Prominent Westmount Businessman and Sportsman Buried Tuesday, Rev. F. W. Kerr Officiating

A brief illness resulted in the death Sunday of Osmond W. G. Dettmers, prominent in business and sport in Montreal for more than 50 years. Mr. Dettmers died at his residence, 235 Metcalfe avenue.

A native of Montreal and educated at Montreal High School and McGill University, he retired 12 years ago from Lyman's Limited after almost 50 years' service. He was city sales manager on his retirement.

Honorary secretary of the St. Lawrence Curling Club for 48 years, Mr. Dettmers also was an honorary life member of the Canadian branch of the Royal Caledonia Curling Club, a charter member of Whitlock Golf Club, a director of the Royal Guardsians, a member of Westmount Lawn Bowling Club and a member of St. Andrew's United Church, Westmount. He also had been a summer resident of Hudson Heights for 50 years.

Surviving are his wife, the former Elizabeth Pennie; four sons, Robert F., Osmond W., Reginald S., and John E. Dettmers; three daughters, Mrs. G. Arthur Wood, Mrs. Douglas F. Wood and Mrs. Frederick M. Bliss, and eight grandchildren, all of this city.

## Annual Fair Planned By Westmount Rotary

"Come to the Fair"—it's a new slogan around the Rotary Club of Westmount these days. And "Come to the Fair" you must on May 29, 30 and 31 in the Forum. For the Rotary Club of Westmount in keeping with the high standard of entertainment it has set during the past few years, is this year outdoing itself. To raise funds in aid of the underprivileged children for three noted institutions, the Montreal Children's Hospital, the Julius Richardson Convalescent Home and St. Patrick's Orphanage, it has assumed as its responsibilities, the Rotary Club of Westmount is staging an elaborate and really old time Carnival Fair with a Midway full of treasurers and surprises. Entertainment will be provided for young and old and the gala atmosphere prevailing will drive worries and cares away for at least one evening.

**Mascot To Preside**  
 The Rotary Pony, the mascot of the Club, will preside for the three days of the Fair. He has endeared himself to the hearts of adults and children alike, by his intelligence, his gentleness and his tricks, that he will certainly be the centre of attraction as far as the children are concerned.

Glamorous girls, modeling styles of the '30's and gay '40's will vie with their modern svelled sisters of 1941, influenced by the latest creations from New York and Hollywood in two shows daily. Dancing in the Rotary Garden to the recordings of the world's most famous dance bands, a tea room operated by the Rotary Annes, Albert Murray's "Hole in One" Golf Course are but a few of the popular attractions offered.

A modern streamlined version of the ever popular Midway will include amongst other features, "Hoop-la" the latest innovation from New York in the entertainment field designed by Mrs. Whitbourne Bourne, "Sleepy Hollow," "Toy Town," "The Village Grocery," "Tobacco Road," "The Storks Nest," "Dart Hitler's Heart," a booth run by the Royal

Hockey Team boys and one by the Royal Soft Ball Team girls, and many other fascinating spots.

A booth has also been especially designed for the sale of War Savings Stamps, so that those attending may avail themselves of this facility to purchase their week's supply of Stamps.

**Children Aided**  
 In the midst of war, the underprivileged child of the community must not be forgotten. Rotary the world over has concentrated the greater part of its activities to the care and welfare of those children. The Rotary Club of Westmount has undertaken as its responsibility the raising of funds to aid the Montreal Children's Hospital which cares for the sick, the Julius Richardson Convalescent Home that enables convalescing children to recuperate in the most ideal surroundings with proper care and attention, and, the St. Patrick's Orphanage that looks after the motherless and the fatherless.

The cause for which the Rotary Club of Westmount is organizing the Spring Carnival Fair, is a needy one. One of the foremost problems facing society today is the proper care and treatment of sick and needy children, in order that such children reach adult age in a state of health that will enable them to take their rightful place in the life of the nation. More than ever today must these children be protected and given every care to insure their health and usefulness for the future that faces them.

Every year the Rotary Club of Westmount has staged an outstanding entertainment to raise the needed funds to meet its responsibilities. This year, in preference to their annual Ice Carnival, which was abandoned due to the war and the impossibility of securing competent performers, it has undertaken to present a vast cavalcade of fun and frolic, modelled on Rotary Fairs that have been so successfully held in other cities and communities throughout Canada.

"Come to the Fair"—and help Rotary to help others.

Earning his wings before the outbreak of war, he went overseas with the rank of flying officer and served with the No. 1 Fighter Squadron along with several other airmen from Montreal, who set up an enviable record against the enemy. He later was promoted to the rank of flight lieutenant.

Surviving are his mother and father, one brother, Capt. Richard Hyde, R.C.A.F., on active service at Petawawa, and one sister, Shirley, residing at 12 Grove Park, Westmount, he was a member of Eskime and American church.

## M.A.A.A. NAMES W. F. MACKLAIR NEW PRESIDENT

Westmount Man Succeeds S. B. O'Hara—W. McG. Gardner Re-elected Honorary Treasurer

William F. Macklair, K.C., well-known Westmount resident, was elected unanimously as president of the Montreal Amateur Athletic Association for the forthcoming year at a board of directors' meeting following the 60th annual general meeting Macklair succeeds Seymour B. O'Hara.

Another Westmount resident, W. McG. Gardner, was re-elected honorary treasurer. In his report for last year Gardner revealed the association enjoyed its best fiscal year since 1919-1920, despite a \$7,000 drop in subscription memberships. A surplus of more than \$2,700 was realized.

Appointed at the annual meeting, the nominating committee for the coming year will include: Chairman, S. B. O'Hara; H. I. Nelson, S. F. Tilden, Stan Elliott, Wm. Brebner, G. Graham McGoun, Gerald Maguire, C. S. Virtue, Charles Petrie and J. G. Birnie.

Aside from the president and honorary treasurer on the new board of directors' executive committee are F. T. Overton and G. C. Parsons. Other board members are W. B. Earl, Dr. Gavin Chisholm, T. D. Sinclair, Lt.-Col. J. W. Long, E. D. K. D., and Roy Anstie.

Reviewing the various club activities over the past year, retiring president O'Hara discussed in particular the association's contribution toward the Dominion's war effort. He said all members joining active service had their club privileges maintained for duration, adding that the clubhouse had been opened to all officers of the three armed forces.

In addition, various means were taken to raise money for the government and war charities. O'Hara attributed the decline in membership chiefly to enlistments and war work.

## Westmount Men Named As Officers

Three Westmount businessmen, K. H. Olive, A. R. Duffield and A. Pollock were elected to top executive posts with the Better Business Bureau of Montreal, Inc. at the annual meeting.

Mr. Olive of Olive and Dorion, Lt., was named president, while Mr. Duffield, The Investment Dealers' Association of Canada Eastern District, and Mr. Pollock, Henry Morgan and Co. Beswick, Claude Root, General Manager. New directors named were Bernard Courrette, R. H. King, F. M. Marotte, C. V. Curtis, A. Pichel, G. P. G. Dunlop, Edgar Tolhurst, J. D. Hart.

## Local C.P.C. Group Enters New Phase Of Its Activities

Members Are Divided Into Three Groups: First Aid to Injured; Auxiliary Fire Service and Auxiliary Police — City Also Has Been Divided Up for the Purpose of the New Organization — First Aid Certificates Awarded

A course in First Aid to the Injured was recently given by S. S. Bardsley of St. John's Ambulance Association, to a large group of the members of the Westmount Division of the Civilian Protection Committee and they have received their certificates.

The unit as a whole is now entering upon a new phase of activities. Originally organized under the name of "Westmount Patrol," this group of public spirited citizens who have already devoted a very considerable amount of their time and energy to the work of the C.P.C., have recently been divided into three distinct groups for the continuation of their training.

These groups are: First Aid to the Injured, Auxiliary Fire Service and Auxiliary Police. Approximately fifty members under the command of Divisional Chief Warden L. F. Skelton and Deputy Warden H. M. Lyster have been allotted to two first aid posts strategically located in different parts of the City where they will continue their training in First Aid work.

Another group of fifty, under the command of Divisional Chief Warden W. A. Kennedy and Deputy Warden E. Eric Findlay, are taking advanced intensive training in Fire Fighting under the instructions of the Westmount Fire Department and the balance of the unit of some two hundred, under the command of District Wardens Hugh Scott and B. C. Gardner, are continuing their training as auxiliary police.

For the purpose of the new organization, the City of Westmount has been divided, first of all, into two more or less equal halves on

a line running north and south up Abbott Avenue, Melville Avenue, Mount Stephen Avenue, Murray Avenue, Murray Hill and Lexington Avenue and each of these halves has been subdivided into eight zones, each with a zone captain, deputy and ten men.

Training will now be continued on an accelerated scale with two lectures, one drill and one practical demonstration or individual work, each month.

It is the particular duty of each member of the Westmount C.P.C. to familiarize himself with the zone or district in which he lives, to get to know the people who live there and generally to know the special requirements pertaining to his zone and to its inhabitants, in case of emergency. For this purpose, the members will be required to call upon residents of the city in the near future.

Realizing the good work which the Westmount C.P.C. is carrying on, there is no doubt that the residents of the city will cooperate with them in every possible way and will gladly give them any information which they may desire pertaining to the organization of the City for civilian protective purposes.

Those who attended the parade of the R.M.R. and Westmount Air Force Cadets in the Westmount Park a week ago Sunday had an opportunity of seeing some of the members of the C.P.C. assisting the police in handling the crowd which turned out for this ceremony.

They were highly complimented by Chief Gough on their smartness and efficiency and the very considerable assistance which they provided for the regular police, on this occasion.

## HEALTH BOARD OF WESTMOUNT JOINS DRIVE

Supports Montreal Health Department in Campaign For Prevention Of Diphtheria

The Health Department of Montreal is making an exceptionally active drive in the prevention of diphtheria, and the Health Department of Westmount is bringing the matter to the attention of Westmount citizens.

It has been shown in many of the large cities of Canada that from 90% of the children from six months to ten years have been immunized, cases of diphtheria have disappeared from their midst.

It is seldom that cases of diphtheria occur in the City of Westmount, and this desirable condition can only be maintained if parents see that their children are immunized against the disease.

Diphtheria is still the most serious disease to which children are exposed, and parents are urged to give their children this protection. Children of parents of low income will be immunized free by the Medical Health Officer at the City Hall.

### DRESS UP FOR VICTORY!

A tremendous task faces all of us in raising the huge amount now asked by the government to further finance the war, but if everyone will do his share we'll go over the top again. It is vitally important that we do so, for failure to raise the requisite amount will be interpreted as lack of enthusiasm for the cause or lack of the resources to pay for the war. If we don't make the grade, there will be rejoicing in Berlin and Moscow, for our enemies watch closely our every success and failure.

The Victory Loan campaign starts just about the time the citizens begin putting up the flags to celebrate Victoria Day, and an excellent suggestion has been made that a few extra flags be run up and some extra pieces of bunting hung up and left on display until give the campaign a carnival tone. Let's dress the Victory Loan campaign is concluded. Let's up for victory. Let's take time by the forelock and celebrate, for the raising of this loan brings victory closer. A display of flags and bunting will help the workers, too. There is nothing like enthusiasm to maintain morale. Most of these workers are putting in a great deal of effort and long hours without pay. Their only reward is the satisfaction of doing a patriotic duty well. They have a huge task ahead of them. Let's all help generate the enthusiasm necessary to send the loan sailing past its objective. Get out the flags!

### CELEBRATE 24TH SANELY

Despite the grave news from Europe, local residents plan to celebrate Victoria Day in the good old way with fire crackers and aerial pyrotechnics. It is one way of expressing our love of country and of commonwealth. But the custom is dangerous, and it is appropriate

therefore to issue a warning to take the utmost care with these things. Some of them carry a considerable amount of powder, and the aftermath of the Queen's Birthday is usually marred by burned and mutilated fingers and hands. Take no chances. Hold nothing in your hand you're not sure is safe. Celebrate carefully. You can have just as good a time.

### PAINLESS CHARITY

Many advantages are to be seen in the proposed method whereby charitable appeals would be met out of funds established in the individual industries and businesses and contributed to regularly in small amounts by the employees. The plan has the merit of assuring a constant supply of money for worthy objects. It also relieves the people of frequent large demands on their resources, making their giving virtually "painless."

It has one drawback, however. Charity benefits those who receive it, however it may be given. When donations must be made at some sacrifice, the giver also benefits. "Giving till it hurts" is a character builder of some importance.

### FORCE FOR UNITY

By his very appearance before a Toronto audience, His Eminence Rodrigue Cardinal Villeneuve advances the cause for which he pleads, greater Canadian unity. There have been times when it would have been unthinkable that a Prince of the Roman Catholic Church could speak to an audience of mixed religions in that city.

The fact that he did speak there, and that he said the things he did as to the relations between the sects and races in Canada, is simply another indication of the real unity which is growing up in this country. The Cardinal is advancing the work so splendidly begun by Premier Goudbout of Quebec. They are two of the most influential men in this inspiring the French-Canadians to meet their compatriots of English descent more than half way in the matter of language and religion.

If the charge could ever have been justly made that the French element was the disuniting force in this country, it cannot be put forward today. In fact, it behoves the English-speaking Canadians to see to it that they do not find themselves in that position.

### CALVARY CHURCH

The preacher in Calvary Church next Sunday will be Rev. Wm. Reid. At the morning service the subject will be "A Presence that Disturbs," and at the evening service he will preach on the theme "The Way to a Conquering Faith."

Rev. Mr. Reid has charge and oversight of the pastoral work of the church until the end of June and will be glad to be of service to any one in case of emergency. On Tuesday the Red Cross Unit will continue to work from 10:30 a.m. to 4:30 p.m. and in the evening at 7:30 the ladies who cannot attend during the day will meet for this important task.

The movies for the children will be held on Friday evening, and the picture out week is "The Newsboy's Home."

### Westmount Baptist Church Notes

Rev. J. A. Johnston will occupy the pulpit at both services in Westmount Baptist Church on Sunday. The sermon themes are chosen with a view to bringing challenge and inspiration and encouragement to all who attend the services.

The Baptist Young People's Convention of Ontario and Quebec will hold its Jubilee Assembly in Yorkminster Church, Toronto, over the week-end of May 23rd to 26th. The Mid-Week Fellowship of Westmount Baptist Church is held each Wednesday evening. This gathering is open to all desiring to attend.

### 3,000,000 LLAMAS

About 3,000,000 llamas are in the Andes, according to a recent census.

### LESS UNEMPLOYMENT

Unemployment in Switzerland has decreased nearly 50 per cent in the last year.

## THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

### In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

For 111 years the Boston Transcript carried the views of the Back Bay and Cambridge and now it disappears leaving a gap which even the immigrants who came much later than those on the Mayflower will feel. There is a good story about the Boston butler who told his employer that "three reporters and a gentleman from the Transcript" were waiting to see him.

It thought in the past; it gloried in the past and judged by the past and now belongs to the past as was the case with the Morning Post of London, G.B., when there were not enough diehards to support it.

With nine tractors, tillers, cultivators and seed drills, neighbors gathered at the farm of Mr. and Mrs. R. L. McCambly, near Air-drie, Alta. and prepared and seeded 155 acres. Even the garden and potato plots were prepared. Mr. McCambly has been ill for some months.

The Jane Addams of London, G.B., died recently Miss Mary Hughes was the daughter of Judge Hughes, the author of Tom Brown's Schooldays, who was at Rugby when Arnold was his head. She won honors for herself. She spent her days among the poor of Whitechapel, living in a tiny room in an old public house. It is said she lived on bread and cheese and refused luxuries sent by her friends. She had sat on Charles Kingsley's knee and had known Browning, Tennyson and Holmstrunt Hunt.

Lord Horder, outstanding physician, who has done so much to provide and improve shelters, praised those who remain in their homes, thus reducing the problem of providing shelters. He said: "This cataclysmic upheaval has opened our eyes to slum conditions. For many of these citizens what the authorities had been able to establish, represented better and happier conditions than they had before night bombing began."

In times like the present it becomes more and more imperative that we should understand why we consider literature to be important. There is no point in howling that culture is threatened if we can show no reason why it ought to be preserved. We must understand that the importance of the arts is bound up with the importance of life, that art means something only because human life means something, and that the forces which produce suffering and death on the physical level also produce corruption in art. We do not need to divide man into a political and aesthetic animal, and that is fortunate, for a few could survive the operation. No culture can be depended by those who have lost sight of the whole man.

### "Soul and Body" Text of Christ Science Sermons

"Soul and Body" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, throughout the world on Sunday. The Golden Text is from I Thessalonians 5:23. "I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens." (II Corinthians 5:1).

A scientist has invented a new microscope which magnifies things 100,000 times. Just the thing for Dr. Goebbels!

## STRESSES NEED FOR EDUCATION

### College Dean Warns Against Current Lure of Jobs in Industry

Last week the West-Y Club held its regular bi-monthly supper meeting in Association Room of the Y.M.C.A. Speaker of the evening was Dean Hall of Sir George Williams College, who chose for his subject "Vocational Self Guidance." Mr. Hall mentioned a number of personality, aptitude and intelligence tests which could be used by young men but stressed the fact that keen self-analysis was important in choosing one's vocation. He stressed the importance of education and made a strong plea that the members should not be lured by attractive offers in industry at the present time which if taken would mean shortening their period of education. Ross Nicholson, president of the club, was in the chair. Gordon Kobayashi introduced the speaker and Bruce Cunliffe thanked Mr. Hall for his interesting address.

"The Philadelphia Story" Now Showing At Monkland

If you want to laugh long, loud and often, take a tip and don't fail to see Cary Grant, Katharine Hepburn and James Stewart in "The Philadelphia Story," the comedy of the year, which opened yesterday at the Monkland United Theatre playing until Saturday night. It presents a dazzling new Hepburn as a comedienne of the first water, with versatile Grant and Stewart as her gay companions in a picture that is fresher, wittier and brighter than any of recent memory.

From the moment Grant pushes Miss Hepburn in the face and walks out to become her ex-husband, the film moves with fast paced, breezy action, punctuated at intervals with surprise laughs, because this is a picture that follows none of the familiar formulas.

Intolerant Socialite

The setting is a Philadelphia home of the socially elite, and Miss Hepburn plays a girl of high ideals who has no tolerance for human frailties, particularly in a husband. That's why she gets rid of Grant. He has a few faults. When Miss Hepburn picks a second husband, she chooses a stalwart man of the people, played to the hilt by John Howard. Grant, realizing that she is making a mistake, causes a sensation by returning for the wedding. He brings with him Stewart, a reporter for a keyhole magazine, and Ruth Hussey, Stewart's girl friend. They proceed to make Miss Hepburn's life miserable, but she fights back until her own

foot slips and she sees the light. It would be giving away a novel and clever plot to reveal which boy gets the girl.

Excellent Cast

There is no one top performance. The stars are perfectly cast and uniformly excellent, as are the featured players. Roland Young gives his usual fine performance as Miss Hepburn's slightly daffy uncle, John Halliday and Mary Nash are fine as her parents and little Virginia Weidler shares the laughs as the younger sister, who hears, sees and says everything she shouldn't. Adapted from Philip Barry's New York stage hit, in which Miss Hepburn starred for fifty-two weeks on Broadway, the picture was brilliantly directed by George Cukor, who has a rare touch for comedy tempo. It was produced by Joseph Mankiewicz.

INTRIGUING BRITISH COMEDY FOR THE SNOWDON

Lovely Karen Verne and handsome Rex Harrison in a scene from the thrilling, adventure-filled British comedy, "Spy In The Pantry," which is now playing at the Snowdon United Theatre.

"THE LADY EVE"

Barbara Stanwyck's aggressive ardour seems to have put Henry Fonda in a temporarily uncomfortable situation. The scene is from the new laugh hit, "The Lady Eve," which opens at the York United Theatre on Saturday playing until Tuesday night.

"LET GEORGE DO IT"

George Formby and Players in a scene from "Let George Do It," which opens at the Westmount United Theatre on Sunday playing until Tuesday night.

"KITTY FOYLE"

Ginger Rogers and Dennis Morgan are seen in this shot from the picturization of Morley's popular novel, "Kitty Foyle," which opens at the Monkland United Theatre on Sunday playing until Tuesday night.

York Shows Film Version Of Noted "Tobacco Road"

Stirring, forceful, human and packed with dramatic dynamism "Tobacco Road" is pictured vividly on the screen of the York United Theatre playing until Friday night. Filmed with striking realism, and blending tragedy with lusty humor, this 20th Century-Fox production is a jolting, not to be missed entertainment experience for all, including those who saw it on the stage.

All of the characters in Jack Kirkland's famed and much discussed play, who stirred the imagination of the theatrical world with their warmth, vitality and rugged humor, come to life under John Ford's brilliant direction. Heading a superb featured cast are Charley Grapewin, Marjorie Rameau, Gene Tierney and William Tracy.

Personifies Play

For delicate shading of a difficult character role, veteran Charley Grapewin's Jeeter Lester far surpasses anything ever seen on the screen. This tragic, lusty figure of the dispossessed is the personification of everything that is "Tobacco Road."

Many are already familiar with the thrilling drama depicted in "Tobacco Road." Essentially it is the story of hungry people, their tragedy and comedy, all brought together in a superb script by Nunnally Johnson.

More Powerful

As Sister Bessie, the colorful, hymn-singing evangelist in "Tobacco Road," Marjorie Rameau is splendid. Gene Tierney, who seems destined for stardom, turns in a convict-like performance as Ellie May, while young and talented William Tracy is seen as Dude Lester. The castine is brilliant throughout with Dana Andrews, Slim Summerville, Ward Bond, Grant Mitchell and Zeffie Tilbury also featured in powerful featured roles.

A memorable stage play, "Tobacco Road" is even greater and more powerful as a film. Intensely absorbing moving and entertaining—it's great fun from the opening to the final scene. 20th Century-Fox has made the most out of the screen's most valuable property. It's the finest motion picture of our time.

"Adam Had Four Sons" Is Featured At Westmount

When Ingrid Bergman arrived in Hollywood an old town jinx was on hand to meet her. The jinx grinning, followed the Swedish star home. He moved right in. Then he started following her to Columbia Studios every day, perching on the sidelines as she worked with Warner Baxter in "Adam Had Four Sons," the actress' new American picture now at the Westmount United Theatre playing until Saturday night.

How long will the leering individual hang around? That is up to Miss Bergman. If she can chase him away she will earn the gratitude of every foreign star who has ever come the tongue. The trouble is, you only speak it. You don't think and feel in the new language. As a result, some of the old "oomph" is gone.

Language will never handicap this lady. She speaks English flawlessly, partly because she learned it as a girl in Stockholm, and during the past year she has spoken nothing else. Following "Intermezzo," her first local picture, with Leslie Howard, Miss Bergman made her home in New York and played in a stage revival of "Liliom."

Still on the same subject, it is worth noting that Ingrid Bergman is probably the only player ever to star in four languages. In addition to Swedish and American films, she has rated top billing in French and German talks. "Adam Had Four Sons," should go a long way toward helping her succeed where most of her sisters have failed. The picture is based on Charles Bonner's best-selling novel, "Legacy," a beautifully-drawn study of American family life, of a father, his sons, and two women.

The central theme is Baxter's

20-year struggle to bring up four motherless sons. Miss Bergman as a French governess, quietly help him and finally rewarded for her devotion. Others prominently cast are Fay Wray, Susan Hayward and Helen Westley, with Richard Denning, Johnny Downs, Charles Lind and Robert Shaw playing the boys. Gregory Ratoff directed.

Miss Bergman's new picture should help her shatter the jinx, which brings to mind some of the girls who weren't so fortunate when they got so far from home.

One of the earliest invaders was Pola Negri. Pola did all right in silents. Then sound came along and hushed her career.

MRT Revue Will Come To Windsor

The bright, gay Tin Hat Revue which has brought laughter and entertainment to more than sixty thousand men of Canada's armed forces in camps and barracks all the way from Petawawa to Valcartier will be presented at the Windsor Hotel ballroom next week for the public as the final major production of the current season of the Montreal Repertory Theatre.

There will be four performances from Monday May 26th to Thursday May 29. The first two will be with regular seating and for the last two the audience will be seated at tables where refreshments may be obtained during the show. Brightly costumed production numbers honor the Navy, Army and Air Force with Florence Jenkins and Jackie Hearn as vocalists and the Tin Hat chorus in routines devised by Norma Darling; Robert Goddier and Lionel Murtou well-known comedians carry the snappy military humor in which the show abounds, aided by Eileen Clifford, Cortland MacNeil has new variations of his one-man swing band; the Tin Hat quartet sings of army life and Jack Clifford, the genial master of ceremonies and Fred Gross and Shirley Marson with their smart double piano work keep the whole show moving smoothly at top speed.

The 1941 edition of the Tin Hat Revue is described as more entertaining and elaborately dressed than that which was received so enthusiastically at the Windsor Hotel last spring. The show is played on the gaily-colored Tin Hat stage, complete with lighting system, public address system and all necessary equipment which is used in the camps and drill-halls.

SNOWDON HAS ACTION-PACKED BRITISH DRAMA

A suspenseful, action-packed tale of high adventure and gay romance, filled with intrigue and break-neck excitement, "Spy in the Pantry," latest British production which is now playing at the Snowdon United Theatre.

The new film stars, Rex Harrison, the handsome, sophisticated, debonair young Englishman seen here many times, appears as an airplane crash victim who recovers consciousness to find himself in a Paris hospital being treated for a bullet wound. Determined to learn how he came to be shot, concerned about events of the ten days during which he had suffered from amnesia, he attempts to retrace his steps.

And he discovers himself mistaken for the chauffeur to a French general and to his lovely grand-daughter, and that he is also accepted as the "boy friend" of an attractive maid in the general's home. More important, the young Englishman learns, both he and the maid are accepted members of an enemy spy ring. "Spy in the Pantry," after this introduction, plunges into one of the swiftest, most entertaining narratives. Lovely Karen Verne has the leading feminine role.

Added Attraction

Music lovers will find real enjoyment in "Her First Romance," starring Edith Fellows and Wilbur Evans, which is the second attraction on this double program. Evans, one of the most popular singing stars of the concert stage, has sung with such outstanding personalities as Jeanette MacDonald, Rose Bampton, Lauritz Melchior, Margaret Speaks and Helen Jepson. Miss Fellows plays her first real singing role in this feature, and reveals a beautiful coloratura soprano voice. The picture is based on the Gene Stratton-Porter novel, "Her Father's Daughter."

Special News of the Day and other short entertainment will be included.

## Excellent Program Acted By Well Know Disease

Perfect artistry and remarkable versatility characterized Doreen O'Brien's program of modern and historical sketches, presented on Tuesday evening in Victoria Hall. Miss O'Brien is well known to Montreal audiences as a diseuse, and added to her laurels with a thoroughly entertaining, well balanced program.

Doreen O'Brien's lovely, flexible voice and sensitive acting were under perfect control, and the sketches presented were each memorable, the diseuse seeming actually to become the character she interpreted. This close relationship of actress to role is probably due to the fact that each sketch was created by Miss O'Brien herself; nothing jarred or seemed out of place.

An amusing sketch of the prize giving at a girls' school demonstrated the completeness with which the solo dramatist can enter into her roles; whether as a stiff school mistress or a fluffy-brained guest of honor, she held the audience's interest and attention.

The most appealing of the modern sketches was the delicate and sad "Come Sue," in which Doreen O'Brien created with extraordinary skill the happiness and tragedy of a little child, interpreting the drama so sincerely that she seemed to build other characters out of the empty air.

For sheer cleverness "The Sisters," a study of two old ladies, was the most remarkable of the modern sketches. Following upon the aristocratic quietness of the old ladies, the sketch of a raucous Lancashire woman on a crowded tram again proved that Miss O'Brien can act anybody's part and act it well.

Of the historical sketches in the second half of the program, the most striking was the one in which Queen Mary Tudor gradually realizes her tragic loss after the fall of Calais in 1556. This scene showed the harsh and shrewish Mary broken slowly by blows of fate. Doreen O'Brien made Mary seem pathetic and human as well as cruel, and the portrait was powerfully drawn.

"Provocative Anne," a subtle and amusing imaginary sequel to a scene from Shakespeare's "Henry VIII," the diseuse again proved her versatility, for the sketch of Anne Boleyn's light-hearted and shrewd flirtation with Henry VIII fell into place with the rest of the program — nothing was overdone.

# Royals, Dodgers Win In Senior Softball Openers

## HOME RUN BY ERIC FLEET GIVES ROYALS 9-6 VERDICT OVER GRADS IN FINAL HEAT

### Outfielder Belts First Ball Pitched For Circuit, With Two Out, Breaking 6-6 Deadlock — Dodgers Defeat R.C.A.F. Squad 12-5 in Second Game — Bill Leonard Tosses Five-Hitter for Dodger Outfit

There may be better ball players in the Municipal Senior Softball League than Eric Fleet, but none of them will ever come through with a more timely hit than this same Fleet did on Friday night.

Fleet, playing right field for Jamieson's Royals came to the plate in the seventh and last inning of the league opener against the Grads with the score tied 6-6, two on bases and hit the first ball pitched by Johnny Cronin for a clean home-run, the ball going between deep left and center field to give Royals a 9-6 verdict.

In the other game of the opening night's play, Dodgers defeated the Air Force team 12-5.

The Royals-Grads game was a pitcher's battle for four innings between the veteran Johnny Cronin of the Grads and Buddy Dixon, hurler for the winners, going into the fifth inning the game was tied at 3-3.

In the last half of the first half the Grads got to Dixon for four hits and three runs, which looked like the game at this moment. Cronin weakened in the sixth however and three successive extra base hits plus a walk, the last hit being a triple by Johnnie Mahaffey with two on, tied the score at 6-6. Cronin walked Daniels and Willock in the seventh, both of whom scored on Fleet's homer. Dixon set the Grads down without any damage in their half of the seventh to end the game.

Donnie Maher, Lloyd Daniels and Buddy Dixon got two hits apiece for the winners while Don Randall got three of the loser's seven hits.

The Grads infield sparked by a dazzling catch by Stan Morgan turned in a flawless performance, but the losers couldn't do much with Dixon's deliveries. The Royals on the other hand banged out an even dozen hits off Cronin, the four extra basers in the last two innings deciding the game.

The RCAF-Dodgers game was closer than it appeared. The winners led the winners batting attack with two hits apiece, one of Romney's going for a double. Sergeant Smith knocked out a home run in the Air Force cause.

Leonard hurled a neat game for the Dodgers, striking out nine men and only allowing five hits.

## WINGS BREAK EVEN IN TWO ENCOUNTERS IN SOFTBALL LOOP

### Top Cyclones 5-4 in Pee Wee League Fixture but Drop 19-15 Decision to Panthers

Although the Red Wings only broke even in their two games during the week in the Pee Wee Softball League, the marked improvement in the play of the team shows that they will be threatening the top two teams before the season is finished.

The Red Wings nosed out the Cyclones 5-4 last Wednesday in the best game played to date in the league schedule, but dropped a 19-15 decision to the Panthers on Monday. The Red Wings were missing three of their star players in this game as they were playing with the Redskins in a hardball double-header.

In the Wednesday game when the Red Wings took their 5-4 decision over the Cyclones, Jack Martin's five hit hurling was the difference between a win and loss. The winners jumped into an early lead only to see the Cyclones come back and tie the score in their half of the last inning at 4-4.

Ned Jakman and Jack Martin opened the Red Wings last bats with successive singles. Jakman was forced at third on Sullivan's fielder's choice but Martin crossed the plate when Harwood got on base safe by a Cyclone error on the play.

John Waterson crashed out a circuit clout for the losers. Ken Black, Earl MacDonald, Jakman and Martin each got a pair of hits for the winners.

The Red Wings outthrew the Panthers in Monday's game but failed to cop the decision, the Panthers winning 19-15. Raymond Orr banged out four of the loser's hits while Steve Galley got three hits and four runs for the Panthers.

## School Is Obscure But Not In Tennis

Little Rollins College, at Winter Park, Fla., has "imported" an array of stars from the rival state of California and set out to make itself a power in the tennis world. Tennis has been made a major sport.

These hopes aren't based on wishful thinking, but on the whistling racquets of Miss Pauline Betz, co-favorite with Miss Helen Jacobs to win the women's singles title; Miss Dorothy Bundy, ranked only a notch behind Pauline; Jack Kramer, sixth ranking male player, and Eddie Alloo and Ed Amark, two of the game's most promising youngsters. Their coach, a 27-year-old professional, Gordon Apar, captained the University of Alabama team a few years back.

Rollins has done well in football, too, for Jack McDowall's team won the SIAA championship in 1940. But the football players had to stay in the minor leagues to win, and the little fellows don't get big headlines in football.

## French Workers Imitate Labor Front of Germany

Marshall Petain's appeal to workers to put aside the idea of separate class organizations and to join a common organization with employers and technicians seems to foreshadow an imitation in France of the German Arbeitsfront or Labor Front. This is not the first time since the defeat last summer that France has displayed a tendency to adopt German methods and institutions.

## SWANS OPEN SEASON WITH 22-12 VERDICT OVER R.C.A.F. NINE

### Win Slinger's Battle In Senior Softball Play — Royals Humble Dodgers, 12-4

The Swans opened up their Municipal Senior Softball League campaign with a 22-12 victory over the Air Force team. This game was played on Monday evening and was a slugger's battle throughout.

No less than eight home runs were knocked out, with Birch of the RCAF team getting a pair of them. Other hitting for the circuit were Jackie Coleman, Owen Claron, Bob Thompson, and Tommie Childs of the Swans, Sgt. Pollock and Jack Keene of the Air Force.

Bob Thompson was the heavy hitter of the night getting a "full house," a single, double, triple and home run. Jackie Coleman playing with a dislocated thumb banged out three hits as did Owen Claron. Jack Keene with four for four was the best for the Airman. Thrasher hurled a fair game for the losers but got little support to talk of.

The Royals took their second straight win of the early season on Tuesday evening when they defeated the Dodgers 12-4. The losers were off to a bad start when Bill Leonard their starting pitcher did not turn up for the start of the game, and did not get going till the score was 6-0 for the Royals.

Buddy Dixon in addition to pitching the game contributed a triple and home run to the winner's cause. John Mahaffey of the Dodgers also hit homers. Read got two other clean hits to lead the loser's batting parade.

## W.I.H.S. HOLDS SWIM CLASSES

### Messrs. Sharp and Murray Conduct Three-Week Session for Boys in All Grades

For a period of about three weeks, Ken Murray and Mr. Sharpe of the Westmount Intermediate School have been carrying on a series of swimming tests with boys of all grades. Some 400 boys were given a swimming ability test to determine whether each boy can swim and also how well.

The local "Y" pool was used for the testing. The non-swimmers and those less familiar with the finer points of the sport are to be given an opportunity to learn to swim or improve their skill at a class to be held in the "Y" pool on Wednesday afternoons from 4 to 5.

Murray will be in charge of the classes. It is hoped that the boys listed for this instruction period will make full use of the opportunity.

A constant check is kept on the water in the pool to make sure that the water is pure and fit for swimming at all times.

## Len Beaton Is Tops Among 'Y' Chessmen

The Westmount "Y" Chess Club has just completed a most successful year. During the year the club participated in two tournaments; the local club lost by a very close margin.

The tournaments between the members were closely contested. Len Beaton proved to be the most skilled in the game, closely followed by Bill McConnell and Peter Case.

## RON MORROW STARS WITH 0-HIT, 0-RUN FIVE-INNING SCORE

### Pitches Aces to 8-0 Victory Over Redskins in Abbreviated Bantam Hardball Fixture

Owing to the renovating of the Atwater Park diamond only three games were played in the Westmount Baseball League this week. Two Bantam games were played in the form of a double-header on Monday afternoon.

Davie Bussiere's Redskins appeared in both contests and sad to relate dropped both games. The Aces shut-out the Redskins 8-0 in the first game on Ronnie Morrow's no-hit, no-run five inning pitching, while the Panthers swamped them 20-5 in the second game.

The feature of the twin bill was Ronnie Morrow's hurling effort. Although the game only went five innings, Morrow had the game in hand all through. Only four Redskins got on base during the five innings, three of them by virtue of walks and the other being hit by a pitched ball.

The closest the losers came to scoring was in the fourth inning when Morrow hit Bill Harold with a pitched ball, Harold advanced to second when Lerman was walked but was out attempting to steal third. Cameron making the peg to MacRae making the tag to Morrow who fanned one man but superb support did the rest.

Morrow also proved the batting hero of the game getting two hits in his two official times at the plate, including a double. Hugh Cameron, catcher for the Aces also banged out a double.

Bill Harold pitched a fair enough game for the losers, only allowing three hits, but three walks and two errors in disastrous spots gave the winners the most of their runs.

The second game of the twin bill was a walkaway for the newly named Panthers (nee Hurricanes). Jack Martin took the hill for the Redskins and while hit freely did not get any decent support from his mates, no less than eight errors were chalked up against the Redskins.

Basil Boxer and Jack McKissock led the Panthers hitting attack with three hits apiece, one of Boxer's hits being a triple. The Redskins found their batting eyes in this game and pounded in five runs in the second inning. Billy Morton of the winners made the fielding gem of the day when he pulled down Bussiere's line drive in left field with a one handed stab.

In the other hardball game played in the Midget section on Tuesday afternoon, the ARGOS nosed out the All Stars 4-3 in the best game of the season so far.

The All Stars jumped in to a three-run lead in the first inning, getting to Kevin Shea for four Straight hits. The Argos picked up single runs in the first, second, fourth and seventh innings. The seventh inning tally coming when Kevin Kennedy singled to start the inning, then stole second and third bases, finally scoring on Willie Graham's "squeeze bunt" down the first base line.

Pitcher Bill Reade of the All Stars deserved a better fate, as he only allowed the Argos three hits to the seven singles the losers garnered off Shea. But Shea was unbeatable once he got over his bad first inning.

Tubby O'Connell got a long triple for the winners while Sam Pollock, Leonard Brooke and John Porter got two hits apiece for the All Stars. Kevin Shea fanned twelve All Stars, while Bill Reade whiffed eight Argos.

## Royals In 2 "Doubles" Here On The Week-end

Two double-headers one and in the field. Double steals, against the Rochester Red Wings and the other against the Toronto Maple Leafs, are scheduled for this week-end at the Stadium. The Royals tackle the Red Wings in the Victoria Day twin bill, and meet the Maple Leafs Sunday. Both double-headers will start at 2 o'clock.

As this is written Rochester is the only club in the league which has been able to win more than half its games with the Royals. The Red Wings captured two out of the three games played against Sukeforth's club in Rochester the past week-end.

The Royals regarded the recent Rochester series as nothing more than a momentary lapse, for Suke's squad has shown consistently good hitting, fine fielding, and great pitching. Recent averages showed the Royals far out in front in team batting, several points in the lead in team fielding. To a club already showing such class, Van Mungo and Alex Kampouris have been added.

Mungo is still a great pitcher with plenty on the ball. Furthermore, he is a hitter of some ability. In his first appearance in a Montreal uniform Sunday he drove in a run as a pinch-hitter. Van is a likeable fellow, bound to be popular with the people of Montreal. Many stories about him off the field have been exaggerated and distorted.

Kampouris will be remembered as the Grand second baseman, formerly of the Cincinnati Reds and New York Giants, who last season banded 36 home runs for Newark.

The averages told an interesting story about the Royals — how they are leading the league in runs scored, in hits, in triples and in stolen bases. They are tied for the lead in double-plays.

Individually, Jack Graham, Claude Corbett, Roy Hughes and Paul Campbell have continued their fine work both at the plate

## High Diving Act Is Held At Park For Second Week

A few years ago, a certain liner was sailing the briny deep on its way from the United States to the Hawaiian Islands. The sun was shining in all its glory; the sea was slightly choppy; vacationists were indulging in one or more of the many forms of recreation provided aboard while

others were swimming in the pool on deck. Among the latter was a certain young lady by name of Bee Kyle who wanted to vary her swimming with a bit of diving.

As she poised on the edge of the pool, ready for her dive, she was suddenly hailed by a lifeguard who forbade her to dive as the pool was only 8 ft. deep, and he was responsible for the safety of the passengers when within his domain. In deference to his wishes, which were more or less orders, Miss Kyle coolly walked into the pool and continued her

swimming. 'Twas only after the boat docked that the lifeguard discovered that the young lady he prevented from diving was internationally famous as a high-diver.

Miss Kyle, who has been diving ever since she was a tiny tot and who made her professional debut as a diver at the age of twelve, has so thrilled patrons of Belmont Park all week with her daring and sensational diving act, that the management is holding her over for another week. Miss Kyle dives from a 110 ft. tower into an ignited tank of water, 5

ft. deep and 15 ft. in diameter . . . a stunt that must be perfectly and accurately timed and executed to avoid serious, if not fatal, mishap.

# WESTMOUNT MERCHANTS APPRECIATE YOUR PATRONAGE

REALIZING that the success of its campaign to better business conditions in Westmount rests to a great extent on the support of the buying public The Business Association of Westmount takes this opportunity to record its appreciation for the co-operation thus far received.

The Association has never recommended shopping in Westmount merely to help local merchants. Its aim is to acquaint residents of the general desirability of patronizing Westmount firms, and there are, of course, a great many reasons for doing so.

Modern wholesale and distribution methods make it possible for the local merchant to do business on an equal price basis with other reputable business houses and Westmount firms offer goods and services at prices that will meet comparison with those charged elsewhere.

Also neighborhood stores almost invariably offer service that cannot be surpassed. Every time your local merchant sells you an article, he also sells you service. He knows your individual preferences and will go out of his way to serve you in the most efficient manner possible.

The variety of merchandise stocked by local merchants is sometimes overlooked but the most casual survey of Westmount firms will readily demonstrate that practically every marketed commodity and service can be secured within the boundaries of this city.

For these reasons, residents are urged to place as much of their business as possible with the merchants listed in this advertisement. During this Spring season especially, do your shopping in Westmount first
