Renfrew Here Friday

By Bill Reilly

Shawville defeated Eganville Wednesday night on their home ice by 5-4 in the first senior game of the season. The return game is here Monday night.

As the hockey season gets into full swing local fans have a treat in store for them Friday night when Renfrew and Shawville tangle at the local arena.

The hockey picture, up to the moment, shows Shawville in great form with three wins and one tie.

The first game of the season was at Shawville with the locals trimming Fort Coulonge 12 to 6. In the second game Shawville and Bryson tied 6-all. The third game, at Fort Coulonge, went to Shawville by 13 to 4. Again, at home, Shawville won over Quyon by 9 to 3.

This last game was a slam-bang affair, with many broken sticks and sore bones. There were several penalties as fists began to fly. Ike Rennie took his skates out of the mothballs and really worked up a sweat. Ronny McCredie, Mel Harris, Sterling Hobbs and Cecil McTiernan were good in this game.

Two outstanding players for Shawville are Royce Richardson and Earl Powell, who repeatedly score more than half the goals

Week Of Prayer Crowds Churches

With the churches crowded every night of the week, and a deep reverential spirit manifest at each gathering, the annual Week of Prayer services were held during the first full week in the New Year. All the ministers of the district co-operated wonderfully and every church of the district was largely represented each night.

The services began on Sunday, January 4, when the various ministers in their own churches preached on the opening theme, "The Meaning of Prayer", with particular emphasis on the "Lords' Prayer". On Monday night in the Holiness Movement church, Rev. Marion Gilmer conducted the service, Rev. R. A. Beaudry, read the lesson and Rev. W. H. Krause preached the sermon; on Tuesday night in the Wesleyan Methodist church, Rev. S. L. Moon was in charge, the lesson was read by Rev. Mr. McEwen and Rev. Marion Gilmer was the preacher; on Wednesday in the Pentecostal church, Rev. W. H. Krause was in charge, Dr. A. F.

Lady Curlers Set Up Schedule

Well girls if the cold weather keeps up it looks as if we might start the curling season. The match committee got together on Saturday evening and this is the sudden death schedule they came up with.

The teams will play in this order, 8 vs 7, 4 vs 3, 6 vs 2, and 5 vs 1 and the winning teams will play off.

For the benefit of the new curlers and those needing a refresher course it is important that they try to attend the instruction classes given by the skips and we hope to have some assistance from some of the old pro's in the men's club.

This sudden death schedule is just a preliminary tryout so that the match committee can find the best position for both new and old curlers when the regular schedule is drawn up. Then we get down to some serious curling. See you at the rink.

Escaped Prisoner Fed By Farmers

Thoroughly convinced of the hospitality of the Pontiac is Zoel Leblanc, 39, back in the county jail at Campbell's Bay after two days of freedom last week. Leblanc, who escaped late Thursday afternoon was picked up at 9:30 a.m. by Provincial Constable Lynden Young who spotted him walking up the laneway of Tommy Stephens, three miles east of Shawville.

Although he had walked all the way from Campbell's Bay, via the back route through Charteris, the escaped man seemed none the worse for his experience and had obtained at least two meals from local farmers and had eaten breakfast just before Constable Young picked him up. Leblanc escaped by climbing over a 13-foot concrete wall, topped with jagged glass, when his guard left him for a moment while he was taking his daily exercise in the yard behind the jail. He is serving a one year jail term for breaking and entering the Pine Hotel at Des Joachims.

At that time she moved with her husband to Wolsley, where her husband was employed by the C.P.R. He pre-deceased her in 1938; but she still resided there until she came East four years ago to care for her mother, Mrs. S. Kennedy, who is now 96 years of age, and her sister, Mrs. D.J. Campbell, who died two years ago.

She was a member from her youth of the United church and active in its Woman's Association and Women's Missionary Society. Surviving her are her mother, two sons Dr. Kennedy Smiley of Ottawa General Hospital and Beverley Smiley, Nanaimo, B.C.; one daughter, Mrs. Lois Lindquist, Indian Head, Sask., two sisters, Mrs. F. C. Home Grown Leaders

By Mrs. Phoebe McCord

Who will be tomorrow's leaders? Can we pick them out and train them, or do they, like Topsey, "just grow"?

Farmers of Pontiac Forums, puzzled over this when they discussed "Leaders for the Future", Monday evening. Members of our Forums realize that farmers are at a crossroad. In this atomic age of fluid change, we farmers will need leaders, and many of these will come from our farm young people. They must be trained for the task of fitting agriculture into the total national and world picture.

There are co-ops, short courses, Farm Forums and farm clubs for young folks. Membership in these benefit the farm young people, teaching techniques and skills, and above all, how to get along and work with other people.

Because more than ever the life of the farm is so closely inter-related with other walks of life, all these skills are useful to future farm leaders. Here we

pitalization, Home Missions and Church Extension, General Superintendent Support and also to the rebuilding of the new and modern Tabernacle on the District Camp Ground at Shawville. At the close of the fiscal year, the treasurers of the different departments of the church, i.e. Sunday School, Young Peoples Missionary Society, Young Peoples Society, Women's Missionary Prayer Group and the general Churrh, showed substantial balances with all bills paid. The salary of the Pastor was increased by \$750 for the year 1952.

With the Pastor, the Rev. A. Gould (a returned missionary from China) acting as chairman for the meeting the officers for the year 1953 were elected as follows: Mrs. P. L. Hayes, Secretary Treasurer; Miss Pearl Hill, assistant secretary; Miss Anna Smith, Pianist; Mr. Asa M. Smith, S. S. Superintendent; Mr. Grant Carey, Y.P.S. president; Miss Pearl Hill, Y.P.M.S. president; Mrs. Asa M. Smith, W.M.P.G. president; Mrs. H. Smith, Mite Box treasurer; Miss Anna Smith, Crusade treasurer; Mrs. W. Smith, Y.P.M.S. Treasurer; Mrs. A. A. Gould, W.M.P.G. treasurer; Miss Pearl Hill, Y.P.S. treasurer; Mrs. A. M. Smith, Sacrament Conventor; Trustee Board, Messrs. A. M. Smith, A. B. Carey, J. Hill, W. Smith, H. Hill; Leaders Board, Pastor, Mrs. P. L. Hayes, A. M. Smith, G. Carey, Miss Pearl Hill, Mrs. A. M. Smith, A. B. Carey, J. Hill; Ushers: Messrs. Grant and Glenn Carey, Lowell and Atholl Smith.

A letter of appreciation was read by the Secretary Treasurer, from the Ottawa Auxiliary Bible Society, for the donation given to that Society by the Rev. and Mrs. Alton A. Gould and Ann, as a Christmas gift to the Congregation from the Pastor and his family.

The presentation of a silver sugar and cream set was made to the secretary treasurer on behalf of the Congregation, in appreciation of her faithful service to the church.

their sponsors have a big load taken off their shoulders. They have become about 60% self supporting. They are taking part in Civil Defence.

They do numerous community good turns, too, by decorating the main corners with a community Christmas Tree. They maintain a public bench put up by a generous and thoughtful citizen. They purchased and gave one or two articles urgently required by the local hospital and started a library there by collecting books. Each one of these boys tries to do a personal good turn daily. They follow the advise of a great boys' leader who said shortly before he died, "The way to obtain the greatest happiness, is to give happiness to others". This they are enjoying. But we still have no home!

The regular meetings got away with a good start last week with the Wolf Cubs having 25 boys present. A general review of the work to be done towards achieving 1953 Plan Achievement. Each Cub has certain tests to pass to get that coveted 2nd Star and this was carefully checked with the records. Bobby Scott was invested with his Gardeners Badge which he had earned some time ago. After taking into consideration Points On and Points Off the Tawny Six won the weekly Honor Pennant and will hold it for one week. Walter Harris says that the Greens will get it next week. We'll see.

There was no regular meeting of the Scout Troop but plans are being made towards having a full Patrol of Scouts from Pontiac District, 8 boys, all of whom must be 1st Class Scouts or senior grading. It seems that this can

be done provided certain lads get busy on their tests. Pontiac District has been given one Patrol to form part of one of the three Scout Troops that will go to the 2nd Canadian Jamboree next summer. Those who are not 1st Class Scouts must qualify by May 15 or they are not eligible. The Patrol will be made up of Yeomen and Scouts.

The third St. John Ambulance First Aid Course got away to a good start with 21 registrations. Unfortunately owing to other activities only 16 were present at the first lecture of Dr. Powles. It is hoped that next meeting on Friday at seven o'clock will see a full turnout and that the class will reach thirty. Of the 21 registrations, six are trying for their third grade, the Medallion, five for their Voucher rating and ten for their certificates. This course is very interesting as well as extremely useful and well

worth while for anyone to take. While it is under the auspices of the Boy Scouts Association, if there is anyone else who would like to take it, their name will receive every consideration if given in to the committee in charge.

BOY SCOUTS

We Have No Home

By Capt. A. C. F. Winslow, District Commissioner

Some four years ago five boys got together with an adult and decided to get into the Game of Scouting. They worked hard and had so much fun that others wanted to get in it. They thought it over and felt left out, so they got busy and another twenty or so got together and they had their own fun and program. In fact there began to be so many boys, the room given them to meet in became almost so crowded, they could hardly play their games, quite apart from carrying out any active program. During the summer, through the kindness of a good friend, meetings were all held outside but when the weather did not permit this, they were so huddled up together, a limit had to be placed on membership.

As time went on the boys became older and the younger group graduated into the older group who became so top heavy and cramped the older boys in that group formed their own outfit. New boys, as soon as they were old enough, eight, kept on joining with the juniors so that now there are over one hundred boys belonging to these three groups. Those in charge are very much handicapped in trying to show things and junior leaders just have nowhere to take their own small group to show them how things are done. The juniors could not have their own lairs; the middle group their own quarters and the seniors no clubroom of their own. These seniors, too, have a certain religious ceremony to go through to become full-fledged members and need a Chapel. Through the kindness of a local Church this was provided for the ceremony to give a few full membership.

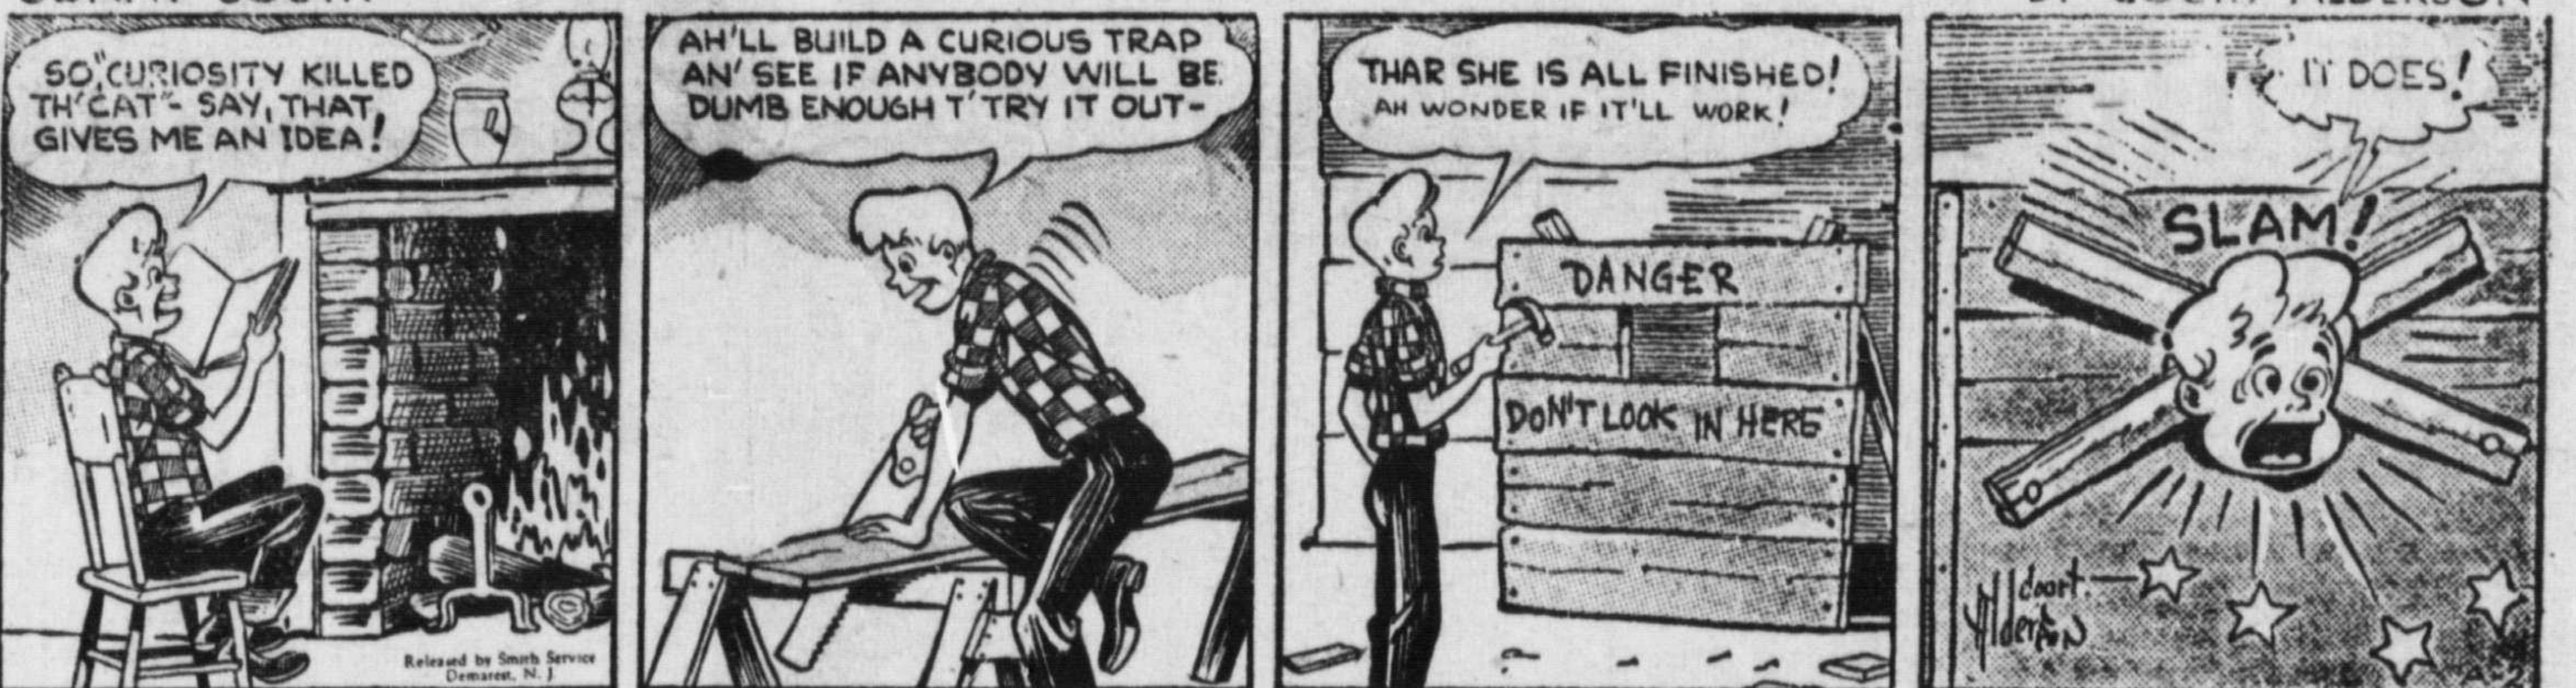

For the last three years it has been the ambition of these boys to obtain old toys, repair them, make new ones out of old, and give them away at Christmas to where they would do the most good. This they could not do without a place in which to work. They want to build bird-houses to put out in the spring to help decorate the parks. The seniors have a project to put name plates up on the streets, making them out of wood and painting them.

At first these boys were depending on their sponsors to help them get equipment with which to cook and camp. To learn how to signal and tie different knots. To learn First Aid and practice the use of a stretcher so that they could put a patient on it with the least amount of pain and not do further damage. To practice artificial respiration and learn how to save life. As time went on they put on some events of their own by collecting paper and selling it; by selling apples and earning their own registration fees so that now

GOING WEST

LITTLE FARMER

USED TO IT

By Shirley Hurley

Nathan and Orion were friends, which, on the surface, seemed unusual, because the former was a city man, dwelling on a noisy back street near the heart of a great shopping center, and Orion abides in the country, on the banks of a cool and quiet stream. The friendship began in early childhood, when the two lived in a small suburban town. The community, because of its proximity to a large seaport, prospered and grew rapidly. Simultaneously upon being graduated from high school, Nathan secured employment as assistant shipping clerk in the city and Orion became employed as helper to a wholesale firm that delivered products into the rural districts. Eventually, because of his many trips into the country, he had acquired a fondness for its quiet restfulness. Orion gave up his

job with the wholesale house and invested his savings in a small farm. Here he settled down and lived comfortably as a truck gardener. Nathan, visiting Orion in the country, betrayed a certain envy for his friend's contentment, and Orion, sensing this and eager for his old cronies company again, urged the other man to quit his job with the shipping company and come out into the rural districts to live.

And Nathan would nod his head and agree. "I'm going to do it. Pretty soon now I'm going to quit the shipping company and come out."

But the two men reached middle age and still Nathan clung to his job, because it paid him good wages and the work was easy.

Orion continued to talk, conjuring in the other man's mind a picture of peace and restfulness and fullness. And one night Nathan lay awake and thought of what Orion had said. Suddenly he became aware of all the noise and clatter that was going on about him. Outside a street car clanged past; from the next room there came the raucous notes of a radio; in the distance he heard sounds of riveting. The room where he lay was stuffy and hot, filled with scents from the streets and nearby docks.

So Nathan quit his job and bought a small place next to Orion's. He was pleased with his purchase. All about him there was peace and quiet, fresh air and fresh smells. Nathan won-

dered why he had waited so long. The first night he went to bed early. But he couldn't sleep. He rolled and tossed and was more conscious of the quietude than he had been of the noise. Toward midnight he drew over. He awoke early and found that his head was aching. The day was hot and sultry and it was difficult getting himself in a pleasant frame of mind.

That evening he sat with Orion on the latter's porch and smoked his pipe and tried to convince himself that he was enjoying it. But, despite the smoke, the mosquitoes were pretty thick, and Nathan departed early to get away from them.

The day after that it rained and Nathan spent the time indoors. Orion had gone to town with a load of vegetables. Nathan wandered about the house like a caged animal. He felt restless and annoyed. The sound of rain on the roof was oppressive.

Two nights later Orion called at his friend's house and found the place locked up. There was a white envelope pinned to the door with his name written on it. The note enclosed directed Orion to sell the place for whatever he could get. He, Nathan, would call, as he had been doing for years past.

Orion was not alarmed. He stuffed the note into his pocket and went home. He thought he understood.

Sitting by his window in the stuffy room that had been his home for years, Nathan drew a great breath of unsweetened air and expelled it with a sigh of relief. A street car clanged by below him. From the next room came the raucous notes of a radio; the sound of riveting beat a steady tattoo in the distance. But Nathan heard nothing at all.

Dr. Tigges and five students from the Brockville Bible School motored here Saturday night

despite the icy roads. They were in charge of the Sunday morning service of the Holiness Movement Church. Mr. Kenny, of the Bible School was chairman. Many beautiful selections were rendered by the quartet and an interesting talk was given by Dr. Tigges describing the work at Brockville.

The Campbell's Bay Church choir was invited to the home of Mrs. Andrew Murray, Friday evening for practice, with Mrs. M. R. Henderson at the piano. Following a short practice, a period of games was enjoyed after which Mrs. Murray served lunch assisted by Mrs. L. Elliott.

Russell and Mrs. George Russell the hostess assisted by Mrs. D. as joint hostesses. Mrs. Gordon MacMillan invited the members to her home for the January meeting.

**Holiness Church
Has Busy Xmas**

By Rev. A. A. Gould
The Holiness Movement Church at Campbell's Bay was a bee-hive of activity and interest during the Christmas and New Year's Holidays. Even though many in the congregation were very tired after the Holiday Season all felt that it was a time of rich spiritual blessing.

Under the leadership of the Pastor, the Rev. Alton A. Gould, the Yuletide season was launched with the Sunday School Christmas Program, which was held on December 16. Although it was a week of "Christmas Programs in the village" the attendance was very good, the S.S. scholars knew

their work well and all in attendance felt rewarded for having attended one more program. We felt that Christ was kept in our Christmas program and as a result many felt like going back and bowing before the Babe of Bethlehem.

December 22, at 6 p.m. found all the scholars and teachers of the S.S. gathered in the lower auditorium of the church for their annual "Christmas Get-Together". This get-together is always enjoyed by the children as the teachers play host to their boys and girls in serving lunch and then the Christmas tree is opened and all return home, happier, because of having received a gift on the S. S. Christmas Tree.

Christmas and New Year's Sundays were marked in the Church with special evening services. The Christmas service took the form of a Musical and Choral Scripture Reading as the Young People, from the Bible, showed how the New Testament was a Fulfillment of the Old Testament Prophecy concerning the coming of the Christ as a baby in the manger in the City of David. The New Year's Service was in the form of a Candlelite Service with

special readings, singing, and choral numbers with the Pastor in charge assisted by a group of

the young people.

A large crowd assembled in the Church on December 31, at 9 p.m. for the Annual Watchnight Service. Visitors from Ottawa, Shawville, Waltham, Stark's Corners, Onslow, Brockville, Houghton, N. Y., were in attendance and all enjoyed a period of special singing and music until 10.30 when the congregation retired to the Lower Auditorium for a time of fellowship with lunch being served by the ladies of the Church. The Hour of Devotion from 11.30-12.05 was under the leadership of the Rev. J. Renshaw, Pastor of the local United Church, assisted by the Choir. The Rev. M. Atkinson brought greetings from the local congregation of the Wesleyan Methodist Church and assisted in the first part of the service.

The Women's Missionary Prayer Group of the local church, sponsored their annual "Men's Nite (the only night the men can attend) on December 29 at the home of Mr. and Mrs. Asa M. Smith. All enjoyed the message given by the special speaker, Mrs. L. F. Warren, President of the General Executive of the W.M.P.G., Ottawa Ontario—also the words of greeting brought by Mr. Warren, General Secretary Treasurer of the Foreign Missionary Society.

Educational Sunday was ob-

served on January 11 with a group of students from the Brockville Bible School in attendance. The Rev. Dr. Tigges, a former Bishop of the Swedish State Church and one of the group of the hundred-best-known Scientists in North America brought a most stirring message regarding the values of Christian Education; the students brought special messages in song and "testimony."

To those who want to get ahead

It's good to go into debt... to yourself

It's the streamlined way to make financial progress. Some of our most successful customers use this system. It's the very heart of Personal Planning — the B of M's method of family-financing which Canadians from coast to coast are finding practical and stimulating.

It means putting yourself on your own pay-roll... making up your mind that you yourself have a claim on your income just as much as the landlord, the butcher and the tax-collector.

You'll do this, of course, because you have a definite objective — a strong reason for saving. It may be a general goal like family security... or it may be something specific like a new refrigerator, a house, or even a place in the country.

You can go into debt to yourself in two ways — by saving and by borrowing.

Saving comes first, of course... so much a pay-day owing to yourself.

A bank balance gives you personal confidence as few other things can. It gives you a good foundation for your financial plans... and it makes it easier for your B of M manager to lend you money when you want to realize an objective sooner than you otherwise could.

When you have a sound financial program, but need money for some useful purpose, borrowing at the B of M is just as sound as systematic saving. Indeed, it is another form of saving. And it is the B of M's business to lend you money, when it's good business for you to borrow.

A B of M Personal Loan simply enables you to enjoy sooner the things you plan for... and you pay it off in regular instalments just as you have built up your savings balance.

Why not make up your mind to get what you want this streamlined way — and open your special-purpose savings account at "MY BANK" tomorrow. And while you're in the Bank, have a chat with the Manager or Accountant. You will find them ready and interested to discuss your plans and problems.

**SHUR-GAIN
 FEEDS**

You can't blame the little pig on the right for complaining. If you received nothing but porridge three times a day you wouldn't be very healthy, and you'd look enviously at the well fed friend who was receiving a balanced meal.

Feeding your livestock chop and nothing but chop is the same as eating porridge three times a day, every day. You balance your diet with meat and vegetables. The "meat and vegetables" for a Hog mash comes from Concentrates.

It requires so little SHUR-GAIN to make so much difference that you can't afford not to feed it.

The cost of the SHUR-GAIN Concentrates will be recovered along with AN EXTRA PROFIT obtained from the feed savings and more rapid growth.

Visit your local SHUR-GAIN Feed Service Mill, your balanced feeding Headquarters.
