

## GERMANS USE ASPHYXIATING GAS BOMBS AND DRIVE BACK FRENCH TROOPS SOME DISTANCE

### Paris Declares No Grave Consequences Have Resulted From This Attack—French Penetrate German Trenches In District Between Meuse And Moselle—Berlin Claims German High Sea Fleet Has Been Cruising In English Waters

London, April 23.—With a big battle developing near Ypres, in Flanders, and reports of a prospective naval engagement in the North Sea and of preparations for advancing for the commencement of a combined naval and military attack on Dardanelles or some other vital spot in Turkey, the people of Europe are highly expectant.

Of these three anticipated events only has actually reached fulfilment—the battle near Ypres. That a severe engagement has taken place in this part of Flanders is confirmed by the official reports, but these are so contradictory in their claims that the actual result of the preliminary fighting is not known.

To those outside the War Offices of the belligerent nations it would appear, however, that following their loss of Hill No. 60 and their failure, after repeated attempts, to recapture it, the Germans have commenced an offensive from the north-east against the Anglo-French line in front of Ypres, which was the scene of such bloody battles last autumn, and also against the Belgian line farther west.

The Germans claim that, with a rush, they drove the Allies back to the Ypres canal, taking 1600 British and French prisoners, and a number of guns. The French account admits that the Allies had to fall back, but it states that this was due to the use by the Germans of asphyxiating gas bombs. Paris asserts that in counter attacks the Allies took many German prisoners and that the Belgians repulsed attacks launched against them. It is believed here that these operations are but the commencement of another battle of Ypres.

Although a despatch from Holland tonight gives a rumor that the Germans are about to fall back to the Liege line in order to have troops ready for possible use against Italy should Italy join the Allies, it is considered more likely in military circles here that the Germans will give battle where they are, preferring to be the first to attack, having learned from recent experiences that it is difficult to hold the strongest positions when an extremely heavy cannonade is directed against them.

Fighting continues in the Woevre, and here also both the French and Germans claim successes. The French in this region seemingly are still on the offensive and apparently determined to attempt further to squeeze the German wedge which has its apex at St. Mihiel.

The prediction of a naval battle in the North Sea, which is based on reports from Scandinavia of activity by the warships, the prohibition of shipping between England and Holland by the British Admiralty and the announcement from the German Admiralty that the German high seas fleet has several times lately been out in the North Sea without encountering British ships are incidents of the war that are calling forth much discussion.

The only news from the Aegean Sea comes from Athens and the Greek Islands. It is to the effect that firing is heard at times in the vicinity of the Dardanelles and Smyrna and also in the Gulf of Saros, where it is declared the Allies have made a landing in the vicinity of the Turkish port of Enos.

There have again been reports of Zeppelin airships making their appearance along the north-east coast of England. These reports lack confirmation. No bombs have been dropped on the coast towns, and it is thought probable that if Zeppelins have again been along the North Sea coast it was for the purpose of reconnoitering for the German fleet.

## OFFICIAL WAR SUMMARY

### FRENCH STATEMENT.

Paris, via London, April 23.—11:45 p.m.—The following French official statement regarding the fighting in the western theatre of war was given out here tonight:

"In Belgium the surprise caused by asphyxiating bombs used by the Germans to the north of Ypres has had no grave consequences.

"Our counter attacks, vigorously supported by British troops on our right and also by Belgian troops on our left, were developed with success. The Anglo-French troops gained ground towards the north between Steenstraete and the Ypres-Poelcapelle road. Our allies took prisoners belonging to three different regiments.

"In Champagne at Beausejour we demolished an enemy gun protected by a casemate, which was enfolding our trenches.

"On the heights of the Meuse the enemy essayed three attacks at the Calonne trench, at Les Eparges and near Combres. These were immediately stopped.

"In the forest at 'the cow's head' our progress was continued. We found in the captured trenches about 200 dead Germans. Our artillery blew up two ammunition depots, and a company of German infantry in the vicinity was entirely annihilated. We captured a trench mortar, a machine gun and some material."

### RUSSIAN STATEMENT.

Petrograd, via London, April 23.—Midnight.—The following Russian official statement was given out here tonight:

"In the direction of Lutovsk were made successful progress, capturing a portion of the enemy trenches on Hill No. 1,001 to the north-east of Lubnia. We took prisoners seven officers and over 200 men, and captured two machine guns.

"During the night of April 21-22, the enemy took the offensive on the front Lubnia-Bucovetz-Sianki but the movement failed everywhere, the enemy being repulsed with enormous losses.

"On all the rest of the front there was intermittent artillery fire. In certain sectors our positions were bombarded with heavy guns.

"To sum up, nothing of great consequence happened during the day and the position remains unchanged."

### AUSTRIAN STATEMENT.

Vienna, via London, April 23.—8:20 p.m.—The Austrian War Department today gave out the following official statement:

"The general situation is unchanged. On the Carpathian front in isolated artillery engagements our artillery was successful in the sector of Nagypolany and that of the Germans was victorious near Koziouwa.

"After the repulse of the Russian attack it is comparatively quiet before our positions at Uzsook Pass. All the prisoners taken by us confirm the report that the Russians suffered severe losses.

"Yesterday we captured a strong vantage point to the east of Uzsook Pass.

### GERMANY AND ITALY.

Amsterdam, via London, April 24, 3:15 a.m.—The Hetvolk states that Prince Von Buelow, the German Ambassador to Italy, is now negotiating with Italy on a new basis, he having induced Germany to agree to cede to Austria the point of Silesia jutting into Moravia around Glatz, as compensation for the cession of Trent to Italy as the price of the latter's neutrality.

## MAYOR DROUIN IS INVITED TO OTTAWA COL. ROOSEVELT ON STAND AGAIN

### MEETING TO STUDY LABOR PROBLEM DOINGS AT THE CITY COUNCIL. EX-PRESIDENT TELLS OF HIS TRANSACTIONS WITH THE PARTY BOSSES.

A telegram from Mayor R. J. Waugh, of Winnipeg was read at a meeting of the City Council last night inviting His Worship Mayor Drouin to attend a meeting of the Mayors of the different cities in Canada which will be held in Ottawa.

The meeting is being called for the purpose of considering the feasibility of furnishing labor to the unemployed. It is the intention to confer with Federal Government in the matter. Mayor Drouin said Quebec was more fortunate than many cities and had not felt the effects of the war to any great extent, still he considered that the city should be represented, as there might be some benefits derived from the conference at Ottawa.

Several letters were read at the Council meeting. Among them was one from Mayor Ray inquiring if it was the intention of the city to have the R.C.G.A. Band give open air concerts on the Terrace this summer and, if so, what proposition the Council proposed making.

Messrs. G. M. Webster & Sons, sent a letter protesting over the awarding of a contract for supplies for the Water Works Department when their quotation was as low as that of the successful tenderer.

A petition from residents of 5th Avenue, Limoillon, to have the street widened and another to have 7th Avenue paved were also read and referred to the Road Committee.

The report recommending that the clause be omitted whereby a certain strip of land would revert back to the city from the Christian Brothers in the event of their property on Cook street being demolished was adopted by the Council.

In exchange for this concession Rev. Brother Hilaire, Director of the Commercial Academy, offers the city a strip of 20 feet for the widening of the street at the corner of Chauvean Avenue a north-west portion of the thoroughfare.

A letter was received from Hon. R. Turner asking for the annual grant of \$2,000 for the Lake Edward Sanatorium. This was referred to the Finance Committee.

The by-law concerning the assessment of assessable property was given its second reading. The reading for a second time and the by-law regulating the sale of milk and cream will be concluded at the next meeting of the Council on April 30th.

During the course of the evening Ald. Lavigne expressed himself in favor of taking the \$5,000 granted to the Home Guard to increase the salaries of the Police and firemen.

### COMMERCIAL ACADEMY.

The Commercial Academy Cadets will parade for the first time this year, this afternoon at 3 o'clock. They will go round Upper Town.

## COL. ROOSEVELT ON STAND AGAIN

### EX-PRESIDENT TELLS OF HIS TRANSACTIONS WITH THE PARTY BOSSES.

Syracuse, N.Y., April 23.—Theodore Roosevelt was further cross-examined today in the suit for libel brought against him by William Barnes, leader of the Republican party in New York. The cross-examination had not been completed at adjournment and will be continued on Monday, to which date the case went over.

The Colonel told about his dealings with the "bosses," his personal relations with William Barnes, and his ideas about campaign funds of millions of dollars. He mentioned the famous half a million dollars Thomas Fortune Ryan contributed to the cause of Alton B. Parker, Democratic Presidential candidate, and swore he never had seen a list of the names of the persons who helped swell the fund of \$3,000,000 used in connection with his own campaign for the Presidency.

In speaking of the Ryan contribution, the witness gave it as his opinion that a leader of big business who contributes half a million dollars to help elect a candidate for president of the United States is prompted by the same spirit which would cause him to donate a similar sum to a church, and that such a contributor has no more hope of reward in one case than he has in the other.

The Colonel mentioned the Standard Oil Company and campaign contributions, too. He said that if the report of the Congressional committee which investigated his campaign contributions showed that "H.H.H." and "J.D.A."—which the witness thought stood for H. H. Rogers, and John D. Rockefeller—had contributed to the Republican fund in 1904—he was astonished. He said he had given explicit instructions against receiving any Standard Oil contributions.

Personally, he expressed the belief that there was a limit to the amount a campaign fund should total. Over a certain sum, he did not know how much, he thought that there might be some danger.

Col. Roosevelt said he regarded William Barnes as a "Dr. Jeakyll and Mr. Hyde," who like other politicians had his "good and his bad sides." He said he had been persistent in his efforts to make politicians do what he considered was right, and that instead of endeavoring to sever the ligaments between these "Siamese twins of politics," his aim has always been to have the "Dr. Jeakyll" in them absorb the "Mr. Hyde."

There will be no session of the court tomorrow, but Col. Roosevelt will resume the stand on Monday.

### SUBMARINE CREWS.

Berlin, via London, April 24—2:19 a.m.—The Foreign Office has received through James W. Gerard, the American Ambassador, a note from Great Britain regarding the treatment of the members of German submarine crews held prisoners in Great Britain. The note offers to permit American officials to visit these prisoners, but only after a similar visit has been made to investigate the treatment of the British officers confined in Germany in retaliation for the imprisonment of the submarine crews by Great Britain.

### GERMAN MERCHANT STEAMER IS SUNK.

Lima, Peru, April 23.—A despatch to La Prensa tonight states that the British steamer Orcoma has sunk a German merchant steamship near Bayovar. It is also stated that the British cruiser Kent and Orama have received coal from the British steamer Eggesford at the port of Bayovar.

The last report received from the Orcoma was to the effect that she had arrived in Liverpool February 16th from Valparaiso. It is possible that since then she has been armed and sent back to South American waters.

### CONSERVATIVE DIES.

Charlottetown, P. E. I., April 23.—James Kennedy, of Kensington, Conservative representative in the local legislature for the fourth district of Prince, died this afternoon. He was 44 years of age.

The provincial legislature adjourns on Saturday. This is the last session before a general election.

## ALLIES HAVE BEGUN NEW ATTACK UPON THE DARDANELLES

### TROOPS HAVE BEEN LANDED AT THREE POINTS—GALLI-POLI PENINSULA OBJECT

London, April 24—3:43 a.m.—The Daily Mail's Athens correspondent says:

"The new Dardanelles attack by the Allies has begun with the landing of troops at three points—the first at Enos, the second on the Suvla promontory, on the west of the Gallipoli peninsula, and the third on the Bulair Isthmus.

"The object of these troops is the capture of the Turkish forts on the Gallipoli peninsula and to prevent the sending of Turkish reinforcements across the Bulair Isthmus. The troops have captured Enos and the passage from that port into the interior is not expected to offer difficulties.

"Meanwhile the fleet on Thursday renewed its vigorous bombardment of the straits and of various points on the west coast of Gallipoli."

### ITALY'S ABSTINENCE.

Rome, via London, April 24, 3:34 a.m.—It is stated in high official quarters here that it is becoming increasingly improbable that Italy will participate in the war, at least for some time to come.

## The Weather

Toronto, April 23.—The pressure remains low over the western and south-western states and high over the eastern half of the continent. A few light scattered showers have occurred from the Great Lakes to the Maritime Provinces, but the weather has been for the most part fair in all districts and at the same time very mild.

ANNUAL CELEBRATION OF ST. GEORGE'S DAY

(Continued from Page Three)

bound to Communion with God. It is in the religion of the Spiritual alone that man has been made the image and potentiality of God.

The preacher then eloquently set forth how the patron saint of England, St. George, strove to conquer the dragon, strong in physique, in mentality, above all in spirit, the vision of what he was fighting for. Every ounce of this triple strength was used in the combat. He panted for victory and emerged victorious. The speaker then told of how the men of old England fighting for righteousness behind the banner for "St. George and Merrie England," had panted for victory and had succeeded because they were fighting for a principle. He brought his hearers down to the present day, depicting our gallant men in the trenches, panting through the long days for the victory of St. George and Merrie England.

The reverend speaker then alluded to the physical side of man and deplored the degradation of sports to a certain extent by professionalism. He was greatly in favor of outdoor sports. Many a Waterloo was won on the campus of Oxford, Cambridge or Eton. Sport brought out the manhood in the participant. But there must be a higher ideal; there must be the vision of a higher principle. The reverend speaker said he never was so disgusted as he was in England after war was proclaimed, when at a football game attended by over 30,000 enthusiasts of professional sport an appeal by that man beloved by the English nation, Lord Roberts, brought forth but twenty-five or thirty recruits. These people had no vision. It was only where dollars were concerned that they were interested. Unless physical strength is ministering to a higher power it is worthless. He cited the case of Willard, who may be a perfect Hercules in physical and even in mental strength, but he cannot be called strong until he has reached the spiritual height. The soul is restless but it finds rest in God. The man who is striving always to do right to attain what he believes in, is always seeking information concerning various doctrines, is honest at least with his doubts and God will aid him. "I will be his God, he shall be my son and a victor."

On referring to St. George and the Dragon, which may belong to mythology, the reverend speaker referred to the folklore of the country, which there was a tendency to put aside but which, nevertheless, often interpreted the spirit of the land better than the authentic literature of its historians. St. George, he considered, was a splendid example of the words of the text and never have we been more in need of a St. George than we are today. Whether it is our lot to rally forth to battle or remain behind, there are dragons to be encountered right here in our midst today. The first is self-indulgence. Does the man who gives in to himself real-

ize that when the Empire calls he cannot give answer as he should. The Church of England has never been hysterical over the subject of temperance. She had confidence in her children. But when she speaks, she speaks with authority. The other churches were awaiting the stand of the Church of England on the matter. "Men, cut out the drink," said the reverend speaker. "You are not drunkards; you can fight the dragon of self-indulgence if you are willing to make the sacrifice."

The next dragon is the severance of principle from life's work. The speaker contrasted the ideals of those of yore to the majority of the modern men whose vision was money-making.

He alluded to the disclosures which recently took place in the Capital city, where men had even sought to make money out of the war by selling to the country unfit material for its soldiers. Napoleon would have taken such men out and have them hanged. Such a man was worse even than spies and traitors. Yet he does not appear to be a bad man. Back of it all is the lack of principle, the principle which urges another man to give up his position in life and battle for it in a foreign land.

Business life is also unworthy unless based on principle, and the reverend gentleman spoke eloquently but firmly to the business men concerning the ideals of their work. He alluded to Germany whose vision of religion had become so blurred that the destruction of the Loovan and Rheims were examples of a nation's deterioration.

In conclusion the speaker urged his hearers to self-sacrifice, to link ones self with those gone before, back to St. George and Merrie England, remembering what those who lived in the old days had borne. God is Eternal and his Faith shall not fail us. The glory of man in body, mind and spirit is his strength.

The present officers of the St. George's Society are:  
President: W. C. J. Hall; Vice-Presidents: W. G. Hinds and J. F. Burstall; Hon. Secretary: Chas. V. Norris; Hon. Treasurer: W. S. Champion.

The committee are: L. Evans, P. O. Judge, W. Dobell, Hon. R. Turner, R. M. Beckett, J. G. Staton, W. H. Wiggs, H. Staveley, Col. E. A. Jones, Chaplains: Rev. F. G. Scott and Rev. A. Dunn.

Great praise is due to Mr. Norris, the secretary, and other members of the committee, for the energetic manner in which they made all arrangements in connection with the celebration of the day.

**GENERAL PAU IS POPULAR IN PARIS.**

Paris, April 23.—An incident in Paris today illustrates the popular regard for General Pau, who has been spending some time in this city since returning from his political mission to Petrograd and the Balkan capitals. Persons who saw the General enter the Red Cross branch in Place Madeleine waited in the street to see him come out. A crowd soon collected. A young girl borrowed a hat and quickly collected enough money in the crowd to buy for the general a huge bouquet of red, white and blue flowers.

General Pau appeared to be deeply moved on receiving the flowers, and kissed the girl. The crowd cheered him, and as he drove off in his motor car he responded by shouting: "Vive la France."

THE WHEAT CROP OF THE WORLD

**IMPETUS TO EXPAND ACREAGE IS NOTICEABLE OVER THE WORLD.**

Washington, April 23.—Great impetus to an almost universal movement to expand the world wheat acreage this year is noted in the agricultural outlook issued today.

"Rapidly advancing prices, excited markets, and enormous transactions in wheat, vague apprehensions of the eventual exhaustion of supplies in other, and a sub-conscious realization of the calamitous consequences of any material shortage in the world crop in 1915, with other courses" are responsible says the Department official publication.

Winter wheat has been sown on an extensive scale in the northern hemisphere except in some of the countries at war. Canada, United States and British India show an increase of 8,500,000 acres. In Germany and the British Isles the acreage is more than last year, but in Russia it is less. The warring European nations ordinarily sow about 55,000,000 acres and it is generally admitted there has been a reduction, apparently for the most part in France, Austria-Hungary and Serbia.

Heavy sowings of spring wheat were expected but present indications do not point to the large increase once anticipated. Owing to the prolonged closing of the Dardanelles, Russia's surplus wheat from last harvest is believed very heavy. The depressing effect of this surplus seems to be having a restraining influence upon spring wheat seeding operations. A probable reduction of 10 to 15 per cent in the Russian area would go far toward neutralizing the expected heavy increase in all other spring wheat countries and leave the world's acreage little, if any, larger than last year's.

**GERMAN MOVEMENTS ARE ON IN BELGIUM**

The Hague, via London, April 23.—10:15 p.m.—It is rumored in military and diplomatic circles here that the closing of the Belgian and Dutch frontiers to traffic of all kinds, outward and inward bound, is connected with important German troop movements in Belgium.

It is hinted in various quarters in The Hague that the Germans are about to fall back to the Liege line and thus relieve a number of troops for possible use against Italy in the event that that country intervenes in the war. There is no confirmation of the rumor.

# ANNUAL CELEBRATION OF ST. GEORGE'S DAY

Observance Quiet But Earnest—Religious Services Feature Day—Eloquent Sermon by Revd. Dean Starr of Ontario

Englishmen of Quebec celebrated St. George's Day in a fitting manner yesterday. Though the celebration was quiet, the events of the time in which England is struggling for its very existence made its observance all the more earnest and impressive. The religious service held last evening in the Cathedral of the Holy Trinity, at which an impressive sermon was preached by the Rev. Dean Starr of Ontario, featured the day's events.

The interior of the English Cathedral was tastefully decorated for the occasion, and the Evensong service which was held was a most fervent and beautiful one. Benediction was pronounced by Bishop Williams, who wore his convection robe, and was attended by Archdeacon Balfour. The first part of the Evensong service was intoned by Rev. E. A. Dunn, the second part recited by Rev. C. R. Eardley-Wilmot. The First Lesson was read by Rev. W. H. Cassap, rector of Levis, and the second by Rev. A. R. Kelley, of St. Matthew's.

Mr. E. A. Bishop presided at the organ while the choir was augmented by members from other Protestant churches of the city. The choral service was beautifully rendered and the organ rendition of National airs by Mr. E. A. Bishop at the conclusion of the ceremony was especially impressive.

The musical program was as follows: Processional Hymn—"The Son of God goes forth to War." Psalm xlvii; Deus Noster Refugium.

Magnificat. Nunc Dimittis. West in E flat. Anthem. Gloria Patrix. Hymn before sermon: "O God, the strength of those who war." Offertory Hymn: "Lord of Heaven, and Earth and Ocean." National Anthem: "God Save the King." Recessional Hymn: "O King of Kings

whose reign of Old." Concluding Voluntary—National Airs.

Rev. Mr. Starr's sermon was a most eloquent one, and in it he urged all to make self-sacrifices, especially during this time of war, and dealt in an able manner with the spiritual strength of man whose principle must be a higher one. Referring to St. George and the Dragon, he reminded his hearers that all had dragons to fight, one of the greatest amongst them being "self-indulgence" and beseeched the men to eliminate drink as much as possible. The following is an outline of the sermon.

The Reverend speaker took for his text the 59th verse, 20th chapter, Proverbs: "The Glory of Man is his Strength." Everything that God has created is so constituted that it has a peculiar glory about it which it may attain. There is the glory of the sun, of the moon, of the stars. Though one star differeth from the other, each has its own different glory. The glory of the rose, which decorates the members this evening, is in its fragrance, in childhood the glory is innocence, and so on.

Strength is a relative term. The barnacle fastened to the bottom of the bottom of a ship is strong. The dragon is strong. St. George was strong. It is not only a relative but a variable term. The advocate makes a strong plea, the artist paints a strong picture.

The reverend speaker then lucidly explained the meaning of the term strength as it applied to various objects and animals and compared its significance as applied to man.

How the mental process of man enables him to assert himself against all things created, but how the mental and physical powers of man bend before the spirit, that which is capable of being acted upon life Divine (Continued on Page Two)

## FOURTEEN DROWNED IN TEXAS FLOOD

RESCUING PARTIES ARE STILL AT WORK—RELIEF OF THE SUFFERERS.

Austin, Tex., April 23—The bodies of fourteen persons drowned last night in the flood here have been recovered. Eleven persons are thus far known to be missing. Rescuing parties are still at work tonight among the ruins of 200 homes that were swept away by yesterday's rain and wind storm. Citizens of Austin today began a systematic plan for the relief of the sufferers. Property loss is estimated at \$500,000. Temporary quarters were provided tonight for all whose homes have been swept away or are not habitable, and food and clothing is being furnished.

The identified dead include nine whites, of whom three are Mexicans, and five negroes. Twenty bridges were swept away hereabouts, and paved streets in this city were ruined. Ten inches of rain fell in two hours last night and torrents of water poured into the houses of persons living in the lowlands before the alarm could be given.

Among the missing is George Whittington, son of A. G. Whittington, of Houston, vice-president of the International and Great Northern Railroad. He and a companion were camping on the banks of a river when the flood came. The companion escaped, but Whittington has not been seen since.

## CANADIAN TROOPS GET SPECIAL PRAISE

London, April 24—3.55 a.m.—The Daily Mail correspondent in northern France, in a despatch describing the British attack on Hill No. 60, south-east of Ypres, says:

"The British success was due largely to the speed of the tunnel engineers for the explosion of the British mines anticipated by only a short time a similar move planned by the German engineers. Hill No. 60, is only 200 yards long. The fighting here has been more terribly concentrated than in any spot in history. The whole hill is mined, trampled, sandbagged and covered. Some of the enemy's trenches are still virtually on the hill within twenty yards of the British trenches.

"The Canadian troops have been specially commended by the British commanders for the speed and precision with which they dug themselves in after charging."

## A CURIOUS CASE.

**Baptist Minister's Wife Is Accused Of Killing Him.**

Douglas, Ga., April 23—Mrs. Margaret Haskins was arrested here today, charged with having killed her husband, Rev. Allen Haskins, a Baptist minister, Tuesday night. The clergyman was killed with a shotgun as he slept at his home in Lalliaton, near here.

## GUATEMALA BONDS.

Guatemala City, Guatemala, April 23.—In order to strengthen Guatemala's credit abroad President Estrada Cabrera has ordered deposited in advance with the representatives of the bond holders here funds with which to meet interest coupons of the foreign debt, which are due Dec. 31 next and June 30, 1916. The coupons are held mostly in England.

## FARMER FOUND DEAD.

Whitby, Ont., April 23—Martin Lee, a farmer, 46 years of age, residing two miles west of here on the base line, was found dead on the road today with his neck broken as a result of his horses, attached to a seed drill, running away.

## ORANGEVILLE, ONT., APRIL 23—

John M. Rowan, ex-councillor, died at his home here today from blood poisoning. Ten days ago Mr. Rowan, who was a carpenter and builder, accidentally cut a finger with a chisel, which had been used in scraping paint off a board.

## AMERICAN POLICY NOT NEUTRALITY

BERLIN IS ANGRY AGAINST STATES—CITIZENS EXPORT OF MUNITIONS.

Berlin, April 23, via London, April 24.—The American government's answer to the recent memorandum of Count Von Bernstorff, the German Ambassador to the United States, has not yet reached the Foreign Office in any official form. While the officials there are unwilling to comment on the newspaper versions of the reply, it is said that the answer, if it has been correctly transmitted, will scarcely cause surprise here, as little hope had been entertained that the United States would abandon her traditional policy.

The newspapers continue to assert that the American policy is so one-sided that it is impossible to term it neutrality. The Kreuz Zeitung today recalls President Wilson's declaration that the sale of submarines is inconsistent with the spirit of true neutrality and asks where it is consistent to draw a distinction between submarines and cannon or shrapnel.

"If American standpoint regarding the export of arms is accepted in principle," the Kreuz Zeitung says, "the American government, by failing to take advantage of the opportunity to force Great Britain to permit food-stuffs to enter Germany by holding up shipments of arms until this is permitted, again demonstrates its non-neutrality."

The newspapers maintain that good will is lacking in the United States, adding, "it can be neutral but does not wish to be."

The Zeitung Am Mittag says: "Secretary of State Bryan knows very well that the wholesale supply of arms and munitions are worth more to the Allies than ten army corps."

## BOUT IS OFF.

Columbus, Ohio, April 23.—The scheduled 12 round bout between Johnny Harvey of New York and Charlie White of Chicago was called off here tonight after Harvey refuses to accept a material reduction in the amount he had been guaranteed.

## NORWEGIAN BARKS IN BAD CONDITION.

London, April 24, 12.50 a.m.—The officers of a Danish steamer which arrived at Tyne tonight report that on Thursday morning they encountered the Norwegian barks Eva and Oscar, the former on fire and abandoned and the latter in a sinking condition with its boats missing.

## CHANNEL IS CLEAR UP TO MONTREAL

Montreal, April 23.—Inland shipping in Montreal opened this morning. All blockades of ice were cleared away yesterday by the Lady Grey, and this morning the grain steamer, W. H. Dwyer, steamed into the port of Montreal—the first grain steamer to come down from the Great Lakes this season.

## DUKE OF CONNAUGHT UNVEILS A TABLET.

Montreal, April 23.—Amongst the Duke of Connaught's engagements in Montreal today was the unveiling of a tablet on the monument erected to the memory of Sir Benjamin D'Urban, commander of the British forces in Canada. The original tablet, on the monument in the old military cemetery on Papineau Avenue, was destroyed by vandals a year or more ago. His Lordship Bishop Farthing assisted at the ceremony.

## NOTHING NEW AS REGARDS I. C. R. STRIKE.

Halifax, N.S., April 23.—There are no new developments in the proposed strike of the employees of the Intercolonial Railway. A. R. Mosher, president of the Canadian Brotherhood of Railway Employees, is now in the city, and tonight said that they were at present merely waiting. It is understood Mr. Mosher has received a letter from the Minister of Labor, relative to the matter, and will probably make a reply tomorrow.

## THE FINNISH ARMY.

London, April 24—12.45 a.m.—The Copenhagen correspondent of the Exchange Telegraph Company says: "It is stated that the Emperor of Russia has decided to re-establish the Finnish army with the same constitution as previous to 1909. It is said that the Emperor will take this action on the advice of Grand Duke Nicholas, commander-in-chief of the Russian forces, who has been impressed by the brilliant strategic work done by Finnish officers serving in the Russian army during the present war."

## KILLED IN ACTION.

Paris, April 23.—4.55 p.m.—Three of the four sons of Charles Legrand who entered the army have been killed in action. M. Legrand, who was formerly President of the Chamber of Commerce and was active in the project for exchanges of commercial students between Harvard University and the French Commercial University was notified today that the third of his sons had been killed.

## PATRONAGE QUESTION

At last the cat is out of the bag. It is Alderman Lockwell, the hero of a recent civic investigation, who professes to be running the Conservative Party in Quebec.

Alderman Lockwell is ambitious. His ambitions apparently centre on securing the Conservative candidacy in St. Sauveur at the next Federal elections. So much he has admitted. What he has also admitted is that it was he who took the ice contract away from Mr. P. J. Holden and gave it to a St. Sauveur man.

What has Mr. Lockwell even done for the Conservative Party? Echo answers, what?

Why should Mr. Lockwell think he has a first mortgage on the Conservative Party? Echo answers, why?

Is Mr. Lockwell to be the great I Am of the Conservative Party in Quebec?

Is Mr. Lockwell to take away a contract which belongs to Quebec South and give it to a friend just to square himself with the electors of St. Sauveur?

If Mr. Lockwell is going to be the Kaiser of the Conservative Party in Quebec, then it is time the Conservatives shut up shop.

Mr. Lockwell seems to entertain the idea that the Conservative Party cannot exist without him. Herewith we hasten to inform him that his disappearance from that Party or any other will occasion but little more commotion than the swatting of an ordinary household fly.

The Conservative Party was in existence long before Mr. Lockwell had his being.

The Conservative Party will carry on its grand traditions long after he, and a few of the turncoats, heelers, time-servers and parasites who never sacrificed a cent for it, are no more than an idle memory.

The English-speaking Conservatives of Quebec are in no mind to be dragged by Mr. Lockwell, and the sooner that Premier Borden, Hon. J. D. Hazen and Hon. T. C. Casgrain realize that fact, the sooner can they count on the united support of the English-speaking element in Quebec.

That element has kept quiet for months while the Lockwells and that ilk have had their own sweet way. But the limit has been reached at last in the case of the Holden contract.

The rotten and disorganized system—or lack of system now in vogue in the Conservative Party—has got to go.

If Premier Borden wants the support of the English-Conservative vote in Quebec, then Lockwell has got to go.

Moreover, the English have got to have a representative on the Patronage Committee.

As for the remarks of Mr. L'Esperance's organ, L'Evenement, on this subject, the Chronicle needs none of its impudent dictation. If it wants to talk politics, then let it stage an imaginary dialogue between Mr. D. O. L'Esperance and Senator Landry on the bilingual question.

The last time that L'Evenement attempted to inflict its political sermons on The Chronicle was before the general elections of 1911 when the Chronicle warned the party against having any truck with the Nationalists.

Then L'Evenement championed the Nationalists. Ever since Borden came into power it has eaten dirt from the Nationalists. Today D. O. L'Esperance is reported to be struggling for the chairmanship of the Harbor Commission.

Why?

Rumor says that D. O. L'Esperance is afraid that the influence of the Nationalist lieutenant, Armand Lavergne, may result in the defeat of D. O. L'Esperance in Montmagny at the next Federal election.

# Shattered NERVES

## The Nervous Strain of Recent Months

Has Ruined the Health of Many a Business Man.

Sleeplessness, Headache, Nervous Indigestion, Irritability and Depression Tell of Exhausted Nerve Force.

Never before has the strain on the nerves of the business man been so great as since the beginning of the war. With some it has been a question of lessened profits, while others have been thrown out of employment or seen their business go down with a crash.

Worry and anxiety are the most frequent causes of nervous disorders. It is, therefore, not to be wondered at that in many cases the depression in business has resulted in shattered nerves and ruined health.

Dr. Chase's Nerve Food has proven itself the greatest of nerve restoratives. It is no miracle-worker, but supplies to the human body, in condensed and easily assimilated form, the ingredients from which Nature forms new, rich blood and new nerve force.

When the nervous system is greatly exhausted it requires patient treatment to revitalize the wasted and depleted nerve cells. Since cure is brought about by the building-up process, you can be sure that each dose of this great food cure is at least doing you some good, and that the results are bound to be beneficial.

By the use of Dr. Chase's Nerve Food the vital organs of the body are quickened into action. Digestion improves, the heart's action is strengthened, the liver, kidneys and bowels resume their natural functions, and the system is benefited in every way. Gloom and discouragement give place to new hope and courage, and you are helped on the way to health and success.

THE LIBERALS AND AN ELECTION.

The attitude of the Liberal party with regard to a general election could be pitiable if it were not so ludicrous. They don't seem to know quite where they stand on the question...

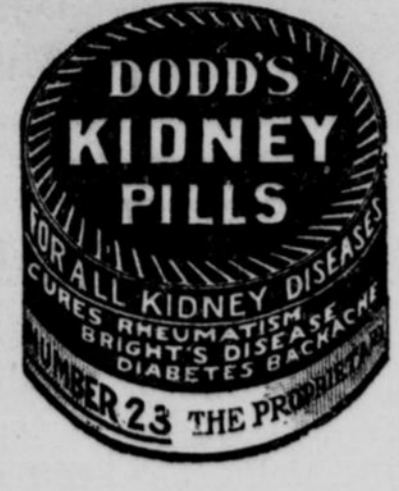

They realize that they have absolutely nothing at all to go to the country on. Not once during the late session have they ever given the slightest evidence that they had any policy on any single public question...

The greatest trouble which the Liberal party is confronted with is the knowledge that the whole country is solidly behind the Borden Government in its methods of dealing with Canada's participation in the war...

DERNBURG'S AUDACITY.

In the guise of a letter to an American friend, regretting his absence at a certain meeting in Portland, Maine, Dr. Dernburg, the special emissary of Germany in the United States, sets forth his views concerning the conditions on which there might be a return of peace...

Having failed to wrest from Great Britain the mastery of the seas and the world dominion that goes with it, what Germany wants now is to limit the power of her chief rival. This she hopes to do by talking in euphemistic terms of things which would effectively circumscribe that power.

shown that world dominion can only be practised by dominion of the high seas; the aim of Germany is to have the seas as well as the narrows kept permanently open for the free use of all nations...

But that is not all. "A free sea," Dr. Dernburg continues, "is useless, except combined with the freedom of all countries, whether belligerent or not."

Here is something particularly interesting to Canadians. Dr. Dernburg proceeds: "But more than this, an open sea demands an open door policy. This means that while every nation must have the right for fiscal and commercial purposes to impose whatever duties it thinks fit, these duties must be equal for all exports and imports for whatever destination or from whatever source."

## NEW AMUSEMENT PLACE FOR QUEBEC

**QUEBEC SKATING RINK WILL BE CONDUCTED AS A SUMMER GARDEN.**

The Quebec Skating Rink has been leased by a syndicate who purpose converting the building into an attractive summer garden, on the style of famous places of this kind in the large American cities.  
Feature picture plays of a high order only will be shown.  
The spacious dimensions of the building allow for perfect ventilation and a large seating capacity, without undue crowding.  
The entertainments will be under the management of a former Quebec gentleman, Mr. J. M. Enmond Bedard, whose experience for many years in New York city renders him peculiarly adapted for the successful operation of this place of amusement.

## MOTION TO INCREASE PAY OF THE POLICE

**COUNCIL TURNS DOWN PROPOSITION BY VOTE OF FIFTEEN TO TWO.**

Another effort to have the salaries of the police and firemen increased \$25 a year was turned down by the City Council members at a meeting last night.

The proposition put before the Council by Ald. Lockwell was that the sum of \$3,000 be taken from the appropriations of the Road Department and added to the \$72,050 voted for salaries for the policemen.

Ald. Madden asked the mover of the motion what he intended to do in connection with increasing the salaries of the firemen.

Ald. Lockwell replied that he was about to make a similar proposition in behalf of the members of the Fire Department.

Ald. Madden was in favor of granting a more substantial increase to both departments.

His Worship the Mayor, in summing up the situation, thought that members of these two civic departments had every reason to be well satisfied with their lot and he knew many men who would be only too willing to fill their places. The police and firemen were clothed by the city, which was an item to be considered. If the city was in a position to do so the Mayor would support the request.

The motion of Ald. Lockwell was defeated by a vote of 15 to 2.

Mrs. Attlee is giving an entertainment on behalf of the distressed Poles, under the patronage of the Lord Bishop of Quebec. This entertainment will take place on the 24th and 25th of May in the Anglican Cathedral Parish Hall.

## Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisurated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acids, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisurated magnesia, which can be obtained from any druggist, and should always be kept handy.

## SYMPHONY CONCERT A GREAT SUCCESS

**LARGE AUDIENCE ENTHUSED OVER MISS DE SALES AND LEO POL MORIN.**

This gala concert given by the Quebec Symphony Society at the Auditorium last night proved one of the most pleasant and entertaining musical and vocal events held in Quebec this season.

While the attendance was not what is known as a full house, yet it may be said that it was a large audience. Every box was occupied and the gathering was a most representative one.

An excellent program had been drawn up for the occasion and apart from the Symphony Society, Miss Rena de Sales, a sweet-voiced soprano prima donna, was heard in a series of charming numbers, while Mr. Leo Pol Morin again proved himself a pianist of high accomplishments and one who has a brilliant musical career before him.

The concert was held under the auspices of L'Association Catholique de la Jeunesse Canadienne-Francaise, the proceeds being intended for the cause of bilingualism in Ontario.

Veritably it was an artistic treat from the opening number to the last strains of the National Anthem. Mr. Joseph Vezina, the capable conductor with characteristic good taste had a choice program for the audience, but the selection from Puccini's "La Boheme" proved the favorite number rendered by the orchestra.

Miss Rena de Sales won favor with the audience in her first "Aria" from Bizet's Carmen. She was at her best however, in Arditte's "Il Bacio," which served to show the purity and sweetness of her high notes, which were always clear and pleasing. She gracefully responded to several encores and received a number of bouquets.

Mr. Leo Pol Morin's playing was a triumph. He was recalled repeatedly, and cheerfully responded in each instance.

There was only one false note to the entertainment, and that was the almost incessant clamoring from "the gods." This was kept up throughout the intermissions, and while there was nothing displeasing to the nature of the remarks they became very annoying to the people in other parts of the theatre. Good manners should prevail in the "pit" as well as in the orchestra seats.

The theatre was placed at the disposal of the L.A. C. J. C. free of charge by Mr. J. H. Paquet.

## GERMANS DEFYING HAGUE CONVENTION

**FRENCH ARE DRIVEN BACK OWING TO GASES EMPLOYED BY THE ENEMY.**

London, April 23.—Field Marshal Sir John French, commander-in-chief of the British forces in France and Belgium, communicates the following under today's date:

"Yesterday evening the enemy developed an attack on the French troops on our left in the neighborhood of Bixchoote and Langemarck, on the north of the Ypres salient.

"This attack was preceded by a heavy bombardment, the enemy at the same time making use of a large number of appliances for the production of asphyxiating gas. The quantity produced indicates long and deliberate preparation for the employment of devices contrary to the terms of the Hague convention, to which the enemy subscribed.

"The false statement made by the Germans a week ago, to the effect that we were using such gases, is now ex-

## PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

**RELIEVES SOURNESS, GAS, HEARTBURN, DYSPEPSIA IN FIVE MINUTES.**

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia! when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually. Get a large 50-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

## A Difference to be Considered

The difference in cost between a pure, wholesome cream of tartar baking powder and one made of alum is a mere trifle, perhaps one cent for a whole cake or pan of biscuits.

But there is a vast difference in healthfulness in favor of food made with Royal Baking Powder.

Read the label on your can of baking powder and see what it is made of. There is

# No Alum in ROYAL BAKING POWDER

which is made from Cream of Tartar, derived from grapes.

### FRANCE'S OPINION

**OF PRESIDENT WILSON.**

Paris, April 23.—3:20 p.m.—The newspapers of Paris comment with approval on the utterances of President Wilson in regard to the relations of the United States with belligerent nations, in his speech at the luncheon of The Associated Press in New York on April 20. The Temps alludes to the speech as an indication that President Wilson is prepared for an important role in the future and says that his position is one which justified the confidence of all interests. It affirms that the President "has given proof of the noble consciousness of his duty as a statesman."

"During the night the French had to retire from the gas zone, overwhelmed by the fumes. They have fallen back to the canal in the neighborhood of Boesinghe. Our front remains intact, except on the extreme left, where the troops have had to readjust their line in order to conform with the new French line.

"Two attacks delivered during the night on our trenches east of Ypres were repulsed. Fighting continues in the region north of Ypres.

"This morning one of our aviators, during a reconnaissance which he completed successfully, damaged a German aeroplane and forced it to descend. Our flying corps has brought down another German machine near Messines."

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Waterproofing Basement of Custom House, Quebec, P.Q." will be received at this office until 4:00 p.m. on Tuesday, May 11, 1915, for the construction of the above mentioned waterproofing.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. R. L. Deschamps, Overseer, at Dominion Buildings, Montreal, Que., at the Custom House, Quebec, P.Q., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied and signed with their actual signatures attesting their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered Bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. By order, R. C. DESROCHERS, Secretary. Dept. of Public Works, Ottawa, April 20, 1915.

BIG RACE PROGRAM FOR EXHIBITION

\$7,350 IN STAKES AND PURSES—MEET OPENS AUGUST 30TH.

Six days of light harness racing will comprise the programme for the Quebec Provincial Exhibition Meeting which will open here on August 30th next.

Three early closing stakes of \$1,000 will be the main inducements, but a notable fact is that all three of them are for pacers, the trotter evidently not having much favor in the eyes of the organizers.

In the Trotting stake last year one of the best races of the meet was witnessed and it seems rather a one-sided move to have all the stake events for pacers this year and only three small purses of \$300, exclusively for trotters.

The program in detail is as follows: RACING PROGRAM FOR 1915. 1st Day—Monday, August 30th. 2.40 Trot and Pace (for horses owned in and 75 miles around Quebec). \$ 300.00

2.30 Trot and Pace ..... 300.00 2.20 Pace ..... 300.00

2.35 Trot and Pace ..... 300.00 2.25 Trot ..... 300.00

3rd Day—Wednesday, Sept. 1st. 2.16 Pace (Stake entries closed June 1st) ..... 1,000.00

2.25 Pace ..... 300.00 Buggy Race (for horses owned in and 75 miles around Quebec) ..... 200.00

Running Race (1 mile) ..... 150.00 4th Day—Thursday, Sept. 2nd. 2.10 Pace (Stake entries closed June 1st) ..... 1,000.00

2.20 Trot ..... 300.00 Running Race (1-2 mile, 2 in 3) ..... 150.00

5th Day—Friday, Sept. 3rd. 2 Miles (2 in 3) ..... 300.00 Free for All ..... 400.00

2.19 Pace ..... 300.00 6th Day—Saturday, Sept. 4th. 5 Miles (5 to start) ..... 400.00

2.15 Trot ..... 300.00 Running Race (1-2 mile, 2 in 3) ..... 150.00

Conditions: National Trotting Association rules to govern except: Hopples allowed. All trotting and pacing races to be mile heats best 3 in 5 in harness. Six horses to enter, five to start.

Entrance fee 5 p.c. of the purse and 5 p.c. from winners. Money divided 50, 25, 15, 10 p.c. No horse entitled to more than one money.

Entries for the Stakes close 1st of June, on which date 2 p.c. of the Stakes must be paid, the balance as follows: 2 p.c. 1st of July, 1 p.c. 1st of August. All horses to be named June 1st. All starters to be named August 1st. Right reserved to declare off any stakes not satisfactorily filed, by notice mailed not later than June 15th.

Entries for open classes to be closed August 23rd. Entries to running races close the night before each vent. Entrance fee, 5 p.c. of the winners. Money divided 50, 25, 15, 10 p.c.

The Association reserve the right to reject any entry, to declare off any event and to change the order of events, and will not be responsible for any accident that may occur.

SHIPPING IN ITALY. Berne, Switzerland, April 23.—Via Paris, 3:45 p.m.—Signor Contesso, general manager for the United Italian Steamship Companies, who is at present in Berne, said today that the Italian steamer America did not get away from Genoa for New York recently because she had detained by order of the government. She is one of the best steamers of the line, and it was felt she might be required for the national service.

Other Italian steamers are leaving according to schedule, but there is always a possibility of their being detained by the government.

An idea of the magnitude of the work done by the C.P.R. Department of Natural Resources may be gained from the fact that, though it has only been in existence for two years, it has 4,000 employees on its books. The chief work in which it is engaged is the sale and colonization of the vast holdings of the company in the West, some 8,000,000 acres in amount, to be exact. A fundamental change was made two years ago by the company in the manner of the disposal of the lands belonging to the company.

Heretofore, land was sold by the company without any restriction as to the us to which it was to be put. That is to say, the company sold large parcels to speculators, who held the lands for large profits to the thwarting of the very purpose the company had in view—namely, the settlement of the country—an object it has set itself from the beginning. The Canadian Pacific determined that no more land should be sold to speculators. All the unsold lands were withdrawn from sale for speculative purposes and the new department entered upon the work of colonization. No land is sold by the company without an assurance of the intention of the purchaser to reside on and develop the land so purchased. This principle was so framed in order to attract to Western Canada the best kind of agricultural worker, whether from North America, Great Britain, or Northern Europe. The terms of payment were spread over 30 years. This is a generous provision, which has not been equalled in any other country in the world. It has attracted an admirable class—families not perhaps well off, but sturdy, ambitious to get on, and determined to own their own homes. The new department has been a great success; and is being prosecuted with vigor under the direction of Mr. J. S. Dennis, the head of it.

Larry Lajoie made three errors in a game the other day. Larry's fielding was always pretty sure but he is evidently slipping up rather often.

Laval will have a good line-up this year, while the C. B.'s and Patricia's promise to reveal some dark horses. Poliquin the Napoleon Star third baseman will likely play for St. Patrick's this summer.

FEDERAL LEAGUE VERSUS AMERICAN

NO EXPLANATION FOR GATHERING OF BASEBALL MAGNATES AT CHICAGO.

Chicago, April 23.—Emphatic statements that no peace negotiations were going on were made today by both President Gilmore of the Federal League and President Johnson of the American, but no explanation for the gathering here of the big men of baseball was vouchsafed. Among the leaders of the game expected here tomorrow is President Tener of the National League, and the Federal League magnates, who according to information gained from sources close to meet, will meet to talk over the ending of the war are William E. Robertson of Buffalo and Robert B. Ward of Brooklyn, while Phillip Ball of St. Louis and his attorney, Montague Lyons of St. Louis admitted that they had been in conference with President Johnson yesterday and today. The American League head declared that his meeting with Mr. Ball—the third in three weeks—had nothing to do with peace in the baseball world.

"I know of no peace negotiations," Johnson said. "I have met Mr. Ball a number of times recently, but we have not discussed any such subject." "There are no peace negotiations pending that I know of," Gilmore said. "We are willing at any time to accept peace on terms fair to everybody concerned, but we are not seeking it. We are willing to go on as we are going, and we expect to get our share of the patronage."

No definite statements were given concerning matters discussed at meetings today. Mr. Ball, it was learned, made reservations on a late train for St. Louis tonight.

Stories concerning the terms of peace discussed which were credited to Federal League sources, say they include many of the arrangements which were planned when peace was first talked of last fall. Merger of several teams and the elimination of one club in St. Louis and one in Chicago and perhaps abandonment of the field as a separate organization by the Federal, are included, it is said.

Sporting Notes

St. Patrick's and Emmets will practice on the Plains tomorrow. Emmets will practice at 10.00 in the morning while St. Pats will take the field at 2.30 in the afternoon.

Mulcahey has been released to Emmets, conditionally by St. Patrick's. "Honest wrestling does not pay," So the mat promoter cries. "When they fought the ancient way Crowds were twice their present size."

"When they fought the ancient way Wrestling always made a hit. Honest wrestling does not pay—People aren't used to it." —Boston American.

Shink who turned out with St. Patrick's last Sunday is very fast and is able to play most any position. He has a fine whip too.

Honesty may be the best policy, but the average wrestler prefers three meals a day.

So far this season Heine Zimmerman has not registered a kick. He has a boil on his foot.

Fabre received a fine reception on his arrival in Montreal. The Cup he won was so big that the conductor was on the point of refusing to allow him to carry with him on the car.

Walter Bell the Shamrock runner finished 14th in the race. But the heat killed his chances.

Billy Frezell may get a try-out by the Stars of Montreal, Eddie Ramsay is also stated to figure on one of the Montreal teams.

It's about time the Junior ball clubs got together and organized a League. There seems to be hundreds of junior clubs around judging by the number of youngsters who sell tickets but nobody hears about them afterwards.

Manager Emmett McDonald of the Sons of Ireland is endeavoring to organize a league but complains that many junior clubs prefer to play independently. There is no interest in exhibition games. If the youngsters want to learn how to play ball they will have to play league games when a win counts something.

Poliquin the Napoleon Star third baseman will likely play for St. Patrick's this summer.

PUBLIC NOTICE IS HEREBY given that sealed tenders will be received from this date until Friday, the fourteenth day of May next (1915), at 4 o'clock p.m., for the Printing and Binding that may be required by the city for one year from the 1st of June next to the 31st May, 1916, according to specifications, to be seen at the office of the undersigned.

The Tenders to be endorsed "Tenders for Printing and Binding," addressed to, and deposited in the office of the City Clerk, from whom any information may be obtained. The tenderer may see the scrap book containing all the samples of the required documents from 10 a.m. to 4 p.m. daily.

The fees for the drawing up of the contracts and two copies for the city to be paid by the contractor.

The city does not bind itself to accept the lowest or any of the tenders.
H. J. B. CHOUINARD,
City Clerk.

CITY OF QUEBEC

CITY CLERK'S OFFICE
CITY HALL

TENDERS FOR PUBLISHING DOCUMENTS AND FOR ADVERTISING.

Quebec, 20th April, 1915.

PUBLIC NOTICE is hereby given that sealed tenders will be received from this date until Friday, the fourteenth day of May next (1915), at 4 o'clock p.m., for the publishing of advertisements, Public Works, proposed or adopted, By-laws, Orders of the Day, Minutes of Council Meetings, Committee Meetings, Resolutions or Reports of Council, or Committees, and all documents which the law prescribes to be published or which the Council may order to be published or whenever required by His Worship the Mayor or the heads of the several Municipal Departments of the City of Quebec, etc., to be advertised in one French and one English newspaper, of the city, from the 1st of June next to the 31st of May, 1915. The prices to be specified for one year and calculated "en bloc" or per line of 24 ems Brevier.

The contractors to whom the contract is awarded shall furnish without extra charge to His Worship the Mayor and the City Clerk to each two copies of their newspaper, two in French and two in English, i.e., four French and four English copies gratis of each newspaper exclusive of the copies for which the city pays the ordinary annual subscription. They shall publish in their papers the proceedings of the Council and of the Committees, the Resolutions and Reports of the Council and of the Committees and Advertisements and Public Notices which shall be sent to them by His Worship the Mayor or by the heads of the several departments of the Municipal service, and all documents which shall be sent to them in execution of the contract, the day after they have received them, and publish them daily until the expiration of the delays mentioned in said notices or advertisements, and if they fail to do so, they shall suffer a penalty of ten dollars, which may be claimed from them by the city for each day of delay.

The contractors shall also deliver to the City Clerk one hundred French copies and fifty English copies in foolscap pages, printed on one side only, of the minutes of all the meetings of the Council, and also of all By-laws published in their columns, without extra charge, and if such minutes or By-laws are published a second time they shall also supply one hundred French and fifty English copies of such second publication when they shall be required to do so.

They shall also (whenever requested to do so) supply the same number of French and English copies of all the Minutes of Committee Meetings, Reports and Resolutions of Council or Committees, Advertisements or Public Notices published in their newspapers. Besides the sum asked for the total amount of the contract, those who shall tender must specify a special and separate price for the publishing of the list of complaints against the lists of parliamentary electors, in case the City should decide to publish them in the newspapers obtaining the contract for advertising.

The tenders to be endorsed "Tenders for Advertising," addressed to and deposited in the office of the City Clerk, from whom any information may be obtained from 10 A.M. to 4 P.M. daily.

The City Seal shall be put at the head of all the notices without extra charge.

The fees for the drawing up of the contract and two copies for the city to be paid by the contractor.

The city does not bind itself to accept the lowest or any of the tenders.
H. J. B. CHOUINARD,
City Clerk.

JIM ESSON KNOCKS DOC ROLLER OUT

BOUT LASTED EIGHT SECONDS ONLY—DOCTOR WAS OVER-CONFIDENT.

Montreal, April 23—In a boxing bout that was scheduled to go ten rounds, but only lasted eight seconds, Jim Esson, the big Scotch wrestler, knocked out his rival wrestler, Dr. Roller, before the members of the Canadian Athletic Club at Sohmer Park tonight. The bout was brought to an abrupt ending when Esson landed a short arm uppercut that sent Roller down for the count, before he had a chance to show any of his boxing ability. Roller prides himself on being a finished boxer as well as wrestler and in his over-confidence, coming out of a clinch he offered an opportunity that Esson took advantage of with the result mentioned.

This meeting with Roller was Esson's initial appearance as a heavy-weight boxer.

In a ten-round bout Boer Rodel had a slight shade on Cleve Hawkins, the local colored boxer. Rodel landed one or two left jabs in the fifth round that straightened Hawkins up, and Rodel's weight and reach gave him a decided advantage over Hawkins.

Kid Burns earned a decision over Han Desautels in a six-round bout. Rivet and Frechette fought a six-round draw.

POSTHUMOUS STORY OF ROMANTIC EMDEN

Docked at British Island Where News of War Had Not Penetrated.

To the long list of authentic narrative, legends, and traditions, which the Emden and her Bayard-like Captain left behind in the Indian Ocean is now added one brought to The Evening News, of Sydney, Australia, by Capt. G. Becket, of the British steamer Clan Graham, which reached Australia on January 20, direct from Mauritius, where the captain heard the story.

The episode happened at the story, lying little island of Diego Garcia some weeks before November 9, when the Emden was destroyed by the armored cruiser Sydney, at Cocos Islands. In certain respects it is similar to the story of how a United States cruiser captured the island of Guam in the Spanish-American war; but Capt. von Muller sailed away without undeciphering his hosts. The story as told in The Evening News runs as follows:

The Emden visited the Island of Diego Garcia, which is a dependency of Mauritius. It is not very big and has no wireless or other telegraphic communication with the outside world, and there is only a casual steamer service. As a result of this, war was declared without the knowledge of the inhabitants, and months passed by without the news being heard at Diego Garcia. Capt. von Muller of the Emden, seems to have reckoned on this, and to have turned his knowledge to account.

One morning the Garcians, who, though British subjects, are of French descent, awoke to find a warship in their bay. At once a great commotion commenced on shore, as the visit of a vessel of any description was always a red-letter day. The German flag was flying at the vessel's masthead, and presently the name Emden could be distinguished. Soon a boat put out from the cruiser, and Capt. von Muller himself went ashore to pay his respects. Then there commenced a series of entertainments and junketings, and the officers and men of the Emden were royally feted. The islanders meant to show the world what they could do in the way of hospitality, hoping, perhaps, the other vessels might be induced to call.

But the Garcians wanted news. The wily Germans had reckoned on this, and strung off tales of things that were happening abroad. They never mentioned the war, however. On the second day Capt. von Muller

She Soon Gained Forty Pounds

DAME BOUCHARD FOUND NEW HEALTH IN DODD'S KIDNEY PILLS.

Now She is Advising All Her Friends Who Suffer from Kidney Disease to Use Dodd's Kidney Pills.

Portneuf, Hamilton Cove, Saguenay Co., Que., April 23rd—(Special)—Perfectly cured by the use of Dodd's Kidney Pills, Dame Rene Bouchard, well known and highly respected here, is advising all her friends who suffer from kidney disease to use Dodd's Kidney Pills.

"When I commenced to take Dodd's Kidney Pills I was so run-down I only weighed eighty pounds," Dame Bouchard states. "I only took four boxes in all, but they brought me back to health and now I weigh one hundred and twenty pounds. You may publish what I say if you wish, for Dodd's Kidney Pills have done wonders for me."

Dodd's Kidney Pills do wonders for run-down people because they cure the kidneys. Cured kidneys strain all the impurities, all the poison, out of the blood and the pure blood carries new nourishment, health and life to all parts of the body. That's why so many people say "Dodd's Kidney Pills gave me a new lease of life."

### ARRIVAL OF THE STR. CASCAPEDIA

FROM THE NORTH SHORE AND ANTICOSTI—HAD A LARGE NUMBER OF PASSENGERS.

The Canada S.S. Lines steamer Cascapedia, Captain Hearn, from North Shore ports and Anticosti, arrived here at eight o'clock yesterday morning, and moored at the company's wharf.

The Cascapedia brought up 200 passengers, 65 horses, the mails and general cargo. Captain Hearn reports as experiencing on the whole a pleasant trip. There is no ice down as far as Anticosti, but from there over to Natashquan, there is a good deal, particularly on the North Shore. On Sunday night there was a heavy gale of west wind, that lasted until Monday morning. Seven Islands Bay is still frozen over, but the ice is becoming weak.

The Cascapedia left for Montreal at six o'clock last evening, taking up passengers and cargo for that port.

**BAIE DES CHALEURS LINE.** Steamer Gaspeien, from Gaspe and Baie des Chaleurs ports, passed Fatiau Point at 7.30 a. m. yesterday, and is due here this morning.

**CUNARD LINE.** Steamer Earl of Forfar left London, for Quebec and Montreal on the 22nd instant. She has been chartered by the Cunard Company for freight carrying.

Steamer Lusitania which left Liverpool, at 9.00 p. m., on the 17th instant, is due in New York this morning.

**C. P. R. LINE.** R. M. S. Metagama left Liverpool yesterday afternoon for Quebec, with passengers, mails and general cargo. She has quite a large list of passengers.

**GASPE LINE.** Steamer Lady of Gaspe arrived from Montreal early this morning. She leaves here this afternoon for Gaspe and Baie des Chaleurs ports with passengers and general cargo.

**MANCHESTER LINE.** Steamer Manchester Merchant left Manchester yesterday for Quebec. The previous report of her sailing was premature.

**QUEBEC STEAMSHIP CO.** The annual meeting of the Quebec Steamship Company was held at the head office, Dalhousie street, yesterday morning, when the following directors were elected for the ensuing year: Messrs. C. A. Barnard, F. H. Markey, J. W. Norcross, F. Perry Smith, Montreal; Michael J. Haney, J. F. M. Stewart, Toronto; W. Grant Morden, London, Eng.; M. P. Connolly and J. Ross Strang, Quebec. The board of directors will meet later to elect executive officers.

**FREIGHTS AND CHARTERS** New York, April 23.—The steamer market was quite with only a limited general demand prevailing for boats. Rates were easy and tonnage offered more freely. Quotations to London, 10/6d; Glasgow, Liverpool Hull and Bristol, 1s; cotton to Liverpool, per 100 lbs., \$1.30 to \$2.

## TRY THIS RECIPE IF YOU HAVE DANDRUFF AND WANT TO BE RID OF IT

The best way to get rid of dandruff for good—not merely to wash it off the head for a few hours—but clean your head of it forever, is to tone the scalp with some vigorous acting remedy that will revitalize the slowly dying hair follicles. Once you get the scalp in a healthy condition you will never be troubled again with dandruff and your hair will stop coming out.

A great many of the best hair dressers recommend the following recipe which can be easily and inexpensively prepared and applied at home by anyone: "Mix together in an 8 oz. bottle 6 oz. of good Bay Rum with 2 oz. of pure Lavona de Composee and add about 1-2 drachm of Menthol Crystals. Shake thoroughly and allow to stand an hour before using." The mixture is best applied to hair and scalp by pouring a little on a soft cloth and then by drawing this cloth slowly through the hair taking one small strand at a time. When the head is quite thoroughly dampened rub briskly into the scalp with the finger tips until the skin tingles. A five to ten minute treatment like this, each morning for a few days will generally drive every trace of dandruff from the scalp and will also make the hair beautifully fluffy, glossy and easy to arrange. It will also stop the hair from coming out and if kept up will most surely start new hairs growing. Druggists everywhere sell Bay Rum, Lavona de Composee and Menthol Crystals and will, if you prefer, do the making for you at a small extra charge. If you like perfume add a few drops of your favorite and see what a pleasant hair dressing this makes.

**COMMERCIAL NEWS**  
NEW YORK MARKET.  
(Canadian Press.)  
New York, April 23.—Higher prices for some of the less prominent coppers, together with moderate revival of activity in "war" industrial and equipments imparted a semblance of steadiness to today's stock market, but the undertone was mostly irregular. Trading was on a reduced scale, with frequent pauses.  
Pressure was again directed against the speculative favorites, but without much effect. Some of the lower grade railways whose financial position is admittedly precarious registered decidedly lower prices. Motors, Tobaccos, Petroleum and sundry other specialties declined 2 to 8 points. As a whole, the session was void of significance, except for the abatement of public inquiry. Local tractions were alternately lifted and depressed on rumors of developments in connection with Interborough-Metropolitan.  
Pursuant to its recent custom the list descended to lowest prices in the final hour, some of the standard investment issues yielding a point or more. Unlike similar movements of the current week, however, the decline was gradual, with no appreciable acceleration from the short interest.

International shares were lower in London and later sales for that centre, as well as Paris and Amsterdam were made in this market. Holland, which holds large amounts of American railroad securities of the minor class, was said to have liquidated some of these issues, in turn buying coppers.  
Large copper producers again advanced the price of their commodity, 18 1/4 cents being quoted for prospective heavy consignments to England. There were rumors of contracts for structural steel and for shipment to foreign points, but these lacked confirmation.  
Signs of continued improvement in transportation conditions were seen in the earnings of Southern Pacific and Baltimore and Ohio for March. The former made a net gain of \$341,000 and the latter \$277,000. Bank clearings denoted an expansion of mercantile business at leading points. Forecasts indicate a material gain in local reserves, on heavy receipts from the interior.  
Total sales of stocks amounted to 634,000 shares.  
Bonds were irregular, minor railway issues falling in sympathy with the movement in shares. Total sales par value, were \$4,750,000.

**MONTREAL CLOSING LETTER.**  
McDougall & Cowans, Stock Brokers, 81 St. Peter Street, Quebec. H. S. Thomson, Mgr. Tel. 246.  
Montreal, April 23.—Wheat—Strength in Liverpool and large export sales yesterday gave a strong tone to wheat, the opening being well above yesterday's close, and the range for the entire day higher. Weather was again favorable for the growing crop, but this influence was lost sight of in view of our rapidly decreasing stocks and excellent foreign demand, both for immediate and deferred shipment. Sustained foreign buying may reasonably be expected.  
Corn—Strength in corn was due in part to sympathy with wheat, but was more the result of a good class of buying by commission houses and cash interests. The foreigners are being disappointed in the Argentine crop, both as to quality and the inability of the South American country to ship promptly. This is attracting business to this country, as is shown by clearances this week of 1,725,000 bushels against 38,000 bushels last year.  
Oats—Oats again made a disappointing showing and closed lower, although other grains were strong. A moderate demand for cash inter-

**CLOSING LETTER.**  
McDougall & Cowans, Stock Brokers, 81 St. Peter Street, Quebec. H. S. Thomson, Mgr. Tel. 246.  
New York, April 23.—The market has been dull, greater part of session and prices showed no definite tendency there being strength in a few specialties, while certain other issues were inclined to weakness. War orders were a factor in causing advances in equipment issues and Westinghouse, while a still further advance in asking price for copper to 18 1/4 cents a pound, helped the bull movement in Inspiration, but the copper stocks were supplied on strong spot. Alaska Gold advanced on reports of a large production at a portion of mill which has been completed than had been counted upon prior to the commencement of operations. U. S. Steel was heavy on rumors that the forthcoming quarterly statement would show which would be insufficient to cover less than \$15,000,000 net, an amount the periods dividend requirements for preferred stock.  
At the close the market was irregular and the tone was somewhat heavy. Total sales, 635,000; bonds \$4,662,000.

**CLOSING LETTER.**  
By private wire to Bruneau & Dupuis, Stock Brokers, 11-13-15 Sault-au-Matelot Street. Phone 1596. A. A. Gingras, Manager.  
New York, April 23.—The market today has been much quieter and although not really weak the tendency has been moderately reactionary. Certain stocks, notably in the copper group, have been strong, but the general tendency has been toward dullness.  
This is a good sign on a reaction and the probabilities are that before long we shall have an up-market again.  
Total Sales, 624,249; Bonds, \$4,662,000.

**ST. GEORGE'S DAY.**  
Quebec, April 23rd, 1915  
Mr. Editor of Chronicle:—  
During my peregrinations yesterday morning I noticed a flag flying from the flag-pole on the City Hall, and also at the English Cathedral. On passing along St. Anne street I noticed that the emblem of the St. Andrew's Society was proudly spread to the breeze from the Morrin College. A little further along the Canadian Jack was flying from the building of the W. C. A. On enquiring why these flags? I was answered, "St. George's Day." Oh! But between the two latter mentioned places I was sorry to see a bare flag-pole, where I would have been delighted to see the green flag of Old Ireland displayed, as a token of the fraternal good feeling that has always existed between the different nationalities of Quebec; and the more especially at this particular time when the sons, aye, and the daughters too, of our three Quebec nationalities are fighting not only for the flag of St. George but equally for the "Rampant Lion" of Scotland, the Tricolor of France and the green flag of Old Ireland, and in fact for the flag of the liberty of the world. The Directors of the Institute are gentlemen so well and favorably known in Quebec, that it is safe to say that the omission was quite accidental.  
Allies all.

**COMFORTS FOR SOLDIERS**

Mrs. J. C. McLimont wishes to thank all the members of the Stadacona Chapter, Daughters of the Empire and others, who so generously helped her in sending the 100 "Soldiers' Comfort Bags"; Lt.-Col. Birkett for the No. 3 General Hospital (McGill) which is so soon to leave Montreal for the front.

As the following letter shows, the gift has been thoroughly appreciated by the staff of this hospital, which is to carry out its sphere of usefulness on the lines of communication and which with its modern equipment, complete in every detail, and with the newest and best appliances for the care of sick and wounded will of a certainty accomplish a work which will be of the Province of Quebec, from which it is recruited, will follow with especial interest and pride.

Mrs. E. M. McLimont, 81 St. Louis St., Quebec.

Dear Mrs. McLimont:  
On behalf of my Officers, Nursing Staff, Non-commissioned officers and men of No. 3 General Hospital (McGill) C. E. F., I wish to express to you and your friends of the Stadacona Chapter our sincerest thanks for the gift of three cases of supplies for the use of the hospital. The contents, consisting of 100 soldiers' comfort bags have been received in excellent condition, and will prove most serviceable. I assure you that your generous donation is warmly appreciated, not only for its usefulness, but also as an evidence of your sympathetic interest in the humane work which it is our privilege to undertake, and in which you thus participate.

We are very sorry to lose Colonel Adami from our Staff, but are gratified by the honor which his new position confers, and we hope still to have the advantage of his assistance, and that he will have occasion to visit us frequently in the course of his new and important duties.

With kindest regards and sincere thanks,  
Believe me,  
Yours very sincerely,  
H. S. BIRKETT,  
Colonel,  
O. C. No. 3 General Hospital, McGill, C. E. F.

**CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED**

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM TENDER STOMACH OR BOWELS.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

**LEGAL INTELLIGENCE.**

**Judgments Rendered—Writs Issued—Insolvent Case.**

**Judgments by Hon. Justice Cannon.**

**Lemieux vs. Town of Levis—**Plaintiff claims from defendant \$800 damages for loss of goods by the water running in his cellar, by the fault and negligence of the defendant, on two different occasions. Defendant pleaded a general denial, alleging that the notice of thirty days had not been given it by plaintiff, according to law, and that if the water had been in the plaintiff's cellar, the cause was due to the fact that the cellar is too low and to the poor condition of the foundations of the house. The Court condemned the defendant to pay plaintiff \$394.37, with interest and costs.

**Lemieux vs. Town of Levis: Town of Levis, plaintiff in warranty, vs. Gray, defendant in warranty—**Plaintiff in warranty alleges that defendant in warranty is responsible for the damages caused to the plaintiff in chief because his canal was blocked in different occasions and particularly on the date mentioned in the principal demand; that plaintiff in warranty notified the defendant in warranty of the obstruction of his canal. Defendant in warranty denied that the canal was blocked and that he was liable for the damages which may have been caused to the plaintiff in chief.—The Court maintained the action in warranty and condemned defendant in warranty to indemnify plaintiff in warranty of all condemnation and to pay the costs of the action in warranty.

**By Hon. Justice Belleau.**

**Peppin, esq., vs. Rheame—**The plaintiff brought an action claiming the possession of a lot in the township of Tewkesbury. The Court, considering that the defendant resided for many years on the lot in question and that he is presumed to be the real owner of the said property, dismissed the action with costs.

**Boucher et al. vs. Bergeron—**Plaintiffs ask by their action the nullity of a certain deed of gift, dated at Levis, the twenty-sixth of July yast, passed before Martineau, notary, alleging the insanity of the donor the late Simon Boucher; the donor having given to defendant an immovable with buildings, in the town of Levis. Defendant pleads that he is married to the donor's niece, and that it was for his wife's consideration that the gift was made by the donor; that the donor lived many years with them and had expressed his desire to reward them for the cares and devotion given to him and his wife; that the donor was perfectly sane at the time of the passing of the deed and knew exactly what was the nature of the deed he was signing. The Court dismissed the plaintiff's action with costs.

**By Hon. Justice Malouin.**

**Roy vs. Beauchamp—**Judgment according to the conclusions of the action.

**Bisson vs. National Jewellers, Ltd.—**Same judgment as above.

**Leblanc vs. Ledoux—**Plaintiff's action to annul marriage with defendant, maintained with costs.

**By the Prothonotary.**

**Dupuis vs. Pleau —** Judgment against defendant for \$228.20, interest and costs.

**Lemoine et al. vs. Dussault.** Judgment in plaintiff's favor for \$200.63, interest and costs.

**Cote et al. vs. Couture.** Defendant is condemned to pay plaintiffs \$337.17, interest and costs.

**Rock Shoe Mfg. Co. vs. Schwartz.** Judgment against defendant for \$339.17 interest and costs.

**North Shore Realty Co. vs. Lavoie.** Judgment in plaintiff's favor for \$267.23, interest and costs.

**Writs Issued.**

Writs of summonses issued from the Prothonotary's Office:—  
Joseph Milhomme vs. Alphonse Digle, St. Girard, \$200, in factum.  
Blue Ribbon Tea Co., Ltd., vs. Jos. Lambert Notre-Dame de Charny, \$126.78.  
P. F. Legare, Lee, vs. J. Eugene Ouimet, St. Gregoire, \$177, promissory note.  
Consolidated Fireworks Co. of America vs. Joseph Roy, Quebec, \$225, promissory note.  
Mrs. Lea Cloutier vs. P. Belanger, Surg., Quebec \$182.02, account.  
Max Diamond et al vs. Jacob Schwartzbard, Quebec, \$130.40, promissory note.  
The Quebec County Realty vs. Nicola Teharros and Georges Preyantes Quebec, \$1,680.  
J. R. Castonguay vs. Ulric Charland, Ste. Philomena; and Aloin Joly de Lotbiniere, Platon; sairie-arret before judgment, \$100.

**THE LIGHTER SIDE.**

Popular Pastime (for Irishmen):—  
Trying to disguise yourself as an Englishman by wearing a rose on St. George's Day.

"I wish," she said a little impatiently, "you wouldn't ask me again to be your wife. I have thought it all over and I'm sure I can never learn to love you."  
"Oh, that's all right," he replied. "I don't expect you to learn to love me, but please let me keep on trying to persuade you. I expect to go into the real estate business, and I'll need all the practice along that line that I can get."

She—Do you think it possible for a man to love two women at once?  
He—Yes, twenty at once if they were all like you.

One of the needs of the hour is a waterproof easy chair for early fishermen who cannot keep away from the cold, damp banks of chilly streams.

American Expert says "women may be kissed on the cheek without serious results." Except to the complexion, sometimes.

That derby hats make men bald might be believed, except that Elisha didn't wear one.

How would the American papers get out without Thaw?

**THE PLAINS OF ABRAHAM.**

(Where Golf has been played since 1875.)

(By Robert Stanley Weir, in Golf Illustrated, New York.)

Here, where so long ago the battle roared,  
Sore fighting Dawn when trembling she arose  
And saw the precious blood of Wolfe out-poured  
And France's hero sink to long repose:

The grass, they say, is greener for the red  
That drenched these plains and hollows all about;  
And those thrice fifty years or more have spread  
Much peacefulness on glacia and redoubt.

Yes, Mother Nature grieves, but hideth soon  
All trace of battles, ravage, death and pain.  
The birds began to sing that afternoon—  
The dusty, trodden grass to rise again.

And many a year the Citadel's gray walls  
Have seen the quiet golfers at their play:  
Passing old ramparts, rusted cannon-balls,  
And sighting gunless ships the river way.

Thrilled with the peace of golf the players said:  
"Those old, wild wars can ne'er again have birth;  
The living shall no longer mourn their dead  
Untimely gathered to reluctant earth.

"The Tribes shall rest—nor nearer conflict come  
Than when a friendly foursome play the game.  
The roaring voice of Wrath is stricken dumb,  
O better brotherhood than battle fame!"

But hark the thunder of unnumbered guns  
By salt Atlantic breezes hither blown,  
And bitter cries from countless weeping ones!  
And Peace her cold hands wringing all alone!

**HAVE YOU A 'RA' SORE? READ HOW ZAM-BUK HEALS**

No matter where the sore, or how caused, Zam-Buk, the great herbal healer, will be found adequate to the case. Unlike ordinary salves, Zam-Buk is purely herbal—contains no animal fat, no poisonous coloring matter. Read how Mr. B. Ellis, of Castleton, Ont., proved its value. He says: "I suffered for years from a running sore on my toe which started from a frost bite. The pain was so severe I was unable to sleep. The sore went right to the bone and the foot was terribly swollen and inflamed. In vain I tried numerous remedies. At last, seeing an advertisement for Zam-Buk, I decided to give it a trial. The result has been most satisfactory. Zam-Buk quickly eased the pain and took away the swelling and inflammation. Perseverance with Zam-Buk has entirely healed the sore."

For eczema, ulcers, abscesses, scalp sores, and all skin troubles, Zam-Buk is unequalled. It is also just as good for piles, sprains, cuts, scalds, or as a "first aid." As soon as applied, the rich healing essence of which Zam-Buk is composed penetrate right to the root of the trouble, and so stimulate the cells that new healthy tissue is quickly formed. Zam-Buk heals from the bottom up, hence its cures are permanent. All druggists and stores.
