PREMIER TAKES HIS SEAT IN THE NEW CHAMBER Fighting Between Rebels And Carranza's Men Continues

EXPECTED THAT THE HUNGARIAN GOVERNMENT WILL ACCEPT THE PEACE TREATY TERMS OFFERED

Count Andrassy in Address to Council of Ministers Stated that the Treaty Crucifies the Nation and is the Greatest Blunder the Allies Could Commit, Because it Entails the Greatest Danger to the Peace of Central Europe — "However, We Must Bow Before Superior Force," States the Former Minister of Foreign Affairs — Royalist Party Protest Against Signing of the Treaty.

(Associated Press Despatch)
BUDAPEST, May 13.—Acceptance by the Hungarian Government of the conditions of peace laid down at Paris is expected here, unless extreme Nationalist demands prevail. The action of the Government in preventing a great demonstration by the League of Territorial Integrity, and the tearing down of posters bearing the inscription, "Damned Be the Hand that Signs the Treaty," gives leaders reason to think that the treaty will ultimately be accepted. In addition, military patrols have been strengthened to prevent disorders.

Count Julius Andrassy addressed the Council of Ministers on the question of the treaty yesterday. "The treaty crucifies the nation," said the former Minister of Foreign Affairs, "and is the greatest blunder the Allies could commit, because it entails the greatest danger to the peace of Central Europe. However, we must bow before superior force, coupled with intellectual competency."

The Royalist party has protested against the signature of the treaty, and has also joined the League of Territorial Integrity, which comprises irredentist Slovakia, Thansylvania and Banat. Popular meetings and processions have been held, in which mourning banners were discarded for the tricolor, the leaders declaring that there was no occasion for grief, as the lost provinces would surely be restored.

Schools throughout the country continue to use the old map of Hungary. There are signs of a new cabinet crisis. If the present Government falls, the situation that will arise will mean a new delay in signing the treaty.

NEGOTIATIONS WITH SOVIET LEADERS SUSPENDED

(Associated Press Despatch)
COPENHAGEN, May 13.—Negotiations with the Russian Soviet Government for resumption of trade relations have been suspended by the Danish Committee here until the situation in Russia is fully cleared up. This step was taken in view of the fact that the Soviet Government has arrested in Moscow leaders of the co-operative socialists, and has dismissed representatives of those organizations in London.

(Associated Press Despatch)
BERLIN, May 13.—Orders have been given by the German Government that German ships will not be allowed to ply any longer between foreign ports, as all tonnage is required in domestic commerce, says a Hamburg despatch to the Boersens-Courier.

SHORTAGE OF FARM HELP KEENLY FELT IN ONTARIO

Showers and Warm Weather Are Badly Needed for Crops.

SARNIA, ONT., May 13.—Shortage of farm help is keenly felt throughout rural localities of Western Ontario. So acute has this become that a largely decreased acreage sown is the alternative resorted to. One prominent Plympton farmer states that in an area of 1200 acres, only fifty acres are sown to crop. Showers and warm weather are badly needed for crops.

THE WEATHER

FAIR, SAME TEMPERATURE
The Kansas depression of yesterday has passed rapidly eastward across the Middle States, while the barometer has remained quite high over the Western Provinces and Great Lakes. The weather is fair throughout the Dominion, mostly warm in the West and rather cool from Ontario eastward.
Fresh northerly winds; fair today and on Friday, with much the same temperature.

SULTAN'S TROOPS ARE DESERTING POSTS

WOULD PLACE AN EMBARGO ON COAL TO CANADA

As Retaliatory Measure for Canadian Embargo on Pulp.

(Associated Press Despatch)
SHARON, May 13.—As a retaliatory measure for the present Canadian embargo upon pulpwood paper, United States representative Willis J. Hulings announced here today that he would introduce a bill in Congress shortly for placing an embargo upon coal to Canada. He is gathering data now with that end in view, he said. Representative Hulings said that following the acquisition of large crown spruce timberlands in Canada by American interests, a limit has been placed upon exports. Mills were constructed then, he said, and afterwards an embargo was placed on pulpwood and pulpwood paper from crown lands. This, he asserted, left Canadian manufacturers located on private property, to do business with the United States "at their own prices."

PATIENTS LOSE LIVES AT FIRE IN HOSPITAL

Two Women in Private Hospital in Ottawa Were Suffocated.

(Associated Press Despatch)
OTTAWA, May 13.—Two lives were lost in a fire which broke out at an early hour this morning in Dr. Hagar's maternity hospital. The victims who were both patients at the time, are Mrs. B. Morris, 121 Lebreton street, and Mrs. P. Mitchell, 23 St. Joseph street, Ottawa.

Both were suffocated by smoke. The bodies were discovered by firemen, and were found lying across one another. All the babies were taken out by the nurses. The private hospital, which was a three-story brick structure situated at the corner of Elgin and Somerset streets, was fully occupied as far as a bed room was concerned. There were nine women and six babies in the hospital outside of the staff when the fire was first noticed.

Mrs. Mitchell, one of the victims, is the mother of five children. Her husband is Phileas Mitchell, who is a painter by trade and is employed by a local painting and decorating firm. The dead woman was 37 years of age. Mrs. Morris, the other victim, was 26 years of age, has one other child. She went to the hospital last Sunday. The origin of the fire is unknown.

FINANCIAL MEN IN SPAIN ARE MUCH AGITATED

Claimed that Spain is Practically Making a Loan on Bad Terms to Germany.

(Associated Press Despatch)
MADRID, May 13.—Financial circles in Spain are much agitated over the operations of a syndicate recently formed for the acquisition of foreign obligations under the leadership of Francisco Cambó, chief of the Catalonists. The Revista De Economia sees in the transaction a scheme whereby the syndicate will be an enormous drain on Spanish capital and big profit for the Germans. The review declares that the Germans will retain the controlling interest, while Spain practically makes a loan on bad terms to Germany.

"HONOR SYSTEM" HAS NOW BEEN ABOLISHED

CHICAGO, May 13.—Abolition of the "honor system" among the students of Northwestern University is announced by the faculty. Dean Roy C. Flickinger stated that the students had failed to live up to the confidence placed in them, and that cheating during examinations had increased under the honor system.

BROMPTONVILLE FIRE DID VERY GREAT DAMAGE

Bakery and Two Houses Destroyed at Early Hour This Morning.

BROMPTONVILLE, May 13.—At four o'clock this morning, a disastrous fire occurred in Bromptonville which destroyed the bakery owned and operated by Mr. D. Goubout, his dwelling and a neighboring house.

The fire, the origin of which is unknown, started in the bake-shop and rapidly spread to the store rooms, and adjoining dwelling, occupied by Mr. Goubout, also destroying the home of Mr. J. Tobin.

It was impossible to save any of the machinery or stock from bakery, and the loss will be very great. Besides the shop and dwelling valued at about eight thousand dollars, 475 bushels of flour perished.

The loss to Mr. Tobin is said to be in the neighborhood of \$1,200.

The Rebel Forces Engage In Furious Fighting With The Army Of President Carranza—Latter Is Leading His Men

Heavy Rebel Reinforcements Have Been Sent to San Marios, Artillery Being Rushed Forward to Force the Surrender of the Troops Still Loyal to President Carranza — Dutch Steamer Held at Vera Cruz Has Been Released — Little News Has Been Received from Zone of Fighting.

(Associated Press Despatch)
VERA CRUZ, May 13.—Furious fighting between rebel troops and forces commanded by President Venustiano Carranza occurred yesterday at Hacienda Tamariz, on the Mexican National Railroad north of San Marios, State of Puebla, according to dispatches received here. The area of the battlefield is reported to be approximately five square miles. President Carranza is said in wireless messages from Mexico City to have personally directed the operations of his troops for eight hours on Tuesday. Terrific storms have swept the mountain region where the struggle is going on, and telegraphic communication has been interrupted in the immediate vicinity of the scene of battle. It is known, however, that heavy rebel reinforcements have been sent to San Marios, by rebel chiefs, artillery being rushed forward to force the surrender of the troops still loyal to the President. General Guadalupe Sanchez has gone to Esperanza, with his personal staff and five train loads of troops to co-operate in what is believed to be the decisive action of the rebellion. Esperanza is about forty miles southeast of San Marios. A correspondent of the newspaper El Dictamen is with the rebel forces in the zone, but up until an early hour this morning nothing had been heard from him. This silence, however, was probably due to the break in the telegraph line in the state of Puebla.

General Candido Aguilar, who is at rebel headquarters for permission to join the President and share his fate. General Aguilar on Tuesday sent word to the rebels that he desired to pass through the lines to San Marios, and permission was given on the condition he would lay before Carranza the true situation, and tell the President of the guarantees given him by General Obregon, through a military commission headed by General Trevino. When this reply was received by General Aguilar, he broke down and pleaded that he be permitted to go to President Carranza and stand by his side to the end.

Colonel Carlos S. Orozco, chief of operations in Tampico district, who was arrested when he arrived here on board the steamer Jalisco early this week, has been sent back to Tampico. He is alleged to have had public funds in his possession when apprehended, and will be placed on trial for embezzlement. The Dutch steamer Zuyderdyk sailed from Vera Cruz today after having been detained here for some time. When she arrived it was announced she had in her cargo airplanes which had been bought in Europe by the Mexican government. There was a suspicion, however, that her real mission was to take on board a large amount of gold coin sent here by President Carranza for deposit in Europe. When reports to this effect became current the ship was forbidden to quit port, and a thorough search was made by officials. It was found she carried no Mexican money, and she was given permission to leave. American destroyer number 292, and the transport, Maumee arrived here today.

General Obregon has spread broadcast by telegraph an appeal to the people to return to their customary vocations. In explaining the cause of the revolution, he says, a revolt was necessary "to liberate the country from a regime which was breaking down the intellectual and material life of the people and which was violating laws."

URGES ADOPTION OF REAL STRONG NAVAL POLICY

Hon. Dr. Cody Urged Importance of Training Canadian Boys for the Merchant Marine.

(Associated Press Despatch)
TORONTO, May 13.—Declaring that nobody wanted war, but that provision for war must be made, and that a strong merchant marine, a strong navy and a strong naval policy for Canada were essential, Hon. Dr. H. J. Cody, former Minister of Education for Ontario, in addressing a convention of delegates to the Navy League of Canada, Ontario Branch, here yesterday afternoon, urged the importance of training boys to man the merchant marine, which was vital to commerce, he said, and which became an integral part of the navy in time of war. President Jarvis in his annual report, scored the Dominion Government for its failure to acquaint the people of Canada with the details of Admiral Jellicoe's four alternative naval schemes which were presented to the Government some time ago. A resolution was passed calling for the adoption of the Jellicoe scheme of having a fleet unit on each coast to cost \$25,000,000; also resolution calling for the acceptance of the scheme outlined by Admiral Jellicoe, which would entail an annual expenditure of \$25,000,000.

LIBERALS IN CAUCUS AT OTTAWA DISCUSS FUTURE OF PARTY AND WESTERN TOUR OF THE LEADER

House Will Go into Supply Monday Night — First Reading Given Bill to Allow Municipalities to Regulate Employment Bureaus — Many Prominent Members of the Opposition Attending Caucus — Franchise Bill is Debated by Opposition — Speculation as to General Currie's Successor.

(Associated Press Despatch)
OTTAWA, May 13.—Sir Robert Borden took his seat in the new chamber of the House yesterday amid loud applause. On Monday night the House will go into committee of supply, and the Budget will come down on Tuesday, Sir George Foster announced.

The bill giving municipalities the power to regulate employment offices was given first reading. The Senate amendments to the Act respecting honey were modified and the bill was returned to the Senate. The bill to amend the Supreme Court Act was reported from Committee.

Clause thirty-two of the Franchise Bill, respecting the preparation of Voters' Lists, was debated in Committee.

LIBERALS HOLD CAUCUS.

(Associated Press Despatch)
OTTAWA, May 13.—Prominent Liberals from all over Canada were in session with their leader, Hon. W. L. Mackenzie-King here, yesterday, to discuss organization and plans for the party's future. It is the executive of the national Liberal organization committee and among other things likely to be taken up is the projected western tour of the Leader of the Opposition before the house prorogues. This, it is hoped, will be by the end of the next month.

Among those at the conference are: Hon. Frank Oliver, Alberta; Senator Macleod, British Columbia; Alec MacLeod, Manitoba; S. Lescurneau and J. Paradis, Quebec; with Hon. D. D. McKenzie, Hon. Charles Murphy, Hon. Jacques Bureau, A. B. Copp, W. C. Kennedy and Andrew Hayden, General Secretary.

OPPOSITION MEETS TO DISCUSS FRANCHISE.
(Associated Press Despatch)
OTTAWA, May 13.—A further caucus of Liberal members was held to discuss the remaining clauses of the Franchise Act to come before the House. The main point urged was that the preparation of voters' lists by left as much as possible to municipal or provincial authorities. This, some members believed, would mean a saving of three quarters of a million dollars, "which" one of them stated later, "is quite a consideration in these times."

W. H. White, Victoria, Alberta, presided. WHO WILL SUCCEED GENERAL CURRIE?
OTTAWA, May 13.—Speculation as to the probable successor to General Currie as Inspector-General of Canadian forces, should he resign from that position, brings up the probability that the post will not be filled at present, but that its duties will be filled by the chief of the general staff. In informed circles, this is believed to be the most likely result of the resignation of General Currie, which will follow his acceptance of the principalship of McGill University. It is possible General Currie may occupy both positions and the active direction of the Canadian Militia will devolve on the chief of the general staff.

NOT SATISFIED WITH APOLOGY
VANCOUVER, B. C., May 13.—From the feeling existing among returned soldiers here, it is doubtful that the apology of Brigadier General H. H. McLean for his remarks made before the Pensions Committee the incident would be wholly closed. "We would far rather accept his resignation than his apology," said President McKenzie, of the Great War Veterans' Association today. "It should be remembered that he was asked to resign and we still protest against his continued sitting on the committee."

Mrs. Frechette Says Nothing Did Her Any Good Until She Took Tanlac.

When the Tanlac representative called to see Mrs. E. Frechette of 89 St. Germain St., Quebec, she received a hearty welcome. "Come in, sir; take a seat, and I will try and tell you about the wonderful way Tanlac has helped me," said Mrs. Frechette. "For fully four years I suffered from nervous dyspepsia and was in a very run-down condition. No matter what I ate it would cause indigestion, and the gas would form on my stomach so much as to effect my heart. My sleep at night was very broken and I had bad headaches almost every day. Often in the middle of my work I would become so dizzy I would have to sit down for a while until it passed over. I was troubled a lot with rheumatism that seemed to shift about to various parts of my body and gave me a lot of pain. I got so weak at last that I could scarcely walk down the street to do the shopping, and my housework became such a burden it just seemed as if the days would never end. I spent all of our spare earnings on medicines and treatments without getting any real relief, and I had just about given up in despair when I started on Tanlac.

"But it was truly wonderful the way this medicine helped me and I was amazed at the rapid improvement in my health. It gave me such an appetite for my food that I was soon eating better than I had for years past, and found that I could digest my food without being troubled with gas or heart palpitation. I have been completely relieved of all rheumatism and have not a pain in my body now. I sleep soundly at night and get up in the mornings feeling so rested that my work is no trouble to me at all. I feel just fine in every way, and have every confidence in recommending such a splendid medicine as Tanlac."

Tanlac is sold in Sherbrooke by Griffith's Drug Store and A. E. D. Berger, under the personal direction of a special Tanlac representative. (Adv.)

Work is a Pleasure When Health is Good

With lots of rich, red blood coursing through the arteries and veins to keep up nervous vigor and muscular strength, there is a joy in living and work becomes an actual pleasure. If tired at times, healthful natural sleep restores the wasted energy and you are happy in being able to accomplish things—to do your work thoroughly and well. It is only when the blood is thin, the system run down and the nerves starved and exhausted that work becomes irksome and you get down-hearted and discouraged. In this condition you do not rest and sleep well, get up tired in the mornings and dread the day's work ahead of you. It is under these circumstances that Dr. Chase's Nerve Food can be of inestimable value to you.

By feeding to the blood the elements from which new blood is formed, Dr. Chase's Nerve Food builds up the run-down system in the most natural and rational way imaginable. Through the blood stream new vigor and energy is instilled in the nervous system and the benefit is felt throughout the whole body. The functions of the vital organs are resumed, digestion is improved, you sleep and rest naturally and regain gradually and certainly the vigor and energy of health. By using Dr. Chase's Nerve Food you can to a large extent be master of your health. 50 cts. a box, all dealers, or Edman-son, Bates & Co., Ltd. Toronto. Stomach and Liver Trouble

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise.

Carelessness and neglect, and oftentimes willful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset.

Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

"They are also good for headache." Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No humbug!

A tiny bottle of Freezone costs but a few cents at any drug store, but it is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

LIMIT PLACED ON PROFITS ON SUGAR IN U.S.

Limit of Profit is One Cent for Wholesalers and Two Cents a Pound for Retailers.

(Associated Press Despatch) BOSTON, May 13.—Attorney-General Palmer has set the margin of profits to be allowed on sales of sugar at one cent a pound for wholesalers, and two cents a pound at retail. In a telegram to United States Attorney Thomas J. Boynton, the Attorney-General ordered that steps be taken immediately to prosecute persons taking larger profits.

The Attorney-General's order will not have the effect of standardizing prices either at wholesale or retail, according to Mr. Boynton. Dealers obtained their stocks at different prices and as a result sale prices will vary, but in no case can profits exceed the margin allowed.

ACTIVITIES OF THE W.C.T.U. IN WINDSOR MILLS

Membership Campaign Was Started — Annual Meeting Was Held — Veteran Visited in Town.

WINDSOR MILLS, May 13.—The Provincial W. C. T. U. membership campaign began here on May 9th, when Rev. Chas. Huxtable preached a sermon to the co-operative congregation in St. Andrew's Presbyterian Church, Sunday evening. His text was taken from Philippians, (4.3.) This being "Mother's Day," the speaker paid a high tribute to motherhood, speaking of the honor due mothers, and of the work of Christian women, who are working for the missionary and temperance cause, and urged those present to help by their sympathy, influence and assistance in this noble work. The campaign will continue during the week, when it is hoped many will respond to the appeal.

The ladies of the W. C. T. U. held their annual meeting at the home of Mrs. O. H. Corwell, on May 6th. As this is the busy season of the year, not as many members were present as usual. After the opening exercises, various matters of business were brought up for discussion, and it was decided to send for literature regarding "Travelers' Aid" work for distribution.

The secretary read a letter of acknowledgment and thanks from the W. M. S. for donation received. A letter from Dr. Sara B. Detwiler, regarding the badge worn by Canadian representatives, was received, also a U. S. Travelers' Aid folder, containing addresses of U. S. Superintendents.

The president spoke briefly of the work that had been done during the past year, giving a report of the essay contest work in the academy. Two subjects were accepted, and Rev. Chas. Huxtable gave an address on "What is the Matter With Alcohol?" Miss E. V. Greenlay gave one on narcotics, "What is the Matter With Cigarettes."

The treasurer, Mrs. Dunlop, presented the annual report, which was very satisfactory, with a good balance on hand.

The election of officers resulted as follows: President, Miss E. V. Greenlay; vice-president, Mrs. (Rev.) Chas. Huxtable, Mrs. S. J. Caswell; recording secretary, Mrs. Dunlop; treasurer, Mrs. D. Dunlop. Mrs. J. Samson was re-elected as Honorary President and Mrs. G. G. Sykes, elected as Honorary Vice-President, both by acclamation.

Mrs. G. G. Sykes, who was a charter member in 1889, spoke of the first members of the union, and the work they accomplished when it was first formed. She recalled Mrs. Yonman's work as organizer and mentioned

others who worked with her at that time. Mrs. C. Henderson reported a number of soap wrappers collected, and forwarded to Mrs. Cooke. Mrs. Wm. Gardiner offered her home for the next parlor meeting, which it is expected will be held in June. The next regular meeting will be held at the home of Miss Ada McCullough on Thursday, June 3rd.

Mr. and Mrs. Duncan Naysmith who have been the guests of friends in town for the past two weeks, returned to Detroit on Monday. Mr. Naysmith was a former resident of this place, and has been absent five years. He enlisted for overseas service with the 241st. Scottish Borderers, a kilted regiment recruited at Windsor, Ont., and was in active service until seriously wounded by shrapnel in his right hand from which he has never fully recovered, the hand being of little work.

MANY ARE INTERESTED IN THE MEMORIAL TO ENGLISH LADS.

Many comments have been made during the past few weeks, regarding the memorial to the boys of the Gibbs' Home, who fell on the battlefield. These have been caused by the suggestion that this memorial take the form of new furnishings for the dormitory, and which to many seems the loss of the true idea of a memorial.

The general opinion of those who knew those boys and in many cases grew to think of them as almost their own, was expressed by a citizen who said "they deserve something beautiful and lasting, just as much as any other soldiers."

Several farmers in the Eastern Townships have shown a warm interest in this matter, and are almost unanimous in their desire to have the boys remembered in a suitable way. It goes without saying that they are in a position to judge. Several citizens and farmers have asked, "why would not a stained glass window in the little church near the Home, where the boys always attend service when in the city, be a suitable remembrance to these lads?"

New Bridge on Dufferin Avenue and City's Sanitary Condition to be Discussed at Early Date — Early Closing of Stores Was Taken Up.

Several matters were considered at the Council meeting of the Board of Trade this week, which was held in the office of the Secretary. It was decided to hold a public meeting, the date of which will be announced later, when matters of interest will be discussed, including the sanitary requirements of the city, and the erection of a new bridge on Dufferin Avenue.

It has been proposed to form a new Housing Company, and Mr. George D. MacKinnon has been entrusted with the detail work.

The early closing of stores was also discussed, when the attention of the Council was called to the request of the clerks, who, at a recent meeting, debated the question of asking all stores to close at six o'clock during the whole of the year. No definite action was taken on the point.

way of production, it may be recorded that a mother rabbit, belonging to a local bird fancier, has recently presented her liege lord, and consequently her owner, with nineteen fine healthy baby "bunnies."

DEATH OF FORMER RESIDENT OCCURRED IN THE WEST

A message has been received in this city telling of the death in Edmonton, Alta., of Mr. E. S. Swift, of that city. The late Mr. Swift was, for some time, connected with the Sun Life Assurance Company, of this city, and will be remembered by many former friends, here. On leaving Sherbrooke, the late Mr. Swift went to Toronto, and later went to Edmonton, where he was residing at the time of his death.

TWO HUNDRED MORE CARS THAN LAST YEAR.

There have been eleven hundred automobile licenses issued in the city so far this year, according to figures obtained from the Collector of Provincial Revenue, Mr. Bissonet. This is about two hundred more than at the same time last year, and it is expected that the total number will approach two thousand, and is estimated that there are at least two hundred more cars in the city than in 1919.

THE RETURN TO SUMMER PRICE OF MILK IS WELCOMED.

Consumers were pleased to see their little strip of milk tickets lengthened by one more ticket on the first of May, for every penny counts, and this return to summer prices is welcomed by all. Mr. Marcus Armitage, stated yesterday that there were now eight quart, tickets, instead of thirteen, which means a drop of about one and three fourths cents per quart.

"Will hold good for the summer months," which of course naturally raises the question, "how long will summer last?"

MOVING IS STILL GOING ON

A slight diversion from the thoughts of the evening meal was provided those going home from work at six o'clock last evening along King and Gordon streets. The rather uncommon sight of a small shed sitting placidly in the middle of the street, with no janitor or owner in sight, caused several pedestrians to stop and wonder where it came from. The general appearance of this little structure gave the impression that it was being moved from somewhere to somewhere, and that those to whose care it had been consigned had either gone on strike or home to supper. A few horses visibly showed their resentment at having their territory invaded, but the building resisted the more curious glances and not too unfriendly onslaughts of the street "Arabs," and after a time the men and horses came back, and the shed moved on.

Social and Personal

The friends of Mrs. A. W. Blue will regret to hear that she is in the Sherbrooke Hospital, suffering from the effects of a burn.

The friends of Mrs. Wm. Readshaw will be pleased to know she is recovering after an attack of rheumatism for the past two weeks.

Miss Russell, missionary from India, was the guest of Mrs. Walter Tomlinson, Melbourne street, during her stay in the city, and left this morning for Quebec.

Mr. and Mrs. C. L. Halden, of Montreal, were in town this week, the guests of Mr. and Mrs. A. H. Smith, King street, and left last evening for Truro, N.S.

Mr. A. F. MacDonald, manager of the Royal Bank of Canada, London, N. S., has been spending the last few days with Mr. and Mrs. A. E. Whitehead, London street.

Mrs. T. A. Mackinnon, who has spent the winter with Mr. and Mrs. James Mackinnon, Victoria street, is at present visiting her son, Mr. A. Mackinnon in Manchester, Mass.

Mr. A. B. Copping, of Montreal, and Mr. Melidge, were in town this week on their way to East Angus, where they have taken positions with the Brompton Pulp and Paper Company.

Mr. Robert Johnston has returned to Waterville after a short visit in Montreal with his sister, Mrs. Frank J. Cote.

A very enjoyable gathering took place last evening at the home of Miss Nellie Butch, Drummond Road, when a number of her young friends assembled for a silver shower, on the occasion of her approaching marriage. The gifts were both pretty, and valuable, and the bride-elect was sincere in her thanks for the kindly thought. Games and music made the evening pass pleasantly, and very nice refreshments were served by Mrs. Butcher and assistants.

Mr. Dresser has returned from a winter's sojourn in Southern California improved in health. He reports that he, along with other visitors, did not find the climate of Los Angeles, and Pasadena in January at all up to what easterners have been led to expect, so moved to San Diego, 140 miles further south, a pretty city of 75,000, where the weather is more equable, and spent February and March there with much satisfaction. He did not have an opportunity of meeting many of his friends from Sherbrooke, who spent the winter in California, but passed many pleasant hours with Mr. and Mrs. S. W. Jenckes and others from Eastern Canada. He called upon the former Sherbrooke families of George Long, E. H. May and D. W. Armstrong and found them settled and happy in their new homes in the vicinity of Los Angeles. Mr. Dresser is delighted to return to his family and friends, notwithstanding the flurries of street dust that meet him at every corner and wonders why our City Fathers will not do a little more to assist nature and the citizens in making Sherbrooke the beautiful and healthful city it should be.

The hostesses at St. Peter's Guild tea yesterday were, Mrs. A. W. Saunders, Mrs. Hillhouse, Mrs. George Mitchell and Mrs. C. P. Byrd. Mrs. David Wilson poured tea, the table being decorated with pink roses. Mrs. Harkness, the president, received the guests who were quite numerous, all the tables being occupied.

EXTRAFARM HELP IS VERY SCARCE AGAIN THIS YEAR

Eastern Townships Immigration Society Experiences Difficulty in Obtaining Transportation for Prospective Settlers.

An example of the scarcity of farm help in the country and particularly in the Eastern Townships is furnished by Mr. W. M. Hillhouse, secretary of the Eastern Townships Immigration Society. Enquiries are coming in every day for men to work on farms in the surrounding country, and it is impossible to fill the demand even at the comparatively high wages offered, some being willing to pay fifty dollars a month with board and lodging. There is a plenty of people in the British Isles who are anxious to come to this part of the country, and experience shows that the class of people brought by the Association is good, but the great difficulty of obtaining transportation is a hindrance. Arrangements have been made, which, it is hoped, will facilitate the bringing of prospective settlers here, whereby the C. P. R. has offered to place with other companies, bookings which they are unable to fill. The Association, Mr. Hillhouse said, would try to fill demands for agricultural help and domestics obtained through the Church of England Society, in England, and the agencies of the Association in Scotland, if the person requesting help will furnish \$50 towards transportation. Letters are being received constantly from those wanting to come to this country, and should transportation facilities improve, any number of immigrants may be obtained.

RAISE IN FLOUR WILL AFFECT THE PRICE OF BREAD

City Bakers Show Inclination to Hold Price Steady for a Few More Days.

The big problem of "our daily bread," is one that occupies the thoughts of others than the cook, for a steady incline in the price of wheat, means the same in the price of bread. Fifteen cents per loaf has been the ruling price during the past few months, but the recent rise in flour has awakened in the minds of thrifty housewives and the bread earner as well, the question, "is the price of bread going up again?" The city bakers, in being interviewed yesterday regarding this matter, stated that the price of bread would have to be changed, but all agreed on one point—a few days respite, at least, for the big army of H. C. of L. fighters. Mr. Allatt, in reply to the question of a change in price, said, "not for a few days yet, we're all right for flour just now."

Mr. Geo. Povey stated "I'll stay with the others," while Oates and Davis said they were not going to raise the price unless the others do. Mr. Lynn said emphatically, "we will have to make a change in a week or so, and it will probably be a one cent raise, we do not expect to go over fifteen cents per loaf."

Fontaine Bros. were of the same opinion as the others; no need of changing the price on the present supply of flour, and the combined opinions suggested a case of "waiting for some one else to start it."

Mr. Rowell, of Rowell, Son & Co., stated that there will be a raise of one cent per pound on crackers, and two or three cents per pound on cookies, this being due to the steady increase of sugar prices. On the whole, the bakers show a desire to keep the price of bread on a level, and their statements showed an inclination to put off "the evil day," as long as possible, when bread costs 16 cents per loaf, the consumers may feel assured that it is a direct result of the trend of the times.

ACT AS ARBITRATOR. (Associated Press Despatch) WASHINGTON, May 13.—Walker D. MARRIAGES

PENDER—DEARDEN. — WINDSOR MILLS, May 13.—The marriage of Miss Mary E. Dearden, daughter of Mr. and Mrs. George Dearden to Mr. P. Pender, son of Mr. and Mrs. James Pender, was quietly solemnized in the Roman Catholic Church, in the presence of a large number of friends and relatives, on Wednesday, May 12. Rev. Father Berby, officiating. The bride, who was given away by her father, wore a suit of navy blue serge with hat to match. The groom was supported by his father, Mr. James Pender. After the ceremony the bridal couple motored to Richmond, where they took their train for an extended honeymoon trip to Western Ontario. On their return they will reside in Montreal.

BAKER—BELL. EAST ANGUS, May 13.—On Wednesday, May 12, the marriage took place, very quietly, at 8 a. m. of Mr. Melville Lisle Baker and Flora Margaret Bell, daughter of Mr. and Mrs. Jas. Bell. The bride is well known in town, having lived here all her life, and Mr. Baker was overseas with the 117th Battalion. The Rev. A. J. Oakley, officiated. Mr. Douglas Bell gave the bride away, while Mrs. James Currie acted as matron of honor. Only a small number of friends were present at the wedding. Mr. and Mrs. Baker left for a visit to the United States to relatives there, and later to Ontario, where they intend to make their home.

PASCO Wire Wheels

10 Reasons Why PASCO Wire Wheels Are Popular

1. They are trued and balanced on a special truing stand and balancing machine.
2. Due to the special method of truing the wheel—thereby securing equal spoke tension—breaking and loosening of spokes is practically eliminated.
3. They save tires because the metal absorbs and radiates heat which is fatal to tires.
4. PASCO wire wheels are five times the strength of any wood wheel, size for size.
5. The tangent method of spoke lacing gives greater curb clearance.
6. The spokes do not interfere with the valve stem—the largest sized air chuck can be used.
7. The hub cap is locked to the axle by double lock nuts with right and left threads permitting no side-sway or wobble.
8. It takes less than three minutes to change a PASCO on the road.
9. Their symmetry enhances the beauty of your car.
10. An easy wheel to clean—an ordinary wire wheel brush does the job.

LITTLE ORPHANS GAVE A CONCERT FOR VISITORS

Programme of Music, Recitations and Songs Was Much Enjoyed.

With a view to becoming more thoroughly acquainted with the needs of the new Sacred Heart Orphanage and Old People's Home, for which a campaign will soon be launched, a party composed of Messrs. J. H. Lemay, M.L.A., E. J. Page, D. J. Steele, A. Chevalier, E. B. F. McCabe, Leo Lacombe and a representative of the Record, visited the present institution one Sunday afternoon recently, and were shown through the building by the Rev. Mother Superior and assistants.

While the visit was looked forward to with a great deal of interest, it was indeed a pleasant surprise that awaited the visitors as they were led into the reception room of the Home and saw, lined up on either side of the hall, all the little inmates, orphans ranging in age from three years up.

Immediately these greeted the party with a delightful song of welcome, after which recitations and musical numbers followed in a most pleasing and varied order. Each little face expressed contentment, and the trend of their song was that, while suffering the inestimable loss of their parents, their condition was made as pleasant as possible by the kind ministrations of the good Sisters, and thanks to the generosity of the public.

It was, indeed, a touching scene, and one that will not soon be forgotten, and when, at the close of the little concert, an answer was led into the reception room of the Home and saw, lined up on either side of the hall, all the little inmates, orphans ranging in age from three years up. Immediately these greeted the party with a delightful song of welcome, after which recitations and musical numbers followed in a most pleasing and varied order. Each little face expressed contentment, and the trend of their song was that, while suffering the inestimable loss of their parents, their condition was made as pleasant as possible by the kind ministrations of the good Sisters, and thanks to the generosity of the public.

From the assembly hall, the party was shown through each ward and department, and the need for a larger building was visibly noted at every point. Tables were placed in hallways to furnish sufficient eating room, beds were crowded into every available corner, and the general accommodation was so glaringly inadequate that one wonders how the institution has been able to "carry on" so long in such limited quarters.

In spite, however, of the crowded conditions, everything was in perfect order and immaculately clean. The amount of care and work necessary in such an establishment is really enormous, and only a glance within can give an idea of its extension.

At present there are about one hundred and twenty-five orphans in the building. In addition there are fifty old women and forty-eight men, of varying ages and states. Some are no longer able to leave their beds, but are receiving hospital care continually. Of the total number, twenty-five were English-speaking.

Work on the new premises is progressing very favorably, and the foundations and part of the walls have been erected. When completed, the Home will have accommodation for seven hundred.

MURDER CHARGES WILL BE MADE AGAINST GIRLS

Two Young Girls Have Confessed to Murdering Couple, it is Stated.

SALINA, KANSAS, May 13.—Confessions were obtained today from Lee Bunch, aged twenty-nine, and Miss S. Hyman, aged twenty-nine, that they had poisoned the parents of Bunch last summer, it was announced by County Attorney M. J. Healy. According to both alleged confessions, Miss Hyman gave fly poison to Mrs. Bunch, who was her sister, and later to Mr. Bunch, because they opposed her marriage to Lee Bunch. Poisoned pie was given Miss Nancy Bunch, according to Miss Hyman's reported confession, but the girl recovered.

Miss Hyman and Bunch were arrested Monday as the result of a long interview which followed the death of Mr. and Mrs. Bunch last summer.

Charges of murder will be placed against them, Mr. Healy said.

PALE ANAEMIC CHILDREN NEED VINOL

It Makes Puny, Thin, Ailing Children Strong, Robust and Rosy

Physicians Recommend It and Druggists Guarantee It

Rapidly growing children need a great deal of vitality. They not only grow fast but play hard and work hard at school and often are tired, thin, pale, worn and listless when they should be strong, robust and rosy.

If mothers could only realize how VINOL will build up strength for thin, pale, delicate, ailing children, create a hearty appetite, sound flesh and muscle tissue, rich, red blood, and make them strong, robust and rosy, they would not rest until they had started their little ones taking it.

It is the medicinal, body building extractives of fresh cods' livers, aided by beef peptone and tonic iron, three of the oldest and most successful tonics known to medicine, that act so quickly in VINOL, and you know what you are giving your little ones.

If VINOL fails to benefit them, your druggist will return your money.

General News and Notes from Cowansville and the Surrounding District.

Fuller and Mrs. D. M. Lockhart had charge of the tea table and Mrs. W. S. Cotton had charge of the refreshments. Much gratitude is extended to Miss Aubra Cleaver, of Burlington, Ont., who added greatly to the afternoon's pleasure by giving several selections on the steel guitar. The Church Parlor were very nicely arranged with ferns and plants while the tables were decorated with flowers. Mrs. W. N. A presentation of interest took place at St. John N.B., May 7th, at the Canadian Pacific Railway headquarters when Officers and Assistants of the New Brunswick District, assembled to bid farewell to H. G. Grout, General Superintendent, promoted to a similar position in the Ontario District. He was the recipient of a magnificent Tudor sterling silver service and a well equipped automobile lunch valise. The silver service was engraved in old English and rested on a mahogany tray silver lined. The presentation was made by Mr. N. R. Desbrisay, District Passenger Agent, and was accompanied by an address in which it was said, that, during Mr. Grout's years here, extremely friendly relations have existed between all the departments, so markedly that it was a matter of common knowledge in the Districts. It is said also that a large share of Mr. Grout's successful administration in this district could be attributed to Mrs. Grout, who had at all times displayed a particular interest in the personal welfare of the members and their families and in the community work generally. Hearty co-operation with the new Superintendent was promised. Mrs. Grout is the daughter of Mr. and Mrs. Robert Curley of this place.

"A Flower Sale" and afternoon tea will be held in the Church Hall on Thursday afternoon, May 20th. A cordial invitation is extended to all.

A very quiet wedding was solemnized at Christ Church, Swetsburg, May 14th, when Miss Elizabeth Pullen, formerly of Hastings, England, was united in marriage to Mr. Thomas D. Barber, of Swetsburg. The Rev. Windsor performed the ceremony. The bride was attended by Miss Gladys Marsh, of St. Johnsbury, Vt., and Mr. Roy Barber of Swetsburg, attended the groom.

The small son of Mr. and Mrs. C. Henry is very ill with pneumonia. Their friends hope for a speedy recovery.

Mr. Romeo Bessette has a new motor truck. All are glad to hear that Edward Hinton is improving favorably.

Friends of Mrs. E. Lawrence will be sorry to hear that she is not improving as well as was expected.

The new lessons beginning May 15, on Saturday evening, under the able teacher, Mr. R. W. S. Nutbrown, of Lennoxville, will be twenty-five cents for each lesson. It is the wish of the officers of the Club to pay for each lesson as it is given. A cordial invitation is extended to everyone.

NEW LODGE WAS INAUGURATED AT MAGOG MONDAY

Harmony Lodge No. 6 Was Officially Organized—Other News from Magog.

MAGOG, May 13.—The Masonic Hall, was the scene of an auspicious event on Monday afternoon and evening of this week it being the occasion of the forming of a new chapter of the Order of the Eastern Star, an organization under the wing of the Masonic Order to which ladies are eligible and in fact who constitute practically all of its officers. This Chapter will hereafter be officially known as Harmony Chapter No. 6. The members of Queen Mary Chapter, Sherbrooke, took charge of the installation, and initiation ceremonies. There were also present quite a number of the members of Unity Chapter, Cookshire, who assisted to a certain extent at these ceremonies. The number of charter members for Harmony Chapter is the largest that has so far been the case in connection with the organizing of a new Chapter, which tends to show that this newly formed Order has a bright future before it. The visiting sisters and brothers were entertained at supper at the Battles House, they occupying the whole of the dining rooms of this hotel. Refreshments were also served at the close of the ceremonies, the guests returning to their respective homes on the Halifax, train. In addition to the thirty-one members present from Sherbrooke, and ten from Cookshire, there was also present a member of Storm King Chapter No. 22, Berlin, N.H., and one from Maple Leaf Chapter No. 7, Leithbridge, Alta. Rev. A. T. Jones, of Coaticook, occupied the pulpit at the Methodist Church at both services on Sunday last, Rev. S. W. Boyd, the pastor, taking charge of the former's work at Coaticook.

Fishing is quite the order of the day at present in this section. Large strings of perch are caught daily, especially at Cherry River Bridge. A couple of salmon have been taken near the new Textile Dam reported to weigh in the vicinity of five and eight pounds each. Suckers are now running up the various brooks in quite large numbers and occasionally a salmon is also found up these small streams.

The Trustees of the Methodist Church met the first of this week. This being the last meeting of the Church year, a summing up of the year's progress was made. The financial statement of the Church was exceptionally good. This led up to the decision of the evening to increase the Pastor's salary to \$1,650 per year.

FOOTBALL

A full turnout of the players of the Circo Football Club is requested for tonight at 6.30 p. m. on Parade grounds.

There should be some classy football played on the parade ground on Saturday between the Vets and Stanstead. The latter have been putting in some hard training and from all accounts will give the Vets a warm time. The referees for the Stanstead and Vets game will be Mr. Charles Robertson and for the Circo and Angus game at Angus, Mr. Hugh Brodie.

From all accounts Beebe appears to be the favorite for the league championship. They have a well balanced team and will play their first game at Angus on May 24th.

MONEY NEEDED FOR OLYMPIC PROGRAMME.
(Associated Press Despatch)
LONDON, May 13.—Speaking at a special general meeting of the British Olympic Association, the Rev. R. S. De C. Laffan, said the appeals of the council had so far only been successful to the extent of raising £1,500 or £1,600, while the least that was required, if the Association was to carry out its Antwerp programme, was £13,000. This included £3,000 needed to make grants to associations for training schemes and holding meetings. The actual expenses of getting to Antwerp had been estimated at £2,000 at the lowest, and in addition office expense, when cut down as low as possible, would account for £700. "If we fail to get this money," Mr. Laffan added, "we shall have to reduce our representation considerably or withdraw altogether. If we have to withdraw, we might as well put up the shutters, because if we cannot interest the British public in the Olympic games this year the Olympic games never will appeal to them."

MAJORITY WERE NOT IN FAVOR OF ANNEXATION

Municipalities Want Opportunity to Express an Opinion Prior to Annexation to Montreal.

MONTREAL, May 13.—Twenty-four out of a total of thirty-three municipalities on the Island of Montreal were represented at the meeting of mayors convened by the City Council chamber yesterday for the purpose of electing five delegates to represent municipal sentiment to the legislature through the charter commission now sitting in Montreal. The feeling of the meeting was against annexation to Montreal unless the people of the municipalities were given an opportunity to express an opinion prior to such annexation.

ARMED BANDS IN IRELAND CAUSE MUCH TROUBLE

Many Police Barracks Were Attacked and Many Destroyed Yesterday.

(Associated Press Despatch) LONDON, May 13.—Reports of an unusual number of activities by armed and masked men in various sections of Ireland were received in London today. The reports began circulating early in the morning and by noon had reached the proportions of an avalanche. As at Easter time, many police barracks were attacked and a large number of them destroyed.

Most of the barracks which were the object of attack were not occupied by the regular police force, which had been sent to the larger centres. Income tax offices also were again attacked and many documents were destroyed. A notable instance of such attacks was a raid upon an income tax office in the heart of Belfast.

At the Irish office it was said at midday that the office was being sent to the larger centres. Income tax offices also were again attacked and many documents were destroyed. A notable instance of such attacks was a raid upon an income tax office in the heart of Belfast.

Meanwhile Viscount French, the Viceroy, was in London for a conference with Andrew Bonar Law, the government leader in the House of Commons, regarding the policy to be pursued with a view to the restoration of order in Ireland. The reports of the demonstrations followed closely the announcement made by Mr. Bonar Law in the House of Commons that General Sir Neville MacReady, military commander of Ireland, was inaugurating new plans through which it was expected conditions shortly would be improved.

MUCH EASIER TONE ON THE CORN MARKET

(Associated Press Despatch) CHICAGO, May 13.—Special efforts which western roads appeared to have begun for the purpose of enlarging the movement of grain to terminals tended today to ease the corn market somewhat. Besides, there was free selling on the part of a big commission house that has lately led to the buying. Sunshiney weather counted also as a bearish factor.

Opening prices, which varied from the same as yesterday's finish to one cent lower, with July 11.77 to 11.74, and September 11.63 1/2 to 11.64, were followed by a moderate setback all around.

Oats displayed relative firmness in the absence of any pressure to sell. After opening 3/4 off to 1/2 cent up, including July at 92 1/2 to 93 1/2 cents, the market scored a slight general gain.

Provisions reflected the weakness of corn. Trading, though, was light.

RAILS RECORDED LOSSES OF ONE TO THREE POINTS

(Associated Press Despatch) NEW YORK, May 13.—(Wall Street Noon) Selling of Steels, equipments, motors, and shippings continued during the first hour. Dividend paying rails recorded additional losses Canadian Pacific declining 3 1/2 points, Atlantic coast line, two and Union Pacific, Illinois Central and Louisville and Nashville one point each.

Commission houses traced most of its offerings, other than those of professional origin, to interior points, where restricted credits, labor disturbances and reduced business activities now prevail. Towards noon the lead rail, in which recoveries ran from one to three points, with a gain of five points for Atlantic Gulf. Demand loans were unchanged from yesterday's ruling rate of eight per cent, but British exchange eased. Liberty Bonds were low.

SIR ROBERT WAS AT A CABINET MEETING TODAY

Budget Was Discussed - Franchise Bill Furnished Matter for Argument.

(Associated Press Despatch) OTTAWA, May 13.—Sir Robert Borden today presided over a meeting of the Cabinet. Details of the budget which Sir Henry Drayton, Minister of Finance, is to present to the House on Tuesday were, it is understood, under consideration.

Sir Robert's return has revived rumors in political circles of his impending retirement from political life. Of what the Premier's intentions are in this regard, he has given no indication. But, it is learned, on high authority, that Sir Robert has no intention of retiring for some months yet, at any rate. During his five months' holiday, his health improved wonderfully. Whether, however, it would be equal to a prolonged strain remains to be determined. A caucus of Unionist supporters to discuss the situation will, it is expected, be called at an early date.

CIVIL SERVICE APPOINTMENTS

(Associated Press Despatch) OTTAWA, May 13.—Civil service commission today announces the following appointments: R. P. Fortin, of Montreal, to be inspector of gas and electricity, at St. John, N. B., for the Federal Department of Trade and Commerce.

NEW CANADIAN CENT COMING.

(Associated Press Despatch) OTTAWA, May 13.—Authority has been given for the issue of the new Canadian cent on and after May 15. The coin will not, however, actually be in circulation till towards the end of the month. The cent will be slightly larger than the Canadian ten cent piece, or three quarters of an inch in dimension, and will bear the following design:

Obverse Impression: His Majesty's crowned effigy consisting of head and bust, wearing the royal robes, and looking to left with the inscription George V Dei Gratia, Rex Etd Imp. Reverse Impression: The words "one cent" supported by a maple leaf on either side, and bearing the word "Canada" above and the date of issue below.

LIVELY TILTS ON FRANCHISE BILL.

OTTAWA, May 13.—Again in the Commons the Franchise bill held the stage. During practically the whole afternoon and evening, one clause was under discussion in committee—that providing for the preparation of voters' lists. Discussion ranged chiefly round a suggestion by Hon. W. S. Fielding that in Nova Scotia provincial lists be used. The suggestion was combated by the Solicitor-General. He did not think the Nova Scotia lists would be satisfactory. For one reason, appeals in Nova Scotia went to a sheriff, who generally had no legal training and was not qualified to give an opinion on a legal point.

A rather prosaic day was interspersed with lively incidents. Early in the sitting, R. H. Butts, of Cape Breton, attacked Hon. W. S. Fielding. When Prime Minister of Nova Scotia, Mr. Butts declared, Mr. Fielding had disfranchised British subjects. Now Mr. Fielding was leading the cause of the alien. "In '96," shouted Mr. Butts, addressing the former Finance Minister directly, "you were taken by some freak of fortune into the Laurier Cabinet." The chairman intervened, but, banging his desk, Mr. Butts demanded an answer. "No," he went on, "don't answer me. If you do I will draw you across to the library and show you Hansard of the debate." But Mr. Fielding paid no attention to the attack.

D. D. McKenzie roused the committee by declaring that when dealing with the Liberals he had a solemn agreement with the Government that a franchise act of a certain kind would be placed on the statute book. He produced a document and passed it across to the Solicitor-General. Mr. Guthrie, reading from the document, argued that Mr. McKenzie had been merely proposing a franchise act to cover bye-elections until after the next session of Parliament.

Later Mr. Guthrie had a sharp tilt with Fred Pardee of West Lambton. Guthrie had remarked that he could not teach Mr. Pardee anything in elections. Mr. Pardee indignantly wanted to know if an imputation was intended that he had "plugged" votes. There were interchanges of compliments and finally Mr. Guthrie observed that he had meant his remark as a good-humored joke. Mr. Pardee accepted the statement and the incident closed.

CIVIL SERVANTS THREATEN TO GO OUT ON STRIKE

Walk-out Talked of as a Protest Against Alleged Unsatisfactory Provisions.

(Associated Press Despatch)
VANCOUVER, B.C., May 13.—A general strike of civil servants extending from coast to coast, is now being mooted according to a high official in the postal service here, as a protest against the alleged unsatisfactory salary provisions contained within the reclassification announced recently by the Civil Service Commission. During the last few days, it is declared, telegrams have been despatched between the eastern and western cities, pledging full support to any action embracing the whole of Canada, which may be decided upon in protest.

INTERESTING ADDRESS ON MISSIONARY WORK IN INDIA WAS GIVEN

Details of the Work Were Explained Last Night by Miss Russell.

Last evening at St. Peter's Church Hall, a large audience, including many children and young people, assembled to hear an address by Miss Russell, of the Yenana Bible and Medical Mission, (Inter-denominational) on missionary work in India, one of the greatest British possessions. Miss Russell, who has been working for seven years, as a teacher at the Queen Mary Schools for girls in Bombay, India, and also as a visitor to the Yenanas, was received with applause, and began her talk by explaining the custom of the Yenana, a custom which dates back to time immemorial, the word meaning the part of the Eastern dwelling, where the women of the family live apart, secluded, and never seen unveiled by any except the husband or father. The absolute freedom and the place given to women, the honor paid to them in a Christian country is in sharp contrast to their subjection, and almost slavery, ignorance and misery. Referring to the horrible practice of child marriage, the speaker said: "There are two and a half millions of child wives in India, and millions of young widows, scarcely more than children, who are subjected to wretched treatment by their mothers-in-law, who have complete control." At this juncture the curtain rose upon a picturesque scene, in a typical Yenana disclosing a group of young women, and girls in Eastern costume, with a child bride in their midst. The medical missionary, impersonated by Miss Russell had been sent for, and enters, being received with the usual Eastern ceremony. The naive questions of the women, their wonder at the answers of the visitor, who told of her own country, and the faith and happiness found in Christ, and His Gospel. The scene was followed by a second, portraying the latter part of a strange marriage ceremony, which aroused the keenest interest in the audience.

The white screen was stretched across the platform, and beautiful lantern views were shown of India, and the peculiar Indian life, the same today as it was centuries ago, for as Miss Russell said, "The East never changes." Among the pictures shown was the beautiful city of Bombay, with its magnificent harbor half encircled by a ring of lights, called now, as in the time of Queen Victoria, "The Queen's Necklace," and finished at either end with a ruby and an emerald, light houses with red and green lights, the splendid buildings, Indian and Mohammedan, temples, and mosques, the British quarter, equally fine in architecture, but different in style, the market place, the thronged streets, avocations usually performed indoors, carried out on the sidewalk, children playing, funeral and wedding processions, and many others. Queen Mary's School was viewed with interest, for here Miss Russell, when she is in India, teaches. When Queen Mary was in India at the time of the Durbar, she visited the institution, was delighted with it, and consented to bestow her name upon it. Many girls are here educated, learning to read, and speak English perfectly, and committing a verse of the New Testament to memory every day. Some of these girls are secret Christians, afraid to avow themselves for fear of persecution, but the majority worship their idols before they leave home in the morning, all heavily veiled. It is hoped that surrounded by Christian influences they may become believers. An exquisite picture of the most wonderful building in the world, the Taj Mahal, built, strange to say by Shah Jehan, in memory of the young wife whom he loved, 29,000 workmen were engaged for 30 years in constructing this vision in white marble, surrounded by fountains, groves of sweet smelling trees, the orange, lemon, the jessamine. Miss Russell had seen it at sunrise, noon, at sunset and by moonlight, and each time it was more lovely than the time before. The horrible idols worshipped, and really revered by the Hindus were thrown upon the screen, for, the speaker said, the natives of India are religious, as well as of arctic temperament. They feel that they are sinful and wash in the sacred waters of the ganges to take away that sin, but they must have the gospel. These shocking customs, the temple children, which cannot be described, the Yanana, the child marriages, must be done away with in this part of our Empire, and it can only be done by the religions of Christ. Millions of Indians are crying out for help, asking for Christ, and only missionaries are needed. But men and women willing to devote themselves to the cause are so few. I ask, I implore you, in whose hand the sickle has been placed, not to let your other hand hang empty by your side but to fill it with sheaves.

Rev. Mr. Bigg, at the conclusion of Miss Russell's address said that he would not add a word, for he felt sure that all present had been deeply impressed, as he had himself by the burning zeal, the fervor of the speaker. He moved on behalf of the audience a vote of thanks, which was unanimously carried.

CABINET CRISIS IN ITALY VERY HARD TO SOLVE

Some Predict Signor Nitti Again Will Be Entrusted with Task of Forming Cabinet.

(Associated Press Despatch)
ROME, May 13.—The cabinet crisis is considered one of the most difficult to solve because the chamber is divided chiefly into two groups. Socialists and Catholics, neither of which is strong enough to constitute a majority, while an agreement between them is impossible on a common programme.

In addition, the Socialists absolutely refuse to participate in a government. Otherwise Signor Giolitti, with his own followers, together with a portion of the deputies who supported Premier Nitti, might have a considerable majority. Some of the deputies suggest a cabinet formed of Signor Meda, leader of the Catholics, with Signor Lomoni, the present Minister of War, who succeeded the late Leonida Bissolati-Bergamascchi, as leader of the reformist socialists.

Other deputies predict that Signor Nitti again will be entrusted with the task of forming a cabinet.

AGREEMENT IS REACHED

(Associated Press Despatch)
LONDON, May 13.—Agreement has been reached by the Italian Executive Democratic Parliamentary group to collaborate with a government the programme of which covers the fundamental points of that party, says a Reuter's despatch from Rome. The popular parliamentary group has also decided upon a solution of the present ministerial crisis in Italy on the basis of a clearly defined programme of bold reforms and would participate in the formation of a government.

PAGEANT HELD AT CALGARY PROVED A BIG SUCCESS

Was Three Miles in Length and Took Over an Hour to Pass.

(Associated Press Despatch)
CALGARY, Alta., May 13.—Not since the Tercentenary of Quebec has there been attempted in Canada, it is believed, a historical pageant on the scale of that which was offered in Calgary yesterday afternoon in connection with the 250th anniversary of the Hudson's Bay Company. A pageant over three miles in length, taking an hour to pass, represented practically every feature of the history and development of the West since 1670. The Hudson's Bay section represented the history of the company from 1670, and the costumes were most elaborate.

The other sections represented the growth of the province, the mounted police turning out in force headed by Colonel Walker, nearly 80 years old, riding a charger in the full uniform of a colonel of the mounted police of 1870. Indians and cowboys formed a big feature of the pageant. There were models of the Hudson Bay ship "None Such," models of the old forts and other features. Prince Rupert was represented by an officer of the Strathcona Horse. Sir Robert Kindersley rode in front with Lieutenant-Governor Brett. There were sections representing the growth of Calgary and its various industries, a military section headed by General Bell and including all overseas Calgary units with massed colors. Patriotic section included floats by Red Cross, I.O.D.E., local Council of Women, St. John's Ambulance. There were over 400 Boy Scouts, Girl Guides and naval cadets in line.

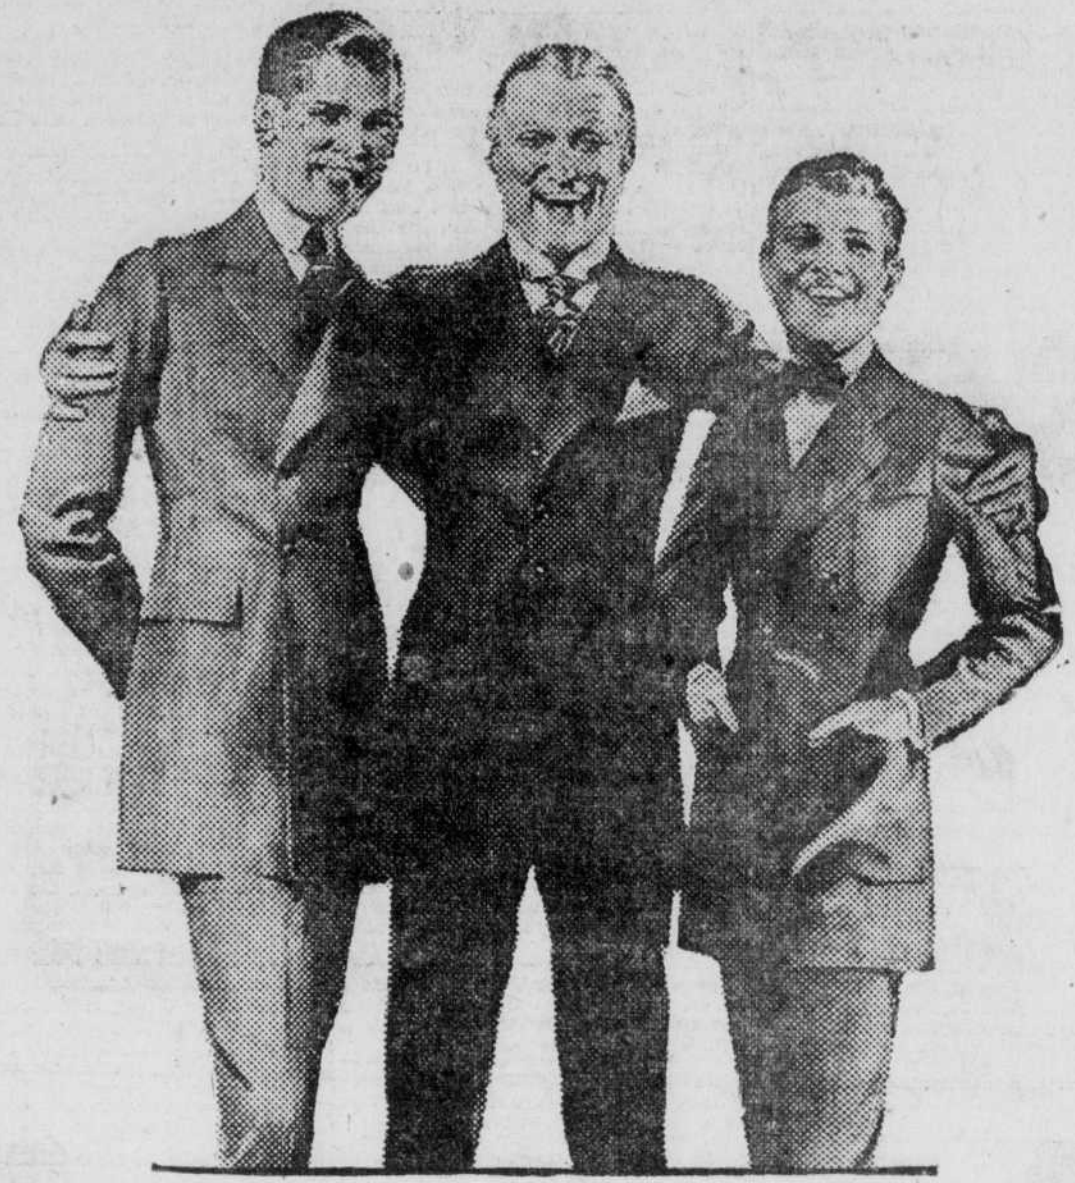

The pure-bred horse parade was a feature. The sport section showed every line of sport. In all there were over a hundred floats.
