PROROGATION APPROACHING.

Saturday Sittings Ordered and Business Will be Ordered.

PREMIER AND MR. BORDEN REACHED A DEFINITE UNDERSTANDING ON THE ELECTIONS BILL.

Ottawa, June 26.—The protracted pour pgrlers between the Premier and the leader of the Opposition concerning the elections bill have at length resulted in a definite understanding. Clause one, which put the Manitoba lists under federal control, has been pruned of all the discriminating features, against which the Opposition raised such a strenuous protest. Clause 17, which deals with the ballot, will be threshed out in committee of the whole; and the matter of the lists in New Ontario, about which the negotiations have been centering for the past week or so, will also be left to the House to decide.

The compromise effected and the solution of the problem which has put a drag on the wheels of progress during the past six weeks brings prorogation well within sight.

The optimists who adhered to the conviction that the end of the session would come by July 15th, or at the latest the 20th, are looking with renewed faith to the fulfilment of their prophesy.

BANQUE DE ST HYACINTHE

ITS DEPOSITS NOT GUARANTEED BY OTHER INSTITUTIONS.

(Montreal Gazette.)

The Bank of Montreal yesterday opened a branch at St. Hyacinthe in the building occupied by the Banque de St. Hyacinthe. The report published yesterday morning that the Bank of Montreal and some other institutions had practically guaranteed the depositors of the Banque de St. Hyacinthe against loss was inaccurate. The Bank of Montreal has simply gone to St. Hyacinthe and opened a branch in the ordinary way, accepting such business as it may secure in the ordinary way and on its own merits. No guarantee exists either on the part of the Bank of Montreal or any other bank.

CANADA ACTS ON IMMIGRATION.

INSPECTORS PLACED IN AMERICAN CITIES.

St. Albans, Vt., June 26th.— In accordance with the new immigration regulations of the Dominion of Canada, James Stahl of Montreal has been appointed immigration inspector, with headquarters in this city, to examine all immigrants entering Canada from the United States over the Central Vermont Railroad. Under the new rules, inspectors are to be stationed at all important points along the international boundary line from Halifax to Vancouver. Those stationed at ocean ports will be ordered to see that no immigrant is allowed to enter the Dominion unless he has $25 in cash and until he has passed a medical examination. The inspectors in the inland cities will not for the present, enforce this rule, but will be permitted to use their discretion in admitting immigrants. They will enter all trains crossing the border. This is the first time that Canadian immigration inspectors ever have been stationed in American cities.

BALLOT BOXES STUFFED.

THAT'S THE CHARGE MADE BY COUNSEL FOR MR. HEARST.

New York, June 26.—With the practical close of the recounting of the ballots cast in the last mayoralty election yesterday, came charges by Clarence J. Shearn, counsel for W. R. Hearst that the ballot boxes had been stuffed. The returns from 46 out of a total of 1,948 ballot boxes remained to be reviewed when court adjourned yesterday. As the recount stands Hearst made a net gain of 863, leaving a plurality of 2,971 for Mayor McClellan.

Mr. Shearn said in court yesterday that he was able to prove that 50 to 100 ballots had been deposited in many boxes late on election night. He asked the court to give him an opportunity to prove this charge. Counsel for Mayor McClellan declared that the charge of ballot box stuffing was baseless.

The hearing will be continued Monday.

A COLD LUNCH.

(From Lippincott's.)

The pupils of a distinguished professor of zoology, a man well known for his eccentricities, noted one day two tidy parcels lying on their instructor's desk as they passed out at the noon hour. On their return to the laboratory for the afternoon lecture they saw but one. This the professor took carefully up in his hand as he opened his lecture.

"In the study of vertebrata we have taken the frog as a type. Let us now examine the gastronemius muscle of his dissected specimen."

So saying, the professor untied the string of his neat parcel and disclosed to view a ham sandwich and a boiled egg.

"But I have eaten my lunch," said the learned man, bewilderedly.

POLITICAL PICNIC IS HELD AT COMPTON.

A Celebration of the Victory of Mr. A. W. Giard.

NUMFROUS SPEAKERS HEARD — A WELL ATTENDED GATHERING, APPARENTLY MUCH ENJOYED.

Compton, June 26.—(Special.) — A beautiful day, a beautiful grove, a large crowd and addresses combined to make a successful picnic at Compton Village yesterday. Of course one must not forget the baskets and their contents which added to the pleasure of the inner man. Although in midsummer, a unique feature of the gathering was the bringing into the grove the necessary apparatus, and the sugaring off of some syrup which afforded sweets for the whole company. The primary object of the gathering was to celebrate the victory of Mr. A. W. Giard at the recent provincial elections. A secondary object was to bring together the two races, and especially those of French-Canadian origin who had recently moved into the township from the County of Beauce. The two races were about equally divided in number and the two languages were about equally in evidence throughout the proceedings. The chairman, Mr. John McClary, the President of the local Conservative Club, under whose auspices the gathering was held, and also the President of the County Conservative Association, spoke first in English and then in French, and announced each of the speakers in both languages. He spoke of the object of the gathering and of the desirability of such mediums where the two races could get together and enjoy themselves in a fraternal way.

Mr. Giard was the first speaker and although he made some reference to politics, his address was largely one of thanks to the electors for their support which resulted in his election. His thanks were especially due to the English voters who had supported him so loyally. He didn't forget to thank the women, for he believed that their influence was manifest in the result of the vote. He had a good word to say for Mr. R. H. Pope, the candidate for the Federal House, and expressed the hope that when the Federal elections came along they would give their support to Mr. Pope as loyally as they had done to him. Mr. Giard spoke in both French and English.

Dr. W. L. Shurtleff, K.C., of Coaticook, was the next speaker. He spoke of the advantage that came from gatherings of this kind, and expressed the opinion that if there was anything of race and religious prejudice between the two peoples in this province, it came about largely through ignorance because they did not understand each other. The more they get together and get to know each other the less will there be of friction between the two races. He complimented the electors upon their election of so able and painstaking a representative as Mr. Giard and remarked that in years gone by the representatives for the county had been able and distinguished men, known from one end of the Dominion to the other, and cited as an example the last Conservative member for the county, Mr. R. H. Pope.

Mr. A. Tourigny, of Magog, then spoke in French. He made the ladies feel well by saying that he had heard the remark made at Three Rivers that there were not anywhere else as good looking women, but he felt bound to say that those of the Township of Compton beat the record of Three Rivers. He remarked that they were celebrating that day two great events, one the election of Mr. Giard and the other the festival of St. Jean Baptiste. They had done well in their selection of member. There were lawyers, notaries and doctors enough at Quebec, and it was well that they should elect a business man and a farmer. While they had acted wisely in the election of Mr. Giard, they would act just as wisely if at the next Federal election they should elect Mr. Pope.

Mr. R. H. Pope was the next speaker. He, too, paid a compliment to the ladies. He said his experience had been that he owed much to them as he had always found them the best fighters of the bunch. Furthermore, they would stand by a fellow when he was down, which was more than many men would do. He said that as a Compton County man, he was glad to welcome to the county the people from Beauce who had recently settled here, and referred to the fact that Beauce had probably furnished more great men for the religious and political life of the Dominion than had any other county in the province. Referring to the majority of Mr. Giard, the speaker said that he had expected a big majority but they had beaten him by about 200. He wasn't mad at this, however, and wouldn't get mad if, when the Federal elections came around they should give him a majority of 1200. Mr. Pope advised the electors to study well the questions of the day, and when the time came to vote intelligently, and if when that time came he must receive a bitter bill, he hoped that those present would help him out a little by furnishing the sugar to coat it.

Mr. J. N. Thibodeau, notary of Lake Megantic, then addressed the meeting in French. He said that he had been present the day before at the St. Jean Baptiste celebration in Sherbrooke and had come on from there to join with his friends in the other end of the county in congratulating Mr. Giard upon his victory. He was an organizer and not a public speaker. He complimented the English electors for the way they had used their French-Canadian brother, and that those pre-

Rev. G. S. Clendinnen Who is Removing to Ottawa.

AN ADDRESS PRESENTED AND PRESENTATION MADE—LARGE TURNOUT OF MEMBERS.

Stanstead Plain, June 26.—(Special)—Golden Rule Lodge, No. 5, A.F. & A.M., turned out in large numbers on Wednesday night to do honor to their beloved Chaplain, Rev. Bro. George S. Clendinnen, who is about to leave this village and take up his new home in Ottawa.

After doing ample justice to the inner man, the brethren were then called by the Worshipful Master Bro. E. H. Cosby, who called upon R. W. Bro. Alfred N. Thompson, to express the feelings of the brethren present. Needless to say Bro. Thompson was equal to the occasion, and in a most eloquent speech, expressed to Bro. Clendinnen the regret of all the members of Golden Rule Lodge at his departure and at the same time wishing him ev-

ery success in his new field. Presentation was made of a well filled purse.

Rev. Bro. Clendinnen replied in his usual able manner, and thanked the brethren present for the honor they had on the present occasion done him and assured them that they would ever cherish his love and friendship.

Very able speeches were also made by Revs. Bros. Arthur H. Moore and J.G. Hindley, and Bro. J. H. Holland, the genial editor of the Stanstead Journal, and after the singing of Auld-Lang-Syne and a hearty handshake with Bro. Clendinnen, the brethren dispersed at 11 p.m. Peace and harmony prevailing.

POLITICAL JUDGES.

CHIEF JUSTICE HUNTER DOESN'T THINK MUCH OF THE UNITED STATES COURTS.

Victoria, B.C., June 25.—"Oh you can find there almost anything you look for. The American judges are political judges, and this is the kind of question which it is very poor policy to submit to that class of judge." So remarked Chief Justice Hunter when counsel attempted to quote some U.S. authorities in the case of Graham vs. the Bricklayers' Union.

The Chief Justice of the Supreme Court of British Columbia was sitting as a member of the full court which was hearing the appeal of Knott and the Bricklayers' Union vs. Graham. Judgment had been given by Judge Lampman in the County Court awarding $250 to Graham, damages for the action of the present appellants in securing his dismissal because he refused to join their union. Judgment has been reserved in the case.

"LORD ASHBURTON" CAUGHT AGAIN.

NOTORIOUS FORGER, WHO ONCE POSED AS AN ENGLISH NOBLE, ARRESTED AT WINTHROP.

Boston, June 26.—C. Francis Richards, whom the police have been anxious to catch for a long time, was arrested by Boston officers at Winthrop Wednesday afternoon. Richards is believed to be the man who posed as "Lord Ashburton," and under this title swindled many Bostonians. He is wanted on forgery charges in about all of the large cities of the country and will probably be turned over to the New York authorities who are especially anxious to renew acquaintances with him.

Richard's court record is a long one and covers a period of more than forty years. For some time the man has been living in Coral avenue, Winthrop, and when caught, was enjoying a ride in an automobile which he had hired for a week.

In the Municipal Court Thursday morning the prisoner was arraigned on charges of being a fugitive from justice and larceny and his case was continued under $1000 bonds until June 27.

SHERBROOKE AND THREE RIVERS FIRE.

City Council Holds an Informal Meeting.

EXPRESSES SYMPATHY AND WILLINGNESS TO AID IN ANY WAY POSSIBLE.

An informal meeting of the City Council was held last night to decide in what way the city of Sherbrooke might best express its sympathy with the people of Three Rivers in the great disaster which had befallen them.

A letter was read by Councillor Denault from the Sherbrooke Board of Trade requesting the Council to ask the Chief Magistrate of Three Rivers if assistance was needed, and in what form, and to render such help as they might think fitting.

The Mayor, Dr. Bachand, said he had learned that the Mayor of Three Rivers took an optimistic view of the situation and thought that outside aid would not be necessary.

It was eventually resolved by the Council that Mayor Bachand should send a letter of sympathy to the Mayor of Three Rivers expressing the willingness of the city of Sherbrooke to give any aid in its power if such should be required.

ENTERTAINMENT AT THEATRE A SUCCESS.

Conclusion of Jubilee of St. Jean Baptiste Society.

PLAY WELL PRESENTED BY LOCAL TALENT—FINE MUSICAL NUMBERS.

The dramatic and musical entertainment given last evening at the Clement Theatre crowned with success the Jubilee Festival of the St. Jean Baptiste Society of Sherbrooke.

The audience was large, scarcely a seat remaining when the curtain rose, and was also most enthusiastic, applauding the actors liberally, yet with great discrimination. The staging and dressing were excellent, and left nothing to be desired, and the acting was spontaneous, natural and far superior to that of many an experienced stock company.

The play was a three-act comedy, "Les Boulinard," and the cast was as follows:

Boulinard, father-in-law of Bodard... .... L. E. Dastous
Paul Godard .... E. Sylvestre
Paul Bodard ....L. Desjarlais
Major Boulingrin .... A. L. Genest
Bruniquel ....J. C. Paquette
Mr. Emile, Manager of the Hotel,... .... Alphonse Lapointe
Dutilleul, Justice of the Peace..... .... Chenier Picard
Desboucheau .... A. J. Genest
Louveteau .... Louis Mignault
Benoit ... ... Wilfrid Legare
A Journalist ....
Joseph .... L. P. Genest
A Crier..... ....
Pamela ... Madame J. O'C. Mignault
Cecile ... ... Miss Ida Biron
Agathe ... ...Miss Marguerite Pelletier
Augustine .... Miss E. Genest

The action of the play takes place first at the residence of the Boulinard family in Paris, and the scene changes in the second and third acts to the Hotel of a Sub-Prefecture in the Provinces, and the house of the Sub-Prefect. The plot hinges upon the desire of Mr. Boulinard to make his son Sub-Prefect, and most amusing complications arise during the progress of the play from the similarity in the two names, Paul Bodard and Paul Godard, and a mistake made by the hero, who imagines he is in his son-in-law's house, when he is really in a hotel.

The sparkling dialogue and witty repartee, as well as the absurdity of some of the situations kept the audience in a constant ebullition of laughter from the beginning to the end of the evening, and again and again, there was vociferous applause.

Mrs. Mignault was inimitable and entered thoroughly into the spirit of the part, while Messrs. Dastous, Sylvestre, Desjarlais, Genest, Paquette and Lapointe fairly divided the honors.

The minor characters were well acted, with a fidelity that left no room for criticism, and a vivid appreciation of the humor of the piece.

Miss Biron was sweet and winning as Cecile, and the maids, Agathe and Augustine, were piquante and attractive. Bourgeault's Orchestra opened with a fine overture, and between the acts the audience were charmed by songs of Old Canada rendered by Mr. Antonio Genest, and a gay chorus by the Choral Society under Professor Cartier, which was encored. "Vive la Canadienne" and "God Save the King" brought the evening to a close.

Mrs. Bernard was the capable and finished accompanist.

During the progress of the play very fine bouquets were presented to the ladies who assisted in the programme.

TRAIN WRECKED BY CLOUDBURST

Toronto, June 25.—A terrific cloudburst accompanied the storm of Monday night and caused a wreck on the Southampton line of the Grand Trunk about three and a half miles south of Mildmay and thirteen miles from Walkerton. As a result Engineer Allward is dead, Fireman O'Keeler and Baggageman Bourdy are badly injured, and the hundred and twenty odd passengers were given a severe shaking up. That the loss of life is so small is providential, as the train was running at a high rate of speed and the washout was complete.

THE ELEPHANTS.

TROUPE FROM ASIA A FEATURE OF COLE BROS'. SHOWS.

When Cole Bros'. Shows come to Sherbrooke on July 3rd, they will bring with them, it is claimed, the only herd of Asiatic working elephants, ever seen in this country. This herd of pachyderms were secured by the Cole Brothers during the world girdling tour of the show and are known as lumber working elephants. That is, they are elephants that work in the immense lumber districts of Asia. What they have been taught to do in their own country, coupled to the finishing touches that have been put to their education here, makes them unquestionably a most valuable herd of elephants. Recently a writer in describing these elephants had this to say of them:

"Lazy and clumsy-looking as the elephant appears in our menageries, where it is merely an object of curiosity, in Asia it is as useful an animal as the horse, and is, indeed, employed in a great variety of ways. There are few, if any, tasks which a horse can be trusted to perform without careful and constant guidance, whereas the elephant is frequently given as much independence of action as a man would have for the same work. This is notably the case in the lumber yards of Rangoon and Moulmein, where the entire operation of moving and piling the heavy timber is performed by male elephants without any special supervision by the keepers. If a log too heavy to be carried is to be moved a short distance, the elephant will bend low, place its great head against the end of the log, and then, with a sudden exertion of strength and weight, throw his body forward, and fairly push the log along; or, to move the log any great distance, he will encircle it with a chain and drag his load behind him. As a rule, however, the work of dragging is done by the female elephants, since, having no tusks, they cannot carry logs as the male elephants do. A man could hardly display more judgment in the adjustment of the rope or chain round a log, nor could a man with his two hands tie and untie knots more skilfully than do these elephants with their trunks."

"SMART" ENGLISH.

(From Black and White.)

The speech of the smart man and woman sufficiently betrays the modern attitude. To speak good English is middle class, not only in such obvious forms as "ain't" and the clipping of the final "g" is this evident, but also in the choice of words and phrases. The modern vocabulary is very small, and the greater part of it is composed of slang.

Sometimes a man will expect a want-ad. to finish a task in a day which has baffled him for six months—and the funny thing about it is that the want ad. will often do it!

COMMENTS ON EASTERN TOWNSHIPS HAPPENINGS.

Gold in the Townships.

The reports from the Marsboro mines and the statement that there is likely to be gold found in the bed of Lake Megantic leads us to wonder whether we have a real gold mine so near to our door. I have always been of opinion that if we had used the money at home for development purposes that we have sent away either to British Columbia or the United States we would perhaps have more to show for our money than we have at present. I am glad that there are those who have sufficient faith in the mineral wealth of the Eastern Townships to put money into development with the thought of finding out just what we have. I also hope they will be rewarded by finding that which they seek. If we could unearth here in the Eastern Townships in the matter of gold such wealth as has been unearthed at Cobalt in the way of silver we would be fortunate indeed. Perhaps in no other way would the eyes of the world be centred on us to a greater extent than by the finding of gold in quantity.

Vacation With the Y. M. C. A.

The Y.M.C.A. is a benefit to our young men in more ways than one. In reading the article in the Record concerning the camp at Bacon's Bay, I was struck with the completeness of the plans and the thoughtfulness of those who made them. The plan suggests a holiday for young men, inexpensive in cost, and yet under conditions which, should help the young men both morally and physically. Sherbrooke has done exceedingly well by its Y.M.C.A. but the investment is a good one. Its young men will give good dividends upon the investment made by public spirited citizens.

Progressive Farming Methods.

I sometimes wonder what our forefathers, the pioneers of the Eastern Townships would think if they could see the farmers of the Townships now and witness the way in which farming is conducted. Although we still have a few of the class of conservative men inclined to use the methods their fathers employed, still the great number of farmers in the Townships are now filled with the progressive spirit of the age. Treadmills have come and gone and the horse power machines have followed. Now the gasoline engine has replaced the horse power machine, while even wind is utilized for pumping water, cutting fodder and other purposes. While we haven't here as they have in the West gang plows drawn by traction engines, nor the advanced machinery for threshing purposes, still we have many appliances here that were never dreamed of a half a century ago. It is a different proposition being a farmer now to what it was in the days of our forefathers.

PRESIDENT'S PROCLAMATION.

Oyster Bay, June 26. — President Roosevelt issued the following:

"The White House, June 24, 1908.

"To the people of the United States:

"Grover Cleveland, President of the United States from 1885 to 1889, and again from 1893 to 1897, died at 8.30 o'clock this morning at his home in Princeton, N.J.

"In his death the nation has been deprived of one of its greatest citizens. By profession a lawyer, his chief services to his country were rendered during a long, varied and honorable career in public life. As mayor of his city, as governor of his state, and twice as President, he showed signal power as an administrator, coupled with entire devotion to the country's good, and a courage that quailed before no hostility when once it was convinced where his duty lay. Since his retirement from the presidency, he has continued well and faithfully to serve his countrymen by the simplicity, dignity, and uprightness of his private life.

"In testimony of the respect in which his memory is held by the Government and people of the United States, I do hereby direct that the flags on the White House and the several departmental buildings be displayed at half staff for a period of 30 days, and that suitable military and naval honors, under the orders of the secretary of war and of the navy, be rendered on the day of the funeral.

"Done, this twenty-fourth day of June in the year of Our Lord, One Thousand Nine Hundred and Eight, and of the Independence of the United States of America the One Hundred and Thirty-Second.

"Theodore Roosevelt."

GASOLENE TANK EXPLODED.

MAN BADLY BURNED IN YACHT ACCIDENT AT TORONTO.

Toronto, June 25.—At 4.30 Tuesday afternoon during the progress of the storm an accident occurred in the Queen City Yacht Club slips, which may result seriously for one of the three occupants of Mr. Fred Phelan's gasoline launch. Mr. Phelan and two men, Sims, a professional sailor, and a man named Twiller, were in the launch waiting for the storm to pass by. Twiller went up forward and a second later there was a tremendous roar as the gasoline tank exploded. The top of the cabin was blown off, and Twiller was badly burned. Flames burst out at that end of the yacht. A number of other launches put out to the rescue and the burning boat was towed in. An ambulance took Twiller to the hospital. The other men practically escaped unhurt. It is supposed that the boat was struck by lightning. The boat is a 35-footer, and of the class known as a semi-racer.

BURNING NINE YEARS.

STATEMENTS AS TO THE FIRES IN THE ANACONDA AND ST. LAWRENCE MINES.

Butte, Mont., June 25.—General Manager Gillie, of the Amalgamated Copper Company properties, Tuesday, issued an official statement concerning the fires in the Anaconda and St. Lawrence mines, regarding statements which were sent out from this city on Monday night. Mr. Gillie says that the blaze, which has been raging continuously since 1899, is no worse than it has been several times before, and that there is nothing alarming in the situation. The fire is supposed to have been started by a miner's candle. For nineteen years it has raged in the timbers of that part to which it has been confined, spreading slowly. The sulphur in the ores also lends fuel to the smouldering flames.

Letters to the Editor.

OUR GREATEST NEED—HEALTH.

Editor of Record:

Sir,—There is nothing more important for us in this age of disease than health. And there are few of us who realize this or even give it a thought. To be sure we all have a dread of these fatal diseases with which we see our friends dying and of which we read, but few ever think that by keeping the body in perfect health we are become immune to a great extent to these systemic diseases which bring on so many early deaths.

Again there is another class of people who are aware that they should live within certain bounds, but still live on in a life of indulgence until sickness confines them to a regime by prescription.

Health is a perfect circulation in a sound organism. Let us live to bring about and maintain such a condition as our duty to ourselves and neighbors. Surely, each has our influence, however small, but just so surely do we have our part to do in maintaining the health of our community.

There are a number of things which might be mentioned in this line — our diet, as to quality and quantity—for we are made of what and how we eat. The potatoes we eat to-day may be walking around to-morrow, etc., that is, if they become digested. Exercise, too, is important, which must be taken to benefit the multitude of muscles in our bodies. It is needful to develop all of them and not some sets more than others.

The mind also must be developed along with the other muscles of the body and just so the muscles with the mind. Too many now, especially girls going to school, are developing their minds without muscular exercise enough and consequently there is often a breakdown with ruined health and an end of school life. This is to be regretted much, as often the most capable apply themselves the most and wear out the sooner; thus through hasty cramming and lack of knowledge in health lines, many bright stars are lost. The development of the two establishes the equilibrium—a sound mind in a sound body.

Too many of us, again, spend our God-given moments in worrying about the future and crossing burning bridges, which may never stretch across our path. Let us be happy and thankful for the day we are spending and with a smile of cheer face the future, trusting the worst worketh out for our good. And when we have done our part well do we not find the future to come out better than we expected and then after worrying so long before can we appreciate the joyful unexpected as we might have? Then, oh, the little "ifs" and "might haves" which have nearly spoiled the many lives and filled the rest with regrets. "A merry heart doeth good like a medicine," and "an ounce of prevention is worth a pound of cure."

Regularity and temperance also form a great part in the making of a healthy body. Regularity at meals, bedtime, rising, study, recreation, etc. And it is a wise man who is temperate in all things along with total abstinence of certain known injurious habits.

So many of us wait until we get sick in bed and then repair to some place of restoration but why not each day take health out of the day as it comes? Drink pure water which so many of us have a distaste for and breathe more of the pure air which is free to all. Work, rest and make each day count for health and eternity, and how much happier our lives will be and how much more good we can get out of each moment of our short lives never to be lived but once.

HULL SALOONS TO REOPEN.

HAVE NO LICENSES BUT SAY THE M.L.A. "MADE IT ALL RIGHT AT QUEBEC."

Hull, June 26.—A strange state of affairs developed in liquor circles here Wednesday night when two of the six license-holders who were cut off at the first of the year re-opened their premises, and another did so yesterday. The extraordinary feature of the case is that Provincial Revenue Collector Symmes states he has received no notice from the Government of the granting of renewals or new licenses, nor has the city treasurer received any license fees. The hotel men admit they hold no licenses to do business, and the nearest they approached to an explanation was a statement by F. X. Lamothe that he had worked for Gendron in the recent elections, and that the member for Ottawa County had gone to Quebec and "made it all right." Meantime, the licensed hotelkeepers, whose fees were increased when the cut-off was made, are up in arms at the re-opening of the hotels.

LAKE SCASWANINEPUS.

MORE THAN THE USUAL ACTIVITY IS NOTICEABLE THIS SEASON.

Lake Scaswaninepus, the Indian name of "Little Lake Magog," is becoming every year a more popular place of resort in summer particularly for the residents of Sherbrooke.

Its proximity to the city, its good railway service (three trains each way a day), and the facilities it offers for boating, fishing and bathing, make it an ideal spot for those who wish for an outing or a rest, and are unable or unwilling to go far from home. The little sheet of water is 5 miles in length by 2½ in width, and is set in the midst of encircling woods, principally pine, hemlock, birch and maple. There is a dense growth of underbrush which, however, is being gradually cleared away, and in time, will doubtless be replaced by lawns and flower gardens. As it is, a noticeable improvement takes place every season.

Launches abound, seventeen being at present in commission, and there are countless canoes and boats.

Among those who own cottages are Mr. Justice White, one of the early comers, Dr. W. A. Farwell, Messrs. F. P. Buck, C. H. Fletcher, J. A. Tate, Ernest Precourt, A. L. Genest, P. D. Authier, C. H. Foss, J.H.D. Codere, Mr. Sterling, Neil Dinning, N.T. Dussault (cottage leased this season to Mr. C. O. Palmer), A. J. Genest, Dr. L. Forest, Thos. Tremblay, E.G. Wiggett, A. G. Campbell, B. C. Howard, Harry Robinson, A. L. Parker, Geo. Johnston, Thos. Voyer, Alfred and L. Dupuis, A. C. Bissell, B. A. Dugal, L. H. Olivier, J. Burbeck (occupied by Mr. M. Laine), Mr. Caron, etc. The little Roman Catholic chapel is situated on the side hill, near the cottage of Mr. Codere, and will be dedicated shortly.

The hostelery, which has been enlarged and rechristened holds out every hope of comfort and enjoyment for a summer vacation. Another story has been added and it will now accomodate 75 guests. There are three wide verandahs, 17 x 70 feet, with a pier-like extension, overlooking the lake where arm chairs and rockers invite to repose. On the lower floor are the office, dining room, parlor, lavatory, wash rooms, etc., all the windows, 5 x 7, of a single sheet of glass. The dining room is 32 x 20 feet in size, arranged with small tables and decorated with bowls of ferns, chinese lanterns, muslin curtains and green shades.

The Union Jack floats from the roof of the hotel which is painted a cool grey, contrasting well with the green background of trees. Mr. Ernest Precourt, the manager, is determined to do all that is in his power to make his guests (of whom there are already a fair number), comfortable and the place popular, and from present appearances he will succeed.

the eye, thanks to the young friends of the bride and groom. The wedding bell, supported by an evergreen arch, under which the happy pair gave their pledges, was a work of art. Cut flowers and potted plants made the church look like a fairy bower. The bride looked pretty in her fleecy white dress and veil and carried a bouquet of lilies of the valley and maiden hair ferns. Miss Edith Temple acted as bridesmaid and carried crimson roses. Mr. Ernest Cross, of Montreal, acted as best man. Mr. and Mrs. Hutchinson will spend their honeymoon in Ontario at the home of Mr. Hutchinson's mother. They expect to return here, where both have many warm friends.

ROBINSON — PROULX.

Bethel, Que., June 26.—(Special) — A quiet but very pretty wedding took place in All Saints Church, Wednesday June 17th, when Miss Elizabeth, daughter of Mr. and Mrs. J. Proulx, Davidson Hill, was united in marriage to Mr. William Robinson, formerly of MacLean, N.D. Rev. Mr. Wurtele, Acton Vale, assisted by Mr. H. Pelletier, performed the ceremony.

The groom was supported by his brother, Mr. Charles Robinson. The wedding march was tastefully rendered by Miss Mary Phillips. The ushers were Messrs. Albert Cassidy and J. Proulx. About one hundred guests sat down to a very dainty supper, served by the hostess.

The wedding presents were many and costly. The groom's present to the bride was a gold bracelet, and to the bridesmaid a gold brooch set with pearls and brilliants.

In anticipation of the happy event the interior of the house had been tastefully decorated in pink and white, the drawing room, especially where the ceremony was solemnized, presenting a pleasing appearance with its large collection of potted plants, ferns and cut flowers. The service was performed by the Rev. Mr. Wilkinson, father of the bride. The latter entered the room to the strains of Lohengrin's wedding chorus played by Miss Irene Thornton, of Barnston.

The bride was married in her travelling suit of blue Panama cloth with cream point d'esprit waist, and carried a shower bouquet of roses and lilies of the valley. Mr. G. A. Hadlock acted as best man. The bridesmaid was Miss Mary Buckland, of Coaticook, who was becomingly gowned in pale blue muslin elaborately trimmed with Valenciennes lace and insertion, and carried pale pink carnations.

After the ceremony, and congratulations had been received the company repaired to the dining room, where a dainty luncheon was served.

The groom's gift to the bride was a ring set with pearls and rubies, and the bride's gift to the bridesmaid, a gold bar pin with pearl setting.

Among other beautiful gifts from friends was a handsome Newcombe piano from the father and mother of the bride. Mr. and Mrs. Hadlock left on the afternoon train to spend their honeymoon in Quebec city. They will reside in Barnston.

The church was effectively decorated for the occasion with marguerites, pink and white peonies and ferns. The ceremony was performed by the Rev. R. G. Peever.

The bride, who was given away by her father, wore a gown of ivory crepe de chine over chiffon taffeta trimmed with Bebe Irish lace. Her tulle veil was arranged over a coronet of orange blossoms, and she carried a shower bouquet of white roses and lilies of the valley. She was attended by Mrs. W. H. McLeod, (Wellesley Hills, Mass.), Mrs. Fred McClure Jones (Montreal), and one bridesmaid, Miss Frances Hurd, (Lowell, Mass.), who wore a gown of pale blue Marquisette over taffeta, a pale blue picture hat to match and carried a shower bouquet of pink and white sweet peas. Mr. Harry Shurtleff, brother of the bride, was best man; Mr. William Ewing (Richmond), and Mr. Fred L. Nunns were the ushers.

The ceremony was followed by a reception at the residence of the bride's father, and later Mr. and Mrs. Stanley left for a wedding trip to New York, Washington and Boston, the bride travelling in a tailor-made costume of navy blue chiffon broadcloth, and a hat to match. On their return they will reside in Montreal.

The bridegroom's gift to the bride was a diamond and pridot ring; to the bride's attendants pearl pendants, and to the best man and ushers he gave pearl pins.

STEARNS — COULTER.

The wedding took place on Tuesday, June 16th, at two o'clock, of Miss Edna L. Coulter, daughter of Mr. and Mrs. Jas. W. Coulter, Boston, and Mr. Herbert R. Stearns, of Dorchester.

The ceremony was performed at the home of the bride's parents, 2 Westminster Terrace, Brighton, by Rev. Dr. Reginald H. Howe, of the Church of Our Saviour, Longwood.

The matron of honor was Mrs. Jas. A. Hathaway, Jr. The bridesmaids were Miss Eva C. Coulter, sister of the bride, Miss Florence Weltch, of Alliston, Miss Beatrice Astor of Newton, and Miss Florence Lazonby, of New York.

After the ceremony, Mr. and Mrs. Stearns received the congratulations of some one hundred and fifty guests, being assisted in receiving by Mr. and Mrs. Coulter, and Mr. and Mrs. Stearns, parents of the bride and groom.

The wedding gifts, which included cut glass, silver, china, pictures and bric-a-brac, were very beautiful and costly.

Among the guests were Mr. and Mrs. J. J. Penhale, of Sherbrooke, the latter of whom is the bride's cousin.

BUCKLAND — BROADHURST.

On Wednesday, the 24th, at 7.30 p.m., a pretty wedding took place in the St. George Church, Lennoxville, when Miss Martha E. A. Broadhurst was united in marriage to Jos. W.H. Buckland.

The bride was given away by her brother, the Rev. Mr. Wright officiating. The sister of the bridegroom, Miss Lucy Buckland, and Mr. A. D. Anderson, of Waterville, were respectively bridesmaid and groomsman. The bride was tastefully attired in a cream dress and veil. The wedding supper was served at the home of the bridegroom's parents.

The happy couple were recipients of many beautiful presents.

Amid showers of good wishes from their many friends, they left on the midnight train for Waterville, where they are to reside.

POLITICAL PICNIC IS HELD AT COMPTON.

(Continued from Page 1.)

sent should show their appreciation by supporting the Conservative candidate when the Federal elections should come around.

The last speaker was Mr. George W. Paige, of Coaticook, who was introduced as the Conservative candidate for Stanstead County. Mr. Paige expressed his pleasure at adding a word of congratulation to those already extended to Mr. Giard on account of his recent magnificent victory. It must have been pleasing to the electors of Compton County when other standard bearers throughout the province were going down to defeat, to have their own carried to victory. Mr. Giard had already won his spurs and they had done well but to allow him to retire. While he regretted the result in Stanstead County they had not lost courage there but were ready to buckle on the armor again and put up a fight for the Federal seat when the time should come around which he hoped would result in victory for the Conservative candidate.

The chairman then announced a gathering in the hall in the evening, in which all were invited to participate. The Compton Band, which had added much to the pleasure of the day by discoursing music at intervals, then brought the proceedings to a close by playing the national anthem.

Ottawa, Ont., June 26.—A large area of land in Western Canada will be opened for settlement for the purpose of raising money to build a Government railroad to Hudson Bay, and open a new route to Europe. The Government announces that it will throw open to preemption 28,000,000 acres in Saskatchewan and Alberta, consisting of odd-numbered sections hitherto reserved. It is expected to dispose of 3,000,000 acres at $3 an acre in assisting to raise $15,000,000 necessary to build the 500 miles of railroad between existing lines and Fort Churchill on Hudson Bay. It is expected the road will be built within a couple of years, and aid given steamers to make use of the Hudson Bay route.

London, June 26.—St. Paul's Cathedral was packed to its full capacity, Wednesday, for the thanksgiving service that marked the conclusion of the Pan-Anglican Congress, which has been in session in London this week. Thousands of people waited for hours outside in the hope of getting in, but every available seat was occupied by persons who had been given tickets. The service came to an end with a procession of over two hundred archbishops and bishops from all parts of the world. The prelates were attired in resplendent robes of crimson, blue, purple and white, and they made a most striking appearance as they marched up the centre aisle two by two and laid the thanksgiving offerings of their respective dioceses on the altar. The total amount of these offerings reaches $1,666,040. The next few days will be given up by the delegates to the congress to social festivities, the principal of which is the garden party to be given by the Prince and Princess of Wales at Marlborough House.

We can't escape the 35 per cent. duty the States impose on Canadian ammunition.

But we drive the cork in with quality.

DOMINION AMMUNITION

LAKE MEGANTIC.

Mr. G. C. Mignault, P.L.S., of Sherbrooke, is surveying and laying out the site for the new Village of Propolis, at Moose Bay, near the Head of Lake Megantic.

Mrs. John Duncan's new house in Agnes, is all boarded up and the roof is being shingled. The plan is a one and a half storey building, with a high pitched roof having a Dormer window in the front of the roof. The building will be quite an addition to that part of the town.

Mr. Michel Couture is building a boathouse 30 x 13 ft. by the side of the Government wharf for his gasoline launch. Mr. Couture has taken a new plan with his boat house. Instead of it being a floating one as the others are, he has driven the posts into the bottom, so that the building will stand solidly and allow the water to rise and fall.

Messrs Richard Swan, Thos Cameron and Aug. Duguette, have their buildings packed up and are digging out the loose earth and will replace the old cedar posts with cut stone foundations. This will improve these buildings very much, and add to their appearance.

Mr. Aug. Duquette, has the bricks on the ground for bricking his dwelling of Ness Hill as soon as the foundations are finished.

Mr. A. Lemay has a gang of men and the road scraper at work repairing the main road on Ness Hill. This road was never before in such bad shape as it was this spring.

MURRAY BAY IS INTERESTED IN SECRETARY TAFT.

In the little village of Murray Bay, on the Lower St. Lawrence, there has been displayed an interedt in the Chicago convention, such as no other Canadian town of equal size has witnessed. There William Howard Taft, prospective President of the United States, is a well known figure. For fifteen years he and his two brothers, Charles and Henry, with their families, have spent the hot summer months. They might be called the pioneers of the summer colony.

The cottage which Secretary Taft occupies is the same one he rented when he was a judge on the Bench in Ohio. In a modest little house, with perhaps eight rooms, standing on a bluff and facing east over the broad river.

Waterville is quite lively at this time, new buildings going up, old ones being enlarged and repaired and painted, lawns being graded and new fences erected. The Catholic Church and parsonage and grounds are put in fine order and look very attractive.

SPORTING NEWS.

LONGBOAT TO RUN.

STORY THAT HE WOULD BE BARRED FROM MARATHON WITHOUT FOUNDATION.

London, June 26.—Lord Desborough, in speaking to the C.A.P. Wednesday said that he had heard nothing regarding the alleged refusal of Tom Longboat's entry. He believed that there had been some trouble across the water, but he had no wish to create any trouble here. In fact, he had received no objections to Longboat's entry in the great Marathon.

P. L. Fisher, Hon. Sec. Amateur Athletic Association, informs the Canadian Associated Press that the British Association had received no objections to Tom Longboat's entry, and that before the Amateur Athletic Association could notice objections such must be in the shape of a specific charge. Mr. Fisher knows that nothing regarding the rumors emanating from New York Sources. Rumors that Longboat's entry had been refused by the Amateur Athletic Association came as a great surprise to him.

The Kilmallock correspondent of the Canadian Associated Press wires that Tom Longboat felt fine after his voyage. The Indian was not sea sick. Tom Flanagan has changed his mind, and will himself train Longboat instead of securing an Old Country trainer. Tom Longboat this morning made his first trial over a three-mile road. Longboat was delighted with the smooth roads, and will make some important trials inside of the next two weeks.

Kilmallock is in Limerick County, Ireland, near Tom Flanagan's home. Tom is evidently carrying out his intention of training the Indian at his own home. Before he left he thought he would place the Indian in the hands of an Old Country man. The despatch indicates that he has reconsidered this intention. The Indian would never stand handling by Old Country methods.

William Sherring, coach of the Canadian team, declares that the English climate will not affect Canucks, who will all give an excellent account of themselves.

King Edward has promised to open the Olympic Games July 13th.

KING DISAPPOINTED.

PRINCE OF WALES MAY TAKE OVER HIS RACING STABLES.

London, June 26.—The King is undisguisedly disappointed at the continued indifferent form shown generally by his horses now in training, and particularly at Perrier's utter failure to justify expectations in the Two Thousand Guineas and the Derby. There is some talk even of the possibilities of His Majesty disposing of his racing stud at the end of the season, retaining only the stud from Sandringham. The Prince of Wales might then take over some of the King's youngest horses, which are now in training, and race them in his own colors, but there will be no definite decision on this point before the King goes to the continent at the end of August.

LACROSSE.

Crescents will meet Canadians tomorrow afternoon. The Canadians will have a strong team on the field and home to retrive the honors they lost two weeks ago. It will be a fine exhibition of lacrosse. The teams will be as follows':

CUBA GREETS SPANISH SHIPS

FIRST IN HAVANA SINCE FREEING OF ISLAND.

Havana, June 26.—The schoolship, Nautilus, the first Spanish naval vessel to enter a Cuban port since the relinquishment of Spanish sovereignty over the Island, came into the harbor of Havana Wednesday afternoon, and was hailed with enthusiastic expressions of delight by the entire Spanish colony of the city, many thousands of Cubans joining in the demonstration. Salvos of pyrotechnic bombs signalled the sighting of the long-expected school-ship, the population moving en masse to the water-front to witness her arrival, and waiting there patiently for hours. As the Nautilus came abreast the historic fortress, for centuries the emblem of Spanish domination, she broke out a single-starred flag at her mainmast, thundering forth a national salute. At the same moment was released from the committee steamer of the Spanish colony a flock of scores of white doves. Attached to their tails were streamers of crimson and gold, which swung in the air as the birds flew hither and thither in the smoke of the cannon. Some of them took refuge in the yard-arms and rigging of the ship. Surrounded by the escorting fleet the Nautilus slowly passed Cabana, whose batteries returned her salute and proceeded to her anchorage in the harbor within a few hundred yards of the wreck of the Maine. The officers of the ship were entertained by the Spanish colony and the city was brilliantly illuminated. Among the entertainments will be a ball for the officers at the residence of the American minister, Edwin W. Morgan, at Marianao.

ITALIAN CARDINAL ATTACKED.

BOMB THROWN AT HIM WHILE CELEBRATING MASS IN CATHEDRAL AT TURIN.

Turin, June 26.—While Cardinal Agostino Richelmy, Archbishop of Turin, was celebrating pontifical mass in the cathedral at noon in honor of the feast of St. John a petard exploded within the building. The congregation rushed for the doors. Many persons were thrown down and trampled upon. Nobody was wounded by the explosion. The petard consisted of a tin box containing gun powder and revolver cartridges. Fortunately the cartridges did not explode. It is believed that the author of the outrage sought the life of Cardinal Richelmy. The Pope has telegraphed congratulations to the cardinal upon his escape.

STATUES AND POSTERITY.

(From Le Petit Parisien.)

How many statues we shall leave to future generations! I imagine they will not be a little embarrassed by the number, and, as the glory of most celebrities is short-lived, they will not be very grateful to us for the legacy.

There is first the very important matter of selecting the tongues.

Then there is the curing—the right composition and consistency of the brine—which requires expert knowledge.

Then follows the Seasoning and the Cooking.
