TRUMAN ASKS FOR UNIVERSAL MILITARY TRAINING

WESTERN EUROPEAN POWERS SIGN 50-YEAR TREATY

World News In Brief

Montreal, March 17—(CP)—The executive committee's hearings into the suspension of Pacifique (Pax) Plante on insubordination charges continued today with the assistant police director scheduled to present his own case.

* * *

Jerusalem, March 17.—(AP)—Police reported today the 13-year-old daughter of the Ethiopian vice-consul, missing for two hours yesterday, had been detained for questioning by the Jewish civil guard. Police said the girl was suffering from shock when found after two hours of detention in a schoolhouse.

* * *

Dublin, March 17.—(AP)—Thousands of shamrock-wearing soldiers jostled through Dublin's streets today in the biggest St. Patrick's day celebration since before the war.

Detachments of all branches of Eire's services marched through the festive city as Irishmen paid tribute to the country's patron saint.

* * *

Prague, March 17.—(CP)—The president of the Czechoslovak National Assembly announced to a full session today that Dr. Peter Zenkel, former vice-premier; Dr. Hubert Ripka, former minister of foreign trade; and Dr. Prokop Drtina, former minister of justice, whose resignations from the Government led to the recent crisis, had given up their seats in Parliament.

* * *

Peiping, March 17.—(AP)—Martial law was proclaimed today in Tsinan, where an undisclosed number of Americans remained as Chinese Communist troops drew near.

* * *

Anchorage, Alaska, March 17—(AP)—Last rites for 30 persons who died in a plane crash on inaccessible Mount Sanford will be conducted today from a Northwest Airlines plane flying over the scene. A coroner's jury held that all persons aboard the Northwest Airlines' Shanghai-to-St. Paul plane were killed outright in the crash Friday.

Seoul, Korea, March 17.—(AP)—A plot to assassinate Dr. Syngman Rhee, 73-year-old Korean political leader, was reported today after the arrest of two special policemen assigned to guard him. Police chief T. S. Chang said the two guards "planned several unsuccessful attempts" to kill Rhee, an outspoken foe of Communism.

President Says European Situation Is Critical; Seeks Temporary Draft Law

Truman Also Asks Congress for Swift Action on Marshall Plan — Russia Accused of Seeking to Prevent "Just and Honorable" Peace.

Washington, March 17—(AP)—President Truman told Congress today the situation in Europe is "critical" and asked a temporary draft law and universal military training.

The President also urged swift Congressional action on the Marshall program of economic help for Europe.

Truman went before a joint session of Congress in person to present a grim picture of world affairs and a major report on his foreign policy.

"The recent developments in Europe," he said, "present this nation with the fundamental issues of vital importance."

He pointed then to the just-completed five-power western European pact for common defence against attack.

He said of it:

"This development deserves our full support. I am confident that the United States will, by appropriate means, extend to the free nations the support which the situation requires.

"I am sure that the determination of the free countries of Europe to protect themselves will be matched by an equal determination on our part to help them to do so."

Then, plainly speaking of Russia, Truman said:

"The situation in the world today, is not primarily the result of the natural difficulties which follow a great war. It is chiefly due to the fact that one nation has not only refused to co-operate in the establishment of a just and honorable peace, but—even worse—has actively sought to prevent it."

The European pact Truman mentioned was announced officially less than an hour before he spoke. In it, Britain, France, Belgium, the Netherlands and Luxembourg pledged each other military aid if one should be attacked.

The 50-year treaty sets up a "consultative council" to meet immediately "to consult with regard to any situation which might constitute a threat to peace."

The treaty leaves the way open for other countries to join. It says the five countries "may, by agreement, invite any other state" to agree to its terms.

Truman said there are times when it is "far wiser to act than to hesitate—even though action always involves risk."

He said his recommendations at this time for action represent "the most urgent steps towards securing the peace and preventing the war."

The President stressed that the United States will continue to support the United Nations and will try every possible method of reaching international accord.

Developments have reached the point, Truman said, at which America's position should be made unmistakably clear.

He then spoke of the high purposes of the United Nations charter, and added:

"We cannot, however, close our eyes to the harsh fact that through obstruction and even defiance on the part of one nation, this great dream has not yet become a full reality."

Therefore, he said, supplementary measures are necessary for the United States—universal train-

Prospecting For Uranium Is Permitted

Restrictions on Search for Radioactive Minerals Are Removed.

Ottawa, March 17.—(CP)—Private prospecting for uranium and other radioactive minerals is permitted and encouraged by the Government under a plan announced in the Commons last night by Reconstruction Minister Howe.

Announcing removal of restrictions by which the Crown reserved title to these minerals, he said the United States Atomic Energy Commission's policy is "along parallel lines."

Mr. Howe said the radioactive ores, when mined, will be purchased by the Government through Eldorado Mining and Refining Ltd., or any other Government-operated agency.

To encourage the search for and development of atomic materials, the Government would pay $2.75 a pound, based on uranium content.

Mr. Howe said the Government retained its original title to radioactive minerals "largely because the question of ownership of ores in the ground was still under discussion in the United Nations Atomic Energy Commission and it was felt that no action should be taken here that might embarrass those discussions."

Since then the second report of the U.N. Commission has been published and that report does not contemplate ownership of ores in the ground by any international authority which may be established.

The Government now was satisfied that removal of restrictions against private prospecting and development was in Canada's best interests.

The conditions for Government purchase of radioactive ores and concentrates:

1. A minimum uranium content equivalent to 10 per cent by weight of uranium oxide (U308) in the ores or concentrates will normally be required.

2. Price will be based upon the uranium content of the ores or concentrates and will be at the minimum rate of $2.75 a pound of contained U308 F.O.B. rail and will be guaranteed for a period of

50 Families Affected By Flash Flood

Toronto, March 17.—(CP)—Dramatic and perilous rescue operations neared an end today after weary workers took heavy risks in an all-night attempt to evacuate some 30 persons from water-surrounded homes endangered by the worst spring floods in the history of suburban Long Branch.

Only a few families remained to be evacuated from their homes, some of these battered by huge chunks of ice, and Councillor James Wallace of the town of 5,000 said some of them were older persons who refused to leave their houses, despite the fact they had no fuel and their homes were waist-deep in water.

Rescues by the dozen were completed by launch, by breeches buoy and by rope and ladder from many of the 115 summer cottages at the mouth of the raging Etobicoke creek, which burst an ice jam north of the town yesterday with a noise one resident said resembled the thunderclap of a "10-ton block buster."

As volunteers co-operated with lifesavers, firemen and police in evacuating residents, Councillor Wallace declared there were only 50 families altogether in the affected area.

Ireland's Sons Pay Honor To Saint Patrick

By JACK McNEIL
Canadian Press Staff Writer

It's St. Patrick's Day today and the symbol of the shamrock again enlivens Irish hearts and recalls to Irish minds the legendary figures of one of the most colorful saints of history.

The date of St. Patrick's birth, and even the date of his death, are disputed by scholars. But, it's agreed he lived in the fifth century and died at Abbey Saul in County Down—in the year 460, some say, while others maintain it was 493. The place of his birth is pretty much a mystery. Historians have conjectured him variously as a native of Ireland, England, Wales and France. There are those who assert that the Apostle of Ireland was really a Scotsman, born at Kilpatrick, near Dumbarton.

In any case there's little dispute that he had a long and adventurous life. Kidnapped at the age of 16 from his father's farm by a band of pirates, he was sold into slavery to a petty chieftain. Six years later he escaped, journeyed to France, and became a monk, first at Tours and later at Lerins, one of the most celebrated monasteries in Europe.

In the year 431 he went to Rome; and some time after was sent by Pope Celestine to preach in Ireland. According to his Irish biographers, Patrick founded 365 churches and baptized with his own hand 12,000 persons.

There can be little doubt he was a persuasive missionary. It was while preaching at Tara that St. Patrick made the shamrock immortal. When a Druid priest challenged the mystery of the Trinity, Patrick, stooping to the emerald sod, picked up a shamrock and held it high to prove that three could combine in one and one in three.

After 20 years of missionary travels, he fixed his see at Armagh about the year 454. His relics were preserved at Downpatrick, near the Abbey Saul, down to the period of the Reformation; and the district about Downpatrick is venerated by Irishmen to this day.

Such was the life of Patricius Magonus Sucatus Calpurnius—St. Patrick to you.

BROOKE SENDS MESSAGE

Montreal, March 17.—(CP)—Links between Ulster and the Crown and the whole British Commonwealth "are strong and enduring," Sir Basil Brooke, Prime Minister of Northern Ireland, said in a message to Ulster-Canadians read at a meeting of the Optimist Club today.

Sir Basil said "The Government of Northern Ireland intends to do everything in its power to help in surmounting any crisis. The same spirit, I firmly believe, prevades all our people and will carry them forward to better and more prosperous days."

U.K., France And Benelux Nations Agree On Economic And Military Co-Operation

Other States May Accede to Treaty on Agreed Conditions—Powers Reaffirm Faith in Fundamental Human Rights.

Brussels, March 17 — (Reuters) — A 50-year treaty of economic co-operation and military aid was signed here today by representatives of five western European countries—Belgium, France, Luxembourg, the Netherlands and Britain. Other states may accede to it on agreed conditions.

The terms were made public in all five capitals.

Designed "to fortify and preserve the principles of democracy, personal freedom and political liberty, the rule of law and constitutional traditions," the treaty provides that if an armed attack in Europe should be made on any one party to the treaty, the others will, in accordance with article 51 of the United Nations charter, afford all military and other aid and assistance.

All such measures shall be immediately reported to the Security Council.

A permanent consultative council will be set up and at the request of any party to the treaty shall be immediately called for consultation between the parties should Germany again adopt an aggressive policy; or with regard to any situation constituting a threat to peace in any area; or with regard to any danger to economic stability.

The preamble to the treaty declares that the five powers are "resolved to reaffirm their faith in fundamental human rights, in the dignity and worth of the human person and in the other ideals proclaimed in the charter of the United Nations;

"To fortify and preserve the principles of democracy, personal freedom and political liberty, the rule of law and constitutional traditions, all of which are their common heritage;

"To strengthen, with these aims in view, the economic, social and cultural ties by which they are already united;

"To co-operate loyally and to co-ordinate their efforts to create in western Europe a firm basis of European economic recovery;

"To afford assistance to each other, in accordance with the charter of the United Nations, in maintaining international peace and security and in resisting a policy of aggression;

"To take such steps as may be held to be necessary in the event of renewal by Germany of a policy of aggression;

"To associate progressively, in the pursuance of these aims other states inspired by the same ideals and animated by the same determination."

They accordingly desire "to conclude a treaty for collaboration in economic, social and cultural matters and for collective self-defence."

The first three of the treaty's 10 articles deal with economic and cultural matters. They provide that the work of other economic organizations to which the parties may belong shall not be prejudiced, but on the contrary aided.

Articles 4, 5, 6, 7, and 8 deal with collective self-defence within a framework of the U.N. charter.

The article adds that the treaty does not prejudice the obligations of the parties under the charter or in any way affect the authority and responsibility of the Security Council to take action to maintain or restore international peace and security.

"This Is More Like It"

Richard Earl Cox, an ex-GI plagued by housing troubles, gives his two sons, Richard, Jr., two, and Jimmy Germaine, one, their first real bath in a year at New York's famed Waldorf-Astoria where he took up residence when he couldn't find another home.

Ex-GI Sticks To Guns And Keeps $12.60-A-Day Room At Waldorf

New York, March 17.—(AP)—Offers of apartments are trickling in steadily but Richard E. Cox, a war veteran, is turning them down because they don't meet his specifications. So he, his wife and two small sons still are at the Waldorf-Astoria.

The room rent of $12.60 a day is mounting up, but the management is being just as patient and polite with the embattled veteran as it is with the whims of its more monied guests.

A four-room up-to-date apartment for $37.50 to $40 a month is the dream of Cox, who is protesting failure to get rooms in a veterans' housing project or other desirable living quarters.

As a favor to other veterans, he is keeping a list of apartments he has turned down since he moved his family into the hotel Saturday.

The hotel has been trying since Monday to persuade him to leave but he said yesterday he still was sticking to his original plan of paying the hotel $40 a month and sending the bill for the rest to Mayor William O'Dwyer.

When Cox first moved into the hotel the management said: "As far as we are concerned, Mr. Cox and his family are one of 2,000 guests here at the Waldorf."

The ex-GI has some famous neighbors in the swanky hotel, among them former King Michael of Romania and his mother, Queen Helen.

His two young sons are having the time of their lives, splashing around in the strange new bathtub. They like the Waldorf service and have slept soundly in the cribs provided by the hotel.

Study Of Wartime Controls Nears Completion At Ottawa

By GEORGE KITCHEN
Canadian Press Staff Writer

Ottawa, March 17—(CP)—Except for a few loose ends, the Commons yesterday completed study of 27 wartime controls the Government wants continued for another year.

Consideration of the controls, to remain in effect until April 1, 1949, produced a rambling debate which touched on the many subjects embodied in them—rentals, price control, contruction priorities, housing and sugar purchasing.

As an offshot from the main discussion, Reconstruction Minister Howe announced that orders relating to uranium have been revoked and that private exploration and mining of this and other radioactive ores now will be permitted, with the Government purchasing the mined product for a minimum of $2.75 a pound.

The debate took place during the committee stage of the enabling bill, which will empower the Government to continue the orders into 1949. They may, however, be revoked in the meantime if the Government feels they no longer are necessary.

Turning from the control discussion, the Chamber resumed debate on second reading of a Government bill to amend the wheat act to increase the initial wheat payment, empower the Wheat Board to take over marketing of barley and oats and establish a pension scheme for employees of the board.

In the opening stages, Revenue Minister McCann disclosed that interest paid on the refundable portion of 1942 income tax now being distributed will be taxable as part of 1948 income. The refundable portion itself will be tax-free.

Defence Minister Claxton said "good progress is being made in bringing Canada's armed forces to peacetime strength.

In the Senate, a historic development took place when Transport Minister Chevrier entered the Red Chamber to explain proposed amendments to the Canada Shipping Act and thus became the first non-Senator Cabinet Minister to take part in Senate proceedings. His appearance was made possible by amendments to the Senate rules adopted at the last session of Parliament.

As the Commons control debate shifted from one subject to another, Mr. Howe said Can[illegible], with 200,000 houses completed since the end of the war, is doing as well as any other country in the field of home construction. More than 50,000 houses were built in 1945, 67,000 in 1946 and 77,000 in 1947. Carried over from last year are 45,000 uncompleted houses.

He reported, too, that there is no bottleneck of building materials but there is a shortage of bricklayers and plumbers.

No one could say, he went on, whether there was any sign of a

Settlement Of Meat Packing And Coal Strikes Is Sought

Chicago, March 17.—(AP)—The day-old wage strike of 100,000 C.I.O. meat packing workers across the United States came under the official scrutiny of a Presidential fact-finding board today.

President Truman, whose earlier pleas to delay the walkout were rejected by union officials, named the board yesterday. It was the first procedure under the Taft-Hartley Labor Act designed to end strikes judged to imperil the country's health and safety.

The meat strike, which halved meat production in the United States, may provide a major test of the new labor law.

The three-man board planned its first meeting in Chicago today to begin investigating the wage dispute which led to the work stoppage in about 140 major and independent packing plants.

The striking union, United Packinghouse Workers of America, (C.I.O.) promised Truman "every possible co-operation" with the fact-finding board. Similar co-operation was promised by one of the major packing companies.

The board, named under a provision of the Taft-Hartley Act, has until April 1 to make a written report covering the facts of the dispute to Truman. It will not make recommendations but after the board reports the President can ask the Attorney-General to seek

Pittsburgh, March 17—(AP)—With eight out of every 10 soft coal miners in the United States idle, steel industry leaders today pondered how soon to begin slashing production to save fuel.

The work stoppage was three days old. More than 339,000 United Mine Workers had left the pits to support John L. Lewis' demand for $100 monthly miners' pensions. Other thousands were expected to quit work today.

Steel men dodged questions about how long they can keep going if the walkout continues. They are in a quandary. Most could keep going full-blast through a short work stoppage, but if it is a long-drawn-out affair, like the 59-day strike of 1946, most could save money by cutting back now.

The miners have said they won't go back until a pension plan is drawn. An injunction might bring them back though they obeyed a 1946 court order only after Lewis told them to.

Other industries were just beginning to feel the effect of the walkout. Notices were posted at the big Huntington, W.Va., shops of the coal-carrying Chesapeake and Ohio Railroad saying the shops will close Saturday.

In Chicago, an Illinois Central spokesman said approximately one-third of its traffic is coal. It predicted no layoffs but said some

Angry Scenes Mark Budget Debate In Quebec Assembly

Quebec, March 17.—(CP)—The Quebec Legislature nearing the end of its session with provincial elections in prospect was the scene of angry debate last night with shouts of "blackguard" and "coward" flung between the Government and Opposition members.

People who filed from the galleries of the Legislative Assembly when its third stormy sitting of the day concluded shortly before midnight lingered in the hallways of the Government buildings to see if the House disputes would be carried on outside.

Provincial Police who stand guard over the old stone Legislature block were on hand and the crowds soon dispersed. Fernand Choquette, Liberal member for Montmagny, who was involved in heated exchanges with Government ministers, left the buildings accompanied by several Opposition members.

During the morning sitting at which budget estimates for the Municipal Affairs Department were discussed, Premier Duplessis and Liberal leader Adelard Godbout charged that party election funds had been created during their respective terms of office.

When the Assembly took up estimates for the Agriculture Department at its afternoon meeting, Mr. Godbout was accused of responsibility for "seizure" of correspondence from the office of Bona Dussault, Municipal Affairs Minister, when Mr. Dussault was Agriculture Minister nine years ago. Mr. Godbout denied knowledge of the case.

The temper of the House became furious half-way through the evening sitting with discussion still revolving around Agriculture Department credits and at times speakers were scarcely heard above a roar of desk-pounding.

When Hercule Riendeau (UN-Laprairie-Napierville) said that agriculture was unprofitable during the war due to national controls and referred to the Federal Government's "disguised conscription policy," Liberal leader Godbout said he knew of no farmer's son who had sought exemption from military service without obtaining it.

Agriculture Minister Laurent Barre said the Federal Government's wartime policies were an "infamous adventure" and he declared that one of his sons suffered from lung and bronchial trouble as a result of military service.

Mr. Barre said his son was a "victim of conscription, a victim of hypocrisy."

"Our children were thrown into the hands of infamous Jewish examiners who regaled themselves with naked Canadian flesh," Mr. Barre added.

Mr. Choquette said "thousands of witnesses" would contradict the Agriculture Minister whose words he described as "not worthy of a minister of the Crown."

The Liberal member criticized Youth Minister Paul Sauve who served in the Normandy campaign with Les Fusiliers Mont Royal for having called Canada's war effort

WHO SAID HOLLYWOOD LOST MONEY? '47 WAS PROFITABLE

Hollywood, March 17.—The sad state of financial affairs in the film industry has been gossiped about widely. Yet every major company showed a stubstantial profit in 1947, most of them tripling their best prewar years. Business is off now, because of a series of bad pictures, and television has everyone in Hollywood worried.

Everyone except Arthur Prince, the dance director, that is. Prince insists he's working on an invention which will replace movie theaters—a combination television set and popcorn machine.

It all started with an advertisement in a Hollywood trade paper which read:

"Are You Normal? Wanted: Normal laugh-reacters. Can be either men or women, but must have average American dispositions, who can be used as guinea pigs to test radio dialog for laughs. Persons should be uninhibited, free of all worries, so laughter can emerge easily and spontaneously. Only persons who consider themselves normal, with uncluttered minds, need apply. Laugh reacters will be paid $5 per hour."

The fellow who inserted the ad was Judy Canova's newly-hired press agent, Russell Birdwell. Judy got 683 phone calls, Birdwell later reported. She invited 10 of them to her home for a reading of her latest radio script.

Total cost of the publicity stunt: Ten laugh-reacters at $5 per hour for two hours: $100. Most notable result: Press Agent Birdwell (who exploited the charms of Jane Russell for five years) hasn't lost his touch after six years in South America.

MOUNTIES TELL THEIR STORY TO THE LIONS CLUB

Cowansville, March 17. —Just slightly better than the best may be one way of expressing the feelings of the Cowansville Lions in describing the program provided by the Royal Canadian Mounted Police at their regular meeting held at the Ottawa Hotel.

Sergeant Murray Smith, a fine typical example of what we expect to see wearing the uniform of Canada's greatest police force, spoke briefly on "The Story of the Mounties." Taking his audience back to the year 1873, when the Northwest Mounted Police was formed with a full compliment of one hundred and fifty picked men to patrol, and enforce the law throughout uncounted miles of what was then a wilderness inhabited by Indians, the Sergeant paid high tribute to the "Old Originals" who, in spite of insurmountable difficulties, performed the impossible. In 1920 the force was extended to cover eastern Canada and the name was changed to the Royal Canadian Mounted Police. He said that down through the years to the present, the 3,000 men now in this great organization feel it their duty, and privilege, to live up to the original standards to "Maintain The Right."

Sergeant Smith was then assisted by Constable Perrin in showing movies of "Making Mounties," "Northwest Passage," and "Dogs Go To School." All films were of excellent quality, and well shown. It is the sincere hope of all Lions that a return engagement may be arranged so that they may have the opportunity of inviting guests to enjoy such wholesome, and instructive entertainment.

President Arthur Tanner was chairman of the meeting. The speaker was presented by Lion Spencer Henderson, and adequately thanked by Lion John Wood.

Miss M. P. Hyndman, K.C., Addresses Local Rotary Club

"How can we tell our civil servants what to do if we do not choose and elect our members of Parliament freely?" was the question put before the local Rotary Club last evening by Miss M. P. Hyndman, K.C., of Toronto, national president of the Business and Professional Women's Clubs.

Choosing as her subject "What price peace?" the speaker stated that since the foundation of the world peace and good will had been the highest ideal of man. She dwelt upon the misery and devastation of war torn countries today and stated that although the price of peace in dollars is great and in lives greater, it can soar much higher before it reaches the peak of the country's war expenditure.

She said that peace and freedom had been taken too much for granted and that before going any further "what we call freedom must be defined, obtained and secured in our own country."

Stating that we are being talked down to by our civil servants, the speaker questioned the methods which are being used by the United Nations at Lake Success. "Who formulates the day to day plan designed to meet the exigencies of attack?" she said, "who is the Prime Minister there—who says anything but sweetness and light and peace on earth?"

"We cannot," she continued, "through any international organization, do one thing which will have any effect on whether we will have peace or war, but we can, through the Government of Canada, of the United States and of Great Britain, do something about it." It is not a parliament of international organizations we hope to have but a parliament of nations."

Miss Hyndman said that too many people are instigated by private and personal aspirations—too many are content with their soft, comfortable, happy, isolated existence and do not appreciate or realize the significance of freedom.

In conclusion she declared that there is no happiness apart from freedom, which is the sure heritage of those who have the courage to defend it.

The speaker was introduced by B. N. Holtham, K.C., and thanked by J. R. Sangster.

A short talk on Rotary Information, entitled "Vocational Service," was given by past president Henry Welsh.

In the absence of President George B. Murphy, the meeting was presided over by Vice-President E. Gilbey, who welcomed visiting Rotarians M. McGrail, of Montreal, Ralph Wilson, Aylmer, Ont., Bob Richardson, Westmount, Moe Levin, Montreal, and the following guests, Russ Chestnut, Montreal, and C. F. Duclos, of Coaticook.

The sympathy of the club was extended to Rotarian Lee Audet, on the death of his mother.

Seated at the head table were Cliff Bryant, Douglas Kerr, Wesley Bradley, K.C., B. N. Holtham, Miss Hyndman, Vice-President Gilbey, J. R. Sangster, Henry Welsh, Miss A. Milford, president of the Sherbrooke branch Business and Professional Women's Clubs, Miss M. Haight, vice-president of the club, and Lee Watson.

ONE MINUTE NEWS
ABOUT
JOHNS-MANVILLE
REMODELLING?
HERE'S A TIP
If you are planning improvements at your home or office, your J-M reporter suggests that you save time, worry and money by using Johns-Manville Asbestos Flexboard. This fireproof building board is useful in dozens of ways — especially as partitions to give you extra living quarters or new offices.
You see, J-M Flexboard comes in large sheets 8 feet by 4 feet which are easy to handle and quickly applied. It can be nailed or sawed with ordinary tools and bent to fit moderately curved surfaces. Made of asbestos and cement, Flexboard is rotproof, moisture-proof and never needs paint to preserve it. Excellent for either exterior or interior surfaces.
For free folder describing the many uses of Johns-Manville Flexboard, see your nearest J-M dealer, J. S. Mitchell & Company, Limited, 78 Wellington St. North, Sherbrooke, Que.

City Council Passes Grant Of $10,000 To University

The City of Sherbrooke will donate $10,000 to the Bishop's University Extension Fund campaign, the Council last evening, accepting a report recommending this grant. The money will be paid over a period of five years in annual installments of $2,000.

The grant is made in virtue of recent legislation passed by the Quebec Legislature which removes the ban against cities and towns aiding universities. Donations made to the University of Montreal some weeks ago were made under a special clause in the university charter which permitted such gifts. However, other institutions such as Bishop's and Laval were not affected.

In expressing the gratitude of the campaign committee for the generous assistance given by the City of Sherbrooke, Ald. Wesley Bradley declared that the donation, which has been given unanimous approval in the committee stage, was another proof of the courtesies extended to the English Protestant minority by French majority, especially in the field of education. The good feeling that existed between the two races generally in this region was more or less taken for granted, he declared, in contrast to the trouble so often apparent in other provinces.

A. A. Munster, Eastern Townships chairman for the Bishop's campaign, announced today additional donations to the fund of $2,418. These included $500 contributions from Sherbrooke Machineries, Ltd., and from the Corporation of the Town of Richmond.

The list follows:

Sherbrooke: Sherbrooke Machineries Ltd., $500.

Lennoxville: Wharram Bros., $50; anonymous, $50; Dominion Snath Co. Lt., $25; anonymous, $20; L. V. Parent and Mrs. Maude Barrett, $5.

Richmond-Melbourne: The Corporation of the Town of Richmond, $500; T. G. Torance and Mr. and Mrs. M. T. J. McKee, $200; A. E. Dyson, La Duchesse Shoe Ltd., Dr. C. E. Manning, J. H. Coles, $100; L. F. Somerville, C. W. Dickson, $25; Ian K. Hume, $20; J. S. McNaughton, Thomas Southwood, Fred Wintle (Trenholm), George Brock (Trenholm), $10; Miss Merne Powers, W. E. McIver, K. G. Nourse, Miss Margaret Harkom, A. R. M. Roy, $5; Miss Lucy Shaw, $3.

Border towns: Miss G. M. Colby, $250; Rev. Errol C. Amaron, $30; Mrs. J. R. S. Scott, Heron Hudson, $10; Miss Catherine MacKenzie, $5, Stanstead; J. D. Ferguson, J. M. Poaps, Rock Island, $10.

Battle Grounds And Former Mayors Honored By Streets

Former mayors—men who did much for the development of the city in years gone by—and battle places of the Canadian troops in two world wars were commemorated by the City Council last evening when a number of streets being opened up in the North, West and East Wards were named. In all, twelve streets were officially named at this gathering.

In the North Ward, the new streets are:

Wood street—First street parallel to and west of Orford street, from King Street West (Montreal Road) towards the north, in memory of Israel Wood, mayor in 1891.

Rioux street—Parallel to Wood street, in memory of Col. Emile Rioux, mayor in 1936-37.

Fraser street—Parallel to Rioux street, in memory of H. R. Fraser, mayor in 1897.

Farwell street—Parallel to Fraser street, in memory of William Farwell, mayor in 1903.

Lomas Street—Parallel to Farwell street, in memory of Adam G. Lomas, mayor in 1883-84.

Cate street—Parallel to Lomas street, in memory of C. W. Cate, mayor in 1910-11.

Morris street—Parallel to Cate street, in memory of William Morris, mayor in 1922-23.

In the West Ward, the new streets are:

Ypres street—First street parallel to and west of St. Hubert street from Drummond to Denault streets, in honor of the city of the same name in France, where the Canadians fought in the war of 1914-18.

Cherbourg street — Parallel to Ypres street, in honor of the French city where Canadian troops fought in 1945.

Lisieux street—Parallel to and west of Belanger street, from Drummond street to the Magog River, in honor of the French city of the same name where Canadians fought in 1945.

The new streets in the East Ward are:

Brault street—Parallel to and south of Caen street, from Bowen south to the east, in memory of William Brault, mayor in 1924-26.

Fortier street — From Bowen North, opposite the Lone Pine Rock to the northern limits of the city in memory of Stanislas Fortier, mayor in 1898.

NO INQUEST NECESSARY IN WOMAN'S DEATH

Investigations by Provincial Police into the death of Mrs. George Bennett, whose body was found yesterday in the woods about two miles from Bishopton, reveal that no coroner's inquest is necessary.

Mrs. Bennett disappeared from her home last December 7 and no trace of the missing woman had been found until yesterday when the discovery of her body was made by William Lancaster and Gaston Biron, of Bishopton.

It is believed that the 75-year-old woman, wandering from her home, became lost and died from exposure. Mrs. Bennett lived with her husband, George Bennett, and son, T. Bennett, in their home in Bishopton.

BISHOP'S ELECTIONS COMPLETED

The election of Harry Andrews, "Bim" Hobbs, Gordon Dickson and Michael Birchwood yesterday completed the Bishop's University students council for the academic year 1948-1949. These four will respectively fill the posts of president of athletics, vice-president of athletics, president of second year and president of publications.

Previous to this Lyman A. Roberts had been elected president of the council, Robert Graham vice-president and George McClintock secretary-treasurer for the coming year. The remaining two council posts, those of dramatics and debating presidents, were won by acclamation by James Tiller and Raymond Setlakwe, respectively.

Mr. Andrews, a second year science student, has played a prominent part in the university's athletic program, being a member of both the senior basketball and football squads. He defeated Ole Kiar for the position. Mr. Hobbs won his election in a three-way race, defeating George Stuart and William March.

Mr. Dickson defeated Robert Williams for the second year presidency, while Mr. Birchwood won out over Robert Jervis-Read.

King Street Grass Plot To Be Retained, Council Orders

Sherbrooke citizens will continue to enjoy the grass plot on King Street West for the time being at least. At its regular session last evening, the City Council adopted, without debate, a report of the Committee of the Whole which recommended that the grass plot remain as at present. At an earlier session, a proposal had been advanced that this grass plot be eliminated in order to facilitate the parking of automobiles on King Street.

Mayor Bryant and Ald. Guy Bishop succeeded in having a definite decision deferred for study and after somewhat hectic debate in the Committee, it was decided that no change be made. However, this does not appear to be the unanimous decision of the Council, the report stating that the resolution to maintain the status quo was "adopted on division."

Prior to the submission of the report, a letter was read from ex-Mayor J. K. Edwards protesting any move to eliminate or reduce the plot. As a decision had already been reached on the matter, the letter was tabled without discussion.

After many years of absence, the City will again become a member of the Union of Municipalities of the Province of Quebec, the report recommending the acceptance of an invitation from that body to join the Union. Of course the City must pay the membership fee of $250. For many years Sherbrooke was a member of the Union but several years ago the powers in charge of the civic administration became vexed with some action of the association executive and withdrew.

The Harmony Band will continue to receive generous support from the City during the coming year, several grants to this organization being approved These include the regular grant of $2,100, a special grant of $500 for the organization and maintenance of a school for young musicians and $2,000 for the purchase of instruments which are to remain the property of the City.

As a result of the resignation of certain municipal employees to enter the Dominion Government service, several promotions were authorized at last night's session, These include the nomination of Oliver Rou'hier as accountant of the Electric, Gas and Waterworks departments and joint assistant treasurer; Laurent Boisvert as accountant of the Public Works Department; Mrs. J. D. Boulanger as assistant accountant of the Public Works Department, and Nova Corriveau as chief of the Collection Department.

To honor the services of local citizens in World War II, the Council authorized the purchase from Hubert B. Tompkins of a bronze tablet, seven feet by four feet, at a cost of $1,545, the price to include the installation on the base of the Soldiers' Monument on King Street West.

Alphonse Belanger, local architect, was authorized to prepare plans and specifications for a pavilion and comfort station for St. Francis Park, situated along the East bank of the St. Francis River, s that tenders can be called for the erection of this building.

The installation of gas, water and sewer mains on a section of Westmount Street at a cost of $2,000 and on Seventh Avenue at a cost of $500 was also authorized.

Also accepted was a report recommending the purchase of considerable equipment for the Gas and Electric Department, the orders including volt-meters, ammeters, transformers and accessories.

Tenders will be called for the cutting of 2,400 cords of three foot wood at Camp Sherbrooke, this wood being sufficient to meet the normal demands upon the City for a period of two years. Tenders will also be received for the sale of approximately 283,285 feet of hard wood logs cut at Camp Sherbrooke and presently piled at the Bishop yard beyond East Angus.

Last evening's session was brief and pointed, the entire proceedings, despite a heavy agenda, being wound up before the time the average official meeting gets underway. This might be accounted for by the light attendance. The seats for four Aldermen became vacant and as their successors have not taken the oath of office, only six members and the Mayor were in their places.

A special session of the Council has been called for March 30, when the new Mayor, ex-Ald. Alphonse Trudeau, will be inducted and the new Aldermen will take their oath of office.

THE NEW COUNCIL

In according an acclamation to ex-Alderman Alphonse Trudeau at the nomination meeting yesterday, Sherbrooke citizens assured that the post of Chief Magistrate would be held for the next two years by a man who has rendered valuable service to the citizens for the past five years as a member of the City Council. During his term of office, Mr. Trudeau has been aggressive in the advancement of those schemes which he believed for the general betterment of the city.

With the post of Mayor being occupied by Mr. Trudeau, Sherbrooke citizens may rest assured that the fight for improving the local water supply will be continued unabated, as the new Chief Magistrate was a strong supporter of retiring Mayor Guy Bryant in the latter's battle to modernize the water system. A man of seasoned judgment, with a record of success in his varied lines of business, Mr. Trudeau brings to his new post experience and moderation which promise that he will prove a worthy successor to the long line of men who have graced this important post in the years gone by.

The retiring Mayor, Guy Bryant, has had an enviable record on the City Council, serving as Alderman and later as Mayor, his entire term at the City Hall covering a period of ten years.

Ald. Paul Hamel, who has received an acclamation for the West Ward on seeking his third term on the Council, has proved one of the most progressive members of the municipal government. During the past few years, he has headed the Gas and Electric Department, undoubtedly one of the most important posts of the Council. Largely through his vision, the obsolete water gas plant which attempted to meet the demands of the citizens for the past few years is being replaced by the propane gas installation, considered the most modern system of gas production.

Newly-elected to the Council, Ald. A. C. Ross, who succeeds Ald. Guy Bishop, has had a wealth of experience in the municipal arena. After several years as Alderman, he occupied the mayoralty post for two years and retired to private life. However, at the insistent demand of his fellow citizens of the North Ward, he consented to re-enter the Council, where his lengthy service of previous years promises to stand the ratepayers in good stead.

Ald. Norbert Bergeron is a complete newcomer to the Council but he has shown a keen interest in municipal politics which promises well for his future career.

Contesting the Centre Ward seat are two well-respected Sherbrooke citizens. Armand Nadeau, one of the younger professional men of the city, has made a name for himself in the legal profession. His opponent, J. E. Bouffard, for many years was the operator of a mercantile establishment and is an important property-owner in this ward.

FAREWELL

To have served his fellow citizens for a period of ten years as Alderman and later Mayor is a privilege which any man can look back to with pride and pleasure. On stepping down from the post of Chief Magistrate Mayor Guy Bryant has concluded a career of municipal service which has earned for him the esteem and gratitude of the citizens generally. A strong believer in the need of improving the local water supply, he bent every effort towards the construction of a filtration plant to remedy the present unsatisfactory condition of Sherbrooke water.

Experiencing one of the few contests in recent municipal history, he registered an impressive victory in defence of the traditional policy of the bonne entente which has featured local history for many years. During his term as Mayor, he represented the City with dignity at various public functions and was unremitting in his efforts to fill the high office he held with efficiency and sincerity. To him local citizens extend the best wishes for continued health and prosperity on his return to private life, confident in the knowledge that if his services are required in the future they will be available as they have been in the past.

To the two retiring Aldermen, Guy Bishop and Hector Lanctot, the people of Sherbrooke also extend their thanks for services well performed and duties well carried out.

ST. PATRICK'S DAY

Irishmen, whether they be at home on the Old Sod or in exile across the seas, today unite in paying tribute to St. Patrick, the patron saint of the Emerald Isle. But the tribute to this worthy man is not confined to the Irish alone. Everywhere where Irishmen dwell — and there are few areas indeed which have not been visited by this race—people of all races and creeds join in common honor to a noble man.

Of St. Patrick himself little is known. Even his birthplace is a matter of dispute. One thing is certain however. He became an integral part of the early Christianizing of this race and he left an irremovable mark upon the life and character of the land of his adoption. To him goes much of the credit for the fact that Ireland enjoyed one of the first civilizations known to the Western World. As the result of his teachings and activities, the culture of Ireland was several centuries ahead of that of the rest of Europe. The successors to these men have produced such orators as Burke, Goldsmith, Gratton and Sheridan; such writers as Thomas Moore, Davis, McCarthy and Maginn; such patriots as Wolfe, Tome and Emmett.

Considering this record, it is readily understandable that the Irish are justifiably proud of the man who made such possible.

FEATURED PLAYERS IN LATEST UN-AMERICAN SPY SCARE CAST

Dr. Edward U. Condon, National Bureau of Standards director, who is now on the Thomas-Rankin Un-American Affairs Committee griddle, has a strange story to tell about his relations with the other characters in this latest spy scare. Most important are Demetry I. Vinogradoff, Ignace Zlotowski and Helen M. Harris.

Vinogradoff, now 70, is employed at Bureau of Standards as adviser on relations with foreign governments and scientists. He came to the U.S. after the Bolshevik revolution in 1917. He had been educated as an electrical engineer. He was sent to this country as purchasing agent for the old Kerensky regime, the first democratic government set up in Russia after overthrow of the czar.

When the Kerensky government was itself overthrown by Lenin, Trotsky, Stalin and their pals, Vinogradoff decided he didn't want to go back. So he stayed in the U.S. and became an American citizen.

He got a job with Westinghouse Electric Co. in Pittsburgh, and in time became manager of their international engineering department. Dr. Condon was head of Westinghouse Laboratories from 1937 to 1945, and it was there he first met Vinogradoff.

All during the war, after he was pensioned by Westinghouse, Vinogradoff worked with U.S. Army Air Forces. Because of his vast knowledge of European electrical and industrial installations, he gave invaluable advice on the selection of bombing targets.

WAR DISRUPTS SCIENTIFIC EXCHANGE

When Dr. Condon was made head of Bureau of Standards in November, 1945, he took Dr. Vinogradoff on his staff to advise on relations with foreign governments. The war had disrupted the international exchange of scientific information that has been carried on ever since the Smithsonian Institution first began it in 1849. Working through the State Department, efforts were made to re-establish contacts between American and foreign scientists, universities, laboratories and research institutions.

Early last year it became apparent that the Russians would not permit their scientists to communicate with the rest of the world. Vinogradoff was assigned to look into it. First report was that many Russian laboratories had been destroyed by the Germans and would be slow in getting back to work.

So a letter was prepared for Dr. Condon's signature, notifying all foreign governments that as of Jan. 1, 1948, no scientific material would be exchanged with any foreign government that did not send like material to the U.S. Russia did not reply to the notice. Since that time the lid has been on.

Dr. Ignace Zlotowski, the second character with whom Dr. Condon is accused of having associated, is a Polish physicist. He was caught in Paris at the outbreak of the war. He had been working with the Curies in France. Not being able to return to Poland after Germany overran his country, he came to the U.S. During the war he taught physics at Ohio State University and Vassar College.

MISS HARRIS AND HER ESCORT

After the war he hooked up with the Polish Embassy at Washington. He was assigned as Polish observer for the atomic bomb tests at Bikini in the summer of 1946. It was on this trip that Dr. Condon first met him.

Later Zlotowski was made adviser on atomic energy matters to Dr. Oscar Lange, Polish ambassador to the UN. Until Jan. 1, when the job folded, Zlotowski was Polish member of the International Atomic Energy Commission in New York.

Zlotowski was single, and in Washington liked to step out socially. On one occasion he escorted to Dr. Condon's home, for a dinner party, Miss Helen M. Harris. At that time and until last November she was secretary to the American-Soviet Science Society. This was an organization started by a grant of $25,000 from—of all places—the Rockefeller Foundation. Dr. Condon had encouraged the work of this society. But when its grant was used up and the Un-American Affairs Committee started blowing hot on its neck, the society went out of business.

Miss Harris was born in Poland of Polish parents. They brought her to the U.S. as a minor in 1931. She became an American citizen when her parents were naturalized and took the name of Harris. She now works as a secretary in the Polish Embassy in Washington.

TCH, TCH, TOO BAD!

FROM THE PEN OF E. T. WRITERS

HERE'S GREETINGS TO THE IRISH

An emerald Isle, my thoughts beguile,
Across the dashing foam,
So at this time, I'll pen this rhyme
For Natives far from home.

Let me today just tributes pay
To all the gallant Irish;
A jolly lot, forget it not,—
Sometimes a wee bit "fireish."

Come! celebrate their special date
In truly fitting way;
Pin on the green where 'twill be seen
Upon "Saint Patrick's" day.

Fine legends old have long been told
About that little Isle,
They stir the mind, and sometimes find
Expression for a smile.

We sing and talk of the Shamrock
When lauding Ireland's fame,
And witches, too, I've heard 'tis true,
Are coupled with her name.

An Irish Jig, (by small or big)
Might practised be today,
We'll even own, the Blarney-stone
Is helpful in its way.

Good Irish cheer, this time of year
Is rightly manifest,
Let's all be gay, and forthwith say:
"Long may your Isle be blest."

With due respect my rhyme I've checked
In closing let me say:
"Glad wishes fine, for "Auld-Lang-Syne"
We tender you today."

E. MABEL McLAREN.

Maple Grove, Que.

A BIT O' SHAMROCK

Wear a little bit o' shamrock in
your buttonhole today,
In honor of St. Patrick and old
Ireland far away.
'Tis the land of the shillelah, where
the skies are always blue,
Where the grass it grows the greenest,
A real emerald hue,
Where the fairies dance by moonlight,
and the river Shannon flows,
And each Irish lad is dreamin' o'
his wild Irish rose.
Oh Irish hearts are happy, and Irish
folk are kind,
So keep the love of Ireland forever
in your mind,
And pin a bit o' shamrock upon
your coat today,
In honor of St. Patrick and
Old Ireland far away.

COMMUNISTS BARRED

The Standard

The average citizen will find it strange that after long and serious thought and inquiry by the Department of Justice and the Department of Immigration, the discovery has been made that laws exist, have always existed, to keep the communistic riff-raff out of Canada. The inference is plain enough that the laws are now to be enforced where there has been laxity or plain non-enforcement in the past. Perhaps the policy of appeasement of the reds has been finally thrown overboard.

The government took some hard raps on the issue yesterday. In 1945 the Labor-Progressive supported it and they also came to the support of the Liberal candidate in the North Bay by-election. Donald Fleming, P.C., Toronto-Eglinton, reminded the House that after the spy disclosure at Ottawa, Prime Minister King told the House that he thought of going to Russia to see Stalin. "That," said Mr. Fleming, "shows the appreciation the Prime Minister has of the real danger of communism." And he added this for good measure: "Because the government laid down with the communist dogs in 1945 it hasn't yet been able to shake off the communist fleas."

C. E. Stephenson, P.C. for Durham, declared:

In this country we have been following a policy of appeasement. We have been leaning backward in the attitude we have been taking. Now I believe the time has come when we should do what they are doing in the United States; say to some of these paid agents: 'Here is a one-way ticket to the land of your dreams.' I am sure they will be rewarded by the Soviet according to their works. If we continue much longer we are in danger of falling into the trap which has been set for us."

Surely, after the action in the United States and the reports from the nation to the south, and from recent events in Europe, this country will be on the alert.

Of all the dangerous attitudes of mind and dangerous words, "it can't happen here" surely must be given top priority in the present period of stress, strain and uncertainty about the future.

There is increasing evidence all over the country of communist activity and aims, as never before. Here is one despatch less than a month ago, now possibly forgotten, which tells a story in itself:

London, Ont., Feb. 12.—(CP)—C. H. Millard, Canadian director of the United Steelworkers of America (CIO) said yesterday in an interview, he agreed with a statement by Republican Senator Robert Taft of Ohio, that the Taft-Hartley labor law is driving communists out of American unions and into Canadian unions. "In fact, I know of one union where half a dozen communists already have been imported from the United States," said Mr. Millard.

W. L. Clark, in The Windsor Star, says it is too bad Premier Drew, who has known the communist aims from the very start, hasn't the support of other parties "to prevent a political coup in this Dominion." That writer adds:

"The communists are hard at work in Canada. They are in Windsor, and they are wherever they believe they can cause trouble. During one affair, a nationally known communist was demanding that members of the Ontario Legislature take their places in a parade of communists. What he heard from some of these members was enough to rock him off his heels. But he had the nerve to call them and demand their presence. When are the Canadian people going to get wise to what the communists are striving to do!"

All this underground communist spadework is being done in fairly prosperous times and there is the hope that a depression will come, so that the reds can prey on poverty to promote their aims. If communism is a danger now, it would be many times over if such a thing as a hard time period were encountered.

"Birds of the Eastern Townships"

by J. H. Doak,
of Cowansville.

RED-EYED VIREO

The Red-eyed Vireo is one of the commonest frequenters of our groves and woods and of village shade trees. The upper parts are light olive-green, and under parts white, shaded with light greenish. A little smaller than a sparrow, the most distinguishing mark is a black line over the white eyebrow, which can be usually seen as the bird peers through the leaves at the intruder.

The iris is ruby-red, but this can be seen only on very close examination.

The song is not a very wonderful one, being described as "You see it—you know it—Do you believe it?" which has given the vireo the nickname of "The Preacher" but it is quite cheerful, and about the only bird melody heard in the heat of a midsummer noon. Living entirely in trees, it hunts its food among the leaves and smaller branches, and when a worm is caught, it is first knocked against a branch to kill it before being swallowed.

The nest is exquisitely made, being a pensile bag of birch bark, lined with grass and soft fibres, and five white eggs are laid, which have a ring of brown spots on the large end. Whether she is excessively stupid, or excessively kind, the mother-vireo has certainly won for herself no end of ridicule for allowing the cowbird to deposit an egg in her nest, and "hog" most of the food from her own little fledglings. However no displeasure or grudge is shown towards the ugly intruder that is sure to upset the rightful babies before they are able to fly. Vireos are rather shy birds, and usually are heard but not seen.

McKENNY ON BRIDGE

By Wm. E. McKenny, America's Card Authority

SAFE SIX IS TURNED INTO SEVEN HEARTS

There are 40,000,000 card players in the United States, and I suppose every one of them plays at least once a year in a charity event.

In January Mrs. Ralph H. Schellenberg and Harry J. Fishbein, who run the Mayfair Bridge Club in New York, put on a game from which all entrance fees were given to the March of Dimes. I played with Nick Minuskin, chairman of bridge tournaments for the March of Dimes. Nick and I had won the tournament.

Today's hand came up. On the opening lead of the diamond three, Nick played low from dummy and East, feeling from the bidding that the ace of diamonds would be a give-up play, put on the jack. Nick won with the queen, cashed the king of clubs and led a small heart over to the king.

Now the average player might make the mistake of leading the ace of clubs and discarding the five of spades. But there is a chance to make seven on this hand and it always can be played safely for six.

Nick made the correct play of the seven of clubs, trumping in his own hand with a small heart. Then he laid down the ace of hearts, picking up East's jack. He went over to dummy with the ten of hearts and ruffed another club. The six of hearts was overtaken by the seven in dummy, and now the ace of clubs was laid down. When the jack dropped from the East hand, Nick discarded the six of diamonds. The ten of diamonds was discarded on dummy's fifth club, then the queen of spades was led. East refused to cover, declarer let it ride and thus made seven.

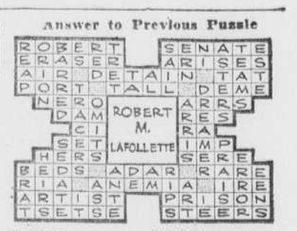
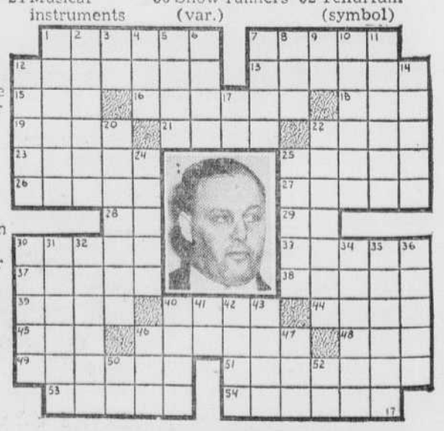
Answer to Previous Puzzle





Palestine Issue May Still Be Settled By Compromise

By
JAMES M. LONG
(For Dewitt Mackenzie)
Associated Press News Analyst

Jerusalem, Mar. 16.—(AP)—The Arabs talk of victory in Palestine in a single, overwhelming onslaught. The Jews speak of a long-drawn, hard campaign to win the state the United Nations mapped.

But what they really mean is that the Arabs hope to win eventually by ceaseless guerrilla tactics which would block the Jewish state from ever coming into actual being—and the Jews hope to clinch victory in quick, decisive blows.

In weighing the chances both sides admit two common factors:

1—That the full scale fight cannot begin until the British authorities pull out, presumably May 15th; and (2) that developments yet unforseen probably will keep the withdrawal from being clear-cut, leaving the British army a still-unknown influence upon the outcome.

Several other conclusions seem warranted by the facts:

(1) When the fighting ends it probably will not be upon the frontiers mapped at Lake Success — the Jewish state either will take in virtually all Palestine or only a thin coastal strip from Tel Aviv to Haifa.

(2) Neither side anticipates that an international U.N. enforcement army ever will be sent here.

(3) There still is room to believe that a solution by compromise may be found, after some fighting and bloodshed, although at this moment neither side is willing to discuss terms short of total victory.

The Arab plan of campaign is:

(1) To wipe out the several score strong Jewish settlements in the mixed Arab-Jew rich farmland country around the Sea of Galilee by attacks from three sides—across the Syrian border from the north, across the Trans-Jordan frontier from the east, and up from the south from the Nablus-Tulkarm - Jenin triangle already under complete Arab control.

(2) To seal off Jewish settlements of the south by cutting and standing astride the only two roads of communication, one through Gaza and the other through Peersheba.

(3) To split the Jewish state at its centre and thin weak point, along the plain of Sharon near Nathania where the Arabs are massed in strong inland hills and the Jews hold a 10 to 15 mile-wide coastal flatland.

At its successful utmost, this plan of tactics would reduce the Jewish state to wedge-like coastal enclaves around Tel Aviv and Haifa, with perhaps one endangered road of coastal contact.

Few Arabs actually expect ever to be able to reduce this coastal position, with its seaborne supply, but they believe that by squeezing the Jews down to a two-city state, itself under siege, they will have invalidated partition and forced a new, different solution.

Jewish military commanders plan to meet this strategy by attack of their own—since defence could not easily hold the Jewish position.

This is the attack which they hope will prove decisive:

Blows, if possible from three sides, against the Arabs' main concentration in the Nablus-Tulkarm-Jenin triangle. That requires that Hagana retain control of the Tel Aviv-Haifa coastal road; that it hold Jerusalem as a striking base for attack north against Ramallah and Nablus; and that it keep control of the broad valley of Esdraelon — the Armageddon of the Old Testament—for attack against Jenin and Beisan.

Hagana's commanders expect that in this triangle Arab armies can be dealt the blows that would end the fight for Palestine—or at least break it down to sporadic guerrilla fighting.

MRS. LOOMIS IS HONORED BY I.O.D.E.

Glowing tribute to Mrs. W. E. Loomis, retiring regent of the Municipal Chapter, I.O.D.E., accompanied by life membership was the key note of the annual meeting of the chapter held last night at the New Sherbrooke Hotel.

Mrs. Loomis' citation was read by Mrs. N. Holland, past provincial president, who referred to the outstanding work of Mrs. Loomis in the I.O.D.E.

Mrs. Loomis was unavoidably absent from the meeting, because of illness, and her life membership badge was presented to her today.

The meeting was presided over by Mrs. A. A. Munster, vice-regent.

A full report of the meeting will appear in tomorrow's edition of the Record.

ing, temporary revival of the draft, and swift action on the European Recovery Program.

"Time is now of critical importance," Truman said of the European aid plan.

The Senate has approved European aid to be started with $5,300,000,000 for the first year. The House has not yet acted.

In urging universal training, the President said the United States must remain strong enough to support European countries threatened with Communist control and police state rule "so long as Communism threatens the very existence of democracy."

Universal training is the "only feasible means by which the civilian components of our armed force can be built up to the strength required if we are to be prepared for emergencies."

The ability of the United States to mobilize trained men in large numbers in an emergency, he said, could head off future conflict and help restore world stability.

J. S. Mitchell And Company Reports Increased Profits

JOHN C. NEWMAN

G. W. MURPHY

Net profit of $249,685, or $16.64 a share, in 1947 compared with $150,369, or $10.02 a share in 1946, is shown in the annual report of J. S. Mitchell and Company, Ltd.

Volume of business in 1947 was larger than in the preceding year, notwithstanding the large number of articles that were in short supply, John C. Newman, president, said in the report.

Profits before taxes were $498,930, an increase of $161,082, or nearly 50 per cent. Tax provision was $249,245, against $187,477.

During 1947 the stock was placed on a quarterly basis of 75 cents and a total of $4 per share was paid in dividends in that year. Balance at credit of earned surplus was $881,843, a gain of $181,731.

Net working capital was $984,644 compared with $850,327.

Of the serial debentures, $24,000 matured on June 1 and were paid off, leaving $96,000 of these 4½'s outstanding.

Vice-president and general manager of the J. S. Mitchell and Company, Ltd., is George W. Murphy.

Angry Scenes

"criminal" in a speech earlier in the session.

Brig. Sauve attacked "those people who spent the war sending others to it," and he used the expression "little coward" addressing Mr. Choquette.

Premier Duplessis took the floor and declared that Quebec Province had always been "respectful of the law and of authority." He accused the Liberal party of having preached "hatred of England" and campaigned on "war and conscription" for 25 years.

"For 25 years they taught the people of Quebec not to obey the laws, taught them contempt for authority and taught them treason," said the Premier. "They rendered themselves guilty of riots in violation of the law. They threatened to kill a public man who voted openly when friends of their party voted secretly.

"In the last war, I did not know as hypocritical and vile a Government as the Liberal Government," added the Premier. "Twenty-five years after the war they still talked and gave Quebec a reputation it did not merit."

The Premier charged that in the recent war conscription had been applied on a basis of "intimidation." He said unemployed were required to enlist or lose their allowances and students were refused grants unless they enlisted "voluntarily," as it was called.

"For their party, they would sell their sons and their fathers," Premier Duplessis continued. "Where are the brave patriots on their side of the House."

Premier Duplessis said there were three war veterans in the Ministerial benches and three Union Nationale members who are war veterans. He charged that Mr. Choquette showed a "mentality which the rules do not permit me to qualify."

The Montmagny member replied that Government party members were "calumniators and dirtiers."

"Neither the gag nor the insults of this little Premier will prevent me from doing my duty in this House," Mr. Choquette added.

The Liberal member said "immense road contracts" had been given without tenders to Ontario contractors, and Roads Minister Antonio Talbot replied that the same contractors had also been given work by a former Liberal Government.

Mr. Talbot offered to resign if proof that he had benefitted personally from public funds were supplied and he called Mr. Choquette a "coward."

The Montmagny member and Leon Casgrain (L—Riviere du Loup) asked for a retraction. Premier Duplessis said Mr. Choquette's "lack of courtesy and politeness more than justify the expression."

Mr. Godbout criticized the Premier for not supporting the requested retraction and soon after Premier Duplessis who protested against "attacks and insults" of Union Nationale party members by an opposition newspaper said:

"I say a man who conducted himself as the Montmagny member is a coward."

"I say when the Premier speaks like that he is a blackguard," Mr. Choquette shouted.

Before the end of the sitting Premier Duplessis attacked Mr. Godbout and called him a "blackguard" and the Liberal leader replied the people would know "who is a spoiler of reputations."

dropping off in the cost of housing. Costs of materials were levelling off, but costs of labor were increasing.

R. W. Mayhew, Parliamentary assistant to Finance Minister Abbott, disclosed that the Government will make a statement within a few days on how long it plans to continue buying Canada's bulk sugar supplies. The crown-owned commodity stabilization corporation, which buys the sugar, also purchases scarce fats and oils from external sources.

Dealing with rentals, he said this control was one of the most important still functioning but at the same time was one of the most difficult to administer. There was no pattern to follow.

As for the future of rent control, it would be up to Parliament next year to decide whether or not it should be continued beyond April 1, 1949, the date to which it now is being extended.

Some members pressed for the lifting of rent controls in smaller communities but Mr. Mayhew said the Prices Board had found that there was just as great shortage of housing in the small centres as there was in the towns and cities.

Lawrence Skey (PC—Toronto Trinity) belabored the Government's policy and charged that controls were "aggravating" the housing shortage. It the Government insisted on continuing controls, it should either build houses or subsidize the provinces and municipalities in this field.

T. L. Church (PC—Toronto Broadview) stepped into the debate with the statement that the rental courts were the "biggest farce" he ever had seen. Tenants were profiteering at the expense of landlords and veterans. Controls had done nothing to foster the construction of new homes.

an injunction to end the strike.

An injunction, if obeyed, would have the effect of ending the strike for at least 80 days. After a second study of the dispute by the fact-finding board the National Labor Relations Board would take a secret ballot among strikers in connection with the employers' last settlement offer.

The N.L.R.B. would certify the results to the Attorney-General who would ask for release of the injunction. If the dispute remained unsettled the President could refer it to Congress.

There was no violence reported in the picket lines at packing plants across the country during the first day's strike. Supplies of meat animals to market were cut sharply and prices on the wholesale market were higher. Industry spokesmen said prices probably will continue to rise as fresh meat at the retail stores dwindles.

The full effects of the strike were not expected to be felt by consumers for about 10 days or two weeks.

train crews would have to wait longer between runs.

The United States Bureau of Mines said the country had a 29-day coal supply on Feb. 1, that it likely will be lower in the March 1 report. Anything below a 30-day supply is considered dangerous.

Meanwhile, as the pension paralysis spread to coal mines in 17 states, operators made their first move toward settlement.

In Washington, Ezra Van Horn, chief operators' spokesman, proposed that he and Lewis go together into Federal court to seek appointment of a neutral trustee for the miners' $30,000,000 welfare fund. A previously-appointed neutral member quit last January because of disputes between Lewis and Van Horn.

The operators insist that Lewis' demand of a $100 monthly pension for every coal miner past 62 who has worked 20 years in the mines would bankrupt the fund.

President Truman continued to study the situation but gave no hint of possible action. He halted one mine strike in 1946 with a court order. Conciliation director Cyrus S. Ching refused to say how or when the Government might act.

Bills to Pay!...

YES, EVERYONE knows what it is to have to pay bills. And a corporation is no exception. In our case the bills we must pay if we are to keep this company in a sound position as an important supplier of goods for Canadians and a vital source of employment in this country, fall roughly into four divisions. And here are the figures for those bills based on our last fiscal year:

Raw materials (principally raw cotton)	$21,762,142
Supplies (such as dyestuffs, starches, chemicals, packing cases, etc.) and expenses of operating the business (including light, power, repairs, pensions, insurance and many other such items)	9,452,396
Amount paid to employees	11,002,777
Taxes	1,843,881
This total of the bills we paid equals 96.25% of the company's total revenue for the year	$44,061,196
The remaining 3¾% was divided as follows:	
Dividends paid to 4,357 shareholders whose investments make this company possible (3¼% of total year's revenue)	$ 1,485,842
Amount re-invested in the company to keep it a stable enterprise (½% of total year's revenue)	243,492
Total income for the year	$45,790,530

MRS. M. WILSON ELECTED HEAD OF MINTON W.I.

Minton, March 16.—Mrs. Munroe Wilson entertained the March meeting of the Minton Women's Institutes at her home, when ten members, two visitors and eight children were present.

The meeting was presided over by the president, Mrs. Reginald Connor, and was opened with the recital of the "Mary Stewart Collect" in unison. The roll call was answered by the payment of dues. The minutes of the previous meeting were read by the secretary, Mrs. Fred Conner and were approved. Mrs. K. Dean, treasurer, gave the financial report. Several bills were paid and the correspondence was read, which included letters from Mrs. Conley, Mrs. W. Dobb and Miss Walker.

This was the annual meeting, and the conveners gave their reports of work done in their departments and the treasurer gave the financial statement for the year.

Mrs. K. Dean, on behalf of the members presented the retiring president with a gift.

The election of officers for 1948-49 then took place with the following results: President, Mrs. Munroe Wilson; vice-president, Mrs. John Jenkin; secretary, Mrs. Fred Conner re-elected; treasurer, Mrs. Kenneth Dean re-elected.

Conveners: Agriculture, Mrs. Herbert Johnson; home economics, Mrs. John Jenkin; education, Mrs. Reginald Conner; welfare and health, Mrs. Arnold Galbraith; publicity, Mrs. Fred Conner; national and international relations, Miss Alice McRae; sunshine committee, Mrs. George Judge; Blue Cross secretary, Mrs. K. Dean.

The new president, Mrs. M. Wilson, then took over the meeting when plans were made to meet and prepare the 1948-49 programs.

Each member was asked to bring something to the April meeting for an overseas parcel.

After adjournment, the hostess, assisted by several of the ladies served delicious refreshments.

Mrs. Homer Johnson will entertain the April meeting.

The Doctor Says:

VIRUS IS BELIEVED RESPONSIBLE FOR SERIOUS INFANT DISEASE

By Edwin P. Jordan, M.D.

During the past 15 years or so, a serious disease has occasionally struck newborn infants in hospitals. This is called epidemic diarrhea of the newborn. It is a highly fatal condition and has caused much concern.

Jordan

The first signs strike suddenly. The baby is likely to appear drowsy and if awakened makes a short cry. The temperature is not especially high. Within a few hours the infant begins to have loose watery yellowish bowel movements which tend to come more and more frequently. They lose weight with great rapidity. Loss of a pound a day, which is not uncommon, cannot go on for long in a newborn infant.

Only Half Recover

Signs of lack of fluid, which is caused by the loss of water in the bowel movements, soon develop. Death may occur in a day or two; only about half of those stricken seem to recover. Germs have not been discovered to have any relation to the disease but in at least five epidemics a virus has been discovered. Thus it seems quite certain that one or more viruses is responsible for the disease.

The best treatment of this condition is to prevent it. Strict protective measures in the nursery and in the room that the food is prepared is of greatest importance.

If epidemic diarrhea should break out in a hospital nursery, preventive measures should begin at once. Admissions must be stopped, visitors must be excluded, and healthy babies must be isolated and observed carefully for any signs of the disease. This disease is so serious that the strictest precautions are amply justified.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

Q—Does a person who has hardening of the arteries necessarily have high blood pressure?

A—A person can have moderate hardening of the arteries, especially if only in a certain part of the body, without having high blood pressure. However, the two are commonly associated.

NO GLASSHOUSE FOR WOMEN IN DEFENCE FORCE

London, March 17. —(CP)— More than 500,000 women served in His Majesty's forces during the war and the government would like others to enlist with the assurance that severe detention, conditions and other stern punishments do not face them under military discipline.

The Commons debated the servicewomen's place in the defence organization when Defence Minister Alexander presented a bill to incorporate the Auxiliary Territorial Service in the army and the women's Auxiliary Air Force in the Royal Air Force. They will have the new names of Women's Royal Army Corps and Women's Royal Air Force.

The Women's Royal Naval Service will remain a civilian organization, this method being considered most suitable by the senior service.

Alexander and War Minister Shinwell faced inquiries from members on whether severe army and R.A.F. discipline would be imposed on women as on men when they became part of these services.

"It will be necessary to establish special detention barracks, but there is no question of a 'glasshouse' or anything of that sort," said Shinwell.

"I think it may be assumed that we should hardly dare to impose severe punishment upon women; I can imagine the resentment which would be expressed if we tried to do anything of that sort. But if there are serious offences and court martial, the women themselves can hardly expect to be excused."

Mrs. Leah Manning, Labor member for Epping, first raised the question of discipline in the women's services.

"I am not such a determined feminist that I think every kind of discipline and every kind of sanction which applies to a man must necessarily apply to a woman," she said.

Connolly Hugh Gage, Conservative member for Belfast, who served as assistant judge advocate general with the Canadian forces in Belgium, said he believed a code of discipline would be worked out by officers and "that it is not necessary to bring in all the business which is inseparable from the operation of the Army Act.

"Trying girls and sentencing them by court martial is inappropriate, and I am sorry to see it perpetuated by the bill."

MAGOG

Dr. George Wood met with an accident early Wednesday morning, when returning from a call, when his car left the road at a curve at the foot of what is well-known locally, as Bryant's Hill, on the East Bolton Road. On leaving the road, the car went over the embankment and hit a tree, which prevented the car from descending any further. It was necessary for the doctor to break the windshield in order to extricate himself from his car. Luckily Dr. Wood was not seriously injured.

Mr. and Mrs. Arthur Dufresne, who live in the vicinity, were walking down the road when they recognized the doctor in this dilemma, and in their usual hospitable manner invited him to return with them to their home where he could use a phone. Leaving his car to be brought in later, Doctor Wood returned to his home in Magog by taxi. Due to his usual friendly, cheerful and understanding manner, as well as his success as a physician and surgeon, Dr. Wood has established a very successful practise in Magog and surrounding districts, as well as a host of admiring friends who are pleased and grateful that he escaped without serious injury, although his car was considerably damaged.

GUILD MEETING

St. Faith's Guild met at the St. Luke's Church Hall with sixteen members and one visitor present. Mrs. John Chadsey and Mrs. Ronald Malcolm were joint hostesses. The meeting was conducted by Mrs. J. Moynan. Mrs. Huntley Garvin, the secretary, read the minutes of the last meeting, which were adopted as read. Further detailed plans were made for the Irish stew supper to be held on Saturday in the St. Luke's Church Hall. Following the business meeting, refreshments were served by the hostesses, assisted by Mrs. Joseph Ewart. The regular tea and flower collections were made, followed by a sale of home made cookies, the profits of which were added to the flower fund. Another unexpected addition to this fund was provided by the serving of tea and refreshments to the Young People's group, which was playing badminton in the adjoining room. This brought to a close a very successful meeting and an enjoyable evening.

OUT OUR WAY — By J. R. Williams

AUSSIES SEEK ATOM BOMB MATERIALS

Sydney, Australia, March 17.—(CP)—A nation-wide hunt for raw materials of the atomic bomb is gathering momentum in Australia.

Prospectors are seeking uranium, plutonium, thorium, and the other radio-active minerals that go into the bomb, in all parts of the country. Scientists sailed on the exploration ship Wyatt Earp to the Antarctic to study cosmic rays close to the South Pole, where the cosmic ray is understood to be stronger than it is in other parts.

Financial help is given by the federal government and substantial rewards are offered for the discovery of new fields containing the radio-active minerals.

The Council for Scientific and Industrial Research is devoting much of its time to research into the minerals but it has been hinted at Canberra that the government will set up an Atomic Energy Commission to supervise and develop resources in the states.

It is almost certain that any information or materials gained by the Australian government will be pooled with the British, United States, and Dominion governments, regardless of any decisions the United Nations may make on the subject.

The search for thorium in the sands of eastern Australia has taken prospectors to the fashionable seaside resort of Southport in southern Queensland. Thorium-bearing sands exist there and are believed to extend south almost to Sydney.

In the search for uranium, government authorities regard Mount Painter and Radium Hill of South Australia as the areas likely to yield large payable deposits of uranium.

But prospects of finding large deposits of uranium-bearing ores in Australia are not good, said R. O. Chambers, mineralogist at the Australian Museum. He told reporters that nowhere in Australia had anoyne found pitchblende, the most common and important source of uranium. He described, the Mount Painter and Radium Hills deposits as "insignificant."

The federal government has been seeking the services of Prof. M. L. Oliphant, Australian-born leader of nuclear physics research in Britain, to direct atomic research in Australia. The professor refused a government offer last year to take charge of a prosposed physics research institute at Canberra.

U.K. TOWNS PLAN MUSIC FESTIVALS

By STUART UNDERHILL

Canadian Press Staff Writer

London, March 17.—(CP)—A double bill of musical festivals is being arranged for the United Kingdom this year, with the historic Somerset City of Bath emulating Edinburgh, which is repeating the international festival it launched so successfully last year.

The Bath Assembly will be held April 21, May 1 with a program designed to appeal to youth Princess Margaret has agreed to be a patron and may attend some of the performances.

Edinburgh's second annual festival will run from Aug. 22 to Sept. 12 and, as it did last year, will include drama, opera, ballet and concert music.

The Glyndebourne Opera, which played an important part in organizing the first Edinburgh festival, is giving similar help at Bath. The opera was founded by John Christie, whose wife is the former Audrey Mildmay of Vancouver.

Under Glyndebourne direction a company has been assembled to give six performances in English of Mozart's opera "Il Seraglio." They will alternate at the Theatre Royal with a dramatic company.

Other features of the Assembly will be performances by the Children's Theatre Limited, the National Youth Orchestra, consisting of players 13 to 18, and a puppet show from Prague. There will be showings of international children's movies.

A preliminary draft of the Edinburgh program shows there will be a two-week season by the Old Vic Theatre Company of London, and a week-long visit by the Compagnie Madelaine Renaud et Jean Louis Barrault of Paris.

The Glyndebourne Opera will produce a Mozart season of "Don Giovanni" and "Cosi fan Tutte," while the Sadlers Wells Ballet plans a new Stravinsky ballet and a new ballet with choreography by Massine.

Apart from British orchestras, those attending the festival will be able to hear the Dutch Concertgebouw Orchestra and the Augusteo Orchestra of Rome. Soloists will include pianist Artur Schnabel, violinist Yehudi Menuhin and 'cellist Gregor Piatigorsky.

Aided by good weather, Edinburgh's festival last year succeeded beyond the most optimistic expectations, and sponsors were able to recoup much of the £60,000 ($240,000) expenses, which had been raised in three equal parts by the city, the Arts Council and anonymous donors.

The Assembly has a guarantee of up to £3,000 by the corporation of Bath, with the Arts Council guaranteeing £750 of any deficit.

Man Should Use Rough Tactics In Dealing With Lazy Mate

Dear Miss Dix: I am 37, married 12 years and have two children. When I married my wife I was very much in love with her, so much so that I did not pay much attention to what a bad housekeeper she was and, anyway, I thought she would improve as she grew older. But she has grown worse and now doesn't even bother about her personal appearance.

DOROTHY DIX

I try very hard to keep up my end of the bargain, but it is very trying to come home to a dirty house, dirty kids and a sloppy wife and nothing fit to eat. She is still very pretty and has a nice figure and we could be happy together if she were not so lazy. She has perfect health, so she can't use even that for an alibi. When I try to talk to her, she only cries and says I do not love her any more.

All she wants to do is to read and to run to the neighbors' houses all day. What in the world is a man to do with a wife like that?

A VERY PUZZLED HUSBAND.

Answer: Your problem is easy to solve. It simply consists in your being a man instead of a mouse. As long as you let a lazy, trifling wife make a doormat out of you, she will do it. But you can turn her into an efficient helpmate by the same process that you would use if you were dealing with a business partner who wouldn't hold up his end of the job.

READ RIOT ACT

All you would have to do is to read the riot act to her and put some punch into it. Tell her that your patience is exhausted; that you are tired of coming home to a dirty house at night; that you will not stand her neglect of the children any longer, and that she either has to do her duty as a wife and mother, or else get out.

When she moans out that you no longer love her, ask her how she expects a man to stay in love with a frowzy, unattractive woman who is too lazy even to comb her hair or put on a clean dress. No doubt she will weep all over the place, because it is easier to turn on the tear ducts than it is the washing machine, but don't let her get away with it.

Tears are the coward's weapons that wives use on weak men. Get wise to that simple fact and brace yourself for the rainy season. If you can only make your wife believe that you mean it, when you tell her that she is going to find herself in the divorce court if she doesn't get busy in the kitchen, you will be astonished at the results. She will loaf on the job as long as she can, but she will get a move on her rather than lose it.

Dear Dorothy Dix: I am a boy of 13 who is going with a girl of 12. She says she loves me, but I don't believe her. Anyway, I didn't know what love was until I looked it up in the dictionary. When I did, I found that I was in love with a very cute girl at school. Do you think I should go with the girl who is more my age, or leave them all alone until I get older?

HANDSOME BOY.

Answer: Well, son, I think that 13 is a trifle young for you to begin bothering about love affairs. What should interest you now is trying to get an education, and athletics, and planning what sort of a man you are going to make of yourself and what career you are going to fit yourself to follow. Believe me, you will get a lot more profit out of doing that than you will out of trying to decide which of two little giggling bobby-soxers you like the better.

But I am interested, Handsome, in your saying that you didn't know what love was until you looked it up in the dictionary, then you found out you had a case of it without knowing it. It is an experience that generally comes later on in life to members of the male sex.

Probably most men don't think about love until some pretty girl comes along and sells them the idea, and even then they have to look it up in the dictionary to find out what it is all about, and often they are surprised to find that they have the symptoms.

At any rate, it seems to me, that you have made a valuable discovery, and that is to turn to the dictionary, instead of the Dream Book, when you begin to have that gone feeling about little Tootsie Wootsie and are uncertain as to whether it is love or too many of mama's pancakes.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

Floral Cake Typifies Easter

A Happy Easter Cake shaped like a basket and topped with beautiful fresh flowers.

By GAYNOR MADDOX

Here's a beautiful Easter basket cake. Bake the batter in oval pans—oval glass ovenware dishes will do—put layers together with white frosting, and cover sides and a rim around the top with shredded cocoanut, tinted green. Trim with fresh flowers.

Happy Easter Cake

Two and one-quarter cups sifted cake flour, 3 teaspoons double-acting baking powder, 1 teaspoon salt, 1½ cups sugar, ½ cup shortening, milk (with butter, or lard, use 1 cup milk minus 2 tablespoons; with vegetable or any other shortening, use 1 cup milk), 2 eggs, unbeaten, 1 teaspoon vanilla, 1½ cups of shredded cocoanut.

Sift flour once, measure into sifter with baking powder, salt and sugar. Have shortening at room temperature, stir just to soften. Sift in dry ingredients. Add ¾ cup of the milk and mix until all flour is dampened. Then beat 2 minutes. Add eggs, remaining milk, and vanilla and beat 1 minute longer. (Mix cake by hand or at a low speed of electric mixer. Count only actual beating time. Or count beating strokes. Allow about 150 full strokes per minute. Scrape bowl and spoon often while mixing.) Turn batter into two 9-inch layer pans which have been lined on bottoms with paper, then greased. Bake in moderate oven (375 degrees F.) 25 minutes, or until done. Spread frosting between layers and on top and sides of cake. While frosting is still soft, sprinkle top and sides with shredded cocoanut. To tint the cocoanut, sprinkle about ¾ cup of shredded cocoanut on a sheet of white paper. Dilute a tiny bit of green vegetable coloring in a small amount of water, sprinkle over cocoanut, then rub evenly through cocoanut.

Cocoanut Chocolate Pudding
(Serves 6)

Three-quarters cup sugar, 5 tablespoons flour, ¼ teaspoon salt, 3 cups milk, 3 squares unsweetened chocolate, 1 teaspoon vanilla, ½ cup shredded cocoanut, plain or toasted.

Combine sugar, flour and salt in top of double boiler, mixing very thoroughly. Add milk gradually, stirring well. Add chocolate. Place over boiling water and cook and stir until thickened; then continue cooking ten minutes, stirring occasionally. Add vanilla and cocoanut. Chill and serve with cream. Note: For quick cooking, cook pudding in saucepan over direct heat until thickened, stirring constantly.

TOMORROW'S MENU

BREAKFAST: Orange juice, ready-to-eat cereal, hot cross buns, coffee, milk.

LUNCHEON: Poached eggs on toast with melted cheese sauce, enriched bread, butter, stewed fruit, tea, milk.

DINNER: Fried fillets of fish, tartar sauce, parsley boiled potatoes, large bowl of mixed greens, spring onions, radishes, tomatoes and thin strips of carrots, French dressing, cocoanut chocolate pudding, coffee, milk.

MARRIAGES

FRIZZLE—ALLEN

Foster, March 17.—A pretty wedding was solemnized in the Bishop Carmichael Memorial Church on Saturday afternoon, February 28, at two thirty o'clock, when Phyllis Colleen, elder daughter of Mr. and Mrs. R. E. Allen, was united in marriage to Howard Wilson Frizzle, only son of the late Mr. Carmi Frizzle and of Mrs. Frizzle, of Brome, Que., Rev. W. A. Bockus conducted the service assisted by Canon W. Gedye of St. John's Church, Brome.

The bride, who looked very charming in a grey tailored suit with a corsage of Sweetheart roses, was given in marriage by her father, Mr. R. E. Allen. She was attended by her sister-in-law, Mrs. George Allen, who wore a suit of green wool with corsage of spring flowers. Mr. George Allen acted as best man. Mr. Wilfred Allen, of Montreal and Mr. Rupert Allen of Granby, brothers of the bride, were the ushers.

Following the double ring ceremony and during the signing of the register, Mrs. Clarence Allen very beautifully rendered "O Promise Me." Miss Heather Bullard, of Knowlton, played the wedding marches and accompanied Mrs. Allen.

Following the ceremony a reception was held at the home of the bride's parents for the immediate families and intimate friends. The happy couple left later for a short honeymoon. On their return they will reside at the groom's home in Brome, Quebec.

MODERN MARRIAGE

TOO MANY "DON'TS"?
By Dr. Paul Popenoe

Don't say "don't" to Helen!

"I can't stand it!" she protests. "For years I've been hearing 'Don't.' Teachers and lecturers have been telling me what not to do, in getting along with boys. They have been warning me of all the dangers, explaining all the evils. Keep away from this! Look out for that! Avoid the other! What kind of educational psychology is that? Why doesn't someone give us positive and constructive suggestions of wholesome and satisfactory conduct?"

That's a fair question, Helen, and a good many young people will share your feeling—although I think the general level of education for marriage isn't quite as bad as you describe! A whole book might well be written to meet your challenge, but I'll have to be content today with four specific suggestions:

1. Work out a code of ethics for yourself. Decide in advance what course of conduct you think desirable. Don't wait until the emergency arrives and they try to figure out some way to meet it. Be ready with your plan in advance. The General Staff prepares for any future war by having already on hand a program to meet any possible line of attack. You do the same.

2. Select associates who share, in a general way, your ideals. Go with a crowd that believes in the sort of conduct in which you also believe.

3. Whenever you have a date, plan an interesting round of activities in advance. Have some subjects for conversation up your sleeve. Get some hobbies of your own and be ready to join in those of others.

4. Plan steadily in terms of the kind of husband, home and children you want to have in the future. The man you marry is likely to be one of the boys with whom you are now associated, or some other boy whom you meet through your present associates. Adopt forms of behavior that are likely to land you, eventually, in the sort of a home you really want. Keep this goal before you.

On looking over this, Helen, I see I let one "don't" slip in. Please don't hold that against me!

Questions and Answers

Q—Which is more likely to be happy in marriage—husband or wife?

A—Of course the wife more frequently complains or files for divorce, which would suggest that she is less happy; on the other hand Dr. L. M. Terman of Stanford University, rating more than 600 superior couples, found that the wives were a little happier than their husbands. The fact is, I suppose, that marriage is a larger part of the woman's life than of the man's life; if it is good she appreciates it highly and if she thinks it isn't good she is equally ready to say so. I might answer, then, that happy wives are happier than their husbands; unhappy wives are unhappier than their husbands.

Q—Which would be the better husband: a man who wants his own way most of the time, or a man who is grouchy a good deal of the time?

A—Studies of marriage suggest that the former would be preferable; but you'd better make a careful study of the background of each one!

Q—Our family, living in a city, never seem to be together; how can we build up family interests?

A—Make as much use as possible of mealtimes. Plan carefully so that they serve as a forum and medium of interchanging news, instead of merely banter.

Much Anticipation Centered On Albert Brusilow Concert Friday At Opera House—Announce Program

Albert Bruilow, gifted 20 year old violinist, who is appearing at the Haskell Opera House on Friday evening, March 19th, in a concert for the benefit of the Haskell Library, has appeared with a number of the leading Symphony orchestra of the United States, and always with great success. Last week he was given a numerous ovation on his appearance in Sherbrooke with the Sherbrooke Symphony Orchestra.

Of his playing, Pierre Monteux, famous director of the San Francisco Symphony, said, "A great talent, a real discovery." Mr. Monteux is one of the most famous orchestra leaders in the world, formerly a director of the Boston Symphony orchestra, as well as one of the great teachers of orchestral conducting, and has taken great interest in Brusilow's work.

Appearing with the Kansas City Philharmonic, Bruisilow drew the following comment from its leader, Efrem Kurtz, "I am firmly convinced that Albert will be one of the most highly thought of violinists of the future." The newspapers in Kansas City were equally kind, greeting the appearance with such comments as "an astonishing performance," "his amazing mastery," and "his absolute assurance."

Eugene Ormandy, director of the famed Philadelphia Symphony, with whom Albert appeared as soloist in a youth concert some time ago, said, "A most outstanding artist." Bronislaw Huberman, the famed virtuoso, said, "This is one of the country's greatest talents."

To draw such comments as these from musicians, as well as laudatory remarks from the newspapers in every place he has played, Albert Brusilow must, indeed, be a truly outstanding violinist, and it is for this reason that the people of the Boundary district are very fortunate in having the opportunity of hearing this young man on Friday evening, March 19th, at the Opera House.

Certainly no one will want to miss this chance of hearing a young man who will beyond doubt be one of the most famous violinists in the world in a very few years. Even those not especially musically inclined will feel like patronizing the event, realizing that all of the profit will go for the benefit of the Haskell Library, something really worthwhile for the community.

AROUND THE CHURCHES

SPEAKERS ANNOUNCED FOR HOLY WEEK SERVICES AT THE BOUNDARY

The protestant Churches of the Border Communities have announced the speakers for the Holy Week services which are being planned co-operatively for Beebe, Stanstead and Rock Island and Derby Line.

These services are open to the public, and all are cordially invited, whether members of any church or not. The offering will be sent to the United Nations "Appeal for Children" Fund. The meetings will begin at seven-thirty and finish promptly at eight-thirty.

Speakers will be as follows:

Tuesday evening, March 23rd, Rev. Carl Gustafson, at Stanstead South Church, Rock Island.

Wednesday evening, March 24th, Rev. F. W. Mitchell, at Centenary Church, Stanstead.

Thursday evening, March 25th, Rev. A. McKinley Rose, at Uhiversalist Church, Derby Line.

On Good Friday evening, two services will be held, to enable everyone to attend one or the other conveniently: Rev. H. A. Carson, D.D., will speak at Christ Church, Stanstead, and Rev. C. R. Stetson will speak at United Church, Beebe.

EXHIBIT OF WORK AT UNIVERSALIST CHURCH

The women of the Universalist Church are carrying on several different sewing projects and the work already finished will be on display at the church next Sunday, so that all the people of the parish may see what has been accomplished for a wide variety of objectives.

The U-Need-Us Club undertook to provide a complete year-round outfit of clothing for one young girl in displaced persons camps in Europe, but the response was so good that two complete outfits have been finished. Most of the garments are new, purchased or made by the group. A few, like winter coats, were contributed, but are practically new. The outfits include shoes, accessories, and even soap-flakes for laundering.

The Women's Society has made stuffed animals for the Vermont Church Council to use in its summer projects in neglected areas of the state. And the members are hemming towels which they purchased, and knitted dishcloths, both of these being needed equipment for the newly established Joslin Camp for Diabetic Boys, a project of the Association of Universalist Women. They have also provided a number of warm quilts made from remnants contributed by the members, and made up by Mrs. C. Ashmore, of Derby.

A third group of women, mostly members of the Women's Society, has been meeting on alternate Thurdays for relief sewing, and they have made underwear and dresses for the children in displaced persons camps in Europe.

Most of these articles will be shipped soon to their destinations, but the opportunity will be given next Sunday, March 21st, to see them all together. They may be viewed after the morning service, or during the afternoon until five o'clock. All who are interested are invited to drop in to see this work done by the Universalist women.

SUNRISE SERVICE TO MARK EASTER AT UNIVERSALIST CHURCH

Easter plans for the Universalist Church include a sunrise service at seven a.m., on the theme, "As Dawn Dims Flickering Candle." At this early service there will be no sermon, and it is not a substitute for the Easter Worship at ten-forty-five. Rather it is preparation, and by readings and music the mood of Easter morning will be built up to the climax in the later service. At ten-forty-five the service will include special music, including the anthems, "As It Began to Dawn," Vincent; and "I Know that My Redeemer Liveth," Handel. The sermon theme will be, "And Life Goes On." There will be observance of communion, and opportunity for those who wish to unite with the church. The Easter breakfast for the choir, following the sunrise service, is being sponsored by the Youth Fellowship. It will be held at Friendly House.

Christ Church Guild is holding a "Tea and Sale" at the rectory in Stanstead, on Saturday, March 20th, from 3 to 6 o'clock. Fancy work, mystery table, food table, fishpond and afternoon tea.

STANSTEAD COLLEGE

On Monday evening, five senior boys competed in the Boundary district's eliminations for the Rotary Club's annual public speaking contest.

The boys, and their leader, Mr. Frank Stanton, were the guests of the Rotary Club of the Boundary at dinner at the Del Monty Hotel.

The following were the contestants, and the topics on which they spoke:

Roy Amaron, "The Schoolboy's Dilemma"; Robert Hunter, 'The Hidden Art"; Don Kavanagh, "Fishing"; Gordon McGilton, "Democracy, our Heritage", and Douglas Montgomery, "The Values of Life".

The winner, whose name will be announced in this column next week, will go to Sherbrooke on April 13 to compete in the semi-finals of the provincial public speaking contest, to be held under the auspices of the Rotary Club.

Academy

Lenten services were continued throughout the week. On Monday the service was taken by Peggy Rice, the theme being the "Crucifixion." On Tuesday Gwen Mowatt spoke on "The Burial." On Thursday, Douglas Montgomery spoke on "The First Day of the Week." On Friday, Adelaide Kenrick spoke on "The Appearance to Mary Magdalene." Class meetings were held on Wednesday morning.

Students of Grades 11 and 12 listened to the last C.B.C. broadcast of Shakespeare's most famous tragedy, "Hamlet."

The final objective reached by all the classes of the college in regard to the "Aid to Children" fund was close to $150.

Staff Notes

Mrs. E. C. Amaron entertained several of the students' parents at tea on Saturday afternoon.

On Wednesday evening, Mrs. W. T. Greer entertained several members of the staff at bridge.

Bugbee "At Home"

The Bugbee "At Home" was held in the Bugbee Business College on Saturday night, March 13, 1948.

On the reception line were Miss M. Battersby, Mr. J. D. McFadyen, Georgina Streeter, Alex MacPherson, June Harris and George Soonum.

Alex MacPherson was the Master of Ceremonies, and June Harris, president of the Bugbee Literary Society, gave a speech of warm welcome.

Two vocal solos were given by Nancy Burgner and Janie Kirk, and Mr. Gordon Jones rendered an excellent violin solo.

One of the highlights of the evening was a recitation by Mr. J. D. McFadyen of two comical poems; "Bachelor's Hall," and "When Father Carves the Duck."

The music was played partly by record and partly by the College Orchestra, conducted by Ian MacMillan, a resident of the school. Gwen Mowatt, the band's vocalist, sang several numbers among them one composed by MacMillan called, "My Heart's on Fire."

Refreshments consisting of coffee, sandwiches, and cake were served midway through the evening. The festivities ended at 11:30 p.m. with the singing of the "Alma Mater," and "God Save the King."

There were about two hundred people present at the prom, and the hall was very attractively decorated with shamrocks and green and white crepe paper, in honor of St. Patrick's Day. All present agreed that this year's Bugbee "At Home" was a great success.

E. T. C. M.

Dr. Irvin Cooper and Miss Gwen Hands were guest artists at the recital by the Boundary Men's Choir, "The Meridians" at the Haskell Opera House last Friday evening.

The school band held its regular rehearsal on Friday afternoon. The band played one of Dr. Cooper's original compositions, and an arrangement of the Wiffenpoff Song by Dr. Cooper and Ian MacMillan. This band will be playing for the Cadet Inspection, which takes place in the spring term.

The Meridians Are Enthusiastically Acclaimed In First Public Concert

A large and enthusiastic audience greeted The Meridians, Boundary Men's Choir, for their first annual concert, held at the Haskell Opera House, last Friday evening. A most appreciative audience almost refused to let the choir leave the stage at the close of the program, insisting on a number of the songs being repeated.

It was a happy evening for the local men who have worked very hard for the past months learning new numbers and perfecting their rendition of the older ones. It was a gala evening for their leader, Ernest Hills, who proved to the public that a local men's choir could be formed that for precision singing would equal men's groups in many larger places.

Miss Gwen Hands, of the staff of the Eastern Townships Conservatory of Music, Stanstead College, sang two groups of songs that were extremely well done, and received with real appreciation by those present. Miss Hands was just recovering from an attack of influenza, and it was a real effort on her part to appear in the concert; a fact that made the quality of her singing that much more remarkable. Miss Hands numbers were: "Two Gypsy Songs," by Dvorark; "None But The Lonely Heart," by Tchaikowsky; "Calm as the Night," by Bohm; "Air de Lia," by Debussy; and "Mattinata," by Leoncavallo.

Dr. Irvin Cooper, head of the Eastern Townships Conservatory of Music, acted as pianist for the songs by Miss Hands and also for the choir, and did his part making the concert so enjoyable.

Members of the "35" Club acted as ushers for the evening; and the thanks of the choir was expressed by David Cargill.

The Meridians opened the concert with a special arrangement of "O, Canada," that served the double purpose of giving the evening a good start and putting the men at their ease. This was followed with three numbers, in which the men demonstrated the high quality of their work. The numbers were: "Winter Song" by Bullard; "Drink to me Only With Thine Eyes;" and "Dear Land of Home," by Sibelius.

For their second group the men sang, T"he Whiffenpoof Song;" "Way Down Upon the Swanee River;" "Let Us Be Merry;" and the ever popular "Kentucky Babe," with Curtis MacLean doing the solo work.

Following the intermission, the Meridians sang a varied group including, "I Wonder Who's Kissing Her Now," "Roses of Picardy," and "The Song of the Jolly Roger," the last number being received with special enthusiasm by the audience.

For their concluding selections the men had picked, "Shall I Wasting In Despair," "Sullivan's lovely song "The Long Day Closes," and Brahms "Lullaby."

For encores the group repeated two numbers the audience especially requested: "Kentucky Babe," and "The Song of the Jolly Roger."

It was a happy and satisfied group of men who journeyed to their respective homes, knowing that their fellow residents at the Boundary had thoroughly enjoyed and appreciated their hard work. These men sing for fun and because they enjoy singing; that was the very reason the audience had so much pleasure Friday evening.

Every member of the choir but one was present. Harold Taylor of Tomifobia was unable to appear due to the sudden death of his father.

The officers and members of the Meridians are as follows:

Officers, (1947—1948: President, Wayne Hitchcock; vice president, George Cowles; secretary-treasurer, Frank Grout; Librarian, Lawrence C. Laythe; conductor, Ernest J. Hills; concert manager, G. Earl Heath.

Members, First Tenors: Lawrence C. Laythe, Edward Yates, Richard Middleton, Paul Bedard, Bruce Lafoe and Conrad Hazelton; Second Tenors: Hubert Lussier, Armand Dessault, Stuart Edgar, Jack St. Sauveur, Emerson Peavey, David Cargill and Frank Grout; Baritones, Curtis MacLean, Silas Houghton, Wayne Hitchcock, James Demick Fred Taylor, Douglas Palin, Chester Adam and Percy Wheeler; Basses: Homer Brainard Clifford Narraway, George Cowles, Paul Lussier, Fred Batchelor, Harold Taylor and Lawrence Wheeler.

Already the Meridians have had offers to appear in other towns, and certainly a packed house will greet their second concert at the Boundary.

RAMBLING ROUND THE BORDER

"MEN'S OWN" HAS SUCCESSFUL MEETING

The "Men's Own" organization sat down to a extra good supper in the social rooms of Stanstead South United Church last Tuesday evening. About 80 men attended and thoroughly enjoyed themselves. Mr. Earle Kennedy gave a fine demonstration of sound films, while group singing and music rounded out a very enjoyable night's entertainment. Dr. Herman A. Carson presided over the group, assisted by Ernest Nason, secretary, and Wayland Ladd, treasurer.

Mrs. Merritt LeBaron, of North Hatley, spent a day recently as the guest of her brother, Mr. C. E. Woodson.

Mr. L. R. Waterman and grandson, Peter, were the guests of Mr. Waterman's mother, at Orleans, Vt., last Monday.

Mrs. C. Boyd, of Knowlton, Que., stayed at the Del Monty while visiting her daughter, Barbara, who is a student at Stanstead College.

John Holland, editor of the Stanstead Journal, is still in Dr. Sherman's clinic at Newport. His condition has been unchanged since he was admitted.

Mrs. E. G. Bethel went to Montreal where she was the guest of her daughter, Marion, who is on the staff of the Montreal Jewish General Hospital.

Mrs. R. F. Fregeau and little daughter, Christine, are visiting friends in Montreal for a few days.

Among recent guests at the Del Monty Hotel were: Miss M. Goulet, Montreal, Mr. H. Smith, Montreal, Mr. H. C. Smith and Mr. P. A. Shee, Montreal, Miss Ghiselaine Payeur, of Thetford Mines, Que., also stayed at the same hotel.

NEWPORT BASKETBALL TEAM FETED AT BANQUET

Approximately 88 Newporters assembled on Tuesday, March 9, in the Del Monty Hotel to celebrate the victorious season of the basketball team of St. Mary's High School, Newport. After the dinner, a cup was presented to the team and the rest of the evening was taken up with speeches, songs and general merrymaking.

R. D. A. SCHOOL REVIEW

Asbestos-Danville High

On Thursday Grade VIII was shown a series of film slides depicting certain facts about tobacco and its uses. These had been prepared from information collected by medical faculties and the Y.M.C.A. The physical damage and the injurious results to academic standing from the use of tobacco were emphasized.

The United Nations film strips in connection with the Canadian Appeal for Children were shown on Monday afternoon. These were accompanied by a commentary comparing the life of a child in Canada with one in Europe. The hardships faced by children in war devastated countries were self evident. The pupils have renewed their efforts to raise funds for this worthy cause.

A group of boys from the school went to Drummondville on March 6th for a friendly game of hockey with the Drummondville Intermediate School. Good sportsmanship was evident throughout some Drummondville boys volunteered to fill vacancies on the Asbestos team.

Drummondville Intermediate

A musical production "Springtime Revue" is to be presented in the Memorial Hall on April 30th. It is sponsored by the Home and School Association as a united community effort in aid of the new school. The cast, under Mr. Gault Parker, will include twenty-four students and thirty former members of the well known "Dixie Minstrels." The music is by Messrs. Gault Parker and Jack Strain, stagings by G. MacMichael and costumes by Mrs. G. MacMichael.

The staff meeting on Monday, March 8th, dealt with "promotions" and reading ability. Inefficient reading habits are a serious handicap throughout the school grades. As a consequence some pupils are retarded as much as four years, leaving them far behind their own age groups. Plans were made to study factors, other than academic achievement, which should be considered when promotions are made. It was agreed that the present curriculum did not enable every child to work to his fullest capacity. Better equipped class-room libraries to create a greater interest in reading were considered essential.

Nurse Boucher of the County Health Unit visited the school last week. She discovered that many of the pupils required dental care immediately. All the parents concerned will be advised. The Health Committee of the Home and School Association has arranged to have all pupils X-rayed by the Health Unit.

Now that we have reached our objective for the new building we are turning our efforts to the needs of European children. Our campaign in aid of the Canadian Appeal for Childen will open officially on March 18th. Grade VI reports that about $17 has been raised to date.

St. Francis College High

The final debate between Windsor and Richmond which was to have been held on Friday, March 12th, had to be postponed due to illness of one of the debaters.

The candy sale held by Grade III realized $5.25 for the Canadian Appeal for Children.

The hockey team and the spectators were fortunate to see the hockey game between Granby and Lnnoxville High schools while they were in Granby on Saturday afternoon. The game resulted in a 10-0 victory for Lennoxville.

Basketball

On March 10th St. Francis boys lost the second game of the junior playoffs to the Regiment team 32-17 but won the round by a 78-61 total. Robert Birch and Walter Stevens missed the game through sickness and the rest of the team played sloppy basketball. Richmond scorers were Sanderson (8), Pye (4), Hanson (4), Levia (1).

On March 13th the team played against the Canadian Converters-Montreal champions in the Provincial Junior final at Westmount Junior High School. The Montreal squad, tall, fast and sure shots and used to playing on a big floor swamped us by a 90-18 score as they rarely missed chances in their five-man offensive. Winners of 25 games this year, the Converters look like worthy opponents for Ottawa University in the Inter-Provincial playoffs next week-end. Jack Sanderson, who scored 37 points by himself in the game series against the Regiment, and Robert Birch were unable to play. Seven of the eight boys who played broke into the scoring column even if only once, in most cases.

On March 10th the Richmond girls' team defeated Sherbrooke High 35-15 to win the E.T. final Seven of the eight boys who play-66-40. Opening strongly, our girls led 7-0 at quarter time and 16-2 at half-time. With our second line playing longer in the second half, scoring was more evenly divided between the two teams. Chief scorers for Richmond were Helen Fee (9), Margaret Pope (8) and Jane-Ann Pye (8), Lenore Latimer led the Sherbrooke team with 7 points.

Hockey

On Tuesday, March 9th, the school senior team defeated a team of "Grads" by a score of 15-11. Among the vanquished were W. McCabe, P. Delaney, H. Healy, A. Healy, G. Moreland, C. Oborne, B. Dunn, C. Lasonde, L. Tibbits, M. Gregory and L. Bushey. Our chief scorer was Jack Sanderson, with 7 goals. For the losers, Bert Dunn made 5 and L. Tibbits 3.

On Saturday, March 13th, St. Francis met Macdonald College High School, in the Provincial School final, at Granby and lost a really tough game 7-6. The winning goal was scored in the last two seconds of play, with Richmond short handed. The game was quite fast and clean, only two penalties going to each side. Macdonald held a one goal lead most of the time that the score was not deadlocked, though Richmond led briefly 4-3 in the second period on Hanson's shot from near the blueline. Early in this period Levia twice made spectacular saves while full length on the ice. The Macdonald team featured a neat passing forward line and a rushing defence whose one weakness was being open to breakaways. Richmond scored three times on seizing this type of opportunity in the first period. Macdonald's first forward line were credited with 14 scoring points as they figured in all of their team's goals. For St. Francis Sanderson scored two goals and set Herbie Coles up for one of his two goals. Murray Parker also played very well, earning one goal and two assists. With little to choose between the two teams it was just a question of who would get the break when it came.

Mr. Walter Coles took his car to Granby and acted as Richmond referee for the game. The school is ineed grateful to Mr. Coles for his services and interst throughout the season.

Ulverton Consolidated

The dentist and nurse from the County Health Unit visited the school recently. Nine pupils received treatment at the clinic on March 9th.

The Junior Red Cross group conducted a stamp drive during the month of February. The impressive number of 23,000 stamps were collected to be forwarded to J. R. C. Headquarters at Montreal.

General Notes

Below is reproduced a condensation of a talk given by Miss Joan Macfarlane, of the Asbestos staff, at the recent teachers' meeting. There were three in the series under the general heading "Training for th Proper Use of Leisure." Miss Macfarlane dealt with the place of arts and crafts in a school program.

"Arts and crafts, to some extent discredited during the early phases of industrialization, have cast their spell anew. The deep personal satisfaction of the early guild members finds its counterpart in the sense of fulfilment and achievement which such activity can provide in leisure time.

"Leisure can be an absence of work, or it may be refreshing and re-creating of our outlook and energies. All of us have experienced both types of leisure. To me, much of the problem of the school's contribution to leisure-training lies in transforming its pupils' aptitudes from spectator and vicarious enjoyment of recreation to an active participation in a demanding activity which specially appeals to them. Most people are, perhaps unwittingly, in some sense handicrafters. Carpentry, sewing, knitting or the like have probably challenged and rewarded our ingenuity from time to time.

"What then may we set as an ultimate objective of a pursuit of arts and crafts as a leisure occupation. Ambitious as it may sound, can it be anything less than a quickened sense of appreciation of beautiful things, which is gained by creating and viewing them? In more concrete terms, it is an improved taste in color and line.

"Drawing, modelling and other forms of art work occupying an important part in primary programs. However, in the upper grades, pressure of work and limited equipment reduce such activity, for the most part, to whatever the individual teacher may manage or dare to introduce through co-ordinated activity; and many may be over anxious or hesitant about the consequences of embaking on such uncharted waters. Turning to the schools, which offer manual training and domestic science, the value of the former is obvious, but the latter falls unexpectedly short of significant contribution in developing "taste." It is not until eleventh grade, a time by which many girls have withdrawn, that color selection is introduced (in room decoration); principles of designing are likewise touched only in passing. The scope for additional offerings in this field is thus evident, and it is equally important that they must lie in an extra-curricular field.

"Before turning to the actual steps taken in our school to date, an admission of my own relatively inadequate training should be made. It should in no way detract, I believe, from the validity of the analysis which has just been given. On the other hand, it may plead a sympathetic reception for what has been done, samples of which are on display; moreover, I hope that it will give someone with similar interests the confidence to make a start.

"Undoubtedly, the first and most important qualifications for anyone who proposes to undertake an after-school club for crafts as we have done, is a genuine and infectious interest. Whether it sounds like unnecessary advice or not, it is nevertheless a prerequisite to giving up one afternon a week, or some other portion of your time.

"The first step is to rouse interest. In my case this did not necessitate any special display or "priming." Having come back from my own six weeks course with leather goods, and jewellery which I was proudly wearing, the question was immediately raised, "Is it hard to do that?"

"The second requirement is to keep the group on a more or less come-in-if-you-want basis. The novelty will pass for some, seasonal sports and the like will have a priority with others. Nevertheless, despite other demands and interests, a fairly consistent group will soon emerge. For your peace of mind, it is preferable that this number should not exceed about ten to a dozen.

"A third essential is to have a series of fairly definite projects in mind, probably in a couple of crafts at a time. Make clear to the group that small or practice articles will likely have to precede the accomplishment of the ambitious articles which they all seem to have in mind. In our group which comprises pupils from Grades seven to eleven, the leather work started with a book mark followed by comb cases or coin purses, after which another small article was undertaken, with a wallet, book ends or a purse held out as possibilities to come next. In this regard, a manual of designs is the best insurance against too much dependence upon the teacher, while it ensures that the quality of the designs will be fairly good. Originality and adaptation should, of course, be encouraged.

"In closing I should like to say that the activities of the past few months have been tentative and experimental. In this respect, mention must be made of the support and co-operation of the R.D.A. Board in he form of a grant for the initial purchase of supplies. The only claim on your attention which our efforts have, rests on their attempt to teach profitable use of leisure; the purpose in outlining them was only to emphasize that a start can be made by an enthusiastic amateur."

NEW SECRETARY OF CATHOLIC SCHOOL COMMISSION

JEAN-PAUL BROUILLETTE, well-known optometrist and Past President of the Richmond Junior Board of Trade, has been elected to the post of Secretary of the Richmond Catholic School Commission, of which Arthur Marcotte is President.

Mr. Brouillette replaces Louis Philip Girard, who with his father before him, held the Secretary's post in the Girard family for the past 49 years.

JUNIOR BOARD OF TRADE MEETS MONDAY

At the monthly meeting of the Richmond Junior Board of Trade, to be held next Monday evening, March 22nd, at the St. Jacob's Hotel, the members will be addressed by Lucien Robichaud, director of the Sherbrooke Tourist Bureau. A talk on tourist problems and tourist benefits as it affects the Eastern Townships will be given by Mr. Robichaud.

St. Patrick's Society Of Richmond Held Its 71st Anniversary Dinner

Richmond, March 17.—Members of the St. Patrick's Society of Richmond and vicinity held their seventy-first anniversary dinner, at the Brunswick Hotel, on March 14.

Seated at the head table were Rev. Father Gallagher, of Quebec, the guest speaker; Mr. Harry Smith, president of the local society and chairman of the evening; Mrs. H. Smith, Rev. Father Coiteux, Rev. Father Armand Allard, Rev. Father Tierney, of St. Patrick's Church, Sherbrooke; Brother Ennemond, director of the local Brothers' School; Brother Vincent, Mr. Gerard Desmarais, Mayor of Richmond; Mr. Redmond Hayes, K.C., Dr. and Mrs. A. W. McCabe, Mr. and Mrs. William J. Pearson, Mr. and Mrs. P. Smith, Mr. George Ewing, president, of St. Andrew's Society; Dr. and Mrs. Jean Smith, Mr. Leo Delaney, Mr. and Mrs. P. Davitt, Mr. M. Davitt, Mr. and Mrs. George Tremblay, Mr. and Mrs. Marcel Roy, Mr. and Mrs. H. Nowlan, Mr. J. Murphy, Mr. and Mrs. J. L. Burns, Mr. and Mrs. Roger Trudeau, Mr. and Mrs. Ernest Comisky, Mr. J. W. Quinn.

Mr. Harry Smith welcomed the guests and Rev. Father Gallagher said prayers for the deceased members, after which Rev. Father Coiteaux pronounced the Grace.

The program was as follows: Vocal solos, "Rose of Tralee," Mr. J. M. Mercier; "I Dream Of Old Erin," Mrs. Leslie Rattray; "When Irish Eyes Are Smiling," Miss Fernande Gregoire; toast to the King, by Mr. Harry Murphy; solos: "Where The River Shannon Flows," Mr. Paul Tremblay; piano solo, "Medley Of Irish airs," Mrs. Jules Fortin; solos, "Believe Me If All Those Endearing Young Charms," Mr. Richard Harrison; solos, Miss Margaret Doherty, of Sherbrooke, "Kathleen Mavourneen," and "Last Rose Of Summer." Toast to the Town of Richmond, responded to by the newly elected Mayor, Gerard Desmarais; congratulations were extended to Mr. Michael Davitt, a charter member who was present at the dinner; toast to Sister Societies by Mr. John L. Burns, responded to by Mr. George Ewing, President of St. Andrew's Society, and Dr. Jean Smith, president of St. Jean de Baptiste Society.

Accompanists of the evening were Mrs. Gillis Fortin, and Mrs. Raymond Pearson.

Mr. Redmond Hayes, K.C., introduced the guest speaker, Rev Father Gallagher, C.Ss.R., of Quebec, whose address was on "The Irish Nation."

"The history of man may not be studied apart from that Providence to which he owes his being and conservation at every moment of his existence," Father Gallagher said. "In every page of history we see the designs of Providence with regard to empires and the nations of the world. To consider only the actions of man apart from the Providence of God makes false history. Time cannot be divorced from eternity.

"Tonight we of the Irish Nation, which so far as human eyes can read in her history has carried out the designs of God thus far, for since Christianity was introduced into the Isle of the West, she has remained faithful and loyal to the teachings of Christ and his Church brought to her by St. Patrick. Through that wonderous Saint, God gave a mission to the Irish Nation to preserve that faith and spread that faith, to be Apostles of Christianity like their Holy Patron, St. Patrick. Their presence in every land as supporters of their religion, builders of churches, maintainers of Christian schools, have proven the quality of Apostolicity in the Irish race down through the centuries."

Father Gallagher said the celebration of St. Patrick's Day is not and has never been purely national, but national and religious, inseparably united.

"You cannot speak of the Irish without speaking of their religion," he said "It has been the cause of her joys and as a constant target of attack it has been made the cause of her sorrows. The Irish nation and her world-scattered children walk with a proud step today, but theirs is a holy pride, a grateful pride, that is an expression of gratitude to their apostle, statesman and nation-builder, St. Patrick."

Father Gallagher then traced the early, pre-Christian history of Ireland and told of St. Patrick's arrival there as a slave and the subsequent part he played in converting the inhabitants to Christianity.

St. Patrick is the spiritual father of Ireland, Father Gallagher said, and as the great Irish poet says "So long as sea girdeth this Isle, so long his name shall hang in splendor o'er it, like the stars of God."

"It was God's Providence placed seas between Ireland and the mighty continents and nations of the world. It was God's Providence that placed a spiritual, enthusiastic, fiery-souled people within the four seas of Ireland. And it was God's Providence which raised this land to be a might Catholic nation—the cradle and nursery of innumerable saints."

Father Gallagher then traced Ireland's later contributions to Christianity and the world, telling how the Irish monks left their cloisters and crossed over to the continent, making Ireland "a spiritual saviour, an intellectual leader in Europe."

Ireland's Golden Age came to a violent end with the coming of the Danish invasion in the eighth century, the speaker continued and for the next 1,000 years and longer "the sword was rarely to see its scabbard.

In conclusion, Father Gallagher said that although Ireland may have lost the intellectual leadership of Europe she still is a spiritual nature.

"The number of your sons and daughters in the mission field still stamps you as the missionary nation of old. Your own Primate of Ireland, Cardinal MacRory, interviewed in New York last month, said of you, "They are living very close to Christ."

"Without wishing to be considered visionary or impractical, if only one prayer of mine for the future of Ireland would be answered, I would not ask that Ireland become a great commercial nation, with the belching smoke-stacks of industry clouding the

CO-OPERATIVE NEWS SERVICE IS EXPLAINED

The part a daily newspaper plays in telling Canadians the news story of Canada was described by Douglas Amaron, managing editor of the Sherbrooke Record, at the regular monthly meeting of the Richmond and Melbourne Board of Trade Monday night.

Mr. Amaron traced the history of The Canadian Press, co-operative news gathering organization which serves more than 90 daily papers across Canada, and told how the success of such a news agency is dependent on the co-operation of the papers in making their news available to CP.

The Canadian Press, Mr. Amaron explained, is a non-profit making organization of the papers themselves, feeding news of Canada and the rest of the world to its member papers over a circuit of 11,000 miles of leased wires.

In addition to being the clearing house for Canadian news, it also distributes the news of the Associated Press, the major American news agency, and of the British agency, Reuters, both of them co-operatives like CP.

HIS REGULAR WEEKLY SCHEDULE

Gordon Beerworth, the Record's special representative in charge of the Richmond and Melbourne Recordings page will this week resume his regular schedule of calls in the Town of Richmond, being in town every Thursday afternoon.

Miss B. Irwin, Deaconess, Of Montreal Was The Guest Of Richmond W.M.S.

Richmond, March 17. — Over forty members and associate members of the Women's Missionary Society of the United Church met in the United Memorial Hall for the Easter Thank-Offering service.

During the business period which was conducted by Mrs. J. Mitchell, the president, it was announced that the Presbyterial of the Quebec Presbytery would be held in Richmond, on May 7 and 8. Mrs. W. Moreland, Mrs. T. N. Mitchell and Mrs. C. R. Boast were appointed on the billeting committee. Mrs. A. MacRae will review the chapter in the study book at the April meeting. It was reported that one hundred and thirty-eight calls had been made by the members.

Mrs. C. R. Boast introduced the guest speaker, Miss Bessie Irwin, of Montreal, who was the deaconess in the Mountain street church, when Mrs. Boast's father, the late Rev. H. W. Burnett, was the minister there. Miss Irwin is a member of the United Church Deaconess Order. She did pastoral work at McLean Malpas Memorial Church in the Niagara Peninsula; Deaconess work at Carlton Church, Toronto, Ont., and Stella avenue Institute, in Winnipeg, Man., and during the First World War she was Field Secretary for the Training School in Toronto, Ont.

Miss Irwin gave an inspiring and forceful address on feeding hungry Europe and the building of a reconciliation spirit between the allies and the defeated countries.

The members decided to adopt a family in Europe in line with Miss Irwin's suggestions. On March 31, a joint meeting of all the W.A. group will be held in the Memorial Hall and it was suggested that donations for the box be brought to this meeting.

Mrs. Mitchell thanked Miss Irwin for her very enlightening and interesting address.

The offering, which amounted to $104, was received by the treasurer, Mrs. C. Healy.

A social hour was spent at the close of the meeting and refreshments were served by the members of the W.M.S. with Mrs. Walter Moreland, the acting convener.

THE MARJORIE GROUP

The Marjorie Group met at the home of Mrs. R. Bedard. The captain, Mrs. Clarence Pope, conducted the meeting. There were twenty-three members present.

A very satisfactory report of the play by the "Trinity Club" was given by the secretary-treasurer. Mrs. Pope thanked all the members who had assisted in making this project a success. The report of the sales in the "Nearly New Shop" were very gratifying. This shop is open on Saturday afternoons and evenings and is held in the United Memorial Hall.

Refreshments were served at the close of the meeting by the hostesses.

AN I.O.D.E. FOOD SALE

A very satisfactory amount was realized from the food sale for the "Save the Children Fund," sponsored by the ways and means committee of Udolphus Lord Aylmer Chapter, I.O.D.E.

Those assisting the convener, Mrs. Spence, were Miss F. Dairs, Mrs. C. Delaney, Mrs. George Walker, Mrs. A. E. Fee, Mrs. W. L. Pope and Mrs. C. R. Boast.

The members wish to thank Mr. H. P. Stone for the use of space in the Southern Canada Power office and for the non-members, who supported this project.

MISSION BAND ACTIVITIES

Members of the Mission Band met in the Memorial Hall to make final plans for the St. Patrick's tea, which will be held on Friday, March 19.

Fifteen of the members were appointed to have charge of tea tables under the supervision of the superintendent, Mrs. T. N. Mitchell.

Lord Aylmer Chapter, I.O.D.E., Heard Fine Empire Study Program

Richmond, March 17.—Mrs. C. R. Boast, regent of Udolphus Lord Aylmer Chapter, I.O.D.E., presided at the regular monthly meeting.

After the formal opening and presentation of the standard by Miss Ethel Mathias, the minutes were read by Mrs. George Walker, in the absence of the secretary, Miss Augusta Hughes.

The correspondence included a letter from the provincial secretary announcing the provincial annual meeting, which will be held on 9pril 21 and 22 at the Mount Royal Hotel, Montreal. The regent and secretary were named as official delegates with Mrs. C. Delaney, the alternate delegates.

Mrs. C Spence, convener of the Ways and Means committee, urged the members to support the food sale, the proceeds of which will be sent to "Save the Children Fund."

For the child and family welfare department it was noted that milk is again being supplied to the pupils in the lower grade at St. Francis College High School.

The secretary read the list of officers and conveners who were appointed at the executive meeting, which was held at the home of the regent. They are as follows: Honorary Regent, Mrs. Ethel Mathias; Hon. vice-regents, Mrs. M. K. MacKenzie, Mrs. W. Ross, Mrs. C. H. Farrow, Mrs. George George Walker; Empire work in India, Mrs. A. MacRae; Empire Study, Mrs. T. P. Ross; Child and Family Welfare, Mrs. L. F. Somerville; tea convenor, Mrs. K. G. Nourse; membership conveners, Mrs. J. H. Coles and Mrs. J. A. Barrie; ex-service personnel conveners, Mrs. Grant Campbell and Mrs. George Walker; past war work, Mrs. George Ewing; sewing, Miss I. Harkom and Mrs. Harry Hardy; Ways and Means committee, Mrs. Cal Spence, convener; Mrs. W. L. Pope, Miss Florence Davis, Mrs. W. E. Perkins, Mrs. A. E. Fee, Miss Edith McCourt, Mrs. C. Delaney, Mrs. L. Woods, Mrs. A. Blais and Mrs. A. Murchie; pianist, Miss C. F. MacKenzie.

Mrs. T. P. Ross, Empire study convener presided during the program period and very interesting articles were read in commemoration of St. David's Day and St. Patrick's Day. Mrs. Ross read an article on St. David's Cathedral" and this portion of the program was made very interesting by the use of maps and illustrations. "St. David inspired Welsh to Greatness," by Marcus Van Steen, was read by Mrs. George Walker.

Plans were formulated for an "Empire Day" project. The detailed plans will be completed by the Educational convener, Mrs. W. L. Pope, and Mrs. T. P. Ross, Empire Study, convener.

The treasurer, Mrs. J. S. MacNaughton, announced that the boxes sent though C. A. R. E. had been received and that another box will be sent this month.

Two applications for membership were received and unanimously accepted.

The hostesses appointed for the April meeting were Mrs. A. E. Fee and Mrs. W. E. Perkins.

Refreshments were served at the close of the meeting by Mrs. George Walker and Mrs. F. Newell.

ST. PATRICK'S DINNER GUESTS

Among those from out of town who attended the St. Patrick's dinner, which took place at the Brunswick Hotel, were Mrs. Dennis McArthy, Mr. and Mrs. J. Bagnall, Jr., Mr. Earl Blair, Mr. J. Quinn, Miss May Whalen, Miss Kate Whalen, Miss Elizabeth Whalen, Mr. and Mrs. Charles Walsh and Mrs. E. Pender, of Windsor Mills; Mr. Robert Currie, of Kingsey Falls; Miss M. Brown, Miss Lodge, Miss Goggin, Mrs. F. Park and Mr. Elwyn Bushey, of Danville; Mr. and Mrs. Murray Smith and Dr. Reginald Johnson, of Montreal; Mr. Redmond Hayes, K.C., Mr. and Mrs. Leslie Hayes, Mr. Leo Goulet, Mr. and Mrs. Marcus Lynch, Miss A. Lafrance, and Mr. and Mrs. R. Harris, of Sherbrooke; Mr. and Mrs. A. B. Lyster, of Lisgar; Mrs. Fred Wintle, of Trenholm; Miss Doreen Goulet, of Drummondville; and Mrs. Charles Frazer, of St. Cyprien.

Stanstead College

past week, since the warm weather prevented the using of the rink.

On Thursday the senior squad journeyed to Lennoxville to take on the highly rated Lennoxville High quintet. The game was played on a small floor with a very low ceiling. The home team took advantage of the bewilderment of their opponents to jump to an early lead and the half time score was 10-1. The red and white squad came back at last in the third quarter and equalled their opponents however, the Lennoxville team went on again and the final score was 19-7. Johnston with 3 and Letovsky and Amaron with 2 each were the scorers for the college. On Friday the "Millionaires and the seniors again played the latter trying to regain their form after their defeat the day before. The final score was 40 to 14 with Johnny Murray potting 14 points of the 40 for the seniors.

On Saturday morning the Millionaires took on the Junior "Blue Boys" and beat them to the tune of 55-15. Charlie Barnes was the star of the game with 38 points while, "Big" Dave Hall was steady on defense. Theodore and Flumann were top performers for the Blue Boys.

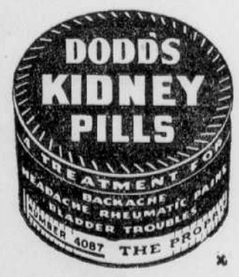
On Saturday afternoon the Stanstead seniors, spearheaded by Smith and Letovsky with 10 points apiece defeated Sherbrooke 28-16, as reported in a separate story on this page.

Girls' Sports

On Thursday, March 11, there were two girls' basketball games against the Junior and Senior teams of Newport, Vt.

The Junior game was very close, the score being 11-10 for Newport at the final whistle. Elsie Streep of the College played a very good game, scoring 6 of the 10 points. Dorothy Halpenny proved herself to be a good guard.

The senior game was also hard fought. Newport was leading at the end of the first half, the score being 14-9. In the third quarter Newport was still leading 16-10. The last quarter was the most exciting as the College score shot up to 17. When the final whistle blew, however, the Newport team was victorious by one point. The final score was 18-17.



Much Anticipation

composer friend, Richard Yardumian, entitled "Monologue which was played for the first time anywhere by Albert Brusilow on Feb. 10th in Philadelphia.

A group of shorter violin pieces follow, consisting of "Banjo and Fiddle," by Kroll; "Nigun" by Bloch, and "Le Ronde des Lutins" by Bazzini. The program will conclude with the well-known "Carmen Fantasie" by Bizet-Waxman.

Undoubtedly, as was the case in Philadelphia, there will encores, and these will be selected from the best and most popular violin numbers by famous composers. It will be an evening to be remembered by music lovers of this section, and a rare opportunity to hear a violinist who has been classed with Menuhin and Heifetz for the quality of his playing.

Much extra support for the concert is being secured from the many people who are interested in the Haskell Library. Local people know the value of the library to the community, and are willing to support it. Every cent of the proceeds, beyond the actual expenses, will go to the trustees of the Haskell Library, to enable them to continue to carry on and expand the usefulness of this institution.

An especially attractive souvenir program is being planned for the event; one that will be worth taking home and keeping as a memento of the occassion.

The tickets are selling rapidly and there will be no reserved seats, so those holding tickets are advised to come early so as to be in their seats before the concert starts at 8:15 p. m., as there will be no seating during Mr. Brusilow's playing.

Tickets are on sale at Bethel's Reg'd, the Southern Canada Power Company, Brown's Drug Store, and from a number of individuals in the Three Villages, Beebe and Newport.

RECEPTION FOR BRUSILOW TO FOLLOW CONCERT

As a special feature of the Albert Brusilow concert, Friday evening, there will be an opportunity to meet the brilliant young violinist, following the concert, in the reading room of the Haskell Free Library.

With the co-operation of the trustees and the help of the librarian, Miss Elizabeth Campbell, the library will be open to the public, and Mr. Brusilow will be in the reading room to meet his friends and admirers, following his concert in the Opera House upstairs.

Besides the artist himself, it is expected that Sylvio Lacharite, director of the Sherbrooke Symphony for the recital, and will also be present for the reception.

With an income of about $2,500 per year, it is an impossibility for the Haskell Library to give adequate service to the Boundary Communities. Every extra dollar that can be added to this sum means more books, increased service, and more adequate coverage for the people. Rather than ask for outright donations from the public, it was decided to give the people something really fine for their money by bringing Albert Brusilow here and utilizing the profits for the benefit of one of the most important local institutions. A number of local firms and individuals have co-operated to help pay the expenses, several have bought extra tickets, and the concert should result in adding a sum of money that can be used in many ways in 1948 for the benefit of the public by improvements in the library.

Probably a goodly share of those attending the concert will take advantage of the opportunity to meet the distinguished young artist following the concert, and at the same time look over the library, itself.

S.W.C. DOWNS SHERBROOKE BASKETBALLERS

The Stanstead College senior basketball squad took a 28-16 verdict over Sherbrooke High School on Saturday afternoon in the College gymnasium. This was the red-and-white second victory in as many encounters with the Sherbrooke quintet. Smith and Letovsky were high scorers for the home squad with six points apiece. Yorke and Billings were the big guns for Sherbrooke, also netting six apiece. The game was comparatively close until the last quarter, when the red-and-white broke loose from the tight zone defence of the visitors, to rack up the first big lead of the game.

At the end of the first quarter Sherbrooke held a narrow 5-4 lead, but after the next quarter's play Stanstead had pulled two points ahead and were leading 12-10. In the second half the Collegians began to pile up a safe lead, as Letovsky sank several neat baskets from the corner, while lanky Smith went in to capitalize on several rebounds.

The line-ups were as follows:

Sherbrooke—Yorke, Petts, Billings, Stafford, Turnbull, Drew, Bearn, Harvey, Beaulieu, Bowland.

Stanstead — Smith, Johnston, McCaffrey, Cooper, Murray, Amaron, Bishop, Letovsky, Newhall, Barnes.

being drawn up by a prominent Sherbrooke architect for a new building. Of modern, fireproof construction, the new theatre will hold 500 seats and will be completely air-conditioned. The extra seating capacity will be obtained by extending the front of the building so that it will be in line with Poisson's store.

Demolition work is now in progress among the ruins. Every possible effort will be made to have the new structure completed in the early summer.

DAVID RITCHIE PASSES AWAY

Mr. David Ritchie, one of the old time residents of Rock Island passed away suddenly last Friday evening, shortly after midnight. He has been with Butterfield's for almost 40 years. Mr. Ritchie went to work as usual, where he suffered a stroke late in the evening and was taken home. Before a doctor arrived he had passed away.

At the time of his death Mr. Ritchie was 63 years old. Born in Rock Island, he is survived by his wife and two daughter, Evelyn Ritchie and Mrs. Cyril Crawford, nee Pearl Ritchie. Two sisters also survive him, Mrs. Emma Gallup and Mrs. Leah Rand, as well as two brothers Tom and Fred Ritchie, and 3 grandchildren, Yolande Ritchie and Joan and Robert Crawford. The funeral took place on Monday morning.

CHURCH GROUPS ARE AFFILIATED

The C.G.I.T. of Centenary United Church affiliated with the United Organization at the monthly meeting on March 10th. Under the able leadership of Mrs. George Bullis the service was spiritual and impressive. The president of the C.G.I.T., Betty Vivian, led the worship service. Then followed the affiliation with eight members of the United Organization taking part, these being Mrs. Ruby Johnston, Mrs. Greer, Mrs. Curtis, Mrs. Amaron, Mrs. Roy Kennedy, Mrs. Grady, Mrs. Rose and Mrs. McGilton, with the president, Mrs. Martin, receiving the token presented by Rie Hackett, and welcoming the girls into the Organization. The Scripture reading was read by Mrs. Bullis, then Mrs. Martin presented the badges to the girls, after which Rev. A. McKinley Rose offered a prayer and pronounced the benediction. Hostesses for the afternoon tea, which followed, were Mrs. T. Cooper, Mrs. George Mann, Mrs. T. Goodsell and Mrs. Robert Wallace. Mrs. Rose and Mrs. L. McGilton presided at the attractive, lace-covered table which was centred with a flowering plant. The C.G.I.T. assisted in serving.

LENNOXVILLE LADIES MEET STANSTEAD-ROCK ISLAND LADIES IN HOCKEY

Tte Stanstead Skating Association put on an interesting hockey game on Tuesday evening, March 9th, thus keeping up their reputation for providing enjoyable entertainment. The teams were very evenly matched and the large crowd enjoyed a good fast game.

The only score came in the first period on a good shot by Pearl Wallace, assisted by Therese Wallace. The ladies from the Boundary forced the play throughout most of the game, but they were unable to make much headway against the outstanding net-minding of H. Matthews in the Lennoxville goal.

In the other net, Therese Charland turned back several hard shots to earn her shutout. The game was refereed by George Winter and A. Castonguay. The match was played at Ticehurst Rink and plans are underway for a return game to be played at Lennoxville. The Stanstead-Rock Island lineup was as follows: T. Charland, goal; H. Miller, N. Baril, defence; T. Wallace, P. Wallace and M. Bessette, forwards; subs, R. Leblanc, R. Ouellette, L. Deslilles, C. Holden and P. Holden.

You Are Cordially Invited to attend an

OPEN HOUSE

At 8 o'clock on Saturday evening, March 20th, the employees of the Canadian Ingersoll-Rand Company will be hosts to the citizens of Sherbrooke.

On this occasion, their relatives and friends, as well as the general public will have an opportunity of making a planned tour of our plant.

Since our first OPEN HOUSE was held on a Saturday afternoon in November 1899, we have held many events of a similar nature and the people of Sherbrooke have always shown a keen interest. Today the Company's works at Sherbrooke include engineering and designing offices, a pattern shop, foundry, plate shop, forge department, heat treating and metal plating divisions, numerous tool making departments and large machine shops. The size and variety of lines produced range from rock drill parts, weighing a few ounces, up to large hoists and compressors, weighing hundreds of tons.

One of the features of this plant visit, is the large 14 foot drum Electric Mine Hoist which is at present being erected on our large assembly floor. This hoist, which will soon be installed at Virginiatown, near Kirkland Lake, Ontario, will have, so far as it is known, the greatest rope pull and horse power rating of any hoist on the North American continent and will rank with the largest hoists in use anywhere in the world.

With many years of practical experience, skilled employees and the latest types of machine tools, we are now producing "Made in Sherbrooke" products for almost every branch of industry.

MRS. FRANK BAILEY, OF RICHMOND, FORMERLY OF SOUTH ROXTON

Waterloo, March 17.—The funeral service for Mrs. Frank Bailey, whose death occurred on March 7, in the Wales Home, Richmond, was held in the United Church, South Roxton, on the afternoon of March 9, with the Rev. E. D. Mitchell, of Waterloo, conducting the service. Mrs. Norman Smith, of South Roxton, officiated at the organ. The choir sang the hymns "Abide With Me" and "Rock of Ages."

Among the relatives who attended in conjunction with many former friends and neighbors the deceased were her son, Howard Smith, Mrs. Smith, the Misses Catherine Smith, of Waterloo, a son, Mr. Arthur Smith, and his daughter, Mrs. Thomas Honnam, both of Brantford, Ont.; Mr. and Mrs. Clarence Marcotte, Mrs. Roy Smith, Mr. Elmer Smith, Mrs. Charles Lewis and Mr. Clinton Ball, all of Granby.

Interment took place in the family lot in the South Roxton Cemetery.

The bearers were Messrs. B. Blampin, John C. Sanborn, L. Runnells and Alfred Marcotte, all of South Roxton.

MRS. EDGAR E. HODGE, OF EATON

Eaton, March 17.—In the early hours of January 6, there passed peacefully away a life-long resident of Eaton, Mrs. Nora Lefebvre Hodge.

Born in 1876, the only daughter of the late George Lefebvre and his wife, Melvina Clements, she moved from Cookshire here at the early age of seven years.

On May 29, 1907, she was united in marriage to Edgar E. Hodge, of Eaton. Of this union three children were born, Kenneth G., Lloyd E., deceased; and Evelyn F.

The deceased had been in very poor health for many years and had spent the past three years confined to her room. She was of a cheery and kindly disposition and endured her illness with Christian fortitude.

The funeral service which was largely attended was held at their home on January 8, and was conducted by Rev. D. Day, of Sawyerville, who spoke comforting words to the bereaved family. Rev. and Mrs. Day sang "The Old Rugged Cross," "Saved by Grace," and "Rest for the Weary," accompanied at the piano by Mrs. Richard Mackay.

The bearers were all old neighbors, Messrs. Leonard Stevenson, A. Miller, C. Davies, J. Winslow, W. Little and Odell Winslow. Interment was made in the Eaton Cemetery.

Those left to mourn her loss are her husband; one son, Kenneth G., a daughter, Evelyn F.; a daughter-in-law, Mrs. Kenneth Hodge; three grandchildren, Patricia, Theade and Sharon Hodge; an aged aunt, Mrs. Sarah Lefebvre, of Saskatchewan; besides several cousins and a host of friends.

The many floral tributes were truly beautiful and testified to the high esteem in which she was held, and were silent expressions of sympathy to the family.

Those attending the funeral from a distance were Mrs. Eva Crane, of Montreal; Mrs. Alonzo Hodge, of Asbestos; Mr. and Mrs. George Hodge and daughter, Stella, of Island Pond, Vt.; besides friends from the surrounding communities.

The funeral was under the direction of the Johnson's Funeral Home of Sherbrooke.

MRS. HARRY E. NEWMAN, OF DUNKIN, FORMERLY OF HIGHWATER

Dunkin, March 17.—The death on March 8, of a life long resident of Highwater, Mrs. Mina Emma Sargent Newman, widow of the late Harry E. Newman, aged sixty-nine years occurred at the home of her son, Harry A. Newman, at Dunkin, where she had spent the last three months.

Born in Highwater, in 1879, Mina Emma Sargent was the daughter of the late Alonzo Sargent and Betsy Burnett Sargent, his wife.

She spent most of her life on the farm, where she was born. In her earlier days she taught school in many of the Eastern Township schools.

She was married to Mr. Harry E. Newman, who predeceased her in 1918. To them one son was born, Harry A. Newman, with whom she spent her last days. A brother, Mr. Vernon Sargent, lived with them on the farm.

She leaves another brother, Mr. Ara Sargent, of North Troy, Vt., several cousins, nephews and nieces to mourn her loss.

The funeral was held at the Dunkin Union Church, on March 10, at 2 p. m. Rev. John Champion of the Mansonville Baptist Church officiated.

The bearers were Messrs. Fred and Arnold Aiken, Herman Sargent and Frank Aiken. Interment was made in Dunkin Cemetery. Beautiful gladioli and white roses covered the casket.

Mr. and Mrs. William Newman, of Newport, Vt., and Mr. Herman Sargent, of North Troy, Vt., attended, besides relatives and friends from Highwater and Dunkin.

MRS. ELIZABETH BYRNE GUERTIN, OF BLACK LAKE

Black Lake, March 17.—There passed peacefully away at her home in Black Lake, Mrs. Elizabeth Guertin, widow of Nelson Guertin, on February 23, at the ago of fifty-seven years. Althougn her health had been failing for the last two months, her death came as a distinct shock to her relatives and friends.

Born at Maple Grove in 1891, Elizabeth Eva was the youngest daughter of the late Mr. and Mrs. Michael Byrne, of that place.

In her younger days she spent a few years in the United States, later coming back to Canada, where she and her parents, in 1923, took over and managed the American House, at Black Lake, where she made many friends by her cheerful and friendly manner, who regret her early passing.

In 1930 she married Nelson Guertin, of North Bay, Ont., who predeceased her, only six months ago.

She is survived by one son, Allan, two sisters, Mrs. John E. Carey, of St. Ferdinand; Mrs. P. T. Haggarty, of Black Lake; two brothers-in-law, Peter Haggarty and Patrick Guertin; four sisters-in-law, Mrs. Patrick Guertin, of North Bay, Ont.; Mrs. James Martin, and Miss Lillian Guertin, of Toronto, Ont.; and Mrs. William Hutchings, of Ottawa; and the following nephews and nieces: Harold Carey, of South Africa; George Haggerty, of Drummondville; Woodrow Haggerty, of Ingersoll, Ont.; Kenny Haggerty, of Black Lake; and Melvin and Albert Carey, of St. Ferdinand; Mrs. Paulo Marcoux, Dorothy Carey, of St. Ferdinand; Mrs. George Haggarty, Lena Haggarty, and Mrs. Charles Auger, of Drummondville; Florence Haggarty, Mrs. Albert Harvey, of St. Ferdinand; Mrs. Woodrow Haggarty, of Ingersoll, Ont., Eilleu Haggarty; Mrs. William Morrier, of Black Lake; Mrs. Russell Momberg, Evelyn Byrne, and Mrs. Charles Michael, Ruby Byrne, of Toledo, Ohio.

Many beautiful floral tributes and other expressions of sympathy testified to the general esteem in which she was held.

The funeral service, which was very largely attended, was held from the parish church at Black Lake.

Funeral arrangements were in charge of Cloutier and Cloutier, of Thetford Mines. The bearers, all old friends of the deceased were Messrs. Leslie Hayes, of Sherbrooke; Charles Denery, of Maple Grove; Victor Fantenelli, of Thetford; Messrs. Ernie Truax, of Sherbrooke; Conrad Douville, of Thetford Mines; and James Douville, of Kimberley.

Among the many attending the funeral were Messrs Leslie Hayes, Clarence Pidgeon and Mrs. L. Barlow, Sherbrooke; Mrs. L. Parson and Mrs. L. Boucher, of Three Rivers; Mr. and Mrs. George Haggarty of Drummondville; Mr. George Lennon, of Inverness; Mr. Woodrow Haggarty, of Ingersoll, Ont.; Mr. and Mrs. Patrick Guertin, of North Bay, Ont.; Edward Futterer, of Toronto, Ont.; Jasper Dinning, Mrs. Beamis Amadon, Miss A. Auger, Falconer Gill and Mr. and Mrs. Charles Denery, of Maple Grove; Andrew Pidgeon, George Dinning, Ludger Marcoux, Howard and James Keefe, Tony Marcoux, Albert Harvey Norman, James and Mrs. L. A. Douville, of St. Ferdinand, besides many from Thetford Mines and Black Lake.

MRS. MARY E. BOYCE, OF MILBY

Milby, March 17.—Final tribute was accorded Mrs. Mary E. Boyce, of Milby, on February 10, at the funeral services conducted jointly by Canon A. R. Kelly, of Compton, and Rev. N. D. McLeod, of Lennoxville. Prayers were said at the home of her daughter, Mrs. E. A. Orr, followed by services at St. Barnabas Church, Milby.

The hymns, "Peace Perfect Peace" and "Forever with the Lord" were sung by the choir with Mrs. E. K. Wilson at the organ. Miss Thelma Crawford, of Lennoxville, sang a solo, "The Lord Is My Sheperd."

Interment was in the family lot in Malvern Cemetery, Lennoxville.

The bearers were Messrs. Edgar Orr, Orlie Parker, Silas McVety, Leonard Graham, sons-in-law of the deceased, Weston Orr, a grandson; and Laurence Copping, a nephew.

Mrs. Boyce was born, Mary Ellen Mason, eldest daughter of Mr. and Mrs. Edward Mason, of Rawdon, and passed away at the home of her daughter, Mrs. E. A. Orr, on February 8, following a long and trying illness.

In 1885 she was married to Richard Francis Boyce, of Rawdon, and from this union six children were born, Mrs. Edgar Orr, Cornelia, of Milby; Mrs. Orlie Parker, Bertha, of Sherbrooke; Mrs. Silas McVety, Minnie, of Sherbrooke; Mrs. Leonard Graham, Maude, of Westmount; Mrs. David Tatley, Hazel, of Belleville, Ont.; and one son, Mr. Oscar Boyce, of Compton.

The first twenty years of her married life were spent in Rawdon, and there her children were born. The family then moved to what is known as the Boyce Farm, in Milby, where she lived until the death of her husband, twenty-two years ago.

Her happy disposition and firm Christian faith sustained her through the many years of helplessness and suffering. Her cheerful smile and friendly greetings were ever ready, when friends called upon her; despite her handicaps she kept in close contact with a large circle of friends and was an inspiration to all who knew her.

Aside from her children, Mrs. Boyce leaves to mourn her passing her sons-in-law, E. A. Orr, H. O. Parker, S. A. McVety, L. A. Graham and L. D. Tatley; her sisters, Mrs. E. J. Copping, of Longueuil; Mrs. A. M. Copping, of Sherbrooke; and Mrs. J. A. Copping, of Lennoxville; her brothers-in-law, Mr. J. A. Copping and Mr. F. E. Warner, of Lennoxville; Mr. Ruffes Boyce, of Rawdon; sisters-in-law, Mrs. E. A. Mason, of St. John, N. B.; Mrs. J. C. Mason, of Montreal; Mrs. M. E. Blagrave, of Rawdon; twelve grandchildren and six great grandchildren; several nieces and nephews and other relatives.

Those from a distance attending the funeral were Mrs. L. D. Tatley, of Belleville, Ont.; Mr. and Mrs. L. A. Graham and Mr. Lindsay Graham, Westmount, Miss Lillian Mason, Montreal; Mrs. G. A. Wilkins, Longueuil; Mr. and Mrs. G. A. Parker, of Lachine; Mr. and Mrs. H. O. Parker, Mr. and Mrs. S. A. McVety, Mrs. A. M. Copping, Mrs. T. A. Pendleton and Miss Sargeant, of Sherbrooke; Rev. and Mrs. N. D. McLeod, Mr. and Mrs. J. A. Copping, Dr. and Mrs. S. W. Boyd, Mr. F. E. Warner, Mr. L. E. Copping, Mr. and Mrs. R. S. Broadhurst, Miss Thelma Crawford and Mr. E. S. George, of Lennoxville; Mrs. E. K. Wilson, of Kirkland Lake, Ont.; Mr. and Mrs. E. G. Beattie and Mr. and Mrs. H. G. Banfill, of Waterville.

The many floral offerings, telegrams, letters and cards received were tokens of the love and esteem in which the deceased was held.

Hospital 'out-of-the-world'

by Kate Aitken

The nurse with the new-born baby in her arms looked up at the clock. "It's just midnight, doctor" she said.

The doctor smiled, wearily. "We're not through yet. This is no usual . . ."

He was right. Soon after midnight and just in time for the New Year, the young matron gave birth to two more babies—the first triplets the little Red Cross Outpost Hospital had seen.

They created a sensation . . . but a problem also. With six children already at home, the newcomers were more than the parents' small household could absorb. So the Red Cross Hospital stepped in, kept the babies for two and a half months, watched them grow from red-faced, squirming, undersized infants into adorable, healthy babies, then sent them home.

Serving an Isolated Community

That is only one local service this small (nine beds, two cots) efficient hospital renders the community in which it is situated. This is a remote 'out-of-the-world' community. Isolated it needed help.

Thus in 1926 the Red Cross moved in, established the red brick hospital complete with a small surgery and nursery—and has consistently served the neighborhood since then.

Operations are performed in the well-equipped surgery. One private room takes care of seriously ill patients. But hospital space is at such a premium that young mothers are discharged as soon as possible after their babies are born. However, the cornerstone of a new 20-bed hospital has been laid. Red Cross officials look forward to moving into the new quarters late next summer. The increased space will permit better service to be given to the district. It will also allow more aid to neighboring Red Cross Outposts, 45 and 26 miles distant respectively.

In the meantime the busy life of the hospital goes on. The superintendent and a staff of two nurses and one nurse's aid are on the go from morning till night. Their staff consists of a cook, an orderly and a helper. Living above the hospital, the nurses are on call all the time.

"Night Flights"

So, too, is the orderly. It is nothing unusual for him to be wakened at midnight with an urgent summons: "John, go get the doctor fast!" The small town (900) has no night telephone service, so the orderly acts as doctor's messenger as well. And John says: "All the babies seem to prefer night flights."

This hospital is just another in a chain of Red Cross Outpost Hospitals spaced across the country and giving service to its neighborhood. Going into remote districts where civilian hospitals are unknown, these Red Cross hospitals are of untold value to their localities.

Red Cross Services include: Blood Transfusion, Outpost Hospitals, Aid to Sick and Disabled Veterans, Treatment for Crippled Children, Disaster Relief, Nutrition Services, Home Nursing Courses, Swimming and Water Safety, etc.

Greetings To The Irish On St. Patrick's Day

The seventeenth day of March is always commemorated with great rejoicing by Irishmen wherever they may be. Not all of those who display the shamrock prominently on this day have Irish names for many an Asselin, Brown and Fraser have mothers who were Murphys, Flanagans and O'Gradys. Anyone, indeed, who can even remotely trace his origin to an Irish progenitor joins in the "wearin' o' the green." Many there are who would do so if they could and who deem it no sin to borrow a drop of Irish blood, if only in imagination and but for a day.

FRITZ CROWDIS STARS AS N.D.G. DOWNS WINDSOR 7-2

Paper Makers Drop Second Tilt Of Intermediate "B" Series As Dion And McLenahan Shine For Windsor

With Fritz Crowdis turning in an outstanding game, between the pipes, the N.D.G. Autocrams downed the Windsor Mills Paper Makers 7-2 in the second game of a two game series, total goals to count, and take the semi-finals in the Provincial Intermediate "B" playdowns.

The Autocrams out-played the Paper Makers in the initial frame, and ran in four goals, while the best that Duke Doucet's team could do was to get a singleton, by Buster McLenahan. In the middle frame the visitors notched the only goal by Dorais and in the final period the visitors got two to the Paper Maker's single goal.

Jerry Dorais and Dick Munn were the top point getters, for the Autocrams, with three each while Buster McLenaghan and Maurice Sears got the two markers for Windsor.

The visitors got the jump on the Windsor aggregation in the opening minutes of the game, when they banged in three goals before the Paper Makers could retaliate. Duke Doucet's squad seemed lost for the first period, and the forwards could not get any where, and if it had not been for the good work of Buster McLenaghan and Roger Dion the score might have been much higher. McLenaghan, who has been the main stay of the Paper Makers all season long, turned in a good performance, and played the better part of the whole game. Roger Dion, between the pipes, kicked out a lot of rubber until his mates settled down. The Paper Makers turned in one of their worst games for a long time.

In the middle session the Windsor team started to roll but this failed to produce any goals as Fritz Crowdis, the visitor's net custodian, turned them back at every turn. Crowdis is a brother of Lew Crowdis, who held down the goal tending job for the St. Hyacinthe Gauls, and he gave an exhibition of goal tending similar to his brother's display in the past. The Paper Makers drove rubber at him from all angles, but he frustrated them at every turn. He was by far the shining star of the evening's tilt.

In the final frame Duke Doucet's boys took over the offensive, but still Crowdis turned them back when they were right in scoring position. The Paper Makers peppered the N.D.G. net-boy from all angles, in close and out far, but to no avail, he just was not beatable. At one period the visitors failed to get the disc out of their own end for a good solid three minutes, but still with this, they could not make the red light flash. The visitor's goals scored in the middle frame and the final were notched on breakaways as the Paper Makers were turning on the pressure to try and equalize the count.

Pee Wee Leblanc and Bobby Morey were in time after time with Sears and Lavoie, as well as Bergeron, were in on top of Crowdis but he either smothered the disc or kicked it out to save the day for his mates.

The winners will now meet the Quebec champions for the provincial title.

Y SENIORS AND BUSINESS MEN COP FIXTURES

"Y" Seniors squeezed out the City Police and the Business Men blanked the Canadian Legion in the latest City Volleyball League matches played at the "Y".

In the first tussle of the doubleheader the "Y" squad copped the first two games 15-6 and 16-14, but the Bluecoats rallied to take the final 16-14. Both teams fought hard with D. Pankovitch and R. Dion starring for the "Y" and Police respectively.

In the Business Men-Legion tilt, the league leading Business Men crew trounced the Legionnaires 15-8, 15-5 and 15-7. The final game displayed dogged determination from the Legion squad in spite of their defeat.

Some nice ball handling was exhibited by R. Marois, J. Neilson and J. Dauncey for the Business Men, while D. Reid sparked the Legion team.

Lineups:

"Y" Seniors: C. Sutton, P. Hovey, D. Pankovitch, G. Albert, B. Matthews, G. Duperron. City Police: R. Dion, G. Emond, M. Houle, G. Pednault, A. St. Laurent. Business Men: H. Walker, J. Neilson, J. Valleyfield To Meet Quebec Aces

Valleyfield, Que., March 17—(CP)—Valleyfield Braves earned the right to meet the Quebec Aces in the Quebec Senior Hockey League semi-finals here last night by handing the New York Rovers a 4-3 setback thus eliminating them 3-1 in their best-three-of-five quarter final series before a sell-out crowd.

Rosario (Kitoute) Joannette, who had played a leading role in the Braves first two triumphs was again their ace last night scoring two goals. Jackie Schmidt and Conny Brown completed the scoring for the winners while Vic Corbin, Fernand Perreault and Bob Brencheley tallied for the visitors.

Victoriaville Swamps Lachine 10-1 To Take 3-2 Lead In Playoff Series

Victoriaville, Que., March 17.—(CP)—Victoriaville Tigers returned to form with a bang here last night, stylish Kelly Burnett leading the way with three goals as they swamped Lachine Rapides 10-1 to take a 3-2 lead in their best-of-seven Provincial Hockey League semi-final series.

Lachine resorted to the same defensive type of game that won them the fourth game of the series 4-2 last Sunday, but the move proved fatal as Tigers raced through a weak Rapide defence almost at will.

Besides Burnett's three-goal effort, Dick Wray and Ray Leduc each connected twice for the winners while Bobby Carragher, Phil Vitale and Eddie Vigneau each notched singles. Lachine was saved from a blanking by Roch Desmarais' first-period counter.

Lachine: Goal, Scarlett; defence, Broderick, Hamel; centre, Desmarais; wings, Therriault, Gardner. Subs: Larochelle, Lacroix, Majeau, Bourgie, O'Hearn, Lauzon.

Victoriaville: Goal, Deschesne; defence, Vitale, Roberge; centre, Valenti; wings, Carragher, Leduc. Subs: Legris, Roy, Wray, Vigneau, Burnett, Gauthier, Cecchini, Smith.

Officials: Red Storey and Lloyd Daniels.

More Than 1,000 Horses Training In National Effort To Repel French Invasion Of English Turf

Newmarket, Suffolk, England, March 17.—(CP)—More than 1,000 highly-rated thoroughbreds are in training at this horse-mad town, headquarters of the national effort to repulse what most fans expect to be the biggest French invasion yet of British race courses.

Jack Jarvis, veteran trainer to Lord Rosebery, Chief Steward of the Jockey Club, says he is confident the Frenchmen will be turned back but across the channel most of the big stables have their sights set on the major British races for 1948.

Last year French-trained animals ran off with £63,188 ($252,752) in British stake money—including victories in three of the five Classics and several of the wealthier Royal Ascot events. That was nearly double what they captured in 1946.

This year the Gallic grab for guineas will be intensified. Devaluation of the franc is the reason. Since the ratio of francs to pounds was set at 864 instead of 480, a British stake has demonstrably doubled in value to a French victor.

All the important French stables —notably that of Baron G. De Waldner whose Pearl Diver won the 1947 Derby and M. Boussac whose Arbar ran Sayajirao to a head in the St. Leger and later took the King George VI Stakes at Ascot—have candidates primed for the 1948 attack.

Prodding the lush turf of Newmarket Heath with his cane while his first string of 42 race-horses worked out over the springy, rolling ground, Jarvis told a reporter: "British horses will do better this year."

"Quality and breeding of British horses is still the world's highest."

There remains a major difficulty in proving his statement on the course: "Our horses are still not getting enough of the right kind of food."

He recalled that French-breds had a similar run of success after the First World War and believed the turning-point was just about at hand—despite rising training expenses in this country.

It now costs £6 instead of the pre-war £3 to stable and feed a thoroughbred for one week. Stable-boys' wages have risen more sharply than in France. But the grass is green on Newmarket Heath and the French are in for a rough welcome.

TALBERT AND BERNARD IN SEMI-FINALS

New York, March 17.—(AP)—Billy Talbert of New York and Marcel Bernard of France, who head the domestic and foreign seeded lists, make their bids today for semi-final berths in the National Indoor Tennis Tournament.

Talbert was paired with Armando Vieira of Brazil. Bernard, left-handed French champion, was matched with Ed McGrath of Brooklyn, Eastern Indoor titlist.

Sydney Schwartz of Brooklyn and the veteran Frank Shields of New York gained the round of four yesterday.

Schwartz, fifth seeded, upset second-ranked Irvin Dorfman of New York, 9-7, 7-5, 2-6, 3-6, 6-4. Shields eliminated Nathan Goldstein, the Brooklyn upsetter, 6-4, 6-3, 6-2.

Henri Rochon of Montreal, Canada's top netman, and Robert Kerdasha of New York defeated Richard Squires of Bronzville, N.Y., and Dr. Reginald Weir of New York 6-4, 1-6, 6-2, in the second round of the men's doubles events.

In the women's division, Doris Hart of Miami, Fla., No. 1 seeded, plays Betty Rosen-Quest of South Orange, N.J., and Barbara Schofield of Coral Gables, Fla., takes on Mrs. Marjorie Buck of New York with semi-final berths at stake.

They attempt to join Mrs. Patricia C. Todd of La Jolla, Calif., and Gertrude Moran of Santa Monica, Calif., who advanced yesterday.

Miss Hart and Miss Schofield defeated Elaine Fildes of Montreal and Sylvia Knowles of Newport, R.I., 6-2, 6-2 in the quarter-finals yesterday.

SUSPENSION OF BOXING FOR 23 DAYS

Chicago, March 17.—(AP)—Repercussions of the ring death in Chicago last month of Sam Baroudi wre capped yesterday by suspension of professional boxing in Illinois for 23 days.

The shutdown was asked by Governor Dwight H. Green and Commission Chairman Sheldon Clark said the request was accepted in "complete accord." The Commission will meet tomorrow to act formally on the matter.

"The 23-day suspension will give us time to put into effect methods of tightening up the boxing code," said Clark.

The move climaxes criticism of pro boxing stemming from the death on February 21 of Baroudi, 20-year-old Akron, Ohio, boxer, after his 10th-round knockout by Ezzard Charles of Cincinnati.

The ban will be lifted April 7, date of the Chicago Stadium benefit to raise $10,000 for Baroudi's parents. The bout will be between Charles and Elmer (Violent) Ray of Minneapolis.

The only major boxing show affected by the ban is the 10-round bout between Ray Robinson, World's Welterweight Champion, and Georgie Abrams of New York, which had been scheduled for the International Amphitheatre March 31.

Meanwhile, the Binghamton, N. Y., friends made by Baroudi early in his ill-fated career remembered him today with a purse for his family.

Promoter Lloyd L. Welsh mailed to Charles Dunkley, Midwest Associated Press Sports Editor, a cheque for $280 collected from fans at a recent Binghamton fight show.

Royals Swamped By Nationales 11-1

Montreal, March 17—(CP)—Montreal Nationales, displaying power in all departments, ran wild last night against Montreal Royals to win 11-1 in the opener of their best-of-five Quebec Junior Amateur Hockey Association final series before a capacity Forum crowd of 10,500 fans.

Sylvio Mantha's big squad jumped into a four-goal lead in the opening frame, made it 6-0 before Royals could break the ice in the middle frame, and then rammed home five more markers through a badly disorganized Royal defence.

Coach Tag Millar of Royals removed starting goalie George Mooney after the opening session, replacing him with Junior 'B' goalie Bobby Cornforth with the team trailing 4-0, but Cornforth had no better luck in stopping the Nationale avalanche.

Gilles Trudel, Claude Robert, Gerry Desaulniers and Eddie Cyr led the Nationale scorers with two goals apiece, while Bernie Geoffrion and Pete Racette fired one each. Bobby Frampton tallied Royals' lone marker.

Ottawa Defeats Shawinigan 5-0

Ottawa, March 17—(CP)—Ottawa Senators whipped Shawinigan Falls Cataracts 5-0 here last night and took a 2-1 lead in their best-of-seven Quebec Senior Hockey League playoff series.

The two teams split home-and-home week-end games and played careful hockey in a scoreless first period. The close checking brought five minor penalties but saw few shots on goal.

Q.A.H.A. Suspends Five More Players

Five more suspensions were handed out by the Q.A.H.A. executive and referees committee for conduct pertaining mostly to players using abusive language and molesting referees.

C. Dugal, of East Angus Juniors, was suspended until January, 1949, for hitting a spectator. The Q.A.H.A. had definitely decided that the players belonging to the Association must play according to the rules or otherwise they will be suspended.

The list of suspensions follow:

SUSPENSIONS BY THE REFEREES COMMITTEE

Paul Lefebvre, St. Gertrude Int. "C", assaulting referee, suspended for 2 years.

J. P. Savard, Cap de la Madelin Jun. "B", abusive language, severe reprimand.

C. Lariviere, Cowansville Legion, molesting referee, suspended indefinitely with right to appeal.

SUSPENSIONS BY THE EXECUTIVE COMMITTEE

Gaston Routhier, Stadaconna Rapides, disorderly conduct, indefinite suspension.

C. Dugal, East Angus Jun. "B", hitting epectator, suspended until January 1, 1949.

Boston Bruins' Victory Over Rangers Leaves Canadiens Still Clinging To N.H.L. Stanley Cup Playoff Hopes

Today's most frustrated coach of National Hockey League teams is undoubtedly genial Frank Boucher of the New York Rangers.

And today's most tensely-uncertain coach, also without a shadow of a doubt, is canny Dick Irvin of the Montreal Canadiens.

For in the only game last night Boston Bruins walloped New York Rangers 6-2, right in Madison Square Garden before a crowd of 15,111.

That result just put emphasis marks under all the "ifs" that the N.H.L. governors were forced to include in their playoff schedule.

It meant that the fifth-place Canadiens still have a mathematical chance of getting into the four-team playoff for the Stanley Cup. Rangers at present hold the fourth and last play-off spot. Canadiens in fifth place could tie Rangers, if Canadiens win both remaining games and New York lost their two games.

The Canadiens who sank to lowly positions this season after ruling the roost came back with the most determined fight that the League has seen in many a year. They beat Rangers twice last week-end, once in Montreal and once in New York, and then had to sit back and hope. Because a Ranger tie with anybody, much less a victory, would put Canadiens out of the playoffs. When Rangers lost last night, the noise in Madison Square Gardens must have been a mumble compared to the glee in the Habitants' idle camp.

Boucher's Rangers had bad luck all the way in last night's game. Frankie Eddolls, their steady defenceman, suffered torn ligaments in his left leg in the third period, and he won't be with the team when they meet the Hawks at Chicago tonight.

The first period was scoreless, and Boston rammed in four goals in the second, from Jimmy Peters, Pat Egan, Milt Schmidt and Johnny Pierson. New York's rookie from Winnipeg, Don Raleigh, broke the parade with a goal early in the last frame, and Bryan Hextall got their other goal. But Pete Babando and Ken Smith added two for Boston.

While the Rangers are playing at the Chicago Black Hawks tonight, the Detroit Red Wings will endeavor to tie Toronto for the League leadership by beating the Bruins at Boston, no easy task. Whether or not the Wings win, the League title will be settled by the week-end's games between Toronto and Detroit.
