Fancy knitting—1 Wm Francis, 2 M A Piche.

Crochet work—1 R McAuley, 2 Wm Francis.

Floor mats—1 John Manes, 2 O Prince.

Footings—1 W Hooker, 2 J W Downs.

Mittens—1 J W Downs, 2 R McAuley.

Woolen gloves—1 W Buchanan, 2 R McAuley.

Ladies woolen stockings—1 J W Downs, 2 N Buchanan.

C. H. TAMBS, Sec. Treas.

## Townships Notes.

The potato crop is rotting very badly in Richmond and vicinity.

The Sovereign Bank has opened an office in Waterville under the management of Mr. W. A. Grasset.

The Brome Fair held a successful show on Wednesday last. During the day there was a heavy wind and two tents on the grounds were blown down. The gate receipts were fully up to previous years. Messrs. H. C. Wilson and Sons, of Sherbrooke, had a most attractive exhibit of musical instruments and was a feature of the Fair.

Mayor Hayes, of Richmond Mayor Camirand of Sherbrooke and Mayor Payne, of Granby were the only Townships representatives at the recent municipal Convention held in Montreal last week.

Dr. Harper was in Richmond on Saturday morning, also Mr. Commissioner Shurtleff, the latter holding an enquiry into certain charges against the Doctor which emanated from Richmond. The enquiry was held in the hearing of the Richmond School Commissioners, who however it appeared had no knowledge of any complaints sent to Quebec. The "trial" ended in a draw; there was nothing whatever against the Doctor which was not met by the Doctor. The enquiry was held in the hearing of the Richmond School Commissioners, who however it appeared had no knowledge of any complaints sent to Quebec. The "trial" ended in a draw; there was nothing whatever against the Doctor which was not met by the Doctor. The enquiry was held in the hearing of the Richmond School Commissioners, who however it appeared had no knowledge of any complaints sent to Quebec. The "trial" ended in a draw; there was nothing whatever against the Doctor which was not met by the Doctor.

Mrs. Wm. J. Boothe, of Melboro, Que., received word from her husband, who is a bridge foreman, now in Millbank, that he and his nephew, Mr. Miller, had a rather narrow escape, a short time ago. The two were sleeping in their car, when entered it and demanded their money. Mr. Boothe seized him and threw him out of the car, but in a few minutes two other men entered carrying revolvers. One of them struck Mr. Boothe on the head with his revolver, and knocked him senseless, while the other snatched his nephew's watch and then made their escape.

Mr. R. J. Peters, of Kingsley Falls, owns a colt which bids fair to become one of the fastest horses in Canada. The youngster is only 17 months old. The first time he was ever on a track he paced a quarter mile in 38 seconds, a 22 clip for the mile, and 1-8 of a mile in 18 seconds, a 22 clip. He is a son of G. K. Foster's good young horse, King's Counsel, the son of the noted sire, Mambriano King. We understand that Mr. Peters is ready to back his horse against anything in this section, trot or pace, for a quarter of a mile, on Saturday, Sept. 27th, Danville Fair Day.

A large eagle left uncle Sam's domain and gave Windsor Mills a call last Friday, which proved to be very disastrous to him. He was first seen soaring above an island about two miles down the river, by Master P. McCormick, who was out hunting with a shot gun. Master McCormick reconnoitered and succeeded in getting close enough to shoot him. Mr. J. Quinn purchased the eagle and sent it to Sherbrooke to be stuffed. It was a fine specimen, measuring six feet from tip to tip of the wings. The next day another one was seen down the river by some boys but they could not get near enough to shoot it.

### Cause of Splitting Headaches.

Poisons accumulate in the blood and spread every moment to all parts of the body. The brain becomes overworked, nerves irritated, and the result is that awful headache.

Ferrozone is nature's own remedy for headaches; it is a blood strengthener and purifier of uncommon merit, a lasting potent tonic, and the greatest invigorant and health maker known. Headaches never bother people that take Ferrozone after each meal. Buy a box from your druggist for 50c. By mail from N. C. Polson & Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Liver Complaint.

## GROWING TRADE WITH DOCTORS.

Our trade with Doctors is on the increase. All of our lists of Prescription Remedies and Practitioners' Necessities have been gone over carefully and the missing ones supplied. Many additions of late improvements are now ready. We desire to be kept in touch with the advance work and needs of each physician, and hope to serve each in a professional capacity.

For Ladies Ready-to-wear Garments in every styles and make, we are Headquarters.

**T. BELANGER,**  
145 Wellington Street.

The finest grades of Printing neatly and promptly executed at the Examiner Office.

CAMERAS.

There's a lot of "moral suasion" in a camera - better than a weekly whipping to keep a boy out of bad company. The pictures are a delight to the whole family.

Come in and see them

Griffith's Strathcona Drug Hall, 61 WELLINGTON STREET.

OUR METALLIC CEILING AND WALLS

Are both artistic and serviceable. Popularly used by practical people everywhere.

Easily applied - most moderate in cost - fire-proof, sanitary and wonderfully durable - with countless designs to select from.

Wholesale Mrs. TORONTO, CANADA.

CODERE SONS & CO. AGENTS FOR Eastern Townships.

Eastern Townships Agricultural Association

One of the most complete and most extensive displays ever made by the undersigned will be seen at his old stand in the Main Building during exhibition week.

Pianos AND Organs

finished in specially fine designs of veneer, such as African Mahogany, Circassian and figured Walnut and Oak.

These instruments are from the leading manufacturers in Canada, viz., Gerhard Heintzman, Toronto; Palmer, Bell, Thomas and Doherty.

G. A. LeBaron Wellington St. - Sherbrooke.

EAST HATLEY.

Mr. George Chamberlain, his sister and brother of Oliver, visited friends here on Saturday.

Mr. John Carroll of Minton, was in town a few days since.

The W.C.T.U. met with Mrs. R. Emery on Saturday.

Dr. Jones was called to Suffield late Friday evening to attend a young girl who had received a kick on the head from a horse, but we are glad to know it did not prove as serious as feared.

There was a larger attendance than usual at the Harvest Festival on the 16th.

The Rev. Mr. Seller of Compton, gave an excellent address. Miss Gilmore, of Cote St. Antoine, a sister of Mrs. A. J. Bilton, delighted the audience with some fine recitations.

Mrs. Bailey, of St. Johnsbury, lately spent several days at Mr. Amos Hartwell's, called here by the illness of Miss Lydia Heath, who is stopping there.

The young son of Willie McLeary has been very ill with appendicitis, but is somewhat better.

With regard to that popular disease the following question has been propounded by one who is not as a rule given to puns.

"Do the hospital authorities give a reasonable percentage of their extravagant fee for an operation, to the doctors who bring them the patients, and is the fee liable to affect the "pus" of the patient?"

The Ladies' Aid will meet with Mrs. E. Emery on Thursday next instead of Wednesday as previously announced.

MILLFIELD.

The fine weather of the past week has made the farmers rejoice in the gathering in of a good harvest.

Mrs. H. Mooney and son, Archie, returned home Tuesday after a short visit to Toronto.

At present the Hornerettes have their tent at Millfield, service every evening at 7 o'clock and service three times on Sunday.

Miss O'Brien and Mr. Osborne Andrews left Tuesday for Calgary.

Mrs. Charley Miller was the guest of her relatives, Mrs. Brodie and Mrs. Andrews, last week.

We are pleased to see that Mr. Doughney is able to be around again.

Mr. Arthur Johnson is at present visiting relatives.

Miss Annie Butler was down Tuesday to Nelson visiting her brother.

The Misses Brodie were the guests of their aunt, Mrs. McCammon, Friday.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking she slept all night. Further use entirely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 7c and \$1.00. Trial bottles. At all druggists.

MILAN.

We have had most beautiful weather this past week. The farmers have their grain nearly harvested, the frost has greatly retarded the ripening of the grain which was so late this season owing to the wet weather.

Mr. D. J. Nantel, of Scottstown, photographer, will be in Milan this week, Tuesday, Sept. 23, if fair weather, if not, the following day.

Miss Christie A. Patterson from Plymouth, Mass., who has been visiting her aunt, Mrs. Allan McLeod, is gone back this week.

Mr. Henry Witty was the guest of Mr. and Mrs. R. T. McDonald for the past two weeks.

Rev. Mr. Bennett from the bible society held a meeting Friday, Sept. 19th, in the Milan Town Hall, he gave an illustrated lecture on how we got our bible. It was very interesting.

Miss Dora Murray passed away Tuesday, September 16th, after a long illness. She was buried on Saturday. The sermon was preached by her pastor, Rev. D. McLeod. Text, "Suffer little children to come unto me, and forbid them not, for of such is the Kingdom of Heaven." Mr. Kenneth Murray came home from New York to attend the funeral. The bereaved family have our sympathy.

Permanent Cure For Neuralgia.

Experienced sufferers state that no remedy relieves neuralgia so quickly as a hot application of Polson's Nervine, the strongest liniment made. Nervine is certainly very penetrating and has a powerful influence over neuralgic pain, which it destroys almost at once. Nervine is highly recommended for Rheumatism, Lumbago, Sciatica and Toothache. Better try a 25c. bottle, it's all right.

No Pills Like Dr. Hamilton's.

SAND HILL.

The annual Harvest Thanksgiving service will be held in St. Luke's Church on Wednesday, the 24th inst. at 7 p.m.

The service will be followed by a chicken pie supper given by the Ladies' Guild. The proceeds, in aid of the organ fund.

Fatal Catarrh.

Pneumonia, Consumption and kindred evils follow in its trail.

Catarrh ozone.

The greatest inhaler treatment, cures and prevents Catarrh and should be used now.

Have you ever had Catarrh? Have you been subject to coughs and colds lately? Are you all run down? Do you take a cold easily?

If so you are liable to a severe attack at any time and should have Catarrh ozone on hand, because it is a marvelous safeguard against coughs, colds and catarrh.

Catarrh ozone is the greatest protection against these complaints ever known. You don't breathe it, that's all, and it cures. The inhaler is suitable to carry in the vest pocket or purse, and can be used while at work in the church, theatre, any place, any time.

Carry Catarrh ozone for inhaler, use it now and again, it is quite pleasant, and you won't have colds or catarrh.

Breathe Catarrh ozone for five minutes occasionally, and it cures coughs and colds.

Breathe it five minutes four times a day and it cures Bronchitis and Catarrh.

Breathe it ten minutes every hour and it will cure Consumption.

Catarrh ozone is guaranteed to do this and if it fails your money will be refunded.

It is highly endorsed by doctors and druggists as the most reliable and surest cure for bronchitis, colds and catarrh, and no case is recorded where it failed to give satisfaction.

Don't let your cold run on any further. Cure it now by Catarrh ozone. Complete outfit, bar rubber inhaler, and sufficient liquid for three months' use cost but one dollar; small size 25 cents. At druggists or N. C. Polson & Co., Kingston, Ont. Buy it to-day.

Revolution in Newfoundland.

Since the introduction into Newfoundland of the new Inhaler Remedy, "Catarrh ozone" the treatment of catarrhal diseases has been entirely revolutionized. The old-time snuff and internal medicine has been cast aside and everyone is inhaling Catarrh ozone; it clears head and throat in two minutes, and is very agreeable and pleasant to use.

Catarrh ozone is a wonderful cure for Coughs, Cold, Catarrh, Asthma, Bronchitis, Lung Troubles and Deafness. It relieves quickly and cures permanently.

We advise our readers to try Catarrh ozone. Price \$1.00, a small size 25c. Druggists, or N. C. Polson & Co., Kingston, Ont.

Dr. Hamilton's Mandrake and Rattennut Pills.

Telephone Etiquette.

Just and authoritative rules are needed that will fit the caller and the called. Says "Electrician," Mr. Smith, a busy man of business, suits his office boy, and says, "Please get Mr. Jones on the wire." The boy does as directed. It happens that neither man has attained the luxury of a desk set. Accordingly, when Jones is informed by his boy that Smith is on the wire, he talks to him over the telephone he lays aside what he is doing and walks to the instrument. There he hears the familiar "Hold the wire a minute, please," and waits patiently, or perhaps impatiently, until Smith is notified that Mr. Jones is "on the wire," and goes to the telephone in his turn. Jones has wasted some minutes of his valuable time. Smith, on the other hand, has lost no time. He could have saved Jones the waiting by directing his boy to call up Jones' office and ascertain if he were in. Receiving an affirmative answer, he could then have stepped to the telephone and called for Jones, without waiting until Jones responded. But in that case Smith would have waited, and Smith doesn't care to stand around any more than Jones does. Little vexations, like great problems, depend so much on the point of view. What we need is a system of rules that shall be equally respected by Smith and Jones, whether either be the seeker or the sought.

The "Hen Deceiver."

A friend of mine, says "Pick-Me-Up," has invented what he calls a "deceiver" for the purpose of promoting industry amongst the ladies of the farmyard. The apparatus is simple, and consists of a box for a nest, with a trapdoor for the bottom, so that when the hen lays an egg it drops through into a receiver underneath, the door closing automatically. When the hen gets up to look for the egg-it has gone, and she thinks she has made a mistake, and lays another. A hen has been known in this way to lay fifteen eggs at a sitting.

Ping-pong appears to be more successful than Christianity in India. The native ladies of the Punjab have taken it up.

"What do you mean by saying she just celebrated her wooden wedding?" "She married a blockhead." -Philadelphia "Press."

"Goodness! how that railroad stock does fluctuate." "Yes, it's a wire railroad stock that knows its own par." -Philadelphia "Press."

New Woman-"Husband, I need a change. The doctor said my life is too monotonous. I need excitement." Husband-"Trying at home."

Greene-They tell me you send a good many things to the magazines, as well as to the daily papers. Come now, is there any money in literature? Browne-If there isn't it's no fault of mine. I never took any out of it.

W. W. MOREN Y

Real Estate and Commission Agent. WILLIS & CO., Montreal, HIGHCLASS PIANOS. 143 Wellington St. Sherbrooke.

Interesting Items.

A young swell wore a new style evening coat at the Waldorf-Astoria in New York the other night. It was a swallow-tail, with velvet collar and a pocket for a handkerchief in the left breast. A tiny lace handkerchief peeped from the pocket.

A man advertised in a Syracuse paper for a job as general housework servant. He is a widower, familiar with all phases of housekeeping, and says that he can pickle, wash, and iron, enact the parts of the cook and the waitress, mind the baby, dust, and take care of the furnace.

It is a good advertisement for vegetarianism that a pedestrian who doesn't eat meat came to first in the bicycle race which was held between Berlin and Dresden. The winner made the one hundred and twenty-five miles in the record-breaking time of twenty-seven hours, thirteen minutes, and fourteen and one-half seconds.

The New York "Commercial Advertiser" estimates that Andrew Carnegie's benefactions, up to date, amount to \$68,000,000, distributed in the following order: United States, \$55,361,673; Scotland, \$13,078,750; Canada, \$876,500; Cuba, \$252,000; Ireland, \$45,500. And yet, Mr. Carnegie's wealth is said to be increasing more rapidly than he can give it away, owing to the enormous earnings of the properties whose securities he holds.

In his book on "The Private Life of the Sultan," Mr. Georges Dorys says that during the Armenian massacres it cost the Turkish treasury the equivalent of \$1,000,000 to buy a man of wealth, or "allocations," to certain European newspapers, besides the distribution of six hundred and forty costly decorations placed where they would do the most good. Abdul Hamid seemed to believe firmly in the cynical saying of Walpole that every man has his price.

Miss Azalene Earle, formerly of "Hello Girl" in San Francisco, is now Mrs. William Halleck Deming, and will travel in Europe with her husband this summer. Says the Portland "Oregonian," Mr. Deming, who is a man of wealth, was attracted by her soft and gentle voice in calling "Number?" through the telephone, and acquaintance and marriage followed. If the voices of the telephone girls in this city could be heard in the distance through muffled sweetness, the above announcement accounts for it.

Thomas A. Edison thinks that in six or seven years horses will have disappeared from the streets as beasts of burden, and automobiles will be made so cheap as to be within the reach of all who wish or need a motor car. This revolution will be brought about by a storage electric battery which he has invented. "The man that cannot quite afford to keep a horse and carriage is the man that I am trying to revolutionize the other day," "automobile will be the thing for him. Its first cost will not be great. It will not require care, and the cost of maintenance will come far below the cost of keeping a horse."

An interesting series of experiments has been tried by the school authorities in South Germany. Nearly eighty per cent. of observation as it is exercised by boys and girls. A man dressed as an ordinary workman and with ordinary features was placed in a room by himself. Classes of girls of different ages were sent through the room. All the teachers told them that they were to go into the room through one door and out through another. When they returned to their classrooms they were asked to describe the man standing through the room. All but one of the girls confined their attention to the man's clothes; the others described both clothes and features. The same experiments when tried with boys revealed the fact that nearly seventy per cent. of the boys confined their attention to the man's features, the remainder to both features and clothes.

The Stupidity of Instinct.

Are insects, bees for instance, so very intelligent after all, or do they instead resemble automatism instead of reason? Mr. J. Carter Beard has assembled a number of interesting instances in the "Scientific American" which lead to the conclusion that the instinctive behavior of bees is not so intelligent as it is often supposed to be. The bees exhibit more appearance of real intelligence than do honey-bees. Take a large glass jar with a wide mouth, says Mr. Beard, and imprison in it a bee and some flies. Put the jar through a window-pane, draw the curtains around the jar and then unhook the mouth. The flies will quickly find their way out of the open mouth into the room, but the bee will stupidly continue to try to get through the glass when it sees the light and will never think of exploring in the other direction. But perhaps this shows, not superior intelligence on the part of the flies, but less attraction to the light or a greater variety of stimuli to motion.

The bee's whole existence seems to depend upon routine. She always does the same things in the same way and exhibits no capacity to profit by, or evade the effects of, accident. Mason-bees, for instance, build little thimble-shaped structures of mud, half fill them with honey and pollen, then lay their eggs therein and top off the construction with a roof. If a hole is made in the bottom of one of these thimbles while the building is going on, and the honey is allowed to run out, the stupid bee, even after discovering the hole, makes no attempt to stop it up, but continues to pour in the honey at the top, allowing it to run away at the bottom, until the proper amount required by instinct having been put in, she lays her eggs and seals up the top, content with her vain labor.

In other instances can be cited which tend to show that the instinct of insects does not resemble human reason.

On the other hand, insects sometimes do things which do not seem to be the result of pure automatism. Darwin found that even earthworms exhibit more adaptability to circumstances than was shown by Mr. Beard's imprisoned bee in the glass jar.

By-Law No. 29

At an adjourned meeting of the Municipal Council of the Village of Compton held at the Council Chamber in the Village of Compton on Monday the fifteenth day of September, one thousand nine hundred and two, and duly convened in conformity with the provisions of the Municipal Code of the Province of Quebec and amendments, were present: Mayor, J. B. M. St. Laurent, Secretary-Treasurer, J. B. F. Hitchcock, and Councillors, Joseph A. Dufort, Herbert D. Smith, Caldwell G. Craig, and John Scott. Members of the said Council, forming a quorum, resolved under the presidency of the Mayor that it be and it is hereby ordered that the following be the Municipal Code of the Village of Compton as follows, to wit:

10. Whereas it is necessary to borrow money to pay for the rebuilding of the highway to cross the site of the said depot, and whereas the amount of money required for this purpose is two thousand five hundred dollars:

20. That the said sum of two thousand five hundred dollars (\$2,500) shall be paid by means of annuities, covering a period of twenty-five years, and that to that end, debentures be issued to include the amount of capital and interest necessary to pay off the said debt in the said period of twenty-five years, to wit:

30. That there be issued twenty-five debentures for the sum of one hundred and sixty dollars payable annually on the second day of January in each year, from the year one thousand nine hundred and four to the year one thousand nine hundred and twenty-nine, and that the Mayor and Secretary-Treasurer are hereby authorized to take the necessary steps for the issue of the said debentures and the sale of the same, and to apply the proceeds of said purposes:

40. It is hereby resolved that in order to meet and pay the said debentures as they fall due, the sum of one hundred and sixty dollars in each and every year, that there be levied on each year, on the year one thousand nine hundred and four, and on each subsequent year, a special assessment of one and one-quarter mills on the dollar be imposed, and the same is hereby imposed upon all the rateable and taxable property within the said Municipality for the said period of twenty-five years, according to the valuation roll in force, and it is hereby expressly enacted that a special yearly rate and assessment, over and above all other rates and assessments, shall be and is hereby imposed according to the valuation roll which may be in force hereafter, sufficient at all times to pay until the final extinguishment of the debentures.

50. It shall be lawful for the Mayor and Secretary-Treasurer of this Corporation, when authorized by resolution of the Council at any time hereafter, to purchase any or all of said debentures from the holders thereof on such terms and prices as the Council may prescribe, to the end that the indebtedness may be sooner extinguished.

Enacted at Compton this 15th September, 1902. J. B. M. ST. LAURENT, Mayor. J. B. F. HITCHCOCK, Secretary-Treasurer.

Resolution

Moved by Councillor Herbert D. Smith, seconded by Councillors Joseph A. Dufort, that a public meeting of the Electors of the Municipality of the Village of Compton be held on the ninth day of October next, at the hour of one o'clock in the forenoon, at the Council Chamber in the said Village of Compton, for the purpose of approving or disapproving of the foregoing By-Law, and that a Poll be held for such object, and that a Poll be held for such object.

I, the undersigned, J. B. M. St. Laurent, Secretary-Treasurer of the Village of Compton, certify the foregoing By-Law of the Municipality of the Village of Compton, which was passed by the Council of the said Village of Compton, on the fifteenth day of September, nineteen hundred and two, the original heretofore remains of record in my office, and I further certify that the foregoing resolution is a true copy of a resolution passed by the said Council on the said fifteenth day of September instant.

J. B. M. ST. LAURENT, Mayor. J. B. F. HITCHCOCK, Secretary-Treasurer. Office of the Municipal Council of the Village of Compton, 17th September, 1902.

NOTICE

A Meeting of the Electors of the Municipality of the Village of Compton, hereby notified, to be held at the hour of one o'clock in the forenoon, on the NINTH day of OCTOBER next, at the Council Chamber in the said Village of Compton, for the purpose of approving or disapproving of the foregoing By-Law, and notice is hereby given that a Poll will then and there be held for such object to receive the votes of the owners of Real Estate in said Municipality, for and against said By-Law.

J. B. M. ST. LAURENT, Mayor. J. B. F. HITCHCOCK, Secretary-Treasurer. Office of the Municipal Council of the Village of Compton, 17th September, 1902.

MONDAY, SEPT. 22, 1902.

When washing greasy dishes or pots and pans, Levers' Dry Soap (a powder), will remove the grease with the greatest ease.

In the lacrosse match on Saturday between the Cornwalls and the Shamrocks, the latter won easily with a score of five to two.

The ambulance was called to Dr. A. N. Worthington's residence last evening to remove Peter Paradis to the Protestant Hospital, who had been injured by the Street-cars on the Lennoxville Road.

Burglars broke into the store of W. H. Fuller last night, but secured very little booty, about one dollar, all the change there was in the till, and some canned goods. So far there is no clue.

Never is time more precious than when some member of the family is attacked by colic, dysentery or any bowel trouble. The doctor is distant but if Perry Davis' Pain-killer is near all danger is soon ended.

A gold medal and diploma was awarded the Thomas Ocean Company last month at Bingley Hall, Birmingham, Eng., for their beautiful display of ovens. For many years G. A. Larson, of this city, has represented this firm, which is located in Woodstock, Ont.

The Rev. Mr. Day met with an accident Saturday afternoon which fortunately did not result seriously. He had started out for a ride on horseback when the girth broke and the saddle came off bringing him with it. He fell on the road and sustained a scalp wound which was attended to by Dr. Williams. He managed to take his work Sunday and is now quite recovered.

The noted Westminster Abbey Choir singers held their second appearance at the Clement Theatre on Saturday and were greeted by good audiences at both the matinee and evening concerts, who came to show their appreciation of the musical abilities of the well trained vocalists from the old land. The programme consisted of glees, madrigals and solos, and the execution of the several parts elicited hearty encores from the audience. Since their visit here last spring some new musical talent has been added to the group, which has greatly strengthened the combination. The concert was a rare treat to lovers of harmony and high class art.

It is altogether likely that the Cabinet will first Thanksgiving Day for the middle of next month.

Methodist Church. The East Sherbrooke Union Cottage Prayer Meeting will be held on Tuesday evening at the home of Mr. Silver. The East Sherbrooke Ladies' Aid will meet with Mrs. J. Smith, Pine Avenue, on Tuesday afternoon. The Wednesday evening prayer meeting is withdrawn this week in order to join in the mass meeting in the Congregational Church that evening. The Rev. G. J. Bond, of Halifax, will preach church anniversary sermons next Sunday. The offerings are to aid the Parsonage Fund. The Rev. Mr. Bond is widely known as a man of great ability and will doubtless attract large congregations.

Church Anniversary. As already announced the 57th anniversary of the Methodist Church in Sherbrooke will be recognized by special sermons on the 28th September instant on which occasion the Rev. Geo. J. Bond, of Halifax, N.S., will preach. The Wining Free Press refers editorially to Mr. Bond's sermons delivered Sunday week at Souris as "snowed down and delighted congregations as being 'eloquent and impressive'." Mr. Bond, who is a brother of Premier Bond, of Newfoundland, is a clever writer and has been chosen by the General Conference to fill the chief editorial chair of the Christian Guardian at Toronto in the place of Dr. Courtye who retires owing to illness.

St. Andrew's Church. The Kirk session will meet tonight in the Vestry. Union cottage prayer meeting tomorrow night at Mr. Sylair's, East Sherbrooke. The Senior Ladies' Aid Society will meet with Mrs. Love, Bluff Street, Thursday afternoon at 8 o'clock. The Sacrament of the Lord's Supper will be dispensed at the chapel of the morning service next Sunday. Preparatory service will be held on Friday evening at 8 o'clock. The Wednesday evening service will be withdrawn this week in order to make way for the Union service in the Congregational Church. The evening service will be withdrawn next Sunday on account of the Anniversary service in the Methodist church.

PERSONALS.

District Magistrate H. W. Mulvena is in Sweetsburg today.

Mrs. A. R. Wilson and Master Henry Wilson are visiting friends in Danville.

Mr. A. D. Bostwick went to Montreal on Saturday to visit his son and daughter.

Miss Crombie, of Kingsbury, is a guest of Mrs. R. Armitage, East Sherbrooke.

Mr. R. White, of the Gazette Montreal, has been in the city the past few days the guest of the Hon. Mr. Justice White.

Mrs. R. Binnett, of Woonsocket, R.I., is in the city on a visit to her mother, Mrs. Geo. Campbell, Queen Street.

Miss Mary D-laney, who has been visiting friends in town the past week returned to her home in Montreal today.

Mrs. Edwin Brooks and three children, from Indian Head, N.W.T., arrived at Lennoxville last week on a visit to relatives.

Mrs. Hollis Martin, of East Sherbrooke, who has been visiting her daughter, Mr. F. Barton, of Granville, N.Y., the past two months returned home Saturday.

Mrs. Francis Bennetts and Miss Sylvia Bennetts returned home Friday night from a journey to England. They came over on the Tunisian and had a fine passage.

Col. H. R. Fraser and Mrs. Fraser have returned to town after an extended tour lasting several weeks, during which they have visited many places of interest in the States.

Street Car and Team Collide.

At about eight o'clock last evening as the Lennoxville Car was proceeding on its way to Lennoxville under charge of Motorman Roy and Conductor Dion, and was just rounding the curve near the car barn, the car came in contact with a team driven by Peter Paradis and before the car could be stopped the occupant of the team was thrown out and received a scalp wound. The wagon was slightly damaged but the horse received such injuries that it died shortly afterwards. The man was at once taken to Dr. A. N. Worthington's office and from there he was conveyed to the Protestant Hospital in the ambulance. Supt. Smith of the Street Railway in conversation with a representative of the Examiner this morning said that the car was proceeding to Lennoxville on time and when rounding the curve at the east side of the car barn the motorman noticed a team coming towards the car on the track, he at once reversed his motor and applied the brakes but before the car could be stopped the team and car collided, the man was thrown out receiving a scalp wound and the horse received such injuries which caused his death. The Supt. said that Motorman Roy was one of the most careful men in the employ of the company, he also stated that the car was only running at about half speed as they always slow down at this curve. The car was stopped before it ran its length.

The Coronation Choir at St. Peter's Church.

Those who were fortunate enough to gain admission to St. Peter's Church last evening were treated to a service both elevating and uplifting and one the equal of which will probably never again be heard in this city. A very long and interesting service was given by the Coronation Choir were going to stay over Sunday in Sherbrooke, Mr. Fletcher, the organist of St. Peter's, and a few other gentlemen thought that it would be very nice if the Choir could be induced to take part in the evening service at that church. After some persuasion the manager of the Choir, Mr. Branscombe finally consented late on Saturday evening. Although it was not formally announced at the morning service, it soon became noised abroad that these celebrated singers were going to take part in the singing in the evening, the result being that the new and handsome edifice was packed to its fullest capacity standing room even being at a premium. The professional and opening hymn was "The Church's one Foundation," by the Coronation Choir and St. Peter's choir. Mr. Branscombe intoned the service, while the visiting choir sang the responses very effectively, which were the Ely Confessional and the Tallis Festival Responses. This service is the same as that usually rendered at Westminster Abbey. The following is the list of the music rendered by the Coronation Choir outside of the usual hymns, which were three in number: "Lord, for Thy tender Mercies sake." (Unaccompanied). Solo, "O for the wings of a Dove," Master Geo. Forsyth. Solo, "Seek ye the Lord," Mr. Branscombe. Solo, "O Rest in the Lord," Miss Hooton. Quartet, "O Saving Victim." (Unaccompanied). Solo, "Consider and Hear me, O Lord," Mr. Percy Coward. Chorus, "Come unto Him." (Unaccompanied). Immediately after the Benediction Stainer's sevenfold "Amen" was rendered with great feeling and effect.

Instead of the usual sermon the Rev. Mr. Fletcher presided at the organ in his usual brilliant style accompanying the songs and solos in a most creditable manner. The service taken as a whole was one that will long linger in the minds of those who were privileged to hear it.

Correspondence.

To the Editor of the Examiner.

Dear Sir:—Permit me, through your columns, to announce to teachers and School Commissioners the Annual Convention of Protestant Teachers, to be held in the Montreal High School on Oct. 9, 10 and 11.

The following instructions are necessary and must be followed exactly to ensure reduced rates on the leading lines:—Buy a ticket to Montreal and at the same time procure from the agent a "Standard Certificate" form. This must be presented to our treasurer on Oct. 9, for his signature. Present this signed certificate when buying a return ticket in Montreal. It should be presented 30 minutes before time for leaving. If no standard certificate can be obtained, that he has none. I thank you, Mr. Editor, for your kind courtesy in allowing me thus to address the teachers in this way.

Yours faithfully, W. A. KNEELAND, Secretary.

Riverside School, Montreal.

The Contest in Stanstead.

Mr. Geo. H. St. Pierre, of Contrecoque, was nominated at Ayer's Flat on Saturday to contest Stanstead County at the forthcoming election. Mr. Rider is the Liberal candidate. The fight will be a warm one as Mr. St. Pierre is very popular in the county.

The Work Being Done at Our Schools.

To the Editor of the Examiner.

Sir,—Having heard from various sources that twenty or more boys had left our Academy and were now pursuing their studies at St. Charles Seminary, I took the liberty of looking into the matter last Friday. I discovered on investigation that only four boys who attended the Academy last year were attending St. Charles Seminary this year, and that in every case the reason for their so doing was that they might the better qualify themselves for commercial life. Four other boys have gone to work and two are at Stanstead.

In addition to these, six girls who were in attendance at the Academy last year are this year in attendance at the Convent. It is difficult to get at the true reason for this, but if some of the parents who have withdrawn their girls from the Academy and sent them to the Convent have done so, supposing they are making a huge mistake. But we are glad to know, that in some cases at least, this is not the true reason.

It may be interesting to your readers to know exactly what branches are being taught in the higher grades of the Academy and what proportion of time is being given to each subject. The figures in following table show the number of hours spent over each subject:—

Table with 5 columns: Subject, 1st Model, 2nd Model, 3rd Model, 4th Model. Rows include French, Latin, English, Arithmetic, Algebra, Geometry, Geography, History, Scripture, Writing, Shorthand, Drawing, Book-keeping, Music, Physics.

"English" includes reading, spelling, grammar, composition, etc. "Latin" is always optional. In the 2nd Model 20 out of 24 take it. In the 1st Academy 3 out of 7 take it, and in the 2nd Academy 2 out of 5 take it.

The time given to "Shorthand" often exceeds one half hour. No. of pupils in 1st Model class 31—average age 12 1/2 years. No. of pupils in 2nd model class 24—average age 14 years. No. of pupils in 3rd model class 24—average age 15 1/2 years. No. of pupils in 1st Academy class 7—average age 13 1/2 years. No. of pupils in 2nd Academy class 5—average age 15 years.

There are in the Academy 9 regular teachers and 3 who come for a short time each week. Including all grades there are 210 pupils. Fifteen hours a week are given to Latin, and during these 15 hours 10 pupils who do not take it are free to take up other work. In the meantime they are supposed to be preparing themselves for their other lessons. They have thus an advantage over those who do take Latin, and who consequently have to study both Latin and all their other subjects at home.

What we need at the Academy, and what we must have if we are to hold our boys is another class to be known as a Commercial class. It should have a specially qualified teacher, one who would take these 10 pupils during the 15 hours they are not engaged with Latin, and who would do all the hand and book-keeping, short Latin and other subjects specially intended in what is known as a commercial course.

There are other matters connected with our school I would like to write about but this letter is already long enough. W. SHEARER, St. Andrew's Manse, Sept. 22, 1902.

TAX TRANSVAAL FOR THE LATE WAR.

Government Levies Big Sum on Colonies Towards the Cost.

London, September 22.—The Daily Mail announces that the Government has decided that the Transvaal and the Orange River Colony shall pay £100,000,000 sterling towards the cost of the South African war and the cost of administration. An account has been opened at the treasury and the colonies have been debited to that amount therein. A loan will probably be raised, probably in the sum of £50,000,000 sterling.

Taxation of the mining industry; concessions for the sale of dynamite, etc., will contribute materially to the payment of the £100,000,000 sterling. The colonies are, however, to be allowed ample time in which to make this payment. The loan will not be floated for two or three years. Mining profits probably will be taxed 10 per cent more than they were before the war, and money will also be obtained by granting all kinds of concessions and mineral rights.

BIRCHTON.

Where is the Birchton correspondent? I hope he has not been ill ever since he last told you about his visit to Birchton. Birchton still lives and is more wide awake than ever.

Our Union Sabbath school held their annual picnic last Saturday in Mr. J. L. Taylor's beautiful sugar place, much to the enjoyment of all present. The much anticipated concert will take place in the near future. Special talent from Bury, Sawyerville, Eaton Corner, Cookshire, and Bishop's Crossing will be in attendance. Look out for date, you will be sorry if you miss it.

Miss G. Hannah, of Port Carling, Ont., is the guest of Rev. and Mrs. Walker. Miss Percival who is teaching at Sand Hill, spent Sunday with friends here.

Mr. and Mrs. A. W. Bradley and little daughter, of Lennoxville, spent Sunday with Mr. Ernest Field.

Miss Mary Rankin who is teaching at Slab City, was the guest of Miss Verna Taylor on the 21st.

Miss L. Rolfe who is attending the Cookshire Academy, spent Sunday with her aunt, Mrs. Alonzo Todd.

SHERBROOKE MARKET.

There was a very large attendance at Lansdowne Market on Saturday. Prices remained about the same as last week, and a clearance was effected. We quote:—

Table with 3 columns: Item, Price, Quantity. Rows include Creamery prints, Butter, Lard, Cheese, Maple Sugar, Maple Syrup, Beans, Fresh HONEY, Beef, Pork, Bacon, Mutton, Pork in carcase, Pork per lb, Fresh Pork, Pork salt, Sausages, Ham, Chickens, Turkeys, Fowls, Beef Hides, Calf Skins, Fresh Haddock, Fresh Finnan Haddock, Salmon, Halibut, Salt Salmon, Lake Trout, White Fish, Book Trout, Eggs, Oysters, Lobsters, Crab, Potatoes, Potatoes, new, Apples, Carrots, Parsnips, Turnips, Radishes, Cucumbers, Rhubarb, Lettuce, Green Onions, Parsley, Tomatoes, Strawberries, Cauliflowers, Green corn.

A Shocking Calamity

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Willford, Ark. "his foot was badly crushed by the buckles of his Arnica Salve quickly cured him." It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by all druggists.

To The POLICY HOLDERS In The IMPERIAL FIRE INSURANCE CO. This company having amalgamated with the "Alliance Assurance Company, Limited," and the Alliance having been for some time represented by another Agent here, the company's interests have, as only could be expected, been left with the former agent. This however will not necessitate any change of policies by those insured in the "Imperial," whose interest will continue to be looked after by the undersigned, as will be more fully explained to you by letter. Yours very truly, G. E. & C. K. FRASER.
