World News In Brief

Shanghai, Feb. 1.—(Reuters)—Relatives of missing passengers today wrecked the offices of the United Steamship Corporation of China when they became dissatisfied with replies to demands for latest information on an estimated 1,000 persons lost in a sea collision last Thursday night. The 2,489-ton vessel Taiping, owned by the United Corporation, went down after colliding with the 1,700-ton freighter Kinyuen near the mouth of the Yangtze.

Brussels, Feb. 1.—(Reuters)—Belgian gas and electricity workers began to go back to work today after a strike which threatened sweeping power cuts throughout Belgium.

Agreement was reached during the night on the workers' claims for pay increases.

Ripon, Wis., Feb. 1.—(AP)—Fire raged through the Grand View Hotel here early today, trapping an undetermined number of persons in the flames.

Witnesses said that "most" of the 48 guests had escaped but police chief Ira Dunham said as the blaze was brought under control, "there are some still in there." At least two persons—and possibly as many as six—were unaccounted for.

Las Palmas, Canary Islands, Feb. 1.—(AP)—A Spanish naval commander announced today the discovery of wreckage believed to be part of an American B-29 Superfortress missing since Thursday. He said no survivors had yet been found. The commander said he received a radio message from a Belgian ship reporting that the wreckage was located just before midnight last night at a point half way between the Canaries and Gibraltar.

Rangoon, Feb. 1.—(AP)—Fighting between Burmese troops and Karen tribesmen broke out this morning at Sawbawgyigone, ten miles north of Rangoon.

The fighting is near Insein and Karen sources said the battle raged under the home of Saw Ba U Gyi, president of the Karen national union, with whom they have not been able to make contact since yesterday morning.

Seoul, Korea, Feb. 1.—(AP)—Police at Kaesong, 35 miles northwest of Seoul, notified the United States army today they had killed one north Korean soldier in a border clash. The police said they pushed back 200 north Koreans who moved 300 yards into south Korea Monday. Forty Kaesong police armed with rifles and machine-guns participated.

Berlin, Feb. 1.—(AP)—The American military government's German newspaper here claimed today that the Russians are plotting a putsch to oust Yagoda's Premier Tito before March 15. The newspaper, Neue Zeitung, said its information came from "Balkan experts" in Berlin.

Hungary Lines Up Formally In Orbit Of Soviet Russia

Budapest, Feb. 1.—(AP)—The republic of Hungary, on its third anniversary, today became a "people's republic."

The National Front of Independence, the name of the coalition of Communist-dominated parties participating in the government, was renamed the People's Front of Independence.

Mathias Rakosi, No. 1 Communist of the country and its deputy premier, will be chairman of the supreme council of the People's Front. Premier Istvan Dobi, a member of the Smallholders party, and Ferenc Erbel, minister of state and a Peasant Party member, will be vice-chairmen.

A new constitution will be written. All this was proclaimed in a speech by Rakosi this morning, and announced in a formal statement. The move lined up Hungary in the actual form of the other "People's Democracies" in the Moscow orbit, although it has long had the outward trappings.

The change-over was made three days before the trial of Joseph Cardinal Mindszenty of the Roman Catholic Church is scheduled to begin on charges of plotting against the government.

Dobi's Smallholders party, which won a heavy majority in the last free election in Hungary before the Communists won control in May, 1947, will have 10 of the 43 seats in the supreme council of the People's Front.

Throne Speech Debate At Ottawa Brings A Second Motion Of Non-Confidence

Scandinavia Still Studies New Alliance

Copenhagen, Feb. 1.—(AP)—The attitude of Scandinavia toward the north Atlantic security pact may be determined definitely in the next week or 10 days.

Although Sweden, Norway and Denmark were not able to agree on a joint program during months of conferences, they now are free to act individually.

Norway, which has favored joining the western powers despite Russian pressure, may be the first to make a decision. Sweden is expected to stick to her policy of neutrality. Denmark, which wavered between the two, may make up her mind soon.

Foreign minister Halvard Lange of Norway will address Parliament today on the Scandinavian defense talks. His speech will be followed by a debate on the labor government's defense policy.

The national council of the Norwegian labor party last night voted unanimously to back the government's policy, which is reported to be in favor of joining north Atlantic powers.

A showdown on Denmark's attitude toward possible military cooperation with the western powers is expected next week when

US Plane Exceeds 1,700 M.P.H. Mark

Cleveland, Feb. 1.—(AP)—An aviation plant executive has confirmed indirectly that the X-1, first airplane to exceed the speed of sound in level flight, has attained velocities of 1,700 miles an hour and climbed to an altitude of 80,000 feet.

Lawrence D. Bell, Buffalo industrialist and aviation pioneer whose firm engineered the rocket-powered, experimental craft made his disclosure last night in an address before the third annual banquet of the Cleveland Technical Societies Council.

Bell said the plane was designed to hit the 1,700-mile-an-hour and 80,000-foot marks and then disclosed that the X-1 has been entirely "successful" in all its tests.

Air force security regulations prohibit naming exact results achieved.

Bell also said that his Bell Aircraft Corporation in Niagara Falls, N.Y., is building a plane "60 to 70 per cent faster than the X-1."

Such an aircraft would reach speeds in excess of 2,400 miles an hour. This is more than three times the velocity of sound—763 miles an hour at sea level.

Only limiting factor, Bell told the engineers and technical men, is that the present X-1 runs out of fuel while still accelerating. Its rocket motor develops 25,000 horsepower at full speed, he said. By comparison, the most advanced reciprocating airplane engine delivers a maximum of 4,000 horsepower.

C.C.F. Leader Coldwell Says Government Failed People on Matters of Health, Marketing and Speculation—St. Laurent Raps Drew.

By GEORGE KITCHEN, Canadian Press Staff Writer.
Ottawa, Feb. 1.—(AP)—A second motion of non-confidence in the Government went on the Parliamentary record today as the developing Throne Speech debate gathered steam.

It came from M. J. Coldwell, C. C. F. leader, who urged the Commons last night to vote lack of confidence in the administration on the grounds it had "failed" in three points:

1. Provision for an over-all national health insurance program.
2. Provision for the orderly marketing of agricultural products and for the exchange of goods needed in Canada.
3. Elimination of speculation in foodstuffs.

It was a sub-amendment to a non-confidence motion moved Friday by George Drew, Progressive Conservative leader, which asked the Commons to advise the Governor-General that the administration no longer possesses "the confidence of this Chamber."

Both are traditional opposition thrusts which are appended to the address in reply to the speech from the Throne. They will not come up for decision for several weeks.

Mr. Coldwell moved his motion after Prime Minister St. Laurent, concluding a 3½-hour speech started last Friday, defended his new administration and charged that Mr. Drew, who had based his maiden speech on Dominion-Provincial relations, had changed his stand on that question from time to time.

He wondered, said the Prime Minister, what Mr. Drew's stand on Dominion-Provincial relations would be "if the country was ever so imprudent as to put him in charge of its affairs."

Solon Low, Social Credit leader, said the fact the Government was negotiating an Atlantic security alliance indicated it had "lost faith" in the United Nations as an instrument for world peace.

To meet domestic problems and avert a possible depression, he urged the adoption of Social Credit financial theories.

Justice Minister Carson announced the establishment of a three-man commission to review the criminal code, with Chief Justice W. M. Martin of Saskatchewan as chairman.

Trade Minister Howe said the Government is considering whether to establish a floor price for wheat for the 1949-50 crop year, and warned farmers that wheat is in surplus, with markets for the future clouded with uncertainty.

Mr. St. Laurent said the presentation of the budget will not be "delayed" at this session, leading many to surmise that it will be brought down in early April, possibly with a view to an early election in the Federal field.

He also disclosed that the Government is considering the possibility of establishing immediately some television stations which would not interfere with a long-range television program.

Mr. St. Laurent labelled as "absolutely false" a statement made in the Ontario Legislature by Mr. Drew to the effect that the Federal government claimed to have power to change provincial rights on language, property and civil rights.

As for Mr. Drew's call for a new Dominion-Provincial conference, he said he was convinced that pre-election conferences were useless because there was no general desire to deal with matters on their merits "with one eye cocked on elections."

Criticizing the Government's health program, Mr. Coldwell said the \$30,000,000 voted last year for health expenditures could not be considered a national health plan because part of it was earmarked for a health survey.

End Of War In China Is Still Distant

By HAROLD K. MILKS
Nanking, Feb. 1.—(AP)—Li Tsung-shen's government, showing new life, sharply warned the Communists today to lay off irrelevant demands if they want peace.

A statement attributed to the acting President's office told the Reds the government was still able to fight, but that continuation of hostilities was undesirable "because the people can no longer bear civil war."

The message, presumably sent by radio, said:

"If you keep raising irrelevant issues, one today and another tomorrow, we will find it impossible to meet your demands. We believe since both sides agreed to Communist leader Mao Tse-tung's eight points as the basis of discussion it is proper that other conditions should be subjects for discussion around the table."

"If you say that certain conditions should be executed first, then why is it necessary for us to hold a peace conference at all?"

What angered Li's government was three recent demands of the Reds. They were the re-arrest of Li Gen, Yasutsugu Okamura, former Japanese commander in China, and a Chinese military court last week; detention of all Red-described Chinese "war criminals"; and complete recognition of the local Peiping power pact.

The statement indicated the government and the Communists were still far from a position where they would be able to seat delegations around a conference table.

Within itself, the Li government's peace hopes brightened. Friends said the acting President was determined to exhaust every peace possibility before abandoning Nanking, the capital.

They said he had managed to persuade Premier Sun Fo and other ministers to return here from

Political Activity Quickens As Nicolet Vote Approaches

Nicolet, Que., Feb. 1.—(AP)—Political coming and going is quickening in this Quebec constituency of Nicolet-Yamaska as Feb. 7 nears, the date for a Federal by-election here to fill a vacancy in the Commons caused by death.

During the week-end supporters of the two principal candidates—a Liberal and Progressive Conservative—moved into the riding to begin wind-up campaigns for their respective candidates.

The by-election will mark the first Progressive Conservative test of strength in Quebec since George Drew was elected party leader. It will be the party's third bid for a Quebec seat since the 1945 general election when only one Progressive Conservative member from the province was elected to the Commons.

Three candidates are seeking election to the seat which has been Liberal since 1923 when the ridings of Yamaska and Nicolet were combined. Prior to that the Liberals held both seats continuously from 1921.

The candidates: Paul Trahan, a 40-year-old Montreal lawyer, carries the official banner of the Liberal party; Renaud Chapdelaine, 37-year-old Nicolet lawyer, represents the Progressive Conservative; and Romulus Manseau, Nicolet County farmer, will run as an Independent Liberal.

Estonian Refugees Arrive

Seen above are some of a group of 51 Estonian refugees who arrived by air at Derval yesterday after a flight from Sweden where they had sought refuge from Russian persecution in their homeland. Of this first group of 200 refugees who are coming to Canada, 21 came to Sherbrooke today. They are textile workers, and their families, who will be employed at the Darnall Textile Company mill here on machines which are new. The top picture shows Betty Tull, Edna Lill, Wilma Gus and Hilka Sier. The lower picture shows Voolter Livers, his wife and six-year-old daughter. Another group of workers for the local mill will arrive later.

United States Grand Jury Investigating Spy Activities Will Question Sam Carr

Canadian Heard At Axis Sally Trial

Washington, Feb. 1.—(AP)—Former prisoner-of-war, including a Canadian, were called to the witness stand today in the "Axis Sally" treason trial.

Capt. Harvey Crosswhite of Hamilton, Ont., and Grover McKimsey of Denver, were the first on the list.

John M. Kelley, Jr., chief prosecutor, said McKimsey and Crosswhite were needed to testify about being interviewed by the defendant, Mildred E. Gillars, 48, also known as "Axis Sally."

Kelley said they were fellow prisoners at Chateaux, France.

The treason indictment against Miss Gillars alleges that she "did solicit and persuade" soldiers at

Longueuil Flood Spreads To Homes

Montreal, Feb. 1.—(AP)—More than 200 residents of suburban Longueuil, awakened and driven from their homes earlier by rising flood waters and ice floes, today reported damages caused to their homes on the banks of the St. Lawrence River just opposite Montreal.

Volunteer workers, wearing blue-jean rubber boots, pored their flat bottom craft from house to house where they took off men, women and children and escorted them to safety.

There was no loss of life reported, and as far as could be ascertained, no injuries suffered.

The heavy ice floes, pushed by rising flood waters, cascaded into the streets and for more than three hours the entire district remained under official sources here.

Another United States group, the House of Representatives Un-American Activities Committee, has been seeking to question Carr before he is returned to Canada.

The committee and the grand jury both have been seeking to establish what relation, if any, the Canadian spy ring had to similar groups operating in the United States.

Another witness scheduled to appear before the grand jury today is Alexander Stevens, also known as J. V. Peters. He has been denounced by the Un-American Activities Committee as chief of the Communist underground in the United States.

Mr. King last night told reporters that Carr had been on his way home to Canada from a Communist meeting in Cuba when members of the spy ring were arrested by Canadian authorities in February, 1946. He had entered the United States legally on a transit visa early in the month but did not continue on to Canada.

Five Children Lose Lives In Two Fires

Bristol Mines, Que., Feb. 1.—(AP)—While she struggled with neighbors who held her back, a grief-stricken mother yesterday was witness to a fire in which her three young children perished.

Mrs. C. J. (Joe) Cleary was only gone from the house a few minutes when the blaze of undetermined origin gutted the one-story frame dwelling in this village 50 miles northwest of Ottawa.

Dead are four-year-old Lorraine, two-year-old Dwayne and eight-month-old Andrew. Their father was at work at the nearby Stewartville hydro project on the opposite side of the Ottawa river.

Death of the children brought to 14 the number that had perished in fires in Canada in the last four days. Nine perished in the New Waterford, N.S., fire Friday; two in the River Hebert, N.S., fire yesterday.

Mrs. Cleary was at the village post-office when she happened to glance towards her home and saw smoke coming from it.

Seconds later the house was in flames. While neighbors held Mrs. Cleary, two brothers—Mervin Henderson and James Bohan—risked their lives by crawling into the burning home. Dropping on their stomachs they crawled to the kitchen.

Two feet from the oven Henderson could see a carriage. Bohan helped him pull it out. In the carriage was the baby, Andrew. He was dead.

Henderson and Bohan entered the blazing structure again. They found Dwayne lying under the kitchen table. He also was dead.

Four hours later, probing in the ruins, Henderson found the body of Lorraine, huddled between a wooden bin and a stove and burned beyond recognition.

Qubec Will Take Up Private Bills

Quebec, Feb. 1.—(AP)—The Quebec Legislature resumes its sittings today and before the end of the week private bills will come up for committee study.

The Legislative Assembly which last week wound up the Throne speech debate and gave its approval to a dozen government measures will meet this afternoon.

Private bills committee of the Lower House is due to start work on nearly 160 private measures Wednesday morning and the Legislative Council, provincial Upper House, will take up government legislation where the Legislative Assembly left off.

Measures that will come before it include additional credits for farm loans and land draining, an increase in the budget of a commission studying rural waterworks and sewage systems, and a bill to increase government spending for office quarters.

All these measures were passed before the Lower House was adjourned last Thursday for the week-end.

A number of important measures, including a bill for an appeal court with jurisdiction over provincial laws such as fish and game regulations, still await study by the Assembly.

Fate of the Provincial labor code draft, introduced as Bill No. 5 on the opening day of the session, remains in doubt in view of dissatisfaction expressed in labor circles.

Israel Wants Friendship Of Russia And United States

Tel Aviv, Feb. 1.—(AP)—Israel intends to seek friendship with both the United States and Russia, Prime Minister David Ben-Gurion said last night.

He outlined the policy of the government in a broadcast, his first since Israel's elections which gave the Mafpi party the largest vote of any single party. Ben-Gurion spoke shortly after the United States announced it was recognizing Israel as legal government of Israel. Previously United States recognition of Israel was on a "de facto" basis, without an exchange of diplomatic representatives.

Ben-Gurion said Israel also intends to seek an alliance with Arab states and support the United Nations. The government must have a policy of full equality for all citizens, regardless of race, religion, and sex, he said, and engage in economic planning.

The Prime Minister did not speak of the armistice negotiations with the Egyptians at Rhodes. Reports from that island said the boundary question in the Negev had reached a point where the Egyptians were faced with the alternatives of making major concessions or taking responsibility for breaking off the talks. An Egyptian delegate left the conference to take to his government in Cairo a plan for a settlement offered by the acting U.N. mediator, Dr. Ralph Bunche.

Frank Jordan, recognized by the United States yesterday, has been independent since 1946 when Brit-

Q—What is the meaning of the expression, "make the welkin ring?"
A—Welkin means the sky or the vault of heaven. The meaning of the phrase therefore would be to imply a noise that would seem to reach to the sky.

MOVIE ACADEMY RACE DE-VELOPS INTO BATTLE OF THE BLACKJACKS

Hollywood. The boys have started to play peat-snob with blackheads in the Academy race. I have before me a full-page advertisement in dainty Variety, taken out by Warner Brothers, which quotes the cinema section of Time Magazine of Jan. 3, 1949. The quote: "The best of 1948... the critics paused long enough... to pick the 10 best pictures of 1948. By week's end, four notable lists had appeared. Only two films landed on all four lists: Sir Laurence Olivier's monumental Hamlet and Warner's melodrama, Johnny Belinda."

The advertisement, of course, failed to include Time's next sentence, which read: "Twentieth Century-Fox's shocker about insanity, 'The Snake Pit,' placed on three lists (its late release missed the deadline for the fourth)."

Can Afford It? A Hollywood extra and bit player named Florence Vinsen had to

decline an invitation to President Truman's inaugural gala and it almost broke her heart. "But it would have broken my bank account if I had gone," Flo said, "and I can afford a broken heart."

The mailman brought the official invitation to Flo's tiny walk-up Hollywood apartment. She said she wasn't too surprised, but her neighbors launched a two-day celebration. "I guess," said Flo, "the President or somebody saw all my publicity."

Flo, who is short and bulging and a character, is Hollywood's self-styled "Premiere Queen"—"I haven't missed a premiere in 23 years"—which Warner Brothers made official recently at the "Johnny Belinda" premiere. Flo said she added a postscript to her letter declining the invitation—she ignored the committee and mailed it direct to Truman. The P.S. read: "Maybe I can make it in '53.'"

New Faces Universal's big campaign to find new faces for the screen reminds me of Walter Catlett's classic crack to a studio executive with whom he had been feuding for a long time. They met on the lot and the executive said he was going to New York. "What for?" said Catlett. "To find some new faces," said the executive.

"Well, while you're there," said Catlett, "get a new one for yourself."

Now it can be told how Jane Greer got her release from Howard Hughes so she could win stardom at RKO—where her new boss is H. H.

Howard tore up her contract after Jane agreed to pay him back \$7500 he had invested in her. Jane

"Purebred Cattle For Export" Are Radio Topic

The speaker on the Agricultural Broadcast for last week was R. M. Elliott, Agriculturist for Compton County, in Cookshire, who addressed the radio audience on "Purebred Cattle for Export."

Mr. Elliott stated that the United States has become an important source for purebred cattle. Rock Island alone, which is the principal port of entry for cattle from counties adjacent to Sherbrooke, receives several hundred each month. In fact, during the five summer months the average was nearly 1200 head monthly.

The Federal authorities of the United States, working with our own Dominion Government, have worked out definite requirements for the moving of these cattle from Canada to the United States. These regulations are not just so much red tape but must be observed in every detail. Some of the more important points which must be rigidly adhered to follow:

All animals must be free from all physical defects, and absolutely free from any contagious skin disease such as ring worm, itch, etc. Color markings must correspond with those appearing on the pedigree. Omission of outstanding markings can cause considerable difficulty at the border, both with custom officials and veterinaries who blood-test the animals.

Tattoo markings are one of the chief sources of trouble. These markings must be clear and should be easily read without a flashlight. Sometimes the ink will fade, but no attempt should be made to retattoo the animal again without first obtaining the authorization of the Canadian National Livestock Records Office. The markings on the ear must correspond exactly with those on the pedigree.

Mr. Elliott mentioned that Azarom has strict instructions not to make a practice of tattooing. In most cases, they are not equipped to do it, and then there is the cost of travelling, and it is often convenient to blame the other fellow if an error is made. Breeders are required to tattoo any stock being registered and would find it much more convenient to have an outfit of their own. They are fairly expensive, but a discount is given if brought through a breed association, and a set

sent him \$25 a week—for two weeks. Then one evening they met at a party and Hughes said: "Jane, you're four weeks behind in your payments and you still owe me \$7450."

"Well," said Jane, "to speak quite frankly, I think I need the money more than you do, Mr. Hughes."

Hughes laughed and said: "All right, forget it. You're a good sport. All I wanted to do anyway was win out in our argument. I don't mind losing money—but I hate to lose arguments."

Lennoxville United Church Has Annual Congregational Meeting In Scott Hall

The annual congregational meeting of the Lennoxville United Church was held in the Scott Hall, which was presided by a delicious hot supper served by the men of the church. Much credit goes to them for their efficiency.

Rev. Mr. McLeod presided for the business period and in opening the meeting he introduced all newcomers and welcomed them to the church and the community. A silent tribute was paid to the departed, and Rev. Mr. McLeod led in prayer.

In giving his report he paid high tribute to all the church organizations and committees for their work in the past year. He noted that, at the last meeting, the burning of the mortgage had taken place and now the congregation was faced with the costs of the restoration and redecoration of the church and halls caused by the fire last spring. A new heating system had been installed. The tireless efforts of the building committee and the board, under the direction of Mr. W. G. MacDougall, were highly praised, also appreciation was shown to Mr. A. Matthews who acted as overseer.

In concluding Rev. Mr. McLeod stated that world conditions presented a dark and confused picture and so the church work should be strong, both here and abroad, and called on all to stand fast for the faith entrusted to them.

The various organizations and groups were then called upon for reports. Mrs. C. Hay reported for the choir, showing a satisfactory balance of \$90.48.

Mr. C. Force gave the report on the Young People's Union, whose campaign to send parcels overseas amounted to \$397. From this, 39 parcels were sent and, as a result of letters received, 13 other parcels were sent.

The usual program was carried out. Mr. P. Walton reported for the Sunday School, where 40 were enrolled with \$8 in the primary classes.

The highlight of the year was the Christmas tree and entertainment, which was directed by Mrs. A. Hunting and Mrs. D. Hadlock. Gifts from the congregation for this occasion were much appreciated.

Mr. L. Parker, treasurer for the Sunday School, reported \$393.60 taken in. Expenses were \$320.77, leaving a balance of \$72.83.

Mrs. N. McLeod read the W.M.S. report and expressed their regrets in the loss, through death, of Mrs. Helen Johnston and Mrs. A. B. McKee, and, by removal, Mrs. M. E. McCurdy, a life member.

Parcels had been sent to Korea and clothing to Toronto for shipment overseas. The sum of \$489 was raised and \$450 was forwarded to Toronto.

Mrs. K. Nugent reported 32 members in the Mission Band, who had raised \$25.

Mrs. W. J. Lane presented the report for the Baby Band who had an enrolment of 44 and from their boxes \$23.25 had been raised.

Mrs. R. W. S. Nuthbrown reported 35 members in the Women's Association and \$603.80 raised with the usual activities. \$400 was given to the R. and R. Fund.

Mrs. T. Seaton reported the Philathea report, showing 43 members, who raised \$1001.73 and spent \$1011.50. At Christmas 39 baskets were distributed in the Community and a monthly food parcel is sent overseas. \$500 was given to the R. and R. Fund.

The Equipment Fund showed \$132.83 on hand.

Mrs. L. McHarg reported for Young Women's Association whose main work is to operate a "Thrifty Shop." \$1224.80 was raised during the year and \$963.28 was spent.

Rev. Mr. McLeod commented on the outstanding work of the ladies in their various groups and noted that the next two groups to be heard from were undenominational but who held their social evenings in the Scott Hall, and were both open to any man or woman in the town to help to enhance the good will of the church and the community.

Mr. H. George reported 54 members in the Men's Own Club, who home. An auction sale of food will be held at the February meeting. A short article on "Publicity" was read by the conveners of education. A contest arranged by the hostess proved interesting. Mrs. Blampin won the prize. Mrs. Taylor was the winner of the surprise package. The meeting was adjourned and a social hour was enjoyed. The hostess served delicious refreshments.

The first card party of the season was held at the home of Mr. and Mrs. J. C. Sanborn. Cards were played at five tables. Those winning the prizes for highest score were Mr. C. C. Savage and Mrs. M. Touchette. Refreshments served by members of the Guild brought to a close a very pleasant evening.

Mrs. B. R. Blampin attended the Board meeting of the Women's Institute, held at the Queen's Hotel, Montreal.

Mrs. George Thompson and Mrs. Murray Nugent entertained the Women's Missionary Society at their home. It was a beautiful sunny afternoon and a number of visitors were present.

Mr. and Mrs. Lewis Eager spent an evening with Mr. and Mrs. Andrew Nugent.

Mrs. Jack Allan with her brothers, Leonard and Charlie Montgomery, attended the funeral of their aunt, Mrs. Clayton Daniels, in St. Johnsbury, Vt.

Carl Camirand Will Contest South Ward Seat Against Alderman Bergeron

A contest for the South Ward City Council seat now held by Ald. Norbert Bergeron is assured to day following the decision of Carl Camirand, one of the younger businessmen of the ward, to enter the lists in the March voting. His move was announced last evening when a group of residents of the ward waited on him with a request that he allow his name to stand. Mr. Bergeron has been on the Council for one year, being chosen at a by-election last March to fill the unexpired term of Max or Alphonse Truteau who had previously represented the division.

In accepting the candidature, Mr. Camirand declared: "I am not a candidate of a group or class, but I plan, if the electors give me their confidence, to devote my energies to the welfare of all the citizens, to the progress of my ward and of the city as a whole."

"In the past, my co-citizens have asked me to seek election in the South Ward. I have previously refused. I accept now because I believe I am in a position to devote my energies to public affairs."

"I was raised in the South Ward. I have passed all my life there and I know the needs of its population. I have no ties, if I have the honor to sit on the Council, I have the firm intention of making the voice of the South Ward heard at the City Hall."

The delegation waiting upon Mr. Camirand comprised: Paul Lussier, J. A. Melville, Adolphe Brault, Adrien Richer, James Kenally, Louis Blais, Lucien Hamel, Napoleon Gingras, Gabriel

CARL CAMIRAND

Gosselin, Jacques Pigeon and Francis Gauvin.

A second contest is assured in the East Ward where Felix Thibault has entered the lists against the retiring alderman, Ovide Desjardins. In the West and North wards no opposition has been forthcoming as yet to the return of Armand Pilette and Wesley Bradley.

Discussion Of Sales Tax Is On Council Agenda

City Clerk Antonin Deslauriers will probably be a busy man tonight when the City Council gathers for its regular session. The chief subject for debate will be the proposal to reconsider the resolution passed recently to seek permission from the Provincial Legislature for the imposition of a municipal sales tax. This morning the desk of the City Clerk was literally covered with petitions from various public groups demanding that the Council drop its proposals for expanding the municipal revenues by the imposition of such a levy. The protests came from such organizations as the Retail Merchants' Association, labor unions, the Union of Electors—the Quebec name for the Social Credit party—and women's associations. Each of these must be presented to the Council individually under the heading of requests and petitions.

Whether the question will be reopened is in grave doubt as three aldermen can block reconsideration as the consent of three-quarters of the Council is required to renew debate on a resolution within six months of its acceptance. One Alderman is notably favorable to the sales tax idea and two others are of the opinion that the City should at least seek permission to impose the levy, even if it was never put into operation.

However, the opponents of the sales tax believe that even if the tax is not reconsidered, any substantial opposition from the Aldermen will result in the Private Bills Committee of the Legislature killing the project.

Another question which might create some debate is that of town planning, the chairman of the Town Planning and Transport Committee, Ald. W. H. Bradley, making a report tonight on the progress toward engaging an expert to make a survey of local conditions.

Local Chamber Of Commerce Looks After Book Drive

The Sherbrooke Chamber of Commerce is looking after collections here for the nation-wide March of Books which got under way officially today.

The drive for books, especially comparatively recent technical volumes, dictionaries and the classics, will continue until March 1. The books are for shipment to Europe where, because of the war, libraries have been depleted of reading material.

All persons who wish to contribute books to the campaign have been asked by Alex Allard, president of the local Chamber, to telephone 4060, the Chamber's office. Collections will be made by the Chamber once a week and the books then will be sorted and shipped.

Smith, General Superintendent of Canadian National Express, J. J. Quinn, Superintendent of Canadian National Express and long time acquaintance and working mate of the honored guest, and Eddie Desrosiers, District Freight Manager of the company. Mr. Thomas thanked those present in a farewell address that brought back many happy days for those who knew him. Also seated at the head table were J. S. Mooney, Sherbrooke Agent of the company, who presided, and H. J. Enright, Sherbrooke city passenger agent.

Nelson Adair Addresses Local Optimist Club

"We let those people from Russia, those Communist snakes, come over here and try to tear down our homes, our way of life and our particular faiths. We must stamp them out like rattlesnakes for the sake of our children," warned Nelson Adair, guest speaker and entertainer, at the weekly meeting of the Optimist Club in the LaSalle Hotel last night.

He also told the members that the Christian religions must never, regardless of dogmatic doctrines, separate in the face of Communism. "Until the two faiths (Protestant and Catholic) are separated, the Communists will never take control of this country. The Protestant faith will not and cannot live without the Catholic faith and the Catholic faith will not and cannot live without the Protestant faith," he stated.

The speaker urged all Canadians to learn to appreciate their way of life and to abide unwaveringly by their own particular faiths, while also respecting the other man's personal beliefs.

Seated at the head table with the guest speaker and club president, Joe Gilbert, were Lucien Lalupille, vice-president of the Sherbrooke Optimist Club, Don Clowry, who introduced the speaker, Mr. Menard, a guest, and Clovis Buzell. Mr. Adair was thanked by Paul Lefebvre.

G. Blanchette Tells Lions Club Canada, Newfoundland Will Gain By Union

"The Union of Newfoundland with Canada will be an asset to both the Dominion and the 10th province," Guy Blanchette, local lawyer, told members of the Lions Club at their regular weekly dinner meeting held in the New Sherbrooke Hotel last evening. Subject to his address was "The Tenth Province of Confederation, Newfoundland."

"Canadian grants to Newfoundland will help pay the debts and exploit the national resources of the 10th province while Newfoundland will be of strategic importance to Canada," Mr. Blanchette said. "Canada's population will be increased by 32,000. Newfoundland has a large supply of iron, coal, asbestos, nickel, silver and lead."

Mr. Blanchette gave a historical review of Newfoundland and pointed out that it is the oldest possession of Great Britain in North America. He pointed out how Dec. 11, 1498, was a historical date for Canada and Newfoundland for on that day representatives from both countries ratified the official admission of the 10th province.

"In the summer of 1448 a vote was taken and a majority of 6, 10 voted in favor of the annexation," he continued.

"The airport of Gander will help Canada considerably as will the National Railway there. He outlined the conditions of the annexation pointing out how Canada will assume all debts of Newfoundland. Newfoundland will also receive \$180,000 annually, plus 80 cents for each inhabitant and the Federal Government will also give the island \$1,100,000.

"This is the third attempt at an-

dent, and R. C. Sullivan, of Chatham, Ont., secretary treasurer.

Other Association directors with Mr. Hunter are R. K. Buzell, Moncton, N.B.; Gerard Flourde, Montreal; H. R. Welch, Ottawa; J. P. McNair, Toronto; Arthur Duncan, Sudbury, and H. N. Boulbee, Vancouver.

A unique conference record was made, there being a hundred per cent attendance of organization members, from across the entire Dominion.

Mr. and Mrs. Ingram lived all of
their married lives in St. Johnsbury.
They spent the past 34 years in their
cottage home which they built on Orient
Street, moving from there just three months
ago. Mrs. Ingram had the rare attributes
of character which endeared her to both
old and young. Her home was always a
center in the community where they loved
to gather, as she possessed a keen wit
and a fund of interesting

stories, and was never happier than
when surrounded by children and
friends. She was young in heart
and spirit, and a tower of strength
to her family.

She was a life long member of
St. Johnsbury Church and was a
resident of the auxiliary to which
she was devoted. As long as her
health permitted she took an active
part in all branches of the
church's work. She was a member
of the N.E.O.P. and for many years
vice-warden of this organization. She
also served for several years on
the degree team of the Re-
bekahs.

Surviving relatives include her
husband, one sister, Mrs. C. C. Ar-
nold, of town; one nephew, Lyndon
H. Arnold, of town; two nieces,
Mrs. Fred Merrill, of Portland,
Me., and Mrs. Raymond Jelley, of
Manchester, N. H.; also two nieces
and two nephews, of Newport,
R. I.; and a nephew, Warren In-
gram, of Winter Park, Fla.; two
cousins, Mrs. Ernest Lamborne, of
Monmouth, Me., and Charles A.
Hodge, of New York City.

Relatives attending the funeral
from out-of-town included Mrs.
Marvin B. Hodge, of Lennoxville,
Que.

Friends acting as pall-bearers
were E. E. Donoghue, Hartwell C.
Moore, Dr. W. A. Gage and Ber-
nard A. Johnson.

Mr. Robert James Benja-
min Downes, of Arvida,
Que.

Mr. Benjamin Downes passed
away on January 23, at the home
of his brother, Mr. William Downes,
in Quebec City.

The funeral was held on Tuesday,
January 25, at St. Matthew's
Anglican Church with Rev. W. W.
Davis officiating, assisted by Rev.
Mr. Campbell and Rev. Mr. Pierce.

The hymns sung were "Unto the
Hills" and "Abide With Me."

Mr. Downes was employed as a
locomotive engineer by the Alumi-
num Company at Arvida, Que.

He leaves to mourn his loss two
brothers, Mr. William Downes, of
Quebec City, and Mr. Richard
Downes, of Sherbrooke, and two
sisters, Mrs. W. Mountain and Mrs.
T. King, of Charny, Que., also two
nieces-in-law, Mrs. William
Downes, of Quebec City, and Mrs.
Richard Downes, of Sherbrooke,
several nieces and nephews and a
host of friends.

MRS. VIOLA M. INGRAM, OF
ST. JOHNSBURY, VT.

St. Johnsbury, Feb. 1. — Funeral
services for Viola M. Ingram,
wife of Walter J. Ingram, were
held in St. Andrew's Episcopal
Church on Saturday, January 8, at
2:30 p. m., and were conducted by
the rector, the Rev. James Carson,
Jr.

Mrs. Ingram passed away on
Thursday morning, January 5, at
Brightbrook Hospital, following a
shock which she suffered at her
home on Cherry Street on January
4th.

Viola M. Hodge was born on
July 18, 1872, at Eaton, Que., and
was the daughter of the late David
Wells Hodge and Eliza Jane Jordan.
She was educated in the pub-
lic schools there and the Eaton ac-
ademy. When 19 years of age she
came to St. Johnsbury and was
employed in the Hudson Tailor
Shop on Railroad Street. She was
an expert seamstress and became
very efficient in this trade. On
May 21, 1895, she was united in
marriage to Walter J. Ingram by
the Rev. Frank Appleton, rector
of St. Andrews. She was one of a
large family who have all prede-
ceased her, except one sister.

Mr. and Mrs. Ingram lived all of
their married lives in St. Johnsbury.
They spent the past 34 years in their
cottage home which they built on Orient
Street, moving from there just three months
ago. Mrs. Ingram had the rare attributes
of character which endeared her to both
old and young. Her home was always a
center in the community where they loved
to gather, as she possessed a keen wit
and a fund of interesting

stories, and was never happier than
when surrounded by children and
friends. She was young in heart
and spirit, and a tower of strength
to her family.

She was a life long member of
St. Johnsbury Church and was a
resident of the auxiliary to which
she was devoted. As long as her
health permitted she took an active
part in all branches of the
church's work. She was a member
of the N.E.O.P. and for many years
vice-warden of this organization. She
also served for several years on
the degree team of the Re-
bekahs.

Surviving relatives include her
husband, one sister, Mrs. C. C. Ar-
nold, of town; one nephew, Lyndon
H. Arnold, of town; two nieces,
Mrs. Fred Merrill, of Portland,
Me., and Mrs. Raymond Jelley, of
Manchester, N. H.; also two nieces
and two nephews, of Newport,
R. I.; and a nephew, Warren In-
gram, of Winter Park, Fla.; two
cousins, Mrs. Ernest Lamborne, of
Monmouth, Me., and Charles A.
Hodge, of New York City.

Relatives attending the funeral
from out-of-town included Mrs.
Marvin B. Hodge, of Lennoxville,
Que.

Friends acting as pall-bearers
were E. E. Donoghue, Hartwell C.
Moore, Dr. W. A. Gage and Ber-
nard A. Johnson.

Mr. Robert James Benja-
min Downes, of Arvida,
Que.

Mr. Benjamin Downes passed
away on January 23, at the home
of his brother, Mr. William Downes,

January 25, at St. Matthew's
Anglican Church with Rev. W. W.
Davis officiating, assisted by Rev.
Mr. Campbell and Rev. Mr. Pierce.

Hills" and "Abide With Me."

Mr. Downes was employed as a
locomotive engineer by the Alumi-
num Company at Arvida, Que.

He leaves to mourn his loss two
brothers, Mr. William Downes, of
Quebec City, and Mr. Richard
Downes, of Sherbrooke, and two
sisters, Mrs. W. Mountain and Mrs.
T. King, of Charny, Que., also two

Downes, of Quebec City, and Mrs.

The Doctor Says

SMOKING CAN IRRITATE SOME; PLEASURE MAY OUTWEIGH IT

By Edwin P. Jordan, M.D.

Tobacco smoke irritates the delicate mucous linings of the breathing passages. Coated tongue in heavy smokers is the rule. The throat and larynx or voice box are irritated by heavy smoking and smokers frequently have a slight cough and hoarseness.

The person who stops heavy smoking suddenly tends to gain weight merely because he eats more.

People with ulcers of the stomach frequently are advised not to smoke.

Excessive smoking interferes with athletic performance. Shortness of breath on exertion after excessive smoking is usual. Athletes in training are not supposed to smoke during the period of their competition.

Causes Cold Feet?

Many smokers complain of cold hands and feet. This is probably because the nicotine absorbed causes some of the small blood vessels to contract and, therefore, to carry less warming blood to the regions. In some people the tightening of the blood vessels is so great after smoking that a temporary increase in blood pressure is produced. Those who have a definite blood vessel disease, such as Buerger's disease or Raynaud's disease should be definitely forbidden to smoke. Other people whose blood vessels respond unfavorably to smoking probably should give up the habit.

Whether smoking shortens life is highly controversial. One of the most authoritative studies of this subject comes to the conclusion that in men, at least, smokers after the age of 40 have a lower average expectation of life than do nonsmokers.

Different people are affected differently by tobacco smoking. Those who show definitely unfavorable effects or have diseases in which tobacco smoking is pretty well known to be harmful should give up the habit. The rest may feel that the pleasure of smoking is worth the possible harm. The easiest way to sidestep the issue is not to start.

Q—What is Milroy's disease?

A—This is a family disease which was originally described in 22 persons out of 97 in six generations. There is swelling of the legs without any apparent cause. It does not interfere seriously with health but bandaging is often advised.

Canada's banks have 7,000,000 bosses

Your bank account is one of seven million. You keep it in the bank of your choice. A bank exists by the confidence of its depositors. You're the boss.

YOUR banks operate under charters

granted by Parliament, which every ten years reviews and revises them.

Above all, the depositor is the controlling factor—the safety of depositors' funds is a bank's first concern. As a depositor exercising your free choice—yours is the power which keeps the bank alert to your needs.

And it works out. Impartial authorities have called Canada's banking system one of the soundest and most efficient in the world.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every banker a State official! State monopoly of banking, proposed by socialists here, would open your banking transactions to political intrusion.

The President Of Quebec Rebekah Assembly Visited Alexandra Lodge

Marriage Works No Miracle

Unsophisticated Children Rush To Altar
Full Of Wishful Thinking

Dear Miss Dix: I have been going with one boy since we were in high school. He is 21 and so am I. I want to get engaged but he wants me to wait until 1950. My friends and family tell me to break off, or get engaged, for if I don't get a husband now I will be an old maid. What should I do? Please try to help me, for I don't know which way to turn now.

DOROTHY DIX

PUZZLED.
Answer: I earnestly advise you to wait until you and your sweetheart are prepared to meet all of the responsibilities of marriage. Probably there is no other one thing in the world that causes so much unhappiness and the wreck of so many lives as boys and girls rushing into marriage before they are ready for it.
Every day we see immature youngsters getting married, although they haven't the slightest idea of what is going to happen to them after the knot is tied. They have no money, no trade or profession by which they can support a family, no homes in which they can set up housekeeping. They have to crowd in on their parents' over-full houses and depend upon their fathers and mothers to support them.

SORRY SPECTACLE

Apparently these unsophisticated children think that marriage works a miracle that automatically will provide them with clothes and food and cars and good times, but that is wishful thinking that never materializes. And so we have the sorry spectacle of child-wives fighting with their mothers-in-law; of young mothers going back with their babies to their parents; of young husbands running wild, all because they were not willing to wait to marry until they could finance it.

So I would urge every girl who is engaged not to push her fiancé into a premature marriage when his own judgment tells him to wait until he can support a wife before he takes one on. The happy marriages are those in which the husband and wife were willing to wait until they could afford it. The hasty marriages nearly always end in divorce.

Dear Dorothy Dix: Do you approve of any husband, particularly one who has gained prominence and a high political and church life, driving his secretary home from work in his own personal car? He is a devoted husband and father. Occasionally night work is necessary and he has called for her at her home and taken her back late at night.

What is the answer?

A PUZZLED WIFE.

Answer: My opinion is that any man who can't be trusted to drive his secretary home after she has been doing extra work at night is such a poor creature that he isn't worth watching. Anyway, it is folly for a wife to think that she can keep her husband faithful to her by spying on him. She can't watch him every minute of the time nor keep him from seeing girls who are younger and better-looking than she, so she had just as well relax and trust to her husband being true to her.
And here's something that every jealous wife should take to heart: The wife who is always suspicious of her husband as first aid to his roaming. She puts ideas in his head and makes him think that if he is so fascinating that no woman can resist his charms, he had better have the fun of trying out his technique.

Dear Dorothy Dix: My mother objects to the man I love and forbids me even to see him. I am of age, but I hate to hurt her by marrying without her approval. What can I do when she refuses even to talk about the matter?

HELPLESS.

Answer: You are an intelligent woman of mature age and that gives you the right to pick out your own husband, instead of taking mother's choice. After all you are the one who is going to live with the man, so it is more important that he should be your taste than mama's.

Mothers are poor pickers and are influenced by such silly things. I knew one girl who was desperately in love with a fine young man, but whose mother broke off the match because she didn't like the lad's nose. She wouldn't let the boy even come to the house, but she lived to see him one of the famous men of the world.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

Plans were discussed for a food sale to be held at Milford's on Friday morning, February 4, at 9:30, the proceeds to be used for next summer's Sunday School picnic. Roll call, taken by the secretary, showed a good attendance and it was announced that the next meeting will be held at the home of Mrs. R. A short sing-song followed, led by Mr. John Pearce with Miss Barbara Wark as accompanist. The guest speaker for the evening, Mrs. Philip Carrington, was introduced by the Rev. Clarence Jensen. She spoke to the young people and the assembled guests on her recent trip to Germany. Mrs. Carrington, who was chosen to represent Canada, made the trip with three other women who represented Australia, South Africa and New Zealand. Her descriptions of the ruins, the housing problem and the D. P. camps were most graphic, and the fine pictures and map which she had with her ably illustrated her different points. She spoke of the many problems of the women and the coal miners. Mrs. Carrington impressed her audience with the fact that it is up to the young people of Canada to make their religion a vital, living force which will combat communism and give new hope to the world.

Miss Audrey Spanswick thanked Mrs. Carrington, on behalf of the A. Y. P. A. and their guests, for her very interesting description of life in present-day Germany. Refreshments were served at the close of the evening.

PHIL WATSON AND HIS ROVERS AT HOME TO SAINTS TONIGHT

New Yorkers Play Home Game At Arena This Evening; Locals Ready For Fast-Skating Gang Of Youngsters

Phil Watson and his New York Rovers will be at home tonight at the local arena to Coach Dugan's power-packed Saints in a regular fixture of the Quebec Senior Hockey League.

This evening's game is a Rovers' home game and was supposed to be played in New York but as Watson's team was unable to secure the ice at Madison Square Gardens the tilt was switched to Sherbrooke.

The Saints and the Rovers have met six times this season and the locals have come through with five wins and one draw. In their last appearance at the arena the New Yorkers played their worst game of the season absorbing a 7-4 reversal at the hands of the Saints. Previous to that the Rovers always turned in good performances.

Phil Watson's charges play a wide open game with the emphasis placed on speed. This type is just suited to the locals and both squads go right at it. In games played to date the best the locals could do with the Rovers to trim them by two goals, until last week's game when they pounded seven by young Hal Gordon.

On Sunday in New York the Rovers came through with a surprising upset when they took the Valleyfield Braves, so the locals might run up against a different gang of Rovers tonight than on their last appearance.

There is a strong possibility that the locals may be without their captain Bill Heindl and Bernie Vinet for tonight's battle. Heindl is still suffering from a groin injury and Vinet has a sore knee, although he may dress it is doubtful if he will see any action.

5 American Negroes Lead In Cuban Loop

Havana, Feb. 1.—(AP)—Five American Negro baseball players are showing the way in all departments of the Cuban League but pitching.

Two of the "Big Five," Sam Jethroe of Montreal and Sluggo Monte Irvin, represent organized baseball. The other three, Henry Thompson, Henry Kimbro and Lennox Pearson, hail from the National and American Negro Leagues.

Thompson leads the local four-circuit circuit with a .333 batting mark and is currently rated as the best man on the second-place Havana squad.

Irvin, recently purchased by New York Giants from Newark Eagles of the disbanded Negro National League, leads in home runs with nine. Incidentally, the 28-year-old slugger and clean-up man of the league-leading Almendares team, has collected cash for every home run. Home-run range from \$10 to \$50.

Pearson, first baseman of the Havana team, is the leader in the runs-batted-in department with 48. Kimbro, veteran outfielder, tops the loop in runs scored with 53.

Jethroe, who with Al Glavito are representatives of Montreal Royals of the International League, is the leading base stealer. Jethroe, known to local fans as "race-hound Sambo" has stolen 25 bases.

Cuban Octavio Rubert, property of Rochester Red Wings of the International League, is the leading pitcher. Rubert, who has sight in only one eye, has won eight games and lost one for a .889 mark.

Tony Demers Extends Lead In Q.S.H.L. Scoring Race; Ray Barry Top Man In Play-Making Department With 45

TONY DEMERS

Montreal, Feb. 1.—(AP)—Tony Demers, evergreen Sherbrooke winger, holds an 11-point edge on teammate Adjutor Cote in the Quebec Senior Hockey League scoring averages, official statistics released tonight show.

Bullet-shot Tony has pumped 38 goals past rival netminders and assisted on 44 other goals for a point total of 82.

With six weeks of the season left, only Cote, with 71 points and Valleyfield's Marcel Bessette with 70, appear to have a good chance of overhauling Demers. Deadlocked with 66 points are two Montreal Royals sharpshooters, Bobby Pepin and Cliff Malone, while next in line with 65 apiece are Ottawa snipers Eddie Dattnell and Bill Robinson.

Demers and Pepin are tied for goal-scoring honors with 38 markers each, while Dattnell has pulled the trigger 36 times. Ray Barry, Sherbrooke, holds top spot in the assists department with 45.

Jimmy Orlando of Royals is the loop badman with 130 minutes in penalty time. Dean McBride of Quebec Aces has been boxed for 126 minutes and Orval Lavell of New York Rovers for 122. Quebec is the most penalized team with 679 minutes.

Beebe Swamps Bishop's 10-3 For First Win

Beebe, Feb. 1.—Beebe hockey team chalked up their first win of the season Sunday afternoon when they swamped Bishop's College 10-3 in a regular fixture of the Massawippi Valley Hockey League.

Playing on their home ice Coach Conway's squad took an early lead in the tilt as they rammed home two goals before the visitors tallied their initial marker. Seguin and Conway made the red light flash for Beebe. In the dying minutes of the frame G. Poulin beat Price to put the homeesters further out in front.

In the middle session it was all Beebe as they tallied three goals, two by Laro and another by Stewart. In the final frame Beebe continued their pace and ran in three more fast ones before Sanderson, who was winging along with a comfortable 18-goal lead, watched 14 pucks whiz by as Montreal Canadiens dropped two games.

This moved New York's Chuck Rayner and Detroit's Harry Lumley into contention, with Lumley probably holding the upper hand at the moment, although he has allowed more goals than both Durnan and Rayner. Rangers have had 99 goals scored against them in 41 games, and the Wings 103 in 42 games.

With a rock-ribbed defense and an array of back-checking forwards fronting him, Lumley figures to be right in there at the wind-up. Last year he lost out to Toronto's Turk Broda in the final week of the campaign.

Spotlight Shifts To Goalies In Wide-Open Vezina Race; Bentley And Conacher Pace Marksmen

Montreal, Feb. 1.—(AP)—With Chicago's crack snipers, Doug Bentley and Roy Conacher, making a runaway of the scoring race, the spotlight has shifted to the wide-open battle among the National Hockey League's goalkeepers for the Vezina Trophy honors.

The scramble for the Vezina, which goes to the goosier who played the most games for the team with the least goals against it, has suddenly become a rip-and-tuck affair since the week-end games.

All because Bill Durnan, a four-time winner of the award, who was winging along with a comfortable 18-goal lead, watched 14 pucks whiz by as Montreal Canadiens dropped two games.

This moved New York's Chuck Rayner and Detroit's Harry Lumley into contention, with Lumley probably holding the upper hand at the moment, although he has allowed more goals than both Durnan and Rayner. Rangers have had 99 goals scored against them in 41 games, and the Wings 103 in 42 games.

Barbara Ann Scott Wins Lou E. Marsh Trophy For Third Time As Canada's Outstanding Sports Competitor

Toronto, Feb. 1.—(AP)—Barbara Ann Scott of Ottawa, Olympic figure-skating champion now in professional ranks, today was named winner of the Lou E. Marsh Memorial Trophy as Canada's outstanding sports competitor of 1948.

The award, announced by Elwood A. Hughes of Toronto, chairman of the five-man selection committee, was unanimous over a field of three other nominees. The trophy, perpetuating the memory of the late Toronto Daily Star Sports Editor, is open to men and women, amateurs and professionals, in any sport in the Dominion.

Announcement came just six weeks after sports editors picked the pert ice queen as Canada's outstanding female athlete of 1948 in the Dominion-wide year-end poll conducted by the Canadian Press.

She has established history in both polls, winning each three times. She prevailed in the Lou E. Marsh Trophy in 1945 and 1947 and sports writers put her in the top slot in the 1946 and 1947 CP survey. The choice in nearly all cases was unanimous.

Three other athletes were nominated for the 1948 Marsh trophy. They were:

Jack Parry of London, Ont., University of Western Ontario football player, track and basketball star. Parry, chosen to represent Canada in the 1948 Olympic Games at London, was sidelined due to a leg injury a few days before the Olympics opened.

Viola Myers, crack sprinter from Toronto, who represented the Dominion in the 1948 games, and Kenneth Nunn, singles rowing champion of Toronto Argonaut Canoe Club.

Magog Swamped Canadiar 14-3 In An Exhibition Tilt; At Home To Granby Tonight In League Tilt

Magog, February 1.—Magog Intermediates ran rough shod over the Canadiar hockey squad from Montreal Sunday afternoon in an exhibition fixture as they snowed them under 14-3.

Mush Morehouse led the Textile town boys with five goals while Pee Wee Leblanc tallied four with K. Benoit getting two and Thivierge, Proteau and Emond accounting for the others. Kelly notched two of the visitor's goals with McArdle getting the other.

It was a wide open affair with the Magog team outshooting and outplaying the visitors throughout the whole game and skated Guido Roy's Montreal outfit right into the ground. Only four penalties were given for minor infractions.

Tonight Magog will be at home to Granby while Drummondville will travel to Waterloo to tangle with the Maroons in a 10 o'clock fixture. The Textile boys will be fighting hard to remain in third position but if Waterloo can turn back Drummondville they will move into a tie with Magog for third position.

Tonight's nine Magog will move down to Richmond to take on the Phantoms. What should be a crucial game for the Textile boys as a win is very essential for them.

Rackley Rambles To Make Fan Of Grandma At 82; Dodgers Aren't Daffy Any More According To Marv

Westminster, S.C. (NEA)—Baseball is a great game, even if you wait until you're past 80 to learn it, but as far as Granny Adams is concerned they needn't bother to play it anywhere but in Brooklyn, or wherever the Dodgers happen to be.

For Granny Adams' favorite player, you see, is Marv Rackley, the fleet young man who played so much centre field and led off for the Brooklyn last season.

Granny Adams, now 82, had never given baseball more than a passing thought when two years ago her granddaughter, Hazel Cleland, married Marv Rackley.

The bright-eyed Mrs. R. L. Adams has never laid eyes on Brooklyn, Ebbets Field or an umpire being razed in Flatbush style, but the spirited little woman reckons "it must be a right nice place 'cause they like Marv there."

And the Dodgers aren't daffy any more either, according to her. "They got Marv to play for 'em, didn't they?" she says. "I'd like to know what's daffy about that?"

From the time Rackley was recalled from Montreal last summer, Mrs. Adams stationed herself in an old-fashioned rocking chair at game time and kept her ear glued to the radio in her Westminster home.

A station in nearby Greenville, which insisted on switching about to broadcast games from various major league cities, annoyed Granny no end. If the game involved the Dodgers, it was a fine station, but if two other clubs were playing it wasn't much account.

"Switch that thing off," she'd command.

You won't stump Granny on anything Rackley has done in baseball. She doesn't hesitate to tell you her favorite batted .327 in 88 games in 1948, and that the only ones higher were Stan Musial of the Cardinals and Richie Ashburn of the Phillies.

Neither is Mrs. Adams hesitant to inform listeners that Marv led stolen bases in 1946. This is because last season she read several stories claiming the honor for teammate Jackie Robinson. She's right, too, for Rackley, tabbed Mr. Quick by fellow players, pilfered 65 bases that season, leading Robinson by 25.

Marv Rackley, who is spending the winter remodeling his Westminster home, learned baseball while playing with Oconee Mills here, a textile club which year after year fields one of the finest semi-professional outfits in baseball-mad South Carolina.

"What makes me mad," snaps pert Granny Adams, with genuine remorse, "is that for 80 years I didn't know what I was missing."

Toledo, O.—Eddie Miller, 158, Dayton, O., knocked out Bill Stemmler, 156, Windsor, Ont. (5).

Omaha—Vince Foster, Omaha, defeated Phil Burton, New York (10). (Weights unavailable).

San Francisco—Enrico Bertola, 191, Italy, defeated Ray Stevens, 200, Millbrae, Calif., (10).

Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 1.—(AP)—New York's Hy Goldberg reports that fight manager Jimmy White attended the Gavilan-Williams fight Friday in company with Aaron Seltzer, one of the guys he needed to manage.

"They were rooting in opposite directions," After one round, White remarked: "Gavilan won that one easy."

"You think Gavilan won that round? Now I can understand why you screamed 'We was robbed' after every one of my fights."

Search Warranted

Mike Jacobs, the fight promoter, is interested in locating the burglar who stole his safe and \$4,000 in Miami.

A group of Kalamazoo, Mich., business men is reported ready to pick up any deficit tab, up to \$6,000, if the N.C.A.A. will return its college baseball finals to Kalamazoo next spring.

Ed McKeever, who got the heave-ho from Boston, might be a good coach for that. To Temple U. Joe Ed might not turn out so good a team as Penn's George Manger, but he could give George a run for his money.

Four Chicago hockey fan clubs are getting to stage a "night" for Doug Bentley in March.

Knowing the habits of Chicago fans, we figure they'll probably throw something Doug's way.

One of the season's better lunch comes from the southern story of a real student who went on strike because he didn't get his pay for tutoring a football star.

Demaret Cops Top Spot In Phoenix Golf Open

Phoenix, Ariz., Feb. 1.—(AP)—Jovial Jimmy Demaret made a change in his method of gripping the putter and yesterday won top money in the \$10,000 Phoenix Open Golf Tournament. He scored a three-stroke victory over Ben Hogan in an 18-hole playoff.

Demaret, with the help of two putts sunk from nearly 30 feet, finished with a four-under-par 67 over the flat, 6,578-yard Phoenix Country Club course.

The Phoenix Open result was a reversal of the finale of the Long Beach, Calif., open last week when Hogan bested Demaret in a playoff to break the 272 tie. Sunday the two men finished with totals of 278.

Demaret won \$2,000 first-prize money given the winner of the local tournament, plus 25 per cent of the gate receipts from the playoff. That amounted to nearly \$300 more.

Hogan took \$1,400 second money and 25 per cent of the gate. With this match, Ben Hogan said goodbye to competitive golf for a while, but will definitely rejoin the professionals at the Masters' Tournament in Augusta, Ga.
