Another Increase In Attendance At Fair Yesterday

Admissions to Exhibition Have Increased Each Day This Year—Many Transportation and Montreal Guests Present Yesterday—Special Prizes in Cattle Presented Yesterday by Mr. W. D. Robb and Mr. C. B. Howard, M.P., Following Live Stock Parades.

THE second of the big days of Canada's Great Eastern Exhibition yesterday brought another considerable increase in attendance and complete programme of great success. The fine though rather cool weather, which has prevailed since the beginning of the week has been excellent for the fair, and has induced increased crowds each day. Today opened brighter than for several days, and with this prospect of sunshine it is expected that the grounds will be entered by a large gathering of people during this, the final day of the exhibition.

Today there is activity on the grounds until about six o'clock when the fair officially ends, with the exception of the midway, which continues to operate during the evening. The vaudeville programme will be given this afternoon, while the heaviest card of races yet this week is scheduled.

Yesterday the final horse and cattle parades and the last evening performance on the grand stand took place, while the Dog Show was concluded at night. Throughout there was an interesting programme, and favorable comments came from all sides. In the afternoon the large crowd on the grand stand and harness races and three bands. In the evening there was a continuation of the Horse Show and a vaudeville performance. Throughout the day the midway operated and the various department buildings were filled with people admiring the exhibits.

The attendance figures for the week, compared with last year, show that there has been an increase in admission each day. On Sunday there was an increase of over two hundred per cent, but on Monday the increase was very slight. Tuesday's was one thousand, Wednesday's five thousand and yesterday's 4,300. The totals for each day thus far this year, with the increase registered over last year, follows:

Table with 3 columns: Day, Total, Increase. Rows for Sunday, Monday, Tuesday, Wednesday, Thursday, Friday.

Many Montreals Here Yesterday was known as Transportation Day, and the Association entertained a number of prominent railroad officials, chief of whom were Mr. W. D. Robb, Mr. A. D. MacTier and Mr. J. H. Walsh, vice-presidents of the Canadian National, Canadian Pacific and Quebec Central Railways. It was also Montreal Day, and some hundreds of people were here from Montreal, special cars being run on the trains and many automobiles coming as well. The railway officials were entertained by the directors at luncheon and then went on the grand stand, where they exchanged views on the exhibition.

THE WEATHER

FAIR, BECOMING WARMER Pressure is high over the eastern part of the continent and low off the Atlantic coast and over Manitoba. The weather has been fair throughout the Dominion, cool from the Great Lakes eastward and warm in the Western Provinces, particularly in Saskatchewan and Alberta. Forecast: Light to moderate winds, fair today and Saturday, becoming warmer. Northern New England: Partly cloudy tonight. Saturday: Fair; moderate northwest winds.

EXPECT STATEMENT ON DISARMAMENT WILL BE MADE NEXT WEEK.

(Associated Press Despatch) LONDON, August 30.—The conversations between Premier MacDonald, of Great Britain, and Ambassador Dawes, of the United States, on naval disarmament, were stated in British official quarters today, to have reached a point where it is possible a public statement may be made next week.

Papers Recording Agreement On Evacuation Of Rhineland And Financial Questions Signed

Protocol and Other Documents in Which Will Be Registered Results of The Hague Conference of Governments Will Be Ready for Approval This Evening, and Conference Will Adjourn Sine Die About Noon Tomorrow.

(Associated Press Despatch) THE HAGUE, Aug. 30.—Letters and documents recording the agreement of France, Great Britain, Italy, Belgium and Germany on evacuation of the Rhineland and financial questions incident to acceptance of the Young reparations plan were signed at 12.15 p.m., today by representatives of those nations.

The protocol and other documents in which will be registered the results of The Hague conference of the governments will be ready for approval this evening, and the conference will adjourn sine die about noon tomorrow. British Premier MacDonald, French premier, was leaving here at 1 p.m., for Paris.

Several matters will be left to future action, either by another governments' conference or by individual action of the governments concerned. Among these were the proposed international bank of settlement, the reparations problem as it affects the successors to the Austro-Hungarian empire and the final accounting between the former enemies for private property sequestered and sold.

RATIFICATIONS QUESTION TO BE RAISED BY BRITISH

GENEVA, Switzerland, Aug. 30.—(By George Hambleton, Canadian Press Staff Correspondent)—The British Labor government, hoping its hand almost immediately after the opening of the fifty-sixth session of the Council of the League of Nations today.

The Council had wandered through a report on "the unification of the laws relating to narcotic drugs," and was drifting through a report on the ratification of agreements, when Hugh Dalton, under secretary for foreign affairs, substituting for his chief, Right Hon. Arthur Henderson, suddenly announced that Great Britain intended to raise the whole question of ratifications in the forthcoming meeting of the assembly of the League.

"The British government," Dalton declared, "attaches very great importance to the question of ratifications. In the assembly we propose to raise the question, hoping it may count upon the co-operation of the members of the League in speeding up the ratification of all agreements and in securing that the signatures shall be a reality and not merely a device for seeming support of proposals which are not intended to be necessarily followed when the delegations return to their own states."

THREE HUNDRED WERE DROWNED IN THE PUNJAB

At Lahore Water Is at Least Knee Deep Over Entire City and All Business Is Suspended.

(Associated Press Despatch) KARACHI, India, Aug. 30.—More than three hundred persons have been drowned in the Punjab by the flood waters of the river Indus. The river is rising so rapidly that seventy-two feet was registered last night as against sixty-three in the morning.

SIXTY-FIVE OF ONE HUNDRED PERSONS CAST INTO SEA WHEN STEAMSHIP SANK ARE MISSING

Coastwise Passenger Ship San Juan and Standard Oil Tanker S. C. T. Dodd in Collision at Midnight Thirty Miles South of San Francisco—Quick Work by Latter Ship Resulted in Picking Up Many of Those from San Juan.

(Associated Press Despatch) SAN FRANCISCO, Calif., Aug. 30.—The dead in the wrecking of the coastwise passenger vessel San Juan, thirty miles south of here, at midnight, are now estimated at sixty-five. Rescue ships report picking up only thirty-five of the hundred who were on board.

Quick work by the Standard Oil tanker S. C. T. Dodd, the other ship which figured in the collision off Pigeon Point, resulted in the picking up of many of the San Juan passengers.

Radio advices several hours after the wreck occurred showed that twenty-seven persons, some of them injured and badly in need of medical attention, had been taken aboard the Dodd, which headed for San Francisco.

The Munini, which previously had reported picking up two boat loads of passengers, refused to estimate the number taken aboard, but radio advices indicated that about forty from the San Juan were on that ship. The San Juan carried fifty-five passengers and a crew of forty-five.

RADIO REPORTS SAY ONLY THIRTY-FIVE RESCUED

(Associated Press Despatch) SAN FRANCISCO, Aug. 30.—Reports to the Mackay Radio and Telegraph Company at 4.30 a.m. Pacific standard time, today indicated that only thirty-five of the approximately one hundred persons aboard the steamer San Juan had been rescued at that hour.

CLAIMS HE IS OWNER OF LABRADOR PROPERTY VALUED AT \$80,000,000

According to Rev. Isaac De La Penha, of Montreal, He Holds Documents by Which His Great-Great-Grandfather Was Given by William III. Perpetual Rights to a Section of Coast.

(By Canadian Press) MONTREAL, Que., Aug. 30.—Sir Richard Squires, Premier of Newfoundland, left Montreal last night for New York without commenting further on the controversy aroused by the announcement a few days ago by Joseph de Champlain that he was on his way to Ottawa with authority to sell that portion of the Labrador coast owned by the ancient colony. The question was further involved yesterday when it was announced that the claim of Rev. Isaac De La Penha, minister of the Spanish-Portuguese communities of Montreal, to some \$80,000,000 worth of Labrador had been so well established that the matter was set to be placed before the Privy Council for decision.

Leo M. Friedman, lawyer of Boston, and M. Wallach, international law expert in Amsterdam, have been working on the case in England, through the intermediary of E. Eliasoph, Montreal lawyer, who acts directly for Mr. De La Penha. They have found in the Egerton manuscripts, published in 1859 by Sir Henry Cavendish, and containing his memoirs of the British parliament of that time, a good deal of matter tending to confirm Mr. De La Penha's claim. With much documentary evidence unearthed from old records to back his claim, and with the knowledge that it is almost ready to be laid before the judiciary authority in England, Mr. De La Penha feels hopeful that results may be achieved before long.

STATED DE CHAMPLAIN HAS NO AUTHORITY

Sir Richard, while in Montreal, had definitely declared that Joseph de Champlain had no authority to negotiate for the sale of Labrador, so far as he personally was concerned, and that if any such authority had been given by the previous government it had not been endorsed by him or his government.

The Newfoundland Premier was very busy prior to his departure for New York, and could not be reached for his comment on the claim of the local Spanish clergyman.

LADY MARY HEATH INJURED WHEN AEROPLANE CRASHED AT CLEVELAND YESTERDAY

Cranial Operation Performed Last Night—Outcome Will Not Be Known For Thirty-Six Hours.

(Associated Press Despatch) CLEVELAND, Ohio, Aug. 30.—Lady Mary Heath, of Ireland, one of the most outstanding of women pilots, lay in Lakeside Hospital today awaiting outcome of a cranial operation performed last night after her plane had crashed through the roof of a factory building, fracturing her skull and inflicting other injuries.

Possibility of infection, present for thirty-six hours after such an operation, still kept the result in doubt according to attaches of the hospital. She showed improvement immediately after the operation was performed, however, and her chances of complete recovery were reported good providing she escapes infection. No danger of paralysis or blindness was seen.

MANY BURIED ALIVE WHEN OLD BUILDING COLLAPSED

Unknown Number Buried in Crash of Old Building at Algiers—Eighteen Children Known to Have Been in Structure.

ALGIERS, Algeria, Aug. 30.—An unknown number of persons were buried early today in the crash of an old building on the water front, some estimates placing the number of victims between fifty and seventy. The building sheltered about thirty families. It suddenly crumbled and the inhabitants, most of them still in their beds, were caught in the ruins. There were eighteen children in the structure.

Two hours after the collapse five persons had been taken out alive.

STORES IN BEIRUT OPENED

(Associated Press Despatch) BEIRUT, Aug. 30.—Although minor anti-Jewish incidents were reported at Hama and Derahat today, Syria generally remained calm. Most of the stores have reopened in Beirut. The Djebel Druz region also was reported quiet.

1,500 ARABS DISPERSED

(Associated Press Despatch) JERUSALEM, Aug. 30.—A government communique today said civil authorities had dispersed 1,500 Bedouins who had been massing quietly in Solith. Seventy Arabs were captured at Qalonia after repeated attacks on the Jewish colony at Motza.

The statement added strictest moderation in the use of firearms had been urged upon all troops and police. Trans-Jordan was said to be quiet.

EDFORD, QUE. AUG. 30.—THE one hundred and first annual fair of the Missisquoi Agricultural Society was concluded yesterday.

The weather conditions were favorable, the best of three days, and the attendance fairly good for a final day. On the whole the crowds were not as large as in some of the former years, which was rather disappointing to the management.

From an entertainment standpoint, yesterday was the best day of the three. The live stock parade of horses and cattle was one feature, and the racing quite exciting, especially in the 2 1/2 trot or pace, which furnished four hotly contested heats, the finishes of which were thrilling.

Just before the start of the races Mr. S. H. Sornberger, one of the county's oldest and most successful farmers and a picturesque figure, venerable in years and the esteem of his neighbors, and for sixty-three years a member of the society, was called before the grand stand and introduced. In a brief and neat little speech, he thanked his friends for the honor paid him. He was enthusiastically applauded.

The association was fortunate in having fair weather all three days, although it was cloudy and cool the first two days.

CATTLE WINNERS

G. R. Ellis, of Cowansville, was the outstanding prize winner of the fair with his Holstein exhibitor, winning no less than twenty-five firsts and five seconds, besides two silver cups, one given by the Canadian Bank of Commerce for the best exhibit of cattle on the ground, and the other given by Senator Donat Raymond for the best pair of pure bred Holstein junior yearling heifers and junior yearling male, between twelve and eighteen months old, heifers to have been raised by exhibitor, and also the championship ribbon for the best exhibit of cattle on the ground.

Mrs. D. A. Ramsay, of Allwin Farm, was very successful with her exhibits, winning seven firsts and seven seconds with her Jerseys, three firsts and a second in the poultry classes, a first on swine, the same on butter, three firsts and two seconds on flowers and two seconds on vegetables.

The bronze medal donated by Dupuis Freres, Montreal, for the best heifer calf exhibited by a boy or girl, calf to be under six months old, was won by Chas. Bergeron, of Lakeside Farm, Philipsburg.

In the Ayrshire classes Geo. Montgomery, Lakeside Farm, Philipsburg, won sixteen firsts and the silver cup donated by W. F. Kay, M.P., for best Ayrshire bull and four females under two years old.

EXCITEMENT IN PALESTINE HAS NOT DIED DOWN

Demonstrators and Police Clash in Damascus Yesterday—Number of Persons Injured—1,500 Bedouins Dispersed at Solith.

(Associated Press Despatch) CAIRO, Egypt, Aug. 30.—Excitement over the Moslem-Jewish controversy in Palestine continued today in neighboring districts.

Demonstrators and police clashed in Damascus yesterday and a number of persons were injured while further demonstrations took place last night in Beirut, Tripoli and Tyr. At Beirut a manifesto was issued calling for another demonstration after prayers today.

Trade is dead in Palestine and Syria and prices are soaring. The supreme Islamic council of Syria has issued a manifesto urging that shops be opened and business resumed on a normal basis.

Exhibition Directors Have Transportation Officials As Guests

Mr. W. D. Robb, Vice-President of Canadian National Railways, Mr. A. D. MacTier, Vice-President of Canadian Pacific, and Mr. J. H. Walsh, Principal Guest of E.T.A.A. at Luncheon Yesterday—Many Other Railroads Also Present—Mr. Robb Tells of Work Being Done by National Lines for Agriculture.

A MESSAGE to the effect that the great railways of Canada were ready and willing to do their part in the building of the agricultural industry, to make it ever more prosperous, was brought to the officers and directors of the Eastern Townships Agricultural Association yesterday by Mr. W. D. Robb, vice-president in charge of colonization and agriculture of the Canadian National Railways, and Mr. A. D. MacTier, vice-president in charge of eastern lines of the Canadian Pacific Railway. Mr. Robb and Mr. MacTier were guests at a luncheon given in honor of transportation men at the Administration Building on the Exhibition Grounds, and with them the third guest was Mr. J. H. Walsh, vice-president and general manager of the Quebec Central Railway.

Altogether there were nearly a score of transportation officials from Montreal and Sherbrooke at the luncheon, as well as a large gathering of legislators, directors and judges and superintendents of the various departments of the Exhibition. It was the largest luncheon held at the Exhibition for several years.

Mr. MacTier was the only visiting Canadian Pacific man present, though several from here were present. With Mr. Robb, the Canadian National was represented by Dr. W. J. Black, director of colonization and agriculture; Mr. F. W. Walsh, superintendent of agriculture; Mr. L. C. Roy, agricultural agent for Quebec, who was formerly Government agronomist for Compton County; and Mr. C. G. Groff, superintendent of the information department of colonization and agriculture. Others present included Hon. Jacob Nicol, Provincial Treasurer, Mr. Justice White, Rev. Napoleon Codere and Messrs. E. W. Tobin, M. P., C. B. Howard, M.P., W. K. Baldwin, M.P., and others. The Macdonald Band played during the luncheon, and also provided entertainment through singing.

Improved Finances Reported. Mr. J. H. Blue, president of the E. T. A. A., acted as chairman, and paid tribute to the transportation men who had helped so much to make the exhibition bigger and better. He was pleased to be able to state that the finances of the fair were, up to yesterday noon, considerably improved over last year.

MONSEIGNEUR LEFEBVRE DIED THIS MORNING

One of Eastern Townships' Oldest and Highly Respected Clergymen Passed Away at Precious Blood Monastery Early Today—Had Filled Many Important Offices—Services Tomorrow and Tuesday Mornings.

One of the Eastern Townships' oldest and highly respected clergymen passed away this morning at the Precious Blood Monastery in the person of Monseigneur P. J. A. Lefebvre.

Monseigneur Lefebvre, who was in his seventy-third year, filled many high offices of the Roman Catholic Church, being at one time vicar-general under the late Bishop Paul Laroque and, at the time of his death, was Dean of Canons of the Sherbrooke Diocese. The deceased was also a noted student, and from 1876 up until last June, when he retired, he was professor at St. Charles Seminary, where he occupied practically every chair during the many years he taught there. He was, however, better known as a professor of philosophy, which position he held for some years. From 1893 until December, 1923, Monseigneur Lefebvre was chaplain of the Monastery of Precious Blood, Dufferin avenue, and, following his retirement last winter on account of illness, resided in his suite in the building.

The deceased had been ill for four years, but his death this morning at four o'clock was unexpected. The doctor attending him was present last evening and did not find any noticeable change in the clergyman's condition. This morning, however, it was discovered that he had passed away in his sleep.

The first service will be held tomorrow morning at nine o'clock at the Precious Blood Monastery, following which the remains will be removed to the Seminary, where they will lie in state until Monday evening, at which time they will be removed to the Cathedral. At nine o'clock Tuesday morning a second service will be held, following which the remains will be interred in the crypt at the Seminary.

Monseigneur Lefebvre received the appointment of Monseigneur in 1918.

(Canadian Press Despatch) LONDON, August 30.—Shortly before daybreak this morning a sharp-eyed London bobby captured a man who was trying to break into Buckingham Palace at the diplomats' entrance. The prisoner refused to divulge his identity or to say why he was trying to get into the Royal residence. None of the Royal family was in the palace. King George and Queen Mary went to Sandringham last week.

RUMBLE OF GRAIN WAGONS AND HUM OF THRESHING OUTFITS DROWNING OUT ALL OTHER NOISES IN WEST

Season's Crop, While Short of Expectations, Is Yet a Tremendous One and Systematic Thought Will Have to Be Given to Its Handling—Grain Inspected to Date Has Been High Grade.

(Canadian Press Despatch) WINNIPEG, Man., Aug. 30.—The rumble of grain wagons on their way to market and the hum of threshing outfits are drowning out all other noise in the prairie provinces. From a few scattered carloads, grain marketing leaped to 2,500,000 bushels on Wednesday, and in a short time the movement is expected to reach its peak.

Fears of congestion were scouted today by officials, who pointed out that virtually the entire visible supply of last season's crop is stored in the east, leaving the large elevator storage capacity in western Canada free to handle the new grain. In the west there is storage space for more than 200,000,000 bushels.

The season's crop, while short of expectations, is yet a tremendous one, according to transportation officials, and systematic thought will have to be given to its handling. A particularly favorable feature has been the high grade given to grain inspected up to date.

HATLEY

The opinion has, naturally, been held, that since St. James' Anglican Church was built in 1829 some special observance of the one hundredth anniversary, would be held during the present year. But, as the old edifice was not consecrated until four years later this impressive service will not occur until 1933. The school building, which stands a few rods north, the first classical school south of the St. Lawrence, and known for many years, as Charleston Academy was erected in the same year as St. James Church, and was originally intended for a Church School, under the supervision of the resident Church of England Clergyman. It is hoped, that if in no other way, the centennial year of this old land mark which has proved to be important a factor in the intellectual development of the youth of this

QUESTIONS AND ANSWERS

Broken Capillaries.
Question—A. J. L. asks: Please advise what treatment to use for broken capillaries in the face and neck. Skin very fine, without pimples or blackheads.
Answer—Wash daily with the face by rubbing it with ice. Hold the ice for fifteen or twenty seconds over the place where the capillaries are broken, then move it to the next location, and so on, using about a five minute treatment in all. The cold of the ice will strengthen the capillaries and make them grow smaller.

Callous on Finger.
Question—Mrs. H. J. D. writes: "I have a little ring-formed callous on my finger which I at first thought was ringworm, as it keeps spreading. Have you any idea what it is and how I could get rid of it?"
Answer—It would be impossible for me to diagnose the callous-like circle on your finger without examining it. It is possibly some sort of fungus infection and if you can obtain the exact diagnosis I will be pleased to give you my advice.

Spinach.
Question—Mrs. A. C. H. asks: "Will you kindly let me know if the medicinal properties of spinach are in many ways damaged or destroyed by cooking in an aluminum utensil?"
Answer—I do not believe that there is any injury to the spinach when cooked in an aluminum utensil. I use this type of utensil, and recommend it to all of my patients.

Pneumonia.
Question—R. A. B. writes: "I have recently had my second attack of pneumonia, and I would be very grateful for a list of precautions to prevent another. do you advise a flannel pad on the chest? I am taking one teaspoonful of olive oil every morning. Do you think I will receive any benefit from it?"
Answer: An attack of pneumonia often leaves one especially susceptible to a future attack. I can only suggest that you endeavor to build up your general health by proper dieting and exercising. Diathermy treatments often prove beneficial. I do not believe the olive oil is of any special benefit. Keeping the chest warm with flannel is undoubtedly beneficial in protecting the chest.

Is Sickness holding you back?

The most expensive brake on business is sickness. Canada's yearly bill for time lost because of preventable illness, runs into millions.

On the other hand, good health is just about the most valuable asset that men and women can have. With good health, they are always on the job and their minds are on their work instead of on their aches and pains. Have you lost more days from the office or shop than you should? Are you letting indigestion, headaches, bad stomach, bilious attacks, back-aches, colds, rheumatism and other every-day troubles hold you back from promotion?

With ABBEY'S, the famous saline correcting digestion, regulating bowels, neutralizing uric acid, keeping the blood pure and invigorating the whole system, well days will replace sick ones, and promotion will come as a reward of work well done.

Take... ABBEY'S The Morning Health Salt

For half a century, Abbey's has done its full share in protecting and maintaining the public health. It has brought the comfort and enjoyment of good health to people all over the world and is generally regarded as the highest type of efficient, absorbable sodium.

REPORTS WERE PRESENTED TO Y. M. DIRECTORS

Board Regrets Departure of Mr. R. H. Stinson—Mr. J. S. Woodsworth, M.P., Will Not Be Invited Here Again—Membership Large.

Last night at the postponed monthly meeting of the board of directors of the Sherbrooke Young Men's Christian Association the reports received indicated more than normal activity, with finances in very good condition; the surplus shown in the auditor's report was \$745.17, with about \$800.00 in promises still to come in.
Correspondence was then read in which communications from Mr. H. Ballantyne and Mr. J. MacKinnon were read. The former dealt with matter of holding the quadrennial conference and the annual meeting of the Canadian Y. M. C. A.'s at the same time. It was also decided that in the opinion of the local Association, "Association Men" should be recognized as the official organ of the Canadian National Council.
In the communication from Mr. MacKinnon, reference was made to the address last March, made here by Mr. J. S. Woodsworth, M.P. The board decided that no invitation should be extended to Mr. Woodsworth in the future.

Reports were then received, the general report showing an income of \$2,480.00 with an expenditure of \$3,522.00. The membership report showed membership July 31 as 610. This was recognized as a very fine showing for the local association. The boys' work report dealt especially with the boys' camp, which was one of the most successful ever held, with a total registration of 57. Special reference was made to the experiment made in the camp. This was the financing largely by the Rotary Club and friends of the Association, which made it possible for twenty-two boys to have a camp outing who otherwise would not have been able to get there.
The house report referred to the need of some minor decorations, and it was agreed that prices should be got on these and the house committee authorized to go ahead with any necessary repairs.

Educational Work.
A proposal of Mr. L. Stephenson, who is willing to conduct the commercial classes, was commended by the members of the Board. Mr. Stephenson, who is a graduate of McGill, ran a three months' course at the Y. M. C. A., with very good results, and it is fully expected that a large registration will be received for this season's activity. The possibility of having a French class organized was mentioned, and the secretary was authorized to go ahead with arrangement for these classes. Beside these, there will be the usual coaching given to students who desire to improve themselves by correspondence courses or in any other way. The matter of McGill extension lectures was considered, the secretary stating that up to the present no definite word had been received regarding them. The unanimous opinion was that a short course was better than an extended one for the city.
Dealing with the matter of the resignation of Mr. R. H. Stinson, the board received this with regret and authorized the sending of a letter of appreciation for the service rendered at Mr. Stinson had so willingly given, with best wishes for his future success.

CHEQUES FOR WAR CLAIMS WERE SENT OUT YESTERDAY
One of Largest Payments, \$24,608, Paid to Senator Beland, Who Was Captured by Germans in Antwerp in 1915.

(Canadian Press Despatch)
OTTAWA, Ont., Aug. 30.—Cheques totalling \$104,277.66 have been sent out by the Department of the Secretary of State to nineteen Ottawa residents for war claims approved by the Federal Commission on reparations. One of the largest payments, \$24,608.48, is paid to Senator H. S. Beland, while Mrs. C. H. S. McCollm, wife of an official of the National Defence Department, received \$13,286.
Senator Beland, former Minister of Soldiers' Civil Re-establishment, was captured by the Germans in Antwerp in 1915, where he had gone to marry a Belgian lady. He was held prisoner until May, 1918.

EVEREADY RADIO
The World's Conception of Perfection
END ONE HOME for a few days, and listen to it before you buy any other radio set! Compare the Eveready with any radio set, and mark the greater richness and clarity of tone, observe how each station clicks in or out with the precision of a door suddenly thrown open or closed; note the greatly increased sensitivity and range—and then consider that these marvellous results are obtained with a new advancement in radio engineering that out-distances all other methods of building radio receivers.
Each Eveready set is constructed on the simplest lines genius and organization can devise. You receive for an astonishingly low price a quality of performance formerly only available in a few very expensive laboratory models. The new Eveready sets are built to last a lifetime. Sealed against humidity or dampness. Adjusted for temperature like a fine watch. The sensitivity is more than doubled. All parts are stronger, heavier and more rigid. Chassis guaranteed for a year.

TRAFFIC PROBLEMS

In practically every city today traffic problems are pressing for solution, and many of the older centres are being penalized for their age. When they were laid out there was no thought of the growth of population and traffic that recent years have brought.

In New York the situation has called for rather expensive remedies, and a short time ago work was started on an express highway to be built above the street on the West Side. In two and a half years the new highway will reach its northern terminus at Seventy-Second street and Riverside Drive.

The cost of this programme will total several million, the contract for the first section alone having been let for \$4,547,000. The complete plants call for a highway four miles long and sixty feet wide, with ramps at intervals to allow easy access and egress, and it will be used entirely by motor cars.

The sponsors of this gigantic project expect that it will relieve the traffic situation by routing a good deal of the through traffic above and outside the area of greatest congestion.

AN ENCOURAGING REPORT

Railroad systems reflect accurately the condition of business and industry in the section which they serve. Consequently, the monthly report of the Canadian National Railways issued yesterday, which shows a substantial gain in net earnings for July and the seven months as compared with the corresponding periods of 1928, is of more than ordinary interest.

The increase in net earnings during the past month amounted to \$36,534, while for the seven months the increase reached the sum of \$1,055,104. For the month of July gross earnings were \$23,363,406 as against \$23,291,805 in the same month of last year an increase of \$71,601; while working expenses during the past month totalled \$19,708,424.03 as compared with \$19,673,357.14 in the same period in 1928, and net earnings were \$3,654,981.97 against \$3,618,447.86 for July 1928. The operating ratio for July, 1929, was 84.36 per cent. against 84.46 per cent. for the corresponding period of last year.

For the period from January 1st to the end of July, 1929, gross earnings were \$150,508,617.00 against \$146,505,331 in the corresponding period of 1928, an increase of \$4,003,286 or 2.73 per cent. Working expenses during the 1929 period were \$123,964,689.65 against \$123,016,507.88 in the same period of last year, an increase of \$2,948,181.77 or 2.40 per cent. Net earnings over the period from January 1st to the end of July, 1929, were \$24,543,927.35 against \$23,488,823.12 an increase of \$1,055,104.23 or 4.49 per cent. The operating ratio for the 1929 period was 83.69 per cent. as against 83.97 per cent. in the corresponding period of 1928.

This is without doubt an encouraging report for when freight is moving in greater volume it means that industry is more active, a condition which is bound to be reflected in retail trade circles.

It was not so many years ago that the Canadian National Railways system was looked upon as a "White Elephant." However, the pessimists soon sought cover, and today the C.N.R. is moving forward with the great and prosperous country which it serves.

SEVEN BAD STROKES

(By Glenn Frank)

A few days ago in a foursome of golf of which I was a member, we came to the last hole with the game even. The remaining hole happened to be a par five, a dog-leg some five hundred thirty-eight yards long, the first two hundred of which were heavily wooded to the right, with long rough to the left.

The first three drives sailed straight down the fairway, all of them between one hundred seventy-five and two hundred yards.

The last drive was some one hundred seventy-five yards, but in the rough. All of the three players who drove first were on "the green in three," while the fourth player was off to the right some twenty-five yards, and he was counted out by his two opponents.

Instead of succumbing to the commitments of his opponents, the man off the green laid his approach within ten inches of the cup and of course sank his putt.

It is rumored that Walter Hagen expects to have seven bad strokes during each eighteen holes of golf he plays.

Also, the story goes that when Hagen has made one poor stroke he makes the observation that he has only six left and must be more careful.

Hagen realizes that as a high strung sensitive human mechanism some of his shots will go wrong. But he has set his per cent. of probable error at a very low figure, and as the bad shots occur he exercises more rigid caution instead of casually excusing himself.

Furthermore, as do all good golfers, Hagen studies his bad shots in order to avoid the establishment of poor form and poor shots alike.

The round of life is not unlike a round of golf.

We are bound to make many mistakes. Some of us are blithely unconscious of such mistakes. Some of us realize our mistakes, but are unable to diagnose their cause. And some of us know when slips have been made, know what caused such slips, but make no effort to safeguard ourselves against their repetition.

And then there are a few rare souls who are keenly aware of their mistakes, who carefully analyze them, and exert all their powers to avoid

their continuance. There is no disgrace in making mistakes. The shame comes in repeating the same mistakes until such mistakes are habits and cannot be corrected.

There is a world of good sense in Walter Hagen's policy of realizing that some errors are inevitable, that committing one error calls for all the more caution, and that an error discovered should form the basis for eventual strength rather than permanent weakness.—Cpt. 1929.

PRESS COMMENT

GLAD TO GIVE AWAY.

(Petrolia Advertiser-Topic) At a birthday shower held in Strathroy recently for the hospital most of the school pupils made contributions of soap. There is no other household article which school children would take greater pleasure in giving to some one else.

NO QUARTER.

(Halifax Herald) The lash for drug peddlers may sound like harsh punishment, but it is possible to conceive of a more un-speakable, a more despicable crime. It is useless to waste soft sentiments over criminals who peddle drugs. There is a deliberate act, a cold mercantile decision to capitalize a habit that grips its victims and drags them down to the depths of physical, mental and moral degradation. No quarter for the drug peddler, is a decision that will meet with the complete approval of the citizens of this Dominion.

STOWAWAYS AT COLLEGE.

(Christian Science Monitor) No story of widely heralded transatlantic flights or maiden voyages of giant ships seems complete today without reference to the stowaways found aboard when the destination is reached. In some instances the adventurous youths are summarily sent back home without being given opportunity to view the new country.

And now even the birds have proved that they ponder the newspapers and are therefore thoroughly up to date. Clyde Patch of the National Museum at Ottawa, Ontario, relates that sparrows on Cape Breton Island, bent on crossing to Newfoundland, have been observed to park on the backs of migrating geese, and to resume the land voyage after crossing Cabot Strait.

All this stowaway business makes one pause, perhaps express some doubts as to the fairness of the methods practiced by nonpaying guests, to say nothing of how a stowaway's audacity often seriously jeopardizes the success of an air voyage.

In some quarters, however, the appearance of the stowaway will be greeted with hearty cheers. One of these places is the college, in too many instances the harbor for young mariners escorted to the ship by indulgent parents and supplied with liberal allowances to have a good time. Many of these young people go to college because it is fashionable to do so and because it is a pleasant substitute for the exacting work of the world, not because they have any real thirst for information. They are merely complacent passengers taking a four-year trip with all expenses paid.

Any instructor who finds a real stowaway in his classroom—some young fellow who, while he has not much money or social position, has a quenchless ambition for an education—speedily discovers fresh incentive for his academic job. It is the stowaway who sinks in when nobody is looking who gives savor to college life and helps preserve the traditions of any campus as a place where a young man or woman may come into close fellowship with all the choice satisfactions of the intellectual life.

Miss Annie Kelly, of Gananogue, Ont., who has been visiting Miss Gladys Lennon for several weeks at Lake Lyster and at the Trinity Church parsonage, will accompany the party to Montreal on her route home.

Mr. J. E. Smith, who has just returned from a motor trip to Gaspe, says that "from a scenic viewpoint it is the most beautiful trip I have ever taken," and he predicts that in the next few years it will be one of the most popular trips on the continent with "government" tourists to travel by the northern route first, as the safety guards are not yet all installed, the return trip being made through the Matapeia Valley. When the government work is completed the route will be through the Valley first, and returning over the northern route the beautiful scenery will increase as the tourist progresses.

Mrs. R. E. Norton, Lincoln Ave., entertained at a delightful miscellaneous shower in honor of Miss Margaret Smith, whose marriage is to take place shortly. A mock marriage ceremony was performed, the participants being, bride, Miss Graham; groom, Mrs. Beall; minister, Miss Frawley; and father, Mrs. MacRae. The bride-to-be was presented with a "wedding cake" consisting of thirty gifts. Miss Smith, very graciously thanked her friends for their pretty and useful presents. Delicious refreshments were served by the hostess, assisted by Mrs. Roarke, Miss M. MacDonald, Miss Campbell, Miss Price and Miss Harvey.

INCREASING POPULARITY OF RADIO IS INDICATED BY NUMBER OF LICENSES

So Far This Year 203,659 Licenses Have Been Issued—Toronto Leads Cities.

(Canadian Press Despatch.) OTTAWA, Aug. 30.—Increasing popularity of radio is indicated in the number of private radio receiving licenses already issued this year by the radio branch of the Department of Marine. So far this year 203,659 licenses have been issued, while during the full year, 1928-29, only 296,225 were issued.

Of the total, almost half the radio owners are in the Province of Ontario, 102,380 licenses having been issued in the province since April. Toronto leads the cities of the Dominion with a total of 28,996 licenses issued so far.

MARRIAGES

BELKNAP—MARKWELL. WATERVILLE, Que., Aug. 30.—On Wednesday, August 21st, at the Baptist Parsonage, Waterville, Me., Mr. George W. Belknap, of Magog, son of Mr. and Mrs. Walter G. Belknap, of Baldwin's Mills, was united in marriage to Miss Charibel E. Markwell, of Baldwin's Mills, Rev. C. P. England officiating.

The bridal couple were attended by Miss Winnifred Markwell and Mr. Vernon Lyon.

The bride wore blue silk and carried a beautiful bouquet of roses and sweet peas.

Immediately after the ceremony the happy couple left by car to spend a few days at points in Vermont. They will take up their residence in Magog.

WATSON—ROY. WINDSOR, MILLS, Que., Aug. 30.—The marriage of Miss Lorina Roy, youngest daughter of Mr. and Mrs. Hyacinthe Roy, to Mr. Roy Watson, of Lower Windsor, took place at the residence of the bride's parents at eleven o'clock on Monday morning, August 26th.

Long before the hour had arrived, the majority of the guests were present. As the hour approached, they gathered in the drawing room, where a bride arch had been erected and adorned with beautiful flowers and wedding bells.

The bride was given in marriage by her father. The ceremony was in charge of the pastor of the United Church, Rev. J. W. Shier, of which congregation the young couple are members. The bride looked very nice in her bridal array, and carried a large bouquet of home grown flowers.

Following the ceremony Mr. and Mrs. Watson left on an auto trip to Shawinigan Falls, St. Agathe, Quebec, and other points of interest. On their return they will take up residence in the home recently purchased by Mr. Watson in Lower Windsor.

MCCURDY—PAGE. On Thursday evening, August 22nd, at seven o'clock, at the home of the bride's parents, Marjory, the youngest daughter of Mr. and Mrs. B. H. Page was united in marriage to Mr. Wilbur J. McCurdy, only son of the late Mr. A. McCurdy and Mrs. McCurdy, of Lennoxville. The service was performed by the Rev. F. R. Mathews, pastor of the United Church, Lennoxville, the bridal couple standing under an arch of fern and golden rod with background of golden glow.

The strains of the wedding march, played by Miss Florence McCurdy, sister of the groom, the bride entered the room leaning on the arm of her father, preceded by the bridesmaids, Miss Beulah I. Page, sister, and Miss Doris McCurdy, sister of the groom. The groom was supported by Mr. F. C. Caswell, of Lennoxville.

After the ceremony the bridal couple received the congratulations and best wishes of their friends. The bride was then escorted to the dining room, where a buffet lunch was served. The home was decorated with quantities of cut flowers, the color scheme being pink and white. The bride's table was decorated with silver vases with pink and white sweet peas, white candles and pink candlesticks. The wedding-cake occupied the centre of the table.

The bride wore a gown of white flat crepe and chantilly lace, hair being caught with orange blossoms and old lace. She carried a bouquet of white roses, lilies of the valley and foliage. The bridesmaids were gowned in blue and yellow georgette respectively with apron bouquets of sweet peas and maiden hair ferns.

Later in the evening Mr. and Mrs. McCurdy left by motor for Toronto, Niagara and other points. The bride wearing a grey ensemble suit and pearls.

The large number of beautiful and useful gifts testified to the esteem in which the young couple are held.

On their return Mr. and Mrs. McCurdy will make their home at Lennoxville.

PALMER—MASSE. EAST ANGLUS, Que., Aug. 30.—The marriage of Miss Rachel Masse, daughter of Mr. and Mrs. Joseph Masse, of Sherbrooke, to Mr. Thomas L. Palmer, son of Mr. and Mrs. J. E. Palmer, of East Anglus, took place on Wednesday morning, August 27th, at nine o'clock in the Roman Catholic Church, Rev. Father Archambault officiating.

The bride, who was given in marriage by her father, wore a gown of white satin model "Labouvier." Her tall veil in cap effect was held in place with clusters of orange blossoms and she carried a shower

bouquet of lilies and lilies of the valley.

The bride was attended by her sister, Mrs. M. T. Stenson as maid-of-honor, and Miss George Palmer and Miss Rejane Sevigny as bridesmaids. Mrs. Stenson wore a gown of canary chiffon with hat and slipper to match. She carried a bouquet of yellow chrysanthemums and mauve phlox. Misses George Palmer and Rejane Sevigny, bridesmaids, wore gowns alike of mauve georgette with hat and slippers to match, and carried bouquets of yellow chrysanthemums. Jacqueline Codere, as flower girl, wore a yellow chiffon frock and carried roses and lilies of the valley.

Mrs. M. T. Stenson, mother of the bride, wore a gown of blue georgette with a corsage bouquet of tea roses and Mrs. Palmer, mother of the bridegroom, wore a gown of black lace and carried a bouquet of red roses.

Mr. M. T. Stenson acted as best man and the ushers were Mr. Gaston Masse, of Sherbrooke, Mr. Anselme Tourigny, Mr. Wallis, Hebert, and Mr. Ted. Earley.

Charles Palmer presided at the organ. Miss Cecile Codere of Sherbrooke, sang "I Love You Truly," being accompanied by Mr. Hector St. Pierre, of Sherbrooke.

After the ceremony a reception was held at Mr. and Mrs. Palmer's residence.

Later Mr. and Mrs. Thomas Palmer left by motor for Gaspe, the bride traveling in a white blue ensemble with hat and slippers to match, also a stone martin fur.

Among out of town guests were Mr. and Mrs. A. Aird, Miss C. Beaudoin, Mrs. P. Beaudoin, Mr. H. Beaudoin, Mrs. Sam Doyle and Mrs. G. Berger, of Montreal, Mr. and Mrs. H. Dugal, Quebec, Mr. and Mrs. Roch Langevin, Bedford, Dr. J. and Mrs. J. T. Dussault, Lewis, Mr. and Mrs. H. Beaudoin, Mr. and Mrs. A. Senay, Miss H. Renaud and Miss L. Auger, of Sherbrooke.

LANGFIELD—HUDON. A quiet but very pretty wedding was solemnized in St. Patrick's Church on Tuesday morning at half past eight o'clock, when Miss Yolande Evonne Hudon, daughter of Mr. and Mrs. A. J. Hudon, Court Street, was married to Mr. Henry Mark Langfield, son of Mr. and Mrs. D. Langfield, of Vancouver, B. C. The Rev. Alfred Linahan, of Richmond, an intimate friend of the family, officiated.

The bride, who was unattended, was given away by her father. She wore a lovely orchid ensemble, the dress being made of georgette and the coat of transparent velvet, with medium sized hat, shoes and stockings of the same shade. She carried an arm bouquet of white lilies and wore the groom's gift, a platinum and diamond bracelet.

The best man was Mr. R. J. Hudon, of Montreal, brother of the bride, and the ushers Messrs. F. Foisy and F. V. Hudson.

During the marriage service, solos were sung by Miss Steele and Miss Lawrence.

After the ceremony a reception was held at the home of the bride's parents on Court Street, where the congratulations of their friends in the baywindow of the living room, which was banked with flowers. The presents were numerous and very beautiful.

Going away the bride wore a brown georgette gown, brown coat, with large fur collar, small brown hat and brown shoes and stockings. A corsage of yellow roses completed a very charming costume. The bride and groom left by motor for Richmond, en route to Quebec. Mr. and Mrs. Langfield will return to Sherbrooke before proceeding to their home in Regina.

Out-of-town guests at the wedding included Mr. and Mrs. R. J. Hudon and children, Mr. F. V. Hudon, Mr. and Mrs. J. O. Hudon, Mr. H. E. Mulvena, Miss Ella Mills, all of Montreal; Dr. and Mrs. L. L. Another Large Crowd Yesterday E.T. Directors Have Guests

(Continued from page 1) pressed admiration for the excellent displays of cattle and horses. Afterwards they inspected the buildings and were pleased with all they saw.

Today several more prominent Montreal railway officials who were unable to be present yesterday are expected, including Mr. Grant Hall, vice-president, and Mr. J. J. Scully, general manager, both of the Canadian Pacific Railway. There is no official luncheon today, but they will be privately entertained.

COL. FRANCIS SATISFIED

Lieut.-Col. Sydney Francis, secretary and manager of the Eastern Townships Agricultural Association, expressed himself as thoroughly satisfied with the exhibition so far. The increase in the crowds was important, and the compliments received from visitors were gratifying. Everything was going well, and it was assured that the exhibition had been a success.

A large crowd was on the grand stand yesterday. The live stock parties commenced a few minutes after two o'clock. First came the boys of the Calf Feeding and Calf Clubs, leading their splendid young animals. This section of the parade was led by the Harmony Band, and after it came the Sherbrooke Regiment band leading the horse parade. Features of this were two old stage coaches, used for travel from Sherbrooke to Boston between the years 1850 and 1840.

Great admiration was expressed for the many fine horses seen, and for the driving and riding horses which occupied the final place.

After the horses came the main cattle parade, led by the Macdonald Highland Band. At the conclusion of the parade took place the presentation of the special cups in the cattle department.

SPECIAL CATTLE CUPS PRESENTED YESTERDAY

To the Avshire herd of W. P. Cleary, of Waterford, went the Provincial Bank's silver cup for the best exhibit of pure bred dairy cattle, while the Hereford herd of J. T. Ayers, of Lachute, was the winner of the Royal Bank of Canada trophy for the best exhibit of beef cattle. These cups were presented by Mr. Charles E. Howard, M.P.

The Sir Henry Thornton cup for the best three calves in the calf feeding club was won by the Sts. Cothilde Club, Chateaugay County. In making the presentation, Mr. W. D. Robb, vice-president of the Canadian National Railways, complimented the Club for their fine showing.

Two Waterville boys, Emile Pettit and Irene Rouillard, were announced the winners of the boys' cattle judging competition and will represent the province in the Dominion competition at the Royal Winter Show at Toronto in November, where they will be guests of the Canadian National Railways.

Home Economics Branch of Agricultural Department.

The Home Economics branch, under the supervision of the Agricultural Department of the Provincial Government, has a large exhibit of hand woven and hand-made articles, which are exhibited under Women's Institute names instead of the individual being mentioned. Each institute contributed a collection, consisting of lace, emulsion, broderies, woven bedspreads, flannels, linens, sweaters, skeins of wool and flax, both natural and dyed. A marked improvement is noticed in workmanship and in the blending of colors and much credit is due the ladies of the different institutes for their untiring efforts in this direction, which helps so much to make our own hand-made articles more valuable to others, and the work something for the Province of Quebec to be proud of.

The following is a list of the Institutes that exhibited: Granby, St. Barnabe South, St. Francois, Xavier de Brompton, Piopolis, county of Frontenac, L'Acadie, county of St. John, St. Paul d'Abbotsford, and St. Germain of Grantham, county of Drummond.

The highest points were won by St. Paul, of Abbotsford and St. Barnabe. Miss Campbell is again in charge of this important branch of Exhibition work. The judge was engaged by the Government as an expert on home woven goods.

SWEETSBURG

Mrs. Sarah Gage, Mr. Winfield Parker and Miss Eunice Whitehead were guests for a few days, recently, of Mrs. Gage's daughter, Mrs. John Wheeler and Mr. Wheeler, near Mansville.

PIRATES TOOK A THIRD GAME FROM CHICAGO

Petty Held League Leaders in Check Yesterday — Athletics Regained Half a Game on Yankees — Ruth Registered His Thirty-Seventh Home Run.

(By William J. Chipman, Associated Press Sports Writer)

NEW YORK, Aug. 30.—The march of Pittsburgh's phantom legion moves on through the darkness in a stubborn attempt to recapture a vanished hope. It all seems so impossible, but this return of Corsair ghosts from the grave nevertheless is giving the National League, and all baseball for that matter, the only shred of a supreme moment the stretch run of 1929 can know.

The miracle may last no longer, but remarkably enough, it has carried through three games in two days, to the utter amazement of Joseph V. McCarthy and the Cubs. The third Pittsburgh decision was gained by 5 to 4 at Forbes Field yesterday as a small huddle of the faithful sat and watched.

The venerable Mr. Jess Petty, left-hander though he is, held his own so well against nine right-handed Bruin swingers that the Pirates were able to eke out the decision in the sixth when two runs were scored on Traynor's triple, Grantham's double, Comorosky's infield hit and Hemsley's sacrifice fly. Hal Carlson allowed only eight hits to ten by Petty, but was unfortunate enough to get them bunched.

This latest Pirate victory served only to reduce the lead of the Cubs to eleven and a half games. The Dreyfuss Dragons need all the series and all may be too little, but they at least hope that Brame and possibly Grimes can continue the spurt against Bush and Blake. Then, with the Bruin lead shorn to nine and one-half engagements, Mr. Jewel Ens might be permitted to wonder just how great a miracle was needed to accomplish what would be the greatest of all baseball miracles.

Held Robins Hitless for Eight Innings

Bill Walker, the young Giant southpaw, flirted with the hell of fame at Ebbetts Field yesterday when he held the Robins hitless through eight rounds, only to see them pick up four bowls and two runs in the ninth. The Giants won the game by 6 to 2.

Mel Ott helped with his thirty-third homer. The Phillies scored twice in the tenth at Boston to nose out the Braves, who came back with one in the home half, by a score of 5 to 4.

Yanks Split Double Bill With Senators

The Athletics added half a game to their lead by shading the Red Sox by 7 to 6 at Shibe Park as the Yankees divided two with the Senators at the big stadium in the Bronx. "Babe" Ruth's thirty-seventh home run enabled the Yanks to save the opener by 5 to 4 after a circuit drive by Goose Goslin apparently had sewed up the decision for Fred Marberry and the Senators. Washington routed Hoyt in the nightcap to win by 8 to 4. Pennock was the winning pitcher in the opener.

Big Ed Morris deserved a better fate in his game against the Macks, but that Red Sox pretence at an infield fell to pieces in the seventh and three unearned runs dashed home before the tide could be stemmed. Jack Rothrock smashed a homer in the fourth with the bases filled. The Messrs. Shores, Quinn and Walberg pitched for Mr. Mack, with Quinn winning.

The Browns seized the Cleveland defeat as an opportunity to entrench in third place. Sammy Gray gave eight scattered hits as the Browns defeated Earl Whitehill and the Tigers by 6 to 0.

GOLF AS CHAMPIONS PLAY IT

How should a hole with a water hazard be played?

Answered By WILLIE HUNTER Member and captain British international golf team for several years, the man who introduced golf into British East and South Africa, and New South Wales.

In playing holes in which a water hazard figures, always over-estimate the distance of the shot, in your own mind. Water is always deceptive and even an experienced player on a familiar water hole often fails to judge correctly. Most water holes are purely mental hazards. It is only seldom that the water constitutes any actual hazard or is really hard to get over. In playing such a hole, put the water out of your mind after measuring the distance and play the shot without any thought except to get on the green.

KID CHOCOLATE GOT DECISION OVER SINGER

So Close Was Struggle that Portion of Crowd Boomed Lustily When Verdict Was Announced.

NEW YORK, Aug. 30.—The amazing record of Eligio Sardinias—Cuba's Kid Chocolate—still was unmarred by defeat today, but the smiling Cuban negro has found out at least one foe who can give him a run for his money.

Through twelve rounds of sparkling action, a dazzling exhibition of boxing skill punctuated by sporadic outbursts of toe-to-toe slug-ging, SChocolate and Young Al Singer, Jewish idol of the Bronx, battled on close to even terms at the Polo Grounds last night, with the final decision going to the Cuban.

So close was the struggle that some portion of the crowd of forty-five thousand who jammed their way into the home of the New York baseball Giants boomed lustily when the decision was announced. Even the judges and the referee failed to agree, two voting for Chocolate and one for Singer. The Associated Press score sheet gave Chocolate six rounds and Singer four, with two even.

GRIFFITH SCORED TECHNICAL KNOCKOUT

(Associated Press Despatch.) CHICAGO, Aug. 30.—Jerry "Tuffy" Griffith, of Sioux City, Iowa, making his fourth start as a heavyweight, hammered out a technical knockout victory over Big Boy Peterson, of New Orleans, at Mill Stadium last night. Griffith had Peterson draped on the ropes at the end of the fifth round, and the New Orleans boxer was unable to come out for the sixth heat of their ten round engagement.

CUBANS TOOK A THIRD CONTEST FROM ST. ROCH

Best Game of Series Staged Last Evening—Final Reading of Score Board Was Seven to Five.

Before a rather small crowd of fans at the ball park yesterday, the Cuban All Stars again showed their superiority over St. Roch when they took the latter into camp by the score of 7 to 5. Last evening's game, as the score indicates, was the best and most interesting of the series of three, and although abbreviated by darkness to seven innings, nevertheless provided good, snappy baseball. Hard hitting and fast fielding featured the encounter, and seldom have Sherbrooke fans been treated to such hitting as the visitors have shown in their sojourn here.

In the first inning the visitors showed two runs across the plate, but the locals came right back in several free passes and a few timely bingles. The second frame was scoreless, while the visitors chalked up three more in the third. Bragana, who twirled his team mates to a 3-0 verdict over St. Roch on Sunday, replaced Palmer in the box and kept the locals' hits well scattered throughout the remainder of the game. Joyce, of Magog, pitched the ball for Sherbrooke until the fourth frame, when a sore shoulder forced him to retire. Lepage, who replaced him, also twirled in superb style, but the game was already in the bag. In the fourth, the visitors ran their total up to seven and Bragana, with this lead to work on, only allowed one more Sherbrooke runner to cross the plate, when in the seventh two

was second; the West Wind, White Bear, third and the Kawa, White Bear, fourth. As a result of this event Canadians have eleven points to Americans' seven. Another race will be sailed today.

EASTERN TOWNSHIPS SWIMMING MEET

Sampson; timer, W. Peak, who will also act as diving judge; scorer, Don Watson; judges, R. E. Richardson, W. B. Watson and Frank Irwin; to prepare the course, C. McCullough, V. Stracchino and E. Richardson.

The officials in the Skinner trophy swim will be as follows: Starter, J. P. Watson; timer, Carl Skinner; judges, F. Irwin and R. Richardson.

A FIFTEEN MILE MARATHON SWIM IS HELD TODAY

Two Hundred and Seventy-Seven Entrants Took Water at Eleven O'Clock This Morning—Winner Receives \$25,000.

LAKE FRONT, Toronto, Aug. 30. (By Harold Kaine, Canadian Press Staff Writer.)—After occupying the limelight for a week, swimming and meteorological experts today surrendered the stage to the 277 entrants who will fight it out for \$35,000 prize money in the Wrigley-Canadian National Exhibition fifteen mile swim.

The public felt relieved to know this morning as they flocked to the exhibition lake front by the thousands that they were finished reading the prognostications of "experts" on the probable winner and the weather, and were about to witness at eleven o'clock what has become universally known as the world's long distance swimming championship for professionals.

At nine o'clock this morning the temperature inside the breakwater of the two mile course, which will be covered more than seven times in today's race, was sixty degrees and on the log outside the breakwater the thermometer showed a reading of fifty-nine degrees.

The race originally scheduled for Wednesday, was postponed twice for twenty-four hours because the water of Lake Ontario, cooled by a northerly breeze which drove the surface water southward Tuesday, did not register a temperature of fifty-eight degrees as specified in the conditions of the race.

There will be six prizes, and consequently more than 270 "also swimmers." First to cross the finish line will receive \$25,000 and the next five will receive \$5,000, \$3,000, \$1,000, \$600 and \$400 respectively.

The spectators, who took their places along the sea wall a couple of hours before the race, started will have to stay until about 6.30 this evening to see the finish. They came prepared to do that.

Good News Travels Fast

MOTOR CAR satisfaction is contagious. One pleased owner tells another. The good news travels fast. It is the active loyalty of Oldsmobile owners which has built up such an amazing preference for Oldsmobile Six. Ask an Oldsmobile owner what he thinks of his car. Let him tell you about its performance and comfort . . . the truly fine car enjoyment it affords him. Better still, let him take you for a ride. You'll realize the reason for the enthusiasm with which he discusses his car. You'll understand the note of pride that creeps into his voice as he speaks of it.

Oldsmobile owners are proud of their cars . . . because Oldsmobile is a car to be proud of. It's the only car of its kind in its price class . . . the only car designed and built to provide fine car comfort, appearance and performance in a car of medium size, at medium price. That is why you find features in Oldsmobile that you wouldn't expect in a car so low-priced . . . such as a 62-h.p. high-compression engine . . . a balanced crankshaft . . . full-pressure lubrication even to piston-pins . . . complete rubber and fabric insulation of engine, chassis and body . . . spring-cushioned clutch . . . radiator shutters . . . fuel pump . . . Lovejoy Hydraulic shock absorbers . . . and luxuriously appointed, originally styled bodies by Fisher.

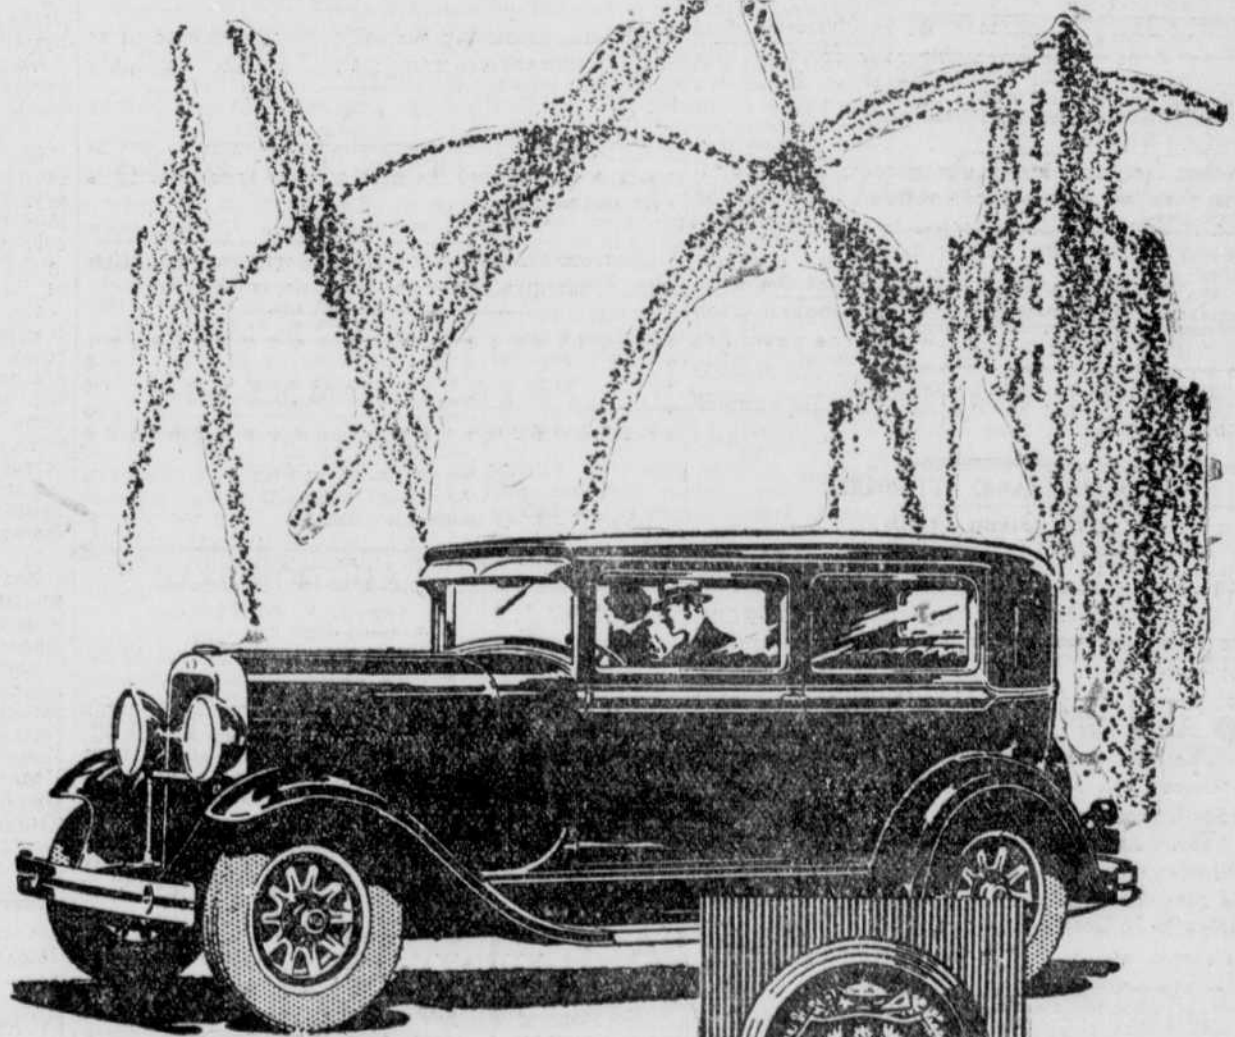

Oldsmobile owners are Oldsmobile's greatest salesmen. Come in and let us show you why.

A china and linen shower was given on Tuesday, August 29th, at the home of Mrs. W. T. Greer in honor of Miss Harriet Lodge, whose marriage takes place early in September. The living room was tastefully decorated with huge bunches of yellow flowers. After the guests were seated Master Henry Lodge and little Miss Helen McLeod, dressed as bride and groom, entered the living room to the strains of Dohengrin's wedding march played by Mrs. A. Anthony and presented to the bride-to-be a basket daintily trimmed in yellow and white filled with many pretty and useful gifts. Miss Lodge, thanked the hostesses, and friends for their kind remembrances. Refreshments were served by Mrs. G. B. Thurber, Mrs. H. Cleveland and Mrs. Greer.

SPEED CRAFT READY FOR FIRST TRIAL HOP

Here's the first picture of Great Britain's favorite in the Schneider Cup races. The Supermarine S-6 is taking the water for its first trial flight at Calshot aerodrome. Note the tiny wings and the rather large pontoons, built close together so that they form a supporting surface even in the air. The plane is built entirely of metal and is powered by a twelve-cylinder motor which already has driven the craft more than 300 miles an hour in tests.

INCREASE IN MOTOR TRAVEL ACROSS BORDER

Monthly Report from St. Albans Customs District Shows that During Month of July a Total of 69,296 Cars, Carrying 219,716 Passengers, Arrived in District from Canada.

ST. ALBANS, Vt., August 30.—Automobile travel into the Vermont Customs district showed a marked increase during the month of July, according to the monthly statement issued by Collector Harry C. Whitehill. A total of 69,296 cars, carrying 219,716 passengers, arrived in the district from Canada during the month, as compared with 66,016 cars reported during the month of June. Derby Line reported the largest number of cars arriving at any single port in the district, with a total of 18,055. Swanton was second on the list, with 14,838 cars, and Canaan was third, with 7,564 cars. Records at other ports in the district show that at Beecher Falls, 5,703 at Richmond; 4,578 at Alburg; 2,506 at West Berkshire; 1,194 at Franklin; 706 at East Richmond; 588 at Highgate; and 565 at Newport. Of the total cars recorded in the district during the month, 30,190 were of Vermont registration; 21,154 were from other states, and 17,822 were re-registered in various Canadian provinces.

DIRIGIBLES OF FUTURE TO NEED GREATER SPEED

Commander Eckener Convinced by Trip of Graf Zeppelin that Airships Are Adapted for Successful Long Distance Transportation.

WASHINGTON, Aug. 30.—Tired and sorely in need of rest, Dr. Hugo Eckener, master of the globe-encircling Graf Zeppelin, came to Washington yesterday, where President Hoover, other government officials and throngs who crowded the streets paid tribute to his latest achievement. In congratulating the Graf's commander, President Hoover said the noteworthy attainment showed "the spirit of high adventure still lives, and its success has been due to the eminent scientific and engineering ability of the German people translated by your skill and courage." Dr. Eckener, in reply, voiced his gratitude for the tributes showered upon him and his crew, and thanked the United States for the assistance rendered him on the flight. At the navy department Dr. Eckener told Secretary Adams he planned to organize a corporation to build and operate several large dirigibles for world-wide transportation. The corporation would be organized in Germany, but financial

support for construction of hangars and ships would be sought. The world-girdling trip, he said, demonstrated that zeppelins of the future must be faster, shorter and thicker. He added he was convinced by the trip that dirigibles were adapted for successful long distance transportation.
