## March on Washington orderly, President Kennedy to press for civil rights legislation

WASHINGTON (CP) — Described by a Negro leader as "a joyful miracle," a mass of humanity took part in the biggest civilian march in U.S. history Wednesday as the American Negro took another step along the long, weary road to full freedom.

No one could be sure just how this massive and orderly demonstration by some 200,000 marchers, including about 20,000 American whites and a tiny sprinkling of Canadians, could help smash the barriers against the Negro.

But the Negroes and their white supporters who marched with chanting, singing exuberance, were elated.

And President Kennedy, after talking with the Negro leaders in a White House session later, said "the cause of 20,000,000 Negroes had been advanced."

He promised to press harder for passage of civil rights legislation now bogged down in Congress that would make it easier for Negroes to get hotel rooms, service at restaurants and a chance for better housing and schooling.

Kennedy maintained that remarkable progress had been made this summer in translating civil rights into practices but he conceded in a statement that "we have a very long way yet to travel."

"This was a joyful miracle," said Bayard Rustin, deputy march director. "I feel this is the most magnificent experience that has even taken place in American society."

And he praised Canadians for their help.

"Religious, welfare and labor groups in Canada sent contributions and they sent some people—a number of people came from Canada."

## Congress legislation stops US rail strike

WASHINGTON (AP) — The trains were rolling across the United States today, but there were caution lights ahead.

What kept them rolling was strike-blocking legislation quickly enacted by Congress Wednesday and signed into law by President Kennedy.

What touches off the note of caution is the view in several quarters that the legislation only serves to delay the strike threat.

Racing against the clock—the strike had been set for 12:01 a.m. today — and after four hours of debate, the House of Representatives at 4:42 p.m. Wednesday approved a resolution passed by the Senate Tuesday night calling for binding arbitration of the two major issues in dispute. The House vote was 286 to 66.

Minutes later the threat of an immediate strike was removed. The carriers announced they were taking down notices of new work rules and the heads of the five rail brotherhoods announced they were cancelling their strike plans.

**TO NAME SEVEN**  
The arbitration board will include two members selected by rail management, two by the rail unions and three public

members to be named by the two sides. If no agreement is reached within five days on the three public members, Kennedy would make the selection.

As the bill rolled through Congress—after weeks of indecision and fruitless negotiating—there were rumbles that it had stalled off a strike for possibly only six months. Also, there was union criticism that compulsory arbitration of the two issues was a "regrettable and backward step."

James Hoffa, president of the Teamsters Union, viewed Congress' action as the "worst possible thing that could happen to trade unions."

**FIREMEN ISSUE**  
The two issues to be arbitrated are the 32,000 firemen's jobs considered essential by the carriers and how to regulate the number of men assigned to train crews.

The law creates a seven-member arbitration board which would have a maximum of 180 days to come up with an answer to the two key issues.

Meanwhile, other issues viewed as lesser ones, such as wage structure and job security, are to be taken up by resumed negotiations.

Some high-ranking sources fear that if arbitration of the two big issues comes up with a solution unpopular with one side or the other, that side could play tougher in negotiations on the other issues.

Thus within six months there could be a new strike threat back in the lap of Congress again.

## Refugee airliner destroyed

FRANCISTOWN, Bechuanaland (Reuters)—A DC-3 airliner that was to have flown 28 escaped South African refugees to Tanganyika was destroyed by explosions and fire at the airport here early today.

Cause of the fire was a mystery, but police said sabotage was suspected.

The East African Airways plane was almost completely destroyed by the fire which broke out about 2:15 a.m. as it stood parked, empty, near a hangar.

The 28 refugees included Arthur Goldreich and Harold Wolpe, two of the four political prisoners who escaped from the Johannesburg police headquarters on Aug. 11.

The pair chartered a light plane in the British protectorate of Swaziland and flew to Lobatsi two days ago disguised as priests. They arrived Wednesday tired and unshaven after an overnight drive.

**NAMED COMMUNIST**  
Goldreich, 33, is an artist who designed the sets for the all-African musical King Kong. Wolpe, 26, is a Johannesburg lawyer named by the government as a Communist.

They had been held under South Africa's 90-day "no trial" law until their escape 18 days ago with Moosa Moola, secretary of the Transvaal Indian Congress, and Abdulhaji Jassat.

Ismail Bhana, the representative here of the banned African National Congress who organized the "refugee flight" to Tanganyika, said he would ask the ANC office in Dar es Salaam to find out whether East African Airways in Nairobi would send another plane to pick up the refugees today.

In Manzini, Swaziland, an Anglican priest denounced Wolpe and Goldreich for a "ruthless outrage upon my hospitality." Rev. Charles Hopper said the pair asked him for accommodation last Friday, posing as clergyman. They departed on Tuesday.

## Raps doctors for limiting their interests

AMHERST, Mass. (AP)—One of the world's foremost biologists hit out Wednesday night at modern medical science for limiting its interests to "the bedside manner" and the "highly fashionable" problems of chemical genetics at man's molecular level.

Laudable as both these interests are, said Dr. Rene Dubos of the Rockefeller Institute, doctors and medical researchers have at the same time "grossly neglected" a vital area of human welfare—studies of the effect upon man's whole body and mind of possible hazards in his environment.

Addressing the annual meeting of the American Institute of Biological Sciences, he listed the neglected areas of study as:

1. Environmental pollution, including radioactive fallout, chemical pollutants in the atmosphere, the contamination of food and water supplies, and the use of insecticides and weed killers.
2. How man adapts to the conditions of urban life with its noises, crowded conditions and other stresses.
3. Nutritional, psychological, and genetic influences on human behavior.
4. Over-population problems.

## New partnership

ROCHESTER, N.Y. (AP)—Church leaders say a "new pattern of partnership between men and women" is needed.

"We are beset by the conflicting ideologies of masculine paternalism and aggressive feminism," said a report by the division of ecumenical action of the World Council of Churches, which includes most Protestant and Orthodox denominations.

## UN survey continues in Sarawak

# Rioting breaks out again

BIBLIOTHEQUE  
SEMINAIRE ST-CHARLES-B.

MIRI, Sarawak (Reuters) — About 300 demonstrators clash with police today when a United Nations survey team arrived here to assess political opinion about joining Sarawak and North Borneo with Singapore and Borneo with Singapore and Malaya in the Malaysia federation.

The rioting followed an announcement in Kuala Lumpur today by the King of Malaya that the new date for the formation of Malaysia will be Sept. 16.

The clash came soon after the UN team drove from the airport to a local hotel. The team had flown from Sibiu, where demonstrators Tuesday stoned a Methodist school where the team was at work.

In today's demonstration, windshields of several government vehicles were shattered by stones and police and demonstrators hurled stones at one another while the UN team looked on.

One demonstrator was shot in the leg by police, two were carried to hospital on stretchers and several others were injured as well as several policemen.

The original date for the federation was Aug. 31, but this was postponed under pressure from Indonesia and the Philippines.

Malaya and Britain agreed that the United Nations should assess the attitude of the peoples of the North Borneo territories towards the federation before it came into being. The UN survey started this week.

The Malayan foreign ministry said in Kuala Lumpur today that the UN teams in British Borneo would complete their work by Sept. 14.

It said the Indonesian and Philippines ambassadors here had been informed of the new date for formation of Malaysia.

## Poor weather mars closing of annual Sherbrooke Fair

Overcast skies threatened rain for the final day of the 78th annual Sherbrooke Exhibition.

Midway officials have made today another Children's Day and thousands of children are expected to take advantage of the reduced rates on all kiddie-land rides and on five big rides, the moon rocket, the tilt-a-whirl, the merry-go-round, the rock-O-plane and the roundup. Gate admission remains the same as regular fair days today, however.

The six-day fair has had its share of bad weather this year.

Pouring rain and thunderstorms opening day Saturday reduced attendance by 9,000 persons. The fair has not been able to make this up during the remaining days despite three days of sunny, warm weather.

Total five-day attendance at the Sherbrooke Exhibition is 61,046 persons, some 11,000 persons less than last year's record of 72,253 persons.

Winners of a fair-long drawing for two new automobiles learned the good news late last night. They were a Sherbrooke woman and a Berthier County man, Miss Rita Blais of 409 Montreal Street and Jean-Paul Lavallee of St. Hubert.

Judging of Jersey cattle began this morning at 9 a.m., the same time as the beginning of the open judging competition. Tonight, beginning at 8 p.m., there will be the last performance of the rodeo in front of the grandstand.

The exhibition will close at midnight.

Bright sunshine lasted throughout the day Wednesday, government day at the Sherbrooke Exhibition. Judging of Ayrshires and heavy horses was held, the results of which will be released by fair officials this afternoon.

**To increase contacts in science, techniques between Canada, Russia**

OTTAWA (CP) — Scientific and technical contacts with Russia, stepped up in 1958, are increasing steadily.

The Canadian government remains undecided about whether it wants to go farther and sign an agreement with the Soviet Union — as have the United States, West Germany, Britain, France, Italy and Finland.

The last five years are reviewed in the August edition of Soviet Union Today, the slick-paper monthly issued by the U.S.S.R. embassy here. The article expresses the hope that contacts so far will develop into a treaty.

Much of the exchange in recent years has occurred under arrangement made between the National Research Council and the Soviet Academy of Sciences.

Canada has been pressing for fact-finding access to the Soviet North. So far, these requests have gone unanswered, presumably because of concern about security.

## Two rescued, five believed alive

# Eight dead in potash mine

**WILLIAM C. MUDGETT**  
MOAB, Utah (AP) — Tired, grimy rescue workers, hopes dimmed by the finding of eight bodies, pushed forward today in an effort to reach five of seven reported survivors of a mine explosion.

The blast trapped 25 men more than 2,700 feet underground Tuesday. Among them were 11 men identified as either Canadians or Americans who had formerly worked in Canada.

Two men, both Americans were rescued Wednesday in good condition. They said five of their companions were alive, barricaded behind debris about 2,100 feet into one of two tunnels extending laterally and downward from the main shaft.

Fate of the 10 remaining miners was unknown.

The men listed as having definite Canadian connections were:

T. Trueman, 35, Toronto; Emille LeBlanc, of Elliot Lake, Ont.; W. Barber, listed as a resident of Moab and formerly of Elliot Lake; Keith Shear of Dove Creek, Colo., formerly of Toronto; Rene Roy, 40, of North Bay, Ont., father of six; William Huzil of Yorkton, Sask., father of four.

Five other men were reported to have worked at the International Minerals and Chemicals potash mine at Esterhazy, Sask. Workers at Esterhazy spotted their names in the list of missing.

They were L. Rushton and Charles Clark, believed to be from Eastern Canada, M. H. Christensen Sr., and H. Christensen Jr., and C. Byrge, identified here as from Spring Glen, Utah, but believed to be a Canadian.

All but one of the 25 miners worked for Harrison International, Inc., a Toronto firm drilling the tunnels.

The eight dead men were not immediately identified.

Frank Tippie, head of the potash division of Texas Gulf Sulphur Company which operates the mine, said rescue teams were able to travel only 1,500 feet into one tunnel before being forced back by lack of oxygen.

"We don't know what the situation is behind the barrier," Tippie said.

the remainder of the hole will be enlarged to 22 inches.

Charmbury said the earliest this operation could be completed would be midnight tonight.

"There is a possibility" that a man will be sent down the 22-inch hole, to search for Bova, said Charmbury.

"It looks like a man will be sent down," said deputy secretary Gordon Smith.

where it is believed Bova may be trapped. He has been without food since the coal mine caved in 16 days ago.

Two other drilling probes—one a 6½-inch shaft, the other three inches—continued.

H. Beecher Charmbury, state secretary of mines, said plans called for reaming the first 38 feet of the 12-inch hole to 30 inches. Steel casing will be inserted to the 38-foot level. Then

## Viet Nam may lift martial law

SAIGON (AP)—The military governor of this South Vietnamese capital said today martial law will be lifted as soon as there is evidence that the Buddhist crisis is over—and that this would demand co-operation of the foreign press.

Brig. Gen. Ton That Dinh did not elaborate, but implied he wanted an end to news stories critical of the regime of President Ngo Dinh Diem.

Dinh, in command of Saigon since Aug. 20 when martial law was imposed, also released figures on the number of persons arrested in the government's crackdown on Buddhists, who had demonstrated for months against Diem, a Roman Catholic.

He told reporters 825 monks, nuns, novice nuns and Buddhist followers were arrested in raids on Saigon's pagodas by troops and police Aug. 20-21. But he said he believed 300 to 400 monks and nuns were released shortly after and others would be freed soon.

Dinh said 1,380 students and other Buddhist followers were arrested in another anti-Diem demonstration last week in Saigon.

However, Dinh denied reports that former foreign minister Vu Van Mau, who resigned last week in protest against the government crackdown, was arrested Monday.

Mau, who shaved his head when he announced his resignation, had planned to fly on a Buddhist pilgrimage to India.

The military governor said Mau was "turned back from the airport because he failed to comply with 'certain formalities.'"

But, Dinh said Mau met with Diem this morning and would probably be allowed to leave today or Friday.

Dinh said he planned to press his demands that the U.S. mission here surrender to Vietnamese officials two monks who escaped when the government raided the Xa Loi Pagoda.

## K on last lap of Yugoslav tour

PULA, Yugoslavia (AP) — Premier Khrushchev left Brioni Island today after four days of meetings there with President Tito and set out on the last stretch of his 15-day visit in Yugoslavia.

Khrushchev's 15-day working vacation to Yugoslavia will end Sunday or Monday after a visit to the industrial area of Slovenia.

Tito and Khrushchev ended their talks on the island Wednesday with a walk through the woods without interpreters or aides. They then held a press conference at which Khrushchev hailed Yugoslav-Soviet ties as eternal and quashed speculation that he would attend the United Nations General Assembly session scheduled to begin Sept. 17.

MURRAY BAY, Que. (CP)—The Vernon, B.C., News has been named Canada's best weekly newspaper for 1963.

The Mason Trophy for the country's top weekly was presented to the News Wednesday at the Canadian Weekly Newspapers Convention being held at this resort 75 miles northeast of Quebec City.

The Williams Lake, B.C., Tribune won the William Udall Memorial Trophy for best front page with the Picou, N.S., Advocate Second.

## Planes missing

MIAMI, Fla. (AP) — Dozens of ships and planes searched the Atlantic today for two U.S. strato-tankers that vanished mysteriously at the same time, in the same area and on the same mission — a classified refueling rendezvous.

The U.S. Air Force refused to comment about the possible causes of the coincidence.

Eleven men were aboard the two huge KC-135s, which were returning to Homestead air base when they lost radio contact with its tower about noon Wednesday. At that time, they were 800 miles northeast of Miami, or about 300 miles west of Bermuda.

## Surrenders

NEW YORK (AP) — A fugitive parolee, sought in the slayings of two policemen, surrendered here Wednesday night after arranging with an Associated Press reporter and photographer to give himself up.

Thomas (Rabbi Tom) Trantino, 27, walked into a police station less than 18 hours after detectives had shot to death another man wanted in the case, Frank Falco, 25, in a Manhattan hotel hideout.

## Urges deficit

WINNIPEG (CP)—Professor Clarence L. Barber of the University of Manitoba said today the Canadian economy "may have very little chance of achieving full employment unless the government plans for a larger deficit."

The professor of economics told the royal commission on taxation that Canada needs a new approach to federal budgeting, bringing it in line with current economic trends. For this year, considering the economic climate in Canada, a bigger deficit might have been more effective.

## Nerves shaken

TORONTO (CP) — Sonic booms jarred buildings and shook nerves at the Canadian National Exhibition Wednesday. RCAF CF-101B Voodoos and CF-104 Super Star Fighters broke the sound barrier, causing thousands of CNE visitors to stop in their tracks.

### About Television

By CYNTHIA LOWRY

HOLLYWOOD (AP) — The new television season seems rather bare of radically different programs, but a couple of new offerings will be watched closely by industry trend-spotters.

One is NBC's Richard Boone Show, a dramatic anthology series using a repertory company of featured players.

The other is Burke's Law, which hopes to combine sophisticated humor with homicide. If it strikes the public's fancy, it could initiate a cycle of shows in the sprightly mood of the old William Powell-Myrna Loy Thin Man movies.

In this new series, however, our hero is a clever captain of homicide who also is a handsome millionaire bachelor, absolutely irresistible to women. Gene Barry, late of Bat Masterson, is the star.

One rumble around the Hollywood studios is that the series, stressing tongue-in-cheek situations and off-beat, "way-out" characters, could be the hit of the season. But for every optimist, there's a pessimist who can explain why a series about a rich lady-killer bachelor is doomed before it starts.

"He starts out on every case in the arms of a different dish—a real dish," raved a partisan (male) of the show. "DON'T LIKE LOTHARIOS" "These bachelors who have a lot of girls, but who are never caught, put off women viewers, said a cynical amateur (male) analyst. "It puts women down, and women viewers don't like to be put down."

"They got away with the rich, attractive detective in The Thin Man—and I mean Powell's version—because he was happily married and didn't play around."

Barry, delighted to be out of the old west, describes the series as "pure entertainment—just plain fun."

To help settle conflicts

## Labor research is promised by Fortin

Quebec Labor Minister Carrier Fortin said today his department will set up a labor research centre "to cope with the new context involving the colossal economic development and interrelations between social problems."

The Sherbrooke MLA who was recently appointed to the labor post said in a Labor Day message that the centre will be at the disposal of both labor and management as well as the administration.

"We intend to give the labor world all the information necessary to achieve peaceful and equitable settlements of its conflicts both of interest and of right," he noted.

Pledging to assure that "working conditions offered the workers of Quebec shall be humane and just," Mr. Fortin said that he intends to reconvene joint meetings of employers and employees started last year to discuss the procedure of the various commissions under the jurisdiction of the department of labor.

"Such commissions are organizations at the disposal of the world to assist the latter in the solving of its problems and to ensure industrial peace."

"Such meetings brought about appreciable improvements in the Labor Relations Board and a better understanding of the ordinances of the Minimum Wage Commission."

Mr. Fortin said the Superior Labor Council is working on the second part of a new Labor Code. The draft-bill of the first section of the code is being studied by the Legislative Assembly, he noted.

The labor council is reviewing the Collective Agreement Act as part of the work to achieve "true codification of our labor laws," he added.

Elsewhere, the minister asserted that "young folks, women, aged workers, in fact all workers, are entitled to working conditions and remuneration permitting of an adequate standard of living for them. Besides, the employee, whoever he may be, must be satisfied with his daily relations with his employer."

### DIVISIONS

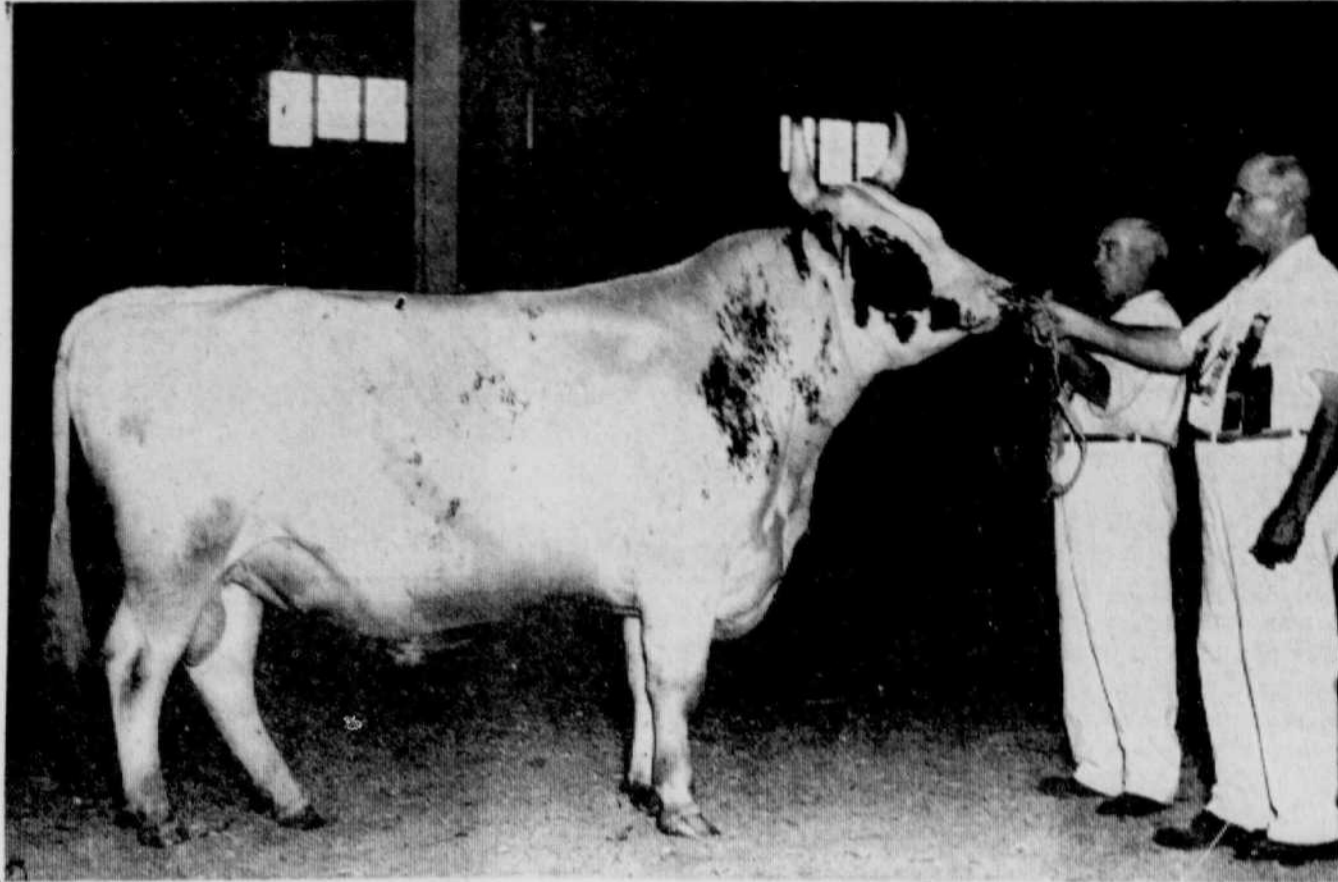

"I believe that, up to now, there has been an excessive tendency to stress all that divided employers and employees. Indeed, the existence of certain conflicts of interests in the sharing of the fruits of production cannot be denied, but to speak of production is already to admit the pre-existence of cooperation between labor and capital resources, between executive and executive."

He said a new balance has been struck between workers and management because of professional associations and laws better adapted to industrial needs.

"This equilibrium requires a new outlook on industrial relations: the two principal sources of economic progress must now unite and seriously study these problems which involve the future of the worker and of management as well as that of society as a whole."

Mr. Fortin defined the minister of labor as "one who sees to it that the very labor world, comprising both workers and employers, may enjoy the most favorable conditions of economic and social development through the respect of the rights and privileges of each and everyone, consumers included."

"The minister of labor is not the minister of industrial disputes. Neither is he the minister of workers nor the minister of employers."

### Urges re-birth of agriculture in Quebec to help solve province's economic woes

Representatives of the federal, provincial and municipal governments were guests of the directors of the Sherbrooke Fair at a banquet held Wednesday noon in the Exhibition Arena dining hall.

Guest speaker at the dinner was Hon. Alcide Courcy, Minister of Agriculture in the Quebec Government, who called for a rebirth of agriculture in this province.

During the past few years, he said, the number of farmers in Quebec had dropped from 120,000 to 100,000. One means of meeting the economic problems faced by the province would be a return-to-the-land movement.

But, he emphasized, this could not be effected simply by placing large numbers of families on the farms. It required the growth of a new spirit, a love of the land and an agricultural mentality if it was to be successful.

Agricultural methods had undergone a major revolution in recent years, he said, with increased mechanization making larger farms essential for efficient operation.

The minister praised the Eastern Townships as one of the most advanced farming areas in the province and said it was best equipped to head the agricultural reformation because of the mentality of its population, the materials available and the nature of its soil.

In welcoming the Agriculture Minister to Sherbrooke, Mayor Armand Nadeau declared that the visitor was entering the "promised land," where agriculture and industry were both developing to their mutual advantage.

Following the banquet, which was presided over by ETAA president Ivan Dugre, the guests witnessed the first of

two parades of prize cattle held before the grandstand.

The second parade is being held this afternoon.

Among the special guests at the dinner were Provincial Labor Minister Carrier Fortin, MPP for Sherbrooke; Pat Asselin, MP for Richmond-Wolfe; Henri Latulippe, MP for Compton-Frontenac; Georges Vallancourt, MPP for Stanstead; Rene Lavoie, MPP for Wolfe, and members of the Sherbrooke City Council.

Oral vaccine is being used and persons of all ages are urged to attend this clinic.

## Asbestos news

### False alarms hit police, firemen

Pranksters in the district are causing undue expense and possible loss to persons who would require the services of the police and fire departments when they were called out on bogus telephone calls, according to a report made by Chief Adrien Larrivee.

Four ambulances from the region were called out, to go to an accident in the vicinity of the bathing beach at the Three Lakes. The caller gave his name as a provincial police officer.

Another call was given, several days later, to the Asbestos fire department, to bring all their equipment to the Three Lakes as a fire was raging out of control, in the area of the Laroche Hotel.

A general alarm was sounded and Chief Adrien Larrivee, with twenty regular and volunteer firemen, responded to the call. Upon arrival, this call was found to be a "false alarm." In addition to the brigade, some two hundred motorists paraded

ed stolen and four thefts with violence.

The identification department added nine names to the files, bringing the total to date to 2,925. The department investigated 28 complaints. Two coroner's inquests were conducted in the Town hall. Eight persons were photographed and fingerprinted.

Five letters of recommendation were issued. Five complaints of thefts and break-ins were reported. Ten animals were destroyed on the request of the owners.

Four business establishment doors were found unlocked, by the night patrol. Two missing children were located within a short time of the parents requesting aid.

The fire department were called out to seven fires. Two were for motor vehicles.

Council approved a grant of \$500, for the St. Jean Baptiste Society to be used to aid in the preparation of a historical booklet of the history of the town.

Mr. Arthur Matteau of Montreal has been appointed arbitrator for the town to handle grievances which may arise with the policemen's association.

## Two caught in act of stealing lumber

Two men have been caught stealing lumber from a construction site at the corner of Prospect and Queen Streets here in Sherbrooke.

Police said they found the men loading used wood onto a pickup truck at Foyer St. Joseph, a new old-folks home in the North Ward of the city.

Police received a telephone call from a resident near the site tipping them off about the theft around 12:30 a.m. last night.

When police arrived, one man gave himself up but police were forced to chase the other man who was found soon after hiding under a parked car in the North Ward.

When police arrived on the scene, the men had already

loaded about \$50 worth of wood onto their pickup truck. The used wood the men had been stealing is worth half the value of new wood.

Police officials said that they had reports of wood being stolen from this site in the past.

One of the men arrested by police came from Deauville and the other from the east of Sherbrooke just outside the city limits.

## Man's chest crushed when car jack slips

A 28 year-old Sherbrooke man was crushed under his car yesterday afternoon when a jack supporting one side of the car gave way while he was repairing his transmission.

Hospital officials report Benoit Fontaine of 1303 Dorval Street, Sherbrooke, is

in good condition today after suffering broken ribs in the incident.

Police said that when the jack slipped, Mr. Fontaine called to his son who was nearby to place a block under a wheel so that the car wouldn't start slipping. The boy did just that, but the car wheel drove right over the block crushing the man under it.

Police received the call at 2:15 p.m. yesterday, but on arrival found that the injured had already been taken to Hotel Dieu Hospital in Sherbrooke.

**Party held in honor of Mr. and Mrs. Thomas Parsons**

**CANTERBURY** — A very enjoyable event took place on August 10 at the Canterbury Hall, when over 100 friends and relatives gathered in honor of the twenty-fifth wedding anniversary of Mr. and Mrs. Thomas Parsons.

The hall was tastefully adorned in white and silver, with large baskets of pink and white phlox. The gift table was centered with an arrangement of hydrangea and pink dahlias.

Arrangements for the event were made by members of their families. The party was a complete surprise to Mr. and Mrs. Parsons, who had been invited by Mr. and Mrs. R. N. Mayhew to take a drive to Scottstown. On passing the hall they decided to drop in and see what was going on there.

They were met at the door by two little nieces, Barbara Mayhew and Joyce Dougherty, who escorted them to their seats, where Mrs. Lyle Rand presented a corsage to Mrs. Parsons and a boutonniere to Mr. Parsons, also a corsage to Mrs. R. N. Mayhew, who had been their bridesmaid, and Mrs. George Parsons, the groom's mother.

Ted Bennett, acting as M.C., announced a grand march in which young and old joined, this was followed by old time dances. Music was provided by Mr. and Mrs. Milton Goodwin,

Mrs. Douglas Mayhew and Sternie Coates.

During intermission Mr. Goodwin sang two Scotch songs in his inimitable Harry Lauder style, which were much enjoyed.

Ted Bennett then addressed the gathering, recalling incidents in the past when the couple started making their home in an isolated district bordering the Lawrence Colony. He mentioned their achievements in making a good home for themselves and their four sons, making special mention of the fine herd of purebred Hereford cattle they had acquired and referring to them as modern pioneers.

This was followed by a humorous poem composed and read by Mrs. N. G. Bennett in which she recalled in rhyme many amusing incidents in their 25 years of marriage.

It was fitting that this celebration should be in Canterbury where Mrs. Parsons, the former Doris Mayhew, was born and spent her girlhood and where her husband had attended school.

Thomas Parsons and Doris Mayhew were married in Christ Church, Canterbury, on August 10, 1938 — Mrs. R. N. Mayhew was bridesmaid and little Miss Anne Mayhew was flower girl. Lynn Parsons was best man for his brother.

They have four sons, Aylmer Barry, Gordon and Dale, Aylmer who resides in Pennsylvania, was unable to come, but sent a telegram of congratulations to his parents. Barry and Dale had hoped to be present but were called to the tobacco harvest the previous day. Gordon, of Quebec City, was present.

Refreshments were served, including the anniversary cake, made and decorated by Mrs. Lyle Rand.

Members of their families present were: Mr. and Mrs. R. N. Mayhew, Bury; Mr. and Mrs. Herbert Mayhew, Lennoxville; Mr. and Mrs. Wesley Leavitt, Knowlton; Mrs. Myra Mayhew and children, of Valleyfield; Mr. and Mrs. Earl Thompson, and family, of Goreham, N.H.; Mr. and Mrs. Lyle Rand, Miss Carol Rand, Jimmie and Sylvia, of Milby; Mr. and Mrs. Stuart Dougherty and Mr. and Mrs. Herbert Rowell and families, of Bury; and Mr. and Mrs. Donald Parsons, who had just returned from Fredericton, N.B. Other guests included friends and relative from Canterbury, Scottstown, Bury, Milby and their home neighborhood.

## Bride elect showered

Mrs. Charles DesCoteau, entertained at a surprise linen shower at her home on Little Forkes Street, Lennoxville, in honor of Miss Elaine Thompson, of Lennoxville, a September bride-to-be.

The guest of honor was presented with a corsage of white gladioli and escorted to a seat of honor, which was gaily decorated with pink and white streamers and wedding bells.

Many daintily wrapped gifts were presented to the bride-elect, for which she graciously thanked her hostess and many friends.

A buffet lunch was served, at which time the lace covered table was centered with an appropriately decorated pink and white shower cake and white gladioli. The mother of the bride-elect poured tea for the occasion.

Mrs. George Smith, Moore Street, and daughter Kathleen, have returned home, after a two month visit to Europe.

Sandwich lovers of every age give high rating to the Hot Swiss Salmon Triangles, such hearty, hot

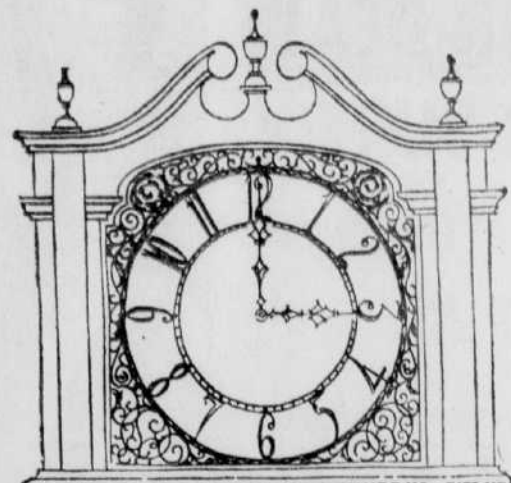

sandwiches are just as popular in summer as in winter. Hot Swiss Salmon Triangles are practically double-deck-

ers: the filling between slices of mild, nut-sweet process Swiss cheese that melts to a soft, almost runny consistency as the heat penetrates and browns the outer bread slices. Celery salt and vinegar are small touches that accent the richly flavored salmon filling. Accompanied by pickles they make a substantial snack; with a tossed salad and garden fresh tomatoes, Hot Swiss Salmon Triangles will be well received as a supper or luncheon feature—particularly by the men in the family.

## Sherbrooke Exhibition

# Women's interest lacking in home cooking

Judging by the entries in the cooking class of the Ladies' Department of the Sherbrooke Exhibition, there are only a few women who are proud enough of their cooking to take the time and trouble to enter in competition with others.

Mrs. Leo Barriere and Mrs. Theophile Raby, who are in charge of the Ladies' Department noted a considerable decline in the number of entries this year.

Out of the thousands of women who make up the population of the Eastern Townships, and who are eligible to compete in this contest, only 10 took the time and trouble to enter an exhibit.

Why should this be?—What is the reason?

One exhibitor blamed the sharp decrease in cooking entries to the rise in the price of sugar, one of the essential ingredients in cooking.

Mrs. Hugh L. Wallace, a member of the committee, who won several prizes in the

Handicraft Department said, "After a week on display, the cooking is not fit for consumption, so maybe people think it is a waste of time and money to exhibit."

Mrs. Gerald DeCoteau, of Bromptonville, an ardent Women's Institute member, who has cooked for church sales and banquets, was asked why she had not entered some of her cooking in the fair. "I have often thought about it," she said, "Although when you come to think of it, I don't know how one would go about exhibiting an article," she added.

### HANDICRAFT

The exhibits in the Handicraft Department are of exceptionally high standard this year, with the number of entrants being 29, about the same as last year.

The most popular exhibits are the hand woven quilts. Patch work quilts were also once again a favorite of the ladies. Gaily colored hooked and braided rugs are also

among the many exhibits.

Of special interest are the many bulky knit sweaters, intricate designs, handsome dresses, children's clothes, woven and knitted stoles, knitted socks of all designs and even men's woven ties. Many hours worked for nimble fingers, resulted in the many lovely embroidered table cloths, guest towels and tea towels, which are offered

for sale at a very low price.

### FINE ARTS

In the Fine Arts, the number of entrants were 10. A fine collection of paintings and sketches in water colors, pastels and colored pencil, are on display. Also in this collection are many objects carved in wood.

### CHILDREN'S CORNER

In the children's corner, a fine show of bottled fruit,

and vegetables proves that canning is still very popular in the homes.

A splendid collection of scrap books, photo albums, wood work, knitted articles, embroidery, crochet, dressed dolls, fancy aprons, and numerous pot holders make up the bulk of the exhibits.

A collection of minerals and articles of drift wood are also added to the fine display.

## Marriages

on Saturday, August 17, 1963 at two-thirty o'clock in the afternoon in Leaside Presbyterian Church, Leaside, Ont. Rev. Douglas Seaton, officiating, assisted by the Rev. E. H. Johnson, D.D. father of the bride. Mr. L. Ellsworth played the wedding music and Mr. Doug Hills of Hamilton sang during the signing of the register.

The bride, who was given in marriage by her father, was in a gown of white organza over taffeta, applied with Alencon lace, fashioned with a fitted bodice having a scoop neckline and a draped skirt falling into a slight train. She wore a veil of white illusion and carried a bouquet of white flowers.

Miss Faith Johnson as maid of honor for her sister, and Mrs. Anne Biskovic of San Diego, Calif., sister of the bride, and Miss Peggy Mason, as attendants, were in frocks of pale yellow taffeta, fashioned with fitted bodices having scoop necklines and overskirts of organza. They wore hats of organza petals, embroidered in seed pearls and carried bouquets of yellow and white flowers.

Mr. Scott Bromley acted as best man and the ushers were Messrs. Peter Johnson, brother of the bride, Donald Errey, Marc Goldstein and Joseph Anslorav.

Mrs. Johnson, mother of the bride, was in a sheath gown of turquoise silk chiffon. She wore a circle of chiffon, embroidered with beads in her hair.

## Guide to a perfect wedding

Ultra-formal wedding is never ostentatious

An ultra-formal wedding is the most elaborate of wedding traditions but, with all its flourish, is never just a show or an ostentatious celebration. The words of the wedding service hold just as true and are the same for any ceremony. Use all your imagination to bring every beauty to your large wedding, but keep it within the confines of good taste and religious respect.

A large wedding means quite a few attendants—from six to 14 bridesmaids, even 16 counting your maid and matron-of-honor. If you wish and your clergyman doesn't object, you may have one or two flower girls, a ringbearer, or trainbearers.

Your groom will have his best man and ushers—one for every 50 guests.

Your father or some close relative or friend will escort you down the aisle, and he or your mother will give you away, just as in the formal wedding party.

The bride in an ultra-formal wedding is at her magnificent best. You wear a long-trained dress, a fabulous headdress with flowing veil. Your bouquet may be splendid or you may decide to carry a flowered prayer book. White or the most fragile tints of pink, blue or cream are your colors. Unless your dress has long sleeves, you should wear gloves.

Your bridesmaids follow

the same pattern as they do for the formal wedding, except that their dresses are more sumptuous. They may wear regular evening dress for a night ceremony.

Ring and trainbearer (usually little boys from four to eight) generally wear neat little-boy suits and white blouses, or white suits in summer. Occasionally very young ringbearers do wear velvet or satin shorts and trim, buttoned-on blouses, but never make any child ludicrous in an inappropriate outfit.

## Fourth in a series

The rehearsal for the ultra-formal wedding is the same as for the formal wedding but, in addition, have the ushers well briefed in handling pew ribbons, an aisle canvas and special seating arrangements.

The ultra-formal wedding ceremony may differ slightly from a formal church wedding. If several clergymen are officiating, added formalities will be explained at rehearsal. Procedure for leaving church is the same as for the formal ceremony.

A few words on the wed-

ding that takes place at home, in a club or at a hotel. Unless you have a very large room, ushers do not form part of the processional, but take their place around the altar or kneeling bench the moment the wedding march begins. Your attendants usually precede you down the stairs, followed by you on your father's right arm. The procession, without ushers, follows the normal procedure walking down the aisle set apart, perhaps by floral standards.

The groom, followed by the best man, enters from a doorway at the right side of the improvised altar a few seconds after the clergyman has taken his place. If there is no door at the right, they may go up the aisle just before the bridal party starts.

When the clergyman arrives for the wedding, he should be shown to the room reserved for the groom and best man where it has been arranged that he may put on any vestments necessary.

Your mother usually stays with you and your bridesmaids until just before the ceremony when she proceeds up the aisle to the left of the altar in the front row, escorted to her place by an usher.

The groom's parents are similarly shown to their places in the front row, right, when they arrive a few minutes before the bride's mother takes her place.

At the close of the ceremony, the groom usually kisses the bride; the clergyman congratulates the groom, gives felicitations to the bride and withdraws to mix with the guests. There may be a recessional but usually at the close of the ceremony the couple turns to receive greetings from the parents, after which the wedding party forms the usual receiving line. ## Polly's pointers

DEAR POLLY—If you have no space (nor no money) for a night time bedspread holder, use the top drawer of any sturdy chest. Pull it out a few inches and lay the folded spread across it for the night. It takes no space, keeps your spread free of dust and wrinkles while you sleep.

No ice bag? Substitute a household rubber glove. Fill with crushed ice and tie it tight at the cuff. Slip it into a clean cotton sock for comfortable use.—MRS. J. L.

## Homemaking

LESS SCRUBBING The many millions who wash their dishes by hand can cut down on scrubbing time by soaking the utensils in hot suds first. Then wash and rinse in hot water and drain dry.

## Brand new daughter

BY JANET HENRY  
Her eyes don't focus very well, Her skin is kind of mottled, Her tiny mouth is set to yell Unless securely bottled, Her hair sticks out haphazardly (At least what there is of it), But if you say she looks like me I'll love it!

Miss S. Nelson feted by friends at Waterville

WATERVILLE—Miss Shirley Nelson was guest of honor at a miscellaneous shower given by Mrs. Ralph Janes and Mrs. Frank Knutson, at the Knutson home, where some 24 friends and relatives had gathered.

Upon her arrival, Mrs. Janes presented Miss Nelson with a corsage of summer flowers and escorted her to an appointed chair.

A large basket, decorated in pink, and laden with gifts was carried in by the Misses Gail Scott, Kris Knutson and Sharon Janes, and presented to the bride-to-be by Miss Jill Sims.

Assisted by Mrs. Francis Nelson and Miss Jeanne Kezar, Miss Nelson opened the parcels, which revealed a variety of attractive and useful items.

The serving of refreshments brought the evening to a close.

Resume services

BURY — Rev. J. R. Skuce has returned from his holidays and will resume services in the United Church on Sunday evening next at 7:30 o'clock.

The ladies of the church are busy with plans for the annual harvest supper on Sept. 5, which will feature Kentucky fried chicken, with all the trimmings.

SATELLITE BUSY EDMONTON (CP)—The Canadian satellite Alouette has shown that a radiation belt around the earth produced by a United States high-altitude nuclear explosion last year may last as long as 10 years, an Ottawa physicist said Wednesday.

Dr. Ian McDiarmid of the National Research Council, told a physicists meeting that it was originally thought the radiation belt would last only a year.

Much discussion was held on ways and means to make money and it was decided to sponsor a Kentucky Fried Chicken supper, served hot in boxes, to be eaten on the ground or taken out, on August 31, at Willowdale, the home of Mr. and Mrs. Ibrey Bailey. Tea, coffee and small cakes will be served free with the supper, which will be held from 5 to 8 o'clock.

Mrs. Viola Allison offered her home for an afternoon tea from 3 to 5 o'clock and food sale on September 6.

The meeting was opened by Rev. Mr. Walker. The minutes were read by Mrs. Ibrey Bailey in the absence of the secretary, Mrs. Bruce Kerr.

# Als meet Acton Vale this evening in crucial game

Locals out for win, down 3-2 in series, tickets on sale at noon, Granby-Coaticook still in muddle

Sherbrooke Alouettes have a tough assignment this evening at the Park Avenue Stadium but Manager Yvon Ellyson is confident his team will pull through. The Als, down 3-2 in their best-of-seven semi-finals of the Provincial Baseball League, clash with the Acton Vale Beavers in the sixth game.

The other series between Granby and Coaticook seems to be in a real muddle and President J. D. Loignon and his executive seem to have their hands full. The Knights are protesting a decision by umpire Lepage when he awarded a game to the Canadiens with still an inning and a half to go. At the time the umpire awarded the game the Knights couldn't field a team as four had been tossed out.

Umpire Lepage was attacked by the Granby players following a close call at the plate and after things had cooled off he ejected three players and Coach Roger Bedard from the game. The Knights didn't have sufficient players and the tilt was given to Coaticook, who were trailing by a run at the time.

The league officials held a meeting last night and after lengthy discussions failed to come to any agreement. President Loignon is supposed to give a decision today. The Canadiens are supposed to play in Granby this evening.

On the local scene things are quiet as the Als prepare for their important game. Manager Ellyson and the players are confident. The weather man must give them a break if not the game will be played Sunday.

## Manager Charlie Dressen of Tigers may be quiet but his club is making plenty of noise, Ford gets his 19th

They're calling Charlie Dressen the Quiet Man—but his Detroit Tigers are making the loudest noise in baseball.

Hardly a word had been heard from Dressen, one of the game's angriest old men, since he succeeded Bob Scheffing as manager of the slump-ridden Tigers on June 18. The normally outspoken veteran with a penchant for controversy has been the epitome of decorum. Meanwhile, Tigers have been roaring.

They won their seventh in a row Wednesday for their best streak of the year, nipping Los Angeles Angels 2-1. In the last two weeks, Detroit has taken 12 of 14 in a climb that has carried them from ninth place to fifth in the American League. And under Dressen Tigers are 39-30, compared to their 24-36 mark under Scheffing.

Whitey Ford became the league's first 19-game winner as the leading New York Yankees scored three times on wild pitches by Earl Wilson and downed Boston Red Sox 4-1.

Chicago White Sox broke a tie with idle Minnesota Twins for second place, sweeping a doubleheader from Cleveland Indians 8-3 and 3-1 behind the steady pitching of Juan Pizarro and Eddie Fisher; and homers by Jackie Brandt and Jerry Adair in support of Milt Pappas' three-hit pitching led Baltimore Orioles over Kansas City Athletics 3-1. Washington also had the day off.

### Argos to lose Billy Shipp

TORONTO—Toronto Argonauts of the Eastern Football Conference may lose tackle Billy Shipp at the end of the 1963 season.

Shipp, who has not signed a 1963 contract, is playing under the option clause of his 1962 pact so he will be free to join Houston Oilers of the American Football League next year.

Shipp, however, admits he doesn't want to leave Canada and that if job negotiations currently in progress here develop into something concrete, he will sign a contract with the Argos.

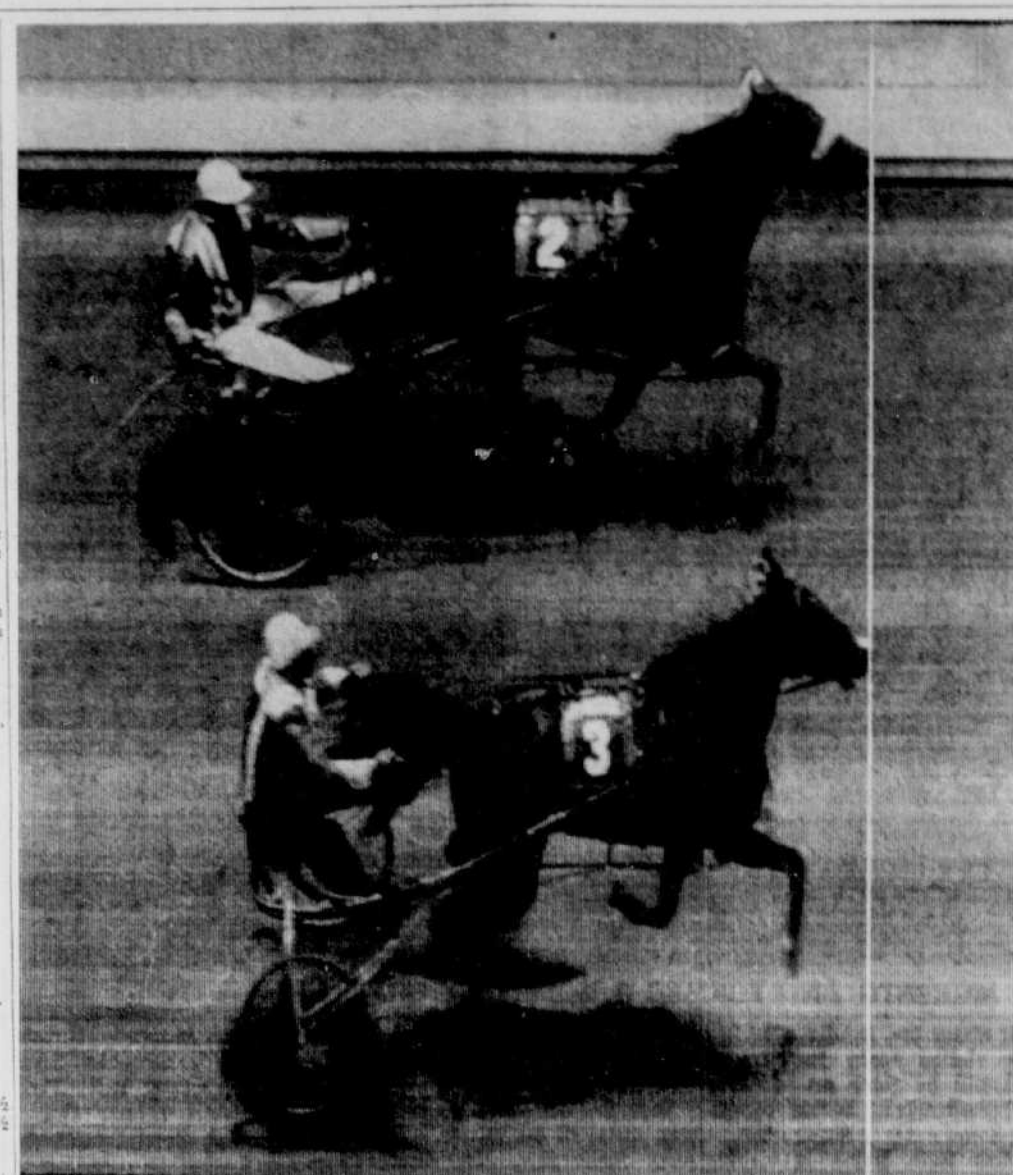

The 32-year-old Shipp is in his 10th season of professional football and he is also a Canadian citizen. He joined Toronto in 1955 after a year with the New York Giants of the National Football League. After two seasons with Argos as an all-star tackle, he was released to Montreal Alouettes and returned here in a trade before the 1961 season.

"I'd sooner stay here if this job pans out," said Shipp. "But what I had planned to do was complete my teaching course at a United States college and play football at the same time. Then I would be qualified to take a job teaching physical education."

"However, if this employment thing works out the way I hope it will, I'll sign a contract and stick around. Meantime, I'll maintain a position where I can do the other thing if I decide to."

## Speedy Scot wins Hambletonian in record time

DU QUOIN, Ill. (AP)—Speedy Scot won the Hambletonian as expected, but it was unusual Floris who made the premier race for three-year-old trotters a historic one.

The \$115,549 Hambletonian was decided in three heats Wednesday. Floris, winner of only one trot in eight starts this season, stunned 23,000 fans by taking the first mile by a head over Speedy Scot in 1:57 3/5.

It was the fastest mile by a three-year-old trotter in history—in a race or against a watch.

Into the dust of the Du Quoin clay mile oval went the Hambletonian record of 1:58 2/5 by Harlan Dean in 1961 and the world competitive mark for three-year-old trotters of 1:58 1/5 by Caleb at Lexington, Ky., in 1961.

Only three horses ever trotted a faster heat in a race—Star's Pride with 1:57 1/5 as a five-year-old in 1952; Florian, the sire of Floris, 1:57 2/5 as a five-year-old in 1952; and the great Greyhound, 1:57 1/4 as a four-year-old in 1936.

In the second heat, Speedy Scot, driven by Ralph Baldwin, formerly of Lloydminster, Sask., defeated Floris and his 60-year-old driver, Harry Pownall, by three-quarters of a length in 1:58.

## BC Lions riding crest of four-game winning streak meet Blue Bombers for first time, gunning for win

WINNIPEG (CP)—British Columbia Lions, who have never won anything, could reach the apex of a 10-year career tonight.

The upstarts from the West Coast, who have beaten three of their four Western Football Conference opponents this season, meet Winnipeg Blue Bombers for the first time.

The upstart Lions are riding the crest of a four-game win streak and the Blue Bombers, defending Grey Cup champions, have only one win in three starts.

It will be the first meeting between the teams in 10 years in which the Bombers are underdogs. Lions this year, are the only unbeaten team in the country.

A sideshow to the team battle is expected to be an individual show put on by the Bombers' Leo Lewis and the Lions' Willie Fleming—considered the finest hallbacks in the West.

LAUDS WILLIE  
Lions' coach Dave Skrien says Fleming: "Just having Willie on the club means a lot to us. When he's in the lineup we feel we can score from any place on the field. Naturally he doesn't always do it, but the knowledge that he can is comforting."

"I imagine New York Yankees feel much the same way about Mickey Mantle. Mickey doesn't hit a home run every time up, but he's capable of hitting one at any time."

Winnipeg coach Bud Grant is equally sincere in his praise of Fleming, saying "Fleming will be a super star in our league."

"But," he says, "Lewis is already one. Leo is one of the three top backs in North America over the last 10 years."

### YESTERDAY'S STARS

Batting—Gene Oliver, Braves, hit grand slam homer and two-run homer, powering Milwaukee to a 9-1 walloping of Houston.

Reds' decisive four-run sixth revolved around Don Pavletich, who had hit a homer off Johnny Podres, 11-10, in the fourth. With two on, Pavletich ripped a hard shot to third on which Tommy Davis started a doubleplay.

However, umpire Frank Walsh ruled the ball was fielded in foul territory.

Philies lashed 15 hits, including homers by Wes Covington, Clay Dalrymple and John Calison, to overpower Cubs. But the actual margin of victory turned out to be an error by Andre Rodgers that let the final run score in the seventh inning.

Ryne Duren cut off a Cub rally in the eighth to preserve the triumph for Dallas Green, 5-3. Paul Toltz, 5-9, took the loss.

### PHILS STILL HOT

The fourth-place Philadelphia Phillies closed to within seven games of the top by edging Chicago Cubs 8-7 for their 12th victory in 15 games. Gene Oliver hit a grand slam and two-run homer in Milwaukee Braves' 9-1 walloping of Houston Colts and Pittsburgh Pirates downed New York Mets 7-2.

Dodgers, who have managed to score only 15 runs in their last seven games, collected eight hits against Maloney, 19-6, and reliever Joey Jay, but again failed to get Patterson in the barber's chair. It's been nine days since they scored four runs in an inning.

## Jim Maloney stops Dodgers for his 19th win, Giants down Cards 5-3, meet leaders tonight in series

It was close but no haircut for Red Patterson, the Los Angeles Dodgers executive who just might wind up wearing ribbons 'round his ringlets before the National League leaders score four runs in one inning.

Patterson, Dodgers' assistant general manager who has vowed not to get a haircut until his team has a four-run inning, watched Cincinnati Reds push across four runs in the sixth inning and trim Los Angeles 9-5 Wednesday night.

Jim Maloney posted his 19th victory as Dodgers went down to their fifth defeat in seven games despite their largest run output during that stretch.

The loss cut Dodgers lead to 5 1/2 games over second-place San Francisco Giants.

Giants, who move into Los Angeles tonight for the opener of a four-game series, downed third-place St. Louis Cardinals 5-3 at Tom Haller hit two homers and Chuck Hiller and Orlando Cepeda one each. Cardinals remained 6 1/2 games behind.

The fourth-place Philadelphia Phillies closed to within seven games of the top by edging Chicago Cubs 8-7 for their 12th victory in 15 games. Gene Oliver hit a grand slam and two-run homer in Milwaukee Braves' 9-1 walloping of Houston Colts and Pittsburgh Pirates downed New York Mets 7-2.

# It's Your FAIR and It Has Everything!

# Big Brome Fair is last of the season

August 31 to September 3 means the Big Brome Fair time is here again for the 107th consecutive year and anyone who has visited it considers it

stars to be presented at the fair. Ace of the Air, 100 feet high and performing stunts on the trapeze without any safety nets and closes his act by the slide of life.

The Fabulous Rollers, knock-about comedy act on the rolly-polly, presents one of the funniest acrobatic numbers.

There will be many other acts and outstanding attractions presented by the Gastoni Circus Review 1963 at the big Brome Fair.

Station C.K.G.M. will be on the ground with their mobile

displays of home cooking. In the Main Building will be

the ladies department, upstairs, where paintings, knitting, sewing and copper work will be seen.

The Brome Fair is the last of the season and presents a final chance to get in on the fun, whether for the first time or for one last time.

**SCENE OF BOMBING** — This lift mechanism high above a CPR bridge across the St. Lawrence Seaway near Montreal was damaged by a bomb blast. Painted on the mechanism were the initials FLQ, used by Le Front de Liberation Quebecois, a terrorist group seeking Quebec's independence through violence. A stairway leads from the floor of the bridge to the lift mechanism at the top. (CP Wirephoto)
