## ROOMING, BOARDING HOUSES HIT

### Rooming House Fire Causes 12 To Flee Scene

A fire broke out at a rooming house at 393 Kensington Avenue, operated by Mr. and Mrs. Alan Mitchell. All of the dozen occupants were safely escorted out of the building including two elderly ladies on the third floor trapped by smoke.

When the Fire Department arrived on the scene smoke was pouring from the upper windows, eaves and roof. Capt. Charles Carmichael rescued the women from the upper floor. Three streams were used and the fire quickly brought under control.

The conflagration started in the basement from an unknown source and worked its way up to the ground floor along the beams. The fire was checked five feet up the ground floor wall.

Damage to the basement and ground floor by smoke and water was considerable but was limited to smoke on the upper two floors.

### "Myrtle" On View In Greene Avenue Gatehouse Store

Myrtle the Turtle likes lying on her back when she is away from home.

She didn't say so, but you can take the word of G. Cleghorn, curator of the Redpath Museum at McGill University.

Myrtle, who weighs 138 pounds and is 10 years old, was caught in Trinidad last week and was flown by Trans-Canada Airlines this week to Henry Gatehouse and Son, Inc., who put her in a special cage in their Greene Avenue, Westmount, store. There she will stay until the LaSalle Hotel is ready for her.

Oh, yes. About her lying on her back in the store. Some people worried about that. But hear Mr. Cleghorn on the point:

"She is more comfortable on her back when out of her natural habitat (home to you) because her undershell is so soft that her heavy weight restricts her breathing."

### Westmount Man Wounded In Korea With U.S. Army

Mr. and Mrs. John Forey, 83 Selby street, received word on Tuesday that their son Earl had been wounded in action while serving with the United States Army in Korea.

Earl Forey is a veteran of the Second World War having served overseas with the Black Watch of Montreal.

He enlisted as a volunteer in the United States Army after the outbreak of hostilities in Korea.

**COLLISION AT VICTORIA**  
Romuald Desjardins, of Lachine, collided with Leo Paul Beaulieu, of St. Hyacinthe, last week on Cote St. Antoine Road at Victoria.

### Westmount Civil Defense Chiefs

Above are the two men who will direct Civil Defence in Westmount. Lieut.-Col. P. W. Cook, E.D., director of Civil Defence for Westmount, and left, Brig. Gauvreau, C.B.E., D.S.O., co-ordinating director of Civil Defence for Metropolitan Montreal.

### Population Here Steady; Other Suburbs Increase

With the exception of Westmount where the population has remained at about the same figure for some years, most of the other suburban municipalities show a remarkable growth in recent times. In the case of Westmount the lack of space for more buildings has stopped the growth of the city.

From figures obtained from the Montreal City Hall it would appear that people prefer to live in the suburbs rather than in Montreal proper. Reason for this solution is based on the fact that the population is increasing faster in the suburbs than in Montreal.

The trend is likewise indicated in the population shifts of the large U.S. cities such as New York, Chicago, Philadelphia, Los Angeles, Detroit and others. For a time Montreal appeared to resist the pattern of the U.S. cities but latest figures show a change.

One specialist in population shifts pointed out that older, built-up cities face a tremendous challenge in re-making their cores so that they will be better places to live and work in. Thus far the trend has been primarily residential in character in the larger centres, with people wanting to escape into the spaciousness and comparative freedom of suburban life, he explained.

If the central cities do not plan and take advantage of every opportunity for community improvement now or soon, it would seem inevitable that increasingly business and industry will follow the movement of people, also to avoid the congestion, parking problems and other intolerable conditions of many central city areas.

The population of Greater Montreal, an area comprising 57 cities, towns and villages, is 1,540,000 at present as against 1,020,018 in 1931. This is an increase of 50 per cent. The population of Montreal proper now stands at 1,181,955 against 818,577 in 1931 for an increase of 44.4 per cent. The difference in percentage increase is sufficient to show that Greater Montreal is growing faster.

However, Montreal has maintained a steady growth in relation to her population, it was said.

### City "Camp" To Open Monday At Local "Y"

Camp Westmount, the Westmount "Y" City camp will formally open Monday morning at 9:30 a.m. at the Westmount Y.M.C.A.

The camp will operate mornings and afternoons for the five weeks, closing on July 27. During the month of August the Summer Fun Club and lumbermen, voyageur games will be in progress.

Some of the highlights during the week include baseball, swimming, a trip to the new Bell Telephone Museum showing the invention and progress of the telephone; an all day picnic and a game of capture the flag on Mount Royal.

The following boys will be leaders during the first week of Camp Westmount; Bruce Robertson, Don Seller, Roy Smith, Gerald Arich, Ken Copland, Leslie Syvret.

Any boys between nine and 15 wishing to join the City Camp are asked to contact the Westmount Y.M.C.A., 4585 Sherbrooke street west.

### Westmount Law Put In Force; 330 Premises Effected

The City of Westmount announced today that 154 of the City's 330 boarding and rooming houses will have to suspend operations as of October 31.

T. J. Hughes, city manager, acting on the orders of the City Council sent notices to the 154 operators of establishments in the "prohibited zone" warning them they would have to close up.

All rooming and boarding houses outside the following zones are effected:

"All streets southeast of St. Catherine Street, including both sides of said streets;

"All streets in the area southeast of Western Avenue and northeast of Clarke Avenue, including both sides of Clarke Avenue in such area, but not including either side of Western Avenue.

"Victoria Avenue between Sherbrooke Street and St. Catherine Street.

"Greene Avenue between Sherbrooke Street and St. Catherine Street.

"Sherbrooke Street between the westerly boundary of the City and the easterly line of lots 219-36 and 219-135 (near Grosvenor Avenue).

"Somerville Avenue between Victoria Avenue and Prince Albert Avenue.

"The Eastern side of Prince Albert Avenue between Somerville and the rear line of the lots fronting on the Northerly side of Western Avenue.

"Such other streets or parts or sides of streets as may be hereafter designated by the Council as business streets."

#### ByLaw Passed 1945

Mr. Hughes pointed out that the ousting of the boarding and rooming house operators was merely an enforcement of an already existing law which was adopted September 4, 1945.

"Operators of these establishments were warned in many cases before they opened businesses that there was a by-law in existence which would be enforced sooner or later," he said.

This law, by-law 526, amended by by-law 532, included a clause providing that the prohibition of these establishments would not be enforced until the repealing of Order 200 of the Wartime Prices and Trade Board.

This was during the post-war housing shortage and the City Council was at that time co-operating with the Government in providing more rooms.

#### Rooming House Definition

The by-law defines a rooming house as any building or premises containing rooms occupied as lodgings by three or more persons for remuneration but does not include premises operated by a religious, charitable, educational institutions, private hospital, nursing or convalescent homes.

A boarding house is defined the same way as a rooming house with the exception that meals are served.

The enforcement of the law will mean that nearly 2,000 roomers living in the City will have to make tracks for some other locale by Oct. 31. Many of the estab-

Johnston, assistant minister of Dominion-Douglas United Church, Westmount, has been appointed associate professor of church history at St. Stephen's College, a United Church divinity school affiliated with the University of Alberta, Edmonton. The appointment is effective July 1.

## I Remember

By G. P. SMITH

A series of articles by a retired coach and physical director recalling great athletes and great teams. Mr. Smith was 32 years of Westmount High as director of physical education (boys), and concurrently 28 years at McGill as wrestling coach.

I like to look back to the 1923-24 term at Westmount High as ranks with some of the best years of the many we had at the school.

The football teams were successful in winning the three championships with a total score of over 400 for the 11 against them. The juniors unfortunately had the title taken away when it was discovered after four games had been played that one of the team was over age. Even though playing without him in the last two games they won by scores of 46 to 0 and 67 to 0, and the league had no alternative but to give the runner up the title. This decision caused a lot of friction and the papers featured it for some time.

In later articles the members of the team will be featured as most of them were outstanding on our older school teams and after graduation were prominent at McGill with the Big Four, and in hockey.

### Picked by June

It was always a practice of mine to give special attention to the juniors, knowing if I eliminated faults before they became fixed habits I would always have seniors when I needed them. This paid off over the years and it became a standing joke with H. B. Parker, the principal, who used to say in June, "I suppose you have your team picked for the fall." He was right as I had every boy coming up catalogued in my mind and knew his weakness and strength. Any new boys coming to the school had their

chance to make the teams if they were good enough.

The senior football team had Don Smith, the captain, at half. With him on the half line was that remarkable athlete Jimmie Thompson, Albert Ayer, Monty Allan, at quarter, sturdy Allan Cornell, on the line, a terrific plunger in Alec Marshall, who played between big Chas. Hoffman. On the other side of the line was Chas. Lindsay, Bob Reddy, at snap, John Woelever, remarkable defenceman; at outside, Jack Cherry; and Dan Hatch. Dan to my mind was the best outside ever to represent the school. Later he starred on the Dartmouth college team. Other members as alternates were Gerry Barlow, Art Allworth, Monty Allan, Lyle McMaster. This team was so good we were able to compete with teams in the older brackets in exhibition games.

### Drop Kick Plus

I remember an incident that happened in one game. The famous coach Bill Hughes was standing with me on the sidelines when Albert Ayer in a running play while outside the 25 yard line without checking his speed kicked a perfect drop kick between the bars. Anyone knowing Bill can imagine his remark. Following it he said, "I never thought I would ever see that." My answer was, "Stick around, Bill, you might see another this afternoon." And he did when Al kicked a duplicate from the opposite side of the field.

The senior hockey team had Allan Cornell in the nets, Donnie Smith and Monty Allan on defence and Jimmie Thompson, Albert Ayer and Boyd Robson up front. As alternates were Gerry Barlow and Harry Smith. In those days subs were used very little.

That year the league was a member of the Q.A.H.A. and after the team had won the school title they were allowed to challenge for the junior city title. They met the St. Augustine junior B team and won, then challenged the junior A team and were turned down by the junior league executive who refused to play a bunch of school kids. Were their faces red when the Q.A.H.A. ordered them to play us and we took them into camp with a score of 4 to 2. The game was played at the old Victoria rink and the M.A.A.A. were our opponents. The following week we were ordered to play the famous Owen Sound team in Toronto in the semi-final for the Memorial Cup. Needless to say we received a beautiful trimming from a team that sent most of its members up to the N.H.L. the following year. A few of the ones moving up were. Butch Keeling, Cooney Weiland, Norm Smyth, and others.

### Toronto Thrilled

The school team won the hearts of the 7,000 Toronto fans that attended and every play was cheered to the echo. At the end of the game while the Owen Sound team was half way to their dressing

## Westm't Warden Service Complete Director Reports

The basic organization of Westmount's warden services is now complete, it was announced today by Lieut.-Colonel Philip Cook, Director of Civil Defence.

In conformity with the overall plan of Brig. Guy Gauvreau, Co-ordinator of the Metropolitan Area, Westmount is a "District" for civil defence purposes, and is sub-divided into two groups and seven sectors. Each sector will be again divided into Warden Posts.

Group A is the part of the city north of Sherbrooke street, comprising:

No. 1 Sector — the area north of Cedar avenue and the Boulevard.

No. 2 Sector — the area between the Boulevard and Cote St. Antoine Road, west of a dividing line Argyle-Montrose-Murray.

No. 3 Sector — the area between the Boulevard and Cedar avenue and Cote St. Antoine Road and Sherbrooke east of the above dividing line.

No. 4 Sector — the area between Cote St. Antoine Road and Sherbrooke street. This sector is divided into (a) and (b) sub-sectors at Victoria avenue.

Group B is the part of the city south of Sherbrooke street, comprising:

No. 5 Sector — the area between Sherbrooke and St. Catherine, west of Metcalfe avenue.

No. 6 Sector — the area between Sherbrooke and St. Catherine, east of Metcalfe avenue.

No. 7 Sector — the area south of St. Catherine street. In all cases, the centre of the street is the dividing line.

The selection and appointment of group and sector wardens is nearly complete and will be announced shortly.

lishments roomed or boarded as many as 25 people.

Mr. Hughes said he expected to have many squawks from these Westmount operators but was confident the move was in the interests of the City.

These boarding and rooming houses, Mr. Hughes stated, were run for commercial ends and were spoiling the City as one of Montreal's finest residential areas. "We are trying to keep Westmount free from the encroachments of commercialization."

room that great bunch of kids skated to centre ice and gave three cheers. This caught the fancy of the crowd and they really gave them an ovation.

Jimmie Thompson and Don Smith were as good as any player on the ice and were a constant threat. Jim scored 2 and Don 1. The Owen Sound left for the west and won the Cup.

In basketball which was sandwiched in between football and hockey we did fairly well in winning the Senior B city, and the junior western. The senior team which got away to a late start due to the late finish of football lost the first two games and won the last two. M.H.S. won the title. Donnie Smith, Jimmy Thompson, Allan Cornell, Monty Allan and Mike McNaughton formed part of the team.

What a fine lot of boys I had that year, every one of them playing for the love of the game and supplying their own equipment. It is hard for me to realize when I meet these mature men of today that they were the remarkable athletes of that year. Many of them are heading their own business or holding responsible positions of trust.

Next week the great teams of 1930-31.

## Letters To The Editor

Letters are reproduced as a public service. They do not reflect editorial opinion and the paper does not accept responsibility for their contents.

Dear Sir — I suppose by now you have read Andy O'Brien's column in last Saturday's Standard. He seems to be having a war with Bob Lunny, who writes "Deadline Flashes."

This is the best thing ever to happen to The Examiner. Friends of mine in Montreal have asked me to bring them next week's column of Lunny's to read. I think Mr. Lunny's column is very interesting and would like to know is he any relation to Vince Lunny of the Montreal Standard. I also think Andy O'Brien is wrong and Bob Lunny is right in their argument over Jean Beliveau's status as a hockey player.

## Dr. Winspear Of Weston Praises Massey Report

Weston School annual closing exercises were held in St. Matthias Church Hall, with Mr. George Arnott as chairman for the gathering.

Miss Frances Traversy reported that the Students' Committees had been responsible for the extra-curricular activities of the school which included the planning of games and matches and the administration of the school fund. The students sponsor children in France and England and hope soon to have over the responsibility of giving help to a little girl in India under the auspices of the Save the Children Fund.

Dr. Mary Winspear told the parents and friends that an application had been made to incorporate Weston School as a non-profit organization. The preliminary arrangements had been carried on by three friends of the school, Mr. George Arnott, Mr. Heward Stikeman, Miss Eunice Bancroft. Provision was being made for the inclusion in the corporation of parents of children attending the school. The main purpose is to give the school greater stability, provide for a closer relationship with the parents and increase the general interest in the school program. Commenting on the Massey Report on Canadian culture Dr. Winspear said that it would be a great encouragement to all teachers and parents who were anxious for the children to have a sound education.

"A knowledge of the best that has been thought and said in past ages helps the child to gain maturity and to see his own time in a clearer perspective." "If there is to be a revival of interest in the Humanities in Canadian schools," Dr. Winspear said, "it can only come if the children themselves can see the relationship between the past and the present and become eager to master the techniques and the disciplines necessary to carry on advanced study."

## French Teacher In Local Schools To Test Language

Conversational French as taught in Greater Montreal Protestant high schools, will be tested in France this summer.

Robert A. Peck, supervisor of French in Westmount Protestant schools, will leave the city July 4 with 24 boys in Grades 10 and 11. They will return Aug. 23 on the same boat, the Franconia.

Five weeks will be spent in France where the boys will speak only French.

The experiment will also constitute partial check of French texts, prepared by Mr. Peck and Dr. Donald Buchanan, another local French specialist. These texts feature oral instruction.

"There is a great deal of emphasis being placed on oral French in Protestant schools," Mr. Peck pointed out. "We want our graduates to speak the language in such a way that they can use it in business and professional work."

## Just Social Order Needed - Speaker Tells Rotarians

Dr. Howard S. Ross, K.C., of 4557 Sherbrooke Street, Westmount, well known lawyer and lecturer told the members of St. Laurent-Mount Royal Rotary Club, at the club's weekly meeting, that a grow-number of people believe that the finding and agreeing upon a just social order is the answer to these "confusing and dangerous times."

Dr. Ross for some years has consistently approached social and political problems from an entirely new angle. He has preached the necessity of monetary reform as one means of combatting inflation and the easing of tension between nations which he contends is created largely by economic causes.

Dr. Ross said that he advocated

the appointment by various nations of a Minister of Peace "with power to spend up to 10 per cent of the amount now being spent on defence for the study of fundamental economics and an intensive study of all the economic isms and in particular the systems which it is claimed will end war."

The speaker also stressed the adoption of Equitism by the countries of the world and added that "this system will give the world freedom from wars, plug the weak spots of capitalism and give us permanent peace and prosperity."

Dr. Ross also said that there is "no need to sacrifice in order to end war. It is not a matter of increased production, as the uncountable billions of waste under our present system, notwithstanding it is by far the best of all economic systems."

He stated further that "we cannot avoid making military preparations to the best of our power in the face of the threat of war. It seems clear that bullets will kill communists in large numbers but they cannot kill ideas."

Birch Grove Camp Enjoys  
Best Possible Facilities

Birch Grove Camp, located on beautiful Lac Quenouille in the Laurentians, is a private camp for girls from the ages of 6-12 and boys from 6-9. It is situated 11 miles north of St. Agathe off route 30 and provides a perfect setting for the limited number of campers. Younger children sleep in the lodge, formerly a private home, equipped with a large screened hall, stone fireplace and ample sleeping and toilet facilities. Wooden cabins are provided for the older children.

Activities include handicraft, dramatics, hikes, picnics, archery, campfires, story telling, singing, nature study, swimming, boating, etc. The gently sloping sandy beach is safe for even the smallest children and the long wharf pro-

vides excellent facilities for supervising and teaching all water programmes. Well balanced appetizing meals are featured, including pasteurized milk and fresh fruit. A resident camp nurse supervises campers' health, with a doctor only one mile away in the event of illness or accident.

The camp is directed by Mrs. Marion Low Corden, who has had 25 years experience in teaching and care of children in classrooms, camps and homes. At one time she was director of the Y.W.C.A. Camp Oolahwan and also of Tynedale House Camp. Mrs. Corden will be assisted by a graduate nurse and carefully chosen, competent counsellors.

Birch Grove Camp thus is ideally suited to give a perfect setting for happy, fun-full days and cool, restful nights for youngsters. Further information may be obtained by phoning DE. 6226 or EL. 4056 or writing direct to the camp.

## Canon N. K. Naylor Trinity Memorial On Central Board

Canon N. K. Naylor of Trinity Memorial Church was one of four appointees to the Protest Board of School Commissioners of the City of Montreal announced by Premier Maurice Duplessis on Friday.

The appointment becomes effective July 1. Appointed are: Rev. Malcolm A. Campbell, Canon N. K. Naylor, John P. Rowat, and W. E. Dunton, who now is chairman of the board.

In announcing the appointments, Premier Duplessis said: "Minorities are always treated with justice in Quebec, and we consider this example should be followed elsewhere."

The four were appointed under legislation which revised the Montreal Protestant school board set-up during the last session. They were appointed by the Lieutenant-Governor-in-Council — the Provincial Cabinet. Four other commissioners are appointed by the City of Montreal.

The provincial appointees automatically become members of the Protestant School Board of Greater Montreal.

Under the law adopted at the last session, commissioners are appointed for five years.

However, to get the new system under way, appointments announced today were made for terms varying from two to five years so that, in two years' time, one appointment will occur every

year. Appointments announced are for the following number of years: Mr. Campbell, two years; Canon Naylor, three years; Mr. Rowat, four years, and Mr. Dunton, five years.

As the terms expire, all future appointments will be for five years.

## WEEK OF UNITY

### Take Time to Reflect on What We Canadians Hold in Common

This year Canadians from coast to coast are being asked to focus their attention for the week starting Monday, June 24th, to July 1st, on the state of the nation's unity.

The idea of a Week of Canadian Unity has been conceived and is being sponsored by the French-Canadian Weekly Newspapers Association and the Canadian Weekly Newspapers Association.

Canadians have never been too conscious of their own unity, have been too prone to think of themselves in terms of the provinces in which they live, of the ethnic groups of which they are a part or of the language

which they speak. Believing that Canada is more unified than Canadians realize, the two great newspaper associations are sponsoring this week to bring home to the people of this nation the fact of Canadian unity.

In any land as far flung as Canada there are bound to be sectional differences but the Canadian democratic way of life, the Canadian conception of freedom of the individual, Canadian pride in the achievements of this youthful nation surpass infinitely any differences that may exist.

Canadians do not know too well their own story and are better acquainted with the historical figures of Britain, France and the United States than they are with the great men of their own past. A quiz, for instance, on the Fathers of Confederation would keep most Canadians guessing.

If Canadian Unity Week accomplishes only two things — impresses Canadians with the astounding degree of unity achieved during the short 84 years since Confederation and convinces Canadians of the necessity of knowing each other better if the unity of the nation is to be strengthened — Canada's weekly newspapers associations will have attained their objective.

Canadians must work at this task of strengthening the unity of the nation. It requires the best thought and effort of every citizen. It is a year round job.

### Nu Phi Mu Sorority Donates \$75 To CMH; Installs Officers

Members of Nu Phi Mu Sorority, Alpha Chapter, recently presented a \$75 cheque to Mrs. C. F. James, Director of Social Services, Children's Memorial Hospital. Also, a little girl, Madeline, whose father is dead and whose family is in poor circumstances, will be able to go to camp this summer.

Nu Phi Mu, newly formed in Montreal last fall, has been very active all winter, baby sitting with crippled children and raising funds for worthy causes. The last meeting for the season was held at the home of Claire Simons, 5020 Hingston avenue, on Sunday afternoon. This meeting was in the form of a garden party, and officers for the 1951-52 season were installed.

### Christian Science

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the lesson-sermon to be read in Churches of Christ, Scientists, on Sunday.

Among the citations which comprise the lesson-sermon is the following from the Bible: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. For, lo, he that formeth the mountains, and created the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth, The Lord, The God of hosts, is his name."

The lesson-sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker

... WEIGHTS AND MEASURES ACT ...

... CONCERNING MILK AGAIN ...

It is surprising how many important items of consumer news can pass unnoticed these days. That paper which comes to your home packed with news of local and world happenings often gets only a hasty run-over from the busy homemaker. A recent report of the day in Parliament, which was carried in newspapers all across Canada, contained a small paragraph about the passage of an act which will effect every home in the country. On June 6th, the House adopted, with very little debate, a new Weights and Measures Act. The Parliamentary Assistant to the Minister of Trade and Commerce explained that there had been no general revision of these regulations since 1873. Designed to bring such regulations up to date and to cover modern methods of merchandising, the new Act will deal with all kinds of packaged and canned goods, as well as providing the standard for weight and measure. Incidentally it was reported at that time, that the Inspection Staff who worked to enforce the old act, had, during the year 1949-

50 travelled 737,000 miles and called at 141,000 places of business. They inspected 449,000 pieces of equipment and examined and checked many kinds of packaged merchandise.

This passage of the new Act was something which has been on the agenda of the national program of the Canadian Association of Consumers and the National Executive was both surprised and pleased at the speed with which the Act was presented and passed. C.A.C. feels that here is another brick in the wall which is being built for the protection of the consumer in Canada.

**New Ideas on Milk**  
Back to our discussion on milk and the problem which it poses today for both producer and consumer. We promised a few more interesting facts, garnered from other countries, as to how they handle both milk distribution and the need to get milk to the people who need it at a price which those people can afford.

Sweden of course, has long been known for its progressive program of human welfare. With a close-knit population composed almost wholly of one racial stock and with hundreds of years of development to a somewhat static society, Sweden has achieved a measure of controlled economy which might not suit the more diversified taste of the Canadian community. While recognizing that there are marked national differences, Canada can learn a great deal from this splendidly-managed country. Sweden's farmers, 97 per cent of them, voluntarily belong to a most efficient and productive co-operative system. It is organized on three levels, district, division and national

They were gowned alike in frost white organdy with tucked vestee collars and cuffs. The maid of honor's frock was over turquoise taffeta and she wore a large, matching hat; the bridesmaid's frock was over tearose taffeta and she wore a matching bonnet. They carried bouquets of blue and pink sweetpeas.

wearing white accessories and a corsage bouquet of Happy Day roses.

## Pupils of Catherine Smith Give Varied Program at Ritz Recital

Before a large and appreciative audience in the ballroom of the Ritz-Carlton, Friday, 18 of Catherine H. Smith's pupils presented a very enjoyable and varied program. Opening with the Children's Orchestral Band in costume (ages 6 to 11), each in turn played a piano accompanied by the others on bona fide orchestral instruments — Xylophone, Glockenspiel, Bass Drum, etc., each in turn also conducted. Pipe solos and duets were

also played ending with a two-piano piece, each item being played with accuracy and spirit.

The band members then returned in party dresses to play classic solos on the piano — composers, Bach, Mozart, Schubert, Beethoven, etc. Jennifer Chanter and Heather Doull also played a Bach Minuet on two pianos.

Solos and two-piano pieces by older pupils continued the program, assisted by Larche Paul, violinist, whose three solos were much appreciated — a Schubert sonata movement accompanied by Hugh Doull; later a Handel first movement and an interesting

Nairn, aids this worthy project in many ways through various activities.

modern sonata movement — composer, Alan Paul, first published in 1948 — ably assisted by Celia Benett at the piano. The two-piano pieces were Cabaletta by Lack, played by Sheila McGee and 13-year-old Sheila Davis, who also played three solos and God Save the King; a Melodious Piece, by Gurlitt, played by Alice St. James and Celia

Benett; Orientale, by Cesar Cui, played by Hugh Doull and Gwenyth Gover; and to close the program, Romance from Mozart's D Minor Concerto, played by Mary Eaton and Celia Benett.

## Provincial WCTU Reports Heard At Cowansville, Que.

The 66th Annual Convention of the Quebec Provincial Woman's Christian Temperance Union was held recently in Emmanuel United Church, Cowansville, Que., the president, Mrs. R. Stencil, of Lachine, presiding. Mrs. W. Y. King of Cushing conducted the Consecration Service while the expression of Loyalty to Their Majesties was given by Mrs. J. Dobson, Montreal. Salutes to both the Christian and National Flags were given while the flag of the United Nations held a place of honor along with the banners of the Unions at the front of the church. Mrs. Gray of Granby welcomed the delegates. The report of the secretary, Mrs. J. B. Moore, Cowansville, showed 511 members, 68 the pledge. A new Youth Temperance Council with 16 members has been formed at Fordyce.

Mrs. McWhinnie, Montreal, in her report showed a substantial sum to be in the bank.

The World's Convention of the W.C.T.U. is to be held in Vancouver, June 3rd to 10th, 1953. One dollar per member is expected for the Hospitality Fund.

Youth Night was observed, when 15 children entered a Medal Contest. One bronze, two silver and one gold medals were won.

The reports of County Presidents and Superintendents showed that much temperance work has been done in the province, particularly among the young children. Temperance work in day schools and Sunday Schools has increased. Certificates to the number of 538 were awarded, besides many prizes to those who write in the Temperance Campaign. It was recommended that this work be taken up in Young People's Groups, C.G.I.T. as well as in Mission Bands. Over 60 excellent Posters were received and prizes given.

**At The Monkland**

Checkmates! James Cagney is the centre of attractive ladies, Doris Day and Virginia Mayo in a scene from a gay musical film "The West Point Story," coming to the Monkland Saturday.

**The Mudlark by Darryl F. Zanuck With Irene Dunne at Monkland**

Warm, human and absorbing, "The Mudlark" is one of the high quality attractions of any film year. Irene Dunne creates a screen characterization of Queen Victoria that will rank with the immortals, Alec Guinness brings to the screen acting ability the like of which has not been seen in a relatively newcomer in years, and Andrew Ray invests the title and pivotal role of the kid who wanted to sit on a queen's throne with artistry far beyond his years. It is a memorable and distinguished film that Darryl F. Zanuck presents, Saturday, at the Monkland Theatre.

Filmed logically and carefully in England, the screen play of "The Mudlark," written and produced by Nunnally Johnson and derived from a novel by Theodore Bonnet, tells the enchanting and winning tale, virtually a legendary yarn, of how a little commoner humbled royalty by turning a queen's head and heart. As the boy, the mudlark, a name given to London's poor in the Victoria

**Edward Rooney Local Graduate Camp Director**

Edward Rooney, son of Mr. and Mrs. John F. Rooney, well known residents of Westmount who reside at 27 Burton avenue, has been appointed director of the Optimist Boys' Summer Camp at Brome.

Mr. Rooney is a former student of St. Leo's Academy proceeding from there to Loyola College.

A graduate of Loyola College and of Teacher's College, Jacques Cartier Normal School, Mr. Rooney was assistant camp director at Trail's End Camp last year. He is a Scoutmaster of St. Kevin's Troop of Boy Scouts.

Montreal Optimists have bought their camp property at Brome and each year send two groups of about 60 boys each to spend three weeks at the camp. The first party will leave July 16.

The Optimists have raised \$3,400 for the operation of the camp, in addition to funds for their Boys' Club at No. 9 Police Station and other community activities. The camp is operated by a committee of Optimists of which Hugh Crochetiere is chairman. The Women's Auxiliary of the club also co-operates.

**FIRST COMEDY ROLE**

Alexis Smith, the beautiful blonde, plays her first comedy role with Bing Crosby and Jane Wyman in Frank Capra's "Here Comes the Groom" for Paramount

era, the young Ray evokes great conviction and feeling from the role of the motherless waif who sneaks into the royal palace and comes to be befriended by Victoria herself after inviting the displeasure of no less a figure than Disraeli.

With the colorful background of the United States Military Academy, Warner Bros. brings "The West Point Story," one of the year's top musicals.

**Large Number at Annual Recital Given by Pupils Of Miss Frances Goltman**

Victoria Hall was the scene of the annual pianoforte recital by pupils of the well known teacher, Miss Frances Goltman, where a capacity audience applauded the fine instruction of this long established member of the local music profession. Forty pupils demonstrated their ability in all types of classical music, each one playing from memory and a notable feature was the excellent rhythm throughout the program. Beginning with elementary pieces the concert concluded with every difficult numbers.

Among the younger children were Linda Cartland, Teddy Blitt, Carol Rocklin, Verna Toccacelli, Dorothy Greenberg, Beverley Barza, Pamela Mitchell, Daniel Jassby, Marvin Pinchuk and Karen Dichow, who played short and interesting numbers. Carol Cohen and Toby Cantor both played their pieces with a firm touch and Ray Fogg was recalled for her rendition of a "Valse" by Streabbog. Susan Miller showed ability in an Engel number, Marilyn Bolton was recalled for an extra bow after "Fairy March" by Streabbog and Rita Blitt had fleet fingers in a "Waltz."

**Talented Pupils**

Three talented pupils earned loud applause and extra bows, Michael Barza in a Ketterer number, Carole Shiller, "Village Dance" and Michael Werleman in "Danse Espagnole" by Pennington. Bobby Mason was recalled for his fine ability in Grieg's "Watchman's Song" and Patricia Crakanthorp had to respond with an encore for her splendid playing of Beethoven's "Minuet in G."

Marilyn Strang and Howard Cohen played well in two contrasting numbers, Isabel Newington had good expression in a "Valse" by Ketterer and Linda Hatris gave a military rendition of the "American Patrol." All were recalled. Alan Golden had good rhythm in a "Spanish Dance," Grace Aronoff earned three bows for her rendition of a Dussek "Rondo." Tommy Allen and Eva Kasirer were both recalled for fine performances. Dorothy Cohen earned an encore for a Burgmuller piece, Pamela Ayers played a number by Krentzlin with musical feeling responding with an extra

**Two Fast Action-Drama Films Start Sunday at Westmount**

"American Guerrilla in the Philippines," opens Sunday at the Westmount Theatre. Tyrone Power and Micheline Puelle are the stars of this Lamar Trotti production, which shoots for a mark in realistic spectacular drama centering on the recent conflict.

Ira Wolfert's non-fiction best-seller was destined to make a great motion picture. It obviously had the makings. And with the kind of embellishments furnished

**Top-Rate Bill At The Seville**

The Seville offers for its closing show of the season, a top-rate bill headed by the brilliant singing star, Tony Bennett.

Tony's rapid rise in the world of show business was initiated a short time ago by Bob Hope. Tony appeared with Hope for his first big professional engagement at New York's famed Paramount Theatre. He was such a success that Hope took him along with him on his nationwide tour.

Tony Bennett has a theory about singing that is the basis for his own unique style. In Tony's words, "People listen to a song with their hearts, rather than their ears. They want to be moved, they want to give their feelings a chance to run loose. That's one of the things I try to do in my singing."

Four other acts and the picture "Incident", starring Jane Frazee-Warren Douglas, round out the bill at the Seville.

by Lamar Trotti's script and Director Fritz Lang's eye and feel for drama of exceeding stature, that is the very kind of film in which "American Guerrilla in the Philippines" has resulted.

Power, the rugged world adventurer of many a noteworthy project, is at his best in the clean, crisp part of Ensign Chuck Palmer, caught no less in the Pacific war and its perils than in an adult, vital love affair with a woman married to a Filipino who is a victim of the warfare. Miss Puelle's beauty and depth of acting ability shine through. There is a fine supporting performance by Tom Ewell, erstwhile Broadway comedian who opens for himself new and unlimited horizons for screen portrayal. Robert Barrat is on hand for an amazing likeness to General Douglas MacArthur, and a stirring re-enactment of that great figure of contemporary history.

**Added Attraction**

Patricia Neal is playing her most tempestuous role to date — She displays her charms again in Warner Bros.' action drama, "The Breaking Point."

In "The Breaking Point" she's the curvy, sexy-looking blonde

who tries to make John Garfield stray from the straight and narrow, the kind of role she hasn't essayed since she starred as the enticing Dominique in "The Fountainhead."

## U.S. Tennis Coach Shows Local Youngsters Proper Stance

Ted LeMaire, professional American tennis player and coach, is shown above centre, at the Westmount Park Tennis Court, showing local racket aspirants just how it's done. Mr. LeMaire, former Miami Beach junior coach, has been engaged for the summer by the Province of Quebec Lawn Tennis Association to coach juniors and adults here.

**SOCCER TEAM PROPOSED**  
Soccer minded boys in Westmount who want to represent their City in the Greater Montreal Midget Soccer League are asked to contact Lionel Fournier, re-

creational director, at the Westmount Athletic Grounds. The age limit is under 17. Mr. Fournier said if enough boys are interested he hoped to put a team into the league.

## International Soccer At Westmount Friday

The Province of Quebec Football Association has announced that an international soccer match will be played at Westmount Athletic Grounds on Friday night, June 29, with starting time 6.30 p.m.

AIK of Stockholm, Sweden, present champions and cup holders in Sweden, will meet an "All Star" Montreal eleven.

The Swedish team are presently on a goodwill tour of the United States and Canada. They are rated highly by both Fulham and Glasgow Celtic which have both played the visiting club in the British Isles and also in Sweden.

The AIK club is the oldest soccer organization in Sweden and also owns the largest playing enclosure in the Scandinavian country.

After the fine showing by the Montreal select against Fulham of the English first division league here on May 29 it is thought that excellent opposition will be offered the Swedish team.

The game next Friday will in all probability conclude the current season's matches against European touring soccer teams.

Tickets good only for the grandstand are now on sale. General admission and children's tickets will be by the Hillside avenue gate.

It is expected that the Athletic Grounds will be jammed to capacity for this outstanding soccer event.

The Montreal team will be announced at the beginning of the week.

## Ave. Stars Take Week's Games vs 'Ddins; Yards

By ALLAN SANDZELIUS

Avenue Stars were the "big team" this week as they ran roughshod over the lowly Yards 11-1 on Monday night with Phil Martin, the two-run-home-run hero in the last of the eighth on Wednesday helping his "boys" to a close 8-6 win at the expense of Bob Lunny's Aladdins. In the latter fray, the 'Ddins had the Stars tied up 6-6 in the fifth by virtue of Lunny's two hits and as many runs and runs contributed, in turn, by MacDonald, Wolfe, Taylor and O'Meara; five in the third inning with one in the 5th. Manolson, Bourassa and Bradley led the victors with a hit and two runs each, Pitcher Legare and Martin the remaining two.

A different story was that of Monday's game between Alladdins and the R.Y.P.S. when MacDonald, Wolfe and Jolly led the former's attack with two runs apiece as Taylor scored on a walk and Con Forey blasted a homer in the last of the third. Rypmen runs were tallied by George Cochrane with two; MacDougall, Voss and Rodgers each singling. The score, in passing, was 8-5 in favor of the Red and White.

A pitchers' battle all the way was the saga of the Wednesday night game pitting the R.Y.P.S. vs the Yards where the Blue and Gold's Allan Locke gave up ten hits and five runs to the Yardmen's three hurlers' seven hit and four run efforts. Brambell started for the winners; Guillemette and Bartlett following closely behind. Going into the bottom of the 7th frame, the tally stood at 4-2 for the soon-to-lose Rypers on scores by Dornier, Badke, Rodgers and Locke, but Rene Chateleis shattered all hopes as he started a three run rally at this point to finish the game in eight and a half innings.

As no regular games have been scheduled for Monday the 25th, St. Jean Baptiste postponed do has been rescheduled for that time when Avenue Stars play host to R.Y.P.S. on diamond No. 2. The other postponed game between Yards and Aladdins has been set for replay next Thursday, June 28th., weather permitting, of course.

A regularly set game takes place on Wednesday, June 27th when Yards are at home to Aladdins on No. 1; a second tussle the same evening will see the Stars visiting the R.Y.P.S. All games to commence at 6.30 SHARP.

## RCMP Edge Navy To Hold Top Spot In Police Softball

The R.C.M.P. continued their unbeaten ways, in the Defence Police Softball League, with the only two games being played since last publication ending in victories for the hard hitting Mounties, who took the measure of the City of Westmount by an 8 to 4 score, and were then winners over Navy piling up a 16 to 6 score.

Last Friday's game was in doubt down to the last man was out when, with the score tied at 3 all going into the last of the sixth inning, the Mounties unlimbered their heavy artillery for seven hits, good for five runs, to apparently cinch the victory, but the hard fighting Westies didn't give up without a fight, scoring one run and then loading the bases with only one man out. It was here that pitcher Robitaille of the R.C.M.P. really shone, when he settled down and struck out the next two men to face him.

In the only game played on Tuesday, the Mounties continued their winning ways, by beating Navy in a loosely played game on the part of the Navy. It was a lot through the generosity of the Navy, who committed a dozen errors, coupled with some old time Brooklyn Dodger base running on their part, that paved the way to victory for the leading Mounties.

This fast start now establishes the R.C.M.P. as the team to beat for the Championship.

## ROSEMOUNT RESIDENT WINS THE DOW AWARD FOR SECOND TIME

Wilfrid Fonvieille, although injured, rescues unconscious stranger from cab of flaming truck

1. The sound of a terrible crash rose above the normal traffic noises at the corner of Craig and Sanguinet streets in Montreal. The brakes of an R.C.A.F. gasoline tank truck had failed . . . and the heavy vehicle, carrying 2500 gallons of gas had piled into the rear of a Provincial Transport Company bus. As a result of the collision, the gas tank of the bus exploded and burst into flames.

3. Seeing that the driver was unconscious, he jumped into the cab and hauled him clear of the flames. We are proud to add, for the second time, Fonvieille's name to the list of those who have won The Dow Award. In 1949, suffering from a heart attack, he rescued a drowning man who turned out to be his own father.

2. The driver of the bus and Wilfrid Fonvieille, an off-duty driver also aboard, immediately rushed the eight passengers out to safety. Both of them realized the very definite possibility of a further and more disastrous explosion and acted quickly. Fonvieille had received a shoulder contusion when the two vehicles collided . . . and he was beginning to feel the pain more acutely when he noticed that the cab of the truck was on fire.

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes, as a tangible expression of appreciation, a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, selects Award winners from recommendations made by a nationally known news organization.

**Westmount Cricketers Lost Game To Verdun**

Westmount Cricket Club lost out to Verdun C.C. at Westmount Park on Saturday. Westmount scoring freely tallied 231 for eight wickets to 169 for nine by Verdun but this was not enough to insure victory for the home team.

Drop catches, weak bowling and bad placing of the field cost Westmount the match. It was the second win for Verdun in five outings.

Verdun's high scorers were Ramsay, 84 not out, Worm 34, Cameron 32 and Padmore 24. Bowling for Westmount, Brooks was three for 53.

Pilgrim repeated his heavy hitting for Westmount, getting 82 runs. Simpson was 21 not out. Padmore lead the Verdun bowlers with three for 28. Cameron was two for 55 and Collett two for 38.

Collett of Verdun was given out for handling the ball. The rule prohibits this but an appeal is very seldom made and it would have been better for the Westmount skipper to have over-ruled the umpire, who had no alternative but to give the player out.

At the rate runs are being scored at Westmount Park, the new mat will soon be worn out,

Verdun and the home club rolling up 400 runs in the heavy scoring game.

St. Paul's attempt to stop the West Indians in the local cricker race fell short of the mark on Saturday by 136 runs. The Indians played it for keeps and rattled off 250 runs; Knight staving off the St. Paul's attack to come through with 74 not out while his teammates Blackman and H. Lewis accounted for 57 and 25 respectively. Mayhew bowled well at his end and counted 5 for 43, two more batsmen falling to Barraclough for 11. The South Shore squad realized that they had to get lots of runs and went in swinging, but Farley was right in the groove, capturing 4 wickets for only 6 runs, while C. Lewis had 3

for 38. R. Mercer again indicated he was interprovincial material with 58, while the dependable Rilstone added 28, towards the final total of 114.

The Maisonneuve-McGill match at Maisonneuve Park was a low scoring affair. Ironically, both sides lost their first five wickets for nine runs. Maisonneuve ended

up on top by three runs, 29 to 26.

Bowling for McGill, Liverpool took four for 13 and Procope six for 13. For Maisonneuve, Lawless took four for six and Pater three for 14.

In the fourth game of the day at Royal Avenue, Wanderers made 27 runs for five wickets to all out for 26 for the winless Adastrians.

**Dead Line Flashes**

By BOB LUNNY

We suppose that you all read or heard about Andy O'Brien's column in last week Montreal Standard. Andy wrote a lengthy paragraph about this column and referred to us as having spring fever. By reading his "stuff" we got the notion that Andy himself knows he is wrong. He mentioned that Senator Donat Raymond and Frank Selke offered Jean Beliveau, Quebec Citadel star, a five figure contract. If Beliveau's name was O'Reilly would the Forum front office give him the same offer. Of course they wouldn't. Selke's main reason for signing this potential star was the gate attraction. Naturally you will say "how can they attract any more people when the Forum is sold out every night the Canadians play." But Selke's mind is in the future and not in the present. Richard can't go on forever and when he slows down they hope Beliveau will fill his shoes.

Andy O'Brien stated and we quote, "Beliveau is one of the fifteen best forwards in the world." That covers a lot of territory. Has writer O'Brien seen all hockey players in action in Canada? Can Beliveau stand the bone crushing bodychecks of Stewart, Reise, Barilko and company. As we said before Beliveau will have to prove himself before he can be rated. We don't think 10 per cent of the sports people in Montreal would rate him as Mr. O'Brien does. This is the last statement we will make on this argument.

**Westmount Men Command Black Watch Company**

Major J. G. Bourne of 25 de Ramezay Road has been appointed second in command of The Black Watch (R.H.R.) of Canada, succeeding Major A. P. Boswell, also of Westmount. Major Boswell has taken command of the Black Watch "E" Company, now being recruited for the Highland Battalion of the 27th Infantry Brigade Group.

Major Bourne joined the regiment in 1937 as a second lieutenant and at the outbreak of the Second World War was taken on regimental strength as a platoon commander. He served with the regiment in England until March 1942 when he returned to Canada as an instructor. During that summer, he joined the First Special Service Force, a joint Canadian-American unit, in which he later commanded a battalion.

Major Bourne saw service in the Aleutians, Italy and Southern France and upon his return to England, commanded training units until 1945.

Shortly after his discharge in early 1945, he rejoined the reserve battalion of the regiment as a company commander, which position he has held until his new appointment.

**AUTO COLLISION**

Maurice Bougie, of 2357 Notre Dame street east, collided with Alfred Winterburn, of 116 Selby street, last week on St. Catherine street.

Attempting to pass a car his truck swerved and skidded onto the left hand side of the street where his vehicle struck the auto as it was pulling into the Cliffside Garage.

**MATTRESS FOUND**

The Westmount Police reported they found a large inner spring mattress on St. Catherine Street near the Glen last week. Apparently it fell off a truck. If not claimed the police will dispose of it.

**New Stop Sign Placed At Holton, Wood Avenues**

A new stop sign will be placed on Holton Avenue at Wood Avenue on the south west corner, coming into effect Monday morning. This was said to be a bad corner as it jogs a considerable distance and had an island in it. The stop sign will remove another of Westmount's danger spots.

Also coming into effect Monday will be a "no parking" area on the east side of Victoria Avenue from St. Catherine Street to the first lane.

## Civil Defence to Stay, Says Brig. J. Gauvreau

Civil Defence, defined as the co-ordinated measures undertaken by a community to survive disaster, is here to stay, Brig. J. Guy Gauvreau, Montreal's civil defence co-ordinator, said Saturday in a radio address under the auspices of the Municipal Service Bureau and the City Improvement League.

"Even if war in Korea ended tonight," he said, "even if guerilla warfare in Indo-China and Malaya stopped tomorrow, we would still need civil defence."

"The fortunate fact that so many little fires would have been put out here and there would not necessarily mean that the tinder dry international situation would have become fireproof once and for all."

## Archbishop Urges Raising School Leaving Age Here

Archbishop Paul Emile Leger urged during the weekend that the compulsory school age for children in Quebec be raised from 14 to 16 years.

He made the suggestion during a convention here of the rural section of the Quebec Federation of School Commissions. He said youth in Quebec was menaced "by an unhealthy social climate, similar to that in certain European countries," and recommended that social workers be attached to all schools.

He attacked the policy of allowing pool rooms, cafes and other gathering places, to remain open on Sundays as attractions for young people.

"So long as there are dictators mobilizing millions of well indoctrinated slaves against free nations, our prime duty is to prepare against aggression."

Brig. Gauvreau said a list of civil defence needs of Montreal had been drawn up and planning had proceeded accordingly. The implementation of the plan was partially under way. Full implementation would require financial assistance from various sources, and much of present business dealt with discussing the city's civil defence budget with authorities who had the power and the means to provide that financial assistance.

"The day will come when the bulk of the population will be asked to co-operate," he said. "We shall need no less than 60,000 men and women as civil defence volunteers."

"Much as we would like to start recruiting them right away, as they are most urgently needed, we are prevented from doing so by the lack of funds and facilities. And

there is no doubt whatever in my mind as to the readiness of the citizens in the metropolitan area of Montreal to volunteer their services at the slightest hint that they should."

**Tom Gard's Note Book**  
 The cottage season is officially open. My son and I have just returned from our first weekend at the cottage for 1951. As it was a straight work weekend, there was no difficulty in dissuading the rest of the family from going. Things appear to have come through the winter in tip-top shape. The porcupines had sampled a corner of one of the supporting beams for the floor but evidently didn't like the flavor of the wood preservative used and quit after the first few bites.

One of the main tasks completed was building a good supply of book cases and newspaper shelves. I used packing box material left over from the picket fence built earlier this spring. After persuading the local lumber dealer to put the pieces through his planer, they made up into very attractive cases.

I don't know what I'd do without those metal crossbars that fasten to the roof of the car! They certainly make it easy to truck stuff to the cottage.

**Use Your Coconut!**  
 If hanging baskets interest you, try making a few novel containers out of coconut shells. I have 12 all planted and developing nicely for this summer. They are still adorning the bay window of the living room but one of these warm days they will be shifted to the veranda. They will be an interesting change to the conventional ones I have been using.

I saw my first good homemade stool last week. A young couple down the street had made a joint project of the venture. A cheese box lid was securely bolted to legs made from old car springs, fashioned by a blacksmith. The seat was padded and attractively covered with a plastic material. The legs had been well braced and looked quite sturdy. It wasn't a thing of beauty, but it certainly looked serviceable.

**Garden Note Book**  
 Don't let another season roll past without starting a garden note book. Keep a record of V.I.P. visitors, planting dates and crop records. You'll find it is easily made—as are all of the items described in this series.
