## SOVIETS HALT GERMAN DRIVE AGAINST MOSCOW

### Nazis Advancing However Along Caucasus Front

With German Gains in Southern District Holding Definite Threat to Valuable Oil Fields, British Troops May Enter Fighting Alongside Russians — Demands Grow in Britain for Opening Western Front.

London, Oct. 27.—(P)—Russia's line Southwest of Moscow, admittedly shoved back by fierce German onslaughts, was said in war dispatches today to have withstood Nazi attempts to blast an opening through toward the Soviet capital.

In the South, however, the Germans apparently were pushing steadily ahead toward Rostov, Russia's important oil pipeline terminus and rail river junction at the gateway to the Caucasus.

With the situation in the South conceded to be desperate for the Russians, British authorities again renewed heated demands on their Government to strike in the West to divert some of the Nazi pressure from the Russians.

Evidence of the growing weight of German blows on the Southern front was indicated by Russia's acknowledgment that Stalin, important Donets Basin industrial centre, had fallen although the Germans' cost was said to have been 50,000 men killed and wounded during several days of violent combat.

Both Stalin and Kharikov, in the heart of the Donets area, already had been claimed by the Germans but the Russian said heavy fighting still raged in the vicinity of Kharikov and have not conceded that city's loss.

Russian front-line dispatches to Kuibyshev, the Soviet's "Branch Office Capital" on the Volga, said big Red army gains behind their former positions in the Maloyaroslavets sector, sixty-five miles Southwest of Moscow, and the early-morning Moscow communique said the Germans had suffered heavy losses.

A Moscow radio broadcast said a battalion of German infantry was destroyed by the last man in heavy battles before a town identified only by the initial "S."

Similar reports of bloody give-and-take came from the two other main roads to Moscow, from Kalinin, ninety-five miles to the Northwest, and Moshaisk, fifty-seven miles to the West.

Alternate rain and snow over the vast battle area, much of it roadless expanses of woods, was reported by Russian correspondents to be hampering efforts of both sides to move up reinforcements and to have helped slow the German pace.

Even streets were reported changing hands back and forth in Kalinin. The Russians said hand-to-hand.

### Tornadoes And Bus Wreck Claim Big Toll Across United States

Clanton, Ala., Oct. 27.—(P)—A gasoline explosion which sent flaming spray over a crowded Montgomery-Birmingham passenger bus was blamed today for the deaths of at least fifteen persons, most of them burned beyond recognition.

Seven others are in a Clanton hospital, two with critical burns. Parrish Aultman, Birmingham, the driver, died of his burns early today. All were youths from South Alabama en route to a Civilian Conservation Corps camp here.

The bus struck the concrete railing of a bridge four miles South of here last night. Almost instantly it was a mass of flames, the blaze being visible for three miles.

Hardy Jones, carpenter who lives one hundred yards from the scene, ran out to see Aultman, the driver, tumble from the bus, dragging a man by the arm.

Sides of the smoking wreck were red from heat when state highway patrolmen arrived. Most of the dead were in the rear seats.

C. V. Courson, Montgomery manager for Southeastern Greyhound Lines, said twenty-seven to thirty persons were on the bus, the second

### BLACKOUT TEST IN CAPITAL IS GREAT SUCCESS

Little Attempt at Evasion Reported as Ottawa Undergoes Thirty-Minute Test Blackout.

Ottawa, Oct. 27.—(P)—The Federal District emerged from its first "total" blackout today to receive general though qualified approbation for its conduct during a thirty-minute "lights out" period.

No accidents and no evidence of law-breaking were reported throughout the sixty square miles of Eastern Ontario in which blackout was enforced. Air raids precautions officials said the 200,000-odd residents in the area, almost without exception, co-operated willingly.

Damage estimated between \$3,000 and \$5,000 was caused by fire which broke out in the crying room of an Ottawa foundry company at 11 p.m. last night—thirty minutes after the "raid" siren signalled the end of the blackout. It was believed the fire might have started as a result of blackout precautions — a ventilating system had been shut off but the heating system was left on.

Quebec areas within blackout territory—Hull, Gatineau Point, Aylmer and Val Trebeau — reported "complete success." Dr. Wilfrid Caron, chief District Warden, praised the spirit of helpfulness shown in his district.

Viewed from the air, the blackout was a "good show." Thus reported Lt. Lt. A. E. Castellotti after he landed the Royal Canadian Air Force plane which carried an official observer.

"I couldn't have told where to drop anything," he said.

A touch of humor was injected when a local radio station broadcasting instructions just before the "action warning" signal sounded at 10 p.m. E.D.T., told its listeners that "anyone killed or injured during the blackout should bear in mind they will receive no payment or compensation."

Hamburg again objective of British craft. Cherbourg, Nantes and Points in Northwestern Germany Also Received Attention of Royal Air Force.

London, Oct. 27.—(P)—Docks of the German port of Hamburg were bombed heavily during the night by many squadrons of R.A.F. bombers, the Air Ministry said today.

Other objectives in Northwest Germany also were attacked, as were docks at Cherbourg, and Nantes, German-occupied France, Egersund and Southern Norway.

A supply ship was hit and set on fire off Egersund, a communique said.

Four bombers were reported missing.

Two German fighters were reported shot down in a sweep over Northern France today by British fighters.

Only a small number of German night raiders were reported over Britain and the Government said the few bombs dropped, mainly in Southwest England, caused little damage.

Though the R.A.F. gave Germany a rest from aerial attack Saturday night—presumably because of bad weather—it was busy throughout the daylight hours yesterday strafing and bombing the Dieppe, Cherbourg and Brest areas.

A Canadian air squadron, previously credited with damaging at least 30,000 tons of German shipping in its first month of active service, added three more vessels to its list of attacks on convoys off the Netherlands coast yesterday morning.

Further attacks on German shipping in the same area were carried out Sunday afternoon by British pilots, the Air Ministry said, but failed to indicate the results. Loss of only two planes was reported in all these daylight operations.

The Germans acknowledged the R.A.F. had bombed several cities in Northern Germany last night, but claimed five of the raiders were shot down. They alleged Nazi night raiders had destroyed an 8,000-ton merchant ship and damaged three other vessels totalling 8,500 tons in an attack on a convoy off the English coast, and declared their planes had sunk three ships aggregating 12,000 tons in British waters Saturday night.

Those dead in the Dardanelles section were Mrs. Bill Price and her daughter, Mrs. Otis Heathcoat.

### Wage Dispute Halts Operations Of Giant New York Ship Concern

New York, Oct. 27.—(P)—A strike today silenced the busy giant yards of the Robins Drydock and Repair Company in Brooklyn where at least fourteen vessels, including one United States Government craft, were being overhauled or awaiting repairs.

Officials of the Industrial Marine and Shipbuilding Workers of America (Congress of Industrial Organizations) who called the strike last night, claimed it was 100 per cent effective.

They claimed 5,800 workers of 6,000 workers were out and that most of the 200 workmen who entered the yards were fire watchers, fire guards, police guards and others given special passes by the Union to keep the plant in operating condition. The company has a contract to repair damaged British merchant ships.

Crux of the dispute was a five per cent wage increase which union officials contended the company had promised and then withdrawn.

"We welcome the intervention of the National Defense Mediation Board and are perfectly willing to have that agency use its good offices to settle this dispute," said John Burge, regional director of the union.

Management representatives at the plant had no comment.

Burge said that if the United States navy needs any ship in the yards, the union would be willing to see that work on it would be resumed at once.

The walkout was voted at a Union rally last night after ten weeks' negotiation.

POOR PURCHASE  
Santa Fe, N.M., Oct. 27.—(P)—Eddie Lopez bought a tax deed as an investment. He was disappointed, though, when he went out to look over his property. He had bought the city dump.

### Short Debate Expected On Changes In Neutrality Act

United States Senate Convened Today to Start Debate on History-Making Legislation Designed to Restore Freedom of the Seas to American Shipping—Vote Expected Within Two-Week Limit.

Washington, Oct. 27.—(P)—The United States Senate convened today to start debate on history-making legislation which would restore complete freedom of the seas to American merchantmen, and White House lieutenants called for final action within two weeks.

The bill, broadening ship arming measures approved by the House of Representatives, would permit United States vessels to sail into now-forbidden belligerent ports and combat zones. Sponsored by Democratic Leader Alben Barkley, it was approved thirteen to ten by the Foreign Relations Committee Saturday.

Senator Gerald Nye (Republican, North Dakota), an opponent of international foreign policy, said that the Committee action was "a blow below the belt to the American people who demand that the Senate give full consideration to the measure."

Although Nye's remark seemed to hint at prolonged debate, Chairman Tom Connally (Democrat, Texas), of the Foreign Relations group held this view:

"I do not believe it will take more than two weeks to pass the bill through the Senate. Although there have been rumblings about a filibuster, this is not the kind of a situation in which anybody would conduct a filibuster."

"This is a time of emergency, and I don't believe the country will stand for any filibustering tactics. You can filibuster little issues, but not big ones. We have the votes and the people know it."

Administration authorities said they had fifty-two certain votes for the bill and predicted that before the final vote the total would reach sixty, or a majority of almost two to one.

While the Foreign Relations Committee bill knocking out the present Neutrality Act restrictions against the arming of ships and their free movement over the seas was the main issue before the Senate, Senators Styles Bridges (Republican, New Hampshire), and Chandler Gurney (Republican, South Dakota), said they would offer an amendment to change the title of the Neutrality Law.

The present title calls the act one to preserve United States "Neutrality in wars between foreign states." Bridges and Gurney agreed that the country was not neutral and Bridges asserted it was "assassin" to pretend it was.

Bridges, Gurney and Senator Warren Austin (Republican, Vermont), have submitted an amendment for complete repeal of the Neutrality Law, which also contains provisions for Government control of munition exports.

Wendell L. Wilkie, although reiterating his views that the entire Neutrality Law should be wiped from the books, said over the weekend he hoped a substantial number of Republicans would support the Foreign Relations Committee bill.

In a formal report on the measure Saturday, the Foreign Relations group said its expanded bill was necessary because "it appears to be the fixed policy of the Nazi Government to sink United States ships whenever they may be found."

The report stated that it was unreasonable "to exert the utmost national effort to produce and acquire defence articles and materials and not take steps to insure their full utilization. Every cargo sent to the bottom of the Atlantic diminishes our preparations for the national defence."

"Hitler does not make any distinction between armed and unarmed merchant vessels. Hitler's submarines have attacked and sunk American merchant vessels in areas outside of combat zones prescribed by our government and in some cases outside of the war zone prescribed by the German Government."

On the House side, meanwhile, both Speaker Sam Rayburn and Chairman Sol Bloom (Democrat, New York), of the Foreign Affairs Committee expressed confidence that their chamber would accept the Foreign Relations Committee bill, if the Senate approves it.

### MONEY REFORM DEMANDED AT WESTERN MEET

Social Credit Organizations Sponsor Convention to Establish "Democratic Monetary Reform."

Winnipeg, Oct. 27.—(P)—A new movement in Canada—"Democratic Monetary Reform"—started by New Democracy members of Parliament, today opened a three-day National Convention here.

Headed by a group of New Democracy Parliament members and Social Credit members of the Alberta Legislature, delegates from all sections of the Dominion gathered for the convention. A pamphlet issued by the Convention Committee said the "objective of the Winnipeg Committee is to establish a national organization for united national action to gain a democratic reform of the monetary system."

Premier William Aberhart of Alberta led the group of delegates from his Province. With him came Rev. E. C. Hansell, New Democracy Member of Parliament for Macleod, L. D. Byrne of Edmonton, technical adviser to the Social Credit Board of Alberta, and Alberta Treasurer Solon Low.

Mr. Aberhart told interviewers that the new movement was "economic" rather than "political." He said the national gathering was the result of "favorable response" received by New Democracy Members of Parliament in answer to queries from all parts of the Dominion to persons "interested in monetary reform."

In a statement, Mr. Aberhart said the delegates "stand for an all-out war effort to the full capacity of Canada's great resources."

Morning, afternoon and evening sessions are scheduled and a tentative programme calls for addresses by Byrne and Hon. E. C. Manning, Alberta Provincial Secretary.

NOVA SCOTIAN ELECTORS WILL VOTE TOMORROW

Only Three Third Party Candidates Seeking Election to Thirty-Seat Nova Scotia Legislature.

Halifax, Oct. 27.—(P)—Candidates in Nova Scotia's general election sat back today and awaited the verdict of the voters. Tomorrow, the Province will choose a new Legislature from sixty-five candidates representing three parties.

Week-end speeches by many of the candidates virtually wound up the campaign, and today there remained nothing except the balloting to determine whether A. S. MacMillan's Liberal administration will be returned or overturned by the Conservatives under thirty-nine-year-old Leonard W. Fraser.

The third party—the co-operative Commonwealth Federation—did not have enough men in the field to form a Government. Only six C.C.F. candidates were seeking seats, though this was the greatest number the party had ever put forward in a Provincial election.

Premier MacMillan's group, which had twenty-two of the thirty House seats at dissolution, was running thirty candidates. The Conservatives, with five seats at dissolution, were contesting all but the Cape Breton East riding.

In the last House, the C.C.F. party had one seat. The remaining two were vacant.

In the short and comparatively quiet campaign, the Government party staked its future chiefly on its record since it entered power in 1932. The sixty-nine-year-old Premier claimed the Government already had implemented the whole Conservative platform.

The Opposition party made its main issue the fact of the election having been called in wartime, claiming it promoted "distraction" and "dissunity." It laid emphasis, too, on the fact Nova Scotians in the armed forces outside the Province would not be able to vote.

About 3,755 unformed voters in the Province will exercise the franchise. In all, about 325,000 voters are eligible—largest number in the history of the Province.

### Japanese Premier Again Defies Democracies To Halt Expansion Policy

Unswerving Course of "Ever-Expanding Progression" Charted for Japan by Premier in Warning Other Powers Against Attempting to Interfere in Eastern Programme—Determined to Follow Axis Agreement.

Tokyo, Oct. 27.—(P)—An unswerving course of "ever-expanding progression" was charted for Japan today by Premier Gen. Hideki Tojo who served notice that "no international pressure can disturb me."

"There is no retreat!" the Premier told a group of two hundred public officials in a plea for internal solidarity yesterday at Osaka, Japan's great industrial centre.

Speaking as Home Minister, Tojo, who holds the Home and War Ministry portfolios in addition to the Premiership, declared:

"World environment is changing so quickly we cannot tell what lies in store for Japan but... we must go on and develop in ever-expanding progression."

(United States Navy Secretary Frank Knox said in Washington last Friday that a collision in the Pacific was inevitable if Japan persisted in her course of expansion.)

"Naturally difficulties will arise," said Tojo, who took over the Japanese Government a week ago Saturday.

"But if Japan's 100,000,000 merge and go forward nothing can stop us. If this state of preparedness is completed, diplomacy becomes an easy matter; wars can be fought with ease... unity! unity!—that is what makes people one and a whole, solving all problems."

The Premier linked his foreign and domestic programme with the declaration that "if the policy to which Japan is committed is to be enforced in the face of all forces of opposition, the first requisite is to develop the total strength of her 100,000,000 people, using their momentum in the prosecution of that policy."

Japan's policy has been stated time and again to include establishment of a "Greater East Asia Co-Prosperity Sphere," settlement of the conflict with China and fulfilment of obligations under the Rome-Berlin-Tokyo alliance.

"You will find new tasks to perform because times are changing rapidly and our government must adopt new measures to keep pace," Tojo told his listeners.

ITALIAN HIGH COMMAND CLAIMS BRITISH VESSEL SUNK BY AIRPLANES

Rome, Oct. 27.—(P)—The Italian high command claimed today that German bombers sank a British cruiser in an air attack on a naval formation off the Libyan Coast.

(There was no comment on this claim in London.)

British bombings of Bengasi, Tripoli and Misurata, in Libya, were reported.

### Lewis Refuses Roosevelt Demand To Defer Captive Mine Walk-Out

Washington, Oct. 27.—(P)—John L. Lewis, boss of C.I.O.'s United Mine Workers, stood pat today on a strike order for 53,000 miners in steel producer-owned coal mines despite a second appeal from President Roosevelt to call it off in the interest of national defence.

The strike began Saturday night after Lewis had rejected a suggestion by the President that it be deferred while the U.M.W. leader and Myron C. Taylor, former Chairman of the Board of United States Steel Corporation, tried to work out a solution.

Lewis said then that he understood Taylor was unwilling to participate in such a conference because he felt that if he did so any decision reached might be considered binding on the entire industry. However, he said he was ready to meet with Taylor.

President Roosevelt, in his letter to Lewis last night, said that Taylor would meet Lewis yesterday. The President renewed his request that the U.M.W. chieftain reconsider his strike decision and get the men back to the pits pending a final settlement.

"In this crisis of our national life," Mr. Roosevelt wrote, "there must be uninterrupted production of coal for making steel, that basic material of our national defence."

Lewis's press representative said last night that Lewis had no comment to make on the President's letter—"None whatever."

At issue is the U.M.W. demand for a union shop in the "captive" mines because the owners use most of the output.

Presidents of locals in U.M.W. District Four recommended yesterday that Lewis call out the 400,000 workers in other soft coal mines if a settlement in the captive mine dispute were not forthcoming quickly.

There was no comment by Lewis on this development, either.

U.M.W. officials estimated that the steel companies had only a week's supply on hand. Company officials said they had two to four weeks' supply, but there was general agreement that a protracted strike would halt steel production.

In rejecting the President's original request to defer the walkout, Lewis said that forty days of hearings by the Defence Mediation Board had proved futile and added:

"The attitude of the Board towards this problem has been casual and lackadaisical to the point of indifference."

BEDFORD GROUP ACCOMPLISHES MUCH WAR WORK

Bags Being Packed for Women's Volunteer Services at War Work Meetings of I.O.D.E. Chapter.

Bedford, Oct. 27.—At the weekly meeting of Missisquoi Chapter, I.O.D.E. for war work, a shower of articles to furnish kit bags for the members of the Women's Volunteer Services was held. Twenty-five bags were to be filled, but the donations were so generous from members and friends, over seventy-five being present at the meeting, that it will be possible to fill a number of additional bags.

An urgent appeal has been received from Lady Reading, who is the head of the organization in England for these kit bags, which measure 12 x 12, are very compact and contain needles, thread, thimble, scissors, hair pins, safety razor, paper and envelope, Kleenex, face powder, cold cream, lipstick, tooth paste, tooth brush, handkerchiefs and towels and soap. A request has also been received from Lady Reading for pinafores or covers for little girls to wear in the shelters. The Chapter has recently sent a number, and more will be sent shortly.

In addition to the articles for the kit bags, which completely filled one long table running the length of the hall. Another large table was filled to capacity with handkerchiefs, face layettes which have been made for babies in the bombed areas, and which will be sent at once to England. The knitted outfits were the members in charge of this work were Mrs. W. B. Bradshaw, Mrs. F. E. Best and Mrs. A. S. McCaw.

The War Convener, Mrs. Harry Jones, thanked the friends of the Chapter, who had rendered great assistance with the work. Mrs. Jones gave a brief account of the recent semi-annual Provincial I.O.D.E. meeting held in the Province which during the past six months over 700 articles had been sent to Provincial I.O.D.E. Headquarters, Montreal. Practically all of these articles were knitted. Missisquoi Chapter, I.O.D.E. again has the honor of leading the chapters in the Province in the amount of work sent in. An urgent appeal has been received for as many gloves and mitts as possible, and Mrs. Jones requested that a supply be sent in at once.

The hostesses for the tea were Mrs. C. E. Collins, Mrs. Harry Jones, Miss Sonia Brandt and Miss Ivy Whalley.

REPORT ON CHICKEN-PIE SUPPER

The bi-monthly meeting of the St. James Church Guild and W. A. W. was held at the home of Mrs. Harry Jones, with an excellent attendance of members and friends, over thirty being present.

The meeting was opened by Mrs. Ralph Van Horn with the W. A. prayer, after which the minutes of the preceding meeting were read. The home of Mrs. W. H. Williamson, who was assisted by Mrs. J. E. Cockerline, were read by the Secretary, Miss Jessie Blackwood, and approved as read. Miss Blackwood also gave the report of the recent chicken-pie supper, held at the Guild members, which was very successful, \$132.65 being taken in. After the payment of expenses \$111.50 was realized. Mrs. Van Horn thanked the members for their work and co-operation which rendered possible such a successful evening.

The annual W. A. bale was packed, the articles being on exhibition and consisting of an outfit for an Indian girl, a pupil at the Bishop Horber Memorial School in Northern Ontario. In addition to the clothing outfit, a blanket and quilt were provided. The bale was forwarded to the Synod Hall, Montreal, for transshipment in November to the school. This is the second outfit sent from the St. James W. A. to this school. The arrangements for the making of the outfits were in the hands of the Dorcas Secretary, Mrs. Ralph Van Horn.

It was decided that the annual fall rummage sale of the W. A. would be held in the church hall shortly. Among the members in charge are Mrs. Ralph Van Horn, Mrs. A. S. McCaw, Mrs. W. B. Bradshaw, Mrs. Richard Craighead, Mrs. Ross Preston, Miss Blackwood, Mrs. Wilbur Borden, Mrs. H. V. Fricker and George Moody.

Boastings Of Nazi Turned Against Self

Somewhere in England, Oct. 27.—"You think your Hurricanes are good don't you—wait until you meet our Messerschmitts," boasted a German airman.

It was early in 1939 at the winter sports meet at Augsburg. Members of the Richthofen squadron were entertaining a British flier.

He grinned at the young Nazi who had just spoken.

A British fighter pilot came in over the Channel a few months ago, all his plane's ammunition gone. He spied a Messerschmitt 109 soaring in the opposite direction on its way home somewhat damaged.

He closed in, forced it to turn for England, then signalled to the Nazi to land at the first opportunity.

The German landed in a field and was taken prisoner.

The British recognized one of his hosts of the Augsburg dinner.

UNITED STATES PEOPLE TODAY MARK NAVY DAY

Position of United States Navy in International Field Lends Additional Emphasis to Day.

Washington, Oct. 27.—(AP)—Half in and half out of a shooting war, the United States navy and the nation alike observed Navy Day today.

For warships in continental ports the holiday orders directed ships to don full dress. But it was battle dress—as usual—for the fleet units out at sea—especially those that ploughed the gray swells of the North Atlantic to guard munitions bound for Britain and Russia.

Against this contrasting background President Roosevelt will bring the day's celebration to a climactic close tonight by delivering his first address on world affairs in six weeks.

Advance indications were that the speech would be one of primary importance and there was general expectation that it would provide Presidential comment on the main subjects of the day: efforts to speed up defence production; Russia's urgent need for munitions to continue fighting; the prospects for war or peace in the Far East; and the accomplishments of the navy in keeping Atlantic sea lanes clear of hostile craft.

Mr. Roosevelt's last major speech was on September 11, when after relating a series of sea-war incidents including the attack on the destroyer Greer, he called Nazi U-boats raiders "rattlesnakes" and said, in effect, that the Atlantic fleet had been given orders to shoot at sight.

In a preliminary Navy Day statement—sent as a letter to Secretary Knox—Mr. Roosevelt praised the nation's sea force for its readiness to assume the role of front line defender, and at the same time he called on "all Americans . . . to pledge their navy a support involving the highest sacrifice of personal, social and group interests in order that we may remain united and unconquerable."

The President also pitched the celebration of the day on a broader base than in any of the nineteen years it has been observed. He asserted that this year, because of the vast undertaking in which the entire nation is engaged, the day must be known as "Navy and Total Defense Day."

Refreshments were served by the hostess, assisted by Mrs. Sinclair McIntosh.

General Notes News has been received by Miss Jessie Blackwood that her nephew, Sgt. Pilot Alec Swan, is on coastal defence duty in British Columbia.

Miss Margaret Cockerline, of Montreal, was a guest of her mother, Mrs. J. W. Cockerline.

FOUR DEAD AS AFTERMATH TO FAMILY FIGHT

Winnipeg Man Shoots Wife, Two Children and Then Kills Self as Result of Domestic Discord.

Winnipeg, Oct. 27.—Police Chief George Smith and Coroner H. M. Speechly will confer today to decide if an inquest will be held into the deaths of Sgt. Gerald H. McMurray, thirty-five, his wife and two young children, found dead in their home here during the week-end.

McMurray, his nineteen-year-old wife, Helen, a son, William, two and a half, a child of his previous marriage and a ten-month-old daughter, Marie, were shot to death.

Police said it was "evident" that McMurray had shot and killed his wife and children, then turned the gun on himself. A .22 calibre rifle lay across his knees, Mrs. McMurray had been killed in the neck, each had been shot through the head.

Investigators learned that McMurray had been dependent. They said relations between McMurray and his young wife had been strained during the past week.

Franklin County Coroner Samuel Harris will conduct an inquest here. Another and a military court of inquiry are planned at Kingston, Ont., where the victims will be buried with military honors.

The dead are: A. Nowosad, Vondra, Sask., pilot; Sgt. Ray Gill, Lady-smith, B.C., wireless operator; and T. D. Shellshear, address undetermined, pilot officer.

Wreckage of the Lockheed-Hudson bomber, which crashed in an Adirondack Mountain bog late Saturday after circling low over this village more than half an hour in the season's first heavy snowfall will be salvaged.

Canadian officials said the plane was on a training cruise from Halifax to Toronto and apparently the pilot had lost his way.

Strike Called AS UNION ASKS A.F.L. CHARTER Three Thousand Welders in Long Beach-Los Angeles Area Demand Recognition as a Craft.

Los Angeles, Oct. 27.—(AP)—Three thousand welders in the great shipyards of the Long Beach-Los Angeles harbor area were ordered out on strike today, but there was no immediate indication as to how many would heed the call.

Karl V. Morris, National President of the United Welders, Cutters and Helpers of America, an independent union, said 2,000 members voted overwhelmingly for the walkout at a mass meeting last night.

The action is an attempt to gain recognition of the welders as a craft and force the American Federation of Labor to grant them a charter and a vote.

Morris said the strike was in support of a similar walkout at Seattle and Tacoma and he had ordered heads of thirty-nine other locals throughout the country to take similar steps.

The company which launched for the Government its second 100,000-ton freighter, the Thomas Paine, yesterday, employs 1,500 welders.

PREDICTS OVERALL SURPLUS FOR CANADIAN NATIONAL RAILWAYS

Montreal, Oct. 27.—(AP)—President R. C. Vaughan, of Canadian National Railways said in an interview today that he expects the company will have a net profit of \$5,000,000 for the current fiscal year, first since 1929 and the largest in the firm's history.

Net profit, said Mr. Vaughan, is expected to reach between \$5,000,000 and \$6,000,000, and fixed charges are expected to amount to \$63,000,000.

THREE R.C.A.F. FLIERS DIE IN ADIRONDACKS

United States and Canadian Officials to Hold Separate Probes into Adirondack Mountain Tragedy.

Tupper Lake, N.Y., Oct. 27.—The crashed bodies of three Royal Canadian Air Force fliers go back today as authorities investigate their death in the snow-blinded crash of a twin-engine bomber.

Franklin County Coroner Samuel Harris will conduct an inquest here. Another and a military court of inquiry are planned at Kingston, Ont., where the victims will be buried with military honors.

The dead are: A. Nowosad, Vondra, Sask., pilot; Sgt. Ray Gill, Lady-smith, B.C., wireless operator; and T. D. Shellshear, address undetermined, pilot officer.

DEATH CLAIMS OCCUPANT OF QUEBEC BENCH

Mr. Justice A. Chase Casgrain, Member of Superior Court Since 1934, Died in Montreal in 65th Year.

Montreal, Oct. 27.—(AP)—Mr. Justice A. Chase Casgrain, of the Quebec Superior Court died here today in his sixty-fifth year. Mr. Justice Casgrain was born in Quebec City, April 23, 1874.

Mr. Justice Casgrain was the son of the late Hon. Thomas-Chase Casgrain, a former Attorney-General of Quebec and Postmaster-General of Canada in the Sir Robert Borden Cabinet, and Marie-Louise Lemoine, daughter of Alexandre Lemoine, Quebec notary.

He was educated at Quebec Seminary and St. Mary's College, Montreal, where he was graduated with his B.A. degree. He studied law at McGill University and in his last year ranked second.

Admitted to the Bar in 1903, he practiced successfully for over thirty years, associated mostly with Mr. Justice Errol McDougall.

Mr. Justice Casgrain started his career in the law firm of which his father was a member, McGillivray, Casgrain, Mitchell and Casgrain. Later he was senior member of the firm of Casgrain, Weidon, Demers and Lynch-Staunton.

In 1912, he married Marguerite Pinsonneault, and became the father of three children. In 1914, he was created a King's Counsel.

Mr. Justice Casgrain was appointed to the Bench in 1934 and was sworn in on May 1 of that year.

During his practice at the Bar, Mr. Justice Casgrain pleaded many important cases including that of St. Maurice Paper Company vs. Tremblay, in which the principal witness was shot and killed before the case came to trial in order to eliminate his testimony.

He was a member of the University Club, the Cap Tourmente Fish and Game Club, the Adirondack Fish and Game Club and the Little Saguenay Fish and Game Club. He was a life member of the Montreal Amateurs' Club, the Association and the Governor of the Notre Dame Hospital in Montreal.

An old power plant is now delivering power and light on a limited basis and water has been restored. Street cars also are running again.

Among posted orders is the provision of the death penalty for any disbanded Russian soldier who fails to report to the Germans three days after dispersal of his unit. The same penalty is decreed for anyone having Ukrainians of German descent or damaging their property.

Violence against Russian laborers employed by the occupation forces also is punishable by death.

Following the policy of other occupied countries, collective punishment has been ordered for any community in which German soldiers are killed by civilians or sabotage committed against the Germans unless the guilty persons are apprehended.

MONTREAL LIVE STOCK MARKET

Montreal, October 27.—(AP)—The daily market report of the Livestock Branch of the Dominion Department of Agriculture stated:

Cattle were slow starting. Grass calves were easier and other kinds of livestock steady. A few early sales of cattle were made at \$8.50 to \$8.60 for medium to medium good with one load of good steers sold ahead at \$9.50. Cannors and cutters were \$8.50 to \$4.25 and a few good cows made \$6.50. There were not enough early sales of cattle to establish prices.

Grass calves were easier, other kinds steady. Veals ranged from \$9 to \$13, mostly \$10.50 to \$12, good \$12 to \$13.50. Drinkers were \$6.50 to \$8.50 and grassers made the bulk of the offerings and were moving slowly at \$5 to \$6 with a few small lots of the best grassers at \$6.25. The bulk of the sales were between \$5.50 and \$6.75. Heavy calves were hard to sell.

Lambs were steady at \$11 for good ewes and wethers. Buck lambs and culls were discounted \$2 per hundredweight. A few carloads were sold on a flat basis at \$10. Sheep were \$3.50 to \$7, mostly \$4.75 to \$6.

Hogs were steady at \$15 for B-1 dressed, \$11.25 for B-1 alive fed and watered, and up to \$11.35 of trucks delivered. Grade A drew \$1 per hog premium with discounts on off grades. Sows were \$8.50 to \$9.50 live weight.

COUNTRY AND DAIRY PRODUCTS PRICES

Montreal, Oct. 27.—Butter was unchanged and trade was quiet in local produce dealings while eggs likewise were little changed from the previous day. The trade generally is proceeding cautiously in view of the uncertainties respecting the Government's price-freezing policy and the fact that prices are now above the maximum levels that ultimately will prevail according to the facts so far officially outlined. Primary source prices were 50 cents for A-large compared with 45 to 48 cents for the previous Saturday while A-medium were 48 cents against 43 1/2 to 46 cents. Jobbers' prices to retailers for A-large were 54 to 55 cents, up 3 to 5 cents in range on the week and A-medium were also up 2 to 5 cents in range at 52 to 53 cents. No. 1 pasteurized remained at 32 1/2 cents.

Gross Receipts At Rotary Fair Expected To Surpass Last Year's By Big Margin

Big Crowds Attended Closing Night, with Children Flocking to Belvidere Street Army Saturday Afternoon—Gross Receipts Exceed \$6,200 Mark—Many Prize Winners.

Thoroughly justifying the time and effort put into the venture by the members of the local Rotary Club, the ninth Rotary Fair at the Belvidere Street Army was an outstanding success, with gross receipts amounting to more than \$6,200, a marked increase over the gross proceeds of last year's fair.

Actually, the total gross figure will be considerably higher than \$6,200 when the amount of money taken in through the sale of raffle tickets is announced. This figure cannot be obtained until all the tickets and all the money gained by those who sold them are accounted for.

The crowd on the opening night indicated that the fair would be one of the most successful on record. It was estimated by fair officials that the crowd on Thursday night was bigger than the attendance of the first two nights of last year's fair, combined. Again on Friday and Saturday nights the Army was filled to capacity, and every wheel operated by the Rotarians was spinning merrily from opening time until the doors were shut at midnight.

On Saturday night in particular, large numbers of out-of-town people attended the fair. Among the distinguished guests was Rotarian Curtis Page, of Laconia, N.H., Past District Governor of the 195th District, and a party from the United States.

Big event of Saturday night, drawing of the winning raffle ticket for the \$100 award, saw Romeo Roy, of this city, declared the lucky winner. Those who won \$10 were Marjorie Boyle, Marc L'Esperance, J. G. Scorer, Mrs. Westman, C. N. LaCroix, J. J. Dunn and W. J. Lynch.

The fifty silver dollars at the Superfine stand were won by Miss Lorraine Hebert, of this city. Winners of regular prizes were G. Moorecroft, who won twice, C. Simons, E. Gilbey, J. Hand, W. Assby, M. E. Echenberg, R. Shea, Mrs. G. Olivier, F. A. Hibbard, V. A. Crochettiere, Dr. A. B. Winder, D. Price, D. Fortin, A. A. Gunning, G. Curphey, M. MacKenzie, Mrs. L. W. Dixon, G. Doyle, Mrs. J. Labrecque, Mrs. A. Lacroix, Capt. R. H. Stave, S. S. G. Gordon, H. Hall, M. Dauplaise and Mrs. Bordoux.

All who helped in any way at the fair will be guests of the Rotarians at the club's regular meeting to be held at the New Sherbrooke House at eight o'clock of the usual time on Tuesday night it was announced today.

Thousands of local English and French-speaking children swarmed into the Army on Saturday afternoon, where they were entertained under the supervision of Rotarian Philip Mathis. Most of the games and booths were in operation, and each child received favors. A concert by two pipers from the 16/22 Saskatchewan Horse Regiment was a feature of the afternoon.

ASCOT WOMEN'S INSTITUTE IN BUSY SESSION

Report on Ploughmen's Banquet at Lennoxville Tabled at W.I.'s October Meeting at Home of Mrs. W. S. Mitchell.

The Ascot Women's Institute held their October meeting at the home of Mrs. W. S. Mitchell. Mrs. W. T. Pearson presided. Mrs. Mitchell gave a report on the ploughmen's banquet held in Lennoxville, of which she was the convener, and stated that a balance of \$44 was realized for the club. A very hearty vote of thanks was given Mrs. Mitchell and her committee for their splendid work.

Mrs. W. S. Richardson, Convener of Red Cross work, reported twelve dozen chocolate bars bought by money given by the members and donated to the Lennoxville Red Cross branch for the local soldiers' Christmas boxes, and three W. A. helmets, three pairs army mitts, five pairs army socks, seven pairs children's socks, and one shirt made this month.

Mrs. Ashe asked the members to send any books they might have for soldiers to Mrs. W. S. Richardson before Wednesday, October 29. A letter regarding the farm courses to be held at Macdonald College for boys was read and discussed, also a letter from the Provincial President which contained an appeal for slab chocolate for the air force. This matter will be taken up at a later date. It was decided to send a letter of congratulation to Mrs. C. E. Peitch on being made Commander of the Order of Agricultural Merit. All were pleased to hear of Sherbrooke County and Lennoxville branch winning in "The Journal Contest."

The members were urged to send small Christmas gifts to be sold for the purpose of school fair work. This will be held at the coming county meeting in Milby. Mrs. F. R. Mitchell, Convener of Child Welfare, was to look after the replenishing of the first aid kit in the local school, and it was decided to give War Savings Stamps as school prizes at the commencement exercises. Plans were made to make a quilt to be given to the local Red Cross branch. Mrs. J. A. Woodward gave a splendid social service report. The roll call was responded to by "How to avoid accidents in the home," and some very interesting answers were given.

Several members attending the adult education classes held in Lennoxville gave reports. An interesting part of the programme was a demonstration on how to bathe, weigh and dress an infant, given by Miss Bouchard, V.O.N., of Sherbrooke. After the meeting a social time was spent and refreshments were served by the hostess, assisted by Mrs. M. A. Smiley and Mrs. D. McElrea. All expressed their regret that Mrs. Green is a patient in a Montreal hospital and all wish her a speedy recovery.

A very pleasant surprise party was given in honor of Mr. and Mrs. Wayne Coates, Huntingville Road, to bid them farewell before leaving for their new home in Massawippi. The evening was spent playing cards. The prizes were won by Mr. Reggie Coates and by Mrs. Wayne Coates. The consolation prizes went to Mr. Byron Wilson and Miss Elaine Labonte. Lunch was served by the ladies and after a social hour the evening was brought to a close by singing "For They Are Jolly Good Fellows" and best wishes for future happiness in their new home.

Mrs. E. C. Hemmings and Miss Marie Hemmings, of Sand Hill, were recent guests of Mr. and Mrs. David Labonte, Huntingville Road. L.A.C. Ashmore Mosher, of Trenton, Ont., spent the week-end with his parents, Mr. and Mrs. R. E. Mosher, Main Street. Lieut. H. P. Pierce, of Camp Borden, and Mrs. Pierce and two children, Adrienne and Garth, of Notre Dame de Grace, spent the week-end as guests of Mrs. L. B. Pierce and Miss Catherine Pierce, Belvidere Street.

Mrs. J. A. Crawford has returned to her home on Main Street, after spending the past two weeks with friends in several points in Ontario. The many friends of little Miss Norma Thorne, Massawippi Street, will regret to hear that she has had the misfortune to break her leg.

BOLTON PASS Miss Dorothy Bryant, of East Bolton, is spending some time with her sister, Mrs. R. Pibus, and family. Mr. John Pibus was in Sherbrooke to attend the lamb sale with Messrs. L. D. McClintock, E. Bradley and F. Arthur.

Mr. and Mrs. James McBurney, of Sawyerville, were week-end guests of Mr. and Mrs. John Pibus. Mrs. Hume, of Foster, Mr. Ian Hume, B.A., of Fitch Bay, and Miss Melita Fraser, of Beebe, were guests of Mrs. M. Hunter.

Mr. Orin Knowlton, of Groveton, N.H., was calling on Mr. Fred Knowlton and Mr. Lyman Knowlton. Mrs. Bob Allen and Miss Mary McMillan, of Montreal, spent a week-end with Mr. and Mrs. Fred Knowlton. Mrs. M. Hunter was in Waterloo and Sherbrooke. Mrs. Belle Pibus, of Magog, was calling on Mr. and Mrs. John Patterson.

Rev. A. E. Rollit was calling through this district endeavoring to organize a Sunday School and arrange for service at St. Andrew's.

Help The V.O.N. To Help Others

Death Toll In Roxton Falls Car Accident Raised To Two

Miss Jennie Saxby, 68, of Waterloo, who was seriously injured in the automobile collision which took the life of Mrs. R. Frederick Shaw at Roxton Falls last Thursday, succumbed in the Central Division of the Montreal General Hospital yesterday.

Inquest into the deaths is being held at Roxton Falls today. Miss Saxby and Mrs. Shaw were passengers in a car driven by Mr. Shaw which collided with a truck driven by Georges Choiniere. Mr. Shaw and another passenger, Miss Irene Savage escaped with minor injuries while the driver of the truck was also uninjured.

According to witnesses, the truck was backing out onto the highway when the crash occurred. Mrs. Shaw was killed instantly, while Miss Saxby and Miss Savage were rushed to Montreal. Miss Saxby suffered a fractured arm and leg and internal injuries and remained unconscious for more than twenty-four hours. Miss Savage suffered from shock and was taken to a convalescent home in Montreal. The party of four were on their way to Drummondville to visit friends there when the fatality happened.

Local Boy Believed Pilot Of R.A.F. Plane In Daring Raid

Sergeant-Pilot E. J. Aines, 21, of Quebec, who piloted one of a group of Spitfires which swept over the Cherbourg peninsula on Saturday afternoon and attacked an enemy factory, a freight train and an ammunition store, is believed to be Sgt.-Pilot E. J. Aines, son of Mr. and Mrs. J. V. Aines, of this city.

It is believed some error in the name was made, and that the name of the pilot was actually Ames. In the report of Royal Air Force operations should have been Ames, instead of Aines. Mr. Ames, who heard a broadcast of the report by the CBC is sure that it is his son who is meant, and points out that for several months he has been engaged in raids over Europe with the R.A.F.

Enlisted in June, 1940, Sgt.-Pilot Edward Joseph Ames received his elementary training at Vancouver, and was then attached to the Royal Air Force at Kingston for further training. He proceeded overseas a few days after Easter, and is now with an R.A.F. squadron. Born in Sherbrooke, he was educated at Sherbrooke High School and the University of Bishop's College, Lennoxville, enlisting before completing his course at the University.

EARLE SPICER GAVE CONCERT AT STANSTEAD Well-Known Canadian Baritone Heard in First of Series of Concerts Which Will Be Presented in Pierce Hall.

Stanstead, Oct. 27.—The first of a series of concerts to be presented in Pierce Hall, Stanstead College, was given by the well-known Canadian baritone, Earle Spicer.

Mr. Spicer's early home was in Nova Scotia. He began his musical career at Mount Allison, Sackville, N.B. Later he studied in London, England. He has travelled extensively in England, Canada, and the United States but for some years has been a resident of New York.

He has made an intensive study of English and American ballads which he has collected from many sources, all the way from Nova Scotia, to England, and back to the United States. His humorous and informal comments concerning numbers on his programme helped to make the evening very enjoyable, especially for the young people in the audience.

Mr. Spicer's accompanist, Frank March, is also a Canadian. His accompaniments were skilful and artistic both in the simple original settings of the ballads and in the more brilliant modern arrangements. The evening's programme was as follows:

Traditional English ballads: The Cornish Dance, Arr. by Ross; Lord Randal (about 1300), Arr. by Cyril Scott; The Crocodile, Arr. by Earle Spicer; Barbara Allen, Arr. by Roger Quilter; Up From Zomerzet, Arr. by Sanderson.

Shakespeare "Quiz" followed by Shakespearean songs: O, Mystris Meye, "Twelfth Night" (Clown); William Byrd; It Was a Lover and His Lass, "As You Like It" (Two Pages); Thomas Morley; Autolycus' Song, "A Winter's Tale" (Autolycus); James Greenhill.

Gilbert and Sullivan: There Lived a King, From "The Gondoliers"; The Willow, From "The Mikado"; When I Was a Lad, From "H.M.S. Pinafore".

Traditional American Ballads: The Little Mawhee (Carolina), Arr. by

SHERBROOKE TO HAVE BLACKOUT NOVEMBER 10TH

Local Authorities, However, Have Not as Yet Received Any Official Notification.

No official notification has been received by the local municipal authorities or the police department concerning the blackout which is to be held here November 10, according to an announcement made by C.P.C. officials in Quebec City over the week-end.

"We are awaiting instructions," said Inspector Percy Donahue, Acting Director, "and should receive official notice in a day or two. As soon as we do we will go ahead with our plans, which have already been discussed to some extent."

City Clerk Antonin Deslauriers was also without any news of the proposed blackout, but said that the city authorities would comply with whatever orders were given. It was pointed out in Sherbrooke that the big problem here would be to decide whether or not the several large companies which are engaged in the production of war materials would suspend operations during the blackout period.

If a complete blackout was staged, Gaston Masse, Superintendent of the Gas and Electricity Department, said that all the department would have to do would be to pull the main switch which would throw the entire city into darkness.

Local Authorities, However, Have Not as Yet Received Any Official Notification.

No official notification has been received by the local municipal authorities or the police department concerning the blackout which is to be held here November 10, according to an announcement made by C.P.C. officials in Quebec City over the week-end.

"We are awaiting instructions," said Inspector Percy Donahue, Acting Director, "and should receive official notice in a day or two. As soon as we do we will go ahead with our plans, which have already been discussed to some extent."

City Clerk Antonin Deslauriers was also without any news of the proposed blackout, but said that the city authorities would comply with whatever orders were given. It was pointed out in Sherbrooke that the big problem here would be to decide whether or not the several large companies which are engaged in the production of war materials would suspend operations during the blackout period.

If a complete blackout was staged, Gaston Masse, Superintendent of the Gas and Electricity Department, said that all the department would have to do would be to pull the main switch which would throw the entire city into darkness.

Protestant Teachers Support Need For Larger Administration Units

Bedford Association Adopts Resolution Supporting Move Which Would Aid Schools in Rural Communities—Dr. W. O. Rothney, of Bishop's, Outlines Views and Examines Situation.

Bedford, Oct. 27.—Members of the District of Bedford Teachers' Association at a meeting held here Saturday unanimously adopted a resolution supporting the plan for the creation of a larger unit of school administration for Protestant education in rural Quebec. Copy of the resolution was forwarded to the district M.L.A.

Chief speaker at the meeting was Dr. W. O. Rothney, of the University of Bishop's College, who after tracing the changes in the Province's education system said: "We must have these larger units of school administration, or rural education will not be able to keep up with these rapid strides. Only through them can there be an equalization of valuations, the possibility of establishing teachers' salary scales, of meeting the many problems that demand action."

Dr. Rothney declared that today, as during the past, he is opposed to the idea of permissive legislation for larger units, because it will merely postpone their establishment. In three different countries where he has addressed meetings, some one has risen to ask why they have not made the idea tried in one country first; but alas, when the suggestion is made that the home country be chosen, the reply comes, "Oh no, try it elsewhere first. We'd like to see how it will work."

"But it has been tried elsewhere," the speaker added emphatically. "For 25 years, we have watched it experimented with and adopted in Britain, in France, in the United States, throughout some parts of Canada. Alberta has larger units now. Manitoba some years ago set up two as a trial; today they have no more than the two. For some reason or other, people do not voluntarily extend the larger unit, and yet once they have its benefit, they wouldn't be without it."

For this reason, Dr. Rothney urged that the legislation be made for the Province as a whole, from the outset.

### RUSSIAN COMMAND CHANGES

The high command of the Russian Army has undergone a complete and far-reaching reorganization with a view to the requirement of both a long war and the current situation, it was revealed in the statement of the official Soviet spokesman, S. A. Lozovsky, who has shown up in Kuibyshev after having been out of the news for several days.

Marshal Semeon Timoshenko, whose removal from the Central Command was announced Thursday without any word as to his future, has been chosen to command the armies of the South, charged with the defence of the Donets basin industrial region and the approaches to the Caucasus, where German pressure is now heavy. This is both a promotion and a reverse in the career of Timoshenko. It indicates that Stalin has decided the Moscow military situation requires a new commander with a fresh approach to the problems of defending the capital. Undoubtedly Marshal Timoshenko has made this mistake in the last few weeks, during which the Germans have driven to the very threshold of Moscow, but from the Central section he has been transferred to a post in every way as important.

The military situation in the Eastern Ukraine, where Rostov and Kharkov are threatened, is the key to continued Soviet resistance. If the Red Army collapses here, the front in the North will become untenable. In this command Timoshenko replaces Marshal Semeon Budenny who removal had been rumored ever since the Ukrainian capital of Kiev was occupied and the German forces swarmed across the Dnieper River.

The new general in the Moscow sector, Gen. Gregory Zhukov, although virtually unknown outside Russia, has long been high in the Soviet military hierarchy. It is not a case of Stalin plumping an obscure officer into prominence. A picture taken in Moscow at the Supreme Soviet meeting shortly before the German invasion began shows Zhukov sitting close to Stalin's left, along with three marshals.

### RUSSIA'S SECOND CAPITAL

The establishment in Kuibyshev of some of Soviet Russia's most important leaders and many foreign embassies and legations has given that old Volga river trading post a boom-town vitality. Shiny new automobiles splash along roads long used by horse-drawn droshkies and sleighs. The broad avenues of central Kuibyshev are lined by modern, well-equipped buildings in which Russian leaders not directly engaged in the defence of Moscow have made their offices, and while their identities cannot be disclosed, some of them are highly important.

Foreign Commissar Vyacheslav Molotov and his aides, S. A. Lozovsky and Andrei Vishinsky, have moved in, and one of the first acts of the former was to receive the dean of the diplomatic corps, Iranian Ambassador Mottamed Saed, and the United States, British and other envoys. United States Ambassador Laurence Steinhardt and his staff are established in a former schoolhouse, as are foreign correspondents who moved from Moscow with the diplomats.

Kuibyshev was founded as the City of Samara in 1886 to serve as a trading post and communications link between Kazan and Astrakhan. It lies on the East bank of the broad, gray Volga, where for centuries it has been a grain trade centre.

On their train trip from Moscow the diplomats saw evidence of Russian intentions to carry on the war. Military trains moved Westward periodically while flatcars carried factory machinery Eastward to be set up again in safer centres.

### HOW TO SLEEP WELL

By Grenville Kleiser

If you are a light sleeper, choose if possible a room where you will not be started by noise or subjected to the irritation of even small constant

sounds. Noise, even if you do not consciously hear it, raises the blood-pressure and makes your muscles taut.

If you have to sleep with a clock near your bed, stand the timepiece on a pad. Don't, if you can avoid it, share a room with anyone; the small involuntary noises made by your companion will disturb you, and you will be afraid to move freely lest you should disturb him.

Your choice of bed and bedding should also be made with your sleeping-habits in mind. Careful research has proved that coil springs make the best mattress; stretched wires, or link springs, sag like a hammock and tend to keep the muscles tensed. After a night on a coil-spring mattress, about fifteen per cent less energy is needed for mental work than after sleeping on link springs. The overlay mattress is best made of hair, as this is more resilient than wool.

Your pillow arrangement should be made to suit you. High pillows tend to relieve blood-pressure on the brain; some people find that they sleep best with a very low pillow, or none at all; if this suits them, they should certainly adopt the method, since sleeping flat is the natural posture.

Bedclothes should be light in weight and absorbent in texture. Fluffy blankets, though they weigh less, keep you warmer than hard ones, and don't exert the muscles or impede the circulation, as heavy ones do. A down quilt is healthy, since it allows free ventilation and imposes no burden of weight on the limbs.

If you are sleeping out of doors, or on a cot, be careful to have as thick a layer beneath as above; if you are camping, and can't spare the blankets to put below you, a thick layer of newspaper, covered by a quantity of hay, fern or heather is warm and very comfortable.

An essential to healthy sleeping is a supply of fresh air. The ideal method is to sleep out in the open or on a porch all year round. If you can't manage it, see that the windows are always wide open. Don't be afraid of chill; if your bed is warm enough the air won't hurt you. Whatever the thermometer on the wall may register, the air spaces under the blankets will very soon be raised to a temperature of ninety degrees.

You may, if you suffer from a bad circulation, find it necessary on very cold nights to warm the bed with a hot-water bottle or electric pad before you get in; if you do this you will step into a balmy tropical climate as soon as you get between the sheets.

Even more important than the bed and what you do when you are in it is what you do immediately before you enter it. A warm, not over-hot bath shortly before you get into bed is often soothing. Your last meal should be taken at least two hours—preferably more—before you retire; the time between the meal and going to bed should be filled with peaceful, interesting but not exciting occupations.

### PRESS COMMENTS

#### PRESIDENT GENEROUS

Hamilton Spectator

President Roosevelt performed a generous act at the Atlantic parley when he made each member of the crew of the Prince of Wales the recipient of 200 cigarettes, a quantity of fruit and half a pound of cheese. The personnel of this large battleship numbers 1,500 officers and men.

#### "JOHN BULL" HEPBURN

Windsor Star

Photos of Premier Hepburn in the "John Bull" costume in which he was dressed by the Saints and Sinners club in New York will cause varying reactions. If you are a supporter of his, the clothes made him look like the personification of rugged British statesmanship. If you are not, you might get the idea he looked a little like the Mad Hatter.

#### AN APT COMPARISON

Vancouver Sun

Among the bondholders are many poor men, life insurance companies and other provincial governments, like that of British Columbia. We wonder how they feel about it when Mr. Abernethy proudly points to a huge surplus—and still refuses to pay his honest debts. Alberta is like a man who steals your watch and then boasts of his honesty because he pays his grocery bills.

#### HONESTY PAYS IN TOURIST TRADE

Goderich Signal

A pleasant tale comes from the Canadian Travel Bureau. The 15-year-old son of an Illinois woman holidaying in Canada lost a billfold containing \$13. It was returned by a Chatham lady through the medium of the Foreign Exchange Control Board, and the mother was so pleased that she convinced six other women that Canada was the place to spend a vacation.

#### HUNGER, THEN REVOLT

Toronto Telegram

In 1935 Lillian Harvey was the belle of Berlin. Now she is just another British girl, very glad to be in America. She is a screen actress whose films captured the Teutonic fancy. She was the toast of Berlin, of Baden, Dresden and Potsdam. Her path was strewn with roses. And then came war. Miss Harvey says she escaped from Germany ten days before her invitation to a concentration camp arrived. The British actress considers herself an authority on German psychology, and we present some of her impressions, as given in a New York interview. "Starvation in Europe will provoke a revolution, devastating to the Nazi cause. Switzerland will not be violated. It is too strategic. Switzerland is woefully inefficient. The government has not made the mistake of France. All Swiss are ordered to hoard food in their houses in the belief that it is more difficult to seize food from individual houses than from concentrated centres." Miss Harvey says Hitler is not leading a united Germany; that there are no more than 2,000,000 Nazis, but all Germans crave leadership, a Kaiser or a Hitler. They have a mass concentration mind that is slavish to a demagogue. They are like savages. They are friendly but stupid and cruel. These are the things that Lillian Harvey has to say of Germany, and she thinks hunger will bring revolt.

#### ARGENTINA IS AROUSED

Providence Journal

It is important news, North and South of the Isthmus, that Argentina shows a determination to cooperate effectively in Pan-American relations, particularly those pertaining to Western Hemisphere defence. Argentina has always been the dissenting nation in Pan-American congresses, leaning more toward the Old World than the New. Her economy has been largely responsible for this, since her great markets are in Europe. She also has a large German and Italian population, which, in late years, has made her position difficult. But now we find Argentina alarmed over Nazi intrigues, and not only alarmed but bent upon dealing with them promptly and decisively.

#### HEPBURN'S RESPONSIBILITY

Toronto Star

In reply to a criticism of the liquor situation in Ontario, Premier Hepburn is quoted as saying: "I did not make those liquor laws and I am not responsible for their administration." But since when has Mr. Hepburn become so lamb-like that he has no control over his own liquor board? Of course he has. And he cannot escape responsibility for the board's actions simply by disclaiming it.

#### FLATTERING VIERECK

Chicago Daily News

George Sylvester Viereck, editor of the notorious propaganda weekly, The Fatherland, during the last war, has been arrested by G-men on charges of having failed to tell the State Department the whole truth about his relations with the Nazi government.

We imagine that if Viereck told all it would require a book, or perhaps a set of fat volumes. A special assistant to the United States Attorney General says that Viereck is "one of the most serious menaces in this country." We fear he is flattering George.

Mr. Viereck's sympathies and activities have been about as insidious and as carefully hidden as a white elephant marching through Grant Park waving a red flag and ringing a bell. As a spy, Mr. Viereck would be about as inconspicuous as Peggy Joyce in Dahomey.

Christian Science Monitor

"Private Fox, take this message over to the barracks, and while you're there, Corporal Fox, see if that door has been fixed on the East side of the building. And by the way—but never mind—Sergeant Fox, you'd better hurry right along. If we stand here much longer, you'll

### FRENCH PRESS

#### THE MATTER OF SALVAGE

La Presse, Montreal.

Anxious to do their part in a campaign for salvaging waste materials useful in war, a large group of students of both sexes of McGill University visited the City of Outremont recently to gather what people were willing to give them. The harvest was abundant since no less than 45 trucks were required to transport it. It was a great success, thanks to the volunteers, the citizens of the neighboring city and those who generally lent their support. This is the spirit to bring full success in the diverse enterprises, the object of which is to support Canada's war effort. If our youth particularly would lend a hand, it would be possible to accomplish a multitude of useful tasks with a maximum result. In the matter of salvage, it is understandable that public authority has not got the time nor the means to knock at every door. It is the part of private initiators to organize collections of this kind and to follow them up methodically.

be giving me orders. I'm only a lieutenant, myself."

Perhaps this is the way officers have to talk to Walter F. Fox who, before we had finished that paragraph, had been promoted to an even higher rank. He is now—if the telegraph, telephone and radio news services have caught up with him—a technical sergeant. Whatever Sergeant Fox is, he soon won't be, apparently. It has taken him about six weeks to emerge from a draftee into something more military than Napoleon once was.

Is it genius, or is it just the kind of training that they give the boys at Fort Sill, Oklahoma? He must be a bit of a problem for his hometown officials: How design the welcome-home banners for a Fox furlough? The right title that is sure to be right is Not-for-Long Fox.

#### FIX PRICE LEVEL FOR FOOD

Winnipeg Tribune

Certainly, food prices are reaching a point where the health standards of a large section of the nation are in jeopardy. There should be no hesitation in correcting this situation. The Government has the power to step in at any time. And once the price level for food is brought into line with the present earning capacity, it will be time to consider further the need for a co-ordinated food programme. There should be no delay in this first step.

#### SOME STRANGE FASHIONS IN THE USE OF WORDS

Ottawa Journal

It is amusing how words alter in social prestige. Sir Walter Scott, about the time of the Crimean War, was shocked to hear young ladies actually using "pluck" to mean "courage." That was then considered quite a plebeian vulgarity. But now we have Mr. Elton Moore, an anatomist and contemporary at Trinity College of Gerald Bullitt, actually using the word "guts" in a B.B.C. broadcast.

Directly "pluck," which derivatively mean the same thing, acquired social ease, the plebeians dropped it for the still stronger "guts." And now "guts" has been taken within the pale of polite convention. "Stomach for this fight," says Henry V. in his Agincourt oration, and "stomach" is just "guts."

Shakespeare dallied with this same question of word respectability. Was it not Mistress Quickly who commented on the arbitrary manner in which "occupied" had fallen into disrepute? And how arbitrary this word fashion can be. Mention "belly" in the anatomical sense, and even the modern drawing-room wince a bit. Yet the poets find great rapture in a "bellying sail."

#### WHEN YOU TRY

St. Thomas Times-Journal

In the early part of this year the Minister of Munitions and Supply, Hon. C. D. Howe, when asked why tanks were not being made in Canada, said we had not the facilities and equipment for making them here. To somebody seems to have got busy, perhaps a proud and aggressive master mechanic, and two or three months ago the first all-Canadian tank came off the line in the Angus shops of Montreal. It was the precursor of a schedule of production.

Speaking to an interviewer in London on Tuesday, C. A. Banks, London representative of the department presided over by Mr. Howe stated that he was very pleased with the progress made by the war effort of Canada, and that tanks would be supplied to Russia over and above the number scheduled for British use.

Which just goes to show you never know what you can do till you try. If somebody had not got mad at the suggestion that tanks could not be built in Canada they would not have been built. Is there anything else we can build that we are not building?

"Did Freda regret leaving the sage when she married?"  
"Not in the least. She feels she's still in the profession."  
"How is that?"  
"One scene after another."

"You will marry?" said the fortune-teller, "a tall, dark man."  
"Oh, dear, how shall I break it to Albert? He's five feet two and ginger."  
"Is Mary your eldest sister?"  
"Yes."  
"And who comes after her?"  
"You and two other fellows."

The young soldier, a Scot, had just finished a letter when an enemy raid started.

"Shall I bother to address it?" he asked, with a mock tragic air. "I may never be able to post it."  
"Never mind, Jack," said his friend, "you needn't lick the stamp till the 'all clear' goes."

"Do you know, dear, I think you were just made for me."  
"Well, darling, I'm sure you were made for me."  
Whereupon they made for each other.

"Is the Minister of Agriculture?"  
"Yes."  
"Not just now, madam. What do you want him for?"  
"Well, I have a geranium that isn't doing so well!"

"How do you like my engagement ring, Sally?"  
"Lovely, darling, the best you've had since the war started."

Tommy (aged five): "I can see no word on your face."  
"Why, Tommy?"  
"Tommy, 'cause I heard my sister say, 'If any man had slow written on his face, it was you.'"

Donald and Mary decided to adopt a child, and asked at the orphanage for a little girl. One was produced, and Mary was about to close the bargain when Donald tapped her shoulder.

"Mary," he whispered, "let's have a boy. Hae ye forgotten the kid's cap we found in the train?"

It was a war wedding. The happy couple were photographed as they left the church, and were promised proofs in a few days.

The large envelope duly arrived, and was opened in great excitement. Inside were several studies of an infant and an accompanying note: "Please state clearly which size you want—and how many."

Explorer: "This weather reminds me of the time I was in the Yukon. It got so cold one night that the lamp flame froze."  
Trapper: "Yes, you scoundrel, and I've been looking for you these forty years. You broke that flame off and threw it out, right against my shack. Next day the flame melted and burned it down."

### McKENNEY ON BRIDGE

By Wm. E. McKenney, America's Card Authority

#### DECLARER UNABLE TO BREAK DEFENCE UNTIL 11TH TRICK

When Earl Ackerman of San Francisco, vice-president of the Pacific Bridge League, visited New York, we dropped in to see Waldemar von Zedwitz, Oswald Jacoby, of the Four Aces, was also a guest. Naturally, we discussed bridge hands. In describing the hand shown today, Jacoby said one of his opponents in a rubber bridge game "jumped out of the frying pan into the 1100 number." The 1100 number, of course, is the dreaded set of all bridge players.

The opening lead brought out the ten and jack of diamonds. Back came the queen of spades. South covered and the ace won. A spade return to the jack-pot Jacoby (East) in to lead the queen of hearts, and the king was won by the ace.

West cashed the ten of spades, then led the eight, and Jacoby made his ten of clubs. He took the jack of hearts and led another. South ruffed low, instead of discarding the diamond, and West over-ruffed.

A diamond put East back to lead another heart, and West made his jack of trumps on an over-ruff. West exited with the diamond, and South made his low trump for his first trick. He cashed the ace of trumps, and West took the last trick with the king.

South was foolish to show his second suit when his partner passed one spade. East's double was not a business one. South should have passed to see what action West would take. Few suit bids of one are doubled for business.

If South had passed one spade doubled, West would have figured whether more points could be gained by penalty or bidding. South's two club bid removed any doubts he may have held.

## DANVILLE W.A. MEMBERS HOSTS TO GATHERING

Church Ladies of Danville and Asbestos Guests of Trinity United Church Women's Association.

Danville, Oct. 27.—The Women's Association of Trinity United Church held a social afternoon and tea which ladies from the various guilds of the Anglican, United and Presbyterian churches of Asbestos were invited to attend. Danville ladies from the Adventist, Anglican and Presbyterian churches were invited.

A short programme was enjoyed. Mrs. M. Buchanan gave a reading and a monologue was given by Mrs. A. E. Leet. Next was a contest, in which four ladies tied, Mrs. A. E. Ward, Mrs. Don Rattray, Mrs. Jack Smith and Miss Bernice Hunt. Miss Hunt drew the prize. An amusing feature of the afternoon was a large jack-o'-lantern from which hung a quantity of strings. To each of these a strip of paper was attached with one's fortune printed on it. Each one who drew a slip had to read aloud the fortune portrayed, which caused much laughter. Hallowe'en decorations were used throughout and tea was served to over fifty guests. Miss Maud Macleay received the door prize.

## TEACHER, LONG NEGLECTED, MAY SOON BE TOWN PET

BY RUTH MILLETT

At last the small town school teacher is getting a break. Girls who accepted that type of teaching job have in the past led pretty dull lives. Pay has been ridiculously small and the whole town took an interest in the teacher's private life. And the school board felt that they could dictate to her in the matter of dating, dancing, smoking, attending church, etc.

In the past girls had to put up with the poor wages and social restrictions that are the lot of the small town and rural teacher because jobs were scarce and they didn't dare stand up and fight for their rights.

But jobs aren't scarce any more. Girls are getting out of school teaching jobs and going into the business world in such large numbers that, according to employment agencies, some states are already worried about what the situation is going to be before this school year is finished.

This is a swell thing for the teachers who are left in their jobs and the young girls just going into teaching who really prefer teaching to office work. For if they know that their school boards are just as anxious, if not more so, to keep them as they are to keep their jobs, they can demand (and get) a few things they have been afraid to fight for in the past.

For instance, they can show a little spirit and independence about the way they lead their private lives. They won't have to meekly say, "Yes, sir," when the head of the school board informs them that week night dates for teachers are frowned upon. Or that going out of town for week-ends is not a good idea, and that a teacher must not smoke, even in the privacy of her own room.

And they may even manage to get better salaries than they have received in the past. At least, they won't be afraid to ask for more money, for fear that asking would put them in bad with their school boards.

If the small towns are losing their best teachers to business opportunities in near-by cities, it is too bad for the children. But it serves the grown-ups right. They have never given the small town school teacher a break, either financially or socially. They've paid her barely a living wage and for it expected the privilege of running her life.

Now the worm has a chance to turn — and the worm is apparently making the most of the opportunity.

Mr. and Mrs. Warren Sweet, of Montpelier, N. H., were week-end guests of Mr. and Mrs. Raymond Stevenson, Gillespie Street.

Mr. Allan Machell, of Washington, Vt., was a guest for the week-end of her sister, Mrs. Henry Arton, of Mr. Arton, in Lennoxville.

Mr. and Mrs. W. J. Foss, who were guests for the week-end of Mr. J. P. Wells and his sisters, left this morning for their home in Pittsfield, Mass.

Miss Isobel Mutchler after spending two weeks at home visiting her parents, Mr. and Mrs. Walter Mutchler, Montreal Street, has returned to Needham, Mass.

Mr. and Mrs. Harold Sheppard and their infant daughter, Sandra, who have spent several days with the former's mother, Mrs. K. W. Sheppard, Montreal Street, left last night for their home in Longueuil.

Miss Alma Gordon returned on Saturday to her home on Belvidere Street, after spending three months in Shanaken, New York, visiting her sister, Mrs. Dory Ford, and Mr. Ford.

Mr. and Mrs. S. Mortimer, of Quebec City, who have been guests for a week of Mr. and Mrs. C. Brooks, Federal Street, returned yesterday to their home in the Ancient Capital. Mrs. G. R. Andrews, who was also a guest for a week at the same home, and Mr. Andrews, who spent the week-end there, also left yesterday for their home in Three Rivers.

The membership tea and musicale sponsored by the Catholic Women's League, under the co-operation of Mrs. S. Hansford, was the raison d'etre for a very pleasant social function in St. Patrick's Church Hall on Saturday afternoon. Mrs. John Murphy, President of the Sherbrooke Sub-Division, and Mrs. Hansford presided over the many guests as they entered the hall, which was effectively decorated, under the supervision of Mrs. J. Jovett, assisted by Miss Anne Jovett and Miss Noreen Kelley, with Hallowe'en motifs, snowdrops and oak leaves. Mrs. R. C. Winslade and Mrs. Rene Blouin were in charge of refreshments, the daintily-appointed table being charmingly done with orange candies and mahogany-hued baby mums. Tea was served by Mrs. Francis Hove, Diocesan President, Miss Gladys Mullins, Mrs. L. Barlow and Miss Maud Stewart. Assisting in serving were the Misses Gertrude Halvin, Margaret Heiner, Helen Fitzgerald, Helen Hibbard, Anna Piche, Marian Ciacio and Madeleine Beaudry. The delightful musical programme was convened by Mrs. F. E. S. Shelley, and under the efficient direction of Mrs. L. E. Codere, edited much to the pleasure of the occasion. The programme follows: Piano duo, "Parade Review," played by Mrs. Shelley and Miss Marie McLeister; vocal solo, "Lane to Ballybree," by Mrs. Cesaire Gervais, tenor solos, "Sylvia," (Oley Speaks), "Un Petit Rien C'est Tout," (Martel), by Mr. Marcel Dufresne; vocal solos, "A Lullaby," (Brahms), "Morning" (Oley Speaks), by Miss Margaret Doherty; vocal duets, "I Would that My Love," (Mendelssohn), and "Nearest and Dearest," (Caracciolo), by Mrs. J. T. Hawkins and Mr. Dufresne; piano duet, "Glad Memories," by Mrs. Shelley and Miss MacLeister; vocal solo, "The Garden of My Heart," (E. Ball), by Miss Margaret Doherty; vocal duet, "Toyland," from "Babes in Toyland," by Mrs. Gervais and Mr. Dufresne; piano duet, "Sunflower Dance," by Mrs. Shelley and Miss MacLeister; vocal solos, "Danny Boy" and "There'll Always Be an England," the audience joining in the chorus of the latter. Mrs. John Murphy, on behalf of the C.V.W.L., expressed appropriate thanks to the convener, musicians and all who had contributed to the outstanding success of its delightful membership tea party.

## BROME COUNTY W.I. MEETING AT ABERCORN

Delegates from Four Branches Attend Semi-Annual Convention of Women's Institute—Fine Reports Heard.

Abercorn, Oct. 27.—The semi-annual convention of the Brome County Women's Institute was held at the home of Miss E. Gagnon with delegates from four branches in attendance.

The meeting was brought to order by the County President, Mrs. Arthur Dufresne of Austin, and the opening ode was sung with Mrs. John Taylor, of Austin, at the organ. The Club Woman's Creed was then repeated in unison.

The minutes of the last County meeting, which was the annual held at East Bolton United Church, were read by the Secretary, Mrs. C. B. Cowan, and approved. The roll call was answered by four members from Austin, four from South Bolton, five from Foster and six from Abercorn. Several other local members came in at the tea hour. It was deeply regretted that the Sutton branch was not represented.

A letter was read from Miss Roberta Scott, Superintendent of Quebec Women's Institutes, touching on several interesting subjects.

Mrs. L. B. Ingalls reported that the Abercorn branch had sponsored a supper and the proceeds had been given to the Abercorn-Sutton Knitting Club. Five meetings had been held and a quilt made.

The Austin report was read by Mrs. L. C. Good, stating that since entertaining the annual County meeting last May they had held a food sale and had given five dollars to the Canadian War Services Fund. A school fair had been held and a salvage campaign was sponsored in conjunction with the Magog Boy Scouts. The branch has also been active in connection with the Civilian Protection Committee. Articles forwarded to the Red Cross Division were named and showed that the members had been very active in this department.

Mrs. F. G. Johnson reported that the Foster Branch had only held two meetings, but had been instrumental in forwarding 200 articles to the Magog Division of the Red Cross and 428 articles to the Knowlton Division since June 1.

Mrs. Levey reported that the South Bolton Branch had done a large amount of Red Cross work and they also reported that they had amalgamated their Institute and Red Cross meetings.

The President spoke of the Self-Denial Fund and the Federated Women's Institute Canadian Fund. It was also announced that one new branch had been formed in the county in Pontiac County. Mrs. Dufresne also suggested again that members try and contact letter friends in other countries.

It was announced that the Quebec Women's Institutes is the only organization authorized to handle subscriptions for the Macdonald College Joual.

Mrs. George Lahue, of South Bolton, was named First Vice-President to replace Mrs. Gordon Harvey, who wished to withdraw for the present owing to other activities. Mrs. Harvey was, however, named Second Vice-President. This nomination was moved by Mrs. J. Lavoy, of South Bolton, and seconded by Mrs. L. B. Ingalls, of Abercorn.

The President introduced Mr. L. D. McClintock, Brome County Agronomist, who spoke at length on the benefits derived from having a weaving demonstration in the very near future. This demonstration will be arranged for by Mr. McClintock and other County representatives and will be held in Knowlton for five consecutive days. It is hoped that many members throughout the County will be able to avail themselves of the benefits to be derived from this instructive event. Samples of flax and a piece of linen that was grown, spun and woven in Brome County were exhibited by Mrs. F. G. Johnson.

The speaker suggested the idea of holding domestic canning demonstrations in many of the rural schools throughout the County, and the subject of teaching an agriculture course in the schools was also discussed.

## TESTED RECIPES

### "MORE MILK," SAYS SECRETARY OF AGRICULTURE

"More milk" tops the list of production goals proposed recently by the Secretary of Agriculture to U. S. farmers. Calling for co-operation in the mightiest food production programme ever launched, Secretary Claude R. Wickard has asked dairy producers to increase milk production to the tune of eight billion pounds.

Quarts of milk in the family refrigerator are the big guns of our nutritional defense. Milk qualifies as protective chiefly because of its calcium, high-quality protein, vitamin A and riboflavin.

The mistaken notion that milk is fattening may cause some adults to cut down on it. Considering the important protective values of milk, this is an extremely short-sighted policy. Foods are classified as fattening or non-fattening according to the calories they contain. In proportion to its other food values, milk has comparatively few calories — about 170 to a glass. Cutting down on milk and other protective foods is one of the reasons behind loss of vitality and lowered resistance that accompanies certain efforts to reduce.

### TOMORROW'S MENU

- BREAKFAST: Orange juice, cracked wheat cereal, toast, coffee, milk.
- LUNCHEON: Cream of spinach soup, enriched bread, chopped egg sandwiches, stewed apricots, tea, milk.
- DINNER: Beef kidney stew, baked potatoes, steamed celery with parsley, romaine salad, brown rice pudding, coffee, milk.

### MEET THE YARDSTICK

In working out a low-cost diet to meet the new national yardstick for good nutrition allow for every child 3 to 4 cups of milk, 2 to 3 cups for every grown-up. Expectant mothers need about 1 quart a day and nursing mothers 1½ quarts.

These recommendations are expressed in terms of whole fresh milk but smart homemakers make use of other forms for variety and economy. They may serve it as cheese, skim milk, evaporated, or dry milk.

"Make use of milk below the cream line," advises Dr. Hazel K. Stiebeling of the Department of Agriculture, "especially if your food money is limited. We not only need to produce more milk in this country, but we could easily use what we have more efficiently by not letting skim milk go to waste. Skim milk contains all the important milk solids except fat and vitamin A. It can be used for part or all of the milk quota. But if skim milk replaces whole, another source of fat and vitamin A must be provided in the diet."

Diluted with water—4 cups water to 1 cup dry skim milk—dry skim milk has about the same food value as an equal amount of fluid skim milk. Evaporated milk, diluted with water measure for measure, has about the same food value as an equal amount of fluid whole milk.

### MIND YOUR MANNERS

- 1.—Is it good manners for a girl to ask her escort to carry her compact, lipstick and comb in his pocket?
- 2.—If a man asks a girl for a first date, should she invite him to her house for a definite evening when she tells him good night?
- 3.—Should a girl meet her date on a street corner or in front of a movie?
- 4.—Is it good manners for a girl to keep looking at her reflection in store windows as she walks down a city street?
- 5.—Is it good manners for anyone to call a friend or an acquaintance on the telephone and say, "Guess who this is?"

What would you do if—  
You are a girl who has borrowed the automobile of a young man you date—  
(a) Have at least as much gas as when you return it as it had when you borrowed it?  
(b) Use the gasoline that is in the car, and don't bother to put any in before returning it?

- 1.—No.
- 2.—No. That makes her appear to be rushing things.
- 3.—No. That is undignified. He should come to her house for her.
- 4.—No. It makes her conspicuous and also shows her up as being vain.
- 5.—No. Better "What Would You Do" solution—(a).

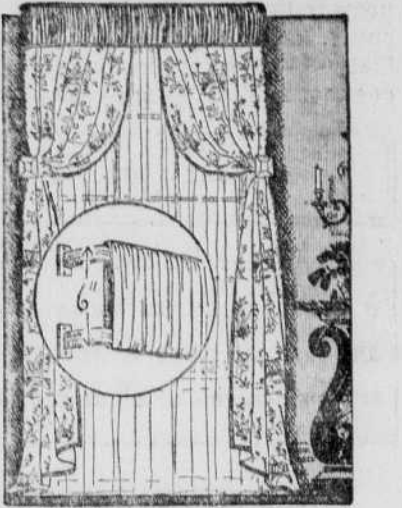

Mrs. M. B. Williams, of Foster, and Mrs. C. B. Cowan, Mrs. Allen, Mrs. G. Righton, Mrs. L. B. Ingalls, Mrs. H. Lahue and several others of the Abercorn Branch.

Cornice-Style Draperies Lovely and Easily Made

Fabric and Rods Make "Cornice" Curtains topped with a cornice do have an elegant look. The nicest part about these lovely draperies, though, is that the "cornice" is of fabric, just stitched on to two rods. A trick you can easily do yourself. You might combine side draperies of burgundy sateen printed in an ivory — or a plum-colored chintz with a green figure and a green cornice.

To make the cornice, start with a strip of lining 50 per cent longer than the window is wide. Make red castings and then face this lining with your ivory sateen, binding neatly along bottom and top edges. To side draperies and glass curtains too, you can easily give a professional look.

In cutting glass curtains, straighten end of fabric by pulling a thread; then curtains won't hang askew. In lining draperies, let drapery material project ½ inch beyond lining, so lining won't show.

For complete details for making draperies, drapery — curtains and glass curtains, see our 32-page booklet. Directions and diagrams show how to measure, cut, sew and trim smart styles; make swags, valances, cornices.

Send 15c in coins for your copy of "New Ideas in Making Curtains and Draperies" to Daily Record, Home Service, Sherbrooke, Quebec. Be sure to write plainly your name, address, and the name of booklet.

LAKE MEGANTIC MINISTER HAS RESIGNED POST

Rev. A. F. Pollock Retires from Knox United Church and Also from Active Ministry.

Lake Megantic, Oct. 27.—It was with sincere regret that the congregation of Knox United Church, Lake Megantic, accepted the resignation of Rev. A. F. Pollock.

His retirement from Knox Church and at the same time from the active ministry leaves a vacancy hard to fill. However there remains with all those who came in contact with Mr. and Mrs. Pollock here and elsewhere during the many years of their ministry the influence of earnest striving to further God's Kingdom in many ways.

British Paint Shark Teeth On American Plane . . .

... AND DO MUCH MORE SCARY JOB THAN THE NAZIS

The planes with the terrifying noses, shown above, are American Tomahawks fighting for the British somewhere in Africa. A British artist painted on the shark's heads—and a much better job he did than the German painter who put the teeth on the twin-engined Messerschmitt at left.

# HOLD MEETING OF FARM FORUM AT KNOWLTON

### Co-operative Buying and Selling Discussed at Well-Attended Session in Lake View Hall.

Knowlton, Oct. 27. — The Rural Adult Education service of MacDonald College sponsored a meeting in the interest of the Lake View Hall here.

The Chairman, G. Claude Whit-cher, of Foster, presided over the meeting, which was exceptionally well attended. Moving pictures were shown and were most interest- ing.

Various study groups were formed and discussions took place on the question of co-operative buying and selling.

Four young men were nominated as delegates to attend the four day course at Macdonald College, Roscoe Mizener and Claude Whitecher, of Foster, Fred Shufelt, of East Farn- ham, and Harry Hawley, of Sutton.

An address by Major L. D. Mc- Clintock, County Agronomist, listened to with much interest, gave the benefits derived from forming a Farm Radio Forum. Two representa- tives from the Provincial Council of Farm Forums also gave interest- ing addresses.

It is of interest to the public to learn some five hundred Quebec farmers met throughout the early months of 1941 to study their prob- lems and in the spring hundreds of these met together to pool their ex- periences and conclusions. Four large committee meetings were held in various parts of Quebec, leading up to the important provincial con- ference held at Macdonald College.

The Provincial Council of Farm Forums is uniting hundreds of Eng- lish-speaking farmers of Quebec and will prepare them to participate in a national farm movement. To be effective, such a movement must be national and it can be truly na- tional only when it unites the farm- ers in all parts of the country.

The meeting closed with the sing- ing of the National Anthem. Among those who attended this gathering were men and women from Sutton, Brome, East Farnham, Foster and Sweetsburg as well as Knowlton.

### POPPY CAMPAIGN PLANNED

A general meeting of the Brome Branch, Canadian Legion, B.E.S.L., was held in the Legion headquarters

with the President, Mrs. Harry Ban- nister, in the chair. Two new members were accepted. A report was given on the card party which the Legion sponsored, pro- ceeds being most satisfactory. Arrangements were made for the Poppy Campaign and Remembrance Day ceremony, the same programme to be followed as in the past, that is, a parade to cenotaph service, fol- lowed by the Legion annual meeting and election of officers and banquet in the evening. The Church service this year will be in the United Church on the Sunday preceding Remembrance Day.

### I.O.D.E. GROUP MEETS

The H.M.S. Jervis Bay Junior Chapter, I.O.D.E., held its regular meeting at the home of Barbara Ball with a very large attendance of members present. The Regent, Mrs. Harry L. Parkes, was in the chair and conducted a short business ses- sion, when the minutes of the last meeting were read by the Secretary, Elizabeth Hamilton, and approved. Plans were discussed as to what would be undertaken by the Chapter at Christmas time. Mrs. D. H. Mapes, Honorary Vice Regent, gave a vivid report on the annual meet- ing of the Provincial Chapter held in Montreal.

Speech work meetings are being held at the home of the Regent on alternate weeks from the regular meetings. At the meeting this week pinafors were completed and sev- eral baby quilts were made. These articles were packed for shipment on Thursday.

AYER'S CLIFF SALVAGE DRIVE FINE SUCCESS

Red Cross Group Hears Excellent Report of Undertaking - Soldiers' Boxes to be Sent Overseas.

Ayer's Cliff, Oct. 27.—A meeting of the Red Cross group was held in the Red Cross room which Alexandra Lodge No. 59, I.O.O.F., has so generously given over to the Society, heated and lighted. It is very conveniently located and the ladies are asked to meet in this room each Tuesday afternoon at 2 o'clock to spend the hours in various much needed work of all kinds which will be under supervision of competent persons.

It was reported that the Salvage Drive which took place recently was most satisfactory and that there is a full truck load to be turned over to the Sherbrooke Salvage Committee. Thanks are due every individual who helped in the making of this successful drive.

The offer made by Mrs. G. M. Robinson of her spacious home on Brown's Hill for a card party for the benefit of the Soldiers' Christmas Boxes was accepted. The ladies named to have charge of packing these boxes were Mrs. Sanderson, Mrs. M. E. Leavitt, Mrs. S. S. Worthen, Mrs. Everett Slack and Miss L. K. Kezar. People who wish to contribute in any way to this work may get in touch with any one of the named committee. These parcels will have to be shipped by November 1, and all local men Overseas serving in the service of this side of the water will be remembered.

The Red Cross has again had a request for more blankets, and these may be new or used blankets

EAST CLIFTON INSTITUTE IN BUSY MEETING

Good Attendance of Members and Visitors at Session of Women's Institute.

East Clifton, Oct. 27.—The Women's Institute held its monthly meeting with its monthly business session. The meeting was presided over by the President, Mrs. Guy Waldron. The opening Ode was followed by the Lord's Prayer, the Mary Stewart Collect and a special prayer for the Soldiers, Sailors and Airmen now serving their King and country. The roll call was "Why We Should Vote."

The minutes of the previous meeting were read by the Secretary-Treasurer, Mrs. James Parkinson, and adopted.

Correspondence was read from Mrs. P. Boy, County Secretary-Treasurer, asking the Women's Institute support for a contribution towards the work of the Associated Country Women of the World for world friendship, which was accorded, and from Mrs. Cameron E. Dow, Provincial President, containing information on different subjects. A letter from Mrs. William Provis, Sr., County Publicity Secretary, gave names of England, who would like correspondence and would appreciate assistance in other ways. This will receive attention at a later date.

After the regular routine of business, Mrs. G. Waldron, the delegate at the semi-annual convention held at East Angus mentioned many things of interest discussed there and reported that the East Clifton Women's Institute was the only one in the county that had reported the activities at each meeting to the County Publicity Secretary.

The meeting was then placed in charge of the County President, Mrs. H. A. Scarth, of Scottstown, who gave an instructive address on "Education for Democracy." She also discussed the Women's Exchange, asking the members to offer any new suggestions which might prove beneficial for another year. Mrs. Parkinson thanked Mrs. Scarth.

Plans were made to pack the Christmas boxes for the soldiers overseas. The Secretary-Treasurer of the Red Cross was authorized to buy supplies to put into these boxes.

Mrs. Roy E. Waldron, of Scottstown, a former member of the East Clifton Women's Institute, was present and Mrs. S. Parsons, of Scottstown, was also a guest at this meeting.

At the close of the session a salad tea was served by the hostess, assisted by the W. I. members.

General Notes: Rev. M. H. and Mrs. Sanderson, Mr. and Mrs. E. W. Sheldon and Mr. and Mrs. F. A. Johnston were in Sherbrooke where they attended the supper meeting in connection with the 106th anniversary of Plymouth Church. The speaker was Rev. Dr. Endicott.

Mrs. Lillian Paul, who visited her sister, Mrs. A. F. Emberley, and Mr. Emberley, for some weeks, has returned to Sherbrooke.

Mrs. Everett Martin and daughter have returned from Magog, and Mrs. W. L. Craig, who has been in Stantford at the home of Mr. and Mrs. Bernal Gustin, has returned and is assisting at the home of her brother and sister-in-law, Mr. and Mrs. Martin.

Mr. and Mrs. Herbert Bissell and Mr. and Mrs. A. Crossfield, of Abbotford, were guests of Mrs. C. J. Thompson.

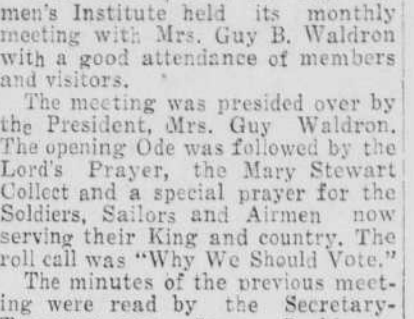

Mrs. E. H. Standish spent a week-end in Rock Island at the home of her daughter, Mrs. Franklin Miller, and Mr. Miller, and with her daughter, Miss Arlene Standish.

The many friends of Mrs. F. W. Dustin were shocked and grieved upon learning of her death at the Sherbrooke Hospital, after an illness of only a few days. All had hoped that she would respond to the treatment and make a recovery. To her daughters and one son and all other relatives sympathy is extended. The funeral was held from her late residence, while burial was made in the local cemetery.

Mr. and Mrs. M. C. Sunbury were guests of her sister, Mrs. L. L. Gustin, and Mr. Gustin, on Brown's Hill.

CAUCASUS INVASION WOULD DOUBLE NAZI SUPPLY PROBLEM

Thrusting toward the oil-rich Russian Caucasus, Hitler's armies are faced with their biggest supply problem of the war, for they have never had to maintain a European fighting front more than 1000 miles from the borders of Germany.

Another difficulty is keeping fresh troops at the point of a spearhead so far from an established base.

STANSTEAD

Mrs. Clara Jenkins passed away about midnight Wednesday evening, October 22. She had been ill during the past ten days. Mrs. Jenkins was a highly respected lady in the community where she had always taken a deep interest in all welfare work.

# WEST HILL HIGH DRUBS ATHLETICS 36-0

## Montreal School Team Runs Wild On Parade Grounds For Easy Win

Brown, Hayes, Surplis and Harvey Outstanding as West Hill Gridders Stage Irresistible Offensive—Surplis and Hayes Great Forward Passers—Sherbrooke Stiffened in Last Half.

With a smooth offensive hitting its peak of effectiveness for the first time this season, according to Coach Chesley, West Hill High School of Montreal rolled to a 36-0 football victory over Sherbrooke Athletics Juniors Saturday afternoon on the Parade Grounds.

Displaying the kind of football that has made Montreal School League games great drawing cards, the West Hill boys played rings around the young Sherbrooke team throughout the first half and well into the third quarter, after which the Athletics stiffened and managed to hold them scoreless.

West Hill knocked off eleven points in the opening quarter then rolled into high gear for a nineteen-point spurge in the second period. During the third quarter the visitors registered another six points, and were unable to add to their collection from then on.

It was really a victory for discipline and condition. Being High School boys, the West Hillers have to get out and practice, and the Coach has plenty of time to build up intricate plays and systems. The Athletics, on the other hand, have to practice in semi-darkness on the Parade Grounds in the evenings, and the question of conditioning really rests with the individual.

West Hill played a daring game, throwing a swarm of forward passes and completing most of them, with Murray Hayes and Surplis on the pitching end and Donnelly, Brown, Hall, Loney and Harvey handling the catching assignments. With their interference working well, the West Hill backs again gained through the line and around the ends.

Quarterback Jimmy Jackson, Len Gillam and Eddie Udall worked like Trojans in the Sherbrooke backfield, but had little chance to gain much yardage, as the West Hill line outplayed the local front wall by a wide margin. John Bryant showed up well on the line, breaking through several times with Babe Veer to spear Hayes before he could get a pass away for the Montreal lads.

Taking the opening kick-off, West Hill marched straight down the field to the Sherbrooke goal-line, and Roy Brown carried the ball over for the first touchdown. A few minutes later Brown pulled off a long run, and then executed a flat pass from Hayes for the second touchdown,

which Harvey converted by a drop kick. Early in the second quarter Surplis fired a long forward pass to Hall for a major score, and again Harvey drop-kicked the extra point. Two more points were chalked up when a Sherbrooke play went haywire behind the goal-line.

Surplis was again the passer for the fourth touchdown, leaving a long one to Loney, West Hill Captain. Harvey's convert was successful. On the next West Hill touch it was Surplis to Harvey, and the bid for the extra point failed.

In the third quarter Surplis got the touchdown, with McFarlane running the ball across the line for the convert. Throughout the game there were several snow storms, and the West Hill forward passing attack worked remarkably well in view of the slippery condition of the ball.

The teams:  
West Hill: Snythe, flying wing; Gillam, half; Porter, half; Loney, half; Summerskill, quarter; Harvey, snap; Dixon, inside; Ramsay, inside; MacKenzie, middle; D'Arcy, middle; Robinson, outside; Donnelly, outside.  
Athletics: Lynn, half; Gillam, half; Porter, half; Udall, half; Jackson, quarter; E. Nelson, snap; Bryant, inside; Munster, inside; R. Nelson, middle; Neil, middle; Leith, outside; Brooks, outside.

West Hill subs: Burgess, Mostell, Atkins, Rennie, Morris, McQueston, Vincelli, Brown, Hanson, Surplis and McFarlane.  
Athletics subs: Jamieson, Veer, Cotterell, Loranger, Colton and Adams.  
Referees: Evans and Purdie.

Last laugh: When Morris McElmore, former Atlanta sports reporter now in the army, was assigned to Camp Wheeler, Ga., he was given a card to be mailed to his nearest relative. . . . Morris simply addressed it to "The Atlanta Journal Sports Department" . . . We have heard of guys who were married to their jobs but that's the first time it's ever been proved.

The story keeps bobbing up that Gulfstream Park, the notably unsuccessful running horse track near Miami, will be turned over to the trotters for a meeting this winter.

## JOHNNY QUILTY LOOKS FORWARD TO GOOD YEAR

The Quilter Has Been Going Great Guns in Practice, Teamed Up with Joe Benoit and Bunny Dame.

St. Hyacinthe, October 27.—Johnny Quilty, the kid who stepped out of high school ranks in the National Hockey League and captured the coveted Calder Trophy as the outstanding rookie last year is looking forward to the new campaign—a year older and a year wiser.

Unmoved by his success of last winter, the 20-year-old husky who started with St. Patrick's High School team, modestly reserves his opinion on how he will fare this coming season in the National League. His only comment when asked how he felt about the new schedule was, "I hope I do as well as last year."

The Quilter, a new tag hung on him by his teammates in training here, agreed however that there are several reasons why he should be as good as last year when he led Canadiens in scoring with 34 points on 18 goals and 16 assists.

First and most important reason believes Johnny is that he's had a season finding his way round the big show. He admitted there's an awful lot of rough spots still to be trimmed off, but he can step on the ice this year a wiser player than last.

An additional seven pounds in weight has boosted Quilty's frame to the 180 mark, which should be of considerable help. He reported for training in top shape and said he had been keeping himself in trim by working as playground director in Ottawa during the summer months.

Regarded as one of the best youngsters to come down the pike in some years, the dark-haired left-winger has been going great guns in practice. Club officials term Johnny as one of those "dream players" and believe his calm eagerness to learn even the smallest phase of the game speaks well for his future.

This style is something like that of Maurice Barry's, for years a star with Boston Bruins and now retired. Quilty can fade away like vapor when going in on the opposition and is primarily a team player.

On a line with Joe Benoit, with whom he teamed last year, and Bunny Dame, amateur in Trail, B.C., last year, Quilty already has shown the benefit of his season's experience. High hopes are held for this line by hockey observers and some quarters believe it may be another kid line like Joe Primeau, Charlie Conacher and Harvey Jack-

## Stanstead Registers 31-5 Win Over B.C.S. On Snow-Capped Field

Chaddock, Jenkins, Lindsay and Poapst Lead Stanstead's Sensational Line-Plunging Attack in Victory Over Traditional Rivals—Sewell Gallops Length of Field for Only Bishop's College School Touchdown.

Stanstead, Oct. 27.—A snow-covered field greeted the purple-sweated footballers of Bishop's College School and the scarlet-clad players of the third-down kick which they blocked and recovered at centre field.

Two end runs gained B.C.S. seven yards and the third-down kick landed the ball on the Stanstead 25. Poapst gained six yards on a reverse and Jenkins picked up enough more for first down. A Stanstead forward pass was grounded, and Lindsay then bucked and was stopped in his tracks. With seconds of play remaining Stanstead tried a third down forward pass, which Sewell intercepted at the half-time whistle. The half-time score was Stanstead 11, B.C.S. 5.

To open the second half Stanstead kicked off and Sewell ran the ball back to centrefield. A B.C.S. pass was not good and after picking up five yards on a line play the visitors kicked to the Stanstead 25. A Stanstead end run failed but Chaddock went nine yards and Poapst completed the required distance for first down. Another Stanstead pass was not good. Jenkins gained eight yards through the line and then kicked to the B.C.S. 25.

Sheppard smashed through for a good gain of eight yards but the second B.C.S. play was held and the third-down kick was run back to the B.C.S. 45. Poapst cut in on an end run to carry the ball to the B.C.S. 25. Chaddock moved the ball up nine more yards and Jenkins went from there to the goal line for another touch which again was not converted.

Stanstead kicked off to the B.C.S. 25. B.C.S. picked up seven yards on two line plays then kicked to the Stanstead 35. An end run netted three yards and Poapst slipped through for first down. Poapst, then Chaddock, then Jenkins on a successful play took the ball to the B.C.S. 30 for first down. Lindsay gained eight through the line. Poapst picked up one more and Chaddock finished off the first down. Chaddock then made eight yards but the ball was called back for a Stanstead offside and the loss of a down. A forward pass was not good and Jenkins hoisted the ball against the Principal's cottage for another point.

B.C.S. re-started the play on their 40 but lost a down on the too-much regulation. A line play gained five yards and the third-down kick bounced all the way to the Stanstead five-yard line. Jenkins plunged 5 yards and Chaddock relieved the pressure by carrying the ball to the 25 at the three-quarter time mark.

Poapst was stopped before he could move on the first play of the last quarter. He picked up five yards on the second play and Jenkins kicked to the B.C.S. 35. Two B.C.S. plunges netted nine yards but the purple team lost the ball when a third-down buck was held by Stanstead.

A Poapst to Jenkins pass connected to put the ball back on the B.C.S. 30. Another forward failed to click but Chaddock came through with yards on a plunge. Lindsay hit off seven more and Jenkins carried through to the three. Jenkins tried again and could gain only two yards but on the next play Poapst slipped across for a try which Jenkins converted.

Stanstead kicked off to the B.C.S. 15. A B.C.S. buck gained seven and the second-down kick sent the ball to Stanstead's 35. Poapst picked up two yards and Jenkins made it first down. Stanstead then fumbled and B.C.S. recovered. At this stage of the game it was difficult to see across the field because of the snow storm. A B.C.S. end run was good for first down. Another end run was thrown for a ten-yard loss. Then B.C.S. fumbled and recovered but were penalized for an offside recovery. B.C.S. kicked to the Stanstead 30.

Lindsay found a hole for nine yards and Chaddock made it first down. Jenkins, Poapst and Jenkins were good for another first down. Lindsay then swung around the left end for yards. Poapst had to be content with a three-yard gain and on the second play Poapst was nailed where he stood as the B.C.S. line broke through. Jenkins then hoisted to the B.C.S. 2.

Sheppard found a hole through centre to gain a first down. Another buck picked up six more yards. Two successive end runs were thrown for B.C.S. losses as Lindsay nailed the ball carriers behind the line.

The teams:  
B.C.S.: Evans, fly wing; Stanstead: Gordon; Sewell, half; Jenkins; Sheppard, half; Chaddock; Lemieux, half; Lindsay; Finley, quarter; Poapst; Day, snap; Quillman; Powell, inside; Blanchette; Hunt, outside; McFarlane; Lynn, middle; Beard; M. Fisher, middle; Scarth; Jenkins, outside; Perkins; E. Fisher, outside; Bushnell.

B.C.S. subs: Latimer, Horniman, Rowe, Shuter, Christie, McMaster. Stanstead subs: J. Jenkins, Killock, Angrove, Pope, Sherman, Downing.  
Officials: Dunsmore and Beers.

When Pappy Joe DiMaggio heard the good news the other day, he wired tavern-keeper Toots Shor to lock up the cigars until he arrived to throw a party.

## ALBERT W. REID WILL GIVE UP Q.A.H.A. OFFICE

Announces Decision at Meeting Held Here Yesterday—Rating for Eastern Townships League Discussed.

Except for a brief period the local representative on the Quebec Amateur Hockey Association Executive since 1922, and Vice-President of the Association, Albert W. Reid announced yesterday at a hockey meeting held in the Royal Hotel that because of his new duties in Ottawa he will have to resign his hockey post. His resignation will be made tomorrow night at a Q.A.H.A. meeting in Montreal.

Mr. Reid convened the meeting yesterday, during which local and Eastern Townships problems were discussed. President R. Norman Dawe, Secretary-Treasurer Alphonse Therien and Executive member Gordon McKay, of the Association.

Question of what rating will be requested by the Eastern Townships Hockey League was discussed. It was pointed out that under Senior "B" rating the winner of the loop would play off with the Montreal and District League winner and, possibly with the Senior "A" team. Under Intermediate "A" rating the team would be eligible to take part in Eastern Canada playdowns, and probably have a better chance than it would in Senior "B" grouping.

A local meeting will be held tomorrow night, and the Q.A.H.A. will be advised as to what rating is desired. New rules were discussed and clarified. Mr. Dawe announced that a hockey film was to be made and would be available here if wanted.

Mr. Reid expressed his thanks to all hockey men who had co-operated with him during his term of office and for the confidence that had been placed in him. He also thanked the press for its assistance. In behalf of the meeting Roland Dugre voiced appreciation for Mr. Reid's tireless and impartial services to Eastern Townships hockey to the Eastern Townships Hockey League, Eugene Lalonde, President, and Maurice Landry, Secretary of the Juvenile School League, Maurice Parsons, Lieut. H. S. Stevens, of 16/22 Saskatchewan Horse Regiment, Charles Gordon and Roger Cormier, Gaston Leroux and Roland Dugre, representing the Sherbrooke team.

NETMINDER IS FORBIDDEN TO PLAY IN EAST

Saskatchewan Amateur Hockey Association Balks Johnny Fisher's Attempt to Accept Job with Sydney Millionaires.

Saskatoon, Oct. 27.—Johnny Fisher, Moose Jaw goalie, who is reported to have obtained a netminding job with the Sydney Millionaires, will not be permitted to accept the new post.

At a special meeting of the Saskatchewan Amateur Hockey Association's Executive here during the week-end it was ruled that Fisher is the property of the Moose Jaw Millers, of the Senior Saskatchewan League.

Fisher, it was reported, answered a newspaper advertisement, published in the West last month, in which the Millionaires sought a goalie. Earlier, he had signed a contract with the Millers.

The meeting was attended by Dr. W.G. Hardy, Edmonton, President of the International Ice Hockey Association, and Past President of the Canadian Amateur Hockey Association.

Local football fans, who were chilly to Jawn Kimbrough last week, gave him a spell wedding present yesterday by cheering their heads off for him while his fiancée, Barbara Golding, was in the stands.

Secretary-Treasurer of the junior loop, Ernie Taylor, Secretary-Treasurer of the Eastern Townships League, Eugene Lalonde, President, and Maurice Landry, Secretary of the Juvenile School League, Maurice Parsons, Lieut. H. S. Stevens, of 16/22 Saskatchewan Horse Regiment, Charles Gordon and Roger Cormier, Gaston Leroux and Roland Dugre, representing the Sherbrooke team.

The teams:  
Sherbrooke: fly wing; Westmount: McNeill; Arnold, half; Wrigglesworth; Bennett, half; Pincoff; McFarlane, quarter; Lindsay; Carr, snap; Leibman; Burrell, inside; Morrison; Williams, inside; Ross; Caunter, middle; Rosenbaum; Rosenthal, middle; McPherson; Simpson, outside; Blagoe; Sherbrooke subs: Bascom, Martin, Burden, Saunders, Hovey, Fuller, Molyneux, Jackson and Stewart.

Westmount subs: Ward, Turner, Robinson, Masterman, McCrea, Prescott, Chippendale, Emison, Patterson, Helvey, Ross, Johnston, Spencer and Jackson.

Notes From National Hockey League Clubs In Training

There must be some red faces at the Canadiens' camp at St. Hyacinthe today. The N.H.L. club took on an all-star amateur team composed of players from Canadian and Royals of the Quebec Senior League and received a 6-2 trimming.

Jimmy Haggarty scored four of the winners' goals, George Blake and Bobby Carragher getting the other two. Blake is a brother of Toe Blake of the Habitués. Carragher was the star of Royals' smart junior team which ousted Oshtawa last year.

Dick Irvin's club has been getting rough treatment from the amateurs. Canadiens lost their first exhibition test to Quebec Aces a week ago. Saturday they barely noosed out Ottawa Senators 3-2. More than 5,000 paid to watch the game.

With the season opening just a week away, the clubs are starting the toughening up process and exhibition games are in full swing. Practically all the clubs have participated in these tests with the exception of Toronto and the Maple Leafs swinging into action tomorrow night at St. Catharines.

The Leafs play against the senior amateur clubs of St. Catharines and Niagara Falls in their first game, Wednesday and Thursday nights the club plays at Owen Sound and Toronto, respectively. The squad will be split in two for these games. The real warfare begins at Toronto Saturday night against New York Rangers.

The double-linesman system which calls for a junior official to watch each blue line for off-sides was tried out in a Ranger-Amerk clash Saturday and met with approval. (The Amerks won 2-1). If the idea is feasible it will be adopted by the N.H.L. for all league games. Frank Patrick, Canadiens' General Manager, is sponsoring the change.

Detroit Red Wings, which had perhaps the heaviest exhibition schedule of any of the major league clubs, seem to be thriving on work. The Wings beat their farm team, Indianapolis, 5-3, at Detroit last night for their sixth successive victory. They took a 5-4 decision from Cleveland Barons the previous night.

Those Quebec Aces, mentioned
