Smith To External Affairs Balcer, Fulton Change

OTTAWA — (P) — Imminent changes in the Progressive Conservative cabinet are reported to include moving Hon. Davie Fulton from the justice to the citizenship and immigration portfolio, giving justice to Solicitor-General Leon Balcer and bringing University of Toronto President Dr. Sidney E. Smith in as external affairs minister.

The prospective changes were reported Wednesday following an indication Tuesday by Prime Minister Diefenbaker that he had changed his mind about keeping Mr. Fulton in the dual job of justice minister and acting citizenship and immigration minister for some time.

The 60-year-old University of Toronto president was reported due here Friday when announcement of his external affairs appointment would be made.

Dr. Smith in that case would replace Mr. Diefenbaker, who has also been external affairs minister.

The Fulton-Balcer switch could serve to mollify grumblings from Quebec that the 39-year-old Mr. Balcer, also president of the national PC Association, was not adequately treated in being given only the Solicitor-General's portfolio. Both Mr. Balcer, MP for Trois-Rivieres, Que., and Mr. Fulton, of Kamloops, B.C., are lawyers.

UP HIS ALLEY

Mr. Fulton, 41-year-old former Rhodes scholar, devoted much of his time as an opposition member to affairs of the citizenship and immigration department.

He is known to have a good many ideas for changes in its operations. Being able to devote his full time to the department would give him a chance to try out some of these.

Possible successor to Mr. Balcer as solicitor-general is reported to be Hon. James Macdonnell, 72-year-old minister without portfolio. He may go to the Senate to open his Toronto Greenwood riding to Dr. Smith. Greenwood is considered a safe Conservative constituency, never having elected a Liberal since it was created in 1933 redistribution of Commons representation.

One of Dr. Smith's first duties in his new job would be to head Canada's delegation to the new session of the United Nations General Assembly opening in New York next Tuesday.

Mr. Macdonnell is seen as eventually replacing 80-year-old Senator John T. Haig of Winnipeg as the new government's leader in the Senate. Mr. Macdonnell could be given the solicitor-general's job or remain a minister without portfolio in order to be able to attend cabinet meetings.

Syrians Consult Egyptians

CAIRO — (P) — Syria's military leaders held urgent talks today with President Nasser and other Egyptian officials and declared that Syria is prepared to meet all "imperialistic conspiracies."

"Every Syrian national is prepared to shed his blood for the sake of preserving his country's independence," Gen. Afif Bizry, leftist commander-in-chief of the Syrian Army, said in an interview with the newspaper Al Ahram.

"Syria now is fortified against all imperialistic conspiracies and the people and the army are united in one front."

Bizry and Lt.-Col. Abdel Hamid Serraj, Syrian Army intelligence chief, arrived Wednesday on a surprise visit that underlined deepening Arab concern over the Syrian crisis.

Informed sources said today's talks continued into the early morning.

DOESN'T EXPECT TROUBLE
As they met, acting Defence Minister Khaled Azem of Syria said in Damascus he does not believe aggression against Syria is imminent. Azem talked with reporters after a cabinet session devoted to what an official state Continued on page 5

Student Finds West Best

STOCKHOLM, Sweden — (P) — An American student who was thrown out of Red China for refusing to surrender his passport, came out Wednesday from behind the Iron Curtain.

"It is certainly nice to be back home in the West again," said Shelby Tucker of Pass Christian, Miss.

Tucker flew into Stockholm from Moscow en route to London after six weeks in Russia and Communist China.

The 22-year-old law student of Yale and Oxford said he found Soviet Russia "architecturally awful, spiritually suffocating, economically backward and politically absolutely unable to justify certain imponderables such as the attack upon Hungary and Finland and the absorption of Bessarabia, Moldavia, Lithuania, Let- via, Estonia, Czechoslovakia, Romania, Hungary and Eastern Germany."

Of Red China he said: "Its communism appears from very superficial impressions more moderate, but the same features are most emphatically present: suppression of freedom of opinion, the most fantastic disregard for and distortion of truth, intense propaganda, especially anti-American, the characteristic attacks upon other countries, namely Korea and Tibet. And this against a history of only eight years of communism in China."

Police Victims
VANCOUVER. — (CP) — A counterfeit dollar bill turned up here Wednesday night at a police headquarters. Officers were left holding the fake bill after it was passed to a traffic department clerk.

Royal Visit Expected To Draw 100,000 Visitors

OTTAWA — (P) — Mayor George Nelms expects 100,000 visitors to crowd into this city of some 220,000 for the Queen's October visit.

He quoted the figure Wednesday while reporting he has received a letter from Toronto inquiring about the possibility of erecting special stands at a Toronto group's expense.

The group, mainly school children accompanied by adults, would come here Oct. 14. It asked for viewing stands along the route the Queen will take from Government House to Parliament Hill where she will open the parliamentary session that day.

Other groups of school children are expected from various communities in Eastern Ontario and Western Quebec.

OFFERS PLANE
Meanwhile, Prime Minister Diefenbaker has offered Queen Elizabeth the use of the RCAF's

luxury C-5 aircraft, an official of the royal visit committee said.

The offer was made after it was decided by Britain not to use a Britannia aircraft, the new British turbo-prop airliner, as originally proposed.

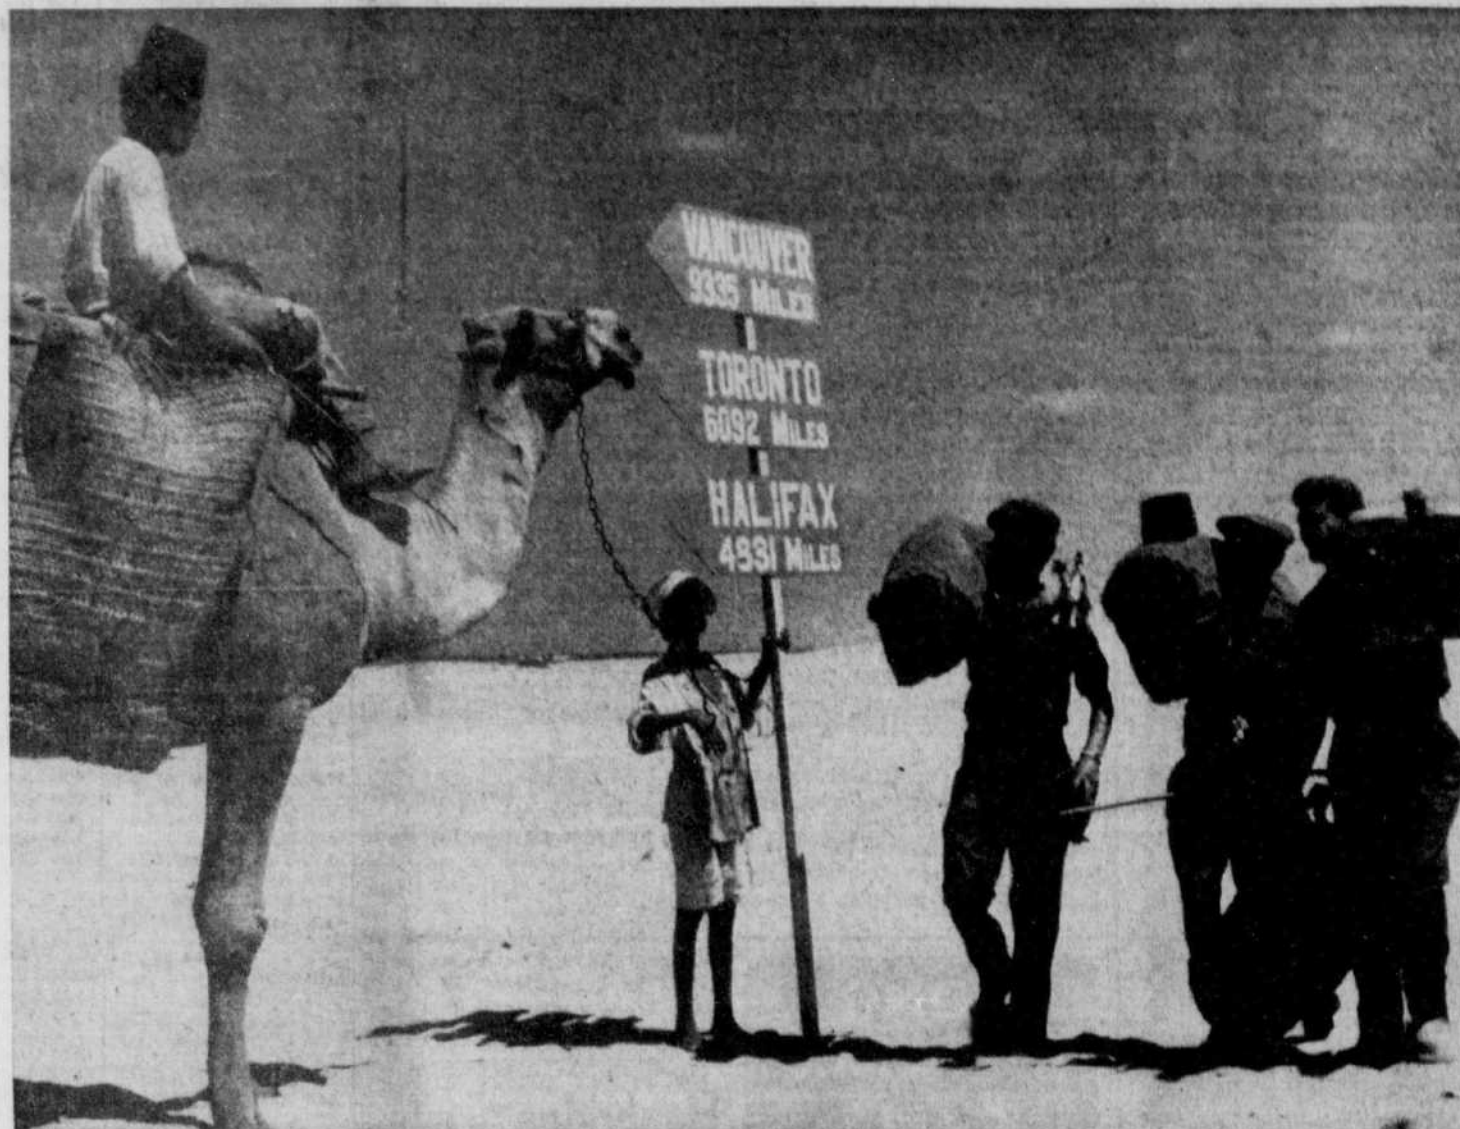

The C-5 was used by the Queen, then Princess Elizabeth, for her tour of Canada in 1951, by Prince Philip in 1954 when he flew to Vancouver for the British Empire Games and by the Queen Mother on her Canadian visit two years ago.

OTHER PLANS
The royal visit committee also is studying:

1. The possibility of building stands on Parliament Hill.

2. Installation of television sets in parliamentary committee rooms where diplomats and others who can't sit in the Senate at the opening of Parliament Oct. 14 — because of lack of space — could watch the Queen read the speech from the throne.

Eisenhower, Faubus To Meet

LITTLE ROCK, Ark. — (P) — Arkansas Governor Orval Faubus is taking the federal-state dispute over racial integration in the schools directly to President Eisenhower and the general belief here today is that a solution will come out of their meeting.

Eisenhower suggested either Friday afternoon or Saturday morning for the conference.

Faubus, an aide said today, has not yet decided when to go to Eisenhower's vacation headquarters at Newport, R.I. He said the governor spent most of Wednesday in bed and that, while Faubus is not actually ill, "he's not too good."

The aide said Faubus has been exhausted by the tense events that boiled up after he ordered the state militia to surround Little Rock's Central High School last week—with instructions to keep out Negro students.

The governor has been summoned to appear in a U.S. district court Sept. 20 for a hearing on a federal petition for an injunction that would stop him from interfering with enrolment of Negro students in Little Rock.

Tennessee Schools Opened To Negroes

NASHVILLE, Tenn. — (P) — School officials, hoping for a permanent end to violence after a day of uneasy calm, kept doors open to racially mixed first grades today. They were backed by police and prospects of a federal injunction.

Mayor Ben West and U. S. district-attorney Fred Elledge Jr. prepared a petition for federal Judge William E. Miller, seeking an injunction to prevent interference with admitting Negroes to classes here.

It was under an injunction of this type that northern segregationist John Kasper twice was convicted of stirring up racial strife at Clinton, Tenn. Kasper,

also accused of fomenting violence here, was sent Wednesday to the segregated city workhouse after his third arrest within a 12-hour span.

First grades were integrated here Monday, under orders from Judge Miller, in six schools. A total of 15 Negroes showed up for first-day classes and racial flare ups followed immediately.

In the schools, attendance dropped sharply, running about 40 per cent of normal. Total attendance Wednesday was 1,184 out of an enrolment of 2,912. Negroes were present at all but one school.

Meanwhile, a crowd of some 200 persons, meeting in a suburban lot after police banned gatherings of more than three persons within the city limits, were urged Wednesday night to contribute at least \$600 to help Kasper's defence.

A thunderstorm broke up the meeting after about an hour. The rain may also have served to supplement police action by putting a damper on further racial flareups.

MONTREAL. — (P) — Inoculation of key personnel, such as doctors and nurses, against Asian flu will start in Montreal next week.

Confidential Defence Claims Libel Trial Is a 'Witch Hunt'
LOS ANGELES (P) — The state of California is trying to put Confidential out of business in a "witch hunt," the defence has contended at the magazine's criminal libel trial.

The indictments were returned not to punish someone but to put a magazine out of business, lawyer Arthur J. Crowley said Wednesday in his final argument to the jury.

Crowley told the jury that the issue of freedom of the press is at stake. He added:

"When you start out censoring you end up with book-burning. You may not like Confidential, but that doesn't mean you have the right to tell others that they can't read it. If all the books that are not for teen-agers and adolescents are taken away, you will end up with suppression of thought."

Dangerous Curve Blamed

COURCELLES — (Special)

— One of the worst accidents of the year occurred at dusk last night when two cars collided, killing six people and injuring one, one mile from this village, 15 miles south of Thetford.

All of the victims were in one vehicle.

Dead are: Hermenegilde Poulin, 60 and his wife, 58.

Charles-Aime Poulin, their son, 28, and his 17-year-old wife.

Therese d'Ambroise, 21, their daughter and her husband, Aurele, 26.

The driver of the other car, Jean-Edouard Bilodeau, 35, of Courcelles, escaped with leg injuries and was taken to a Quebec City hospital.

All the victims were from Ste. Cecile-de-Fontenac, some 10 miles from Megantic.

The collision occurred around 6:30 last night on a dangerous curve.

Both cars were said by police to be travelling fast.

The impact of the collision threw five passengers in the Poulin car onto the highway and destroyed both vehicles.

The five people thrown from the car were instantly killed while Mrs. Charles-Aime Poulin died of injuries at a Megantic hospital.

Crowds started to gather at the scene of the accident and two doctors, one from Lambton and the other from Courcelles were called to give help.

The Poulin car was heading toward Lambton while Bilodeau, alone in his vehicle was travelling to Courcelles.

Lapalme Draws A Comparison

CHATEAUGUAY, Que. — (P) — Georges Lapalme, Quebec province Liberal leader, Wednesday night drew a parallel between conditions in the Quebec government and those that allegedly caused the defeat of the federal Liberal government.

Speaking at a by-election rally here some 20 miles south of Montreal, Mr. Lapalme said voters apparently turned out the St. Laurent administration believing it had been in power too long, disregarded parliamentary freedoms, and was a one-man administration run by C. D. Howe.

"Well, in Quebec the Union Nationale party has been in power for more than a decade and a lot of people think that this is too long," he said.

"Everything... is run by one man — Premier Maurice Duplessis. A Quebec minister cannot let a contract for \$500 unless it is approved by Mr. Duplessis."

He said parliamentary freedom no longer exists in Quebec. "If a Liberal member is too outspoken in his criticism of the Union Nationale administration, he is thrown out of the House."

Cook Forged Cardinal's Name

MONTREAL. — (CP) — Jean Charpentier, a 47-year-old cook, was sentenced Wednesday to two years in penitentiary for forging the name of Paul-Emile Cardinal Leger.

Charpentier was found guilty of obtaining \$50 from the father of the Cardinal's former secretary by presenting a note stating Cardinal Leger wanted the money.

Citizenship Status

Many British Immigrants Confused Over Position

Sylvia Gentry, a Bishop's University student who came to this country from England some five years ago, discovered that considerable confusion exists among British immigrants to Canada about their status as citizens. Here, she writes for the Sherbrooke Daily Record what her investigations into the subject revealed.

By SYLVIA GENTRY

Citizenship is automatic for native-born Canadians. Immigrants from non-British countries are given specific instructions on how to apply for

citizenship when they arrive here.

But the largest group of immigrants to Canada, those from the British Isles, usually base their knowledge of Canadian citizenship rules and regulations on hearsay and actual experience.

The result is considerable confusion. If they knew where to ask for them, they could obtain free a series of illustrated handbooks entitled Our Land, Our History, Our System of Government, Our Resources and Our Transportation Services, and also The Canadian Scene and A Handbook for Newcomers. They are available from the Immigration Department.

Dealing specifically with citizenship and how to acquire it, is yet another little pamphlet, The Steps to Canadian Citizenship. It gives information about applications for citizenship certificates by aliens, Canadian citizens, British subjects, former Canadian citizens or British subjects, women who have lost their status through marriage, adopted or legitimated people, minor children of naturalized Canadian citizens, and children in special cases.

AUTOMATIC OR NOT?
Most Britons with whom I discussed the question thought that citizenship for British subjects was automatic following a five-year period of residence. Others told me there was nothing automatic about Canadian citizenship at all, and that we have to make an application on a special form and pay a fee of \$5.

When I discussed the situation with Mr. Fraser, head of the Sherbrooke office of the Department of Citizenship and Immigration, Immigration Branch, he confirmed the latter view. All British subjects must make application for citizenship on the prescribed form according to the Canadian Citizenship Act, which superseded the Naturalization Act on January 1st 1947.

Even the British-born wife of a Canadian citizen whose marriage took place after that date is not deemed to be a Canadian citizen but is required to make application for citizenship, although I believe the period of

Creation Of Judicial Centre In Sherbrooke Urged

Despite the tremendous efforts made by judges, courthouse personnel and lawyers the delay in hearing cases in this district is still too long, Benoit Turmel, batonnier of the St. Francis District Bar, declared at the ceremonies in connection with the official opening of the Superior Court yesterday afternoon.

The annual opening ceremonies were attended by dignitaries of church and state and by the members of the judiciary.

In his address, Mr. Turmel suggested that Sherbrooke become a judicial, whose judges would serve a number of other districts.

"A recent Rural Bar convention in Sherbrooke recommended that this city, Queen of the Eastern Townships, seat of an archdiocese and University centre, also become a judicial centre to serve the four or five districts around us which now have to depend on either Montreal or Quebec City," he continued.

Reviewing the past judicial year, Mr. Turmel said that a tremendous effort had been made by judges, court house personnel and lawyers to speed up proceedings. In Superior Court, some 300 cases had been placed on the roll and all had been either settled, judged or heard, but according to statistics compiled by the prothonotary there are still some 350 non-summary cases still to be heard.

Mr. Turmel also welcomed Rene Monty as a new member of the Bar.

The Batonnier said that the St. Francis District Bar was ambitious to supply a Batonnier-general for the Bar of the Province and that steps had already been taken in this direction.

Invited guests included Archbishop Georges Cabana, Mayor Armand Nadeau, Q. C. and W. H. Lynch, Q. C., senior attorney of the district.

The Archbishop spoke briefly saying he hoped that the Bar of St. Francis would continue to do honor to the Eastern Townships.

Presiding over the opening was Mr. Justice William Mitchell, who was accompanied on the bench by his two colleagues of the Superior Court, Mr. Justice Louis Philippe Cliche and Mr. Justice Gaston Desmarais and by two District Court judges, Edouard Boisvert and Redmond Hayes.

Mr. Justice Mitchell, addressing the gathering, said that he hoped that on such an occasion, the mind would be relieved of the daily strain and stress of life and be elevated to a higher plane

so that ideals and true purposes would instinctively, through the year, guide their efforts.

"Thus, I suggest we contemplate the words of Ralph Waldo Emerson in his essay on character when he wrote: 'Truth is the summit of being; justice is the application of it to affairs'."

"To the members of the Bar, I extend, on behalf of my brothers and myself, our thanks for their help and cooperation in their continuing efforts to aid the administration of Justice and particularly to commend the application and work and the character behind it which brings before the Bench with dispatch and unnecessary proceedings the real and true issues in any case carefully and clearly pleaded and argued and supported where applicable by relevant authority or jurisprudence. This is one of the most cherished and important characteristics of a good advocate and which should be jealously conserved in our district."

"To the Prothonotary and the

Dignitaries At Opening — Guests at yesterday's Superior Court opening ceremonies, from left are: W. H. Lynch, Q.C., senior member of the Bar of St. Francis, Batonnier Benoit Turmel, Msgr. devoted staff of this Court, we also extend our thanks for their efforts and loyalty to their trust.

"To end these few remarks and to continue the theme with which they were commenced, I should like to say that we, of the Bench, are conscious of our responsibilities and shall strive to be instructed for God and Country; to do our work uprightly, deliberately and resolutely; to lay aside passion, prejudice and bias; to be wholly intent upon the business; to be unprejudiced with any judgment at all till the whole business and all parties be heard; to shun popular or Court applause and to respect the necessity of physical and mental health," he concluded.

Secondly, for British people here, someone should open their eyes to the truth about Canadian citizenship. This could be managed by articles and advertisements in all newspapers. In the meantime, British subjects thinking they are automatically Canadian citizens simply because they have resided here for five years or over, should take the proper steps to become so.

Further information is obtainable from the Registrar of Canadian Citizenship, Department of Citizenship and Immigration, Canadian Citizenship Branch, Ottawa, to whom requests for application forms are made.

Washington's Authority At Stake

The issue at stake in the racial battle now being waged in the Southern United States seems to be the supremacy of the federal government over the states as much as the right of Negroes to attend school with white students.

Governor Faubus of Arkansas, by ordering the National Guard to prevent Negro students from entering Little Rock's Central high school, has defied the federal government. The issue now goes to the courts where it will be settled on points of law. The federal government is seeking a court order directing Governor Faubus to stop interfering.

The present situation is basically the same as the clash between federal and state authorities over slavery which led to the Civil War, although there is no suggestion that there will be open and armed conflict.

The dispute began back in 1954 when the Supreme Court of the United States ruled that separate schools for

white and Negro children were a denial of equal rights which are guaranteed by the constitution. Since then, 10 of the 17 southern states have abolished segregation.

Although some of the integrated school districts are in Arkansas, nevertheless Governor Faubus called out the National Guard to prevent integration in Little Rock.

Faubus maintained that he acted to prevent disorder, but the disorder that has arisen would seem to have been caused rather than prevented by his action. Little Rock has undoubtedly become a test case for all those Southern areas which will not accept the inevitable fact that Negroes and whites will have equal rights sooner or later in the South.

In the meantime, incalculable damage is being done to American prestige abroad and shameful wrong is being inflicted on American citizens in the South.

The Good Ship "Leisurely"

Canadians will be travelling much faster in 1980 the Lessor report on transportation tells us. Turbo-jet powered planes will have cruising speeds of up to 550 miles an hour; passenger trains will travel at 120 miles an hour and so on.

This will mean a saving of many hours for executives, professional men and others to whom time is the essence. Mail and freight deliveries will be speeded up. All this is to the good.

But the slower modes of transportation will still have their place. There are millions of individuals who travel occasionally to whom time is not so important. Many of these will still like the idea of a "slow boat to China."

Two obviously wealthy women were talking in an hotel dining room. Their conversation was not muted and those nearby could not help overhear-

ing. They spoke of journeys to many places; all had been taken by air.

One who overheard could not help wondering if some of these trips would not have been more restful and more enjoyable if they had been taken by ship or even by train. It was plain that the women's circumstances placed them beyond the necessity of hurrying.

For the retired, especially, a ship journey provides leisure and comfort, time for contemplation — time to "allow the soul to catch up with the body." For the good sea traveller there are unrushed and savory meals. Best of all, the scenery is not a blur. In this little world away from the world, many have found surcease from anxiety.

Speed has its uses but there will always be those who will be glad to savor the scenery and to think their thoughts as the good ship, "Leisurely," glides along.

Living Longer

People are living longer today. It has been remarked before that those in the Eastern Townships have their full share, if not a little more than their share, of the increasing longevity noted by the statisticians.

Nine deaths were announced in an issue of The Record a few days ago. The ages at which eight of those who had died were given. Four of the eight were 85 years or more. The average was a little more than 75 years.

This prompted a look through other recent copies of the paper. The aggregate average of all turned out to be 71½ years. Most of those whose deaths were announced happened to be men.

We have seen two differing sets of life expectancy figures recently. The higher placed the expectancy for men

at 70, for women, 72. The lower cut two years off each.

It would seem that Eastern Townshippers live a little longer on the average than most Canadians. And for this different people will give differing reasons. A relatively clear atmosphere, not too damp and not too dry, may have something to do with it; so, too, the moderate altitude, the moderate hilliness of the eastern counties.

Our scenery, while not of Swiss grandeur, presents a pleasant and soothing variety with its friendly rivers and meandering streams.

Our way of living, too, is moderate and varied. We are not a one-crop people in land or industry. We may strike the golden mean just a little more than others on the average. And out of this may come an extra modicum of contentment.

Press Comment

THE HARDY BREED

(Toronto Globe & Mail)

On Monday, when it was announced that the southern part of Canada got more radioactive fallout (Strontium 90) than any other part of the world; and on Tuesday, when it was announced the Russians had successfully tested a ballistic missile that could strike "any spot on the globe," Torontonians were paying out good money to see the following movies:

The Mummy's Curse, The Son of Frankenstein, The Mole People, The Man Who Turned to Stone, The Incredible Shrinking Man, Curucu Beast of the Amazons, The Giant Claw and The Night the World Exploded.

We take it from this that the genuine horrors of the present age leave the average citizen unmoved; they are all right in their way, and he will spend five cents to read about them, but they don't really chill him. For that, he must turn to the artificial horrors of the screen, which are sufficiently dreadful to get six bits or a dollar out of him. In this case, as so often in life,

the real thing falls far short of being The Real Thing—what, no shipsmashing polypods, no Martian monsters, no snake-men or gorilla-women?

Canadians ought, perhaps, to be frightened of the alleged Russian rocket. But we doubt if they are. A missile that may or may not exist, may or may not be fired, and in any case may or may not hit its target, has little meaning for a family which has driven to Toronto at speeds up to ninety mph so that it can ride on the Exhibition roller-coaster, mix hamburgers with floss candy, and afterward have the remarkable experience of watching a man turn to stone.

Hutterites Live A Frugal Life

By RUSSELL ELMAN

(Canadian Press Staff Writer)

CYPRESS COLONY, Sask. — (CP)—The trim, white buildings of a Hutterite colony stand out in bold relief against neighboring farms in this semi-arid area of southwestern Saskatchewan.

Here, near the foot of the pine-clad Cypress Hills, 270 miles southwest of Regina, 50 men, women and children live a frugal, communal life.

Sometimes described as the only "true Communists," they base their beliefs largely on a single quotation from the Book of Acts in the New Testament—"and all who believed were together and had all things in common."

These Canadians speak German among themselves, do not vote, do not smoke, observe only their own religious holidays, have no music, no radios, grow their own food and make their own distinctive clothes.

"As Christ teaches us, so we obey the government," says John Entz, 50-year-old father of 10 children. "But we do not vote in elections."

Mr. Entz, whose flowing beard marks him as a married man, said his group moved in 1952 from Cardston, Alta., to form one of Canada's newest Hutterite colonies, five miles west of Maple Creek. The colony owns 11,000 acres, 4,000 under cultivation. No effort is spared in buying the latest machinery, even importing directly from Europe, to improve the farm's technical efficiency. There are two heavy trucks, two crawler tractors, two tractors, three combines. All milking is electrically-operated and fully automatic.

Besides growing grain, vegetables and fruit, the colony keeps 20 dairy cows, 700 sheep, 500 cattle, 300 geese, 300 ducks, 600 pigs and 3,000 egg-laying hens. Surplus food is shipped across the Alberta border to Medicine

Hat for marketing.

Life at Cypress is rigorous. The day starts at 6 a.m. with breakfast at 6:30. In a spotless dining hall, the 18 men, seated unofficially according to seniority, eat on one side of the room, the 17 women on the other. The children eat after the adults.

Food is well-cooked but simple. A typical lunch, served at 11:30 a.m., might consist of grits, canned meat, fried potatoes, coffee, milk and bread. Supper is at 6:30.

Dressed in black felt hats, colored shirts and dark trousers, the men spend the day in the fields or in the shops, making shoes, furniture or repairing machinery. The women, clad in long, dark-colored dresses, printed aprons, laced black boots and wearing polka-dot kerchiefs, look after the kitchens, make clothes or hoe in the gardens.

"Women have no say in our affairs," says Mr. Entz. "We rule by majority. If a man wants to change his job on the farm, we all vote on it."

However, two men are in authority. One is the preacher, the other the "field boss"—76-year-old Peter Entz, a native of Mitchell, S.D., and John's father. They supervise farm opera-

tions. A half-hour church service is held each evening with morning and night services Sunday in the bright, church-schoolhouse. The children are taught up to grade VIII by a teacher provided by the Saskatchewan education department, who resides on the colony during the school year. But they also learn German before and after the regular school day.

"Apart from reading and singing, we have no amusements," said Mr. Entz, showing his sparse living quarters, a self-contained unit within a larger barrack-like block. Practically the only adornments were some books in German and the Bible. There is no dancing nor smoking, but drinking is permitted.

Occasionally members of the colony go into Maple Creek for staple groceries such as sugar or coffee or materials for clothes, but they spend little at the local stores. The children have little or no pocket money.

In some areas, particularly in southern Alberta, Hutterite colonies have aroused resentment among local residents and sometimes restrictive, discriminatory laws. Mr. Entz, however, said so far his people have had little trouble in Saskatchewan.

SUBMARINE PLAY TORPEDOES EAST

The late Walter F. Wyman of Boston was one of our greatest card players and most interesting writers. Today's hand was played by Walter in the very early days of contract and illustrates how to develop a squeeze play by losing a trick deliberately.

Walter won the opening heart lead in dummy and East discarded a low spade. Walter assumed that East must have started with five spades to make this play so that spades would still be stopped. This left him with only 11 tricks and a squeeze would be necessary for the 12th.

Just to confirm the spade situation Walter cashed the ace and then led clubs. When both opponents followed to the third club lead Walter had a complete count on the hand. West had shown up with one spade, seven hearts and three clubs and hence was marked with only two diamonds. This meant that only East could annoy Walter in the spade and diamond suits.

Walter simply led his nine of hearts and the stage was set for a squeeze against East. West won the trick but there was no defense. He actually returned a third heart.

Walter won that trick and laid down his last club. He discarded

a low diamond from dummy and East was unable to guard both diamonds and spades.

Incidentally, Walter called this play the submarine squeeze which seems a most appropriate name. The low heart lead was of course the submarine play.

CARD SENSE

Q—Both sides are vulnerable. You are the dealer and hold: Spades 2, Hearts A-K-Q-J-7-6, 5, Diamonds A-2, Clubs K-4.

A—Two hearts. The opponents may find a save in spades but you must try to show your great strength.

It has been said that nobody ever wins a war. The War of 1812, in which the United States declared war on Great Britain, in the interests of its sailors and shipping, is an illustration. Neither a single aim nor an inch of territory was gained by either side. Stranger, the greatest victory of the United States, the slaughter of the British in the battle of New Orleans on Jan. 8, 1815, took place 15 days after peace was made and the war officially ended.

Quebec City Jurists Rap Hearing Delays

QUEBEC — Two leading jurists Tuesday urged prompt action by the federal and provincial governments to end what one called a "slowdown" in the handling of civil suits in Quebec province.

Chief Justice Albert Sevigny of Quebec Superior Court said more judges are needed to deal with the backlog of unheard suits.

Batonnier Ross Drouin of the Quebec Bar Association said "certain antiquated provisions" of the French code of civil procedure used in Quebec must be thrown out. He said they are used by lawyers interested in delaying the settlement of suits.

The remarks were made at the opening of the fall term of the Assizes Tuesday and constitute one of the strongest protests from judicial quarters over the present congestion of suits pending in civil courts.

TWO GOVERNMENTS

The provincial government, charged with the administration of Superior Court, authorizes the appointment of judges but the federal government appoints and pays them.

The congestion of pending and unheard cases in Superior Court is considered serious. As the court opened its annual session 1,000 cases from earlier terms still awaited hearing in Quebec City and district. Olivier Bresse, master of the rolls, said recently the figure represents an increase of 40 per cent over the backlog three years ago.

Mr. Drouin seconded Chief Justice Sevigny's suggestion of appointment of more judges, but said that is not the only solution.

There are many capable lawyers ready to fulfill judicial posts, he said. But to complete a needed reform the Quebec code of civil procedure should be revised to "dispose of the accumulation of unneeded procedures which only block the process of justice."

Mr. Drouin said there are complaints from all judicial districts of the province about the congested situation. A case inscribed in court today may take two or three years before it is heard. "If by providential circumstance, a case finally comes up

for hearing then how many times must it be dropped because witnesses no longer remember the facts or have disappeared without trace or because one of the disputing parties died in the intervening years?"

Criticism of certain sections of Quebec's civil code have been voiced frequently in recent years and the Quebec government has charged former Chief Justice Thibault Rinfret with the task of effecting revisions and suggesting changes.

Foreign Investment Is Welcomed

MONTREAL — Premier Duplessis said Wednesday sound and good, honest foreign capital is always welcomed in Quebec. This policy has been carried out by the provincial government he said, because healthy foreign investments have been an important factor in Quebec's economic growth.

At the same time foreign investors, particularly those from the United States, had faith in Quebec. They had found here a stability of policy and administration, unlimited natural resources and competent workers.

Mr. Duplessis addressed about 300 Canadian business executives at the official opening of a \$15,000,000 plant of Canadian Titanium Pigments, Ltd., at nearby Varennes.

Presentation To Nursing Student At South Stukely

SOUTH STUKELY — (Special) — Presentation of a nurse's watch was made by the South Stukely Seventh-day Adventist church to Miss June Fessenden of Fulford, a prospective nursing student, prior to her leaving for college. The gift was presented with appropriate remarks, by Andrew Ferrier of Waterloo, local Elder of the church, at a farewell party in the Fessenden home. The church pastor, G. Davies, gave a farewell address.

Miss Fessenden, a member of the church from childhood, is leaving today for denomination's eastern Canadian training center, Oshawa Missionary College, where she plans to take the pre-nursing course.

Like the majority of students attending Adventist schools, she plans to "work her way through," having applied for after-school work at the publishing plant on the campus. Beside this avenue of employment the school also provides work for the students in its woodworking factory, dairy, bakery or farm, as well as varied maintenance work in the buildings or on the grounds.

Like Miss Fessenden, other Adventist young folk from the Townships will soon be leaving for this and other of the denomination's 16 colleges, 73 academies or 12 schools of nursing in North America.

The prime minister, who already has in his cabinet two men who ran against him for the party leadership at national conventions—Finance Minister Fleming and Justice Minister Fulton—adds in Dr. Smith a man who twice declined to be a leadership candidate at conventions contested by Mr. Diefenbaker.

A First World War veteran, first a gunner and then a member of the Royal Flying Corps, Dr. Smith was an undergraduate at 14 in King's College, Windsor, N.S. He subsequently attended Dalhousie University, Halifax, and Harvard, and was called to the Nova Scotia bar in 1921.

After teaching law at Osgoode Hall, Toronto, he returned to Dalhousie's law school as dean. In 1934, at 37, he became Canada's youngest university president, at Manitoba.

In 1944 he became assistant to Dr. H. J. Cody, then president of the University of Toronto, and took over on Dr. Cody's retirement the next year.

COATICOOK — The annual Sunday School picnic of St. Stephen's Anglican Church, which was postponed earlier in the summer, will be held on Saturday, September 14. The pupils, teachers and all those interested in enjoying an outing are asked to assemble at the Guild Hall at 10:00 a.m. The picnic will be held at the sandy beach at Island Pond, weather permitting. The Sunday School classes will begin the following day, September 15th and the members will meet at the church at 9:45 a.m.

The Sunday School of Sisco Memorial United Church will report on Sunday morning, September 22nd, at 10:15 a.m. The Coaticeok Home and School Association will hold the first meeting of the season on Thursday evening, September 19th, the meeting to be preceded by a family supper from the school cafeteria as was done last year. The money received from the nominal charge made for the supper will be used to support various projects of the Association.

Kadar Raps U.S. For Racial Strife — BUDAPEST, Hungary — (Reuters) — Premier János Kadar attacked the United States Wednesday and declared: "Those who tolerate that a people should be persecuted because of the color of their skin have no right to preach human liberty and human rights."

Kadar, addressing a Communist party meeting in honor of a visiting Mongolian delegation, apparently was referring to recent disturbances in the U.S. over Negro children going to school with whites.

Some Priests Said 'Crazy Drivers' — BRANDON, Man. — (AP) — Rt. Rev. H. H. Clark, bishop of Edmonton, says some Anglican priests "are crazy drivers and I often thought of taking out flight insurance before climbing into some of their cars."

He said one priest he knew ruined two cars on successive weekends.

Weekend Clark made the comment at the Anglican Church's executive council meeting here during discussions of a plan to double the mileage allowance paid missionary clergy.

Cop KO's Ex-Champ Saxton

NEWARK, N. J. — (AP) —

Former welterweight champion Johnny Saxton was knocked down by the long arm of the law on the New Jersey Turnpike Wednesday night.

Saxton, who tips the scales at 142, was floored by state trooper Anthony R. Shupin, a stocky 175-pounder who connected with a straight right to the jaw.

After the brawl, the two retreated to a neutral corner—the Newark police station—where Saxton was charged with driving without a licence, stopping illegally on a ramp and assault and battery on an officer.

Shupin said he saw Saxton's car parked on the ramp and pulled up to see what the matter was. The former champ came out swinging. He threw a short right and Shupin ducked. The trooper then countered with his own right and sent Saxton to the asphalt.

Avro Offer To Dosco Is Approved

MONTREAL — (AP) — A majority of the board of directors of Dominion Steel and Coal Corporation has approved an offer by A. V. Roe Canada Limited to purchase controlling interest of the corporation, it was announced Wednesday.

A. V. Roe, in a letter of intent last month, offered to buy a minimum of 52 per cent of the corporation's outstanding common shares and convertible debentures.

In a brief statement Wednesday, Dosco president Charles B. Lang said: "A majority in number of the directors of the corporation holding or controlling a substantial number of shares and debentures has expressed their intention of accepting the A. V. Roe Canada Limited offer in respect of their own holdings and of communicating their decision and reasons to the shareholders."

There was no further announcement. The board held its regular monthly meeting Wednesday to discuss primarily the matter of a dividend but it was not disclosed whether any of the directors brought up the A. V. Roe offer.

A. V. Roe was to have filed a formal offer by Aug. 30. The company, holding subsidiary of the British Hawker Siddeley Group, bid \$60,000,000 for control of the vast Dosco empire.

The offer included the condition that A. V. Roe must acquire 1,600,000 shares—approximately 52 per cent of Dosco shares outstanding if all debentures are converted.

The offer amounted to about \$37 a common share. The closing market price per Dosco share Wednesday was \$27.

Dosco's capital stock is made up of 7,500,000 common shares of which 4,750,000 are issued and \$25,000,000 authorized preferred shares of which none are issued.

Newsprint Makers Profits Decline — NEW YORK — (AP) — A sharp decline in profits of major newsprint producers was reported by the Newsprint Information Committee Wednesday.

According to the committee, midyear earnings reports of 13 out of 14 producers of newsprint in North America showed declines averaging 22 per cent from a year ago.

Although the production of newsprint set records, the committee said, the decreases in earnings of important producers ranged from 11.6 to 40.9 per cent.

Liberals For Marler?

MONTREAL. — (The Gar-

ette says a move is afoot in Quebec Liberal party circles to nominate former transport Minister George Marler as National Liberal leader.

The newspaper says a Quebec group is "sceptical" of the chances of former external affairs minister Lester Pearson being able to hold the Quebec Liberal bloc, and are seeking another candidate.

Mr. Pearson is reported to be a favorite choice as successor to the party mantle when Louis St. Laurent steps down. Mr. St. Laurent announced last week that he was resigning as Liberal leader.

The newspaper says a caucus of Quebec Liberals was held secretly in a Montreal hotel and was attended by René Boudoin, member of Parliament for Val-d'Aulieu—Soulages and former Speaker of the House of Commons.

ment called "development of the situation in the light of the Soviet and American foreign ministers' statements on Syria."

They referred to the warning to Turkey and the West by Russia's Andrei Gromyko against any military moves on Syria and to U. S. State Secretary Dulles' view that the current crisis will be settled without war.

Arab emphasis continued to shift to the line that Israel might seek to take advantage of the current crisis and attack Syria.

Lebanon expressed fear of such action. Official sources in Beirut said President Camille Chamoun has notified the ambassadors of Britain, the United States and Turkey of his government's concern. He warned that an attack by Israel would bring the Arab bloc to Syria's assistance.

In Jerusalem, an Israeli foreign ministry spokesman said talk of an Israeli attack "is pure propaganda."

PRESS BLASTS U.S. — The Syrian press continued to pound on the theme that the United States is plotting to destroy Syria's independence.

The United States this week began speeding up deliveries of arms to Jordan, Lebanon and Iraq in an effort to counter Syria's move toward the Soviet camp.

The Cairo arrival of Bizry and Serraj was interpreted in U. S. quarters as meaning that the Syrians are preparing to invoke the joint military command set up by Egypt and Syria last year.

Miss R. Runnells W. I. Handicraft Technician

MACDONALD COLLEGE—Miss Ruth Runnells, Hudson, Que., has accepted the position of Handicraft Technician on the staff of the Quebec Women's Institutes.

Miss Runnells is an honor graduate of the 1956 Handicraft Course at Macdonald College, winning the prize for General Proficiency. Since graduation she has been working in the Occupational Therapy Department, Mount Sinai Sanatorium, Ste. Agathe.

Miss Runnells is taking the position left vacant by the resignation of Miss Bridget Altamas, who has enrolled as a student at Sir George Williams College.

The planned schedule of courses for the rest of the year will be continued by Miss Runnells, so there will be no lapse in the service given by the Q.W.I.

Engagements

Mr. and Mrs. Leslie Taylor, of Richmond, announce the engagement of their daughter, Jean Elizabeth, to Mr. Edwin Hall Kimball Story, son of Mr. and Mrs. Edwin Story, of Asbestos. The marriage has been arranged to take place on Saturday, October 5.

MANNERS MAKE FRIENDS

EVEN though the bride orally thanks a person for a wedding gift, she still must write a note to the person. And she can't use the telephone or printed cards to save herself the trouble of writing thank-you notes.

A note from the bride will be expected by everyone who sends her a gift.

Homemaking

Home wading pools for the children need frequent scrubbing. Drain the plastic pool and wash down the sides and bottom with hot suds. Use a hose to rinse and refill with clean water.

Ruffle Blouses Go To School

Learning is a serious business for these young ladies. But neither arithmetic problems nor spelling tests will ruffle their appearance when they are wearing blouses like these ones made of "Tervlene." They are favorites too with mothers since they wash like a dream, dry quickly and need little or no ironing. "Pride 'n Joy" blouses by Bing.

New Trade Minister's Wife Behind The Scene Helper

OTTAWA —Mrs. Gordon Churchill says she's the behind-the-scenes helper in everything her husband has done.

The wife of Canada's new trade minister told a reporter that she hesitated when her teacher-lawyer husband suggested entering federal politics in 1949. But "I became a political worker by his side," says the woman who also taught with her husband in Prairie schools.

Mr. Churchill, unsuccessful Progressive Conservative candidate in the 1949 federal election for Winnipeg South Centre, won a byelection there two years later.

GOOD CAMPAIGNER

Mrs. Churchill recalled, after her husband was re-elected in 1953, that she poured at 122 teas. Thirteen years earlier she had helped her husband win a seat in the Manitoba legislature.

Now she will commute between Ottawa and their Winnipeg home to keep in touch with her husband's constituents and to help at party headquarters in Manitoba.

She also recalls three years spent as a United Church missionary-teacher on a Sioux Indian reservation at Dundurn, Sask.,

Among members of the Catholic Women's League of Canada, leaving tomorrow for Quebec City, to attend the Provincial convention, on Friday and Saturday, will be: Miss Yvette Campbell, Mrs. D. Pechie, Miss Arlene Hand, Mrs. E. J. Wolfe, Miss Priscilla Tuite and Mrs. Douglas Hall of Sherbrooke; Miss Marion McCormick and Mrs. Eugene Clark, of East Angus.

Miss Kay Harte has returned to Montreal, after spending a holiday with her brother-in-law and sister, Mr. and Mrs. Fred Wilson and family, Queen Boulevard.

Recent guests at the home of Mr. and Mrs. Charles Parsons, High Street, Lennoxville, have been Mrs. Carrie Richardson, Mrs. Ralph Todd and Mr. Raymond Todd, of Bulwer, Miss Mildred Parsons, of Cowansville, and Mr. Herbert Coates, of St. Johnsbury, Vt.

Mr. and Mrs. H. L. Wallace have returned to their home on Queen Street, Lennoxville, after visiting at the home of Mr. and Mrs. James S. Johnston, Kinnear's Mills.

New York Offers Individuality

NEW YORK — Trends may come and go but designer Pauline Trigere continues to go her own way, creating clothes of great individuality.

Her clothes, consequently, are not for everyone. They're sophisticated and they demand both a flair for wearing clothes and a certain sophistication from the wearer if they're to do their utmost for her.

This fall, her collection contains both narrow and full, flared lines. She likes the deep armhole for both suits and dresses, dresses unmarked at the waistline except perhaps for a bow.

Her short evening gowns are usually cut with a neckline that's high at the front, curving to a low V in the back.

We show here a daytime suit and an evening dress from her current collection. The suit (left) is in a soft, light all-wool tweed. It's cut with a fencer's jacket which stops short at a snugly fitted waistline. The front is straight and unbuttoned from midriff to throat.

Elegant featherweight mauve wool sheath (right) is encrusted with iridescent paillettes. Pail-

letes and fabric together create a color effect of mauve, dark pink and blue. Neckline is high at front.

Bringing Up Baby

HINTS COLLECTED BY Mrs. Jean Gerber (MOTHER OF 5)

Eating should be fun—for everyone! Points to remember: baby will enjoy his food more if you let him eat instead of making him eat. If baby suddenly refuses a food he liked before, the experts suggest that it's better to substitute another food on the spot and come back to the rejected food a few days later.

—and that goes for small fry too! Eating is fun when there's plenty of variety and when the food looks good and tastes good. Gerber offers you 42 tempting Strained Foods—noteable for appealing colors and delicious natural flavors. Fruits, vegetables, soups, meats, egg yolks and desserts make up the good-tasting Gerber list. All are prepared with a minimum of seasoning or sweetening to suit baby's unsophisticated palate. All are pureed to a velvet smoothness that feels especially good on baby's tongue.

A baby sit-uation. Has baby arrived at the sit-up stage? Remember, his little back muscles are weak at first, so don't leave him sitting in one position too long. Be on the alert for these fatigue signals: slumping forward or sliding from buttocks to small of back.

Soothing strategy. The rocking chair has come back into its own as a mother helper. Seems that some doctors recommend rocking to ease tension; to quiet an overstimulated baby; to relieve after-nap crankiness.

New way to help baby grow. Proteins, as you know, promote growth. And the new Gerber Protein Cereal Food provides extra protein in easy-to-digest form. It has a 35% protein content derived from oats, wheat, soy beans and yeast. The toasted, nut-like flavor is delicate enough for babies and remains interesting for toddlers. Like the other Gerber Cereals—Rice, Barley, Oatmeal, Wheat and Mixed Cereal—it's ready to serve with milk, formula or other liquids. Gerber Baby Foods, Niagara Falls, Canada.

Thousands upon thousands of mothers would line up beside me, I know, to emphasize the wisdom of my advice! Farley's Feeding Biscuits are the perfect supplement to a baby's diet, and can be blended in the bottle, mixed with a little milk and served with a spoon, or eaten as a biscuit. EVER PLAYED THE "MAP" GAME? Planning imaginary trips and mapping out the routes can be a lot of fun—educational, too. But not all of those trips need be make-believe. A special "Sunshine Account" at the BANK OF MONTREAL can turn fancy into fact if you plan far enough ahead. For instance, I know how much my holiday trip and expenses will amount to, I start a full year ahead putting one-twelfth of the cost into my B of M "Sunshine Account" each month. It's the best way I know to "insure" yourself for a better holiday when the time comes. Why not make your down payment on next year's pleasure at your B of M today?

SO SWEET A BABY DESERVES THE FAITHFUL, loving care he gets. Deserves, too, the care with which his mother has selected—on her doctor's advice—one of the three FARMER'S WIFE Formula Milks as the one best for his needs. Perhaps he'll thrive on Whole Milk (Red Label) or possibly he should have Skimmed Milk (Yellow Label) or the Partly Skimmed Milk (Blue Label). This latter was prepared at the request of pediatricians for a high-protein, low-fat concentrated formula. All are Vitamin D increased and vacuum packed in the most modern type of milk container. Ask your doctor which your baby should have!

FUN FOR ALL AT RICHMOND "STREET FAIR"

Gala Legion Event To Be Held In Coliseum With Proceeds For Aid Of Ex-Servicemen

RICHMOND — The doors of the Coliseum at the Exhibition grounds here will be thrown open this Saturday evening at 8.30 marking the start of the 17th annual "Street Fair" sponsored by the No. 15 Branch of the Canadian Legion.

Legion members will form ranks around 7.30 p.m. at the Legion Hall and parade through the town streets with the Richmond Harmony Band. Mayor Alfred Geoffroy will officially open the fair.

Sixteen booths will be in operation according to Fair officials. An aluminium household goods booth, set up by the Aluminum Company of

Canada is one of the new attractions in the display section. With the usual bingo games, the wheels of fortune, the blanket booths, the stocking booths, and many others, the event should be its usual gala and colorful affair.

Along with 12 other door prizes are the many opportunities of making a killing at the booths, and the fairgoer stands a good chance of leaving with arms loaded.

Legionnaires, with the help of volunteers, have been redecorating the Coliseum with yards and yards of colored streamers and gay decorations during this week to have that proper carnival atmosphere for the occasion.

The Richmond Legion "Street Fair" has become an annual event to which all townspeople look forward eagerly each year. Always held indoors, the Fair won its name during the war when tickets were sold for the

event at a street dance which used to precede the fair itself.

Welfare activities of the Richmond Legion depend heavily on the funds derived

Milwaukee's Big Lead Getting Chopped Down By Cards; Yanks Win

Fog Fails To Halt Last Night's Racing Card; Double Pays \$62.80; Quinella In Ninth Is Top Figure

Racing in the dark would be a good manner in which to describe last night's program at the local track. Despite the fog, which caused visibility to be reduced to a few feet, it failed to halt proceedings as the drivers claimed they were ready to proceed with the races.

The fog settled down early over the track but this failed to put the damper on activities and some of the best times were registered. The bettors in the stand could barely see the tote-board across the track but this didn't halt them from laying down the greenbacks.

It was a case of driving more by sound than eye and even with the dense fog no accidents occurred. The prices on the whole remained on an even keel but the quinella and the daily double took a slight jump.

The double of Trahan's R. First and Snotte's Bomber Grattan paid their backers the sum of \$62.80. In the only double event on the card, the fifth and eighth a "D" Trot and Pace, the honors were divided. In the opening half A. Gamache teamed Mr. Normby to first place while in the second H. Gendron's Miss Gisele Bing pulled out of the fog to cross the wire in front.

In the sixth the quinella of Buzzy Frisco and Barbara Volo 2nd rewarded their backers with \$25.10. In the ninth the sum of \$82.80 was doled out for the winning duo of Fabi's Happy Chum and Champagne's Gold-dust Grattan.

Mrs. Ager's Bobby Taylor paid the top price of \$26.30 for a place bet. In the fourth race Bennett's West Oak Diplomat and Destrier's Hillcrest Alice finished in a deadlock for second spot causing an extra payoff for place and show. The Bennett entry paid the high price of the evening for place when \$18.40 was collected while at the same time \$11.10 was doled out for a show wager. The results follow:

FIRST RACE			
(1) R. First	8.10	4.50	4.30

(3) Larry Chief			3.30

Dow Edges Hotel Albert 5-4 For First Win In City Senior Softball League Finals; Meet Tomorrow In Fourth Tilt

Dow kept their hopes alive last night in the City Senior Softball League when they eked out a close 5-4 victory over Hotel Albert. It was the first win for Dow as the hotelmen registered 7-6 and 10-6 verdicts in the opening matches. The fourth tilt is slated for tomorrow evening at Dufresne Park.

A single by Paul-Emile Ruel and a wild throw to the plate allowed Dow to register the winning run in the last half of the seventh. Dow had pushed home two runs in the opening frame but Albert evened the count in the second.

In the fifth Coach Ruel's crew came up with another two-run rally but once again the hotel men deadlocked the count in the sixth. In the lucky seventh win-

ners managed to squeeze home the winning tally.

Claude Ruel and Rene Pepin, the hurlers, turned in fine jobs. Ruel spaced six hits and retired four while Pepin allowed only four safeties and whiffed five at the plate while being charged with the defeat.

Coach Ruel was the best at the plate for his team with a double and a single. Guy Proteau rapped out a double while Robert Blais picked up a single. For the losers Lou Cote set the pace with a double and single while Jean-Paul Pepin and Bert Morin had doubles. Guy Pelletier had the other hit.

Supporting Bouts On Piau-Guder Boxing Card At Arena Announced

An eight-round semi-final and two six-round preliminary bouts, have been lined up as a supporting card of the Marcel Piau-Karl-Heinz Guder ten-round main event, to be held at the Sherbrooke Arena, next Thursday, Sept. 19th.

The Piau-Guder fight will show one of the hardest punches ever to appear in Sherbrooke in the person of Karl-Heinz Guder of Germany.

Guder has scored 24 knockouts in 31 pro fights. This is probably the best K.O. record of any middleweight in the world today.

He is former national German amateur middleweight champion and was judged the best amateur boxer in Germany before he took to the punch-for-pay ranks.

Marcel Piau is well-known to Eastern Townships' fight fans. He won the 156-pound Golden Gloves championship in Montreal in 1954. He went on to win the Canadian amateur middleweight championship and represented Canada in the last British Empire Games.

Piau turned professional in 1955 and has tasted defeat only once in twenty-three pro bouts.

Two six-round bouts will show Jerry Leroux of Montreal with Rocky Ford of Brooklyn and Nick Grimaldi of Stamford, Conn. against George "Baby Beau Jack" Seabrook of New York.

Tickets for these bouts may be obtained at Laforet's Restaurant, Kory Sweets, Sherbrooke Arena and Codere Lite.

Fabulous Odds Offered On UK Race Courses

LONDON—(AP)—Better odds on British soccer matches were offered on a new type of wage Wednesday where the odds are 21-000,000 to 1. If the better can correctly pick eight of the tie matches from among the games played in the English Soccer League teams each Saturday he will be paid \$420,000 for each two cents bet.

The bookmaking firm, whose business is legal in England, suggested to its patrons that a knowledge of the sport was not necessary.

Ancient Archie May Raise Rumpus Over Weigh-In

LOS ANGELES—(AP)—Light-heavyweight champion Archie Moore reiterated Wednesday he is dead set against stepping on the scales prior to weigh-in time for his title fight with Tony Anthony Sept. 20.

He tendered a \$5,000 cheque to the state athletic commission as a guarantee he will weigh the required 175 pounds or less.

Moore contends his weight is a strategic secret and that the contract he signed for the 15-round, nationally-televised match says only that he weigh in at noon Sept. 20.

The commission had requested Moore to report to its office for a weigh-in Tuesday or Wednesday.

Spahn Loses His Bid For His 20th Win As Braves Lose To Pirates; Sal Maglie Stops Indians 5-0

Is that a miracle or a mirage taking shape in the National League pennant race?

A miracle finish, such as New York Giants staged in 1951, is like a tango. It takes two.

That's the situation in the National League now. The second-place St. Louis Cardinals have won seven of their last eight while Milwaukee's first-place Braves, perhaps building pressure by insisting there isn't any, have lost five of their last eight.

The Cards Wednesday night battered Philadelphia 14-6 and climbed within 4½ games of the Braves, who were stopped 2-1 by Pittsburgh Pirates. Warren Spahn, Milwaukee's ace, was sidetracked in his bid to become the majors' first 20-game winner of the year, after winning nine straight.

New York Yankees reduced their magic number for the American League flag to 11 with a split in a day-night double-header against Cleveland. Of Sal Maglie tossed a three-hitter that beat his former Tribe mates 5-0 in the opener, but Ray Narleski set down the Yankees on four hits in Cleveland's 4-1 night-cap victory.

That left the champs with a 5½-game lead over Chicago's second-place White Sox, who scored three in the 11th and beat Boston 4-1.

Third-place Brooklyn, seven games behind Milwaukee, defeated Chicago Cubs 9-1 in the only other National League game scheduled.

In a pair of American League two-night doubleheaders, Detroit swept Washington 3-0 and 12-2 and Baltimore split with Kansas City, winning 6-2 after a 7-3 defeat.

The Cardinals rapped 15 hits of ex-mate Harvey Haddix and five relievers. Del Ennis drove in three runs with his 22nd and 23rd home runs. Hal Smith also drove in three runs and Wally Moon added a homer while Herm Wehmeier won his fourth in a row for a 9-6 record.

Hank Foiles had three of the Bucs' eight hits, swatting a home run that tied it 1-1 in the third and driving home the clincher with a two-out single in the ninth. Spahn now is 19-9.

Pirate right-hander Ron Kline won his sixth in a row with a six-hitter for a 8-15 record. An-

dy Pakko homered in the second for the Braves.

Maglie, 40, gave up a single to Joe Caffie and Russ Nixon's ground rule double in the second then no-hit the tribe until Nixon singled with two out in the ninth. It was Sal's first American League victory. Early Wynn lost his 17th.

Narleski was touched for two hits by Hank Bauer, one a triple in the fifth that cut the Indians' lead to 2-1. The Tribe rapped Bobby Shantz for eight hits in his seven frames.

Jim Rivera's third hit, a single drove in the tie-breaking run. Fischer went all the way, gaining a 7-7 mark with a 10-hitter.

The Dodgers smacked 15 hits, 14 of them singles, and nailed it with six runs in the fourth that handed Bob Rush a 15th defeat. Johnny Podres lost his bid for a seventh shutout on Ernie Banks' 37th home run — 11th against the Brocks — in the second.

Jim Bunning hit his first major-league home run and gained his first shutout along with his 18th victory for the Tigers in the opener. Frank Lary won his 10th in the nightcap as Detroit scored nine in the seventh, two on Frank House's homer.

Ralph Terry four-hit the Orioles in the opener for Kansas City, losing a shutout on Al Pilarcik's ninth-inning homer. Baltimore ended its losing string at five on two-run homers by George Kell and Gus Triandos in the nightcap.

Toronto And Buffalo Take Thumping At Hands Of Miami And Richmond In Best-Of-Seven Semi-Final Playoff

The worm turned with decisiveness Wednesday night as the lower-finishing teams won the openers of the International Baseball League best-of-seven semi-finals.

Miami Marlins, who staggered into fourth place on the next to last day of the season, thumped champion Toronto 6-0, while Buffalo was soundly spanked by third-place Richmond, 6-3.

Right-hander Ray Semproch, who was 12-4 and had the best won-loss percentage during the regular season, administered the whitewash with a nine-hitter over Toronto.

Woody Smith, with three RBI, led the Miami attack. He drove in two runs with a second-inning homer after Marv Blaylock had singled.

Semproch, 3-1 against Toronto during the regular season, decided tall Jim Pearce. Pearce left in the fourth inning, after being tagged for five hits and the first four Miami runs. He was 3-2 against the Marlins during the regular season, and 15-8.

The commission had requested Moore to report to its office for a weigh-in Tuesday or Wednesday.

It takes a GIANT to keep America on the go

There are only 41,785 new car dealers in the U.S. to serve more than 49,000,000 car-craving families. Yet these comparatively few dealers perform a giant selling job in moving more than 6,000,000 new cars a year worth well over \$15,000,000,000!

There are only 1,761 daily newspapers in the U.S. Yet every day they roll out more than 58,000,000 copies to do a herculean job of helping to sell America's automobiles from coast to coast.

Car dealers and daily newspapers have much in common. Both are upstanding local citizens vitally

interested in local affairs. Back of almost every civic drive you'll find the local car dealer supporting it with all his weight. And right beside him, with equally ardent support, is the daily newspaper.

Car dealers, like others, have learned that the daily newspaper puts plenty of weight behind an advertiser's sales message, too. That's why newspapers, each year, carry the biggest share of automotive advertising. Use this giant to put the weight behind your advertising.

All business is local...and so are all newspapers.
