BELGIUM TRYING TO KEEP ALLIES TOGETHER Ratepayers Consider Cotton Mill By-Law On Wednesday

France Will Not Co-Operate With Great Britain

Opinion that Britain Will Be Obligated to Send Her Own Reply to Germany Without Co-operation from France and Belgium Is Strengthened by Latest Reports from France—Some Observers, However, Believe that the Attitude of Belgium May Keep Allies Together, so that a United Front Toward Germany May Be Maintained—Belgian Reply Expected to Be Delayed a Day or Two Longer Than the French.

(Associated Press Despatch)

LONDON, July 28.—The opinion that Great Britain eventually will be obliged to send its own reply to Germany without co-operation from France and Belgium is strengthened by the latest reports from Paris.

Some observers, however, believe that the attitude of Belgium, the aim of whose government is described by the diplomatic correspondent of the Daily Telegraph as an attempt "to bridge the gulf between British and French standpoints," may keep the Allies together, so that a united front towards Germany may be maintained.

It is reported here that there is considerable divergence in the French and Belgian views, and that for one thing particularly, Belgium looks with less favor than France upon the putative British proposal of the appointment of an International Commission to investigate Germany's ability to pay.

The Belgian reply to Great Britain is expected to be delayed a day or two longer than the French, which, it is anticipated will be delivered in London today or Sunday.

ANXIOUS TO REACH FULL ACCORD WITH BRITISH

(Associated Press Despatch)

PARIS, July 28.—The French note in reply to the British suggestions as to a joint response to Germany's reparation memorandum, was said authoritatively today to have been drafted with the determination to exhaust every means of reaching a full accord with the British.

The delivery of the French note is only awaiting word from Brussels that the Belgian note to London also is ready. The French communication in any case will be delivered by the beginning of next week, whether the Belgian note is ready or not, because Premier Poincaré is anxious to comply with the desire of Lord Curzon, the British Secretary for Foreign Affairs, to receive France's answer before the British Parliament adjourns for the summer recess.

SMALL PLANE FOR USE AT SEA BY SUBMARINES

Can Be Stowed Away on Submarine and Assembled for Flight Within a Few Minutes.

(Associated Press Despatch)
WASHINGTON, July 28.—The United States Navy yesterday tested out the smallest seaplane in the world, designed by naval aeronautical engineers for use by submarines at sea.

The plane weighs approximately 1,000 pounds, including its sixty horse power engine, and can be knocked down into small units, stowed away on a submarine and then assembled again ready for flight within a few minutes.

The type tested at the naval air station at Anacostia yesterday is of wood and wire, and within a month machines of that build will be delivered to various submarines. Another type for similar use is being made of metal.

When assembled the plane could be put in an ordinary living room, for it is only eighteen feet between wing tips.

DRASTIC MOVE IS PLANNED BY OIL COMPANIES

To Take Step to Reduce Present Surplus of Gasoline and Crude Oil

(Associated Press Despatch)
CHICAGO, July 28.—Action to close every refinery in the mid-continent field for the month of August as a step towards the reduction of the present surplus of gasoline and crude oil, was approved yesterday by a group of leading oil men of the southwest, representing the Western Petroleum Refiners and the American Oilmen's Association, officers of the latter organization declared.

BOLSHEVISTS CANCEL OPEN AIR MEETINGS

Action by German Officials Results in Curtailment of Plans for Bolshevik Demonstrations.

(Associated Press Despatch)

BERLIN, July 28.—After the Federal and State Governments had announced details of their far-flung preparations for subduing political outbreaks of all kinds in the present critical circumstances, the German Bolshevik leaders late last night decided to keep their followers off the streets Sunday and to cancel their open air "anti-Fascist" demonstrations.

The order issued by the United Socialists and Labor federation headquarters to all their members to keep aloof from the Communist demonstrations is believed to have helped in impeding the attempts to whittle their project.

The Bolshevik protest meetings were ordered confined to indoor gatherings which will be watched very closely by the police.

TRANSPORT CARRYING U.S. PRESIDENT IN COLLISION

(Associated Press Despatch)

SEATTLE, Wash., July 28.—The Navy transport Henderson, carrying President Harding and his party, returning from a tour of Alaska, rammed the destroyer Zeilen in Puget Sound, forty miles north of here, according to a wireless message received here from the Henderson. All aboard the Henderson were taken off.

Controversy Over Demand of Admiralty For Separate Air Force For Navy Is Revived

Rumors Are Afloat that Certain Members of the British Admiralty Board, Including Earl Beatty, First Sea Lord, Will Resign Unless Their Claim Is Granted.

(Associated Press Despatch)
LONDON, July 28.—The old controversy centering about the demand of the Admiralty for a separate air force for the navy has been revived in the last few days, and rumors are afloat that certain members of the Admiralty Board, including Earl Beatty, First Sea Lord, would resign unless their claim was granted.

There was acute tension in the matter during the early part of the present session of parliament when Mr. Bonar Law, then Premier, announced that the question would be referred to the committee on Imperial defence, whose decision, it was understood, the Admiralty had agreed to accept. This committee has now made its report, and although it has not been publicly issued, it is believed to be adverse to the aims of the Admiralty and that it proposes to relieve the situation by a compromise which would admit certain naval officers to the Air Ministry.

Canadian Connecticut By-Law Will Be Presented To Ratepayers On Wednesday-- Continuance Of Exemption As In The Past

Rival Companies Organized During Period of Expansion Resulted in Restricted Operations—Payroll Averages Approximately Half a Million Dollars per Annum—Employees Total Between Six and Eight Hundred—Original Exemption on New Property Was Provided 650 Hands Were Employed—Company Pays Around \$25,000 in Taxes Annually.

(Associated Press Despatch)
ATLANTIC CITY, July 28.—The Canadian Connecticut by-law will be presented to the ratepayers on Wednesday August 1st next and inasmuch as it does not effect the city in any way, it is generally conceded that it will meet with the approval of the ratepayers. The whole issue involved is merely approval of existing conditions as they apply to the Cotton Mills with regard to exemption of taxation. When the company built its new plant in 1919-1920 conditions appeared to warrant the new extension as the company was not in a position to supply all the Canadian demand for fabric.

The extension was decided upon, but during the course of its construction two rival concerns jumped into prominence and the Canadian Manhaffet Co., of St. Hyacinthe and the Jencks Canadian Company, of Drummondville, were organized and placed on a producing basis.

Company officials advise that at the present time, business in Canada is not growing to such an extent as to warrant the installation of new equipment in the company's extension and there do not appear to be any immediate prospects of the entire building being placed in use. The Company was awarded exemption from taxation for the period of two years during the course of construction and negotiations have been proceeding, during the past year, to have this clause extended definitely without the restriction regarding the number of employees. The Company was originally granted complete exemption from taxation provided 650 employees were kept at work in the new plant. This has been found to be impossible although the company has averaged between six hundred and eight hundred employees throughout its two buildings.

In granting the application, made by the Company, to have exemption regardless of the employees kept at work, it is pointed out that the city does not lose anything in the way of finances, whereas the by-law merely safeguard the company and enable them to determine definitely their financial standing.

Will Continue to Pay Present Taxes. Incidentally the Company is paying the City a large sum in taxes and last year this amounted to \$25,361, a considerable portion of this being accounted for by the Tenement Housing scheme which involved the erection of sixty-five frame buildings, and the more recent Sherbrooke Housing scheme, involving one hundred brick houses.

The annual payroll of the Company is approximated \$500,000 and the approval of the by-law, by the ratepayers, will be in the nature of

DISCUSSES PLAN OF QUEBEC FOR REWARDING LITERARY WORK OUT OF PROVINCIAL PUBLIC FUNDS

Manchester Guardian Says that "For Some Time Past Canada Has Been Resentful of Its Literary Bondage to the United States," and Declares It Will Be Interesting to See Whether the Rest of Canada Will Follow Quebec's Lead and Discard British Tradition of Leaving Books and Plays at Mercy of Competitive Markets.

(Associated Press Despatch)
LONDON, July 28.—"For some time past Canada has been resentful of its literary bondage to the United States," says the Manchester Guardian, in noting that the Quebec Government is rewarding good literary work with prizes out of the provincial public funds.

"Quebec, of course," says the newspaper, "represents the French and constitutional tradition which accepts the furtherance of the arts as the proper function of government. It will be interesting to see whether the rest of Canada will discard the British tradition of leaving books and plays at the mercy of competitive markets."

"In any case it is refreshing to find any great modern community being exercised because the voice of the artist is as a whisper beside the cry of the money changer."

An interesting inquiry was conducted this week with regard to what the London public reads as revealed by the free libraries.

Conan Doyle and Dick Donovan are still extraordinarily popular, and Mrs. Henry Wood and Miss Braddon remain favorites, also Marie Corelli. Among the men readers Silas and Joseph Hocking and Wilkie Collins are in great demand, but Thomas Hardy remains yet to be fully appreciated, the cry of the emceyehahn

HAD HEARD GANG PLANNING FOR BANK HOLD-UP

Toronto Police Are Now Investigating Disclosures Made by Russian Who Formerly Resided in Toronto.

(Associated Press Despatch)
CLARKSON, Ont., July 28.—The Canadian Press has been authoritatively informed as follows:—

In December last a certain Russian, a roomer at Nelson Street, Toronto, boarding house, heard on several occasions Russians talking between two and three in the morning in a room adjoining which was occupied by a Russian known as "Frank."

From time to time, according to this information, Frank would leave for mysterious absences and return with large sums of money, as much sometimes as a thousand dollars. For thirteen years Frank had never been known to work. Before and after Christmas last the Russian who gives the information overheard a discussion in Frank's room regarding a plan to rob a bank. They did not mention the place, but they were heard to say that July would be the most suitable time, because then the woods would be thickly in leaf and they could hide about two weeks, and then when the excitement was over they "could skidoo farther away out of Canada."

This Russian talked several times to his sons about what he had heard, but they just laughed at him. He was away from Toronto before the robbery in Toronto last Tuesday, and feeling assured that the gang meant business, he telephoned to his sons to ask whether anything had happened.

His description of one man who took part in the Toronto hold-up on Tuesday last, "five feet nine inches, red face, brown hair with peak cap," according to this informant was "Frank."

At their meetings in the Nelson Street rooming house Frank always cautioned the others of the gang to "shoot the money carriers on the spot." Plans were discussed for securing provisions such as bacon, bread, tobacco and matches for two weeks in the bush.

Toronto police are now investigating the disclosures made by the Russian.

(Associated Press Despatch)
NEW YORK, July 28.—County Judge McLaughlin who has been conducting an enquiry here into allegations of brutality to insane patients by the guards at the Brooklyn State Hospital announced yesterday that he had information of conditions at the institution even more startling than those which already have resulted in the indictment of three attendants for beating patients.

UNREST QUITE EVIDENT IN THE UNITED STATES

Says Armed Revolution Is Among Possibilities U.S. Faces Unless Present Conditions Are Changed.

(Associated Press Despatch)
ST. PAUL, Minn., July 28.—Magnus Johnson, recently elected United States senator from Minnesota in the Farmer-Labor ticket yesterday reiterated his statement to the Associated Press that "even an armed revolution" is among the possibilities the United States faces unless present conditions are changed.

"I intend to emphasize," Mr. Johnson said, "that this country should not consider itself immune from armed revolutions, although naturally all other means would be exhausted before the people of the United States would resort to arms."

"I am not a Red nor an I. W. W., but there's no use denying the fact that serious unrest is manifest throughout the country. I did not intend to suggest revolution as a means to accomplish a change. I simply wanted to point out that we must not blind ourselves in the belief that it is an impossibility."

MANY AGAIN USING TRUSTY STEED

(Associated Press Despatch)
CINCINNATI, July 28.—The pendulum is swinging back again toward the trusty old horse, according to reports made to delegates attending the 86th annual convention here yesterday of the International Union of Journeymen Horsemen. It was reported that numerous industrial concerns are again adopting the horse for short hauls, on the ground that the older method was less expensive.

AMATEURS GAVE GOOD PLAY AT COWANSVILLE

Members of Riverside Rebekah Lodge, of Granby, Presented "Valley Farm" — General Notes.

COWANSVILLE, July 28. — The town hall was well filled on Wednesday evening to hear members of the Riverside Rebekah Lodge of Granby give their play, "Valley Farm," a drama in four acts. All did their parts very well, Mr. and Mrs. E. W. Bradford taking the leading roles. Miss Moore, of Ottawa, who is a niece of Principal Adams, of Granby, sang several selections and generously responded with encores. Excellent music was furnished by a four-piece orchestra from Farnham. A dance for the benefit of the Tennis Club was held after the play. The following was the cast of characters: Harold Rutledge, a young New Yorker; E. W. Bradford; Perry Dean, son of the soil; G. E. Bradford; David Hildreth, a New York lawyer; A. Levick; Silas Holcomb, owner of Valley Farm; J. Parker; Azariah Keap, a clock tinker; E. Patterson; Jennings, servant of the Rutledge mansion; G. Steel; Betty Holcomb, a country flower transplanted to city soil; Mrs. E. W. Bradford; Isabel Carney, niece of David Hildreth; Miss L. Adams; Mrs. Rutledge; Harold's mother, Mrs. Butterworth; Alvira Holcomb, sister of Silas; Mrs. C. Payne; Lizzy Ann Tucker, who borrows but "never goes"; Mrs. Guy Rutherford; Verbenia, hired girl of the farm; Mrs. H. Ryder.

W. P. McVie RELIEVES REV. E. J. RATTEE At the request of the W.C.T.U. of Stanstead County, Rev. E. J. Rattée, has gone to Stanstead County, to speak in the interest of the Canada Temperance Act, the vote for the retention or repeal of which takes place on Tuesday. In his absence the appointment of Mr. Rattée, will be taken all over the Circuit by Mr. W. P. McVie, the Y.M.C.A. Secretary, Sherbrooke.

SHOULD CLEAN DRINKING FOUNTAIN

Comment has been heard recently in connection with the fountain which is situated at the corner of Wellington Street North at the foot of Strathcona Square, which has never been opened. The watering trough on the other side of the fountain has been operating ever since the fountain was erected, but the drinking fountain has never been completed. The reason for this may be because of the proximity of the fountain on Strathcona Square, which has been established there for many years.

If it is not the intention of the authorities to open the fountain, it should at least be cleaned, since there is a quantity of stagnant water in the receptacle which is filled with filth.

SORTING OF POULTRY ON FARMS.

Mr. C. E. Lampman, extension poultryman of Macdonald College, spent five days with W. C. McDougall, local Agricultural Demonstrator during the past week visiting farmers in Sherbrooke and Stanstead Counties. During the five days over twenty farmers were visited. Mr. Lampman selected the layers from the non-layers, between 1200 and 1500 hens were handled on these farms. About 40 per cent of the hens were marked as culls. That is about 60 per cent of the hens were considered good enough to keep over for another year. The 40 per cent were boarders. Mr. Lampman hopes to visit these farmers in March next and help them to select their breeding pens.

BROMPTON ROAD YOUNG PEOPLE.

The Brompton Road Young People's Society met on Wednesday evening in the home of Mr. and Mrs. F. J. Smith. The president, Mr. Melville Page, presided, and led the young folks in an evening of indoor games, after which Miss Florence Smith and Miss Annie McElrae gave instrumental solos. Rev. Alfred Bright gave an address on the "Pioneers of Early Canada." Miss Marjory Page gave a reading.

Dainty refreshments were served by Mrs. P. J. Smith assisted by her daughter, Miss Florence. A pleasant evening was brought to a close by singing the National Anthem. The next meeting will be at the home of Mr. Walter Seaward, Brompton Road.

SUNDAY AT ST. ANDREW'S

The following soloists will take part in the services at St. Andrew's Presbyterian Church on Sunday: Mr. J. E. and Mrs. Riggs will sing a duet entitled "Watchman! What of the Night"; Miss Della Wilkie will sing "Ashamed of Jesus," and "He That Keepeth Israel"; Mrs. C. Webb's solo will be "One Sweet Solenn Thought"; Mr. Stanley Davis will sing "Open the Gates of the Temple." Mr. Davis is leaving Sherbrooke in a few days.

Rev. Alfred Bright will preach both morning and evening on the subjects, "What Stirred the Heart of Jesus" and "What it Means to Follow Jesus." The evening service is at eight o'clock.

During the month of August, Rev. Dr. Geo. Woodside, M.A., minister of Zion Church, Brantford, Ont., and coadjutor of the strong preachers in Canadian Presbyterianism, will have charge of all the services of public worship. St. Andrew's Church is particularly fortunate to have the services of Dr. Woodside for August.

There was a large and representative attendance at the funeral service of the late Rev. G. H. Parker, of Lennoxville, which took place at the Cathedral of the Holy Trinity, Quebec, with the Very Rev. the Dean of Quebec officiating, assisted by the Venerable Archdeacon Balfour, the Rev. Canon Fothergill, of St. Michael's Church, Bergeville, and the Rev. Canon Murray, of Three Rivers. Rural Dean A. R. Kelley and other Anglican clergymen were also present.

The service was most impressive and several hymns were feelingly rendered, Mr. E. A. Bishop presiding at the organ.

At the close of the service the remains of the late Rev. G. H. Parker were conveyed to Mount

DEDICATION OF ANGUS BRIDGE ON WEDNESDAY

Taschereau Bridge Will Be Officially Blessed — Banquet to Hon. J. Nicol in Evening.

Important statements relative to the by-elections are expected at East Angus on Wednesday evening next when the Hon. J. A. Taschereau, Prime Minister of the Province, will give the feature address at a banquet to be given in honor of the Hon. Jacob Nicol, K.C., Provincial Treasurer. The banquet will be held in the old church building at 7.30 p. m. and will be five or six members of his cabinet as well as several Federal Ministers including the Hon. J. A. Robb, Minister of Trade and Commerce. Eastern Townships citizens will be particularly interested in any statement with regard to the by-elections as two of these are of a local nature and will be to provide successors to the late Geo. Denaut of Asbestos, and the late Wm. Oliver, of Mansonville.

During the course of the afternoon, the new Taschereau bridge will be dedicated, the benediction and dedication ceremony being scheduled to take place at 3.30 p. m.

Hermion Cemetery, where interment took place, the committal prayers being read by the Rev. Dean Shreve, Archdeacon Balfour and Canon Fothergill were also present at the service at the graveside. The chief mourners were: Mr. Edmund Parker, of Sherbrooke; son; Major W. H. Petry, nephew; Lt.-Col. W. H. Wood, cousin, and Dr. Hume, a close personal friend of the family.

The late Rev. G. H. Parker, who had attained the venerable age of eighty-six years, was one of the most highly esteemed priests of the Quebec diocese, both among the clergy and the laity, and his loss will be greatly felt by all who knew him. His wife, formerly Miss Gertrude Petry, sister of the late Rev. H. J. Petry, of the Cathedral of the Holy Trinity, Quebec, predeceased him a few years ago. He is survived by three daughters, Miss Gertrude Parker and Miss Louisa Parker, of Lennoxville, and Mrs. Scarth, of Yarmouth, N. S., and one son, Mr. Edmund Parker, of Sherbrooke for whom much sympathy will be felt in their bereavement.

CLOSING SERVICES IN METHODIST CHURCH FOR SUMMER. SPECIAL SOLOISTS TOMORROW.

The united services of the Congregational and Methodist Churches will conclude for July in the Methodist Church tomorrow. Special music will form an attractive feature of the public worship tomorrow. A mixed quartette composed of Miss D. Green and Mrs. A. Smith, and Messrs. Rees Lloyd and Reginald Haverd will sing at both morning and evening services. The soloist at the morning service will be Miss Ruth Edwards, rendering as a contralto solo Jos. Adam's composition entitled "Galilee." At night at seven o'clock Mr. Stanley Davies, whose solo work has been so highly appreciated by the public of this city, will sing the selection entitled "Babylon," by S. Adams. This is Mr. Davies' last appearance as he is leaving Sherbrooke next week.

The sermons tomorrow will be delivered by the Rev. E. B. Brown. The morning theme, "The Interdependence of God and Man," will deal with the question asked by Prof. Swayne, "Would the absence of man cripple God?" At the evening hour the sermon will be based on Luke 2: 22:133: "The Greatness and Power of the Prince of Peace," keeping in mind that next Sunday is world peace day.

During the month of August the two congregations will unite in public worship on Sundays in Plymouth Church, Dufferin Avenue, when Rev. Dr. G. Elery Read will have charge of the services.

The Methodist Sunday School will close tomorrow for the month of August to reassemble Sunday, September 2nd, at 12.10 noon. Tomorrow Mr. F. J. Latham, of Brockville, Ont., will give a short address to the school.

BOYS' WORK COMMITTEE OF THE Y. M. C. A.

A meeting of the boys' work committee of the Y.M.C.A. was held last night with the recently appointed chairman of the committee presiding. A tentative report on the boys' camp recently held was given by the Sec., and plans were made to cover the camp for next season, it being agreed that at least one of the members of the committee be in attendance all through the camp season. It was further agreed that the association ought to attempt getting permanent quarters for summer camp, which could be used by any organization interested in the boy life of the city. The secretary was therefore instructed to get in touch with certain landowners and discover if such grounds could be secured.

The question of boys' conferences being raised it was agreed that the representatives from the Y.M.C.A. on the promotion committee should be P. Dennis, chairman, H. Griffith, R. Robertson.

The secretary then outlined the programme in hand for the coming season and the work outlined was fully endorsed by those present; hence each member is looking forward to a very successful season. The programme as outlined will be more fully considered at the next meeting. The chairman of the promotion committee then arranged for a meeting of the said committee to be held on Thursday, August 2nd, at 7.30 p.m.

ONE IN HOSPITAL, THE OTHER IN COURT.

J. E. Sabourin, 205 Gillespie Street, is in the Sherbrooke Hospital with a cracked skull, while his companion, Edouard Chailifoux, of Derby Centre, spent the night at the police station and appeared before the Recorder's Court this morning as a result of a smash between Chailifoux's rig and a Lennoxville street car at 11.45 last evening.

Chailifoux, the owner of the rig, and Sabourin were driving along the Lennoxville road late last evening. As the Lennoxville street car approached, it is stated, they swerved directly across the tracks in front of the car which struck the wagon, smashing a wheel and throwing the occupants into the road.

As Sabourin was evidently injured, Lord's ambulance was called and he was taken to the Sherbrooke Hospital, where he was given medical attention. He sustained a bad scalp wound, which required several stitches, but was not otherwise hurt.

Chailifoux was not injured, and was handed over to the police. He appeared before the Recorder's Court this morning and was found guilty on a charge of being intoxicated. He paid his fine and was released.

The Wings of the Morning A Great Story of Adventure and Romance BY LOUIS TRACY.

Yet neither of them knew that one line she had recited was more singularly applicable to their case than that which they paid heed to. "The great stars that globed themselves in Heaven," were shining clear and bright in the vast arch above. Resplendent amidst the throng rose the Pleiades, the mythological seven hailed by the Greeks as an augury of safe navigation. And the Dyaks—one of the few remaining savage races of the world—share the superstition of the people who fashioned all the arts and most of the sciences. The Pleiades form the Dyak blood-thirsty and vengeful horde were even then pointing to the clustering stars that promised quick voyage to the island where their kinsmen had been struck down by a white man who rescued a maid. Nevertheless Grecian romance and Dyak lore alike relegate the influence of the Pleiades to the sea. Other stars are needed to foster enterprise ashore.

continuous labor no longer spurred them to exertion during every moment of daylight, they tackled the box of books and read, not volumes which appealed to them in common, but quaint tomes in the use of which Jenks was tutor and Iris the scholar. It became a fixed principle with the girl that she was very ignorant, and she insisted that the sailor should teach her. For instance among the books he found a treatise on astronomy; it yielded a keen delight to both to identify a constellation and learn all sorts of wonderful things concerning it. But to work even the simplest problem required a knowledge of algebra, and Iris had never gone beyond decimals. So the stock of notebooks, instead of recording their experiences, became covered with symbols showing how x plus y equaled x2 minus 3,000,000. As a variant, Jenks introduced a study of Hindustani. His method was a short sentence and explain in detail its component parts. With a certain awe Iris surveyed the intricacies of the Urdu compound verb, but,

REALITY V. ROMANCE—THE CASE FOR THE PLAINTIFF

Night after night the Pleiades swung higher in the firmament; day after day the sailor perfected his defenses and anxiously scanned the ocean for sign of friendly smoke or hostile sail. This respite would not have been given to him, were it not for the lucky bullet which removed two fingers and part of a third from the right hand of the Dyak chief. Not even a healthy savage can afford to treat such a wound lightly, and ten days elapsed before the maimed robber was able to move the injured limb without a curse.

Meanwhile, each night Jenks slept less soundly; each day his face became more careworn. He began to realize why the island had not been visited already by the vessel which would certainly be deputed to search for them—she was examining the great coast-line of China and Siam.

It was his habit to mark the progress of time on the rudely made sundial which sufficiently served their requirements as a clock. Iris happened to watch him chipping the forty-fourth notch on the edge of the horizontal block of wood.

"Have we really been forty-four days here?" she inquired, after counting the marks with growing astonishment.

"I believe the reckoning is accurate," he said. "The Sirdar was lost on the 18th of March, and I make this the 1st of May."

"May Day!" "Yes. Shall we drive to Hurlingham this afternoon?"

"Looked at in that way it seems to be a tremendous time, though indeed, in some respects, it figures in my mind like many years. That is when I am thinking. Otherwise, when busy, the days fly like hours."

"It must be convenient to have such an elastic scale."

"Most useful. I strive to apply the quick rate when you are grumpy." Iris placed her arms akimbo, planted her feet widely apart, and surveyed Jenks with an expression that might almost be termed impudent. They were great friends, these two, now. The incipient stage of love-making had been dropped entirely, as ludicrously unsuited to their environment.

MARRIAGES

WHITTIER-BILTON

The marriage was solemnized very quietly in Sherbrooke Methodist Church on July 18, 1923, by the Rev. B. B. Brown, of Miss Ruby Irene Bilton, only daughter of Mr. and Mrs. J. W. Bilton, of Bromptonville.

The bride wore a very becoming suit of beaver tricotine opening over a dainty blouse of white georgette, with hat to match, and wore a corsage bouquet of carnations and roses.

The bride was attended by Mrs. Ernest Corriveau as matron of honor, who wore a suit of navy tricotine and blue georgette blouse.

Mr. Cecil Bilton, brother of the bride, was best man. After the ceremony a reception was held at the home of the bride's parents.

The many beautiful and useful gifts showed the esteem in which the young couple are held. The out-of-town guests included Mrs. D. Johnston, of Montreal; Mrs. J. Crawford, of Montreal; Mr. and Mrs. F. J. Crawford, of Montreal; Mr. and Mrs. Earl Whittier, of Magog; Mr. and Mrs. F. Whittier, of Magog; Master Leslie Crawford, of Montreal; Miss Florence Cooper, of St. Lambert.

B. C. Howard, Who Died Suddenly Yesterday, Was A Man Of Wide And Varied Interests, Taking Active Part In Community Life

Gave Liberally of His Wealth—Extensive Lumber Business—Quarter of a Century in Lumber Operations—Was Born in Stanstead County in 1865—Development of Howardene, Beauty Spot of City—Proprietor of Province Island—Health Not of Best for Some Time.

News of the sudden death of Mr. B. C. Howard, as announced in yesterday's Record, came as a shock to the whole city and district, where deceased was so well known.

Citizens who spoke to Mr. Howard but a few minutes before his death found him apparently in his usual health and spirits. At 12 o'clock he entered the Grand Central dining room at the same time as a member of the Record staff, to whom he remarked that he liked his lunch at 12 o'clock sharp.

Mr. Howard's activities in the city and district were varied and extensive. His career as a lumber merchant extended over about a quarter of a century and resulted in the accumulation of a large fortune, which some years ago placed him in the ranks of the millionaires.

Some years ago Mr. Howard bought some twenty acres in the north ward from the B.A.L. Co., which he has since been developing as a residential estate, known as Howardene. The residence of his son Mr. C.B. Howard, in this area was completed some 2 years ago as well as conservatory, garage and other buildings, as well as the laying out of the grounds in a manner to make the locality the most attractive in the city.

Mr. Howard's lumber interests have for many years been very extensive and carried under the name of B. C. Howard and Co. These are located largely in the region known as English Lake, along the Maine border and reached by the branch line of the Quebec Central in Beauce.

A few years ago, Mr. Howard purchased Province Island from the Zebreski estate. This beautiful summer estate lies in the centre of Lake Memphremagog, partly in Canada and partly in the States. The property, long neglected, has been put into shape by Mr. Howard and was much enjoyed by him as a summer outing place.

When the sudden call came, most of the members of Mr. Howard's family were absent from the city. His son, Mr. C. B. Howard, was on his way home from English Lake, arriving in the city about three o'clock in the afternoon. Mrs. Howard was at the Howard's Island home and returned to Sherbrooke yesterday afternoon.

The funeral of the late Mr. B. C. Howard will be held on Monday afternoon at three o'clock, when prayers will be said at "Howardene," the residence of the deceased.

The happy couple will make their home in Detroit, Mich.

The late Mr. Benjamin Cate Howard was born in Stanstead during the month of December, 1865, the son of

SHERBROOKER HAD SMASH-UP NEAR NEWPORT

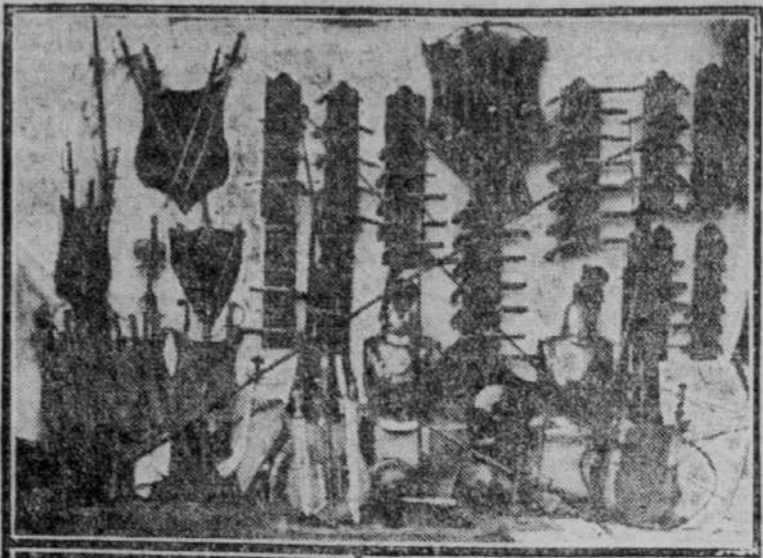

Ford Car Was Wrecked on Newport Road Near Orleans, Vt.

ST. JOHNSBURY, Vt., July 28.—A Ford car bearing the registry number 11730, which is owned by Earl R. Burton, of Sherbrooke, who is working in the shops at Lyndonville, was badly wrecked Wednesday night on a sharp curve just north of the village of Orleans, on the Newport road.

Four young men who were coming from the north in the car at the time of the accident were badly scratched and shaken up, but strange to say, escaped without serious damage. They were taken to Lyndonville in a car from Scott's garage in Orleans.

Whether the driver did not realize the bad curve, or something happened to the steering gear to prevent his negotiating it successfully, is not stated. The car was only prevented from going down a steep embankment by hitting a telephone pole and guy when it left the road and was hung up there. The top, windshield and three wheels were demoralized and the car was so badly put out of commission that it had to be ambulated into Orleans, where it is being put into shape at the Park View garage.

Mr. Burton was in Orleans again Thursday, getting the pieces together.

MRS. CHAUNCY HAWK, BRIGHAM.

BRIGHAM, Que., July 28.—It is with heartfelt regret and sorrow that we report the death of Mrs. Chauncy Hawk, who passed away after a sudden attack of sickness at her home here on July 16 at the age of seventy-six years.

She was known and beloved by all and her quiet influence will be missed by everyone who ever came in contact with her. Her home was such that all who entered it welcomed a further invitation, and those who knew her best loved her most. To the student ministers she was a second mother, and to all she was ever ready to hold out a hand of welcome and help.

DEATHS REPORTED

MRS. H. C. BOWN, FITCH BAY.

FITCH BAY, Que., July 28.—The community of Fitch Bay was deeply shocked and saddened on Monday morning, July 9, by the very sudden death of Mrs. H. C. Bown, who resided with her son, Rev. C. E. Bown, at the Anglican parsonage. Although Mrs. Bown had been ill for several months, her health during the past few weeks had improved to such an extent that she was able to be about and her family and friends were hoping for her complete recovery, when she died suddenly at breakfast.

Mrs. Bown, whose maiden name was Lucy Jane Sharman, was born in Canterbury on January 5, 1861, the youngest daughter of the late Ebenezer Sharman. Here she lived until her marriage to Henry Charles Bown on July 11, 1887. They took up their residence at Fitch Bay, and here they lived happily, useful lives, surrounded by the love and esteem of a large circle of relatives and friends until the death of Mr. Bown in 1919.

Two children were born to them, Blanche Vivian, who died in infancy in 1892, and Thomas E. Bown, now at Fitch Bay. She adopted the son of her brother, Rev. Charles E. S. Bown, when a tiny baby, and gave him all a mother's care and love, which was repaid by the unselfish care and devotion which Mr. Bown bestowed upon his mother during her long illness of the past months.

She was a loyal and devoted member of St. Thomas' Church, and a prominent worker in St. Thomas' Guild. An ever wise and devoted mother, giving always of her best to those in her home. Her kindly sympathy did not stop there, however, but to those outside her home as well. She took a deep and kindly interest in the difficulty of others, and many a burden has been lightened by her help and encouragement.

The severe illness of the past months had only served to strengthen the sweetness and patience of her character, and even when she suffered most acutely, she never lost her faith in God or questioned His will and always was ready with a cheery word for her friends. The beauty and helpfulness of her life fill remain a treasured memory to those who knew and loved her.

Prayers were said at the parsonage on Wednesday morning, July 11, by Rev. C. T. Lewis, of Bury. The house was filled to its capacity with many relatives and friends from different parts of the parish. Two hymns were sung during the brief service, "Peace, Perfect Peace," and "When the Day of Toll is Done."

The love and esteem of the deceased was manifested by the large quantities of beautiful flowers. In life she was a great lover of flowers and in death she was surrounded by what she loved so much, the casket being entirely covered and surrounded by flowers from friends from far and near, among which was a beautiful cross from St. Thomas' Guild of Bown, wreaths from St. Mathias' Guild of Fitch Bay, St. George's Guild of Georgetown, Griffin and Tomfofia Guild, and a spray from the Junior Guild of Fitch Bay.

The funeral cortege then proceeded to St. Thomas' Church, Bury, where the service was held at 2 p.m., Rev. C. T. Lewis officiating. The church was taxed to its utmost capacity by the many friends and relatives who had gathered to pay their last respects to one so well known and loved. The beautiful and comforting burial service of the Church of England was read by the rector, and 3 favorite hymns, "God of the Living in Whose Eyes," "For All the Saints Who From Their Labors Rest," and "Now the Laborer's Task is O'er," were sung by choir and congregation.

In his address Mr. Lewis spoke in words of highest praise of the life of the deceased, of the love and service which characterized the home life and work for the church she loved so much, and the Christian charity, which was the keynote of her life.

The interment took place in St. Thomas' Cemetery beside the home where so many happy years had been spent. Those present at the funeral from out of town were Mrs. Henry Goodin, Mr. Fred Goodin, Scota-

ARRANGEMENTS FOR HOUSING OF ATHLETES

American Olympic Athletes Will Be Housed in Chateau Near Vaucresson.

The American athletes participating in the 1924 Olympics will be housed during their stay in a beautiful chateau belonging to Prince Murat on a hill overlooking the Seine near Vaucresson, nine miles from the Colombes Stadium, in which the games will be held.

Arrangements to take over the chateau were concluded recently, the lease being signed by Princess Murat and Col. R. M. Thompson, the latter representing the American Olympic Committee.

The chateau will provide accommodations for from 200 to 230 athletes. There is also stable space for the 20 or more horses and polo ponies which will be brought over from America. It is the intention of the committee to erect a large building, similar to an army barracks, for a motion-picture and amusement house and a large tent to be used as the dining room.

The camp kitchen will have regular army equipment and the athletes will be served a real American breakfast before leaving for the stadium, and a light dinner in the evening. The noon meal will be taken at the stadium. Buses will run between the chateau and the stadium every quarter or half hour, according to requirements.

TORONTO TO URGE BUILDING OF VIADUCT

Assistance of National Railways to Secure Construction of Viaduct Along Waterfront.

Consummation of the efforts to secure the construction of the much-postponed viaduct along the Toronto waterfronts by means of the assistance of the Canadian National Railways in the method approved by Mayor Maguire. A meeting of the C.N.R. directors is scheduled to be held in Toronto early next month, and the Mayor is confident that the outcome of that meeting will mark an advance toward the final agreement on viaduct construction.

"What we want most of all," declared Mayor Maguire, "is a statement of the stand of the Canadian National Railways. We believe that Sir Henry Thornton will declare that he is in favor of building the viaduct, and we wish to work in harmony with him. I have been in constant communication with the directors of the railway, and am of the opinion that the outcome will be most satisfactory from our standpoint."

"I believe that at the present time our best policy is to await this decision. The city of Toronto is ready to go ahead with its part of the viaduct agreement and I feel sure that with the concurrence of the Canadian National Railways, our greatest obstacle will be removed. I am afraid that at this time a conference between all the parties concerned would result in new suggestions and might only result in further delay in beginning the construction of the viaduct."

Poor Old Quacks

When you are sick you don't want a quack doctor, do you? Not on your life! And so, to get rid of quacks and protect the health of the people, laws have been passed. A doctor must pass an examination and be licensed to practice. In some places it is necessary for the plumber to pass an examination in order to obtain a license, but not all, for the plumber, like the doctor, deals with the health of the people. Plainly speaking, the plumber should be ahead of the doctor, for he is the advance guard of health and happiness. The doctor cures people after they are sick; the plumber prevents them from getting sick. The better a plumber knows his business, the better he does his work—the less sickness there is in a community.

A quack plumber can do as much damage as a quack doctor. The wrong plumbing is as deadly as the wrong medicine. When you need a doctor you need one who knows; when you need plumbing you need a plumber who knows. Don't trifle with your health. Surely it is worth as much to keep well as to get well.

SCOTSTOWN

A very pretty miscellaneous show took place at the home of Mrs. D. L. McRitchie on Tuesday afternoon, when Miss Grace Murray, whose marriage takes place early next month, was the guest of honor. Mrs. William Murray was joint hostess. The porch where the guests were received looked very attractive with large easy chairs and bunches of roses prettily arranged. The gifts presented to the bride-to-be were arranged in a white basket decorated with pink roses and forget-me-nots. Twenty-four ladies were present. A very dainty lunch was served at the tea hour by the hostesses, assisted by Mrs. N. George Scott, Miss "Chris" Morrison and Marjorie Murray.

ANOTHER ATTACK ON EUROPE.

Hiram Johnson, of the United States Senate, has been on an extended trip through Europe and like most come-and-go visitors to the Old World he now has, or at least thinks he has, an accurate and extensive knowledge of the history, conditions, motives and politics of every country on that continent.

According to a report from New York, Johnson at a dinner given in his honor, made a slashing attack against American participation in the councils of Europe, saying that the Old World had settled its own problems in the past and was able to settle them in the present.

Further evidence is not required to show that the Senator is a long way from being a sound logician. Merely because war-torn and jealousy-ripped Europe has settled its internal affairs in a slipshod fashion in the past, Johnson evidently comes to the conclusion that perfect harmony and peace will prevail in the future.

AN INVITATION TO LECTURERS.

Recent reports from abroad indicate that European lecturers as showing a certain degree of hesitancy about coming to America and talking to audiences on this continent. Though they have not escaped entirely free in Canada, the scholars and men of note have often been severely criticized in the States and as a result, they have become somewhat shy and timid about approaching American audiences.

"We need not be unduly disconcerted over the report, made by a tour manager on his return from Europe, that celebrities of the Old World have lost the keen edge of their desire to come to the United States because of criticisms they have encountered on previous visits.

"If there had been a strike of Old World lecturers, let us hope that it will be a temporary affair, that an amicable settlement will be patched up without recourse to strike-breakers. In the past, despite occasional criticisms, lecturers from foreign countries have received a warm welcome here.

"By all means, therefore, let the flow of lecturers continue. The information they bring is always welcome, and so also is the advice—although its acceptance cannot be guaranteed."

It is believed that the former Crown Prince of Germany is planning to escape and return to Germany, where he hopes to be returned into the good graces and favor of the people. The vital question of the hour will now be, where will the Teutons find the fatted calf to kill when the prodigal son comes home? That is if he comes.

PRESS COMMENT

NATURE'S BOUNTY. (Brantford Examiner.) Dame Nature's delights never cease. Scarcely has the last of the strawberries gone ere the raspberry and blueberry make their appearance, to give place in turn to the apple, the grape, the plum and the peach. She presents a continuous performance which only an ingrater can fail to appreciate.

AN UGLY SUSPICION. (Detroit News.) The feeling is not pleasant, that of realization that sometimes tidings of official nature reach the ears of the market speculators long before the general public hears them. The thought that persons close to sources of information are using advance knowledge of governmental developments for purposes of stock gambling is cause for consideration.

TIME FOR A CHANGE. (Halifax Chronicle.) Ellis Island, lying in the shadow of the Statue of Liberty, is crowded with British immigrants who are not allowed to proceed into the United States because the British quota for July has been received. Two days ago the Baltic had to take three hundred immigrants back, and the Olympic and Aquitania, carrying a thousand, may have to issue free return tickets to a body of rejected passengers. It is almost time for Britishers seeking new homes to look to the land which will welcome them.

ENGLISH AS SHE IS SPOKE. (Belleville Ontario.) The Boston Transcript reports a case of a San Francisco hardware firm that carried a request from the Orient for quotations on "male water sheep." As no one in the office could solve the meaning of the request, the letter was posted on the bulletin board outside, and finally one reader scribbled the suggestion: "Maybe he means 'hydraulic rams.'" The interpretation proved to be correct.

MANITOBA'S EXPERIMENT. (The Buffalo Express.) Manitoba's Legislature convenes next week to enact a law in accordance with the votes of the people on the liquor question. Within a short time it will be possible for any one living in the province permanently or temporarily to go to a government store and buy all the beer, wine or liquor he or she wishes. This is the Quebec system. But Quebec also permits the sale of beer and mild wines with meals in licensed hotels. The Manitoba voters emphatically voted against that half of the Quebec system two weeks ago. Thus all legal sale of intoxicants will be under direct government control in Manitoba, and it is fair to assume that unless government liquor becomes too expensive, bootlegging and moonshining will all but disappear. Manitoba's experiment will be even more interesting to watch than Quebec's because Manitoba's population is more nearly of the type and temperament of our own and the voters are just as strongly against the rejuvenation of the old-fashioned saloon as are some of our people.

BRITISH HAVE BIG SCHEME RE AIRSHIPS

Announcement Is Made of Revised Plans.

(Associated Press Despatch.) LONDON, July 28.—The revised airship scheme which the government has adopted in principle provides for the preliminary construction of one 5,000,000 cubic feet airship—a ship as long as the S.S. Mauretania—at Bedford, by a company with a capital of £600,000 of which the government will provide £400,000 and the government will make a second similar loan on condition that an airship journey to India in 100 hours shall be inaugurated. Weekly service to India for three months shall entitle the company to such loan annually for the three years.

A further £250,000 will be paid on the establishment of a bi-weekly service to India in which six airships shall be engaged. The construction of the first airship which will be capable of carrying 150 passengers and ten tons of mail matter and will travel eighty miles an hour, will occupy 18 months.

It is hoped that the journey between Great Britain and India may be accomplished in 74 hours, at a fare of about £70 to £80 in an airship capable of making non-stop journeys of 2,500 miles.

ENFORCING THE BETTING LAW IN ONTARIO

Authorities Proceeding Against News Dealers Who Sell Forbidden Papers.

(Associated Press Despatch.) OTTAWA, July 28.—Informations were sworn out yesterday against all of the vendors at whose stands on Tuesday last the police discovered copies of the racing information prohibited under the "Ontario Betting Information Bills" passed at the last session of the legislature.

The offenders are summoned to appear in police court on August first, when the prosecutions under the new act will be heard.

The informations charge the offenders with publishing betting information, to wit: "By selling a paper or publication called, (here follows the name of the publication) containing betting information as defined in the Betting Information Act, 1923."

BLUE LAWS IN MICHIGAN COMMUNITY

Strict Observance of Sabbath Is Goal Aimed at.

(Associated Press Despatch.) LUDINGTON, Mich., July 28.—Now comes the "Ludington Blues." Dusting off the statute books, county authorities have noted all of Michigan's blue laws regarding Sabbath observance and announced that they will be enforced.

Virgil A. Faith, prosecuting attorney of Mason County, declared today that enforcement of the Sunday blue laws will mean:

1.—Closing of all billiard parlors, closing of drink emporiums, dance halls, theatres and other places of amusement, including bathing beaches.

2.—Stopping publication and distribution of the Ludington Sunday news.

3.—Stopping Sunday play on all golf courses in the county.

4.—Arrest of all persons driving automobiles for pleasure on the Sabbath.

The present situation is the result of efforts of club women and others to close dance halls on Sunday. After the matter had been laid before city authorities without result, the prosecutor took a hand. He took the view that he could not with consistency enforce one blue law without enforcing all of them.

Already there are indications that enforcement is not going to meet with the approval of the original sponsors. The clubs say they are opposed to complaints for "technical violations," and explain that they "just wanted the laws enforced against Sunday dancing, movies and billiard parlors."

DEVONSHIRE DOES NOT WISH TO RETIRE

(Associated Press Despatch.) LONDON, July 28.—Official denial is made of a rumor which has been prevalent here lately that the Duke of Devonshire wishes to resign from the Colonial Secretaryship. It has been said that he views with apprehension the heavy work entailed in connection with the Imperial Conference which is to be held here in October and on this account he desires to retire. The whole story is denied officially.

It is understood that the new corporation is legally operating from the first day of July, 1923, and that the members of the said commission will be appointed by the governor in council at the next coming session of the provincial cabinet.

LIQUOR BILL PASSES HOUSE IN MANITOBA

Provides for Liquor Commission Under Government Control.

(Associated Press Despatch.) WINNIPEG, Man., July 28.—With the two measures for which the special session of the House was called ready to receive the assent of Lieutenant Governor Sir James Aikins, the second session of the 17th legislature of Manitoba will be prorogued this morning.

At the afternoon and evening sessions yesterday both the liquor control bill and the supply bill setting

up the money necessary to carry on the liquor business in this province were put through the various stages required before receiving the assent of the Lieutenant Governor. The bill provides \$150,000 for the purpose of the liquor commission covering up to August 31, 1923, and \$500,000 for the following fiscal year. It also included \$5,500 for the members' indemnities for the session.

Young People's Corner

Uncle Jim's Letter

Dear Corner Folk:— Well, here we are again for a corner meeting, and everybody happy.

I would like to take a peep at Ethel while she is giving Gipp his lesson in deportment. Do you think it fair to ask him to wear a bonnet, Ethel? Why not have it a red jockey cap?

Irene is very kind in saying such nice things about our corner and also to send something really good for the puzzle box.

I hope the corner boys' and girls' school fair gardens are growing nicely. It will soon be time for the contests in farming, and every boy and girl should do their best to win a prize.

I took a long walk today; nearly five miles, and I saw many lovely flowers. There were yellow lilies, nodding their heads to the daisies, and purple vetch twining itself around the grasses and along the banks.

Then I must tell you of something that I saw which was not so pleasant. It was a porcupine lying on the railroad track where it had been run over by the train.

Well, I will say good-night for this time, hoping to hear from several nephews and nieces before next corner meeting.

Happy dreams to you all is the wish of

UNCLE JIM.

LETTERS FROM THE CORNER FOLK.

Dear Uncle Jim:— This is my second letter to your corner. I am now having my holidays staying with my aunt who lives on a farm at Oak Hill. She has a lot of

cow and I am learning to milk one. They are now haying and I have lots of fun riding on the loads of hay. They have a little puppy named Gipp and I am teaching him to sit up and also to wear a little red bonnet. I will close now hoping to see my letter in the corner. Your niece, ETHEL E. PAGE, Oak Hill, Kingsbury.

Dear Uncle Jim:— I have not written to you for a long time so I think I will write to you now as the holidays are here.

I like reading your page; it is very interesting and there is always something new on it. There is a bird's nest near our house and it had two eggs in it but they are gone now. I think they were little grey birds. We have one cat and some kittens. Their names are Pussy, Whitefoot, Pansy and Snowball, who is pure white.

Irene sends the following. Buried Christian Names. 1 They had to part hurriedly and scarce had time to say farewell.

THE RIDDLE BOX Irene sends the following. Buried Christian Names. 1 They had to part hurriedly and scarce had time to say farewell.

CONSERVATIVES 26, LIBERALS 4

This Represents Standing of Parties in Prince Edward Island.

(Associated Press Despatch) CHARLOTTETOWN, P. E. I., July 28.—Owing to the large majorities in practically every poll, revised returns from the elections yesterday do not change the general result of twenty-six Conservatives and four Liberals, three in Prince County and one in Kings. The Guardian (Conservative), commenting on the result says "The Bell Government was defeated not, as its supporters claimed, because it increased taxation, not because that had improved the roads, not because it had improved our educational system. They were defeated because they had assured the public that there was no need of increasing the taxes and afterwards increased them; because they adopted a road policy which they had denounced as an 'infernal scheme' and because by that road policy they incurred a heavy provincial debt. In short the Bell Government was defeated because it deliberately and officially deceived the people."

The Patriotic (Liberal) said:— "The former leader of the Conservatives in 1920 stated, when speaking on the Liberal Government's tax act 'the government has done the right thing, but the result will be its annihilation. Nemesis is on their trail. In this instance he proved a true prophet. The government did do right and did their duty faithfully and well, and all but four of its supporters have been politically annihilated for the time being. Every member of the cabinet including the Premier has suffered defeat. In this notable event history has repeated itself with respect to the Liberal party. In 1879, forty-four years ago, a Liberal government (headed by the present Sir Louis Davies, attempted to raise sufficient money to adequately carry on the public affairs, and did its full duty, it was crushed out of office."

The Progressives fared badly, every man being defeated and their influence as a factor for the time being has been considerably discounted. The results indicate that long term governments are a thing of the past here."

DEPLORES U.S. FAILURE TO TAKE PART

Henry Morgenthau Attributes Turkish Victory in Treaty to This.

(Associated Press Despatch) WILLIAMSTOWN, Mass., July 28.—Henry Morgenthau, former United States ambassador to Turkey, gave the first address on the opening session of the Institute of Politics here yesterday. He discussed the "triumph" of the Turks at Lausanne, deplored the failure of the United States to enter the conference except as an observer and urged that this country should now assume its full duties as a world power.

"The Lausanne conference," said Mr. Morgenthau "undoubtedly teaches the world this great lesson: That until the big powers disregard their selfish aims and the rapacity of some of the business men and will unite in establishing a proper system of internal customs and laws, any small band of determined men as the Kemalists in Turkey or the Bolsheviks in Russia, can at any time threaten the peace of the world."

"It is almost pitiful that United States citizens had to sit with their hands tied, though their representatives were allowed to observe this wily Turk triumph at this conference over all other countries."

Mr. Arthur Groom is in hospital, but "Bee" was held by neighbors—Bury W.M.S. Held Social.

BURY, Que., July 28.—One of those kindly neighborly acts which gladden all who hear of them was done on Tuesday. Mr. Arthur Groom, who is in the hospital suffering from blood poisoning had a large amount of hay ready to be cut, and no one to do it. The neighbors determined that the crop should be got in, and headed by Mr. Charles F. Goodenough, who took the initiative, a "bee" was formed, no less than twenty men and seven teams responding to the call. A strenuous day put the whole crop under cover, some thirty-three loads in all. Mr. Groom was greatly delighted to learn of this kindly action. Mr. Groom is gaining and that the danger of losing his hand, which was feared for a time, is thought to be over. Mr. Chas. Goodenough would take this opportunity to thank all those who so kindly responded to his invitation.

Weather Did Not Stop Social. Wet weather could not stop, altogether the ladies of Bury W.M.S. on the occasion of their lawn social, on Wednesday evening. The rain doubtless effected both the attendance and the financial results, but although driven indoors by the rain a very pleasant evening was spent. The young people played games during the intervals between showers. The food table and the ice cream stand were well patronized. A total

Financial and Market News

UNIQUE POSITION OF OTTAWA-HULL POWER CO.'S MARKET. Plants Located Right in Centre of Populous Industrial Community—Will Eventually Have 100,000 Horse Power.

The Ottawa and Hull Power Company, Limited, recently purchased by the investment banking house of Nesbitt, Thomson & Co., Montreal, will be capitalized at \$1,500,000. 7 per cent. cumulative preferred stock, with 25,000 common shares of no par value. It will have an authorized bond issue of \$5,000,000, of which it is proposed to presently issue \$2,500,000. These will be first mortgage bonds bearing 6 per cent. interest, maturing in twenty-five years, or in 1948.

It is interesting to note that this company will have an extremely low funded debt per horse power, approximately \$62, or including the preferred issue about \$100 per unit. Dividends on the preferred stock will be paid quarterly in March, June, September and December 15, free of normal income tax, the same to accrue from Sept. 1, 1923. The company has an excellent and convenient market for its power in the adjacent cities of Ottawa and Hull, and has an established earning power at the present time which is capable of great expansion when the company increases its possible capacity of 100,000 horse power by the development of the site at Bryson, 50 miles above the city of Ottawa on the Ottawa River.

There is now in operation two plants at Chaudiere Falls, one developing 13,500 horse power. The other has two units of 9,000 horse power, or over 40,000 horse power for the two combined. Contracts for the third unit now being installed have been signed, which will considerably increase the earnings over the returns reported for 1922. The company has an excellent list of customers, including a number of the largest consumers of hydro-electric power in the two cities of Ottawa and Hull, all of which take large blocks.

VERY DULL TODAY ON MONTREAL EXCHANGE

(Associated Press Despatch) MONTREAL, July 28.—Extreme dullness marked the first hour's trading on the local stock market this morning. Most of the trading was carried on in broken lots. Brazilian sold at 47 1/2. Besco was unchanged at 8 1/2, as was Abitibi at 58 1/2. Quebec Railway came out with an overnight loss of 3/4 to 17/8, and Spanish River preferred was off 1/4 points to 96. The balance of the list was quiet.

NEW YORK PRESS MARKET COMMENT

Wall Street Journal—Little rallying power was shown, although for greater part of the day offerings in most stocks were light. Journal of Commerce—The news from Germany herself was of alarming nature and marks went to 1,000,000 to the dollar while all shares affected by foreign trade conditions receded decidedly. This movement naturally carried other stocks off sympathetically. Wall Street Journal will say today:—Equipment companies are all prospering. Practically every concern in field earned more than year's dividends in past six months. Mitchell on the sugar industry: City Banks head sees prices made by domestic demand rest of 1923. Sugar all needed. Du Pont net for six months is \$10,125,882, equal to \$8.54 earned on common after debenture stock dividends. Goodrich shows good progress. Earnings in sales increasing. Favorable financial position. Small \$6,076,589 surplus after preferred equal to \$10.40 on common. General Cigar Co. earnings up \$1,016,975 for 1922 first half.

ROBBERS GOT GUN IN MONTREAL

(Associated Press Despatch) MONTREAL, July 28.—The sawed-off shot gun dropped by bandits who held up and engaged in a gun fight with bank messengers in the heart of the downtown district of Toronto Tuesday morning, was purchased by a stranger, believed to be an American, from T. W. Boyd and Son, sporting goods merchants, 27 Notre Dame Street West, last Monday or the Saturday previous. An excellent description of the purchaser of the rifle has been given to the local detective office this morning by the salesman of the gun, and it is believed that this may prove a valuable clue and even result in the arrest of the whole gang which was concerned in the hold-up. The description was wired to Toronto police this morning. The law of the province insists upon the names and addresses of purchasers of revolvers only, being taken by sellers of such weapons, thus the actual identity of the purchaser of the gun in the Toronto case is still unknown.

GRAIN MARKET

Montreal July 28th. GRAIN.—The feature of the Winnipeg cash wheat yesterday was the strength that developed in the market and prices scored an advance of 7-8c to 8-8c per bushel. No. 1 northern closing at \$1.08 1-2, No. 2 northern at \$1.05 1-4 and No. 3 northern at \$1.01 1-4 per bushel, ex-store, Fort William. The premium on No. 1 northern was 1-4c per bushel under the July option, while No. 2 northern was 3c per bushel under and No. 3 northern 7c per bushel under.

The demand from foreign buyers for grain here continues to be of a very limited character and business in this respect was dull again yesterday, there being no sales reported. Advice received from New York in the market was slow, with sales of probably 200,000 bushels of wheat for export account, the demand being from Italy, Sweden and Hamburg for small lots, but business with the United Kingdom was poor. Owing to the advance in prices for coarse grains in the Winnipeg market yesterday, and the fact that exporters had no orders on hand the trade in cash grain in the local market was very slow, and no sales of importance were reported. The tone of the market for spot supplies of oats was firm, with car lots of No. 2 Canadian western quoted at 57c, No. 3 C.W. at 55c, No. 1 feed at 51-52c and No. 2 feed at 52-53c per bushel, ex-store.

COUNTRY PRODUCE

Montreal July 28th. EGGS.—There were no further developments in the condition of the local egg market yesterday, but the tone was firm for the best grades and higher prices for such are expected in the near future owing to the fact that supplies coming forward are none too large for the requirements of the trade. The demand was good from grocers and other dealers for small lots and an active trade was done in a wholesale jobbing way in specials at 35c to 36c, extras at 32c, firsts at 27c and seconds at 23c per dozen.

MAPLE PRODUCTS.—The demand for maple products showed no improvement, and the market was very quiet, but as supplies on spot were not excessive a steady feeling prevailed and prices were unchanged with choice grades of maple syrup in a wholesale jobbing way selling at \$2 to \$2.25 per tin of imperial gallon and small tins at \$1.65 to \$1.75 with choice maple sugar at 25c to 28c per lb.

POTATOES.—The trade in old crop potatoes was reported quiet and the undertone of the market was easy with car lots of Green Mountains quoted at \$1.30 to \$1.35, Quebec No. 1 stock at \$1.20 to \$1.25 and Ontario grades at \$1.10 to \$1.15 per bag of 90 lbs. ex-track.

DAIRY PRODUCE

Montreal July 28th. BUTTER.—A feature of the trade was the continued strong undertone to the market and prices scored a further advance of 1c per lb. This was attributed to the steady increasing demand from all sources for supplies and another active day's business was done, including sales of round lots made over the cable for shipment to the United States in addition to a good demand from local operators. Sales of round lots of No. 1 creamery in the early part of the day were made at 31 1-2c per lb., and No. 2 creamery at 30 1-2c per lb., but at the close of the day the market was much stronger with the former grade selling at 32c to 32 1-2c per lb., and the latter at 31c to 31 1-2c per lb., while sales of western No. 1 pasteurized creamery were made at a price equivalent to 33c per lb. laid down here, and the indications were that prices would go still higher in the near future providing the present strong buying power continues.

CHEESE.—The trade in cheese was also active and the market displayed further strength which resulted in another advance in prices. There was a good demand from English importers for supplies, and as the prices bid were 18 to 25c per cwt. higher than those of Tuesday quite a large business was done in this direction, and the prospects were encouraging for the future. There was also a good demand from local buyers and sales of round lots of eastern white were made at 17 7-8c per lb. and other lots waxed at 18 1-4c per lb. while 18 5-8c per lb. was paid for eastern colored with western white and colored quoted at 19c to 19 1-4c per lb.

HAY MARKET

Montreal July 28th. HAY.—A moderate amount of business continues to be done in baled hay and the tone of the market remains steady, with sales of car lots of extra good No. 2 timothy at \$15 per ton and good No. 3 timothy at \$14 per ton f.o.b. cars here. "Brown acknowledges that he knows nothing about women." "What an immense experience he must have had."

PRICES AND DETAILS OF SHERBROOKE MARKET

Relieved from haying operations, owing to wet weather, farmers were able to attend the market at Lansdowne Market in larger numbers than the previous week and in spite of the continuous downpour their was quite a good attendance. Although prices showed a considerable reduction in Montreal particularly insofar as vegetables were concerned, there were few outstanding reductions on the local market. The general trend was lower with a softening of prices which promises to become more pronounced during the course of the next couple of weeks. Eggs were plentiful and ranged between thirty and thirty-three cents a dozen. Large quantities were disposed of at thirty cents a dozen, these being for strictly new laid. Butter was steady and in spite of the unsettled condition of the wholesale market, choice prints fetched from thirty to thirty-five cents a pound. Vegetables were more plentiful and prices were a shade lower. Some splendid cauliflowers were obtainable at fifteen and twenty-five cents according to size. Cucumbers were two and three for a quarter, beets, carrots, spring onions, lettuce and radishes, red and white, were five cents a bunch or six for a quarter. Peas in pod made their initial appearance of the season and sold at twenty cents a measure. Cabbages were anywhere from eight to twenty cents according to size while tomatoes sold at twenty cents a pound. Fruits were still quite plentiful. Grapefruit were at ten cents at ten cents each, cantaloupes fifteen and twenty cents each, oranges thirty to seventy cents a dozen, bananas thirty-five to forty cents a dozen, while plums and peaches were offered in large quantities, the former selling at fifteen cents a dozen and the latter at a dollar a box. Cherries were to be had at a dollar to a dollar fifteen a basket, and water melons were seventy-five cents to a dollar each. Lamb was quite a little cheaper and the supplies improved considerably but this was the only outstanding feature in the provision market, where supplies of pork and beef were again plentiful with prices unchanged. PIRATES AND REDS ARE STILL ON EVEN TERMS

Reds Just Managed to Pull Out a Victory Over Robins in the Twelfth Inning.

(Associated Press Despatch)
NEW YORK, July 28.—The Reds and Pirates are still in a tie for second place today. The Reds just managed to hold on by defeating the Robins in Cincinnati 4 to 3, in a twelve inning game. Rixey held the Robins to nine hits, while the Reds managed to collect twelve off Grimes. A single by Caveney, a sacrifice by Harris and another single by Bohne forced in the winning run in the twelfth.

The Braves, playing in Pittsburgh, staged a last inning batting rally, taking four runs in the one frame, but were unable to catch the Pirates and lost 8 to 5.

In St. Louis the Phillies won by a knife edge margin after Jimmy Ring held the Cards to four hits. The score was 3 to 2. All three of the visitors' runs were scored in the fifth inning.

Hebert Pennock emerged victorious from a pitching duel in Philadelphia, and the Yankees won 7 to 3. Rollie Naylor was the losing pitcher, although he threw a fine style of ball. Ruth knocked out his twenty-fourth homer in this game, making him only one behind "Cy" Williams, who took a two run lead the day before.

The Senators surprised the world in general and the Red Sox in particular by winning in Boston 10 to 7. They took a big lead with six runs in the first inning and held it throughout.

BASEBALL

GAMES POSTPONED TODAY
Wet weather has resulted in the postponement of the double header scheduled for today when Island Pond and Richmond were to engage in a contest to decide which team would meet Sherbrooke in the second game. These games will probably be arranged for a future date and a considerable amount of interest has been aroused in the series. Magog also has a very promising team and a series will most likely be arranged with Sherbrooke along the same basis as last year.

ST. JOHNSBURY PLAY TOMORROW

The local nine were unable to get a work out last night owing to the rain, but are in the best of shape to meet the fast team from St. Johnsbury, at the New Ball Park, tomorrow, at 3:30 p.m. If the weather man is favorable, one of the largest crowds of the season is expected, as many followers from Vermont and New Hampshire will be here for the game. The locals are out to win this game, and wipe out the defeat suffered in St. Johnsbury early in the season.

TENNIS

GAME NEXT WEEK
Thursday afternoon, Bury will play their return game on the local courts while on the following Saturday East Angus will be the visitors. Both these series provided some splendid games and the return matches promise to be interesting.

MIXED DOUBLES POSTPONED

The persistent downfall of the past couple of days has placed the courts

at the St. Francis Golf Club in such a condition that, even with fine weather this afternoon, it will be impossible to play. It has accordingly been decided to postpone the mixed doubles until some later date, and it is quite possible that arrangements will be made to play these games during the course of the week.

WILL LIKELY HAVE TO POSTPONE MATCHES TODAY

(Associated Press Despatch)
MONTREAL, July 28.—Prospects this morning for continuation of the first round of the Davis Cup tennis matches between Japan and Canada were not good. The courts at the Mount Royal Tennis Club where Willard Crocker and Jack Wright are scheduled to meet Zenzo Shimizu and Seiichiro, Kashio, in the doubles this afternoon were soaking after yesterday's heavy rain, and it was still raining early this morning. If it is found impossible to play the doubles match today, it will be postponed till Monday, the two singles matches, concluding the matches, being played on Tuesday afternoon.

Crocker was glad of a day's rest after his gallant but vain attempt to defeat Captain Shimizu on Friday. Canadians are putting their hopes on the doubles match to keep them in the running, the Japanese having already captured two singles events.

HOCKEY

MIKE QUINN DIED IN QUEBEC

Mr. Mike Quinn, who for a number of years was the leading figure in Quebec hockey circles, and also in professional hockey circles in Eastern Canada, passed away yesterday morning.

Mike was connected with the Crescent hockey team in 1901, while in 1902-3-4-5 was with the Quebec Amateur Hockey Club. When the professional team was organized in 1908-9 Mike was named manager of the club, and he remained at the head of the team for several seasons, including 1912-13 and 1913-14, when the Quebec team won the championship of the world and the Stanley Cup.

Mr. Quinn managed the team right up to the last season Quebec was in the N.H.A. and when Quebec dropped from the league Mike also dropped out of hockey. He was always a popular manager with both players and public alike, and his passing will be learned with regret by the thousands of sportsmen who knew him so well.

TRIS SPEAKER HITTING BALL AT FAST CLIP

Veteran's Hitting Has Placed the Indians at Head of List in Team Batting.

(Associated Press Despatch)
CHICAGO, July 28.—This Speaker, of Cleveland, through his wonderful hitting in the last few weeks, has taken a place close to the top of the list of batters in the American League, according to averages released today and which include games of last Wednesday. The hitting of the veteran has placed the Indians at the head of the list in team batting. The club is hitting .297.

Speaker, by cracking out fifteen hits in his last six games, boosted his average from .353 to .365, placing him third among players who have participated in fifty-five or more games.

Harry Heilmann, of Detroit, again has advanced above the .400 mark. His average rose from .396 to .401 which tops all the regulars.

"Babe" Ruth, who has been passed 109 times, manages to get hold of the ball with marked regularity, and has advanced to second place with .375.

Ruth crashed out his twenty-fourth homer during the past week, one behind the mark of "Cy" Williams, of the Phillies. Ruth also leads in total bases, his string of 114 hits giving him a total of 218 bases. Besides his homers, his blows include twenty-one doubles and seven triples. Ruth has scored eighty-seven runs. Eddie Collins, of the Chicago White Sox, still is blazing the way with twenty-eight thefts, and also is more than holding his own as the best sacrifice hitter with twenty-nine.

Other leading batters:—Jamieson, Cleveland, .359; J. Sewell, Cleveland, .358; Collins, Chicago, .355; Witt, New York, .340; Burns, Boston, .332; Harris, Boston, .331; Manush, Detroit, .330; Fitzgerald, Boston, .329; Williams, St. Louis, .323; Roney, Detroit, .326; Cobb, Detroit, .326. Harold Traynor, of Pittsburgh, by cracking out his fourteen hits in his last seven games, has boosted his batting average from .358 to .368, in the National League and has stepped out in front in total bases, his 129 hits, including nine doubles, fourteen triples and ten homers giving him a total of 196 bases.

Rogers Hornsby, the St. Louis star, is at the head of the procession Hornsby is hitting the ball at a .403 clip.

Zach Wheat, the veteran Brooklyn fly chaser, continues to be the runner-up, having a mark of .381.

Clyde Barnhart, of the Pirates, is in front of his team mate, Traynor with .376.

Max Carey, also of the Pirates, has met a tartar in George Grantham, of the Cubs, along the paths. Grantham is leading with twenty-seven thefts. Carey is trailing with twenty-three. Max, however, has registered seventy-five runs.

"Cy" Williams, the veteran outfielder of the Phillies, added two to his string of homers, bringing it to twenty-five.

Other leaders:—Young, New York, .363; Roush, Cincinnati, .355; Johnston, Brooklyn, .355; Cooney, Brooklyn, .354; Frisch, New York, .352; Bottomley, St. Louis, .350; Grimm, Pittsburgh, .344; Southworth, Boston, .343; Holloher, Chicago, .342; O'Farrell, Chicago, .337.

STUDEBAKER

Studebaker Light-Six
\$1395

The Studebaker Light-Six

STUDEBAKER'S vast resources are utilized to manufacture (not assemble) the Light-Six complete in the newest and most modern large automobile plants in the world.

Resources, consisting of \$85,000,000 of actual net assets and \$45,000,000 of plants, make it possible for Studebaker to offer a six-cylinder car, at less than \$1500, that is emphatically superior in design, construction and performance to any car within hundreds of dollars of its price.

By complete manufacture, Studebaker not only guards the quality of each part, but saves the middlemen's profits, with the result that no other make of car ever built, by anyone, at any price, represents so great a dollar-for-dollar value as the Light-Six.

Evidence of its mechanical superiority is found in its practical freedom from vibration. This is accomplished by the perfect engine balance secured through machining the Light-Six crankshaft and connecting rods on all surfaces. This requires 61 precision operations. No other car in Canada selling for less than \$3,500 follows this practice.

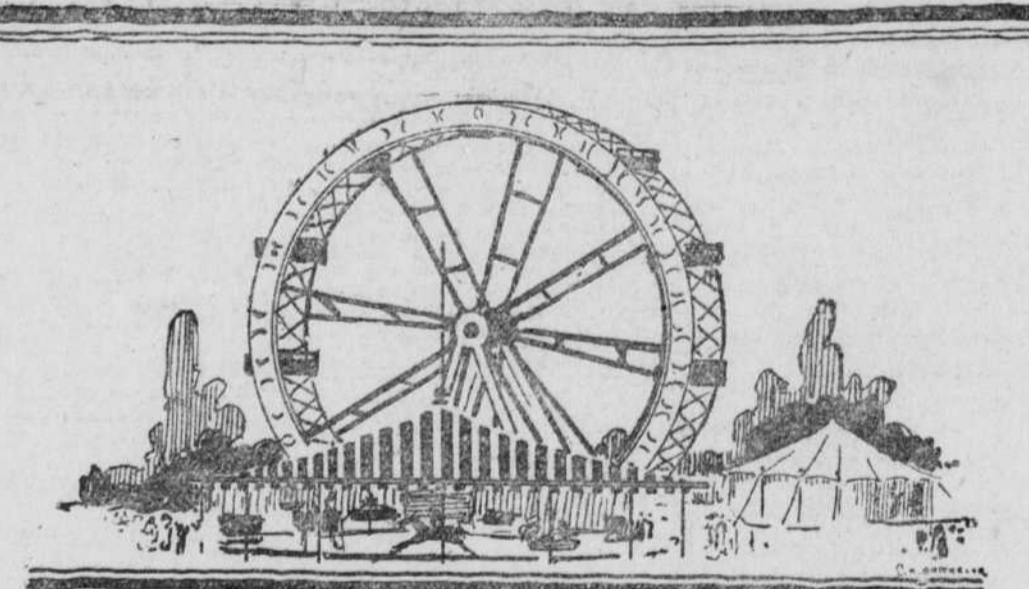

It is significant, therefore, that the sale of more than 80,000 Studebaker cars during the first six months of this year broke all records. Buyers are justified in expecting more for their money in a Studebaker than in any other car.
