## EGYPT WILL AGREE TO MEETING

### Makarios Under Fire As Time Runs Out On Truce In Cyprus

NICOSIA, Cyprus — (Reuters) — A renewed threat of violence hung over Cyprus today as time ran out on a 10-day truce called by the EOKA terrorist organization. The truce period expires at midnight tonight, Cyprus time. Meanwhile, in Britain, several newspapers called for Greek Orthodox Archbishop Makarios, exiled leader of the movement to unite Cyprus with Greece, to be brought to trial. Colonial Secretary Alan Lennox-Boyd said Sunday that captured documents show the EOKA terrorist organization in Cyprus acted under the personal direction of Makarios.

The documents, which the colonial office said were from part of a captured diary of the terrorist leader believed to be Greek Col. George Grivas, also mentioned the bishop of Kitium. The

bishop today said: "I wish to state categorically that in no case, in no place, and at no time have I ever met Grivas."

The bishop is acting head of the church of Cyprus in Makarios' forced absence.

EOKA has threatened to renew violence on the island from midnight tonight unless surrender demands made by Governor Sir John Harding are withdrawn. Digenis, the EOKA leader, in a leaflet said the organization was reserving "freedom of action" unless the surrender demand is dropped.

There was no official Cypriot comment on the colonial office's charges against Makarios. But unofficial sources claimed the charge is aimed at forcing Makarios to denounce the terrorists publicly.

In London, the right-wing Daily Express said: "The only condition on which he (Makarios) could ever be tolerated in Cyprus again would be to stand trial for complicity in murder."

Three people were seriously injured when this car, driven by Rejean Couture, 21, of Megantic, was hit by a CPR train at the McDermitt crossing near Magog last night.

### Train Hits Car — Three Badly Injured At Level-Crossing

Seven people were injured, three seriously, in four accidents over the weekend, including two train-car collisions. A car driven by Rejean Couture, 21, of Megantic, was hit by the CPR Atlantic Express at the McDermitt crossing about three miles west of Magog around 9:20 last night.

Couture apparently drove his car across the rails without noticing the oncoming passenger train. The car was dragged more than a hundred feet down the track and completely demolished.

A passenger, Camillien Fillion, 25, of Megantic was rushed to the Montreal Neurological Institute suffering from a possible fractured skull. He is to undergo an operation this morning.

Others seriously injured in the same accident were two student nurses from the Hotel Dieu Hospital.

They are Marie-Paul Roy, 21, of Megantic, and Diane Sockett, 21, of Woburn, Que. Both are in dangerous condition suffering from severe head injuries. They were taken to La Providence Hospital, Magog, and later brought to the Hotel Dieu in Sherbrooke.

Couture suffered cuts to the left hand and severe shock. In the second level-crossing mishap, George Lachance, 27, of East Angus, sustained slight injuries around 10 o'clock last night when his car was hit by a QCR train at a crossing near East Angus.

He suffered minor cuts to the left eye but was not hospitalized.

The first CF-100 squadron will arrive in Europe later this year, Campney said. They will be used primarily as night fighters of which NATO has few. German reporters also questioned Campney about plans for withdrawal of Canadian forces from Europe. Germany is alarmed at reports Britain and the United States will reduce their European forces.

Campney said there is no present intention of changing Canada's NATO commitments but NATO's defence pattern should be reviewed periodically and any changes should be carried out only with full agreement among NATO members.

One view among Canadian officials is that Canadian aircraft in Europe eventually will have to be replaced by anti-aircraft guided missiles.

### Russia Unveils New Supersonic Jet Fighter

ORANIENBURG, East Germany — (AP) — Western correspondents saw a Silver MiG 19, Russia's secret jet fighter, zip past at supersonic speed at an air show Sunday—the first hint the new plane may be in service at Soviet forward bases in Germany.

The swept-wing, twin-engine MiG is the Russian challenge to the new U.S. F-100 jet fighter.

It has never before been spotted and identified outside of recent Moscow air shows.

Only a few of the 10,000 spectators at this Communist base 18 miles from Berlin realized they were glimpsing a MiG 19.

It came in low over the field as most eyes were riveted on a demonstration of Russian troop-carrying helicopters. It exploded its afterburner as it zoomed the reviewing stand and passed away faster than sound.

"Smoke was pouring out of the windows and it was impossible to get in to save anyone," said Yvon Villeneuve, one of the first firemen to reach the scene.

The family lived in rooms above a grocery store operated by the father. All were believed to have been asleep when the blaze started.

Psychiatrist: "Can you actually tell by your husband's face whether he's lying or not?"

Wife: "Always. If his lips are moving he is."

### Mother, 5 Children Die In Fire

MONTREAL — An early-morning fire, fed by tar paper on the walls of a home in suburban Ville Jacques Cartier, killed a sleeping mother and five of her children Sunday.

Two of the youngsters died a few feet from safety. They were overcome as they tried to pull open a side door of the dwelling on the south shore of the St. Lawrence River.

The victims were Mrs. Rita Champagne, 34, and her children: Manon, 7, Claude, 5, Gaston, 2, Marcel, 1, and Alain six months. The father, Philippe, 47, and a son, Jean-Guy, 14, were away on a fishing trip when the blaze broke out.

Firemen said the blaze apparently was caused by defective wiring. The flames reached a gas stove in the building and neighbors heard a loud explosion before firemen arrived.

"Smoke was pouring out of the windows and it was impossible to get in to save anyone," said Yvon Villeneuve, one of the first firemen to reach the scene.

The family lived in rooms above a grocery store operated by the father. All were believed to have been asleep when the blaze started.

### Answer On The Way After Nasser Holds Meeting Of Cabinet

CAIRO — (AP) — Egypt will reply Tuesday to the Menzies committee request for talks on the Suez Canal crisis, an official Egyptian source said today.

President Nasser is expected to agree to meet with Australian Prime Minister Robert G. Menzies' five-country committee, selected last week by the London Suez conference to present an 18-power plan for international control.

Usually reliable sources said they understand Nasser will agree to meet the committee in Cairo with the proviso that Egypt is not obligated to accept the plan.

Menzies stood by in London, awaiting the reply. The message had been expected today, since sources in Cairo said it was transmitted to the Egyptian embassy in London Sunday.

Egypt's reply was framed after Nasser had a special meeting with his cabinet Sunday. Menzies was appointed by the London Suez conference last week to head a five-country committee to present to Nasser the plan for an international authority to operate the canal. The plan, opposed by the United States, was endorsed by 17 of the 21 countries at the conference.

Reports said Nasser would propose a series of individual or collective treaties between Egypt and the countries using the canal guaranteeing traffic through the waterway from interference.

There was a growing feeling among Egyptian officials and the public that Britain and France were not bluffing about the possible use of force. A London report said roads leading to the embarkation port of Southampton were jammed with convoys of military vehicles painted a desert yellow. Four freighters at the port were being loaded with ammunition and military equipment.

Diplomats in Moscow, however, said they believe Russia feels there is little chance the West will start a shooting war over the Suez. The Soviet government was reported to have taken the British and French willingness to negotiate as a sign of weakness.

Britain and France have charged that Nasser's lone-handed control of the canal imperils Western Europe's lifelines, particularly the flow of Middle East oil.

The Suez Canal Company, the private, internationally-owned company that operated the canal until Nasser seized it, charged in a statement issued in London and Paris that interference by Egyptian officials, dismissals and police snooping are disrupting morale, particularly of the expert foreign pilots who guide ships through the waterway.

The canal employees about 200 pilots, half of them from England and France.

The Egyptian Middle East news agency, in turn, replied that the company statement was an "open invitation" to the foreign employees to quit their jobs. It charged that the British and French governments had made "tempting offers" to pay pilots their salaries for three years if they would quit.

Three Western newspaper correspondents were given 24 hours Sunday to leave Egypt. They were William Stevenson, Toronto Star correspondent; Mrs. Eileen Travis, an American who is correspondent for the London Daily Mail, and Ann Sharpley of the London Evening Standard. Egyptian intelligence agents who gave them the orders to leave made no explanation. Two other British correspondents have been expelled since the Suez crisis began.

### Russia Has Resumed Nuclear Tests — Ike

PEBBLE BEACH, Calif. — (AP) — President Eisenhower's announcement that Russia has resumed nuclear weapons tests — possibly including a hydrogen blast — stood today as a challenge to the Soviet to publicize such tests in advance to reduce danger.

Besides the challenge to strip away intended secrecy, the announcement at the president's vacation headquarters here Sunday also was seen as a move to counteract recent Russian propaganda suggesting that American tests of such weapons amount to a threat to world peace.

Eisenhower made public an Atomic Energy Commission report advising him that last Friday Russia detonated "a nuclear device with a yield less than a megaton." A megaton blast would have force equivalent to 1,000,000 tons of TNT.

And the White House, amplifying the commission report, said the latest Russian explosion was "almost" of that calibre—much smaller than the biggest blast so far touched off by the United States. That blast at Bikini in 1954 generally is thought to have had a force of 15 to 17 megatons.

In announcing Soviet resumption of tests, Eisenhower said in a statement he wants to emphasize again "the necessity for effective international control of atomic energy and such measures of adequately safeguarded disarmament as are now feasible."

Eisenhower's report also officially made known for the first time the site of the Russian proving grounds. The report to Eisenhower by AEC Chairman Lewis L. Strauss said: "This proving ground, where most of the Soviet tests have occurred, is located in southwest Siberia, north of India, Afghanistan, and Pakistan, and west of China. In addition to this area, the Soviets have also utilized the area of the Barents Sea part of the Arctic Ocean for nuclear testing."

Mention of the area being north of India was significant in the light of neutralist India's criticism of U.S. atomic tests.

It pointed up that under the Soviet policy of secrecy about such tests, adjacent areas get no advance warning of radioactive fall out danger. Strauss noted, on the other hand, that U.S. tests always have been announced well in advance and that correspondents—both U.S. and foreign—sometimes have been permitted to watch and report the tests.

James C. Hagerty, White House press secretary, indicated the latest Russian explosion involved a hydrogen weapon.

This was the 13th announcement by the U.S. of Russian nuclear explosions but Strauss said the actual number of Russian detonations has been "significantly higher" than 13.

### Attack On Quebec Election Printed For Distribution

MONTREAL — The public morality committee of Montreal's Civic Action League has printed for public sale 100,000 copies of an article, attacking Quebec electoral methods, by two priests on the staff of Laval University.

The article by Abes Gerard Dion and Louis O'Neill, originally intended for restricted circulation among members of the Roman Catholic clergy, aroused wide comment after its publication by newspapers three weeks ago.

It appeared Saturday in English and French in brochure form and reprinted with it were editorials from a number of Canadian newspapers commenting on the article.

The 48-page pamphlet also announced formation of a provincial council of public morality. Establishment of such a group was recommended in the article by the two Laval University professors as a means of raising the level of electoral methods in Quebec.

### World News In Brief

CERVIA, Italy. — (AP) — Singer Ezio Pinza has suffered a slight paralytic stroke and has cancelled his contract to appear in a new Broadway play. But his wife indicates he hopes to be able to return to the stage.

ATHENS. — (AP) — A Greek foreign ministry spokesman said Sunday night that secret documents were stolen early in the day from the Greek embassy in Ankara, Turkey, and that Greece has filed formal protests with the Turkish foreign office.

MONTREAL. — (AP) — Hon. George Drew, Progressive Conservative party leader, left the Montreal Neurological Institute Sunday following a six-day medical checkup.

It was understood the 62-year-old Opposition leader expects to spend several days in Ottawa attending to party affairs before resuming a holiday, interrupted last Monday when he was admitted to the institute.

CAIRO. — (AP) — Egypt has started stamping her outbound mail with a big cancellation slogan reading: "Free navigation of the Suez Canal guaranteed."

MONTREAL. — (AP) — Governor-General Massey left here Sunday night for Quebec's Gaspé Peninsula, where he is to make a 500-mile tour around the rugged coastline.

Official visits have been arranged for 13 communities, some of them old fishing ports steeped in traditions and legends of the sea.

BLOOMINGTON, Ind. — (AP) — Dr. Alfred C. Kinsey, 62, a little known authority on insects who gained worldwide fame for his books on people's sex secrets, died Saturday from a heart ailment and pneumonia.

The bushy-haired zoologist, untroubled by the storm of scientific and religious controversy touched off by his Sexual Behavior in the Human Male in 1948, had been ailing for six months.

TOKYO. — (AP) — Another typhoon—Charlotte this time—roared this afternoon in the Pacific Ocean 450 miles southeast off Okinawa. With winds of up to 85 miles an hour, the storm was moving west northwest at 15 miles an hour.

The U.S. Air Force said the typhoon's present course would take it south of Okinawa and into the East China Sea. Two earlier typhoons this year brushed Okinawa.

### Mine Tragedy In Poland

BERLIN. — (AP) — Communist Poland's official news agency Pap confirmed today that a serious coal mine disaster occurred at Chorzow, Poland, but said reports that 29 had died are wrong.

The first report of the disaster was brought to Berlin Sunday by travellers arriving from Poland. They said an unknown number of miners had been trapped and probably killed by a raging fire which broke out in a Chorzow mine Saturday.

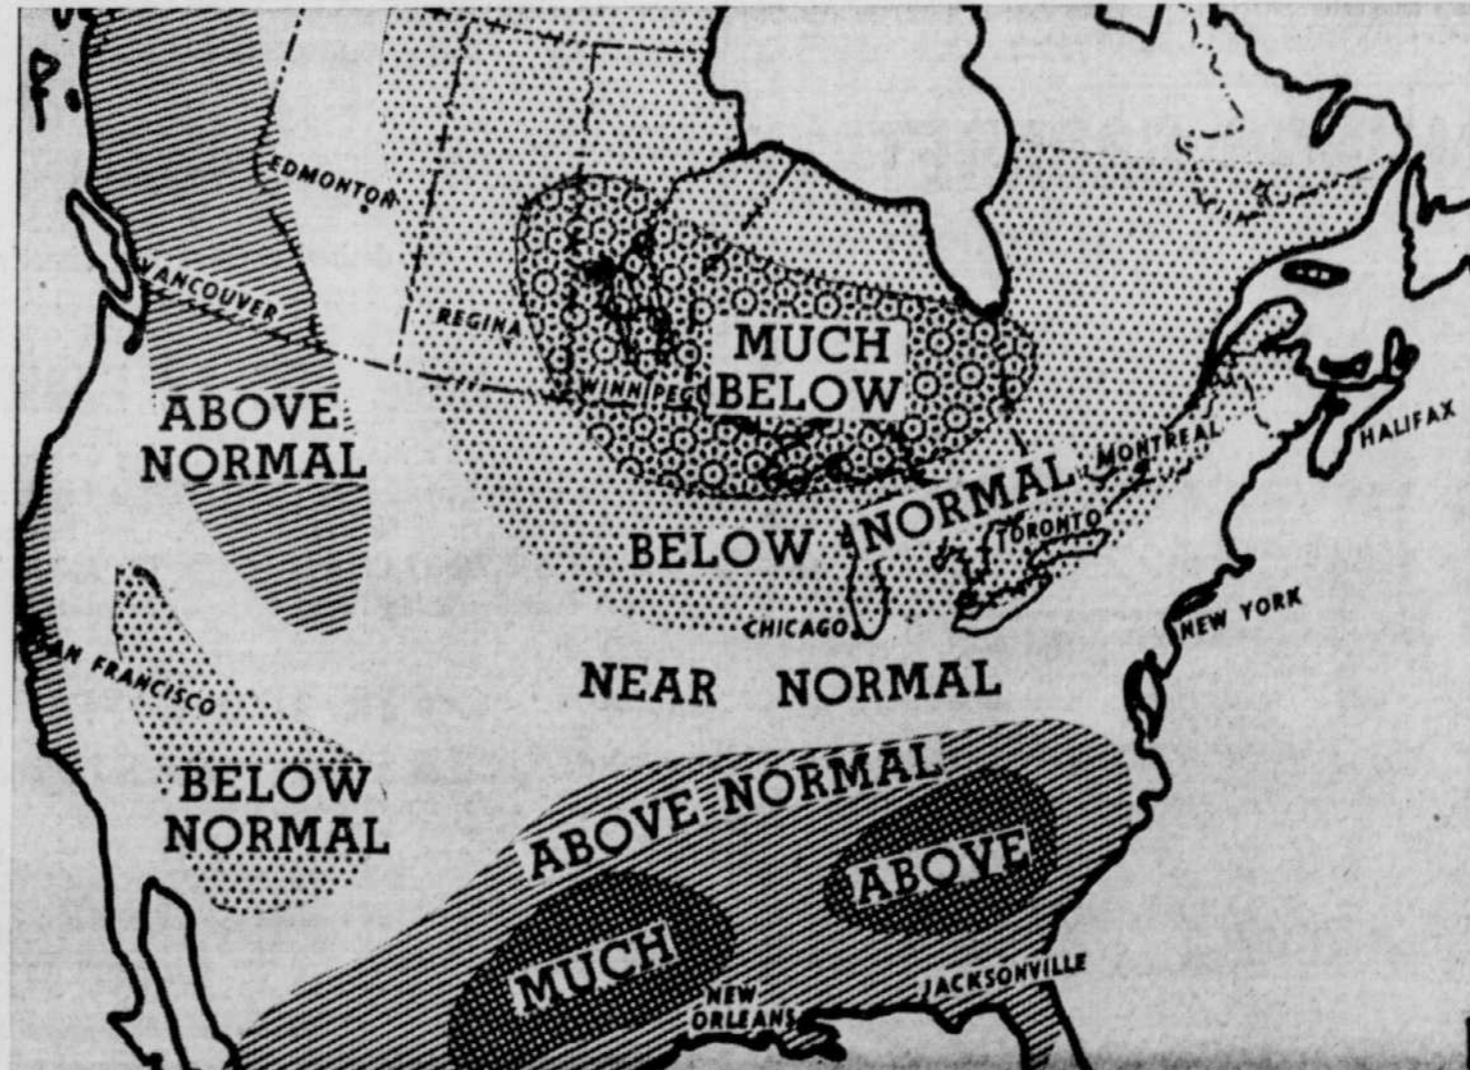

The travellers said the Polish government ordered the blazing tunnel sealed off to prevent the fire from spreading.

### Floods Devastate Turkey, Kill 81

ISTANBUL. — (AP) — Floods sweeping a large area between north and southeastern Turkey took at least 81 lives during the weekend and may have killed as many as 121 persons.

Press reports reaching here Friday said 58 farmhands were drowned when flash floods hit the Adiyaman area, north of the Syrian border. By Saturday the death toll increased to 79.

Other press accounts from Malatya, just north of Adiyaman, reported a party of some 40 men sheltering under a river bridge during a fierce downpour were missing and presumed to have been drowned.

Ouch! We're For It Again! — Weather map, predicting conditions for the next 30 days, won't come as any surprise to those who have suffered through cold and wet holidays this summer. For the third consecutive 30-day period, temperatures in this area will be "below normal" according to the long-range forecaster. (CP)

**Sawyerille W. A. Holds Meeting**

**SAWYERILLE**—The Women's Association of the Sawyerille United Church, held its regular meeting in the Sunday School Hall with the president, Mrs. V. Hurley in the chair. The meeting opened with a devotional period in charge of Miss M. Wilson.

Fruit and flower committee reported having sent several cards, flowers to a funeral and 14 visits made to sick and shut-ins. Work committee reported work on hand to be done.

A letter was received from Mrs. T. Palmer, who is having an enjoyable time visiting relatives and friends overseas.

Twenty-four members joined the church recently.

It was decided to hold the next meeting on September 5th, to plan for the annual supper. The meeting closed with the Mizpah Benediction and supper was served by the hostesses, Mrs. A. Jones, Mrs. F. Williams and Mrs. L. French.

## Conference Ends, Crisis Begins

Many qualified Western observers believe the London conference failed to lessen greatly the danger the Suez crisis may yet explode into war.

Too many matches that are lying near a tinderbox could set the Middle East or all the world in flames, these sources say.

Here, in their view, are some of the developments which might touch off an explosion:

1. A walkout of foreign canal pilots. With 59 absent on leave from which none has returned, there are only 146 canal pilots on duty. That is scraping the bottom of the number required to keep up with the daily traffic load.

What would happen, Western observers ask, if the 50 or more French and British pilots here simply refused to work for the Egyptian company and demand exit visas to go home?

If President Nasser turns down the 18-power proposal for internationalizing the canal, as he is fully expected to do, they might do that. If Egypt lets them go, or cannot force them to work, canal traffic would be badly crippled. That might bring about an intervention which Egypt has said she would resist.

But if Egypt refuses to let the pilots go, or tries to force them to work, this too might bring drastic action by Britain and France.

2. A canal blockage. What would

happen if a ship in a canal convoy grounded, sank or blocked passage? It's a narrow canal. Accidents have happened before — the latest one a little more than 18 months ago. It could happen again, if some pilots became sufficiently bitter at being denied leave and forced to work for the Egyptian company. It could also happen by accident or, through inexperience, if green pilots are rushed in too quickly to fill the gaps in the ranks of the veterans.

Such a blockage, if traffic could not be restored soon, also might be taken as the cause for intervention.

3. A new case of Egyptian discrimination against shipping. London conference delegates were alarmed by a Cairo report that Egypt might stop British and French ships if British and French pilots refused to work. This report later was denied officially. One Cairo newspaper speculated, however, that an instance of discrimination "might be provoked intentionally." It published a roundabout story from Jerusalem that Britain had promised to repay Israel for loss if Israel would attempt to send another of her ships through the Suez Canal.

Egypt already has stopped one Israel ship and says bluntly she will stop any others.

There is outward calm in Cairo. But the widely circulated Al Akhbar warned: "The conference has ended, the crisis has begun."

### 'HELPFUL' EAST SETS CONTRACT

When a skillful opponent goes out of his way to help you, the time has come to watch your step. South lost his game contract in today's hand when he accepted a Greek gift.

East won the first two tricks with the top clubs and then led a low club. South ruffed with a high trump and was delighted to find that West did not overruff.

Somewhat to his surprise, South now had the chance to take a finesse in trumps. He led the queen of hearts and let it ride around, losing to East's singleton king. Declarer made the rest of the tricks, but he was already down one.

If South had been unable to get to his hand for the trump finesse, he would have begun the trumps by taking dummy's ace. This would have dropped East's singleton king, and South would have made his contract.

East could see that his singleton king would drop, and he therefore deliberately gave South a chance to reach his hand and take a losing finesse. South should have seen that it wasn't necessary for East to enter his own hand.

so deliberately, he surely wanted South to take the finesse. South should have had the wit to understand that what was good for East could not also be good for him.

### CARD SENSE

Q—The bidding has been: North East South West  
1 Club Pass 1 Heart Pass  
1 Spade Pass ?

You, South, hold:  
Spades 7-2, Hearts A-K-Q-J-9-8-4, Diamonds 8-2, Clubs K-5.

What do you do?  
A—Bid four hearts. This jump shows a suit that can play at slam opposite a singleton or even a void. If North has a really good hand with enough aces, he can try for a slam without worrying about the hearts.

### TODAY'S QUESTION

The bidding has been:  
North East South West  
1 Spade Pass 1 N.T. Pass  
2 Hearts Pass ?

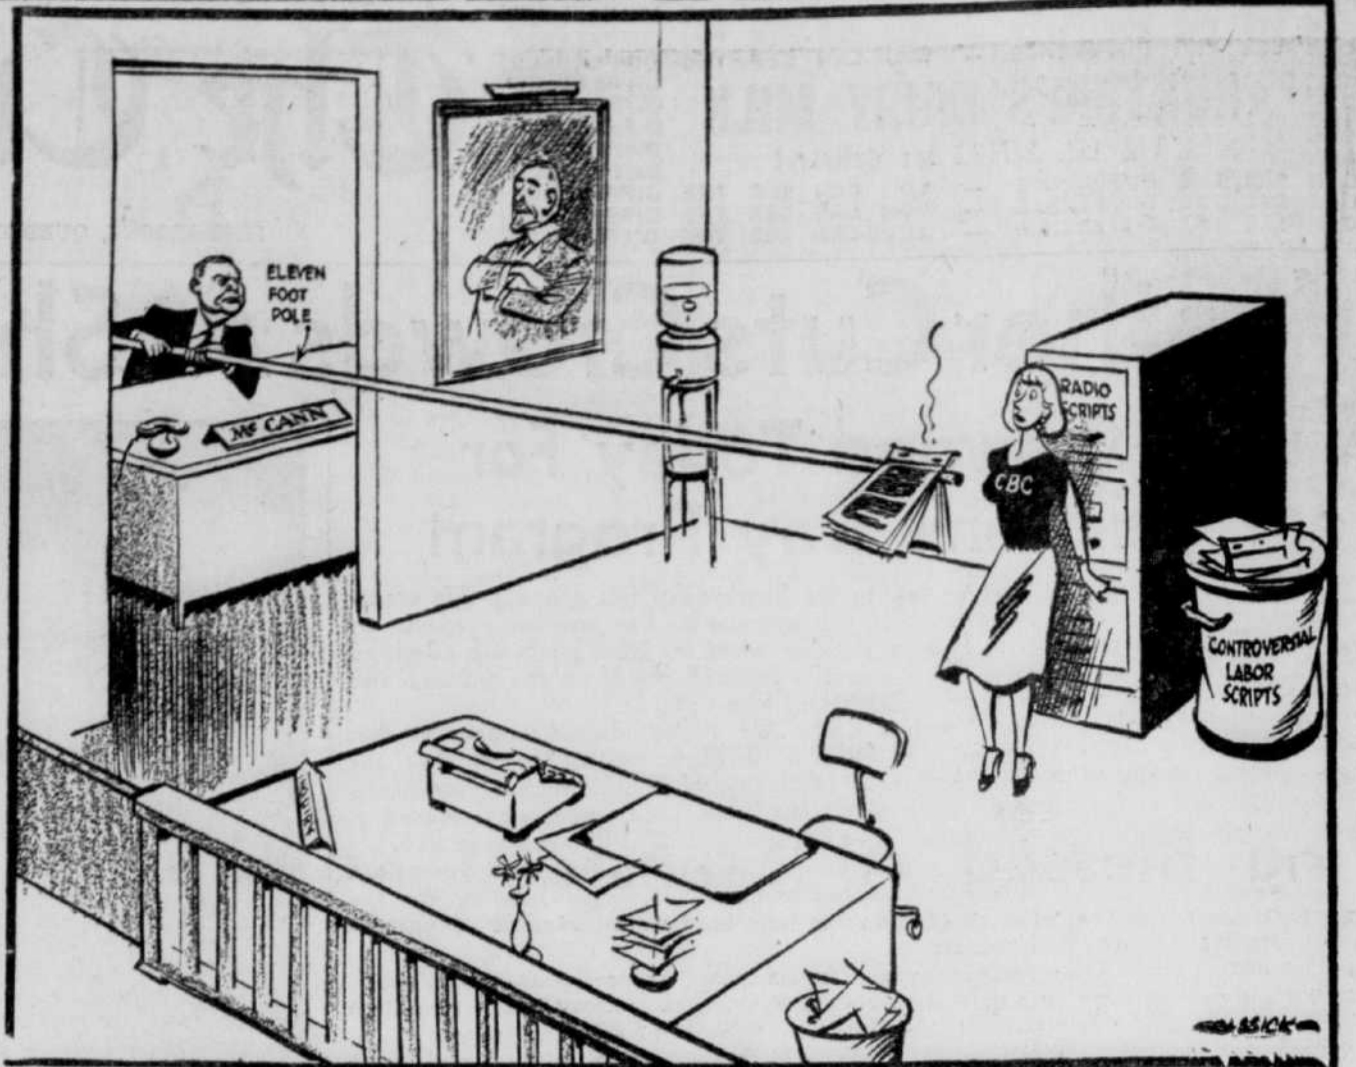

You, South, hold:  
Spades 7-5, Hearts 8-6-3, Diamonds K-J-9-5, Clubs K-8-3-2.

### INFANT DEATH RATE

(Edmonton Journal)  
The Bureau of statistics, in a recent report on birth, marriage and death rates in 1955, has drawn attention to a disturbing anomaly which has been noted from time to time in these columns. It is this: Canada, while enjoying one of the lowest death rates in the world, loses infants at a rate that is relatively high among Western countries.

The bureau's preliminary figures indicate that Canada's over-all death rate in 1955 remained level at 8.2 per thousand of population. The 1955 figures for other countries are not yet available, but in 1954 the rate of 8.2 ranked Canada

"FILE THIS SCRIPT IN THE FOLDER MARKED 'LABOR: CONTROVERSIAL'"

second only to the Netherlands. This is an excellent record, though, considering all the money and effort devoted to public health here, we should be able to reduce our rate by a few more fractions or points in years to come.

Only a generation ago, Canada's infant death rate was terribly high. It has been reduced dramatically since the mid-thirties, the height of the depression; yet it remains stubbornly above those of the United Kingdom and the United States, for instance. The 1955 rate of 31 per thousand live births was a slight drop from 32 in 1954 but it will almost certainly prove to be higher than the British and American rates for last year.

The explanation seems to lie partly in the fact that Quebec, with considerable percentage of the total population, has a very high rate—38 last year. This counterbalances the comparatively low rates achieved in other parts of the country, especially in the west. At that, Quebec's rate is exceeded by Newfoundland's and almost matched by that of New Brunswick.

light of the Canadian Broadcasting Corporation's staggering deficits—deficits, which according to CBC officials, will be even greater in date future.

## This Is No Sport

Everytime police announce that they are sending unmarked cars to fight traffic violations, there is a hue and cry about "unfair tactics."

But let us not get mixed up. Let us not compare the enforcement of traffic regulations on our highways with a football or hockey game.

The job of nabbing traffic violators is not sport to be played by the Marquis of Queensberry rules, or some such. It is a serious business and should be treated as such, by the enforcers and accepted as such by the motorists.

You seldom find traffic officers hiding behind bill-boards or hedges these days. They used to at one time, but public opinion brought them more or less into the open, out of "fairness" to those who make driving a

game.

It's really no secret that just about everybody speeds at one time or another. Just about everybody has merely slowed down at a stop sign. Few can say they have never double-parked, fewer that they have never parked overtime.

Many of these are minor offenses, with little or no danger attached. But they are offenses against traffic regulations whose whole aim is to protect not only the pedestrian, but the motorist himself.

There should be no complaint against the traffic ticket nor the manner in which it was administered.

Perhaps if the police were able to move back behind the bill-boards and trees, there would be far fewer fatalities on our highways.

## This And That...

The Ottawa Journal came up with a suggestion for the man who recently buried his car and reported it stolen in an effort to get the insurance.

The Journal suggested it was somewhat pitiable to see so much energy put to so bad a use. A man capable of digging a hole big enough to contain his car, the paper observed,

should have some way usefully to employ his singular talent.

The Journal offered him this employment counsel: Get a job with a circus to bury dead elephants.

## BYGONE DAYS

### THIRTY YEARS AGO

From the Record of Fri., Aug. 27th, 1926.

Forty-four men lost their lives in an explosion in a coalmine at Clymor, Pennsylvania.

Officers elected at the annual meeting of the Lennoxville Branch of the Bible Society were: W. W. Baker, James Stewart, Miss M. O. Vaudry, W. H. Abbott and C. J. Lane.

Three hundred school teachers have been dismissed in Mexico for their refusal to answer a government questionnaire on their religious affiliations.

The lining up of the candidates for the coming general elections is progressing rapidly and both parties expect to have their Eastern Townships ranks filled by the weekend.

The Spanish government has made a formal demand that the International Zone of Tangier be attached to the Spanish-controlled area of Morocco.

### TWENTY YEARS AGO

From the Record of Thurs., Aug. 27th, 1936.

The Spanish Government is seeking to consolidate all the local militia organizations into a single army in an effort to break the hold of the insurgents on many areas of the country.

Trouble is already facing the newly-installed Union National government at Quebec, with two followers breaking away from the party in protest against the increased English-speaking representation in the cabinet.

Dr. Hjalmar Schacht, Nazi

Minister of Finance, is urging foreign economic aid for the Reich as the best means of combatting growing militarism.

Prize-winners at a fancy dress ball given by the Bromo Lake boat club were, Miss Joyce Heslam, Miss Eleanor Leggett, Billy Roberts, Ian MacAuley, Miss Margaret Armstrong, Miss Margaret Hayman, Fred Mulligan and Charles Turner.

### TEN YEARS AGO

From the Record of Tues., Aug. 27th, 1946.

Hamilton looked anxiously today to what it expected to be the climax of a series of dramatic developments in the wage-hours strike called July 15th, against Canada's basic steel plants. An estimated 400 out-of-town law officers, R.C.M.P. and provincial police, re-inforced the City police controlling the picket lines about the Steel Company of Canada, of members of the United Steel Workers of America.

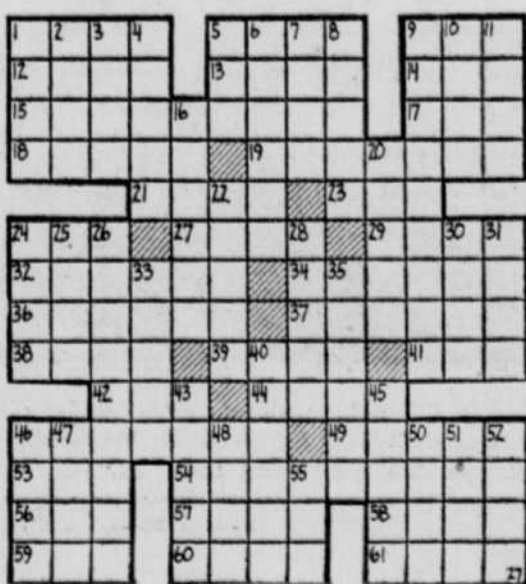

Australian delegate, J. A. Beasley brought the Paris Peace conference to its feet today with a blistering attack on the Russian delegation which he accused of "lies", "intimidation" and "power politics." The burst of high-powered oratory ended amicably, however, and as the conferees left the room, the Australian and his antagonist Russian Deputy Foreign Minister Andrei Vishinsky, were seen smiling at one another.

A report from the Quebec Safety League reveals that Quebec's Minister of Lands and Forests, J. S. Bourque, saved his wife, and mother-in-law

from drowning on July 28th, last. They, with his son, Pierre, were rowing across the Montmorency River when their boat capsized. The Quebec M.P., watching them on shore, swam to their rescue and carried the two ladies to safety.

### Wing Blessed At Stanstead Re-Union

STANSTEAD (Special) — The Stanstead Ursuline Convent Alumnae re-union over the week-end was highlighted by the benediction of the new St. Joseph's wing.

Mass of Thanksgiving in the school Chapel. The welcoming reception was held at 11 a.m. in the new auditorium in St. Joseph's wing. Seated on the stage were Rev. Sister of the Sacred Heart, Miss Maria Anna Genest of Quebec, president of the Alumnae, and her executive, Mrs. Edward Thompson and Mrs. Gilles Grenier, of Stanstead, Miss Alice Gilmore and Mrs. Leo Gilmore, Derby Line, Mrs. L. Hebert, Sherbrooke, Mrs. Kay Waterman, Rock Island and Miss Maria Veireault, Quebec.

The new wing will allow for the accommodation of another 225 resident students and was erected at a cost of approximately \$300,000. The Ursuline Order came to Quebec from France in 1639 and in 1884 the convent was built in Stanstead. Sixty-five years later, in 1949, a new wing was added and in 1950 a second wing, with the third and larger wing being commenced in early 1955 and was finished several months later.

Former students attended from Sherbrooke, Three Rivers, Quebec, Old Orchard Beach, Me., Biddeford, Me., Granby, Sorel Magog, Montreal, Drexel Hill, Pa., Montpelier, Vt., Sillery, Manchester, N.H., Beebe, Newport, Derby Line, St. Marie de Beauce, Lennoxville, Valcourt, Dixville, Grand'Mere, Richmond, Vt., Piopolis, Lake Megantic, Woburn, St. Eustache, Asbestos, Beaufort, Thetford Mines, Abercorn, Barre and Barton, Vt.

### Friends Fete Mrs. John Lowry At Huntingville

HUNTINGVILLE—The home of Mr. and Mrs. Alan Wark was the scene of a delightful surprise party when about 20 ladies met in honor of Mrs. John Lowry, who with Mr. Lowry and Robert are shortly taking up residence in North Hatley.

The early part of the evening was spent visiting, then Miss Ruth Wang requested each one to write a recipe for the guest of honor to use in her new home.

A short quiz contest was conducted by Mrs. W. Evans with Mrs. Turner receiving the prize.

Mrs. Lowry was presented with a sandwich toaster from her relatives and friends, Mrs. W. Evans, who made the presentation, spoke of the hospitality received at the Lowry home first in Milby and then in Huntingville and the regret the community felt at Mrs. Lowry's departure.

After the gift had been admired, a birthday gift of a china cup and saucer was presented by Mrs. Larry Rycraft from the Christmas Club of which Mrs. Lowry is a member. Mrs. Rycraft expressed regret of the club members at Mrs. Lowry's leaving.

The guest of honor thanked her friends for the gifts.

Lunch was served by the hostess, Mrs. Wark, assisted by Mrs. W. Evans and Miss Ruth Evans and Mrs. Evans' two granddaughters, Janet and Pamela Wright. The birthday cake served was made and decorated by Mrs. Evans and presented by little Miss Janet Wright while all joined in singing "Happy Birthday to You."

### BEDFORD—

AUSTIN-

At a special meeting of the municipality of Austin, Peter Galvin was appointed mayor to complete the term of office of John Taylor, who had resigned.

Local Kiwanians chiefly concerned with promoting "La Rigolade" included: Frank Cunningham, Lionel Pizze, Bill Adams and Bob Fillon.

Kiwanian secretary, Bill Lynn, reports that the next project undertaken by Kiwanis will probably be the support and promotion of an Agricultural Display in Thetford Mines.

Details of which are now in the planning stage, but the event is to take place sometime in September.

POPULATION GROWTH

Population growth in Canada in 1955 because of natural increase the number of births over deaths was 313,000.

Kiwanians Present

La Rigolade At Thetford Mines

THETFORD MINES - Some 3,000 people attended "La Rigolade" presented by Molson's Brewery and sponsored in Thetford Mines by the Kiwanis Club. Although rain dampened spirits and possibly kept some of the potential crowd away from the Baseball Park where the affair was held, Frank Cunningham, president of the local branch, reported a successful evening, both financially and socially.

"La Rigolade", which is a French version of the radio show, "People Are Funny", proved both mirth-provoking and remunerative for the 100 or more people who won prizes ranging from television sets to food hampers. Only English show was Mrs. W. Adams, who won a lawn chair and basket of food.

This is the first time an affair of this kind has been sponsored by the Kiwanis Club here, but due to its popularity and success, the experiment will no doubt be repeated. Proceeds of the event, as with all money made by the Kiwanis, will go to the aid of underprivileged children in Thetford Mines.

Local Kiwanians chiefly concerned with promoting "La Rigolade" included: Frank Cunningham, Lionel Pizze, Bill Adams and Bob Fillon.

Kiwanian secretary, Bill Lynn, reports that the next project undertaken by Kiwanis will probably be the support and promotion of an Agricultural Display in Thetford Mines.

## Chores Can Be Timed For Feeling Of Achievement

By KAY SHERWOOD  
DO you budget your house-keeping time as carefully as you do your household finances? Right now, especially, as seasonal cleaning and home care tasks are added to the usual routine, planning your time helps to complete jobs in an orderly, efficient and less fatiguing way.

In a very real sense, time is money to the homemaker who hires outside help. If you know about how many windows you can wash in an hour's time, you've got a much clearer idea of what it will cost you to hire someone to do it for you. You'll be better able to assign tasks to make the most of the time for which you're paying.

In an effort to bring more order into our own household routine, I've been honing up on studies made by home economics professors. And I've been interviewing consultants. My house-keeping requirements are different from yours and yours aren't the same as your neighbours'. But here are general tips that are serving as useful guides to me:

First, analyze the jobs to be done. Think of them in terms of light, moderately light and heavy cleaning. Light housekeeping tasks, according to the specialists, include: polishing silver, brass, chrome, cleaning cooking utensils and oven, delicate bric-a-brac, lampshades, clocks.

Moderately light tasks are: polishing furniture, vacuuming, dusting, laundering of clothes and ironing, polishing major appliances and kitchen cabinets.

Heavy cleaning involves washing walls, floors, windows; heavy washing such as drapes, slip covers, blankets; washing and airing upstairs closets and cleaning in unused areas of the house.

Second, set up a planning board or chart for your time. One graphic way to do this is to use a bulletin board on which to post strips of paper, each representing two hours of your time. White slips for light cleaning, gray for moderate and black for heavier and harder work.

Third, work out a tentative schedule for the week, pinning the slips under a schedule for each day. You may notice, as most of us do, that you have a tendency to schedule all light or

all heavy jobs at one time. A better plan is to provide a variation in the jobs you do each day. If you spend two hours in the morning washing walls, change over to polishing silver in the afternoon.

If you want to keep two afternoons a week open for social or community work, rearrange your housework schedule. Don't worry about taking longer to complete the seasonal tasks.

Try to stick to the allotted time. Use your timer on the kitchen clock as a reminder. For example, if I'm going to wash windows from 9-11 a.m., I assemble materials at 9 and start in. I set the timer for one hour, then at 10 I set it to buzz me at 10:45 to remind me to stop, clean up supplies and put them away.

There are always many interruptions. But you'd be surprised what a feeling of accomplishment comes from knowing that some windows have been washed and that the rest will be finished on schedule.

With a planned schedule to guide me, there's less nagging pressure to "keep after" the windows all day until I'm ready to drop in my tracks and my temper grows short.

### RASPBERRY AND RHUBARB JAM

Ingredients: 4 cups prepared fruit (about 1 qt ripe red raspberries and 1 lb. rhubarb), 7 cups (3 lbs.) sugar, ½ bottle liquid fruit pectin.

Method: First prepare the fruit. Crush about 1 quart fully ripe red raspberries. Slice thin or chop (do not peel) about 1 pound rhubarb. Combine fruits and measure 4 cups into a very large saucepan.

Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon. Then stir and skim by turns 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ½ inch hot paraffin. Yield: about 10 medium glasses or 5 lbs. of jam.

The family will probably eat more nutritious vegetables if they're grown in the backyard instead of coming from the market.

## Finest Compliment Of All Is Yours For Just A Smile

By RUTH MILLETT  
"She has a smile for everybody." That is about the nicest compliment ever paid to any woman. And yet it is one of the easiest to earn.

Most women have a smile for special friends. Some of them always have a smile for a man. But everyday living is easy only for the woman who has a

smile for everyone:  
For the saleswoman who waits on her.  
For the stranger who holds a door, or steps aside to give her room on a crowded bus.  
For the paperboy who comes to collect.  
For the repairman who comes in answer to her call when the washer breaks down.  
For any child who crosses her path.

For her own children, especially when she is asking them Not to do something.  
For the people whose faces she knows but whom she has never met, such as occupants of the same office building or apartment house.

For the person to whom it is necessary for her to make a complaint.

For the person who interrupts or asks a troublesome favor. An especially warm smile for the shy person, the newcomer, or the bore.

Truly, the woman with a warm, ready smile for others lightens her own day and often lightens the day for numerous other people.

And wherever she goes of whatever she does, the friendliness of her smile eases the way.

Why don't more women "have a smile for everybody"?

If there's a newcomer in the neighborhood and you wish to make friends, call on her and set a definite time for her to visit you.

"Come and see me some time" is a bland, half-hearted way to initiate a friendship.

# Sherbrooke Athletics Whitewash Quebec 12-0 In Football Opener

## Get Two Touchdowns In 3rd Quarter; Bob McHarg And Art Buckland Score; Meet Trois-Rivieres Here Next Monday

Scoring two touchdowns in the third quarter Sherbrooke Athletics made their season-opener a winning one yesterday by whitewashing Quebec Bulldogs 12-0.

The victory marked the return of football to Sherbrooke after a two year absence. The Athletics are entered in the eastern division of the QFRU along with Quebec and Trois Rivieres.

During the first half of yesterday's game played at the baseball stadium, both teams seemed content to feel each other out and the Quebec squad fumbled the ball several times, the result of some hard blocking on the part of Sherbrooke linemen.

In the second quarter Quebec was camped on Sherbrooke's door but two pass attempts by Quebec quarterback Dick Torpey, were broken up by the local squad who took over on their 5 yard line. Two passes from quarterback Charlie Warner to end Art Buckland brought the ball well into Quebec territory, but the local squad could not score in the first half.

Rain which fell over the weekend made the field slippery and showers fell continually during the game. Despite this a crowd of 600 turned out to watch.

Coming back fast and furious in the second half, Sherbrooke sparked by fast running Sam Elkas brought the play to the Quebec five-yard line and from there Warner handed off to half-back Bob McHarg who went through the line for Sherbrooke's first touchdown. The convert attempt by Lindsay Smith was not good.

With a six-point lead Sherbrooke did not let up their drive and just a few minutes later the Athletics were pressing for another touchdown. Once again Sam Elkas carried the ball well into Quebec territory and Warner, former Lennoxville High School star, threw a pass to Art Buckland, an end who is just starting on the gridiron.

The convert was again missed but nevertheless Sherbrooke was leading 12-0.

In the fourth quarter Sherbrooke again stopped a concentrated Quebec drive and held the visitors at bay for the rest of the game.

Although coach Berwick's team were not in top season form, the Sherbrooke squad showed the fans a good brand of football and hard blocking on the part of linemen Gaston Bergeron, Bob Lemieux and Vince Rodrigue.

Football was officially opened by Mayor Armand Nadeau who kicked the first ball.

Next week Warren Berwick's team meets the highly rated Trois Rivieres crew. The game will be played at the baseball stadium on Labor Day.

Lineups: Quebec: Torpey, Walling, White, Sweet, Adams, Nichols, Lemieux, Martel, Kean, Ryan, Brennan, Laramee, Kipling, Dugal, Piekos, Letourneau, Lepine, Bignell, Delaney, Noonan, O'Gallagher, Doherty, Savard, Noonan and Rousseau.

Sherbrooke: Warner, Walsh, L. Cote, Vermette, Anderson, Dorey, Leger, Elkas, Lemieux, Forgue, Smith, Chicoine, McHarg, G. Cote, Buckland, Burczyk, Cathcart, Rodrigue, Willems, Jenne, Leprohon, Beattie, Bergeron.

## East Angus Wins S.C.P. Trophy And E. T. Team Golf Title While A. Pepin Cops Individual Honors

Playing on their home course a four man team from East Angus won the Southern Canada Power Trophy and once again successfully defended the Eastern Townships team golf championship title. The annual event was held yesterday but despite heavy rain, a strong wind and temperatures that resembled winter some good scores were turned in by the 36 players who participated.

The four man team that walked off with the honors comprised Bertrand Trepanier, 75; A. Pepin, 74; G. Bernier, 77; Frank Reid, 75. In the two ball Trepanier and Pepin had 77 while Bernier and Reid had a sensational one under par 69. East Angus had a total of 447 compared with their nearest rivals, the No. 2 team from East Angus, who had 468.

Armand Pepin won the top prize of the day for his individual performance, a four over par 74. He was closely followed by

Gerry Miltimore, past president of the E.T.G.A. and Hugh Brown, the vice-president of the E.T.G.A., officiated at the distribution of prizes.

It was noticed that three of the top clubs in the district, Sherbrooke Country Club, Granby and Cowansville, failed to send a single team.

The course was in excellent condition.

## Phil Rizzuto, Last Of Pre-War Yanks, Is Released From Club To Make Room; Slaughter Obtained From Kansas City

NEW YORK (AP) — Phil Rizzuto, last of the pre-war New York Yankees, was released Saturday to make room on the roster for Enos Country Slaughter, 40-year-old outfielder, obtained from Kansas City Athletics via waivers.

Slaughter, now hitting .279, was sent to Kansas City last year but was brought back to help the Yankees, league leaders despite an outfield hampered by injuries.

Owner Arnold Johnson of the Athletics said Kansas City would receive in exchange a player who now is a regular on the Yankee team and who would be a regular with the Athletics next year.

Out-and-out trading between major league clubs is prohibited after June 15. After that date a player must be put on waivers with the clubs lowest in the standings getting first choice.

Rizzuto, a dominant factor in Yankee successes since 1941, has played but little this season and last week-end announced for the job as 1957 announcer of the Baltimore Orioles games. The Yankees, however, told him that should he decide to remain in baseball a place would be found for him in the Yankee organization.

Few surpassed him in his younger days as a glove man. His best year at the plate was in 1950 when he batted .324 and was voted the American League's most valuable player.

**SWIM RECORD**  
MELBOURNE, Australia, (AP) — John Marshall, former Yale swimming star from Australia, set a new national record for the 100 yards butterfly at the Victoria short course titles night Saturday.

## Whatever Bob Buhl Added To His Pitching Wares May Bring Pennant To Braves; Mantle Gets No. 44

Sometime last winter or last spring Bob Buhl added something to his pitching habits. Maybe it was better control. Or a luck charm. Whatever it was, it may mean a long-sought pennant for Milwaukee's Braves.

The 28-year-old righthander never had won more than 14 games in any of his three seasons in the majors. Now he has 16 successes packed away this season — and seven of them have been over the world champion Dodgers.

Buhl nailed the Brooks for the seventh time without defeat 6-2 Sunday, hoisting the Braves into a three-game National League lead over the Dodgers. It also gave Milwaukee a 4 1/2-game spread over third place Cincinnati, which defeated Philadelphia 10-5, then lost 11-4 for a doubleheader split.

Fourth place St. Louis and New York also split, the Cards breaking the Giants' winning streak at five games 4-3, then losing their own five-game streak by the same score. Pittsburgh took two from the Chicago Cubs as Bob Friend won his 15th with a four-hitter 2-0, then came back for 1 1/2 innings of hitless relief to save a 2-1 nightcap decision.

In the American, Tom Sturdivant gave Detroit just six hits and the Tigers chipped in with five errors as the New York Yankees won 7-0, but the Bengals then took the nightcap 5-4. The split left the Yankees with a 7 1/2-game lead over Cleveland, who defeated Washington 4-1 on Early Wynn's 15th-victory four-hitter. The Chicago White Sox divided with Baltimore, losing 8-1 and winning 5-1. And Boston split with Kansas City, losing 7-6 in 10 innings after winning 2-1.

Buhl, who gave seven hits and six walks but didn't lose his shutout until Sandy Amoros slugged a pinch two-run homer in the ninth, was backed up by Hank Aaron's 20th homer and Johnny Logan's 12th.

Harvey Haddix six-hit the Redlegs in the night cap for this 12th victory. Brooks Lawrence (16-8) was the starter-loser. Ted Klusewski led the Redlegs 15-hit attack in the first game with his 33rd home run.

Hank Sauer's three-run homer in the fourth carried Tom Poholsky and the Cards home in the opener against rookie Joe Mergeneri. Then after Ray Katt and Stan Musial homered for early Cardinal leads, the Giants scored two unearned runs in a winning nightcap eighth.

Friend struck out five while Roberto Clemente's two doubles figured in both first game Pittsburgh runs. Then when the Cubs broke a 27-inning scoreless slump in the nightcap, Friend returned to leave the tying run stranded in the eighth and preserve Ron Kline's 11th victory.

Four of the Yankee runs were unearned in the opener, with Gil McDougald driving in a pair for Sturdivant's 12th victory. The Tigers' over-hauled a 2-0 Yang lead with a five-run third to beat Maury McDermott in the nightcap. Mickey Mantle went homerless.

Rocky Colavito hit a two-run double and socked his 16th homer with a man on for all of Cleveland's runs.

Billy's Pierce, who has won 16, was rocked by Baltimore in the opener with Willie Miranda driving in three runs while Bill Wright checked the White Sox on five hits. Then Gerry Staley 5-1 quieted the Birds with a six-hitter.

Home runs by Dick Gernert and Ted Lepcio did the job for Boston as Willard Nixon won his eighth with Bobby Shantz the loser. But a pair of homers by Gus Zernial and one by Lou Skizas overhauled Boston's 5-2 nightcap lead.

## Four Teams Staging Battle For Top Spot In International With Leafs Holding Slight Edge; Royals Lose

The reckoning day for the International League clubs is due soon, but four teams still are in there campaigning for the title with Toronto Maple Leafs clinging to the first-place perch.

The Maple Leafs, bolstered by the four-hit pitching of Don Johnson, edged Havana 2-1 Sunday to maintain their 3 1/2 game lead over second-place Miami, winners at Montreal 11-7.

In other action, third-place Rochester took two games from Richmond 16-6 and 5-4 while Columbus was beating Buffalo in a twin-bill, 7-3 and 6-3.

Dutch Dotterer produced the Sugar Kings' only run off Johnson as he laced a home run in the third after Toronto had scored in the first and second to take a 2-0 lead. Former major-league hurler Sandy Consuegra went the distance and took the loss, giving up a run in the first on Archie Wilson's homer. A triple by Loren Babe and a single by Ed Stevens accounted for the other run.

Ed Bouchee knocked in six runs to pace the Miami 14-hit attack on Montreal. Larry Novak chipped in with a two-run circuit blast. Miami took an early lead, but lost it when the Royals came up with five in the third to take a 6-4 lead. Six runs in the eighth, however, returned the lead to Miami, and with Tony Ponco and ole Satchel Paige in relief, held on for the win.

A 19-hit attack in the opener by the Red Wings completely overcame the Virginians, before Rochester came up with an extra inning run to take the nightcap. By winning the doubleheader, the Red Wings evened the season's series with the Vees at 11 each. Ed Kasko's single knocked in the winning run in the nightcap.

Columbus, nearing the cellar, fought off last-place Buffalo to remain in seventh place. Russ Sullivan was highly responsible for the double win, collecting six consecutive hits to lead a 28-hit attack for the two games.

## 23 SAVE STROKES

By LAWSON LITTLE  
When distance is required, use the brassie, the driver of the fairway.  
You should have an excellent lie.  
The stance is very similar to that used when playing the driver—slightly closed, the right foot withdrawn from the line of flight. The ball is played a bit ahead of center, almost in a line with the left heel.  
Take the club back low and slowly. The hands should be up almost to the waist before there is any hint of the wrists commencing to cock. The left arm should be straight throughout the backswing as the player finally starts to cock the wrists.  
At the top of the backswing, the weight is shifted to the right side, the left knee still on the same plane as at the start, the left shoulder up under the chin, head in the starting position, the club just a bit below the horizontal.  
Starting the downswing, transfer the weight to the left side. While the hands have but a few inches to travel to reach the hitting position, the wrists unleash the tremendous hitting power which brings the club-head from shoulder height into

contact with the ball. (NEA)

## "The Babe" Is Losing Ground In Her Battle

GALVESTON, Tex. — (AP) — The immediate family of famed woman athlete Babe Zaharias gathered around her bedside Sunday as doctors reported she lost ground in her fight against cancer.

The doctor said she remains free from pain.

The Babe's husband, George, said she "is growing weaker and every day is a crucial one."

First struck by cancer in 1953, Mrs. Zaharias has had four operations, the last about six weeks ago to ease pain.

## Leonard Wins Miller Trophy

TORONTO — Stan Leonard, 42-year-old professional from Vancouver and Lachute, Que., won the Millar golf tournament with a three and two victory over Toronto's Al Balding Saturday. The victory was worth \$1,000.

Leonard, competing in the match play tournament for the first time, entered the final with a two-up win over Bill Mahwinney of Vancouver. Balding beat Norman Smith of Toronto four and two in the other semifinal.

# Als Shade Argos 24-20; Doucette Stars; Sam's Pitching Big Factor

## Hal Patterson Best For Als; Argos Give Good Account Despite Loss Of Key Men; Sam's Pitching Big Factor

MONTREAL — (CP) — Montreal Alouettes, last year's Big Four champions, made their 1956 football debut a winning one Saturday, shading Toronto Argos 24-20 in a game that had its apprehensive moments for the home town fans.

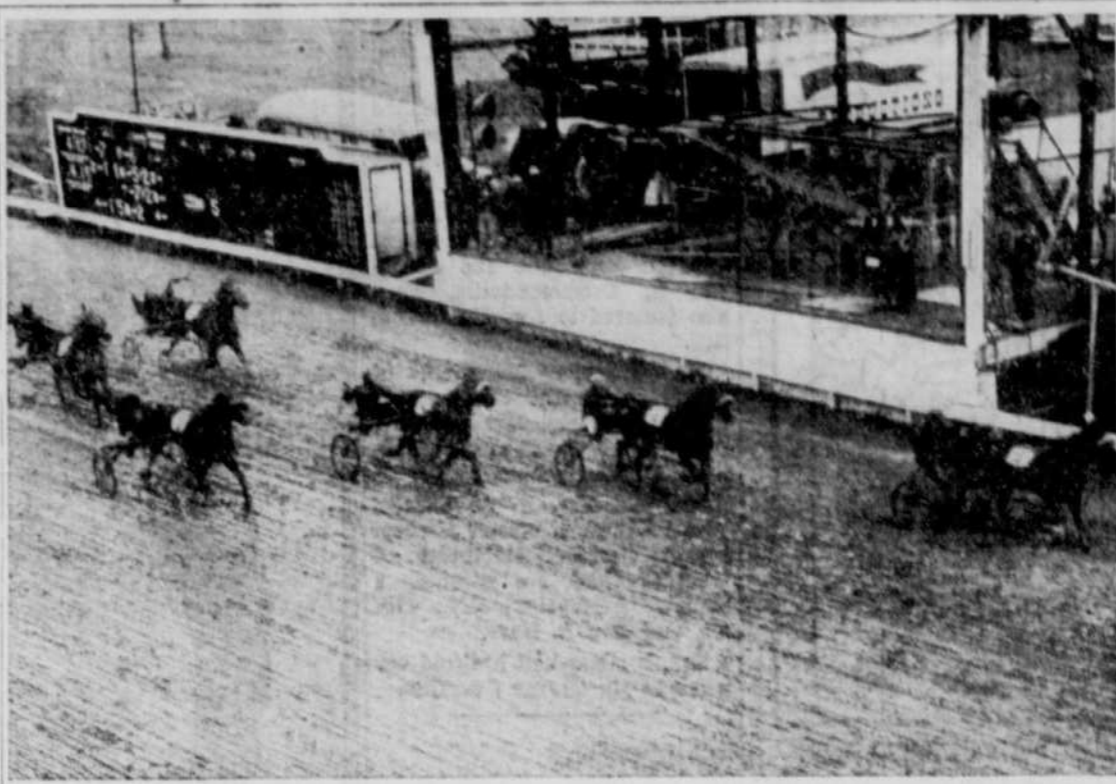

Despite the loss of three key players, the Argos came up with an impressive display and the Alouettes had to count on reliable Sam Etcheverry's passing and Hal Patterson's all-round play to get the Montreal cause moving toward payoff points.

It was the only game of Saturday's Big Four schedule. Alouettes now share first place with Ottawa Rough Riders, who won their opener Wednesday against Hamilton Tiger-Cats in Hamilton. The Als and Riders meet in Ottawa next Friday night.

Argonauts presented a formidable line and capable backfield work. There was a distinct feeling among the fans that had Tom Dubinski, Al Pfeifer and Billy Shipp been in the Argo lineup the result might have been different.

Gerry Doucette, young Canadian quarterback filling in for the injured Dubinski, performed creditably but couldn't keep pace with Etcheverry's passing. Almost invariably it was Etcheverry who sparked the Montreal drives that turned into touchdowns.

Patterson's pass-catching left nothing to be desired, and on one play he snatched the ball out of Argo Dick Shatto's waiting

## \$684 Quinella Sets High Price On Weekend Card; Coombs' Truly Volo Sweeps "CC" Handicap Pace Saturday

Guilty, a ten-year-old black gelding owned by Leo Theroux of Drummondville, and Amedee Beaudoin's Jean Harvester N teamed up to form the top winning combination of the weekend at the Sherbrooke Race track when they paid the sum of \$684 for the quinella in the sixth race Saturday evening.

The Drummondville horse driven by F. Newell also set the high on a \$6.00 investment when he rewarded his backers \$172.70, \$29.10 and \$22.70 across the board. In the first half of the class the big winner broke just after the start and finished in fifth position but on the second trip driver Newell got his steed away in fine fashion to coast home ahead of the field.

The daily double paid \$40.80 while the other quinellas were \$22.90 and \$10.15. Coombs' Truly Volo, with Buster Huckins driving, walked off with ends of the "CC" Handicap Pace. W. Taylor's Buddie Miller was the other double winner on the card.

This afternoon special races will be staged for the children while tomorrow the weekly card will be resumed with nine classes on the program. Boom Boom Geoffrion attended to the special drawing Saturday night while yesterday afternoon, during the rain, Jacques Plante was the special guest of honor.

Yesterday's card was run off despite the rain and the drivers and horses came in for their share of mud. The track was in the worst condition of any time this year. Mud splashed all over the place but the drivers came up with good performances despite it all.

The times were way below the average and the Free-for-all Jr. Handicap Pace was run in 2.23 and 2.21. This gives an idea of the condition which made things bad all around.

## Johnny Longden Boots Home Two

DEL MARN, Calif. — (AP) — Record-bound jockey Johnny Longden rode two winners at Del Marn Saturday but had to settle for second in the \$16,325 Bing Crosby Handicap, won by Colonel Mack in new track time.

Longden pushing for a world record of wins, brought in Joe Night at \$9.20 and the favored Brooksickle at \$4.60, boasting his lifetime wins to 4,853, just 12 short of the world's record of 4,870 held by England's Sir Gordon Richards.

## Harmsworth Lead Taken By U.S. Boat

DETROIT. — (AP) — A power-packed speedboat from the Seattle Yacht Club roared over the Detroit River racing course Saturday at an averaged speed of 94.772 miles an hour to win the first heat in the International Harmsworth Trophy race over Canada's challenger.

The U.S. defender, Shanty I owned by William G. Waggoner and piloted by Lt.-Col. Russell Schleich, an air force jet pilot, ran away from Miss Superstet in the opening of the best-of-three heats class.

The second heat will be held Monday. Should the challenger win, a third heat will be run Tuesday.

The challenger shot across the starting line six seconds in the lead but lost her advantage in the first half mile of competition. At the end Miss Superstet trailed by two and half miles.

The Canadian boat, with William Braden, Hamilton, Ont., traction company executive at the wheel, appeared to have some difficulty with her engines and made the turns much more slowly than did the defender. Miss Superstet's average speed for the 35-mile course was 89.313 m.p.h.

The Harmsworth Trophy is a bronze plaque representing two powerboats rounding a can buoy in a heavy sea. It is officially known as the British International Trophy for Motor Boats, but more popularly as the Harmsworth from the name of the donor. It was presented in 1903 to the Royal Motor Club of England by the late Lord Northcliffe, then Sir Alfred Harmsworth.

The team, as selected, followed the expected pattern. Six competitors were picked off the Tennessee State team.

Mrs. Brown and Mae Faggs, the diminutive graduate student from Tennessee State, were the only women chosen for two events. Miss Faggs, the only American lass to score in the last Olympics—she took a sixth in the 100 metres—was entered in the 100 and 200 metres.

She also probably will run on the 400-metre relay team. The Yanks are the defending champions in this event and Miss Faggs handled the leadoff leg in 1952 games.

GRAND BACKWARD VIEW—Bobby Hiers finds the water fine at Cypress Gardens, Fla., and the backward view even better. The pretty picture is that of Joan Faye Binette.

SHOOSH!—Sheila Hoskins' feet and ankles vanish into wet sand completing a broad jump in the Women's Amateur Athletic Association Championships at London's White City Stadium. The 19-year-old miss holds the British All-Comers and English native record—20 feet, 21 inches.

## Record Crowd Of 32,000 Expected In Empire Stadium Tonight When Lions Play Host to Edmonton

A crowd of 32,000—a Canadian record for a regular league game—is expected in Vancouver's Empire Stadium tonight as Edmonton Eskimos and British Columbia Lions battle for the league lead in the Western Inter provincial Football Union.

It's also "Annis Stukus Night" in honor of the former Toronto sports writer who coached the Lions in 1954 and 1955 and was let out after last season. And it wouldn't surprise the football-happy Vancouver fans if their Lions, also-rans in the Wifu the last two years, toppled the Eskimos.

Calgary touchdowns were scored by native Calgarian Baz Nagle, halfback Joe Pagliel and fullback Earl Kenford.

In Regina, Ken Carpenter accounted for Riders other touchdowns while Reg Whitehouse converted all three and booted a field goal. Larry Isbell kicked four singles.

Quarter back Eagle Day and half Bob McNamara scored Bomber's touchdowns while half Buddy Leake converted both and added a single.

## Wet, Windy Weather May Block First Attempt In Lake Ontario Marathon

TORONTO — (AP) — Wet, windy weather today threatened to block a marathon race which could lend Lake Ontario the appearance of a trout stream in spawning season.

Ten screened swimmers were scheduled to thrash across the 32-mile lake today from Niagara-on-the-Lake, Ont., at 3 p.m. EDT (4 p.m. ADT) for \$29,000 in prizes. Several others, uninvited to join the party by the Lake Ontario marathon swim committee, threatened to crash the party.

The weatherman, however, also indicated possible interference. He promised showers and thunderstorms with southwest winds of 20 miles an hour gusting to 35 miles an hour.

The swim committee has ruled that in the event of unfavorable weather the race will be postponed day-to-day till Wednesday and then cancelled.

## the RIGHT power to move the load . . .

Your Dodge-De Soto dealer has the right truck for your business, because Dodge trucks are his business! Dodge trucks are factory-engineered to fit the job the truck has to do.

And this year Dodge offers a wider range of models, to fit even more hauling needs. Dodge trucks have increased capacities, buskier frames, springs, axles to haul bigger payloads.

As for power to move the load, Dodge V-8's, in medium- and high-tonnage models, are the most advanced in the industry. They provide up to 220 horsepower to really hustle you over the highway. Famous Dodge truck Six, now 125 horsepower, is a modern marvel of economy and dependability.

See your dealer for the right truck, at the right price, for your job.

## Celebrating our 100 years of Banking Service

YOU CAN GET THIS BOOK AT ANY OF OUR BRANCHES

You're invited to drop around to your local Toronto-Dominion Bank for a gift copy of "Selections from Canadian Yesterdays". It's been specially printed as a memento for you to mark our 100 years of banking service. Plan to visit the manager and staff of The Toronto-Dominion Bank in your neighbourhood soon. They will be happy to have you join them in commemorating this important occasion.

### When Fugitive Louis Riel Visited the House of Commons

This fascinating story of Louis Riel's daring is just one of the interesting and informative anecdotes you'll find in our gift book—"Selections from Canadian Yesterdays". You'll read about Riel . . . about the first train from Toronto to Montreal . . . and other authentic vignettes from Canada's romantic past. Remember—you can pick up your free copy of this book at any branch of The Toronto-Dominion Bank during the next few weeks.
