SOVIETS SPEED TO TRAP NAZI CRIMEAN GARRISONS

Now Within Sixty Miles Of Perekop

Russian Army Drive Spearheaded by Fast-Moving Tank Units and Mobile Armored Columns.

London, Oct. 29.—(P)—A mighty Russian tank force crushing down on Kriovi Rog, strategic Dnieper loop city, from the North, began its second day of battle today with German armor for possession of the iron mine and rail centre.

The battle is "still in full progress," the German High Command communique said. The Nazis asserted they had destroyed 113 Russian tanks.

South of Dnieper loop, Red Army troops were plunging through the wide steppes of the Southern Ukraine less than 60 miles from Perekop, last door of escape open to the Nazi Crimean garrisons, Moscow said.

The Russians, advancing at a rate of twelve to eighteen miles a day, would reach the gates of Perekop with a week if that pace is maintained.

Capture of the village of Nizhne-Sarazovka, highway junction in the heart of the steppe country 46 miles West of Melitopol and 44 miles from the Dnieper River town of Kakhovka, cleared the way for the rapid Westward surge.

At Kriovi Rog, big mining and industrial centre Northwest of Melitopol, a strengthened German garrison was stubbornly resisting massed Russian assaults from three sides, but capture of the city appeared inevitable as the Russian pressure increased. Other Red Army forces surged 35 miles to the Northwest of the besieged city to capture Mariankovka, cutting the Snamenka-Nikolaev railway leading to the Bug River, next German defence line to the West, a Moscow communique reported.

Increasing the pressure on the Crimea, units of Gen. Feodor Tolbukhin's Southern "Desert Army" were swinging down from Melitopol to stab at Perekop, Northeastern gate of the Peninsula less than 60 miles away. Moscow said they were close on the heels of the fleeing enemy.

HEAVY STREET FIGHTING IN MILAN

London, Oct. 29.—(P)—The Cairo Radio said today that heavy street fighting is raging in the Northern Italian industrial city of Milan between German and Italian forces.

The street battle started, the broadcast said, when Nazi troops shot the owner of a house in which an arsenal was discovered and Italian military units then opened fire on the Germans.

New Formula Required To Anchor Wages

Seignior Club, Que., Oct. 29.—(P)—Mr. Justice C.P. McTague, Chairman of the National War Labor Board, said today that present wage controls have proven "inadequate" and to combat a "dangerously high" movement of wages "another and more simple anchorage" must be found and "we must start all over again."

Dealing with wage controls and general labor problems in an address prepared for delivery to the annual meeting here of the Canadian Chamber of Commerce, Mr. Justice McTague said Canada had been "singularly backward" in dealing with the problem of collective bargaining and now is in a position similar to that of the United States before the passage of the Wagner Act. But it did not follow that Canada should "slavishly" follow the United States legislation.

Describing Canada's labor problem as "probably the most important one on the home front," he said: "If labor looked more carefully at the balance sheet and earning statement and industry looked more sympathetically at the workers, welfare things would work out more smoothly and equitably."

Mr. Justice McTague said his experience on the Labor Board had convinced him that "the existing system of wage controls was not doing an adequate job."

While the legislation allowed wages to be raised if they were low in comparison with others at November 15, 1941, new boards were constantly being set up and wages, particularly in war industries, were steadily rising. Employers sought permission to increase wages when they faced manpower difficulties and boards were inclined to grant their requests when no controversy was involved.

The boards fell into the habit of making comparisons at the time of the application and not as they existed on November 15, 1941.

"I say that another and more simple anchorage has to be found and we must start all over again,"

Partisans In Yugoslavia Blow Up Two Bridges, Destroy Four Trains

London, Oct. 29.—(P)—Partisan forces of Josip Broz (Tito) have struck one of their most effective blows against Germany's campaign in Yugoslavia by cutting the important Zagreb-Belgrade railway in 130 places along a 40-mile stretch just East of Zagreb, a Yugoslav National Army communique said today.

The communique, broadcast by the Free Yugoslav Radio and recorded by the Associated Press, said two large and several small bridges were blown up, four trains destroyed and more than 1,000 telegraph poles felled.

This and other new successes were announced while Yugoslavia's bitter inner strife was flaring anew with Tito and the opposing faction, led by Gen. Draza Mihailovic, denouncing each other in a dispute that independent Balkan advisers indicate may have been German inspired.

Tito's communique today asserted that his followers had clashed in a sharp action near Bistrica with units of Mihailovic's army who, the bulletin said, were aided by Italian "Blackshirts" and "Quislings" led by pro-Nazi Milan Nedjc. Nazi air forces also were reported in this engagement.

YOUNG AIRMAN CONFESSES TO WIFE SLAYING

Wayne Lonergan Admits He Strangled and Bludgeoned to Death Heirless Wife Because She Refused to Let Him See Their Son.

New York, Oct. 29.—(P)—The pages turned to a new chapter in the storybook Beekman Hill slaying today as authorities began preparation of the state's case against Wayne Thomas Lonergan who awaited arraignment on a homicide charge.

The 25-year-old Lonergan, who several months ago joined the Royal Canadian Air Force, broke down yesterday and confessed he strangled and bludgeoned to death his heirless wife, Patricia, 22.

District Attorney Frank S. Hogan said the airman admitted killing his pretty wife Sunday morning because she refused to let him see their 18-month-old son, Wayne William Lonergan, who lay asleep in another room in Mrs. Lonergan's sumptuous apartment.

The police account of Lonergan's statement began with his entering his wife's antique-furnished bedroom and saying:

"I understand you are the belle of El Morocco."

"Your behavior hasn't been so good," she snapped back.

After Lonergan had asked where the baby was, the police report added, the comely Mrs. Lonergan replied: "He's in bed. Don't go in. You'll disturb him. Come back later and see him."

"I can't," answered Lonergan, "I have a luncheon date with a girl."

Mrs. Lonergan asked him to lunch with her but he said he couldn't and she remarked: "I'm amazed, I can't control my men."

The R.C.A.F. airman started to leave when his wife asserted: "You're not going to see the baby again."

At that point, police continued, Lonergan whirled around, picked up a heavy brass candlestick and struck her. His wife rose from the bed, grasped him, scratching his face. He struck her with a second candlestick, leaving her unclad body awkwardly lying on the bed.

U.S. ARMY MAY DEAL WITH NEW COAL PROBLEM

Fourth Mine Crisis in Six Months Facing Roosevelt as Spreading Strikes Threaten to Paralyze Nation by Monday.

Washington, Oct. 29.—(P)—A new coal crisis—the fourth in a series of six months—faced President Roosevelt today as spreading strikes indicated a probable near-paralysis of the industry by Monday.

The critical labor situation was highlighted by these developments:

1.—The number of idle mine workers exceeded 60,000 early today and the figure was expected to grow hourly.

2.—The United States War Labor Board referred to the strikes to the President, making government seizure of the idle mines virtually imperative under the War Labor Disputes Act.

3.—The W.L.B. announced its decision in the Pennsylvania anthracite miners' wage dispute, awarding an increase of 22.2 cents a day under the little steel formula, free tools and equipment estimated to be worth 20 to 25 cents a day, and an increase in the annual vacation payment from \$20 to \$50.

The anthracite miners had asked an increase of \$2 a day and portal-to-portal.

TO SUSPEND SUBSIDIES

Ottawa, Oct. 29.—(P)—The Prices Board announced today that payment of subsidies to cover part of the cost of shipments of dressed beef from Western Canada production areas to areas of heavy consumption in Eastern Canada will be suspended October 31.

When the subsidy arrangement was initiated last February Board officials said it would be cancelled or modified when the beef supply position and market conditions warranted.

Victory Loan Total To Date \$703,297,150

Ottawa, Oct. 29.—(P)—Thursday subscriptions to the Fifth Victory Loan totalled \$59,840,000, bringing to \$703,297,150 the cumulative total after ten days of the three-week campaign for \$1,200,000,000, National Loan Headquarters reported today.

"The 10th day's yield was lower than average and lower than had been expected," said today's press statement, reporting that the corresponding totals in last spring's \$1,100,000,000 Fourth Victory Loan were \$66,737,100 and \$630,543,000.

"General sales to the public have been rather low during the past three days. They have not fallen materially below the corresponding days of the Fourth Victory Loan, but in the Fifth Loan the aim is to increase the number of subscribers and also to increase the dollar amount considerably so that the objective of \$525,000,000 from the public may be realized."

Confederation Life Association of Toronto, with an investment of \$6,500,000, led special names' subscriptions announced today.

Canada Steamship Lines Ltd., with a subscription of \$1,020,000 led the Quebec list.

The armed services have more than \$22,779,500 after less than ten days of canvassing.

Far from complete, the Royal Canadian Navy's standing is considerably more than \$2,964,000. The Newfoundland force has more than doubled its \$150,000 quota. Atlantic Command has boosted its total to \$1,766,500 against a quota of \$1,400,000 and many ships at sea have contributed more than 300 per cent of quota.

Farthest over objective at Esquimalt, B.C., are the examination vessels, at 150 per cent of quota.

In the race between Atlantic, Naval and Eastern Air Commands, the latter leads with \$1,707,500 or 131.3 per cent. Navy has \$1,756,500 or 125.4 per cent.

The army is over the 100-per cent mark with \$10,049,200 against an objective of \$10,000,000. It went over the top with receipts of \$1,083,850 in Overseas subscriptions, exclusive of \$169,000 from Kiska.

A total of \$2,620,000 for No. 1 Training Command, Toronto, eased the R.C.A.F.'s grand total over the

Canadian Unit Identified In Italian Fight

Algiers, Oct. 29.—(C.P. Cable)—A highly-efficient role in recent fighting on the British 8th Army front has earned for the 48th Highlanders of Canada an official announcement that they are engaged in the battle for Italy.

The announcement from Allied headquarters today gave no details of actions in which the Toronto battalion, part of the Canadian 1st Division, participated, but disclosures of this kind or ordinarily reserved for units which have distinguished themselves in combat.

William Stewart, Canadian Press war correspondent in Italy, reported in a delayed dispatch that the 48th had taken an unnamed town (possibly Torella del Sannio) on Wednesday after heavy fighting with the Germans.

Allied Headquarters, the Southwest Pacific, Oct. 29.—(P)—Allied warships, planes and troops have stormed the Treasury Island, 30 miles South of Bougainville, as the entering wedge to pry the Japanese loose from their last Solomon bases and fling open the door to Rabaul.

The operation, disclosed today in war reports, was executed brilliantly. Beginning last Friday, bombers completely knocked out nearby enemy airfields with 500 tons of explosives.

Radio stations and electric power plants are being dismantled and shipped to Germany. Warehouses and factories are being cleaned out of everything of value and plans are underway to destroy the street car system and move out buses as was done in Naples, this informant said.

He called the food situation in the capital serious, with black market prices astronomical.

BRACKEN PARTY TO BLAZE NEW TRAILS

Winnipeg, Oct. 29.—(P)—Gordon Graydon, House leader of the Progressive Conservative Party, said here the party under leadership of John Bracken will not back away from blazing new trails, economic or social, if deemed necessary for the national welfare.

Speaking to a joint meeting last night of the Bracken Club and the Federation of Progressive Conservative Women of Winnipeg, Mr. Graydon expressed alarm at "extravagant promises being made of a new earth and a new heaven."

"There is one party in Canada which already has won the marathon as the best promoter," he said. "The C.C.F. leaders are surely the best promoters. The Liberal Party is said to be the best putter-off."

"There was only one role left for the Progressive Conservative Party and that is as the party of action. Under Mr. Bracken it is not likely to fail."

Canadians Reported to Have Made "Additional Short Advances" with British Troops.

Algiers, Oct. 29.—(P)—Allied warships, giving sea support to the 5th Army's advance up the Italian Peninsula, have bombarded enemy positions in the Minturno area, near Gaeta, about 30 miles North of Naples, Allied Headquarters announced today.

Both the 8th and 5th armies made short advances, with Montefalcone, Northwest of Castelnuovo, falling to the British 8th Army in a five-mile advance toward the Trigno River.

Heavy rainfall continued to hamper the Allied advance in most sectors, (the announcement continued).

Molise, 18 miles East of Isernia and near Torella del Sannio which the 8th Army captured yesterday, was taken also in the advance.

The Canadian 1st Division is operating in this territory, on the left wing of the 8th Army, and may have Isernia in the Upper Volturno Valley as its next objective.

Today's communique said the Canadians had made "additional short advances" with British troops, but without specifying the location.

In the first Allied announcement of details of last Sunday's raid on Austria by heavy bombers escorted by Italy-based fighters, the communique said that photo reconnaissance disclosed considerable damage to freight yards and nearby structures at Eilenfurt, seven miles North of Wiener Neustadt.

Four-engined planes planted high explosives squarely in the central sections of the rail yards and on tracks leading to the yards from two directions. Several rail lines were reported severed and rolling stock was damaged heavily. Wiener Neustadt, site of a large German aircraft factory, has been hard hit in previous raids.

Allied fighters, along with bombers whose activities had been curtailed by steady rains, ranged out again yesterday to attack road junctions, trains, bridges and enemy positions along the battle area.

Canada Joins Combined Food Board Formed By Churchill And Roosevelt

Ottawa, Oct. 29.—(P)—Canada has become a member of the Combined Food Board, set up 15 months ago by Prime Minister Churchill and President Roosevelt to plan the best use of the food resources of the United Nations, and will be represented by Agriculture Minister Gardiner, it was announced today by the External Affairs Department.

Canada, a major supplier of food to the United Nations has been represented on various committees of the Board.

On October 25, President Roosevelt and Prime Minister Churchill sent a message to Prime Minister Mackenzie King stating that the Canadian contribution in the production field was a source of admiration. The importance of Canadian food supplies made it "appropriate and desirable," they said, that Canada be directly represented as a member of the Board, sitting in Washington.

Mr. King replied accepting the invitation. He agreed that the importance of Canadian food supplies and the inter-connection of all North American food problems make it desirable that Canada have direct representation.

Board members now will be Hon. Marvin Jones, United States War Food Administrator; Hon. R. H. Brand, representing the United Kingdom Food Minister, Lord Woolton; and Mr. Gardiner. Claude Wickard, United States Secretary of Agriculture, will act as chairman.

The London Food Committee, established at the same time as the combined Food Board to perform complementary duties is being constituted as the London Food Council under chairmanship of the British Food Minister.

The Combined Food Board was set up in June, 1942, to "co-ordinate further the prosecution of the war effort by obtaining a planned and expeditious utilization of the food resources of the United Nations." It has made a "valuable contribution" to this sector of the war effort, the External Affairs Department said.

quer had failed to the extent that both Yugoslav factions were battling Field Marshal Erwin Rommel's armies despite their differences.

The Yugoslav Government in Cairo, which has remained silent to the charges of Partisan Leader Josip Broz, also known as Tito, that War Minister Draja Mihailovic's Chetnik forces have been guilty of outright treachery, released two telegrams yesterday presenting Gen. Mihailovic's side in the long-standing quarrel.

The Government Information Office made public a telegram from Mihailovic charging that "in Montenegro the Partisans continue their work as traitors."

It charged that as a result, nationalists had been arrested and executed by the Germans, and added that Tito's Partisans continued to kill Yugoslavs, incited civil war and campaigned "against all Democrats and Anglophiles."

The "Free Yugoslav Radio," which issued Tito's communications, has charged that Mihailovic's forces have

Meanwhile, a Partisan communiqué said the Germans had launched a heavy offensive in Bosnia and another in Montenegro, but that heavy attacks were repelled in both places.

Confirming the Yugoslav reports of the offensives, the Berlin Radio said that "Communist bands" were being mopped up in the Ljubljana-Jagreb-Gospić triangle in the North, and claimed the capture of Brod, Gotschee (Kocevoje) and Crlomen on the Italian border.

he said. "In the primary interest of the worker, the line against inflation, though several salients have been made in it, must be held."

An extravagant wage structure would be a severe handicap to Canada's post-war trade position and over-high wages attained now would in the long run defeat the interest of both industry and labor.

The fact that wages "are moving desperately high" did not mean there was equitable distribution.

"An undue amount of the increase has been absorbed by certain classes to the detriment of the lower paid wage earner who really needs the increase."

WOMAN DIES AFTER 80 YEARS' SERVICE

Waukegan, Ill., Oct. 29.—(P)—Miss Mary Wintres, who had worked for the same family for eighty years, died yesterday at the age of 94. She entered the employ of Mrs. Simon Block when she was 14, and was employed by Mrs. Block's granddaughter, Mrs. A. M. Oppenheimer, of Highland Park, at the time of her death.

portal pay, and an unfavorable reaction to the decision was seen immediately.

The lure of time-and-a-half on Saturday may keep some miners going this week, but Sunday night is the terminal period for the working instructions issued by the U.M.W. leadership last June.

A telegram from Lewis to U.M.W. presidents gave the cue to the Union's official interpretation of the W.L.B.'s proposal for settling the underground travel pay issue.

Lewis said the proposal, issued Tuesday in the Illinois case, amounted to a reduction in the miner's basic hourly rate.

Presidential action in the crisis was loaded with possibilities. Mr. Roosevelt might give the coal production job to the army instead of to Interior Secretary Harold Ickes, who is reported unwilling to tackle the job again without more authority than he was allowed as custodian last spring.

The criminal provisions of the War Labor Disputes Act contained the most portentous possibilities. An individual may remain away from work without violating the law, but it is unlawful, after seizure of a plant by the government, "to coerce, intimidate, induce, conspire with or encourage any person to interfere by lockout, strike, slowdown or other interruption, with the operation of such plant, mine or facility..." penalties range up to a year's imprisonment and \$5,000 fine.

\$1,000 WAR BOND USED AS BOOK MARK

A phone call to the book's last borrower revealed an extremely worried and absent-minded reader.

CHARGE PRINT INSIGNIFICANT AS EVIDENCE

Nassau, Bahamas, Oct. 29.—(P)—Losing its fight to block introduction of a disputed fingerprint offered by the prosecution as the crowning evidence in its case against dapper Alfred de Marigny, on trial for the murder of Sir Harry Oakes, the defence today assailed the print as being of no significance because of methods used in obtaining the impression.

Chief Defence Counsel Godfrey Higgs tore into Miami Detective Capt. James O. Barker on cross-examination in an attempt to show that methods used in taking the fingerprint destroyed its usefulness as evidence against the slain man's son-in-law.

Shouting questions in the Bahamas Supreme Court room, Higgs drew from Barker a statement that he could point to the exact spot on the bedspread from which the fingerprint was taken.

Next he questioned Barker's qualifications as a fingerprint expert, bringing out that the detective became superintendent of the Miami Identification Bureau after five months as a clerk and as if it was customary to appoint a man with so little experience as head of the department.

"No, sir," said Barker.

Higgs requested and received permission to cross-examine Barker again today after the detective testified that the print came from a portion of the screen he had marked on the panel with a blue pencil during his investigation.

Red Army warplanes, complete master of the skies over Southern Russia, destroyed more than 300 army trucks which the Germans were using in their flight to the Bug River across the Nogaish steppe, the Russian communiqué said. The tremendous amount of booty taken by the Red Army suggested a breakdown in German transport.

This belief was strengthened by a Madrid dispatch which quoted a neutral informant who has just returned from the Russian front as saying that because of fuel shortages German planes no longer are allowed to taxi to starting points, but must be pushed; tanks are transported by rail, and even motorized reserves are moved by rail except in great emergencies.

The Red Army Command has begun a fresh offensive in Upper White Russia, 600 miles to the North. Gains of from three to five miles were recorded there, the Moscow war bulletin said. More than 80 towns were liberated from the Germans, including Vitebsk, 25 miles Northwest of Vitebsk, an anchor base on the German defence line West of captured Smolensk.

The Moscow radio today quoted a Pravda dispatch as saying that "German defences have crumbled all along the front between Melitopol and the Sea of Azov." The Soviet Monitor recorded the broadcast.

Nazi Positions

Landing fields near Orvieto, Litteria and Foligno were attacked by fighter-bombers.

Two enemy planes attempting to intercept the Allied raiders were shot down during the day. There were no losses for the Allies.

Planes based in the Middle East continued their attacks on enemy positions and transport in the Aegean last night and yesterday with heavy bombers raiding the Harizta airfield on Rhodes and five small vessels in Stampalia harbor.

A large fire was left burning on Rhodes by the night raiders, and high explosives lifted debris from the enemy vessels high in the air and left considerable wreckage floating on the water in the daylight raids.

The attacks followed up Wednesday night's assault on the Heraklion airfield on Crete in which large explosions were observed in the aircraft dispersal area.

Three planes were lost in the attacks in the Aegean area.

Heaviest fighting along the front that twists through the mountains from Mondragone on the Tyrrhenian Sea to Vasto on the Adriatic was reported in the 8th Army area where the British and Canadian troops of Gen. Sir Bernard Montgomery were facing extremely accurate and intense artillery fire.

Last reports placed units of the 8th in the town of Torretta de Sanio, miles Northwest of Campobasso, and Mafaldam seven miles Southwest of Montefalcone and near the Southeast bank of the Trigno River.

Canadian troops, understood to form the left wing of the 8th, are operating in the mountainous area of the Apennines, "backbone" of the Italian peninsula, and last word of them came from the German-controlled Paris radio that told of fierce fighting.

William Stewart, Canadian Press war correspondent in a dispatch dated October 25 said "Canadian troops have taken more German prisoners during the last ten days 'than they had at any time previously since the start of the Italian campaign September 3. He added that these prisoners gave 'signs that the morale of enemy troops was on the downward grade."

However, it appeared that the German forces were determined to make a fight for the Italian peninsula as military leaders reported that the Nazi rearwards were becoming increasingly strong and that enemy artillery fire was both intensive and accurate.

Air operations immediately over Italy have been restricted lately by the weather.

TORONTO BELIEVED SAFE FROM BOMBS

Toronto, Oct. 29.—(P)—Toronto aldermen expressed themselves as believing "this A.R.P. nonsense should stop" when questioned on their opposition to Mayor F. J. Coughlin's proposal to erect an A.R.P. headquarters in the city at a cost of \$50,000, or \$40,000, "There is no danger of Toronto's being bombed," three of the aldermen said.

Scholarships

of the Alumni, on Convocation Day in June, must now be extended to accommodate approximately another hundred names. I am confident that the number of enlisted Alumni and Alumnae is well over four hundred. I shall send to the parents of those who have made no report to the University concerning their share in the war effort, another questionnaire, so that our information may be complete.

In the finances of the university, the decline in the number of students because of the war "presents us with its corollary—a substantial deficit," Dr. McGreer said. The care exercised by the Executive Committee in the supervision of expenses was "worth of the trust placed in them by the corporation," he added.

The special annual Government grant voted by the Duplessis administration and continued on a somewhat diminished scale by the administration of Premier Godbout was being received regularly in quarterly instalments, he said, and would provide a substantial part of the money needed to carry out plans postponed by the outbreak of war.

"For the part played in securing this grant by the devoted and important alumnus of Bishop's, John Bassett, president of The Gazette, this corporation can never be too grateful," he added.

In the post-war future the university would have to meet demands "surpassing any we have known heretofore," Dr. McGreer believed. He suggested that the present position of the university be surveyed with the object of exploring the possibility of carrying out improvement plans which had been under consideration before the war.

"Bishop's as a Christian foundation," Dr. McGreer said, "the ideal which inspired its founder and which is reflected in the wording of our Royal Charter lays on us the duty of fostering the growth of the whole personality, and that includes the moral and spiritual elements as well as the intellectual and physical. As we enter the post-war period we must resolve to make the impact of that ideal on the lives of our students more real and more effective than ever it was in the vanished days of pre-war complacency."

Therefore this corporation must assure itself that in the personnel of the faculty and in the material resources at our command, there is the competence and the means to achieve this good purpose.

An election of officers to the Executive Committee was also held and the following members will be on this committee for the ensuing year: D. C. Coleman, Andrew Johnson, Dr.

Three New Members Appointed To Bishop's Corporation

New Scholarship Will Honor Memory Of Sir Edward Beatty

Special Committee Appointed to Consider Plans for Observance of University's 100th Anniversary—Over 400 Members of Alumni Now Serving with Armed Forces.

Three new members were appointed to the Corporation of the University of Bishop's College at the annual meeting of the Corporation held in Sherbrooke yesterday. The appointments to fill the vacancies went to Lt. Col. A. A. Munster, the President and Treasurer of the Canadian Silk Products in Sherbrooke, to D. C. Abbott, M.P., Parliamentary Secretary to the Minister of Finance, and to W. J. C. Meredith, K.C., a member of the firm of Holden, Heward and Holden, of Montreal.

Prominent in patriotic, charitable and welfare activities in Sherbrooke during the many years that he has resided here, Col. Munster is also President of the Sherbrooke Hospital. Mr. Abbott is a graduate of Bishop's and of McGill and was born in Lennoxville. He served with the McGill Siege Battery in the last war and was elected M.P. for St. Antoine-Westmount in 1940. A graduate of Cambridge University, Mr. Meredith, also a lawyer, has written several books on law and, as an amateur radio fan operated two private experimental stations before the war. He is the son of the late F. E. Meredith, K.C., a former Chancellor of Bishop's.

During the course of the meeting

several resolutions were passed which was one appointing the Chancellor and the Principal of the University to a special committee to consider with the executive committee plans for the observance of the one hundredth anniversary of the University in the autumn of 1945. Another resolution instructed the Executive Committee of the Corporation to arrange for the appointment of a Professor of Education in succession to Dr. W. O. Rothney, M.A., Ph.D., who is retiring at the end of this year because of his age. The Executive Committee was also instructed to make a thorough survey of the University's academic and material resources and to take the necessary action to see that it is playing its part in meeting the needs both at the present and in the post-war era.

In the Principal's report to the Corporation Rev. A. H. McGreer, M.A., LL.D., traced the advancement made by the university since the last meeting and also made mention of the number of alumni of the University who are serving with the armed forces. He said that he was confident that there were over 400 now serving in this capacity. Speaking of his retired Secretary, Miss Kate Edgell, who had served for the past ten years, Dr. McGreer said, "I wish to record my deep appreciation of her loyal co-operation, her edifying influence in the University, and her unfailing patience. She has the abiding admiration and respect of all who were members of the University during her term of office." He also said that Miss Mona Bigg had been appointed to succeed Miss Edgell.

Continuing Dr. McGreer said: "The members of the Corporation are aware that Sir Edward was a generous benefactor of Bishop's and made it a beneficiary under his will. I suggest that we set aside that legacy or an appropriate part of it,

when it is received, to endow a Scholarship bearing Sir Edward Beatty's name. If the Corporation concurs in the suggestion, it might be well to pass a resolution embodying that decision and send a copy of it to Sir Edward's brother and sister, Dr. H. A. Beatty and Miss Beatty, in Toronto.

"We miss Mr. John P. Wells, K.C., D.C.L., who for more than twenty years was a member of this Corporation and, for most of that period, a member of the Executive Committee and latterly its Vice-Chairman. He was painstaking and zealous in performing his share of the administrative work of the University. His charming and philanthropic sister, Miss Amy Wells, has made known to one or two members of the Executive Committee her intention to endow a memorial to him in the University, which will probably be a Prize, Bursary, or Scholarship.

"The names of Mr. S. L. Paul, Ethier, Sub-Lt. B. C. Rexford and Lt. John Carroll have been added to those who have given their lives for King and Country since we met a year ago.

"In his will, the late Bishop Burgett, of Edmonton, created a substantial Trust Fund, the interest on which is to be used for assisting Divinity students taking their training in Trinity College, Toronto, and in Bishop's University. The fund is to be administered by the Primate of the Church of England in Canada, the Provost of Trinity College, and the Principal of Bishop's University. We have agreed that for the present, and for such time as circumstances make it advisable, the revenue shall be divided equally between the two Universities, each of which shall make an annual report to the Primate.

"I have heard from the Provost that each of us will receive approximately \$650 this year.

"Concerning the heroic part of our graduates and former students in this war, the time at our disposal will allow me to say but little. I have in my office the replies to a questionnaire which was sent to next of kin early last summer. They form a thrilling story of heroic deeds by sea, on land, and in the air and provide overwhelming evidence of virility and the courage of this generation of young Canadians.

Upswing Of \$44,780 Recorded In Local Construction Work

Building figures released today by Building Inspector J. O. Charrier in the City Hall show increase of \$44,780 in the value of permits taken out in October over September when the valuation was listed as \$44,570. Valuation figures for October totalled \$89,350.

Other statistics reveal that there also is an increase of \$43,999 for the first ten months of the current year. Figures for the ten months ending October 29 register an aggregate of \$558,174 compared with \$514,999 for the corresponding period last year.

Twenty-six permits were issued during October, despite the tightening of war-time building regulations. There were thirty-seven permits listed for September. A breakdown of the valuation shows that \$62,850 is being spent on a new construction and the remaining \$26,500 for alterations. During the same month last year, repairs amounted to \$37,925 and \$27,825 for new construction.

Major permits were taken out by Trefle Tremblay, 214 King Street East, for five flats costing \$13,000; H. V. Cloutier, Thérien Ave., gar-

Two Eastern Townships Zones Have Pledged \$11,609,500 As Against Quota Of \$13,425,500

With both Eastern Townships Divisions of twelve counties surging ahead at the start of the second half of the three weeks' campaign of Canada's Fifth Victory Loan, overnight figures released today by Divisional Headquarters showed that Zone Five, with 72.3 per cent of its general sales pledged, continued to hold a commanding lead over Zone Six, which has attained 67.7 per cent of its objective in public and payroll group sales.

The two divisions have raised an aggregate of \$11,609,500 against a combined quota of \$13,425,500, of which amount contributions of \$5,618,150 in general sales and \$5,991,350 in special names have been made. Combining general sales and special subscriptions, Division Five has total of \$3,835,400 and Division Six, \$7,774,100.

Boosting its percentage to 83.9, which represents .659,000 in general sales, Sherbrooke County remained firmly in second place among the twelve units, three per cent ahead of Sherbrooke. In the meantime, Sherbrooke entered the eighty per cent bracket by recording a percentage of 80.7, with its pledges totalling \$3,200,500 on a \$3,350,000 quota. Of this amount, \$1,291,750 has been rung up in general sales and \$1,908,300 in special names.

Arthabaska, which went over the top last week-end, was still the only district in the over-subscription running. Yesterday's sales increased its percentage to 110.2.

Richmond County maintained its pace in the sixty per cent field and stands at 66.8 with Megantic trailing. Megantic has reached 65.8 of its goal. Three other counties are fighting it out in the fifty per cent category, these being Missisquoi, 59.2; Brome, 64.8, and Frontenac, 50.

Complete opening of a rice flower has been known to take place in 30 seconds. The bloom lasts from two to three hours.

AUSPICES LIONS CLUB OF SHERBROOKE

PARENTS CORDIALLY INVITED TO THE ARMOURY

DR. JULIEN A. GIROUX,
Chairman Boys' and Girls' Committee, Lions Club,
10a Wellington St. North,
Sherbrooke, Que.

Dear Sir:

I am in receipt of your letter of the 5th instant advising of your intention to again organize this year a parade and entertainment for children, on Halloween Night. I repeat what I said last year, that this is a very commendable initiative of the Lions Club and I hope that it will meet with the same success this year.

Since the inauguration of this yearly event, we have had no complaints from residents on pulling away of stairs, painting of windows, etc., and other mischiefs performed by merry masked youths on Halloween Night.

It is understood that your Committee will make the necessary arrangements with the Police Department regarding this event.

Yours truly,

ALEX. C. ROSS, Mayor.

LABOR PRIORITIES LISTED

The action of the National Selective Service Director in making public the classification of various industries insofar as labor priorities are concerned is a move which should have been made long ago. Admittedly the action does not increase by a single man or woman the supply of labor available in the Dominion, but it does remove a great amount of uncertainty from both employer and employee alike and should do much to facilitate the flow of workers from low category industries to those of a more essential character.

For many months past, these lists have been in the hands of Selective Service officials but they have been kept a deep secret until such time as a man applied for a change of employment or an employer sought to engage a new worker. Thus much confusion was frequently created that was entirely unjustified and which would not have occurred if the parties concerned had known their exact position in the first place.

With the publication of these priority ratings, a man knows exactly what his chances are of obtaining a permit to work in any certain industry. In addition it should serve as a warning to employees in low-classification trades to get into some industry where their services are more essential to the prosecution of the war.

To the average person, the reasons given for refusing to make the lists public were never satisfactory and the latest move merely brings the Selective Service administration into line with public opinion, an important matter when it is considered that despite the compulsory features of the legislation, such an organization as Selective Service cannot function smoothly without the whole-hearted co-operation of the public. And this is something that cannot be obtained when the administration is directly in opposition to the thoughts of reasonable people.

GERMAN REACTION TO BOMBING

Air encirclement is one of the major threats the Germans are seeking to avert in their frenzied defence of the Southern section of Italy, which otherwise, from a military point of view, would not be worth the men and equipment being expended to keep it under control of Berlin. For when British-based bombers can take on a fresh load of bombs and fuel at Italian air bases to carry out their work of destruction on the homeland as well as out-bound journeys, the coming downfall of the Reich will be brought appreciably nearer.

Already the Berlin propagandists are in hysterics. They tell their countrymen that the battle of the Ruhr "goes beyond human imagination. Nobody who has not seen it with his own eyes can have even the faintest notion of it." More than 10,000 tons of bombs distributed on seven armament towns in a month have undoubtedly produced results far beyond the vision of Hitler when he set forth to terrorize the world into slavery by the Luftwaffe. Maintenance of the offensive on such a scale as in the recent day and night attacks and with continuity will reduce the German power of arms production below the bare necessities of defence.

In the meantime, German propagandists are addressing a complaint to the Huns living outside the Ruhr armament region, claiming that they are not showing a sufficient degree of sympathy with the suffering of the bombed. But that is a German concern.

German propagandists also seek by devious methods to excite the benevolence of the Allies on behalf of their war-bombed arsenals. That is not a German concern. The Allied peoples are neither vindictive nor inhumane. But when we are invited to wring our hands—and stay our hand—over the devastation of Germany war production factories, we beg to be excused.

These factories produced the machinery of violence and oppression which has enslaved and tortured a continent. They are still producing that machinery. Poland, Norway, the Low Countries, the Balkans are at this moment held down by weapons made in the Ruhr or places like the Ruhr. The Ruhr is, in fact, an industrial area given over to the manufacture of human suffering and human wrongdoing. Europe, including Germany, will be a happier and a better place when the Ruhr is one vast heap of rubble.

TOJO BECOMES WORRIED

Once again it appears that the individual who thought he was putting over a fast one when he knifed his neighbor in the back is beginning to worry about the punishment that he might receive for his misdeeds. Thus we have the spectacle of Emperor Hirohito and Prime Minister Tojo, the two chiefly responsible for organizing the treacherous attack against the United States forces at Pearl Harbor, informing the Japanese people that the war has taken a grave turn and that the Allies, staging a miraculous comeback, are beginning to make things rather hot for the Yellow men in the South Pacific.

Like other national leaders, in other parts of the world, the Japs saw a splendid opportunity to slay a rival against whom they had harbored hard feelings and jealousy over a long period of time. The brute was big but weak, they argued, and a single wound would prove his undoing. Thus the blow at Pearl Harbor.

Admittedly, the victim did suffer severely from loss of blood, but like human beings, the nation showed remarkable recuperative powers and after a brief convalescence period has joined with the other United Nations powers in an offensive drive against Japan.

Although the remarks of the Japanese Emperor and his Prime Minister are interesting reading, they should not be allowed to throw dust in the eyes of the people of this Continent. The Japanese may be on the defensive. Probably their forces are taking the short end of the fighting. But important facts remain: Their armed strength is still large, their industrial potential is great and they are fighting far away from their own territory. The Allied forces have made gains in recent weeks, but they have only reoccupied the outer fringes of the great empire which the Japanese seized in a few short weeks of fighting. They have a long way to go before they have regained their own territory, and much further to go before they carry the war to Japan proper.

Yes. Things are better, much better, but this is no time for complacency on the part of those on the home front. The prime need is for production and sacrifice, both of which opportunities are being presented to Canadians during the next ten days.

REBUILDING THE HOUSE OF COMMONS

The question of rebuilding the British House of Commons, destroyed by a bomb May 10, 1941, has been brought to the fore again by the statement of Prime Minister Winston Churchill proposing that a committee be named to consider reconstruction plans. Of course, his views on the nature of the rebuilding operations were distinctly in line with his personality and in suggesting that the new structure rise on the foundations of the old and that it be oblong instead of semi-circular, he declared that "We shape our buildings and afterwards our buildings shape us."

Arguing for the oblong rather than the semi-circular shape of the Commons Chamber, the Prime Minister holds that the former favors the two, or perhaps three, party system, while "The semi-circular appeals to political theorists as it enables every group to move around to the centre, adopting various shades of pink as the weather changes."

Continuing he says: "I am a supporter of the party system, having seen many ardent Parliaments destroyed by the group system."

But whatever Mr. Churchill's views may be on the relative merits of the party and the group system, the re-opening of the discussion on the rebuilding of the British House of Commons brings to the fore a suggestion, emanating from a United States newspaper, made two years ago that the United States and the British Dominions Overseas assume the responsibility, or perhaps the privilege, of financing the restoration. The arguments of this paper found support throughout the Empire and were widely accepted in the United States itself.

True democracies, the paper declared, owed their very existence to the principles which were formed and nurtured in the British House of Commons. The very ideals of parliamentary government are inexorably linked with the development of the British constitution and democratic systems throughout the world, regardless of how they may vary in detail, are essentially founded on the British system. Surely it would be but a modest recompense if those parliaments beyond the seas, who found their very lifeblood in the British House of Commons were to care for the restoration of this venerable institution.

The cost would be but a minor consideration in proportion to what is being spent upon the preservation of democracy, but the benefits through tightening bonds of friendship and understanding would be beyond all estimation.

The war is not yet finished, the reconstruction of this hallowed chamber is a matter for the future, but surely the time is ripe for some group to take the leadership in organizing for the future to assure the carrying out of the project.

MISSING

By the REV. B. S. MURRAY, M.A.

To many Canadians the war has invested the word "Missing" with a new, pertinent and intimate meaning. How people dread that word. Missing. And yet whilst there is no finality about it, there is a possibility that the missing one will be somewhere, sometime. In the meantime hearts of oak must steel themselves in silence, to wait and pray hopefully. A home I know has a novel interpretation for "Missing," for there the feeling of expectancy pervades even after the official announcement. They recall warmly and confidently their heroic lad said: "I'm coming back home some day" and still believing this an empty chair awaits; they stubbornly refuse to say their son will not return. The spirit of "We are seven" still lives in our Canadian countryside. After all, say they, "He's only missing," and he said that he was coming back some day.

VISIT THEM SPIRITUALLY!

But is he really missing? No, not spiritually. None of God's children escape His love and care. Rather your heroic lad is just away in another room in the Father's house. He has gone upstairs and closed the door! Let us change our thinking (which has been very crooked) and instead of saying "God has taken our son," know that your son accompanied by the Prince of Life, Jesus, our dearest Friend, was received by a kind and loving Father who welcomed him warmly and affectionately into His very mansioned house. Nor let us forget that whilst Death separates, it also unites. It reunites whom it separates. So, be of good cheer, you can visit them spiritually! On All Saints' Day the members of the Church of God here, visit in sacrament and prayer the members of the Church, Expectant in the Unseen World. These visits produce a sense of unity and blessed communion which are a source of strength and progress and bind us together in a Divine fellowship.

HEROES' DAY

Then, too, in All Saints' Day—which is the Church's day dedicated to her heroes—through the Divine Interpreter, we desire our loved ones to know that their sacrifice is not in vain and assure them that we re-dedicate ourselves to carry on to perfection their unfinished tasks, cost what it will in blood, sweat and tears. They are depending on us for that. Nor will they sleep if we do not do all in our power to make this a new world wherein the Four Freedoms function effectively and harmoniously. So, on this day "of holy days the crest," we say a corporate "Thank you" to God for the life of sacrifice of those who are now His guests and are only on a visit preparing for the great adventure of going onward to their new, eternal home, and some day we'll join them! In the meanwhile the memory of their association remains with us, with half the joys renewed. In the spirit of adventure, inspired by an honored past and glorious present, we go forward to rebuild and reconstruct our war-torn, battered, bleeding world. That great cloud of witnesses daily challenge us to become like them—victors! We cannot fail them; on to victory we must go!

ON TO THE JOURNEY'S END

Missing? Of course not! Wherever they are, they are guests of God, safe, secure and happy. While you are hoping, expecting to meet and know our loved ones, they are waiting, watching and expecting you! In our hearts they still carry on their silent ministry. Their love is ever with us. Their example inspires us to fight the good fight and keep the faith as we await an invitation to permanently visit them. So, after catching a glimpse of, and experiencing the thrill of the communion of Saints on All Saints' Day, November 1st, 1943, continue on to journey's end along the road of the Abundant Life which eventually leads to the Father's many-mansioned home where, in the sweet by and by, there'll be a great family reunion, the brightest of Easter meetings, from which no one, if he or she so will, need be among the missing.

It is only a little way to that new home; perhaps only a short time before we journey "Over There." Listen! Again I hear "Thy voices from home now float on the air—Thy're calling me tenderly, calling me there."

Missing? Do you not think the word should be "Waiting"? That's what I like to think!

WHO'S WAXING FAT IN THIS WAR

Huron Expressor
We have heard a great deal, and are still hearing a great deal, about the Big Shots and the monopolies who are waxing fat and becoming millionaires—those who have not already reached that point—out of the money the Canadian people are spending on the war effort, and all at the expense of the working people, the farmer and the common every-day man on the street.

We never did take a great deal of stock in this line of argument so eloquently advocated by so many and after reading a few things in the recently released Dominion Bureau of Statistics, we are rather inclined to take a great deal less. Figures may lie, but it is very generally recognized that the figures of the Dominion Bureau of Statistics are as reliable as the figures of any in Canada, or out of it for that matter, and these figures show very conclusively, three things:

No one begrudges this increased income to the workers because everyone wants, or should want, to see our standard of living the highest in the world, so that our Canadian families can be provided with proper food, clothing and advanced education. That is Canada's aim. But what we can and very much do object to is the incessant and insincere babble of some professional political and labor agitators about labor and the farmer being "ground down." And the same people who spread the absolute lie that a few profiteering and "monopolies" are becoming multi-millionaires out of Canada's effort in this war.

As a matter of fact, Canada's increased national income, which is largely due to war production, is not the hands of the big shots and combines. The excess profits tax and the income taxes attend very strictly to that matter.

That during the past 25 months the number of Canadian workers has increased by 20.1 per cent and the aggregate of their weekly pay rolls by 45.7 per cent. That in manufacturing alone the numbers of workers has increased by 34.8 per cent and their weekly earnings by 66.1 per cent. That the average per capita weekly earnings in the eight leading industries rose from \$25.25 at June 1, 1941, to \$30.95 as of July 1, 1943, or 22.6 per cent.

At the same time, in this two-year period covered by the figures, the cost of living has only risen by 12 per cent. It is plainly evident therefore, that the real wages in Canada, are very much higher than they were before the war, and also that the culture and civilization of which he wrote has been permanently uprooted.

Edouard Herriot may now be gone; one more victim of the Nazi terror. Yet it is hard to believe that his spirit does not live on in France; that the culture and civilization of which he wrote has been permanently uprooted.

A GREAT FRENCHMAN.

Ottawa Journal.

If it be true, as a Vichy report tells, that Edouard Herriot died Sunday in a Paris sanatorium, where he had been confined by the Germans, then a great light has gone out in France. For Edouard Herriot, in his scholarship, in his wide humanity, in his broad outlook upon world affairs, was one of the greatest Frenchmen of his generation. He was a noted orator but first and foremost he was a great writer and scholar, one who all his life gave unstintingly of his talents to the public service of his country.

For years the Mayor of Lyons, to which he gave model government, he was almost as well known in England as in France, and he had in truth imbued much of the spirit of English liberalism. In one of his greatest books—and he wrote many that were great—he held that the culture and civilization of France were things too deep-rooted to be destroyed; and to that belief he held firmly in the dark days when the smaller men of Vichy were betraying all that France, through her great history, had stood for.

It was Herriot who, defying the German conqueror and the French betrayer, cried out publicly and bravely against what he characterized as the "treason of Vichy." No terror could still his voice.

Edouard Herriot may now be gone; one more victim of the Nazi terror. Yet it is hard to believe that his spirit does not live on in France; that the culture and civilization of which he wrote has been permanently uprooted.

EMULATES WIFE IN MAKING SIX SPADES

A. M. Sobel, national tournament director of the American Contract Bridge League, had an interesting experience on a railroad train not long ago. He was invited to sit in a bridge game with Maj. B. R. Adams, Jr., of Temple, Tex.; Capt. John G. Teague, of Country Club Hills, Va.; and William M. Richardson, of Greenwich, Conn. Sobel and his partner reached six spades on today's hand. When the play was completed, he remarked, "Well, Mrs. Sobel couldn't have done better."

His partner then inquired, "Do you know Mrs. Sobel?" Al said, "Very well. She's my wife."

THICK SOUPS MAKE USE OF SUNDAY LEFT-OVERS

BY GAYNOR MADDOX
Thick soups can do a lot to improve Monday's menus without extra work. But plan your soups on Sunday when preparing the big dinner. Save all bones and scraps of meat and use them to make a clear meat stock. Keep all vegetable trimmings, celery tops, and pieces of lettuce not

quite good enough for salad. All these are good foods and should be intelligently put together the next day for rich, thick soups which often are nutritionally capable of being the main dish for luncheon. It is important, remember, to refrigerate all trimmings and left-overs carefully.

BREAKFAST: Stewed prunes, oatmeal, raisin toast, butter, coffee, milk.
LUNCH: Cream of left-over broccoli soup, whole wheat toast, grated carrot salad, crackers, cottage cheese, preserves, tea, milk.
DINNER: Tomato juice, left-over meat, gravy and vegetable pie with mashed potato cover, enriched bread, butter, lettuce and chopped cabbage salad, fruit bowl, coffee, milk.

Following the ceremony, Mrs. R. Havard, the baby's maternal grandmother, entertained the immediate families at tea. Mrs. E. J. Taylor, of St. Lambert, pooled tea, and assisting were Mrs. Allan Bryce, and Mrs. W. H. Trenholme, Jr.

MIND YOUR MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers given below:

1. If you have week-end guests should you provide more than one Sunday newspaper?
2. Is it a good idea to have the latest copies of several magazines and a new book or two when you have house guests?
3. Should you invite a woman friend or relative to be a house guest in your home and then expect her to work almost as hard as you do?
4. If a house guest helps with the housework should the hostess take the help for granted or show her appreciation for it?
5. If a hostess says, "I'll bring a breakfast tray to your room" should a house guest protest? What would you do if—
You have a house guest and no servant and you have a husband to get off to work in the morning and children to get off to school—
(a) Serve the house guest breakfast on a tray or cook the guest's breakfast after you have seen your family off?
(b) Have the house guest get up when your family arises and eat breakfast with the family?

Answers
1. Yes.
2. Yes.
3. No.
4. She should show her appreciation.
5. No. For that may be the easiest solution for the hostess. Better "What Would You Do" solution—(a) as it causes less confusion.

Mrs. E. G. Taylor, who was a guest for the week-end of Mr. and Mrs. R. Havard, has returned to her home in St. Lambert.

Mrs. Wilbert F. Smith has returned to her home in Richmond, after spending a few days in Sherbrooke, visiting her mother, Mrs. Charles Dunsmore.

Effectively decorated with Union Jacks, the cosy tea room of Trinity United Church, formed an attractive setting for the delightful and largely-attended tea party, given there yesterday afternoon, under the auspices of the W. M. S. Mrs. S. McLean, President, cordially received the many guests at the entrance, where Mrs. E. A. Tomkins, Treasurer, acted as cashier. The large lace-covered table was placed in the centre of the hall, and its lovely centrepiece of white 'mums in a large crystal bowl flanked on either end with three lighted white candles in matching crystal tripie candlesticks was very much admired. Doing the honors were Mrs. Nelson Lechup and Miss Van Vliet, who were later relieved by Mrs. J. H. Bryce and Mrs. S. Emerson. Conveners for the several departments arranged for serving the delectable chicken patties, salads, rolls, assorted cookies, tea and coffee, included in the well-planned menu, and their committees followed: the piece de resistance, chicken patties, Mrs. George Hall, Convener, Mrs. E. Dodge, Mrs. E. E. Gilson; salads, Mrs. R. Havard, Convener, Mrs. C. E. Soles, Mrs. Raymond Wood; Mrs. Duncan Robertson acting as general assistant to all conveners.

Mrs. Walter Mutchler was in charge of the tea room about which the many small tables, artistically centered with lighted tapers in crystal holders adorned with snow-berry, were arranged. Assisting in serving were Mrs. J. Hazle, Mrs. W. Bechman, Mrs. Cecil Campbell, the Misses Naomi Williams, Doris Campbell, Margaret Dean, Edith Crosby, Edith Crawford and Jean Beer. Congratulations were extended to Mrs. McLean and her most efficient corps of assistants, each one of whom contributed to the success and pleasure of the delightful tea party sponsored by the W.M.S. of Trinity United Church.

MISS RAE ABERNETHY TO VISIT Y.W.C.A.

This week-end the local Y.W.C.A. is to be honored by a visit from Miss Rae Abernethy, the Personnel Secretary of the National Council of the Y.W.C.A. Following teaching experience, Miss Abernethy took the Social Work Course at the University of Toronto and then began her Association career as Girls' Work Secretary in Halifax. From there she went to London, England, where she spent two years studying at the School of Economics and doing a variety of volunteer jobs in the London Association. Returning in 1937 she became Social Work and Travel Secretary in the Toronto Y.W.C.A., from which position she advanced to that of General Secretary of the Association in Saskatchewan. Last spring she was appointed to the newly-created position of Secretary for Personnel and Membership Participation on the National Staff.

One of Miss Abernethy's primary concerns is in promoting interest in the Y.W.C.A. as a profession for young women. In order that she may meet any who would like to know more about the opportunities and varieties of work available in the Association, an informal meeting and tea is being held on Sunday afternoon in the MacKinnon Memorial Building. To this, girls in their senior 'teens and all young women are invited. On Monday afternoon Board and Committee members will chat with Miss Abernethy on Personnel work and on Board and Staff Relationships.

MARRIAGES

PILCHER—LONG

The marriage of Nancy Walton Bernice, daughter of Mr. and Mrs. Edwin Walton Long, of Saint John, N.B., to the Rev. Norman Donald Pilcher, son of the late Major and Mrs. Norman Pilcher of Sherbrooke, took place recently in Trinity Church, Saint John, the Rev. Canon John V. Young, of Mission Church, St. John Baptist, officiating. Mr. Gordon McC. Black played the wedding music and the choir was in attendance. Standards of white chrysanthemums were used as decoration in the church and bows of white ribbon marked the guest pews.

The bride, who was given away by her father, wore a gown of white bridal satin having a heart-shaped neckline, fitted bodice, long sleeves ending in points over the hands and a full skirt. Her veil of tulle illusion, reaching beyond the hem of her gown, was held by a coronet of shirred satin edged with orange blossoms and she carried a bouquet of Better Time roses and bouvardia. Miss Marjorie Long, as maid of honor, was in a floor-length frock of wine sheer over taffeta, cut on the same lines as that worn by the bride, with a V hemline. She wore a tiny matching hat and carried a bouquet of Gloria roses.
Miss Judith Walton Krans, of Plainfield, N.J., niece of the bride, as flower girl, wore a frock of Eleanor blue taffeta trimmed with yellow velvet bows and streamers and a coronet of blue and yellow roses. She carried a nosegay of Sweetheart roses. Mr. Howard Townsend acted as best man for Mr. Pilcher and the ushers were Mr. Joseph John Long, brother of the bride, and Mr. Peter Enman, of Rothesay, N.B.

Mrs. Long, mother of the bride, wore a gown of black silk crepe with turquoise yoke beaded in crystal, and a black felt hat, mink fur, and a corsage bouquet of Butterfly roses.

The reception was held at the where autumn flowers were used to decorate.
Later, the Rev. and Mrs. Pilcher left on their wedding trip, the bride travelling in a two-piece frock of raspberry wool under a camel hair topcoat trimmed with a wolf collar and wearing brown accessories.

They will reside in Drummondville, Que., where the bridegroom is priest in charge of St. George's Church.

WISHART—JARDINE

Dafae, Sask., Oct. 29.—An interesting and impressive military wedding took place at the home of F. L. Lieut. E. M. Morrison, Chaplain of No. 6 Bombing and Gunnery School, Sask., when Jean Elaine, R.C.A.F. (W.D.), daughter of Mr. and Mrs. James Jardine, of North Hatley, became the bride of Eric Ross Wishart, R.A.F., son of Mr. D. G. Wishart and the late Mrs. Wishart, of Lockerie, Dumfriesshire, Scotland.

The bride was attended by Jean Safford, R.C.A.F. (W.D.), and by Violet Peck, R.C.A.F. (W.D.), both of Vancouver, B.C.

Alexander G. Walker, R.A.F., of Edinburgh, Scotland, was the best man and John Carvell, R.A.F., of London, England, acted as usher.

The bride and groom honeymooned in Saskatoon, Sask., and have taken up temporary residence in the married men's quarters adjacent to Dafae Airport.

Previous to which Jean Elaine, Mrs. Wishart was employed at the Canadian Ingersoll Rand Company, in Sherbrooke, and later in the accountant's office at the C. P. R. Angus Shops in Montreal. The bridegroom was until enlisting in the Royal Air Force a medical student at the University of Glasgow, Scotland.

BARKYOUNB—GREENWOOD

Derby Line, Oct. 29.—The marriage of Miss Gwendolyn Agnes Greenwood, of Burlington, Vt., daughter of Mr. and Mrs. John Greenwood, of Derby Line, and Walter James Barkyoumb, of Winoski, Vt., son of Mr. and Mrs. Edward Barkyoumb, of Fairfax, Vt., took place at the Cathedral of the Immaculate Conception, Rev. Dermot J. Cosgrove performing the double ring ceremony.

Miss Mildred M. Sweet, of Burlington, Vt., was the maid of honor and Erville J. Cameron acted as best man.
Miss Greenwood wore a two-piece white wool suit with blue accessories and a corsage of American Beauty roses, and Miss Sweet wore a two-piece Burgundy velvet and satin suit with white accessories and a corsage of yellow roses.

A wedding breakfast was served following the ceremony.
Mr. and Mrs. Barkyoumb are both employed at the Porter Screen Company at Winoski, Vt. Upon their return from an extended wedding trip to New York State and Massachusetts, they will reside at 18 Bradley Street, Burlington, Vt.

KNOWLTON

The Brome Branch Canadian Legion held its last regular meeting before its annual meeting with a good attendance. Arrangements were made for the Poppy Campaign and for the Remembrance Day services, which will be held in former years. The Government has announced the passing of Order-in-Council P.C. 7963, which provides for the commemorative observance of "Remembrance Day," although not including it among the holidays to be observed on which industry may be interrupted because of the urgency of war needs. Members of the Legion and other veterans will parade to church service on Sunday evening, November 7, at the United Church, Knowlton, and to the usual parade to the Cenotaph service on Thursday, November 11, which will be followed by their annual meeting and election of officers. In the evening they will hold their annual dinner at the Lake View Hotel. A report was given by Commodore T. J. Devlin and S. C. Robson, on the meeting held in Magog and attended by representatives of Eastern Townships Branches and officers of the Provincial Command. As there are members who cannot attend all meetings, and consequently miss many of the reports covering the work of their own branch and the Legion as a whole, a brief bulletin will go forward to them at regular intervals to give them a more complete picture of accomplishments. An application for membership from a veteran of both wars was accepted.

The first meeting of the "Cheerio Mission Band" was held at the home of the Superintendent, Mrs. H. L. Parkes, one afternoon. The meeting was opened with the singing of "Jesus Loves Me." The Lord's Prayer was then repeated in unison. The officers were then elected as follows: President, Ian L. Bockus; First Vice-President, Faye Armstrong; Second Vice-President, Allan Levey; Secretary, Ronald Pettes; Treasurer, Alden Mizener. Mrs. Parkes told the children a very interesting story about the Chinese people, after which the meeting closed with the hymn "Take Time to Be Holy," followed by the Mizpah Benediction repeated in unison. Those present were Mrs. Parkes, Ian Bockus, Faye Armstrong, Allan Levey, Ronald Pettes, Alden Mizener, Beverley Bockus, David Crandall and Malcolm Call.

The Ladies' Guild of St. Paul's Church met at Mrs. A. T. Woodley's with an attendance of thirteen members and one guest. The Work Convener distributed material for the December sale and war knitting was also done. Prayers were read and approved. The Treasurer, Miss Mary R. Knowlton gave the financial report. It was announced that the Rectory roof had been repaired and painted and further improvements to the Rectory were decided upon. The President, Mrs. W. Marler Bancroft, reminded the members of the Junior I.O.D.E. card party. The hostess served tea and the meeting adjourned until November.

Mr. Gerald Mizener, who was invalided home from overseas in May, 1943, was formerly attached to the Canadian Grenadier Guards and enlisted in July, 1941, and went overseas in September, 1942, has volunteered his services to the Brome County Victory Loan Committee and is accompanying committee members in touring the Brome County, addressing meetings and schools. Mr. Mizener is telling his listeners how he and his pals overseas look to the people on the home front to speed the victory by buying Victory Bonds.

The meeting of St. Paul's W.A. was held at the home of Miss Mary R. Knowlton instead of with Mrs. A. L. Bogan, as previously stated. Miss Anita Sanborn, of Montreal, spent a week-end with Mrs. H. L. Mandigo.

Messrs. H. Smith, A. Ware and O. Richardson, of Brome, were in town one day on business. Rev. Father R. Decelles, of St. Hyacinthe, delivered a special sermon to a large congregation at St. Edward's Roman Catholic Church. Appropriate hymns were sung by the pupils of St. Joseph's Convent under the able management of Rev. Sister St. Jean de l'Eschrie, with the organist, Miss Jacqueline LeFebvre, presiding at the organ.

AC-1 Ralph Mandigo, of the No. 1 Wireless School, Montreal, spent an afternoon with his mother, Mrs. H. L. Mandigo.

Messrs. Bernard Marcinski and Arthur Williams, of the R.C.A.F. Wireless School, in Montreal, were guests for forty-eight hours' leave of Mr. and Mrs. F. G. Raphael at the Knowlton Inn. These guests were here under the Wartime Hospitality Plan of the I.O.D.E. and were most appreciative of the pleasant week-end.

Mrs. George Williams spent a few days in Montreal.

Mrs. Jason Marsh and Miss Ethel Marsh accompanied Mr. and Mrs. H. D. Wells to Dunham and East Farnham.

Mr. Arthur Coderre, of Farnham, spent a week-end at his home.

WHAT BECAME OF THE SURVIVORS OF H.M.C.S. WEYBURN?

LIEUT. PAT MILSOM, * M.B.E., R.C.N.V.R., REPLIES:

"BY the time 'survivor's leave' was up, H.M.C.S. Weyburn's crew—men and officers alike, were eager and anxious to return to sea. Some of us were lucky enough to get ships and get back into the fight right away. Those of us who weren't so lucky would give our eye teeth to be with them. When the ships your Victory Bonds will help to buy are completed, we'll be joining them.

"There's not a man living of Weyburn's complement who is forgetting the shipmates who were lost at sea, and every Seaman, Stoker, Petty Officer and Officer who is fit for sea—yes and those whose injuries will keep them ashore—everyone of them is truly sincere in his desire to get a ship and get back afloat.

"Our job is still out there. The convoys must still get through if we are to have more successes like Sicily. That's the reason we Weyburn survivors want to get off the beach and go back to the job we enlisted to do—and we'll stay at it until the last U-boat is sunk and unconditional surrender is won."

Just as the men of H.M.C.S. Weyburn want to serve on another ship—just as they feel the importance and responsibility of their work in fighting the enemy—so should we feel our responsibility in pushing every Victory Loan over the top till unconditional surrender is won.

Get the "Weyburn" spirit. Dig down deep and invest every dollar you can in Fifth Victory Bonds—both with cash and from income over the next six months.

YOUR FEEDING ADVISOR

By LARRY MERRIGAN
Last week saw the end for this year of our now famous Fat Stock Show. We sure had a pile of entries and it shows that the boys are doing a good job of raising beef, in this part of the country at least. Out of 150 entries, they culled only 27

head, which goes to show that we can really raise very good beef. Many a man will profit from his three-day stay at this show. Then there are others that will not learn a single thing. Ted Bennett, of Bury, had the champion this year, after taking second last year. Last year's champion steer was owned by Ross Edwards, and he was still up there this year. He placed fifth, to the steer owned by Ted Bennett, which took the champion. The reserve champion was owned by a newcomer to the steer ring to come up to fourth place in his class. Then there was young Gordon Dempsey, who was also placed down last year, but came in the money this year with an eighth-place steer. Some of the boys who were on top last year, slipped a little this year, but one thing was shown, and that was that the down men of last year increased their knowledge and came back with better stock. Of course not all the down men of last year profited by their stay at last year's show. Many of them had even poorer stock than they had last year.

Then out of a clear sky the Hereford champion was picked. When the dust had settled, we had a new man holding this ribbon. This was Mr. Jones of Beebe. I only hope this year we will have the same prices for the stock, and that the men that did not come in the money will come back and show better stock. If you think that you can raise a steer on pasture and then two months before the Fat Stock Show bring this steer in and start to feed, you are on the wrong track. Some men have the idea that they will get a steer in the show by hook or crook, and then get higher prices than they could get on the market. Anyone around at culling time, saw them cull some pretty nice steers, but next year your steer will have to be very good to get in at all. There is only one thing to get in your head, and that is to raise a steer that will be tops in your estimation. You have to work on this year round. Remember that, but better care an animal gets, the better it profits. Your breeding will play a big part in your steer. As one of my friends said, "Champions are born, not made." I agree with this statement. The better the breeding stock, the better your chances are of coming up with the champion. I think that too many of the men were just looking at the prices paid, and not once did they think of the man who helped these prices along. Many of you know Wes Nichol, of Lennoxville. I watched this man raise the bids, even at the cost of taking the steers himself. He bought many steers, and was the instrument that helped you in getting the price you got for your steer. The champion would have sold for around \$100 had it not been for Wes Nichol. Yes, we had a fine show and it went along very well. Ray Demers really sold those steers.

In my estimation, and I might add in the estimation of many, one man was outstanding. This man was not mentioned on the program; he did not get up and make a speech, but actually he was the one that kept that show running. He was always in the background. All of you know him, and if you don't, then you are missing something. When you meet

SCHOOL HOLDS EXERCISES AT ISLAND BROOK

Island Brook, Oct. 29.—A large crowd gathered in the Town Hall when the pupils of the Island Brook Consolidated School held their annual school opening exercises.

The following programme was presented: "O Canada" and "Land of Our Birth" choruses by the school. "A Welcome," recitation by Rowena Gagné. Remarks by the Principal, Mrs. H. V. Burns, who spoke briefly of the activities of the school during the past year, and of the plans for the current session. She also referred to a former pupil of the school, Flight-Sgt. Oliver Todd, recently reported missing, after air operations over Germany, and expressed the hope that he may yet prove to be safe.

"The Doll's Carnival," a playlet in three scenes by the girls of Grades II, III and IV, accompanied by their dolls.

"A Terrible Catastrophe," a pantomime by Ronald Kerr, Darrell Hume, Gordon Chute, Delmer Hammond and Gordon Burns.

Remarks by Thomas Burns, Chairman of the School Board.

"The Anti-Gossip Club," a play by the following girls: Elizabeth French, Helen Kerr, Alison Swift, Geraldine Morrow, Mabel Doherty, Virginia Burns, Patricia Westgate and Joyce Hume.

"A Trick of Fate," recitation by Junior Burns.

"Henry's Mail-Order Wife," a play by the senior pupils. In this play, Henry and Abe, two bachelor ranchers, decide that their home is in need of "the gentle hand of a woman," so Henry writes to a matrimonial agency for a wife. A neighbor, Jim Jones, learns of their intentions and bets Henry that his wife won't stay a week. When the day arrives, which he is to bring the bride, Henry attempts to clean up the shack, but Abe finally calls in Becky Simpson to finish the job. Stung by her taunts that he is too dumb to get even a mail-order wife, Abe at last proposes to Becky, who they are interrupted by the arrival of the bride, Mrs. Tucker. She goes back to the hotel.

Henry's bride, Mrs. Tucker, who frightens Henry nearly out of his wits by her extremely lovely manner. While he is wondering how to get rid of her, matters are complicated by the arrival of a second Mrs. Tucker. She goes back to the hotel.

Weekly Letter to Farmers

HENRI-LOUIS LESSARD, Assistant,
Dominion Experimental Station, Lennoxville, Que.

The present demand for beef cattle and the one which probably will take place after the war, may induce many farmers to go for beef cattle raising. This type of farming is practised successfully in certain districts of the Province, presents many advantages. It may suit various types of farms especially those which are interested in cash crop production such as truck gardening, apple growing, etc. The help is then busy all the year around because beef cattle raising requires very little help in the summer. Furthermore, the buildings necessary to winter the cattle are not very expensive especially when the calves are dropped in late spring.

Before starting one should consider if it is possible to get successful results with beef cattle. Besides following good breeding practices one should also, if he wishes to be successful, produce most of the calves so that at 12 to 13 months it will weigh 800 to 850 pounds. Second, as two-year-old steers, and lastly as a combination of milk and beef. This is accomplished by selecting the best strain of milkers.

This method offers the great advantage of being able to switch from one production to the other, according to conditions such as the price of beef and labor available.

The feeding of baby heaves is chiefly a grain proposition. At the Lennoxville Experimental Station it has been demonstrated that the quantity of feed chargeable to a baby beef of 13 months of age and of 850 lbs. live weight are: a ton and half of hay and four tons of silage and 1,800 pounds of grain.

These figures include the feed given to the dam during the gestation and nursing period, which are: a ton of hay, three tons of silage, 650 pounds of grain. These experiments have shown that the fall born calves have consumed less feed to reach the same weight than the spring born calves. This can be explained by the fact that these calves received more care through grooming and feeding and they nursed their mother a little longer.

The steer production is more a roughage and pasture proposition. Proportionally it takes less grain to produce a steer than for the baby beef production. The feed chargeable to a steer that means also, the feed necessary to feed the cow are: 2 tons of hay, 6 tons and half of silage and a ton of grain.

With these figures it will be easy to have an approximate idea how much profit can be made over the feed cost, if we assumed that the manure produced would pay for the labor and the purchase value of the cow is equal to its beef value.

It would be wise before buying any breeding stock to pay a visit to the best breeders of the surrounding district who are making a success in this type of farming, and also to ask the advice of a technician specialized in animal husbandry.

Mr. and Mrs. A. R. Douglas have moved into Mrs. Tryon's home for the winter months.

Mr. and Mrs. L. W. Miller and family were guests of Mr. and Mrs. M. M. Derick, Orleans, Vt.

COWANSVILLE

The Women's Association held a successful rummage sale in the church parlors on Saturday afternoon, October 23, after which the October meeting of the Association was held with the President, Mrs. W. H. Smith, in the chair. The sum of \$50 was voted to the M. and M. Fund. After the short business session tea was served by Mrs. Smith and Mrs. R. McLatchie.

Mrs. Dunwoody entertained the weekly meeting of the Friendly Society one evening.

The Guild of Trinity Church sponsored a supper when nearly the hundred attended and enjoyed the delicious home-cooked food. The proceeds amounted to about \$125. Much credit is due Mrs. Stewart Strange and her helpers, who worked hard to make the supper a success.

Donations of books and magazines to be sent to the armed forces, may be left at "The Hub Store."

Mr. and Mrs. Roy Jenne and two sons and Mr. and Mrs. William Sharples spent a week-end in Thetford Mines and attended a reception for Mr. and Mrs. Charles Robinson, who were recently married.

Mr. and Mrs. Nelson Domingue, Mrs. Yvonne Reid and Miss Dorothy were week-end guests of Mr. and Mrs. K. Pattullo in Farnham.

Mrs. Lloyd Boast spent a week-end guest of Mr. Douglas Ross, R.C.N.V.R., at the home of his mother.

Rock Island and Derby Line

Miss Etta V. Taylor, who was called to Sherbrooke by the sudden death of her brother-in-law, Mr. Arthur D. Ball, has returned to Rock Island. Mr. Ball had been with his son and daughter-in-law, Mr. and Mrs. Lawrence W. Ball, and little grandson, David, at Three Rivers, since his automobile accident in July and had returned to Sherbrooke to consult his doctor, expecting to return to work shortly. Death was due to cerebral hemorrhage. Mr. Ball leaves another son, Sgt. Sydney A. Ball, in England; one sister, Mrs. Walter Hand, Winnipeg, Man., besides more distant relatives. Mrs. Ball passed away suddenly on November 28, 1940.

The occasion of a very pleasant gathering of sixteen members of the Derby Line Fire Company occurred when they met for their annual dinner at the Del Monty Hotel, Rock Island. The new Chairmen for the coming year, George Cowles, had charge of the meeting and led in the singing of many popular songs. With so many good voices and the enthusiasm shown that evening, it is expected that the Fire Company will sponsor some pleasant public evenings in the next few months. The company's finances and general conditions did not warrant the presence of any invited guests at this occasion as in former years.

The employees of the Butterfield Division of the Union Twist Drill Company, Derby Line, assigned a quota of \$500 for the Vermont War Chest, have raised \$933, and Edwin Earle, Campaign Manager of the factory, feels sure that the total will reach \$1,000. SHERBROOKE JUNIORS PASTE BISHOP'S 22-0

Holtham And Greenberg Star Along With Black For S.H.S.

In their first victory of the football season, Sherbrooke High School Juniors yesterday afternoon swamped B.C.S. 22-0 at Bishop's. The young Sherbrooke gridders had finished second best by a close margin in three previous encounters, but they were in perfect form yesterday and carried out all their plays with precision. B.C.S. did not play its first line Junior team and the Bishop's boys were no match for their faster, more experienced rivals.

Greenberg, playing halfback for S.H.S., was kicking beautifully and he booted two placekicks and a rouge for seven points. His team-mate, Holtham, also at half, was on his toes every minute of the game, picking up two B.C.S. fumbles to break away for a major tally each time. The entire Sherbrooke team played a bang-up game, not slowing up until the last whistle had blown. Black scored their final touchdown with only seconds left to play.

B.C.S. fought hard and made some substantial gains but could not come through in the final point-getting spurts. White and Dickens highlighted Bishop's play with Williams and Price lending them able assistance. However, the Sherbrooke High boys, displaying fine tackling and blocking, managed to stymie Bishop's desperate attempts.

Bishop's took the first down on their own twenty after Greenberg kicked off for Sherbrooke High. A buck and an end-run earned them the only four yards. White's kick on the third down was caught by Greenberg who ran it up to the Bishop's twenty-five before he was tackled by Black. Sherbrooke High's attempt to gain yards was spoiled and Bishop's regained the ball. B.C.S. still playing deep in their own territory, tried an end-run with Black carrying the ball but he fumbled and lost it to MacMillan, losing the down to Sherbrooke. Sherbrooke tried two end-runs which brought them to the B.C.S. fourteen. On their last down Greenberg successfully kicked a three-point placement, making the score three to nothing for S.H.S. B.C.S. lost the ball in successive downs, then Sherbrooke tried two bucks but failed to make another down. With the ball in their possession B.C.S. tried a pass-play which brought them up to their own forty-yard line, at the end of the quarter.

The second quarter opened in an attempt by B.C.S. to get it out of their own territory. White, on an end-

run, fumbled the ball and Holtham, always on the alert, picked it up to run 25 yards for the touch. But the convert failed. This raised the tally to 8-0. There were several scrimmages in the centre of the field after Sherbrooke's kick-off. Then a powerful march by S.H.S. brought them to the Bishop's five-yard line with a first down. Black and Bordoff were held for no gain on bucks and Sherbrooke lost the ball without succeeding in crossing the line. B.C.S. tried an end-run to pull them out of danger but the ball was fumbled and Holtham again picked it up for Sherbrooke and waltzed across the line for another touchdown, making the score 13-0. The half ended shortly after Greenberg was unsuccessful in making his convert.

S.H.S. marched down the field at the outset of the second half to get into position for another kick. Greenberg kicked deep behind the B.C.S. goal-line and Williams was nailed for the rouge before he could carry the ball back across. Keeping control of the pigskin Sherbrooke again got up to the B.C.S. fourteen and in position for a placement which Greenberg successfully kicked to chalk up three more points shortly after the beginning of the last quarter.

S.H.S. did not slow-up its attack in the last quarter although they were seventeen points ahead and finally on two long passes and with about five seconds left to play, carried the ball over for their climactic touch. The leather went from Greenberg to Cook to Black, who galloped over the line in this last play. The convert was again blocked leaving the final score at S.H.S. 22 and B.C.S. 0.

BISHOP'S AND S.H.S. PLAY IN MONTREAL

Sherbrooke High School Seniors left this morning for Montreal where they will play two games over the week-end. The team will meet Westmount this afternoon for their first tilt and will play West Hill Saturday afternoon to top off the trip. The boys will return to Sherbrooke Sunday and hope to come back with two victories under their belts.

Little is known of the West Hill team, but the High School boys feel confident that their brand of football is up to that of West Hill's, if not better. American rules, with full-field interference, will be played. The open interference should help the Sherbrooke boys a great deal, judging from the good use the locals made of it last Saturday in the game against Bishop's University. Though outweighed by at least thirty pounds, the High School lads used the full-field interference as though they had been playing it all season. The Sherbrooke lads will be playing against heavier opposition in both the Westmount and West Hill teams, but what they will lack in weight, they hope to make up in speed.

Bishop's College School Seniors also travel to Montreal this week-end. They leave this afternoon and are scheduled to meet Ashbury College tomorrow afternoon. Ashbury is supposed to have a fairly good team but the Bishop's boys have improved their game considerably since the beginning of the season and have high hopes of beating their old rivals. In last year's encounter, Bishop's put Ashbury down to defeat and will be out to repeat the performance this year.

The two games that the High School will play in Montreal will be the last of the season for the seniors and they will be going all-out to finish up the season in a blaze of glory.

Stanstead Takes Close 13-12 Victory Over B.C.S. Juniors

B.C.S. and Stanstead College Juniors met in the first of a home and home series of football games here on Wednesday afternoon with Stanstead pulling out a narrow 13 to 12 win after having trailed 6-1 at half-time.

The game was wide open with play being equally divided at both ends of the field. Both sides missed golden opportunities to add to their totals, which all helped to make the game more uncertain and more thrilling for the enthusiastic gallery.

Early in the first quarter, B.C.S. picked up a Stanstead fumble and by consistent plunging soon converted the error into a solid touchdown which, however, was not converted. Graham carried the ball across. B. C. S. dominated the play in this quarter.

The second stanza saw both sides score single points. Both sides barely missed touchdowns and Stanstead failed to try for single points when they were within range. The half ended with B.C.S. leading 6-1.

During the rest interval the Stanstead senior team did a little locker room lecture job on their younger brothers with the result that the locals produced a very much improved brand of football during the third quarter. Within five minutes Robertson had scored Stanstead's first touch, which McWalter converted.

This was followed soon after by another touch, this time by Greer, the Stanstead captain, who contributed greatly to his team's cause throughout the whole game. McWalter again converted.

Stanstead started to press again but were brought up to a sudden stop when Ford of B.C.S., a guest student from England, playing in one of his first games of Canadian football, stepped into a Stanstead end run and picked off the ball in mid-air to run for the goal line which he crossed unopposed.

MacKenzie scored the convert with a drop-kick. There was no scoring during the final period though B. C. S. kicked the ball across the Stanstead line

twice within the last minute of play. Piper returned the kick on the first occasion and McNice ran it out the second time. The final score was Stanstead Juniors 13 B.C.S. Juniors 12.

...WE SAIL AT BREAK OF DAY!

"WE SAIL at break of day." Some will live to sail again, to sing again their favorite song . . . and some will give their lives in defense of Canada. They release their lives gladly, sustained by the thought that they are helping to preserve the Canadian heritage . . . of freedom, peace and good-will . . . for other Canadians to enjoy. They serve in torpedo boats, subs, cruisers, destroyers, and battleships—as well as in the skies above the waters—yet, wherever their service lies, they have this in common—loyalty, skill, and indomitable courage in all they undertake. And so the Navy fights today—pounding enemy supply lines in two oceans, sinking Japanese and Axis subs, transporting troops and supplies, and guarding our coasts and inland ports. They are underwriting our Victory! They are heroes all, and the debt we owe to them can never be repaid. Yet we *can* give to the Navy; we *can* buy more Victory bonds—and that *does* help.
