train
Four Reading boys, of ages ranging from twelve to sixteen, were summoned at Wokingham for trespassing on the Great Western Railway at Bonning. It was stated that after the signalman had given the line clear to the Plymouth to Paddington express the distant signal was found at danger and the train pulled up. The defendants said one of them pulled the wire attached to the signal and it went up. They then went up the pole and tried to pull it down, but failed. The boys were fined \$2.50 each, the chairman saying he hoped the parents would thrash them.

RABBITS RAVAGE FORESTS

Thousands of Trees Killed in the West by These Animals

At a conference of Forestry Branch officials at Ottawa, the inspectors of Dominion Forest Reserves unanimously agreed that thousands of acres of young trees on these reserves have been destroyed by rabbits in the last couple of years. The bark of poplar, jack pine and spruce seems to be equally acceptable to these rodents, and in many places so completely have the trees been stripped of bark at the base of the trunks that they have the appearance of a whitewashed forest. Especially do the rabbits like the young tender tree-s seedlings in the forest reserve nurseries, and in one instance some thousands of green ash transplants were entirely consumed in one night.

It is hard to realize the great numbers of these rabbits in the West in some seasons, yet the rapidity with which they increase seems, strangely, to be one of the reasons for their periodic decline in numbers, for the western Indians state that the disease which almost exterminates them every seven years or so is due primarily to starvation through lack of sufficient food.

The Australians were put to the necessity of building a wire fence almost across their continent to protect their crops from the rabbit plague there. The Forestry Branch has a similar problem in protecting the forest crops in the West from devastation. It was once proposed to put a little wire fence around each tree planted, but a forest is not an orchard, and some more practicable preventive will have to be found for the annual destruction caused by rabbits on the thirty-six thousand square miles contained in Dominion Forest Reserves.

B. C. Water Power Survey
A party of engineers of the Conservation Commission examined the water power situation in the district tributary to the watersheds of the following rivers in Interior British Columbia: Skeena, Kispox, Bulkley, Morice, Telkwa Zymoetz and Kitsumgallum rivers. The season was an unusually wet one, and the country traversed very rough with consequent poor trails, that in many instances required clearing, so that progress was necessarily slow. In spite of this, twenty-six streams in all were examined and twenty-eight power sites reported upon.

NO WOMEN FREEMASONS

Leading Mason Denies That Women Will be Admitted

Statements appeared in some of the newspapers of Britain, to the effect that a Masonic lodge is to be formed in New Zealand, membership of which will be open to women equally with men. Many people, outside the Masonic ranks, seeing the statement, approached prominent Masons, among others the editor of "The Freemason," and asked if the suffragette agitation was extended to Masonry.

"There is no sign of any such agitation," the editor of "The Freemason" said. "This matter has no connection with the suffragism that I know of. The mistake lies in the use of the word 'Masonic.' If the paragraph had said that a lodge of theosophists, or co-Masons, was about to be formed, it might have been correct, so far as I know. The use of the word 'Masonic' is unwarranted. For years there have been people professing to know, and to be entitled to impart and practice the ritual of Masonry, and they have set up lodges of what they called 'co-Masonry,' which, I suppose, means a Masonry in which women take equally part with men. The order of 'Freemasons' has nothing to do with any such lodges or persons, who have no right to use the word 'Freemasonry' and whom Freemasonry ignores. There is no split or secession on the part of Freemasons, as the totals of membership very clearly show."

MUTT AND JEFF. If favorable press criticism and large audiences are any criterion, Manager Gus Hill evidently has cornered the entertainment market in his latest offering, "Mutt and Jeff in Panama," and the second of the "Mutt and Jeff" stage series. The offering which is in the nature of a melodrama with musical comedy trimmings, will be seen at His Majesty's Theatre Thursday night.

In this particular production we can make the usual prediction that the rank and file of local theatre-goers will be more than amused. It is an entertainment on new lines, with features and surprises not harbored in any other show. You are bound to laugh and hold high carnival over what "Mutt and Jeff" say and do, and when an author can do this there is no gainsaying that he has accomplished the purpose he has set out to accomplish. The cast is a large and competent one and the scenic investiture all that could be desired. Ten song hits are distributed among other unique novelties are promised.

GERMAN OFFICIALS MAKE DENIAL SAYS THAT THERE IS NO INTENTION TO EXPEL FRENCH FROM ALSACE-LORRAINE. Berlin, May 11.-The German Government has issued a denial of the reports in circulation for several days that it intended gradually to expel all French residents from Alsace-Lorraine. The reports, it is asserted, emanated from Alsatian members of the imperial parliament and from the members of the Alsatian diet. The government declares that it has not adopted any policy of general expulsion of Frenchmen from the conquered provinces, but intimates that the permits of certain undesirable persons will not be renewed upon their expiration. This, however, it declares, applies only to French citizens who frequently have refused renewal of their permits in previous years.

American: The whole situation is still uncertain but, in comparison with common sense, the next movement should be upward. NOON LETTER. There were overnight gains of a fraction in nearly all the active issues while U. P. gained a full point on the first sale at 155-5. There was a somewhat better sentiment in influential quarters and the technical position of the market seemed to be good. There was some expectation of an arrangement by which K.L. & Co. might yet undertake the financing of M.G.P. as the letter of the firm showed the property to be in good shape, and that refusal last week was based on a belief that fixed charges should be scaled down.

CHARLES W. POST HOME RULE BILL COMMITS SUICIDE FOR SETTLEMENT

THE PLURAL VOTING BILL AND WELSH DISESTABLISHMENT BILL ALSO TRAVELLING TOWARDS THE STATUTE BOOK.

London, May 11.—To-morrow night or at least one week from to-morrow night, the home rule for Ireland bill will come up in the House of Commons for the third and last time.

Travelling with the Irish bill on the road to the statute book, under the safe guidance of the Parliament Act are the plural voting bill—one man, one vote—and the Welsh disestablishment bill, the purpose of which is the removal of the Episcopal Church in Wales from its status as a State institution.

These three great measures are moving steadily ahead, the Irish bill in the lead, with the united strength of the Irish party and the British Liberal and Labor parties. The Tories are impotent against them. Hence their rage.

What the Lords will do is a foregone conclusion. They are certain to throw out the Irish bill. They may muster up nerve enough to reject all three. If they do it will be one more step towards reform of the House of Lords and the abolition of the hereditary idea as a governing force in the British Parliament.

From the depths of their desperation the Tory-Orange leaders are waging the meanest, most unprincipled campaign known to all political history.

They have tried everything from the brazenest treason down to the cheapest buffoonery, to bluff the world with the belief that behind Sir Edward Carson is a mighty army of thinking, resolute men who would stand to their guns and answer "to the battle cry of conscience."

when they landed, and the vessels of the fleet assembled there and paid them the usual honors. On their arrival in London they were met by King George and Queen Mary, who awaited them at the Victoria terminus.

When it is considered that the drive consisted of 80,000 ft. of logs, 6,000 cords of pulpwood and several thousand cedar ties the time taken is commended upon as being remarkable. Mr. Rockett is known to be a "hustler" and the above record does both himself and the company credit.

MODERATOR OF PRESBYTERIAN CHURCH AT SCOTSTOWN.

Scotstown, May 11.—(Special)—Rev. Murdoch McKenzie, Moderator of the General Assembly of the Presbyterian Church of Canada, spoke at St. Andrew's Presbyterian Church Friday night. Dr. McKenzie is not a stranger, as he acted as pastor of the Presbyterian Church here over 25 years ago. Notwithstanding it was a wet night, the church was well filled with an appreciative audience which was composed of people from all the Protestant churches of the town. After the devotional services, which were conducted by the pastor of the church, who then introduced the speaker of the evening as a man whom the church delighted to honor. Dr. McKenzie took for his subject "The China of Yesterday and Today," and for over one hour and a half discoursed on the above subject in a very interesting manner.

Dr. McKenzie visited to China 25 years ago as a missionary, so is in a position to speak of the country from a practical standpoint, and he is able also to tell of the great changes from the China of yesterday to the China of to-day. The speaker gave some of his experiences while in that land. Dr. McKenzie went through the Boxer movement and told of many hardships endured in that land. Dr. McKenzie spoke again here on Sunday evening.

DANVILLE METHODISTS MEET.

Danville, May 11.—(Special)—The Quarterly Official Board of the Methodist Church of Danville, Que., met on Tuesday afternoon in the Vestry of the Church. It was the closing meeting of the present fiscal year. The Board was in full membership and they had a most satisfactory meeting. The quarterly returns from each steward were most gratifying, being better than for many past years.

The membership roll was revised, and notwithstanding several members had been removed by death, yet there was an appreciative increase. Also, the Sunday school enrolment at two appointments showed a satisfactory growth. The stewards were re-elected, one vacancy made by removal was filled.

There are four appointments where regular services are held. Danville, a morning and evening service each Sabbath; Kingsley Falls, every Sunday afternoon, while Asbestos and Bilton have each a week-night service.

The quarterly services at each appointment are times of refreshing and manifestations of the spiritual progress of the Church.

The pastor gives able assistance in the Union C. E. Society of the Protestant churches of the town. He is a temperance worker every day in the year.

Rev. W. A. Hamilton entered upon his present labors in June of 1912. Since that time he has won for himself the respect and love of all the members and adherence of the large church. He has ever been most faithful in his ministrations to the sick, or to anyone in need of loving and sympathetic interest. He has preached the truth without fear of results, but the truth has been accompanied by so kind a manner, and this backed up by a most consistent life that none ever need take offence at the presentation of the truths. He ever upholds the doctrines of the Methodist Church without compromise to present-day criticism. He is a pastor, teacher, friend and neighbor in the broadest sense to all who are under his charge. In his arduous labors he is ably assisted by Mrs. Hamilton, and his people of all ages feel it a privilege to labor under his wise leadership.

At the meeting it was moved by J. Nutbrown, seconded by Alfred Crack, and carried unanimously, that the Board desire to extend to Rev. W. A. Hamilton an expression of their appreciation of his faithful services, and that they desire his return for the coming Conference year.

ANGLICAN CHURCH AT THETFORD

NEW EDIFICE WAS DEDICATED BY HIS LORDSHIP, BISHOP DUNN OF QUEBEC

The new Anglican Church at Thetford Mines, was dedicated on the Festival of Low Sunday, by His Lordship, the Bishop of Quebec, accompanied by his Chaplain, the Rev. H. C. Dunn; the Rev. Canon Shreve, of Sherbrooke, acting as Celebrant and Preacher.

The service was opened by the Incumbent and Wardens, accompanied by the Choir approaching the West Portal and there tendering to His Lordship the Keys and a petition, praying the acceptance of the edifice into his Diocese and its dedication to the service of Almighty God. The Processional to the East was then made, accompanied by the Choir singing, "All people that on earth do dwell." The solemn and stately service of dedication was performed by His Lordship, followed by a celebration of the Holy Communion, at which the Chaplain officiated as Gospeller, the Incumbent as Epistler and the Rev. Canon Shreve acting as Celebrant. Upwards of fifty communicants were present at this first celebration at the Lord's table. The musical portion of the service, under the leadership of Mrs. Thomas Lloyd, with Miss Greta Johnson presiding at the organ, was bright and effective, adding greatly to the dignity of the service and the interest of the overflowing congregation, which had assembled to witness the opening ceremonies.

The evening service was fully choral, and by the soft light of the dimly burning tapers the chiaroscuro effect was strongly reminiscent of the old English Cathedral of Corroio's "Holy Night." The Rev. H.C. Dunn sang the service, Canon Shreve reading the first lesson, the Second Lesson being read by His Lordship. Very appropriate hymns chosen for the occasion were heartily rendered by the Choir of the congregation. The beautiful Offertory solo (The Easter song) was charmingly sung by Miss Greth Johnson. The text of the old English Cathedral of Corroio's "Holy Night." The Rev. H.C. Dunn sang the service, Canon Shreve reading the first lesson, the Second Lesson being read by His Lordship.
