

D'ANNUNZIO PLANS TO ATTACK MONTENEGRO Workers At Minto Mines Called To Strike On Monday

ADRIATIC SITUATION HAS NOW REACHED A VERY GRAVE CRISIS

Captain D'Annunzio is Evidently Determined to Annex Dalmatia and Attack Montenegro—Jugo-Slavs are Concentrating Troops and Making Preparations to Resist Aggression—Report Says Republican Undercurrent Directed Against Italian Monarchy Exists Among D'Annunzio's Forces.

LONDON, Nov. 22.—(Italian)—The situation on the Adriatic as a result of Captain Gabriele D'Annunzio's leave no doubt that he is determined to annex Dalmatia and attack Montenegro.

The Jugo-Slavs are stated to have concentrated troops and to be prepared to resist aggression. A still more alarming report says a republican undercurrent directed against the Italian Monarchy exists among D'Annunzio's forces.

It is not known, however, whether the insurgent post leader shares the reported ambition of this military element to attack the Government.

GENERAL DENEKINE'S TROOPS HAVE SUCCEEDED IN BREAKING THROUGH BOLSHIEV LINES

STOCKHOLM, Nov. 22.—General Denekine, commander of the anti-Bolshevik troops on the Southern Russian front, claims to have broken through the Red lines between Oral and Tambov, southeast of Moscow, and to have annihilated fifty thousand Bolsheviki troops, according to a Helsingfors despatch to the Svenska Dagblad.

Reports recently received from the southern Russian front have appeared to indicate that General Denekine was being driven southward by the Bolsheviki.

General Denekine reached Oral about a month ago, but there encountered such strong resistance that he was forced to resort to the defensive. Bolsheviki official statements received later told of a break in the Denekine line to the southwest of Oral. Tambov is about four hundred miles southeast of Moscow.

ASK EARLY SOLUTION OF THE TURKISH QUESTION

PARIS, Nov. 22.—The Sublime Porte has applied directly to the conference for an early solution of the Turkish question, giving serious reason for the rapid conclusion of peace.

The Serbian delegation here has received notice from its home Government that after an examination of the St. Germain treaty, the Government no longer has reason to oppose its signing of the document.

SAYS GERMANY NOW UNABLE TO RESTORE FLEET

HAMBURG, Nov. 22.—"Under the Peace Treaty, the restoration of the German mercantile fleet is made an actual impossibility," said Herr von Schinckel, chairman of the board of directors of the Hamburg-American Line, in addressing a meeting of the officials of the line yesterday.

Except the remnant of a few small steamers and other necessities, everything has been taken from the company which now has, instead of its former property, merely a claim on the Government for indemnification.

THE WEATHER

CLOUDY AND MILD; SUNDAY, COLDER.

A disturbance of considerable energy is moving eastward across the Great Lakes. The weather is mild throughout the Dominion, cloudy from Ontario eastward and fine in the Western Provinces.

Southwest and west winds, increasing to gales, cloudy and mild with some showers. Sunday, northwest winds; somewhat colder by night.

CANADIAN WHEAT AND FLOUR TO ENTER UNITED STATES FREE

NEW YORK, Nov. 22.—Embargoes on wheat and wheat flour will be lifted December 15, it was announced by the United States Grain Corporation here late today.

The release of the embargo on wheat and flour also permits Canadian wheat and wheat flour to enter American markets free of duty under rulings of the customs service.

BRITISH STATEMENT RE EGYPT IS CRITICIZED

Egyptian Nationalists Claim British Move is Contrary to Principles of Right and Justice.

CAIRO, Nov. 22.—The local committee of the Egyptian Nationalists has issued a statement to the native press quoting the recent British statement of policy. Commenting upon this statement, the committee says:

"The publication of this statement of policy has provoked public astonishment because it is contrary to the principles of right and justice and to the London Convention of 1840, which guarantees the independence of Egypt, which was conquered by Egyptians at the price of their blood."

Prince Of Wales The Guest Of Pilgrims Last Night—To Leave This Afternoon For Halifax

States that Nowhere Else in the World, Except on North American Continent, Will Be Found a Frontier Between Two Nations Three Thousand Miles Long With No Extensive Physical Barriers, No Military Defences, No Other Divisional Lines Than a Boundary Determined By Mutual Confidence and Goodwill.

NEW YORK, Nov. 22.—The Prince of Wales attended the Pilgrim's dinner, wearing the uniform of captain in the navy. More than one thousand guests were present. His appearance occasioned tumultuous applause. After the excitement had subsided, Right Rev. Charles Sumner Burch, Protestant Episcopal Bishop of New York, said grace. Chauncey M. Depew, president of the Pilgrim's Society, was toastmaster.

Replying to the toast, the Prince referred to the part played by the Americans in the great war.

"There is one other thing to which I should like to refer," he continued, "not only because it has impressed me with new force during my travels on this continent, but also because it is an actual and visible example of the object and the aim which the Pilgrim Society was formed to promote. I do not think anywhere else in the world, except on the North American continent, will you find a frontier between two nations three thousand miles long with no extensive physical barriers, no military defences, no other divisional lines than a boundary determined by mutual confidence and goodwill. As a Britisher and as a Canadian, I take a high pride in that boundary, the international frontier between Canada and the United States, for it seems to me to illustrate in a very striking and practical way the objects for which Americans and Britishers fought in the great war. Just think of it. The ideal which appears so difficult of attainment elsewhere has been an actual and positive reality in North America for over a hundred years.

I have asked myself how that ideal has been attained here so much in advance if international conditions in other parts of the world, and I think the answer is quite clear. It has been attained because you, on your side of the international boundary, and we, Britishers on our side, have understood somewhat different forms, the same political faith, the same human aims, the same practical ideals.

"These two self-governing peoples, living side by side, each confident in the goodwill of the other, have given this splendid example to the world."

The Prince was presented with a loving cup containing a bouquet of roses. It bore a suitable inscription attesting to the fact that he had been elected an honorary member of the Pilgrims of the United States.

The Prince sails for Halifax on H.M.S. Ronowen at 2 o'clock this afternoon.

WOULD APPOINT A PERMANENT TRAFFIC BOARD

Ontario Associated Boards of Trade Point Out Necessity of Canadianizing All Foreigners.

TORONTO, Nov. 22.—As a solution for the problems of tariff, the Ontario Associated Boards of Trade and Chambers of Commerce, which wound up their annual meeting here, went on record yesterday as favoring the appointment of a permanent tariff board by the Dominion Government, to consist of experts representing all interests, who would keep in constant touch with the needs of all parts of Canada and advise the Government as to any changes in regulations which may be necessary from time to time.

Among other features taken up during the day's sessions of the convention was the necessity of Canadianizing all foreigners as a preventive of the spread of Bolshevism; the sending out of an appeal that the year 1920 should be a period of industrial peace, without strikes or lock-outs; the call for the establishment of a nickel coinage for Canada, and a demand for new regulations covering assessment for business taxation by the Federal Government and municipalities.

The Prince was presented with a loving cup containing a bouquet of roses. It bore a suitable inscription attesting to the fact that he had been elected an honorary member of the Pilgrims of the United States.

The Prince sails for Halifax on H.M.S. Ronowen at 2 o'clock this afternoon.

CLAIMS LIQUOR IS BEING SOLD AS MEDICINE

\$150,000 Worth of Liquor, Camouflaged as Medicine, Being Sold Each Month, Says Hon. Mr. Defararis.

NELSON, B. C., Nov. 22.—The Government of British Columbia is now selling more than \$150,000 worth of liquor a month, camouflaged as medicine, and this condition cannot continue, said Hon. J. W. Defararis, Attorney General in an address here.

"The Legislature has got to face this question at the coming session," he said. "If the people want the Government to sell liquor as a beverage, they must be honest with themselves and say so, and legislate to do it legally. If they really want prohibition, the act must be changed at the coming session to prevent a condition of hypocrisy, where we are selling liquor as a beverage under the guise of selling it as medicine. The present act must be changed at this session to abate the prescription evil."

Organization Of Dairymen Is Subject Of A Meeting Held In Lennoxville Last Night

Prof. H. Barton, of MacDonald College, and Mr. W. L. Carr Explain Purpose and Means of Dairymen's Association—Say It Will Help Producer, Dealer and Consumer—Many Join Up.

THE organization of the dairymen of the Province of Quebec for the help and protection of the producer, the dealer, and the consumer; this was the subject dealt with at a crowded meeting held last evening in the Lennoxville Town Hall, which was addressed by Professor H. Barton, of MacDonald College and Mr. W. L. Carr, Secretary of the Montreal District Dairymen's Association, and which ended with a large number of those present signing up as members of the organization.

The gathering, which packed the little hall to capacity, seemed to show the farmers in the majority, and the general expression of opinion, was that the farmer was not getting enough for his produce. One dealer said that he was not in favor of putting up the prices, as the higher the prices went the less milk was sold, while if the cost remained at a low figure, the dealers made their profit margin, and had larger sales. A few interested consumers saw no reason for any increase.

The meeting was opened by Mr. J. H. Woodside, who introduced Prof. Barton, who spoke to the point on the question of organization of the dairymen. Central salesmanship, properly organized, he said, was the cure for the complaint of all three parties concerned.

"I am here in somewhat of an unusual capacity," Mr. Barton said, after a few introductory remarks, "to address you on a question which I have fallen into. I am here to talk of the dairymen and the organization of the dairymen. I regard this section as one of the most progressive and moving districts in the Province, and I have said that outside of Lennoxville, so many are saying it to hand you my bouquets.

"For the Province of Quebec, dairying is the basis and the feature of all farm practice. Today, it is by no means on a business basis. Montreal means on a business basis, Montreal means—and I take Montreal as being the hub of dairying in the Province of Quebec,—is now in a state of chaos. To attempt to remedy this state of affairs, the Dairymen's Association has been formed. Its activities are not confined to Montreal alone, and because you are part of that district in the broadest sense, I am here tonight.

"It is not the intention of the organization to confine its scope, but to include the whole field of dairy produce. There was formerly an organization known as the Milk Producers' Association, but they found the job on hand too big, and the members held a meeting to try and form a better organization. Before the motion to form such a body was passed, it was suggested that the whole matter be gone into thoroughly.

A committee had then been appointed, said the speaker, of which he had been a member, and they had gone into it thoroughly. They had visited many large cities, and had corresponded with practically every city on the continent which had anything in the way of a dairymen's association. The facts had then been boiled down, and a plan worked out.

NAMES OF MEN WHO FELL WILL BE INSCRIBED ON WALLS OF NEW CHURCH

MONTREAL, Nov. 22.—A church will be erected in Notre Dame De Grace, a suburb of Montreal, upon the walls of which will be inscribed the names of every man who died for Canada in the great war. The church will be used by the combined congregations of the Anglican Church of the Good Shepherd and Trinity Church. Sixty thousand Canadians were killed.

AN ANSWER TO ACTION OF UNITED STATES SENATE RE THE TREATY WAS GIVEN BY LORD JELICOE

BRITISH ADMIRAL STATES HE HOPES LEAGUE OF NATIONS WILL MEET WITH BEST POSSIBLE SUCCESS, BUT THAT EVENTS OF PAST FEW DAYS HAVE DISHEARTENED THOSE WHO HAD FAITH IN IMMEDIATE RESULT OF FORMATION OF LEAGUE.

CALGARY, Nov. 22.—A speech, which was a practical answer to the action of the United States Senate in rejecting the peace treaty, was made by Lord Jelicoe here last night in addressing the citizens at a civic dinner tendered him. He said in part:

"It is my mission in Canada to advise the Dominion Government where my advice is sought and only where it is sought, in what manner, if they so desire it, they can co-operate in maintaining the sea power of the British Empire. There is a feeling abroad that the millennium is in sight, and that there will be no more wars. I sincerely hope that the League of Nations will meet with a best possible success, but events of the past days have disheartened those who had faith in the immediate result of the formation of the League of Nations.

"These events need not make us pessimistic as to its future possibilities, but where the existence of an empire is the consideration, I cannot help thinking that the people will want to be sure that they will be absolutely secure under a League of Nations before they will consent to cutting down expenditure for naval defence."

STRIKE OF COAL MINERS TO BE CALLED ON MONDAY IF COMPANY DOES NOT ACCEDE TO DEMANDS

United Mine Workers Held Meeting at Minto and Decided to Strike Unless They Were Granted Ten Per Cent Wage Increase, an Eight Hour Day, Recognition of the Union and Other Demands—Minto Coal Company Only Affected.

REDEBRICTION, N.B., Nov. 22.—The strike at the mines of the Minto Coal Company at Minto, Sunbury County, is now due to become effective on Monday afternoon, at the completion of the day shift.

The United Mine Workers of America at Minto held their meeting to take the strike question last night, and this morning William Hayes, board member, of Springhill, N. S., who is at Minto representing U.M.W. headquarters, notified John Henderson, manager of the Minto Coal Company, of the miners' decision to strike.

Mr. Henderson, in confirming the announcement that the strike had been ordered, said: "I was notified this morning by William Hayes, an official of the United Mine Workers, that the local union had voted last night to call a strike at the Minto Coal Company's mines, effective on Monday evening, November 24, unless the company granted all the demands the miners had made, and which the conciliation board had before them for consideration, including ten per cent. increase in wages, erection of scales on the tipple, an eight-hour day, recognition of the union, etc."

"Mr. Hayes told me that he had sent a telegram to the Minister of Labor at Ottawa, notifying him that the strike was called for Monday, and I have notified Sir Thomas Tait, President of the Minto Coal Company, who is at Montreal. Mr. Hayes said that only the Minto Coal Company would be affected by this strike, and that the miners would not be called out of the other mines in this district. He made a statement to the effect that when the biggest company had been forced to meet the miners' demands, the smaller mining concerns being foreigners. He said he did not look for any trouble with the walking out of the miners, but the necessary steps would be taken, as in such cases, to have the company's property protected. Asked as to whether

the company would take any legal steps, such as securing an injunction from the courts, as was done in the United States, to prevent the United Mine Workers' organization from calling the strike, Mr. Henderson said he had not received any instructions in that connection.

MINERS IN U. S. ARE NOT SATISFIED WITH OFFER.

WASHINGTON, Nov. 22.—A deadlock between the unanimous coal would soon fall into line.

Mr. Henderson said there were some 200 miners employed by the Minto Coal Company, most of them operators and miners in the central competitive field was forecasted today by Thomas T. Brewster, chairman of the operation, when the joint scale committees met to discuss increased wage proposals made yesterday by Secretary of Labor Wilson.

Brewster said Mr. Wilson's proposals of a wage advance of 27.12 cents per ton for diggers and \$1.50 a day for day laborers was wholly unsatisfactory to the operators. Other operators said the increase would amount to approximately forty per cent for machine miners, or the same as that proposed by the miners yesterday after their President John L. Lewis had conferred with the labor secretary.

ANTHRACITE COAL SITUATION IS GOOD.

OTTAWA, Nov. 22.—"The situation as to anthracite coal in central Canada is very good indeed," said J. P. Wilkie, President of the Canadian Trade Commission, last night, when asked as to what the effect would be of the embargo placed by the United States on all anthracite coal for export except to Canada.

LONGSHOULDERMEN ARE GIVEN AN INCREASE.

NEW YORK, Nov. 22.—The national adjustment committee yesterday made an award of eighty cents an hour and \$1.20 an hour for overtime to the deep sea longshoremen in the North Atlantic district. This is an increase of 22 1/2 per cent. over the scale of wages in force up to October 6th, last.

SAWYERVILLE

The Epworth League is holding its rally day service next Monday evening, November 24, at 8 o'clock, in the Methodist Church. A good programme is being prepared, and Rev. T. P. Ferry, of Sherbrooke, will also speak on "Young People's Work." All are welcome.

DANVILLE

NEW PASTOR FOR CHURCH.

A special service in connection with the installation of the Rev. E. G. Warren as pastor of the Federated Church, Danville, was held in that church on the evening of November 14.

Representatives of the two bodies now unitedly worshipping in the Federated Church took part in the service, the presbyterians being represented by the Rev. Wm. Millan, of Richmond, and the Congregationalists by the Rev. G. Ellery Read, of Sherbrooke; Rev. G. H. Craik, of Melbourne, and Rev. E. C. Woodley, a missionary of the American board, now resident in Danville. It was a matter of deep regret that the Rev. W. T. B. Crombie, moderator of the Presbytery of Quebec, was hindered from being present by sickness in his home.

Rev. G. Ellery Read presided over the service, and led in the prayer of the Rev. E. C. Woodley, and dealt with the importance of a reassertion of fidelity to the great principles for which the federated churches stood in history, and which had meant so much to the world. The preacher also called for fidelity to the work and witness of those who had formerly loved and served these churches, and above all, fidelity to the gospel of Jesus Christ.

Rev. G. H. Craik, after emphasizing the high calling and privileges of the Christian pastor, in his charge to

the new minister, also extended to him the right hand of fellowship on behalf of his fellow ministers.

Rev. M. MacMillan gave the charge to the people, and called on them to help their minister in every way in their power. He emphasized his message by putting it in personal form, by declaring what he felt would be his attitude to the minister were he again in the pew. The local ministers Rev. Pinel and Rev. A. E. Raymond, also participated.

The service was concluded with the benediction, pronounced by the Rev. E. G. Warren.

The service was preceded by a supper in the church rooms, where a large company spent a social hour and enjoyed the good things which the ladies had so abundantly provided.

The Rev. E. G. Warren is the son of the Rev. T. Warren, of Shefford, England. He came to Canada about nine years ago, and after spending some time in study at the Congregational College, Montreal, was appointed pastor of the Congregational Church, Embro, Ont., where he had a very successful pastorate. His many well-wishers hope that his pastorate of the Federated Church in Danville will also be marked by rich blessing to the worshipping congregations and to the community at large.

NEW PIANO INSTALLED.

The bulk of the funds for the piano in the Danville High School was raised by subscription from the citizens of Danville, Mrs. E. W. S. Gibson having voluntarily undertaken to solicit donations to this purpose. The balance of the expenditure, it is expected, will be defrayed by a school concert to be held in the near future. On Monday morning, when the piano was installed, a unanimous vote of thanks was tendered to Mrs. Gibson for her efforts on behalf of the school, while the generosity of the citizens in liberally responding to the appeal was heartily applauded. The occasion was a happy one, as the High School has long needed a new piano, and the beautiful instrument, from Layton Bros., Montreal, was generally ad-

mired. Several friends of the school were present. The initial selection on the new piano was rendered by Miss Campbell, and was highly appreciated. Later, Mr. Riddell played patriotic and popular songs, in the singing of which all participated. Interesting and instructive addresses were given by Rev. J. Pinel, Rev. A. E. Raymond, Rev. E. G. Warren, Mrs. Raymond, and by Mr. C. C. Brown, secretary-treasurer of the school board.

TRENHOLMVILLE

The many friends of Mrs. Arthur Stevens will regret to hear that she is seriously ill at her home here. Mr. and Mrs. Oscar Wright and three daughters, Frances, Ruth and Allie, of L'Anavie, were the guests of Mr. and Mrs. E. Wright on Monday.

Mrs. Clark and Miss D. Clark, of Montreal, spent the week end at the Maples with Mr. and Mrs. John Boast.

Mr. and Mrs. E. Wright and Master Elmer were the guests of Mr. and Mrs. Morrill and Mr. and Mrs. Fred Abercrombie in Kingsley recently.

MARBLETON

Mrs. J. H. Barker, from Sherbrooke, is the guest for a few days of Mr. and Mrs. C. H. Mann, Lime Ridge.

Mr. Jack Staples has gone to St. Johnsbury, Vt. He left on Wednesday evening.

paid for repairs on the furnace in the church. The ladies were making arrangements for a baked-bean supper and sale of useful and fancy articles to be held in the parish hall on Saturday evening, December 6. At the close of the meeting a lunch was served by the hostesses, assisted by Mrs. Fred Munkittrick and the Misses Dorothy and Marion Munkittrick and Master Newton Munkittrick. Next meeting will be in two weeks, with Mrs. Fred Munkittrick.

RICHMOND

On Monday evening, after the regular meeting of the Epworth League, a debate on the subject "Resolved that the Beauties of Art are Greater than the Beauties of Nature" took place in the Sunday School Room of the Methodist Church between three speakers from the League, John K. Byrne, Miss Marion Healy and Egbert Healy upholding the affirmative and three speakers from the Brotherhood, Sylvester Taylor, Alva Smith and Milton Anderson upholding the negative. Eight splendid addresses were made and the judges, Messrs. E. M. Presby and William Taylor and Miss Cora J. Healy decided in favour of the negative, that Nature's beauties were greater than art's, by thirty-one points to twenty-six. The entire audience was astonished at the large amount of information adduced on the sides and agreed that it went to show how much could be accomplished by study and application. This is great training for the young people who will soon be the leaders of our community. Great praise is due them for the splendid efforts made.

Mrs. Heriot and Miss Ethel Cross, accompanied by Mrs. F. W. Dyson, gave a fine duet; Mrs. Dyson gave two readings and Rev. T. Roy and Principal Mills each gave fine appreciative remarks. It was suggested that the next debate, on the respective merits of country life and city life take place after the Christmas holidays, and that a debate be arranged between the combined League and Brotherhood on one side and St. Francis College on the other. This may be arranged definitely later.

IVES HILL

Miss Etta Moore, of Quebec City, and Miss Addie Kimball, of Inverness, were recent visitors at the home of Mr. and Mrs. W. J. Mead.

Miss Blanche Crawford is home after undergoing a successful operation at the Sherbrooke Hospital.

Mrs. Price and two children left this week for their home in Massachusetts.

Mrs. W. J. Mead and little daughter, Grace, are leaving on Monday to spend a month with Mrs. Mead's sister in Saskatchewan.

Neighbors to the number of about seventy-five visited Mr. Mead's home on Tuesday evening and had a social evening with games, dancing, music and refreshments, before Mrs. Mead's departure.

Mrs. Wm. Young is visiting friends at Coaticook for a few days. Mr. and Mrs. Arthur Brown were in town on Monday.

The funeral of the late Wm. Sisco took place on Friday, November 14, from his late home to the Anglican Church, Compton, Rev. Mr. Brewer, of Compton, officiating. Mr. John Sisco, of Barnston, and Mrs. M. Sisco, widow of the late Alfred Sisco, of Coaticook, were present at the funeral, also Mr. and Mrs. Hooper, of Hillhurst.

The marriage took place on the 12th of Mrs. A. Glidden, widow of the late Chas. Glidden, to Mr. Alvin Aldrich. The ceremony was performed by Rev. I. S. Williams, in the presence of the immediate family relatives, at her home.

Arrangements are going on for the supper and sale at Milby Hall on Saturday, December 6, under the auspices of the W.C.T.U.

BIG EATERS GET KIDNEY TROUBLE

TAKE SALTS AT FIRST SIGN OF BLADDER IRRITATION OR BACKACHE.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

"Then you think it suits my case?"

"Undoubtedly. Your blood is thin and watery. You are anaemic. The nerve cells are starved. Hence the neuralgic pains, the nervousness and irritability, the sleepless-

ness. The medicine I gave you does not seem to be exactly what you need. The Nerve Food may be just what is required to get your blood and nerves in good condition."

"One thing certain, doctor, it has been a wonderful benefit to several people I know."

"If the conditions are similar in your case there can be no better proof that it will benefit you. After all it is cure we are after, and while every doctor has his own favorite prescriptions, it is results that count."

"Thank you, doctor, I am glad to have your approval and I am going to start in with Dr. Chase's Nerve Food with the determination to give it a good honest trial."

"Good, that is what our medicines do not always get. I would suggest that you follow up this treatment for at least a month or two, and then you will be in a position to know just what benefit you are obtaining. For it takes a little time and patience to restore an exhausted, nervous system."

PEACE WILL NOT WAIT ON CONGRESS.

On December 1st the Supreme Council will formally ratify the Peace treaty and, with the exception of the United States, Germany will again be at peace with the world. The war would not wait for Congress and Peace will not wait. There is still hope that the great American Republic will join in the undertaking of the free nations to preserve the peace of the world.

IN THE OLD DAYS.

The following item is taken from the St. Francis Gazette, of February, 1889, published in Sherbrooke at that time: "We have reason to believe that the prisoners now in our jail, charged with political crimes will be brought to trial soon. It is to be regretted that the dilapidated condition of our Court House is such as to render it unsafe for the accommodation of the multitudes who will, doubtless, assemble from all parts of the District. It might be propped up for the occasion, but in the event of a trial, there is no doubt one of the churches might be obtained, and the safety and convenience of the public, as well as of the Court, be thus insured."

BRITAIN IN EGYPT.

Great Britain is experiencing some difficulty in maintaining her protectorate over the land of the Pharaohs. Outbreaks continue to take place in different centres, riots and demonstrations causing considerable disorder among the people. The policy of strict intervention in these unpleasant affairs has, so far, been followed by the British troops in Egypt. For Britain has declared her determination to maintain her supremacy over the Egyptian people.

To quiet the fears of the inhabitants, particularly those who have formed themselves into a Nationalist party, the British Government is proclaiming its intention to be just in its government, allowing the Sultan and the advisers of the latter to rule without interference, and only under the supervision of His Majesty's officials.

So soon after the war it must be expected that unrest would show itself in Egypt, as elsewhere. No considerable significance could be attached to uprisings at so early a period. If, after a year's occupation, the natives continue to oppose the British protectorate they would deserve more serious consideration. At present the only practicable policy is to placate the people, and keep peace among them, till the reaction from the activities of war, is over.

CANADIAN SHIPBUILDING.

The matter, and it is an important one, of continuing the activities of the Atlantic and Pacific ship yards is occupying the attention of the Government and of those interested in the industrial affairs of the Dominion. Thousands of men are employed in these yards, and cannot be heedlessly be turned off. But, so far as Canadian and Dominion requirements are concerned, there is not enough to keep them busy.

Contracts from overseas would solve the difficulty and these may come. France and England may place orders for ships that may solve the difficulty, but it is all a matter of conjecture.

Little is heard now-a-days of the Canadian Navy, but it is to be hoped Canada will some time possess a really respectable navy of her own.

OPENING FOR CONFESSION.

The theatre was in an uproar. "They're calling for the author," said the stage manager. "Oh, I can't make a speech," replied the man responsible for the play. "Well, just go out in front and tell 'em you're sorry."

DESERTION OF FARMS PRESENTS MANY PROBLEMS

A Most Interesting Address is Given By Another of "The Clash."

MONTREAL, Nov. 22.—WILLIAM H. Moore, author of "The Clash" could never have been in doubt as to the reception which he would receive in Montreal as well as in the province generally, for his literary effort has been so much talked of and praised in French-Canadian circles as to make a warm reception a certainty, and so when he appeared last night at the Windsor Hotel, as the speaker at the Young Men's Canadian Club, the reception given him personally corresponded with the greeting given his book, and his efforts for closer relations between the two races in Canada.

The first part of Mr. Moore's speech was for the purpose of showing that the English-speaking Canadians had been and were deserting the farms. He quoted various forms of figures to show that in Ontario and in the western provinces in support of his contention, concluding with emphasis with the statement that the English-Canadian has grown tired of the land and had fixed certain standards of comforts which could not be kept up on the proceeds of land or were not purchasable in the country at any price. Where was the recruiting for the farms to come from? Mr. Moore turned to England, and saw no comfort there, for in England the decrease in the rural population had been most alarming, and even if Canada could get recruits for Canada's farms from the English rural population it would be cruel to attempt to do so, while he did not believe that Canadian lands would be filled with men from London and Birmingham, and other English cities. Where else was English-speaking rural immigration to come from? From the United States had come a certain amount, but of that number half were men and women who could barely talk English, whom the much talked of crucible had not done with as was expected, and of the half of the American immigration which was truly English-speaking he would venture to say that a good proportion had got to the cities. The situation was grave because those who were to fill the lands would come not as servants, but as part of the family, and what was the future of Canada to be with millions of people coming from the only parts of Europe that they could come from?

From this picture Mr. Moore turned to the French-Canadian and found him faithful to the soil. It might be insisted, for in France one man in two was on the land, whereas in England five or six were in the cities. Mr. Moore's idea was that it was time for the provinces west of the Ottawa River to cease to look on the French-Canadians going into their provinces as immigrants. If it was hard for the crucible to melt men from other countries it was impossible for the crucible to melt natives of the soil for three hundred years. The provinces west of the Ottawa should be thrown open to the sons and daughters of those who had become British in the 1770's. So that this might be accomplished there must be the essence of co-operation, and this could never be while the French-Canadians were treated as immigrants the moment they pass the borders of Quebec and seek to settle in other parts of the country, which once belonged to their forefathers. Whatever the speech or abode men and women will never submit to de-nationalization on any foot of land where they have been associated on a national basis. There could not be cultural coercion, declared Mr. Moore.

It might be said by some people went on the speaker, that bilingualism or bi-nationality could not exist in Ontario, and yet it did exist satisfactorily in Quebec. Apparently here in Quebec the machinery of the law was sufficient to protect two languages and two cultures. There were bound to be differences, but that happened in all countries.

Press Comments

DISCRIMINATIVE IRISH GIRLS. (Hamilton Herald.) It speaks well for the attractiveness of the British Tommy that Sinn Fein has condemned Irish girls who persist in "keeping company" with British soldiers to have their hair cut off. At the same time the decree is a decided reflection upon young Irishmen.

THE WORLD'S SHIP BUILDING. (Halifax Chronicle.)

A recent Lloyd's report showing that Great Britain is building practically one-half the enormous tonnage under construction in the world's shipyards (more than two million tons out of four and a half millions) does not look as if the war had deprived the Mother Country of its place as the world's shipbuilder. War gave a tremendous impetus to shipbuilding in many countries, particularly in the United States and Japan, but without substantial Government backing these countries seem unlikely to be formidable competitors of the British builders.

A CLASH IN AUTHORITY. (Toronto Globe.)

The complaint that the Board of Commerce is being retarded in its efforts to bring about more moderate prices for foodstuffs by reason of the attitude of the Wheat Board ought to engage the attention of the Government. The Board of Commerce asked for a reduction in the price of millfeeds. It did so on the ground that the scarcity of bran and shorts is so acute that dairy farmers and hog raisers could not carry on at a profit unless prices for their products were maintained at the prevailing high levels. Milk, butter, cheese and meats of all kinds are involved, and no reduction in price to consumers seems reasonably possible while the farmer is compelled to pay so much for the millfeeds upon which he is dependent.

The New Motor Car

The Greatest Improvement In Riding Comfort Since the Introduction of Pneumatic Tires

HERE is a brand new type of car, built in Canada by Canadians, for Canadians. It solves the problem which has baffled automotive engineers—how to combine riding comfort with light weight and economy.

Our new Three-Point Cantilever Springs make this possible.

These are the first springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 combines the riding qualities of large, heavy, expensive, long wheelbase cars, together with the advantages and economy of small, light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it rides well on all roads: they reduce choppy rebounds and side swaying, protect the car from road shocks and

prolong its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks.

But this new riding comfort, possible only with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the front axle and steering gear and all highly stressed driving gears and shafts are made of alloy steel.

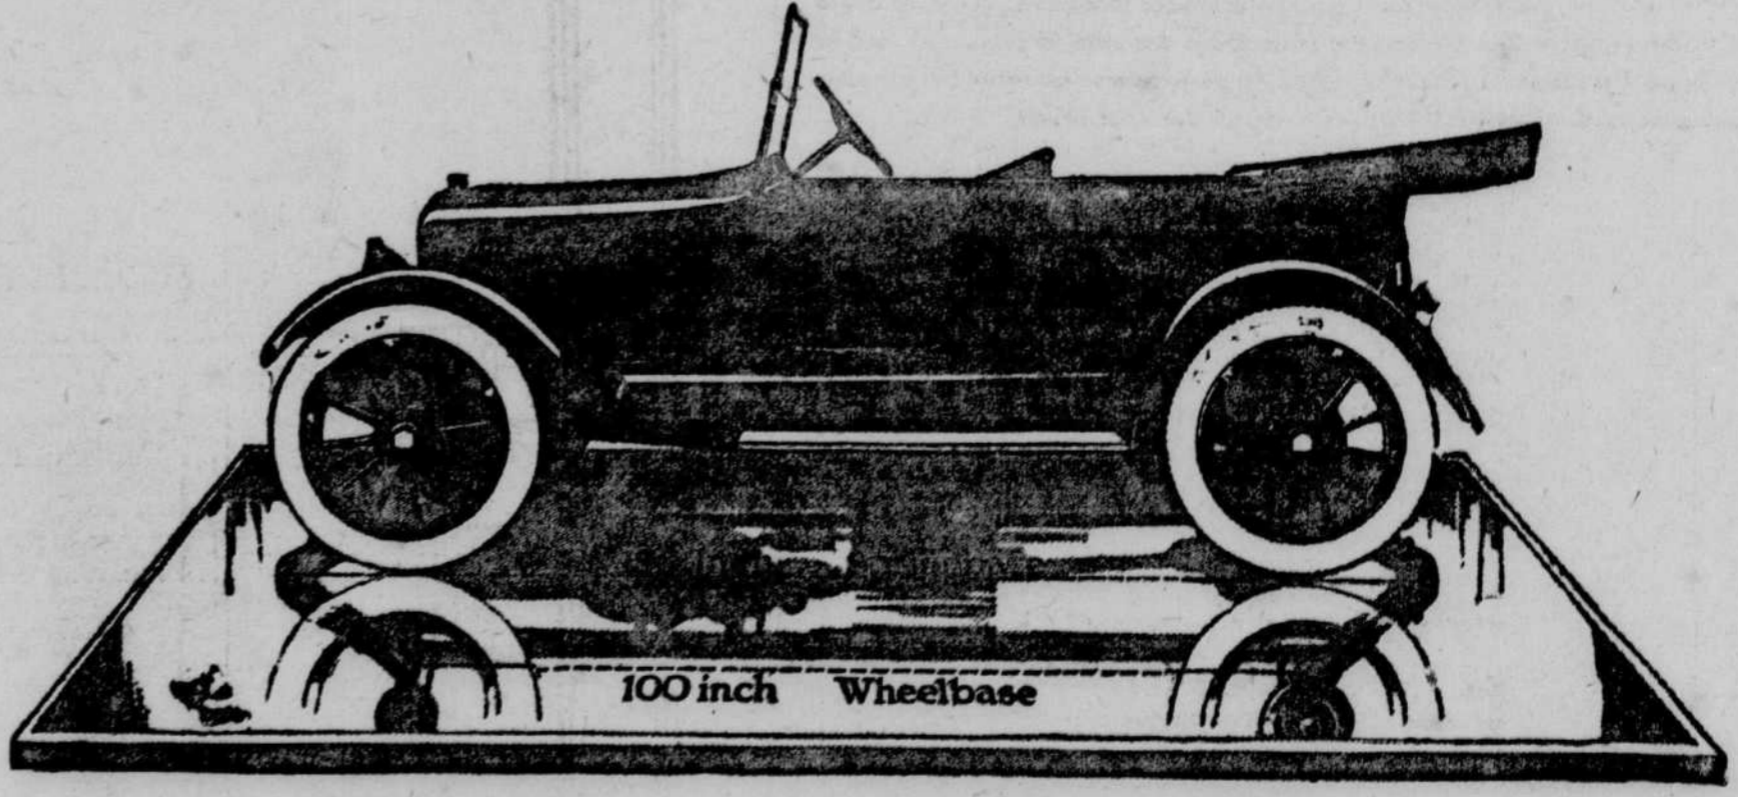

The equipment list of Overland 4 is like that of expensive cars: Auto-Lite Starting and Lighting System, Electric Horn—Specially Resilient Upholstery Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor, and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

Overland 4 has been tested for two years and more than 250,000 miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick, sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you ride in it the more you will appreciate it. Come in and get a Booklet. The demand for Overland 4 will be greater than the supply for some time. Overland 4 Touring, \$1195; Roadster, \$1195; Coupe, \$1845; Sedan, \$1995. Prices f. o. b. Toronto, War Tax included.

The request of the Board of Commerce has been negatived by the Wheat Board. Moreover, it is pointed out that if the Robson-O'Connor Commission moves to ascertain the profits of the milling companies or terminal elevators it is positively told to mind its own business, since these concerns are under the jurisdiction of the Wheat Board. There must be something wrong about this divided authority when it is thus made the reason for blocking efforts to cope with the cost of living. The impression is very general that the composition of the Wheat Board savors too much of the milling and not enough of the producing interests. The Government should look into the whole matter without delay. GET THE PROFITEER. (Quebec Chronicle.) Prison sentences in many cases, and

the payment of maximum fines, is the way in which the authorities responsible for the investigating of "Profiteering" in Great Britain dispose of charges. Some sixteen hundred tribunals are established and in addition the Board of Trade works independently with a corps of trained accountants to probe into the cost and resale price of articles that do not come under the "control act." Since September first there have been 7,250 prosecutions with 1,320 convictions; and although critics pretend that the cost of living has not decreased but on the contrary has advanced about five per cent., it is also admitted that prices may have been still higher had the tribunals not been in operation. In one case wholesale prices dropped thirty-five per cent. which suggested the fear of exposure. What we are concerned about is the effect of our own investi-

gations, it is true that information is obtained, but rarely if ever do we hear of prosecutions. It is very well to say publicly that the price of boots is too high; that this or that firm is "Profiteering," but the only effective manner of combating the evil is to make it a criminal offence with the proper legal machinery to prevent re-oxidation. We are hopeful that when the local investigation is made that something more than talk will result. The employment of trained accountants is the real means of getting to bed rock conditions; supported by stringent legislation there would soon be a stop put to the rampant system now known as profiteering. SOCKS FROM SAWDUST. (From the Portland Oregonian.) Unlimited possibilities are suggested by the announcement of the che-

mists of the college of forestry of Syracuse university that they have perfected a process of making silk from sawdust. Phonograph discs, sausage casings and binder twine have been produced from the same source. It is true that sawdust silk is still in the laboratory stage, which is a long way from factory output, but it is a promising discovery, just the same, and no more incredible than imitation cotton from nettles, or a good many other of the comparatively recent discoveries by scientists. The public will be skeptical, however, as to the Syracuse prediction that "stockings that now cost \$5 to \$25 a pair will be produced at not more than 50 cents a pair." Somehow, it does not seem to have worked that way in the past. We no sooner perfect a process for making a new vegetable oil, or a new metal kitchen utensil, or a substitute for rubber or

leather from materials that formerly were a total waste than something happens to drive the price upward. In theory silk stockings made from sawdust ought to stimulate the healthful exercise of home wood-sawing; no man with a family of beautiful daughters could resist the appeal to go out to the shed and make enough sawdust for a set of silk hose all around; but in the practical working of it there is almost sure to be a hitch somewhere. Still, if sawdust does acquire a high market value there will be compensations. Think of having a sawyer insist on making three cuts instead of two when he calls to cut the winter's wood! If we recovered from the shock we would be willing to pay almost any price for our sawdust socks, to say nothing of our phonograph records, sausage casings and the rest of them.

GRANBY WENT OVER THE TOP IN VICTORY LOAN

Subscriptions This Year Totalled Over \$580,000—Other News.

GRANBY, Nov. 22.—Granby more than went over the top in connection with the Victory Loan. The quota allotted to Granby was \$350,000, and when the first reports were received from the various canvassers it was found that the total subscriptions amounted to over \$580,000. This exceeds last year's figures by some \$17,000.

Phoenix Lodge Meeting.
The regular meeting of Phoenix Lodge, A. F. and A. M., on Thursday evening last was of special interest as it was the occasion of the official visit of B. W. Bro. F. W. Johnson, D. G. M. for Shefford and Bromo. He was accompanied by Rev. F. McCormack, District Grand Chaplain. Both the distinguished visitors complimented the officers of Phoenix Lodge very highly on the excellent manner in which the ritual work was performed, and also expressed their pleasure at the rapid increase in membership during the year. The officers for 1920 were also elected at this meeting, when the following were chosen for the various positions: J. G. Fuller, W. M.; C. P. MacDonald, S. W.; W. Russell Bradford, J. W.; Rev. A. F. Pollock, Chaplain; W. D. Bradford, Treas.; W. W. D. Brack, Secretary.

General Notes.

Mr. Andrew Woodside is quite ill at his home on Prospect street.

Mr. Howard Layhew returned from the Sherbrooke Hospital yesterday after undergoing an operation, and will remain for a few days before going to Stanstead College to renew his studies.

Mr. Gordon Morrison and family have left town to spend the winter at Inverness, where Mr. Morrison has taken a position with Mr. Geo. Willard, lumber merchant.

Don't forget the annual Xmas sale of food and fancy articles and afternoon tea of St. George's Guild, Thursday, December 4th.

Prof. Barton, of Macdonald Col. lege, is spending this afternoon at the Experimental Farm, in the interests of dairy work.

The rehearsals for the operettas, "A Private Rehearsal" and "Cinderella," which will be presented next week by local talent, under the auspices of St. George's Guild, are progressing in a way that guarantees a good performance, and although these are busy days in social doings, the sale of tickets is exceptionally good.

piece, value of two and a half dollars. Don't you think that a straight reduction of 80 per cent on every pair of shoes is the best and fairest way for the customer? The original price of the shoes is plainly written on the box. You can see it before you buy, and you are sure we give you genuine reductions.—J. A. Vaillancourt, 123 Wellington St.

The annual meeting of the East Sherbrooke Snowshoe Club was held last evening at the home of the secretary, Mr. J. E. Mills, King Street East, but owing to the small attendance, no business was transacted. It was decided by the members present to call a meeting for next Wednesday evening at the club house, to decide whether the club shall still keep open or the club house be advertised for sale.

SHERBROOKE RAILWAY & POWER CO.—NEW FARES

In effect on and after December 1st, 1919. Day, 6 a.m. to 12 p.m.: 8 cents cash fare or four tickets for 25 cents. Children under 14 years: 4 cents cash fare or eight tickets for 25 cents. Night, 12 p.m. to 6 a.m.: 15 cents cash. Transfers free. New tickets only will be accepted after November 30th, but old tickets will be redeemed as issue price on presentation at the office of the Company. It is expected that the paving will be completed by the end of November, and the full street railway service restored. When service is restored, and until further notice, East Sherbrooke and Lennoxville cars will run to Dufferin bridge.

ENTERPRISING JEWELRY FIRM

During the past few weeks J. H. D. Codere & Co., jewelers, have completely remodelled their store at 153 Wellington street, taking over the space formerly occupied by Richard's Drug Store, converting the entire space into a most up-to-date jewelry and optical parlor. There is no need of mentioning the firm's strict and fair dealing with the public for many years, which was carried on by a long period by Mr. J. H. D. Codere, later taking into partnership the younger members. Their numerous customers are pleased to learn of the extension of their business, which has been built up by close attention to and fair dealings with their patrons. The buying public are invited to call, and they will be gladly shown Sherbrooke's largest jewelry store, which would do credit to a much larger city.

THETFORD MINES

The Oddfellows of Lodge No. 55 of the I. O. O. F., have determined this year to hold evenings which are termed "Open Nights," to which all outsiders are especially welcomed. One of these "Open Nights" took place on Tuesday night last, after the usual routine of the Lodge business was gone through.
On this special evening, Dr. Lawson D.D., now in charge of the Methodist Church of the town, read a most interesting paper on "The Art of Reading," to a good representative audience, many ladies being present. The paper was much enjoyed and was followed by an open discussion led by Mr. J. T. McCallum. Dr. Daigneau, Messrs. W. J. Woolsey, Lloyd Cummings, Willy, Dick and Barker spoke in brief terms. During the evening Mr. Dick sang "Mary of Argyll" and Miss Edith Oates sang "Believe me if all Those Endearing Young Charms" to be followed by "Auld Lang Syne." It was heard on all sides that more of these evenings would be appreciated. Thanks were accorded the evening's speaker, Dr. Lawson, the motion being moved by Dr. Daigneau and seconded by Mr. T. Lloyd. The singers were also thanked.

BILIOUS? CASCARETS WON'T SHAKE UP OR SICKEN YOU

No Inconvenience Whatever! No Shock to the Liver, No Gripping of the Bowels—Ideal Physic!

Coated Tongue, Bad Taste, Indigestion, Salty Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food, which sours and ferments, forming acids, gases, and poisons. Cascarets tonight will give your bilious liver and constipated bowels a thorough cleansing and straighten you out by morning. Cascarets never sicken, cramp or inconvenience you all the next day like nasty Calomel, Salts, Oil, or gripping Pills. Cascarets work while you sleep.

The Stomach Begins

digestion, but the most important work is done by the bowels, liver and kidneys. Failure of these to act efficiently allows the whole body to be poisoned.

BEECHAM'S PILLS do more than produce bowel movement. Liver, skin and kidneys are influenced to more active effort with resulting increased effect. It is always safe to take

Sold everywhere in Canada. In boxes, 25c., 50c.

INDIGESTION

At once—"Pape's Diapepsin" corrects your Sour, Gassy, Acid Stomach—Relief awaits you!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you must injure it with drastic drugs.

When you meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone. Millions of people know the magic of Pape's Diapepsin as an antacid. They know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment! Pape's Diapepsin tastes like candy and a box of this world-famous indigestion relief costs as little at drug stores. Pape's Diapepsin helps neutralize the stomach acids so you can eat without fear.

Real Help

In every case of weakness, or wherever energy or vitality is less than it ought to be, in every case of convalescence, Hall's Wine gives real help. Hall's Wine proves its value quickly, you feel better from the first glass; you feel yourself growing stronger every day with strength that will last. "Hall's Wine," wrote a lady recently, "has strengthened me more than I believed possible"; and another lady after being ill for over three years with anaemia, wrote: "After taking half a bottle of Hall's Wine I felt new energy returning, and now, after the fourth bottle, I feel better than ever in my life!"

Protect Your Skin

Through the pores of your skin must come every day two pints of waste matter. If the pores are not kept clean this waste matter stays in the system to poison it.

And not only must the visible dirt be carried off, but the invisible though no less insidious disease germs and microbes must be destroyed to keep us free from infection.

LIFEBUOY HEALTH SOAP

does all these things well because it is more than soap (though it costs no more). Its copiously lathering, pure, vegetable oils are the best of all cleansers.

HOCKEY CLUB IS ORGANIZED AT COOKSHIRE

Club Will Have Charge of Open Air Rink—Officers Were Appointed.

COOKSHIRE, Nov. 22.—On Wednesday evening last a meeting was held in Learned's Hotel, for the purpose of forming a Hockey Club and also building an open air rink. The schedule for the hockey league will include Pur. East Angus and Sawyerville, and eight league games will be played during the winter. The open air rink, which is now under erection, will be taken complete charge of by the Hockey Club and it will be situated at the rear of Mr. George Blanchard's residence in the field owned by Mr. H. H. Pope. The dimensions will be 50x100 feet, and it is expected that the rink, which is much looked forward to by the young people of Cookshire, will be opened to the public by Christmas. The list of officers and executives for the Cookshire Hockey Club are as follows:

F. R. Cromwell, Hon.-President; C. M. Rae, Hon.-President; E. C. Hemming, Hon.-Vice-President; Rev. I. A. R. Macdonald, President; O. W. Rand, Vice-President; L. O. Ellis, Secretary-Treasurer. Executive Committee.—Rev. I. A. R. Macdonald, O. W. Rand, L. O. Ellis, Frank Hurd, V. E. D. nnan, Wm Leonard and V. H. Luske.

General Notes.

Mr. Pratt recently returned home from Montreal, where he has been on business.

Mrs. P. O. Farnsworth is the guest of Miss Margaret Learned at Learned Plain.

Mrs. George Flaws who has been ill at her home, is much improved.

Miss Hilda Wright is in town from Montreal, the guest of her parents, Mr. and Mrs. Paul Wright.

Miss Hazel Weyland went to Bury on Friday to visit friends.

Mr. Irwin Gillanders left on Friday to spend the week end at his home in Bury.

On the 26th and 27th of November, in the Methodist Church Hall, there will be several addresses given by Miss Chute and Miss Kirby, of MacDonald College, on subjects interesting to all householders under the auspices of the Cookshire Homemakers' Club. Everyone will be welcome. Addresses will be given each afternoon at 2.30 o'clock. An address on child welfare will be given on the evening of November 26 at 7.30 o'clock. This is a

subject which should be interesting to all, and it is hoped that Miss Chute will be greeted by a large audience.

BOWLING

GAME PLAYED FOR "TWO-MAN CUP."

Maskell and Sullivan won their second game last night for the two-man team cup, by defeating Thibaudeau and Saunders in a decisive manner, taking five strings in a line from their opponents and rolling up a majority on the total.

The winners have been challenged

by McCormick and Strew, and the game will be played soon. Last night's scores were:

Thibaudeau	153	170	158	170	141-792
Saunders	138	181	143	111	167-740
Total	291	351	301	281	308-1522

Maskell	175	194	159	156	187-871
Sullivan	161	169	180	181	155-846
Total	336	363	339	337	342-1717

If You Take Pride In Your Looking, You Will Be Positively Delighted With The Results Of Cooking By Electricity.

In the electric range the heat can be regulated by the turn of a switch, to give just the desired cooking or baking temperature, steadily maintained and evenly distributed. The food being thoroughly cooked and the full flavor retained.

The shrinkage of meats in the electric oven is very much less than in any other type. This will help you solve the high cost of living problem.

Think of the cleanliness and the ease of cooking. Heat at the turn of a switch, with no flame, soot, smoke, ashes or wood to carry. How much labor and time this would save you.

We have in stock a small quantity of electric ranges which were purchased before the advance in price, and until this stock is exhausted, you can purchase one of these at the prevailing prices. Why not take advantage of this offer now and make a saving?

PRICES AND DETAILS OF SHERBROOKE MARKET

MEAT PRICES TAKE UPWARD TREND—DAIRY MARKET UNCHANGED.

A decided upward tendency in the prices of meat, with an unchanged dairy market, was the principal feature at Lansdowne Market yesterday, where the annual falling off of sales, due to the roads and the fact that fewer dealers can be present, was evident. The market has not yet settled down to its final winter steadiness, it seems, and the rise in meat may either be provocative of a steady increase, now that most of the home-killed stock is disposed of, or a mere fluctuation in the market.

As to the prices, beef rose five cents a pound over last week's remarkably low rate, while the carcasses increased correspondingly. The best cuts of beef were selling at 25 cents, although there was some available for 20 cents. Pork also increased, approximately two cents on the pound, selling for 27 to 30 cents. Lamb increased about

proportionately, selling for 27 to 30 cents.

Prices in the dairy market remained unchanged, while the vegetable and fruit departments, now "stripped" for the winter, were about the same. Approximate prices follow:—

GRAIN MARKET

Montreal, Nov. 22.
WHEAT.—Corn in Chicago closed today at \$1.32½ December and oats 72½c. December.

Oats closed in Winnipeg today at \$1½c. December 83½c. May. Barley \$1.37½ December \$1.32½ May.

CORN.—The market for American corn has been quiet but firm with some business reported for shipment from Chicago. No. 2 yellow is nominally here at \$1.74 to \$1.75.

OATS.—The market for oats is higher on the week, car lots of No. 2 C. W. in transit and for November shipment being quoted at 99c. to 99½c. Car lots of No. 2 C. W. sold at 97½c. to 98c. No. 3 C. W. at 95½c. to 96c. and No. 2 feed at 92c.

BARLEY.—The market has developed more strength and prices are higher on the week. No. 3 Canadian Western being quoted at \$1.63, No. 4 C. W. at \$1.55; No. 3 extra Ontario at \$1.64 and No. 3 at \$1.63 all extra track.

FLAXSEED.—The market is firm and higher. No. 1 Northern being at \$4.96 to \$4.97½ on spot.

BUCKWHEAT.—The market is quiet and prices are quoted at \$1.44 to \$1.45.

MALT.—The market is firm at

\$1.85 to \$1.86 for screened, and unscreened at \$1.82 to \$1.83. Prices are more or less nominal.

HOPS.—The market is steady, car lots of B. C. being quoted at 77½c. to 80c. f. o. b.

SEEDS.—The only business at the moment of any consequence is the export movement, and larger parcels of alsike and other seeds are expected to be shipped soon.

DAIRY PRODUCE

Montreal, Nov. 22.
BUTTER.—The market is strong and 2½c. to 3c. higher on the week, and we revise our quotations as follows:

Finest creamery65c. to 65½c.
Fine creamery63½c. to 64c.
Dairy, finest55c. to 60c.
Dairy fine55c. to 57c.

CHEESE.—The cheese market is quiet and somewhat unsettled. The activity noticed about a week or ten days ago has been released; but some regard it merely as a lull from the previous active movement. Prices at the moment are more or less nominal at 29½c. to 30c. for white and 30½c. to 31c. for colored.

HAY MARKET

Montreal, Nov. 22.
HAY.—Advices received from New York at the beginning of the week report the market there steady, with sales of No. 1 timothy at \$35.00 to \$37.00 per ton in car lots. No. 2 at \$33.00 to \$34.00, and No. 3 at \$30.00 to \$31.00. These prices show very little change from those of two weeks ago. Receipts in New York continue light scarcely sufficient at times to fill the city's requirements, especially as regards the top grade. It would seem that farmers across the line are adopting the same course as in Canada by holding for higher prices.

Choice timothy in Chicago is worth \$30.00 to \$31.00, No. 1 \$29.00 to \$30.00; but these quotations will not warrant shipments from here. With no Government buying as was the case last year, and with much larger.

COUNTRY PRODUCE

Montreal, Nov. 22.
EGGS.—The market continues to gain strength on new laid, sales having been made at 85c. to 90c. for strictly new laid, uptown stores paying as high as 90c. during the past few days. Some, however, are quoting new laid at 80c. Solely, however, have kept steady at 65c., the supply of this class being sufficient to prevent an advance up to the present No. 1 storage are steady at 58c. and No. 2 have sold at the wide range of 51c. to 55c., one holder quoting as low as 50c. There seems to be quite a few of this class, with very little demand. There have been a few cables received during the week; but we have not heard of any recent business for export account. The exports last week were 43,037 cases, making the total exports for the season to November 15, 350,220 cases.

The receipts are showing less volume, but they are still large for this season of the year. Four cars of No. 1 export storage eggs have just been sold at 65c. to 67c. seaboard St. John and Portland.

POULTRY.—The demand for live poultry has been quite active, supplies have been liberal and between packers and dealers, the market has been cleared from day to day. Chickens have sold at 16c. to 25c., fowl at 15c. to 23c., as to weight, turkey 32c. to 35c., roosters 14c. to 17c., ducklings 20c. to 21c., ducks 14c. to 16c. and geese 17c. to 18c.

The market for dressed poultry has shown some improvement since the cold weather set in. Turkeys have sold at 38c. to 40c. Chickens at 21c. to 28c., fowl at 20c. to 28c., roosters 20c., ducklings 30c., ducks 20c., and geese 21c. to 23c.

BEANS.—There has been a fairly good demand for Ontario handpicked beans, and the sale is reported of a car at \$5.50 per bushel. Two to three pound pickers have sold at \$4.50 to \$4.75. A dealer stated that he looked for higher prices soon.

POTATOES.—There is a good demand for potatoes, as supplies are scarcely equal to the demand. Bad roads have kept the usual run of supplies off the market, and sales of car lots of Quebec whites are reported at \$2.00 to \$2.10 and in a jobbing way \$2.20 to \$2.25 per 90 lbs. ex store.

MAPLE PRODUCTS.—The market continues steady. Syrup at \$2.00 to \$2.25 for 3½ lb. tins, and at \$2.00 per tin of 13 lb. In bulk, syrup is quoted at \$1.75 to \$1.90 per gallon. Sugar is firm and quoted at 27c. to 30c. per lb., as to quantity and quality. Beans sugar is quoted at 29c. per lb. in car lots.

HONEY.—The market is steady. In a jobbing way, white clover strained in 30 to 60 lb. tins is quoted at 21c. to 22c. and white clover in comb at 25c. although a single case of white honey in comb was reported sold at 26½c.

Steady Trade Expansion Shown by Annual Report of Bank of Montreal

How Canada is Coming Through Reconstruction Period—Big Gains Reported in the Savings of the Canadian People—Larger Business Being Handled Throughout Country.

MONTREAL, Nov. 22.—(Special)—The advantages of the Canadian banking system have perhaps never been more strikingly shown than by the way Canadian banks quickly met the unprecedented situation arising out of the war and the manner in which they are now helping the country in the difficult period of reconstruction.

The annual statement of the Bank of Montreal for the fiscal year to October 31st is the first report to be issued for a full year since the armistice. On this account it contains many changes that indicate a gradual adjustment of special Government

undertakings of the war period and a marked expansion in the general business of the country.

Big Gain in Deposits.
During the past few years there has evidently been a record increase in the number of depositors and business accounts in banks, and there are many indications that this growth will, within a short time, result in the total business of the banks even passing the large totals touched during the war period.

Among the outstanding features of the statement now going forward to Bank of Montreal shareholders is the increase in current loans and discounts in Canada, and the continued large increase in interest-bearing deposits. These would seem to indicate that the Canadian people are steadily adding to their savings. In the last six months of the year the gain in savings deposits amounted to approximately \$44,000,000.

An analysis of the general statement of assets and liabilities shows that the Bank is in an excellent position. The principal items in the statement are as follows:

	Oct. 31st, 1919.	Apr. 30th, 1919.	Oct. 31st, 1918.
Total Assets	\$545,304,809	\$489,271,197	\$558,413,546

BROOKBURY

Little Lester Joyce was taken to the Sherbrooke Hospital on Monday and underwent an operation for appendicitis. He was accompanied by his father, Mr. Curtis Joyce, and Dr. Elliot. At late reports he was comfortable.

On Thursday Mr. Hugh Vintiner brought down a fine deer which, after being dressed, weighed 152 pounds.

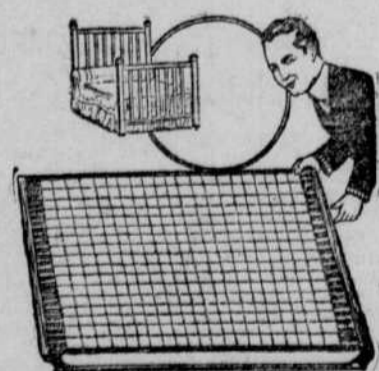

Miss G. Cook, who is ill at the home of her sister, Mrs. Curtis Joyce, does not improve as her many friends would wish.

Mr. Guy Bishop, of Sherbrooke, was here Wednesday, on business.

"Have you any relatives living in the country?"
"No; whenever we take a vacation we have to pay our own board."

GENERAL INFORMATION

LETTER FROM THE PRESIDENT

In our original prospectus and announcements we furnished full particulars of the plants and operations of the Saguenay Pulp & Power Company. The following letter from the President of the Company, Hon. Senator F. L. Beique, contains a report of the operations of the company since that time.

Montreal, November 12, 1919.

To the Members of the Underwriting Syndicate, Gentlemen:

Replying to your letter inquiring whether all the undertakings of the Chicoutimi Pulp Company were showing satisfactory results and what progress had been made with the repairs and extensions to the St. Lawrence mill at Chandler, I have much pleasure in reporting that the output of the mills at Chicoutimi and Val-Jalbert have been maintained at full capacity since the beginning of the year. The stocks of mechanical pulp which had grown to over 60,000 tons in the early months of the year, has now all been sold and shipped. Steadily higher prices were secured for it as well as for the entire output since that time.

The pulp which the Company sold last year and during the first six months of this year at from \$25 to \$29 a ton has now advanced to over \$40 a ton. The last sales were made at \$12.50.

As regards the chemical pulp mill at Chandler the improvements which we had hoped to make have been realized to a very great extent. The output has been increased by more than 40 tons a day and now amounts to over 112 tons a day. At the same time the operating costs have been reduced by over \$10 a ton.

I have the honor to be
Your obedient servant,
THE SAGUENAY PULP & POWER COMPANY,
Per F. L. Beique, President.

BOARD OF DIRECTORS:

Hon. F. L. BEIQUE, Senator, Vice President of the Hochelaga Bank and Director of the Canadian Pacific Railway.
Mr. EDWARD C. PRATT, General Manager of The Molsons Bank.
Mr. LOUIS CHABLE, Vice President of American Paper Exports, Inc. New York.

We Sell Government Securities

The best are, of course, Victory Bonds.

Next to these rank Bonds of Provincial Governments, and those of larger cities.

Then Bonds of smaller Municipalities.

This is a good time to buy Bonds, because their income-yield is high, and the principal value of many should increase.

If you wish to make some absolutely safe investments yielding a good rate of interest, write to us and we will tell you what to buy.

RELIEF GIVEN TO THE FARMERS IN SOUTH ALBERTA

Chief Factor in Improving Situation is Rise in Temperature.
CALGARY, Nov. 22.-That immediate relief is being afforded distressed farmers in the south was the statement made here by H. A. Craig, deputy minister of agriculture, who was on a brief visit to the city.
In this connection he said that it was possible for families in unorganized districts to secure credit at the present time to the extent of \$100 for the purchase of coal, flour, etc. In organized districts this work was being taken care of by municipalities. The deputy minister said in the first place the mild weather had immensely relieved the situation.
In reply to a question, Mr. Craig stated that relief had already been given to about one hundred families. This average amount asked for had been about \$60 per family. This, he said, may have to be increased later. That depended upon the severity of the winter.
The chinook of the last week has driven the frost out of the ground in Southern Alberta to such an extent that the farmers had resumed plowing, was the news brought back from that section last night by George Lane, who visited High River, Calgary, Staveland and Macleod this week.
The snow is all gone, the ice is going out of Old Man river and the cattle are grazing, or at least they are doing their best to graze, considering the grass situation, said Mr. Lane.
The cattle men are shipping cattle as fast as they can and the mild weather is helping this movement and probably will permit the getting out of a lot of stuff, that otherwise might be held up for a considerable period," he concluded.

TOWN COUNCIL AT WATERLOO IN SESSION

Many Important Matters Dealt With by Municipal Body at Special Meeting.
(Special to The Record.)
WATERLOO, Nov. 22.-A special session of the town council was held on Friday evening last at the usual place of meeting. There were present Mayor E. J. McKenna, Pro-Mayor L. J. Jodoin, and Councillors N. O. Rockwell, G. Poirier, A. Bissonnette, J. F. Clement and F. R. Dalton.
After examining several accounts they were approved, and the secretary-treasurer ordered to pay them.
The school collection roll was homologated, and one addition made, Mr. J. Kendall's name being added. The correction of the voters' list was made. Mr. Trefle Lajoie, road inspector, tendered his resignation, which will be accepted. He gives for his reason old age and unable to stand the hardship of working in the water.
The Waterloo Iron Works, Limited, asked to have a by-law passed on Foundry street for fire protection, owing to the increased capital being put into the business. It was granted.
The Central Vermont Ry. Co. asked to be furnished with water. The request was granted, and the meter used for the organ at the Catholic church will be taken out and placed at the C.V.R. shops.
Thursday evening, December 13, Mr. Oscar Morin, deputy minister of municipal affairs of the Quebec Provincial Government, met the council behind closed doors in the council room and ordered an audit of the corporation books from 1917. A special chartered accountant has been secured. Every dollar of arrears must be collected, so that after the audit the deputy minister will be able to give a receipt that the books were audited and all arrears collected, stating the financial condition of the municipality. This session of the council is taking place all over the province.
As it requires a disinterested person, outside the secretary-treasurer of the council, to collect the arrears of taxes, in this case Mr. H. H. Middleton was appointed by resolution to do the work.

FREE CASH PRIZES \$5000
We have already given away \$5,000 FREE. \$200.00 more IN CASH and numbers of Merchandise Prizes will be GIVEN AWAY at an Early date.

1st Prize, \$50.00 in Cash. 2nd Prize, \$40.00 in Cash
3rd Prize, \$35.00 in Cash. 4th Prize, \$25.00 in Cash
5th to 9th Prizes-Each \$10.00 in Cash.
TOGETHER WITH MANY MERCHANDISE PRIZES
Herewith will be found the picture of a Log Hut in the Woods. At first glance all you see is a man, a woman and a dog. If you look closely the faces of 8 other persons will be found. Can you find them? It is no easy task but by patience and endurance can be accomplished.
You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses which we will send you. If you find the faces mark each one with an X, cut out the picture and send it to us, together with a slip of paper on which you have written the words "I find them." Write these nine words plainly and neatly, as in case of ties, both winning and losing contestants are considered factors in this contest.
This may take up a little of your time but as TWO HUNDRED DOLLARS in cash and many merchandise prizes are given away, it is worth your time to take a little trouble over this matter. Remember all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words, "I have found all the faces and marked them."
WE DO NOT ASK YOU TO SPEND ONE CENT OF YOUR MONEY IN ORDER TO ENTER THIS CONTEST
Send your answer at once; we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have recently received over Five Thousand Dollars in Cash Prizes from us, and full particulars of a simple condition that must be fulfilled. (This condition does not involve the spending of any of your money.)
Although these persons are well known to us, they are our references. An enquiry from any one of them will bring the information that our contests are carried out with the utmost fairness and integrity.
Winners of cash prizes in our late competitions will not be allowed to enter this Contest.
This Competition will be judged by two well known business men of undoubted integrity, who have no connection with this Company, whose decisions must be accepted as final.
Your opportunity to win a good round sum is equally as good as that of anyone else at all previous winners of cash prizes are debared from entering this contest.

The Love of Home Inspires A Man
The average man's interest in life would cease in time if he were deprived of his home and family. It is not for himself that he is aiming to make a success of life-his home is his inspiration.
Still greater is his enjoyment of home if he has the assurance that even in the event of his death the spot hallowed by a thousand associations would still be maintained. Life insurance alone affords the necessary guarantee.
This Company Exists to Protect Canadian Homes
The Mutual Life of Canada is strictly a people's Company. Nearly 60,000 homes in Canada and Newfoundland are protected by its liberal policies.
Should you be called to undertake "the great adventure" would you have the satisfaction of knowing that the place that to you had been "home, sweet home" need never be alienated from the loved ones left behind?
Protect the old home and its inmates with a Mutual Policy.

**G. W. V. A. PLANNING TO
ENTER POLITICAL FIELD**
General Vote Will Be Taken in Manitoba, However, Before Definite Decision is Reached.

(Associated Press Despatch)
WINNIPEG, Nov. 22.—It was announced today by officials of the G.W.V.A. that while members of the Association in Winnipeg are in favor of amending the constitution, so as to permit of political organization, a referendum on the question would be necessary before such a step could be taken.
Copies of the resolution adopted at Thursday night's mass meeting will be forwarded for consideration to all the branches of the G.W.V.A. in Manitoba. The nature of the report and the recommendations to the Dominion committee will depend on the general sentiment expressed by the various branches. In the event of the mandate being unanimous, it is possible that a Dominion convention will be called.

RECORD GUESTS**

**Spend Busy Day in Sherbrooke—
Dinner, Theatre and Tour of
City—Group Photo at Sears.**

The young ladies who participated in the Missisquoi County Popularity Contest spent a busy afternoon and evening in Sherbrooke yesterday and continued their sight-seeing tour this morning, leaving for home on the afternoon train.
GROUP PHOTO AT SEARS.
After lunch, yesterday, the first appointment was at Sears Studio, where a group picture was taken. Mr. Sears very kindly offered this and the photo will prove an interesting souvenir of the contest and of the trip to Sherbrooke.

VISIT TO RECORD PLANT.
The following hour was spent at the Record office in an inspection of the process of making a newspaper, from the time the news is received over the telegraph instrument installed in the editorial office till the printed paper is delivered by the press. The linotype machines, the stereotyping of the forms, and the printing press, all were viewed in operation.

TOUR OF CITY.
At the conclusion of the visit to the Record, an automobile trip was taken around the city and to Lennoxville, various points of interest being visited.

DINNER AND PRESENTATION.
At six o'clock the visitors and the members of the Record staff had dinner at the Magog House, following which the prizes offered by the Record in the contest were presented as follows:

First prize, Miss Dimick, of Farnham, Victoria and records, \$100; Second, Miss Foster, of Cowansville, \$50; Victory Bond; Third, Miss Doherty, of Clarenceville, Gold Wrist Watch; Fourth, Miss Westcott, Stanbridge East, \$10 gold piece; Fifth, Miss Doherty, Dunham, \$10 gold piece; Sixth, Miss Caspey, of Frelighsburg, \$5 gold piece; 7th, Miss Corey, Bedford, \$5 gold piece; 8th, Miss Deuel, Phillipsburg, \$5 gold piece.
The recipients thanked the publishers and spoke of the interest they had taken in the contest.

Regret was expressed that Miss Foster, of Cowansville, was absent, owing to illness, and Miss Caspey, of Frelighsburg, through absence from home, but these young ladies were represented by their sisters, Miss Doris Foster and Miss Laura Caspey. Much regret was also expressed that Miss Deuel, of Phillipsburg, was unable to be present.

AT THE THEATRE.
Following the dinner, the party proceeded to His Majesty's Theatre, as the guests of Mr. Duncan, manager. The picture play, "Checkers," was witnessed and much enjoyed, also, views of the tour of the Prince of Wales tour across Canada.

The surprise of the evening came when the pictures of Missisquoi's popular young ladies were thrown on the screen, eliciting much applause.

VISIT TO COTTON MILLS.
The principal item on this morning's programme was a visit to the mills of the Canadian Connecticut Cotton Mills, one of Sherbrooke's most progressive industries. The cotton mills are to more than double their capacity next year and will become one of Canada's largest and most important industries.
At 3 p.m. the visitors leave for their homes in Missisquoi.

**Stomach and
Liver Trouble.**

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They lighten up the liver, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes:—"I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

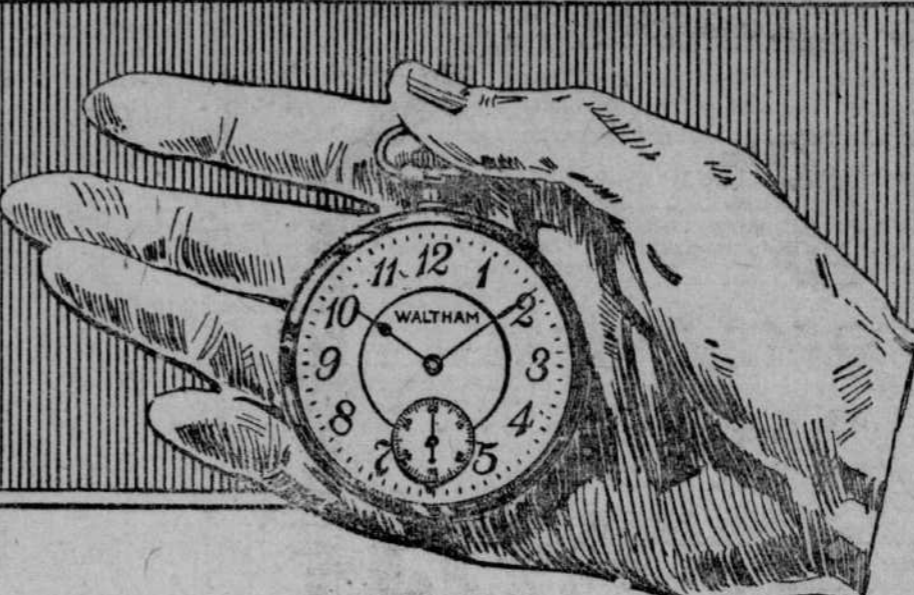

"They are also good for headache." Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BANDIT WAS HANGED**
Several Hundred of Machallas Khan's Tribesmen Were Also Placed Under Arrest.

CONSTANTINOPLE, Nov. 22.—Advice received here from Tehran, Persia, reports the hanging in the centre of the city of the bandit chief, Machallas Khan, and his son, and also the placing under arrest of several hundred of Machallas' tribesmen, who for many years had formed Persia's most notorious band of outlaws.
The advices also assert that five politicians have been deported from Tehran because of their objections to the British regime.

**A BOYS' AND GIRLS' PAGE IN THE
MONDAY EDITION OF THE RECORD**

A page for Sherbrooke and Eastern Townships Boys and Girls is to be the feature of Monday's Record. School has now been resumed, and many are busy preparing for their Christmas examinations, but it is an old and homely truism that "all work and no play"—and the rest of it.

It is to be regretted that this weekly Boys and Girls' page cannot appear on Saturday, but owing to the rush of advertising at the end of the week, during this season of the year, this has been found impossible, and consequently, until further notice, it will appear every Monday.

So when the Boys and Girls get tired of their skating and snowshoeing, they can mix real enjoyment with their winter sports. And, by the way, there's something about those same winter sports on this coming Monday's page.

**BIG CROWD TO
SEE HARVARD-
YALE BATTLE**

**Harvard Appears to Be Slight
Favorites in the Big Game To-
day.**

(Associated Press Despatch)
CAMBRIDGE, MASS., Nov. 22.—Approximately 50,000 football-mad spectators streamed out to the Harvard Stadium today to witness Harvard and Yale in their first contest since 1916. Both teams were reported fit by trainers and coaches.
Although experts declared that analysis of previous efforts could show no reason for giving Harvard orders, the Crimson entered the game as the favorite.
The results against Princeton showed Harvard the stronger, but Yale's admirers believed the Blue was due for a big comeback. Squad statistics showed the Harvard men taller than their opponents, but one pound lighter in the average weight.
Weather conditions appeared to favor the spectators, as the day opened fair and mild.

**Captain of Liner Scandinavian Dis-
cusses the Great Improvements
and Accommodations.**

(Associated Press Despatch)
MONTREAL, Nov. 22.—Travelling up the river at full speed, the C.P. S.S. liner Scandinavian arrived in port last night with a full complement of passengers, bound for various ports of Canada, and many for Oriental and other Pacific ports.
"I have been on this route for the past twenty-two years," said Captain Griffith, "and the thing that struck me most as we came up the river and river for our last trip of the season was the difference between present conditions and those prevailing when I started on this service. Then it was impossible to come up the river at night at all, and the port of Montreal was a very medieval concern. On our present trip we were able to proceed at full speed from the entrance to the gulf, day and night, until we slowed down to swing into the berth, everything along the way being lighted up so that we had not the slightest difficulty, and when we got into port the arrangements were as perfect as any commanding officer could desire. Whoever may be responsible for it, the port of Montreal today is about as fine a harbor as exists in the world, and its accommodations for ships coming in are wonderfully good."
