

PREPARATION DAY AT FAIR GROUNDS.

All Departments Are "Getting Ready" For Next Week - Monday's Programme - Bright Outlook For Races.

This in the programme of the Great Eastern Exhibition is known as "Preparation Day" and it is really a very busy day on the Sherbrooke fair grounds.

Exhibits are arriving in large quantities and are being placed. In the main building the special exhibitors are rushing work on their various booths and in all departments there is "preparation" for the big week ahead.

The weather outlook is good. As the big rooster in the poultry building would remark, however, "it is not safe to crow till one is out of the woods."

Monday will be interesting day at the Fair for those interested in the stock exhibits.

The programme for the opening day, which is christened "Horse Show Day" is as follows:

100 p.m.—Opening of great specialty performance in front of Grand Stand. Judging of single and double carriage horses, roadsters, ladies' drivers, cobs and ponies, saddle horses and hunters.

1:40 p.m.—Commencement of judging in all classes. Horses and cattle will be judged in the different rings in the following order:

Horses—King No. 1—Thoroughbred, Standard, Carriage and Coach horses, Hackneys and Roadsters.

King No. 2—Clydes and Shires, Percherons and Normands, Draught horses, General Purpose and Canadian horses.

Cattle—King No. 1—Durham, Hereford and Aberdeen Angus. King No. 2—Ayrshires and Holsteins. King No. 3—Jerseys, Guernseys, Canadian and Swiss. King No. 4—Grade Cattle.

In all classes above mentioned the judging will be continued without interruption until completed.

The office of the Exhibition on Wellington street has moved to the office on the Fair grounds.

From a rough glance the entries in all departments are filling up to that of 1906.

The present indications point to a busy midway, the space on that portion of the grounds having been well taken up. The side shows will be busy and a trial.

The freight office near Union Station was opened to-day. Telephones are installed and all desiring information may now apply there.

RACING PROSPECTS. The races at the Fair next week promise to be the best ever witnessed in this section of the country. As will be seen from the list given below the best racing horses in Eastern Canada and the Eastern States are entered.

The stake events at Stanstead and Morrisville created great interest, and as Sherbrooke is in the International Circuit, the interest will be maintained here. The other events are also well filled. The track is in first-class condition and the track record should be lowered.

TUESDAY. 2:35 Pace, 2:31 Trot—Purse \$250. King's Mantle, C. H. Lee, Lyndonville.

Frankie Bogash, E. C. Warner, Sand Hill. Esquire, E. C. Squire, Compton. Alto Larabee, J. H. Heald, Buckingham.

Finnie V. P. B. Vandyske, McIndoe Falls. Label Francois, Nap. Gilbert, Sherbrooke. Prince Royal, Eugene Bouchard, Coarbook.

Royal Trust, Newport Stock Farm, Newport. Mrs. B. L. J. F. Berry, Concord. Robert B. Ben Hinch, John Utton & Son, Morrisville, Vt.

HUNTING FOR MONEY WHICH HE DIDN'T GET. Is Now in Jail on a Serious Charge.

MAN ARRESTED AT STATION CHARGED WITH ATTEMPT TO ROB DRUNKEN MAN.

The police made an arrest at 3 o'clock this morning of a young man at the Grand Trunk station, who is charged with attempting to rob a drunken man.

For over two hours before this an officer had kept his eye on the man, who had been in company with the victim, occasionally trying him in a friendly way, and finally leading him in an insensible condition into a side waiting room. Officer Paradis, who observed these operations, reports that he saw the man put his hands into the pockets of the drunken man, trying to locate his money. He did not get it, however, it being in an inside pocket and consisting of \$7.

Officers Boisvert and Lessard assisted in the arrest and both men were taken to the police station.

The victim had not sobered up enough this morning to give his name. The other party was not intoxicated. Judge Mulvena had probably released him for eight days.

This is the eve of Fair Week, when a certain influx of crooks may be expected. The police are taking the usual precautions to protect the public. They should, also, do something to take care of themselves. Those who carry money and valuables carelessly in their pockets while in a crowd stand a good chance of losing them.

HONOR PUPILS OF VARIOUS SCHOOL GRADES Record Receives Interesting Statement From Quebec.

POLITICAL PICNIC HELD AT WATERVILLE

Hon. Messrs. Fisher and Paterson Were Present.

SHORT SPEECHES BY MINISTERS AND TOWNSHIPS POLITICALIANS.

Waterville, August 29.—(Special)—The Liberals of Compton and adjoining counties had a field day at Waterville yesterday. This pretty and busy little town seemed to be in a festive mood on the occasion.

In conjunction with the political event of the day there was an excellent programme of sports to be run off. These, however, did not begin until after the more serious business of politics was disposed of.

There must have been close on six hundred people present, many of that number being ladies. The Waterville brass band supplied the music.

The platform was occupied by Hon. Sydney Fisher, Minister of Agriculture; Hon. William Paterson, Minister of Customs; Mr. Hunt, M.P.; Mr. Meigs, M.P.; Mr. Peter Mackenzie, M.L.A.; Mr. Lovell, M.P.; Mr. C. St. Laurent, M.P.; Mr. J. B. St. Laurent, M.P.; Mr. St. Laurent, M.P. and Mr. R. J. Peters, Kingsey Falls.

Mr. St. Laurent, who presided, welcomed the speakers to Waterville. He was sure they would all be glad to hear the members present in defence of the present administration.

They had now been in power twelve years and would soon appeal to the country again. The people should hear the case for the Government from its representatives. He noticed there had been a lot of discussion all over the country, but one thing remained—the action of the Government could be judged from the growth and prosperity of the Dominion. That spoke for itself and no amount of discussion or argument could get over it. He was pleased to call upon Mr. Hunt to address them.

Mr. Hunt thanked those who had supported him at the last election. He was not afraid to face the electors again and he believed he would be before them with a greater majority than before. He would come before them with facts, and in any case he was prepared to stand or fall with the Government. He wanted every elector to use his own mind in voting. He would not endeavor to wear them from their political convictions by concert, etc., as Mr. Pope was doing. He hoped that none of them would vote against their conscience. He touched upon the question of the export of pulpwood, and said that would be one of the most important matters that would be brought before them. He touched upon the Conservative party for going about the country talking of bribery at election while they themselves were using every means to secure votes.

Mr. Meigs, member for Missisquoi County, did not expect to be called upon to speak, but he felt he had the right to come into Compton County and take the platform on behalf of Mr. Hunt, for Mr. Pope had gone into Missisquoi County to oppose him. He hoped when the time came that every voter would plump for Mr. Hunt and return him at the head of the poll.

Hon. Mr. Paterson, Minister of Customs, said there were all shades of political opinion in the Liberal party. It was impossible to get men to see eye to eye on all points. But they recognized the principles of the Conservative party. They would be honest Government. They would be doing the thing that the people would be doing. They were men in the party who had advocated Free Trade. It had worked well in Britain, but there were conditions which made it an impossible policy here. For years to come revenues of the country by duties. In the matter of the Trans-continental railway they had no alternative policy to put forth. They could, however, carry out a campaign of scandal, which he felt would not impress the electors much. The public expenditure had no doubt increased in recent years. In so had the needs of the Conservative party the days that as an example of economical government very little was needed to carry on the affairs of the country. Canada was then little known. He did not believe the people were going to return the Conservative party to power.

Dr. Pelletier and Mr. St. Laurent addressed the meeting in French. Mr. Lovell, M.P., proposed a vote of thanks to the speakers, which was passed by acclamation.

THE REBUILDING OF FERNIE, B. C. Former Compton Boy Writes Again From West.

PROVISION MADE FOR A BETTER BUILT CITY—BLESSING IN DISGUISE PERHAPS.

Compton, August 29.—(Special)—A second letter from Mr. James Maynor, of Fernie, B.C. (former Compton boy), states that a large number of temporary buildings are being erected there, but in certain parts of the town they will have to be torn down and fireproof ones erected in their place as permission for erection was only granted with the understanding that the temporary ones would be removed in ten months. A number of merchants already have buildings up, new stock in and are doing a rushing business. Without doubt Fernie will be built up better than ever.

Supplies were sent in from all around and nearly everyone had to lay price aside and accept assistance at first, but much of the money will be kept to assist the poorer people during the winter.

The Presbyterians of Vancouver are sending a house in sections to Fernie for the minister there, also men to put it together.

Despite the seriousness of the fire, there were ludicrous incidents connected with it. One man and his wife whose house was not burned removed some of their valuables and carried them along to where the fire was raging and owing to the intense heat they had all they could do to think of themselves, so they threw their things down and ran, their goods of course being destroyed.

MINING MEN COMING TO THE TOWNSHIPS

Will Pass Through Sherbrooke Monday Morning.

AND WILL SPEND THE DAY AT ASBESTOS MINES.

The presidents of the various mining institutions of Britain and Europe are touring Canada as guests of the Canadian Mining Institute.

Their itinerary will bring them to Sherbrooke early Monday morning over the C.P.R., when they will at once be transferred to the Quebec Central, proceeding to the Asbestos district, spending the day at Black Lake and Thetford.

They are accompanied by quite a numerous party of mining men, members of the Canadian Institute.

During the present week they have been visiting the various mining sections of the lower provinces. They are to go west as far as Vancouver, visiting all of the important mining sections of Canada.

The Canadian Institute is aided to some extent by the Dominion Government in the entertainment of the distinguished visitors, and the institutes of the various provinces take charge of the arrangements in their respective provinces.

It is not expected that the party will make any stop in Sherbrooke.

HAD BEST GIRL AND AUNT ARRESTED.

A RUSE TO GET INTERVIEW WITH FORMER AND OUTWIT LATTER.

Windsor, Ont., August 29.—(Special)—Because he was not permitted to visit Miss Annie Keller, his affianced, as frequently as he desired, Horace C. Wilson, 23 years old, whose home is in Stratford, had the young lady and her aunt, Mrs. Barbara Francony, brought in Judge Brooke's Court in Detroit yesterday on writ of habeas corpus.

After Miss Keller had a whispered conversation with Judge the case was dismissed and the young people went out together with the guardian aunt, apparently reconciled accompanying them.

THE WEATHER. LOCAL FORECAST: Fine and warm.

MOVE TO SETTLE THE C.P.R. STRIKE.

Toronto Thinks Prof. Shortt Could Conciliate.

MAY ASK DOMINION GOVERNMENT TO CALL HIM IN AS ARBITRATOR.

Toronto, Ont., August 29.—(Special)—The World-to-day says: "A move is being made by outside parties to induce the Dominion Government to call on Professor Adam Shortt, of Queen's University, to endeavor to bring the Canadian Pacific Railway strike to a speedy and amicable end."

THE QUESTION OF INTERNATIONAL UNIONS. Extract From Recent Address of Dr. J. F. Rioux.

A DENUNCIATION OF THE INTERNATIONAL FEATURE OF UNION QUESTION.

Dr. J. F. Rioux, in the course of his address on the Labor question at the meeting, this week, in the Monument National, spoke as follows on the question of unions:

"Is union to be permitted? Yes, certainly, for we say, and rightly, too, 'That in union there is strength.' The Catholic Church, for instance, is a great and undivided union, but a Union for doing good, not for working evil, to unite and defend, not to divide and destroy. Every well trained family also forms a union, under the chief, who is the father; the father, mother and children work together, and live happily and nothing but harmony exists between them, but, supposing, one day, one of the sons should revolt against the father, and ask him for a salary that the father could not afford to pay him, trouble starts, discord and ill-feeling cause the ruin of that happy family. There are other unions where men unite themselves together for mutual help, the national union group together, the men of one town, one province and one country. In International Unions we are banded with people of different countries. National Unions should be supported because they know and understand the needs of their members, and I believe we should fear the International Unions because that which is suitable to the people of one country is not always suitable to those of another. Every laborer has the right to ally himself with his employer and as soon as employer and laborer agree to the conditions: one to work for the other, the other to pay for the work, they form a bilateral contract, which neither one nor the other can nullify without a serious reason. This is human justice. The fact of the matter, as I understand it, is that, if the workman, of whom I spoke believes he can get better wages from another employer, he has a perfect right to inform his employer that after such a date he will cease to work for him and give him time to get another to replace him. If employer and employee cannot agree, let them submit their grievances to an uninterested party. If the employer feels that he cannot get employment where he can earn more, he should remain for his own sake and the sake of his family; this is a small strike.

"In National strikes, work is abandoned by a large number of men who go out together because they all have the same grievances and they all ask for the same changes. This is all right, because they all have the same needs, but in International strikes, called very often, by people who know nothing of the needs of the people in other countries, the laborers are the victims of gross injustice. 'The day when Christians will live their Christianity, there will be no social questions,' that is to say, there will be no disputes between employers and employees. This is what Clement said had to say on the Labor movement.

"Pope Leo XIII. said: 'Ruinous for the employer, ruinous for the laborer, strikes never fail to bring to the commerce at large, as well as the country, a great harm.'"

SAFE BLOWERS ARE AT WORK.

Robbed Bank at St. Eustache Last Night of \$7000—Blew Open Safe at Morgan, Vt. Post Office.

Montreal, August 29.—(Special)—The branch of the Provincial Bank at St. Eustache was broken into some time during last night and seven thousand dollars carted off by the thieves.

The provincial detectives were notified of the affair this morning and officers left at once for the scene.

There is no trace of the robbers who are thought to be experts.

The safe was blown open with nitroglycerine.

ANOTHER GANG AT MORGAN, VT., 10 MILES FROM ROCK ISLAND.

Rock Island, August 29.—(Special)—Safe blowers visited the post office at Morgan, Vt., about ten miles from here last night.

Mr. Chester Moore has a store and post office. The burglars blew open the safe, took \$20 worth of stamps and all the cash they could secure.

They then stole a horse from the stable of Mr. Codd, a neighbor and drove to West Derby where the horse was found this morning tied to the fence.

The men have escaped.

C. P. R. MAIL CAR ROBBED.

Montreal, August 29.—(Special)—A mail car going from Montreal on Wednesday night on the Canadian Pacific Railway was robbed between the Windsor station and the Glen Yards, and one or two mail bags were filled.

Whether anything of value was secured or not is not yet known, but it is stated by post office authorities that the robbers were fooled, as they did not get a registered mail package, and in the letters they secured there was nothing but cheques, which were of no use to them.

The train robbed was the Soo Express leaving the Windsor-Street station Wednesday night at 10 o'clock. This train does not carry registered mail, and it is stated that the mail car was made up in the usual way and locked before the train left. As the train is now far in the West, nothing is known as to whether the mail car was broken open or not, but it is thought that the mail bags were abstracted before the train started, and were carried to the Glen Yards and there ripped open and searched. It is thought that the robbers secured little for their pains, and this is borne out by the fact that the robbery was discovered by the scattering of a number of letters and cheques around the place where the bags were opened. The cheques were all made payable through certain banks, and were therefore quite useless to the thieves, who were evidently well enough acquainted with banking procedure to see this, and therefore threw them away.

While nothing is known as yet regarding the affair, cheques have been turned in to the city post office officials amounting to over \$7,000.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

LIVE STOCK SHIPMENT. West Brome, Aug. 29.—(Special)—Mr. J. M. Pettes' shipment from Sweetsburg, Tuesday, consisted of 22 head of 6 1/2 lb.; 14 cows at prices ranging from \$8 to \$15; 14 calves, from \$4 to \$8.

Mr. Pettes also sold one of his large bay mares the same day to Mr. Homer Ingalls of Abercorn.

BY-LAW TURNED DOWN. Danville, August 29th.—(Special)—The proposed Municipal By-law, which was drafted to authorize the issuing of Debentures to the amount of \$40,000, for the installing of a general sewerage system throughout the village was turned down. The result of the vote being one vote only for the By-law to 50 against it. It was considered that the above proposed expenditure, in addition to that already undertaken for permanent walks and streets, would be inadvisable, at least for the present.

FISHERMAN VICTIM OF UNFORTUNATE ACCIDENT. Lake Megantic, August 29.—(Special)—Mr. Evans, brother of Mr. A. Evans, mail clerk, who is here visiting, was out with a party of friends fishing up the Victoria River yesterday, and met with a strange accident.

The wind blew the fishing line of one of the party in the direction of Mr. Evans, and the fly hook caught in his eye.

No time was lost in reaching town, and Dr. McGregor took the hook out, but it is feared the sight will be seriously injured.

WATER SUPPLY IN COWANSVILLE. Cowansville, Aug. 29.—(Special)—The extreme drought has been looked upon quite philosophically by the people, since they secured fire protection from the river and had a few wells of water to depend upon, but, as the water supply is becoming very low, and the electric light plant would certainly be unable to furnish lightning had not Mr. Buzzell had the good judgment and foresight to install a second dam nearer his dynamo and thus utilize the water a second time. Nearly all the wells of the village are very low and some are dried up, necessitating the liberal use of brotherly love in the sharing of water.

RESULTS OF THE RACES - THE FULL PRIZE LIST OF THE FAIR.

Bedford, August 29.—(Special)—The Missisquoi Fair closed a most successful exhibition Thursday evening. In most cases an increase of exhibits were shown. The gate and grand stand receipts exceeded last year by nearly three hundred dollars. Revenue from rental of booths amounts to a good figure, much larger than any previous year.

The race results for the three days were as follows:

Mr. W. R. Baker, son-in-law of Mrs. Andrew Paton, who has been in the Royal Victoria Hospital, Montreal, for treatment, is progressing favorably. INSTALLATION OF ORGAN AT ST. ANDREW'S CHURCH COMPLETED. The installation of the beautiful new organ in St. Andrew's Presbyterian Church has been fully made, to the last pipe, but the formal opening will not take place for some two weeks, as the renovation of the church, which has been going on for some time, is not quite completed. The instrument cost \$3,700. Mr. Irwin Sawdon, the new organist of St. Andrew's Church, who has only recently arrived from England, is a Yorkshireman, and was destined for one of the professions, but his musical tastes were too pronounced and his parents finally consented to allow him to follow his bent. Mr. Sawdon is not only an organist but a violin virtuoso, and master of a dozen string and wind instruments, a musician pure and simple, but without the most modest and unassuming. That the music of St. Andrew's under his charge, will add greatly to the beauty and attractiveness of the services, goes without saying. It is an odd coincidence that on the 23rd of August, 1801, an organ was first installed in a Presbyterian Church. The Church of England had long before introduced instrumental music, but the Scotch Presbyterians had held out against what they considered an invention of the evil one. The Church which ventured upon this bold step was also St. Andrew's, Glasgow, which stood then, as it stands still, in the centre of its own square. The organ which created so great a stir was a very unpretentious instrument, as thin an end of an organ wedge as could well have been employed. It was a small chamber organ of only two stops, but it was interesting for it was the workmanship of James a former member of the congregation, who made four small organs in his day. The instrument in St. Andrew's parish church, on that memorable Sunday, one hundred years ago, was first played by John Fergus, the organist of St. Andrew's Anglican Church who left his own "Kist o' Whistles," in a most neighborly fashion to assist his Presbyterian friends in their worship. The competition of the stores is personally important to you—but only fully so if you are an ad. reader.

OLD AGE PENSION
IN GERMANY.

LLOYD-GEORGE SPEAKS ON THE SUBJECT OF HIS RETURN TO LONDON.
 London, Aug. 28.—David Lloyd-George has been the butt of a shaft of wit from Punch. It may be remembered that he said, when it was said that he went to Germany to discuss armaments, that he had gone to that country simply to investigate the German system of old-age pensions. Punch, commenting on this, says: "Now, that his recommendation to grant pensions has been adopted he naturally feels that he ought to seriously study the question." Referring to the pension system, he said: "What a gigantic scheme is theirs compared with ours. Thirty-four million pounds (\$170,000,000) are distributed in pensions every year." He added that of this sum the state pays \$14,000,000, the cost of administration only. For the rest \$70,000,000 is sick pay. The workmen contribute two-thirds. Even eleven million pounds, or \$55,000,000 is paid to the aged and incapacitated. Masters and men contributing equally, and \$45,000,000 is paid for accidents, which expenses the employers must meet.

OPPOSE TECHNICAL APPEALS.

RESOLUTION OF AMERICAN BAR ASSOCIATION.
 Seattle, Wash., Aug. 28.—The American Bar Association last night by a sharp division of the vote adopted a report of the special committee appointed a year ago to suggest remedies and formulate proposed laws to prevent and unnecessary costs in litigation. This action puts the body on record as favoring the restriction of appeals by the higher court to cases where actual prejudice is shown, rather than on purely technical grounds. The report contained a bill to be presented to Congress making proposed amendments to several sections of the act regulating judicial procedure in the courts of the United States. They covered appeals both in civil and criminal cases. The final vote was 40 to 22, showing the necessary two-thirds majority to carry a resolution for endorsing legislation, according to the rules of the association.

BUTTER.

MARKET IN ENGLAND QUIET, WITH PRICES UNCHANGED.
 Montreal, Aug. 28.—The past week has been somewhat quiet, as England does not appear to want our creamery at the recent advance in price. There is some enquiry, however, for the Northwest, and we hear of the sale of a car load for that destination on P. T. but said to have been at more money than can be realized for England account. On this market the sale was reported Wednesday of over 100 boxes of Eastern Townships creamery at 24c, with the buyer said that that figure in the country. Sales, however, have been made at 24c to 24 1/2c in round lots on this market within the past few days. Our special London cable Thursday reports the market quiet with prices unchanged.
 In dairy butter two cars of Manitoba on the way here, sales of which have been made to active at 20c to 21c, and we understand more is being offered from Winnipeg. A quiet market is cabled Thursday from London.

CHEESE.

COUNTRY BOARDS RECORDED SALES SOMEWHAT LOWER.
 Montreal, August 28.—The country boards have recorded sales at 1-4c to 3-8c per lb. lower than last week; and this of course has created an easier feeling, due no doubt to prices having been hoisted above an export basis. Our special London cable, however, on Thursday reports a better demand at an advance of 1s, but it should go still higher to be on a parity with prices here. Regarding the market, here we have had sales reported within the past day or two of several round lots of finest Western at 12 1/2-8c to 12 1/2c, for this week's shipment; and finest Eastern at 12 1/2c, whilst sales of seconds are reported at 12 1/2c to 12 1/4c. Several bids of 12c for seconds were turned down. Stocks in Montreal are estimated at 190,000 to 200,000 boxes.

MANY DROWNED IN 'SOUTHERN STATES.

Dwellings Are Washed Away by Floods.

MILLS COMPELLED TO CLOSE DOWN AND THOUSANDS OF PEOPLE ARE OUT OF WORK.
 Trinidad, Col., August 29.—A flood in the Cimmaron river, following a cloudburst, washed away a number of dwellings at Folsom, N.M., Thursday night. Fifteen persons are reported to have been drowned. Eleven bodies have been recovered. Ten mile of track and twelve bridges on the Colorado & Southern Railway were washed out. Trains have been laid out forty-eight.
 The property loss is estimated to exceed \$100,000.
 Dan B. Wenger and two children are reported among the drowned. Other known dead at Folsom are: T. Wheeler and wife, whose bodies were found buried in the sand. Their house was washed away, and it is said that in addition to Mr. and Mrs. Wheeler their two children and Mrs. Wheeler's sister were drowned. Miss Lucy Creighton and Miss Rooks are also reported to have been drowned.
 Atlanta, Ga., August 28.—A call for assistance, a loss of a million and a half of dollars in Augusta alone and of a million in other cities in South Carolina and parts of Georgia, and thirty lives lost summarizes the flood conditions in the South Friday.
THOUSANDS HOMELESS.
 Fayetteville, N.C., August 29.—Cape Fear river has reached a height of 79 feet here, breaking all records of former floods. Houses and bridges have been swept away for miles around, and the estimated damage to the oat and corn crop will go beyond thirty-five per cent.

GREAT CROWDS SURROUND THE BUILDING AND DEMAND THEIR MONEY.

Berlin, August 28.—There were most exciting scenes around the Friedrichsberg Bank, in the eastern district of Berlin late Wednesday afternoon and evening, in consequence of rumors that the institution was in difficulties. Thousands gathered before the building, demanding the return of their deposits. The crowd became so dense that the street cars were forced to stop, and a large force of police, which was called out, was unable to control the excited throngs. The president of the bank personally directed his forces. The directors of the bank obtained permission to keep the institution open until eight o'clock. More than \$250,000 was drawn out in small sums, and the bank was able to satisfy all demands for call money with the assistance of the Imperial and Dresdener banks, but other customers received only \$250 each, owing to the lack of ready cash. A immense crowd of depositors were still shouting for their money at midnight.

SPORTING NEWS.

LOOKS FAVORABLE FOR NEW CURLING RINK.

Adjourned Meeting of Club Last Night.
 IF SUBSCRIPTIONS CAN BE INCREASED TO \$2,000, RINK WILL BE BUILT.
 The adjourned meeting of the Sherbrooke Curling Club was held last night to consider the new rink question.
 The canvassing committee reported \$1,500 subscribed.
 The subscription list was left in the hands of this committee with a view to increasing the amount to \$2,000.
 The building committee was given full power to act in the matter of the new rink construction.
 If the subscribed amounts are increased to \$2,000 there is no doubt that the rink will be built.

INTEREST IN THE ROAD RACE TROPHIES.

THEY WERE SHOWN IN FLORAL HALL AT BEDFORD FAIR.
 Bedford, Aug. 29.—(Special.)—The Record Road Race trophies were on exhibition in the Floral Hall at the County Fair here this week, and attracted much attention.
 One or two young men are in training here, and there is no doubt but Bedford will send a team when the race is held in October.
 Runners in other parts of the county are, also, interested and present indications are that Missisquoi boys will figure prominently in the competition.

in marriage to Miss Dollie A. Percy, only daughter of Mr. and Mrs. J. H. Percy. The ceremony was performed at 2:30 p. m., by the Rev. J. H. Keith, of Peterborough, Ont., brother-in-law of the groom. The wedding march was beautifully played by professor Chas. V. Chamberlain. The bride was prettily gowned in her traveling suit of blue cloth, with cluny lace blouse, white hat, and carried a bouquet of white roses and lilies of the valley. She was attended by her cousin, Miss Kathleen MacNaughton, of Montreal, who wore a princess gown of champagne colored silk, lace blouse and black picture hat and carried a bouquet of American beauties. The groomsmen were Mr. Robert Campbell, of this town. The groom's gift to the bridesmaid was a pearl brooch and to the best man a pearl stick pin. The house was beautifully decorated with flowers. The bride was the recipient of many useful and pretty presents and several cheques. Mr. and Mrs. Mcbough left on the afternoon train for Toronto, Niagara Falls, Buffalo and other points. On their return they will reside in the Percy residence on Main Street.
